**R12-15-701. Definitions - Assured and Adequate Water Supply Programs**

In addition to any other definitions in A.R.S. Title 45 and the management plans in effect at the time of application, the following words and phrases in this Article shall have the following meanings, unless the context otherwise requires:

1. “Abandoned plat” means a plat for which a certificate or water report has been issued and that will not be developed because of one of the following:
  - a. The land has been developed for another use; or
  - b. Legal restrictions will preclude approval of the plat.
2. “ADEQ” means the Arizona Department of Environmental Quality.
3. “Adequate delivery, storage, and treatment works” means:
  - a. A water delivery system with sufficient capacity to deliver enough water to meet the needs of the proposed use;

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

- b. Any necessary storage facilities with sufficient capacity to store enough water to meet the needs of the proposed use; and
- c. Any necessary treatment facilities with sufficient capacity to treat enough water to meet the needs of the proposed use.
- 4. "Adequate storage facilities" means facilities that can store enough water to meet the needs of the proposed use.
- 5. "Affiliate" means a person who, directly or indirectly through one or more intermediaries, controls, is controlled by or is under common control with the person specified.
- 6. "AMA" means an active management area as defined in A.R.S. § 45-402.
- 7. "Analysis" means an analysis of assured water supply or an analysis of adequate water supply.
- 8. "Analysis holder" means a person to whom an analysis of assured water supply or an analysis of adequate water supply is issued and any current owner of land included in the analysis.
- 9. "Analysis of adequate water supply" means a determination issued by the Director stating that one or more criteria required for a water report pursuant to R12-15-713 have been demonstrated for a development.
- 10. "Analysis of assured water supply" means a determination issued by the Director stating that one or more criteria required for a certificate of assured water supply pursuant to R12-15-704 have been demonstrated for a development.
- 11. "Annual authorized volume" means, for an approved remedial action project, the annual authorized volume specified in a consent decree or other document approved by ADEQ or the EPA, except that:
  - a. If no annual authorized amount is specified in a consent decree or other document approved by ADEQ or the EPA, the annual authorized volume is the largest volume of groundwater withdrawn pursuant to the approved remedial action project in any year prior to January 1, 1999.
  - b. If the Director increases the annual authorized volume pursuant to R12-15-729(C), the annual authorized volume is the amount approved by the Director.
- 12. "Annual estimated water demand" means the estimated water demand divided by 100.
- 13. "Approved remedial action project" means a remedial action project approved by ADEQ under A.R.S. Title 49, or by the EPA under CERCLA.
- 14. "Authorized remedial groundwater use" means, for any year, the amount of remedial groundwater withdrawn pursuant to an approved remedial action project and used by a municipal provider during the year, not to exceed the annual authorized volume of the project.
- 15. "Build-out" means a condition in which all water delivery mains are in place and active water service connections exist for all lots.
- 16. "CAP water" means:
  - a. All water from the Colorado River or from the Central Arizona Project works authorized in P.L. 90-537, excluding enlarged Roosevelt reservoir, which is made available pursuant to a subcontract with a multi-county water conservation district.
  - b. Any additional water not included in subsection 16(a) of this Section that is delivered by the United States Secretary of the Interior pursuant to an Indian water rights settlement through the Central Arizona Project.
- 17. "Central Arizona Groundwater Replenishment District" or "CAGRD" means a multi-county water conservation district acting in its capacity as the entity established pursuant to A.R.S. § 48-3771, et seq., and responsible for replenishing excess groundwater.
- 18. "Central distribution system" means a water system that qualifies as a public water system pursuant to A.R.S. § 49-352.
- 19. "CERCLA" or "Comprehensive Environmental Response, Compensation, and Liability Act of 1980" has the same meaning as prescribed in A.R.S. § 49-201.
- 20. "Certificate" means a certificate of assured water supply issued by the Director for a subdivision pursuant to A.R.S. § 45-576 et seq. and this Article.
- 21. "Certificate holder" means any person included on a certificate, except the following:
  - a. Any person who no longer owns any portion of the property included in the certificate, and
  - b. Any potential purchaser for whom the purchase contract has been terminated or has expired.
- 22. "Certificate of convenience and necessity" means a certificate required by the Arizona Corporation Commission, pursuant to A.R.S. § 40-281, which allows a private water company to serve water to customers within its certificated area.
- 23. "Colorado River water" means water from the main stream of the Colorado River. For purposes of this Article, Colorado River water does not include CAP water.
- 24. "Committed demand" means the 100-year water demand at build-out of all recorded lots that are not yet served water within the service area of a designation applicant or a designated provider.
- 25. "County water augmentation authority" means an authority formed pursuant to A.R.S. Title 45, Chapter 11.
- 26. "Current demand" means the 100-year water demand for existing uses within the service area of a designation applicant or designated provider, based on the annual report for the previous calendar year.
- 27. "Depth-to-static water level" means the level at which water stands in a well when no water is withdrawn by pumping or by free flow.
- 28. "Designated provider" means:
  - a. A municipal provider that has obtained a designation of assured or adequate water supply; or
  - b. A city or town that has obtained a designation of adequate water supply pursuant to A.R.S. § 45-108(D).
- 29. "Designation" means a decision and order issued by the Director designating a municipal provider as having an assured water supply or an adequate water supply.
- 30. "Determination of adequate water supply" means a water report, a designation of adequate water supply, or an analysis of adequate water supply.
- 31. "Determination of assured water supply" means a certificate, a designation of assured water supply, or an analysis of assured water supply.
- 32. "Development" means either a subdivision or an unplatted development plan.
- 33. "Diversion works" means a structure or well that allows or enhances diversion of surface water from its natural course for other uses.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

34. "Drought response plan" means a plan describing a variety of conservation and augmentation measures, especially the use of backup water supplies, that a municipal provider will utilize in operating its water supply system in times of a water supply shortage. The plan may include the following:
- An identification of priority water uses consistent with applicable public policies.
  - A description of sources of emergency water supplies.
  - An analysis of the potential use of water pressure reduction.
  - Plans for public education and voluntary water use reduction.
  - Plans for water use bans, restrictions, and rationing.
  - Plans for water pricing and penalties for excess water use.
  - Plans for coordination with other cities, towns, and private water companies.
35. "Drought volume" means 80% of the volume of a surface water supply, determined by the Director under R12-15-716 to be physically available on an annual basis to a certificate holder or a designated provider.
36. "Dry lot development" means a development or subdivision without a central water distribution system.
37. "EPA" means the United States Environmental Protection Agency.
38. "Estimated water demand" means:
- For a certificate or water report, the Director's determination of the 100-year water demand for all uses included in the subdivision;
  - For a designation, the sum of the following:
    - The Director's determination of the current demand;
    - The Director's determination of the committed demand; and
    - The Director's determination of the projected demand during the term of the designation; or
  - For an analysis, the Director's determination of the water demand for all uses included in the development.
39. "Existing municipal provider" means a municipal provider that was in operation and serving water for non-irrigation use on or before January 1, 1990.
40. "Extinguish" means to cause a grandfathered right to cease to exist through a process established by the Director pursuant to R12-15-723.
41. "Extinguishment credit" means a credit that is issued by the Director in exchange for the extinguishment of a grandfathered right and that may be used to make groundwater use consistent with the management goal of an AMA.
42. "Firm yield" means the minimum annual diversion for the period of record which may include runoff releases from storage reservoirs, and surface water withdrawn from a well.
43. "Gray water" has the same meaning as provided in A.R.S. § 49-201.
44. "Gray water reuse system" means a system constructed to reuse gray water that meets the requirements of the rules adopted by ADEQ for gray water systems.
45. "Management plan" means a water management plan adopted by the Director according to A.R.S. § 45-561 et seq.
46. "Mandatory adequacy jurisdiction" means a city, town, or county that requires an adequate water supply determination by the Director as a condition of approval of a plat according to A.R.S. § 9-463.01(J) or (O) or A.R.S. § 11--823(A).
47. "Master-planned community" has the same meaning as provided in A.R.S. § 32-2101.
48. "Median flow" means the flow which is represented by the middle value of a set of flow data that are ranked in order of magnitude.
49. "Member land" has the same meaning as provided in A.R.S. § 48-3701.
50. "Member service area" has the same meaning as provided in A.R.S. § 48-3701.
51. "Multi-county water conservation district" means a district established according to A.R.S. Title 48, Chapter 22.
52. "Municipal provider" has the same meaning as provided in A.R.S. § 45-561.
53. "New Alternative Water Supply" means a volume of water that is not groundwater withdrawn from an AMA and that was not served within the service area of the municipal provider in the calendar year 2023 for the Phoenix and Pinal AMAs. The Director shall use the annual report submitted by the municipal provider for calendar year 2023, as verified by the Director, for purposes of this paragraph.
54. "New municipal provider" means a municipal provider that began serving water for non-irrigation use after January 1, 1990.
55. "Owner" means:
- For an analysis, certificate, or water report applicant, a person who holds fee title to the land described in the application; or
  - For a designation applicant, the person who will be providing water service according to the designation.
56. "Perennial" means a stream that flows continuously.
57. "Persons per household" means a measure obtained by dividing the number of persons residing in housing units by the number of housing units.
58. "Physical availability determination" means a letter issued by the Director stating that an applicant has demonstrated all of the criteria in R12-15-702(C).
59. "Plat" means a preliminary or final map of a subdivision in a format typically acceptable to a platting entity.
60. "Potential purchaser" means a person who has entered into a purchase agreement for land that is the subject of an application for a certificate or an assignment of a certificate.
61. "Projected demand" means the 100-year water demand at build-out, not including committed or current demand, of customers reasonably projected to be added and plats reasonably projected to be approved within the designated provider's service area and reasonably anticipated expansions of the designated provider's service area.
62. "Proposed municipal provider" means a municipal provider that has agreed to serve a proposed subdivision.
63. "Purchase agreement" means a contract to purchase or acquire an interest in real property, such as a contract for purchase and sale, an option agreement, a deed of trust, or subdivision trust agreement.
64. "Remedial groundwater" means groundwater withdrawn according to an approved remedial action project, but

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

does not include groundwater withdrawn to provide an alternative water supply according to A.R.S. § 49-282.03.

65. "Service area" means:
  - a. For an application for an analysis of adequate water supply, a water report, or a designation of adequate water supply, the area of land actually being served water for a non-irrigation use by the municipal provider and additions to the area that contain the municipal provider's operating distribution system for the delivery of water for a non-irrigation use;
  - b. For an application for a designation of adequate water supply according to A.R.S. § 45-108(D), the area of land actually being served water for a non-irrigation use by each municipal provider that serves water within the city or town, and additions to the area that contain each municipal provider's operating distribution system for the delivery of water for a non-irrigation use; or
  - c. For an application for a certificate or designation of assured water supply, "service area" has the same meaning as prescribed in A.R.S. § 45-402.
66. "Subdivision" has the same meaning as prescribed in A.R.S. § 32-2101.
67. "Superfund site" means the site of a remedial action undertaken according to CERCLA.
68. "Surface water" means any surface water as defined in A.R.S. § 45-101, including CAP water and Colorado River water.
69. "Unreplenished groundwater" means the volume of groundwater withdrawn within the service area of a municipal provider after subtracting the groundwater used consistent with the management goal of the AMA pursuant to R12-15-722.
70. "Water Quality Assurance Revolving Fund site" or "WQARF site" means a site of a remedial action undertaken according to A.R.S. Title 49, Chapter 2, Article 5.
71. "Water report" means a letter issued to the Arizona Department of Real Estate by the Director for a subdivision stating whether an adequate water supply exists according to A.R.S. § 45-108 and this Article.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Amended by emergency rulemaking at 11 A.A.R. 2706, effective June 29, 2005 for 180 days (Supp. 05-2). Emergency renewed for 180 days at 12 A.A.R. 144, effective December 23, 2005 (Supp. 05-4). Emergency expired. Amended by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3). Amended by final expedited rulemaking at 28 A.A.R. 909 (May 6, 2022), with an immediate effective date of April 11, 2022 (Supp. 22-2). Amended by final rulemaking at 30 A.A.R. 3751 (December 13, 2024), with an immediate effective date of November 25, 2024 (Supp. 24-4).

**R12-15-702. Physical Availability Determination**

- A. A person may apply for a physical availability determination by submitting an application on a form prescribed by the Director with the initial fee required by R12-15-103(C), and providing the following information with the application:
  1. The proposed source of water for which the applicant is seeking a determination of physical availability,
  2. Evidence that the applicant has complied with subsection (C) of this Section, and

3. Any other information that the Director reasonably deems necessary to determine whether water is physically available in the area that is the subject of the application.
- B. Each applicant shall sign an application for a physical availability determination. If an applicant is not a natural person, the applicant's authorized officer, managing member, partner, trust officer, trustee or other person who performs similar decision-making functions for the applicant shall sign the application. If the applicant submits a letter, signed by the applicant and dated within 90 days of the date the application is submitted, authorizing a representative to submit applications for permits regarding the land to be included in the determination, the authorized representative may sign the application on the applicant's behalf.
- C. An applicant for a physical availability determination shall demonstrate the following:
  1. The volume of water that is physically available for 100 years in the area that is the subject of the application, according to the criteria in R12-15-716.
  2. That the proposed sources of water will be of adequate quality, according to the criteria in R12-15-719.
- D. After a complete application is submitted, the Director shall review the application and associated evidence to determine whether the applicant has demonstrated all of the criteria in subsection (C) of this Section. If the Director determines that the applicant has demonstrated all of the criteria in subsection (C) of this Section, the Director shall issue a physical availability determination.
- E. Any person applying for a determination of assured water supply or a determination of adequate water supply may use an existing physical availability determination for purposes of R12-15-716. The Director shall consider any changes in hydrologic conditions for purposes of R12-15-716.
- F. The issuance of a physical availability determination does not reserve any water for purposes of this Article.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

**R12-15-703. Analysis of Assured Water Supply**

- A. A person proposing to develop land that will not be served by a designated provider may apply for an analysis of assured water supply before applying for a certificate. An applicant for an analysis must be the owner of the land that is the subject of the application or have the written consent of the owner. The commissioner of the Arizona State Land Department may apply for an analysis for land owned by the state of Arizona or may consent to the inclusion of such land in an application.
- B. An applicant for an analysis shall submit an application on a form prescribed by the Director with the initial fee required by R12-15-103(C), and attach the following:
  1. A title report, condition of title report, limited search title report, or recorded deed, dated within 90 days of the date the application is submitted, demonstrating the ownership of the land that is the subject of the application;
  2. A description of the development, including:
    - a. A map of the land uses included in the development,

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

- b. A list of water supplies proposed to be used by the development,
  - c. A summary of land use types included in the development, and
  - d. An estimate of the water demand for the land uses included in the development; and
- 3. Evidence that the applicant has complied with subsection (E) of this Section.
- C. An applicant shall sign the application for an analysis. If an applicant is not a natural person, the applicant's authorized officer, managing member, partner, trust officer, trustee, or other person who performs similar decision-making functions for the applicant shall sign the application. If the applicant submits a letter, signed by the applicant and dated within 90 days of the date the application is submitted, authorizing a representative to submit applications for permits regarding the land to be included in the analysis, the authorized representative may sign the application on the applicant's behalf.
- D. After a complete application is submitted, the Director shall determine the estimated water demand of the development.
- E. The Director shall issue an analysis if an applicant demonstrates one or more of the following:
  - 1. Sufficient supplies of water are physically available to meet all or part of the estimated water demand of the development for 100 years, according to the criteria in R12-15-716.
  - 2. Sufficient supplies of water are continuously available to meet the estimated water demand of the development for 100 years, according to the criteria in R12-15-717.
  - 3. Sufficient supplies of water are legally available to meet the estimated water demand of the development for 100 years, according to the criteria in R12-15-718.
  - 4. The proposed sources of water are of adequate quality, according to the criteria in R12-15-719.
  - 5. Any proposed groundwater use is consistent with the management plan in effect at the time of the application, according to the criteria in R12-15-721.
  - 6. Any proposed groundwater use is consistent with the management goal, according to the criteria in R12-15-722.
- F. For 10 years after the Director issues an analysis, or a longer period allowed under subsections (H) or (I) of this Section:
  - 1. If groundwater is a source of supply in the analysis and the applicant demonstrates that groundwater is physically available under subsection (E)(1) of this Section, the Director shall consider that supply of groundwater reserved for the use of the proposed development in subsequent determinations of physical availability pursuant to R12-15-716(B).
  - 2. If an analysis holder applies for a certificate for a subdivision located on land included in the analysis, the Director shall presume that a criterion demonstrated in the analysis remains satisfied with respect to the subdivision, unless the Director has received new evidence demonstrating that the criterion is not satisfied. If the Director issues the certificate, the Director shall reduce the volume of groundwater reserved pursuant to subsection (F)(1) of this Section by the amount of the estimated water demand for the certificate that will be met with groundwater.
- G. The Director shall reduce the amount of groundwater considered reserved for use of the development upon request by the analysis holder. If the analysis holder requesting a reduction is not the person to whom the analysis was issued, the Director shall reduce the amount of reserved groundwater only if the person to whom the analysis was issued or that person's designee consents to the request for reduction. The person to whom the analysis was issued shall notify the Director in writing of the name of the person's designee for purposes of this subsection.
- H. The analysis holder may apply to the Director for a five-year extension of the time period in subsection (F) of this Section by submitting an application on a form prescribed by the Director no earlier than 36 months before the end of the time period and no later than 30 days before the end of the time period. If an extension is granted, the analysis holder may apply to the Director for an additional five-year extension by submitting an application on a form prescribed by the Director no earlier than 36 months before the end of the extended time period and no later than 30 days before the end of the extended time period. The Director shall extend the time period for no more than two successive five-year periods under this subsection if the analysis holder demonstrates one of the following:
  - 1. The analysis holder has made a substantial capital investment in developing the land included in the analysis.
  - 2. The analysis holder has made material progress in developing the land included in the analysis.
  - 3. Progress in developing the land included in the analysis has been delayed for reasons outside the control of the analysis holder.
- I. After the Director grants two five-year extensions pursuant to subsection (H) of this Section, the Director may extend the time period for additional five-year periods if the analysis holder files a timely application pursuant to subsection (H) of this Section and demonstrates one of the criteria in subsections (H)(1), (2), or (3) of this Section.
- J. The Director shall review an application for an analysis or an application for an extension pursuant to subsections (H) or (I) of this Section pursuant to the licensing time-frame provisions in R12-15-401.

**R12-15-704. Certificate of Assured Water Supply**

- A. An application for a certificate shall be filed by the current owner of the land that is the subject of the application. Potential purchasers and affiliates may also be included as applicants.
- B. An applicant for a certificate shall submit an application on a form prescribed by the Director with the fee required by R12-15-103(C) and provide the following:

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

1. One of the following forms of proof of ownership for each applicant to be listed on the certificate:
    - a. For an applicant that is the current owner, one of the following:
      - i. A title report, condition of title report, limited search title report, or recorded deed, dated within 90 days of the date the application is filed, demonstrating that the applicant is the owner of the land that is the subject of the application; or
      - ii. Evidence that the CAGRDR has reviewed and approved evidence that the applicant is the owner of the land that is the subject of the application.
    - b. For an applicant that is a potential purchaser, evidence of a purchase agreement;
    - c. For an applicant that is an affiliate of another applicant, a certification by the other applicant of the affiliate status;
  2. A plat of the subdivision;
  3. An estimate of the 100-year water demand for the subdivision;
  4. If the subdivision is enrolled as a member land in the CAGRDR and the applicant proposes to install gray water reuse systems in the subdivision, sufficient information for the Director to determine the appropriate reduction in demand;
  5. A list of all proposed sources of water that will be used by the subdivision;
  6. Evidence that the criteria in subsection (F) or (G) are met; and
  7. Any other information that the Director reasonably determines is necessary to decide whether an assured water supply exists for the subdivision.
- C.** Each applicant shall sign the application for a certificate. If an applicant is not a natural person, the applicant's authorized officer, managing member, partner, trust officer, trustee, or other person who performs similar decision-making functions for the applicant shall sign the application. If an applicant submits a letter, signed by the applicant and dated within 90 days of the date the application is submitted, authorizing a representative to submit applications for permits regarding the land to be included in the certificate, the authorized representative may sign the application on the applicant's behalf.
- D.** The Director shall give public notice of an application for a certificate as provided in A.R.S. § 45-578.
- E.** After a complete application is submitted, the Director shall review the application and associated evidence to determine:
1. The estimated water demand of the subdivision. If the subdivision is enrolled in the CAGRDR and the applicant demonstrates that gray water reuse systems will be installed in the subdivision, the Director shall reduce the estimated water demand of the subdivision by the volume the Director determines is likely to be saved through the gray water reuse systems;
  2. The amount of the groundwater allowance for the subdivision, as provided in R12-15-724 through R12-15-727; and
  3. Whether the applicant has demonstrated all of the requirements in subsection (F) or (G).
- F.** Except as provided in subsection (G), the Director shall issue a certificate if the applicant demonstrates all of the following:
1. Sufficient supplies of water are physically available to meet the estimated water demand of the subdivision, according to the criteria in R12-15-716;
  2. Sufficient supplies of water are continuously available to meet the estimated water demand of the subdivision, according to the criteria in R12-15-717;
  3. Sufficient supplies of water are legally available to meet the estimated water demand of the subdivision, according to the criteria in R12-15-718;
  4. The sources of water are of adequate quality, according to the criteria in R12-15-719;
  5. The applicant has the financial capability to construct adequate delivery, storage, and treatment works for the subdivision, according to the criteria in R12-15-720;
  6. The proposed use of groundwater withdrawn within an AMA is consistent with the management plan in effect at the time of the application, according to the criteria in R12-15-721; and
  7. The proposed use of groundwater withdrawn within an AMA is consistent with the achievement of the management goal, according to the criteria in R12-15-722.
- G.** If the Director previously issued a certificate for the subdivision, the Director shall issue a new certificate to the applicant if the applicant demonstrates that all of the requirements in subsection (F) are met or that all of the following apply:
1. Any changes to the plat for which the previous certificate was issued are not material, according to the criteria in R12-15-708;
  2. If groundwater is a proposed source of supply for the subdivision, the proposed groundwater withdrawals satisfied the physical availability requirements in effect at the time the complete and correct application for the previous certificate was submitted;
  3. Any proposed sources of water, other than groundwater, are physically available to satisfy the estimated water demand that will not be satisfied with groundwater, according to the criteria in R12-15-716;
  4. Any proposed sources of water other than groundwater are continuously available to satisfy the estimated water demand that will not be satisfied with groundwater, according to the criteria in R12-15-717;
  5. The proposed uses of groundwater withdrawn within an AMA were consistent with the achievement of the management goal according to the criteria in effect at the time the complete and correct application for the previous certificate was submitted; and
  6. The applicant demonstrates that the requirements in subsections (F)(3) through (6) are met.
- H.** Before issuing a certificate, the Director shall classify the certificate for the purposes of R12-15-705 and R12-15-706 as follows:
1. Type A certificate. The Director shall classify the certificate as a Type A certificate if the applicant meets the criteria in R12-15-720(A)(1) and all of the subdivision's estimated water demand will be met with one or more of the following:
    - a. Groundwater served by a proposed municipal provider pursuant to an existing service area right;
    - b. Groundwater served by a proposed municipal provider pursuant to a pending service area right, if the proposed municipal provider currently holds or will hold the well permit;

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

- c. CAP water served by a municipal provider pursuant to the proposed municipal provider's non-declining, long-term municipal and industrial subcontract;
  - d. Surface water served by a proposed municipal provider pursuant to the proposed municipal provider's surface water right or claim;
  - e. Effluent owned and served by a proposed municipal provider; or
  - f. A Type 1 grandfathered right appurtenant to the land on which the groundwater will be used and held by a proposed municipal provider.
- 2. Type B certificate. The Director shall classify all certificates that do not meet the requirements of subsection (H)(1) as Type B certificates.
- I. The Director shall review an application for a certificate pursuant to the licensing time-frame provisions in R12-15-401.
- J. An owner of six or more lots is not required to obtain a certificate if all of the following apply:
  - 1. The lots comprise a subset of a subdivision for which:
    - a. A plat was recorded before 1980; or
    - b. A certificate was issued before February 7, 1995;
  - 2. No changes were made to the plat since February 7, 1995; and
  - 3. Water service is currently available to each lot.
- K. A new owner of all or a portion of a subdivision for which a plat has been recorded is not required to obtain a certificate if all of the following apply:
  - 1. The Director previously issued a Type A certificate for the subdivision pursuant to subsection (H)(1) or R12-15-707;
  - 2. Water service is currently available to each lot; and
  - 3. There are no material changes to the plat for which the certificate was issued, according to the criteria in R12-15-708.
- L. An owner of six or more lots in the Pinal AMA is not required to obtain a certificate if all of the following apply:
  - 1. A plat for the subdivision was recorded before October 1, 2007;
  - 2. There have been no material changes to the plat according to the criteria in R12-15-708, since October 1, 2007;
  - 3. The proposed municipal provider was designated as having an assured water supply when the plat was recorded, but is no longer designated as having an assured water supply; and
  - 4. Water service is currently available to each lot.
- M. A person may request a letter stating that the owner is not required to obtain a certificate pursuant to subsection (J), (K), or (L) by submitting an application on a form prescribed by the Director and attaching evidence that the criteria of subsection (J), (K), or (L) are met. Upon receiving an application pursuant to this subsection, the Director shall:
  - 1. Review the application pursuant to the licensing time-frame provisions in R12-15-401.
  - 2. Determine whether the criteria of subsection (J), (K), or (L) are met.
  - 3. If the Director determines that the criteria of subsection (J) are met, issue a letter to the applicant and the Arizona Department of Real Estate stating that the current owner is not required to obtain a certificate.
  - 4. If the Director determines that the criteria of subsection (K) or (L) are met, issue a letter to the applicant and the Arizona Department of Real Estate stating that the current owner and any future owners are not required to obtain a certificate.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3). Amended by final rulemaking at 13 A.A.R. 1394, effective October 1, 2007 (Supp. 07-2). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2). Amended by final expedited rulemaking at 28 A.A.R. 909 (May 6, 2022), with an immediate effective date of April 11, 2022 (Supp. 22-2).

**R12-15-705. Assignment of Type A Certificate of Assured Water Supply**

- A. The certificate holder of a Type A certificate and the assignee may apply for approval of an assignment of the Type A certificate within the time allowed by A.R.S. § 45-579(A). The assignee may file the application if there is no certificate holder. The application shall be submitted on a form prescribed by the Director with the initial fee required by R12-15-103(C), and the applicant shall provide the following:
  - 1. One of the following forms of proof of ownership for each assignee:
    - a. A title report, condition of title report, limited search title report, or recorded deed, dated within 90 days of the date the application is submitted to the Director and demonstrating that the assignee is the owner of the land that is the subject of the proposed assignment; or
    - b. If the assignee is a potential purchaser, evidence of a purchase agreement;
  - 2. A current plat of the subdivision;
  - 3. An estimate of the 100-year water demand for the subdivision, based on the current plat;
  - 4. Certification by each applicant that:
    - a. The proposed municipal provider has not changed and has agreed to continue to serve the subdivision after the assignment; and
    - b. All water supplies listed on the current certificate are physically, continuously, and legally available to meet the estimated water demand of the subdivision after the assignment.
- B. Each applicant shall sign the application for an assignment of a Type A certificate. If an applicant is not a natural person, the entity's authorized officer, managing member, partner, trust officer, trustee, or other person who performs similar decision-making functions for the applicant shall sign the application. If an applicant submits a letter, signed by the applicant and dated within 90 days of the date the application is submitted, authorizing a representative to submit applications for permits regarding the land included in the certificate, the authorized representative may sign the application on behalf of the applicant.
- C. Upon receiving an application for an assignment of a Type A certificate, the Director shall post the notice required by A.R.S. § 45-579(E).
- D. If the Director determines that the application meets the criteria of A.R.S. § 45-579(A), the Director shall issue a Type A certificate to each applicant. A Type A certificate issued under this subsection shall retain the issue date, the number of lots, and the estimated water demand shown on the original certificate, except as provided in subsection (E) of this Section. The

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

Director shall determine that the application meets the criteria of A.R.S. § 45-579(A) if all of the following apply:

1. The application is submitted within the time allowed by A.R.S. § 45-579(A);
  2. The assignee is the owner or a potential purchaser of the portion of the subdivision that is the subject of the assignment;
  3. There have been no material changes to the plat for which the original certificate was issued, according to the criteria in R12-15-708;
  4. Neither the applicant nor a predecessor in interest has impaired the manner in which consistency with management goal requirements were satisfied when the original certificate was issued; and
  5. The applicant makes the certifications required in subsection (A)(4) of this Section.
- E.** In the case of a partial assignment, the Director shall determine whether changes to the plat are material according to R12-15-708. The Director shall issue a Type A certificate to the assignee for the portion of the subdivision that is the subject of the assignment and for the number of lots and the estimated water demand of the current plat of the portion of the subdivision that is the subject of the assignment. The Director shall issue a Type A certificate to the certificate holder for the portion of the subdivision retained by the certificate holder and for the remainder of the number of lots and the remainder of the estimated water demand. The sum of the number of lots and the sum of the amount of the estimated water demand shown on each certificate shall equal the total number of lots and the total estimated water demand shown on the certificate being assigned.
- F.** The Director shall review an application for an assignment of a Type A certificate of assured water supply pursuant to the licensing time-frame provisions in R12-15-401.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1).  
 Amended by final rulemaking at 8 A.A.R. 4390, effective November 22, 2002 (Supp. 02-3). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

**R12-15-706. Assignment of Type B Certificate of Assured Water Supply**

- A.** The certificate holder of a Type B certificate or a certificate issued before the effective date of this Section that has not been classified pursuant to R12-15-707 and the assignee may apply for approval of an assignment of the certificate to another person within the time allowed by A.R.S. § 45-579(A). The assignee may file the application if there is no certificate holder. The application shall be submitted on a form prescribed by the Director with the initial fee required by R12-15-103(C), and the applicant shall provide the following:
1. One of the following forms of proof of ownership for each assignee:
    - a. A title report, condition of title report, limited search title report, or recorded deed, dated within 90 days of the date the application is submitted to the Director and demonstrating that the assignee is the owner of the land that is the subject of the proposed assignment; or
    - b. If the assignee is a potential purchaser, evidence of a purchase agreement;
  2. A current plat of the subdivision;
  3. An estimate of the 100-year water demand for the subdivision, based on the current plat;
  4. Evidence that all necessary water rights, permits, licenses, contracts, and easements have been or will be assigned to the assignee of the certificate;
  5. Evidence that the assignee has the financial capability to construct adequate delivery, storage, and treatment works for the subdivision according to the criteria in R12-15-720;
  6. Evidence that all water supplies listed on the current certificate are physically, continuously, and legally available to meet the estimated water demand of the subdivision after the assignment;
  7. Evidence that the proposed municipal provider has not changed and has agreed to serve the subdivision after the assignment;
  8. If the applicant requests that the Director classify the certificate pursuant to subsection (E) of this Section, evidence that the requirements of R12-15-704(H)(1) are satisfied;
  9. Any other information that the Director reasonably deems necessary to determine whether the application meets the criteria of A.R.S. § 45-579.
- B.** Each applicant shall sign the application for an assignment of a certificate. If an applicant is not a natural person, the entity's authorized officer, managing member, partner, trust officer, trustee, or other person who performs similar decision-making functions for the applicant shall sign the application. If an applicant submits a letter, signed by the applicant and dated within 90 days of the date the application is submitted, authorizing a representative to submit applications for permits regarding the land to be included in the certificate, the authorized representative may sign the application on the applicant's behalf.
- C.** Upon receiving an application for an assignment, the Director shall post the notice required by A.R.S. § 45-579(E).
- D.** Except as provided in subsection (E) of this Section, if the Director determines that the application meets the criteria of A.R.S. § 45-579(A), the Director shall issue a Type B certificate to each applicant. A Type B certificate issued under this subsection shall retain the issue date, the number of lots, and the estimated water demand shown on the original certificate, except as provided in subsection (F) of this Section. The Director shall determine that the application meets the criteria of A.R.S. § 45-579(A) if all of the following apply:
1. The application is submitted within the time allowed by A.R.S. § 45-579(A);
  2. The assignee is the owner or potential purchaser of the portion of the subdivision that is the subject of the assignment;
  3. There have been no material changes to the plat for which the original certificate was issued, according to the criteria in R12-15-708;
  4. The applicant demonstrates the financial capability to construct adequate delivery, storage, and treatment works for the subdivision according to the criteria in R12-15-720;

5. All necessary water rights, permits, licenses, contracts, and easements have been or will be assigned to the assignee of the certificate;
  6. All water supplies listed on the current certificate are physically, continuously, and legally available to meet the estimated water demand of the subdivision after the assignment;
  7. Neither the applicant nor a predecessor in interest has impaired the manner in which consistency with management goal requirements were satisfied when the original certificate was issued; and
  8. The proposed municipal provider has agreed to serve the subdivision after the assignment.
- E.** The applicant may include in the application a request to classify the certificate as a Type A certificate. If the Director determines that the request meets the requirements of R12-15-704(H)(1), the Director shall classify the certificate as a Type A certificate.
- F.** In the case of a partial assignment, the Director shall determine whether changes to the plat are material according to R12-15-708. The Director shall issue a Type B certificate to the assignee for the portion of the subdivision that is the subject of the assignment and for the number of lots and the estimated water demand of the current plat of the portion of the subdivision that is the subject of the assignment. The Director shall issue a Type B certificate to the certificate holder for the portion of the subdivision retained by the certificate holder and for the remainder of the number of lots and the remainder of the estimated water demand. The sum of the number of lots and the sum of the amount of the estimated water demand shown on each certificate shall equal the total number of lots and the total estimated water demand shown on the certificate that is being assigned.
- G.** The Director shall review an application for an assignment of a Type B certificate pursuant to the licensing time-frame provisions in R12-15-401.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

**R12-15-707. Application for Classification of a Type A Certificate**

- A.** A holder of a Type B certificate or a certificate issued before the effective date of this Section may apply to the Director to classify the certificate as a Type A certificate by submitting an application on a form prescribed by the Director with the initial fee prescribed in R12-15-103(C), and attaching evidence that the certificate meets the requirements of R12-15-704(H)(1).
- B.** At least one certificate holder shall sign the application for classification of a certificate as a Type A certificate. If the applicant is not a natural person, the applicant's authorized officer, managing member, partner, trust officer, trustee, or other person who performs similar decision-making functions for the applicant shall sign the application. If the applicant submits a letter, signed by the applicant and dated within 90 days of the date the application is submitted, authorizing a representative to submit applications for permits regarding the

land to be included in the certificate, the authorized representative may sign the application on behalf of the applicant.

- C.** If the applicant demonstrates that the requirements of R12-15-704(H)(1) are met, the Director shall classify the certificate as a Type A certificate and issue a Type A certificate to each certificate holder.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

**R12-15-708. Material Plat Change; Application for Review**

- A.** A certificate or a water report is applicable to the original plat for which the certificate or water report was issued and to a revised plat, unless the plat changes are material according to subsections (C) and (D).
- B.** If a plat is revised after the Director issues a certificate or a water report and the changes to the plat are material according to subsection (C) or (D), the holder may:
1. Apply for a new certificate or water report for the revised plat,
  2. Use the original plat for which the certificate or water report was issued, or
  3. Revise the plat so that any changes are not material according to subsections (C) and (D).
- C.** Changes to the plat for which a certificate or a water report has been issued are material if any of the following apply:
1. The 100-year water demand for the revised plat equals the 100-year water demand for the certificate or water report and the number of lots on the plat has increased by more than:
    - a. For subdivisions of six to 10 lots: one lot;
    - b. For subdivisions of 11 to 499 lots: 10%, rounding up to the nearest whole number; or
    - c. For subdivisions of 500 lots or more: 50 lots.
  2. The 100-year water demand for the revised plat exceeds the estimated water demand for the certificate or water report, unless all of the following apply:
    - a. The 100-year water demand for the revised plat does not exceed the estimated water demand for the certificate or water report by more than 10%, rounding to the nearest whole acre-foot, or by more than 25 acre-feet per year, whichever is less;
    - b. The 100-year water demand is not greater than the supply demonstrated to be physically, continuously, and legally available at the time of issuance of the certificate or water report, and that water supply remains physically, continuously, and legally available; and
    - c. For a certificate, one of the following applies:
      - i. The subdivision is enrolled as a member land in the CAGRD;
      - ii. Groundwater is not included as a source of supply; or
      - iii. The subdivision is located in the Pinal AMA and the 100-year water demand for the revised plat will not exceed the sum of the amount of the groundwater allowance and the amount of any extinguishment credits pledged to the cer-

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

tificate, including extinguishment credits pledged after the certificate was issued.

- d. The number of lots on the revised plat has not increased by more than:
  - i. For subdivisions of six to 10 lots: one lot;
  - ii. For subdivisions of 11 to 499 lots: 10%, rounding up to the nearest whole number; or
  - iii. For subdivisions of 500 or more: 50 lots.
3. For a certificate, additional land is included in the plat, unless all of the following apply:
  - a. The land included in the original plat for which the certificate was issued is located in a master-planned community;
  - b. The outer boundaries of the master-planned community have not expanded;
  - c. If the land included in the original plat for which the certificate was issued is enrolled as a member land in the CAGR, the additional land has also been enrolled in the CAGR; and
  - d. A certificate has been issued for the additional land.
- D. Changes to a portion of a plat are not material if one of the following applies:
  1. The changes to the portion of the plat being reviewed are not material according to subsection (C) when compared to the equivalent portion of the plat for which the certificate was issued;
  2. The changes to the entire revised plat are not material according to subsection (C) when compared to the entire plat for which the certificate was issued; or
  3. For a partial assignment pursuant to R12-15-705 or R12-15-706, the plat for the portion of the subdivision retained by the certificate holder could be configured so that changes to the total number of lots and the estimated water demand for the entire subdivision, including the portion under consideration, are not material according to subsection (C). For purposes of this subsection, the Director may require the applicant to submit evidence demonstrating whether changes to the plat are material. However, the Director shall not require the applicant to submit a plat for the retained portion of a subdivision, unless the materiality of changes to the plat cannot be determined with any other evidence.
- E. A person may apply for a review of a revised plat to determine whether any changes to the plat are material as follows:
  1. The applicant shall submit an application on a form prescribed by the Director with the initial fee required by R12-15-103(C), and shall attach the revised plat.
  2. The Director shall review the revised plat and the plat for which the certificate or water report was originally issued to determine whether any changes are material according to the criteria in subsections (C) and (D).
  3. The Director shall issue a letter to the applicant stating whether any changes to the plat are material and identifying which changes, if any, are material. If the Director determines that the changes to the plat are not material, the Director's letter shall state that the certificate or water report is applicable to the revised plat.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective Septem-

ber 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

**R12-15-709. Certificate of Assured Water Supply; Revocation**

- A. The Director may revoke a certificate if an assured water supply does not exist.
- B. The Director shall not revoke a certificate if any of the residential lots within the plat have been sold.
- C. If the Director determines that a certificate should be revoked, the Director shall provide for an administrative hearing, in accordance with A.R.S. Title 41, Chapter 6, Article 10. To determine whether a certificate should be revoked, the Director shall use the standards in place at the time the original application was submitted for the certificate.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

**R12-15-710. Designation of Assured Water Supply**

- A. A municipal provider applying for a designation of assured water supply shall submit an application on a form prescribed by the Director with the fee required by R12-15-103(C) and provide the following:
  1. The applicant's current demand;
  2. The applicant's committed demand;
  3. The applicant's projected demand for the proposed term of the designation;
  4. If the applicant is seeking a reduction in the estimated water demand because gray water reuse systems will be installed, sufficient information for the Director to determine the appropriate reduction in demand;
  5. The proposed term of the designation, which shall not be less than two years;
  6. Evidence that the criteria in subsection (E) are met; and
  7. Any other information that the Director determines is necessary to decide whether an assured water supply exists for the municipal provider.
- B. An application for a designation shall be signed by:
  1. If the applicant is a city or town, the city or town manager or a person employed in an equivalent position. The application shall also include a resolution of the governing body of the city or town, authorizing that person to sign the application; or
  2. If the applicant is a private water company, the applicant's authorized officer, managing member, partner, trust officer, trustee, or other person who performs similar decision-making functions for the applicant.
- C. The Director shall give public notice of an application for designation in the same manner as provided for certificates in A.R.S. § 45-578. For an application to modify a designation of assured water supply to which subsection (G) applies, the physical availability of the groundwater and stored water to be recovered outside the area of impact of storage sought to be included in the designation shall not be grounds for an objection.
- D. After a complete application is submitted, the Director shall review the application and associated evidence to determine:
  1. The annual volume of water physically, continuously, and legally available for at least 100 years;

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

2. The term of the designation, which shall not be less than two years;
  3. The applicant's estimated water demand. If the applicant demonstrates that gray water reuse systems will be installed, the Director shall reduce the estimated water demand for the subdivision by the volume the Director determines is likely to be saved through the gray water reuse systems;
  4. The applicant's groundwater allowance; and
  5. Whether the applicant has demonstrated compliance with all requirements in subsection (E).
- E.** The Director shall designate the applicant as having an assured water supply if the applicant demonstrates all of the following:
1. Sufficient supplies of water are physically available to meet the applicant's estimated water demand, according to the criteria in R12-15-716 or as provided in subsection (G), (H) or (I) of this Section;
  2. Sufficient supplies of water are continuously available to meet the applicant's estimated water demand, according to the criteria in R12-15-717;
  3. Sufficient supplies of water are legally available to meet the applicant's estimated water demand, according to the criteria in R12-15-718;
  4. The proposed sources of water are of adequate quality, according to the criteria in R12-15-719;
  5. The applicant has the financial capability to construct adequate delivery, storage, and treatment works in a timely manner according to the criteria in R12-15-720;
  6. Any proposed groundwater use is consistent with the management plan in effect at the time of the application, according to the criteria in R12-15-721; and
  7. Any proposed use of groundwater withdrawn within an AMA is consistent with the management goal, according to the criteria in R12-15-722.
- F.** The Director shall review an application for a designation of assured water supply pursuant to the licensing time-frame provisions in R12-15-401.
- G.** For an application seeking to modify a designation of assured water supply that does not include a volume of groundwater or stored water recovered outside the area of impact pursuant to subsection (H) or (I) of this Section, the Director shall not review the physical availability of the volume of groundwater and stored water to be recovered outside the area of impact sought to be included in the designation if the total volume of those sources sought to be included in the designation does not exceed the total volume of those sources included in the previous designation of assured water supply that are required to be accounted for pursuant to A.A.C. R12-15-716(B)(3)(c)(ii), minus the sum of the following:
1. The volume of groundwater withdrawn by the applicant since the previous designation of assured water supply order issuance date; and
  2. The volume of stored water recovered outside the area of impact by the applicant since the previous designation of assured water supply order issuance date.
- H.** For a new application for a designation of assured water supply in the Phoenix and Pinal Active Management Areas, a volume of groundwater and stored water recovered outside the area of impact, as calculated in subsection (H)(1), (2) and (3) of this Section, shall be deemed physically available if the Director determines that a New Alternative Water Supply included in the application meets the requirements in R12-15-716 through R12-15-720. The volume of groundwater and stored water recovered outside the area of impact shall be calculated as follows:
1. Add the total volume of groundwater withdrawn and stored water recovered outside the area of impact within the service area of applicant during the calendar year 2023 to the estimated groundwater and stored water recovered outside the area of impact demand for unbuilt portions of issued certificates of assured water supply as of 2023 that are or will be within the service area of the applicant, and multiply the sum by 100;
  2. Multiply 25 percent of each New Alternative Water Supply included in the designation by 100; and
  3. Subtract the total volume calculated in subsection (H)(2) of this Section from the total volume calculated in subsection (H)(1).
  4. The Director shall use the annual report submitted by the municipal provider for calendar year 2023, as verified by the Director, for purposes of this calculation.
- I.** For an application seeking to modify a designation of assured water supply that includes a volume of groundwater and stored water recovered outside the area of impact pursuant to subsection (H) of this Section, the following apply:
1. The 100-year volume calculated pursuant to subsection (H) of this Section shall be reduced by the volume of groundwater withdrawn and stored water recovered outside the area of impact by the applicant since the previous designation order issuance date; and
  2. The 100-year volume calculated pursuant to subsection (H) of this Section shall be further reduced by 25 percent of the 100-year volume of each New Alternative Water Supply included in any modified designation but not included in the previous designation.
- J.** The Director shall not include any additional sources of groundwater withdrawn from the AMA or stored water recovered outside the area of impact in the AMA in a designation of assured water supply that includes a volume of groundwater and stored water recovered outside the area of impact pursuant to subsection (H) or (I) of this Section.
- K.** An applicant that includes a volume of groundwater or stored water recovered outside the area of impact pursuant to subsection (H) or (I) of this Section must be enrolled as a member service area with the CAGR.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2). Amended by final expedited rulemaking at 28 A.A.R. 909 (May 6, 2022), with an immediate effective date of April 11, 2022 (Supp. 22-2). Amended by final rulemaking at 30 A.A.R. 3751 (December 13, 2024), with an immediate effective date of November 25, 2024 (Supp. 24-4).

**R12-15-711. Designation of Assured Water Supply; Annual Report Requirements, Review, Modification, Revocation**

- A.** A designated provider shall include in the annual report required by A.R.S. § 45-632 the following information for the preceding calendar year:
1. The designated provider's committed demand;

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

2. The demand at build-out for customers with which the designated provider has entered into an agreement to serve water, other than committed demand;
  3. A report regarding the designated provider's compliance with water quality requirements;
  4. The depth-to-static water level of all wells from which the designated provider withdrew water; and
  5. Any other information the Director may reasonably require to determine whether the designated provider continues to meet the criteria for a designation of assured water supply.
- B.** If there is a change of ownership, the subsequent owner of a designated provider shall notify the Director in writing of the change in ownership within 90 days.
- C.** The Director shall review a designation at least every 15 years following issuance of the designation to determine whether the designation should be modified or revoked. To determine whether the designation should be modified or revoked, the Director shall use the standards in place at the time of review.
- D.** The Director may modify a designation for good cause, including a merger, division of the designated provider, or a change in ownership of the designated provider. A designation that includes a volume of groundwater pursuant to R12-15-710(H) or (I) shall be for an initial term of no greater than 15 years.
- E.** A designated provider may request a modification of the designation at any time pursuant to R12-15-710.
- F.** The Director may revoke a designation if:
1. After notifying the designated provider and initiating a review of the designated provider's status, the Director determines that the designated provider has less water, according to the criteria in R12-15-710(E), than the amount required for a 100-year supply for the provider's:
    - a. Current demand,
    - b. Committed demand, and
    - c. Projected demand during the next two calendar years;
  2. The designated provider fails to construct adequate delivery, storage, and treatment works in a timely manner;
  3. ADEQ or another governmental entity with equivalent jurisdiction has determined, after notice and an opportunity for a hearing, that the designated provider is in significant noncompliance with A.A.C. Title 18, Chapter 4 and is not taking action to resolve the noncompliance; or
  4. The designated provider has violated its management plan requirements for two or more consecutive calendar years, and one of the following applies:
    - a. The provider fails to amend its water use plan in a manner that the Director determines will achieve compliance, or
    - b. The provider fails to sign a stipulated agreement to remedy the violation.
- G.** If the Director determines that a designation of assured water supply should be revoked, the Director shall provide for an administrative hearing, in accordance with A.R.S. Title 41, Chapter 6, Article 10.
- H.** If a designated provider's designated status terminates, the provider may apply for re-designation at anytime after termination.
- I.** Notwithstanding any other provision in this Article, a decision and order of the Director designating a city, town, or private water company as having an assured water supply is not affected by this Article solely because the rule numbers cited

in the decision and order may have changed after the effective date of the decision and order.

- J.** During the term of the designation, a designated provider may request an expedited modification of the designation to include additional water supplies that do not include groundwater or stored water recovered outside the area of impact from an AMA. The Director shall review only the following for an expedited modification under this subsection:
1. The proposed current, committed and projected demands under the current term of the designation; and
  2. The assured water supply requirements for the additional water supply pursuant to R12-15-710(I), if applicable, and R12-15-716 through R12-15-722.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

Amended by final rulemaking at 30 A.A.R. 3751 (December 13, 2024), with an immediate effective date of November 25, 2024 (Supp. 24-4).

**R12-15-712. Analysis of Adequate Water Supply**

- A.** A person proposing to develop land outside an AMA that will not be served by a designated provider may apply for an analysis of adequate water supply before applying for a water report. An applicant for an analysis must be the owner of the land that is the subject of the application or have the written consent of the owner. The commissioner of the Arizona State Land Department may apply for an analysis for land owned by the state of Arizona outside an AMA or may consent to the inclusion of such land in an application.
- B.** An applicant for an analysis shall submit an application on a form prescribed by the Director with the initial fee required by R12-15-103(C), and attach the following:
1. A title report, condition of title report, limited search title report, or recorded deed, dated within 90 days of the date the application is submitted to the Director, demonstrating the ownership of the land that is the subject of the application;
  2. A description of the development, including:
    - a. A map of the land uses included in the development,
    - b. A list of water supplies proposed to be used by the development,
    - c. A summary of land use types included in the development, and
    - d. An estimate of the water demand for the land uses included in the development; and
  3. Evidence that the applicant has complied with subsection (E) of this Section.
- C.** An applicant shall sign the application for an analysis. If an applicant is not a natural person, the applicant's authorized officer, managing member, partner, trust officer, trustee, or other person who performs similar decision-making functions for the applicant shall sign the application. If the applicant submits a letter, signed by the applicant and dated within 90 days of the date the application is submitted, authorizing a representative to submit applications for permits regarding the land that is the subject of the water report, the authorized representative may sign the application on the applicant's behalf.
- D.** After a complete application is submitted, the Director shall determine the estimated water demand of the development.
- E.** The Director shall issue an analysis if an applicant demonstrates one or more of the following:

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

1. Sufficient supplies of water are physically available to meet all or part of the estimated water demand of the development for 100 years, according to the criteria in R12-15-716;
  2. Sufficient supplies of water are continuously available to meet the estimated water demand of the development for 100 years, according to the criteria in R12-15-717;
  3. Sufficient supplies of water are legally available to meet the estimated water demand of the development for 100 years, according to the criteria in R12-15-718;
  4. The proposed sources of water are of adequate quality, according to the criteria in R12-15-719.
- F.** For 10 years after the Director issues an analysis, or a longer period allowed under subsections (H) or (I) of this Section:
1. If groundwater is a source of supply in the analysis and the applicant demonstrates that groundwater is physically available under subsection (E)(1), the Director shall consider that supply of groundwater reserved for the use of the proposed development in subsequent determinations of physical availability pursuant to R12-15-716(B).
  2. If an analysis holder applies for a water report for a subdivision located on land included in the analysis, the Director shall presume that a criterion demonstrated in the analysis remains satisfied with respect to the subdivision, unless the Director has received new evidence demonstrating that the criterion is not satisfied. If the Director issues the water report, the Director shall reduce the volume of groundwater reserved pursuant to subsection (F)(1) of this Section by the amount of the estimated water demand for the water report that will be met with groundwater.
- G.** The Director shall reduce the amount of water considered reserved for use of the development upon request by the analysis holder. If the analysis holder requesting a reduction is not the person to whom the analysis was issued, the Director shall reduce the amount of reserved groundwater only if the person to whom the analysis was issued or that person's designee consents to the request for reduction. The person to whom the analysis was issued shall notify the Director in writing of the person's designee for purposes of this subsection.
- H.** The analysis holder may apply to the Director for a five-year extension of the time period in subsection (F) of this Section by submitting an application on a form prescribed by the Director no earlier than 36 months before the end of the time period and no later than 30 days before the end of the time period. If an extension is granted, the analysis holder may apply to the Director for an additional five-year extension by submitting an application on a form prescribed by the Director no earlier than 36 months before the end of the extended time period and no later than 30 days before the end of the extended time period. The Director shall extend the time period for no more than two successive five-year periods under this subsection if the analysis holder demonstrates one of the following:
1. The analysis holder has made a substantial capital investment in developing the land included in the analysis.
  2. The analysis holder has made material progress in developing the land included in the analysis.
  3. Progress in developing the land included in the analysis has been delayed for reasons outside the control of the analysis holder.
- I.** After the Director grants two five-year extensions pursuant to subsection (H) of this Section, the Director may extend the time period for additional five-year periods if the analysis holder files a timely application pursuant to subsection (H) of

this Section and demonstrates one of the criteria in subsections (H)(1), (2), or (3) of this Section.

- J.** The Director shall review an application for an analysis or an application for an extension pursuant to subsections (H) or (I) of this Section pursuant to the licensing time-frame provisions in R12-15-401.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

**R12-15-713. Water Report**

- A.** An application for a water report shall be filed by the current owner of the land that is the subject of the application.
- B.** An applicant for a water report shall submit an application on a form prescribed by the Director with the initial fee required by R12-15-103(C), and provide the following:
1. A title report, condition of title report, limited search title report, or recorded deed, dated within 90 days of the date the application is filed and demonstrating that the applicant is the owner of the land that is the subject of the application;
  2. A plat of the subdivision;
  3. An estimate of the 100-year water demand for the subdivision;
  4. A list of all proposed sources of water that will be used by the subdivision;
  5. If the applicant is seeking a finding that the subdivision has an adequate water supply, evidence that the criteria in subsection (E) are met; and
  6. Any other information that the Director reasonably determines is necessary to decide whether an adequate water supply exists for the subdivision.
- C.** Each applicant shall sign the application for a water report. If an applicant is not a natural person, the applicant's authorized officer, managing member, partner, trust officer, trustee, or other person who performs similar decision-making functions for the applicant shall sign the application. If an applicant submits a letter, signed by the applicant and dated within 90 days of the date the application is submitted, authorizing a representative to submit applications for permits regarding the land to be included in the water report, the authorized representative may sign the application on the applicant's behalf.
- D.** After a complete application is submitted, the Director shall review the application and associated evidence to determine:
1. The estimated water demand of the subdivision,
  2. Whether the applicant has demonstrated all of the requirements in subsection (E).
- E.** The Director shall determine that the subdivision has an adequate water supply if the applicant demonstrates all of the following:
1. Sufficient supplies of water are physically available to meet the estimated water demand of the subdivision, according to the criteria in R12-15-716;
  2. Sufficient supplies of water are continuously available to meet the estimated water demand of the subdivision, according to the criteria in R12-15-717;

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

3. Sufficient supplies of water are legally available to meet the estimated water demand of the subdivision, according to the criteria in R12-15-718;
  4. The proposed sources of water will be of adequate quality, according to the criteria in R12-15-719;
  5. The applicant has the financial capability to construct adequate delivery, storage, and treatment works for the subdivision according to the criteria in R12-15-720.
- F.** The Director shall issue a water report to the applicant that states whether the applicant has complied with the requirements in subsection (E).
- G.** The Director shall review an application for a water report pursuant to the licensing time-frame provisions in R12-15-401.
- H.** The Director may review or modify a water report if the Director receives new evidence regarding the criteria in subsection (E). The Director shall not modify a water report pursuant to this subsection if any of the residential lots included in the plat have been sold. To determine whether a water report should be modified pursuant to this subsection, the Director shall use the standards in place at the time the original application was submitted for the water report. If the Director modifies a water report, the Director shall:
1. Provide for an administrative hearing pursuant to A.R.S. Title 41, Chapter 6, Article 10; and
  2. Notify the Arizona Department of Real Estate.
- I.** An owner of land that is the subject of a water report may request a modification of the water report at any time by submitting an application in accordance with subsection (B). To determine whether a water report should be modified pursuant to this Section, the Director shall use the standards in place at the time of review.
- J.** A water report is subject to the provisions of R12-15-708.
- K.** An owner of a subdivision that is located within a mandatory adequacy jurisdiction and that will be served Colorado River water by a municipal provider may apply for an exemption from the requirement to obtain an adequate water supply determination from the director or a commitment of water service from a designated provider according to A.R.S. § 45-108.03(A)(1)(b) by submitting an application on a form prescribed by the Director and demonstrating that the criteria in subsection (K)(2) are met. Upon receiving an application according to this subsection, the Director shall:
1. Review the application according to the licensing time frame provisions in R12-15-401.
  2. Determine whether the applicant has demonstrated that all of the following apply:
    - a. Sufficient supplies of water will not be legally available to meet the estimated water demand of the subdivision in a timely manner because the municipal provider will serve Colorado River water to the subdivision and the municipal provider does not currently have the legal right to serve the Colorado River water to the subdivision;
    - b. The municipal provider currently has an entitlement to Colorado River water, according to the criteria in R12-15-718(G);
    - c. The municipal provider will have the legal right to serve the Colorado River water to the subdivision within 20 years;
    - d. An interim water supply will be used to serve the subdivision until the municipal provider has the legal right to serve the Colorado River water to the subdivision and the interim water supply meets all of the criteria in subsection (E), except that the supply will be available for the interim period and not for 100 years; and
  3. If the Director determines that the criteria of subsection (K)(2) are met, issue a letter to the applicant, the platting authority, and the Arizona Department of Real Estate stating that the owner is exempt from the requirement to obtain an adequate water supply determination from the director or a commitment of water service from a designated provider.
- L.** An owner of a subdivision that is located within a mandatory adequacy jurisdiction and that will be served by a water supply project under construction may apply for an exemption from the requirement to obtain an adequate water supply determination from the director or a commitment of water service from a designated provider according to A.R.S. § 45-108.03(A)(1)(a) by submitting an application on a form prescribed by the Director and demonstrating that the criteria in subsection (L)(2) are met. Upon receiving an application according to this subsection, the Director shall:
1. Review the application according to the licensing time frame provisions in R12-15-401.
  2. Determine whether the applicant has demonstrated that all of the following apply:
    - a. Sufficient supplies of water will not be available to meet the estimated water demand of the subdivision in a timely manner because the physical works for delivering water to the subdivision are not complete;
    - b. The physical works for delivering water to the subdivision are under construction and will be completed within 20 years;
    - c. An interim water supply will be used to serve the subdivision until the physical works for delivering water to the subdivision are fully constructed and the interim water supply meets all of the criteria in subsection (E), except that supply will be available for the interim period and not for 100 years; and
    - d. When the physical works for delivering water to the subdivision are fully constructed, the water supply will meet all of the criteria in subsection (E).
  3. If the Director determines that the criteria of subsection (L)(2) are met, issue a letter to the applicant, the platting authority, and the Arizona Department of Real Estate stating that the owner is exempt from the requirement to obtain an adequate water supply determination from the director or a commitment of water service from a designated provider.

**R12-15-714. Designation of Adequate Water Supply**

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

- A.** A municipal provider applying for a designation of adequate water supply shall submit an application on a form prescribed by the Director with the initial fee required by R12-15-103(C), and the following:
1. The applicant's current demand;
  2. The applicant's committed demand;
  3. The applicant's projected demand for the proposed term of the designation;
  4. The proposed term of the designation, which shall not be less than two years;
  5. Evidence that the criteria in subsection (E) of this Section are met; and
  6. Any other information that the Director determines is necessary to decide whether an adequate water supply exists for the municipal provider.
- B.** A city or town, other than a municipal provider, that is applying for a designation shall submit an application on a form prescribed by the Director with the initial fee required in R12-15-103(C), and provide the following:
1. The current demand of the applicant's service area;
  2. The committed demand of the applicant's service area;
  3. The projected demand of the applicant's service area for the proposed term of the designation;
  4. The proposed term of the designation, which shall not be less than two years; and
  5. Evidence that the requirements in A.R.S. § 45-108(D) are met.
- C.** An application for a designation shall be signed by:
1. If the applicant is a city or town, the city or town manager or a person employed in an equivalent position. The application shall also include a resolution of the governing body of the city or town, authorizing that person to sign the application; or
  2. If the applicant is a private water company, the applicant's authorized officer, managing member, partner, trust officer, trustee, or other person who performs similar decision-making functions for the applicant.
- D.** After a complete application is submitted, the Director shall review the application and associated evidence to determine:
1. The annual volume of water that is physically, continuously, and legally available for at least 100 years;
  2. The term of the designation, which shall not be less than two years;
  3. The estimated water demand for the applicant's service area for 100 years; and
  4. Whether the applicant has demonstrated compliance with all requirements in subsection (E) or (F) of this Section.
- E.** The Director shall designate the applicant has having an adequate water supply pursuant to subsection (A) of this Section if the applicant demonstrates all of the following:
1. Sufficient supplies of water are physically available to meet the applicant's estimated water demand, according to the criteria in R12-15-716;
  2. Sufficient supplies of water are continuously available to meet the applicant's estimated water demand, according to the criteria in R12-15-717;
  3. Sufficient supplies of water are legally available to meet the applicant's estimated water demand, according to the criteria in R12-15-718;
  4. The proposed sources of water are of adequate quality, according to the criteria in R12-15-719; and
  5. The applicant has the financial capability to construct adequate delivery, storage, and treatment works in a timely manner according to the criteria in R12-15-720.
- F.** The Director shall issue a designation pursuant to subsection (B) of this Section if the applicant demonstrates that the requirements of A.R.S. § 45-108(D) are met.
- G.** The Director shall review an application for a designation of adequate water supply pursuant to the licensing time-frame provisions in R12-15-401.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

**R12-15-715. Designation of Adequate Water Supply; Annual Report Requirements, Review, Modification, Revocation**

- A.** By March 31 of each calendar year, a designated provider shall submit the following information for the preceding calendar year on a form provided by the Director:
1. The designated provider's committed demand;
  2. The demand at build-out for customers with which the designated provider has entered into an agreement to serve water, other than committed demand;
  3. A report regarding the designated provider's compliance with water quality requirements;
  4. The depth-to static water level of all wells from which the designated provider withdrew water;
  5. A report regarding volume of water withdrawn, diverted, or received from each source for delivery to customers;
  6. Any other information the Director may reasonably require to determine whether the designated provider continues to meet the criteria for a designation of adequate water supply.
- B.** If there is a change of ownership, the subsequent owner of a designated provider shall notify the Director in writing of the change in ownership within 90 days.
- C.** The Director shall review a designation at least every 15 years following issuance of the designation to determine whether the designation should be modified or revoked.
- D.** The Director may modify a designation for good cause, including a merger, division of the designated provider, or a change in ownership of the designated provider. A designated provider may request a modification of the designation at any time pursuant to R12-15-714. To determine whether the designation should be modified, the Director shall use the standards in place at the time of review.
- E.** The Director may revoke a designation if:
1. After notifying the designated provider and initiating a review of the designated provider's status, the Director determines that the designated provider has less water, according to the criteria in R12-15-714(E), than the amount required for a 100-year supply for the provider's:
    - a. Current demand,
    - b. Committed demand, and
    - c. Projected demand for the next two calendar years;
  2. The designated provider fails to construct adequate delivery, storage, and treatment works in a timely manner; or
  3. ADEQ or another governmental entity with equivalent jurisdiction has determined, after notice and an opportunity for a hearing, that the designated provider is in sig-

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

nificant noncompliance with A.A.C. Title 18, Chapter 4 and is not taking action to resolve the noncompliance.

- F. To determine whether the designation should be revoked, the Director shall use the standards in place at the time of review. If the Director determines that a designation of adequate water supply should be revoked, the Director shall provide for an administrative hearing, in accordance with A.R.S. Title 41, Chapter 6, Article 10.
- G. If a designated provider's designated status terminates, the provider may apply for re-designation at anytime after termination.
- H. Notwithstanding any other provision in this Article, a decision and order of the Director designating a city, town, or private water company as having an assured water supply is not affected by this Article solely because the rule numbers cited in the decision and order may have changed after the effective date of the decision and order.

**Historical Head**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

**R12-15-716. Physical Availability**

- A. The volume of a proposed source of water that is physically available to an applicant for a determination of assured water supply or a determination of adequate water supply is the amount determined by the Director to be physically available pursuant to subsections (B) through (L) of this Section.
- B. If the proposed source is groundwater, the applicant shall submit a hydrologic study, using a method of analysis approved by the Director, that accurately describes the hydrology of the affected area. Except as provided in subsection (D) of this Section, the Director shall determine that the proposed volume of groundwater will be physically available for the proposed use if both of the following apply:
  - 1. The groundwater will be withdrawn as follows:
    - a. Except as provided in subsection (B)(1)(b) of this Section, from wells owned by the applicant or the proposed municipal provider that are located within the service area of the applicant or the proposed municipal provider or from proposed wells that the Director determines are likely to be constructed for future uses of the applicant or the proposed municipal provider.
    - b. If the application is for a dry lot development, from wells that the Director determines are likely to be constructed on individual lots.
  - 2. Except as provided in subsection (C) of this Section, the groundwater will be withdrawn from depths that do not exceed the applicable maximum 100-year depth-to-static water level according to the following:

Type and location of development	Maximum 100-year depth-to-static water level
a. Developments in Phoenix, Tucson, or Prescott AMAs, except dry lot developments	1000 feet below land surface
b. Developments in Pinal AMA, except dry lot developments	1100 feet below land surface
c. Developments outside AMAs, except dry lot developments	1200 feet below land surface

d. Dry lot developments	400 feet below land surface
-------------------------	-----------------------------

- 3. The Director shall calculate the projected 100-year depth-to-static water level by adding the following for the area where groundwater withdrawals are proposed to occur:
  - a. The depth-to-static water level on the date of application.
  - b. The projected declines caused by existing uses, using the projected decline in the 100-year depth-to-static water level during the 100-year period after the date of application, calculated using records of declines for the maximum period of time for which records are available up to 25 calendar years before the date of application. If evidence is provided to the Director of likely changes in pumpage patterns and aquifer conditions, as opposed to those patterns and conditions occurring historically, the Director may determine projected declines using a model rather than evidence of past declines.
  - c. The projected decline in the depth-to-static water level during the 100-year period after the date of application, calculated by adding the projected decline from each of the following that are not accounted for in subsection (B)(3)(b) of this Section:
    - i. The estimated water demand of issued certificates and water reports that will be met with groundwater or stored water recovered outside the area of impact of the stored water, not including the demand of subdivided lots included in abandoned plats;
    - ii. The estimated water demand of designations that will be met with groundwater or stored water recovered outside the area of impact of the stored water; and
    - iii. The groundwater reserved for developments for which the Director has issued an analysis pursuant to R12-15-703 or R12-15-712.
  - d. The projected decline in depth-to-static water level that the Director projects will result from the applicant's proposed use over a 100-year period.
- C. The Director shall lower the maximum 100-year depth-to-static water level requirement specified in subsection (B)(2) of this Section for an applicant seeking a determination of adequate water supply if the applicant demonstrates both of the following:
  - 1. Groundwater is available at the lower depth; and
  - 2. The applicant has the financial capability to obtain the groundwater at the lower depth, according to the criteria in R12-15-720.
- D. If the proposed source is groundwater that will be withdrawn from a groundwater basin outside an AMA and transported into an AMA, the Director shall determine that the proposed volume of groundwater will be physically available if both of the following apply:
  - 1. The groundwater will be withdrawn from wells owned by the applicant or the proposed municipal provider or from proposed wells that the Director determines are likely to be constructed for the future uses of the applicant or the proposed municipal provider.
  - 2. Withdrawal of the groundwater will comply with any depth-to-static water level criteria, decline rate criteria, and volume limitation criteria prescribed by statute. If there are no applicable depth-to-static water level criteria prescribed by statute, withdrawal of the groundwater

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

shall comply with the depth-to-static water level criteria in subsection (B)(2) of this Section.

- E.** Subject to subsection (L) of this Section, if the proposed source of water is surface water, other than CAP water, or Colorado River water, the Director shall determine the annual volume of water that is physically available for the proposed use, taking into consideration the priority date of the right or claim, by calculating 120% of the firm yield of the proposed source at the point of diversion as limited by the capacity of the diversion works; except that if the applicant demonstrates that an alternative source of water will be physically available during times of shortage in the proposed surface water supply, the Director shall determine the annual volume of water available by calculating 100% of the median flow of the proposed source at the point of diversion as limited by the capacity of the diversion works. The Director shall determine the firm yield or median flow as follows:
1. By calculating the firm yield or median flow at the point of diversion based on at least 20 calendar years of flow records from the point of diversion, unless 20 calendar years of records are unavailable and the Director determines that a shorter period of record provides information necessary to determine the firm yield or median flow; or
  2. By calculating the firm yield or median flow at the point of diversion using a hydrologic model that projects the firm yield or median flow, taking into account at least 20 calendar years of historic river flows, changes in reservoir storage facilities, and projected changes in water demand. The yield available to any applicant may be composed of rights to stored water, direct diversion, or normal flow rights. If the permit for the water right was issued less than five years before the date of application, the Director shall require the applicant to submit evidence, as applicable, in accordance with this subsection.
- F.** Subject to subsection (L) of this Section, if the proposed source of water is CAP water, the Director shall determine the annual volume of water that is physically available for the proposed use as follows:
1. If the applicant or the proposed municipal provider has a non-declining, long-term municipal and industrial subcontract for CAP water, calculate 100% of the annual amount of water established in the subcontract.
  2. If the applicant has a lease for Indian priority CAP water, calculate 100% of the annual amount of water established in the lease.
  3. If the applicant has a subcontract for CAP water other than a non-declining, long-term municipal and industrial subcontract or a lease for Indian priority CAP water:
    - a. If the applicant submits evidence of sufficient backup water supplies, calculate 100% of the annual amount of water established in the subcontract. The applicant may establish backup water supplies by one or more of the following:
      - i. A drought response plan;
      - ii. Long-term storage credits;
      - iii. A contract for water with a multi-county water conservation district; or
      - iv. Evidence of other backup supplies that are physically, continuously, and legally available.
    - b. If the applicant does not submit evidence of sufficient backup water supplies pursuant to subsection (F)(3)(a) of this Section, calculate the percentage of the annual amount of water established in the subcontract that reasonably reflects the reliability of the applicant's CAP water supply.
- G.** Subject to subsection (L) of this Section, if the proposed source of water is Colorado River water, the Director shall determine the annual volume of water that is physically available for the proposed use as follows:
1. If the priority of the contract for Colorado River water provides reliability equal to or better than CAP municipal and industrial water, calculate 100% of the annual amount of water established in the contract.
  2. If the contract for Colorado River water provides reliability that is less than CAP municipal and industrial water:
    - a. If the applicant submits evidence of sufficient backup water supplies, calculate 100% of the annual amount of water in the contract. The applicant may establish backup water supplies by one or more of the following:
      - i. A drought response plan;
      - ii. Long-term storage credits;
      - iii. A contract for water with a multi-county water conservation district; or
      - iv. Evidence of other backup supplies that are physically, continuously, and legally available.
    - b. If the applicant does not submit evidence of sufficient backup water supplies pursuant to subsection (G)(2)(a) of this Section, calculate the percentage of the annual amount of water established in the contract that reasonably reflects the reliability of the applicant's Colorado River water supply.
- H.** Subject to subsection (I) of this Section, if the proposed source of water is effluent, the Director shall determine the annual volume of water that will be physically available by evaluating the current, metered production or the projected production of effluent. The volume of effluent that is physically available shall not include the following:
1. If the effluent will be delivered directly from a wastewater treatment plant, the volume of effluent that exceeds the applicant's estimated water demand that will be met with effluent; and
  2. The volume of effluent that does not comply with any applicable water quality requirements for the proposed use of the effluent.
- I.** If the proposed source of water is stored water to be recovered from recovery wells, the Director shall determine the volume of water that is physically available for the proposed use as follows:
1. If the stored water is represented by long-term storage credits in existence on the date of application, the amount that is physically available is the amount that may be recovered pursuant to the credits in a manner consistent with A.R.S. Title 45, Chapter 3.1, subject to subsection (I)(3) of this Section.
  2. If the applicant proposes to use long-term storage credits that do not exist on the date of application or recover stored water on an annual basis pursuant to A.R.S. § 45-851.01, the Director shall evaluate the following in determining whether to include the proposed credits or the water proposed to be stored and recovered annually in the amount of water that is physically available for the applicant's proposed use:
    - a. The terms of a contract to obtain water to store in a storage facility;
    - b. The physical, continuous, and legal availability of the water proposed to be stored;

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

- c. The presence of an existing storage facility that will be available for use for the proposed storage;
  - d. The existence of all required permits of an adequate duration; and
  - e. Whether recovery of the stored water will comply with subsection (I)(3) of this Section.
- 3. If the applicant proposes to recover the stored water from recovery wells located outside the area of impact of storage, the stored water will be considered physically available only if sufficient water exists for the withdrawals consistent with both of the following:
  - a. The maximum 100-year depth-to-static water level requirements established in subsection (B)(2) of this Section; and
  - b. Any criteria for the withdrawals prescribed in the management plan in effect at the time of the application.
- J. If the applicant will obtain the source of water through a water exchange agreement, the Director shall determine that the water is physically available for the proposed use if the applicant submits evidence that the source of water the applicant or the applicant's customers will use will be physically available in accordance with the terms of this Section.
- K. In the case of two or more pending, conflicting, complete and correct applications for determinations of assured water supply or determinations of adequate water supply, the Director shall give priority to the application with the earliest priority date. The priority date of an application for a determination of assured water supply or determination of adequate water supply shall be the date that a complete and correct application is filed with the Director. The Director shall consider an application complete and correct if it contains all the information required and the Director verifies that the information is accurate.
- L. For a certificate applicant that proposes to use surface water, the Director shall determine that the proposed source is physically available only if the applicant demonstrates one of the following:
  - 1. The land that is the subject of the application is a member land of the CAGRD.
  - 2. The applicant has independently obtained the surface water supply.
  - 3. The proposed municipal provider would satisfy the criteria in R12-15-722 if the municipal provider were subject to those requirements.
- C. If the proposed source of water is surface water other than CAP water or Colorado River water, the applicant shall demonstrate that a continuous supply will exist because of one or more of the following:
  - 1. The projected volume to be diverted from the source is perennial at the point of diversion;
  - 2. Adequate storage facilities will be available to the applicant in a timely manner to store water for use when a volume of surface water is not available at the point of diversion to satisfy the applicant's water demands;
  - 3. The applicant has presented evidence of supplies of other sources of water that the Director has determined will be physically, continuously, and legally available to supplement the applicant's proposed surface water supplies;
  - 4. The applicant or the proposed municipal provider will withdraw surface water from wells of sufficient capacity to meet the applicant's estimated water demand on a continuous basis for 100 years; or
  - 5. The applicant has submitted a drought response plan that the Director has determined will conserve or augment a volume of water equal to the volume of water that is subject to drought.
- D. If the proposed source of water is CAP water or Colorado River water, the applicant shall demonstrate that a continuous supply is available because of one or more of the following:
  - 1. Adequate storage facilities will be available to the applicant in a timely manner to store water when a volume of CAP water or Colorado River water is not available to meet the applicant's water demands;
  - 2. The applicant has presented evidence of supplies of other sources of water that the Director has determined will be physically, continuously, and legally available to the applicant to supplement the proposed CAP water or Colorado River water supplies; or
  - 3. The applicant has submitted a drought response plan that the Director has determined will conserve or augment a volume of water equal to the volume subject to drought.
- E. If the proposed source of water is effluent, the applicant shall demonstrate that the capability to use the effluent to meet the demands of the proposed use will not be affected by any fluctuations in the supply of the effluent.
- F. If the proposed source of water is stored water to be recovered from recovery wells, the applicant shall demonstrate that recovery wells of a sufficient capacity will be constructed in a timely manner to serve the proposed use on a continuous basis for 100 years.
- G. If an applicant will obtain the source of water through a water exchange agreement, the applicant shall demonstrate that the source of water the applicant or the applicant's customers will use will be continuously available in accordance with the terms of this Section.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

**R12-15-717. Continuous Availability**

- A. The Director shall determine that an applicant will have sufficient supplies of water that will be continuously available for 100 years if the applicant submits sufficient evidence that adequate delivery, storage, and treatment works will be in place in a timely manner to make the water available to the applicant or the applicant's customers for 100 years and the applicant meets any applicable requirements in subsections (B) through (G) of this Section.
- B. If the proposed source of water is groundwater, the applicant shall demonstrate that wells of a sufficient capacity will be constructed in a timely manner to serve the proposed uses on a continuous basis for 100 years.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Amended by emergency rulemaking at 11 A.A.R. 2706, effective June 29, 2005 for 180 days (Supp. 05-2). Emergency renewed for 180 days at 12 A.A.R. 144, effective December 23, 2005 (Supp. 05-4). Emergency expired. Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

**R12-15-718. Legal Availability**

- A. The Director shall determine that an applicant will have sufficient supplies of water that will be legally available for at least

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

100 years if the applicant submits all of the applicable information required by this Section.

**B.** If the applicant is an applicant for a certificate or a water report, the applicant shall submit the following, as applicable:

1. A Notice of Intent to Serve agreement between the owner of the land to be included in the subdivision and the proposed municipal provider, stating the proposed municipal provider's intent to serve the subdivision;
2. If the proposed municipal provider is a city or town, evidence indicating that the proposed subdivision is located within the incorporated limits of the city or town or evidence of the legal right of the city or town to serve water to the subdivision outside the city or town's incorporated limits; or
3. If the proposed municipal provider is a private water company, one of the following:
  - a. Evidence that the proposed municipal provider has a certificate of convenience and necessity approved by the Arizona Corporation Commission and the subdivision is located within the geographic area described in the certificate of convenience and necessity or any other area in which the Arizona Corporation Commission authorizes the private water company to serve water;
  - b. Evidence that the proposed municipal provider has an order preliminary issued by the Arizona Corporation Commission authorizing the municipal provider to provide water service and the proposed subdivision is located within the area described in the order preliminary; or
  - c. Evidence that the proposed municipal provider is not a public service corporation regulated by the Arizona Corporation Commission.

**C.** If the applicant is a private water company applying for a designation, the applicant shall submit evidence that the applicant has a certificate of convenience and necessity approved by the Arizona Corporation Commission, or has been issued an order preliminary by the Arizona Corporation Commission for a certificate of convenience and necessity, authorizing the applicant to serve the proposed use.

**D.** If a proposed source of water is groundwater to be withdrawn within an AMA, the applicant shall submit evidence that the applicant or the proposed municipal provider has one or more of the following:

1. A service area right;
2. An applicable non-irrigation grandfathered right to withdraw groundwater, in an amount sufficient to serve the proposed use; or
3. A pending notice of intent to establish a new service area and all of the following apply:
  - a. The notice of intent to establish a new service area identifies the proposed subdivision,
  - b. The applicant or the proposed municipal provider has obtained a permit for any wells used to establish the service area right,
  - c. The proposed municipal provider has obtained a water right or recovery well permit to establish the service area right, and
  - d. The water right is of sufficient volume and duration to meet the estimated water demand of the proposed subdivision until the anticipated date of issuance of a service area right.

**E.** If a proposed source of water is surface water other than CAP water or Colorado River water:

1. The applicant shall submit evidence that the applicant or the proposed municipal provider has a certificated surface water right, decreed water right, or a pre-1919 claim for the proposed source. If the applicant or the proposed municipal provider does not hold a surface water right or claim, but will receive water pursuant to a water right or claim that is appurtenant to the land that is the subject of the application, the applicant shall submit evidence of the water right or claim and evidence that the water right or claim may neither be legally withheld nor severed and transferred by the right holder or claimant.
  2. If the certificated surface water right or decreed water right pre-dates the date of application by at least five years, or the applicant submits a pre-1919 claim, the applicant shall submit one of the following:
    - a. Evidence that the surface water supply has been used pursuant to the applicable water right or claim within the five years before the date of application;
    - b. Evidence that a court has determined that the right has not been abandoned; or
    - c. Evidence that the non-use would not have resulted in an abandonment of the right pursuant to A.R.S. § 45-189.
  3. The Director shall determine that the volume of water that is legally available pursuant to a certificated surface water right, a decreed water right, or a pre-1919 claim is equal to the face value of the right or claim. If the right or claim is subsequently adjudicated, the Director shall determine the volume of water that is legally available based on the adjudicated amount of water.
- F.** Subject to subsections (M) and (N) of this Section, if a proposed source of water is CAP water, the applicant shall submit evidence that the applicant or the proposed municipal provider has entered into a subcontract with a multi-county water conservation district for the proposed volume of CAP water. The Director shall presume that a 50-year long-term, non-declining municipal and industrial subcontract is sufficient evidence of the legal availability of the volume of CAP water specified in the subcontract for 100 calendar years.
- G.** Subject to subsections (M) and (N) of this Section, if a proposed source of water is Colorado River water, the applicant shall submit evidence of one of the following:
1. The applicant or the proposed municipal provider has a contract with the United States Secretary of the Interior for the proposed supply; or
  2. The applicant has obtained an allocation of Colorado River water from an entity to which all of the following apply:
    - a. The entity holds a contract for Colorado River water with the United States Secretary of the Interior;
    - b. The entity provides Colorado River water to the proposed municipal provider;
    - c. The entity has allocated a sufficient volume of the Colorado River water to the subdivision; and
    - d. The area that the entity may serve, described in the contract with the United States Secretary of the Interior, includes the subdivision.
- H.** If a proposed source of water is effluent, the applicant shall submit evidence that the applicant or the proposed municipal provider has the legal right to use the effluent.
- I.** If the applicant will obtain a proposed source of water through a written contract other than a water exchange agreement, a contract between a certificate applicant and the municipal provider proposed to serve the applicant, a contract with the

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

United States Secretary of the Interior for Colorado River water, or a subcontract with a multi-county water conservation district, the applicant shall submit evidence that the person providing the water under the contract has a legal right to the water in accordance with the terms of this Section and that the terms of the contract will ensure that the proposed source of water will be delivered to the applicant or to the proposed subdivision. The Director shall determine the term of years for which the proposed source of water is legally available based on the term of years remaining in the contract. The Director shall determine the quantity of water legally available based on the volume established in the contract.

- J. If the applicant will obtain a proposed source of water through a water exchange agreement, the applicant shall submit evidence that the water exchange agreement satisfies the requirements of A.R.S. Title 45, Chapter 4.
- K. If the Director can determine the proposed source of water to be physically and continuously available only because of the use of storage facilities by the applicant or by the proposed municipal provider, the applicant shall submit evidence of the applicant's or the proposed municipal provider's legal right to store water in the storage facilities.
- L. If the applicant proposes to use long-term storage credits, the applicant shall submit evidence that the applicant or the proposed municipal provider has the legal right to use the credits under A.R.S. Title 45, Chapter 3.1.
- M. If a proposed supply of water is Colorado River water or CAP water leased from an Indian community, the applicant shall submit evidence that the water leased has a priority equal to or higher than CAP municipal and industrial water, evidence that the Indian community is expressly authorized by an Act of Congress to lease the water for use off Indian community lands, evidence of the lease, and evidence of one of the following:
  - 1. The proposed water supply is available under the lease for at least 100 years from any time during the year in which the applicant submits the application.
  - 2. The term of the lease has less than 100 years remaining in the year in which the applicant submits the application and a supplemental water supply, together with the leased water, provides a 100-year water supply. The applicant shall demonstrate that the supplemental water supply is physically, continuously, and legally available and, if such supplemental supply is groundwater, that use of the groundwater is consistent with the management goal of the AMA. If the supplemental supply is water recovered through the use of long-term storage credits, the applicant shall also submit the following, as applicable:
    - a. If the applicant is to use the long-term storage credits before the beginning of the lease term, evidence that the applicant or the proposed municipal provider has obtained a recovery well permit that allows the applicant or the proposed municipal provider to recover water pursuant to the long-term storage credits; or
    - b. If the long-term storage credits will be accrued in the future, evidence that the applicant or the proposed municipal provider will accrue the long-term storage credits within 20 years after the effective date of the designation, certificate, or water report by storing the water under an issued water storage permit at a permitted storage facility and that no more than 20 years of the applicant's supplemental water supply will be provided by the long-term storage credits.

- N. If the Director previously determined that Colorado River water or CAP water leased from an Indian community was legally available to a designated provider for 100 years, the Director shall determine that the designated provider continues to have a legally available supply of water for 100 years for the annual amount of water available under the lease if:
  - 1. The lease has at least 50 years remaining in its term or the lease has at least 40 years remaining in its term and the designated provider submits evidence to the Director of active and ongoing negotiations with the Indian community to renew or re-negotiate the lease; and
  - 2. One of the following applies:
    - a. No more than 15% of the total water supplies that the designated provider establishes as physically, continuously, and legally available during any year are obtained through leases with Indian communities;
    - b. Groundwater will be physically, continuously, and legally available to the designated provider at the end of the lease term to substitute for the leased water for the remainder of the 100-year period, and the projected use of groundwater is consistent with the management goal of the AMA. For purposes of this subsection, the designated provider may demonstrate that the proposed use is consistent with the management goal by entering into a written agreement with the Director under which the designated provider agrees to replace through replenishment or underground storage any groundwater used at the end of the lease term if groundwater use is not consistent with the management goal. The written agreement shall provide that specific performance is the only remedy in the event of default;
    - c. A non-groundwater source of water will be physically, continuously, and legally available at the end of the lease term to substitute for the leased water for the remainder of the 100-year period; or
    - d. The designated provider's governing board or council submits a resolution requesting that the designated provider be allowed to increase its projected use of Indian lease water from 15%, as allowed by subsection (N)(2)(a) of this Section, to 20%, and the Director finds that all of the following apply:
      - i. No more than 20% of the total water supplies that the designated provider establishes as physically, continuously, and legally available during any year are obtained through leases with Indian communities;
      - ii. No more than 15% of the total water supplies that the designated provider establishes as physically, continuously, and legally available during any year are obtained through any single lease with an Indian community; and
      - iii. The designated provider does not meet the requirements of subsections (N)(2)(a), (b), or (c) of this Section.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

**R12-15-719. Water Quality**

- A. Except as provided in subsection (B) of this Section, when reviewing an application for a determination of assured water

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

supply or a determination of adequate water supply, the Director shall determine that the water supply is of adequate quality if one of the following applies:

1. The applicant certifies on the application that the applicant or the proposed municipal provider will be regulated by ADEQ, or another governmental entity with equivalent jurisdiction, as a public water system pursuant to A.R.S. § 49-351, et seq., unless ADEQ, or another governmental entity with equivalent jurisdiction, has determined, after notice and an opportunity for a hearing, that the public water system is in significant noncompliance with A.A.C. Title 18, Chapter 4 and is not taking action to resolve the noncompliance; or
  2. The applicant has submitted results of a lab analysis demonstrating that the water meets water quality requirements in accordance with A.A.C. Title 18, Chapter 4, or that the water will meet these requirements after treatment that is required by law. The lab analysis shall be based on water withdrawn from a well representative of the well or wells from which water will be withdrawn for the proposed use, conducted in compliance with sample collection and analysis requirements in A.A.C. Title 18, Chapter 4, and completed within 60 days of the date the application is submitted to the Director. If ADEQ waives any of the water quality or sample collection and analysis requirements in A.A.C. Title 18, Chapter 4, the Director shall not require the applicant to meet the waived requirements.
- B.** If a well or a proposed well from which water will be withdrawn for the proposed use is located within one mile of a WQARF site or Superfund site, the Director shall determine that the water supply is of adequate quality only if the applicant submits a contaminant migration and mitigation analysis, demonstrating that the water supply will continue to meet the requirements in A.A.C. Title 18, Chapter 4 for 100 years. The contaminant migration and mitigation analysis may include the impact of any mitigation or treatment, including mitigation or treatment required pursuant to a consent decree.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

**R12-15-720. Financial Capability**

- A.** The Director shall determine that an applicant for a certificate or a water report has the financial capability to construct adequate delivery, storage, and treatment works if the applicant demonstrates one or more of the following:
1. The applicant will submit its final plat to a qualified platting authority;
  2. The applicant has constructed adequate delivery, storage, and treatment works, and water service is available to each lot; or
  3. The applicant has posted a performance bond with the platting authority for the entire cost of adequate delivery, storage, and treatment works.
- B.** Upon receiving evidence that a platting authority has established standards for proof of financial capability to construct adequate delivery, storage, and treatment works, pursuant to A.R.S. § 9-463.01(C)(8) or A.R.S. § 11-806.01(G), the Director shall classify the platting authority as a qualified platting authority. The Director shall maintain a list of qualified platting authorities.

- C.** The Director shall determine that an applicant for a designation has the financial capability to construct adequate delivery, storage, and treatment works if the applicant demonstrates one or more of the following for each of those facilities:
1. The applicant has constructed adequate delivery, storage, and treatment works;
  2. The applicant has entered into written agreements requiring a potential developer to construct adequate delivery, storage, and treatment works;
  3. The applicant has submitted evidence demonstrating that financing mechanisms are in place to construct adequate delivery, storage, and treatment works in a timely manner;
  4. If the applicant is a city or town, the applicant has adopted a five year capital improvement plan that provides for the construction, or the commencement of construction, of adequate delivery, storage, and treatment works in a timely manner, and has submitted a certification by the applicant's chief financial officer that finances are available to implement that portion of the five-year plan; or
  5. If the applicant is a private water company, the applicant has received approval from the Arizona Corporation Commission for financing the construction of adequate delivery, storage, and treatment works.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3). Amended by final rulemaking at 30 A.A.R. 3751 (December 13, 2024), with an immediate effective date of November 25, 2024 (Supp. 24-4).

**R12-15-721. Consistency with Management Plan**

- A.** The Director shall determine whether a designation applicant's projected use of groundwater withdrawn within an active management area is consistent with the management plan as follows:
1. If the applicant is providing water to customers as of the date of application, the applicant's projected water use is consistent with the management plan if either of the following apply:
    - a. The applicant is in compliance with its applicable management plan requirements in the most recent calendar year for which data is available before the date of application; or
    - b. The applicant has signed a stipulation and consent order that is in effect on the date of the application, or that becomes effective during the time of review of the application, to remedy non-compliance with the management plan requirements and the applicant is in compliance with the terms of the stipulation and consent order.
  2. If the applicant has not commenced serving water to customers as of the date of application, the applicant shall submit a water use plan that demonstrates to the Director that compliance with management plan requirements will be achieved through the use of conservation or augmentation measures.
  3. If the applicant has a pending request for an administrative review or variance from its management plan requirements, the Director shall not make a finding regarding compliance with this Section until the Director

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

has issued a final decision and order on the request or the request has been withdrawn.

- B.** The Director shall determine that a certificate applicant's projected use of groundwater withdrawn within an AMA is consistent with the management plan if the applicant submits a water use plan for the subdivision that includes both of the following:
1. Information demonstrating that compliance with management plan requirements will be achieved through conservation or augmentation measures; and
  2. All information required to calculate the water requirements for each proposed water use.
- C.** A certificate applicant for a subdivision of 50 or fewer lots is exempt from the requirements of this rule.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

**R12-15-722. Consistency with Management Goal**

- A.** For the Phoenix, Prescott, or Tucson AMAs, the Director shall calculate the volume of groundwater that may be used consistent with the management goal of the AMA in which the proposed use is located for at least 100 years by adding the following:
1. The amount of the groundwater allowance, according to R12-15-724(A), R12-15-726(A), or R12-15-727(A).
  2. The amount of any extinguishment credits pledged to the certificate or designation, according to R12-15-724(B), R12-15-726(B), or R12-15-727(B).
  3. Any groundwater that is consistent with the achievement of the management goal pursuant to A.R.S. Title 45, Chapter 2.
- B.** The Director shall determine that a proposed groundwater use in the Phoenix, Prescott, or Tucson AMA is consistent with the management goal of the AMA if the volume calculated in subsection (A) is equal to or greater than the portion of the applicant's estimated water demand to be met with groundwater.
- C.** For a certificate in the Pinal AMA, the Director shall calculate the volume of groundwater that may be used consistent with the management goal of the AMA for at least 100 years by adding the following:
1. The amount of the groundwater allowance, according to R12-15-725(A)(1).
  2. The amount of any extinguishment credits pledged to the certificate for a grandfathered right that was extinguished on or after January 1, 2019, according to R12-15-725(B), except that annual reported use of such extinguishment credits to make groundwater use consistent with the management goal is limited to the following percentages of groundwater use from the sixth year after certificate issuance:

Years After Certificate Issuance	Percentage of Total Groundwater Use that May Be Made Consistent with the Pinal AMA Management Goal with Extinguishment Credits Pledged to Certificate
Years Six through Ten	75%
Years Eleven through Fifteen	50%
Years Sixteen through Twenty	25%

Years Twenty-one and After	0%
----------------------------	----

3. The amount of any extinguishment credits pledged to the certificate for a grandfathered right that was extinguished on or after October 1, 2007 and before January 1, 2019.
  4. The amount of any extinguishment credits pledged to the certificate for a grandfathered right that was extinguished before October 1, 2007. The Director shall calculate the amount of the extinguishment credits by multiplying the annual amount of the credits by 100.
  5. Any groundwater that is consistent with achievement of the management goal pursuant to A.R.S. Title 45, Chapter 2.
- D.** For a certificate in the Pinal AMA, the Director shall determine that the proposed groundwater use is consistent with the management goal of the AMA if the volume calculated in subsection (C) is equal to or greater than the portion of the applicant's estimated water demand to be met with groundwater.
- E.** For a designation in the Pinal AMA, the Director shall calculate the volume of groundwater that may be used consistent with the management goal of the Pinal AMA on an annual basis for at least 100 years by adding the following for each year during the 100-year period:
1. The amount of the groundwater allowance, according to R12-15-725(A)(2). If any of the groundwater allowance is not used during a year, the unused groundwater allowance shall not be added to the volume calculated under this subsection for the following year.
  2. The amount of any extinguishment credits pledged to the designation for a grandfathered right that was extinguished on or after January 1, 2019, divided by the number of years remaining in which the credits may be used pursuant to R12-15-725(B). These credits shall be included in the calculation only for those years in which the credits may be used. If any of the extinguishment credits were originally pledged to a certificate and are being used to support the municipal provider's designation pursuant to R12-15-723(G)(2), the extinguishment credits shall not be limited by the percentages in subsection (C)(2) of this section.
  3. The amount of any extinguishment credits pledged to the designation for a grandfathered right that was extinguished on or after October 1, 2007 and before January 1, 2019, divided by 100. Extinguishment credits for a grandfathered right that was extinguished on or after October 1, 2007 and before January 1, 2019 may be used in any year.
  4. The annual amount of any extinguishment credits pledged to the designation for a grandfathered right that was extinguished before October 1, 2007. The following shall apply if any of the extinguishment credits are not used during a calendar year:
    - a. If the extinguishment credits were pledged to the designation before October 1, 2007, any extinguishment credits not used during a calendar year shall be added to the volume calculated under this subsection for the following calendar year.
    - b. If the extinguishment credits are pledged to the designation on or after October 1, 2007, any of the extinguishment credits not used during a calendar year shall not be added to the volume calculated under this subsection for the following calendar year, except that if the extinguishment credits were originally pledged to a certificate before October 1, 2007 and are used to support the municipal pro-

vider's designation pursuant to R12-15-723(G)(2), any of the extinguishment credits not used during a calendar year shall be added to the volume calculated under this subsection for the following calendar year.

5. Any groundwater that is consistent with the achievement of the management goal pursuant to A.R.S. Title 45, Chapter 2.
- F. For a designation in the Pinal AMA, the Director shall determine that the proposed groundwater use is consistent with the management goal of the Pinal AMA if the volume calculated in subsection (E) for each year during the 100-year period is equal to or greater than the portion of the applicant's annual estimated water demand to be met with groundwater.
- G. Upon application, the following volumes of groundwater used by an applicant are considered consistent with the management goal:
  1. If the Director determines that a surface water supply is physically available under R12-15-716 and the volume of the supply actually available during a calendar year is equal to or less than the drought volume for the supply, the volume of groundwater, other than the groundwater that is accounted for under subsection (A), (C), or (E), withdrawn within the AMA that, when combined with the available surface water supply, is equal to or less than the drought volume.
  2. Any volume of groundwater withdrawn within a portion of an AMA that is exempt from conservation requirements under A.R.S. Title 45 due to waterlogging. The Director shall review the application of this exclusion on a periodic basis, not to exceed 15 years.
  3. Remedial groundwater that is consistent with the management goal according to the requirements of R12-15-729.
- H. An applicant for a certificate of assured water supply for a dry lot subdivision of 20 lots or fewer is exempt from the requirements of this Section.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3). Amended by final rulemaking at 13 A.A.R. 1394, effective October 1, 2007 (Supp. 07-2). Amended by final rulemaking at 24 A.A.R. 3578, effective January 1, 2019 (Supp. 18-4). At the request of the Department R12-15-722(A)(2) through (5) have been removed since they were not part of the amendments made to this Section in Supp. 18-4; subsections R12-15-722(A)(2) through (3) as amended at 13 A.A.R. 1394 have been restored (Supp. 19-2).

**R12-15-723. Extinguishment Credits**

- A. Except as provided in subsection (D), the owner of a grandfathered right may extinguish the right in exchange for extinguishment credits by submitting the following:
  1. A notarized statement of extinguishment of a grandfathered right on a form provided by the Director;
  2. The grandfathered right number;
  3. If the right being extinguished is a Type 1 non-irrigation grandfathered right or an irrigation grandfathered right, evidence of ownership of the land to which the grandfathered right is appurtenant;
  4. If the grandfathered right is located in the Prescott AMA, evidence that all of the following conditions are met:
    - a. The land to which the right is appurtenant has not been and will not be subdivided pursuant to a preliminary plat or a final plat that was approved by a city, town, or county before August 21, 1998; and
    - b. The land to which the right is appurtenant is not and will not be the location of a subdivision for which a complete and correct application for a certificate of assured water supply was submitted to the Director before August 21, 1998;
5. If the right being extinguished is an irrigation grandfathered right, evidence that the development of the land to which the right is appurtenant is not completed; and
6. Any additional information the Director may reasonably require to process the extinguishment.
- B. The Director shall calculate the amount of extinguishment credits pursuant to R12-15-724(B), R12-15-725(B), R12-15-726(B) or R12-15-727(B). The Director shall notify the owner of the amount of extinguishment credits in writing. If the owner is extinguishing only a portion of the right, the Director shall issue a new certificate of grandfathered right for the remainder of the right.
- C. A Type 1 non-irrigation grandfathered right or an irrigation grandfathered right may be extinguished in whole or in part. A Type 2 non-irrigation grandfathered right may be extinguished only in whole.
- D. The following rights may not be extinguished in exchange for extinguishment credits:
  1. An irrigation grandfathered right that is appurtenant to land that has been physically developed for a non-irrigation use. The Director shall not consider the land to be physically developed until the development is completed.
  2. A Type 1 non-irrigation grandfathered right, if the Director determines that the holder is likely to continue to receive groundwater from an undesignated municipal provider for the same use pursuant to the provider's service area right or pursuant to a groundwater withdrawal permit.
  3. A Type 2 non-irrigation grandfathered right that was issued based on the withdrawal of groundwater for mineral extraction or processing or for the generation of electrical energy.
  4. On or after January 1, 2025, any grandfathered right that is in the Phoenix, Prescott, or Tucson AMAs.
  5. A Type 1 non-irrigation grandfathered right that was requested to be included by a city or town in the Tucson AMA in the determination made under A.R.S. § 45-463(F).
- E. The owner of extinguishment credits may pledge the credits to a certificate or to a designation before the certificate or designation is issued by submitting with the application for the certificate or designation a notice of intent to pledge extinguishment credits on a form provided by the Director. The extinguishment credits shall be pledged to the certificate or designation upon issuance of the certificate or designation.
- F. The owner of extinguishment credits may pledge the credits to a certificate or to a designation after the certificate or designation is issued by submitting a notice of intent to pledge extinguishment credits on a form provided by the Director. The Director shall notify the owner of the extinguishment credits and the certificate holder or designated provider that the credits have been pledged to the certificate or designation.
- G. Extinguishment credits that have not been pledged to a certificate or designation may be conveyed within the same AMA.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

Extinguishment credits pledged to a certificate or designation shall not be conveyed to another person, except that:

1. If extinguishment credits are pledged to a certificate that is later assigned or reissued, any unused credits are transferred, by operation of this subsection, to the assigned or reissued certificate. If the certificate is partially assigned or reissued, a pro rata share of the unused extinguishment credits is transferred to each assigned or reissued certificate according to the estimated water demand.
  2. If extinguishment credits are pledged to a certificate for a subdivision that is later served by a designated provider or a municipal provider that is applying for a designation:
    - a. Any unused extinguishment credits may be used to support the municipal provider's designation as long as the municipal provider serves the subdivision and remains designated;
    - b. For a designation in the Pinal AMA that is issued pursuant to R12-15-710(H) or (I), the extinguishment credits may only be applied to groundwater delivered to the subdivision that is the subject of the certificate;
    - c. If the municipal provider is no longer serving the subdivision or if the municipal provider loses its designated status, any unused extinguishment credits shall revert, by operation of this subsection, to the certificate to which they were originally pledged.
- H.** The Director shall review a statement of extinguishment of a grandfathered right and a notice of intent to pledge extinguishment credits pursuant to the licensing time-frame provisions in R12-15-401.
- I.** A person may apply to the Director on or before December 31, 2015 for the restoration of all or a portion of an irrigation grandfathered right extinguished under this Section during calendar year 2005, 2006 or 2007 if all of the following conditions are met:
1. The person owns the land to which the right or portion of the right was appurtenant;
  2. The land to which the right or portion of the right was appurtenant is physically capable of being irrigated and the infrastructure for delivering water to the land for irrigation purposes remains intact and is operable;
  3. The person holds extinguishment credits that were issued for the extinguishment of a grandfathered right in the AMA in which the land is located and that have not been pledged to a certificate or designation under subsection (E) or (F) in the following amount, as applicable:
    - a. If the person seeks to restore the entire irrigation grandfathered right, an amount of extinguishment credits equal to the amount of extinguishment credits issued by the Director in exchange for extinguishment of the irrigation grandfathered right; or
    - b. If the person seeks to restore a portion of the irrigation grandfathered right, an amount of extinguishment credits equal to the result obtained by multiplying the percentage of the right sought to be restored by the amount of extinguishment credits issued by the Director in exchange for the extinguishment of the right.
- J.** An application to restore all or a portion of an irrigation grandfathered right under subsection (I) shall be on a form provided by the Director and include all of the following:
1. A fee of \$250.00;
  2. The irrigation grandfathered right number of the right sought to be restored;
  3. If a certificate of extinguishment credits was issued by the Director for the extinguishment credits described in subsection (I)(3), the original certificate or an affidavit stating that the certificate is lost;
  4. A copy of a deed showing that the applicant owns the land to which the right or portion of the right sought to be restored was appurtenant and, if the application seeks to restore only a portion of the right, the legal description of the land to which that portion of the right was appurtenant;
  5. A certification by the applicant that the conditions described in subsection (I) are met; and
  6. An agreement in writing that if the right or portion of the right is restored, the flexibility account for the land to which the right or portion of the right is appurtenant shall have an account balance of zero at the beginning of the calendar year in which the right or portion of the right is restored and that any credits registered to the flexibility account after the right is restored may not be conveyed or sold to any person, including the applicant.
- K.** The Director shall approve an application to restore all or a portion of an irrigation grandfathered right submitted under subsection (I) if the application includes the fee and the information required under subsection (J) and the Director determines that the information is correct. If the Director approves an application to restore all or a portion of an irrigation grandfathered right, all of the following apply:
1. The irrigation water duty for the land to which the right or portion of the right is restored shall be the same as it was when the right was extinguished, unless the irrigation water duty is changed in a management plan adopted after the right was extinguished or is modified pursuant to A.R.S. § 45-575;
  2. The flexibility account for the land to which the right or portion of the right is appurtenant shall have an account balance of zero at the beginning of the calendar year in which the right or portion of the right is restored and any credits registered to the flexibility account after the right is restored may not be conveyed or sold to any person, including the applicant.
  3. The applicant shall forfeit the extinguishment credits described in subsection (I)(3); and
  4. The restored irrigation grandfathered right may be extinguished in exchange for extinguishment credits under this Section. For purposes of calculating the amount of extinguishment credits under R12-15-724(B), R12-15-725(B), R12-15-726(B) or R12-15-727(B), the calendar year of extinguishment is the calendar year in which the restored irrigation grandfathered right is extinguished.
- L.** The Director shall review an application to restore an irrigation grandfathered right under subsection (I) pursuant to the licensing time-frame provisions in R12-15-401. The application shall have an administrative completeness review time-frame of 30 days, a substantive review time-frame of 90 days, and an overall time-frame of 120 days.

**R12-15-724. Phoenix AMA Calculation of Groundwater Allowance and Extinguishment Credits**

A. The Director shall calculate the groundwater allowance for a certificate or designation in the Phoenix AMA as follows:

1. If the application is for a certificate, multiply the applicable allocation factor in the table below by the annual estimated water demand for the proposed subdivision.

MANAGEMENT PERIOD	ALLOCATION FACTOR
Third	4
Fourth	2
Fifth	1
After Fifth	0

2. If the application is for a designation and the applicant provided water to its customers prior to February 7, 1995, multiply 7.5 by the total volume of water provided by the applicant to its customers from any source during calendar year 1994, consistent with the municipal conservation requirements established for the applicant pursuant to Section 5-103(A)(1) of the Second Management Plan for the Phoenix AMA.
3. If the application is for a designation and the applicant commenced providing water to its customers on or after February 7, 1995, the applicant's groundwater allowance is zero acre-feet, except as provided in subsection (A)(4) of this Section.
4. If the application is for a designation that includes a volume of groundwater or stored water recovered outside the area of impact pursuant to R12-15-710(H), the groundwater allowance shall be calculated as follows:
  - a. The applicant may select either of the following calculations if the volume does not exceed the applicant's 2023 unreplenished groundwater deliveries multiplied by 100:
    - i. Multiply 30 by the total groundwater deliveries during the calendar year 2023 to customers not enrolled as a member land in the CAGRD; or
    - ii. Multiply 20 by the total water deliveries from any source during the calendar year 2023 to customers not enrolled as a member land in the CAGRD.
  - b. Add the remaining groundwater allowance for each issued certificate of assured water supply that is or will be within the service area of the applicant to the volume calculated under subsection (A)(4)(a) of this Section.
  - c. The Director shall use the annual report submitted by the municipal provider for calendar year 2023, as verified by the Director, for purposes of this calculation.
5. For each calendar year of a designation, the Director shall calculate the volume of incidental recharge for a designated provider within the Phoenix AMA and add that volume to the designated provider's groundwater allowance. The Director shall calculate the volume of incidental recharge by multiplying the provider's total water use from any source in the previous calendar year by the standard incidental recharge factor of 4%. A designated provider may apply for a variance from the standard

incidental recharge factor as provided in A.R.S. § 45-566.01(E)(1). The Director may establish a different incidental recharge factor for the designated provider if the provider demonstrates to the satisfaction of the Director that the ratio of the average annual amount of incidental recharge expected to be attributable to the provider during the management period, to the average amount of water expected to be withdrawn, diverted, or received for delivery by the provider for use within its service area during the management period, is different than 4%.

B. The Director shall calculate the extinguishment credits for the extinguishment of a grandfathered right in the Phoenix AMA as follows:

1. For the extinguishment of a type 2 non-irrigation grandfathered right, multiply the number of acre-feet indicated on the certificate by the difference between 2025 and the calendar year of extinguishment.
2. For the extinguishment of all or part of an irrigation grandfathered right, or all or part of a type 1 non-irrigation grandfathered right, multiply 1.5 acre-feet per acre by the number of irrigation acres associated with the extinguished irrigation grandfathered right or the number of acres to which the extinguished type 1 non-irrigation grandfathered right is appurtenant, and then multiply the product by the difference between 2025 and the calendar year of extinguishment, except that:
  - a. If only a portion of an irrigation grandfathered right or a type 1 non-irrigation grandfathered right is extinguished, the Director shall include in the calculation only those acres associated with the portion of the right that is extinguished; and
  - b. If an extinguished irrigation grandfathered right has a debit balance in the corresponding flexibility account established under A.R.S. § 45-467, the Director shall subtract the amount of the debit from the amount of the extinguishment.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

Amended by final rulemaking at 30 A.A.R. 3751

**R12-15-725. Pinal AMA Calculation of Groundwater Allowance and Extinguishment Credits**

A. The Director shall calculate the groundwater allowance for a certificate or designation in the Pinal AMA as follows:

1. If the application is for a certificate:
  - a. If the certificate application is filed before January 1, 2019, multiply the annual estimated water demand for the proposed subdivision by 10.
  - b. If the certificate application is filed on or after January 1, 2019, the groundwater allowance shall be zero.
2. If the application is for a designation:
  - a. If the applicant was designated as having an assured water supply as of October 1, 2007:
    - i. Multiply the applicant's service area population as of October 1, 2007 by 125 gallons per capita per day and multiply the product by 365 days. The service area population shall be determined using the methodology set forth in Section 5-

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

- 103(D) of the Third Management Plan for the Pinal AMA.
- ii. Convert the number of gallons determined in subsection (A)(2)(a)(i) into acre-feet by dividing the number by 325,851 gallons.
  - iii. Determine the number of residential lots within plats that were recorded as of October 1, 2007 but not served water as of that date, and to which the applicant commenced water service by January 1, 2010.
  - iv. Multiply the number of lots determined in subsection (A)(2)(a)(iii) by 0.35 acre-foot per lot.
  - v. Add the volume from subsection (A)(2)(a)(ii) and the volume from subsection (A)(2)(a)(iv) of this Section.
- b. If the applicant provided water to its customers before October 1, 2007 but was not designated as having an assured water supply as of that date, and a complete and correct application for designation was filed before January 1, 2012, multiply the applicant's service area population as of October 1, 2007 by 125 gallons per capita per day and multiply the product by 365 days. The service area population shall be determined using the methodology in Section 5-103(D) of the Third Management Plan for the Pinal AMA.
  - c. If the applicant provided water to its customers before October 1, 2007 but was not designated as having an assured water supply as of that date, and a complete and correct application for designation was filed on or after January 1, 2012, the applicant's groundwater allowance is zero acre-feet, except as provided in subsection (A)(2)(e) of this Section.
  - d. If the applicant commenced providing water to its customers on or after October 1, 2007, the applicant's groundwater allowance is zero acre-feet, except as provided in subsection (A)(2)(e) of this Section.
  - e. If the application is for a designation that includes a volume of groundwater or stored water recovered outside the area of impact pursuant to R12-15-710(H), the groundwater allowance shall be calculated as follows: The applicant may select either of the following calculations if the volume does not exceed the applicant's 2023 unreplenished groundwater deliveries multiplied by 100:
    - i. Multiply 30 by the total groundwater deliveries during the calendar year 2023 to customers not enrolled as a member land in the CAGRD;
    - ii. Multiply 20 by the total water deliveries from any source during the calendar year 2023 to customers not enrolled as a member land in the CAGRD;
    - iii. Add the remaining groundwater allowance for each issued certificate of assured water supply that is or will be withdrawn within the service area of the applicant to the volume calculated under subsection (A)(2)(e)(i) or (A)(2)(e)(ii) of this Section; or
    - iv. The Director shall use the annual report submitted by the municipal provider for calendar year 2023, as verified by the Director, for purposes of this calculation.
3. For each calendar year of a designation, the Director shall calculate the volume of incidental recharge for a designated provider within the Pinal AMA and add that volume to the designated provider's groundwater allowance. The Director shall calculate the volume of incidental recharge by multiplying the provider's total water use from any source in the previous calendar year by the standard incidental recharge factor of 4%. A designated provider may apply for a variance from the standard incidental recharge factor by submitting a hydrologic study demonstrating, to the satisfaction of the Director, that the ratio of the average annual amount of incidental recharge expected to be attributable to the designated provider during the management period to the average annual amount of water expected to be withdrawn, diverted or received for delivery by the designated provider for use within its service area during the management period is different than 4%. The hydrologic study shall include the amount of water withdrawn, diverted or received for delivery by the designated provider for use within its service area during each of the preceding five years and the amount of incidental recharge that was attributable to the designated provider during each of those years. The Director may establish a different incidental recharge factor for the designated provider upon such demonstration.
- B. The Director shall calculate the extinguishment credits for extinguishing a grandfathered right in the Pinal AMA as follows.
    1. The Director shall calculate the initial volume of extinguishment credits for the extinguishment of a grandfathered right in the Pinal AMA as follows:
      - a. For the extinguishment of a type 2 non-irrigation grandfathered right, multiply the number of acre-feet indicated on the certificate of grandfathered right by 100.
      - b. For the extinguishment of all or part of an irrigation grandfathered right, or all or part of a type 1 non-irrigation grandfathered right, multiply 1.5 acre-feet by the number of irrigation acres associated with the extinguished irrigation grandfathered right or the number of acres to which the extinguished type 1 non-irrigation grandfathered right is appurtenant, and then multiply that product by 100, except that:
        - i. If only a portion of an irrigation grandfathered right or a type 1 non-irrigation grandfathered right is extinguished, only those acres associated with the portion of the right that is extinguished shall be included in the calculation; and
        - ii. If an extinguished irrigation grandfathered right has a debit balance in the corresponding flexibility account established under A.R.S. § 45-467, the amount of the debit shall be subtracted from the amount of the extinguishment credits.
    2. For grandfathered rights extinguished in the Pinal active management area on or after January 1, 2019, if the amount of the extinguishment credits remaining unused in the fifth, tenth, fifteenth, and twentieth year after the year of extinguishment is greater than an amount calculated by multiplying the initial volume of extinguishment credits by the applicable percentage shown in the table below, the amount of unused credits shall be reduced to

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

an amount calculated by multiplying the initial volume of extinguishment credits by the applicable percentage:

Year After Extinguishment	Percentage
Fifth	75%
Tenth	50%
Fifteenth	25%
Twentieth	0%

3. For purposes of subsection (B)(2), the amount of extinguishment credits remaining unused shall be the initial volume of extinguishment credits issued for the extinguishment of the right, less:
  - a. The amount of any of the extinguishment credits previously pledged to a certificate of assured water supply or designation of assured water supply pursuant to R12-15-723, subsections (E) or (F) and reported to the Department as having been used; and
  - b. The amount of any previous reductions made to the extinguishment credits pursuant to subsection (B)(2).

**R12-15-726. Prescott AMA Calculation of Groundwater Allowance and Extinguishment Credits**

- A. The Director shall calculate the groundwater allowance for a certificate or designation in the Prescott AMA as follows:
  1. If the application is for a certificate of assured water supply, the Director shall:
    - a. Subtract the year of application from 2025,
    - b. Multiply the number determined in subsection (A)(1)(a) by the applicant's annual estimated water demand, and

- c. Divide that product by two. The minimum volume that may be calculated in this subsection is zero acre-feet.
2. If the application is for a designation of assured water supply:
  - a. Except as provided in subsections (A)(3) and (A)(5), if the applicant was in existence as of January 12, 1999, and the application is filed before calendar year 2026, the Director shall:
    - i. Multiply by 100 the largest volume of groundwater determined by the Director to have been withdrawn by the applicant from within the Prescott AMA for use within the applicant's service area in any calendar year from 1995 through 1998, consistent with the municipal conservation requirements applicable under the second management plan for the Prescott active management area;
    - ii. Determine the volume of the applicant's total water demand, from any source, for 1999, consistent with the municipal conservation requirements established for the applicant in the management plan in effect on the date of application;
    - iii. Determine the volume of the applicant's total water demand, from any source, for 2014, consistent with the municipal conservation requirements established for the applicant in the management plan in effect on the date of application;
    - iv. Subtract the volume calculated in subsection (A)(2)(a)(ii) from the volume calculated in subsection (A)(2)(a)(iii) and then multiply the difference by 26;
    - v. Divide the product obtained in subsection (A)(2)(a)(iv) by two;
    - vi. If any residential groundwater uses, including residential groundwater uses served by an exempt well, in existence on August 21, 1998, have been replaced by permanent water service from the applicant after August 21, 1998, multiply one-half acre-foot of groundwater by the number of housing units receiving the service and then multiply that product by 100;
    - vii. Determine the volume of groundwater withdrawn by the applicant from within the Prescott active management area during the period beginning January 1, 1999, and ending December 31 of the calendar year before the date of the application;
    - viii. Multiply the volume of groundwater withdrawn by the applicant from within the Prescott active management area in 1999 by the number of calendar years in the period beginning with 1999 and ending with the calendar year before the date of application;
    - ix. Subtract from the volume calculated in subsection (A)(2)(a)(vii) the volume calculated in subsection (A)(2)(a)(viii). The volume calculated in this subsection shall not be less than zero; and
    - x. Add the volumes calculated in subsections (A)(2)(a)(i), (A)(2)(a)(v), and (A)(2)(a)(vi),

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

- and then subtract from the sum the volume calculated in subsection (A)(2)(a)(ix).
- b. If the applicant did not exist as of January 12, 1999, or the date of application occurs after calendar year 2025, the groundwater allowance is zero acre-feet, except that if any residential groundwater uses, including residential groundwater uses served by an exempt well, in existence on August 21, 1998, have been replaced by permanent water service from the applicant after August 21, 1998, the groundwater allowance is a volume of groundwater computed by multiplying one-half acre-foot of groundwater by the number of housing units receiving the service and multiplying that product by 100.
  3. For the purpose of determining the groundwater allowance under subsection (A)(2)(a), at the request of the applicant, the Director shall replace the volume of groundwater calculated in subsection (A)(2)(a)(ii) through (v) with the amount of groundwater necessary for the applicant to serve the residential lots described in subsection (A)(4):
    - a. To compute this amount of groundwater, the Director shall:
      - i. Determine the average dwelling occupancy within the applicant's service area and multiply that average occupancy by an amount of groundwater, calculated by multiplying 150 gallons per capita per day by 365 days; and
      - ii. Multiply the product in subsection (A)(3)(a)(i) by the number of residential lots described in subsection (A)(4), and then multiply that product by 100.
    - b. The Director shall not include the amount computed in subsection (A)(3)(a) within the amount of groundwater that the applicant may use under subsection (A)(2)(a) until a final plat for the lots has been recorded.
  4. The Director shall include residential lots that will be served by the applicant in the calculation made under subsection (A)(3) if the lots meet all of the following criteria:
    - a. A preliminary plat for the lots was submitted to the city, town, or county on or before August 21, 1998, and the final plat is subsequently recorded;
    - b. The lots were not being served water on or before August 21, 1998; and
    - c. Any one of the following applies:
      - i. The lots were included within an application for certificate of assured water supply that was filed before August 21, 1998, the Director determined that the application was complete and correct as of August 21, 1998, and the Director subsequently issued a certificate of assured water supply for the lots.
      - ii. A preliminary plat for the lots was approved by a city, town, or county on or before August 21, 1998. At the time the preliminary plat was approved, the subdivider of the lots obtained a written commitment of water service from a municipal provider that was designated as having an assured water supply and the provider demonstrated to the satisfaction of the Director that sufficient water is physically available to serve the lots under the criteria in R12-15-716.
  5. For the purpose of determining the groundwater allowance under subsection (A)(2)(a), if the applicant makes the request described in subsection (A)(3), the Director shall replace the volume of groundwater calculated in subsection (A)(2)(a)(viii) with an amount of groundwater calculated as follows. The Director shall:
    - a. Determine the number of calendar years in the period beginning with 1999 and ending with the calendar year before the date of application and multiply that number of years by the largest volume of groundwater determined by the Director to have been withdrawn by the applicant from within the Prescott active management area for use within the applicant's service area in any calendar year from 1995 through 1998, consistent with the municipal conservation requirements applicable under the second management plan for the Prescott active management area;
    - b. Determine the average dwelling occupancy within the applicant's service area and multiply that average dwelling occupancy by an amount of groundwater calculated by multiplying 150 gallons per capita per day by 365 days;
    - c. For each year in the period beginning with 1999 and ending with the calendar year before the date of application, determine the number of the residential lots that meet the criteria in subsection (A)(4) and were served water by the applicant as of July 1 of the relevant year and add the number of these residential lots determined for each year;
    - d. Multiply the volume of groundwater calculated in subsection (A)(5)(b) by the number of residential lots in subsection (A)(5)(c); and
    - e. Add the volumes of groundwater from subsections (A)(5)(a) and (A)(5)(d).
  - B. The Director shall calculate the extinguishment credits for extinguishing a grandfathered right in the Prescott AMA as follows:
    1. For the extinguishment of a type 2 non-irrigation grandfathered right, multiply the number of acre-feet indicated on the certificate by the difference between 2025 and the calendar year of extinguishment.
    2. For the extinguishment of an irrigation grandfathered right or a type 1 non-irrigation grandfathered right:
      - a. Through December 31, 2010:
        - i. If the irrigation acres associated with the extinguished right were irrigated for at least four of the six calendar years preceding January 1, 2000, multiply 1.5 acre-feet per acre by the number of irrigation acres associated with the extinguished right or the number of acres to which the extinguished right is appurtenant and multiply that product by 25.
        - ii. If the irrigation acres associated with the extinguished right were not irrigated for at least four of the six calendar years preceding January 1, 2000, multiply 1.5 acre-feet per acre by the number of irrigation acres associated with the extinguished right or the number of acres to which the extinguished right is appurtenant and multiply the product by the difference between 2025 and the year in which the statement of intent to extinguish is filed.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

- b. After December 31, 2010, multiply 1.5 acre-feet per acre by the number of irrigation acres associated with the extinguished right or the number of acres to which the extinguished right is appurtenant and multiply the product by the difference between 2025 and the year in which the statement of intent to extinguish is filed.

**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

**R12-15-727. Tucson AMA Calculation of Groundwater Allowance and Extinguishment Credits**

A. The Director shall calculate the groundwater allowance for a certificate or designation in the Tucson AMA as follows:

1. If the application is for a certificate, multiply the applicable allocation factor in the table below by the annual estimated water demand for the proposed subdivision.

MANAGEMENT PERIOD	ALLOCATION FACTOR
Third	8
Fourth	4
Fifth	2
After Fifth	0

2. If the application is for a designation and the applicant provided water to its customers before February 7, 1995, multiply 15 by the total volume of water provided by the applicant to its customers from any source during calendar year 1994, consistent with the municipal conservation requirements established for the applicant pursuant to Section 5-103(A)(1) of the Second Management Plan for the Tucson AMA.
3. If the application is for a designation and the applicant commenced providing water to its customers on or after February 7, 1995, the applicant's groundwater allowance is zero acre-feet.
4. For each calendar year of the designation, the Director shall calculate the volume of incidental recharge for a designated provider within the Tucson AMA and add that volume to the designated provider's groundwater allowance. The Director shall calculate the volume of incidental recharge by multiplying the provider's total water use from any source in the previous calendar year by the standard incidental recharge factor of 4%. A designated provider may apply for a variance from the standard incidental recharge factor as provided in A.R.S. § 45-566.01(E)(1). The Director may establish a different incidental recharge factor for the designated provider if the provider demonstrates to the satisfaction of the Director that the ratio of the average annual amount of incidental recharge expected to be attributable to the provider during the management period, to the average amount of water expected to be withdrawn, diverted, or received for delivery by the provider for use within its service area during the management period, is different than 4%.

B. The Director shall calculate the extinguishment credits for the extinguishment of a grandfathered right in the Tucson AMA as follows:

1. For the extinguishment of a type 2 non-irrigation grandfathered right, multiply the number of acre-feet indicated on the certificate by the difference between 2025 and the calendar year of extinguishment.

2. For the extinguishment of all or part of an irrigation grandfathered right, or all or part of a type 1 non-irrigation grandfathered right, multiply 1.5 acre-feet per acre by the number of irrigation acres associated with the extinguished irrigation grandfathered right or the number of acres to which the extinguished type 1 non-irrigation grandfathered right is appurtenant, and then multiply the product by the difference between 2025 and the calendar year of extinguishment, except that:

- a. If only a portion of an irrigation grandfathered right or a type 1 non-irrigation grandfathered right is extinguished, the Director shall include in the calculation only those acres associated with the portion of the right that is extinguished; and
- b. If an extinguished irrigation grandfathered right has a debit balance in the corresponding flexibility account established under A.R.S. § 45-467, the Director shall subtract the amount of the debit from the amount of the extinguishment.

**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

**R12-15-728. Reserved****R12-15-729. Remedial Groundwater; Consistency with Management Goal**

A. Use of remedial groundwater by a municipal provider before January 1, 2050, is deemed consistent with the management goal of the AMA in which the remedial groundwater is withdrawn and is excluded when determining compliance with management goal requirements in this Article if all of the following apply:

1. The Director determines that the remedial groundwater use is consistent with the management goal under subsection (F) or (H) or the remedial groundwater use is consistent with the management goal under subsection (J); and
2. The municipal provider complies with the metering and reporting requirements in subsection (K).

B. A municipal provider that is using remedial groundwater or that has agreed in a consent decree or other document approved by ADEQ or the EPA to use remedial groundwater may apply to the Director for a determination that the municipal provider's use of the remedial groundwater is consistent with the management goal of the active management area by submitting an application on a form provided by the Director with the information required in subsection (D) before January 1, 2010.

C. A municipal provider filing an application under subsection (B) for remedial groundwater use associated with a treatment plant in operation before June 15, 1999, may request an increase in the project's annual authorized volume at the time the application is filed. The Director shall grant the request and increase the annual authorized volume up to the maximum treatment capacity of the treatment plant if the municipal provider submits evidence that an increase in the annual authorized volume is necessary to further the purpose of the remedial action project and that the increase is not in violation of the consent decree or other document approved by ADEQ or the EPA for the remedial action project.

D. An applicant shall provide the following with an application submitted under subsection (B):

1. A document evidencing ADEQ's or EPA's approval of the municipal provider's withdrawal and use of remedial

groundwater, such as a remedial action plan, record of decision, or consent decree;

2. The volume of remedial groundwater that will be withdrawn and used annually by the municipal provider and the purpose for which the remedial groundwater will be used;
  3. The time period during which the remedial groundwater will be withdrawn and used by the municipal provider;
  4. A reference to the annual authorized volume provided in the document submitted pursuant to subsection (D)(1) or, if the document submitted pursuant to subsection (D)(1) does not specify the annual authorized volume for the project, the annual authorized volume claimed by the municipal provider and a written justification for that volume;
  5. If the approved remedial action project is currently operating, the volume of remedial groundwater withdrawn pursuant to the project for each year before the year in which the application is filed;
  6. The designated provider or certificate to which the remedial groundwater will be pledged;
  7. If the municipal provider is requesting an increase in the annual authorized volume of the project pursuant to subsection (C), evidence that the increase is necessary to further the purpose of the remedial action project and that the increase is not in violation of the consent decree or other document approved by ADEQ or the EPA for the project;
  8. The name and telephone number of a person the Department may contact regarding the application; and
  9. Any other information reasonably required to assist the Director in making the determination under subsection (F).
- E. After receiving an application under subsection (B), the Director shall determine that the application is complete and correct if it contains all the information required in subsection (D) and the Director verifies that the information is accurate. If the Director determines that the application is complete and correct, the Director shall assign a priority date to the application according to the following:
1. If the Director determines that the application was complete and correct when filed, the priority date of the application is the date the application was filed.
  2. If the Director determines that the application was not complete or correct when filed because of minor deficiencies, the Director shall notify the applicant of the deficiencies in writing and give the applicant 30 days to correct the deficiencies. If the applicant submits the necessary information to correct the deficiencies within 30 days after the date of the notice, the priority date of the application is the date the application was filed.
  3. If the Director determines that the application was not complete or correct when filed and that the deficiencies are not minor, the Director shall notify the applicant of the deficiencies and give the applicant at least 60 days to submit the necessary information to correct the deficiencies. If the applicant submits the necessary information to correct the deficiencies within the time allowed by the Director, the priority date of the application is the date the applicant submits the necessary information to correct the deficiencies.
- F. The Director shall approve a complete and correct application filed under subsection (B) if the Director determines that the applicant will use remedial groundwater before January 1, 2050. If the Director approves a municipal provider's application, the Director shall calculate the amount of remedial groundwater use that is consistent with the management goal of the AMA as follows:
1. The Director shall determine the total annual amount of remedial groundwater use in all AMAs that is deemed to be consistent with the management goal under this subsection and subsections (H) and (I) for applications with a priority date earlier than the priority date of the municipal provider's application.
  2. If the amount determined in subsection (F)(1) is less than 65,000 acre-feet and the difference between those amounts is equal to or greater than the municipal provider's authorized remedial groundwater use during the year, the amount of remedial groundwater use by the municipal provider that is deemed to be consistent with the management goal during the year is the amount of the municipal provider's authorized remedial groundwater use during the year.
  3. If the amount determined in subsection (F)(1) is less than 65,000 acre-feet and the difference between those amounts is less than the municipal provider's authorized remedial groundwater use during the year, the amount of remedial groundwater use by the municipal provider that is deemed consistent with the management goal during the year is the amount of the municipal provider's authorized remedial groundwater use during the year up to the difference between the amount determined in subsection (F)(1) and 65,000 acre-feet, plus a percentage of the municipal provider's authorized remedial groundwater use during the year that exceeds the difference. The percentage is 50 percent for calendar years 2000 through 2009, 25 percent for calendar years 2010 through 2019, and 10 percent for calendar years 2020 through 2024.
  4. If the amount determined in subsection (F)(1) is equal to or greater than 65,000 acre-feet, the amount of remedial groundwater use by the municipal provider that is deemed consistent with the management goal during the year is a percentage of the municipal provider's authorized remedial groundwater use during the year. The percentage is 50 percent for calendar years 2000 through 2009, 25 percent for calendar years 2010 through 2019, and 10 percent for calendar years 2020 through 2024.
- G. If the Director determines that remedial groundwater use by a municipal provider is consistent with the management goal of the active management area under subsection (F), the determination shall apply to remedial groundwater used by the municipal provider between the priority date of the application and January 1, 2050.
- H. If, before the effective date of this Section, a municipal provider filed an application with the Director requesting that the Director determine that the provider's use of remedial groundwater according to an approved remedial action project is consistent with the management goal of the active management area under Laws 1997, Ch. 287, § 52, as amended by Laws 1999, Ch. 295, § 50, the following shall apply:
1. If the Director approved the application before the effective date and determined the annual amount of remedial groundwater use by the applicant that will be considered consistent with the management goal, the Director's determination shall apply after the effective date and the Director shall include the annual amount of remedial groundwater use determined by the Director to be consis-

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

tent with the management goal in the total amount of remedial groundwater determined in subsection (F)(1).

2. If the Director did not approve the application before the effective date, the Director shall process the application under subsections (E) and (F). If the Director approves the application, the Director's determination shall apply to remedial groundwater withdrawn and used by the municipal provider according to the approved remedial action project from the priority date of the application until January 1, 2050.
- I. A municipal provider that is using remedial groundwater that has been determined by the Director to be consistent with the management goal under subsection (F) or (H) may apply to the Director for an increase in the annual authorized volume of the approved remedial action project as follows:
  1. The applicant shall submit an application on a form provided by the Director.
  2. The Director shall determine that the application is complete and correct if it contains all of the required information and the Director verifies that the information is accurate.
  3. If the Director determines that an application filed under this subsection is complete and correct, the Director shall assign a priority date to the application using the criteria in subsection (E).
  4. The Director shall approve the application if the municipal provider submits information that demonstrates one of the following:
    - a. The annual authorized volume of the approved remedial action project has been increased in a consent decree or other document approved by ADEQ or the EPA; or
    - b. An increase is necessary to further the purpose of the approved remedial action project, and the increase is not in violation of the consent decree or other document approved by ADEQ or the EPA for the project.
  5. If the Director approves the application, the Director shall determine the additional annual amount of remedial groundwater use by the municipal provider that is deemed consistent with the management goal of the active management area, using the criteria in subsections (F) and (G). The Director shall include the annual amount of remedial groundwater use determined by the Director to be consistent with the management goal under this subsection in the total amount of remedial groundwater determined in subsection (F)(1).
- J. Until January 1, 2050, use of remedial groundwater by a municipal provider during a year is deemed consistent with the management goal of the AMA in which the remedial groundwater was withdrawn without approval of the Director under subsection (F) or (H) if:
  1. The total annual amount of remedial groundwater withdrawn from all wells according to the approved remedial action project does not exceed 250 acre-feet; and
  2. If remedial groundwater withdrawals according to the approved remedial action project commenced before June 15, 1999, the municipal provider notified the Director in writing of the volume and duration of the anticipated withdrawals on or before August 15, 1999. If remedial groundwater withdrawals according to the approved remedial action project commenced on or after June 15, 1999, the municipal provider gave written notice of the volume and duration of the anticipated withdrawals on or before August 15, 1999, or before the date the withdraw-

als commenced, whichever is later. If the municipal provider gives notice after the effective date of this Section, the municipal provider shall include or attach all of the following:

- a. A copy of a document evidencing ADEQ's or EPA's approval of the municipal provider's withdrawal and use of remedial groundwater, such as a remedial action plan, record of decision, or consent decree;
  - b. The volume of remedial groundwater that will be withdrawn and used annually by the municipal provider and the purpose for which the remedial groundwater will be used;
  - c. The time period during which the remedial groundwater will be withdrawn and used by the municipal provider;
  - d. If the approved remedial action project is currently operating, the volume of remedial groundwater withdrawn according to the project for each year before the year in which the application is filed;
  - e. The designated provider or certificate of assured water supply to which the remedial groundwater will be pledged; and
  - f. The name and telephone number of a person the Department may contact regarding the exemption.
- K. A municipal provider withdrawing remedial groundwater that has been determined to be consistent with the management goal under subsection (F) or (H) or that is consistent with the management goal under subsection (J) shall meter the remedial groundwater withdrawals separately from groundwater withdrawn pursuant to another groundwater withdrawal authority. The municipal provider shall include in its annual reports, filed under A.R.S. § 45-632, the amount of remedial groundwater withdrawn during the reporting year that is consistent with the management goal under this Section and the purposes for which the remedial groundwater was used.

**ARTICLE 8. WELL CONSTRUCTION AND LICENSING OF WELL DRILLERS****R12-15-801. Definitions**

In addition to the definitions set forth in A.R.S. §§ 45-101, 45-402, and 45-591 and in R12-15-202, the following words and phrases in this Article shall have the following meanings, unless the context otherwise requires:

1. "Annular space" means the space between the outer well casing and the borehole wall. An annular space also means the space between an inner well casing and outer well casing.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

2. "Aquifer" means an underground formation capable of yielding or transmitting usable quantities of water.
3. "Artesian aquifer" means an aquifer which is overlain by a confining formation and which contains groundwater under sufficient pressure for the water to rise above the top of the aquifer.
4. "Artesian well" means a well that penetrates an artesian aquifer.
5. "Bentonite" means a colloidal clay composed mainly of sodium montmorillonite, a hydrated aluminum silicate.
6. "Cap" means a tamper-resistant, watertight steel plate of at least one-quarter inch thickness on the top of all inside and outside casings of a well.
7. "Casing" means the tubing or pipe installed in the borehole during or after drilling to support the sides of the well and prevent caving.
8. "Confining formation" means the relatively impermeable geologic unit immediately overlying an artesian aquifer.
9. "Consolidated formation" means a naturally occurring geologic unit through or into which a well is drilled, having a composition, density, and thickness which will provide a natural hydrologic barrier.
10. "Department" means the Arizona Department of Water Resources.
11. "Director" means the Director of the Arizona Department of Water Resources.
12. "Drilling card" means a card which is issued by the Director to the well drilling contractor or single well licensee designated in the notice of intent or permit, authorizing the well drilling contractor or licensee to drill the specific well or wells in the specific location as noticed or permitted.
13. "Exploration well" means a well drilled in search of geophysical, mineralogical or geotechnical data.
14. "Flowing artesian well" means an artesian well in which the pressure is sufficient to cause the water to rise above the land surface.
15. "Grout" or "cement grout" means cement mixed with no more than 50% sand by volume, and containing no more than six gallons of water per 94 pound sack of cement.
16. "Mineralized water" means any groundwater containing over 3000 milligrams per liter (mg/l) of total dissolved solids or containing any of the following chemical constituents above the indicated concentrations:
 

Constituent	Concentration (mg/l)
Arsenic	0.05
Barium	1.0
Cadmium	0.01
Chromium (total)	0.05
Fluoride	4.0
Lead	0.05
Mercury	0.002
Nitrate (as N)	10.0
Selenium	0.01
Silver	0.05
17. "Monitor well" means a well designed and drilled for the purpose of monitoring water quality within a specific depth interval.
18. "Open well" means a well which is not equipped with either a cap or a pump.
19. "Perforations" means a series of openings in a casing, made either before or after installation of the casing, to permit the entrance of water into the well.
20. "Piezometer well" means a well that is designed and drilled for the purpose of monitoring water levels within a specific depth interval.
21. "Pitless adaptor" means a commercially manufactured watertight unit or device designed for attachment to a steel well casing which permits discharge from the well below the land surface and allows access into the well casing while preventing contaminants from entering the well.
22. "Polluted water" means water whose chemical, physical, biological, or radiological integrity has been degraded through the artificial or natural infusion of chemicals, radionuclides, heat, biological organisms, or mineralogical or other extraneous matter.
23. "Pressure grouting" means a process by which a grout is confined within the borehole or casing of a well by the use of retaining plugs, packers, or a displacing fluid by which sufficient pressure is applied to drive the grout into and within the annular space or interval to be grouted.
24. "Qualifying party" means a partner, officer, or employee of a well drilling contractor, who has significant supervisory responsibilities and who has been designated to take the licensing examination for that well drilling contractor.
25. "Single well license" means a license issued to a person which allows the drilling or modification of a single exempt well on land owned by that person.
26. "Vadose zone well" means a well constructed in the interval between the land surface and the top of the static water level.
27. "Vault" means a tamper-resistant watertight structure used to complete a well below the land surface.
28. "Well abandonment" means the modification of the structure of a well by filling or sealing the borehole so that water may not be withdrawn or obtained from the well.
29. "Well drilling" means the construction or repair of a well, or the modification, except for abandonment, of a well, regardless of whether compensation is involved, including any deepening or additional perforating, any addition of casing or change to existing casing construction, and any other change in well construction not normally associated with well maintenance, pump replacement, or pump repair.
30. "Well drilling contractor" means an individual, public or private corporation, partnership, firm, association, or any other public or private organization or enterprise that holds a well driller's license pursuant to A.R.S. § 45-595(B).

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2).

**R12-15-802. Scope of Article**

This Article shall apply to man-made openings in the earth through which water may be withdrawn or obtained from beneath the surface of the earth, including all water wells, monitor wells and piezometer wells. It shall also apply to geothermal wells to the extent provided by A.R.S. § 45-591.01, and all exploration wells and grounding or cathodic protection holes greater than 100 feet in depth. However, this Article shall not apply to the following:

1. Man-made openings in the earth not commonly considered to be wells, such as construction and mining blast

holes, underground mines and mine shafts, open pit mines, tunnels, septic tank systems, caissons, basements, and natural gas storage cavities.

2. Injection wells and vadose zone wells which are subject to regulation by the Arizona Department of Environmental Quality.
3. Oil, gas, and helium wells drilled pursuant to the provisions of A.R.S. Title 27.
4. Drilled boreholes in the earth less than 100 feet in depth which are made for purposes other than withdrawing or encountering groundwater, such as exploration wells and grounding or cathodic protection holes; except that in the event that groundwater is encountered in the drilling of a borehole, this Article shall apply.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2).

**R12-15-803. Well Drilling and Abandonment Requirements; Licensing and Supervision Requirements**

- A. A person shall not drill or abandon a well, or cause a well to be drilled or abandoned, in a manner which is not in compliance with A.R.S. Title 45, Chapter 2, Article 10, and the rules adopted thereunder.
- B. A person, other than a single well licensee or a bona fide employee of a well drilling contractor, shall not engage in well drilling or abandonment without first securing a well drilling license in accordance with R12-15-804, R12-15-805 and R12-15-806.
- C. A qualifying party of a well drilling contractor shall provide direct and personal supervision of the contractor's employees to ensure that all wells are constructed and abandoned in accordance with this Article.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Section 12-15-803 amended and the text of former Section R12-15-804 renumbered to subsections (B) and (C) and amended effective June 18, 1990 (Supp. 90-2).

**R12-15-804. Application for well drilling license**

- A. An applicant for a well drilling license shall submit a verified application of a form prescribed and furnished by the Director which contains the following information:
  1. A designation of the classification of license sought by the applicant.
  2. If the applicant is an individual, the individual's name, address and telephone number.
  3. If the applicant is a partnership, the names, addresses, and telephone numbers of all partners, with a designation of any limited partners.
  4. If the applicant is a corporation, association or other organization, the names, addresses and telephone numbers of the directors and of the president, vice president, secretary and treasurer, or the names, addresses and telephone numbers of the functional equivalent of such officers.
  5. The address or location of the applicant's place of business, the mailing address if it is different from the applicant's place of business, and if applicant is a corporation, the state in which it is incorporated.
  6. The name, address and telephone number of each qualifying party, the qualifying party's relationship to the applicant, and a detailed history of each qualifying party's supervisory responsibilities and well drilling experience,

including previous employers, job descriptions, duties and types of equipment utilized.

7. The names, addresses and telephone numbers of three persons not members of each qualifying party's immediate family, who can attest to each qualifying party's good character and reputation, experience in well drilling, and qualifications for licensing.
8. Such additional information relevant to the applicant's or qualifying party's experience and qualifications in well drilling as the Director may require.
- B. An applicant shall notify the Director in writing of any change in the information contained in the application within 30 days after such change.
- C. The Director shall not issue a license under this Article if the applicant or a qualifying party lacks good character and reputation.
- D. Prior to the issuance of a license, a qualifying party shall demonstrate three years of experience, dealing specifically with the type of drilling for which the applicant is applying for a license. This experience requirement may be reduced if the Director finds that the qualifying party has clearly and convincingly demonstrated a high degree of understanding and knowledge of well drilling techniques for the type of drilling for which the applicant is applying for a license. In no case, however, shall the practical experience requirement be less than two years.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Former Section R12-15-804 renumbered to R12-15-803(B) and (C), new Section R12-15-804 adopted effective June 18, 1990 (Supp. 90-2).

**R12-15-805. Examination for Well Drilling License**

- A. The Director shall offer an examination for a well drilling license no less than six times yearly. The examination shall be administered to those eligible applicants whose applications were submitted at least 20 days prior to the date of the examination. The examination shall consist of a section on legal requirements, a section on general knowledge and one or more of six specialized sections. The section on legal requirements shall test the qualifying party's knowledge of A.R.S. Title 45, Chapter 2, Article 10, and the rules adopted thereunder. The section on general knowledge shall test the qualifying party's knowledge of general hydrologic concepts, principles, and practices in the well construction industry, and shall test knowledge of groundwater protection, pollution, water quality and public health effects. The specialized sections shall test the qualifying party's knowledge in the following classifications:
  1. Cable tool drilling in rock and unconsolidated material.
  2. Air rotary drilling in rock and unconsolidated material.
  3. Mud rotary drilling in rock and unconsolidated material.
  4. Reverse rotary drilling in rock and unconsolidated material.
  5. Jetting and driving wells in unconsolidated material.
  6. Boring and augering in unconsolidated material.
- B. Only the qualifying party, Department personnel, and persons having the express permission of the Director shall be permitted in the examination room while the examination is in progress. The qualifying party shall not bring books or notes into the examination room, or communicate by any means whatsoever while the examination is in progress without the express permission of the presiding examiner. The qualifying party shall not leave the examination room while the examination is in progress without first obtaining the permission of the pre-

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

siding examiner. The Director may disqualify an applicant for violation of this subsection.

- C. To obtain a well drilling license, a qualifying party of the applicant shall pass the section on legal requirements, the section on general knowledge, and one or more specialized sections. Each section of the examination shall be graded separately. The passing grade on each section shall be 70 percent.
- D. No person may take the examination more than twice during any 12 months.
- E. The Director may exempt a qualifying party from taking the section on general knowledge, and one or more of the specialized sections, if the qualifying party provides proof of passing an equivalent examination given by the National Ground Water Association.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Section repealed, new Section adopted effective June 18, 1990 (Supp. 90-2). Amended by final rulemaking at 13 A.A.R. 3022, effective October 6, 2007 (Supp. 07-3).

**R12-15-806. License Fee; Issuance and Term of Licenses; Renewal; Display of License**

- A. The fee for a well driller's license shall be \$50.00.
- B. Upon submittal of the license fee and satisfactory completion of an examination, the Director shall issue the applicant a well drilling license. The license shall be numbered and shall state the specialized classifications of drilling activities for which the applicant is qualified and licensed. The applicant shall be licensed in only those classifications for which the qualifying party has passed the specialized sections of the examination. If the qualifying party subsequently passes other specialized sections, the applicant's license shall be amended. The applicant shall pay a fee of \$50.00 for the amendment of a well driller's license.
- C. A well drilling contractor shall notify the Director in writing within 30 days of the date on which the well drilling contractor no longer has a qualifying party for one or more of its specialized drilling classifications. Upon such notification, the Director may revoke or suspend part or all of the well drilling license of the well drilling contractor and require a new qualifying party to take and pass the examination.
- D. A well drilling license shall expire each year on June 30th, unless renewed pursuant to subsection (E).
- E. A person may renew a well drilling license by submitting an application for renewal on forms prescribed and furnished by the Director and a fee of \$50.00. If the application and renewal fee are postmarked on or before June 30, the well drilling contractor may operate as a licensee until actual issuance of the renewal license. A license which has expired may be reactivated and renewed within one year of its expiration by filing the required application and a reactivation fee of \$50.00. If a license has been expired for one or more years for failure to renew, the well drilling contractor shall apply for a new license and repeat the examination.
- F. A well drilling contractor shall prominently display the well drilling license number on all well drilling rigs owned or operated by the contractor in this state. Good quality paint or commercial decal numbers shall be used in placing each identification number on the drilling rig. The license number shall not be inscribed in crayon, chalk, pencil, or other temporary markings.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Amended

effective June 18, 1990 (Supp. 90-2). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

**R12-15-807. Single Well License**

- A. An applicant for a single well license pursuant to A.R.S. § 45-595(D) shall submit a verified application on forms prescribed and furnished by the Director, which shall include:
  1. The name and address of the applicant.
  2. The location of the well and whether the applicant owns the land.
  3. The type of drill rig to be used and the owner of the rig.
  4. The proposed design of the well or method of abandonment.
  5. The names of any people who will be assisting the applicant in the drilling or abandonment of the well, and whether the applicant will compensate them for their efforts.
  6. The applicant's experience, if any, in well drilling or abandonment.
  7. Such other information as the Director may require relevant to the applicant's experience and qualifications in well drilling or abandonment.
- B. The Director shall offer the single well examination no less than six times yearly and shall administer the examination to those eligible applicants whose applications were submitted at least 20 days prior to the date of the examination.
- C. The single well examination shall be of a form prescribed and furnished by the Director and shall test the applicant's knowledge of abandonment techniques, or those minimum well construction requirements and drilling techniques applicable to the proposed design of the well. The passing grade on the sections of the examination dealing with construction requirements and drilling techniques, respectively, shall be 70 percent.
- D. Rule R12-15-805 relating to testing procedures shall be fully applicable.
- E. Applicants who twice fail the examination shall wait a minimum of 90 days before re-testing.
- F. Upon passing the examination, the applicant shall be issued a single well license, authorizing the applicant to drill or abandon one exempt well at the location specified in the application. The license shall be valid for a period of one year from issuance.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2).

**R12-15-808. Revocation of License**

The Director may revoke, suspend, or place on probationary status a well drilling license issued pursuant to R12-15-806, or a single well license, for good cause, including:

1. Intentionally making a misstatement of fact on any filing with the Department.
2. Violating any provision of A.R.S. Title 45, Chapter 2, Article 10, and the rules promulgated thereunder, or aiding and abetting in such a violation.

**R12-15-809. Notice of Intention to Drill**

A notice of intention to drill required to be filed pursuant to A.R.S. § 45-596 shall be signed by the owner or lessee of the property upon which the well is to be drilled.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2).

**R12-15-810. Authorization to Drill**

- A. A well drilling contractor or single well licensee may commence drilling a well only if the well drilling contractor or licensee has possession of a drilling card at the well site issued by the Director in the name of the well drilling contractor or licensee, authorizing the drilling of the specific well in the specific location.
- B. In extraordinary situations not requiring a permit but only a notice of intention to drill, the Director may grant a request by telephone for emergency authorization of commencement of drilling prior to the actual receipt by the well driller of the drilling card. Within seventy-two hours after such a request is granted, the well driller shall file a written statement indicating the nature and reasons for the request, and the date, time and Department employee granting the request, and the well owner shall file a notice of intent to drill if such a notice has not previously been filed.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2). Amended to correct typographical error under A.A.C. R1-1-109 (Supp. 01-2). Amended by final rulemaking at 13 A.A.R. 3022, effective October 6, 2007 (Supp. 07-3).

**R12-15-811. Minimum Well Construction Requirements**

- A. Well casing
  1. Casing shall be of a sufficient strength and wall thickness to hold the borehole open and survive any necessary grouting. A person shall use only steel or thermoplastic casing in the construction of a well, unless the person has received a variance from the Director pursuant to R12-15-820. The well casing or an extension of the casing shall extend a minimum of one foot above ground level. When installing a pitless adaptor, the casing may be terminated below ground level for aesthetic reasons or freeze protection purposes. Casing made of, or which has been exposed to, hazardous or potentially harmful materials, such as asbestos, shall not be used.
  2. All well casing joints or overlaps shall be made watertight to prevent the degradation of the water supply by the migration of inferior quality water. Except as provided in subsection (H), any openings in the casing that will be above the water level in the well, such as bar holes, cracks or perforations, shall be completely plugged or sealed.
  3. Thermoplastic casing shall be installed in an oversized drillhole without driving. Thermoplastic casing shall conform with ATSM International Standard Specification F480-14 (2014), which is incorporated herein by reference and is on file with the Department. Rivets or screws used in the casing joints shall not penetrate the inside of the casing.
  4. Steel casing shall be new or in like-new condition, free from pits or breaks, and shall conform with ASTM International Standard Specification A53/53M-20 (2020), A139/139M-16 (2016) or A312/312M-20 (2021), which-ever is applicable, all of which are incorporated herein by reference and are on file with the Department.
5. Copies of the ASTM International standard specifications references to in subsections (B)(3) and (4) may be obtained from the Department of Water Resources, 1110 W. Washington Street, Suite 300, Phoenix, AZ 85007; and from the American Society for Testing and Materials, 100 Barr Harbor Drive, West Conshohocken, PA 19428-2959. This Section does not include any later amendments or editions of those standard specifications.
- B. Surface seal
  1. Except as provided in subsections (B)(2) and (4), and R12-15-817(B)(1), all wells shall be constructed with a surface seal as herein provided. The seal shall consist of steel casing, one foot of which shall extend above ground level, and cement grout placed in one continuous application from the bottom of the zone to be grouted to the land surface. If a pitless adaptor is utilized, the cement grout may terminate at the bottom of the pitless adaptor. The minimum length of the steel casing shall be 20 feet. The minimum annular space between the casing and the borehole for placement of grout shall be one and one-half inches. Curing additives, such as calcium chloride, shall not exceed ten percent of the total volume of grout. Bentonite as an additive shall not exceed five percent of the total volume. The minimum length of the surface seal shall be 20 feet. Any annular space between the outer casing and an inner casing shall be completely sealed to prevent contamination of the well.
  2. All hand-dug wells shall be constructed with a watertight curbing extending, at a minimum, from one foot above the natural ground level to the static water level, or into the confining formation if the aquifer is artesian. The curbing shall consist of poured cement grout or casing surrounded by cement grout. Concrete block with cement grout and rock with cement grout may also be used. The poured cement grout shall not be less than six inches thick. If casing is to be used, the minimum annular space between the casing and the borehole shall be three inches. Hand-dug wells shall be sealed at the surface with a watertight, tamper-resistant cover to prevent contaminants from entering the well.
  3. All wells constructed by jetting or driving shall have cement grout placed in the annular space to a minimum depth of six feet. The minimum annular space between the casing and the borehole for placement of the grout shall be one and one-half inches.
  4. All horizontal wells, to prevent leakage, shall be constructed with a surface seal consisting of steel casing and cement grout extending a minimum of ten feet into the land surface.
- C. Access port. Every well with casing four inches in diameter or larger shall be equipped with a functional watertight access port with a minimum diameter of one-half inch so that the water level or pressure head in the well can be monitored at all times.
- D. Gravel packed wells
  1. If a gravel pack has been installed, the annular space between the outer casing and the inner casing shall be sealed, either by welding a cap at the top or by filling with cement grout from the bottom of the outer casing to the surface.
  2. If a gravel tube is installed, it shall be sealed with a cap.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

- E. Vents. All vents installed in the well casing shall open downward and be screened to prevent the entrance of foreign material.
- F. Removal of drilling materials
  1. In constructing a water well, the well driller shall take all reasonable precautions to protect the producing aquifer from contamination by drilling materials. Upon completion of the well, the well driller shall remove all foreign substances and materials introduced into the aquifer or aquifers during well construction. For purposes of this subsection, "substances and materials" means all drilling fluids, filter cake, lost circulation materials, and any other organic or inorganic substances.
  2. Materials known to present a health hazard, such as chrome-based mud thinners, asbestos products, and petroleum-based fluids, shall not be used as construction, seal or fill materials or drilling fluids.
  3. Drilling fluids and cuttings shall be contained in a manner which prevents discharge into any surface water.
- G. Repair of existing wells
  1. If, in the repair of a well, the old casing is withdrawn, the well shall be recased in conformance with these rules.
  2. If an inner casing is installed to prevent leakage of undesirable water into a well, the annular space between the casings shall be completely sealed by packers, casing swedging, pressure grouting or other methods which will prevent the movement of water between the casings.
- H. Monitor wells
  1. A monitor well may be screened up to ten feet above the highest seasonal static water level of record for the purpose of monitoring contaminants.
  2. A monitor well shall be identified as such on the vault cover or at the top of the steel casing. Identification information shall include the well registration number.
- I. Completion at the surface. In areas of traffic or public rights-of-way, wells may be constructed below the land surface in a vault. All other requirements in this Article shall apply.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2). The reference to R12-14-817(B)(1) in subsection (B)(1) corrected to read R12-15-817(B)(1) (Supp. 93-1). Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4). Amended by final expedited rulemaking at 28 A.A.R. 266 (January 28, 2022), with an immediate effective date of January 5, 2022 (Supp. 22-1).

**R12-15-812. Special Aquifer Conditions**

- A. Artesian wells
  1. The well casing shall extend into the confining formation immediately overlying the artesian aquifer and shall be grouted from a minimum of ten feet into the confining formation to the land surface to prevent surface leakage into and subsurface leakage from the artesian aquifer.
  2. If leaks occur adjacent to the well or around the well casing, within 30 days the well shall be completed with the seals, packers, or casing and grouting necessary to eliminate such leakage or the well shall be abandoned according to R12-15-816.
  3. If the well flows at land surface, the well shall be equipped with a control valve, or suitable alternative means of completely controlling the flow, which must be available for inspection at the well site at all times.

- B. Mineralized or polluted water. In all water-bearing geologic units containing mineralized or polluted water as indicated by available data, the borehole shall be cased and grouted so that contamination of the overlying or underlying groundwater zones will not occur.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2).

**R12-15-813. Unattended Wells**

All wells, when unattended during well drilling, shall be securely covered for safety purposes and to prevent the introduction of foreign substances into the well.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Section number corrected (Supp. 93-1).

**R12-15-814. Disinfection of Wells**

A well drilling contractor shall disinfect any well from which the water to be withdrawn is intended to be utilized for human consumption or culinary purposes without prior treatment before removing the drill rig from the well site in accordance with the requirements contained in Engineering Bulletin No. 8, "Disinfection of Water Systems," issued by the Arizona Department of Health Services in August 1978, and Engineering Bulletin No. 10, "Guidelines for the Construction of Water Systems," issued by the Arizona Department of Health Services in May 1978, both of which are incorporated by reference and are on file with the Office of the Secretary of State. Copies of the Engineering Bulletins referred to in this Section may be obtained with this Chapter at the Office of the Secretary of State of the State of Arizona, State Capitol, West Wing, Phoenix, Arizona 85007, and from the Department of Water Resources, 1110 W. Washington Street, Suite 300, Phoenix, AZ 85007. This Section does not include any later amendments or editions of those Bulletins.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2). Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4). Amended by final expedited rulemaking at 28 A.A.R. 266 (January 28, 2022), with an immediate effective date of January 5, 2022 (Supp. 22-1).

**R12-15-815. Removal of Drill Rig from Well Site**

The drilling rig shall not be removed from the well site unless the well is in one of the following conditions:

1. Constructed in full conformance with R12-15-811 and R12-15-812 and either sealed with a cap or equipped with a pump.
2. Abandoned in accordance with R12-15-816.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2).

**R12-15-816. Abandonment**

- A. Well abandonment shall be performed only by a licensed well drilling contractor or single well licensee.
- B. Except as provided in subsection (F) of this Section, the owner of a well shall file a notice of intent to abandon the well prior to abandonment, on a form prescribed and furnished by the Director, which shall include:
  1. The name and mailing address of the person filing the notice.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

2. The legal description of the land upon which the well proposed to be abandoned is located and the name and mailing address of the owner of the land.
  3. The legal description of the location of the well on the land.
  4. The depth, diameter and type of casing of the well.
  5. The well registration number.
  6. The materials and methods to be used to abandon the well.
  7. When abandonment is to begin.
  8. The name and well drilling license number of the well drilling contractor or single well licensee who is to abandon the well.
  9. The reason for the abandonment.
  10. Such other information as the Director may require.
- C.** The Director shall, upon receipt of a proper notice of intent to abandon, mail a well abandonment authorization card to the designated well drilling contractor or single well licensee.
- D.** Except as described in subsection (F) of this Section, a well drilling contractor or single well licensee may commence abandoning a well only if the driller has possession of an abandonment card at the well site, issued by the Director in the name of the driller, authorizing the abandonment of that specific well or wells in that specific location.
- E.** Within 30 days after a well is abandoned pursuant to this Section, the well drilling contractor or single well licensee shall file with the Director a Well Abandonment Completion Report on a form prescribed and furnished by the Director which shall include the date the abandonment of the well was completed and such other information as the Director may require.
- F.** In the course of drilling a new well, the well may be abandoned without first filing a notice of intent to abandon and without an abandonment card. If the well is abandoned pursuant to this subsection without first filing a notice of intent to abandon and without an abandonment card, the well drilling contractor or single well licensee shall provide the following information in the Well Abandonment Completion Report:
1. The legal description of the land upon which the well was abandoned and the name and mailing address of the owner of the land.
  2. The legal description of the location of the well on the land.
  3. The depth, diameter and type of casing of the well prior to abandonment.
  4. The well registration number.
  5. The materials and methods used to abandon the well.
  6. The name and well drilling license number of the well drilling contractor or single well licensee who abandoned the well.
  7. The date of completion of the abandonment of the well.
  8. The reason for the abandonment.
  9. Such other information as the Director may require.
- G.** The abandonment of a well shall be accomplished through filling or sealing the well so as to prevent the well, including the annular space outside the casing, from being a channel allowing the vertical movement of water.
- H.** A well drilling contractor or single well licensee shall construct a surface seal for a well that does not penetrate an aquifer, as follows:
1. If the casing is removed from the top 20 feet of the well, a cement grout plug shall be set extending from two feet below the land surface to a minimum of 20 feet below the land surface, and the well shall be backfilled above the top of the cement grout plug to the original land surface.
  2. If the casing is not removed from the top 20 feet of the well, a cement grout plug shall be set extending from the top of the casing to a minimum of 20 feet below the land surface and the annular space outside the casing shall be filled with cement from the land surface to a minimum of 20 feet below the land surface.
- I.** In addition to the surface seal required in subsection (H):
1. A well penetrating a single aquifer system with no vertical flow components shall be filled with cement grout, concrete, bentonite drilling muds, clean sand with bentonite, or cuttings from the well.
  2. A well penetrating a single or multiple aquifer system with vertical flow components shall be sealed with cement grout or a column of bentonite drilling mud of sufficient volume, density, and viscosity to prevent fluid communication between aquifers.
- J.** Materials containing organic or toxic matter shall not be used in the abandonment of a well.
- K.** The owner or operator of the well shall notify the Director in writing no later than 30 days after abandonment has been completed. The notification shall include the well owner's name, the location of the well, and the method of abandonment.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2). Amended by final rulemaking at 13 A.A.R. 3022, effective October 6, 2007 (Supp. 07-3).

**R12-15-817. Exploration Wells**

- A.** Notification. Prior to drilling one or more exploration wells, the well owner, lessee, or exploration firm shall file a notice of intention to drill on forms provided by the Director. If the notice of intention to drill is filed for the project as a whole, the drilling card shall be issued for the project as a whole.
- B.** Construction and abandonment.
1. If an exploration well which is to be left open for re-entry at a later date encounters groundwater, it shall be cased and capped in accordance with R12-15-811, R12-15-812, and R12-15-822. The minimal length of surface seal shall be either 20 feet, or five feet into the first encountered consolidated formation, whichever is less. If no groundwater is encountered, the well shall be cased, grouted and capped in such a manner so as to prevent contamination of the well bore from the surface.
  2. Exploration wells not left open for re-entry shall be abandoned in accordance with R12-15-816.
- C.** Completion report. Within 30 days of project completion, the well owner, lessee, or exploration firm shall submit a project completion report on forms provided by the Director. The report shall include:
1. The exact number of wells drilled.
  2. The depth to water encountered or detected, with reference to specific wells.
  3. The abandonment method utilized, or construction details if completed for re-entry.
  4. Any other information which the Director may require.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2).

**R12-15-818. Well Location**

Except for monitor wells and piezometer wells, no well shall be drilled within 100 feet of any septic tank system, sewage disposal area, landfill, hazardous waste facility, storage area of hazardous

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

materials or petroleum storage areas and tanks, unless authorized in writing by the Director.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2).

**R12-15-819. Use of Well as Disposal Site**

No well may be used as a storage or disposal site for sewage, toxic industrial waste, or other materials that may pollute the groundwater, except as authorized by the Arizona Department of Environmental Quality.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2).

**R12-15-820. Request for Variance**

- A. If extraordinary or unusual conditions exist, a well drilling contractor or owner may request a variance from the provisions of this Article.
- B. The request for variance shall be in writing and shall set forth the location of the well site, the reasons for the request, and the recommended requirements to be applied. The Director may approve the request only if the well drilling contractor or owner has clearly demonstrated that the variance will not adversely affect other water users or the local aquifers.
- C. A variance shall not be effective until the well drilling contractor or owner receives from the Director a written approval of the variance and a new drilling card stamped "variance issued."

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2).

**R12-15-821. Special Requirements**

If the Director determines that the literal application of the minimum well construction requirements contained in this Article would not adequately protect the aquifer or other water users, the Director may require that further additional measures be taken, such as increasing the length of the surface seal or increasing the well's minimum distance from a potential source of contamination.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2).

**R12-15-822. Capping of Open Wells**

- A. The owner of an open well shall either install a cap on the well or abandon the well in accordance with R12-15-816. Within five days after capping the well, the owner of the well shall file with the Department a notice of well capping on a form approved by the Director which shall include the following information:
  1. The name and address of the well owner.
  2. The name and address of the person installing the cap.
  3. The well registration number.
  4. The legal description of the location of the well.
  5. The date the well was capped.
  6. The method of capping.
  7. The type and diameter of casing.
- B. If no casing exists in an open well, or if the integrity of the existing casing is insufficient to allow installation of a cap, the well owner shall install a surface seal in accordance with R12-15-811(B) prior to capping.
- C. The owner of a well on which a cap is installed shall make the cap tamper resistant by welding the cap to the top of the casing

by the electric arc method of welding, except that the owner of a well may make the cap tamper resistant by securing the cap to the top of the casing with a lock during temporary periods of well maintenance, modification or repair, not to exceed 30 days, or at any time if the well is a monitor well or piezometer well.

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

**R12-15-849. Reserved****R12-15-850. Evaluation of Notices of Intention to Drill; Notification of Registered Site Locations; Vertical Cross-Contamination Evaluation**

- A. The Director shall, upon receipt of a complete and correct notice of intention to drill form required under A.R.S. § 45-596, or upon receipt of an application for a permit under A.R.S. § 45-597 through 45-599, identify whether the proposed well will be drilled within a groundwater basin or subbasin in which there exists a site listed on the registry established under A.R.S. § 49-287.01(D). If the proposed well is situated within such a groundwater basin or subbasin, the Director shall notify the applicant and the authorized well drilling contractor in writing of the existence of the site and shall enclose a map indicating the boundaries of all listed sites within the groundwater basin or subbasin. The notification letter shall include the name, address, and telephone number of a Department contact person, along with a reference to the provision in R12-15-851 that requires the applicant to notify the Department in advance of the date drilling of the well will commence. The Department shall also specify in the notification letter whether the applicant is subject to the requirements of R12-15-851.
- B. The Director shall, upon receipt of a complete and correct notice of intention to drill form required under A.R.S. § 45-596, or upon receipt of an application for a permit under A.R.S. § 45-597 through 45-599, identify whether the proposed well will be drilled within an area where existing or anticipated future groundwater contamination presents a risk of vertical cross-contamination, as defined in A.R.S. § 49-281(15). If the Director determines that the proposed well will be drilled in such an area, and if the Director finds that the requirements of R12-15-811 are insufficient to prevent the risk of vertical cross-contamination, the Director shall establish site-specific requirements pursuant to R12-15-812 and R12-15-821.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 469, effective January 3, 2000 (Supp. 00-1).

**R12-15-851. Notification of Well Drilling Commencement**

A well owner who has been issued a drilling card for a notice of intent to drill authorizing the drilling of a well located within a site listed on the registry established under A.R.S. § 49-287.01, shall provide written notice to the Director indicating the date drilling will commence. The well owner shall coordinate with the contracted well driller to ensure that the Department receives proper notification under this Section. This notification shall consist of a letter or facsimile transmission received by the Department at least 2 business days before drilling commences at the well site. The Department shall use notification letters required by R12-15-850(A) to inform well owners whether they are subject to the requirements of this Section.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 469, effective January 3, 2000 (Supp. 00-1).

**R12-15-852. Notice of Well Inspection; Opportunity to Comment**

- A. At least 30 days before the beginning of a well inspection under A.R.S. § 45-605(A), the Director shall notify in writing all potentially affected well owners of record within a community involvement area established under A.R.S. § 49-289.02 or within other areas that the Director has selected for inspection

of wells that may be contributing to vertical cross-contamination. The notices shall include a map of the community involvement area, remedial site, or a subsection of either, that the Department intends to inspect, indicating the location of affected wells of record. The notice shall indicate the approximate date the inspection will start, the approximate duration of the inspection, an access agreement defining what specific activities will occur during a well inspection, and the name, address, and telephone number of a Department contact person.

- B. Once the Director has given notice of a well inspection under A.R.S. § 45-605(A), potentially affected well owners have 30 days from the date the letter is postmarked to comment on the proposed inspection. The Director, upon receiving a written request, may extend the comment period for a maximum of 30 additional days.

New Section adopted by final rulemaking at 6 A.A.R. 469, effective January 3, 2000 (Supp. 00-1).

**ARTICLE 9. WATER MEASUREMENT****R12-15-901. Definitions**

In addition to the definitions set forth in A.R.S. §§ 45-101 and 45-402, the following words and phrases shall have the following meanings, unless the context otherwise requires:

1. "Approved measuring device" means an instrument, approved by the Director pursuant to R12-15-903 or R12-15-909(A) which measures the volume or flow rate of water withdrawn, delivered, received, transported, recharged, stored, recovered, or used, and which measurements, when used with an approved measuring method, allow for accurate computation of a volume of water.
2. "Approved measuring method" means a procedure, approved by the Director in R12-15-903 or R12-15-909(A), which, when used with an approved measuring device, will accurately calculate a volume of water.
3. "Flow rate" or "discharge" means the volume of water, including any sediment or other solids that may be dissolved or mixed with it, which passes through a particular reference section in a unit of time.
4. "Measured system" means a system through which water passes for the purpose of withdrawal, delivery, receipt, transportation, recharge, storage, replenishment, recovery or use.
5. "Responsible party" means an irrigation district or a person required by A.R.S. Title 45 or by a permit, rule, or order issued pursuant to A.R.S. Title 45, to use a measuring device or method approved by the Director.

**Historical Note**

Adopted effective December 27, 1982 (Supp. 82-6). Amended effective June 15, 1995 (Supp. 95-2). Amended to correct typographical error under A.A.C. R1-1-109 (Supp. 01-2).

**R12-15-902. Installation of Approved Measuring Devices**

- A. A responsible party shall install an approved measuring device to monitor the volume of water withdrawn, delivered, transported, recharged, stored, replenished, recovered, and used.
- B. A responsible party shall install and use a sufficient number of approved measuring devices to allow for the separate monitoring and reporting of the volume of water passing through the measured system pursuant to the following categories of rights:

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

1. Irrigation grandfathered rights,
2. Non-irrigation grandfathered rights,
3. Service area rights,
4. Groundwater withdrawal permits, and
5. Recovery well permits or water storage permits.

This subsection does not require separate measuring devices for rights within each category unless otherwise required by A.R.S. Title 45, a permit, rule, or order pursuant to that Title.

- C. An approved measuring device which measures groundwater withdrawals shall be installed as close to the wellhead as is practical, consistent with the manufacturer's instructions. An approved measuring device which measures another point in the measured system shall be installed as close as is practical to the point of delivery, receipt, transportation, recharge, storage, replenishment, recovery, or use which the device is intended to measure, consistent with the manufacturer's instructions.

**Historical Note**

Adopted effective December 27, 1982 (Supp. 82-6).  
Amended effective June 15, 1995 (Supp. 95-2). Amended  
to correct typographical error under A.A.C. R1-1-109  
(Supp. 01-2).

**R12-15-903. Approved Water Measuring Devices and Methods**

- A. Any measuring device is approved by the Director if it is installed, maintained, and used in accordance with the manufacturer's recommendations, and if it meets the accuracy requirements set forth in R12-15-905(A).
- B. An approved measuring device shall be used with an approved measuring method set forth in R12-15-903(C) or an alternative measuring method approved by the Director as provided in R12-15-909(A).
- C. The following water measuring methods are approved by the Director:
  1. Totalizing measuring method: This method requires an approved measuring device which continuously records the volume of water passing through the measured system;
  2. Electrical consumption measuring method: This method requires measurements of either pipeflow rates or open-channel flow rates used in combination with electrical energy records;
  3. Natural gas consumption measuring method: This method requires measurements of either pipe flow rates or open channel flow rates used in combination with natural gas energy records;
  4. Hour meter measuring method: This method requires measurements of either pipe flow rates or open-channel flow rates used in combination with hour meter readings;
  5. Elapsed time of flow method: This method requires measurements of flow rates used in combination with elapsed time of the flow. This method may be used only by a responsible party who receives water from an open channel or by a person or entity who delivers water in an open channel to one or more grandfathered rightholders or permit holders, if it is not possible to use the electrical or gas consumption measurement methods or hour meter measuring method.

**Historical Note**

Adopted effective December 27, 1982 (Supp. 82-6).  
Amended effective June 15, 1995 (Supp. 95-2).

**R12-15-904. Water Measuring Method Reporting Require-****ments**

- A. A responsible party using one of the water measuring methods described in R12-15-903 shall file, with the annual report required by A.R.S. Title 45 and on a form prescribed by the Director, the following information, unless that information has not changed from that submitted in the annual report filed in the previous calendar year.
  1. The approved measuring method used;
  2. The type of approved measuring device used;
  3. The make, model, and size of the approved measuring device used.
- B. Except as provided in R12-15-904(B)(5) and R12-15-909(B) and (D), a responsible party shall file with the annual report the information required in subsection (A) of this Section and the following information on a form prescribed by the Director:
  1. Totalizing measuring method:
    - a. The initial totalizing meter reading for the reporting year taken prior to the first use of the measured system during the reporting year;
    - b. The end totalizing meter reading for the year taken subsequently to the last use of the measured system during the reporting year;
    - c. The units in which the water is measured;
    - d. Whether the power meter serves uses other than the pump motor or engine;
    - e. An estimate of the amount of any water passing through the measured system during measuring device malfunctions;
    - f. If the well is in operation for more than a 30-day period, the results of a minimum of two flow-rate measurements per reporting year taken under normal system operating conditions. The responsible party shall not submit the results of the flow-rate measurements with the annual report unless a meter malfunction continues longer than 72 hours during the reporting year;
    - g. The installation or overhaul date of the totalizing meter; and
    - h. The name of the energy company supplying energy to the responsible party's measured system, its power account number, meter number, total energy consumption for the year, and the type of energy unit.
  2. Electrical consumption measuring method:
    - a. The results of a minimum of two flow-rate measurements per reporting year taken at least 30 days apart and under normal system operating conditions or, if the measured system is used during a single period of 30 days or less during the year, the result of one flow-rate measurement taken during that single period in that year under normal system operating conditions;
    - b. The dates of the measurements;
    - c. The discharges in gallons per minute;
    - d. The time, in seconds, of ten cycles of the electric meter disk, power indicator pulse, or an alternative measurement, provided that the alternative means of measurement is approved in advance by the Director;
    - e. The inside diameter of the discharge pipe;
    - f. The multiplier ( $K_r$ ) and disk constant ( $K_h$ ) of the electric meter; and

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

- g. The name of the energy company supplying energy to the responsible party's measured system, its power account number, meter number, total energy consumption for the year, and the type of energy unit.
- 3. Natural gas consumption measuring method:
  - a. The results of a minimum of two flow-rate measurements per reporting year taken at least 30 days apart and under normal system operating conditions or, if the measured system is used during a single period of 30 days or less during the year, the result of one flow-rate measurement taken during that single period in that year under normal system operating conditions;
  - b. The dates of the measurements;
  - c. The discharges in gallons per minute;
  - d. The amounts of gas per second in cubic feet indicated by the gas meter;
  - e. The billing factors (F);
  - f. The inside diameter of the discharge pipe; and
  - g. The name of the energy company supplying energy to the responsible party's measured system, its power account number, meter number, total energy consumption for the year, and the type of energy unit.
- 4. Hour meter measuring method:
  - a. The results of a minimum of two flow-rate measurements per reporting year taken at least 30 days apart and under normal system operating conditions or, if the measured system is used during a single period of 30 days or less during the year, the result of one flow-rate measurement taken during that single period in that year under normal system operating conditions;
  - b. The dates of the measurements;
  - c. The discharges in gallons per minute;
  - d. The initial hour meter reading for the reporting year taken prior to the first use of the measured system during the reporting year;
  - e. The end hour meter reading taken subsequently to the last use of the measured system during the reporting year;
  - f. Whether the energy meter serves uses other than the pump motor or engine;
  - g. The installation or overhaul date of the hour meter; and
  - h. The name of the energy company supplying energy to the responsible party's measured system, its power account number, meter number, total energy consumption for the year, and the type of energy unit.
- 5. Elapsed time of flow measuring method: A responsible party using this measuring method shall not be required to submit the following information with the annual report but instead shall record and retain it for three years after the reporting year.
  - a. The responsible party or agent shall measure and record an initial flow rate taken at the start of flow for each delivery of water;
  - b. If the flow rate continues for more than eight hours, a subsequent measured flow-rate measurement shall be taken. If any subsequently measured flow-rate differs by more than 10% from the initial flow rate, and the delivery is not adjusted to conform with the initial flow rate, the responsible party or agent shall record the subsequent flow rate;
  - c. The time the flow begins and the time the flow ends for each delivery of water; and
  - d. The dates of the measurements.
- C. A responsible party or person or entity who uses an approved measuring method or an approved alternative water measurement method shall save the records required by subsections (A) and (B) of this Section for three years after the reporting year.

**Historical Note**

Adopted effective December 27, 1982 (Supp. 82-6). Former Section R12-15-904 renumbered to R12-15-905, new Section adopted effective June 15, 1995 (Supp. 95-2). Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

**R12-15-905. Accuracy of Approved Measuring Devices**

- A. A responsible party shall install, maintain, and use an approved measuring device and method in a manner which will ensure that its measurement error does not exceed 10% of the actual flow rate.
- B. All measured systems shall be installed or constructed and thereafter maintained so as to allow the Director, using another measuring device, to check readily the accuracy of the measuring device utilized by the responsible party.

**Historical Note**

Adopted effective December 27, 1982 (Supp. 82-6). Former Section R12-15-905 renumbered to R15-15-906, new Section R12-15-905 renumbered from R12-15-904 and amended effective June 15, 1995 (Supp. 95-2).

**R12-15-906. Repair and Replacement of Approved Measuring Devices**

If an approved measuring device fails to perform its designated function for more than 72 hours, the responsible party shall notify the Director of the failure, in writing, within seven calendar days after the discovery of the failure of the device. The reason for such failure shall be stated, as well as the estimated date of return to service of the device. If the malfunction is discovered by the Director and the malfunction does not appear to be the result of an attempt to render the device inaccurate, the Director shall notify the responsible party of the malfunction. The responsible party shall return the measuring device to full service within 30 days of either original notice by the responsible party to the Director or by the Director to the responsible party, unless repair or replacement service or parts are not available. In such case, the responsible party shall notify the Director of the delay within seven days and the reasons for it. The responsible party shall take corrective action in such cases as soon as practical. In all cases, the responsible party shall notify the Director within seven days when the measuring device is returned to full service and shall submit on a form prescribed by the Director estimates of the volume of water, if any, passing through the measured system during the period the measuring device was out of service and a description of the method used to calculate the estimates.

**Historical Note**

Section R12-15-906 renumbered from R12-15-905 and amended effective June 15, 1995 (Supp. 95-2).

**R12-15-907. Calculation of Irrigation Water Deliveries**

If one or more irrigation grandfathered rights receive water by a common distribution system where water is measured with an approved device or method at the point of delivery to the common distribution system, but not at a point of delivery to each irrigation

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

grandfathered right, each irrigation grandfathered rightholder or agent shall report the water used by either of the following methods:

1. Estimate the amount of water used based on a pro rata share of the acres irrigated, or
2. Estimate the amount of water used based on a combination of the pro rata share of the acres irrigated and the consumptive use of each crop grown.

**Historical Note**

Adopted effective June 15, 1995 (Supp. 95-2).

**R12-15-908. Measurement of Water by One Person on Behalf of Another**

A responsible party shall be liable for any fines, penalties, or other sanctions resulting from the installation, monitoring, use, or accuracy of any measuring device, method, or recordkeeping, notwithstanding that the installation, monitoring, use, or recordkeeping may have been done by an agent of the responsible party.

**Historical Note**

Adopted effective June 15, 1995 (Supp. 95-2).

**R12-15-909. Alternative Water Measuring Devices, Methods, and Reporting**

- A. A responsible party may use an alternative water measuring device or method that differs from those described in R12-15-903 provided the device or method is approved in advance by the Director. The Director shall approve an alternative water measuring device or method if the device meets the requirements of R12-15-905. The Director may require from the responsible party such information as may be necessary to demonstrate that the alternative device or method meets the requirements of R12-15-905.
- B. Responsible parties may substitute equivalent information for the information required on the annual report form or use reporting formats that differ from that required in R12-15-904, provided the substituted information or format is approved in advance by the Director.
- C. Responsible parties may use estimation methods that differ from those described in R12-15-907 provided they are approved in advance by the Director.
- D. A municipal provider is exempted from the reporting requirements under R12-15-904 and the provisions under R12-15-906 pertaining to notification to the Director of measuring device malfunctions regarding metered service connections, unless required to report by A.R.S. Title 45 or by a permit, rule, or order issued pursuant to A.R.S. Title 45.
- E. Municipal providers and irrigation districts may notify the Director of measuring device malfunctions at the time of filing the annual report and in a manner that differs from the requirements of R12-15-906, provided the municipal provider or irrigation district implements a schedule of regular maintenance of measuring devices, repairs or replaces malfunctioning measuring devices within seven days of discovery of the malfunction, and the alternative notification is approved in advance by the Director.

**Historical Note**

Adopted effective June 15, 1995 (Supp. 95-2).

**ARTICLE 10. REPORTING REQUIREMENTS FOR  
ANNUAL REPORTS, ANNUAL ACCOUNTS, OPERATING  
FLEXIBILITY ACCOUNTS, AND CONVEYANCES OF  
GROUNDWATER RIGHTS**

**R12-15-1001. Definitions**

In addition to the definitions in A.R.S. §§ 45-101 and 45-402, the following words and phrases in this Article have the following meanings, unless the context otherwise requires:

1. “Annual account” means an accounting of water required to be filed pursuant to A.R.S. § 45-468.
2. “Annual report” means an annual report of water withdrawn, delivered, received, transported, recharged, stored, recovered, replenished or used as required by A.R.S. §§ 45-437, 45-467, 45-632, 45-875.01, 45-876.01, 45-877.01, 45-878.01 or 45-1004.
3. “Central Arizona project water” means Colorado River water delivered through the facilities of the central Arizona project, and surface water from any other source conserved and developed by dams and reservoirs in the central Arizona project and lawfully delivered by the United States or a multi-county conservation district.
4. “Decreed or appropriative surface water” means surface water which is delivered or used pursuant to a decreed or appropriative water right, except any such water which is included in central Arizona project water.
5. “Farm” means an area of irrigated land under the same ownership as defined in A.R.S. § 45-402, including the area of land described in a certificate of irrigation grandfathered right, as well as contiguous land that the owner is legally entitled to irrigate only with decreed or appropriative surface water.
6. “Maximum annual groundwater allotment” means the quantity of water in acre-feet obtained by multiplying the number of water duty acres for a farm by the current irrigation water duty for the farm unit.
7. “Normal flow” means water delivered or used pursuant to a right to appropriate an unstored, natural flow of surface water.
8. “Operating flexibility account” means an accounting of water use pursuant to an irrigation grandfathered right as provided in A.R.S. § 45-467.
9. “Responsible party” means a person required by law to file an annual account or annual report.
10. “Spillwater” means surface water, other than Colorado River water, released for beneficial use from storage, diversion, or distribution facilities to avoid spilling that would otherwise occur due to uncontrolled surface water inflows that exceed facility capacity and to which one of the following applies:
  - a. The water is released from the facility under written criteria for releasing water to avoid spilling that have been approved in writing by the Director.
  - b. The water is released from the facility because an unreasonable risk exists that the storage capacity of the facility will be exceeded within the next 30 days because the facility is near capacity and either the inflow to the facility or the forecast runoff into the facility is equal to or greater than the quantity of water ordered from the facility.
  - c. The water is released from the facility because an unreasonable risk exists that the storage capacity of the facility will be exceeded more than 30 days in the future because the forecast runoff into the facility exceeds current unused storage capacity and projected water demand during the forecast period, provided that the Director has made a written finding before the release that the forecast is reasonable.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

11. "Surface water right acre" means land to which the owner is legally entitled to apply decreed or appropriative surface water.
12. "Tailwater" means water which, after having been applied to a farm for irrigation purposes,
  - a. Is subsequently used for the irrigation of a different farm, without having entered the distribution system of a city, town, private water company or irrigation district, or
  - b. Is delivered to an irrigation district in accordance with R12-15-1010. Such water, once having entered the distribution system of the irrigation district, loses its characterization as tailwater.
13. "Water deliverer" means a city, town, private water company or irrigation district delivering a combination of groundwater and any other type of water for irrigation purposes.

**Historical Note**

Adopted effective December 27, 1982 (Supp. 82-6). Section R12-15-1001 renumbered to R12-15-1003, new Section R12-15-1001 adopted effective December 12, 1990 (Supp. 90-4). Amended to correct typographical error under A.A.C. R1-1-109 (Supp. 01-2). Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

**R12-15-1002. Form of Annual Account or Annual Report**

- A. A person filing an annual account or an annual report shall do so on a form prescribed by the Director, unless the person has requested and received the Director's prior written approval to use an alternative form.
- B. A person may file both an annual account and an annual report in one document. A person required to file an annual account shall designate in the annual account whether the annual account is being filed also as an annual report.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).

**R12-15-1003. Accuracy of Annual Reports**

The quantity of water a responsible party reports in an annual report as having been withdrawn, delivered, received, transported, recharged, replenished, stored, recovered, or used during a year shall not deviate from the quantity of water actually withdrawn, delivered, received, transported, recharged, replenished, stored, recovered, or used by the responsible party during the year unless both of the following apply:

1. The deviation is 10 percent or less.
2. The deviation is not the result of an intentional act of misrepresentation by the responsible party.

**Historical Note**

Section R12-15-1003 renumbered from R12-15-1001 effective December 12, 1990 (Supp. 90-4). Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

**R12-15-1004. Annual Reports Filed on Behalf of a Responsible Party**

- A. A responsible party is liable for any fines, penalties, or other sanctions resulting from or attributable to the filing or content of an annual report filed on behalf of the responsible party by an irrigation district pursuant to A.R.S. § 45-632, or by another person in a form acceptable to the Director.
- B. If a responsible party has not filed an annual report for a calendar year, and the Department receives an annual report for that

calendar year purportedly filed on behalf of the responsible party by an irrigation district pursuant to A.R.S. § 45-632, or by another person in a form acceptable to the Director, there is a rebuttable presumption that the annual report was filed with the responsible party's knowledge, consent, and authorization.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).  
Amended to correct typographical error under A.A.C. R1-1-109 (Supp. 01-2). Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

**R12-15-1005. Management Plan Monitoring and Reporting Requirements**

A responsible party who is required by a provision of a management plan to comply with monitoring and reporting requirements shall comply with such requirements and shall include all such information in an annual account or annual report.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).

**R12-15-1006. Reporting Requirements for Holders of Recovery Well Permits**

A responsible party recovering water during a year pursuant to a recovery well permit shall include in the annual report required by A.R.S. § 45-875.01 the names of any persons, other than non-irrigation customers of cities, towns, private water companies and irrigation districts, to whom the responsible party delivered the recovered water during the year, the quantity of recovered water delivered to each person named, and the uses to which the recovered water was applied. If the recovered water included commingled groundwater, decreed or appropriative surface water other than spillwater, central Arizona project water, effluent or spillwater, the responsible party shall include in the annual report an estimate of the quantity of each type of water delivered to each person named in the annual report or put to a specific use by the responsible party.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).  
Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

**R12-15-1007. Reporting Requirements for Annual Account**

A person required to file an annual account pursuant to A.R.S. § 45-468 shall account for water provided to the following classes of users:

1. Cities and towns,
2. Private water companies,
3. Irrigation districts,
4. Dairies,
5. Metal mining facilities,
6. Cattle feed lots,
7. Turf-related facilities,
8. Sand and gravel facilities,
9. Electrical power generation facilities,
10. Other industrial users.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).

**R12-15-1008. Information Required to Maintain an Operating Flexibility Account**

- A. A responsible party who withdraws, receives, or uses groundwater during a calendar year pursuant to an irrigation grandfathered right, including any in lieu water received pursuant to a groundwater savings facility permit issued pursuant to A.R.S. § 45-812.01, shall include the following information for the

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

calendar year in an annual report filed pursuant to A.R.S. § 45-467 or 45-632:

1. The quantity of groundwater withdrawn from each well.
  2. The quantity of groundwater withdrawn and delivered to another person for irrigation purposes.
  3. The quantity of groundwater received from a city, town, private water company, or irrigation district, including any in lieu water received pursuant to a groundwater savings facility permit issued pursuant to A.R.S. § 45-812.01.
  4. The quantity of groundwater received from a person other than a city, town, private water company, or irrigation district, including any in lieu water received pursuant to a groundwater savings facility permit issued pursuant to A.R.S. § 45-812.01.
  5. The quantity of effluent received.
  6. The quantity of decreed or appropriative surface water received, other than normal flow and spillwater.
  7. The quantity of normal flow received.
  8. The quantity of spillwater received.
  9. The quantity of tailwater used.
  10. The quantity of tailwater delivered in accordance with the provisions of R12-15-1010(A), and the farm or irrigation district to which the tailwater was delivered.
  11. The quantity of central Arizona project water received.
  12. The quantity of any surface water received and not accounted for pursuant to subsections (6) through (11) of this subsection.
  13. The number of surface water right acres in the farm to which the irrigation grandfathered right is appurtenant.
  14. The quantity of water used for the legal irrigation of acres in the farm to which irrigation grandfathered rights are not appurtenant. If the responsible party omits this information, the Director shall presume that the total amount of water received or used for the irrigation of the farm was applied to acres to which irrigation grandfathered rights are appurtenant.
  15. Any other information the Director may reasonably require to accomplish the management goals of the applicable active management area.
- B.** A water deliverer shall include the following information for an accounting period in an annual account filed pursuant to A.R.S. § 45-468:
1. The quantity of groundwater delivered to each farm, including any in lieu water delivered pursuant to a groundwater savings facility permit issued pursuant to A.R.S. § 45-812.01.
  2. The quantity of normal flow delivered to each farm.
  3. The quantity of spillwater delivered to each farm.
  4. The quantity of decreed or appropriative surface water, other than normal flow and spillwater, delivered to each farm.
  5. The quantity of central Arizona project water delivered to each farm.
  6. The quantity of decreed or appropriative surface water, other than normal flow and spillwater, delivered for use within the service area of the water deliverer, including all farm and non-farm deliveries.
  7. The number of surface water right acres within the service area of the water deliverer.
  8. The quantity of effluent delivered to each farm.
  9. Any other information the Director may reasonably require to accomplish the purposes of A.R.S. § 45-468.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).  
Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

**R12-15-1009. Credits to Operating Flexibility Account**

- A.** Except as provided in subsection (B) of this Section and in R12-15-1010, if the total amount of water from all sources other than spillwater used by a farm for irrigation purposes in a calendar year is less than the farm's maximum annual groundwater allotment for the year, the Director shall register the difference as a credit to the farm's operating flexibility account.
- B.** If a farm is within the service area of a water deliverer, the Director shall reduce the credit as calculated pursuant to subsection (A) of this Section by an amount equal to the difference between the farm's pro rata share of the total quantity of decreed or appropriative surface water, other than normal flow or spillwater, delivered by the water deliverer during the year for use within its service area, and the quantity of water actually received by the farm during the year. The Director shall determine the farm's pro rata share by dividing the number of surface water right acres in the farm that are within the service area of the water deliverer by the total number of surface water right acres within the service area of the water deliverer, and multiplying the quotient by the total quantity of decreed or appropriative surface water, other than normal flow or spillwater, delivered by the water deliverer during the year for use within its service area.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).  
Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

**R12-15-1010. Operating Flexibility Account; Tailwater**

- A.** When calculating credits or debits to a farm's operating flexibility account for a year, the Director shall exclude from the total amount of water used on the farm during that year the amount of any tailwater that originated on the farm and that was delivered from the farm to another farm or to an irrigation district for irrigation purposes during the year if all of the following apply:
1. Prior to January 1 of the year in which the deliveries of tailwater take place, the Director approves a written plan to measure and record the tailwater deliveries. The plan shall include:
    - a. The installation and use of a totalizing water measuring device that will record tailwater deliveries with no greater than a 10 percent margin of error.
    - b. Procedures for keeping accurate records of the tailwater deliveries.
    - c. A description of how the tailwater will be delivered.
    - d. An identification of the farm or irrigation district to which the tailwater will be delivered.
  2. The person has measured, recorded, and delivered the tailwater in accordance with the plan approved under subsection (A)(1) of this Section.
  3. The tailwater was delivered directly from the farm on which it originated to:
    - a. A specified farm that used the tailwater for the legal irrigation of irrigation acres or surface water right acres on that farm, or
    - b. A specified irrigation district that delivered the tailwater for the legal irrigation of irrigation acres or surface water right acres within that district.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

- B. A person who delivers tailwater in accordance with subsection (A) of this Section, and a person who directly receives and uses the tailwater pursuant to subsection (A)(3)(a) of this Section, shall account for and report the tailwater as if it were comprised of a mixture of groundwater, decreed and appropriate surface water other than normal flow, central Arizona project water, spillwater, other surface water, and effluent, as applicable, in the same proportions as those types of water comprise the total amount of water other than normal flow received or withdrawn for irrigation use during the calendar year on the farm on which the tailwater originated.
- C. A person who uses tailwater that has not been delivered and accounted for as provided in subsections (A) and (B) of this Section may credit against the person's use of groundwater in a calendar year the amount of the tailwater used during the calendar year if the use of such tailwater would cause a debit to be incurred. The credit shall be applied only against the person's operating flexibility account debits that otherwise would have been incurred that year and shall not be used to discharge debits from prior years or accumulate credits for future years. For purposes of calculating credits to the person's operating flexibility account, the Director shall treat tailwater as groundwater, unless reported otherwise according to its source.
- D. An irrigation district that receives tailwater pursuant to subsection (A)(3)(b) shall account for the water in the same manner as other water in the district's distribution system.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).

Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

**R12-15-1011. Statement of Operating Flexibility Account**

- A. The Director shall annually issue to each owner or user of an irrigation grandfathered right for which a current annual report has been filed a statement of the operating flexibility account setting forth the status of the operating flexibility account for the farm, based on the information submitted in the annual report filed for the right.
- B. Upon a motion or on the initiative of the Director, the Director may amend a statement of operating flexibility account at any time to correct clerical mistakes or to adjust the balance of the account based on information submitted in an amended or late annual report. The Director shall give written notice of any amendments made pursuant to this subsection to the person to whom the statement of operating flexibility account was issued.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).

Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

**R12-15-1012. Rule of Construction**

Nothing in A.A.C. R12-15-1001 through R12-15-1011 shall be construed to determine the legality of any water use for which an accounting is required under these rules.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).

**R12-15-1013. Retention of Records for Annual Accounts and Annual Reports**

The responsible party shall keep and maintain, for at least three calendar years following the filing of an annual account or an annual report, all records which may be necessary to verify the information and data contained therein.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).

**R12-15-1014. Late Filing or Payment of Fees; Extension Penalties**

- A. An annual account, an annual report, or a request for extension pursuant to subsection (E) of this rule shall be deemed to be filed at the time a complete annual account, a complete annual report or a request for extension is hand-delivered to any Department office, or at the time the envelope in which it is mailed is postmarked.
- B. Except as provided in subsection (C) of this Section, groundwater withdrawal fees and long-term storage credit recovery fees are deemed paid at the time the fees are hand-delivered to any Department office, or at the time the envelope in which they are mailed is postmarked.
- C. If any groundwater withdrawal fees or long-term storage credit recovery fees are paid with a negotiable instrument that is not honored and paid upon the Department's initial demand, the fees are deemed paid at the time the Department actually receives the fees in cash or when the negotiable instrument is honored and paid to the Department.
- D. If an annual account or an annual report filed on or before the date required by the applicable statute is found by the Director to be incomplete, the Director shall notify the responsible party of the inadequacies and allow the responsible party 30 days from the date of the notice to provide the missing information in a form prescribed by the Director. If the responsible party does not provide the missing information within 30 days from the date of the notice, late penalties under A.R.S. §§ 45-437, 45-632, 45-875.01, 45-876.01, 45-877.01, 45-878.01 or 45-1004 shall begin to accrue on the 31st day following the date of the notice. The Director shall not recommend to a court, pursuant to A.R.S. §§ 45-634, 45-635, 45-881.01, 45-882.01, 45-1062 or 45-1063, that civil penalties be imposed through the first 30 days following the date of the notice. However, if the inadequacy included the failure to pay all groundwater withdrawal fees due or all long-term storage credit recovery fees due, late penalties under A.R.S. §§ 45-614 or 45-874.01 shall begin to accrue on April 1, except as provided in subsection (E) of this Section.
- E. A responsible party required to file an annual account or annual report for a year may request a 30-day extension of the first day of accrual of the late penalties under A.R.S. §§ 45-437, 45-614, 45-632, 45-874.01, 45-875.01, 45-876.01, 45-877.01, 45-878.01 or 45-1004 and of the civil penalties that the Director may recommend that a court impose pursuant to A.R.S. §§ 45-634, 45-635, 45-881.01, 45-882.01, 45-1062 or 45-1063. The request shall be filed no later than the date the annual account or annual report is required to be filed under the applicable statute. The Director shall grant a request for a 30-day extension if good cause is shown. If the Director grants the request, the late penalties and civil penalties shall begin to accrue on the first day after the 30-day extension period, except that if the Director finds that the person making the request presented false or misleading information to the Director and the Director relied on that information in granting the request, the late penalties and civil penalties shall begin to accrue as if the request was not granted. The Director shall not grant an extension to a responsible party who was granted an extension in the preceding calendar year and who subsequently failed to file a complete annual account or annual report and pay all groundwater withdrawal fees and all long-term storage credit recovery fees due within the 30-day extension period.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).  
Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

**R12-15-1015. Reporting Requirements for Conveyances of Grandfathered Rights and Groundwater Withdrawal Permits**

- A. A person who is required by A.R.S. § 45-482 to notify the Director of a conveyance of a grandfathered right shall file a notice of conveyance, on a form prescribed by the Director, within 30 days of the conveyance. All parties to the conveyance may use a single form for the required notice. Except provided in subsection (B) of this rule, the notice of conveyance shall include an accounting of the amount of water withdrawn or received pursuant to that grandfathered right from January 1 to the date of conveyance for that calendar year.
- B. If the person to whom a grandfathered right is conveyed is unable, because of extraordinary circumstances and good cause shown, to perform the accounting otherwise required by subsection (A) of this rule, the Director may waive the requirement for that person.
- C. If a person, including a person who is granted a waiver pursuant to subsection (B) of this rule, fails to include the required accounting in a timely filed notice of conveyance pursuant to subsection (A) of this rule, the Director shall determine the amount of groundwater withdrawn or received pursuant to the grandfathered right from January 1 to the date of conveyance for that calendar year. Such a person shall bear the burden, in any subsequent administrative or judicial proceeding, of establishing by clear and convincing evidence that the Director's determination was incorrect.
- D. A person requesting the Director's approval of a proposed conveyance of a groundwater withdrawal permit pursuant to A.R.S. § 45-520(B) shall include with such request the quantity of groundwater withdrawn pursuant to the groundwater withdrawal permit for that calendar year and all other information required to be submitted pursuant to A.R.S. § 45-632.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).

**R12-15-1016. Spillwater Reporting by Water Deliverers**

A water deliverer that delivers spillwater during a year shall include the following information in the annual account or annual report submitted by the water deliverer for that year:

1. The total quantity of spillwater delivered for non-irrigation uses during the year.
2. The total quantity of spillwater delivered for irrigation uses during the year.
3. Any other information the Director may reasonably require to determine whether the water qualifies as spillwater under R12-15-1001(10).

**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

**R12-15-1017. Maintenance and Filing of Annual Reports Required by A.R.S. § 45-343**

A community water system required to file an annual report under A.R.S. § 45-343 shall maintain the report on a calendar year basis and shall file the report with the Director no later than June 1 of each year for the preceding calendar year.

**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

**ARTICLE 11. INSPECTIONS AND AUDITS****R12-15-1101. Inspections**

- A. For the purpose of this rule, "inspection" means an entry by the Director at reasonable times onto private or public property for any of the following purposes:
  1. To obtain factual data or access to records required to be kept under A.R.S. §§ 45-632, 45-879.01, or 45-1004.
  2. To inspect a well or another facility for the withdrawal, transportation, use, measurement, or recharge of groundwater under A.R.S. § 45-633.
  3. To inspect a facility that is used for the purpose of water storage, stored water recovery, or stored water use under A.R.S. § 45-880.01(A).
  4. To inspect a body of water under A.R.S. § 45-135 or to ascertain compliance with A.R.S. Title 45, Chapter 1, Article 3.
  5. To inspect or to obtain factual data or access to records pursuant to any Section of A.R.S. Title 45 that requires the Director to adopt rules for conducting inspections, examining records, and obtaining warrants.
  6. To inspect facilities used for the withdrawal, diversion, or use of water pursuant to a water exchange under A.R.S. § 45-1061.
- B. Not less than seven days prior to an inspection, the Director shall mail notice of the inspection by first class letter to the owner, manager or occupant of the property. The notice shall include the statutory authorization and purpose for the inspection. The notice shall specify a date and time certain or a seven-day period within which the inspection may take place. If a request is made before the seven-day period, the Director shall schedule the inspection for a time certain within the seven-day period to allow an opportunity for a representative of the property to be present at the inspection. The notice shall include the name and telephone number of a Department employee who may be contacted to arrange such an appointment.
- C. Whenever practical, Department employees shall minimize disruptions to on-going operations caused by an inspection.
- D. If the property is controlled or secured against entry at the time specified in the notice of inspection but consent to the inspection was not denied, the Director shall give a second notice in the manner prescribed in subsection (B) before seeking a search warrant or its equivalent. The second notice shall request that a representative of the property be present at the inspection to accompany Department personnel.
- E. If the Director gives notice of an inspection and is not permitted to conduct an inspection, the Director may apply for and obtain a search warrant or its equivalent.
- F. Notice of inspection shall not be required under subsections (B) and (D) of this rule if the Director reasonably believes that notice would frustrate the enforcement of A.R.S. Title 45, or where entry is sought for the sole purpose of inspecting water measuring devices required pursuant to A.R.S. § 45-604.
- G. The Director shall mail a copy of the report of the inspection either to the person to whom the notice of inspection was directed, or to the owner, manager or occupant of the property if no notice of inspection was given. The report shall include the date of the inspection and a short summary of the findings. If no notice was given, the report shall include an explanation of the reason for determining that notice would not be given, unless providing the explanation would frustrate enforcement of A.R.S. Title 45. An aggrieved person may file with the Director written comments on the report within 30 days after the report is mailed.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

- H. The owner, manager or occupant of the property may waive the provisions for notice contained in this rule.
- I. The Director shall comply with the requirements of A.R.S. § 41-1009 when conducting inspections under this Section.

**Historical Note**

Adopted effective August 31, 1992 (Supp. 92-3).  
Amended effective July 22, 1994 (Supp. 94-3). Amended  
by final rulemaking at 11 A.A.R. 5395, effective  
February 4, 2006 (Supp. 05-4).

**R12-15-1102. Audits**

- A. For the purpose of this rule, “representative” means
  - 1. An officer or Director of a corporation subject to the audit,
  - 2. A general partner of a partnership subject to the audit, or
  - 3. A person who appears at an audit and produces a signed authorization to act on behalf of the person subject to the audit.
- B. This rule applies to audits conducted pursuant to A.R.S. §§ 45-633(C), 45-880.01, and any other Section of A.R.S. Title 45 that authorizes the Director to require a person to appear at the Director’s office and produce records and information and that also requires the Director to adopt rules for conducting inspections, examining records, and obtaining warrants.
- C. No less than 20 days prior to an audit, the Director shall mail notice of the audit by first class letter to the person that is the subject of the audit. The notice shall state the date, time and place of the audit. The notice shall specify the records or information which the person must produce. The notice shall also include the statutory authorization and purpose for the audit and the name and telephone number of a Department employee who may be contacted for further information. The audit shall be held at the Department’s offices, unless the Director grants a request to have the audit conducted at a different location.
- D. The person subject to the audit or a representative shall appear at the scheduled time and shall produce the records and information specified in the notice. The person subject to the audit or a representative may make one request to reschedule the audit, which the Department shall grant if practicable.
- E. The Director shall mail a copy of the report of the audit to the person subject to the audit. An aggrieved person may file with the Director written comments on the report within 30 days after the report is mailed.
- F. The person subject to the audit may waive the provisions for notice contained in this rule.

**Historical Note**

Adopted effective August 31, 1992 (Supp. 92-3).  
Amended effective July 22, 1994 (Supp. 94-3).

**ARTICLE 12. DAM SAFETY PROCEDURES****R12-15-1201. Applicability**

- A. This Article applies to any artificial barrier meeting the specifications of A.R.S. § 45-1201(1) as interpreted by R12-15-1204. This Article applies to an application for the construction of a dam and reservoir; an application to reconstruct, repair, alter, enlarge, breach, or remove an existing dam and reservoir, including a breached or damaged dam; operation and maintenance of an existing dam and reservoir; and enforcement. A structure identified in R12-15-1203 is exempt from this Article.
- B. This Article is applicable to any dam regardless of hazard potential classification, with the following exceptions:

- 1. R12-15-1208, R12-15-1209, R12-15-1213, R12-15-1221, R12-15-1225, and R12-15-1226 apply only to a dam classified as a high or significant hazard potential dam.
- 2. R12-15-1210 applies only to a dam classified as a low hazard potential dam. A low hazard potential dam is exempt from R12-15-1208, R12-15-1209, R12-15-1211, R12-15-1213, R12-15-1221, R12-15-1225, and R12-15-1226.
- 3. R12-15-1211 applies only to a dam classified as a very low hazard potential dam. A very low hazard potential dam is exempt from R12-15-1208, R12-15-1209, R12-15-1210, R12-15-1212, R12-15-1213, R12-15-1215, R12-15-1216, R12-15-1221, R12-15-1225, and R12-15-1226.
- 4. R12-15-1216(B) applies only to an embankment dam.

**Historical Note**

Adopted effective November 2, 1978 (Supp. 78-6). Former Section R12-15-01 renumbered without change as Section R12-15-1201 effective October 8, 1982 (Supp. 82-5). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

**R12-15-1202. Definitions**

In addition to the definitions provided in A.R.S. § 45-1201, the following definitions are applicable to this Article:

- 1. “Alteration or repair of an existing dam or appurtenant structure” means to make different from the originally approved construction drawings and specifications or current condition without changing the height or storage capacity of the dam or reservoir, except for ordinary repairs and general maintenance as prescribed in R12-15-1217.
- 2. “Appurtenant structure” means any structure that is contiguous and essential to the safe operation of the dam including embankments, saddle dikes, outlet works and controls, diversion ditches, spillway and controls, access structures, bridges, and related housing at a dam.
- 3. “Classification of dams” means the placement of dams into categories based upon an evaluation of the size and hazard potential, regardless of the condition of the dam.
- 4. “Concrete dam” means any dam constructed of concrete, including arch, gravity, arch-gravity, slab and buttress, and multiple arch dams. A dam that only has a concrete facing is not a concrete dam.
- 5. “Construction” means any activity performed by the owner or someone employed by the owner that is related to the construction, reconstruction, repair, enlargement, removal, or alteration of any dam, unless the context indicates otherwise. Construction is performed after approval of an application and before issuance of a license.
- 6. “Dam failure inundation map” means a map depicting the maximum area downstream from a dam that would be flooded in the event of the worst condition failure of the dam.
- 7. “Department” means the Arizona Department of Water Resources.
- 8. “Director” means the Director of the Arizona Department of Water Resources or the Director’s designee.
- 9. “Embankment dam” means a dam that is constructed of earth or rock material.
- 10. “Emergency spillway” means a spillway designed to safely pass the inflow design flood routed through the reservoir. If the flow is controlled by gates, it is a con-

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

- trolled spillway. If the flow is not controlled by gates, it is an uncontrolled spillway.
11. "Engineer" means a Professional Engineer registered and licensed in accordance with A.R.S. Title 32, Chapter 1, with proficiency in engineering and knowledge of dam technology.
  12. "Enlargement to an existing dam or appurtenant structure" means any alteration, modification, or repair that increases the vertical height of a dam or the storage capacity of the reservoir.
  13. "Flashboards" mean timber, concrete, or steel sections placed on the crest of a spillway to raise the retention water level that may be quickly removed at time of flood either by a tripping device or by designed failure of the flashboards or their supports.
  14. "Flood control dam" means a dam that uses all of its reservoir storage capacity for temporary impoundment of flood waters and collection of sediment or debris.
  15. "Hazard potential" means the probable incremental adverse consequences that result from the release of water or stored contents due to failure or improper operation of a dam or appurtenances.
  16. "Hazard potential classification" means a system that categorizes dams according to the degree of probable incremental adverse consequences of failure or improper operation of a dam or appurtenances. The hazard potential classification does not reflect the current condition of the dam with regard to safety, structural integrity, or flood routing capacity.
  17. "Height" means the vertical distance from the lowest elevation of the outside limit of the barrier at its intersection with the natural ground surface to the spillway crest elevation. For the purpose of determining jurisdictional status, the lowest elevation of the outside limit of the barrier may be the outlet pipe invert elevation if the outlet is constructed below natural ground.
  18. "Impound" means to cause water or a liquid to be confined within a reservoir and held with no discharge.
  19. "Incremental adverse consequences" means under the same loading conditions, the additional adverse consequences such as economic, intangible, lifeline, or human losses, that would occur due to the failure or improper operation of the dam over those that would have occurred without failure or improper operation of the dam.
  20. "Inflow design flood" or "IDF" means the reservoir flood inflow magnitude selected on the basis of size and hazard potential classification for emergency spillway design requirements of a dam.
  21. "Intangible losses" means incremental adverse consequences to property that are not economic in nature, including property related to social, cultural, unique, or resource-based values, including the loss of irreplaceable and unique historic and cultural features; long-lasting pollution of land or water; or long-lasting or permanent changes to the ecology, including fish and endangered species habitat identified and evaluated by a public natural resource management or protection agency.
  22. "Jurisdictional dam" means a barrier that meets the definition of a dam prescribed in A.R.S. § 45-1201 that is not exempted by R12-15-1203 over which the Department of Water Resources exercises jurisdiction.
  23. "Levee" means an embankment of earth, concrete, or other material used to prevent a watercourse from spreading laterally or overflowing its banks. A levee is not used to impound water.
  24. "License" means license of final approval issued by the Director upon completion or enlargement of a dam under A.R.S. § 45-1209.
  25. "Lifeline losses" mean disruption of essential services such as water, power, gas, telephone, or emergency medical services.
  26. "Liquid-borne material" means mine tailings or other milled ore products transported in a slurry to a storage impoundment.
  27. "Maximum credible earthquake" means the most severe earthquake that is believed to be possible at a point on the basis of geologic and seismological evidence.
  28. "Maximum water surface" means the maximum elevation of the reservoir water level attained during routing of the inflow design flood.
  29. "Natural ground surface" means the undisturbed ground surface before excavation or filling, or the undisturbed bed of the stream or river.
  30. "Outlet works" means a closed conduit under or through a dam or through an abutment for the controlled discharge of the contents normally impounded by a dam and reservoir. The outlet works include the inlet and outlet structures appurtenant to the conduit. Outlet works may be controlled or uncontrolled.
  31. "Probable" means likely to occur, reasonably expected, and realistic.
  32. "Probable maximum flood" or "PMF" means the flood runoff expected from the most severe combination of critical meteorologic and hydrologic conditions that are reasonably possible in the region, including rain and snow where applicable. 1/2 PMF is that flood represented by the flood hydrograph with ordinates equal to 1/2 the corresponding ordinates of the PMF hydrograph.
  33. "Probable maximum precipitation" means the greatest depth of precipitation for a given duration that is theoretically physically possible over a particular size storm area at a particular geographical location at a particular time of year.
  34. "Reservoir" means any basin that contains or is capable of containing water or other liquids impounded by a dam.
  35. "Residual freeboard" means the vertical distance between the highest water surface elevation during the inflow design flood and the lowest point at the top of the dam.
  36. "Restricted storage" means a condition placed on a license by the Director to reduce the storage level of a reservoir because of a safety deficiency.
  37. "Saddle dike or saddle dam" means any dam constructed in a topographically low area on the perimeter of a reservoir, required to contain the reservoir at the highest water surface elevation.
  38. "Safe" means that a dam has sufficient structural integrity and flood routing capacity to make failure of the dam unlikely.
  39. "Safe storage level" means the maximum reservoir water surface elevation at which the Director determines it is safe to impound water or other liquids in the reservoir.
  40. "Safety deficiency" means a condition at a dam that impairs or adversely affects the safe operation of the dam.
  41. "Safety inspection" means an investigation by an engineer or a person under the direction of an engineer to assess the safety of a dam and determine the safe storage level for a reservoir, which includes review of design

TITLE 12. NATURAL RESOURCES

CHAPTER 15. DEPARTMENT OF WATER RESOURCES

reports, construction documents, and previous safety inspection reports of the dam, spillways, outlet facilities, seepage control and measurement systems, and permanent monument or monitoring installations.

42. "Spillway crest" means the highest elevation of the floor of the spillway along a centerline profile through the spillway.
43. "Storage capacity" means the maximum volume of water, sediment, or debris that can be impounded in the reservoir with no discharge of water, including the situation where an uncontrolled outlet becomes plugged. The storage capacity is reached when the water level is at the crest of the emergency spillway, or at the top of permanently mounted emergency spillway gates in the closed position. Storage capacity excludes dead storage below the natural ground surface.
44. "Surcharge storage" means the additional water storage volume between the emergency spillway crest or closed gates, and the top of the dam.
45. "Total freeboard" means the vertical distance between the emergency spillway crest and the top of the dam.
46. "Unsafe" means that safety deficiencies in a dam or spillway could result in failure of the dam with subsequent loss of human life or significant property damage.

**Historical Note**

Adopted effective November 2, 1978 (Supp. 78-6). Former Section R12-15-02 renumbered without change as Section R12-15-1202 effective October 8, 1982 (Supp. 82-5). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2). Amended to correct typographical error under A.A.C. R1-1-109 (Supp. 01-2).

**R12-15-1203. Exempt Structures**

The following structures are exempt from regulation by the Department:

1. Any artificial barrier identified as exempt on Table 1 and defined as follows:

**Table 1. Exempt Structures**

**Historical Note**

- a. Less than 6 feet in height, regardless of storage capacity.
  - b. Between 6 and 25 feet in height with a storage capacity of less than 50 acre-feet.
  - c. Greater than 25 feet in height with 15 acre-feet or less of storage capacity.
2. A dam owned by the federal government. A dam designed by the federal government for any non-federal entity or person that will subsequently be owned or operated by a person or entity defined as an owner in A.R.S. § 45-1201 is subject to jurisdiction, beginning with design and construction of the dam.
  3. A dam owned or operated by an agency or instrumentality of the federal government, if a dam safety program at least as stringent as this Article is applicable to and enforced against the agency or instrumentality.
  4. A transportation structure such as a highway, road, or railroad fill that exists solely for transportation purposes. A transportation structure designed, constructed, or modified with the intention of impounding water on an intermittent or permanent basis and meeting the definition of dam in A.R.S. § 45-1201 is subject to jurisdiction.
  5. A levee constructed adjacent to or along a watercourse, primarily to control floodwater.
  6. A self-supporting concrete or steel water storage tank.
  7. An impoundment for the purpose of storing liquid-borne material.
  8. A release-contained barrier as defined by A.R.S. § 45-1201(5).

**Historical Note**

Adopted effective November 2, 1978 (Supp. 78-6). Former Section R12-15-03 renumbered without change as Section R12-15-1203 effective October 8, 1982 (Supp. 82-5). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

New Table adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

**R12-15-1204. Provision for Guidelines**

The Department may develop and adopt substantive policy statements that serve as dam safety guidelines to aid a dam owner or engineer in complying with this Article. The Department recommends that dam owners and engineers consult design guidelines published by agencies of the federal government, including the U.S. Bureau of Reclamation, the U.S. Army Corps of Engineers, the Natural Resources Conservation Service, and the Federal Energy Regulatory Commission, for the design of concrete, roller compacted concrete, stone masonry, timber, inflatable rubber, and mechanically-stabilized earth dams. The Director may require that other criteria be used or revise any of the specific criteria for the purpose of dam safety. An owner shall obtain advance approval by the Director of design criteria.

**Historical Note**

Adopted effective November 2, 1978 (Supp. 78-6). Former Section R12-15-04 renumbered without change as Section R12-15-1204 effective October 8, 1982 (Supp. 82-5). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

**R12-15-1205. General Responsibilities**

- A. Each owner is responsible for the safe design, operation, and maintenance of a dam. The owner shall operate, maintain, and regularly inspect a dam so that it does not constitute a danger to human life or property. The owner of a high or significant hazard potential dam shall provide timely warning to the Department and all other persons listed in the emergency action plan of problems at the dam. The owner shall develop and maintain effective emergency action plans and coordinate those plans with local officials as prescribed in R12-15-1221.
- B. The owner shall conduct frequent observation of the dam, as prescribed in the emergency action plan and as follows:
  1. The owner shall increase the frequency of observation when the reservoir is full, during heavy rains or flooding, and following an earthquake.
  2. The owner shall report to the Director any condition that threatens the safety of the dam as prescribed in R12-15-1224(A). The owner shall make the report as soon as possible, but not later than 12 hours after discovery of the conditions.
  3. If dam failure appears imminent, the owner shall notify the county sheriff or other emergency official immediately.
  4. The owner is responsible for the safety of the dam and shall take action to lower the reservoir if it appears that the dam has weakened or is in danger of failing.
- C. The owner of a dam shall install, maintain, and monitor instrumentation to evaluate the performance of the dam. The Director shall require site-specific instrumentation that the Director deems necessary for monitoring the safety of the dam when failure may endanger human life and property. Conditions that may require monitoring include land subsidence, earth fissures, embankment cracking, phreatic surface, seepage, and embankment movements.
- D. The owner shall perform timely maintenance and ordinary repair of a dam. The owner shall implement an annual plan to inspect the dam and accomplish the maintenance and ordinary repairs necessary to protect human life and property.
- E. If a change of ownership of a dam occurs, the new owner shall notify the Department within 15 days after the date of the transaction and provide the mailing address and telephone

number where the new owner can be contacted. Within 90 days after the date of the transaction, the new owner shall provide the name and telephone number of the individual or individuals who are responsible for operating and maintaining the dam.

**Historical Note**

Adopted effective November 2, 1978 (Supp. 78-6). Former Section R12-15-05 renumbered without change as Section R12-15-1205 effective October 8, 1982 (Supp. 82-5). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

**R12-15-1206. Classification of Dams**

- A. Size Classification. Dams are classified by size as small, intermediate, or large. Size is determined with reference to Table 2. An owner or engineer shall determine size by storage capacity or height, whichever results in the larger size.
- B. Hazard Potential Classification
  1. The Department shall base hazard potential classification on an evaluation of the probable present and future incremental adverse consequences that would result from the release of water or stored contents due to failure or improper operation of the dam or appurtenances, regardless of the condition of the dam. The evaluation shall include land use zoning and development projected for the affected area over the 10 year period following classification of the dam. The Department considers all of the following factors in hazard potential classification: probable loss of human life, economic and lifeline losses, and intangible losses identified and evaluated by a public resource management or protection agency.
    - a. The Department bases the probable incremental loss of human life determination primarily on the number of permanent structures for human habitation that would be impacted in the event of failure or improper operation of a dam. The Department considers loss of human life unlikely if:
      - i. Persons are only temporarily in the potential inundation area;
      - ii. There are no residences or overnight campsites; and
      - iii. The owner has control of access to the potential inundation area and provides an emergency action plan with a process for warning in the event of a dam failure or improper operation of a dam.
    - b. The Department bases the probable economic, lifeline, and intangible loss determinations on the property losses, interruptions of services, and intangible losses that would be likely to result from failure or improper operation of a dam.
  2. The 4 hazard potential classification levels are very low, low, significant, and high, listed in order of increasing probable adverse incremental consequences, as prescribed in Table 3. The Director shall classify intangible losses by considering the common or unique nature of features or habitats and temporary or permanent nature of changes.
    - a. Very Low Hazard Potential. Failure or improper operation of a dam would be unlikely to result in loss of human life and would produce no lifeline losses and very low economic and intangible losses.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

Losses would be limited to the 100 year floodplain or property owned or controlled by the dam owner under long-term lease. The Department considers loss of life unlikely because there are no residences or overnight camp sites.

- b. Low Hazard Potential. Failure or improper operation of a dam would be unlikely to result in loss of human life, but would produce low economic and intangible losses, and result in no disruption of lifeline services that require more than cosmetic repair. Property losses would be limited to rural or agricultural property, including equipment, and isolated buildings.
  - c. Significant Hazard Potential. Failure or improper operation of a dam would be unlikely to result in loss of human life but may cause significant or high economic loss, intangible damage requiring major mitigation, and disruption or impact on lifeline facilities. Property losses would occur in a predominantly rural or agricultural area with a transient population but significant infrastructure.
  - d. High Hazard Potential. Failure or improper operation of a dam would be likely to cause loss of human life because of residential, commercial, or industrial development. Intangible losses may be major and potentially impossible to mitigate, critical lifeline services may be significantly disrupted, and property losses may be extensive.
3. An applicant shall demonstrate the hazard potential classification of a dam before filing an application to construct. The Department shall review the applicant's demonstration early in the design process at pre-application meetings prescribed in R12-15-1207(D).
  4. The Department shall review the hazard potential classification of each dam during each subsequent dam safety inspection and revise the classification in accordance with current conditions.

**R12-15-1207. Application Process**

- A. An applicant shall obtain written approval from the Director before constructing, reconstructing, repairing, enlarging, removing, altering, or breaching a dam. Application requirements differ according to the hazard potential of the dam.
  1. To construct, reconstruct, repair, enlarge, or alter a high or significant hazard potential dam, the applicant shall comply with R12-15-1208.
  2. To breach or remove a high or significant hazard potential dam, the applicant shall comply with R12-15-1209.
  3. To construct, reconstruct, repair, enlarge, alter, breach, or remove a low hazard potential dam, the applicant shall comply with R12-15-1210.
  4. To construct, reconstruct, repair, enlarge, alter, breach, or remove a very low hazard potential dam, the applicant shall comply with R12-15-1211.
- B. An application shall not be filed with the Director under the following circumstances:
  1. The dam is exempt under R12-15-1203;
  2. A dam owner starts repairs to an existing dam that are necessary to safeguard human life or property and the Director is notified without delay;
  3. The owner performs general maintenance or ordinary repairs as prescribed in R12-15-1217(A) or (B); or
  4. Breach, removal, or reduction of a very low hazard dam as prescribed in R12-15-1211(C).
- C. An applicant is not required to comply with a requirement in this Article if the Director finds that, considering the site characteristics and the proposed design, the requirement is unduly burdensome or expensive and is not necessary to protect human life or property. The Director shall consider the size, hazard potential classification, physical site conditions, and applicability of a requirement to a proposed dam. The Director shall state in writing the reason or reasons the applicant is not required to comply with a requirement.
- D. An applicant shall schedule pre-application conferences with the Department to discuss the requirements of this Article and to resolve issues essential to the design of a dam while the design is in preliminary stages. The Director shall view the dam site during the pre-application process. The following are examples of issues for pre-application conferences: the hazard potential classification, the approximate inflow design flood, the basic design concepts, and any requirements that may be found by the Director to be unduly burdensome or expensive and not necessary to protect human life or safety. In addition,

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

the applicant may submit preliminary design calculations to the Department for review and comment. The Department shall comment as soon as practicable, depending on the size of the submittal and the current workload.

**E.** The Department shall review applications as follows:

1. Applications will be received by appointment. During this meeting the Department shall make a brief review of the application to determine that the application contains each of the items required by R12-15-1208, R12-15-1209, R12-15-1210, or R12-15-1211.
2. Following receipt of an application submitted under R12-15-1208, R12-15-1209, R12-15-1210, or R12-15-1211, the Director shall complete an administrative review as prescribed in R12-15-401(1) and notify the applicant in writing whether the application is administratively complete. If the application is not administratively complete, the notification shall include a list of additional information that is required to complete the application.
3. After finding the application submitted under R12-15-1208, R12-15-1209, R12-15-1210, or R12-15-1211 administratively complete, the Director shall complete a substantive review as prescribed in R12-15-401(3) and notify the applicant in writing of the Director's approval or disapproval. If during this review period, the Director determines that there are defects in the application that would impact human life and property, a written notice of the defects shall be sent to the applicant.
4. An applicant may request in writing that the Director expedite the review of an application by employing an expert consultant on a contract basis under A.R.S. § 45-104(D). The Director shall establish on-call contracts with expert consultants to facilitate the process of expediting review. The Director may retain a consultant to review all or a portion of the application as necessary to expedite the process in response to an owner's request or to comply with time-frame rules. Before conducting the review, the consultant shall provide the Director and the applicant with a proposed time schedule and cost estimate. If the applicant agrees to the consultant's proposal for an expedited review of an application and the Director employs the consultant, the applicant shall pay to the Department the cost of the consultant's services in addition to the application fees. The Director retains the authority to review and approve, disapprove, or modify the findings and recommendations of the consultant.
5. The Director shall not approve an application in less than 10 days from the date of receipt.
6. If the Director disapproves the application, the Director shall provide the applicant with a statement of the Director's objections.
7. If the Director approves an application, the applicant shall submit in triplicate revised drawings and specifications that incorporate any required changes.
  - a. The Director shall return to the applicant 1 set of final construction drawings and specifications with the Department's approval stamp to be retained onsite during construction;
  - b. The Director shall retain for permanent state record 1 set of final construction drawings and specifications with the Department's approval stamp; and
  - c. The Director shall retain for use by the Department during construction the 3rd set of final construction drawings and specifications with the Department's approval stamp.

8. The Director shall impose conditions and limitations that the Director deems necessary to safeguard human life and property. Examples of the conditions of approval include but are not limited to:
  - a. The applicant shall not cover the foundation or abutment with the material of the dam until the Department has been given notice and a reasonable time to inspect and approve them.
  - b. The applicant shall start construction within 1 year from the date of approval.
  - c. The applicant shall maintain a safe storage level for an existing dam being reconstructed, repaired, enlarged, altered, or breached.

**F.** An approval to construct a new dam or repair, enlarge, alter, breach, or remove an existing dam is valid for 1 year.

1. If construction does not begin within 1 year, the approval is void.
2. Upon written request and good cause shown by the owner, the time for commencing construction may be extended. An applicant shall not start construction before the Director reviews the application for changes and grants approval.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

**R12-15-1208. Application to Construct, Reconstruct, Repair, Enlarge, or Alter a High or Significant Hazard Potential Dam**

- A.** An application package to construct, reconstruct, repair, enlarge, or alter a high or significant hazard potential dam shall include the following prepared by or under the supervision of an engineer as defined in R12-15-1202(11):
1. A completed application filed in duplicate on forms provided by the Director.
  2. A design information summary or checklist of items prepared in duplicate on forms provided by the Director.
  3. An initial application fee based on the total estimated project cost and computed in accordance with A.R.S. § 45-1204 and R12-15-104(A)(7).
  4. A detailed estimate of project costs. Project costs are all costs associated with construction of the dam and appurtenant works including preliminary investigations and surveys, engineering design, supervision of construction, and any other engineering costs.
  5. Two complete sets of construction drawings as prescribed in R12-15-1215(1).
  6. Two complete sets of construction specifications as prescribed in R12-15-1215(2).
  7. An engineering design report that includes information needed to evaluate all aspects of the design of the dam and appurtenances, including references with page numbers to support any assumptions used in the design, as prescribed in R12-15-1215(3). The engineering design report shall recommend a safe storage level for existing dams being reconstructed, repaired, enlarged, or altered.
  8. A construction quality assurance plan describing all aspects of construction supervision.
  9. A description of the use for the impounded or diverted water, proof of a right to appropriate, and a permit to store water as prescribed in A.R.S. §§ 45-152 and 45-161.
  10. A long-term budget plan and evidence of financing, prepared using customary accounting principles, that demonstrate that the applicant has the financial capability to construct, operate, and maintain the dam in a safe man-

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

ner. If the applicant does not have evidence that can be verified by an independent audit of the financial capability to construct, operate, and maintain the dam in a safe manner, the Director may require a performance bond for the entire cost of the proposed construction work.

- B.** The following may be submitted with the application or during construction.
1. An emergency action plan as prescribed in R12-15-1221.
  2. An operation and maintenance plan to accomplish the annual maintenance.
  3. An instrumentation plan regarding instruments that evaluate the performance of the dam.

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

**R12-15-1209. Application to Breach or Remove a High or Significant Hazard Potential Dam**

- A.** An applicant shall excavate the dam down to the level of the natural ground at the maximum section. Upon approval of the Director, additional breaches may be made. This provision shall not be construed to require more than total removal of the dam regardless of the flood magnitude. The breach or breaches shall be of sufficient width to pass the greater of:
1. The 100 year flood at a depth of less than 5 feet, or
  2. The 100 year flood at a normal flood depth of not more than 2 feet at a distance of 2,000 feet downstream of the dam.
- B.** The sides of each breach shall be excavated to a slope ratio that is stable and not steeper than 1 horizontal to 1 vertical.
- C.** Each breach shall be designed to prevent silt that has previously been deposited on the reservoir bottom and the excavated material from the breach from washing downstream.
- D.** Before breaching the dam, the reservoir shall be emptied in a controlled manner that will not endanger lives or damage downstream property. The applicant shall obtain approval from the Director for the method of breaching or removal.
- E.** An application package to breach or remove a high or significant hazard potential dam shall include the following prepared by or under the supervision of an engineer as defined in R12-15-1202(11).
1. The construction drawing or drawings for the breach or removal of a dam, including the location, dimensions, and lowest elevation of each breach.
  2. A long-term budget plan and evidence of financing, prepared using customary accounting principles, that demonstrate that the applicant has the financial capability to breach or remove the dam in a safe manner. If the applicant does not have evidence that can be verified by an independent audit of the financial capability to breach or remove the dam in a safe manner, the Director may require a performance bond for the entire cost of the proposed construction work.
  3. A construction quality assurance plan describing all aspects of construction supervision.
- F.** Reduction of a high or significant downstream hazard potential dam to nonjurisdictional size may be approved by letter under the following circumstances:

1. The owner shall submit a completed application form and construction drawings for the reduction and the appropriate specifications, prepared by or under the supervision of an engineer as defined in R12-15-1202(11).
2. The construction drawings and specifications shall contain sufficient detail to enable a contractor to bid on and complete the project.
3. The plans shall comply with all requirements of this Section except that the breach is not required to be to natural ground.
4. Upon completion of an alteration to nonjurisdictional size, the engineer shall file as constructed drawings and specifications with the Department.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

**R12-15-1210. Application to Construct, Reconstruct, Repair, Enlarge, Alter, Breach, or Remove a Low Hazard Potential Dam**

- A.** An application package to construct, reconstruct, repair, enlarge, or alter a low hazard potential dam shall include the following prepared by or under the supervision of an engineer as defined in R12-15-1202(11):
1. A completed application filed in duplicate on forms provided by the Director.
  2. An initial application fee based on the total estimated project cost, computed in accordance with A.R.S. § 45-1204 and R12-15-104(A)(7).
  3. A detailed estimate of project costs. Project costs are all costs associated with construction of the dam and appurtenant works, including preliminary investigations and surveys, engineering design, supervision of construction, and any other engineering costs.
  4. The seal and signature of the responsible engineer in accordance with A.A.C. R4-30-304.
  5. A statement by the responsible engineer that classifies the dam as low hazard in accordance with R12-15-1206(B). The responsible engineer shall submit a map of the area that would be inundated by failure or improper operation of the dam. The responsible engineer shall demonstrate that failure or improper operation of the dam would be unlikely to result in:
    - a. Loss of human life. The demonstration may be based on an emergency action plan for persons who may be in the area of inundation;
    - b. Significant incremental adverse consequences; or
    - c. Significant intangible losses, as defined in R12-15-1202(21) and identified and evaluated by a public natural resource management or protection agency.
  6. Two complete sets of construction drawings as prescribed by R12-15-1215(1).
  7. Two complete sets of construction specifications as prescribed by R12-15-1215(2).
  8. An engineering design report that includes information needed to evaluate all aspects of the design of the dam and appurtenances, including references with page numbers to support any assumptions used in the design, as prescribed in R12-15-1215(3).
  9. A description of the use for the impounded or diverted water, proof of a right to appropriate, and a permit to store water as prescribed in A.R.S. §§ 45-152 and 45-161.
  10. A construction quality assurance plan clearly describing all aspects of construction supervision.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

11. A long-term budget plan and evidence of financing, prepared using customary accounting principles, that demonstrate that the applicant has the financial capability to construct, operate, and maintain the dam in a safe manner. If the applicant does not have evidence that can be verified by an independent audit of the financial capability to construct, operate, and maintain the dam in a safe manner, the Director may require a performance bond for the entire cost of the proposed construction work.
- B.** An application package for the breach or removal of a low hazard potential dam shall include the following:
  1. A completed application filed in duplicate on forms provided by the Director that contains the following information:
    - a. The name and address of the owner of the dam or the agent of the owner.
    - b. A description of the proposed removal.
    - c. The proposed time for beginning and completing the removal.
  2. An initial application fee based on the total estimated project cost and computed in accordance with A.R.S. § 45-1204 and R12-15-104(A)(7).
  3. A statement by the responsible engineer demonstrating both of the following:
    - a. That the dam will be excavated to the level of natural ground at the maximum section; and
    - b. That the breach or breaches will be of sufficient width to pass the greater of:
      - i. The 100 year flood at a depth of less than 5 feet, or
      - ii. The 100 year flood at a normal flood depth of not more than 2 feet at a distance of 2,000 feet downstream of the dam,
      - iii. Subsection (B)(3)(b) shall not be construed to require more than a total removal of the dam regardless of flood magnitude.
    - c. That the sides of the breach will be excavated to a slope ratio that is stable and not steeper than 1 horizontal to 1 vertical.
  4. A detailed estimate of project costs. Project costs are all costs associated with the removal of the dam and appurtenant works, including preliminary investigations and surveys, engineering design, supervision of removal, and any other engineering costs.
- C.** An applicant intending to reduce a low hazard potential dam to nonjurisdictional size shall submit a written notice to the Director at least no less than 60 days before the date that construction begins.
- D.** Within 45 days after receipt of a complete application package as prescribed by subsection (A) or (B), the Director shall either:
  1. Determine that the dam falls within the low hazard potential classification, or
  2. Issue a written notice that the dam does not fall within the low hazard potential classification.
- E.** The Director's determination that the proposed dam does not fall within the low hazard classification is an appealable agency action and subject to administrative and judicial review under A.R.S. Title 41, Chapter 6, Article 10.
- F.** Upon completion of construction, the owner shall notify the Department in writing. The owner shall not use the dam or reservoir before issuance of a license unless the Director issues written approval.
- G.** Within 90 days after completing construction, reconstruction, repair, enlargement, or alteration of a low hazard potential dam, the owner shall file the following:
  1. An affidavit showing the actual cost of construction, reconstruction, repair, enlargement, or alteration of the dam. The owner shall submit a detailed accounting of the costs, including all engineering costs.
  2. An additional fee or refund request computed in accordance with A.R.S. § 45-1209 and R12-15-104(A)(7), based on the actual cost of construction, reconstruction, repair, enlargement, or alteration.
  3. A brief completion report summarizing the salient features of the project, including a description of the causes for any changes or deviations from the approved application package prepared by the engineer who supervised the construction, in accordance with A.R.S. Title 32, Chapter 1. The engineer shall indicate:
    - a. That the dam has been designed and constructed in compliance with basic principles of dam construction currently being practiced in the industry;
    - b. That the dam as constructed has structural integrity and flood routing capacity consistent with its hazard potential classification; and
    - c. That the as constructed drawings and the report accurately represent the construction of the dam.
  4. As constructed drawings prepared and sealed by the engineer who supervised the construction. The owner and the engineer shall maintain a record of the drawings.
- H.** Upon receiving the Director's written approval, the owner may operate the dam and appurtenant works. Within 30 days after receipt of the information in subsection (G), the Director shall issue to the owner either a license or a notice that the dam and appurtenant works shall not be operated because the dam and appurtenant works do not qualify as low hazard or were not built according to the submitted design. The license shall include conditions of operation, including:
  1. The safe storage level of the reservoir,
  2. A requirement that the dam be operated and maintained so that it does not constitute a danger to human life and property,
  3. A requirement that the conditions resulting in the low hazard classification be maintained throughout the life of the dam, and
  4. A requirement that the owner demonstrate in writing the low hazard classification in the manner prescribed by subsection (A)(5) every five years.
- I.** Within 90 days after completing removal of a low hazard potential dam, the owner shall file the following. The Director shall remove the dam from jurisdiction upon approval of the submittal.
  1. An affidavit showing the actual cost of removal of the dam. The owner shall submit a detailed accounting of the costs, including all engineering costs.
  2. An additional fee or refund request computed in accordance with A.R.S. § 45-1204 and R12-15-104(A)(7), based on the actual cost of removal.
  3. A brief completion report, including a description of the causes for any changes or deviations from the approved application package prepared by the engineer who supervised the construction, in accordance with A.R.S. Title 32, Chapter 1. The engineer shall certify that the as removed drawings and the report accurately represent the actual removal of the dam.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

4. As-removed drawings prepared and sealed by the engineer who supervised the removal. The owner and the engineer shall maintain a record of the drawings.
- J. An owner shall immediately commence repairs necessary to safeguard human life and property and prevent failure and improper operation of a low hazard potential dam. The owner shall notify the Department as soon as reasonably possible and in all cases within 10 days of commencing the required repairs.

**R12-15-1211. Application to Construct, Reconstruct, Repair, Enlarge, Alter, Breach, or Remove a Very Low Hazard Potential Dam**

- A. An application package to construct, reconstruct, repair, enlarge, or alter a very low hazard potential dam shall include the following prepared by an engineer or a person under the supervision of an engineer as defined in R12-15-1202(11):
  1. A completed application filed in duplicate on forms provided by the Director that contains the following information:
    - a. The name and address of the owner of the dam or the agent of the owner.
    - b. The location, type, size, and height of the proposed dam and appurtenant works.
    - c. The storage capacity of the reservoir associated with the proposed dam.
    - d. The proposed time for beginning and completing construction.
    - e. A description of the use for the impounded or diverted water and proof of a right to impound that water.
  2. The means, plans, and specifications by which the stream or body of water is to be dammed, by-passed, or controlled during construction.
  3. Maps, drawings, and specifications of the proposed dam.
  4. An initial application fee based on the total estimated project cost and computed in accordance with A.R.S. § 45-1204 and R12-15-104(A)(7).
  5. A detailed estimate of project costs. Project costs are all costs associated with construction of the dam and appurtenant works, including preliminary investigations and surveys, engineering design, supervision of construction, and any other engineering costs.
  6. A statement by the responsible engineer that classifies the dam as very low hazard in accordance with R12-15-1206(B). The responsible engineer shall submit a map of the area that would be inundated by failure or improper operation of the dam. The responsible engineer shall demonstrate that failure or improper operation would be unlikely to result in:
    - a. Loss of human life. The demonstration may be based on an emergency action plan for persons who may be in the area of inundation;
    - b. Significant incremental adverse consequences; or
    - c. Significant intangible losses, as defined in R12-15-1202(21) and identified and evaluated by a public natural resource management protection agency, because the dam has a size classification of either small or intermediate under R12-15-1206(A) and any release would be limited to the 100 year floodplain or property owned or controlled by the dam owner under long-term lease.
7. The seal and signature of the responsible engineer in accordance with A.R.S. Title 32, Chapter 1.
8. The drawings required by subsection (A)(3) shall include a plan view and maximum section of the dam; the outlet works; and the spillway plan, profile, and cross section.
9. The specifications required by subsection (A)(3) shall include the construction materials, testing criteria, and installation techniques.
- B. The Director may make other requirements for drawings and specifications for the proposed repair or alteration of a very low hazard potential dam. In determining other requirements, the Director shall consider the size and extent of the repair or alteration, the portions of the dam that will be repaired or altered, and whether the requirements elicit a description of the proposed construction work that is adequate to allow the Director to evaluate the repair or alteration.
- C. An owner intending to breach, remove, or reduce a very low hazard potential dam to nonjurisdictional size shall submit written notice to the Director at least 60 days before the date that construction begins.
- D. After receipt of a complete application package as prescribed by subsection (A), the Director shall either:
  1. Determine that the dam falls within the very low hazard classification and approve the application in writing; or
  2. Issue a written notice that the dam does not fall within the very low hazard classification.
- E. The Director's determination that the proposed dam does not fall within the very low hazard classification is an appealable agency action and subject to administrative and judicial review under A.R.S. Title 41, Chapter 6, Article 10.
- F. Upon completion of construction, the owner shall notify the Department in writing. The owner shall not use the dam and reservoir before receipt of a license unless the Director issues written approval.
- G. Within 90 days after completion of the construction, reconstruction, repair, enlargement, or alteration of a very low hazard potential dam, the owner shall file the following:
  1. An affidavit showing the actual cost of construction, reconstruction, repair, enlargement, or alteration of the dam. The owner shall submit a detailed accounting of the costs, including all engineering costs.
  2. An additional fee or refund request computed in accordance with A.R.S. § 45-1209 and R12-15-104(A)(7), based on the actual cost of construction, reconstruction, repair, enlargement, or alteration.
  3. A brief completion report summarizing the salient features of the project, including a description of the causes for any changes or deviations from the approved application package prepared by the engineer who supervised the construction in accordance with A.R.S. Title 32, Chapter 1. The report shall include:
    - a. That the dam has been designed and constructed in compliance with basic principles of dam construction currently being practiced in the industry;

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

- b. That the dam as constructed has structural integrity and flood routing capacity consistent with its hazard potential classification; and
  - c. That the as constructed drawings and the report accurately represent the construction of the dam.
- 4. As constructed drawings prepared by the engineer who supervised the construction. The owner and the engineer shall maintain a record of the drawings.
- H. Within 30 days after receipt of the information in subsection (G), the Director shall issue to the owner either a license or a notice that the dam and appurtenant works shall not be operated because the dam and appurtenant works do not qualify as very low hazard or were not built according to the submitted design. Upon receiving the Director's written approval, the owner may operate the dam and appurtenant works. The license shall include conditions of operation, including:
  - 1. The safe storage level of the reservoir,
  - 2. A requirement that the conditions resulting in the very low hazard classification be maintained throughout the life of the dam, and
  - 3. A requirement that the owner demonstrate in writing the very low hazard classification in the manner prescribed by subsection (A)(6) every five years.
- I. An owner shall immediately commence repairs necessary to safeguard human life and property and prevent failure or improper operation of a very low hazard potential dam. The owner shall notify the Department as soon as reasonably possible and in all cases within 10 days of commencing the required repairs.
- J. The Department may periodically inspect construction to confirm that it is proceeding according to the approved design and that proper construction quality assurance is being exercised by the owner's engineer. The owner, or the owner's engineer under the direction of the owner, shall remedy any unsatisfactory condition using the contractor.
- K. The owner shall provide the Department access to the dam site for purposes of inspecting all phases of construction, including the foundation, embankment and concrete placement, inspection and test records, and mechanical installations.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

**R12-15-1212. Construction of a High, Significant, or Low Hazard Potential Dam**

- A. Before commencement of construction activities, the owner shall invite to a pre-construction conference all involved regulatory agencies, the prime contractor, and all subcontractors. At this meeting the Department shall identify, to the extent possible, the key construction stages at which an inspection will be made. At least 48 hours before each key construction stage identified for inspection, the owner or the owner's engineer shall provide notice to the Department.
- B. The owner and the owner's engineer shall oversee construction of a new dam or reconstruction, repair, enlargement, alteration, breach, or removal of an existing dam. Failure to perform the work in accordance with the construction drawings and specifications approved by the Director renders the

approval revocable. The owner's engineer shall exercise professional judgment independent of the contractor.

- C. A professional engineer with proficiency in engineering and knowledge of dam technology shall supervise or direct the supervision of construction in accordance with the construction quality assurance plan.
- D. The owner's engineer shall submit summary reports of construction activities and test results according to a schedule approved by the Department.
- E. The owner shall immediately report to the Department any condition encountered during construction that requires a deviation from the approved plans and specifications.
- F. The owner shall promptly submit a written request for approval of any necessary change and sufficient information to justify the proposed change. The owner shall not commence construction without the written approval of the Director unless the change is a minor change. A minor change is a change that complies with the requirements of this Article and provides equal or better safety performance.
- G. Upon completion of construction, the owner shall notify the Department in writing. The Department shall make a final inspection. The owner shall correct any deficiencies noted during the inspection.

**R12-15-1213. Completion Documents for a Significant or High Hazard Potential Dam**

Within 90 days after completion of the construction or removal work for a significant or high hazard potential dam and final inspection by the Department, the owner shall file the following:

- 1. An affidavit showing the actual cost of the construction. The owner shall submit a detailed accounting of the costs, including all engineering costs.
- 2. An additional fee or refund request based on the actual cost of the construction, computed in accordance with A.R.S. § 45-1209 and R12-15-104(A)(7).
- 3. One set of full sized as constructed drawings prepared and sealed by the engineer who supervised the construction. If changes were made during construction, the owner shall file supplemental drawings showing the dam and appurtenances as actually constructed.
- 4. Construction records, including grouting, materials testing, and locations and baseline readings for permanent bench marks and instrumentation, initial surveys, and readings.
- 5. Photographs of construction from exposure of the foundation to completion of construction.
- 6. A brief completion report summarizing the salient features of the project, including a description of the causes for any changes or deviations from the approved drawings and specifications that were made during the construction phase.
- 7. A schedule for filling the reservoir, specifying fill rates, water level elevations to be held for observation, and a schedule for inspecting and monitoring the dam. The owner shall monitor the dam monthly during the first filling.
- 8. An operating manual for the dam and its appurtenant structures. The operating manual shall include a process for safety inspections prescribed in R12-15-1219. The operating manual shall include schedules for surveillance

activities and baseline information for any installed instrumentation as follows:

- a. The frequency of monitoring,
- b. The data recording format,
- c. A graphical presentation of data, and
- d. The person who will perform the work.

**R12-15-1214. Licensing**

- A. Upon review and approval of the documents filed under R12-15-1213 and finding that the construction at the dam has been completed in accordance with the approved plans and specifications and finding that the dam is safe, the Director shall issue a license. The license shall specify the safe storage level for the reservoir and shall specify conditions for the safe operation of the dam. The dam and reservoir shall not be used before issuance of a license unless the Director issues written approval. Procedures for issuance of a license for low and very low hazard potential dams are prescribed in R12-15-1210(H) and R12-15-1211(H), respectively.
- B. A new license shall be issued in the following instances:
  1. Upon change of ownership of a dam.
  2. Upon change of the safe storage level.
  3. Upon expiration of time to appeal a notice issued under R12-15-1223(B).
  4. Upon expiration of time to appeal an order issued by the Director under R12-15-1223(D).
  5. Upon expiration of time to appeal an order of a court.

**R12-15-1215. Construction Drawings, Construction Specifications, and Engineering Design Report for a High, Significant, or Low Hazard Potential Dam**

The owner and engineer are responsible for complete and adequate design of a dam and for including in the application all aspects of the design pertaining to the safety of the dam.

1. Construction Drawing Requirements. The construction drawings required by R12-15-1208(5), R12-15-1209(E)(1), and R12-15-1210(A)(6) shall include the following:
  - a. The seal and signature of the responsible engineer in accordance with A.A.C. R4-30-304.
  - b. One or more topographic maps of the dam, spillway, outlet works, and reservoir on a scale large enough to accurately locate the dam and appurtenances, indicate cut and fill lines, and show the property lines and ownership status of the land. Contour intervals shall be compatible with the height and size of the dam and its appurtenances and shall show design and construction details.
  - c. A reservoir area and capacity curve that reflect area in acres and capacity in acre-feet in relation to depth of water and elevation in the reservoir. The construction drawings shall show the spillway invert and top of dam elevations. The construction drawings shall

also show the reservoir volume and space functional allocations. The construction drawings may include alternate scales as required for the owner's use.

- d. Spillway and outlet works rating curves and tables at a scale or scales that allow determination of discharge rate in cubic feet per second at both low and high flows as measured by depth of water passing over the spillway control section.
- e. A location map showing the dam footprint and all exploration drill holes, test pits, trenches, adits, borrow areas, and bench marks with elevations, reference points, and permanent ties. This map shall use the same vertical and horizontal control as the topographic map.
- f. Geologic information including 1 or more geologic maps, profile along the centerline, and other pertinent cross sections of the dam site, spillway or spillways, and appurtenant structures, aggregate and material sources, and reservoir area at 1 or more scales compatible with the site and geologic complexity, showing logs of exploration drill holes, test pits, trenches, and adits.
- g. One or more plans of the dam to delineate design and construction details.
- h. Foundation profile along the dam centerline at a true scale where the vertical scale is equal to the horizontal scale, showing the existing ground and proposed finished grade at cut and fill elevations, including anticipated geologic formations. The foundation profile shall include any proposed grout and drain holes.
- i. Profile and a sufficient number of cross sections of the dam to delineate design and construction details. The drawings shall illustrate and show dimensions of camber, details of the top, core zone, interior filters and drains, and other zone details. The profile of the dam may be drawn to different horizontal and vertical scales if required for detail. A maximum section of the dam shall be drawn to a true scale, where the vertical scale is equal to the horizontal scale. The outlet conduit may be shown on the maximum section if this is typical of the proposed construction.
- j. One or more dam foundation plans showing excavation grades and cut slopes with any proposed foundation preparation, grout and drain holes, and foundation dewatering requirements.
- k. Plan, profile, and details of the outlet works, including the intake structure, the gate system, conduit, trashrack, conduit filter diaphragm, conduit concrete encasement, and the downstream outlet structure. The drawings shall include all connection and structural design details.
- l. Plan, profile, control section, and cross sections of the spillway, including details of any foundation preparation, grouting, or concrete work that is planned. A complex control structure, a concrete chute, or an energy dissipating device for a terminal structure shall include both hydraulic and structural design details.
- m. Hydrologic data, drainage area and flood routing, and diversion criteria.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

2. Construction Specification Requirements. The construction specifications required by R12-15-1208(6) and R12-15-1210(A)(7) shall include the following:
  - a. The seal and signature of the responsible engineer in accordance with A.A.C. R4-30-304.
  - b. The statement that the construction drawings and specifications shall not be materially changed without the prior written approval of the Director.
  - c. A detailed description of the work to be performed and a statement of the requirements for the various types of materials and installation techniques that will enter into the permanent construction.
  - d. The statement that construction shall not be considered complete until the Director has approved the construction in writing.
  - e. The statement that the owner's engineer shall control the quality of construction.
  - f. The following construction information:
    - i. All earth and rock material descriptions, placement criteria, and construction requirements for all elements of the dam and related structures.
    - ii. All concrete, grout, and shotcrete material and mix descriptions, placement and consolidation criteria, temperature controls, and construction requirements for all elements of the dam and related structures.
    - iii. Material criteria and material testing, cleaning, and treatment. If foundation or curtain grouting is required, the specifications shall describe the type of grout, grouting method, special equipment necessary, recording during grouting, and foundation monitoring to avoid disturbance from grouting.
    - iv. All materials testing that will be performed by the contractor for pre-qualification of materials, including special performance testing, such as water pressure tests in conduits. The Director shall accept materials that are pre-tested successfully and constructed in-place in accordance with specifications.
    - v. A plan for control or diversion of surface water during construction. The design engineer may determine frequency of storm runoff to be controlled during construction, commensurate with the risk of economic loss during construction.
    - vi. Criteria for blast monitoring and acceptable blast vibration levels, including particle velocities for the dam and other critical appurtenances. Monitoring equipment and monitoring locations shall be specified.
    - vii. Instrumentation material descriptions, placement criteria, and construction requirements and a statement that instrumentation shall be installed by experienced speciality subcontractors.
3. Engineering Design Report Requirements. The engineering design report required by R12-15-1208(7) and R12-15-1210(A)(8) shall include the following:
  - a. The seal and signature of the responsible engineer in accordance with A.A.C. R4-30-304.
  - b. The classification under R12-15-1206 of the proposed dam, or for the proposed enlargement of an existing dam or reservoir.
  - c. Hydrologic considerations, including calculations and a summary table of data used in determining the required emergency spillway capacity and freeboard, and design of any diversion or detention structures. The design report shall include input and output listings on both hard copy and computer diskette.
  - d. Hydraulic characteristics, engineering data, and calculations used in determining the capacities of the outlet works and emergency spillway. The design report shall include input and output listings on both hard copy and computer diskette.
  - e. Geotechnical investigation and testing of the dam site and reservoir basin. Results and analysis of subsurface investigations, including logs of test borings and geologic cross sections.
  - f. Guidelines and criteria for blasting to be used by the contractor in preparing the blasting plan.
  - g. Details of the plan for control or diversion of surface water during construction.
  - h. Details of the dewatering plan for subsurface water during construction.
  - i. Testing results of earth and rock materials, including the location of test pits and the logs of these pits.
  - j. Discussion and design of the foundation blanket grouting, grout curtain, and grout cap based on foundation stability and seepage considerations.
  - k. Calculations and basic assumptions on loads and limiting stresses for reinforced concrete design. The design report shall include input and output listings on both hard copy and computer diskette.
  - l. A discussion and stability analysis of the dam including appropriate seismic loading, safety factors, and embankment zone strength characteristics. Analyses shall include both short-term and long-term loading on upstream and downstream slopes. The design report shall include input and output listings on both hard copy and computer diskette.
  - m. A discussion of seismicity of the project area and activity of faults in the vicinity. The design report shall use both deterministic and statistical methods and identify the appropriate seismic coefficient for use in analyses.
  - n. Discussion and design of the cutoff trench based on seepage and other considerations.
  - o. Permeability characteristics of foundation and dam embankment materials, including calculations for seepage quantities through the dam, the foundation, and anticipated in the internal drain system. The design report shall include input and output listings on both hard copy and computer diskette. The design report shall include copies of any flow nets used.
  - p. Discussion and design of internal drainage based on seepage quantity calculations. The design report shall include instrumentation necessary to monitor the drainage system and filter design calculations for protection against piping of foundation and embankment.
  - q. Erosion protection against waves and rainfall runoff for both the upstream and downstream slopes, as appropriate.
  - r. Discussion and design of foundation treatment to compensate for geological weakness in the dam

foundation and abutment areas and in the spillway foundation area.

- s. Post-construction vertical and horizontal movement systems.
- t. Discussion of foundation conditions including the potential for subsidence, fissures, dispersive soils, collapsible soils, and sink holes.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

**R12-15-1216. Design of a High, Significant, or Low Hazard Potential Dam****A. General Requirements.**

1. Emergency Spillway Requirements. An applicant shall:
  - a. Construct each spillway in a manner that avoids flooding in excess of the flooding that would have occurred in the same location under the same conditions before construction. The owner of a dam shall demonstrate that a spillway discharge would not result in incremental adverse consequences. In determining whether a spillway discharge of a dam would result in incremental adverse consequences, the Director shall evaluate whether the owner has taken any or all of the following actions: issuing public notice to downstream property owners, complying with flood insurance requirements, adopting emergency action plans, conducting mock flood drills, acquiring flow easements or other acquisitions of real property, or other actions appropriate to safeguard the dam site and flood channel.
  - b. Include a control structure to avoid head cutting and lowering of the spillway crest for spillways excavated in soils or soft rock. In the alternative, the design may provide evidence acceptable to the Director that erosion during the inflow design flood will not result in a sudden release of the reservoir.
  - c. Provide each spillway and channel with a minimum width of 10 feet and suitable armor to prevent erosion during the discharge resulting from the inflow design flood.
  - d. Ensure that downstream spillway channel flows do not encroach on the dam unless suitable erosion protection is constructed.
  - e. Ensure that each spillway, in combination with outlets, is able to safely pass the peak discharge flow rate, as calculated on the basis of the inflow design flood.
  - f. Not construct bridges or fences across a spillway unless the construction is approved in writing by the Director. The Director's approval may include conditions regarding the design and operation of the spillway and fencing, based on safety concerns.
  - g. Not use a pipe or culvert as an emergency spillway unless the Director approves the use following review of the dam design and site characteristics.
2. Inflow Design Flood Requirements
  - a. Unless directed otherwise in writing by the Director, the inflow design flood requirements for determining the spillway minimum capacity are stated in Table 4.
  - b. As an alternative to the requirements prescribed in Table 4, the Director may accept an inflow design flood determined by an incremental damage assess-

ment study, based on the relative safety of the alternatives.

- c. The Director may accept site-specific probable maximum precipitation studies in determination of the inflow design flood.
- d. An applicant shall ensure that the total freeboard is the largest of the following:
  - i. The sum of the inflow design flood maximum water depth above the spillway crest plus wave run up.
  - ii. The sum of the inflow design flood maximum water depth above the spillway crest plus 3 feet.
  - iii. A minimum of 5 feet.
- 3. Outlet Works Requirements. An applicant shall ensure that a dam has a low level outlet works that:
  - a. Is capable of draining the reservoir to the sediment pool level. A low level outlet works for a high or significant hazard potential dam shall be a minimum of 36 inches in diameter. A low level outlet works for a low hazard potential dam shall be a minimum of 18 inches in diameter.
  - b. For a high or significant hazard potential dam, has the capacity to evacuate 90% of the storage capacity of the reservoir within 30 days, excluding reservoir inflows.
  - c. Has a filter diaphragm or other current practice measures to reduce the potential for piping along the conduit.
  - d. Has accessible outlet controls when the spillway is in use.
  - e. Has an emergency manual override system or can be operated manually.
  - f. Is constructed of materials appropriate for loading condition, seismic forces, thermal expansion, cavitation, corrosion, and potential abrasion. The applicant shall not use corrugated metal pipes or other thin-walled pipes except as a form for a cast-in-place concrete conduit. The applicant shall construct outlet conduits of cast-in-place reinforced concrete. The applicant shall design each outlet to maintain water tightness. The applicant shall construct each outlet to prevent the occurrence of piping adjacent to the outlet.
  - g. Has an operating or guard gate on the upstream end of any gated outlet.
  - h. Has an outlet conduit near the base of 1 of the abutments on native bedrock or other competent material. The applicant shall support the entire length of the conduit on foundation materials of uniform density and consistency to prevent adverse differential settlement.
  - i. Has an upstream valve or gate capable of controlling the discharge through all ranges of flow on any gated outlet conduit.
  - j. Has a trashrack designed for a minimum of 25% of the reservoir head to which it would be subjected if completely clogged at the upstream end of the outlet.
  - k. Has an air vent pipe just downstream of the control gate. The applicant shall include a blow-off valve at or near the downstream toe of the dam for an outlet conduit that is connected directly to a distribution system.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

1. Has an outlet conduit designed for internal pressure equal to the full reservoir head and for superimposed embankment loads, acting separately.
  4. Dam Site And Reservoir Area Requirements
    - a. An applicant shall demonstrate that reservoir storage during the inflow design flood will not result in incremental adverse consequences and that the design will not result in the inundation or wave damage of properties within the reservoir, except marina-type structures, during the inflow design flood. In determining whether a discharge will result in incremental adverse consequences, the Director shall evaluate whether the owner has taken any or all of the following actions: issuing public notice to upstream affected property owners, complying with flood insurance requirements, adopting emergency action plans, conducting mock flood drills, acquiring flood easements or other acquisitions of real property, or other actions appropriate to safeguard the dam site and reservoir. Permanent habitations are not allowed within the reservoir below the spillway elevation.
    - b. The applicant shall clear the reservoir storage area of logs and debris.
    - c. The applicant shall place borrow areas a safe distance from the upstream toe and the downstream toe of the dam to prevent a piping failure of the dam.
    - d. The applicant shall keep the top of the dam and appurtenant structures accessible by equipment and vehicles for emergency operations and maintenance.
  5. Geotechnical Requirements
    - a. The applicant shall provide an evaluation of the static stability of the foundation, dam, and slopes of the reservoir rim and demonstrate that sufficient material is available to construct the dam as designed.
    - b. The applicant shall not construct a dam on active faults, collapsible soils, dispersive soils, sink holes, or fissures, unless the applicant demonstrates that the dam can safely withstand the anticipated offset or other unsafe effects on the dam.
  6. Seismic Requirements
    - a. The applicant shall submit a review of the seismic or earthquake history of the area around the dam within a radius of 100 miles to establish the relationship of the site to known faults and epicenters. The review shall include any known earthquakes and the epicenter locations and magnitudes of the earthquakes.
    - b. The applicant shall identify the location of active or potentially active faults that have experienced Holocene or Late Pleistocene displacement within a radius of 100 miles of the site.
    - c. For a high or significant hazard potential dam, the applicant shall design the dam to withstand the maximum credible earthquake.
    - d. For a low hazard potential dam, the applicant shall use probabilistic or deterministic methods to determine the design earthquake. The magnitude of the design earthquake shall vary with the size of the dam, site condition, and specific location.
- B. Embankment Dam Requirements.**
1. Geotechnical Requirements. Table 5 states minimum factors of safety for embankment stability under various loading conditions. For an embankment dam an applicant shall provide a written analysis of minimum factors of safety for stability.
    - a. The analysis of minimum factors of safety shall include the effects of anisotropy on the phreatic surface position by using a ratio of horizontal permeability to vertical permeability of at least 10. The Director may require ratios of up to 100 if the material types and construction techniques will cause excessive stratification.
    - b. The applicant shall use tests modeling the conditions being analyzed to determine the strengths used in the stability analysis. The stability analysis shall include total and effective stress strengths appropriate for the different material zones and conditions analyzed. The stability analysis shall use undrained strengths or strength parameters for all saturated materials.
    - c. The applicant shall perform an analysis of the upstream slope stability for a partial pool with steady seepage considering the reservoir level that provides the lowest factor of safety.
    - d. A stability analysis is not required for low hazard potential dams if the owner or the owner's engineer demonstrates that conservative slopes and competent materials are included in the design.
  2. Seismic Requirements
    - a. The applicant shall determine the seismic characteristics of the site as prescribed in subsection (A)(6).
    - b. The applicant shall determine the liquefaction susceptibility of the embankment, foundation, and abutments. The applicant shall use standard penetration testing, cone penetration testing, shear wave velocity measurements, or a combination of these methods to make this determination. The applicant shall compute the minimum factor of safety against liquefaction at specific points and make a determination of whether the overall site is subject to liquefaction.
    - c. The applicant shall determine the safety of the dam under seismic loading using a pseudo static stability analysis, computing the minimum factor of safety if the embankment, foundation or abutment is not subject to liquefaction and has a maximum peak acceleration of 0.2g or less, or a maximum peak acceleration of 0.35g or less, and consists of clay on a clay or bedrock foundation. The applicant shall use in the pseudo static stability analysis a pseudo static coefficient that is at least 60% of the maximum peak bedrock acceleration at the site.
    - d. The applicant shall compute a minimum factor of safety against overtopping due to deformation and settlement in each of the following cases. The minimum factor of safety against overtopping can be no less than 2.5, determined by dividing the total pre-earthquake freeboard by the estimated vertical settlement in feet. The applicant shall determine the total vertical settlement by adding the settlement values of the upstream and downstream slopes.
      - i. The minimum factor of safety in a pseudo static analysis is less than 1.0;
      - ii. An embankment, foundation, or abutment is not subject to liquefaction, has a maximum peak acceleration of more than 0.2g or a maximum peak acceleration of more than 0.35g and consists of clay on a clay or bedrock foundation; or

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

- iii. The embankment, foundation or abutment is subject to liquefaction.
  - e. The applicant shall perform a liquefaction analysis to establish approximate boundaries of liquefiable zones and physical characteristics of the soil following liquefaction for an embankment, foundation, or abutment subject to liquefaction. The applicant shall perform an analysis of the potential for flow liquefaction.
  - f. Other, more sophisticated analytical procedures may be required by the Director for sites with high seismicity or low strength embankment or foundation soils.
3. Miscellaneous Design Requirements
- a. The design of any significant or high hazard potential dam shall provide seepage collection and prevent internal erosion or piping due to embankment cracking or other causes.
  - b. The Director shall review the filter and permeability design for a chimney drain, drain blanket, toe drain, or outlet conduit filter diaphragms on the basis of unique site characteristics.
    - i. The minimum thickness of an internal drain is 3 feet.
    - ii. The minimum width of a chimney drain is 6 feet.
    - iii. The applicant shall filter match an internal drain to its adjacent material.
    - iv. The applicant shall design internal drains with sufficient capacity for the expected drainage without the use of drainpipes using only natural granular materials.
  - c. The use of a geosynthetic is not permitted in a design if it serves as the sole defense against dam failure. The use of geotextiles and geonets as a filter or drain material or a geomembrane liner is permitted only in a location that is easily accessible for repair or if its excavation cannot create an unsafe condition at the dam. A geosynthetic liner is allowed under special conditions and in specific situations if it is subject to monitoring and redundant safety controls. The Director may impose conditions, including monitoring appropriate to the hazard classification, inspection, and necessary repairs, each performed every 5 years.
  - d. The applicant shall use armoring on any upstream slope of an embankment dam that impounds water for more than 30 days at a time. If the applicant uses rock riprap, it shall be well-graded, durable, sized to withstand wave action, and placed on a well-graded pervious sand and gravel bedding or geotextile with filtering capacity appropriate for the site.
  - e. The applicant shall protect the downstream slopes and groins of an embankment dam from erosion.
  - f. The minimum width of the top of an embankment dam is equal to the structural height of the dam divided by 5 plus an additional 5 feet. The required minimum width for any embankment dam is 12 feet. The maximum width for any embankment dam is 25 feet.

**R12-15-1217. Maintenance and Repair; Emergency Actions**

- A. An owner shall perform general maintenance and ordinary repairs that do not impair the safety of the dam. General maintenance and ordinary repair activities listed under this subsection do not require prior approval of the Director. These repair activities include:
  - 1. Removing brush or tall weeds.
  - 2. Cutting trees and removing slash from the embankment or spillway. Small stumps may be removed provided no excavation into the embankment occurs.
  - 3. Exterminating rodents by trapping or other methods. Rodent damage may be repaired provided it does not involve excavation that extends more than 2 feet into the embankment and replacement materials are compacted as they are placed.
  - 4. Repairing erosion gullies less than 2 feet deep on the embankment or in the spillway.
  - 5. Grading the surface on the top of the dam embankment or spillway to eliminate potholes and provide proper drainage, provided the freeboard is not reduced.
  - 6. Placing additional riprap and bedding on the upstream slope, or in the spillway in areas that have sustained minor damage and restoring the original riprap protection where the damage has not yet resulted in erosion and weakening of the dam.
  - 7. Painting, caulking, or lubricating metal structures. vent deterioration.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

9. Removing debris, rock, or earth from outlet conduits or spillway channels and basins.
  10. Patching to prevent deterioration within outlet works.
  11. Replacing worn or damaged parts on outlet valves or controls to restore them to original condition or its equivalent.
  12. Repairing or replacing fences intended to keep traffic or livestock off the dam or spillway.
- B.** General maintenance and ordinary repair that may impair or adversely effect safety, such as excavation into or near the toe of the dam, construction of new appurtenant structures for the dam, and repair of damage that has already significantly weakened the dam shall be performed in accordance with this Article. The Director may approve maintenance performed according to a standard detail or method of repair on file with the Department upon submittal of a letter. The Director shall determine whether general maintenance and ordinary repair activities not listed in subsection (A) will impair safety.
- C.** Emergency actions not impairing the safety of the dam may be taken before guidance can be provided by an engineer and do not require prior approval of the Director. Emergency actions do not excuse an owner's responsibility to promptly undertake a permanent solution. Emergency actions include:
1. Stockpiling materials such as riprap, earth fill, sand, sandbags, and plastic sheeting.
  2. Lowering the reservoir level by making releases through the outlet or a gated spillway, by pumping, or by siphoning.
  3. Armoring eroded areas by placing sandbags, riprap, plastic sheeting, or other available material.
  4. Plugging leakage entrances on the upstream slope.
  5. Increasing freeboard by placing sandbags or temporary earth fill on the dam.
  6. Diverting flood waters to prevent them from entering the reservoir basin.
  7. Constructing training berms to control flood waters.
  8. Placing sandbag ring dikes or reverse filter materials around boils at the downstream toe to provide back pressure.
  9. Removing obstructions from outlet or spillway flow areas.
- D.** Emergency actions impairing the safety of the dam require prior approval of the Director. An owner shall not lower the water level by excavating the spillway or embankment unless failure is imminent.
- E.** For all high and significant hazard potential dams, the emergency action plan shall be implemented with any emergency actions taken at the dam.
- F.** The owner shall notify the Director immediately of any emergency condition that exists and any emergency action taken.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

**R12-15-1218. Safe Storage Level**

The Director has the authority to determine the safe storage level for the reservoir behind each dam, including the storage level of an existing dam while it is being repaired, enlarged, altered, breached, or removed. The elevation of the safe storage level is stated on the license. The owner shall not store water in excess of the level determined by the Director to be safe. The owner shall not place flashboards or other devices in the emergency spillway without approval of an alteration of the dam in accordance with this Article.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

**R12-15-1219. Safety Inspections; Fees**

- A.** Except as provided in subsection (E), the Director shall conduct a dam safety inspection annually or more frequently for each high hazard potential dam, triennially for each significant hazard potential dam, and once every five years for each low and very low hazard potential dam. An owner of a dam shall pay the inspection fee required by R12-15-105 for each inspection of the dam pursuant to this subsection.
- B.** An engineer is considered qualified to provide information to the Director regarding the safe storage level of a reservoir if the engineer:
1. Meets the criteria in R12-15-1202(11),
  2. Has three years of experience in the field of dam safety, and
  3. Has actual experience in conducting dam safety inspections.
- C.** A dam safety inspection includes:
1. Review of previous inspections, reports, and drawings;
  2. Inspection of the dam, spillways, outlet facilities, seepage control, and measurement systems;
  3. Inspection of any permanent monument or monitoring installations;
  4. Assessment of all parts of the dam that are related to the dam's safety; and
  5. A recommendation regarding the safe storage level of the reservoir.
- D.** The engineer shall submit a safety inspection report that describes the findings and lists actions that will improve the safety of the dam. The report shall include the engineer's recommendation of the safe storage level. The engineer shall use a report form approved by the Director.
- E.** Inspections by the Owner
1. An owner may provide to the Director, at the owner's expense, a safety inspection report that complies with the requirements of subsections (B), (C), and (D) in place of an inspection by the Department. The owner's engineer shall notify the Director and submit a written summary of the engineer's qualifications at least 14 days before the scheduled safety inspection.
  2. The Director may refuse to accept an inspection that does not conform to this Article.
  3. A safety inspection report submitted pursuant to this subsection shall include the fee required by R12-15-105(D).
- F.** Inspections by the Department
1. The Director may enter at reasonable times upon private or public property and the owner shall permit such entry, where a dam is located, including a dam under construction, reconstruction, repair, enlargement, alteration, breach, or removal, for any of the following purposes:
    - a. To enforce the conditions of approval of the construction drawings and specifications related to an application for construction, reconstruction, repair, enlargement, alteration, breach, or removal.
    - b. To inspect a dam that is subject to this Article.
    - c. To investigate or assemble data to aid review and study of the design and construction of dams, reservoirs, and appurtenances or make watershed investigations to facilitate decisions on public safety to fulfill the duties of A.R.S. § 45-1214.
    - d. To ascertain compliance with this Article and A.R.S. Title 45, Chapter 6.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

2. Upon receipt of a complaint that a dam is endangering people or property:
  - a. The Director shall inspect the dam unless there is substantial cause to believe the complaint is without merit.
  - b. If the complainant files a complaint in writing and deposits with the Director sufficient funds to cover the costs of the inspection, the Director shall make an inspection.
  - c. The Director shall provide a written report of the inspection to the complainant and the dam owner.
  - d. If an unsafe condition is found, the Director shall cause it to be corrected and return the deposit to the complainant. If the complaint was without merit the deposit shall be paid into the general fund.
3. The Director may employ qualified on-call consultants to conduct inspections.
4. Inspections under subsection (A) shall comply with the requirements of A.R.S. § 41-1009.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

**R12-15-1220. Existing Dams**

- A. The requirements of this Article apply to existing dams, except as provided in subsections (B) and (C).
- B. If the Director has determined that an existing dam is in a safe condition, the owner is not required to comply with R12-15-1216 unless the Director determines that it is cost effective to upgrade the dam to comply with the requirements of R12-15-1216 at the time a major alteration or major repair is planned. In determining whether it is cost effective to upgrade a dam, the Director shall consider:
  1. The hazard potential classification of the dam;
  2. Whether the cost of the upgrade would exceed 25% of the total cost of the major alteration or major repair; and
  3. Whether there is a more cost effective alternative that would provide an equivalent increase in safety.
- C. If the Director has determined that a dam is in an unsafe condition, the owner shall comply with the requirements in R12-15-1216. The owner is not required to comply with a requirement in this Article if the Director finds that, considering the site characteristics and the proposed design, the requirement is unduly burdensome or expensive and is not necessary to protect human life or property. The Director shall consider the size, hazard potential classification, physical site conditions, and applicability of a requirement to the dam. The Director shall state in writing the reason or reasons the owner is not required to comply with a requirement.
- D. The owner shall ensure that installation of utilities beneath or through an existing dam is accomplished by open cuts or jacking and boring methods.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

**R12-15-1221. Emergency Action Plans**

- A. Each owner of a high or significant hazard potential dam shall prepare, maintain, and exercise a written emergency action

plan for immediate defensive action to prevent failure of the dam and minimize any threat to downstream development. The emergency action plan shall contain a:

1. Notification chart showing the priority for notification in an emergency situation. The owner shall notify local emergency response agencies, affected downstream populations, county emergency management agencies, and affected flood control districts;
  2. Description of the demand reservoir and scope of the emergency action plan;
  3. Delineation of potentially unsafe conditions, evaluation procedures, and triggering events that require the initiation of partial or full emergency notification procedures, based on the urgency of the situation;
  4. Delineation of areas of responsibility of the owner and other parties. The emergency action plan shall clearly identify individuals responsible for notifications and declaring an emergency;
  5. Specific notification procedure for each emergency situation anticipated;
  6. Description of emergency supplies and resources, equipment access to the site, and alternative means of communication. The emergency action plan shall also identify specific preparedness activities required, such as annual full or partial mock exercises and updates of the emergency action plan; and
  7. Map showing the area that would be subject to flooding due to spillway flows and dam failures.
- B. The owner shall use the Director's model emergency action plan, which is available at no cost, or an equivalent model, for guidance in preparing the emergency action plan.
  - C. The owner shall submit a copy of the proposed emergency action plan for review by the Arizona Division of Emergency Management and all local emergency coordinators involved in the plan. The owner shall incorporate appropriate recommendations generated by the reviews and submit the revised emergency action plan to the Department.
  - D. The owner shall review and update the emergency action plan annually or more frequently to incorporate changes such as new personnel, changing roles of emergency agencies, emergency response resources, conditions of the dam, and information learned from mock exercises. The owner shall send updated portions of the plan to persons and agencies holding copies of the plan within 15 days after preparation of an update.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

**R12-15-1222. Right of Review**

- A. An applicant or owner aggrieved by a decision of the Director regarding the determination of hazard classification, jurisdictional status, or the Director's application of this Article may seek review of an appealable agency action under A.R.S. Title 41, Chapter 6, Article 10.
- B. An applicant or owner aggrieved by a decision of the Director that requires the exercise of professional engineering judgment or discretion or the assessment of risk to human life or property, such as the adequacy of an applicant's project documentation, dam design, safe storage level, requirements for existing dams, or maintenance, may seek review by a board of review under A.R.S. §§ 45-1210 and 45-1211.
- C. The following actions are not subject to review:

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

1. Emergency measures taken under A.R.S. §§ 45-1212 or 45-1221.
2. Agency decisions made under A.R.S. §§ 41-1009(E) or (F).
3. Agency actions made exempt from review by law.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

**R12-15-1223. Enforcement Authority**

- A. The Department may exercise its discretion to take action necessary to prevent danger to human life or property. The Director may take any legal action that is proper and necessary for the enforcement of this Chapter.
- B. If the Director has cause to believe that a dam is unsafe or a person is violating or has violated a provision of this Article or A.R.S. Title 45, Chapter 6, Article 1, the Director may issue a notice directing the owner to remedy the safety deficiency or correct the violation. The owner may appeal a notice issued under this subsection as an appealable agency action in accordance with A.R.S. Title 41, Chapter 6, Article 10. If the owner does not appeal within 30 days after the date on the notice, the notice becomes final and may be incorporated as a condition of any license based on the duration of the requirement.
- C. If the Director has cause to believe that a dam is unsafe or a person is violating or has violated a provision of this Article or A.R.S. Title 45, Chapter 6, Article 1, the Director may proceed under A.R.S. § 45-1221 to initiate a contested case under A.R.S. Title 41, Chapter 6, Article 10 by requesting an administrative hearing.
- D. Following a written decision by an administrative law judge, the Director shall issue a decision and order accepting, rejecting, or modifying the administrative law judge's decision. Upon expiration of time to appeal, the decision and order becomes final and may be incorporated as a condition of any license based on the duration of the requirement.
- E. If the Director has cause to believe that a dam is unsafe or a person is violating or has violated a provision of this Article or A.R.S. Title 45, Chapter 6, Article 1 the Director may commence an action in a court of appropriate jurisdiction if:
  1. The violation is an emergency requiring appropriate steps to be taken without delay; or
  2. The Director has cause to believe that use of the administrative procedure would be ineffective or that delay would ensue and a deterioration in the safety of the dam would occur.
- F. If the Director commences an action it shall be brought in a court of appropriate jurisdiction in which:
  1. The cause or some part of the cause arose; or
  2. The owner or person complained of has his or her place of business; or
  3. The owner or person complained of resides.
- G. A person determined to be in violation of this Article; A.R.S. Title 45, Chapter 6; a license; or order may be assessed a civil penalty not exceeding \$1,000 per day of violation. The Director may offer evidence relating to the amount of the penalty in accordance with A.R.S. § 45-1222.
- H. A violation of A.R.S. Title 45, Chapter 6, Article 1 regarding Supervision of Dams, Reservoirs, and Projects is a class 2 misdemeanor, in accordance with A.R.S. § 45-1216.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R.

2558, effective June 12, 2000 (Supp. 00-2).

**R12-15-1224. Emergency Procedures**

- A. The owner of a dam shall immediately notify the Department and responsible authorities in adjacent and downstream communities, including emergency management authorities, of a condition that may threaten the safety of the dam. The owner shall take necessary actions to protect human life and property, including action required under an emergency action plan or order issued under this Article.
  1. A condition that may threaten the safety of a dam includes:
    - a. Sliding of upstream or downstream slopes or abutments contiguous to the dam;
    - b. Sudden subsidence of the top of the dam;
    - c. Longitudinal or transverse cracking of the top of the dam;
    - d. Unusual release of water from the downstream slope or face of the dam;
    - e. Other unusual conditions at the downstream slope of the dam;
    - f. Significant landslides in the reservoir area;
    - g. Increasing volume of seepage;
    - h. Cloudy seepage or recent deposits of soil at seepage exit points;
    - i. Sudden cracking or displacement of concrete in a concrete or masonry dam spillway or outlet works;
    - j. Loss of freeboard or dam cross section due to storm wave erosion;
    - k. Flood waters overtopping an embankment dam; or
    - l. Spillway backcutting that threatens evacuation of the reservoir.
  2. In case of an emergency, the owner shall telephone the Arizona Department of Public Safety.
- B. The Director shall issue an emergency approval to repair, alter, or remove an existing dam if the Director finds that immediate remedial action is necessary to alleviate an imminent threat to human life or property.
  1. The emergency approval shall be provided in writing on a form developed for this purpose.
  2. The emergency approval may contain conditions the Director determines are appropriate to protect human life or property.
  3. The emergency approval is effective immediately for 30 days after notice is issued unless extended in writing by the Director. The Director shall also send notice to the county flood control district of the county in which the dam is located, all municipalities within five miles downstream of the dam, and any additional persons identified in the emergency action plan.
  4. The Director may institute legal or administrative proceedings that the Director deems appropriate for violations of the emergency approval or conditions of the emergency approval.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2). Amended by final expedited rulemaking at 28 A.A.R. 266 (January 28, 2022), with an immediate effective date of January 5, 2022 (Supp. 22-1).

**R12-15-1225. Emergency Repairs**

- A. The Director shall use monies from the dam repair fund, established under A.R.S. § 45-1212.01 to employ any remedial measure necessary to protect human life and property resulting

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

from a condition that threatens the safety of a dam if the dam owner is unable or unwilling to take action and there is not sufficient time to issue and enforce an order.

- B. The Deputy Director may authorize an expenditure not to exceed \$10,000 from the dam repair fund for remedial measures under A.R.S. § 45-1212. The expenditure of any additional funds shall be approved by the Director.
- C. The Director shall hold a lien against all property of the owner in accordance with A.R.S. § 45-1212.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

**R12-15-1226. Non-Emergency Repairs; Loans and Grants**

- A. If the Director determines that a dam represents a threat to human life and property but is not in an emergency condition, the Director may use the dam repair fund, established under A.R.S. § 45-1212.01, as prescribed in this Article to defray the costs of repair.
- B. Monies from the dam repair fund may be used for loans and grants to owners as provided in A.R.S. §§ 45-1218 and 45-1219.
- C. To qualify for a loan or grant from the dam repair fund, a dam shall be classified as unsafe by the Director.
- D. The Director may authorize grant funds for all or part of the cost of engineering studies or construction needed to mitigate the threat to human life and property created by a dam.
  - 1. The Director and the grantee shall execute a financial assistance agreement that includes terms of financial assistance, the work progress, and payment schedule.
  - 2. The Director shall disburse grant funds in accordance with the financial assistance agreement.
  - 3. The Director shall establish a priority ranking for grants based on factors including the potential for failure of a dam, the number of lives at risk, and the capability of the owner to pay a portion of the costs.
- E. The Director may loan funds for engineering studies or for all or part of construction as prescribed in A.R.S. § 45-1218.
  - 1. The Director and the dam owner shall execute a loan repayment agreement. The loan repayment agreement shall be delivered to and held by the Department.
  - 2. The Director shall establish a priority ranking for loans based on factors including the potential for failure of a dam, the number of human lives at risk, and the capability of the owner to pay a portion of the costs.

**ARTICLE 13. WELL SPACING REQUIREMENTS; REPLACEMENT WELLS IN APPROXIMATELY THE SAME LOCATION****R12-15-1301. Definitions**

In addition to the definitions in A.R.S. §§ 45-101, 45-402, and 45-591, the following words and phrases in this Article shall have the following meanings, unless the context otherwise requires:

- 1. "Abandoned well" means a well for which a well abandonment completion report has been filed pursuant to R12-15-816(E) or for which a notification of abandonment has been filed pursuant to R12-15-816(K).
- 2. "Additional drawdown" means a lowering in the water levels surrounding a well that is the result of the operation of the well and that is not attributable to existing regional rates of decline or existing impacts from other wells.

- 3. "Applicant" means any of the following:
  - a. A person who has filed an application for a permit to construct a new well or a replacement well in a new location under A.R.S. § 45-599;
  - b. A person who has filed an application for a recovery well permit under A.R.S. § 45-834.01 for a new well as defined in A.R.S. § 45-591 or, except as provided in A.R.S. § 45-834.01(B)(2) or (3), an existing well as defined in A.R.S. § 45-591;
  - c. A person who has filed an application for approval to use a well to withdraw groundwater for transportation to an active management area under A.R.S. § 45-559; or
  - d. A person, other than a city, town, private water company, or irrigation district, who has filed an application for a water exchange permit under A.R.S. § 45-1041.
- 4. "ADEQ" means the Arizona Department of Environmental Quality.
- 5. "Contaminated groundwater" means groundwater that has been contaminated by a release of a hazardous substance, as defined in A.R.S. § 49-201, or a pollutant, as defined in A.R.S. § 49-201.
- 6. "DOD" means the United States Department of Defense.
- 7. "EPA" means the United States Environmental Protection Agency.
- 8. "LCR plateau groundwater transporter" means a person transporting groundwater from the Little Colorado River plateau groundwater basin to another groundwater basin pursuant to A.R.S. § 45-544(B)(1).
- 9. "Notice of water exchange participant" means a person, other than a city, town, private water company, or irrigation district, named as a participant in a water exchange in a notice of water exchange filed under A.R.S. § 45-1051.
- 10. "Original well" means the well replaced by a replacement well in approximately the same location, except that if the replacement well is the latest in a succession of two or more wells drilled as replacement wells in approximately the same location under R12-15-1308 or temporary rule R12-15-840 adopted by the Director on March 11, 1983, "original well" means the well replaced by the first replacement well in approximately the same location.
- 11. "Remedial action site" means any of the following:
  - a. The site of a remedial action undertaken pursuant to the comprehensive environmental response, compensation, and liability act ("CERCLA") of 1980, as amended, 42 U.S.C. 9601, et seq., commonly known as a "superfund" site;
  - b. The site of a corrective action undertaken pursuant to A.R.S. Title 49, Chapter 6, commonly known as a leaking underground storage tank ("LUST") site;
  - c. The site of a voluntary remediation action undertaken pursuant to A.R.S. Title 49, Chapter 1, Article 5;
  - d. The site of a remedial action undertaken pursuant to A.R.S. Title 49, Chapter 2, Article 5, commonly known as a water quality assurance revolving fund ("WQARF") site;
  - e. The site of a remedial action undertaken pursuant to the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. 6901, et seq.; or
  - f. The site of remedial action undertaken pursuant to the Department of Defense Environmental Resto-

ration Program, 10 U.S.C. 2701, et seq., commonly known as a "Department of Defense site" or a "DOD site."

12. "Replacement well" means a well drilled for the purpose of replacing another well.
13. "Replacement well in a new location" means a replacement well that does not qualify as a replacement well in approximately the same location under R12-15-1308.
14. "Replacement well in approximately the same location" means a replacement well that qualifies as a replacement well in approximately the same location under R12-15-1308.
15. "Well" has the meaning prescribed in A.R.S. § 45-402. An abandoned well is not a well.
16. "Well of record" means, with respect to an applicant, an LCR plateau groundwater transporter, or a notice of water exchange participant, any well or proposed well not owned by the applicant, LCR plateau groundwater transporter, or notice of water exchange participant, or proposed to be drilled by the applicant, LCR plateau groundwater transporter, or notice of water exchange participant, to which any of the following apply:
  - a. The well is an existing well as defined in A.R.S. § 45-591 and the owner or operator has registered the well with the Department, unless the current well information on file with the Department identifies the sole purpose or purposes of the well as one or more of the following:
    - i. Cathodic protection;
    - ii. Use as a sump pump or heat pump;
    - iii. Air sparging;
    - iv. Injection of liquids or gasses into the aquifer or vadose zone, including injection wells that are part of an underground storage facility permitted under A.R.S. Title 45, Chapter 3.1;
    - v. Monitoring water levels or water quality, including a piezometer well;
    - vi. Obtaining geophysical, mineralogical, or geotechnical data;
    - vii. Grounding;
    - viii. Soil vapor extraction;
    - ix. Electrical energy generation pursuant to a temporary permit for electrical energy generation issued under A.R.S. § 45-517;
    - x. Dewatering pursuant to a dewatering permit issued under A.R.S. § 45-513 or a temporary dewatering permit issued under A.R.S. § 45-518;
    - xi. Drainage pursuant to a drainage water withdrawal permit issued under A.R.S. § 45-519; or
    - xii. Hydrologic testing pursuant to a hydrologic testing permit issued under A.R.S. § 45-519.01.
  - b. The well is a new well as defined in A.R.S. § 45-591 for which a notice of intention to drill was not filed pursuant to A.R.S. § 45-596 and for which a permit was not issued pursuant to A.R.S. §§ 45-599 or 45-834.01, and the owner or operator has registered the well with the Department, unless the current well information on file with the Department identifies the sole purpose or purposes of the well as one or more of the purposes in subsection (16)(a)(i) through (xii) of this Section;
    - c. A filing has been made for the well pursuant to A.R.S. § 45-596(A) or (B), unless any of the following apply:
      - i. The filing has expired pursuant to A.R.S. § 45-596(E);
      - ii. The filing identifies the sole purpose or purposes of the well as one or more of the purposes in subsection (16)(a)(i) through (xii) of this Section; or
      - iii. The well is an exempt well and the Director is prohibited by A.R.S. § 45-454(D)(4) from considering impacts on the well when determining whether to approve or reject a permit application filed under A.R.S. § 45-599.
    - d. An application for a permit to drill the well has been received by the Department pursuant to A.R.S. § 45-599, unless the application has been rejected after exhaustion of all administrative and judicial appeals or the permit issued pursuant to the application has been revoked or has expired according to its terms or for failure to complete the well in a timely manner pursuant to A.R.S. § 45-599(G);
    - e. An application for a permit pursuant to A.R.S. §§ 45-514 or 45-516 has been received by the Department pursuant to A.R.S. § 45-521, unless the application has been rejected after exhaustion of all administrative and judicial appeals or the permit issued pursuant to the application has been revoked or has expired according to its terms or for failure to complete the well before expiration of the drilling authority; or
    - f. An application for a permit to drill a recovery well has been received by the Department pursuant to A.R.S. § 45-834.01, unless the application has been rejected after exhaustion of all administrative and judicial appeals or the permit issued pursuant to the application has been revoked or has expired according to its terms or for failure to complete the well in a timely manner pursuant to A.R.S. § 45-834.01(F).

**R12-15-1302. Well Spacing Requirements - Applications to Construct New Wells or Replacement Wells in New Locations Under A.R.S. § 45-599**

- A. The Director shall not approve an application for a permit to construct a new well or a replacement well in a new location under A.R.S. § 45-599 if the Director determines that the withdrawals from the proposed well or wells will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B) of this Section.
- B. The Director shall determine that the withdrawals from the proposed well or wells will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells if any of the following apply:
  1. Except as provided in subsection (D) of this Section, the Director determines that the probable impact of the withdrawals from the proposed well or wells on any well of record in existence as of the date of receipt of the application will exceed 10 feet of additional drawdown after the first five years of operation of the proposed well or wells. To assist the Director in making a determination under

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

this subsection, the applicant may submit a hydrological study delineating those areas surrounding the proposed well or wells in which the projected impacts on water levels will exceed 10 feet of additional drawdown after the first five years of operation of the proposed well or wells. The Director may require the applicant to submit such a hydrological study if the Director determines that the study will assist the Director in making a determination under this subsection;

2. The Director determines that the proposed well or wells will be located in an area of known land subsidence and the withdrawals from the proposed well or wells will likely cause unreasonably increasing damage from additional regional land subsidence. To assist the Director in making a determination under this subsection, the applicant may submit a hydrological study, which may include a geophysical evaluation, demonstrating the impact of the withdrawals from the proposed well or wells on regional land subsidence. The Director may require the applicant to submit such a hydrological study if the Director determines that the study will assist the Director in making a determination under this subsection; or
  3. Except as provided in subsection (E) of this Section, the Director determines, after consulting with ADEQ, that withdrawals from the proposed well or wells will likely cause the migration of contaminated groundwater from a remedial action site to a well of record in existence as of the date of the receipt of the application, resulting in a degradation of the quality of the water withdrawn from the well of record so that the water will no longer be usable for the purpose for which it is currently being used without additional treatment, and that the damage to the owner of the well of record will not be prevented or adequately mitigated through the implementation of a program regulated under Title 49 of the Arizona Revised Statutes, or a program regulated by EPA or DOD. To assist the Director in making a determination under this subsection, the applicant may submit a hydrological study demonstrating whether the withdrawals from the proposed well or wells will have the effect described in this subsection. The Director may require the applicant to submit such a hydrological study if the Director determines that the study will assist the Director in making a determination under this subsection.
- C. In making a determination under subsection (B)(1), (B)(2), or (B)(3) of this Section, if the proposed well is a replacement well in a new location, the Director shall take into account the collective effects of reducing or terminating withdrawals from the well being replaced combined with the proposed withdrawals from the replacement well if the applicant submits a hydrological study demonstrating those collective effects to the satisfaction of the Director.
- D. If the Director determines under subsection (B)(1) of this Section that the probable impact of the withdrawals from the proposed well or wells on one or more wells of record in existence as of the date of receipt of the application will exceed 10 feet of additional drawdown after the first five years of operation of the proposed well or wells, the Director shall notify the applicant in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The Director shall not determine that the withdrawals from the proposed well or wells will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under sub-

section (B)(1) of this Section if within 60 days after the date on the notice, or a longer time period approved by the Director, the applicant submits one of the following for each well of record identified in the notice:

1. A signed and notarized consent form from the owner of the well of record consenting to the withdrawals from the proposed well or wells. The applicant shall use the consent form furnished by the Director; or
  2. Evidence satisfactory to the Director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the applicant made a reasonable attempt to locate the current owner of the well of record but was unable to do so.
- E. If the Director determines that withdrawals from the proposed well or wells will have the effect described in subsection (B)(3) of this Section on one or more wells of record in existence as of the date of receipt of the application, the Director shall notify the applicant in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The Director shall not determine that the withdrawals from the proposed well or wells will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B)(3) of this Section if within 60 days after the date on the notice, or a longer time period approved by the Director, the applicant submits one of the following for each well of record identified in the notice:
1. A signed and notarized consent form from the owner of the well of record consenting to the withdrawals from the proposed well or wells. The applicant shall use the consent form furnished by the Director; or
  2. Evidence satisfactory to the Director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the applicant made a reasonable attempt to locate the current owner of the well of record but was unable to do so.
- F. At any time before a final determination under this Section, the applicant may:
1. Amend the application to change the location of the proposed well or wells or the amount of groundwater to be withdrawn from the proposed well or wells to lessen the degree of impact on wells of record or regional land subsidence; or
  2. Agree to construct or operate the proposed well or wells in a manner that lessens the degree of impact on wells of record or regional land subsidence. The Director shall indicate in the well permit that compliance with the agreement is a condition of the well permit.

**R12-15-1303. Well Spacing Requirements - Applications for Recovery Well Permits Under A.R.S. § 45-834.01**

- A. The Director shall not approve an application for a recovery well permit under A.R.S. § 45-834.01 that is filed for a new well as defined in A.R.S. § 45-591 or, except as provided in A.R.S. § 45-834.01(B)(2) or (3), for an existing well as defined in A.R.S. § 45-591, if the Director determines that the recovery of stored water from the proposed well or wells will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B) of this Section.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 15. DEPARTMENT OF WATER RESOURCES

- B.** The Director shall determine that the recovery of stored water from the proposed well or wells will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells if any of the following apply:
1. Except as provided in subsection (D) of this Section, the Director determines that the probable impact of the recovery of stored water from the proposed well or wells on any well of record in existence as of the date of receipt of the application will exceed 10 feet of additional drawdown after the first five years of the recovery of stored water from the proposed well or wells. To assist the Director in making a determination under this subsection, the applicant shall submit with the application a hydrological study delineating those areas surrounding the proposed well or wells in which the projected impacts on water levels will exceed 10 feet of additional drawdown after the first five years of the recovery of stored water from the proposed well or wells;
  2. The Director determines that the proposed recovery well or wells will be located in an area of known land subsidence and the recovery of stored water from the proposed well or wells will likely cause unreasonably increasing damage from additional regional land subsidence. To assist the Director in making a determination under this subsection, the applicant may submit a hydrological study, which may include a geophysical evaluation, demonstrating the impact of the recovery of stored water from the proposed recovery well or wells on regional land subsidence. The Director may require the applicant to submit such a hydrological study if the Director determines that the study will assist the Director in making a determination under this subsection; or
  3. Except as provided in subsection (E) of this Section, the Director determines, after consulting with ADEQ, that the recovery of stored water from the proposed well or wells will likely cause the migration of contaminated groundwater from a remedial action site to a well of record in existence as of the date of receipt of the application, resulting in a degradation of the quality of the water withdrawn from the well of record so that the water will no longer be usable for the purpose for which it is currently being used without additional treatment, and that the damage to the owner of the well of record will not be prevented or adequately mitigated through the implementation of a program regulated under Title 49 of the Arizona Revised Statutes, or a program regulated by EPA or DOD. To assist the Director in making a determination under this subsection, the applicant may submit a hydrological study demonstrating whether the recovery of stored water from the proposed well or wells will have the effect described in this subsection. The Director may require the applicant to submit such a hydrological study if the Director determines that the study will assist the Director in making a determination under this subsection.
- C.** In making a determination under subsection (B)(1), (B)(2), or (B)(3) of this Section:
1. If the proposed recovery well is a replacement well in a new location, the Director shall take into account the collective effects of reducing or terminating withdrawals from the well being replaced combined with the proposed recovery of stored water from the replacement well if the applicant submits a hydrological study demonstrating those collective effects to the satisfaction of the Director.
  2. If the proposed recovery well will be located within the area of impact, as defined in A.R.S. § 45-802.01, of an underground storage facility and the applicant will account for all of the water recovered from the well as water stored at the facility, the Director shall take into account the effects of water storage at the facility on the proposed recovery of stored water from the recovery well if the applicant submits a hydrological study demonstrating those effects to the satisfaction of the Director.
- D.** If the Director determines under subsection (B)(1) of this Section that the probable impact of the recovery of stored water from the proposed recovery well or wells on any well of record in existence as of the date of receipt of the application will exceed 10 feet of additional drawdown after the first five years of operation of the proposed well or wells, the Director shall notify the applicant in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The Director shall not determine that the recovery of stored water from the proposed recovery well or wells will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B)(1) of this Section if within 60 days after the date on the notice, or a longer time period approved by the Director, the applicant submits one of the following for each well of record identified in the notice:
1. A signed and notarized consent form from the owner of the well of record consenting to the recovery of stored water from the proposed recovery well or wells. The applicant shall use the consent form furnished by the Director; or
  2. Evidence satisfactory to the Director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the applicant made a reasonable attempt to locate the current owner of the well of record but was unable to do so.
- E.** If the Director determines that the recovery of stored water from the proposed recovery well or wells will have the effect described in subsection (B)(3) of this Section on one or more wells of record in existence as of the date of receipt of the application, the Director shall notify the applicant in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The Director shall not determine that the recovery of stored water from the proposed recovery well or wells will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B)(3) of this Section if within 60 days after the date on the notice, or a longer time period approved by the Director, the applicant submits one of the following for each well of record identified in the notice:
1. A signed and notarized consent form from the owner of the well of record consenting to the recovery of stored water from the proposed recovery well or wells. The applicant shall use the consent form furnished by the Director; or
  2. Evidence satisfactory to the Director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the applicant made a reasonable attempt to locate the current owner of the well of record but was unable to do so.
- F.** At any time before a final determination under this Section, the applicant may:
1. Amend the application to change the location of the proposed recovery well or wells or the amount of stored

water to be recovered from the proposed recovery well or wells to lessen the degree of impact on wells of record or regional land subsidence; or

2. Agree to construct or operate the proposed recovery well or wells in a manner that lessens the degree of impact on wells of record or regional land subsidence. The Director shall indicate in the recovery well permit that compliance with the agreement is a condition of the recovery well permit.

**R12-15-1304. Well Spacing Requirements - Wells Withdrawing Groundwater From the Little Colorado River Plateau Groundwater Basin for Transportation to Another Groundwater Basin Under A.R.S. § 45-544(B)(1)**

- A. An LCR plateau groundwater transporter may not withdraw groundwater from a well or wells drilled in the Little Colorado river plateau groundwater basin after January 1, 1991, except a replacement well in approximately the same location or a well drilled after that date pursuant to a notice of intention to drill filed on or before that date, for transportation away from the basin pursuant to A.R.S. § 45-544(B)(1) if the Director determines that the withdrawals for that purpose will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B) of this Section.
- B. The Director shall determine that the withdrawals of groundwater from the well or wells will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells if any of the following apply:
  1. Except as provided in subsection (D) of this Section, the Director determines that the probable impact of the withdrawals of groundwater from the well or wells on any well of record in existence when the withdrawals commenced or are proposed to commence will exceed 10 feet of additional drawdown after the first five years of the withdrawals. To assist the Director in making a determination under this subsection, the LCR plateau groundwater transporter may submit to the Director a hydrological study delineating those areas surrounding the LCR plateau groundwater transporter's well or wells in which the projected impacts on water levels will exceed 10 feet of additional drawdown after the first five years of the withdrawals. The Director may require the LCR plateau groundwater transporter to submit such a hydrological study if the Director determines that the study will assist the Director in making a determination under this subsection;
  2. The Director determines that the well or wells from which the groundwater is withdrawn are located in an area of known land subsidence and the withdrawals of groundwater will likely cause unreasonably increasing damage from additional regional land subsidence. To assist the Director in making a determination under this subsection, the LCR plateau groundwater transporter may submit to the Director a hydrological study, which may include a geophysical evaluation, demonstrating the impact of the withdrawals on regional land subsidence. The Director may require the LCR plateau groundwater transporter to submit such a hydrological study if the Director determines that the study will assist the Director in making a determination under this subsection; or
  3. Except as provided in subsection (E) of this Section, the Director determines, after consulting with ADEQ, that the withdrawals of groundwater from the well or wells will likely cause the migration of contaminated groundwater from a remedial action site to a well of record in existence when the groundwater withdrawals commenced or are proposed to commence, resulting in a degradation of the quality of the water withdrawn from the well of record so that the water will no longer be usable for the purpose for which it is currently being used without additional treatment, and that the damage to the owner of the well of record will not be prevented or adequately mitigated through the implementation of a program regulated under Title 49 of the Arizona Revised Statutes, or a program regulated by EPA or DOD. To assist the Director in making a determination under this subsection, the LCR plateau groundwater transporter may submit to the Director a hydrological study demonstrating whether the withdrawals of groundwater will have the effect described in this subsection. The Director may require the LCR plateau groundwater transporter to submit such a hydrological study if the Director determines that the study will assist the Director in making a determination under this subsection.
- C. In making a determination under subsection (B)(1), (B)(2), or (B)(3) of this Section, if a well from which the groundwater is withdrawn is a replacement well in a new location, the Director shall take into account the collective effects of reducing or terminating withdrawals from the well being replaced combined with the withdrawals from the replacement well if the LCR plateau groundwater transporter submits a hydrological study demonstrating those collective effects to the satisfaction of the Director.
- D. If the Director determines under subsection (B)(1) of this Section that the probable impact of the withdrawals of groundwater from the well or wells on any well of record in existence when the withdrawals commenced or are proposed to commence will exceed 10 feet of additional drawdown after the first five years of the withdrawals, the Director shall notify the LCR plateau groundwater transporter in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The Director shall not determine that the withdrawals will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B)(1) of this Section if within 60 days after the date on the notice, or a longer time period approved by the Director, the LCR plateau groundwater transporter submits one of the following for each well of record identified in the notice:
  1. A signed and notarized consent form from the owner of the well of record consenting to the withdrawals. The LCR plateau groundwater transporter shall use the consent form furnished by the Director; or
  2. Evidence satisfactory to the Director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the LCR plateau groundwater transporter made a reasonable attempt to locate the current owner of the well of record but was unable to do so.
- E. If the Director determines that the withdrawals of groundwater from the well or wells will have the effect described in subsection (B)(3) of this Section on one or more wells of record in existence when the groundwater withdrawals commenced or are proposed to commence, the Director shall notify the LCR

plateau groundwater transporter in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The Director shall not determine that the withdrawals will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B)(3) of this Section if within 60 days after the date on the notice, or a longer time period approved by the Director, the LCR plateau groundwater transporter submits one of the following for each well of record identified in the notice:

1. A signed and notarized consent form from the owner of the well of record consenting to the withdrawals. The LCR plateau groundwater transporter shall use the consent form furnished by the Director; or
2. Evidence satisfactory to the Director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the LCR plateau groundwater transporter made a reasonable attempt to locate the current owner of the well of record but was unable to do so.

- F. At any time before a final determination under this Section, the LCR plateau groundwater transporter may agree to construct or operate the well or wells in a manner that lessens the degree of impact on wells of record or regional land subsidence. Compliance with the agreement is a condition for the use of the well or wells to withdraw groundwater for transportation away from the basin pursuant to A.R.S. § 45-544(B)(1).

**R12-15-1305. Well Spacing Requirements - Applications to Use a Well to Withdraw Groundwater for Transportation to an Active Management Area Under A.R.S. § 45-559**

- A. The Director shall not approve an application to use a well or wells constructed after September 21, 1991, to withdraw groundwater for transportation to an active management area under A.R.S. § 45-559 if the Director determines that the withdrawals for that purpose will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B) of this Section.
- B. The Director shall determine that the withdrawals of groundwater will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells if any of the following apply:
1. Except as provided in subsection (C) of this Section, the Director determines that the probable impact of the groundwater withdrawals on any well of record in existence as of the date of receipt of the application will exceed 10 feet of additional drawdown after the first five years of the withdrawals. To assist the Director in making a determination under this subsection, the applicant may submit a hydrological study delineating those areas surrounding the proposed well or wells in which the projected impacts of the groundwater withdrawals on water levels will exceed 10 feet of additional drawdown after the first five years of the withdrawals. The Director may require the applicant to submit such a hydrological study if the Director determines that the study will assist the Director in making a determination under this subsection;
  2. The Director determines that the proposed well or wells will be located in an area of known land subsidence and the groundwater withdrawals will likely cause unreasonably increasing damage from additional regional land

subsidence. To assist the Director in making a determination under this subsection, the applicant may submit a hydrological study, which may include a geophysical evaluation, demonstrating the impact of the groundwater withdrawals on regional land subsidence. The Director may require the applicant to submit such a hydrological study if the Director determines that the study will assist the Director in making a determination under this subsection; or

3. Except as provided in subsection (D) of this Section, the Director determines, after consulting with ADEQ, that the groundwater withdrawals will likely cause the migration of contaminated groundwater from a remedial action site to a well of record in existence as of the date of receipt of the application, resulting in a degradation of the quality of the water withdrawn from the well of record so that the water will no longer be usable for the purpose for which it is currently being used without additional treatment, and that the damage to the owner of the well of record will not be prevented or adequately mitigated through the implementation of a program regulated under Title 49 of the Arizona Revised Statutes, or a program regulated by EPA or DOD. To assist the Director in making a determination under this subsection, the applicant may submit a hydrological study demonstrating whether the groundwater withdrawals will have the effect described in this subsection. The Director may require the applicant to submit such a hydrological study if the Director determines that the study will assist the Director in making a determination under this subsection.
- C. If the Director determines under subsection (B)(1) of this Section that the probable impact of the groundwater withdrawals on any well of record in existence as of the date of receipt of the application will exceed 10 feet of additional drawdown after the first five years of the withdrawals, the Director shall notify the applicant in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The Director shall not determine that the groundwater withdrawals will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B)(1) of this Section if within 60 days after the date on the notice, or a longer time period approved by the Director, the applicant submits one of the following for each well of record identified in the notice:
1. A signed and notarized consent form from the owner of the well of record consenting to the withdrawals. The applicant shall use the consent form furnished by the Director; or
  2. Evidence satisfactory to the Director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the applicant made a reasonable attempt to locate the current owner of the well of record but was unable to do so.
- D. If the Director determines that the groundwater withdrawals will have the effect described in subsection (B)(3) of this Section on one or more wells of record in existence as of the date of receipt of the application, the Director shall notify the applicant in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The Director shall not determine that the groundwater withdrawals will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B)(3)

of this Section if within 60 days after the date on the notice, or a longer time period approved by the Director, the applicant submits one of the following for each well of record identified in the notice:

1. A signed and notarized consent form from the owner of the well of record consenting to the withdrawals. The applicant shall use the consent form furnished by the Director; or
2. Evidence satisfactory to the Director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the applicant made a reasonable attempt to locate the current owner of the well of record but was unable to do so.

E. At any time before a final determination under this Section, the applicant may:

1. Amend the application to change the location of the proposed well or wells or the amount of groundwater to be withdrawn from the proposed well or wells to lessen the degree of impact on wells of record or regional land subsidence; or
2. Agree to construct or operate the proposed well or wells in a manner that lessens the degree of impact on wells of record or regional land subsidence. The Director shall indicate in the permit that compliance with the agreement is a condition of the permit to use the well or wells to withdraw groundwater for transportation to an active management area under A.R.S. § 45-559.

#### R12-15-1306. Well Spacing Requirements - Applications for Water Exchange Permits Under A.R.S. § 45-1041

A. The Director shall not approve an application for a water exchange permit filed under A.R.S. § 45-1041 by a person other than a city, town, private water company or irrigation district if the Director determines that any new or increased pumping by the applicant from a well or wells within an active management area pursuant to the water exchange will cause unreasonably increasing damage to surrounding land or other water users under subsection (B) of this Section.

B. The Director shall determine that new or increased pumping by the applicant from a well or wells within an active management area will cause unreasonably increasing damage to surrounding land or other water users if any of the following apply:

1. Except as provided in subsection (C) of this Section, the Director determines that the probable impact of the new or increased pumping on any well of record in existence as of the date of receipt of the application will exceed 10 feet of additional drawdown after the first five years of the pumping. To assist the Director in making a determination under this subsection, the applicant may submit a hydrological study delineating those areas surrounding the proposed well or wells in which the projected impacts of the new or increased pumping on water levels will exceed 10 feet of additional drawdown after the first five years of the pumping. The Director may require the applicant to submit such a hydrological study if the Director determines that the study will assist the Director in making a determination under this subsection;
2. The Director determines that the new or increased pumping will occur in an area of known land subsidence and the pumping will likely cause unreasonably increasing

damage from additional regional land subsidence. To assist the Director in making a determination under this subsection, the applicant may submit a hydrological study, which may include a geophysical evaluation, demonstrating the impact of the new or increased pumping on regional land subsidence. The Director may require the applicant to submit such a hydrological study if the Director determines that the study will assist the Director in making a determination under this subsection; or

3. Except as provided in subsection (D) of this Section, the Director determines, after consulting with ADEQ, that the new or increased pumping will likely cause the migration of contaminated groundwater from a remedial action site to a well of record in existence as of the date of receipt of the application, resulting in a degradation of the quality of the water withdrawn from the well of record so that the water will no longer be usable for the purpose for which it is currently being used without additional treatment, and that the damage to the owner of the well of record will not be prevented or adequately mitigated through the implementation of a program regulated under Title 49 of the Arizona Revised Statutes, or a program regulated by EPA or DOD. To assist the Director in making a determination under this subsection, the applicant may submit with the application a hydrological study demonstrating whether the new or increased pumping will have the effect described in this subsection. If the applicant does not submit such a hydrological study with the application, the Director may require the applicant to submit the study if the Director determines that the study will assist the Director in making a determination under this subsection.

C. If the Director determines under subsection (B)(1) of this Section that the probable impact of the new or increased pumping on any well of record in existence as of the date of receipt of the application will exceed 10 feet of additional drawdown after the first five years of the pumping, the Director shall notify the applicant in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The Director shall not determine that the new or increased pumping will cause unreasonably increasing damage to surrounding land or other water users under subsection (B)(1) of this Section if within 60 days after the date on the notice, or a longer time period approved by the Director, the applicant submits one of the following for each well of record identified in the notice:

1. A signed and notarized consent form from the owner of the well of record consenting to the new or increased pumping. The applicant shall use the consent form furnished by the Director; or
2. Evidence satisfactory to the Director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the applicant made a reasonable attempt to locate the current owner of the well of record but was unable to do so.

D. If the Director determines that the new or increased pumping will have the effect described in subsection (B)(3) of this Section on one or more wells of record in existence as of the date of receipt of the application, the Director shall notify the applicant in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The Director shall not determine that the new or increased pumping will cause unreason-

ably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B)(3) of this Section if within 60 days after the date on the notice, or a longer time period approved by the Director, the applicant submits one of the following for each well of record identified in the notice:

1. A signed and notarized consent form from the owner of the well of record consenting to the new or increased pumping. The applicant shall use the consent form furnished by the Director; or
  2. Evidence satisfactory to the Director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the applicant made a reasonable attempt to locate the current owner of the well of record but was unable to do so.
- E. At any time before a final determination under this Section, the applicant may:
1. Amend the application to change the location of the proposed well or wells or the amount of the new or increase pumping to lessen the degree of impact on wells of record or regional land subsidence; or
  2. Agree to construct or operate the proposed well or wells in a manner that lessens the degree of impact on wells of record or regional land subsidence. The Director shall indicate in the water exchange permit that compliance with the agreement is a condition of the water exchange permit.

**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 2193, effective August 7, 2006 (Supp. 06-2).

**R12-15-1307. Well Spacing Requirements - Notices of Water Exchange Under A.R.S. § 45-1051**

- A. A notice of water exchange participant may not participate in a water exchange for which a notice is filed under A.R.S. § 45-1051 if the Director determines that any new or increased pumping by the person from a well or wells within an active management area pursuant to the water exchange will cause unreasonably increasing damage to surrounding land or other water users under subsection (B) of this Section.
- B. The Director shall determine that new or increased pumping from the well or wells in an active management area will cause unreasonably increasing damage to surrounding land or other water users if any of the following apply:
1. Except as provided in subsection (C) of this Section, the Director determines that the probable impact of the new or increased pumping on any well of record in existence when the pumping commenced or is proposed to commence will exceed 10 feet of additional drawdown after the first five years of the pumping. To assist the Director in making a determination under this subsection, the notice of water exchange participant may submit to the Director a hydrological study delineating those areas surrounding the notice of water exchange participant's well or wells in which the projected impacts of the new or increased pumping on water levels will exceed 10 feet of additional drawdown after the first five years of the pumping. The Director may require the notice of water exchange participant to submit such a hydrological study if the Director determines that the study will assist the Director in making a determination under this subsection;
  2. The Director determines that the new or increased pumping is in an area of known land subsidence and the pumping will likely cause unreasonably increasing damage

from additional regional land subsidence. To assist the Director in making a determination under this subsection, the notice of water exchange participant may submit to the Director a hydrological study, which may include a geophysical evaluation, demonstrating the impact of the pumping on regional land subsidence. The Director may require the notice of water exchange participant to submit such a hydrological study if the Director determines that the study will assist the Director in making a determination under this subsection; or

3. Except as provided in subsection (D) of this Section, the Director determines, after consulting with ADEQ, that the new or increased pumping will likely cause the migration of contaminated groundwater from a remedial action site to a well of record in existence when the pumping commenced or is proposed to commence, resulting in a degradation of the quality of the water withdrawn from the well of record so that the water will no longer be usable for the purpose for which it is currently being used without additional treatment, and that the damage to the owner of the well of record will not be prevented or adequately mitigated through the implementation of a program regulated under Title 49 of the Arizona Revised Statutes, or a program regulated by EPA or DOD. To assist the Director in making a determination under this subsection, the notice of water exchange participant may submit to the Director a hydrological study demonstrating whether the new or increased pumping will have the effect described in this subsection. The Director may require the notice of water exchange participant to submit such a study if the Director determines that the study will assist the Director in making a determination under this subsection.
- C. If the Director determines under subsection (B)(1) of this Section that the probable impact of the new or increased pumping on any well of record in existence when the pumping commenced or is proposed to commence will exceed 10 feet of additional drawdown after the first five years of the pumping, the Director shall notify the notice of water exchange participant in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The Director shall not determine that the new or increased pumping will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B)(1) of this Section if within 60 days after the date on the notice, or a longer time period approved by the Director, the notice of water exchange participant submits one of the following for each well of record identified in the notice:
1. A signed and notarized consent form from the owner of the well of record consenting to the new or increased pumping. The notice of water exchange participant shall use the consent form furnished by the Director; or
  2. Evidence satisfactory to the Director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the notice of water exchange participant made a reasonable attempt to locate the current owner of the well of record but was unable to do so.
- D. If the Director determines that the new or increased pumping will have the effect described in subsection (B)(3) of this Section on one or more wells of record in existence when the pumping commenced or is proposed to commence, the Director shall notify the notice of water exchange participant in

writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The Director shall not determine that the new or increased pumping will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B)(3) of this Section if within 60 days after the date on the notice, or a longer time period approved by the Director, the notice of water exchange participant submits one of the following for each well of record identified in the notice:

1. A signed and notarized consent form from the owner of the well of record consenting to the new or increased pumping. The notice of water exchange participant shall use the consent form furnished by the Director; or
2. Evidence satisfactory to the Director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the notice of water exchange participant made a reasonable attempt to locate the current owner of the well of record but was unable to do so.

- E. At any time before a final determination under this Section, the notice of water exchange participant may agree to construct or operate the well or wells in a manner that lessens the degree of impact on wells of record or regional land subsidence. Compliance with the agreement is a condition for the use of the well to pump water for the water exchange.

**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 2193, effective August 7, 2006 (Supp. 06-2).

**R12-15-1308. Replacement Wells in Approximately the Same Location**

- A. For purposes of A.R.S. §§ 45-544, 45-596, and 45-597, a replacement well in approximately the same location is a proposed well to which all of the following apply:

1. The proposed well will be located no greater than 660 feet from the original well, and the location of the original well can be determined at the time the notice of intention to drill the proposed well is filed;
2. Except as provided in subsections (A)(3) and (A)(4) of this Section, the proposed well will not annually withdraw an amount of water in excess of the maximum annual capacity of the original well. The Director shall determine the maximum annual capacity of the original well by multiplying the maximum pump capacity of the original well in gallons per minute by 525,600, and then converting the result into acre-feet by dividing the result by 325,851 gallons. The Director shall presume that the maximum pump capacity of the original well is the maximum pump capacity of the well in gallons per minute as shown in the Department's well registry records, except that:

- a. If the Director has reason to believe that the maximum pump capacity as shown in the Department's well registry records is inaccurate, or if the applicant submits evidence demonstrating that the maximum pump capacity as shown in the Department's well registry records is inaccurate, the Director shall determine the maximum pump capacity by considering all available evidence, including the depth and

diameter of the well and any evidence submitted by the applicant; or

- b. If the Department's well registry records do not show the maximum pump capacity of the original well, the Director shall not approve the proposed well as a replacement well in approximately the same location unless the applicant demonstrates to the Director's satisfaction the maximum pump capacity of the original well;
3. If a well permit was issued for the original well under A.R.S. § 45-599, the proposed well will not annually withdraw an amount of groundwater in excess of the maximum annual volume set forth in the well permit;
4. If a recovery well permit was issued for the well to be replaced pursuant to A.R.S. § 45-834.01(B) and the permit sets forth a maximum annual volume of stored water that may be recovered from the well, the proposed well will not annually recover an amount of stored water in excess of the maximum annual volume set forth in the recovery well permit;
5. If the well to be replaced has been physically abandoned in accordance with R12-15-816, a notice of intention to drill the proposed well is filed no later than 90 days after the well to be replaced was physically abandoned; and
6. If the proposed well will be used to withdraw groundwater from the Little Colorado river plateau groundwater basin for transportation away from the basin pursuant to A.R.S. § 45-544(B)(1), one of the following applies:
  - a. The original well was drilled on or before January 1, 1991, or was drilled after that date pursuant to a notice of intention to drill that was on file with the Department on that date; or
  - b. The Director previously determined that the withdrawal of groundwater from the original well for transportation away from the Little Colorado river plateau groundwater basin complies with R12-15-1304.
- B. After a replacement well in approximately the same location is drilled, the replacement well may be operated in conjunction with the original well and any other wells that replaced the original well if the total annual withdrawals from all wells do not exceed the maximum amount allowed under subsection (A)(2), (A)(3), or (A)(4) of this Section, whichever applies.
- C. A proposed well may be drilled as a replacement well in approximately the same location for more than one original well if the criteria in subsections (A)(1), (A)(5), and (A)(6) of this Section are met with respect to each original well and if the total annual withdrawals from the proposed well will not exceed the combined maximum annual amounts allowed for each original well under subsections (A)(2), (A)(3), or (A)(4) of this Section, whichever apply.
- D. The Director may include conditions in the approval of the notice of intention to drill the replacement well to ensure that the drilling and operation of the replacement well meets the requirements of this Section.

**The release of this Chapter in Supp. 24-4 replaces Supp. 19-2, 1-10 pages.**

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

**R17-7-101. Definitions**

The following definitions apply to this Chapter unless otherwise specified:

“Accountable inventory” means an item that is reproduced by the Department in a consecutively numbered series for:

Recording the number of a completed, issued, or voided item in a log; and

Reporting the number of a completed, issued, or voided item to the Department.

“Activity” means a function or service that is provided by an authorized third party pursuant to A.R.S. Title 28, Chapter 13 and that is performed by a certified individual as defined in this Article.

“Agency head” or “political subdivision head” means the chief officer of an agency or political subdivision or another individual with authority to act for the agency head or political subdivision head.

“Application date” means the date an application is received by the Department.

“Authorized third party” means an entity that:

Has written permission from the Department to operate a business under A.R.S. Title 28, Chapter 13; and

Employs or contracts with at least one certified individual to provide a third-party activity.

“Branch” means an authorized third party’s business location that is an additional established place of business.

“Certified individual” means an individual who is certified by the Department under A.R.S. Title 28, Chapter 13 to perform specified activities for an authorized third party as an employee or contractor. The Department may certify an individual as:

A commercial driver license examiner,

A dealer license processor,

A driver license processor,

A driver license trainer,

An office personnel member,

A tax report processor,

A title and registration processor,

A vehicle inspector, or

A vehicle permit processor.

“Commercial driver license examiner” means an individual certified by the Department to administer class A, B, or C driver license skills tests.

“Concentration Banking System” means a depository eligible to be a servicing bank for the State of Arizona.

“Contact individual” means a principal or designated individual of an authorized third party who communicates with the Department on behalf of the authorized third party.

“Convenience fee” means the amount exceeding the statutorily prescribed fees and taxes that an authorized third party collects for its services.

“Department” means the Arizona Department of Transportation.

“Dealer license processor” means an individual certified by the Department to:

Review applications for vehicle dealer licenses;

Enter information related to the applications in the Department’s database; and

Issue vehicle dealer licenses under A.R.S. Title 28, Chapter 10.

“Driver license processor” means an individual certified by the Department to perform any one or a combination of driver license, including commercial driver license, processing functions under A.R.S. Title 28 as specified in the authorization agreement between the Department and an authorized third party who has engaged the individual to perform those functions.

“Driver license trainer” means an individual certified by the Department to:

Educate and train persons, either practically or theoretically, or both, to operate or drive motor vehicles;

Prepare applicants for an examination given by the Department or an authorized third party driver license provider for a driver license or instruction permit; and

Charge a consideration or tuition for these services.

“Established place of business” means an authorized third party’s business location that is:

Approved by the Department,

Located in Arizona,

Not used as a residence, and

Where the authorized third party performs authorized activities.

“Floor plan” means a Department-approved diagram of a building’s interior, as seen from above, that shows the interior dimensions and the location of doors, windows, and equipment.

“Good standing” means an authorized third party applicant or an applicant seeking certification:

Has not had a similar business license or certification issued suspended, revoked, canceled, or denied within the previous five years of the application date;

Does not owe delinquent fees, taxes, or unpaid balances to the Department;

Has not had any substantiated derogatory information relevant to the requested authorization or certification reported to the Department about the applicant from any state agency or from any consumer protection agency contacted by the Department; or

Amended by final expedited rulemaking at 30 A.A.R. 3524 (November 22, 2024), with an immediate effective date of November 6, 2024 (Supp. 24-4).

**R17-7-605. Additional Authorized CDLE Program Requirements**

In addition to satisfying the requirements of R17-7-204, the authorized third party shall:

- 1. Ensure all vehicles used for examination:
  - a. Are representative of the class and type for which the individual is seeking a commercial driver license;
  - b. Are maintained in a safe operating condition;
  - c. Comply with registration and insurance requirements set forth in A.R.S. Title 28, Chapters 7, 9, 15, and 16; and

- d. Comply with applicable Federal Motor Carrier Safety Regulations;
- 2. Maintain compliance with applicable federal rules and the federal rules as adopted by the Department under 17 A.A.C. 5, Article 2;
- 3. Allow employees or agents of the Department, any law enforcement agency, or the Federal Motor Carrier Safety Administration without prior notice to do any of the following:
  - a. Take the tests administered by the authorized third party as if the employee or agent is a test applicant,
  - b. Co-score along with the commercial driver license examiner during skills tests to compare pass or fail results,
  - c. Retest a sample of drivers who were examined by the authorized third party, or
  - d. Provide access to a vehicle for use under this subsection;
- 4. Maintain the following records at the authorized third party's principal place of business:
  - a. A copy of its current authorization agreement with the Department,
  - b. A copy of the current commercial driver license examiner's certificate for each examiner,
  - c. A copy of each completed skills test score sheet for the current calendar year and the past two calendar years,
  - d. A copy of the authorized third party's approved skills test routes and test sites, and
  - e. A copy of each commercial driver license examiner's training record;
- 5. Submit to the Department by the fifth day of each month, a list of all voided score sheets or an indication if none of the score sheets have been voided; and
- 6. Verify each CDL applicant:
  - a. Possesses a valid Arizona driver license with a photograph and a valid Department-issued commercial instruction permit for the class and endorsement of the vehicle to be used in the skills test,
  - b. Has successfully completed the CDL written tests, and
  - c. Has successfully completed the entry-level driver training from a certified organization on the national registry of entry-level driver training providers as prescribed in 49 CFR 380, Subpart F.

**ARTICLE 7. DRIVER LICENSE TRAINING PROVIDER PROGRAM****R17-7-701. Definitions**

The following definitions apply to this Article unless otherwise specified:

"Driver license training provider" means a business enterprise conducted by an individual, association, partnership, or corporation that educates and trains persons, either practically or theoretically, or both, to operate or drive motor vehicles; that prepares applicants for an examination given by the state for a driver license or instruction permit; and that charges a consideration or tuition for these services.

"Minimum professional training standards" means the Department's approved basic content of material to be presented to and understood by the student through evaluation.

**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 2418, effective August 5, 2006 (Supp. 06-2). Amended by exempt rulemaking at 20 A.A.R. 1138, effective May 1, 2014 (Supp. 14-2).

**R17-7-702. Additional Authorization Application Requirements for Driver License Training Providers**

In addition to satisfying the requirements of R17-7-201, an applicant for third-party authorization as a driver license training provider shall:

1. Submit the following:
  - a. The specified course of instruction which will be offered, and
  - b. Sample copies of the contracts that will be offered to prospective students or given to enrolled students.
2. Provide a certified statement that the applicant will meet the minimum professional training standards as set forth by the Department. The minimum professional training standards will be provided to the applicant and included in the authorization agreement.
3. Provide a copy of any current leases or agreements for the use of the land or buildings on which the applicant's places of business and training sites are located.
4. Ensure that all places of business and training sites:
  - a. Meet all local zoning requirements, and
  - b. Are not used as a residence.

**R17-7-704. Additional Authorized Driver License Training Provider Program Requirements**

In addition to satisfying the requirements of R17-7-204, the authorized third party shall comply with the following:

1. The authorized third party driver license training provider shall comply with the Department's approved curriculum.
2. The established place of business of each authorized third party driver license training provider must be used only for activities authorized by the Department.
3. Each established place of business shall meet all requirements of state law, local ordinances, and the accessibility requirements of the Americans with Disability Act of 1990 (42 U.S.C. 12101 et seq.). The Department may require proof of compliance with local zoning ordinances.
4. An authorized third party driver license training provider must post its office hours in a conspicuous place clearly visible to the public within that location and be open to the public during the posted hours. The person left in charge of the office during the posted office hours must be fully trained to give pertinent information to the public as well as give information to any representative of the Department or to any law enforcement agency.
5. The authorized third party driver license training provider shall provide adequate facilities for any student being given instruction in other than behind-the-wheel driver training.
6. An authorized third party driver license training provider shall maintain the following records at an established place of business or at the principal place of business and make them available for audit and inspection during normal business hours:
  - a. All records setting forth the name, address, contract number, and terms of payment with respect to every person receiving training of any kind, or any other service relating to the operation of a motor vehicle. These records must also contain the date, type, and duration of all training, including the name of the certified individual giving the lessons and the license plate number, make, and model of the vehicle used to conduct the training.
  - b. A record of all receipts and disbursements.
  - c. A record of all training vehicle maintenance and repairs.
7. If an authorized third party driver license training provider enters into a written contract with any person or group of persons receiving training relating to the operation of a motor vehicle, the training provider shall give the original contract to the student or the student's agent who executes the contract and shall retain a copy of the contract in its records.
8. An authorized third party driver license training provider shall equip each motor vehicle used for driver training with at least the following that enables an accompanying driver license trainer to bring the motor vehicle under control in case of emergency:
  - a. A dual braking device if the motor vehicle is equipped with an automatic transmission, or
  - b. A dual clutch and braking device if the motor vehicle is equipped with a standard transmission.

9. An authorized third party driver license training provider must maintain all motor vehicles in safe operating condition at all times.
10. An authorized third party driver license training provider shall conduct training only on test routes approved by the Department.
11. An authorized third party driver license training provider shall not:
  - a. Indicate or represent in any advertisement that the training provider can issue or guarantee issuance of a driver license in any jurisdiction,
  - b. Imply or represent that the training provider can in any way influence the Department or an authorized third party in the issuance of a driver license, or
  - c. Imply or represent that preferential or advantageous treatment from the Department or an authorized third party can be obtained.
12. An authorized third party driver license training provider or a certified trainer shall not accompany any student into any examining office or testing location rented, leased, or owned by the Department or an authorized third party for the purpose of taking a driver license examination.
13. In case of loss or mutilation, a duplicate authorization certificate may be issued by the Department on submission of a properly signed and completed application accompanied by an affidavit setting forth the circumstances. The affidavit must show the date the previously-issued authorization certificate was lost, mutilated, or destroyed, and the circumstances involving its loss, mutilation, or destruction.
14. An authorization for a driver training provider is non-transferable.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

## CHAPTER TABLE OF CONTENTS

*Editor's Note: The Office of the Secretary of State publishes all Chapters on white paper (Supp. 01-2).*

*Editor's Note: This Chapter contains rules which were adopted under an exemption from the provisions of the Administrative Procedure Act (A.R.S. Title 41, Chapter 6) pursuant to A.R.S. § 49-701.01(C)(1) and (2). Exemption from A.R.S. Title 41, Chapter 6 means that the Department did not submit these rules to the Governor's Regulatory Review Council for review; the Department did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; and the Department was not required to hold public hearings on these rules.*

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

**ARTICLE 1. RESERVED**

*Editor's Note: Article 2, consisting of Section R18-13-201, was adopted under an exemption from the provisions of A.R.S. Title 41, Chapter 6, pursuant to A.R.S. § 49-701.01(C)(1) and (2). Exemption from A.R.S. Title 41, Chapter 6 means the Department did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; the Department did not submit the rules to the Governor's Regulatory Review Council for review; and the Department was not required to hold public hearings on this Section (Supp. 98-3).*

**ARTICLE 2. SOLID WASTE DEFINITIONS; EXEMPTIONS**

*Editor's Note: The following Section was adopted under an exemption from the provisions of the Administrative Procedure Act which means that these rules were not reviewed by the Governor's Regulatory Review Council; the agency did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; and the agency was not required to hold public hearings on these rules (Supp. 98-3).*

**R18-13-201. Land Application of Biosolids Exemption**

- A. This Section applies only to biosolids as defined in R18-9-1001. The land application of biosolids, when placed on or applied to the land in full conformity with 18 A.A.C. 9, Article 10 and A.R.S. § 49-761(F), and if the site of land application has ceased to receive application of biosolids and all applicable site restrictions set by A.A.C. Title 18 Environmental Quality have been satisfied, is exempt statewide from the definition of solid waste found at A.R.S. § 49-701.01(A). This exemption applies only when the biosolids and the soil to which it has been applied remain at the site of the application.
- B. This exemption does not alter or set any new standard for the soil remediation standards found at 18 A.A.C. 7, Article 2.

**Historical Note**

Adopted under and exemption from A.R.S. Title 41, Chapter 6, pursuant to A.R.S. § 49-701.01(C)(1) and (2), effective July 27, 1998 (Supp. 98-3). Amended by exempt rulemaking at 5 A.A.R. 4004, effective September 17, 1999 (Supp. 99-3). Amended by final expedited rulemaking at 27 A.A.R. 57, with an immediate effective date of January 5, 2021 (Supp. 21-1).

**R18-13-202. Coal Slurry Discharges from Pipeline Leaks Exemption**

This Section applies only to coal slurry discharges onto the ground from pipeline leaks. Coal slurry discharges onto the ground from pipeline leaks are exempt statewide from the definition of solid waste prescribed in A.R.S. § 49-701.01(A) if both of the following conditions are met:

1. The discharge was the result of an accidental pipeline leak.
2. The thickness of the layer of coal slurry on the ground that resulted from the discharge is 3 inches or less.

**Historical Note**

New Section adopted by exempt rulemaking at 5 A.A.R. 4004, effective September 17, 1999 (Supp. 99-3).

**ARTICLE 3. REFUSE AND OTHER OBJECTIONABLE WASTES****R18-13-301. Reserved****R18-13-302. Definitions**

- A. "Approved" means acceptable to the Department.
- B. "Ashes" means residue from the burning of any combustible material.

- C. "Department" means the Department of Environmental Quality or a local health department designated by the Department of Environmental Quality.
- D. "Garbage" means all animal and vegetable wastes resulting from the processing, handling, preparation, cooking, and serving of food or food materials.
- E. "Manure" means animal excreta, including cleanings from barns, stables, corrals, pens, or conveyances used for stabling, transporting, or penning of animals or fowls.
- F. "Person" means the state, a municipality, district or other political subdivision, a cooperative, institution, corporation, company, firm, partnership or individual.
- G. "Refuse" means all putrescible and nonputrescible solid and semisolid wastes, except human excreta, but including garbage, rubbish, ashes, manure, street cleanings, dead animals, abandoned automobiles, and industrial wastes.
- H. "Rubbish" means nonputrescible solid wastes, excluding ashes, consisting of both combustible and noncombustible wastes, such as paper, cardboard, waste metal, tin cans, yard clippings, wood, glass, bedding, crockery and similar materials.

**Historical Note**

Section recodified from A.A.C. R18-8-502, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-303. Responsibility**

- A. The owner, agent, or the occupant of any premises, business establishment, or industry shall be responsible for the sanitary condition of said premises, business establishment, or industry. No person shall place, deposit, or allow to be placed or deposited on his premises or on any public street, road, or alley any refuse or other objectionable waste, except in a manner described in these rules.
- B. The owner, agent, or the occupant of any premises, business establishment, or industry shall be responsible for the storage and disposal of all refuse accumulated, by a method or methods described in these rules.
- C. The collection and disposal of all refuse not acceptable for collection by a collection agency is the responsibility of each occupant, business establishment, or industry where such refuse accumulates, and all such refuse shall be stored, collected, and disposed of in a manner approved by the Department.
- D. All dangerous materials and substances shall, where necessary, be rendered harmless prior to collection and disposal.

**Historical Note**

Section recodified from A.A.C. R18-8-503, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-304. Inspection**

Representatives of the Department shall make such inspections of any premises, container, process, equipment, or vehicle used for collection, storage, transportation, disposal, or reclamation or refuse as are necessary to ensure compliance with these rules.

**Historical Note**

Section recodified from A.A.C. R18-8-504, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-305. Collection Required**

- A. Where refuse collection service is available, the following refuse shall be required to be collected: Garbage, ashes, rub-

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

bish, and small dead animals which do not exceed 75 pounds in weight.

- B.** The following refuse is not considered acceptable for collection but may be collected at the discretion of the collection agency where special facilities or equipment required for the collection and disposal of such wastes are provided:
1. Dangerous materials or substances, such as poisons, acids, caustics, infected materials, radioactive materials, and explosives.
  2. Materials resulting from the repair, excavation, or construction of buildings and structures.
  3. Solid wastes resulting from industrial processes.
  4. Animals exceeding 75 pounds in weight, condemned animals, animals from a slaughterhouse, or other animals normally considered industrial waste.
  5. Manure.

**Historical Note**

Section recodified from A.A.C. R18-8-505, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-306. Notices**

- A.** All collection agencies shall provide each householder, or business establishment served, with a copy of the requirements governing the storage and collection of refuse which shall cover at least the following items:
1. Definitions.
  2. Places to be served.
  3. Places not to be served.
  4. Scheduled day or days of collection.
  5. Materials acceptable for collection.
  6. Materials not acceptable for collection.
  7. Preparation of refuse for collection.
  8. Types and size of containers permitted.
  9. Points from which collections will be made.
  10. Necessary safeguards for collectors.
- B.** All such notices governing storage and collection shall conform to these rules.

**Historical Note**

Section recodified from A.A.C. R18-8-506, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-307. Storage**

- A.** All refuse shall be stored in accordance with the requirements of this Section. The owner, agent, or occupant of every dwelling, business establishment, or other premises where refuse accumulates shall provide a sufficient number of suitable and approved containers for receiving and storing of refuse, and shall keep all refuse therein, except as otherwise provided by this Chapter.
- B.** Garbage shall be stored in durable, rust resistant, nonabsorbent, watertight, and easily cleanable containers, with close fitting covers and having adequate handles or bails to facilitate handling. The size of the container shall be determined by the collection agency.
- C.** Rubbish and ashes shall be stored in durable containers. Bulky rubbish such as tree trimmings, newspapers, weeds, and large cardboard boxes shall be handled as directed by the collection agency. Where garbage separation is not required, containers for the storage of mixed rubbish and garbage shall meet the requirements specified in subsection (B).
- D.** Containers for the storage of refuse shall be maintained in such a manner as to prevent the creation of a nuisance or a menace

to public health. Containers that are broken or otherwise fail to meet the requirements of the rules shall be replaced, by the owner of said containers, with approved containers.

- E.** Manure and droppings shall be removed from pens, stables, yards, cages, conveyances, and other enclosures as often as necessary to prevent a health hazard or the creation of a nuisance. All material removed shall be handled and stored in a manner that will maintain the premises nuisance free.

**Historical Note**

Section recodified from A.A.C. R18-8-507, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-308. Frequency of Collection; Variance**

- A.** The collection of garbage, refuse, rubbish, and ashes shall be in accordance with rules of the collection agency except that the frequency of collection shall not be less than once per week.
- B.** A variance from the required frequency of collection in subsection (A) may be granted by the county department designated by the county to approve variances to allow for collection less than once weekly. The variance may be granted upon submission of an acceptable plan by the collection agency to the designated county department demonstrating that no public health hazards or nuisances will exist and that fly breeding will be controlled by either biological, chemical, or mechanical means. The variance may be revoked whenever the designated county department determines that the circumstances warranting the variance no longer exist.
- C.** A county may request the Department of Environmental Quality to assume the functions of granting and revoking variances under this Section.
- D.** For the purposes of this Section, "collection agency" means a city, town, person, or commercial service that offers collection or transportation of garbage, refuse, rubbish, and ashes as a service.

**Historical Note**

Section recodified from A.A.C. R18-8-508, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3). Section amended by final rulemaking at 30 A.A.R. 3900 (December 27, 2024), effective February 4, 2025 (Supp. 24-4).

**R18-13-309. Place of Collection**

- A.** All refuse shall be properly placed on the premises for convenient collection as designated by the collection agency.
- B.** Where alleys are provided, collection shall be made on the alley side of the premises.

**Historical Note**

Section recodified from A.A.C. R18-8-509, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-310. Vehicles**

- A.** Vehicles used for collection and transportation of garbage, or refuse containing garbage, shall have covered, watertight, metal bodies of easily cleanable construction, shall be cleaned frequently to prevent a nuisance or insect breeding, and shall be maintained in good repair.
- B.** Vehicles used for collection and transportation of refuse shall be loaded and moved in such a manner that the contents, including ashes, will not fall, leak, or spill therefrom. Where spillage does occur, it shall be picked up immediately by the collector and returned to the vehicle or container.

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

- C. Vehicles used for collection and transportation of rubbish or manure shall be of such construction as to prevent leakage or spillage, and shall provide a cover to prevent blowing of materials or creating a nuisance.

**Historical Note**

Section recodified from A.A.C. R18-8-510, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-311. Disposal; General**

- A. All refuse shall be disposed of by a method or methods included in these rules and shall include rodent, insect, and nuisance control at the place or places of disposal. Approval must be obtained from the Department for all new disposal sites and may change in the method of disposal prior to use.
- B. Carcasses of large dead animals shall be buried or cremated, unless satisfactory arrangements have been made for disposal by rendering or other approved methods.
- C. All public "dumping grounds", provided in compliance with A.R.S. § 9-441, shall be maintained and operated in accordance with the requirements of these rules.
- D. Manure shall be disposed of by sanitary landfill, composting, incineration, or used as fertilizer in such a manner as not to create insect breeding or a nuisance.

**Historical Note**

Section recodified from A.A.C. R18-8-511, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-312. Methods of Disposal**

Approval must be obtained from the Department for any method or methods used for the disposal of refuse prior to the start of operations, and shall be accomplished by one or more of the methods listed below:

1. Sanitary landfill -- Consists of the disposal of refuse on land and the daily compaction and covering of the refuse with 6 to 12 inches of earth so as to prevent a health hazard or nuisance. The final compacted earth cover shall be a minimum of 2 feet in depth. Where sanitary landfill operations are proposed, the Department will require the following:
  - a. The landfill shall be located so that seepage will not create a health hazard, nuisance, or cause pollution of any watercourse or water bearing strata.
  - b. Adequate and proper surface drainage shall be provided to prevent ponding or erosion by rainwater of the finished fill.
  - c. Provision shall be made for the control of insects, rodents, wind blown refuse, and accidental fire.
  - d. Burning of refuse is prohibited.
  - e. An all weather access road is required.
  - f. Suitable equipment and operating personnel shall be provided.
  - g. Salvaging, if permitted, shall be rigidly controlled.
  - h. A variance from the daily compaction and covering requirement may be granted for sites serving less than 2,000 people by the Department of Environmental Quality upon submission of an acceptable plan approved by the local health department demonstrating that no public health hazards or nuisances will exist. The variance will allow for compaction and cover every two weeks at sites serving less than 500 people; weekly compaction and cover for sites serving from 500 to 1,000 people; and twice

weekly compaction and cover for sites serving from 1,000 to 2,000 people. The variance may be revoked whenever the Department of Environmental Quality determines that the circumstances warranting the variance no longer exist.

2. Incineration -- Where incineration is to be employed, the plans and specifications, along with any other information necessary to evaluate the project, shall be submitted to the Department and approval received prior to construction. In addition, an approved method for the disposal of non-combustible refuse is required. Where incineration is proposed, the following items shall be provided:
  - a. The capacity of the incinerator shall be sufficient for the maximum production of refuse expected.
  - b. Noncombustible refuse shall be disposed of by methods approved by the Department.
  - c. Skilled personnel to assure the proper operation and maintenance of the facilities in a nuisance-free manner.
3. Composting -- This method of disposal is acceptable to the Department under the following conditions:
  - a. That plans and specifications and other information necessary to evaluate the project are submitted to the Department and approval received prior to start of construction.
  - b. That provisions are made for the proper disposal of all refuse not considered suitable for composting.
  - c. Skilled personnel shall be provided to assure the proper operation and maintenance of the facilities in a nuisance-free manner.
4. Garbage grinding -- This method, involving the separate collection and disposal of garbage into a community sewerage system through commercial type grinders or mandatory community-wide installation of individual household grinders, will be acceptable to the Department provided that suitable means shall be provided for the disposal of all remaining refuse.
5. Hog feeding -- This method of disposal will only be approved under the following conditions:
  - a. The garbage is collected and stored in suitable containers.
  - b. Only approved type vehicles are used for collection.
  - c. All garbage is effectively heat-treated in accordance with Title 24, Chapter 7, Article 3 (A.R.S. §§ 24-941 through 24-949).
  - d. All remaining refuse, including nonedible garbage, is collected and disposed of separately by methods approved by the Department.
6. Manure disposal -- Manure shall be disposed of by sanitary landfill, composting, incinerating, or used as a fertilizer in such a manner as not to create insect breeding or a nuisance.

**ARTICLE 4. SOLID WASTE FACILITIES SUBJECT TO BEST MANAGEMENT PRACTICES****R18-13-401. Definitions**

- A. "Department" means the Arizona Department of Environmental Quality.

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

- B.** “Material recovery facility” means a transfer facility that collects, compacts, repackages, sorts, or processes commingled recyclable solid waste generated offsite for the purpose of recycling and transport, or where source separated recyclable solid waste is processed for sale to various markets, and where the incoming materials are predominantly recyclable solid waste.
- C.** “Recyclable solid waste” means a product or material described in subsection (C)(1) or (2), and for which subsection (C)(3) is true:
1. A product with no useful life remaining for the purposes for which it was produced, or if useful life remains, the product will not, due to location, quantity, or owner choice, remain in use or be reused for a purpose for which it was produced.
  2. A material that is a result of a process or activity whose purpose was to produce something else.
  3. The product or material retains some economic value, with or without further processing, as a raw material or feedstock in some process other than incineration or combustion.

**Historical Note**

New Section made by final rulemaking at 31 A.A.R. 348 (January 24, 2025), with an immediate effective date of December 24, 2024 (Supp. 24-4).

**R18-13-402. Solid Waste Facilities Subject to Best Management Practices; Fees**

- A.** The following solid waste facilities subject to best management practices under A.R.S. § 49-762.02 shall register with the Department and pay registration fees as provided in this Section:
1. A transfer facility, as defined in A.R.S. § 49-701, with a daily throughput of 180 cubic yards or less, but not including:
    - a. A material recovery facility where the incoming materials are primarily source separated recyclables; or
    - b. Community or neighborhood recycling bins including drop boxes, roll off containers, and plastic containers used to collect residential, business, or governmental recyclable solid waste.
  2. A site at which more than 500 and fewer than 5,000 waste tires are stored on any day that is not required to obtain plan approval pursuant to A.R.S. § 49-762.
- B.** Initial registration. A new solid waste facility listed in subsection (A) shall not begin operation until the owner or operator registers with the Department on a form approved by the Department. The owner or operator of a new solid waste facility listed in subsection (A) shall submit an initial registration fee of \$1,800 at the time of registration under this subsection.
- C.** Annual registration fee. The Department shall bill an annual registration fee of \$1,500 to a registered solid waste facility listed in subsection (A) that has not filed a notice of termination of registration with the Department. The owner or operator of a registered solid waste facility listed in subsection (A) shall pay the annual registration fee within 30 days of invoice receipt.
- D.** Registration as a waste tire collection site under R18-13-1211 shall satisfy registration and fee requirements pursuant to this Section for a site under subsection (A)(2) of this Section.
- E.** Beginning July 1, 2026, the Director shall adjust the fee amounts in subsections (B) and (C) of this Section annually by the following method, except that no adjustment in any year

shall exceed four percent of the fee amount of the preceding year:

1. Multiply the amount by the October CPI for the most recent year and then divide by the October CPI for the year 2024. The October CPI for any year is the Consumer Price Index for All Urban Consumers, Phoenix-Mesa-Scottsdale, AZ, all items, published by the United States Department of Labor at [www.bls.gov/cpi/regional-resources.htm](http://www.bls.gov/cpi/regional-resources.htm), for October of that year.
2. Round the result from subsection (E)(1) to the nearest cent. ADEQ shall post the new amounts on its webpage and install them in the billing software as soon as practicable.

**Historical Note**

New Section made by final rulemaking at 31 A.A.R. 348 (January 24, 2025), with an immediate effective date of December 24, 2024 (Supp. 24-4).

**ARTICLE 5. REQUIREMENTS FOR SOLID WASTE FACILITIES SUBJECT TO SELF-CERTIFICATION****R18-13-501. Solid Waste Facilities Requiring Self-Certification; Registration Fees**

- A.** The following solid waste facilities requiring self-certification under A.R.S. § 49-762.01 shall register with the Department and pay annual registration fees as provided in this Section:
1. A transfer facility, as defined in A.R.S. § 49-701, with a daily throughput of more than 180 cubic yards, including a material recovery facility, but not including:
    - a. A material recovery facility where the incoming materials are primarily source separated recyclables; or
    - b. Community or neighborhood recycling bins including drop boxes, roll off containers, and plastic containers used to collect residential, business, or governmental recyclable solid waste.
  2. A facility storing 5,000 or more waste tires on any one day and not required to obtain plan approval.
  3. A waste tire shredding and processing facility.
- B.** Initial registration for a new facility. The owner or operator of a planned new facility identified in subsection (A) of this Section shall submit the following information to the Department before beginning construction:
1. The name of the solid waste facility.
  2. The name, mailing address and telephone number of each owner and operator of the solid waste facility.
  3. The physical location of the solid waste facility by physical address, latitude and longitude, or legal description. If none of these are practical, by driving directions from the nearest city or town.
  4. A brief description of operations, including waste management methods, types and volumes of waste handled, waste storage and treatment equipment, and the length of time the waste remains onsite.
  5. A diagram of the property showing its approximate size and the planned location of the solid waste facility or facilities.
  6. Documentation that the facility will comply with local zoning laws or, if the owner is an agency or political subdivision of this state, with A.R.S. § 49-767.
  7. Documentation that the facility has any other environmental permit that is required by statute.
  8. A copy of the public notice in a newspaper of general circulation in the area where the facility will be located stat-

ing the intent to construct and operate a new solid waste facility pursuant to A.R.S. § 49-762.05.

- C. Initial and annual registration for an existing facility. The owner or operator of an existing facility identified in subsection (A) of this Section shall submit the following information to the Department annually on a form approved by the Department and note any changes since the last registration:
1. The name of the solid waste facility.
  2. The name, address and telephone number of each owner and operator of the solid waste facility.
  3. The physical location of the solid waste facility by physical address, latitude and longitude, or legal description. If none of these are practical, by driving directions from the nearest city or town.
  4. A brief description of operations, including waste management methods, types and volumes of waste handled, waste storage and treatment equipment, and the length of time the waste remains onsite.
  5. A diagram of the property showing its approximate size and the location of the solid waste facility or facilities.
  6. Documentation that the facility remains in compliance with the most current local zoning laws or with A.R.S. § 49-767, as applicable.
  7. Documentation that the facility continues to hold any other environmental permit that is required by statute.
- D. Self-certification. With each registration under subsection (B) or (C) of this Section, the owner or operator shall certify that the information submitted is true, accurate, and complete to the best of the person's knowledge and belief.
- E. Registration fees. The owner or operator of a solid waste facility under subsection (A) shall pay the Department \$3,600 for the initial registration of a new facility, and \$3,000 for each annual registration thereafter. The Department shall bill the annual registration fee to a solid waste facility under subsection (A) that has not filed a notice of termination of registration with the Department and the solid waste facility shall pay within 30 days of invoice receipt.
- F. Beginning July 1, 2026, the Director shall adjust the fee amounts in subsection (E) of this Section annually by the following method, except that no adjustment in any year shall exceed four percent of the fee amount of the preceding year:
1. Multiply the amount by the October CPI for the most recent year and then divide by the October CPI for the year 2024. The October CPI for any year is the Consumer Price Index for All Urban Consumers, Phoenix-Mesa-Scottsdale, AZ, all items, published by the United States Department of Labor at [www.bls.gov/cpi/regional-resources.htm](http://www.bls.gov/cpi/regional-resources.htm), for October of that year.
  2. Round the result from subsection (F)(1) to the nearest cent. ADEQ shall post the new amounts on its webpage and install them in the billing software as soon as practicable.
- G. As used in this Section:
1. "Department" means the Arizona Department of Environmental Quality.
  2. "Material recovery facility" means a transfer facility that collects, compacts, repackages, sorts, or processes commingled recyclable solid waste generated offsite for the purpose of recycling and transport, or where source separated recyclable solid waste is processed for sale to various markets, and where the incoming materials are predominantly recyclable solid waste.

3. "Recyclable solid waste" means a product or material described in subsection (G)(3)(a) or (b), and for which subsection (G)(3)(c) is true:

- a. A product with no useful life remaining for the purposes for which it was produced, or if useful life remains, the product will not, due to location, quantity, or owner choice, remain in use or be reused for a purpose for which it was produced.
- b. A material that is a result of a process or activity whose purpose was to produce something else.
- c. The product or material retains some economic value, with or without further processing, as a raw material or feedstock in some process other than incineration or combustion.

**Historical Note**

New Section made by final rulemaking at 18 A.A.R. 1217, effective July 1, 2012 (Supp. 12-2). Amended by final rulemaking at 31 A.A.R. 348 (January 24, 2025), with an immediate effective date of December 24, 2024 (Supp. 24-4).

**ARTICLE 6. RESERVED****ARTICLE 7. SOLID WASTE FACILITY PLAN REVIEW FEES****R18-13-701. Definitions**

In addition to the definitions provided in A.R.S. §§ 49-701, 49-701.01, and 49-851, and 18 A.A.C. 13, the following definitions apply in this Article:

1. "Aquifer Protection Permit" or "APP" means the permit that is required pursuant to A.R.S. § 49-241.
2. "MSWLF" means a municipal solid waste landfill as defined in A.R.S. § 49-701.
3. "Non-APP requirements for Non-MSWLFs" means 40 CFR 257 requirements and the restrictive covenant and location restrictions required in A.R.S. Title 49, Chapter 4.
4. "Non-MSWLF" means a landfill that is not a municipal solid waste landfill as defined in A.R.S. § 49-701.
5. "RD&D" means research, development, and demonstration.
6. "Review hours" means the hours or portions of hours that the Department's staff spends on a request for a plan review. Review hours include the time spent by the project manager and technical review team members, and if requested by the applicant, the supervisor or unit manager.
7. "Review-related costs" means any of the following costs applicable to a specific plan review:
  - a. Presiding officer services for public hearings on a plan review decision,
  - b. Court reporter services for public hearings on a plan review decision,
  - c. Facility rentals for public hearings on a plan review decision,
  - d. Charges for laboratory analyses performed during the plan review,
  - e. Other reasonable and necessary review-related expenses documented in writing by the Department and agreed to by an applicant.
8. "Solid waste facility plan" means a plan or the individual components of a plan, such as the design, operational, closure, or post-closure plan, or the demonstration of financial responsibility as required by A.R.S. § 49-770,

Adopted effective July 1, 1996; filed in the Office of the Secretary of State December 1, 1995 (Supp. 95-4). Amended effective May 15, 1997 (Supp. 97-2). Amended by exempt rulemaking at 8 A.A.R. 3747, effective November 1, 2002 (Supp. 02-3). Amended by final rulemaking at 18 A.A.R. 1217, effective July 1, 2012 (Supp. 12-2).

**R18-13-702. Solid Waste Facility Plan Review Fees**

- A. With each application submitted for approval pursuant to A.R.S. § 49-762.03, the applicant shall remit an initial fee in accordance with one of the fee tables in this subsection, unless otherwise provided in subsection (B) of this Section. This subsection also lists the maximum fees that the Department will bill the applicant. All fees paid shall be payable to the state of Arizona. The Department shall deposit the fees paid into the Solid Waste Fee Fund established pursuant to A.R.S. § 49-881, unless otherwise authorized or required by law.

**Fee Tables****Fees for Plan Review of New Solid Waste Facilities**

	Initial	Maximum
Solid Waste Landfills	\$20,000	\$297,047

Other Solid Waste Facilities Subject to Plan Approval	\$10,000	\$148,524

**Fees for Modifications to Solid Waste Facility Plans**

	Initial	Maximum
Solid Waste Landfills – Type IV	\$1,500	\$222,786
Solid Waste Landfills – Type III	\$750	\$111,393
Other Solid Waste Facilities Subject to Plan Approval - Type IV	\$750	\$111,393
Other Solid Waste Facilities Subject to Plan Approval - Type III	\$500	\$74,262

**Fees for Review of Financial Responsibility Plans for Solid Waste Facilities**

	Initial	Maximum
Annual Review for Solid Waste Landfills	\$891 Flat Fee	N/A
Other Solid Waste Facilities	\$200	\$7,426

- B. The Department shall bill an applicant for plan review services, subject to an hourly rate, no more than monthly, but at least semi-annually. The following information shall be included in each bill:
1. The dates of the billing period;
  2. After January 1, 2013, the date and number of review hours performed during the billing period itemized by employee name, position type and specifically describing:
    - a. Each review task performed,
    - b. The facility and operational unit involved, and
    - c. The hourly rate;
  3. A description and amount of any other reasonable review-related cost; and
  4. The total fees paid to date, the total fees due for the billing period, the date when the fees are due, and the maximum fee for the project.

- C. Within 30 days after the Department makes a final determination whether to approve or disapprove of the facility plan, or when an applicant withdraws or closes the application for review, the Department shall prepare and issue a final itemized bill of its review. If the Department determines that the actual cost of reviewing the plan is less than the initial fee and any interim fees paid, the Department shall refund the difference to the applicant within 30 days after the issuance of the approval or disapproval of the application. If the Department determines that the actual cost of plan review is greater than the corresponding amount listed, the Department shall list the amount that the applicant owes on the final itemized bill, except that the final itemized bill shall not exceed the applicable maximum fee specified in subsection (A). The applicant shall pay in full the amount due within 30 days of receipt of the final itemized bill.
- D. If the final bill is not paid within the 30 days, the Department shall mail a second notice to the applicant. Failure to pay the amount due within 60 days of receipt of the notice shall result in the Department initiation of proceedings for suspension of the approval, in accordance with A.R.S. § 49-782. The suspension shall continue until full payment is received at the Department. If full payment is not received at the Department within 365 days of the date of the approval, the approval shall be revoked in accordance with A.R.S. § 49-782. The Department shall not review any further plans for an entity which has not paid all fees due for a previous review of a solid waste facility plan.
- F. The hourly rate is \$181.
- G. Beginning July 1, 2026, the Director shall adjust the fee amounts in the columns of the Fee Tables titled "Maximum", the annual review for solid waste landfills flat fee in the Fee Table - Fees for Review of Financial Responsibility Plans for Solid Waste Facilities, and the hourly rate amount in subsection (F) of this Section annually by the following method, except that no adjustment in any year shall exceed four percent of the fee amount of the preceding year:
1. Multiply the amount by the October CPI for the most recent year and then divide by the October CPI for the year 2024. The October CPI for any year is the Consumer Price Index for All Urban Consumers, Phoenix-Mesa-Scottsdale, AZ, all items, published by the United States Department of Labor at [www.bls.gov/cpi/regional-resources.htm](http://www.bls.gov/cpi/regional-resources.htm), for October of that year.
  2. Round the result from subsection (G)(1) to the nearest cent. ADEQ shall post the new amounts on its webpage and install them in the billing software as soon as practicable.

**R18-13-703. Review of Bill**

- A.** An applicant who disagrees with the final bill received from the Department for plan review and issuance or denial of a solid waste facility plan approval under this Article may make a written request to the Director for a review of the bill and may pay the bill under protest. The request for review shall specify the matters in dispute and shall be received by the Department within 10 working days of the date of receipt of the final bill.
- B.** Unless the Department and applicant agree otherwise, the review shall take place within 30 days of receipt by the Department of the request. The Director shall make a final decision as to whether the time and costs billed are correct and reasonable. The final decision shall be mailed to the applicant within 10 working days after the date of the review and is subject to appeal pursuant to A.R.S. §§ 41-1092 through 1092.12.

**ARTICLE 8. GENERAL PERMITS****R18-13-801. General Permit Fees**

- A.** The Department shall assess annual fees for operation under a general permit established in rule as described in the Table below. Beginning July 1, 2026, the Director shall adjust the fee amounts in the Table below annually by the following method, except that no adjustment in any year shall exceed four percent of the fee amount of the preceding year:
1. Multiply the amount by the October CPI for the most recent year and then divide by the October CPI for the year 2024. The October CPI for any year is the Consumer Price Index for All Urban Consumers, Phoenix-Mesa-Scottsdale, AZ, all items, published by the United States Department of Labor at [www.bls.gov/cpi/regional-resources.htm](http://www.bls.gov/cpi/regional-resources.htm), for October of that year.

2. Round the result from subsection (A)(1) to the nearest cent. ADEQ shall post the new amounts on its webpage and install them in the billing software as soon as practicable.
- B.** In addition to the technical requirements proposed for any general permit to be included in this Article, the Department shall propose the category to be assigned to the permit according to the Table below.
- C.** An applicant shall pay the initial fee when approval to operate is requested. The Department shall bill an annual fee to facilities that have not notified the Department that they are no longer operating and have met the closure requirements of this Chapter.
- D.** For the purpose of this Article, "complex" has the meaning in A.A.C. R18-1-501. "Standard" is any facility that is not complex.

**R18-13-802. Disposal General Permit: Non-Municipal Solid Waste Landfills at Mining Operations**

- A.** This general permit is adopted pursuant to A.R.S. § 49-706 as an alternative to plan approvals for facilities identified in A.R.S. § 49-762(A)(1). This general permit authorizes disposal of solid waste in a landfill at a mining operation if the landfill meets one of the following criteria:
1. The landfill is identified as a discharging facility in an area-wide aquifer protection permit and is located within the pollutant management area developed for that permit; or
  2. The landfill is located within the pollutant management area of an area-wide aquifer protection permit but is exempt from the permit requirement because it contains only inert material as defined in A.R.S. § 49-201; or
  3. The landfill is located at a site qualifying as a groundwater protection permit facility as defined in A.R.S. § 49-241.01(C) and the site has submitted an administratively complete application for an aquifer protection permit that has not been denied. Landfills that are located at mining operations and that are subject to best management practices under A.R.S. § 49-762.02(6) are required to comply with those practices and do not require coverage under this general permit.
- B.** Authorized and prohibited materials.
1. Disposal of the following is allowed under this general permit:
    - a. Solid waste generated at the mining operation where the landfill is located; and
    - b. Incidental amounts of putrescible waste generated at the mining operation where the landfill is located. For the purposes of this Section, "putrescible waste"

means solid waste which contains organic matter capable of being decomposed by microorganisms and of such a character and proportion as to be capable of attracting or providing food for birds.

2. Disposal of the following is prohibited under this general permit:
  - a. Used oil as defined in A.R.S. § 49-801(3).
  - b. Human excreta as defined in R18-13-1102.
  - c. Special waste as defined in A.R.S. § 49-851(A)(5).
  - d. Biohazardous medical waste as defined in R18-13-1401.
  - e. Radioactive waste material regulated for disposal pursuant to Title 12, Chapter 1 of the Arizona Administrative Code.
  - f. Hazardous waste as defined in A.R.S. § 49-921(5), including hazardous waste generated by a conditionally exempt small quantity generator.
  - g. Bulk or noncontainerized liquid waste.
  - h. Waste containing polychlorinated biphenyls regulated for disposal pursuant to 40 CFR 761.
- C. A person may operate a landfill at a mining operation under this general permit if:
  1. Operation of the landfill complies with the requirements of this Section;
  2. The person files a Notice of Intent to Operate that complies with subsections (D) and (E);
  3. The person satisfies any requests for additional information from the Department regarding the Notice of Intent to Operate landfill operation and receives a written Authorization to Operate from the Director; and
  4. The person submits the applicable fee established in R18-13-801 for the Disposal category.
- D. Notice of Intent to Operate. An applicant shall submit to the Department a Notice of Intent to Operate under this general permit. The Notice shall contain:
  1. The name, address, and telephone number of the applicant;
  2. The name, address, and telephone number of a contact person familiar with the operation of the facility;
  3. The legal description of the landfill area, latitude and longitude coordinates, a detailed figure(s) showing both the existing landfill boundary and the anticipated future waste footprint of the landfill at the time of closure, and a map showing the location of the landfill within the mining operation;
  4. A description of how the applicant will meet the public access restrictions in subsection (H)(3);
  5. A description of how the applicant will meet the cover requirements in subsection (H)(4);
  6. A description of how the applicant will meet the methane requirements in subsection (H)(5). For landfills that have accepted waste prior to the effective date of this Section only, the applicant shall include recent methane monitoring sampling results from either:
    - a. One (1) measurement per acre of landfill waste footprint; or
    - b. A minimum of four (4) monitoring probes installed to the depth of refuse around the perimeter of the landfill and measured quarterly for the presence of methane gas for a period of one (1) year;
  7. A narrative description of the landfill, including whether the landfill is existing or planned, the acreage of the current and planned waste footprint, estimated disposal capacity in cubic yards, expected lifespan, projected rate of waste disposal in tons per day or per week, and sources of solid waste generation;
8. A listing of any other federal or state environmental permits issued for or needed by the landfill, including any individual plan approval, APP, Groundwater Quality Protection Permit, or Notice of Disposal; and
9. A signature on the Notice of Intent to Operate certifying that the applicant agrees to comply with all terms of this general permit.
- E. Existing facility application deadline. Existing facilities that qualify for coverage under subsections (A)(1), (A)(2), or (A)(3) on the effective date of this rule shall submit a Notice of Intent to Operate within 2 years of the effective date of this rule to obtain coverage. The Director may extend this date in individual cases if the facility could not have submitted an administratively complete Notice in time with reasonable diligence.
- F. Authorization review.
  1. Inspection. The Department may inspect the facility to determine that the applicable terms of this general permit are being met.
  2. Authority to Operate issuance.
    - a. If the Department determines, based on its review and an inspection, if conducted, that the facility conforms to the requirements of this general permit, the Director shall issue an Authority to Operate.
    - b. The Authority to Operate authorizes the person to operate the landfill under the terms of this general permit.
  3. Authority to Operate denial. If the Department determines, based on its review and an inspection, if conducted, that the facility does not conform to the requirements of this general permit, the Director shall notify the person of the decision not to issue the Authority to Operate and the person shall not operate the landfill under this general permit. The notification shall inform the person of:
    - a. The reason for the denial with reference to the statute or rule on which the denial is based;
    - b. The person's right to appeal the denial, including the number of days the applicant has to file a protest challenging the denial and the name and telephone number of the Department contact person who can answer questions regarding the appeals process; and
    - c. The person's right to request an informal settlement conference under A.R.S. §§ 41-1092.03(A) and 41-1092.06.
- G. Statutory requirements. The landfill shall be:
  1. Located according to the applicable location restrictions in A.R.S. § 49-772; and
  2. Subject to a restrictive covenant recorded pursuant to A.R.S. § 49-771.
- H. Operational requirements.
  1. Inspect the landfill at least quarterly and after large storm events for overall integrity and condition of the facility, including stormwater diversions, and conduct maintenance and repairs as needed. For the purposes of this Section, a "large storm event" is defined as one-half inch of precipitation in any 24-hour period.
  2. Direct storm water runoff from surrounding areas away from the landfill.
  3. Restrict public access to the landfill or to the mining operation site by signs or physical barriers, including natural barriers.

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

4. Apply cover at such frequencies and in such a manner as to control windblown dispersion of waste, reduce the risk of fire and impede disease vectors' access to the waste, taking into account the types and volumes of waste placed in the landfill, the frequency of disposal, and other relevant considerations. The Department may allow other techniques that are demonstrated to be equally protective as applying cover material.
5. Concentrations of methane gas shall not exceed 25% of the lower explosive limit in facility structures within 100 feet of the landfill boundary and shall not exceed the lower explosive limit beyond the landfill boundary.
6. Methane monitoring.
  - a. For landfills that have accepted waste prior to the effective date of this Section only, the applicant shall include recent methane monitoring data as described in subsection (D)(6) with the Notice of Intent to Operate.
    - i. If the data demonstrate that concentrations of methane gas do not exceed 25% of the lower explosive limit, then no methane monitoring is required in order to operate under this permit.
    - ii. If the data demonstrate that concentrations of methane gas exceed 25% of the lower explosive limit, then annual methane monitoring using one of the data gathering methods described in subsection (D)(6) is required in order to operate under this permit. Results of such annual methane monitoring shall be submitted to the Department.
      - (1) A person operating a landfill subject to annual methane monitoring may reduce monitoring to once every five years if the results of three consecutive annual sampling events demonstrate that concentrations of methane gas do not exceed 25% of the lower explosive limit.
      - (2) A person operating a landfill subject to annual methane monitoring may request the Department to reduce or eliminate such monitoring based on any other methods approved by the Department, including consideration of the potential for methane gas to be present in facility structures within 100 feet of the landfill boundary at concentrations exceeding 25% of the lower explosive limit.
  - b. For landfills that have not accepted waste prior to the effective date of this Section, no methane monitoring is required in order to obtain coverage or operate under this permit.
7. Maintain an operating record that documents compliance with the conditions in this permit.
- I. Recordkeeping. A permittee shall maintain the following information for at least 10 years and make it available to the Department upon request:
  1. Landfill construction drawings and as-built plans, if available;
  2. The operating record required by subsection (H)(7); and
  3. Methane monitoring results, if any, obtained under subsection (H)(6).
- J. Reporting requirements. A permittee shall report the following to the Department:
  1. Methane monitoring concentrations that exceed those listed in subsection (H)(5) within 7 days of the determination.
  2. A change in ownership or expansion of the planned waste footprint as soon as practicable. These events shall require the filing of a new Notice of Intent to Operate.
- K. General applicability. Landfills covered under this general permit:
  1. Are not subject to rules adopted by the Department under A.R.S. § 49-761.
  2. Are exempt from the solid waste facility plan requirements in A.R.S. §§ 49-762.03 and 49-762.04 as provided in A.R.S. § 49-762(B).
- L. For the purposes of this Section, "mining" has the definition at A.R.S. § 27-301.

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

**Historical Note**

Recodified from R18-8-602 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4). Amended by final rulemaking at 9 A.A.R. 1356, effective June 7, 2003 (Supp. 03-2).

**R18-13-1103. General Requirements; License Fees**

- A.** Any person owning or operating a vehicle or appurtenant equipment used to store, collect, transport, or dispose of sewage or human excreta that is removed from a septic tank or other onsite wastewater treatment facility; earth pit privy, pail or can type privy, or other type of privy; sewage vault; or fixed or transportable chemical toilet shall obtain a license for each vehicle from the Department. The person shall apply on a form approved by the Department and shall demonstrate that each vehicle is designed and constructed to meet the requirements of this Article.
- B.** A person shall operate and maintain the vehicle and equipment so that a health hazard, environmental nuisance, or violation of a water quality standard established under 18 A.A.C. 11 is not created.
- C.** License terms.
  1. For each newly licensed vehicle:
    - a. Subject to inspection conducted by the Department pursuant to this Article, the initial license fee shall be \$660, to be submitted with the license application, and the annual license fee shall be \$550; or
    - b. Subject to inspection conducted by a county pursuant to a delegation agreement with the Department, the initial license fee shall be \$270, to be submitted with the license application, and the annual license fee shall be \$225.
  2. After initial licensure of a vehicle, the Department will renew the license annually after payment of the annual fee according to subsection (C)(3). The licensee shall renew by completing a renewal form approved by the Department and submitting the annual license fee to the Department no later than 30 days before expiration.
  3. Each vehicle license may be renewed if:
    - a. The annual license fee is paid,
    - b. The owner or operator is in compliance with subsection (D) of this Section,
    - c. The vehicle is operated by the same person for the same purpose,
    - d. The vehicle has been inspected within the last 12 months pursuant to any inspection required under this Article and found in compliance with this Article, and
    - e. The vehicle is maintained according to this Article.
- D.** Any person owning or operating a vehicle or appurtenant equipment used to collect, store, transport, or dispose of sewage or human excreta shall obtain any required permit from the local county authority in each county in which the person proposes to operate.
- E.** Beginning July 1, 2026, the Director shall adjust the fee amounts in subsection (C) of this Section annually by the following method, except that no adjustment in any year shall exceed four percent of the fee amount of the preceding year:
  1. Multiply the amount by the October CPI for the most recent year and then divide by the October CPI for the year 2024. The October CPI for any year is the Consumer Price Index for All Urban Consumers, Phoenix-Mesa-Scottsdale, AZ, all items, published by the United States Department of Labor at [www.bls.gov/cpi/regional-resources.htm](http://www.bls.gov/cpi/regional-resources.htm), for October of that year.

2. Round the result from subsection (E)(1) to the nearest cent. ADEQ shall post the new amounts on its webpage and install them in the billing software as soon as practicable.

  1. Sewage and human excreta is collected, stored, transported, and disposed of in a sanitary manner and does not endanger the public health or create an environmental nuisance;
  2. The vehicle is equipped with a leak-proof and fly-tight container that has a capacity of at least 750 gallons and all portable containers, pumps, hoses, tools, and other implements are stored within a covered and fly-tight enclosure when not in use;
  3. Contents intended for removal are transferred as quickly as possible by means of a portable fly-tight container or suction pump and hose to the transportation container.

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

4. The transportation container is tightly closed and made fly-tight immediately after the contents have been transferred,
  5. Portable containers are kept fly-tight while being transported to and from the vehicle,
  6. Any waste dropped or spilled in the process of collection is cleaned up immediately and the area disinfected;
  7. The vehicle, tools, and equipment are maintained in good repair at all times and, at the end of each day's work, all portable containers, transportation containers, suction pumps, hose, and other tools are cleaned and disinfected; and
  8. All wastes collected are disposed of according to the recommendations of the local county health department and that no change in the recommended method of disposal is made without its prior approval. The local county health department shall recommend disposal by one of the following methods:
    - a. At a designated point into a sewage treatment facility or sewage collection system with the approval of the owner or operator of the facility or system,
    - b. By burying all wastes from chemical toilets in an area approved by the local county health department, or
    - c. Into a sanitary landfill with approval of the owner or operator of the landfill and following any precautions designated by the owner and operator to protect the health of the workers and the public.
- B.** Open dumping is prohibited except in designated areas approved by the local county health department.

**R18-13-1116. Suspension and Revocation**

- A.** If a Department inspection indicates that a licensed vehicle is not maintained and operated or work cannot be performed according to this Article, the Department shall notify the owner in writing of all violations noted.
- B.** The Department shall give the owner a reasonable period of time to correct the violations and comply with the provisions

of this Article. If the owner fails to comply within the time limit specified, the Department may suspend or revoke the vehicle license based on the number and severity of violations. The Department shall follow the provisions of A.R.S. Title 41, Chapter, Article 10 in any suspension or revocation proceeding.

- C.** The Department shall consider the revocation or suspension of a permit by a local health department for violation of this Article as grounds for revocation of the vehicle license. The local health department shall immediately suspend both the vehicle license and the permit issued by the local health department for gross violation of this Article if in the opinion of the local health department a serious health hazard or environmental nuisance exists.
- D.** The owner of the vehicle whose license is suspended or revoked may appeal the final administrative decision as permitted under A.R.S. § 41-1092.08.

**ARTICLE 12. WASTE TIRES; USED TIRES****R18-13-1201. Definitions**

In addition to the definitions provided in A.R.S. § 44-1301, the following definitions apply in this Article:

1. "Aquifer protection permit" means an authorization issued by the Department under A.R.S. § 49-241 et seq.
2. "Burial cell" means an area where mining waste tires are placed in or on the land for burial.
3. "Mining" means activities dedicated to the exploration, extraction, beneficiation, and processing, including smelting and refining, of metallic ores.
4. "Mining facility" means any land, building, installation, structure, equipment, device, conveyance, or area dedicated to mining.
5. "Mining waste tire" means an off-road tire that is greater than three feet in outside diameter that was used in mining.
6. "Operator" means an owner, part owner, management agency, or lessee of a mining facility, a person responsible for the overall operation or control of a mining facility, or an authorized representative of the operator.
7. "Person" is defined in A.R.S. § 49-201.
8. "Waste tire collection site" is defined in A.R.S. § 44-1301.
9. "Waste tire cover" means waste tires that are chopped or shredded into pieces that do not exceed four inches in diameter used for cover at a solid waste landfill.

**Historical Note**

Section recodified from A.A.C. R18-8-701, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3). Amended by final rulemaking at 7 A.A.R. 5695, effective November 27, 2001 (Supp. 01-4). Amended by final rulemaking at 31 A.A.R. 348 (January 24, 2025), with an immediate effective date of December 24, 2024 (Supp. 24-4).

**R18-13-1202. Burial of Mining Waste Tires**

- A. The operator shall file with the Director a one-time notice within 24 hours after commencement of burial of mining waste tires consisting of a map of the mining facility that clearly identifies the locations and dimensions of each burial cell and the estimated number of mining waste tires that will be buried in each cell. The operator shall identify each burial cell using an alphabetical or numeric identifier. If a mining facility uses a new burial cell not included in the commencement of burial notice, the operator shall notify the Department within 24 hours after commencement of burial in that cell.
- B. An operator shall only permit burial of mining waste tires in areas that are, or will be, included in an aquifer protection permit issued for the mining facility. An operator shall not permit burial of mining waste tires in leach areas unless prior to burial the Department issues an aquifer protection permit covering the leach area.
- C. An operator shall not permit a burial cell to be located within 10 feet of another burial cell.
- D. An operator shall not permit the burial of mining waste tires unless the tires are waste generated at the mining facility or another mining facility of the same owner.

**Historical Note**

Section recodified from A.A.C. R18-8-702, filed in the Office of the Secretary of State September 29, 2000

(Supp. 00-3). Amended by final rulemaking at 7 A.A.R. 5695, effective November 27, 2001 (Supp. 01-4).

**R18-13-1203. Cover Requirements**

- A. The operator shall cover all mining industry off-road motor vehicle waste tires buried pursuant to this Article with a minimum of 6 inches of earthen material within 50 days of placement, or sooner if necessary, to prevent vector breeding or fire.
- B. The operator shall place final cover over the off-road motor vehicle waste tires within 180 days after placement of the last tire which will be buried in a cell. The final cover shall consist of earthen material which is at least 3 feet deep or which complies with the requirements of the aquifer protection permit for the area where the burial cell is located.
- C. The operator shall maintain final cover in compliance with this Section for as long as the mining industry off-road motor vehicle waste tires remain in the burial cell.

**Historical Note**

Section recodified from A.A.C. R18-8-703, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-1204. Annual Report**

By March 30 of each year, until a burial cell closure certification is filed with the Department, the operator of the mining facility shall file an annual report with the Director which documents the location of each burial cell established during the preceding calendar year, the alphabetical or numerical identifier of each burial cell, and the number of off-road motor vehicle waste tires which were placed in each burial cell for burial during the preceding calendar year. If no tires were placed in the burial cell for burial during the preceding year, the annual report shall so indicate.

**Historical Note**

Section recodified from A.A.C. R18-8-704, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-1205. Burial Cell Closure Certification**

An operator shall file with the Director a burial cell closure certification within 30 days after placing final cover over the mining waste tires under R18-13-1203(B). The certificate shall contain a statement by the operator that no additional tires will be buried in the burial cell and a statement by an Arizona registered engineer certifying that the cover requirements of R18-13-1203 have been met.

**Historical Note**

Section recodified from A.A.C. R18-8-705, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3). Amended by final rulemaking at 7 A.A.R. 5695, effective November 27, 2001 (Supp. 01-4).

**R18-13-1206. Storage**

At no time shall more than 500 mining industry off-road motor vehicle waste tires be stored at the mining facility outside of a burial cell unless the mining facility has Department approval to operate a waste tire collection facility, pursuant to A.R.S. §§ 44-1304 and 49-762.

**R18-13-1208. Inspections**

The Department may inspect a mining facility, during regular operating hours, to determine whether mining industry off-road motor vehicle waste tire burial is in compliance with this Article.

**Historical Note**

Section recodified from A.A.C. R18-8-708, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-1209. Repealed****Historical Note**

Section recodified from A.A.C. R18-8-709, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3). Section repealed by final rulemaking at 7 A.A.R. 5695, effective November 27, 2001 (Supp. 01-4).

**R18-13-1210. Waste Tire Cover**

Waste tires used as cover at a solid waste landfill shall be used according to the solid waste facility plan required by A.R.S. § 49-762. An operator shall not permit mining waste tires to be used as cover at a solid waste landfill for more than two consecutive days at a time.

**Historical Note**

Section recodified from A.A.C. R18-8-710, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3). Amended by final rulemaking at 7 A.A.R. 5695, effective November 27, 2001 (Supp. 01-4).

**R18-13-1211. Registration of New Waste Tire Collection Sites; Fee**

- A. A new waste tire collection site shall not begin operation until the owner or operator registers with the Department. The owner or operator shall register on a form approved by the Department that includes a statement that the site is in compliance with A.R.S. § 49-762.07(F) and A.R.S. Title 44, Chapter 9, Article 8, as applicable. The owner or operator of a new waste tire collection site shall pay an initial registration fee of \$2,400 within 30 days of invoice receipt.
- B. The owner or operator shall pay a \$2,000 registration fee annually thereafter within 30 days of invoice receipt.
- C. Beginning July 1, 2026, the Director shall adjust the fee amounts in subsections (A) and (B) of this Section annually by the following method, except that no adjustment in any year shall exceed four percent of the fee amount of the preceding year:
  1. Multiply the amount by the October CPI for the most recent year and then divide by the October CPI for the year 2024. The October CPI for any year is the Consumer Price Index for All Urban Consumers, Phoenix-Mesa-Scottsdale, AZ, all items, published by the United States Department of Labor at [www.bls.gov/cpi/regional-resources.htm](http://www.bls.gov/cpi/regional-resources.htm), for October of that year.
  2. Round the result from subsection (C)(1) to the nearest cent. ADEQ shall post the new amounts on its webpage

and install them in the billing software as soon as practicable.

**Historical Note**

New Section made by final rulemaking at 18 A.A.R. 1217, effective July 1, 2012 (Supp. 12-2). Amended by final rulemaking at 31 A.A.R. 348 (January 24, 2025), with an immediate effective date of December 24, 2024 (Supp. 24-4).

**R18-13-1212. Registration of Outdoor Used Tire Sites; Fee**

- A. A person shall not store 100 or more used tires outdoors until the person registers with the Department. A person that stores 100 or more used tires outdoors shall pay an initial registration fee of \$1,800 within 30 days of invoice receipt. The person shall register on a form approved by the Department that includes a statement that the site is in compliance with A.R.S. § 49-762.07(F) and A.R.S. Title 44, Chapter 9, Article 8, as applicable.
- B. A \$1,500 registration fee shall be paid annually thereafter within 30 days of invoice receipt.
- C. For the purposes of this Section:
  1. "Used tire" means any tire which has been used for more than one day on a motor vehicle.
  2. "Outdoors" means other than inside a building with a weatherproof roof.
- D. Beginning July 1, 2026, the Director shall adjust the fee amounts in subsections (A) and (B) of this Section annually by the following method, except that no adjustment in any year shall exceed four percent of the fee amount of the preceding year:
  1. Multiply the amount by the October CPI for the most recent year and then divide by the October CPI for the year 2024. The October CPI for any year is the Consumer Price Index for All Urban Consumers, Phoenix-Mesa-Scottsdale, AZ, all items, published by the United States Department of Labor at [www.bls.gov/cpi/regional-resources.htm](http://www.bls.gov/cpi/regional-resources.htm), for October of that year.
  2. Round the result from subsection (D)(1) to the nearest cent. ADEQ shall post the new amounts on its webpage and install them in the billing software as soon as practicable.

**Historical Note**

New Section made by final rulemaking at 18 A.A.R. 1217, effective July 1, 2012 (Supp. 12-2). Amended by final rulemaking at 31 A.A.R. 348 (January 24, 2025), with an immediate effective date of December 24, 2024 (Supp. 24-4).

**R18-13-1212.01. Waste Tire Collection Site Subject to Plan Approval; Fees**

- A. Initial registration. A waste tire collection site that is required to obtain plan approval under A.R.S. § 49-762(A)(7) shall not begin operation until the owner or operator registers with the Department on a form approved by the Department.
- B. Annual registration fee. The Department shall bill an annual registration fee of \$5,000 to a registered waste tire collection site that is required to obtain plan approval under A.R.S. § 49-762(A)(7) that has not filed a notice of termination of registration with the Department. The owner or operator of the waste tire collection site that is required to obtain plan approval under A.R.S. § 49-762(A)(7) shall pay the annual registration fee within 30 days of invoice receipt.
- C. Beginning July 1, 2026, the Director shall adjust the fee amounts in subsection (B) of this Section annually by the fol-

**ARTICLE 13. SPECIAL WASTE AND BEST MANAGEMENT PRACTICES FOR SHREDDER RESIDUE****R18-13-1301. Definitions**

In addition to the terms prescribed in A.R.S. § 49-851, the terms in this Article shall have the following meanings:

1. "Disposal" means discharging, depositing, injecting, dumping, spilling, leaking, or placing special waste into or on land or water so that the special waste or any constituent of the special waste may enter the environment, be emitted into the air, or discharged into any waters, including groundwater.
2. "Exception report" means a report that a generator shall submit to the Director which notifies the Director that the generator has not received a copy of the special waste manifest from the primary or alternate special waste receiving facility to which the special waste was sent pursuant to the generator's instructions on the special waste manifest, or from any special waste receiving facility to which special waste was sent.
3. "Generator" means a person whose act or process onsite produces a special waste listed in, or designated pursuant to, A.R.S. §§ 49-852, 49-854, and 49-855, or whose act or process first causes such special waste to be subject to regulation.
4. "Identification number" means an alphanumeric identifier issued by the Department to each generator, special shipper, and special waste receiving facility to be used on documents, as required pursuant to this Article, in conjunction with shipment of special waste.

5. "Off-site consignment" means a generator's delivery of materials or wastes for transport off-site to a special waste receiving facility within Arizona for treatment, storage, recycling, or disposal.
6. "Off-site" means any property located within Arizona that is not onsite as defined in A.R.S. § 49-851(3).
7. "Operator" means a person who owns and controls all or part of a special waste receiving facility, or who leases, operates, or controls such facility, a person responsible for the overall operation of such a facility, a management agency, or an authorized representative.
8. "Recycling" means recycling as defined in A.R.S. § 49-831(21).
9. "Shredder residue" means waste from the shredding of motor vehicles.
10. "Significant manifest discrepancy" means a difference of more than 10% by weight for bulk shipments, any variation in a piece count for a batch delivery, or any difference in the type of special waste received as compared to the type of special waste listed on the manifest.
11. "Special waste receiving facility" means an off-site location to which special waste is sent to be treated, recycled, stored, or disposed.
12. "Special waste manifest" means a form provided by the Department, shown as Appendix B to this Article, and used to identify the origin, quantity, composition, routing, and destination of special waste during its transportation from a generator's facility to a special waste receiving facility.
13. "Special waste shipper" means a person who transports special waste for off-site treatment, recycling, storage, or disposal.
14. "Treatment" means any method, technique, or process designed to change the physical, chemical, or biological character or composition of special waste.

**Historical Note**

Section recodified from A.A.C. R18-8-301, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3). Amended by final expedited rulemaking at 27 A.A.R. 57, with an immediate effective date of January 5, 2021 (Supp. 21-1).

**R18-13-1302. Special Waste Generator Manifesting Requirements**

- A. A generator shall request a generator identification number on a form provided by the Director, and shown as Appendix A to this Article, prior to shipping special waste. Within 30 days of receiving the completed form, the Director shall issue the identification number to the generator.
- B. Prior to off-site consignment of special waste, the generator shall do all of the following:
  1. Complete and sign the "Generator" section of a special waste manifest.
  2. Obtain the handwritten signature of the special waste shipper on the special waste manifest.
  3. Retain the generator's copy of the special waste manifest.
  4. Give the special waste manifest and the remaining attached copies to the special waste shipper or forward it to the receiving facility.
- C. Within 14 days after shipment was accepted by a special waste shipper for off-site consignment, the generator shall submit to the Director one legible copy of each special waste manifest with the generator's section completed and containing signatures of the generator and special waste shipper.

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

- D. If, within 35 days after the date the waste was accepted by the initial special waste shipper, the generator does not receive a completed copy of this special waste manifest with the handwritten signature of the special waste receiving facility operator, the generator shall contact the special waste shipper and the special waste receiving facility operator to determine the status of the special waste.
- E. The generator shall submit an exception report to the Director if the generator does not receive a completed, signed, legible copy of the special waste manifest within 45 days of the date the waste was accepted by the initial special waste shipper for off-site consignment. The exception report shall contain both of the following:
  1. A cover letter, signed by the generator, which explains the efforts made to locate the special waste and the results of those efforts.
  2. A legible copy of the special waste manifest which was signed by the generator and the special waste shipper and retained by the generator.
- F. The generator shall retain a legible copy of each signed special waste manifest for at least three years from the date of acceptance of a shipment of special waste for off-site consignment.
- G. If a person is required to have a manifest, shipping paper or shipping record under federal law for the special waste, the federal manifest, shipping paper, or shipping record may be used in lieu of the Arizona special waste manifest form so long as the federal manifest, shipping paper, or shipping record includes all the information required on the Arizona special waste manifest form.

**Historical Note**

**R18-13-1303. Special Waste Shipper Manifesting Requirements**

- A. A special waste shipper who receives special waste in Arizona for transport to a special waste receiving facility in Arizona shall request a special waste shipper identification number on a form provided by the Director and shown as Appendix A to this Article. The Director shall issue an identification number within 30 days of receipt of the completed form.
- B. A special waste shipper shall:
  1. Accept special waste for intrastate shipment to a special waste receiving facility only if the waste is accompanied by a special waste manifest which is completed and signed in accordance with the provisions of R18-13-1302.
  2. Deliver the entire shipment of special waste to a special waste receiving facility as designated on the special waste manifest. If unable to deliver the special waste to the primary or alternate special waste receiving facility designated on the special waste manifest:
    - a. Return the special waste to the generator, or
    - b. Contact the generator and obtain instructions for an alternate special waste receiving facility and deliver the waste accordingly.
- C. Shipments of special waste between facilities owned by the same generator shall be exempt from the requirements of rules adopted pursuant to A.R.S. § 49-856.

**Historical Note**

Section recodified from A.A.C. R18-8-303, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3). Amended by final expedited rulemaking at 27 A.A.R. 57, with an immediate effective date of January 5, 2021 (Supp. 21-1).

**R18-13-1304. Special Waste Receiving Facility Manifesting Requirements**

- A. A special waste receiving facility shall request an identification number on a form provided by the Director, and shown as Appendix A to this Article, and obtain the number prior to receiving special waste. The Department shall issue the identification number within 30 days of receipt of the completed form.
- B. A special waste receiving facility shall receive only special waste for which it has a special waste manifest signed and dated by the generator and special waste shipper. In the "Facility" section of the special waste manifest, the operator of the special waste receiving facility shall do all of the following:
  1. Enter the identification number.
  2. Sign and date each copy of a special waste manifest to certify that the type and amount of special waste, as stated on the special waste manifest, was received.
  3. Indicate on the special waste manifest any significant discrepancies between the description, volume, or weight of the special waste as stated on the special waste manifest and the special waste received.
- C. After completing the "Facility" portion of the special waste manifest, the operator of the special waste receiving facility shall send one legible copy each of the signed special waste manifest to the Director and the generator within 30 days of the delivery of the special waste.
- D. Upon discovery of a significant manifest discrepancy in the special waste manifest and the special waste received, the operator of the special waste receiving facility shall:
  1. Contact the generator and special waste shipper to attempt to reconcile the discrepancy.
  2. If the discrepancy cannot be resolved within 15 days after receiving the waste, submit a letter to the Director, along with the special waste manifest within five days. The letter shall describe the significant manifest discrepancy and all attempts to reconcile it.

**Historical Note**

Section recodified from A.A.C. R18-8-304, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3). Amended by final expedited rulemaking at 27 A.A.R. 57, with an immediate effective date of January 5, 2021 (Supp. 21-1).

**R18-13-1305. Records**

All records required by this Article shall be retained for at least three years. If notification of an enforcement action by the Department has been received, the records shall be retained until a final determination has been made in the matter or in accordance with the final determination.

cant shall submit to the Department an initial registration fee for each operation as follows:

1. For a generator of shredder residue, \$3,600; and
  2. For a special waste shipper, \$1,800.
- B.** Annual registration fee. The Department shall bill an annual registration to a generator of shredder residue, a special waste receiving facility, and a special waste shipper that has a special waste identification number that has not filed a notice of termination of registration with the Department for each operation as follows:
1. For a generator of shredder residue, \$3,000;
  2. For a special waste receiving facility, \$5,000; and
  3. For a special waste shipper, \$1,500.
- C.** A generator of shredder residue, special waste receiving facility, or special waste shipper shall pay the annual registration fee within 30 days of invoice receipt.
- D.** In accordance with A.R.S. § 49-855(G), a solid waste landfill that pays registration fees under A.R.S. § 49-747 is exempt from the fees under subsections (A) and (B) of this Section.
- E.** Beginning July 1, 2026, the Director shall adjust the fee amounts in subsections (A) and (B) of this Section annually by the following method, except that no adjustment in any year shall exceed four percent of the fee amount of the preceding year:
1. Multiply the amount by the October CPI for the most recent year and then divide by the October CPI for the year 2024. The October CPI for any year is the Consumer Price Index for All Urban Consumers, Phoenix-Mesa-Scottsdale, AZ, all items, published by the United States Department of Labor at [www.bls.gov/cpi/regional-resources.htm](http://www.bls.gov/cpi/regional-resources.htm), for October of that year.
  2. Round the result from subsection (E)(1) to the nearest cent. ADEQ shall post the new amounts on its webpage and install them in the billing software as soon as practicable.

**Historical Note**

New Section made by final rulemaking at 31 A.A.R. 348 (January 24, 2025), with an immediate effective date of December 24, 2024 (Supp. 24-4).

**R18-13-1307. Best Management Practices for Waste from Shredding Motor Vehicles; Fees**

- A.** A generator of shredder residue shall follow sampling protocol as follows or submit to the Department for review and approval, at least two weeks prior to the sampling event, an alternative written sampling plan which is consistent with requirements set forth in "Test Methods for Evaluating Solid Waste," EPA SW-846, 3rd Edition, Volume II, Chapter Nine, Sampling Plan, Physical/Chemical Method, EPA, Office of Solid Waste and Emergency Response, Washington, D.C., September 1986, and updated November 1990, and no future editions or amendments, ("EPA Sampling Plan"), herein incorporated by reference and on file with the Department and the Office of the Secretary of State:
1. Sample collection shall be done in accordance with one of the following:
    - a. Sampling procedure 1, consisting of both of the following steps:
      - i. The generator shall collect samples from a shredder residue sampling pile which shall consist of the average amount of shredder residue from eight hours of operation of the shredder. The shredder residue sampling pile shall be formed into a square shape for sampling purposes. Refer to Exhibit 1.
      - ii. One 2,000-gram sample shall be collected from each sample point as indicated in Exhibit 1. Samples from sample points A-1, B-1, and C-1 shall be collected from the top of the pile. Samples from sample points A-2, B-2, and C-2 shall be collected from the base of the pile. A sample from sample point C-3 shall be collected at the vertical midpoint at the center of the pile. The seven 2,000-gram samples shall be numbered consecutively. Three of the seven 2,000-gram samples shall then be chosen at random by selecting numbers from a calculator programmed to generate random numbers. The samples shall be analyzed for the constituents and at the frequencies listed in Table A of this Section.
  - b. Sampling procedure 2, consisting of both of the following steps:
    - i. The generator shall collect seven 2,000-gram samples during or immediately following the normal generation of shredder residue. For each sample, shredder residue shall be collected for 8 to 12 minutes, during which a minimum of 500 pounds shall be generated. This process shall be performed seven times to create seven 500-pound amounts. Each 500-pound amount shall be formed into a square shape for sampling purposes. Refer to Exhibit 1.
    - ii. Twenty 100-gram samples shall be collected from throughout each of the seven 500-pound piles generated. Upon completion of collection, all 20 samples from each of the seven 500-pound piles shall be combined together into seven separate 2,000-gram samples and numbered consecutively. Three of the seven 2,000-gram samples shall then be chosen at random by selecting numbers from a calculator programmed to generate random numbers. The samples shall be analyzed for the constituents and at the frequencies listed in Table A of this Section.
2. Each 2,000 grams of shredder residue collected shall include both large and small particles, in proportion to shredder residue generated. The generator shall use a container which is large enough to hold the entire amount of shredder residue collected from each sample point.
3. The generator shall comply with requirements for sample preservation, temperature, and holding times, as set forth in the EPA Sampling Plan.
4. Each one of the three 2,000-gram samples selected at random shall be divided into four equal 500-gram portions and a 200-gram subsample shall be taken from each of the four equal 500-gram portions. Each subsample shall then be passed through a 9.5mm screen. All particles which do not pass through the 9.5mm screen shall be hand cut until small enough to pass through the screen. All four 200-gram subsamples shall then be remixed together and redivided into four equal 200-gram portions. The following amounts shall be taken for constituent sampling:
  - a. 10-15 grams per 200-gram subsample for a total of 40-60 grams per 2,000-gram sample for Polychlori-

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

nated Biphenyls (PCB) analysis as set forth in subsection (A)(10).

- b. 25 grams per 200-gram subsample for a total of 100 grams per sample for toxicity characteristic leaching procedure extractions for contaminants as set forth in 40 CFR 261.24, Table 1 (incorporated by reference in R18-8-261(A)), as set forth in subsection (A)(7).
  - c. 1.25 grams per 200-gram subsample for a total of 5 grams per 2,000-gram sample for extraction fluid determination.
5. Each constituent sample shall be put into a container. Container labeling and chain-of-custody documentation shall be consistent with the requirements in the EPA Sampling Plan.
  6. The constituent samples shall be analyzed by a laboratory licensed by the Arizona Department of Health Services in accordance with A.R.S. § 36-495.
  7. Of the three samples selected at random, one sample amount required by subsection (A)(4)(b) shall be analyzed for the extractable heavy metals arsenic, barium, cadmium, chromium, lead, mercury, selenium, and silver, as set forth in 40 CFR 261.24, Table 1. The remaining two samples shall each be analyzed for extractable cadmium and lead.
  8. If the results of all three of the analyses for any extractable heavy metal in subsection (A)(7) are below the Regulatory Level of the Maximum Concentration of Contaminants for the Toxicity Characteristic as set forth in 40 CFR 261.24, Table 1, the simple arithmetic mean of the extractable cadmium and lead and the single analysis for the remaining six extractable heavy metals shall be used to determine if the sampled shredder residue will be classified as hazardous waste.
  9. If the analyses of any one of three selected samples exceeds the regulatory level as set forth in 40 CFR 261.24, Table 1, an additional subsample from the sample in question shall be subjected to confirmation analysis. If the confirmation sample analysis totals are in excess of the regulatory level as set forth in 40 CFR 261.24, Table 1, the remaining four of the original seven samples shall be analyzed for those extractable heavy metals which exceed the regulatory level as set forth in 40 CFR 261.24, Table 1. The simple arithmetic mean of the results of all seven samples shall be used to determine if the sampled shredder residue will be classified as hazardous waste.
  10. The three samples selected at random shall be analyzed for PCB concentration in the amounts required by subsection (A)(4)(a). If the samples contain concentrations of PCB less than 50 mg/kg, the simple arithmetic mean of the three samples shall be used for reporting to the Director. If any one of the three samples contains concentrations of PCB greater than 50 mg/kg, an additional subsample from the sample in question shall be subjected to confirmation analysis. If the PCB concentration for that sample exceeds 50 mg/kg, the remaining four of the original seven samples shall be analyzed for PCB, in amounts required by subsection (A)(4)(a), and the simple arithmetic mean of all the samples shall be used to determine if the sampled shredder residue will be classified as hazardous waste.
- B.** Shredder residue determined to be hazardous waste shall be managed in accordance with A.R.S. § 49-921 et seq. and R18-8-260 et seq.
- C.** The generator shall do all of the following:
1. Secure the facility to prevent unauthorized entry;
  2. Cover or otherwise manage the shredder residue pile to prevent wind dispersal;
  3. Place the shredder residue pile on a surface with a permeability coefficient equal to or less than  $1 \times 10^{-7}$  cm/s;
  4. Design, construct, operate, and maintain a run-on control system capable of preventing flow onto the waste pile during peak discharge from, at a minimum, a 25-year storm;
  5. Design, construct, operate, and maintain a run-off management system to collect and control at a minimum, the water volume resulting from a 24-hour, 25-year storm;
  6. Provide collection and holding facilities for run-on and run-off control systems, which shall have a permeability coefficient equal to or less than  $1 \times 10^{-7}$  cm/s;
  7. Record the date accumulation of shredder residue begins.
- D.** Shredder residue shall be treated, recycled, sorted, stored, or disposed at a Department-approved special waste facility approved in accordance with A.R.S. § 49-857. A facility which seeks to become a special waste facility shall submit a special waste management plan to the Department to ensure compliance with subsection (C).
- E.** A generator shall not store shredder residue for longer than 90 days. A special waste facility shall not store shredder residue for longer than one year.
- F.** Shredder residue which has been determined to be nonhazardous pursuant to this Section shall be transported in accordance with the requirements for transportation of garbage as set forth in R18-13-310.
- G.** The owner or operator of a special waste facility shall pay, to the Department, the fees required by A.R.S. §§ 49-855(C)(2) and 49-863 as follows:
1. \$6.68 per ton of shredder residue received; and
  2. Not more than \$66,835.67 per generator site per year for shredder residue that is transported to a facility regulated by the Department for treatment, storage or disposal.
- H.** Beginning July 1, 2026, the Director shall adjust the fee amounts in subsection (G) of this Section annually by the following method, except that no adjustment in any year shall exceed four percent of the fee amount of the preceding year:
1. Multiply the amount by the October CPI for the most recent year and then divide by the October CPI for the year 2024. The October CPI for any year is the Consumer Price Index for All Urban Consumers, Phoenix-Mesa-Scottsdale, AZ, all items, published by the United States Department of Labor at [www.bls.gov/cpi/regional-resources.htm](http://www.bls.gov/cpi/regional-resources.htm), for October of that year.
  2. Round the result from subsection (H)(1) to the nearest cent. ADEQ shall post the new amounts on its webpage and install them in the billing software as soon as practicable.

**Historical Note**

**Instructions for the Completion of the ADEQ Special Waste Manifest**

1. Enter the generator's Arizona Identification Number in box 1.
2. Enter the Emergency Response Notification Phone Number in box 2.
3. Enter the generator's name and complete mailing address, including city, state, and zip code, along with the generator's phone number, including the area code, in box 3.
4. Enter the transporter's name, transporter's Arizona identification number, and telephone number, including the area code, in box 4.
5. Complete this box if a second transporter is to be used to transport the special waste to the receiving facility, following the instructions outlined in number 4 in box 5.
6. Enter the name, address, and physical site location of the primary special waste receiving facility. In the appropriate spaces, include the facility's Arizona identification number and the telephone number, including the area code, in box 6.
7. Enter the name, address, and physical site location of the alternate special waste receiving facility. In the appropriate spaces, include the facility's Arizona identification number and the telephone number, including the area code, in box 7.
8. Enter United States Department of Transportation description (Including proper shipping name, hazard class, and identification number, if applicable) (For all non-Department of Transportation-regulated materials, enter the proper name, physical state, and description of all contents of the waste).

Mark an "X" in this column if waste is classified as a hazardous material.

Container Number

Enter the number of containers being shipped for each waste.

Total Quantity

Numerical value representing the number of containers multiplied by the container size. Answer will be listed in pounds, gallons, or cubic yards.

Unit weight or volume

P - Pounds

G - Gallons

Y - Cubic Yards

9. Use this space to indicate special transportation, treatment, storage, or disposal information. Emergency response telephone numbers or similar information may be included here in box 9.
10. Print or type the generator's name followed by their signature and date in box 10.
11. Print or type the primary transporter's name followed by their signature and date in box 11.
12. Print or type the secondary transporter's name followed by their signature and date in box 12.
13. Indicate significant discrepancies in this box. Significant manifest discrepancy is defined as "a difference of more than 10% by weight for bulk shipments, any variation in a piece count for batch deliveries, or an obvious difference in a special waste type is discovered by inspection or analysis between the type or amount of a special waste designated in a special waste manifest, and the type or amount received by a special waste receiving facility" in box 13.
14. Print or type the receiving facility's owner or operator name followed by their signature and date in box 14.

**ARTICLE 14. BIOHAZARDOUS MEDICAL WASTE AND DISCARDED DRUGS****R18-13-1401. Definitions**

In addition to the definitions in A.R.S. § 49-701, the following definitions apply in this Article:

1. "Alternative treatment technology" means a treatment method other than autoclaving or incineration that achieves the treatment standards described in R18-13-1415.
2. "Approved medical waste facility plan" means the document that has been approved by the Department under A.R.S. § 49-762.04, and that authorizes the operator to accept biohazardous medical waste at its solid waste facility.
3. "Autoclaving," means using a combination of heat, steam, pressure, and time to achieve sterile conditions.
4. "Biohazardous medical waste" is composed of one or more of the following:
  - a. Cultures and stocks: Discarded cultures and stocks generated in the diagnosis, treatment or immunization of a human being or animal or in any research relating to that diagnosis, treatment or immunization, or in the production or testing of biologicals.
  - b. Human blood and blood products: Discarded products and materials that are saturated and/or dripping with human blood or caked with dried human blood, including items that would release blood in a liquid or semi-liquid form if compressed or broken, and items that contain serum, plasma, and other blood components. An item would be considered caked if it could release flakes or particles when handled.
  - c. Human pathological wastes: Discarded organs, tissues, and body parts, including cerebrospinal fluid,

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

- synovial fluid, pleural fluid, peritoneal fluid, pericardial fluid and amniotic fluid, removed during surgery or other medical procedures, including autopsy, obstetrics, or emergency care. Human pathological wastes do not include the head, spinal column, hair, nails, or teeth.
- d. Medical sharps: Discarded sharps that pose a stick hazard that have come into contact with blood, blood products, or pathological waste. Examples include hypodermic needles; scalpel blades; and needles attached to tubing or syringes.
  - e. Research animal wastes: Animal carcasses, body parts, and bedding of animals that have been infected with agents that produce, or may produce, human infection.
  - f. Tattoo and body modification waste: any waste generated during the course of physically altering a human being, including tattooing, ear piercing, or any other process where a foreign object is used to cut or pierce the skin.
  - g. Trauma scene waste: any crime scene, accident, or trauma clean-up wastes generated by individuals or commercial entities hired to clean crime scenes or accidents, such as sharps and materials that contain human blood and blood products.
5. "Biologicals" means preparations made from living organisms or their products, including vaccines, cultures, or other biological products intended for use in diagnosing, immunizing, or treating humans or animals or in research pertaining to these activities.
  6. "Biological indicator" means a representative microorganism used to evaluate treatment efficacy.
  7. "CFR" means the Code of Federal Regulations.
  8. "Chemotherapy waste" means any discarded material that has come in contact with an agent that kills or prevents the reproduction of malignant cells.
    - a. Trace contaminated chemotherapy waste includes: masks, empty drug vials, gloves, gowns, IV tubing, empty IV bags/bottles, and spill clean-up materials.
    - b. Bulk chemotherapy waste, such as full expired vials of chemotherapy drugs, is not biohazardous medical waste. Bulk chemotherapy waste may be considered hazardous wastes and must be handled according to the hazardous waste regulations if deemed a hazardous waste by the generator.
  9. "Dedicated vehicle" means a motor vehicle or trailer that is pulled by a motor vehicle used by a transporter for the purpose of transporting biohazardous medical waste in conjunction with other compatible waste according to the USDOT requirements, listed at 49 CFR 177.848, revised as of October 1, 2020, and no future editions or later amendments, is incorporated by reference in this Section and on file with ADEQ.
  10. "Department-approved facility" means a storage, transfer, treatment, or disposal facility that has undergone plan approval as described in R18-13-1410.
  11. "Discarded drug" means any prescription medicine or over-the-counter medicine used in the diagnosis, treatment, or immunization of a human being or animal, that the generator intends to abandon. The term does not include hazardous waste or controlled substances regulated by the United States Drug Enforcement Agency.
  12. "Disposal facility" means a municipal solid waste landfill that has been approved by the Department under A.R.S. § 49-762.04 to accept untreated biohazardous medical waste for disposal.
  13. "Emergency situations" include those situations where following location restrictions may result in an imminent threat to human health and the environment.
  14. "Facility plan" has the meaning given to it in A.R.S. § 49-701.
  15. "Generator" means a person whose act or process produces biohazardous medical waste, or a discarded drug, or whose act first causes medical waste or a discarded drug to become subject to regulation.
  16. "Hazardous waste" has the meaning prescribed in A.R.S. § 49-921.
  17. "Health care worker" means, with respect to R18-13-1403(B)(5), a person who provides health care services at an off-site location that is none of the following: a residence, a facility where health care is normally provided, or a facility licensed by the Arizona Department of Health Services.
  18. "Improper disposal of biohazardous medical waste" means the disposal by a person of untreated or inadequately treated biohazardous medical waste at any place that is not approved to accept untreated biohazardous medical waste.
  19. "Independent testing laboratory" means a testing laboratory independent of oversight activities by a provider of alternative treatment technology.
  20. "Medical sharps container" means a vessel that is rigid, puncture resistant, leak proof, and equipped with a cap capable of being securely closed.
  21. "Medical waste," as defined in A.R.S. § 49-701, means *"any solid waste which is generated in the diagnosis, treatment or immunization of a human being or animal or in any research relating to that diagnosis, treatment or immunization, or in the production or testing of biologicals, and includes discarded drugs but does not include hazardous waste as defined in A.R.S. § 49-921 other than conditionally exempt small quantity generator waste."*
  22. "Medical waste treatment facility" or "treatment facility" means a solid waste facility approved by the Department under A.R.S. § 49-762.04 to accept and treat biohazardous medical waste from off-site generators.
  23. "Multi-purpose vehicle" means any motor vehicle operated by a health care worker in the course of providing health care services, where the general purpose is the non-commercial transporting of people and the hauling of goods and supplies, but not solid waste. A multi-purpose vehicle is limited to hauling biohazardous medical waste generated at a location other than a hospital or clinic.
  24. "Off site" means a location that does not fall within the definition of "on site" contained in A.R.S. § 49-701.
  25. "Packaging" or "properly packaged" means the use of a container or a practice under R18-13-1407.
  26. "Putrescible waste" means waste materials capable of being decomposed rapidly by microorganisms.
  27. "Radioactive material" has the meaning under A.R.S. § 30-651.
  28. "Secure" means to lock out or otherwise restrict access to unauthorized personnel.
  29. "Spill" means either of the following:
    - a. Any release of biohazardous medical waste from its package while in the generator's storage area.
    - b. Any release of biohazardous medical waste from its package or the release of packaged biohazardous

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

medical waste by the transporter at a place or site that is not a medical waste treatment or disposal facility.

30. "Store" or "storage" means, in addition to the meaning under A.R.S. § 49-701, either of the following:
  - a. The temporary holding of properly packaged biohazardous medical waste by a generator in a designated accumulation area awaiting collection by a transporter.
  - b. The temporary holding of properly packaged biohazardous medical waste by a transporter or a treater at an approved medical waste storage facility or treatment facility.
31. "Technology provider" means a person that manufactures or a vendor who supplies alternative medical waste treatment technology.
32. "Tracking document" means the written instrument that signifies acceptance of biohazardous medical waste by a transporter, or a transfer, storage, treatment, or disposal facility operator.
33. "Transportation management plan" means the transporter's written plan consisting of both of the following:
  - a. The procedures used by the transporter to minimize the exposure to employees and the general public to biohazardous medical waste throughout the process of collecting, transporting, and handling.
  - b. The emergency procedures used by the transporter for handling spills or accidents.
34. "Transporter" means a person engaged in the business of hauling of biohazardous medical waste from the point of generation to a Department-approved storage facility or to a Department-approved treatment or disposal facility.
35. "Treat" or "treatment" means, with respect to the methods used to render biohazardous medical waste less infectious: incinerating, autoclaving, or using the alternative treatment technologies prescribed in this Article.
36. "Treated medical waste" means biohazardous medical waste that has been treated and that meets the treatment standards of R18-13-1415. Treated medical waste that requires no further processing is considered solid waste.
37. "Treater" means a person, also known as an operator, who receives solid waste facility plan approval for the purpose of operating a medical waste treatment facility to treat biohazardous medical waste that is generated off site.
38. "Treatment certification statement" means the written document provided by either a generator who treats biohazardous medical waste on site or by a treater to inform a solid waste disposal or recycling facility that biohazardous medical waste has been treated as prescribed in this Article, and therefore is no longer subject to regulation under this Article.
39. "Treatment standards" mean the levels of microbial inactivation, prescribed in R18-13-1415, to be achieved for a specific type of biohazardous medical waste.
40. "USDOT" means the United States Department of Transportation.
41. "Universal biohazard symbol" or "biohazard symbol" means a representation that conforms to the design shown in 29 CFR 1910.145(f)(8)(ii) (Office of the Federal Register, National Archives and Records Administration, July 1, 1998) and which is incorporated by reference in this rule. This incorporation does not include any later amendments or editions. Copies of the incorporated

material are available for inspection at the Department of Environmental Quality and the Office of the Secretary of State.

42. "Vehicle not dedicated to the transportation of biohazardous medical waste but which is engaged in commerce" means a motor vehicle or a trailer pulled by a motor vehicle whose primary purpose is the transporting of goods that are not solid waste or biohazardous medical waste and that is used by a transporter for the temporary transportation of biohazardous medical waste.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 3776, effective September 17, 1999 (Supp. 99-3).

**R18-13-1402. Applicability**

- A. This Article applies to the following:
  1. A generator who treats biohazardous medical waste on site, before disposing of it as treated medical waste, and to any equipment used for that purpose. Specific requirements for a generator who treats on site are prescribed in R18-13-1405.
  2. A generator who contracts with a medical waste treatment facility for the purpose of treating biohazardous medical waste. Specific requirements for such a generator are prescribed in R18-13-1406.
  3. A person who transports biohazardous medical waste and any motor vehicle used for that purpose.
  4. A medical waste treatment facility operator, a medical waste treatment facility, and any equipment used for medical waste treatment.
  5. A person who provides alternative medical waste treatment technology for the purpose of treatment, and to any technology used for treatment.
  6. A person in possession of biohazardous medical waste if the waste does not meet the treatment standards in R18-13-1415.
  7. An operator of a Department-approved disposal facility who accepts untreated biohazardous medical waste.
  8. A person who generates medical sharps in the preparation of human remains.
  9. A person who generates medical sharps in the treatment of humans or animals.
  10. A generator of discarded drugs not returned to the manufacturer.
- B. The requirements for biohazardous medical waste set out for collection do not apply to the manner in which the generator collects or handles material prior to that material becoming biohazardous medical waste.
- C. Provisions in this Article requiring placement in Department-approved facilities do not restrict the right to place materials in facilities that are out of state or in Indian Country.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 3776, effective September 17, 1999 (Supp. 99-3).  
Amended by final rulemaking at 27 A.A.R. 2801 (December 3, 2021), effective January 4, 2022 (Supp. 21-4).

**R18-13-1403. Exemptions; Partial Exemptions**

- A. The following persons are exempt from the requirements of this Article:

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

1. Law enforcement personnel handling biohazardous medical waste for law enforcement purposes.
  2. A person in possession of medical waste that is regulated by a state or federal agency due to its radioactive nature.
  3. A person who returns unused medical sharps to the manufacturer.
  4. A household generator residing in a private, public, or semi-public residence who generates biohazardous medical waste in the administration of self care or the agent of the household generator who administers the medical care. This exemption does not apply to the facility in which the person resides if that facility is licensed by the Arizona Department of Health Services.
  5. A generator that separates medical devices from the medical waste stream that are sent out for re-processing and returned to the generator.
  6. A person in possession of human bodies regulated by A.R.S. Title 36.
- B.** The following are conditionally exempt from the requirements of this Article:
1. A person who prepares human corpses, remains, and anatomical parts that are intended for interment or cremation. However, medical sharps must be disposed of as prescribed by this Article.
  2. A person who operates an emergency rescue vehicle, an ambulance, or a blood service collection vehicle in the course of providing medical services if the biohazardous medical waste is returned to the home facility for disposal. This facility is considered to be the point of generation for packaging, treatment, and disposal.
  3. A person who discharges liquid and semi-liquid biohazardous medical wastes, excluding cultures and stocks, to the sanitary sewer system if the operator of the wastewater sewer system and treatment facility allows, permits, authorizes, or otherwise approves of the discharges.
  4. Hazardous waste regulated by A.R.S. Title 49, Chapter 5.
  5. A health care worker who uses a multi-purpose vehicle in the conduct of routine health care business other than transporting waste is exempt from the requirements of R18-13-1409 if the health care worker complies with all of the following:
    - a. Packages the biohazardous medical waste according to R18-13-1407.
    - b. Secures the packaged biohazardous medical waste within the vehicle so as to minimize spills.
    - c. Transports the biohazardous medical waste to the place of business or to a medical waste treatment or disposal facility.
    - d. Cleans the vehicle when it shows visible signs of contamination.
    - e. Secures the vehicle to prevent unauthorized contact with the biohazardous medical waste.
  6. A person who transports biohazardous medical waste between multiple properties separated by a public thoroughfare and which is owned or operated by the same owner or governmental entity is exempt from the requirements of R18-13-1409 if the person complies with R18-13-1403(B)(5)(a) through (e).
  7. A hospital that chooses to accept medical sharps from staff physicians who generate medical sharps in a private practice is exempt from the requirement to obtain facility plan approval as long as the hospital collects medical sharps for off-site treatment or disposal.
- C.** The following are exempt from some of the requirements of this Article:
1. A generator who treats biohazardous medical waste on site and who accepts for treatment medical waste described in R18-13-1403(A)(4) is exempt from the requirement to obtain solid waste facility plan approval prescribed in R18-13-1410.
  2. A generator who self-hauls biohazardous medical waste to a Department-approved medical waste treatment, storage, transfer, or disposal facility is exempt from the requirements of R18-13-1409 if the generator complies with R18-13-1403(B)(5)(a) through (e).

**R18-13-1405. Biohazardous Medical Waste Treated On Site**

- A.** A person who treats biohazardous medical waste on site shall use incineration, autoclaving, or an alternative medical waste treatment method that meets the treatment standards prescribed in R18-13-1415.
- B.** A generator who uses:
1. Incineration shall follow the requirements of subsections (C), (F), (G), and (H),
  2. Autoclaving shall follow the requirements of subsections (D), (F), (G) and (H), or
  3. An alternative treatment method shall follow the requirements of subsections (E), (F), (G), and (H).
- C.** A generator who incinerates biohazardous medical waste on site shall comply with all of the following requirements:
1. Obtain a permit if required by the local or state air quality agency having jurisdiction.
  2. Reduce the biohazardous medical waste, excluding metallic items, into carbonized or mineralized ash.
  3. Determine whether incinerator ash is hazardous waste as required by hazardous waste rules promulgated under A.R.S. Title 49, Chapter 5.
  4. Dispose of the non-hazardous waste incinerator ash at a Department-approved municipal solid waste landfill.
- D.** A generator who autoclaves biohazardous medical waste on site shall comply with all of the following requirements:
1. Further process by grinding, shredding, or any other process, any recognizable animals and human tissue, organs, or body parts, to render such waste non-recognizable and ensure effective treatment.
  2. Operate the autoclave at the manufacturer's specifications appropriate for the quantity and density of the load.
  3. Keep records of operational performance levels for six months after each treatment cycle. Operational performance level recordkeeping includes all of the following:
    - a. Duration of time for each treatment cycle.
    - b. The temperature and pressure maintained in the treatment unit during each cycle.

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

- c. The method used to determine treatment parameters in the manufacturer's specifications.
  - d. The method in manufacturer's specifications used to confirm microbial inactivation and the test results.
  - e. Any other operating parameters in the manufacturer's specifications for each treatment cycle.
4. Keep records of equipment maintenance for the duration of equipment use that include the date and result of all equipment calibration and maintenance.
- E.** A generator who uses an alternative treatment method on site shall comply with all of the following requirements:
- 1. Use only alternative treatment methods registered under R18-13-1414.
  - 2. Further process by grinding, shredding, or any other process, any recognizable animals and human tissue, organs, or body parts, to render this waste non-recognizable and ensure effective treatment.
  - 3. Follow the manufacturer's specifications for equipment operation.
  - 4. Supply upon request all of the following:
    - a. The Departmental registration number for the alternative medical waste treatment technology and the type of biohazardous medical waste that the equipment is registered to treat.
    - b. The equipment specifications that include all of the following:
      - i. The operating procedures for the equipment that enable the treater to comply with the treatment standards described in this Article for the type of waste treated.
      - ii. The instructions for equipment maintenance, testing, and calibration that enable the treater to comply with the treatment standards described in this Article for the type of waste treated.
  - 5. Maintain a training manual regarding the proper operation of the equipment.
  - 6. Maintain a treatment record consisting of a log of the volume of medical waste treated and a schedule of calibration and maintenance performed under the manufacturer's specifications.
  - 7. Maintain treatment records for six months after the treatment date for each load treated.
  - 8. Maintain the equipment specifications for the duration of equipment use.
- F.** A generator shall do all of the following:
- 1. Package the treated medical waste according to the waste collection agency's requirements;
  - 2. Attach to the package or container a label, placard, or tag with the following words: "This medical waste has been treated as required by the Arizona Department of Environmental Quality standards" before placing the treated medical waste out for collection as a general solid waste. The generator shall ensure that the treated medical waste meets the standards of R18-13-1415.
  - 3. Upon request of the solid waste collection agency or municipal solid waste landfill, provide a certification that the treated medical waste meets the standards of R18-13-1415.
  - 4. Make treatment records available for Departmental inspection upon request.
- G.** A generator of medical sharps shall handle medical sharps as prescribed in R18-13-1419.
- H.** A generator of chemotherapy waste, cultures and stocks, or animal waste shall handle that waste as prescribed in R18-13-1420.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 3776, effective September 17, 1999 (Supp. 99-3).

**R18-13-1406. Biohazardous Medical Waste Transported Off Site for Treatment**

- A.** A generator of biohazardous medical waste shall cause the waste to first be packaged as prescribed in this Article and shall subsequently either self-haul or store the waste as provided under R18-13-1408 and set the waste out for collection by a properly licensed transporter under R18-13-1409.
- B.** A generator shall obtain a copy of the tracking document signed by the transporter signifying acceptance of the biohazardous medical waste. A generator shall keep a copy of the tracking document for the period required under the USDOT requirements, as listed in 49 CFR 172.201, revised as of October 1, 2020, and no future editions or later amendments, is incorporated by reference in this Section and on file with ADEQ. The tracking document shall contain all of the following information:
- 1. Name and address of the generator, transporter, and medical waste treatment, storage, transfer, or disposal facility, as applicable.
  - 2. Quantity of biohazardous medical waste collected by weight, volume, or number of containers.
  - 3. Identification number attached to bags or containers, as specified as by the USDOT requirements, as listed in 49 CFR 172.300 through 172.338, revised as of October 1, 2020, and no future editions or later amendments, is incorporated by reference in this Section and on file with ADEQ.
  - 4. Date the biohazardous medical waste is collected.
- C.** A generator of chemotherapy waste, cultures and stocks, or animal waste shall handle the waste as prescribed in R18-13-1420.
- D.** A generator of medical sharps shall handle the waste as prescribed in R18-13-1419.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 3776, effective September 17, 1999 (Supp. 99-3).  
Amended by final rulemaking at 27 A.A.R. 2801 (December 3, 2021), effective January 4, 2022 (Supp. 21-4).

**R18-13-1407. Non-Sharps Packaging**

- A.** A generator who sets biohazardous medical waste that does not include sharps out for collection for off-site treatment or disposal shall package the biohazardous medical waste in either of the following:
- 1. A red disposable plastic bag that is:
    - a. Leak resistant,
    - b. Impervious to moisture,
    - c. Of sufficient strength to prevent tearing or bursting under normal conditions of use and handling,
    - d. Sealed to prevent leakage during transport, and
    - e. Placed in a secondary container. This container shall be constructed of materials that will prevent breakage of the bag in storage and handling during collection and transportation and bear the universal biohazard symbol. The secondary container may be either disposable or reusable.

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

2. A reusable container that bears the universal biohazard symbol and that is:
    - a. Leak-proof on all sides and bottom, closed with a fitted lid, and constructed of smooth, easily cleanable materials that are impervious to liquids and resistant to corrosion by disinfection agents and hot water, and
    - b. Used for the storage or transport of biohazardous medical waste and cleaned after each use unless the inner surfaces of the container have been protected by disposable liners, bags, or other devices removed with the waste. "Cleaning" means agitation to remove visible particles combined with one of the following:
      - i. Exposure to hot water at a temperature of at least 180° F for a minimum of 15 seconds.
      - ii. Exposure to an EPA-approved chemical disinfectant used under established protocols and regulations.
      - iii. Any other method that the Department determines is acceptable, if the determination of acceptability is made in advance of the cleaning.
  - B. A generator shall handle any container used for the storage or transport of biohazardous medical waste that is not capable of being cleaned as described in subsection (A)(2)(b), or that is disposable packaging, as biohazardous medical waste.
  - C. A generator shall not use reusable containers described in subsection (A)(2) for any purpose other than the storage of biohazardous medical waste.
  - D. A generator shall not reuse disposable packaging and liners and shall manage such items as biohazardous medical waste.
1. Putrescible biohazardous medical waste may be kept unrefrigerated up to 72 hours if it would not otherwise cause odor detectable beyond the property line or attract vermin.
  2. Refrigerate at 40° F or less from hour 72 through day 90 putrescible biohazardous medical waste kept for up to 90 days.
  3. Nonputrescible biohazardous medical waste may be kept unrefrigerated for up to 90 days.
  4. Store biohazardous medical waste for 90 days or less unless the generator has obtained facility plan approval under A.R.S. § 49-762.04 and is in compliance with the design and operational requirements prescribed in R18-13-1412.
  5. Keep the storage area free of visible contamination.
  6. Protect biohazardous medical waste from contact with water, precipitation, wind, or animals. A generator shall ensure that the waste does not provide a breeding place or a food source for insects or rodents.
  7. Handle spills by re-packaging the biohazardous medical waste, re-labeling the containers and cleaning any soiled surface as prescribed in R18-13-1407(A)(2)(b).
  8. Notwithstanding subsections (C)(1) and (2), a generator shall minimize the off-site migration of odors and the presence of vermin. If the Department determines that a generator has not acted or adequately addressed odors or vermin, the Department shall require the waste to be removed or refrigerated at 40° F or less.
- D. Trace chemotherapy waste shall be clearly identified as such by its label.

**R18-13-1408. Storage**

- A. A generator may place a container of biohazardous medical waste alongside a container of solid waste if the biohazardous medical waste is identified and not allowed to co-mingle with the solid waste. The storage area shall not be used to store substances for human consumption or for medical supplies.
- B. Once biohazardous medical waste has been packaged for shipment off site, a generator shall provide a storage area for biohazardous medical waste until the waste is collected and shall comply with both of the following requirements:
  1. Secure the storage area in a manner that restricts access to, or contact with the biohazardous medical waste to authorized persons.
  2. Display the universal biohazard symbol and post warning signs worded as follows for medical waste storage areas: (in English) "CAUTION -- BIOHAZARDOUS MEDICAL WASTE STORAGE AREA -- UNAUTHORIZED PERSONS KEEP OUT" and (in Spanish) "PRECAUCION -- ZONA DE ALMACENAMIENTO DE DESPERDICIOS BIOLÓGICOS PELIGROSOS -- PROHIBIDA LA ENTRADA A PERSONAS NO AUTORIZADAS."
- C. Beginning at the time the waste is set out for collection, a generator who stores biohazardous medical waste shall comply with all of the following requirements:

**R18-13-1409. Transporter License; Fees; Transportation**

- A. A transporter shall obtain a transporter license from the Department as provided under subsections (B) and (C) of this Section in addition to possessing a permit, license, or approval if required by a local health department, environmental agency, or other governmental agency with jurisdiction.
- B. A transporter license is valid for five years after issuance. To renew the license, the licensee shall submit an application no later than 60 days prior to the license's expiration, and shall pay the license renewal fee, as provided in subsection (B)(1). With each application submitted for approval, the applicant shall remit an initial transporter license application fee as provided in subsection (B)(1). All fees paid shall be payable to the state of Arizona. The Department shall deposit the fees paid into the Solid Waste Fee Fund established pursuant to A.R.S. § 49-881, unless otherwise authorized or required by law.
  1. To apply for or to renew a transporter license, an applicant shall submit all of the following in a Department-approved format:
    - a. The name, address, and telephone number of the transportation company or entity.
    - b. All owners' names, addresses, and telephone numbers.
    - c. All names, addresses, and telephone numbers of any agents authorized to act on behalf of the owner.

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

- d. A copy of either the certificate of disclosure required by A.R.S. § 49-109 or a written acknowledgment that this disclosure is not required.
  - e. Photocopies or other evidence of the issuance of a permit, license, or approval if required by a local health department, environmental agency, or other governmental agency with jurisdiction.
  - f. A copy of the transportation management plan as defined in R18-13-1401.
  - g. A list identifying each dedicated vehicle.
  - h. For an initial transporter license application, a fee of \$1,800, and for a license renewal, a fee of \$1,500.
2. The Department may only issue a transporter license, including a renewal, if all of the items in subsection (B)(1)(a) through (h) have been received and determined to be correct and complete, and a Department inspection of each transporting vehicle shows that the vehicle is in compliance with this Article.
- C.** Transporters shall pay by the invoice due date an annual fee of \$1,500 for each calendar year following payment of the new or renewal application license fee and subsequent years in which a renewal application license fee is not charged and paid, indicated in Table 2. Fee Table, Transporters Annual Fee.
- D.** Amendments. After issuance, the licensee shall submit to the Department any change to the information listed in subsections (B)(1)(a) through (g) of this Section within 30 days of its occurrence. Vehicles may only be added to the license after a Department inspection shows that the vehicle is in compliance with this Article. Amendments adding vehicles to the license shall be processed after payment of inspection fees and other expenses, except that the application fee shall be \$350.
- E.** A person who transports biohazardous medical waste shall maintain in each transporting vehicle at all times a transportation management plan.
- F.** A transporter who accepts biohazardous medical waste from a generator shall transmit electronically or leave a physical copy of the tracking document described in R18-13-1406(B) with the person from whom the waste is accepted. A transporter shall ensure that a copy of the tracking document accompanies the person who has physical possession of the biohazardous medical waste. Upon delivery to a Department-approved transfer, storage, treatment, or disposal facility, the transporter shall obtain a copy of the tracking document, signed by a person representing the receiving facility, signifying acceptance of the biohazardous medical waste.
- G.** A transporter who transports biohazardous medical waste in a dedicated vehicle shall ensure that the cargo box, trailer, or compartment can be secured to limit access to authorized persons at all times except during loading and unloading. In addition, the cargo box, trailer, or compartment shall be constructed in compliance with one of the following:
- 1. Have a fully enclosed, leak-proof cargo compartment consisting of a floor, sides, and a roof that are made of a non-porous material impervious to biohazardous medical waste and physically separated from the driver's compartment.
  - 2. Haul a fully enclosed, leak-proof cargo box made of a non-porous material impervious to biohazardous medical waste.
  - 3. Tow a fully enclosed leak-proof trailer made of a non-porous material impervious to biohazardous medical waste.
- H.** A person who transports biohazardous medical waste in a vehicle not dedicated to the transportation of biohazardous medical waste, but that is used at least once weekly for a month, shall comply with the following:
- 1. Subsections (A), (E) through (G), and (I) of this Section.
  - 2. Clean the vehicle as prescribed in R18-13-1407(A)(2)(b) before it is used for another purpose.
- I.** A transporter of biohazardous medical waste shall comply with all of the following:
- 1. Accept only biohazardous medical waste packaged as prescribed in R18-13-1407.
  - 2. Accept biohazardous medical waste only after providing the generator with a signed tracking document as prescribed in R18-13-1406(B), and keep a copy of the tracking document for the period required under the USDOT requirements, as listed in 49 CFR 172.201.
  - 3. Deliver biohazardous medical waste to a Department-approved biohazardous medical waste storage, transfer, treatment, or disposal facility within the following timeframes:
    - a. 72 hours of collection, if putrescible and unrefrigerated; or
    - b. 90 days of collection, if putrescible and refrigerated at 40° F or less from hour 72 through day 90; or
    - c. 90 days of collection, if nonputrescible and unrefrigerated.
  - 4. Not hold biohazardous medical waste longer than specified under subsection (I)(3) unless the vehicle is parked at a Department-approved facility.
  - 5. Except in emergency situations, not unload, reload, or transfer the biohazardous medical waste to another vehicle in any location other than a Department-approved facility. Combination vehicles or trailers may be uncoupled and coupled to another cargo vehicle or truck trailer as long as the biohazardous medical waste is not removed from the cargo compartment.
- J.** Beginning July 1, 2026, the Director shall adjust the fee amounts in subsections (B), (C), and (D) of this Section, and Table 2. Fee Table, Transporters Annual Fee, annually by the following method, except that no adjustment in any year shall exceed four percent of the fee amount of the preceding year:
- 1. Multiply the amount by the October CPI for the most recent year and then divide by the October CPI for the year 2024. The October CPI for any year is the Consumer Price Index for All Urban Consumers, Phoenix-Mesa-Scottsdale, AZ, all items, published by the United States Department of Labor at [www.bls.gov/cpi/regional-resources.htm](http://www.bls.gov/cpi/regional-resources.htm), for October of that year.
  - 2. Round the result from subsection (J)(1) to the nearest cent. ADEQ shall post the new amounts on its webpage and install them in the billing software as soon as practicable.

**R18-13-1410. Storage, Transfer, Treatment, and Disposal Facilities; Facility Plan Approval; Fees**

- A. A person shall obtain solid waste facility plan approval from the Department as prescribed in A.R.S. § 49-762.04 and pursuant to R18-13-702 to construct any facility that will be used to store, transfer, treat, or dispose of biohazardous medical waste that was generated off site. Plan approval shall be obtained before starting construction of the medical waste treatment or disposal facility. This requirement also applies to solid waste facilities for which an operator self-certifies under A.R.S. § 49-762.05, if the facility also will receive biohazardous medical waste.
- B. If an air quality permit is required for the facility under A.R.S. Title 49, Chapter 3, the person shall include evidence of that air quality permit, or evidence of an air quality permit application with the application for solid waste facility plan approval.
- C. A person applying for facility plan approval shall ensure that the plan contains information demonstrating how the plan will comply with this Article.
- D. Annual registration fee. The Department shall bill an annual registration fee to a biohazardous medical waste facility described in subsection (A) of this Section as follows:
  1. For a disposal or treatment facility, \$12,500;
  2. For a storage facility, \$7,500; and
  3. For a transfer facility, \$3,000.
- E. A facility subject to more than one fee under subsection (D) of this Section shall only pay the highest fee amount.
- F. The biohazardous medical waste facility shall pay the annual registration fee within 30 days of invoice receipt.
- G. Beginning July 1, 2026, the Director shall adjust the fee amounts in subsection (D) of this Section annually by the following method, except that no adjustment in any year shall exceed four percent of the fee amount of the preceding year:
  1. Multiply the amount by the October CPI for the most recent year and then divide by the October CPI for the year 2024. The October CPI for any year is the Consumer Price Index for All Urban Consumers, Phoenix-Mesa-Scottsdale, AZ, all items, published by the United States

Department of Labor at [www.bls.gov/cpi/regional-resources.htm](http://www.bls.gov/cpi/regional-resources.htm), for October of that year.

2. Round the result from subsection (G)(1) to the nearest cent. ADEQ shall post the new amounts on its webpage and install them in the billing software as soon as practicable.

**Historical Note**

**R18-13-1411. Storage and Transfer Facilities; Design and Operation**

An operator of a storage facility or transfer facility shall comply with all of the following design and operation requirements:

1. Design the facility so that biohazardous medical waste is always handled and stored separately from other types of solid waste if accepted at the facility.
2. Display prominently the universal biohazard symbol as prescribed in R18-13-1401.
3. Construct the storage area from smooth, easily cleanable non-porous material that is impervious to liquids and resistant to corrosion by disinfecting agents and hot water.
4. Protect biohazardous medical waste from contact with water, precipitation, wind, or animals.
5. Specify in the application for facility plan approval the maximum storage time that biohazardous medical waste will remain at the facility. If putrescible biohazardous medical waste will be stored for more than 72 hours, the operator shall equip the facility with a refrigerator to refrigerate putrescible biohazardous medical waste. The operator of the facility shall maintain the temperature in the refrigerator at 40° F or less.
6. Accept biohazardous medical waste only if it is accompanied by the tracking document. The operator shall sign the tracking document and keep a copy of the acceptance documentation for the period required under the USDOT requirements, as listed in 49 CFR 172.201.
7. Accept biohazardous medical waste if it is packaged as described in R18-13-1407. If a biohazardous medical waste container is damaged or leaking, improperly labeled, or otherwise unacceptable, a transfer facility operator shall do one of the following:
  - a. Reject the waste and return it to the transporter or self-hauling generator.
  - b. Accept the waste and immediately repackage it as prescribed in R18-13-1407(A).
8. Clean the storage area daily. "Clean" means to remove visible particles combined with one of the following:
  - a. Exposure to hot water at a temperature of at least 180° F for a minimum of 15 seconds.
  - b. Exposure to an EPA-approved chemical disinfectant used under established protocols and regulations.
  - c. Any other method that the Department determines is acceptable, if the determination of acceptability is made in advance of the cleaning.

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

(December 3, 2021), effective January 4, 2022 (Supp. 21-4).

**R18-13-1412. Treatment Facilities; Application Requirements; Design and Operation**

- A.** An operator who applies for facility plan approval shall comply with subsections (A)(1) and (2) as well as all of the requirements in subsections (B)(1) through (11):
1. Submit to the Department the following documentation:
    - a. Equipment specifications that identify the proper type of medical waste to be treated in the equipment and any design or equipment restrictions.
    - b. Manufacturer's specifications and operating procedures for the equipment that describe the type and volume of waste to be treated, monitoring data of the treatment process, and calibration and testing of the equipment, providing specific details about the capability of the equipment to achieve the treatment standards prescribed in R18-13-1415.
    - c. Instructions for equipment maintenance, testing, and calibration that ensure the equipment achieves the treatment standards prescribed in R18-13-1415.
    - d. Training manual for the equipment.
    - e. Written certification from the manufacturer stating that the equipment, when operated properly, is capable of achieving the treatment standards prescribed in R18-13-1415.
  2. Submit to the Department and have readily available at the facility, an operations procedure manual describing how the waste will be handled from the time it is accepted by the treater through the treatment process and final disposition of the treated waste. The operations procedure manual shall include all of the following:
    - a. Provisions for treating biohazardous medical waste within 72 hours of receipt or refrigerating at 40° F or less upon determination that treatment or disposal will not occur within 72 hours. Nonputrescible biohazardous medical waste that is not immediately treated may be stored for up to 90 days unrefrigerated.
    - b. A contingency plan if the treatment equipment is out of service for an extended period of time. The plan shall address the manner and length of time for storage of the waste. An operator shall not store biohazardous medical waste more than 90 days. The plan shall be based on the capacity of the treatment equipment to treat all waste at the facility, including any backlog of stored waste and any new waste intake. If the 90-day time-frame will be exceeded, the operator shall either stop accepting waste until the backlog is treated, or contract with another treatment facility for treating the waste.
    - c. Procedures for handling hazardous chemicals, radioactive waste, and chemotherapy waste. The plan shall provide for scanning biohazardous medical waste with a Geiger counter and handling waste that measures above background level in a manner that complies with state and federal law.
- B.** An operator of a Department-approved facility shall comply with all of the following:
1. Have readily accessible written procedures stating that biohazardous medical waste is to be accepted from a transporter only if the waste is accompanied by a tracking document, and written procedures that require compliance with both of the following:
    - a. The treater or the treater's authorized agent shall sign the tracking document and keep a copy of the acceptance documentation for the period required under the USDOT requirements, as listed in 49 CFR 172.201.
    - b. If a biohazardous medical waste container is damaged or leaking, improperly labeled, or otherwise unacceptable, a treater shall do one of the following:
      - i. Reject the waste and return it to the transporter or self-hauling generator.
      - ii. Accept the waste and transfer it directly from the transporting vehicle to the treatment processing unit.
      - iii. If the waste will not be treated immediately, repack the waste for storage.
  2. Assure that the facility is designed to meet both of the following requirements:
    - a. Any floor or wall surface in the processing area of the facility which may come into contact with biohazardous medical waste is constructed of a smooth, easily cleanable non-porous material that is impervious to liquids.
    - b. The floor surface in the treatment and storage area either has a curb of sufficient height to contain spills or slopes to a drain that connects to an approved sanitary sewage system, septic tank system, or collection device.
  3. Store biohazardous medical waste as required in R18-13-1408.
  4. Comply with all of the following if the treatment method is incineration:
    - a. Reduce the incinerated medical waste, excluding metallic items, into carbonized or mineralized ash by incineration.
    - b. Determine whether the ash is hazardous waste as required under R18-8-262.
  5. Conduct any autoclaving according to the manufacturer's specifications for the unit.
  6. Use only alternative medical waste treatment methods that achieve the treatment standards in R18-13-1415(A).
  7. Treat animal waste, chemotherapy waste, and cultures and stocks as prescribed in R18-13-1420.
  8. Render medical sharps incapable of creating a stick hazard by using an encapsulation agent or any other process that prevents a stick hazard.
  9. Keep records of equipment maintenance and operational performance levels for three years. The records shall include the date and result of all equipment calibration and maintenance. Operational performance level records shall indicate the duration of time for each treatment cycle and:
    - a. For steam treatment and microwaving treatment records, both the temperature and pressure maintained in the treatment unit during each cycle and the method used for confirmation of temperature and pressure.
    - b. For chemical treatment, a description of the solution used.
    - c. For incineration, the temperature is maintained in the treatment unit during operation.
    - d. Any other operating parameters in the manufacturer's specifications.
    - e. A description of the treatment method used and a copy of the maintenance test results.

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

10. Not open a sealed biohazardous medical waste container prior to treatment unless opening the container is required to treat the contents. Transfer of the entire contents, when performed as part of the treatment process, is permitted.
  11. Clean the storage and treatment areas as necessary to protect the public health and employee health and safety.
- C. The treater shall make treatment records available for Departmental inspection upon request.

**Historical Note**

**R18-13-1413. Changes to Approved Medical Waste Facility Plans**

- A. As required by A.R.S. § 49-762.06, before making any change to an approved facility plan, a facility owner or operator shall submit a notice to the Department stating the type of change requested, including but not limited to:
1. A Type I change to an approved medical waste facility plan is a change not described in subsections (A)(2), (3), or (4).
  2. A Type II change to an approved medical waste facility plan is a change in which treatment equipment is replaced with equal or like equipment, resulting in either no increase to treatment capacity or the addition of equipment that is not directly used in the treatment process.
  3. A Type III change to an approved medical waste facility plan is a change described by one of the following:
    - a. Treatment equipment is added, resulting in less than a 25% increase in treatment capacity.
    - b. The storage area is enlarged resulting in less than a 25% increase in storage capacity.
    - c. Treatment technology is changed.
  4. A Type IV change to an approved medical waste facility plan is a change described by one of the following:
    - a. Treatment equipment is added, resulting in a 25% or more increase in treatment capacity.
    - b. The storage area is enlarged resulting in a 25% or more increase in storage capacity.
    - c. Treatment equipment is added that requires an environmental permit.
    - d. An expansion of the treatment facility onto land not previously described in the approved plan.
- B. As required by A.R.S. § 49-762.06, a treatment facility operator who has identified a change under subsection (A) shall comply with one of the following:
1. For a Type I change, make the change without notice to, or approval by the Department.
  2. For a Type II change, before making any change, provide written notification that describes the change to the Department. The addition of refrigeration units only for compliance with this Article is a Type II change for which no Departmental approval is required.
  3. For a Type III or Type IV change, submit an amended plan to the Department for approval before making any change. Departmental approval is required prior to making any change.
- C. An owner or operator of an existing municipal solid waste landfill who intends to accept untreated biohazardous medical waste shall submit a notice of a Type III change and an amended facility plan.

**R18-13-1414. Alternative Medical Waste Treatment Methods: Registration and Equipment Specifications**

- A. A manufacturer or its agent who applies for alternative medical waste treatment method registration shall submit to the Department all of the following:
1. The manufacturer or company name and address.
  2. The name, address, and telephone number of the person who submits the application.
  3. A description of the alternative medical waste treatment method.
  4. A list of any other states in which the treatment method is used, including a copy of any state approvals.
  5. A description of by-products generated as result of the alternative treatment method.
  6. A certification statement that the contents of the application are true and accurate to the knowledge and belief of the applicant.
  7. Written documentation demonstrating that the alternative medical waste treatment method is capable of compliance with the treatment standards in this Article for the type of waste treated. The manufacturer shall employ a laboratory independent of any oversight activities by the manufacturer to provide this analysis.
  8. The manufacturer's equipment specifications for the alternative medical waste treatment method being registered, including all of the following:
    - a. Unit model number, or serial number.
    - b. Equipment specifications that identify the proper type of biohazardous medical waste to be treated by the equipment and any design or equipment restrictions.
    - c. Operating procedures for the equipment that ensure the equipment complies with the treatment standards prescribed in this Article for the type of waste treated.
    - d. Instructions for equipment maintenance, testing, and calibration that ensure the equipment complies with the treatment standards prescribed in this Article for the type of waste treated.
  9. Written documentation of registration if required by A.R.S. § 3-351.
- B. The Department shall make a determination whether to approve the registration application. If the Department approves the application, it shall issue to the applicant a certification of registration containing an alternative medical waste treatment method registration number. Only an alternative technology method with a valid Department issued registration number meets the requirements of this Article.
- C. If documentation of Departmental registration is not on file with a generator utilizing alternative medical waste treatment technology, the Department shall classify biohazardous medical waste treated using the unregistered alternative treatment technology as untreated biohazardous medical waste.

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

(December 3, 2021), effective January 4, 2022 (Supp. 21-4).

**R18-13-1415. Treatment Standards, Quantification of Microbial Inactivation and Efficacy Testing Protocols**

A. A treater using an alternative treatment technology shall ensure that treatment achieves either of the following treatment standards:

1. A 6  $\log_{10}$  inactivation in the concentration of vegetative microorganisms.
2. A 4  $\log_{10}$  inactivation in the concentration of *Bacillus stearothermophilus* or *Bacillus subtilis* as is appropriate to the technology.

B. A treater utilizing an alternative treatment method shall conduct efficacy studies to demonstrate that the treatment mechanisms are capable of achieving the standards in subsection (A) through either of the following:

1. Mycobacterial species used as indicators of vegetative microorganisms:
  - a. *Mycobacterium phlei*, or
  - b. *Mycobacterium bovis* (BOG) (ATCC 35743)
2. Spore suspensions of one of the following two bacterial species, as appropriate to the technology, used as biological indicators in efficacy tests of thermal, chemical, and irradiation treatment systems. Studies shall demonstrate a 4  $\log_{10}$  reduction in the concentration of viable spores, through the use of an initial inoculum suspension of 5  $\log_{10}$  or greater of:
  - a. *Bacillus stearothermophilus* (ATCC 7953), or
  - b. *Bacillus subtilis* (ATCC 19659).

C. A treater utilizing an alternative treatment method shall quantify microbial inactivation as follows:

1. Microbial inactivation, or "kill" efficacy is equated to "Log<sub>10</sub> Kill" that is defined as the difference between the logarithms of the number of viable test microorganisms before and after treatment. This definition is stated as:  
 $\text{Log}_{10}\text{Kill} = \text{Log}_{10}(\text{cfu/g "I"}) - \text{Log}_{10}(\text{cfu/g "R"})$   
 where:  
 $\text{Log}_{10}\text{Kill}$  is equivalent to the term  $\text{Log}_{10}$  reduction,  
 "I" is the number of viable test microorganisms introduced into the treatment unit,  
 "R" is the number of viable test microorganisms recovered from the treatment unit, and  
 "cfu/g" are colony forming units per gram of waste solids.
2. For those treatment processes that can maintain the integrity of the biological indicator carrier of the desired microbiological test strain, biological indicators of the required strain and concentration may be used to demonstrate microbial inactivation. Quantification is evaluated by growth or no growth of the cultured biological indicator.
3. For those treatment mechanisms that cannot ensure or provide integrity of the biological indicator, quantitative measurement of microbial inactivation requires a two-step approach: Step 1 "Control" and Step 2 "Test". The purpose of Step 1 is to account for the reduction of test microorganisms due to loss by dilution or physical entrapment.
  - a. Step 1:
    - i. Use microbial cultures of a predetermined concentration necessary to ensure a sufficient microbial recovery at the end of this step.
    - ii. Add suspension to a standardized medical waste load that is to be processed under normal

operating conditions without the addition of the treatment agent (that is, heat, chemicals).

- iii. Collect and wash waste samples after processing to recover the biological indicator organisms in the sample.
- iv. Plate the recovered microorganism suspensions to quantify microbial recovery. The number of viable microorganisms recovered serves as a baseline quantity for comparison to the number of recovered microorganisms from wastes processed with the treatment agent.
- v. The required number of recovered viable indicator microorganisms from Step 1 must be equal to or greater than the number of microorganisms required to demonstrate the prescribed Log reduction, either a 6  $\text{Log}_{10}$  reduction for vegetative microorganisms or a 4  $\text{Log}_{10}$  reduction for bacterial spores. This can be defined by the following equation:

$$\text{Log}_{10}\text{RC} = \text{Log}_{10}\text{IC} - \text{Log}_{10}\text{NR}$$

or

$$\text{Log}_{10}\text{NR} = \text{Log}_{10}\text{IC} - \text{Log}_{10}\text{RC}$$

where:

$\text{Log}_{10}\text{RC}$  is greater than 6 for vegetative microorganisms and greater than 4 for bacterial spores and where:

$\text{Log}_{10}\text{RC}$  is the number of viable "control" microorganisms in colony forming units per gram of waste solids recovered in the non-treated, processed waste residue;

$\text{Log}_{10}\text{IC}$  is the number of viable "control" microorganisms in colony forming units per gram of waste solids introduced into the treatment unit;

$\text{Log}_{10}\text{NR}$  is the number of "control" microorganisms in colony forming units per gram of waste solids which were not recovered in the non-treated, processed waste residue.  $\text{Log}_{10}\text{NR}$  represents an accountability factor for microbial loss.

- b. Step 2:
  - i. Use microbial cultures of the same concentration as in Step 1.
  - ii. Add suspension to the standardized medical waste load that is to be processed under normal operating conditions with the addition of the treatment agent.
  - iii. Collect and wash waste samples after processing to recover the biological indicator organisms in the sample.
  - iv. Plate recovered microorganism suspensions to quantify microbial recovery.
  - v. From data collected from Step 1 and Step 2, the level of microbial inactivation, "Log<sub>10</sub> Kill", is calculated by employing the following equation:  
 $\text{Log}_{10}\text{Kill} = \text{Log}_{10}\text{IT} - \text{Log}_{10}\text{NR} - \text{Log}_{10}\text{RT}$   
 where:  
 $\text{Log}_{10}\text{Kill}$  is equivalent to the term  $\text{Log}_{10}$  reduction;  
 $\text{Log}_{10}\text{IT}$  is the number of viable "Test" microorganisms in colony forming units per gram of waste solids introduced into the treatment unit.  
 $\text{Log}_{10}\text{IT} = \text{Log}_{10}\text{IC};$

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

Log<sub>10</sub>NR is the number of "Control" microorganisms in colony forming units per gram of waste solids which were not recovered in the non-treated, processed waste residue;  
Log<sub>10</sub>RT is the number of viable "Test" microorganisms in colony forming units per gram of waste solids recovered in treated, processed waste residue.

- D. A treater shall employ the appropriate methodology to determine efficacy of the treatment technology following the protocols in subsection (C) that are congruent with the treatment method.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 3776, effective September 17, 1999 (Supp. 99-3).  
Amended by final rulemaking at 27 A.A.R. 2801 (December 3, 2021), effective January 4, 2022 (Supp. 21-4).

**R18-13-1416. Recycled Materials**

- A. Once a generator places biohazardous medical waste in a red bag as required in R18-13-1407, a person shall not remove any of the biohazardous medical waste from the bag until the biohazardous medical waste has been treated as required in R18-13-1415.
- B. A generator of biohazardous medical waste intending to recycle any portion of the biohazardous medical waste shall segregate that portion of biohazardous medical waste from the portion of biohazardous medical waste that will not be recycled. The generator shall do either of the following:
1. Treat the biohazardous medical waste intended for recycling as required in R18-13-1415 before sending the treated medical waste to a recycler.
  2. Follow the requirements in R18-13-1406, R18-13-1407, and R18-13-1408, before either contracting with a transporter to haul or self-hauling the biohazardous medical waste to a treatment facility for treatment. After treatment, the treated medical waste may be sent to a recycler.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 3776, effective September 17, 1999 (Supp. 99-3).

**R18-13-1417. Disposal Facilities: Design and Operation**

An operator of a municipal solid waste landfill that accepts untreated biohazardous medical waste shall comply with all of the following in design and operational requirements:

1. Accept biohazardous medical waste only if packaged according to R18-13-1407.
2. Keep the biohazardous medical waste disposal area separate from the general purpose disposal area.
3. Clearly label the biohazardous medical waste disposal area, informing persons that the disposal area contains untreated medical waste.
4. Not drive directly over deposited medical waste. The operator shall achieve compaction by first spreading a layer of soil that is sufficiently thick to prevent compaction equipment from coming into direct contact with the waste, or dragging waste over the area.
5. Cover the biohazardous medical waste with 6 inches of compacted soil at the end of the working day or more often as necessary to prevent vector breeding and odors.
6. Not allow salvaging of untreated biohazardous medical waste from the landfill.

**Historical Note**

Amended by final rulemaking at 27 A.A.R. 2801 (December 3, 2021), effective January 4, 2022 (Supp. 21-4).

**R18-13-1418. Discarded Drugs**

Discarded drugs that are not hazardous waste, not returned to the manufacturer, and not segregated and labeled on site for transport to a treatment facility shall be destroyed on site by the generator of such drugs by any method that prevents the drugs' use prior to placing the waste out for collection. If federal or state law prescribes a specific method for destruction of discarded drugs, the generator shall comply with that law.

Amended by final rulemaking at 27 A.A.R. 2801 (December 3, 2021), effective January 4, 2022 (Supp. 21-4).

**R18-13-1419. Medical Sharps**

- A. Medical sharps shall be handled as follows:
1. A generator who treats biohazardous medical waste on site shall place medical sharps in a sharps container after rendering them incapable of creating a stick hazard by using an encapsulation agent or any other process that prevents a stick hazard. Medical sharps encapsulated or processed in this manner are considered to be solid waste.
  2. A generator who ships biohazardous medical waste off site for treatment shall either:
    - a. Place medical sharps in a medical sharps container and follow the requirements of R18-13-1406, or
    - b. Package and send medical sharps to a treatment facility via a mail-back system as prescribed by the instructions provided by the mail-back system operator. The generator shall retain proof of shipping.
- B. Notwithstanding subsections (A)(1) and (2), the following syringes do not have to be placed in a medical sharps container:
1. Syringes that have never had a needle (sharp) attached.
  2. Syringes where a needle or sharp had been attached and has been separated from the syringe so that no stick or puncture hazard remains with the syringe.
- C. Syringes that are exempted by subsections (B)(1) and (2) from being placed in a medical sharps container are not biohazardous medical waste, and may be treated as a solid waste, if they are not composed of biohazardous items listed in R18-13-1401(4) and do not contain discarded drugs or another regulated substance.

**R18-13-1420. Additional Handling Requirements for Certain Wastes**

- A. A person who treats the following biohazardous medical waste categories shall meet the following additional requirements:
1. Cultures and stocks shall be incinerated, autoclaved, or treated by an alternative medical waste treatment method that meets the treatment standards set forth in R18-13-

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

1415(A). If cultures and stocks are shipped off site for treatment or disposal, they shall be packaged inside a watertight primary container with absorbent packing materials. The primary container shall be placed inside a watertight secondary inner container that is then placed inside an outer container with sufficient cushioning material to prevent shifting between the secondary inner container and the outer container. If federal or state law prescribes specific requirements for packaging and transporting this waste, the treater shall comply with that law.

2. Trace chemotherapy waste shall be incinerated or disposed of in either an approved solid waste or hazardous waste disposal facility.
3. Experimental or research animal waste shall be handled as follows:
  - a. Autoclave bedding on site or package as described in R18-13-1407 for off-site treatment or landfilling.
  - b. Incinerate animal carcasses on site, or if taken off site for treatment, comply with one of the following requirements:
    - i. Package the waste in a leakproof, covered container, label the contents and send to an incinerator or a Department-approved landfill, or
    - ii. If treated by a method other than incineration, pre-process by grinding, then treat by a method that achieves the standards of R18-13-1415(A).
- B. If a treater uses grinding in combination with another treatment method described in this Article, the treater shall conduct it in a closed system to prevent humans from being exposed to the release of the waste into the environment. If grinding is used for medical sharps, the grinding shall render the medical sharps incapable of creating a stick hazard.

*Article 16, consisting of Sections R18-13-1601 through R18-13-1614, recodified from 18 A.A.C. 8, Article 16 at 8 A.A.R. 5172, effective November 27, 2002; Section and subsection citations within this Article were also updated under A.R.S. § 41-1011(C) (Supp. 02-4).*

**R18-13-1601. Definitions**

In addition to definitions in A.R.S. § 49-851 and A.A.C. R18-13-1301, the terms in this Article shall have the following meanings:

1. "Accumulation site" means an area or site at which PCS from one or more points of generation under the control of the generator of PCS is accumulated for more than 12 hours but less than 90 days prior to treatment, storage, or disposal.
2. "Containment system" means a system designed to contain an accumulation of special waste which meets the design and performance standards in R18-13-1608 and either R18-13-1609 or R18-13-1611.
3. "Excavated" means removed from the earth by scraping or digging a hole or cavity in the earth's surface or otherwise removed from the earth's surface.
4. "Facility" or "special waste receiving facility" means a treatment facility, storage facility, or disposal facility which has been approved by the Director in accordance with A.R.S. § 49-857 or has qualified for Interim Use Facility status pursuant to A.R.S. § 49-858.
5. "Hazardous waste" means hazardous waste as defined in A.R.S. § 49-921(5).
6. "Non-fuel, non-solvent petroleum product" means a petroleum-based substance refined from virgin crude oil that is not used as a solvent or fuel including mineral oils and hydraulic oils.
7. "Non-regulated soils" means soils that are neither hazardous waste, PCS, nor solid waste PCS, and which do not

constitute an environmental nuisance pursuant to A.R.S. §§ 49-141 through 49-144.

8. "PCS" or "petroleum-contaminated soils" means soils excavated for storage, treatment or disposal containing one or more of the contaminants in the list below at the following concentrations:
  - a. Benzene greater than or equal to 1.4 mg/kg,
  - b. Toluene greater than or equal to 650 mg/kg,
  - c. Ethylbenzene greater than or equal to 400 mg/kg,
  - d. Total Xylenes greater than or equal to 420 mg/kg,
  - e. Anthracene greater than or equal to 240,000 mg/kg,
  - f. Benz(A)anthracene greater than or equal to 21 mg/kg,
  - g. Benzo(A)pyrene greater than or equal to 2.1 mg/kg,
  - h. Benzo(B)fluoranthene greater than or equal to 21 mg/kg,
  - i. Benzo(K)fluoranthene greater than or equal to 210 mg/kg,
  - j. Chrysene greater than or equal to 2,000 mg/kg,
  - k. Dibenz(A,H)anthracene greater than or equal to 2.1 mg/kg,
  - l. Fluoranthene greater than or equal to 22,000 mg/kg,
  - m. Fluorene greater than or equal to 26,000 mg/kg,
  - n. Indenopyrene greater than or equal to 21 mg/kg,
  - o. Naphthalene greater than or equal to 190 mg/kg,
  - p. Pyrene greater than or equal to 29,000 mg/kg.
9. "PCS disposal facility" means a site or special waste receiving facility at which the disposal of PCS has been approved by the Director pursuant to A.R.S. § 49-857 or has qualified for Interim Use Facility status pursuant to A.R.S. § 49-858.
10. "Petroleum" means petroleum as defined in A.R.S. § 49-1001(11).
11. "Point of compliance" means point of compliance as defined in A.R.S. § 49-244.
12. "Special waste shipper" means a person who transports special waste for off-site treatment, storage, or disposal.
13. "Solid waste PCS" means excavated soils contaminated with petroleum that are not hazardous waste and not PCS but that contain one or more of the contaminants in the list below at the following concentrations:
  - a. Benzene greater than or equal to 0.65 but less than 1.4 mg/kg;
  - b. Toluene greater than or equal to 650 mg/kg;
  - c. Ethylbenzene greater than or equal to 400 mg/kg;
  - d. Total Xylenes greater than or equal to 270 but less than 420 mg/kg;
  - e. Anthracene greater than or equal to 22,000 but less than 240,000 mg/kg;
  - f. Benz(A)anthracene greater than or equal to 6.9 but less than 21 mg/kg;
  - g. Benzo(A)pyrene greater than or equal to 0.69 but less than 2.1 mg/kg;
  - h. Benzo(B)fluoranthene greater than or equal to 6.9 but less than 21 mg/kg;
  - i. Benzo(K)fluoranthene greater than or equal to 69 but less than 210 mg/kg;
  - j. Chrysene greater than or equal to 680 but less than 2,000 mg/kg;
  - k. Dibenz(A,H)anthracene greater than or equal to 0.69 but less than 2.1 mg/kg;
  - l. Fluoranthene greater than or equal to 2,300 but less than 22,000 mg/kg;

- m. Fluorene greater than or equal to 2,700 but less than 26,000 mg/kg;
  - n. Indenopyrene greater than or equal to 6.9 but less than 21 mg/kg;
  - o. Naphthalene greater than or equal to 56 but less than 190 mg/kg;
  - p. Pyrene greater than or equal to 2,300 but less than 29,000 mg/kg.
14. "Storage" means the holding of PCS for a period of more than 90 days but less than one year.
  15. "Storage facility" means a special waste receiving facility which engages in storage and which has been approved by the Director pursuant to A.R.S. § 49-857 or has qualified for Interim Use Facility status pursuant to A.R.S. § 49-858.
  16. "Temporary treatment facility" means an on-site treatment facility, or an off-site treatment facility owned or operated by the generator of PCS, where the PCS is treated to reduce the contaminants that make it PCS and which complies with the requirements of R18-13-1610.
  17. "Treatability study" means a study in which a special waste is subjected to a treatment process to determine any one or more of the following:
    - a. Whether the waste is amenable to the treatment process,
    - b. What pretreatment is required,
    - c. The optimal process conditions needed to achieve the desired treatment,
    - d. The efficiency of a treatment process,
    - e. The characteristics and volumes of residual contaminants from a particular treatment process,
    - f. Toxicological and health effects.
  18. "Treatment facility" means a special waste receiving facility at which PCS is treated to reduce the PCS contaminants and, if in the state of Arizona, has been Department-approved pursuant to A.R.S. § 49-857 or has qualified for Interim Use Facility status pursuant to A.R.S. § 49-858.
3. The owner or operator of the facility shall maintain records detailing the treatability study and the results obtained in accordance with R18-13-1614.
  4. The treatability study shall be completed and the PCS shall be removed from the site within one year from commencement of the study.
  5. Upon completion of the treatability study, the owner or operator of a facility shall dispose of the PCS used in the treatability study in accordance with this Article.
  6. Sampling of the PCS shall be conducted in accordance with R18-13-1604(B) and (C) before and after the treatability study is performed.
  7. The performance of the treatability study shall not result in an environmental nuisance pursuant to A.R.S. §§ 49-141 through 49-144.
- C. PCS which is excavated pursuant to the requirements of A.R.S. Title 49, Chapter 6, Underground Storage Tank Regulation, and which is not removed from the site, shall comply with the requirements of R18-13-1610 and R18-13-1612.
  - D. PCS incorporated into asphalt for use in paving is not subject to other provisions of this Article if the owner or operator of the facility where the asphalt is produced does all of the following:
    1. Notifies the Department in writing at least 30 days prior to commencing such incorporation,
    2. Maintains records in accordance with R18-13-1614,
    3. Stores the PCS prior to incorporation in accordance with R18-13-1611.
  - E. Requirements in this Article for Department-approved facilities do not apply to facilities that are out of state or in Indian Country.

**Historical Note**

Recodified from R18-8-1602 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4). Amended by final expedited rulemaking at 27 A.A.R. 57, with an immediate effective date of January 5, 2021 (Supp. 21-1).

**R18-13-1603. Exemptions**

- A. Solid waste PCS are exempt from the provisions of this Article, except for the requirements in R18-13-1604, and are subject to A.R.S. § 49-761 et seq.
- B. Non-regulated soils are exempt from the provisions of this Article, except for the requirements in R18-13-1604, and are exempt from the requirements of A.R.S. § 49-761 et seq.
- C. Asphaltic cement which is not hazardous waste is exempt from the requirements of this Article.
- D. Soils which are contaminated with petroleum, which have been generated by households, and which are not hazardous waste, shall be exempt from the requirements of this Article.

**Historical Note**

Recodified from R18-8-1603 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4). Amended by final expedited rulemaking at 27 A.A.R. 57, with an immediate effective date of January 5, 2021 (Supp. 21-1).

**R18-13-1604. Waste Determination**

- A. A generator of excavated soil contaminated with petroleum shall determine whether the soil is PCS, solid waste PCS, or non-regulated soil. The basis for the determination shall be maintained for at least three years and shall be made available to the Department upon request. The generator shall make such determination using either of the following methods:
  1. Testing the soil pursuant to subsection (B) of this Section. Laboratory analysis of these samples shall be performed

**Historical Note**

Recodified from R18-8-1601 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4). Amended by final expedited rulemaking at 27 A.A.R. 57, with an immediate effective date of January 5, 2021 (Supp. 21-1).

**R18-13-1602. Applicability**

- A. The Director declares that PCS, as defined in R18-13-1601(8), constitutes a special waste as defined in A.R.S. § 49-851(A)(9). Except as otherwise provided in this Section and R18-13-1603, PCS shall be treated, stored, and disposed of in accordance with this Article. PCS shall not be diluted with any material or substance for purposes of avoiding applicability of these rules.
- B. PCS which is used in a treatability study shall comply with all of the following:
  1. The owner or operator of the facility where a treatability study is to be conducted shall notify the Department of its intent to conduct a treatability study at least 30 days prior to the commencement of the treatability study.
  2. The total quantity of PCS used in the treatability study shall not exceed 5000 kilograms, unless evidence is provided which justifies the need for a larger quantity and permission to use a larger amount is granted by the Director.

by a laboratory licensed by the Arizona Department of Health Services. Approved testing methods, which identify concentrations for total recoverable extraction of contaminants, shall be used.

2. Application of knowledge of the characteristics of the contaminated soil in light of the known or potential source of the contamination. The Department may require sampling to confirm the accuracy of applied knowledge.
- B. Sampling of soils contaminated with petroleum shall be performed in accordance with a site-specific written sampling plan which is consistent with the requirements set forth in either of the following:
  1. "Test Methods for Evaluating Solid Waste", EPA SW-846, 3rd Edition Volume II: Field Manual, Physical/Chemical Method, Chapter Nine (SW-846 Third Edition), 1986, Environmental Protection Agency, Washington, D.C. and no future editions or amendments, incorporated herein by reference and on file with the Department and the Office of the Secretary of State.
  2. "Quality Assurance Project Plan", Chapter 9, May 1991 Edition, Arizona Department of Environmental Quality, Phoenix, Arizona and no future editions or amendments incorporated herein by reference and on file with the Department and the Office of the Secretary of State.
- C. If soil excavated during the initial investigation of a site to determine the extent of contamination is PCS, the PCS may be returned into the excavation site from which the soil was removed if all of the following conditions are met:
  1. There is no freestanding liquid within the excavation, unless the State Fire Marshal or other jurisdictional fire authority directs otherwise, and the requirements of subsections (C)(2) and (3) are met.
  2. The owner or operator provides notification to the Department that the PCS has been returned to the excavation within 14 days after the return of the PCS to the excavation.
  3. The owner or operator completes a site characterization within 120 days and implements remediation within 150 days after the date the site characterization began.

**Historical Note**

Recodified from R18-8-1604 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4). Amended by final expedited rulemaking at 27 A.A.R. 57, with an immediate effective date of January 5, 2021 (Supp. 21-1).

**R18-13-1605. Transportation**

- A. PCS transported to a special waste receiving facility in Arizona shall be transported by a special waste shipper which has met the requirements of R18-13-1303.
- B. A special waste shipper shall transport the PCS in closed containers pursuant to R18-13-1611(E) or shall ensure that any vehicle used to transport the PCS is loaded and covered in such a manner that the contents will not blow, fall, leak, or spill from the vehicle.
- C. A special waste shipper transporting PCS to a special waste receiving facility in Arizona, except a facility located on Indian country, shall deliver PCS to a special waste receiving facility approved by the Department.

**Historical Note**

Recodified from R18-8-1605 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4).

**R18-13-1606. Fees**

- A. In accordance with A.R.S. §§ 49-855(C)(2) and 49-863, the treatment, storage, or disposal facility in this state that first receives a shipment of PCS shall remit to the Department a fee of \$6.68 per ton but not more than \$66,835.67 per generator site per year for PCS that is transported to the facility.
- B. Initial registration fee. Upon making a request for a special waste identification number on a form as provided by the Director pursuant to Article 13, A generator of PCS shall submit to the Department an initial registration fee of \$900.
- C. Annual registration fee. The Department shall bill an annual registration fee to a generator of PCS or special waste receiving facility that has received facility approval under R18-13-1607 that has not filed a notice of termination of registration with the Department as follows:
  1. For a generator of PCS, \$750; and
  2. For a special waste receiving facility, \$5,000.
- D. The generator of PCS or special waste receiving facility shall pay the annual registration fee within 30 days of invoice receipt.
- E. In accordance with A.R.S. § 49-855(G), a solid waste landfill that pays registration fees under A.R.S. § 49-747 is exempt from the annual registration fee under subsection (C) of this Section.
- F. Beginning July 1, 2026, the Director shall adjust the fee amounts in subsections (A), (B), and (C) of this Section annually by the following method, except that no adjustment in any year shall exceed four percent of the fee amount of the preceding year:
  1. Multiply the amount by the October CPI for the most recent year and then divide by the October CPI for the year 2024. The October CPI for any year is the Consumer Price Index for All Urban Consumers, Phoenix-Mesa-Scottsdale, AZ, all items, published by the United States Department of Labor at [www.bls.gov/cpi/regional-resources.htm](http://www.bls.gov/cpi/regional-resources.htm), for October of that year.
  2. Round the result from subsection (F)(1) to the nearest cent. ADEQ shall post the new amounts on its webpage and install them in the billing software as soon as practicable.

**Historical Note**

Recodified from R18-8-1606 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4). Amended by final rulemaking at 18 A.A.R. 1217, effective July 1, 2012 (Supp. 12-2). Amended by final rulemaking at 31 A.A.R. 348 (January 24, 2025), with an immediate effective date of December 24, 2024 (Supp. 24-4).

**R18-13-1607. Facility Approval; Application**

- A. PCS shall be treated, stored, or disposed only at a PCS disposal facility, storage facility, treatment facility, or temporary treatment facility. A facility located in Arizona shall not be constructed or operated prior to obtaining written approval from the Department, except as provided for in A.R.S. § 49-858.
- B. The owner or operator of a PCS treatment, storage, or disposal facility shall submit an application to the Department which contains all of the information required in accordance with A.R.S. § 49-762.
- C. In addition to the requirements specified in A.R.S. § 49-762, the application shall contain all of the following:
  1. A vicinity map, in a scale not over 1:24,000, which shows where the facility is located with respect to the surroundings, including an indication of the use of the adjacent properties.

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

2. An engineering report which includes all of the following:
    - a. Detailed plans and specifications for the entire facility including manufacturer's performance data and design features of treatment, pollution control, and monitoring equipment.
    - b. A site description which includes general information on the geology, hydrogeology, soils, and land use. If a facility is located within the pollution management area of a facility for which an aquifer protection permit has been issued under A.R.S. § 49-241 et seq., then the applicant may resubmit or incorporate by reference the general information.
    - c. A background soil sampling plan and results which characterize the site, including the rationale used to determine the locations, depths, and number of samples.
  3. A site map, in a scale not to exceed 1:2,400, which clearly identifies where the PCS shall be deposited, containment berms, fencing and security measures, access roads, any improvements, wells, and location of surface water courses.
  4. An operational plan which includes all of the following:
    - a. General description of the daily operations of the facility and the processes, techniques, or methods to be employed;
    - b. The source, amount, concentration of contaminants, and any other relevant information concerning the PCS to be handled;
    - c. The schedule for sampling the PCS during treatment to evaluate treatment methods;
    - d. Description of plans for final use and disposal of PCS and remediated soil, liners, piping, carbon canisters, and any other contaminated equipment;
    - e. Procedures to ensure that only waste which has been characterized is received and that hazardous waste is not received;
    - f. Procedures for random inspection of incoming loads to verify that only waste which has been characterized is accepted;
    - g. Procedures for collecting and managing run-off which comes in contact with PCS;
    - h. Procedures for recordkeeping of all inspection results, training of personnel, and sampling results;
    - i. Procedures to control public access, and prevent unauthorized entry and illegal dumping.
  5. A contingency plan for emergency preparedness which describes alternatives for storage, treatment, or disposal.
  6. A closure plan which includes:
    - a. A description of the steps necessary to close the facility, the specific proposed closure activities, and an implementation schedule;
    - b. Information on site conditions and characterization of the waste received during the life of the facility;
    - c. A description of the sampling plan utilized to sample background soil beneath the site following closure;
    - d. A description of plans for use of the land site after closure;
    - e. A description of post-closure care.
  7. An affidavit that the proposed facility is in compliance with local zoning requirements in effect at the time the application is submitted.
- D.** Following completion of construction of a facility and prior to placement of PCS on the site, the owner or operator shall submit to the Department a construction certification report, including as-built plans which indicate any changes to the design or operational plans for the facility.
- E.** Plans required in accordance with this Section shall be sealed by a professional engineer registered in the state of Arizona, if required by statute.
  - F.** A facility shall be in compliance with all other applicable federal, state, and local approvals or permits which are required for the design, construction, and operation of the facility.
- Historical Note**  
 Recodified from R18-8-1607 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4). Amended by final expedited rulemaking at 27 A.A.R. 57, with an immediate effective date of January 5, 2021 (Supp. 21-1).
- R18-13-1608. General Design and Performance Standards**
- A.** A facility which receives PCS for treatment, storage, or disposal shall be designed and operated to ensure compliance with the following performance standards relating to aquifer protection:
    1. Pollutants discharged shall in no event cause or contribute to a violation of Aquifer Water Quality Standards, at the applicable point of compliance, or, if the facility is a municipal solid waste landfill, it shall comply with the requirements of A.R.S. § 49-761.01(C).
    2. Any pollutant discharged shall not further degrade, at the applicable point of compliance, the quality of any aquifer that already violates an Aquifer Water Quality Standard for that pollutant.
  - B.** A facility which receives PCS for treatment, storage, or disposal shall meet the general design criteria of either subsection (B)(1) or (2) as follows:
    1. The PCS shall be held within a containment system designed and constructed to preclude the migration of contaminants into subsurface soil, groundwater, or surface water. The containment system shall meet the following criteria:
      - a. Maintain a maximum permeability coefficient of no more than  $1 \times 10^{-7}$  cm/sec;
      - b. Be designed to provide structural integrity throughout the life of the facility;
      - c. Be designed in accordance with the applicable design criteria set forth in subsection (C) of this Section and R18-13-1609 through R18-13-1613; or
    2. An alternative design shall contain, at a minimum, all of the following and shall demonstrate that the design will limit discharges listed in A.R.S. § 49-243(D) to the maximum extent practicable:
      - a. The hydrogeologic setting of the facility and the capacity of the liner and soils to preclude discharge to groundwater or surface water;
      - b. The operating methods, processes, or other alternatives to be used at the facility;
      - c. Additional factors which would influence the quality and mobility of the leachate produced and the potential for that leachate to migrate to groundwater or surface water.
  - C.** A PCS treatment, storage, or disposal facility shall meet the following general design criteria:
    1. The facility shall be designed to prevent run-on and run-off. The design shall provide run-on control for the peak discharge from a 24-hour, 25-year storm event. Run-off shall be collected and controlled for at least the water volume resulting from a 24-hour, 25-year storm event.

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

2. The facility shall not restrict the flow of the 100-year floodplain, reduce temporary water storage capacity of the floodplain, or be maintained in a manner which results in a washout or inundation of the PCS.
  3. The owner or operator shall control public access and shall prevent unauthorized vehicular traffic and illegal dumping.
  4. The owner or operator shall manage any standing water that has come into contact with the PCS in accordance with rules promulgated pursuant to A.R.S. § 49-761 et seq.
- D.** A facility which manages PCS in accordance with the requirements of this Article shall be exempt from the aquifer protection permit requirements in accordance with A.R.S. § 49-250(B)(21).
- E.** A facility which has been issued an aquifer protection permit from the Department shall be exempt from the requirements of subsections (A) and (B) of this Section but shall comply with the requirements of subsection (C).

**Historical note**

Recodified from R18-8-1608 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4). Amended by final expedited rulemaking at 27 A.A.R. 57, with an immediate effective date of January 5, 2021 (Supp. 21-1).

**R18-13-1609. Treatment Facility**

- A.** The owner or operator of a PCS treatment facility shall obtain approval from the Department prior to commencement of construction or operation and shall comply with all of the following:
1. Not dilute PCS as a method of treatment, except as allowed in the approved plan for the facility;
  2. Treat the PCS or, if the chosen treatment process fails to remediate the soil to below the regulatory thresholds, dispose of the PCS pursuant to R18-13-1613.
  3. Sample the treated soil and provide the results of the sampling to the Department within 45 days of completion of the treatment.
- B.** A PCS treatment facility designed in accordance with R18-13-1608(B)(1) shall comply with the following specific design criteria:
1. At a minimum, a containment system shall include a clay, synthetic, concrete, or asphalt liner component which is placed upon a foundation or prepared subgrade which supports the liner, and resists pressure gradients above and below the liner, to prevent failure due to settlement, compression, or uplift.
  2. During construction or installation of a containment system, liners and cover systems shall be inspected for uniformity, damage, and imperfections. Immediately after construction or installation is completed, and prior to placement of PCS within the containment system, the systems shall be checked for both of the following:
    - a. Synthetic liners and covers shall be inspected to ensure tight seams and joints and the absence of tears, punctures, or blisters.
    - b. Concrete, asphalt, and soil-based liners and covers shall be inspected for imperfections including lenses, cracks, channels, root holes, or other structural non-uniformities that may cause an increase in the permeability of the liner or cover.
  3. The liner component shall consist of one of the following:

- a. A synthetic liner which is compatible with the waste and which has a minimum 6" buffer layer of sand or soil between the liner and the PCS.
  - b. A compacted soil or admixed liner provided with a minimum 6" buffer layer of sand or soil between the liner and the PCS.
  - c. An asphalt or reinforced concrete liner which is not in the drainage area of a dry well and is free of unsealed cracks and seams.
4. Aeration equipment shall be limited to the area above the buffer layers indicated in subsections (B)(2)(a) and (b).
  5. The owner or operator of the facility shall utilize protective measures to ensure containment system integrity during placement, treatment, or removal of the PCS.
  6. PCS stored at a treatment facility prior to treatment shall be stored in accordance with the requirements of R18-13-1611.

**Historical Note**

Recodified from R18-8-1609 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4).

**R18-13-1610. Temporary Treatment Facility**

- A.** The owner or operator of a temporary treatment facility shall treat and remove all PCS from the temporary treatment facility within one year from the date of commencement of receipt of PCS for treatment. PCS shall not be diluted to meet any treatment requirement, except in accordance with the approved plan.
- B.** A temporary treatment facility shall obtain approval from the Department prior to commencing construction or operation. In lieu of the requirements of R18-13-1607(C), an application for approval shall contain all of the following:
1. An affidavit signed by the owner or operator of the temporary treatment facility which states that the facility will comply with the requirements of this Article;
  2. An affidavit that the proposed facility is in compliance with local zoning requirements in effect at the time the application is submitted;
  3. Application information required pursuant to A.R.S. § 49-762.03(C)) for plan approval for temporary treatment facilities;
  4. A vicinity map, in a scale not over 1:24,000, which shows where the facility is located with respect to the surroundings, including an indication of the use of the adjacent properties;
  5. A site description which includes general information on the geology, hydrogeology, soils, and land use;
  6. A background soil sampling plan and results which characterize the site, including the rationale used to determine the locations, depths and number of samples;
  7. A site map, in a scale not to exceed 1:2,400, which clearly identifies where the PCS shall be deposited, containment berms, fencing and security measures, access roads, any improvements, wells, and location of surface water courses;
  8. An operational plan which includes all of the following:
    - a. General description of the daily operations of the facility and the processes, techniques, or methods to be employed;
    - b. The source, amount, concentration of contaminants, and any other relevant information concerning the PCS to be handled;
    - c. The schedule for sampling the PCS during treatment to evaluate treatment methods;

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

- d. Description of plans for final use and disposal of PCS and remediated soil, liners, piping, carbon canisters, and any other contaminated equipment;
- 9. A closure and post-closure care plan which includes both of the following:
  - a. A description of the steps necessary to close the facility, the specific proposed closure activities, and an implementation schedule;
  - b. A description of the sampling plan utilized to sample background soil beneath the site following closure.
- C. A temporary treatment facility shall not be operated for more than one year unless a one-time extension is granted by the Department. The Department may grant an extension of up to one additional year if all of the following are met:
  - 1. The inability to perform is caused by events beyond the control of the owner or operator, including acts of God, which include flood, tornado, earthquake, and causes beyond the owner's or operator's control including fire, explosion, unforeseen strikes or work stoppages, riot, sabotage, public enemy, war, requirements established by courts of competent jurisdiction, and other governing law. Financial inability to perform shall not be justification for an extension.
  - 2. The owner and operator submits to the Department verifiable documentation which includes all of the following:
    - a. A description of the circumstances causing any delay;
    - b. Evidence of the existence of the circumstance;
    - c. A description of past, present, and future measures taken or to be taken by the owner or operator to prevent or minimize any delay;
    - d. A timetable by which the owner and operator will resume and complete required performance.
  - 3. The request is received at least 60 days prior to the expiration of the year in which the facility first received PCS. Where the Department grants an extension, that extension shall be granted prior to the expiration of the deadline and communicated to the owner or operator in writing.
- D. A temporary treatment facility shall meet the design criteria as specified in R18-13-1608 and R18-13-1609(B).
- E. PCS stored at a temporary treatment facility prior to treatment shall be stored in accordance with the requirements of R18-13-1611.
- F. In accordance with A.R.S. §§ 49-762.03(C), a temporary treatment facility shall be exempt from the notice and public hearing requirements set forth in A.R.S. § 49-762.04(A).

**Historical Note**

Recodified from R18-8-1610 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4). Amended by final expedited rulemaking at 27 A.A.R. 57, with an immediate effective date of January 5, 2021 (Supp. 21-1).

**R18-13-1611. Storage Facility**

- A. A shipment of PCS shall not be stored for a period exceeding one year from the date the PCS is received.
- B. Each shipment of contaminated soil shall be identified by source and stored in a manner which does not allow commingling of different shipments until all sampling results have been obtained. PCS shall be stored within an approved containment system and shall not be commingled with treated soils.
- C. A PCS storage facility shall obtain approval from the Department prior to commencement of construction or operation. A

PCS storage facility designed in accordance with R18-13-1608(B)(1) shall comply with either of the following:

- 1. The containment system shall meet the requirements of R18-13-1609(B).
- 2. The PCS shall be stored in tanks or containers which meet the requirements of subsection (E) of this Section.
- D. A PCS storage area or each tank or container used for storage shall be marked as follows:  
 CAUTION: CONTAINS PETROLEUM-CONTAMINATED SOIL  
 GENERATOR NAME:  
 GENERATOR ID#:  
 ACCUMULATION START DATE:

The owner or operator of the storage facility shall fill in the accumulation start date at the time the PCS is placed into storage. The letters shall be legible, not obstructed from view, on a high contrast background, and sufficiently durable to equal or exceed the duration of storage. Lettering size shall be 2.5 cm (1 inch) and in Sans Serif, Gothic, or Block style.

- E. A tank or container used to store PCS shall meet all of the following requirements:
  - 1. Prevent leakage of PCS and any free liquids from the tank or container;
  - 2. Be made of, or lined with, materials which will not react with the PCS;
  - 3. Be kept closed during storage except to add or remove PCS;
  - 4. Not be opened, handled, or stored in a manner which may rupture the tank or container or cause it to leak;
  - 5. Shall be inspected monthly by the owner or operator of the storage facility for leaks and for deterioration. A written record of the inspection shall be prepared at the time of the inspection and shall document corrective action, if any, taken as a result of the inspection.
- F. A PCS storage facility at which PCS is stored in piles shall comply with both of the following:
  - 1. All storage piles shall be covered or otherwise managed to control wind dispersal of the PCS.
  - 2. Storage piles of PCS shall be inspected weekly and a written record of the inspection shall be prepared at the time of the inspection which documents any corrective action taken as a result of the inspection. The record shall document detection of any of the following:
    - a. Deterioration, malfunctions, or improper operation of run-on and run-off control systems;
    - b. Malfunctioning of wind dispersal control systems;
    - c. The presence of leachate in and the malfunctioning of any leachate collection and removal systems.

**Historical Note**

traffic and illegal dumping. PCS shall be managed to prevent the PCS from being exposed to storm water run-on or run-off.

**Historical Note**

Recodified from R18-8-1612 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4).

**R18-13-1613. Disposal**

- A. PCS shall be disposed at a special waste receiving facility which has been approved for the disposal of PCS, or at a hazardous waste management facility as defined in R18-13-260(E)(13).
- B. A PCS disposal facility designed in accordance with R18-13-1608(B)(1) shall comply with the following specific design criteria:
  1. The disposal facility shall be designed with a composite liner, as defined in subsection (B)(2), and a leachate collection system that is designed and constructed to maintain less than a 12-inch depth of leachate over the liner.
  2. For purposes of this Section, "composite liner" means a system consisting of two components: the upper component shall consist of a minimum 30-mil flexible membrane liner (FML) and the lower component shall consist of at least a two-foot layer of compacted soil with a permeability coefficient of no more than  $1 \times 10^{-7}$  cm/sec. FML components consisting of high density polyethylene (HDPE) shall be at least 60 mil thick. The FML component shall be installed in direct and uniform contact with the compacted soil component.

**Historical Note**

Recodified from R18-8-1613 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4). Amended by final expedited rulemaking at 27 A.A.R. 57, with an immediate effective date of January 5, 2021 (Supp. 21-1).

**R18-13-1614. Records**

Records required to be kept pursuant to this Article shall be maintained by the owner or operator and made available for inspection by the Director for a period of three years or longer during the course of an enforcement action or litigation.

**Historical Note**

Recodified from R18-8-1614 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4).

**ARTICLE 17. RESERVED****ARTICLE 18. RESERVED****ARTICLE 19. LEAD ACID BATTERY RECYCLING****R18-13-1901. Collection or Recycling Facility of Lead Acid Batteries; Registration; Fees**

- A. Initial registration. The owner or operator of an existing collection or recycling facility that accepts lead acid batteries as of the effective date of this Section shall register with the Department by March 1, 2025, on a form approved by the Department. A collection or recycling facility shall not begin operation to accept lead acid batteries until the owner or operator registers with the Department on a form approved by the Department that includes a statement that the facility is in compliance with A.R.S. § 44-1322. The owner or operator of a new collection or recycling facility of lead acid batteries shall submit an initial registration fee of \$810 at the time of registration under this subsection.
- B. Annual registration fee. The Department shall bill an annual registration fee of \$675 to a registered collection or recycling facility that has not filed a notice of termination of registration

with the Department. The owner or operator of a registered collection or recycling facility shall pay the annual registration fee within 30 days of invoice receipt.

- C. Beginning July 1, 2026, the Director shall adjust the fee amounts in subsections (A) and (B) of this Section annually by the following method, except that no adjustment in any year shall exceed four percent of the fee amount of the preceding year:
  1. Multiply the amount by the October CPI for the most recent year and then divide by the October CPI for the year 2024. The October CPI for any year is the Consumer Price Index for All Urban Consumers, Phoenix-Mesa-Scottsdale, AZ, all items, published by the United States Department of Labor at [www.bls.gov/cpi/regional-resources.htm](http://www.bls.gov/cpi/regional-resources.htm), for October of that year.
  2. Round the result from subsection (C)(1) to the nearest cent. ADEQ shall post the new amounts on its webpage and install them in the billing software as soon as practicable.
- D. For purposes of this Section, "lead acid battery" means a battery with a core of elemental lead and a capacity of six or more volts that is suitable for use in a vehicle or a boat.

**Historical Note**

New Section made by final rulemaking at 31 A.A.R. 348 (January 24, 2025), with an immediate effective date of December 24, 2024 (Supp. 24-4).

**ARTICLE 20. USED OIL****R18-13-2001. Definitions**

- A. "40 CFR 279", and any section therein, refers to 40 CFR part 279, as amended on January 1, 1997, and no future editions or later amendments. Copies of 40 CFR 279 are available at <https://www.govinfo.gov/app/collection/cfr/>. Copies are on file with the Department.
- B. "CFR" means the Code of Federal Regulations.
- C. "Department" means the Arizona Department of Environmental Quality.
- D. "Used oil" means the same as defined in 40 CFR 279.1 and includes oil that has been contaminated as a result of handling, transportation, or storage.
- E. "Used oil collection center" means the same as defined in 40 CFR 279.1.
- F. "Used oil burner" means the same as defined in 40 CFR 279.1.
- G. "Used oil fuel marketer" means the same as defined in 40 CFR 279.1.
- H. "Used oil handler" means a used oil burner, used oil marketer, used oil transporter, or used oil processor.
- I. "Used oil processor" means the same as defined in 40 CFR 279.1.
- J. "Used oil transporter" means the same as defined in 40 CFR 279.1.

**Historical Note**

New Section made by final rulemaking at 31 A.A.R. 348 (January 24, 2025), with an immediate effective date of December 24, 2024 (Supp. 24-4).

**R18-13-2002. Used Oil Handler Registration; Fee**

- A. Initial registration. A new used oil handler that has received, or is required to obtain, an EPA identification number pursuant to 40 CFR 279 shall not begin operation until the owner or operator registers with the Department on a form approved by the Department. A new used oil handler shall submit an initial registration fee at the time of registration under this subsection as follows:

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

1. For a used oil processor, \$9,000;
  2. For a used oil burner, \$15,000;
  3. For a used oil transporter, \$1,800; and
  4. For a used oil fuel marketer, \$1,800.
- B.** Annual registration fee. The Department shall bill an annual registration fee to a used oil handler that has received, or is required to obtain, an EPA identification number pursuant to 40 CFR 279 that has not filed a notice of termination of registration with the Department as follows:
1. For a used oil processor, \$7,500;
  2. For a used oil burner, \$12,500;
  3. For a used oil transporter, \$1,500; and
  4. For a used oil fuel marketer, \$1,500.
- C.** The registered used oil handler shall pay the annual registration fee within 30 days of invoice receipt.
- D.** Beginning July 1, 2026, the Director shall adjust the fee amounts in subsections (A) and (B) of this Section annually by the following method, except that no adjustment in any year shall exceed four percent of the fee amount of the preceding year:
1. Multiply the amount by the October CPI for the most recent year and then divide by the October CPI for the year 2024. The October CPI for any year is the Consumer Price Index for All Urban Consumers, Phoenix-Mesa-Scottsdale, AZ, all items, published by the United States Department of Labor at [www.bls.gov/cpi/regional-resources.htm](http://www.bls.gov/cpi/regional-resources.htm), for October of that year.
  2. Round the result from subsection (D)(1) to the nearest cent. ADEQ shall post the new amounts on its webpage and install them in the billing software as soon as practicable.

**Historical Note**

New Section made by final rulemaking at 31 A.A.R. 348 (January 24, 2025), with an immediate effective date of December 24, 2024 (Supp. 24-4).

**R18-13-2003. Used Oil Collection Center Identification Number; Requirements**

- A.** A used oil collection center shall request a used oil collection center identification number on a form provided by the Director pursuant to A.R.S. § 49-802(C) that contains all of the following:
1. The company name;
  2. The name of the owner of the company;
  3. The mailing address and telephone number of the company;
  4. The location of the collection center; and
  5. A description of the type of used oil activity at the company.
- B.** Within 30 days of receiving the completed form, the Director shall issue the identification number to the used oil collection center.

**Historical Note**

New Section made by final rulemaking at 31 A.A.R. 348 (January 24, 2025), with an immediate effective date of December 24, 2024 (Supp. 24-4).

**ARTICLE 21. SOLID WASTE LANDFILL REGISTRATION AND DISPOSAL FEES**

*Article 21, consisting of Sections R18-13-2101 through R18-13-2103, made by final rulemaking at 9 A.A.R. 1770, effective July 14, 2003 (Supp. 03-2).*

**R18-13-2101. Definitions**

In addition to the definitions in A.R.S. §§ 49-701 and 49-701.01, for the purpose of this Article, the terms used in this Article have the following meanings:

1. “Defined time period” means the 12-month period that begins on July 1 of a calendar year and ends on June 30 of the following calendar year and consists of the actual number of calendar days in that 12-month period.
2. “Disposal fee invoice” means the quarterly landfill disposal fee invoice the Department mails to a landfill operator, on which the landfill operator indicates the amount of waste received and the amount of the disposal fees owed to the Department as required under A.R.S. § 49-836.
3. “Local public facility” means a facility operated pursuant to A.R.S. § 49-741.
4. “Recycling residue” means waste generated from recycling:
  - a. Solid waste; or
  - b. Effluent from a secondary wastewater treatment plant or wastewaters.

**Historical Note**

New Section made by final rulemaking at 9 A.A.R. 1770, effective July 14, 2003 (Supp. 03-2). Amended by final rulemaking at 18 A.A.R. 1217, effective July 1, 2012 (Supp. 12-2). Amended by final rulemaking at 31 A.A.R. 348 (January 24, 2025), with an immediate effective date of December 24, 2024 (Supp. 24-4).

**R18-13-2102. Solid Waste Landfill Registration; Annual Registration Fee**

- A.** An operator of a new solid waste landfill shall register the solid waste landfill with the Department on a form approved by the Department.
- B.** An existing solid waste landfill shall pay an annual registration fee within 30 days of receipt of an invoice from the Department according to the following:
1. For solid waste landfills that received less than 60,000 tons during the defined time period, \$5,000.
  2. For solid waste landfills that received at least 60,000 tons but less than 225,000 tons during the defined time period, \$10,000.
  3. For solid waste landfills that received 225,000 tons or more during the defined time period, \$18,565.
- C.** The Department shall determine the amount of waste received by a solid waste landfill by one of the following methods:
1. As the reported tons of solid waste received on the disposal fee invoices over the defined time period; or
  2. As the reported units of compacted or uncompacted solid waste received on the disposal fee invoices and reported under R18-13-2104 over the defined time period.
- D.** Beginning July 1, 2026, the Director shall adjust the fee amounts in subsection (B) of this Section annually by the following method, except that no adjustment in any year shall exceed four percent of the fee amount of the preceding year:
1. Multiply the amount by the October CPI for the most recent year and then divide by the October CPI for the year 2024. The October CPI for any year is the Consumer Price Index for All Urban Consumers, Phoenix-Mesa-Scottsdale, AZ, all items, published by the United States Department of Labor at [www.bls.gov/cpi/regional-resources.htm](http://www.bls.gov/cpi/regional-resources.htm), for October of that year.
  2. Round the result from subsection (C)(1) to the nearest cent. ADEQ shall post the new amounts on its webpage

and install them in the billing software as soon as practicable.

**Historical Note**

New Section made by final rulemaking at 9 A.A.R. 1770, effective July 14, 2003 (Supp. 03-2). Amended by final rulemaking at 18 A.A.R. 1217, effective July 1, 2012 (Supp. 12-2). Amended by final rulemaking at 31 A.A.R. 348 (January 24, 2025), with an immediate effective date of December 24, 2024 (Supp. 24-4).

**R18-13-2103. Landfill Closure and Post-Closure Care Obligations; Fees**

- A. The Department shall calculate and the solid waste landfill shall pay the annual landfill registration fee until the first defined time period after the solid waste landfill stops accepting waste.
- B. From the time a solid waste landfill stops accepting waste as specified in subsection (A), until the owner or operator of the solid waste landfill has completed closure and is released from its obligation for post-closure care as required by A.R.S. §§ 49-761 or 49-770, the annual registration fee is \$3,500.
- C. Beginning July 1, 2026, the Director shall adjust the fee amounts in subsection (B) of this Section annually by the following method, except that no adjustment in any year shall exceed four percent of the fee amount of the preceding year:
  1. Multiply the amount by the October CPI for the most recent year and then divide by the October CPI for the year 2024. The October CPI for any year is the Consumer Price Index for All Urban Consumers, Phoenix-Mesa-Scottsdale, AZ, all items, published by the United States Department of Labor at [www.bls.gov/cpi/regional-resources.htm](http://www.bls.gov/cpi/regional-resources.htm), for October of that year.
  2. Round the result from subsection (C)(1) to the nearest cent. ADEQ shall post the new amounts on its webpage and install them in the billing software as soon as practicable.

**Historical Note**

New Section made by final rulemaking at 9 A.A.R. 1770, effective July 14, 2003 (Supp. 03-2). Amended by final rulemaking at 18 A.A.R. 1217, effective July 1, 2012 (Supp. 12-2). Amended by final rulemaking at 31 A.A.R. 348 (January 24, 2025), with an immediate effective date of December 24, 2024 (Supp. 24-4).

**R18-13-2104. Solid Waste Landfill Disposal Fee; Exemptions**

- A. The operator of a solid waste landfill shall pay to the Department the disposal fee required by A.R.S. § 49-836 as follows:
  1. \$.58 for each six cubic yards of uncompacted solid waste;
  2. \$.58 for each three cubic yards of compacted solid waste; or
  3. \$.58 per ton of solid waste.
- B. A solid waste landfill that receives only waste generated on site shall compute the fee in subsection (A) of this Section by one of the following methods:
  1. By actual volume or weight; or
  2. By estimate based on landfill capacity use, volume or number of waste loads or any other reasonable means for approximating the volume or weight of disposed waste.
- C. Facilities that generate recycling residue shall pay the disposal fee required by A.R.S. § 49-836 as follows, to an annual maximum of \$34,942.20, for on-site disposal:
  1. \$.29 for the dry weight or volume of the recycling residue generated; or
  2. \$.29 for the dewatered weight or volume of the recycling residue generated.

- D. A person who for a fee disposes of waste in a solid waste landfill that is not regulated by the Department shall keep accurate records of the waste disposed of in those landfills and shall pay to the Department the disposal fee as prescribed in subsection (A) of this Section.
- E. The operator of a local public facility that does not have on-site operators or scales shall pay to the Department a fee that shall be calculated by multiplying the population of the political subdivision served by the local public facility by \$.16.
- F. A person who is subject to fees under this Section shall sign and submit a form prepared by the Department with each fee payment. The form shall state the total volume or weight of solid waste disposed of at that landfill during the payment period.
- G. The following are exempt from the requirements of this Section:
  1. Persons disposing of a load containing less than six cubic yards of uncompacted solid waste or three cubic yards of compacted solid waste.
  2. A site used solely for the reclamation of land through the introduction of landscaping rubble or inert material.
  3. Material produced in connection with a mining or metallurgical operation.

**Historical Note**

New Section made by final rulemaking at 31 A.A.R. 348 (January 24, 2025), with an immediate effective date of December 24, 2024 (Supp. 24-4).

**ARTICLE 22. NEW TIRE SELLERS****R18-13-2201. Definitions**

- A. "Motor vehicle" means any automobile, motorcycle, truck, trailer, semitrailer, truck tractor and semitrailer combination or other vehicle operated on the roads of this state, used to transport persons or property and propelled by power other than muscular power, but motor vehicle does not include traction engines, vehicles that run only on a track, bicycles or mopeds.
- B. "Tire seller" means a retail seller of motor vehicle tires or a wholesale seller of motor vehicle tires who sells tires to the state, to a political subdivision of the state, or to a private entity not for resale, and includes a person whose retail sales of new motor vehicle tires are not in the ordinary course of business.

**Historical Note**

New Section made by final rulemaking at 31 A.A.R. 348 (January 24, 2025), with an immediate effective date of December 24, 2024 (Supp. 24-4).

**R18-13-2202. New Tire Sellers; Fee**

- A. Beginning April 1, 2025, a tire seller of new motor vehicle tires shall collect a fee of 2% of the retail sales price, not including transaction privilege tax, of each tire to a maximum of \$4.66 per tire. For the sale of a new motor vehicle with a gross weight of under 10,000 pounds by a manufacturer to a wholesaler or retailer, if the sales price of the tires is not specified by the manufacturer, the tire seller shall collect a fee of \$2.33 per tire.
- B. A seller required to collect a fee under subsection (A) of this Section may credit \$.10 per tire against the fee for expenses incurred by the seller for accounting and reporting related to the fee.
- C. A seller who collects a fee under subsection (A) of this Section shall remit the fee to the Arizona Department of Revenue for deposit on a quarterly basis in the waste tire fund established pursuant to section A.R.S. § 44-1305.

## TITLE 18. ENVIRONMENTAL QUALITY

## CHAPTER 13. DEPARTMENT OF ENVIRONMENTAL QUALITY - SOLID WASTE MANAGEMENT

D. Beginning July 1, 2026, the Director shall adjust the fee amounts in subsection (A) of this Section annually by the following method, except that no adjustment in any year shall exceed four percent of the fee amount of the preceding year:

1. Multiply the amount by the October CPI for the most recent year and then divide by the October CPI for the year 2024. The October CPI for any year is the Consumer Price Index for All Urban Consumers, Phoenix-Mesa-Scottsdale, AZ, all items, published by the United States Department of Labor at [www.bls.gov/cpi/regional-resources.htm](http://www.bls.gov/cpi/regional-resources.htm), for October of that year.
2. Round the result from subsection (D)(1) to the nearest cent. ADEQ shall notify the Arizona Department of Revenue of the adjusted fee amounts and post the new amounts on its webpage as soon as practicable.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

**ARTICLE 1. RULES OF PRACTICE AND PROCEDURE BEFORE THE DIRECTOR****R20-6-101. Scope of Article; Definitions****A. Scope.**

1. Administrative Hearings. This Article and Title 20 of the Arizona Revised Statutes govern administrative hearings before the Department. The Department shall use the authority of A.R.S. Title 41, Chapter 6, Article 10, the Office of Administrative Hearings' procedural rules, and this Article to govern the initiation and conduct of administrative hearings. In an administrative hearing, special procedural requirements in state statute or another Section in this Article shall also govern the proceedings unless the requirements are inconsistent with either A.R.S. Title 41, Chapter 6, Article 10, the Office of Administrative Hearings' rules or this Article.
2. Director's Hearings. Director's Hearings are governed by this Article and Title 20 of the Arizona Revised Statutes.
3. Rulemaking and Investigative Proceedings. Except as otherwise provided in Section R20-6-160 for rulemaking petitions, this Article does not apply to rulemaking or investigative proceedings before the Director.
4. Arizona Rules of Civil Procedure. Unless expressly applicable by rule or statute, the Arizona Rules of Civil Procedure do not apply to administrative or Director's hearings.

**B. Definitions.** In addition to the definitions provided in A.R.S. §§ 41-1001 and 41-1092, the following terms apply to this Article:

1. "Administrative Hearing" means an appealable agency action as defined by A.R.S. § 41-1092(3) or a contested case as defined by A.R.S. § 41-1001(5) subject to A.R.S. § 20-161 and A.R.S. Title 41, Chapter 6, Article 10.
2. "Attorney General" means the Attorney General of Arizona, and the Attorney General's assistants or special agents.
3. "Department" means the Arizona Department of Insurance and Financial Institutions, Division of Insurance.
4. "Director" has the meaning stated at A.R.S. § 20-102 or a Hearing Officer or any deputy, assistant, or examiner of the Director acting in the Director's name in accordance with A.R.S. § 20-150.
5. "Director's Hearing" means a hearing required by Title 20 to be conducted by the Director that is not an administrative hearing. A Director's hearing is not subject to the Arizona Open Meeting law. Director's hearings are required for, but not limited to, the following:
  - a. Taking comments to determine whether the cooperation among rating organizations and insurers is unfair or unreasonable or otherwise inconsistent with the provisions of Title 20 under A.R.S. § 20-365;
  - b. Taking comments to determine whether a reasonable degree of price competition exists at the consumer level with respect to a particular class of business or to determine an allowable percentage of increase in a proposed rate level for a particular line, subtitle, or class of business under A.R.S. § 20-383(B);
  - c. Taking comments to exempt rate filings or to find that a particular market is noncompetitive for purposes of rate filing under A.R.S. §§ 20-385(F) and (G);
  - d. Taking comments to determine recognized surplus lines under A.R.S. § 20-409;

- e. Taking comments regarding acquisitions within a holding company system if the acquisition would require the approval of other states under A.R.S. § 20-481.07(G);
  - f. Taking comments to establish criteria for third parties who are eligible to provide credit enhancement for separate accounts and to accept assets that are pledged under A.R.S. § 20-536.01(C);
  - g. Taking comments to prescribe standards to allow investments in separate accounts to exceed established limits under A.R.S. § 20-536.01(D);
  - h. Taking comments in order to prescribe an investment grade rating, to recognize rating agencies for purposes of investment, or to prescribe standards by which obligations of insurers who have not received an investment grade rating may be eligible for investment under A.R.S. §§ 20-544 and 20-545;
  - i. Taking comments from parties affected by a proposed corporate acquisition, merger or consolidation of title insurers under A.R.S. §§ 20-1576(A)(1) and 20-1577(A);
  - j. Taking comments to establish a loss ratio standard for credit property and credit unemployment insurance under A.R.S. § 10-1621.05(B);
  - k. Taking comments for the purpose of exempting certain forms from the application of Title 20, Chapter 6, Article 14: Cancellation or Non-Renewal of Commercial Insurance under A.R.S. § 20-1671(12); and
  - l. Taking comments to establish prima facie rates for credit life and credit disability insurance under Section R20-6-604.03(A).
6. "Hearing Officer" means a person appointed by the Director to conduct a Director's hearing.
  7. "Party" has the meaning prescribed at A.R.S. § 41-1001(16) and includes any person or entity subject to the jurisdiction of the Department under A.R.S. Title 20.

**Historical Note**

Adopted effective January 23, 1992 (Supp. 92-1). R20-6-101 recodified from R4-14-101 (Supp. 95-1). Amended by final rulemaking at 5 A.A.R. 618, effective February 4, 1999 (Supp. 99-1). Amended by final rulemaking at 28 A.A.R. 3626 (November 25, 2022), effective January 1, 2023 (Supp. 22-4).

**R20-6-102. Appearance and Practice before the Director for Administrative and Director's Hearings**

- A.** A party may appear in their own behalf or through counsel. An insurer may appear through legal counsel or through a duly authorized officer of the corporation.
- B.** When an attorney other than the Attorney General appears or intends to appear before the Director or the Department, they shall promptly disclose their name and contact information and the name and contact information of the person on whose behalf they intend to appear.
- C.** Conduct at any Director's hearing which, in the discretion of the Director or Hearing Officer is deemed contemptuous shall be grounds for exclusion from the hearing. Contemptuous conduct shall include willful disruption or obstruction of any Director's hearing, or any other willful conduct during any Director's hearing which lessens the dignity or authority of the Director or Hearing Officer.
- D.** Notice of a Director's Hearing is subject to Title 20 and shall contain at a minimum:

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

1. The subject matter on which the Director intends to take comments including the specific statutory sections authorizing the Director to conduct the hearing;
  2. The date, time and place of the Director's hearing;
  3. The guidelines for interested parties to submit comments to the Director and to participate in the hearing; and
  4. Any other information the Director deems appropriate.
- E. Notice of a Director's Hearing shall be posted on the Department's website and in compliance with A.R.S. § 38-431.02. The Director may additionally notify interested persons as the Director deems appropriate.

**Historical Note**

Adopted effective January 23, 1992 (Supp. 92-1). R20-6-102 recodified from R4-14-102 (Supp. 95-1). Amended by final rulemaking at 28 A.A.R. 3626 (November 25, 2022), effective January 1, 2023 (Supp. 22-4).

**R20-6-103. Filing; Service**

- A. A document filed by a party with the Department is filed on the date it is received by the Department as established by the Department's earliest stamped date on the face of the document or by some other method of affixing a received date by the Department.
- B. If a party is represented by an attorney, service is effectuated by service upon the attorney unless additional service upon the represented party is required by an administrative law judge or the Department.
- C. A document is served upon a party as provided for under A.R.S. § 41-1092.04 and Section R2-19-108. A party effectuating service is responsible for producing proof of service if requested by the Department.

**Historical Note**

Adopted effective January 23, 1992 (Supp. 92-1). R20-6-103 recodified from R4-14-103 (Supp. 95-1). Amended by final rulemaking at 28 A.A.R. 3626 (November 25, 2022), effective January 1, 2023 (Supp. 22-4).

**R20-6-106. Answer to Notice of an Administrative Hearing**

- A. The Department may, in a notice of hearing, direct one or more parties to file a written answer to the allegations contained in the notice of hearing. Even if not directed to do so, any party to the proceeding may file an answer.
- B. A party directed to file an answer shall do so within 20 days after issuance of a notice of hearing, unless the notice of hearing states a different period for the answer. The Department may require any party to answer, in a reasonable time, amendments to the assertions in the notice made after service of the original notice.
- C. An answer filed under this Section shall briefly state the party's position or defense to the proceeding and shall specifi-

cally admit or deny each of the allegations in the notice of hearing. An answering party who does not have, or cannot easily obtain, knowledge or information sufficient to admit or deny an allegation shall state that inability which shall have the effect of a denial. Any allegation not denied is admitted. A party who intends to deny only a part of an allegation shall expressly admit as much of that allegation as is true and shall deny the remainder.

- D. A party who fails to file an answer required by this Section within the time allowed is in default. The Director may resolve the proceeding against the defaulting party. In doing so, the Director may regard any allegations in the notice of hearing as admitted by the defaulting party.
- E. Defenses not raised in the answer are waived.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

**Historical Note**

Adopted effective January 23, 1992 (Supp. 92-1). R20-6-113 recodified from R4-14-113 (Supp. 95-1). Section expired under A.R.S. § 41-1056(E) at 17 A.A.R. 1421, effective May 31, 2011 (Supp. 11-3).

**R20-6-114. Request for Rehearing or Review**

- A. Any party aggrieved by an administrative decision may file with the Director, within time limits and other procedural guidelines contained in A.R.S. § 41-1092.09, a written motion for a rehearing or review of the decision specifying the particular reason for the request.
- B. A party filing a motion under this Section may amend the motion at any time before a response to the motion is filed. An amended motion tolls the time for filing a response and the time for rendering a decision on the motion.
- C. A request for rehearing or review which is not timely filed is deemed waived for the purpose of judicial review.
- D. A motion for rehearing shall specify which of the grounds listed in subsection (G) it is based upon and shall set forth the specific facts and laws in support of the motion. A motion may cite relevant portions of testimony from the hearing if a transcript is provided with the motion and may cite hearing exhibits by reference to the exhibit number. The motion shall specify the relief sought by the request, such as a different finding of fact, conclusion of law or order and may seek multiple forms of relief in the alternative. When a motion for rehearing or review is based on an affidavit, the moving party shall attach the affidavit to the motion.
- E. A party may file a separate request for a stay of the Director's decision pursuant to A.R.S. § 20-162(B). Filing a stay request or a motion for rehearing does not stay an order filed by the Director. The Director may stay an order pending the resolution of a motion for rehearing or review.
- F. Each party served with a motion for rehearing or review shall be permitted to file a written response within 15 days after the motion has been filed. Affidavits may be attached to and filed with a response. A response may cite relevant portions of testimony from the hearing if a transcript is provided with the response and may cite hearing exhibits by reference to the exhibit number. The Director has the discretion to hear oral argument to consider a request for rehearing or review.
- G. The Director may grant a motion for rehearing or review for any of the following causes:
  1. Irregularity in the proceedings before the Department, in any order, or any abuse of discretion that deprives the moving party of a fair hearing;
  2. Misconduct by the Department, the administrative law judge, or the prevailing party;
  3. Accident or surprise that could not have been prevented by ordinary care;
  4. Newly discovered material evidence that could not reasonably have been discovered and produced at the original hearing;
  5. Excessive or insufficient penalties;
  6. Error in admitting or rejecting evidence or other legal errors occurring at the hearing; and
  7. The decision is not justified by the evidence or is contrary to law.
- H. The Director may affirm or modify the decision or grant a rehearing as to all or any of the parties and on all or part of the issues for any reason listed in subsection (G). An order granting a rehearing shall specify the reason for granting the rehearing, and the rehearing shall cover only those matters specified.

- I. The Director, within the time for filing a motion for rehearing, may without a motion for rehearing, order a rehearing for any reason that would allow the granting of a motion for rehearing by a party. The order for rehearing, granted without a motion, shall specify the reason for granting the rehearing.
- J. The Director may grant a motion for rehearing, timely served, for a reason not stated in the motion. The order for rehearing, granted for a reason not stated in the motion, shall specify the reason for granting the rehearing.

**R20-6-160. Petition for Rulemaking Action**

- A.** The following definitions apply in this Section.
  - 1. "Petitioner" means a person who petitions the Department for Rulemaking action as authorized under A.R.S. § 41-1033(A).
  - 2. "Rule" has the meaning stated at A.R.S. § 41-1001 and is enforceable by the Department.
  - 3. "Rulemaking action" means the process for formulation and finalization of a new rule, or amendment or repeal of an existing rule.
  - 4. "Substantive Policy Statement" has the meaning stated at A.R.S. § 41-1001, is advisory only, and is not enforceable by the Department.
- B.** Any person may petition the Department under A.R.S. § 41-1033(A) to either:
  - 1. Make, amend, or repeal a final Rule;
  - 2. Review an existing agency practice or Substantive Policy Statement that the Petitioner alleges to constitute a Rule.
- C.** A person who files a petition pursuant to A.R.S. § 41-1033(A), shall include the following information in the petition:
  - 1. The Petitioner's name and contact information;
  - 2. The name and address of any organization the Petitioner represents;
  - 3. Whether the Petitioner is petitioning the Department to:
    - a. Make, amend, or repeal a final Rule; or
    - b. Review an existing agency practice or Substantive Policy Statement that the Petitioner alleges to constitute a Rule;
  - 4. A detailed explanation of Petitioner's basis for submitting the petition;
  - 5. If the Petitioner is petitioning the Department to make a Rule, the language of the proposed new Section and the specific authority for the requested Rulemaking action;
- 6. If the Petitioner is petitioning the Department to amend an existing Rule, a citation to the existing Section to be amended, the language of the proposed Rule amendment, and the specific authority for the requested Rulemaking action;
- 7. If the Petitioner is petitioning the Department to repeal an existing Rule, a citation to the existing Section or subsection to be repealed, and an explanation of why the Rule should be repealed including, if applicable, how the Rule does not meet the requirements of A.R.S. § 41-1030;
- 8. If the Petitioner is petitioning the Department to review an existing agency practice that the Petitioner alleges to constitute a Rule, a description of the Department's practice, an explanation of how the Department's practice constitutes a Rule being enforced by the Department, the language of the proposed new Rule, and the specific authority for the requested Rulemaking action;
- 9. If the Petitioner is petitioning the Department to review a Substantive Policy Statement that the Petitioner alleges to constitute a Rule, a citation to the Substantive Policy Statement, an explanation of how the Substantive Policy Statement is being enforced by the Department as a Rule, the language of the proposed new Rule, and the specific authority for the requested Rulemaking action; and
- 10. The Petitioner's dated signature.
- D.** The petitioner may submit additional supporting information, including:
  - 1. Statistical data; and
  - 2. A list of other persons and entities likely to be affected by the proposed Rulemaking action, with an explanation of the likely effects.
- E.** Within 60 days of the date the Department receives the petition, the Department shall send the Petitioner a written decision indicating whether the Department is denying the petition or will initiate the requested Rulemaking action, with the reasons for the decision.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 618, effective February 4, 1999 (Supp. 99-1). Section heading corrected at Department Request, Office File No. M11-401, filed October 27, 2011 (Supp. 11-3). Amended by final rulemaking at 28 A.A.R. 3626 (November 25, 2022), effective January 1, 2023 (Supp. 22-4).

**ARTICLE 2. TRANSACTION OF INSURANCE****R20-6-201. Advertisements of Health**

- A.** Definitions. The following definitions apply to this Section and to R20-6-201.01, R20-6-201.02, and R20-6-203:
  - 1. "Advertisement" means materials and information used by an insurer to generate insurance business.
    - a. Advertisement includes the following information:
      - i. Printed and published material, audio visual material, or other forms of electronic communication that an insurer uses or displays in direct mail, newspapers, magazines, radio, television, billboards, Internet web sites, and similar media to inform the public about the insurer or its products;
      - ii. Descriptive literature and sales aids an insurer issues or releases for presentation to members of the public, including circulars, leaflets, booklets, depictions, illustrations, and form letters;

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- iii. Prepared sales talks and presentations and material for use by an insurer or prepared by an insurer for use by authorized producers; and
- iv. Material included with a policy when the policy is delivered and material used in the solicitation of renewals and reinstatements;
- b. "Advertisement" does not include the following:
  - i. Material used solely for training and educating an insurer's employees or producers;
  - ii. Material used in-house by insurers;
  - iii. Communications within an insurer's own organization not intended for dissemination to the public;
  - iv. Individual communications with current policy holders regarding a member's personal information other than material urging the policyholders to increase or expand coverages;
  - v. Correspondence between a prospective group or blanket policyholder and an insurer in the course of negotiating a group or blanket contract;
  - vi. Court-approved material ordered by a court to be disseminated to policyholders;
  - vii. Material in connection with promotion or sponsorship of a charitable event in which only the name of the insurer is displayed;
  - viii. A general announcement from a group or blanket policyholder to eligible individuals on an employment or membership list that a contract or program has been written or arranged. The announcement shall clearly indicate that it is preliminary to the issuance of a booklet and that does not describe the specific benefits under the contract or program nor the advantages as to the purchase of the contract or program;
  - ix. A general announcement by the sponsor that endorses the program;
  - x. Health and wellness material with general health and wellness information; or
  - xi. Press releases and news releases not intended to generate business.
- 2. "Disability insurance" has the same meaning prescribed in A.R.S. § 20-253.
- 3. "Elimination period" means the time between the date a loss occurs and the date that benefits begin to accrue for that loss.
- 4. "Exclusion" means a policy term stating a risk that an insurer has not assumed.
- 5. "Health insurance" means:
  - a. Disability insurance;
  - b. Insurance provided by a service corporation regulated under A.R.S. § 20-821 et seq.;
  - c. Insurance provided by a prepaid dental plan organization regulated under A.R.S. § 20-1001 et seq.; and
  - d. Insurance provided by a health care services organization regulated under A.R.S. § 20-1051 et seq.
- 6. "Insurance administrator" or "administrator" has the meaning prescribed in A.R.S. § 20-485(A)(1).
- 7. "Insurer" has the same meaning prescribed in A.R.S. § 20-104.
- 8. "Limitation" means a policy term, other than an exclusion or reduction, that decreases the risk assumed by the insurer or the insurer's obligation to provide benefits.
- 9. "Person" has the meaning in A.R.S. § 20-105.
- 10. "Policy" means any plan, certificate, contract, agreement, statement of coverage, evidence of coverage, subscription contract, membership coverage, rider, or endorsement that provides disability benefits, health insurance, medical, surgical or hospital expense benefits, long-term care benefits, or Medicare supplement benefits in the form of a cash indemnity, reimbursement, or service.
- 11. "Reduction" means a policy term that reduces the amount of an insured's benefits. A reduction means that the insurer has assumed the risk of a particular loss, but the amount or period of the insurer's coverage is less than what the insurer would have paid for the loss without the reduction.
- 12. "Spokesperson" means a person making a testimonial about or an endorsement of an insurer's product who:
  - a. Has a financial interest in the insurer or a related entity as a stockholder, director, officer, employee, or independent contractor;
  - b. Has been formed by the insurer, is owned or controlled by the insurer or its employees, or is a person who owns or controls an insurer;
  - c. Is in a policy-making position and affiliated with the insurer in any capacity described in subsections (a) or (b); or
  - d. Is directly or indirectly compensated for making the testimonial or endorsement.
- B. Scope.**
  - 1. This Section applies to all advertisements for health insurance.
  - 2. This Section applies to the conduct of insurers, producers, and third-party administrators.
- C. General requirements.** Insurers, producers, and third-party administrators shall ensure that health insurance advertisements meet the requirements of this Section.
  - 1. Advertisements shall be truthful and not misleading. The insurer shall not use words or phrases, the meaning of which is clear only by implication or by familiarity with insurance terminology.
  - 2. An advertisement shall not omit information or use words, phrases, statements, references, or illustrations if the omission of information or use of words, phrases, statements, references, or illustrations may mislead or deceive purchasers or prospective purchasers.
  - 3. The words and phrases used to describe a policy shall accurately describe the benefits of the policy and not exaggerate any benefit through the use of phrases such as "all," "full," "complete," "comprehensive," "unlimited," "up to," "as high as," "this policy will pay your hospital and surgical bills" or "this policy will replace your income," or similar words and phrases.
  - 4. If a policy covers only one disease or a list of specified diseases, any advertisement for the policy shall not imply coverage beyond the specified diseases.
  - 5. If a policy pays varying amounts for the same loss occurring under different conditions or pays benefits only when a loss occurs under certain conditions, any advertisement for the policy shall disclose the limited conditions.
  - 6. If an advertisement specifies payment of a particular dollar amount for hospital room and board expenses, the advertisement shall also include the maximum daily benefit and the maximum time limit for which those expenses are covered.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

7. An advertisement that refers to any dollar amount, period of time for which a benefit is payable, cost of policy, or specific policy benefit or the loss for which a benefit is payable shall also disclose any related exclusions, reductions, and limitations without which the advertisement would have the capacity and tendency to mislead or deceive.
  8. An advertisement covered by subsection (C)(7) shall disclose the existence of a waiting period if a policy contains a period between the effective date of the policy and the effective date of coverage under the policy. The advertisement shall disclose the existence of an elimination period.
  9. An advertisement shall disclose any exclusion, reduction, or limitation applicable to a pre-existing condition; however, an insurer is not required to make disclosure in an advertisement that does not reference specific product information, benefit level, or dollar amounts.
  10. If a policy has an exclusion, reduction, or limitation applicable to a preexisting condition, an advertisement shall not state or imply that the applicant's physical condition or medical history will not affect the issuance of the policy or payment of a claim and shall not use the phrase "no medical examination required" or other similar phrase.
  11. If an advertisement refers to renewability, cancellation, or termination of a policy, or states or illustrates time or age in connection with eligibility of applicants or continuation of the policy, the advertisement shall disclose the provisions relating to renewability, cancellation, and termination and any modification of benefits, losses covered, or premiums because of age or for other reasons, in a manner that does not minimize or obscure the qualifying conditions.
  12. An advertisement shall not make any offer prohibited under A.R.S. § 20-452(4).
  13. An advertisement shall not advertise any health insurance policy or form that has not been approved by the Department, unless the policy or form being advertised is exempt from approval or not subject to approval by order or statute.
  14. An advertisement shall not state or imply that a product being offered is an introductory, special, or initial offer that will entitle the applicant to receive advantages not described in the policy by accepting the offer.
  15. An advertisement designed to produce leads either by use of a coupon, a request to write or call the company, or subsequent advertisement before contact, shall disclose that a producer may contact the potential applicant.
- D.** Method of disclosure of required information. If an insurer is required by law to disclose particular information, the information shall be conspicuous and in close proximity to the statements to which the information relates, or under a prominent caption so that the required disclosure is not minimized, obscured, presented in an ambiguous fashion, or intermingled with the content of the advertisement.
- E.** Testimonials.
1. Testimonials used in advertisements shall be genuine, represent the current opinion of the author, be applicable to the policy advertised, and be accurately reproduced. The insurer shall provide the Department with the full name of the author and a copy of the full testimonial if the advertisement is filed with the Department or requested by the Department. If an insurer uses a testimonial, the insurer adopts the statements in the testimonial as the insurer's own statements. If a testimonial or endorsement is used more than one year after it is given, the insurer shall obtain a written confirmation from the author that the testimonial represents the current opinion of the author.
  2. The insurer shall disclose that a spokesperson has a financial interest or the proprietary or representative capacity of a spokesperson in an advertisement in the introductory portion of a testimonial or endorsement in the same form and with equal prominence as the endorsement. If a spokesperson is directly or indirectly compensated for making a testimonial or endorsement, the insurer shall disclose that fact in the advertisement by language that states, "Paid Endorsement," or words of similar import in type, style, and size at least equal to that used for the spokesperson's name or the body of the testimonial or endorsement, whichever is larger. For television or radio advertising, the insurer shall place the required disclosure prominently in the introductory portion of the advertisement.
- F.** Statistics. An advertisement with information on the dollar amounts of claims paid, the number of persons insured, or similar statistical information relating to any insurer or policy shall not use facts that are irrelevant to the sale of insurance and shall accurately reflect all of the relevant facts specific to the advertised policy or insurer. An advertisement shall not state or imply that statistics are derived from the policy being advertised unless that is true. The insurer shall identify in the advertisement the source of any statistics used.
- G.** Inspection of policy. An offer in an advertisement of free inspection of a policy or offer of a premium refund does not cure misleading or deceptive statements in the advertisement.
- H.** Identification of plan or number of policies.
1. If an advertisement offers a choice in the amount of benefits the advertisement shall disclose that the amount of benefits depends on the policy selected and that the premium will vary with the amount of the benefits.
  2. If an advertisement refers to benefits contained in more than one policy, other than a group master policy, the advertisement shall disclose that the benefits are provided only if multiple policies are purchased.
- I.** Disparaging comparisons and statements. An advertisement shall not make unfair, incomplete, or unsubstantiated comparisons of other insurers' policies or benefits or falsely disparage other insurers' policies, services, or business methods. A comparison is unsubstantiated if the insurer has no empirical study, analysis, or documentation supporting the comparative statement or comparison of policies or benefits.
- J.** Jurisdictional limits. If an insurer has an advertisement that is meant to be seen or heard beyond the limits of the jurisdiction in which the insurer is licensed, the advertisement shall indicate that the insurer is licensed in a specified state or states only, or is not licensed in a specified state or states, by use of language such as "This Company is licensed only in State A" or "This Company is not licensed in State B."
- K.** Identity of insurer. The insurer shall state the name of the actual insurer in all of its advertisements. An advertisement shall clearly identify the insurer and shall not use a trade name, an insurance group designation, name of the parent company of the insurer, name of a particular division of the insurer, service mark, slogan, symbol, or other device that may mislead or deceive the public as to the insurer's identity.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- L.** Group insurance. An advertisement shall not state or imply that prospective policyholders become group or quasi-group members and enjoy special rates or underwriting privileges, unless it is true. An advertisement to join an association, trust, or group that is also an invitation to contract for insurance coverage shall disclose that the applicant will be purchasing both membership in the association, trust, or group and insurance coverage.
- M.** Government approval. An advertisement shall not state or imply any of the following:
  1. That a governmental agency or regulator is connected with or has provided or endorsed a policy or endorsed an insurer;
  2. That a governmental agency or regulator has examined an insurer's financial condition and found it satisfactory. This subsection does not apply if an insurer is responding to a specific documented, public, false allegation about its financial condition.
- N.** Endorsements. An advertisement may state that an individual, group, society, association, or other organization has approved or endorsed the insurer or its policy if the organization or group has done so in writing and if any proprietary relationship between the organization and the insurer is disclosed.
- O.** Claims handling. An advertisement shall not contain false statements about the time within which claims are paid or statements that imply that claim settlements will be liberal or generous beyond the terms of the policy.
- P.** Statements about the insurer. An advertisement shall not contain false or misleading statements about an insurer's assets, corporate structure, financial standing, length of time in business, or relative position in the insurance business.

**Historical Note**

Former General Rule Number 2. R20-6-201 recodified from R4-14-201 (Supp. 95-1). Amended by final rulemaking at 13 A.A.R 2061, effective August 4, 2007 (Supp. 07-2).

**R20-6-201.01. Insurer Advertising Responsibility and Records**

- A.** An insurer shall establish, and at all times maintain, a system of control over the content, form, and method of dissemination of all advertisements. The insurer whose policies are advertised is responsible for the advertisements, regardless of who writes, creates, designs, or presents the advertisement, except the insurer is not responsible for any advertisement placed by a person to whom the insurer gave no actual or apparent authority. Before using an advertisement about an insurer or its products, a producer shall get written approval from the insurer for use of advertisements that were not supplied by the insurer.
- B.** An insurer shall maintain, at its home or principal office, the following:
  1. Advertisements disseminated by the insurer in Arizona or any other state, including:
    - a. Each printed, published, recorded, or prepared advertisement of individual policies; and
    - b. Typical printed, published, recorded, or prepared advertisements of blanket, franchise, and group policies.
  2. A notation attached to each advertisement specifying the manner and extent of distribution and the form number of any policy advertised; and
  3. Documentation supporting any testimonials, statistical claims, or comparisons shown in the advertising.

- C.** An insurer shall maintain the advertisements, notations, and supporting documentation for at least three years from the date of first dissemination.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R 2061, effective August 4, 2007 (Supp. 07-2).

**R20-6-201.02. Procedures for Filing Advertising Materials; Transmittal Form**

- A.** An insurer that is required to file a health insurance advertisement with the Department as specified in A.R.S. §§ 20-826(T), 20-1018, 20-1057(X), 20-1110(E), or 20-1662 shall file the advertisement with a transmittal form prescribed by the Department.
- B.** The transmittal form shall include the following information:
  1. Identifying information of the insurer, including name, address, National Association of Insurance Commissioners' identification number, and type of insurer;
  2. A contact person at the insurer with whom the Department can communicate about the advertisement;
  3. Description of the type of advertisement being filed;
  4. Planned use and dissemination of the advertisement, including date of first use, or a statement that the advertisement will not be used any earlier than a specified date;
  5. Description of product being advertised;
  6. Form number and name for the advertised product;
  7. A certification from an officer of the insurer that the advertisement complies with applicable laws; and
  8. The dated signature of the insurer's officer.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R 2061, effective August 4, 2007 (Supp. 07-2).

**R20-6-202. Advertising, Solicitation, and Transaction of Life Insurance**

- A.** The definitions in R20-6-201(A) and the following definition apply in this Section:
 

"Life insurance" means a life insurance contract, including all benefits payable under the policy.
- B.** Applicability
  1. This Section applies to:
    - a. All persons subject to regulation under A.R.S. Title 20; and
    - b. Advertising, promotion, solicitation, negotiation, and sale of life insurance policies, regardless of the form of dissemination.
  2. This Section does not apply to group insurance, franchise insurance, or to annuities without life contingencies.
- C.** General provisions. A life insurance advertisement shall not mislead the public by:
  1. Omitting information that fairly describes the subject matter as a life insurance policy and the benefits available under the policy;
  2. Placing undue emphasis on facts that, even if true, are not relevant to the sale of life insurance; or
  3. Placing undue emphasis on features of incidental or secondary importance to the life insurance aspects of the policy.
- D.** The Department deems the following acts misleading and deceptive:
  1. Using any statement, including phrases such as "investment," "investment plan," "founders plan," "charter plan," "expansion plan," "profit," "profits," or "profit sharing," in a context or under circumstances or condi-

- tions that may mislead a purchaser or prospective purchaser to believe that the insurer is selling something other than a life insurance policy or will provide some benefit not included in the policy, or not available to other persons of the same class and equal expectation of life;
2. Using any phrase as the name or title of a life insurance policy if the phrase does not include the words "life insurance," unless other language in the same document expressly provides that the contract is a life insurance policy;
  3. Making any statement relating to the growth or earnings of the life insurance industry or to the tax status of life insurance companies in a context that would reasonably be understood as attempting to interest a prospective applicant in the purchase of shares of stock in the insurance company rather than in the purchase of a life insurance policy;
  4. Making any statement that reasonably tends to imply that the insured will enjoy a status common to a stockholder or will acquire a stock ownership interest in the insurance company by purchasing the policy, unless the statement is made with reference to policies of domestic life insurers engaged in a program allowed under A.R.S. § 20-453;
  5. Providing a policyholder with a premium receipt book, policy jacket, return envelope, or other printed or electronic material referring to the insurer's "investment department," "insured investment department," or similar terminology in a manner implying that the policy is sold, issued, or serviced by the insurer's investment department;
  6. Making any statement that reasonably tends to imply that, by purchasing a policy, the purchaser or prospective purchaser will become a member of a limited group of persons who may receive the payment of dividends, special advantages, benefits, or favored treatment unless the insurance contract specifically provides for the described payment of dividend, special advantages, benefits, or favored treatment;
  7. Stating or implying that only a limited number of persons or limited class of persons may buy a particular kind of policy, unless the limitation is related to recognized underwriting practices or specifically stated in the policy or rider;
  8. Describing premium payments in language that states the payment is a "deposit," unless:
    - a. The payment establishes a debtor-creditor relationship between the insurance company and the policyholder; or
    - b. The term is used with the word "premium" in a manner as to clearly indicate the true character of the payment;
  9. Providing any illustration or projection of future dividends that:
    - a. Is not based on the company's actual scale for payment of current dividends, and
    - b. Does not clearly indicate that the dividends are not guarantees;
  10. Using the words "dividends," "cash dividends," "surplus," or similar phrases in a manner that states or implies that the payment of dividends is guaranteed or certain to occur;
  11. Stating, without qualification, that a purchaser of a policy will share in a stated percentage or portion of the insurer's earnings;
  12. Making any statement that projected dividends under a participating policy will be or can be sufficient at any future time to assure the receipt of benefits such as a paid-up policy without further payment of premiums unless the statement also explains:
    - a. The benefits or coverage that would be provided at the future time, and
    - b. The conditions under which the receipt of benefits without further payment of premiums would occur;
  13. Describing a life insurance policy or premium payments in terms of "units of participation," unless accompanied by other language clearly indicating that the references are to a life insurance policy or to premium payments, as applicable.
  14. Advising producers to avoid disclosing that life insurance is the subject of the solicitation or sale;
  15. Stating that an insured is guaranteed certain benefits if the policy is allowed to lapse, without explaining the non-forfeiture benefits;
  16. Using a dollar amount in printed material to be shown to a prospective policyholder, unless the amount is accompanied by language that:
    - a. States the nature of the dollar amount,
    - b. Prohibits including the use of dollar amounts not related to guaranteed values and properly projected dividend figures, and
    - c. Prohibits the use of figures showing growth of stock values, or other values not a part of the life insurance contract.
  17. Stating that a policy provides features not found in any other insurance policy, unless the insurer can demonstrate that other policies do not have the same feature;
  18. Making any statement or implication about an insurance policy that cannot be verified by reference to the policy contract, a sample of the policy being described, or the company's officially published rate book and dividend illustrations;
  19. Stating that life insurance is "loss proof" or "depression proof," except that an insurer may make statements that life insurance benefits, other than dividends, are guaranteed by the company regardless of economic conditions;
  20. Making any statement that a company makes a profit as a result of policy lapses or surrenders;
  21. Making comparisons to the past experience of other life insurance companies as a means of projecting possible experience for the company issuing the advertising; and
  22. Conduct or statements designed to mislead a prospective applicant or purchaser.

**Historical Note**

Former General Rule Number 68-14. R20-6-202 recodified from R4-14-202 (Supp. 95-1). Amended by final rulemaking at 13 A.A.R 2061, effective August 4, 2007 (Supp. 07-2).

**R20-6-203. Form Filings; Translations**

- A. An insurer, rate service organization, or rating organization shall provide to the Department, at the time of filing, an English language translation of each form, advertisement, or other document or material that the insurer is required by statute or rule to file with the Department, if the filed document or material contains communication in a language other than English.
- B. The translation filed under subsection (A) shall compare the foreign language version in a side-by-side format with the

English language translation. An insurer, rate service organization, or rating organization shall ensure that the translation is performed by a person with formal college-level or specialized training in the foreign language, including training in grammar and sentence syntax.

- C. With each translation, an insurer, rate service organization, or rating organization shall also provide to the Department a sworn statement signed by the translator who translated the document that includes the qualifications of the translator under subsection (B) and attests that the translation is identical in substance to the English document or material.
- D. If an insurer, rate service organization, or rating organization files a foreign language version of a document or material that the insurer has previously filed in English, the insurer is not required to refile the English version, but shall identify the English version, provide the side-by-side comparison under subsection (B), and file the sworn statement required under subsection (C).

**R20-6-204. Expired****Historical Note**

Former General Rule Number 71-24; Former Section R4-14-204 repealed, new Section R4-14-204 adopted effective January 1, 1981 (Supp. 80-6). R20-6-204 recodified from R4-14-204 (Supp. 95-1). Amended effective July 14, 1998 (Supp. 98-3). Amended by final rulemaking at 6 A.A.R. 475, effective January 5, 2000 (Supp. 00-1). Amended by final rulemaking at 13 A.A.R. 2061, effective August 4, 2007 (Supp. 07-2). Section expired under A.R.S. § 41-1056(J) at 23 A.A.R. 136, effective December 15, 2016 (Supp. 16-4).

**R20-6-205. Local or Regional Retaliatory Tax Information****A. Definitions.**

1. "Addition to the rate of tax" means the tax rate determined under subsection (D) to be applied under A.R.S. 20-230(A) and this Section to foreign or alien insurers domiciled in a foreign country or other state that impose local or regional taxes.
2. "Alien insurer" has the meaning prescribed in A.R.S. § 20-201.
3. "Arizona life insurer" means a domestic insurer authorized to issue life insurance policies in this state within the meaning of A.R.S. § 20-254 or annuities within the meaning of A.R.S. § 20-254.01, regardless of whether the insurer is authorized to transact disability insurance in this state.
4. "Department" means the Arizona Department of Insurance and Financial Institutions.
5. "Director" has the meaning prescribed in A.R.S. § 20-102.
6. "Domestic insurer" has the meaning prescribed in A.R.S. § 20-203.
7. "Foreign insurer" has the meaning prescribed in A.R.S. § 20-204.
8. "Foreign or alien life insurer" means a foreign or alien insurer authorized to issue life insurance policies in this state within the meaning of A.R.S. § 20-254 or annuities

within the meaning of A.R.S. § 20-254.01, regardless of whether the insurer is authorized to transact disability insurance in this state.

9. "Local or regional taxes" means any tax, license, or other obligation imposed upon domestic insurers or their producers by any:
    - a. City, county, or other political subdivision of a foreign country or other state; or
    - b. Combination of cities, counties, or other political subdivisions of a foreign country or other state.
  10. "Other Arizona insurer" means a domestic insurer authorized to transact one or more lines of insurance in this state but not authorized to transact life insurance or annuities in this state.
  11. "Other foreign or alien insurer" means a foreign or alien insurer authorized to transact one or more lines of insurance in this state but not authorized to transact life insurance or annuities in this state.
  12. "Other state" means any state in the United States, the District of Columbia, and territories or possessions of the United States, excluding Arizona.
  13. "Premium Tax and Fees Report," includes the "Survey of Arizona Domestic Insurers" and the "Retaliatory Taxes and Fees Worksheet," and means the form prescribed by the Director and filed annually by insurers under A.R.S. § 20-224.
- B. Scope.** This Section applies to all foreign, alien, and domestic insurers and to Premium Tax and Fees Reports filed by all insurers.
- C. Data to be reported by domestic insurers.** As a part of its Premium Tax and Fees Report, each domestic insurer shall file a Survey of Arizona Domestic Insurers that reports the following data for the calendar year covered by the insurer's Premium Tax and Fees Report with respect to each foreign country or other state in which the insurer was required to pay any local or regional taxes:
1. Total local or regional taxes paid; and
  2. Total premiums taxed under the premium taxing statute of the foreign country or other state, as reported by the insurer in any premium tax report filed under the laws of the foreign country or other state.
- D. Computation of statewide and foreign countrywide additions to the rate of tax.** For each foreign country or other state having one or more local or regional taxes on domestic insurers, the Department shall compute on a statewide or foreign countrywide basis an addition to the rate of tax. The Department shall compute the addition to the rate of tax payable by Arizona life insurers separately from the addition to the rate of tax payable by other Arizona insurers. The addition to the rate of tax payable by each category of Arizona domestic insurers shall be the quotient of:
1. The aggregate local or regional taxes reported as paid to the foreign country or other state by domestic insurers in each category for the calendar year covered by the Premium Tax and Fees Report divided by,
  2. The aggregate statewide or foreign countrywide premiums taxed under the premium taxing statute of the other state or foreign country reported by domestic insurers in each category for the calendar year covered by the Premium Tax and Fees Report.
- E. Publication of additions to the rate of tax.** The Department shall publish additions to the rate of tax determined under A.R.S. § 20-230(A) and this Section, based upon the survey information gathered from domestic insurers for the preceding

calendar year under subsection (C). The Department shall publish the information annually on the Department website, on or before November 1, and in the Retaliatory Taxes and Fees Worksheet for the next year's Premium Tax and Fees Report.

- F.** Foreign and Alien Insurers' Report of the Effect of Local or Regional Taxes. Each foreign or alien insurer domiciled in a foreign country or other state for which the Department publishes an addition to the rate of tax shall include in the "State or Country of Incorporation" column of its Retaliatory Taxes and Fees Worksheet for the calendar year covered by its Premium Tax and Fees Report an amount equal to:
1. The total premiums received in Arizona that would be taxed under the laws of the domiciliary jurisdiction, as reported in the "State or Country of Incorporation" column of its premium tax and fees report multiplied by,
  2. The applicable addition to the rate of tax published by the Department for the calendar year covered by the insurer's Premium Tax and Fees Report.
- G.** Contesting computation. A foreign or alien insurer subject to this Section may preserve the right to contest the computation of the addition to the rate of tax by submitting a notice of appeal under A.R.S. Title 41, Chapter 6, Article 10 before or at the time the retaliatory tax is paid. Subject to A.R.S. § 20-162, the filing of a notice of appeal to contest the computation of the applicable addition to the rate of tax does not relieve a foreign or alien insurer of the obligation to timely pay the retaliatory tax, and does not stay accrual of any applicable interest and penalties.

**R20-6-207. Gender Discrimination**

- A.** The following definitions apply to this Section:
1. "Applicant" means a person who is applying for a policy.
  2. "Policy" means an insurance policy, plan, contract, certificate, evidence of coverage, subscription contract, or binder, including a rider or endorsement offered by an insurer.
  3. "Insurer" means any company that issues a policy.
- B.** Applicability and scope. This Section applies to any policy or certificate delivered or issued for delivery in this state.
- C.** Availability requirements.

1. An insurer shall not deny availability of any insurance policy on the basis of the gender or marital status of the insured or prospective insured.
  2. An insurer shall not restrict, modify, exclude, reduce, or limit the amount of benefits payable, or any term, conditions or type of coverage on the basis of an applicant's or insured's gender or marital status, except to the extent the amount of benefits, term, conditions, or type of coverage vary as a result of the application of rate differentials permitted under A.R.S. Title 20.
  3. An insurer may consider marital status to determine whether a person is eligible for dependent coverage or benefits.
- D.** Prohibited practices. The following practices and any other practice that treats similarly situated persons differently based on gender unless the different treatment is specifically allowed by law, is prohibited.
1. Denying coverage to a person of one gender who is self-employed, employed part-time, or employed by relatives, if coverage is offered to a person of the opposite gender who is similarly employed;
  2. Denying a policy rider to a person of one gender if the rider is available to a person of the opposite gender;
  3. Denying maternity benefits to an applicant or insured who buys a policy for individual coverage if the insurer offers comparable family coverage policies with maternity benefits;
  4. Denying, under group policies, dependent coverage to an employee of one gender if dependent coverage is available to an employee of the opposite gender;
  5. Denying a disability income policy to an employed person of one gender if a policy is offered to a person of the opposite gender who is similarly employed;
  6. Treating complications of pregnancy differently from any other illness or sickness covered under a policy;
  7. Restricting, reducing, modifying, or excluding benefits relating to coverage involving the genital organs of only one gender;
  8. Offering lower maximum monthly benefits to a person of one gender than to a person of the opposite gender who is in the same classification under a disability income policy;
  9. Offering more restrictive benefit periods or more restrictive definitions of disability to a person of one gender than to a person of the opposite gender who is in the same classification under a disability income policy;
  10. Establishing different conditions for a policyholder of one gender to exercise benefit options contained in the policy than for a person of the opposite gender;
  11. Limiting the amount of coverage an insured or prospective insured may purchase based upon the insured's or prospective insured's marital status unless the limitation is for the purpose of defining persons eligible for dependent's benefits; and
  12. Otherwise restricting, modifying, excluding or reducing the availability of any insurance contract, the amount of benefits payable, or any term, condition or type of coverage on account of gender or marital status in all lines of insurance.

**R20-6-208. Group Coverage Discontinuance and Replacement**

**A. Definitions.** The following definitions apply in this Section:

1. "Group insurance" means an insurance benefit that meets all the following conditions:
  - a. Coverage is provided through insurance policies or subscriber contracts to classes of employees or members defined in terms of conditions pertaining to employment or membership;
  - b. The coverage is not available to the general public and can be obtained and maintained only because of the covered person's membership in or connection with the particular organization or group;
  - c. Coverage is paid for by bulk payment of premiums to the insurer; and
  - d. An employer, union, or association sponsors the plan.
2. "Health insurance coverage" means a hospital and medical expense incurred policy, a nonprofit health care service plan contract, a health maintenance organization subscriber contract, or any other health care plan or arrangement that pays for or furnishes medical or health care services whether by insurance or otherwise, but does not include the following:
  - a. Coverage only for accident, or disability income insurance, or any combination of accident and disability income insurance;
  - b. Coverage issued as a supplement to liability insurance;
  - c. Liability insurance, including general liability insurance and automobile liability insurance;
  - d. Workers' compensation or similar insurance;
  - e. Automobile medical payment insurance;
  - f. Credit-only insurance;
  - g. Coverage for onsite medical clinics; and
  - h. Other insurance coverage similar to the coverage specified in subsections (2)(a) through (g), of the Health Insurance Portability and Accountability Act of 1996 (Pub.L.No. 104-191) (HIPAA), under which benefits for medical care are secondary or incidental to other insurance benefits.
  - i. The following benefits, if the benefits are provided under a separate policy, certificate, or contract of insurance or are otherwise not an integral part of the coverage:
    - i. Limited-scope dental or vision benefits;
    - ii. Benefits for long-term care, nursing home care, home health care, community-based care, or any combination of those benefits;
    - iii. Other similar, limited benefits specified in federal regulations issued under HIPAA.
  - j. The following benefits if provided under a separate policy, certificate, or contract of insurance with no coordination between provision of benefits and any exclusion of benefits under a group health plan maintained by the same plan sponsor and if the benefits are paid for an event regardless of whether the benefits are provided under a group health plan maintained by the same plan sponsor:
    - i. Coverage only for a specified disease or illness, or

- ii. Hospital indemnity or other fixed indemnity insurance.
  - k. The following benefits if the benefits are offered as a separate policy, certificate, or contract of insurance:
    - i. Medicare supplemental policy as defined under § 1882(g)(1) of the Social Security Act, 42 U.S.C. 1395ss;
    - ii. Coverage supplemental to the coverage provided under, 10 U.S.C. Title 10, Chapter 55; or
    - iii. Similar supplemental coverage provided to coverage under a group health plan.
  3. "Health status-related factor" means any of the following:
    - a. Health status;
    - b. Medical condition, including a physical or mental illness;
    - c. Claims experience;
    - d. Receipt of health care;
    - e. Medical history;
    - f. Genetic information;
    - g. Evidence of insurability, including conditions arising out of acts of domestic violence; or
    - h. Disability.
  4. "Insurer" means an insurer that offers or provides group health insurance coverage, and includes an insurer that issues disability insurance as defined in A.R.S. § 20-253, a medical, dental, or optometric service corporation as defined in A.R.S. § 20-822, and a health care services organization as defined in A.R.S. § 20-1051.
- B.** This Section applies to all group insurance issued by an insurer.
- C.** Effective date of discontinuance for non-payment of premium.
1. If a group insurance policy provides for automatic discontinuance of the policy after a premium remains unpaid through the grace period allowed for payment, the insurer is liable for valid claims for covered losses incurred before the end of the grace period.
  2. If the insurer's actions after the end of the grace period indicate that the insurer considers the group insurance policy as continuing in force beyond the end of the grace period the insurer is liable for valid claims for losses beginning before the effective date of written notice of discontinuance to the policyholder or other entity responsible for paying premiums.
    - a. The following actions indicate that the insurer considers the policy in force:
      - i. Continued recognition, acknowledgement, or payment of subsequently incurred claims, or
      - ii. Continued enrollment of employees or dependents.
    - b. The following actions shall not indicate that the insurer considers that policy in force:
      - i. Recognition, payment, or acknowledgement of a claim by an insurer or processing a denial based on eligibility or other denial reasons set forth in the group benefit plan booklet; or
      - ii. Recognition, payment, or acknowledgement of claims due to the group's failure to notify the insurer that the employee or member is no longer eligible for coverage or the group policy is terminated.
  3. The effective date of discontinuance shall not be before midnight at the end of the third scheduled work day after the date on which the notice of discontinuance is delivered.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

**D. Requirements for notice of discontinuance.**

1. An insurer's notice of discontinuance shall include a request to the group policyholder to notify covered employees of the date when the group policy or contract will discontinue and to advise that, unless otherwise provided in the policy or contract, the insurer is not liable for claims for losses incurred after the date of discontinuance. If the plan involves employee contributions, the notice of discontinuance shall also advise that if the policyholder continues to collect employee contributions beyond the date of discontinuance, the policyholder is solely liable for benefits for the period which contributions were collected.
2. The insurer shall also provide the policyholder with a supply of notice forms that the policyholder can distribute to the covered employees. The notice forms shall explain the discontinuance and the effective date, and advise employees to refer to their certificates or contracts to determine their rights on discontinuance.

**E. Extension of benefits.**

1. A group policy shall provide a reasonable provision for extension of benefits for an employee or dependent who is totally disabled on the date of discontinuance as follows:
  - a. For a group life plan with a disability benefit extension of any type such as a premium waiver extension, extended death benefit in the event of total disability, or payment of income for a specified period during total disability, the discontinuance of the group policy shall not terminate the benefit extension.
  - b. For a group plan providing benefits for loss of time from work or specific indemnity during hospital confinement, discontinuance of the policy during a disability or hospital confinement shall not effect benefits payable for that disability or hospital confinement.
  - c. A hospital or medical expense coverage, other than dental and maternity expense, shall include a reasonable extension of benefits or accrued liability provision. A provision is reasonable if:
    - i. It provides an extension of at least 12 months under "major medical" and "comprehensive medical" type coverage; or
    - ii. Under other types of hospital or medical expense coverage, it provides either an extension of at least 90 days or an accrued liability for expenses incurred during a period of disability or during a period of at least 90 days starting with a specific event that occurred while coverage was in force, such as an accident.
2. An insurer shall ensure that the policy and group insurance certificates includes a description of the extension of benefits or accrued liability provision.
3. An insurer shall ensure that benefits payable during a period of extension or accrued liability are subject to the policy's regular benefit limits, such as benefits ceasing at exhaustion of a benefit period or of maximum benefits.
4. For hospital or medical expense coverage, an insurer may limit benefit payments to payments applicable to the disabling condition only.

**F. Continuance of coverage in situations involving replacement of one plan by another.**

1. When a group policyholder secures replacement coverage with a new insurer, self-insures, or foregoes provision of coverage, the replaced insurer is liable only to the extent of its accrued liabilities and extensions of benefits after the date of discontinuance.
2. The succeeding insurer shall cover each individual who:
  - a. Was eligible for coverage under the prior plan on the date of discontinuance, and
  - b. Is eligible for coverage according to the succeeding insurer's plan of benefits with respect to a class of individuals eligible for coverage.
3. For the purpose of successive health insurance coverage under subsection (F)(2), a succeeding insurer's plan of benefits shall:
  - a. Not have any non-confinement rules; and
  - b. Provide, as to any actively-at-work rules, that absence from work due to a health status-related factor is treated as being actively-at-work.
4. Nothing in subsection (F)(2) prohibits an insurer from performing coordination of benefits.
5. A succeeding insurer shall cover each individual not covered under the succeeding insurer's plan of benefits under subsection (F)(2) according to subsections (a) and (b) if the individual was validly covered, including benefit extension, under the prior plan on the date of discontinuance and is a member of a class of individuals eligible for coverage under the succeeding insurer's plan. Any reference in subsection (a) or (b) to an individual who was or was not totally disabled is a reference to the individual's status immediately before the effective date of coverage for the succeeding insurer.
  - a. The minimum level of benefits to be provided by the succeeding insurer shall be the level of benefits of the prior insurer's plan reduced by any benefits payable by the prior plan.
  - b. The succeeding insurer shall provide coverage until at least the earliest of the following dates:
    - i. The date the individual becomes eligible under the succeeding insurer's plan as described in subsection (F)(2);
    - ii. The date the individual's coverage would terminate according to the succeeding insurer's plan provisions applicable to individual termination of coverage such as at termination of employment or ceasing to be eligible dependent; or
    - iii. For an individual who was totally disabled, and covered by a type of coverage for which subsection (E) requires an extension of accrued liability, the end of any period of extension of benefits or accrued liability that is required of the prior insurer under subsection (E), or if the prior insurer's policy is not subject to subsection (E), would have been required of the insurer had its policy been subject to subsection (E) at the time the prior plan was discontinued and replaced by the succeeding insurer's plan;
  - c. For health insurance coverage, if an individual who was totally disabled at the time the prior insurer's plan was discontinued and replaced by the succeeding insurer's plan, and if subsection (E) requires an extension of benefits or accrued liability, the minimum level of benefits to be provided by the succeeding insurer shall be the level of benefits of the prior

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- insurer's plan, reduced by any benefits paid by the prior plan.
- d. If the succeeding insurer's plan has a preexisting conditions limitation, the level of benefits applicable to preexisting conditions of persons becoming covered by the succeeding insurer's plan according to subsection (F) during the period the limitation applies under the new plan shall be the lesser of:
    - i. The benefits of the new plan determined without application of the preexisting conditions limitation, or
    - ii. The benefits of the prior plan.
  - e. The succeeding insurer, in applying any deductibles, coinsurance amounts applicable to out-of-pocket maximums, or waiting periods, shall give credit for the satisfaction or partial satisfaction of the same or similar provisions under a prior plan providing similar benefits. For deductibles or coinsurance amounts applicable to out-of-pocket maximums, the credit shall apply for the same or overlapping benefit periods and shall be given for expenses actually incurred and applied against the deductible or coinsurance provisions of the prior plan during the 90 days before the effective date of the succeeding insurer's plan but only to the extent these expenses are recognized under the terms of the succeeding insurer's plan and are subject to similar deductible or coinsurance provisions.
  - f. If the succeeding insurer is required under this Section to make a determination about the benefits in the prior plan, the succeeding insurer may ask the prior plan to provide a statement of the benefits available or other pertinent information sufficient to permit the succeeding insurer to verify the benefit determination. For the purposes of this Section, all definitions, conditions, and covered-expense provisions of the prior plan shall govern the benefit determination. The benefit determination is made as if the succeeding insurer had not replaced coverage.

**Historical Note**

Former General Rule Number 73-34. R20-6-208 recodified from R4-14-208 (Supp. 95-1). Section expired under A.R.S. § 41-1056(E) at 8 A.A.R. 491, effective September 30, 2001 (Supp. 02-1). Section R20-6-208 renumbered from R20-6-210 and amended by final rulemaking at 13 A.A.R. 2061, effective August 4, 2007 (Supp. 07-2).

**R20-6-209. Life Insurance Solicitation****A. Scope.**

1. This Section applies to any solicitation, negotiation, or procurement of life insurance occurring in Arizona. This Section applies to any issuer of life insurance contracts, including fraternal benefit societies.
  2. Unless otherwise specifically included, the Section does not apply to:
    - a. Annuities,
    - b. Credit life insurance,
    - c. Group life insurance,
    - d. Life insurance policies issued in connection with a pension and welfare plan as defined by and subject to the federal Employee Retirement Income Security Act of 1974 (ERISA), 29 U.S.C. 1001 et seq.; or
- e. Variable life insurance under which the death benefits and cash values vary according to unit values of investments held in a separate account.
- B.** In this Section, the following apply:
1. "Buyer's Guide" means a document that contains the language in the Appendix to this Section or language approved by the Director.
  2. "Cash dividend" means the current illustrated dividend that can be applied toward payment of the gross premium.
  3. "Equivalent Level Annual Dividend" is calculated as follows:
    - a. Accumulate the annual cash dividends at 5% interest compounded annually to the end of the 10th and 20th policy years;
    - b. Divide each accumulation in subsection (a) by an interest factor that converts the accumulation into one equivalent level annual amount that, if paid at the beginning of each year, would accrue to the values in subsection (a) over the periods stipulated in subsection (a). If the period is 10 years, the factor is 13.207 and if the period is 20 years, the factor is 34.719.
    - c. Divide the results in subsection (b) by the number of thousands of the Equivalent Level Death Benefit to arrive at the "Equivalent Level Annual Dividend."
  4. "Equivalent Level Death Benefit" means the amount of benefit of a policy or term life insurance rider calculated as follows:
    - a. Accumulate the guaranteed amount payable upon death, regardless of the cause of death, at the beginning of each policy year for 10 and 20 years at 5% interest compounded annually to the end of the 10th and 20th policy years, respectively.
    - b. Divide each accumulation in subsection (a) by an interest factor that converts the accumulation into one equivalent level annual amount that, if paid at the beginning of each year, would accrue to the value in subsection (a) over the periods stipulated in subsection (a). If the period is 10 years, the factor is 13.207 and if the period is 20 years, the factor is 34.719.
  5. "Generic name" means a short title that is descriptive of the premium and benefit patterns of a policy or a rider.
  6. "Life Insurance Surrender Cost Index" means the cost index that is calculated as follows:
    - a. Determine the guaranteed cash surrender value, if any, available at the end of the 10th and 20th policy years.
    - b. For policies participating in dividends, add the terminal dividend payable upon surrender, if any, to the accumulation of the annual Cash Dividends at 5% interest compounded annually to the end of the period selected and add this sum to the amount determined in subsection (a).
    - c. Divide the result in subsection (b) (subsection (a) for guaranteed-cost policies) by an interest factor that converts into an equivalent level annual amount that, if paid at the beginning of each year, would accrue to the value in subsection (b) or subsection (a) for guaranteed cost policies, over the periods stipulated in subsection (a)). If the period is 10 years, the factor is 13.207 and if the period is 20 years, the factor is 34.719.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- d. Determine the equivalent level premium by accumulating each annual premium payable for the basic policy or rider at 5% interest compounded annually to the end of the period stipulated in subsection (a) and dividing the result by the respective factors stated in subsection (c). This amount is the annual premium payable for a level premium plan.
- e. Subtract the result of subsection (c) from subsection (d).
- f. Divide the result of subsection (e) by the number of thousands of the Equivalent Level Death Benefit to arrive at the Live Insurance Surrender Cost Index.
- 7. The Life Insurance Net Payment Cost Index is calculated in the same manner as the comparable Life Insurance Cost Index except that the cash surrender value and any terminal dividend are set at zero.
- 8. "Policy Summary" means a written statement describing elements of the policy, including:
  - a. The following prominently placed title: Statement of Policy Cost and Benefit Information.
  - b. The name and address of the insurance producer, or, if no producer is involved, a statement of the procedure to be followed to receive responses to inquiries regarding the Policy Summary.
  - c. The full name and home office or administrative office address of the company by which the life insurance policy is to be or has been written.
  - d. The generic name of the basic policy and each rider.
  - e. For the first five policy years and representative policy years thereafter sufficient to clearly illustrate the premium and benefit patterns, including the years for which Life Insurance Cost Indexes are displayed and at least one age from 60 through 65 or maturity, whichever is earlier, the following amounts, where applicable:
    - i. The annual premium for the basic policy;
    - ii. The annual premium for each optional rider;
    - iii. Guaranteed amount payable upon death at the beginning of the policy year regardless of the cause of death except for suicide, or other specifically enumerated exclusions provided by the basic policy and each optional rider, with benefits provided under the basic policy and each rider shown separately;
    - iv. Total guaranteed cash surrender values at the end of the year with values shown separately for the basic policy and each rider;
    - v. Cash dividends payable at the end of the year with values shown separately for the basic policy and each rider. Dividends need not be displayed beyond the twentieth policy year; and
    - vi. Guaranteed endowment amounts payable under the policy that are not included under guaranteed cash surrender values in subsection (iv).
  - f. The effective policy loan annual percentage interest rate, if the policy contains this provision, specifying whether the rate is applied in advance or in arrears. If the policy loan interest rate is variable, the Policy Summary shall include the maximum annual percentage rate.
  - g. Life Insurance Cost Indexes for 10 and 20 years but not beyond the premium-paying period. Separate indexes shall be displayed for the basic policy and for each optional term life insurance rider. The indexes need not be included for optional riders that are limited to benefits such as accidental death benefits, disability waiver of premium, preliminary term life insurance coverage of less than 12 months, and guaranteed insurability benefits, nor for basic policies or optional riders covering more than one life.
  - h. The Equivalent Level Annual Dividend in the case of participating policies and participating optional term life insurance riders, under the same circumstances and for the same durations at which Life Insurance Cost Indexes are displayed.
  - i. If the Policy Summary includes dividends, a statement that dividends are based on the insurer's current dividend scale and are not guaranteed and a statement in close proximity to the Equivalent Level Annual Dividend as follows: "An explanation of the intended use of the Equivalent Level Annual Dividend is included in the Life Insurance Buyer's Guide."
  - j. A statement in close proximity to the Life Insurance Cost Indexes as follows: "An explanation of the intended use of these indexes is provided in the Life Insurance Buyer's Guide."
  - k. The date on which the Policy Summary is prepared. The Policy Summary shall consist of a separate document. All information required to be disclosed shall not be minimized or obscure. Any amounts that remain level for two or more years of the policy may be represented by a single number that clearly indicates the amounts that are applicable for each policy year. Amounts in subsection (8)(e) shall be listed in total, not on a per thousand nor per unit basis. If more than one insured is covered under one policy or rider, guaranteed death benefits shall be displayed separately for each insured or for each class of insured if death benefits do not differ within the class. Zero amounts shall be displayed as zero and shall not be displayed as a blank space.
- C. Disclosure requirements.
  - 1. The insurer shall provide to all prospective purchasers, a Buyer's Guide and a Policy Summary before accepting the applicant's initial premium or premium deposit, unless the policy for which application is made contains an unconditional refund provision of at least 10 days or unless the Policy Summary contains an unconditional refund offer, in which case the Buyer's Guide and Policy Summary shall be delivered with the policy or before delivery of the policy.
  - 2. The insurer shall provide a Buyer's Guide and a Policy Summary to any prospective purchaser upon request.
  - 3. If the Equivalent Level Death Benefit of a policy does not exceed \$5,000, the requirement for providing a Policy Summary is satisfied by delivery of a written statement containing the information described in subsections (D)(8)(b), (c), (d), (e)(i) through (e)(iii), (f), (g), (j), and (k).
- D. General rules.
  - 1. Each insurer shall maintain at its home office or principal office for at least three years after its last authorized use a copy of each form the insurer authorized for use.
  - 2. A producer shall inform a prospective purchaser, before commencing a life insurance sales presentation, that the producer is acting as a life insurance producer and inform the prospective purchaser of the full name of the insurer.

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

ance company that the producer is representing. If an insurance producer is not involved in the sale, the insurer shall inform the prospective purchaser of the insurance company's full name.

3. An insurer or producer shall not use terms such as financial planner, investment advisor, financial consultant, or financial counseling to imply that the insurance producer is generally engaged in an advisory business in which compensation is unrelated to sales unless that is true.
  4. If an insurer or producer refers to policy dividends, the reference shall include a statement that dividends are not guaranteed.
  5. An insurer shall not use a system or presentation that does not recognize the time value of money through the use of appropriate interest adjustments for comparing the cost of two or more life insurance policies unless the system or presentation is used to demonstrate the cash flow pattern of a policy and the presentation is accompanied by a statement disclosing that the presentation does not recognize that, because of interest, a dollar in the future has less value than a dollar today.
  6. In a presentation of benefits, an insurer shall not display guaranteed and non-guaranteed benefits as a single sum unless they are shown separately and in close proximity.
  7. An insurer shall include with a statement regarding the use of the Life Insurance Cost Indexes an explanation that the indexes are useful only for the comparison of the relative costs of two or more similar policies.
  8. An insurer shall include with a Life Insurance Cost Index that reflects dividends or an Equivalent Level Annual Dividend a statement that it is based on the company's current dividend scale and is not guaranteed.
  9. If an insurer reserves the right to change the premium for a basic policy or rider, the annual premium shall be the maximum annual premium.
- E. An insurer's failure to provide or deliver a Buyer's Guide or a Policy Summary as provided in subsection (C) constitutes an omission that misrepresents the benefits, advantages, conditions, or terms of an insurance policy.

**Appendix. Life Insurance Buyers Guide****Life Insurance Buyer's Guide**

The face page of the Buyer's Guide shall read as follows:

**Life Insurance Buyer's Guide**

This guide can show you how to save money when you shop for life insurance. It helps you to:

- Decide how much life insurance you should buy,
- Decide what kind of life insurance policy you need, and
- Compare the cost of similar life insurance policies.

Prepared by the National Association of Insurance Commissioners

Reprinted by (Company Name)

(Month and year of printing)

The Buyer's Guide shall contain the following language at the bottom of page 2:

The National Association of Insurance Commissioners is an association of state insurance regulatory officials. This association helps the various Insurance Departments to coordinate insurance laws for

the benefit of all consumers. You are urged to use this Guide in making a life insurance purchase.

**Buying Life Insurance**

When you buy life insurance, you want a policy that fits your needs without costing too much. Your first step is to decide how much you need, how much you can afford to pay and the kind of policy you want. Then, find out what various companies charge for that kind of policy. You can find important differences in the cost of life insurance by using the life insurance cost indexes that are described in this guide. A good life insurance producer or company will be able and willing to help you with each of these shopping steps.

If you are going to make a good choice when you buy life insurance, you need to understand what kinds are available. If one kind does not seem to fit your needs, ask about the other kinds that are described in this guide. If you feel that you need more information than is given here, you may want to check with a life insurance producer or company or books on life insurance in your public library.

This guide does not endorse any company or policy.

The remaining text of the buyer's guide shall begin on page 3 as follows:

**Choosing the Amount**

One way to decide how much life insurance you need is to figure how much cash and income your dependents would need if you were to die. You should think of life insurance as a source of cash needed for expenses of final illnesses, paying taxes, mortgages or other debts. It can also provide income for your family's living expenses, educational costs and other future expenses. Your new policy should come as close as you can afford to making up the difference between (1) what your dependents would have if you were to die now, and (2) what they would actually need.

**Choosing the Right Kind**

All life insurance policies agree to pay an amount of money if you die. But all policies are not the same. There are three basic kinds of life insurance.

1. Term insurance
2. Whole life insurance
3. Endowment insurance

Remember, no matter how fancy the policy title or sales presentation might appear, all life insurance policies contain one or more of the three basic kinds. If you are confused about a policy that sounds complicated, ask the producer or company if it combines more than one kind of life insurance. The following is a brief description of the three basic kinds:

**Term Insurance**

Term insurance is death protection of a "term" of one or more years. Death benefits will be paid only if you die within that term of years. Term insurance generally provides the largest immediate death protection for your premium dollar.

Some term insurance policies are "renewable" for one or more additional terms even if your health has changed. Each time you renew the policy for a new term, premiums will be higher. You should check the premiums at older ages and the length of time the policy can be continued.

Some term insurance policies are also "convertible." This means that before the end of the conversion period, you may trade the term policy for a whole life or endowment insurance policy even if you

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

are not in good health. Premiums for the new policy will be higher than you have been paying for the term insurance.

#### Whole Life Insurance

Whole life insurance gives death protection for as long as you live. The most common type is called “straight life” or “ordinary life” insurance, for which you pay the same premiums for as long as you live. These premiums can be several times higher than you would pay initially for the same amount of term insurance. But they are smaller than the premiums you would eventually pay if you were to keep renewing a term insurance policy until your later years.

Some whole life policies let you pay premiums for a shorter period such as 20 years, or until age 65. Premiums for these policies are higher than for ordinary life insurance since the premium payments are squeezed into a shorter period.

Although you pay higher premiums, to begin with, for whole life insurance than for term insurance, whole life insurance policies develop “cash values” which you may have if you stop paying premiums. You can generally either take the cash, or use it to buy some continuing insurance protection. Technically speaking, these values are called “nonforfeiture benefits.” This refers to benefits you do not lose (or “forfeit”) when you stop paying premiums. The amount of these benefits depends on the kind of policy you have, its size, and how long you have owned it.

A policy with cash values may also be used as collateral for a loan. If you borrow from the life insurance company, the rate of interest is shown in your policy. Any money that you owe on a policy loan would be deducted from the benefits if you were to die, or from the cash value if you were to stop paying premiums.

#### Endowment Insurance

An endowment insurance policy pays a sum or income to you – the policyholder – if you live to a certain age. If you were to die before then, the death benefit would be paid to your beneficiary. Premiums and cash values for endowment insurance are higher than the same amount of whole life insurance. Thus endowment insurance gives you the least amount of death protection for your premium dollar.

#### Finding a Low Cost Policy

After you have decided which kind of life insurance fits your needs, look for a good buy. Your chances of finding a good buy are better if you use two types of index numbers that have been developed to aid in shopping for life insurance. One is called the “Surrender Cost Index” and the other is the “Net Payment Cost Index.” It will be worth your time to try to understand how these indexes are used, but in any event, use them only for comparing the relative costs of similar policies. **LOOK FOR POLICIES WITH LOW COST INDEX NUMBERS.**

#### What is Cost?

“Cost” is the difference between what you pay and what you get back. If you pay a premium for life insurance and get nothing back, your cost for the death protection is the premium. If you pay a premium and get something back later on, such as a cash value, your cost is smaller than the premium.

The cost of some policies can also be reduced by dividends; these are called “participating” policies. Companies may tell you what their current dividends are, but the size of future dividends is unknown today and cannot be guaranteed. Dividends actually paid are set each year by the company.

Some policies do not pay dividends. These are called “guaranteed cost” or “non participating” policies. Every feature of a guaranteed

cost policy is fixed so that you know in advance what your future cost will be.

The premiums and cash values of a participating policy are guaranteed, but the dividends are not. Premiums for participating policies are typically higher than for guaranteed cost policies, but the cost to you may be higher or lower, depending on the dividends actually paid.

#### What Are Cost Indexes?

In order to compare the cost of policies, you need to look at:

1. Premiums
2. Cash values
3. Dividends

Cost indexes use one or more of these factors to give you a convenient way to compare relative costs of similar policies. When you compare costs, an adjustment must be made to take into account that money is paid and received at different times. It is not enough to just add up the premiums you will pay and subtract the cash values and dividends you expect to get back. These indexes take care of the arithmetic for you. Instead of having to add, subtract, multiply and divide many numbers yourself, you just compare the index numbers which you can get from life insurance producers and companies:

1. Life Insurance Surrender Cost Index. This index is useful if you consider the level of the cash values to be of primary importance to you. It helps you compare costs if at some future point in time, such as 10 or 20 years, you were to surrender the policy and take its cash value.

Life Insurance Net Payment Cost Index. This Index is useful if your main concern is the benefits that are to be paid at your death and if the level of cash values is of secondary importance to you. It helps you compare costs at some future point in time, such as 10 or 20 years, if you continue paying premiums on your policy and do not take its cash value.

There is another number called the Equivalent Level Annual Dividend. It shows the part dividends play in determining the cost index of a participating policy. Adding a policy’s Equivalent Level Annual Dividend to its cost index allows you to compare total costs of similar policies before deducting dividends. However, if you make any cost comparisons of a participating policy with a non participating policy, remember that the total cost of the participating policy will be reduced by dividends, but the cost of the non participating policy will not change.

#### How Do I Use Cost Indexes?

The most important thing to remember when using cost indexes is that a policy with a small index number is generally a better buy than a comparable policy with a larger index number. The following rules are also important:

- (1) Cost comparisons should only be made between similar plans of life insurance. Similar plans are those which provide essentially the same basic benefits and require premium payments for approximately the same period of time. The closer policies are to being identical, the more reliable the cost comparison will be.
- (2) Compare index numbers only for the kind of policy, for your age and for the amount you intend to buy. Since no one company offers the lowest cost for all types of insurance at all ages and for all amounts of insurance, it is important that you get the indexes for the actual policy, age and amount which you intend to buy. Just because a “Shopper’s Guide” tells you that one company’s policy is a good buy for a particular age and

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

amount, you should not assume that all of that company's policies are equally good buys.

- (3) Small differences in index numbers could be offset by other policy features, or differences in the quality of service you may expect from the company or its producer. Therefore, when you find small differences in cost indexes, your choice should be based on something other than cost.
- (4) In any event, you will need other information on which to base your purchase decision. Be sure you can afford the premiums, and that you understand its cash values, dividends and death benefits. You should also make a judgment on how well the life insurance company or producer will provide service in the future, to you as a policyholder.
- (5) These life insurance cost indexes apply to new policies and should not be used to determine whether you should drop a policy you have already owned for awhile, in favor of a new one. If such a replacement is suggested, you should ask for information from the company that issued the old policy before you take action.

#### Important Things To Remember – A Summary

The first decision you must make when buying a life insurance policy is choosing a policy whose benefits and premiums must closely meet your needs and ability to pay. Next, find a policy which is also a relatively good buy. If you compare Surrender Cost Indexes and Net Payment Cost Indexes of similar competing policies, your chances of finding a relatively good buy will be better than if you do not shop. REMEMBER, LOOK FOR POLICIES WITH LOWER COST INDEX NUMBERS. A good life insurance producer can help you to choose the amount of life insurance and kind of policy you want and will give you cost indexes so that you make cost comparisons of similar policies.

Don't buy life insurance unless you intend to stick with it. A policy which is a good buy when held for 20 years can be very costly if you quit during the early years of the policy. If you surrender such a policy during the first few years, you may get little or nothing back and much of your premium may have been used for company expenses.

Read your new policy carefully, and ask the producer or company for an explanation of anything you do not understand. Whatever you decide now, it is important to review your life insurance program every few years to keep up with changes in your income and responsibilities.

#### **R20-6-210. Readable and Understandable Policy: Private Passenger Automobile, Homeowner, Personal Line Dwelling, and Mobile Homeowner**

- A. Definitions. The following definitions apply in this Section:
  1. "Readable insurance policy" means a policy that can be read and reasonably understood by a person without special knowledge or training.
  2. "Policy" means a contract or agreement for insurance, or an insurance certificate regardless of the name used, and includes all clauses, endorsements, and papers attached or incorporated.
- B. Scope. This Section applies to private passenger motor vehicle policies, homeowner policies, personal line dwelling policies,

for four family units or less, and mobile homeowner policies delivered or issued for delivery in Arizona.

- C. Compliance.
  1. An insurer shall test the readability of its policy by use of the Flesch Readability Formula as set forth in Rudolf Flesch, *The Art of Readable Writing* (1949, as revised 1974).
  2. An insurer shall not use a policy unless the policy has a total readability score of 40 or more on the Flesch scale.
  3. An insurer shall include with each policy form filing required to be filed with the Director a checklist for the line of insurance setting forth the Flesch score.
- D. Readability guidelines.
  1. General organization of text.
    - a. A policy shall be divided into logically arranged sections for ease of locating content.
    - b. Each section shall be self-contained as to provisions relating solely to that section (for example, an exclusion section shall not be mixed with other parts of a policy).
    - c. General policy provisions applying to all or several like coverages shall be located in a common area.
    - d. The policy shall not contain non-essential provisions.
    - e. Defined words and terms shall be placed in a separate section at the beginning of the policy.
  2. Visual aids to readability. The insurer shall ensure that each policy meets the following format requirements:
    - a. Type size shall be at least eight point.
    - b. The font shall be block print rather than script, and legible.
    - c. Captions and headings shall be distinguishable from the general text.
    - d. White space separating coverages, policy sections, and columns shall be sufficient to make a distinct separation.
    - e. Defined words and terms shall be distinguishable from the general text.
  3. Language usage. The insurer shall ensure that each policy:
    - a. Is written in everyday, conversational language;
    - b. Uses short, simple sentences and words in common usage;
    - c. Uses an easy-to-read style, personal pronouns, and present tense active verbs.

#### Historical Note

Adopted effective May 28, 1979 (Supp. 79-1). R20-6-210 recodified from R4-14-210 (Supp. 95-1). Former R20-6-210 renumbered to R20-6-208; new R20-6-210 renumbered from R20-6-212 and amended by final rulemaking at 13 A.A.R. 2061, effective August 4, 2007 (Supp. 07-2).

#### **R20-6-211. Discrimination on the Basis of Blindness or Partial Blindness**

- A. Definitions. The following definitions apply in this Section:
  1. "Policy" means a contract or agreement for or effecting insurance, or a certificate of insurance, regardless of the name used, and includes all clauses, riders, endorsements, and attached papers.
  2. "Person" has the same meaning prescribed in A.R.S. § 20-105.
- B. Scope. This Section applies to all policies delivered or issued for delivery in this state.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- C. Prohibition. An insurer shall not engage in the following prohibited acts or practices that constitute unfair discrimination between individuals of the same class:
1. Refusal to insure or refusal to continue to insure, or limiting the amount, extent, or kind of coverage available to an individual solely because of blindness or partial blindness; or
  2. Charging an individual a different rate for the same coverage solely because of blindness or partial blindness.
- D. In this subsection, “refusal to insure” includes denial by an insurer of disability insurance coverage on the grounds that the policy defines “disability” as being presumed if the insured loses eyesight. An insurer may exclude from coverage disabilities consisting solely of blindness or partial blindness if the insured was blind or partially blind when the policy was issued.
- E. For all other conditions, including the underlying cause of the blindness or partial blindness, a person who is blind or partially blind is subject to the same standards of sound actuarial principles or actual or reasonably anticipated experience as a sighted person.

**R20-6-212.02. Standards for Annuity Illustrations**

- A. Definitions. The definitions in A.R.S. § 20-1242 and this subsection apply to this Section.

“Illustration” means a personalized presentation or depiction prepared for and provided to an individual consumer that includes non-guaranteed elements of an annuity contract over a period of years.

“Indexing Method” means point-to-point, dialing averaging or monthly averaging.

“Index Term” means the period over which indexed-based interest is calculated.

“Market Value Adjustment” or “MVA” means a feature that is a positive or negative adjustment that may be applied to the account value and/or cash value of the annuity upon withdrawal, surrender, contract annuitization or death benefit payment based on either the movement of an external index or on the company’s current guaranteed interest rate being offered on new premiums or new rates for renewal periods, if that withdrawal, surrender, contract annuitization or death benefit payment occurs at a time other than on a specified guaranteed benefit date.

“Registered product” means an annuity contract or life insurance policy subject to the prospectus delivery requirements of the Securities Act of 1933.

- B. An insurer or producer may elect to provide a consumer an illustration at any time, provided that the illustration is in compliance with this Section and:

1. Is clearly labeled as an illustration;
2. Includes a statement referring customers to the disclosure document and buyer’s guide provided to them at time of purchase for additional information about their annuity; and
3. Is prepared by the insurer or third party using software that is authorized by the insurer prior to its use, provided that the insurer maintains a system of control over the use of the illustration.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- C. An illustration furnished to an applicant for a group annuity contract or contracts issued to a single applicant on multiple lives may be either an individual or composite illustration representative of the coverage on the lives of members of the group or the multiple lives covered.
- D. The illustration shall not be provided unless accompanied by the disclosure document referenced in A.R.S. § 20-1242.02.
- E. When using an illustration, the illustration shall not:
  - 1. Describe non-guaranteed elements in a manner that is misleading or has the capacity or tendency to mislead;
  - 2. State or imply that the payment or amount of non-guaranteed elements is guaranteed; or
  - 3. Be incomplete.
- F. Costs and fees of any type shall be individually noted and explained.
- G. An illustration shall conform to the following requirements:
  - 1. The illustration shall be labeled with the date on which it was prepared;
  - 2. Each page, including any explanatory notes or pages, shall be numbered and show its relationship to the total number of pages in the disclosure document (e.g., the fourth page of a seven-page disclosure document shall be labeled "page 4 of 7 pages");
  - 3. The assumed dates of premium receipt and benefit payout within a contract year shall be clearly identified;
  - 4. If the age of the proposed insured is shown as a component of the tabular detail, it shall be issue-age plus the number of years the contract is assumed to have been in force;
  - 5. The assumed premium on which the illustrated benefits and values are based shall be clearly identified, including rider premium for any benefits being illustrated;
  - 6. Any charges for riders or other contract features assessed against the account value or the crediting rate shall be recognized in the illustrated values and shall be accompanied by a statement indicating the nature of the rider benefits or the contract features, and whether or not they are included in the illustration;
  - 7. Guaranteed death benefits and values available upon surrender, if any, for the illustrated contract premium shall be shown and clearly labeled guaranteed;
  - 8. Except as provided in subsection (G)(22) of this Section, the non-guaranteed elements underlying the non-guaranteed illustrated values shall be no more favorable than current non-guaranteed elements and shall not include any assumed future improvement of such elements. Additionally, non-guaranteed elements used in calculating non-guaranteed illustrated values at any future duration shall reflect any planned changes, including any planned changes that may occur after expiration of an initial guaranteed or bonus period;
  - 9. In determining the non-guaranteed illustrated values for a fixed indexed annuity, the index-based interest rate and account value shall be calculated for three different scenarios: one to reflect historical performance of the index for the most recent 10 calendar years; one to reflect the historical performance of the index for the continuous period of 10 calendar years out of the last 20 calendar years that would result in the least index value growth (the "low scenario"); one to reflect the historical performance of the index for the continuous period of 10 calendar years out of the last 20 calendar years that would result in the most index value growth (the "high scenario"). The following requirements apply:
    - a. The most recent 10 calendar years and the last 20 calendar years are defined to end on the prior December 31, except for illustrations prepared during the first three months of the year, for which the end date of the calendar year period may be the December 31 prior to the last full calendar year;
    - b. If any index utilized in determination of an account value has not been in existence for at least 10 calendar years, indexed returns for that index shall not be illustrated. If the fixed indexed annuity provides an option to allocate account value to more than one indexed or fixed declared rate account, and one or more of these indexes has not been in existence for at least 10 calendar years, the allocation to such indexed account or accounts shall be assumed to be zero;
    - c. If any index utilized in determination of an account value has been in existence for at least 10 calendar years but less than 20 calendar years, the 10 calendar year periods that define the low and high scenarios shall be chosen from the exact number of years the index has been in existence;
    - d. The non-guaranteed element or elements, such as caps, spreads, participation rates, or other interest crediting adjustments, used in calculating the non-guaranteed index-based interest rate shall be no more favorable than the corresponding current element or elements;
    - e. If a fixed indexed annuity provides an option to allocate the account value to more than one indexed or fixed declared rate account:
      - i. The allocation used in the illustration shall be the same for all three scenarios; and
      - ii. The 10 calendar year periods resulting in the least and greatest index growth periods shall be determined independently for each indexed account option.
    - f. The geometric mean annual effective rate of the account value growth over the 10 calendar year period shall be shown for each scenario;
    - g. If the most recent 10 calendar year historical period experience of the index is shorter than the number of years needed to fulfill the requirement of subsection (I) of this Section, the most recent 10 calendar year historical experience of the index shall be used for each subsequent 10 calendar year period beyond the initial period for the purpose of calculating the account value for the remaining years of the illustration;
    - h. The low and high scenarios:
      - i. Need not show surrender values (if different than account values);
      - ii. Shall not extend beyond 10 calendar years (and therefore are not subject to the requirements of subsection (I) of this Section beyond subsection (I)(1)(a) of this Section); and
      - iii. May be shown on a separate page;
    - i. For the low and high scenarios, a graphical presentation shall also be included comparing the movement of the account value over the 10 calendar year period for the low scenario, the high scenario and the most recent 10 calendar year scenario; and
    - j. The low and high scenarios should reflect the irregular nature of the index performance and should trigger

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- every type of adjustment to the index-based interest rate under the contract. The effect of the adjustments should be clear; for example, additional columns showing how the adjustment applied may be included. If an adjustment to the index-based interest rate is not triggered in the illustration (because no historical values of the index in the required illustration range would have triggered it), the illustration shall so state;
10. The guaranteed elements, if any, shall be shown before corresponding non-guaranteed elements and shall be specifically referred to on any page of an illustration that shows or describes only the non-guaranteed elements (e.g., “see page 1 for guaranteed elements”);
  11. The account or accumulation value of a contract, if shown, shall be identified by the name this value is given in the contract being illustrated and shown in close proximity to the corresponding value available upon surrender;
  12. The value available upon surrender shall be identified by the name this value is given in the contract being illustrated and shall be the amount available to the contract owner in a lump sum after deduction of surrender charges, bonus forfeitures, contract loans, contract loan interest, and application of any market value adjustment, as applicable;
  13. Illustrations may show contract benefits and values in graphic or chart form in addition to the tabular form;
  14. Any illustration of non-guaranteed elements shall be accompanied by a statement indicating that:
    - a. The benefits and values are not guaranteed;
    - b. The assumptions on which they are based are subject to change by the insurer; and
    - c. Actual results may be higher or lower;
  15. Illustrations based on non-guaranteed credited interest and non-guaranteed annuity income rates shall contain equally prominent comparisons to guaranteed credited interest and guaranteed annuity income rates, including any guaranteed and non-guaranteed participation rates, caps, or spreads for fixed indexed annuities;
  16. The annuity income rate illustrated shall not be greater than the current annuity income rate unless the contract guarantees are in fact more favorable;
  17. Illustrations shall be concise and easy to read;
  18. Key terms shall be defined and then used consistently throughout the illustration;
  19. Illustrations shall not depict values beyond the maximum annuitization age or date;
  20. Annuitization benefits shall be based on contract values that reflect surrender charges or any other adjustments, if applicable; and
  21. Illustrations shall show both annuity income rates per \$1,000.00 and the dollar amounts of the periodic income payable.
  22. For participating immediate and deferred income annuities:
    - a. Illustrations may not assume any future improvement in the applicable dividend scale (or scales, if more than one dividend scale applies, such as for a flexible premium annuity);
    - b. Illustrations must reflect the equitable apportionment of dividends, whether performance meets, exceeds, or falls short of expectations;
  - c. If the dividend scale is based on a portfolio rate method, the portfolio rate underlying the illustrated dividend scale shall not be assumed to increase;
  - d. If the dividend scale is based on an investment cohort method, the illustrated dividend scale should assume that reinvestment rates grade to long-term interest rates, subject to the following conditions:
    - i. Any assumptions as to future investment performance in the dividend formula must be consistent with assumptions that are reflected in the marketplace within the normal range of analyst forecasts and investor behavior; these assumptions may not be changed arbitrarily, notwithstanding changes in markets or economic conditions, and must be consistent with assumptions that the issuer uses with respect to other lines of business; and
    - ii. The illustrated dividend scale should assume that reinvestment rates grade to long-term interest rates, based on U.S. Treasury bonds. For the purposes of this grading, the assumed long-term rates should not exceed the rates calculated using the formula in subsection (G)(22)(d)(iii), based on the time to maturity or reinvestment (the “Tenor”) of the investments supporting the cohort of policies.
    - iii. Maximum long-term interest rates should be calculated for tenors of three months (or less), five years, 10 years, and 20 years (or more), using U.S. Treasury rates. For each tenor, the maximum long-term interest rate will vary over time, based on historical interest rates as they emerge. The formula for the maximum long-term interest rate is the average of the median bond rate over the last 600 months and the average bond rate over the last 120 months, rounded to the nearest quarter of one percent (0.25%).
    - iv. The maximum long-term interest rate for a tenor should be recalculated once per year, in January, using historical rates as of December 31 of the calendar year two years prior to the calendar year of the calculation date. The historical rate for each month is the rate reported for the last business day of the month.
    - v. Grading to the maximum long-term interest rates should take place over no less than 20 years from issue if U.S. Treasury rates as of the illustration date are below the long-term rates, or, no more than 20 years from issue if U.S. Treasury rates as of the illustration date are above the long-term rates.
    - vi. When the 10-year U.S. Treasury rate is less than the 10-year maximum long-term interest rate, an additional illustrated dividend scale should be presented. This additional illustrated dividend scale shall assume that reinvestment U.S. Treasury rates do not exceed the initial investment U.S. Treasury rates and illustrate dividends no less than half of the dividends illustrated under the current dividend scales. If the assumption that reinvestment U.S. Treasury rates do not exceed the initial investment U.S. Treasury rates conflicts with the illustration, i.e.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

half of the current dividends are greater than would be permitted by the assumption, then the reinvestment U.S. Treasury rates should equal the initial investment U.S. Treasury rates.

- vii. The illustration should include a disclosure that is substantially similar to the following:

The illustrated current dividend scale is based on interest rates that are assumed to gradually [increase/decrease] from current rates to long-term interest rates, over a period of [20] years. By regulation, the long-term assumed interest rates cannot not and do not exceed the rates listed in column (c) of the table below.

- viii. If the illustration contains an additional dividend scale pursuant to subsection (G)(22)(d)(vi), then the illustration should also include a disclosure that is substantially similar to the following:

The additional illustrated dividend scale is based on interest rates that are assumed not to increase and do not exceed the interest rates in column (b) of the table below.

Column A	Column B	Column C
Tenor	Current Interest Rate	Long Term
	Treasury Rate as of 12/31/2016	Mean Reversed Treasury Rate
3 Month (or less)	0.51%	3.00%
5 Year	1.93%	4.50%
10 Year	2.45%	5.00%
20 Years (or more)	3.06%	5.50%

- H. An annuity illustration shall include a narrative summary that includes all the following unless provided at the same time in a disclosure statement:

1. A brief description of any contract features, riders or options, guaranteed and/or non-guaranteed, shown in the basic illustration and the impact they may have on the benefits and values of the contract;
2. A brief description of any other optional benefits or features that are selected, but not shown in the illustration and the impact they have on the benefits and values of the contract;
3. Identification and a brief definition of column headings and key terms used in the illustration;
4. A statement containing in substance the following:

- a. For other than fixed indexed annuities:  
This illustration assumes the annuity's current non-guaranteed elements will not change. It is likely that they will change and actual values will be higher or lower than those in this illustration but will not be less than the minimum guarantees.

The values in this illustration are not guarantees or even estimates of the amounts you can expect from your annuity. Please review the entire Disclosure Document and Buyer's Guide provided with your Annuity Contract for more detailed information;

- b. For fixed indexed annuities:  
This illustration assumes the index will repeat historical performance and that the annuity's current

non-guaranteed elements, such as caps, spreads, participation rates or other interest crediting adjustments, will not change. It is likely that the index will not repeat historical performance, the non-guaranteed elements will change, and actual values will be higher or lower than those in this illustration but will not be less than the minimum guarantees.

The values in this illustration are not guarantees or even estimates of the amounts you can expect from your annuity. Please review the entire Disclosure Document and Buyer's Guide provided with your Annuity Contract for more detailed information;

5. Additional explanations as follows:
  - a. Minimum guarantees shall be clearly explained;
  - b. The effect on contract values of contract surrender prior to maturity shall be explained;
  - c. Any conditions on the payment of bonuses shall be explained;
  - d. For annuities sold as an IRA, qualified plan or in another arrangement subject to the required minimum distribution (RMD) requirements of the Internal Revenue Code, the effect of RMDs on the contract values shall be explained;
  - e. For annuities with recurring surrender charge schedules, a clear and concise explanation of what circumstances will cause the surrender charge to recur; and
  - f. A brief description of the types of annuity income options available shall be explained, including:
    - i. The earliest or only maturity date for annuitization (as the term is defined in the contract);
    - ii. For contracts with an optional maturity date, the periodic income amount for at least one of the annuity income options available based on the guaranteed rates in the contract, at the later of age 70 or 10 years after issue, but in no case later than the maximum annuitization age or date in the contract;
    - iii. For contracts with a fixed maturity date, the periodic income amount for at least one of the annuity income options available, based on the guaranteed rates in the contract at the fixed maturity date; and
    - iv. The periodic income amount based on the currently available periodic income rates for the annuity income option in subsection (H)(5)(f)(ii) or in subsection (H)(5)(f)(iii), if desired.

- I. Following the narrative summary, an illustration shall include a numeric summary which shall include at minimum, numeric values at the following durations:

1. The first 10 contract years or the surrender charge period if longer than 10 years, including any renewal surrender charge period or periods;
2. Every tenth contact year up to the later of 30 years or age 70; and
3. Required annuitization age or required annuitization date.

- J. If the annuity contains a market value adjustment ("MVA"), the following provisions apply to the illustration:

1. The MVA shall be referred to as such throughout the illustration;
2. The narrative shall include an explanation, in simple terms, of the potential effect of the MVA on the value available upon surrender;

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

3. The narrative shall include an explanation, in simple terms, of the potential effect of the MVA on the death benefit;
  4. A statement, containing in substance the following, shall be included:  
When you make a withdrawal, the amount you receive may be increased or decreased by a Market Value Adjustment (MVA). If the interest rates on which the MVA is based go up after you buy your annuity, the MVA likely will decrease the amount you receive. If interest rates go down, the MVA will likely increase the amount you receive.
  5. Illustrations shall describe both the upside and the downside aspects of the contract features relating to the MVA;
  6. The illustrative effect of the MVA shall be shown under at least one positive and one negative scenario. This demonstration shall appear on a separate page and be clearly labeled that it is information demonstrating the potential impact of a MVA;
  7. Actual MVA floors and ceilings as listed in the contract shall be illustrated; and
  8. If the MVA has significant characteristics not addressed by subsections (J)(1) through (J)(6), the effect of such characteristics shall be shown in the illustration.
- K.** A narrative summary for a fixed indexed annuity illustration also shall include the following unless provided at the same time as the disclosure statement:
1. An explanation, in simple terms, of the elements used to determine the index-based interest, including but not limited to, the following elements:
    - a. The index(es) which will be used to determine the index-based interest;
    - b. The Indexing Method;
    - c. The Index Term;
    - d. The participation rate, if applicable;
    - e. The cap, if applicable; and
    - f. The spread, if applicable;
  2. The narrative shall include an explanation, in simple terms, of how index-based interest is credited in the indexed annuity;
  3. The narrative shall include a brief description of the frequency with which the company can re-set the elements used to determine the index-based credits, including the participation rate, the cap, and the spread, if applicable; and
  4. If the product allows the contract holder to make allocations to a declared-rate segment, then the narrative shall include a brief description of:
    - a. Any options to make allocations to a declared-rate segment, both for new premiums and for transfers from the index-based segments; and
    - b. Differences in guarantees applicable to the declared-rate segment and the index-based segments.
- L.** A numeric summary for a fixed indexed annuity illustration shall include, at a minimum, the following elements:
1. The assumed growth rate of the index in accordance with subsection (G)(9);
  2. The assumed values for the participation rate, cap and spread, if applicable; and
  3. The assumed allocation between index-based segments and the declared-rate segment, if applicable, in accordance with subsection (G)(9).
- M.** If the contract is issued other than as applied for, a revised illustration conforming to the contract as issued shall be sent with the contract, except that non-substantive changes, including but not limited to, changes in the amount of expected initial or additional premiums and any changes in amounts of exchanges pursuant to Section 1053 of the Internal Revenue Code, rollovers and transfers, which do not alter the key benefits and features of the annuity as applied for will not require a revised illustration unless requested by the applicant.
- N.** Annuity Illustration Examples. Illustrations A through C are examples only and do not reflect specific characteristics of any actual product for sale by any company.

This annuity is designed to pay an income that is guaranteed to last as long as the Annuitant lives. When annuity income payments are to begin, the income payment amounts will be determined by applying an annuity income rate to the annuity Account Value.

**Annuity income options include the following:**

- Periodic payments for Annuitant's life
- Periodic payments for Annuitant's life with payments guaranteed for a certain number of years
- Periodic payments for Annuitant's life with payments continuing for the life of a survivor annuitant

**Illustrated Annuity Income Option:** Monthly payments for annuitant's life with payments guaranteed for 10-year period.

**Column Descriptions**

- (1) **Ages** shown are measured from the Annuitant's age at issue.
- (2) **Premium Payments** are assumed to be made at the beginning of the Contract Year shown.

**Values Based on Guaranteed Rates**

- (3) **Interest Crediting Rates** shown are annual rates; however, interest is credited daily. During the Initial Interest Guarantee Period, values developed from the Initial Premium Payment are illustrated using the Initial Guaranteed Interest Rate(s) declared by the insurance company, which include an additional first year only interest bonus credit of 0.75%. The interest rates will be guaranteed for the Initial Interest Guarantee Period, subject to an MVA. After the Initial Interest Guarantee Period, a new renewal interest rate will be declared annually, but can never be less than the Minimum Guaranteed Interest Rate shown.
- (4) **Account Value** is the amount you have at the end of each year if you leave your money in the contract until you start receiving annuity payments. It is also the amount available upon the Annuitant's death if it occurs before annuity payments begin. The death benefit is not affected by surrender charges or the MVA.
- (5) **Cash Surrender Value Before MVA** is the amount available at the end of each year if you surrender the contract (after deduction of any Surrender Charge) but before the application of any MVA. Surrender charges are applied to the Account Value according to the schedule below until the surrender charge period ends, which may be after the Initial Interest Guarantee Period has ended.

**Years Measured from Premium Payment:**    1    2    3    4    5    6    7    8+  
**Surrender Charges:**                                8%   7%   6%   5%   4%   3%   2%   0%

- (6) **Minimum Cash Surrender Value After MVA** is the minimum amount available at the end of each year if you surrender your contract before the end of five years, no matter what the MVA is. The minimum is set by law. The amount you receive may be higher or lower than the cash surrender value due to the application of the MVA, but never lower than this minimum. Otherwise the MVA works as follows: If the interest rate available on new contracts offered by the company is LOWER than your Initial Guaranteed Interest Rate, the MVA will INCREASE the amount you receive. If the interest rate available on new contracts offered by the company is HIGHER than your initial guaranteed interest rate, the MVA will DECREASE the amount you receive. The charts below provide additional information concerning the MVA.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

**Values Based on Assumption that Initial Guaranteed Rates Continue**

- (7) **Interest Crediting Rates** are the same as in Column (3) for the Initial Interest Guarantee Period. After the Initial Interest Guarantee Period, a new renewal interest rate will be declared annually. For the purposes of calculating the values in this column, it is assumed that the Initial Guaranteed Interest Rate (without the bonus) will continue as the new renewal interest rate in all years. The actual renewal interest rates are not subject to an MVA and will very likely NOT be the same as the illustrated renewal interest rates.
- (8) **Account Value** is calculated the same way as Column (4).
- (9) **Cash Surrender Value Before and after MVA** is the Cash Surrender Value at the end of each year assuming that Initial Guaranteed Interest Rates continue, and that the continuing rates are the rates offered by the company on new contracts. In this case the MVA would be zero, and Cash Surrender Values before and after the MVA would be the same.

**Important Note:** This illustration assumes you will take no withdrawals from your annuity before you begin to receive periodic income payments. **Withdrawals will reduce both the annuity Account Value and the Cash Surrender Value.** You may make partial withdrawals of up to 10% of your account value each contract year without paying surrender charges. Excess withdrawals (above 10%) and full withdrawals will be subject to surrender charges.

**This illustration assumes the annuity's current interest crediting rates will not change. It is likely that they will change and actual values may be higher or lower than those in the illustrations.**

**The values in this illustration are not guaranteed or even estimates of the amounts you can expect from your annuity. For more information, read the annuity disclosure and annuity buyer's guide.**

**Illustration C. MVA-adjusted Cash Surrender Values (CSVs) Under Sample Scenarios**

**MVA-adjusted Cash Surrender Values (CSVs) Under Sample Scenarios**

The graphs below show MVA-adjusted Cash Surrender Values (CSVs) during the first five years of the contract, as illustrated on the illustration spreadsheet above (\$100,000 single premium, a 5-year MVA Period) under two sample scenarios, as described below.

**Graph #1** shows if the interest rate on new contracts is 3% LOWER than your Initial Guaranteed Interest Rate, the MVA will increase the amount you receive (upper line). The lower line shows the Cash Surrender Values if the Initial Guaranteed Interest Rates continue (from Column (9) on the illustration spreadsheet above (referenced as Page 2 in the graph)).

**Graph #2** shows if the interest rate on new contracts is 3% HIGHER than your Initial Guaranteed Interest Rate, the MVA will decrease the amount you receive, but not below the minimum set by law (Column (6) on the illustration spreadsheet above (referenced as Page 2 in the graph)), which in this scenario's limits the decrease for the first 2 years (lower line). The upper line shows the Cash Surrender Values if the Initial Guaranteed Interest Rates continue (from Column (9) on the illustration spreadsheet above).

These graphs and the sample guaranteed interest rates on new contracts used are for demonstration purposes only and are not intended to be a projection of how guaranteed interest rates on new contracts are likely to behave.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

**R20-6-213. Life and Disability Insurance Policy Language Simplification****A. Definitions.** The following definitions apply in this Section:

1. "Company" or "insurer" means any life or disability insurance company, benefit insurer, benefit stock insurer, prepaid dental plan organizations, health care service organizations, and all similar type organizations.
2. "Director" means the Director of Insurance of Arizona.
3. "Policy" or "policy form" means any policy, contract, plan or agreement of life or disability insurance, including credit life insurance and credit disability insurance, delivered or issued for delivery in the state by any company subject to this rule; and any certificate issued under a group insurance policy delivered or issued for delivery in this state.

**B. Applicability.**

1. This Section and R20-6-212 apply to all life and disability insurance policies delivered or issued for delivery in this state by any company but do not apply to:
  - a. Any policy that is a security subject to federal jurisdiction;
  - b. Any group policy covering a group of 1,000 or more lives at date of issue, other than a group credit life insurance policy or a group credit disability insurance policy however, this shall not exempt any certificate issued under a group policy delivered or issued for delivery in this state; or
  - c. Any group annuity contract that serves as a funding vehicle for pension, profit-sharing, or deferred compensation plans;
2. Except as provided in R20-6-210, no other rule of this state setting language simplification standards shall apply to any policy forms.

**C. Minimum policy language simplification standards.**

1. Except as stated in subsection (B), an insurer shall not deliver or issue for delivery a policy form that has not been approved by the Director unless:
  - a. The text achieves a minimum score of 40 on the Flesch reading ease test or an equivalent score on any other comparable test as provided in subsection (3);
  - b. It is printed, except for specification pages, schedules, and tables, in no less than 10 point type, one point leaded;
  - c. The style, arrangement and overall appearance of the policy do not give undue prominence to any portion of the text of the policy or to any endorsements or riders; and
  - d. The policy, if the policy has more than 3,000 words printed on three or fewer pages of text or if the policy has more than three pages regardless of the number of words, contains a table of contents or an index of the principal sections of the policy.
2. An insurer shall measure a Flesch reading ease test score as follows:
  - a. For policy forms containing 10,000 words or less of text, an insurer shall analyze the entire form. For policy forms containing more than 10,000 words, an insurer may analyze the readability of two, 200-word samples per page instead of the entire form. The insurer shall separate the samples by at least 20 printed lines.
  - b. The insurer shall count the number of words and sentences in the text, then divide the total number of

words by the total number of sentences, then multiply that figure by a factor of 1.015.

- c. The insurer shall count and divide the total number of syllables by the total number of words, then multiply that figure by a factor of 84.6.
  - d. The sum of the figures computed under subsections (b) and (c) subtracted from 206.835 equals the Flesch reading ease score for the policy form.
  - e. For subsections (b), (c), and (d), the insurer shall use the following procedures:
    - i. A contraction, hyphenated word, or numbers and letters, when separated by spaces, shall be counted as one word;
    - ii. A unit of words ending with a period, semicolon, or colon, but excluding headings and captions, shall be counted as a sentence; and
    - iii. A syllable means a unit of spoken language consisting of one or more letters of a word as divided by an accepted dictionary. If the dictionary shows two or more equally acceptable pronunciations of a word, the pronunciation containing fewer syllables may be used.
  - f. The term "text" as used in this subsection shall include all printed matter except the following:
    - i. The name and address of the insurer, the name, number or title of the policy, the table of contents or index, captions and subcaptions, specification pages, schedules or tables; and
    - ii. Policy language that is drafted to conform to the requirements of a federal law, regulation, or agency interpretation, policy language required by a collectively bargained agreement, medical terminology, words defined in the policy, and policy language required by law or regulation, if the insurer identifies the language or terminology excepted by this subsection and certifies, in writing, that the language or terminology is entitled to be excepted by this subsection.
  3. Any other reading test may be approved by the Director for use as an alternative to the Flesch reading test if it is comparable in result to the Flesch reading ease test.
  4. Filings subject to this subsection shall be accompanied by a certificate signed by an officer of the insurer stating that the filing meets the minimum reading ease score on the test used or stating that the score is lower than the minimum required but should be approved under subsection (G) of this Section. To confirm the accuracy of any certification, the Director may require the submission of further information to verify the certification in question.
  5. At the option of the insurer, riders, endorsements, applications and other forms made a part of the policy may be scored as separate forms or as part of the policy with which they may be used.
- D.** The Director may authorize a lower score than the Flesch reading ease score required in subsection (C)(1)(a) if a lower score:
1. Provides a more accurate reflection of readability of a policy form;
  2. Is warranted by the nature of a particular policy form or type or class of policy forms; or
  3. Is caused by certain policy language drafted to conform to the requirements of any state statute, rule, or agency interpretation of law.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

**Historical Note**

Adopted effective November 21, 1977 (Supp. 77-6).

Amended effective March 27, 1978 (Supp. 78-2).

Amended subsection (E), deleted subsection (F) and added new subsections (F) and (G) effective December 3, 1986 (Supp. 86-6). R20-6-213 recodified from R4-14-213 (Supp. 95-1). Former R20-6-213 renumbered to R20-6-211; new R20-6-213 renumbered from R20-6-216 and amended by final rulemaking at 13 A.A.R. 2061, effective August 4, 2007 (Supp. 07-2). Corrected error in R20-6-213(D) that referenced subsection (E)(1)(a), which was relabeled as (C)(1)(a) in Supp. 07-2 (Supp. 08-1).

**R20-6-214. Coordination of Benefits****A. Applicability.**

1. This Section applies to all:
  - a. Group disability insurance policies;
  - b. Group subscriber contracts of hospital and medical service corporations and health care services organizations;
  - c. Group disability policies of benefit insurers; and
  - d. Group-type contracts that contain a coordination of benefits provision, are not available to the general public, and can be obtained and maintained only because of the covered person's membership in or connection with a particular organization. Group-type contracts that meet this description are included regardless of whether denominated as "franchise," "blanket," or some other designation.
2. This Section does not apply to:
  - a. Individual or family policies or individual or family subscriber contracts except as provided for in subsection (A)(1);
  - b. Group or group-type hospital indemnity benefits, written on a non-expense incurred basis, of \$30 per day or less unless characterized as reimbursement-type benefits and designed or administered to give the insured the right to elect indemnity-type benefits, instead of the reimbursement type benefits at the time of claim; or
  - c. School accident type coverages, written on a blanket, group, or franchise basis.

**B. Definitions. In this Section, the following definitions apply:**

1. "Allowable expense" means any necessary, reasonable, and customary item of expense, at least a portion of which is covered under one or more of the plans covering the person for whom claim is made or service provided.
  - a. When a plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered is deemed to be both an allowable expense and a benefit paid.
  - b. A plan that takes Medicare or similar government benefits into consideration when determining the application of its coordination of benefits provision does not expand the definition of an allowable expense.
2. "Claim determination period" means an appropriate period of time such as "calendar year" or "benefit period" as defined in the policy.
3. "Plan," within the coordination of benefits provisions of a group policy or subscriber contract, means the types of coverage that the insurer may consider in determining whether overinsurance exists with respect to a specific claim.

4. "School accident-type coverage" means coverage of grammar school and high school students for accidents only, including athletic injuries, either on a 24-hour basis or "to-and-from school," for which the parent pays the entire premium.

**C. Order-of-benefit determination.**

1. When a claim under a plan with a coordination of benefit provision involves another plan that also has a coordination of benefit provision, the insurer shall make the order-of-benefit determination as follows:
  - a. The plan that covers the person claiming benefits other than as a dependent shall determine benefits before those of the plan that covers the person as a dependent.
  - b. The plan of a parent whose birthday occurs earlier in a calendar year shall cover a dependent child before the benefits of a plan of a parent whose birthday occurs later in a calendar year. The word "birthday" as used in this subsection refers only to month and day in a calendar year, not the year in which the person was born.
  - c. If two or more plans cover a person as a dependent child of divorced or separated parents, benefits for the child are determined in the following order:
    - i. First, the plan of the parent with custody of the child;
    - ii. Then, the plan of the spouse of the parent with custody of the child; and
    - iii. Finally, the plan of the parent not having custody of the child.
  - d. Notwithstanding subsection (c), if the specific terms of a court decree state that one of the parents is responsible for the health care expenses of the child, and the entity obligated to pay or provide the benefits of the plan of that parent has actual knowledge of those terms, the benefits of that plan are determined first.
2. The benefits of a plan that covers a person as an employee (or as that employee's dependent) are determined before those of a plan that covers that person as a laid off or retired employee (or as that employee's dependent). If the other plan does not have this provision and if, as a result, the plans do not agree on the order of benefits, this subsection does apply.
3. If none of the provisions of subsection (C) determines the order of benefits, the benefits of the plan that covered a claimant longer are determined before those of the plan that covered that person for the shorter time.
4. If one of the plans is issued out of this state and determines the order of benefits based upon the gender of a parent and, as a result, the plans do not agree on the order of benefits, the plan with the gender rule shall determine the order of benefits.

**D. Excess and other nonconforming provisions. A plan with an order of benefit determination provision that complies with this Section, a complying plan, may coordinate its benefits with a plan that is "excess" or "always secondary" or that uses an order-of-benefit determination provision that is inconsistent with this Section, a noncomplying plan, on the following basis:**

1. If the complying plan is the primary plan, it shall pay or provide its benefits on a primary basis.
2. If the complying plan is the secondary plan, it shall pay or provide its benefits first, as the secondary plan. The pay-

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

ment shall be the limit of the complying plan's liability, except as provided in subsection (4).

3. If the noncomplying plan does not provide the information needed by the complying plan to determine its benefits within a reasonable time after it is requested to do so, the complying plan shall assume that the benefits of the noncomplying plan are identical to its own, and shall pay benefits accordingly. The complying plan shall adjust any payments it makes based on the assumption whether information becomes available as the actual benefits of the noncomplying plan.
4. If the noncomplying plan pays benefits so that the claimant receives less in benefits than the claimant would have received had the noncomplying plan paid or provided its benefits as the primary plan, the complying plan shall advance to or on behalf of the claimant an amount equal to the difference. The complying plan shall not have a right to reimbursement from the claimant.

**R20-6-303. Termination of Certificate of Authority and Release of Deposit**

**A.** Domestic Insurers. To request termination of a certificate of authority and, if applicable, release of statutory deposit, a domestic insurer shall file all of the following with the director:

1. A written request for termination of certificate of authority and release of deposit;
2. The insurer's original certificate of authority or an affidavit of lost certificate of authority;
3. A statement of the insurer's financial condition as of a date within 60 days of the filing date of the request for termination that includes a written statement, signed by two officers of the insurer as authorized on the jurat page of the insurer's most recent annual statement, verifying that the statement of financial condition reflects the insurer's financial position as of the date signed.
4. A plan of extinguishment for its outstanding liabilities that satisfies the requirements of subsection (C) or a sworn affidavit stating that the insurer has no outstanding liabilities to policyholders or claimants under subsection (C);
5. A certified copy of the insurer's Board of Directors resolution or other documentation of the insurer's official action taken according to the insurer's statutorily required organizational documents approving the insurer's:
  - a. Withdrawal from the insurance business,
  - b. Dissolution of the insurer,
  - c. Merger with an insurer authorized in Arizona to transact the insurer's previously written and active lines of business of the insurer requesting termination, or

- d. Transfer of domicile to another state or country.
6. A copy of the insurer's Articles of Dissolution, Articles of Merger, Articles of Amendment, Articles of Redomestication, or other documentation that the insurer intends to file with the Arizona Corporation Commission after issuance of the Director's order as provided in subsection (D)(2);
  7. If requested by the director, a written agreement that guarantees payment of substantially all liabilities of the domestic insurer, other than obligations extinguished under subsection (C).
- B. Foreign and Alien Insurers.** To request termination of its certificate of authority and, if applicable, release of its deposit, a foreign or alien insurer shall file all of the following with the director:
1. A written request for termination of certificate of authority and release of deposit;
  2. The insurer's original certificate of authority or an affidavit of lost certificate of authority;
  3. A statement of the insurer's financial condition as of a date within 60 days of the filing date of the request for termination that includes a written statement, signed by two officers of the insurer as authorized on the jurat page of the insurer's most recent annual statement, verifying that the statement of financial condition reflects the insurer's financial position as of the date signed.
  4. A plan of extinguishment for its Arizona liabilities that satisfies the requirements of subsection (C) or a sworn affidavit stating that the insurer has no Arizona liabilities under subsection (C);
  5. A copy of an order issued by the insurance director or other appropriate regulatory authority in the insurer's state or country of domicile that approves or authorizes either the insurer's:
    - a. Withdrawal from the insurance business,
    - b. Dissolution of the insurer,
    - c. Merger (approval of the merger from the states of domicile of the insurers), or
    - d. Transfer of domicile, if applicable.
  6. A copy of the insurer's Articles of Dissolution, Articles of Merger, Articles of Amendment, Articles of Redomestication or other required documentation that the insurer filed in its state of domicile; and
  7. If requested by the director, a written agreement that guarantees payment of substantially all Arizona liabilities of the insurer, other than obligations extinguished under subsection (C).
- C. Insurer's Plan for Extinguishment of Liabilities.**
1. To extinguish substantially all liabilities under subsection (A)(4) or subsection (B)(4) as applicable, an insurer may:
    - a. Reinsure the insurer's business in force with another insurer by entering into an agreement of bulk reinsurance that shall be effective when filed with and approved in writing by the director.
      - i. The agreement shall provide for assumption of all policyholder claims by the reinsurer including claims incurred but unreported as of the effective date of the agreement.
      - ii. The agreement may include recapture provisions exercisable by the insurer in the event the termination of its certificate of authority is not completed.
      - iii. Unless the director otherwise approves, the agreement shall provide that the reinsurer be licensed in Arizona for the particular lines of business reinsured.
    - b. Merge with another insurer that:
      - i. Assumes the liabilities of the non-surviving insurer; and
      - ii. Is authorized in Arizona for the previously written and active lines of business assumed, unless otherwise approved by the director.
    - c. Use its deposit, any additional security deposit or both to secure payment of former policyholder, policyholder, or claimant liabilities that are not reinsured or otherwise secured.
2. For purposes of this Section, "substantially all liabilities" under Title 20 means all policyholder and claimant obligations reported by the insurer in the statement of financial condition, whether or not liquidated in amount, and shall include former policyholder claims and rights to refunds.
- D. Consideration of the Request for Termination of Certificate of Authority and Release of Deposit under subsections (A) and (B).**
1. If the director determines that the insurer has extinguished substantially all liabilities as required under this Section and has otherwise demonstrated compliance with this Section and A.R.S. Title 20, the director shall grant the request to terminate the certificate of authority and, if appropriate, release the insurer's deposit, provided:
    - a. The insurer has no fees, taxes, assessments or filings outstanding to the Department; and
    - b. The insurer is not subject of any pending investigation or examination under Title 20 by the Department.
  2. The director's order shall condition the release of a domestic insurer's deposit upon receipt by the director of evidence of the official filing with the Arizona Corporation Commission of the documentation described in subsection (A)(6).
  3. If the director determines that the insurer is unable to extinguish substantially all liabilities as required under this Section, or otherwise has not complied with this Section or with A.R.S. Title 20, the director shall notify the insured in writing that the request has been denied and the reasons for the denial.
- E. Exclusions.** This Section does not apply to:
1. An insurer's exchange and substitution of cash or eligible securities under A.R.S. § 20-586;
  2. An insurer's withdrawal of excess deposits, either cash or eligible securities, under A.R.S. §§ 20-587 and 20-588(A)(2); or
  3. Releases of deposits made under A.R.S. § 20-588(A)(3).

annual statements filed for periods on or after that date (Supp. 78-5). R20-6-305 recodified from R4-14-305 (Supp. 95-1). Section expired under A.R.S. § 41-1056(E) at 8 A.A.R. 491, effective September 30, 2001 (Supp. 02-1).

**R20-6-306. Reserved****R20-6-307. Life and Disability Reinsurance Agreements**

**A.** Scope. This rule applies to all domestic life and disability insurers and reinsurers, and to all other licensed life and disability insurers and accredited reinsurers that are not subject to a substantially similar rule in their jurisdictions of domicile. This rule applies to the disability business of licensed property and casualty insurers. This rule does not apply to assumption reinsurance, yearly renewable term reinsurance, or nonproportional stop loss or catastrophe reinsurance, or similar forms of nonproportional reinsurance.

**B. Definitions**

1. "Agreement" means a reinsurance agreement and any amendment to a reinsurance agreement.
2. "Credit Quality" means the risk that invested assets supporting the reinsured business will decrease in value but excludes decreases to changes in interest rate.
3. "Department" means the Arizona Department of Insurance and Financial Institutions – Insurance Division.
4. "Director" has the same meaning as A.R.S. § 20-102.
5. "Disintermediation" means the risk that interest rates will rise and policy loans and surrenders will increase or maturing contracts will not renew at anticipated rates of renewal.
6. "Lapse" means the risk that a policy will voluntarily terminate before the recoupment of a statutory surplus strain experienced at issuance of the policy.
7. "Reinvestment" means the risk that interest rates will fall and funds reinvested will therefore earn less than expected.

**C. Accounting Requirements**

1. Unless authorized by the Director, an insurer shall not, for reinsurance ceded, reduce any liability, or establish any asset in any statutory financial statement filed with the Department if, by the terms of the agreement, or in effect, any of the following conditions exist:
  - a. Renewal expense allowances provided or to be provided to the ceding insurer by the reinsurer in any accounting period are not sufficient to cover the ceding insurer's allocable renewal expenses anticipated at the time the business is reinsured on the portion of the business reinsured, unless a liability is established for the present value of the shortfall using assumptions equal to the applicable statutory reserve basis on the business reinsured.
  - b. The ceding insurer is required to reimburse the reinsurer for negative experience under the agreement. Neither the offset of the ceding insurer's experience refunds against current and prior years' losses, nor payment by the ceding insurer of an amount equal to the reinsurer's current and prior years' losses upon voluntary termination of in-force reinsurance by the ceding insurer, shall be considered a reimbursement to the reinsurer for negative experience.
  - c. The ceding insurer may be deprived of surplus or assets at the reinsurer's option or automatically upon the occurrence of a specified event, including the insolvency of the ceding insurer. Termination of the

agreement by the reinsurer for nonpayment of reinsurance premiums or other amounts due shall not be considered a deprivation of surplus or assets within the meaning of this subsection.

- d. The ceding insurer is required, at scheduled times, to terminate the agreement or recapture automatically all or part of the reinsurance ceded.
  - e. The ceding insurer may be required to pay the reinsurer amounts other than from income reasonably expected from the reinsured policies.
  - f. Significant risks inherent in the business reinsured are not transferred to the reinsurer. Table A identifies the risks deemed significant for representative types of business.
  - g. The credit quality, reinvestment, or disintermediation risk is significant for the business reinsured and the ceding company does not transfer the underlying assets to the reinsurer, segregate the underlying assets in a trust or escrow account, or otherwise segregate the underlying assets. The assets that support the reserves for classes of business that do not have a significant credit quality, reinvestment, or disintermediation risk, or for long-term care or long-term disability insurance, traditional non-par permanent, traditional par permanent, adjustable premium permanent, indeterminate premium permanent, or universal life fixed premium with no dump-in premiums allowed, may be held by the ceding company without segregation. To determine the reserves for classes of business, the supporting assets of which may be held without being segregated, the reserve interest rate adjustment formula shall reflect the ceding company's investment earnings and incorporate all realized and unrealized gains and losses reported in the ceding insurer's statutory financial statement.
  - h. Settlements are made less frequently than quarterly or payments due from the reinsurer are not made in cash within 90 days of the settlement date.
  - i. The ceding insurer is required to make representations or warranties unrelated to the business reinsured.
  - j. The ceding insurer is required to make representations or warranties related to future performance of the business reinsured.
2. An agreement entered into after the effective date of this rule to reinsure business issued before the effective date of the agreement shall be filed by the ceding insurer with the Director within 30 days after execution of the agreement. Each filing shall be accompanied by a description of the corresponding reduction in liabilities or other credit for reinsurance, and any other financial impact of the agreement, reported in the ceding insurer's statutory financial statements. When an increase in surplus net of federal income tax results from an agreement falling under this subsection, the ceding insurer shall separately identify the increase as a surplus item in the aggregate write-ins for gains and losses in surplus in the Capital and Surplus account of the ceding insurer's statutory financial statement. As earnings emerge from the business reinsured, the ceding insurer shall report in its statutory financial statement recognition of surplus increase as income on a net of tax basis as reinsurance ceded.

**D. Written Agreements**

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

1. A ceding insurer shall not reduce any liability or establish any asset in any statutory financial statement filed with the Department, unless the ceding insurer and the reinsurer have executed an agreement or a binding letter of intent by the “as of” date of the statutory financial statement.
2. A ceding insurer shall not be allowed a credit for the reinsurance ceded based on a letter of intent unless the ceding insurer and the reinsurer execute an agreement within 90 days from the execution date of the letter of intent.
3. The agreement shall provide that:
  - a. The agreement constitutes the entire contract between the parties with respect to the business reinsured, and there are no understandings between the parties other than as expressed in the agreement; and
  - b. Any change or modification to the agreement shall be void unless made by written amendment signed by all parties.

**R20-6-310. Corporate Governance**

The purpose of Sections R20-6-310.01 through R20-6-310.03 is to set forth procedures for filing and the required contents of the Corporate Governance Annual Disclosure (CGAD) deemed necessary by the Director to carry out the provisions of Title 20, Chapter 2, Article 16 on Corporate Governance.

**Historical Note**

New Section made by final exempt rulemaking at 25 A.A.R. 3715, with an immediate effective date of December 4, 2019 (Supp. 19-4).

**R20-6-310.01. Definitions**

The definitions in A.R.S. § 20-492 and this Section apply to Sections R20-6-310.02 through R20-6-310.04.

“CGAD” means Corporate Governance Annual Disclosure.

“NAIC” means National Association of Insurance Commissioners.

“Senior Management” means any corporate officer responsible for reporting information to the board of directors at regular intervals or providing this information to shareholders or regulators and shall include, for example and without limitation, the Chief Executive Officer (“CEO”), Chief Financial Officer (“CFO”), Chief Operations Officer (“COO”), Chief Procurement Officer (“CPO”), Chief Legal Officer (“CLO”), Chief Information Officer (“CIO”), Chief Technology Officer (“CTO”), Chief Revenue Officer (“CRO”), Chief Visionary Officer (“CVO”), or any other “C” level executive.

**Historical Note**

New Section made by final exempt rulemaking at 25 A.A.R. 3715, with an immediate effective date of December 4, 2019 (Supp. 19-4).

**R20-6-310.02. Filing Procedures**

- A. Deadline to file. An insurer, or the insurance group of which the insurer is a member, required to file a CGAD by A.A.C. Title 20, Chapter 2, Article 16 shall, no later than June 1 of each calendar year, submit to the Director a CGAD that contains the information described in Section R20-6-310.03.
- B. Attestation. The CGAD must include a signature of the insurer’s or insurance group’s CEO or corporate secretary attesting to the best of that person’s belief and knowledge that the insurer or insurance group has implemented the corporate governance practices and that the copy of the CGAD has been provided to the insurer’s or insurance group’s Board of Directors or appropriate committee of the Board of Directors.

- C. Format of the CGAD. The insurer or insurance group shall have discretion regarding the appropriate format for providing the information required and is permitted to customize the CGAD to provide the most relevant information necessary to permit the Director to gain an understanding of the corporate governance structure, policies and practices utilized by the insurer or insurance group.
- D. Insurer or insurance group to determine level of reporting.
  1. For purposes of completing the CGAD, the insurer or insurance group may choose to provide information on governance activities that occur at the ultimate controlling parent level, an intermediate holding company level and/or the individual legal entity level, depending on how the insurer or insurance group has structured its system of corporate governance.
  2. The insurer or insurance group is encouraged to make the CGAD disclosures at:
    - a. The level at which the insurer’s or insurance group’s risk appetite is determined,
    - b. The level at which the earnings, capital, liquidity, operations, and reputation of the insurer are overseen collectively and at which the supervision of those factors are coordinated and exercised, or
    - c. The level at which legal liability for failure of general corporate governance duties would be placed.
  3. If the insurer or insurance group determines the level of reporting based on the criteria in subsection (D)(2), it shall indicate which of the three criteria was used to determine the level of reporting and explain any subsequent changes in the level of reporting.
- E. CGAD completed at the insurance group level. Notwithstanding subsection (A) and as outlined in A.R.S. § 20-492.01, if the CGAD is completed at the insurance group level, then it must be filed with the lead state of the group as determined by the procedures outlined in the NAIC’s Financial Analysis Handbook 2018 Annual/2019 Quarterly, pp. 771 through 774, and no future editions. In these instances, a copy of the CGAD must also be provided, upon request, to the chief regulatory official of any state in which the insurance group has a domestic insurer.
- F. Reference to other existing documents. An insurer or insurance group may comply with this Section by referencing other existing documents (e.g., ORSA Summary Report, Holding Company Form B or F Filings, Securities and Exchange Commission (SEC) Proxy Statements, foreign regulatory reporting requirements, etc.) if the documents provide information that is comparable to the information described in R20-6-310.03. The insurer or insurance group shall clearly reference the location of the relevant information within the CGAD and attach the referenced document if it is not already filed or available to the Director.
- G. Subsequent filings of the CGAD. Each year following the initial filing of the CGAD, the insurer or insurance group shall file an amended version of the previously filed CGAD indicating where changes have been made to the previously filed CGAD. The filing shall also state if no changes are made to the information or activities previously reported by the insurer or insurance group.

**Historical Note**

New Section made by final exempt rulemaking at 25 A.A.R. 3715, with an immediate effective date of December 4, 2019 (Supp. 19-4).

**R20-6-310.03. Contents of CGAD**

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- A. Inclusion of attachments. The insurer or insurance group shall be as descriptive as possible in completing the CGAD, with inclusion of attachments or example documents that are used in the governance process, since these may provide a means to demonstrate the strengths of their governance framework and practices.
- B. Board. The CGAD shall describe the insurer's or insurance group's corporate governance framework and structure including consideration of the following:
  1. The Board and its various committees ultimately responsible for overseeing the insurer or insurance group and the level or levels at which that oversight occurs (e.g., ultimate control level, intermediate holding company, legal entity, etc.). The insurer or insurance group shall describe and discuss the rationale for the current Board size and structure; and
  2. The duties of the Board and each of its significant committees and how they are governed (e.g., bylaws, charters, informal mandates, etc.), as well as how the Board's leadership is structured, including a discussion of the roles of the Chief Executive Officer (CEO) and Chairman of the Board within the organization.
- C. Senior Governing Entity. The insurer or insurance group shall describe the policies and practices of the most senior governing entity and its significant committees, including a discussion of the following factors:
  1. How the qualifications, expertise and experience of each Board member meet the needs of the insurer or insurance group.
  2. How an appropriate amount of independence is maintained on the Board and its significant committees.
  3. The number of meetings held by the Board and its significant committees over the past year as well as information on director attendance.
  4. How the insurer or insurance group identifies, nominates and elects members of the Board and its committees. The discussion should include, for example:
    - a. Whether a nomination committee is in place to identify and select individuals for consideration.
    - b. Whether term limits are placed on directors.
    - c. How the election and re-election processes function.
    - d. Whether a Board diversity policy is in place and if so, how it functions.
  5. The processes in place for the Board to evaluate its performance and the performance of its committees, as well as any recent measures taken to improve performance (including any Board or committee training programs that have been put in place).
- D. Senior Management. The insurer or insurance group shall describe the policies and practices for directing Senior Management, including a description of the following factors:
  1. Any processes or practices (i.e., suitability standards) to determine whether officers and key persons in control functions have the appropriate background, experience and integrity to fulfill their prospective roles, including:
    - a. Identification of the specific positions for which suitability standards have been developed and a description of the standards employed.
    - b. Any changes in an officer's or key person's suitability as outlined by the insurer's or insurance group's standards and procedures to monitor and evaluate such changes.
  2. The insurer's or insurance group's code of business conduct and ethics, the discussion of which considers, for example:
    - a. Compliance with laws, rules, and regulations; and
    - b. Proactive reporting of any illegal or unethical behavior.
  3. The insurer's or insurance group's processes for performance evaluation, compensation and corrective action to ensure effective senior management throughout the organization, including a description of the general objectives of significant compensation programs and what the programs are designed to reward. The description shall include sufficient detail to allow the Director to understand how the organization ensures that compensation programs do not encourage and/or reward excessive risk-taking. Elements to be discussed may include, for example:
    - a. The Board's role in overseeing management compensation programs and practices.
    - b. The various elements of compensation awarded in the insurer's or insurance group's compensation programs and how the insurer or insurance group determines and calculates the amount of each element of compensation paid;
    - c. How compensation programs are related to both company and individual performance over time;
    - d. Whether compensation programs include risk adjustments and how those adjustments are incorporated into the programs for employees at different levels;
    - e. Any clawback provisions built into the programs to recover awards or payments if the performance measures upon which they are based are restated or otherwise adjusted;
    - f. Any other factors relevant to understanding how the insurer or insurance group monitors its compensation policies to determine whether its risk management objectives are met by incentivizing its employees.
  4. The insurer's or insurance group's plans for CEO and Senior Management succession.
- E. Oversight. The insurer or insurance group shall describe the processes by which the Board, its committees and Senior Management ensure an appropriate amount of oversight to the critical risk areas impacting the insurer's business activities, including a discussion of:
  1. How oversight and management responsibilities are delegated between the Board, its committees and Senior Management;
  2. How the Board is kept informed of the insurer's strategic plans, the associated risks, and steps the Senior Management is taking to monitor and manage those risks;
  3. How reporting responsibilities are organized for each critical risk area. The description should allow the Director to understand the frequency at which information on each critical risk area is reported to and reviewed by Senior Management and the Board. This description may include, for example, the following critical risk areas of the insurer:
    - a. Risk management processes (an ORSA Summary Report filer may refer to its ORSA Summary Report submitted pursuant to A.R.S. § 20-491.03);
    - b. Actuarial function;
    - c. Investment decision-making processes;

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- d. Reinsurance decision-making processes;
- e. Business strategy/finance decision-making processes;
- f. Compliance function;
- g. Financial reporting/internal auditing; and
- h. Market conduct decision-making processes.

**R20-6-404. Repealed**

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

**Historical Note**

Former General Rule 73-31; Repealed effective January 1, 1981 (Supp. 80-6). R20-6-404 recodified from R4-14-404 (Supp. 95-1).

**R20-6-405. Health Care Services Organization****A. Scope**

1. The scope of this Section is the scope of A.R.S. Title 20 as it relates to Insurers or Hospital or Medical Service Corporations. As it relates to Health Care Services Organizations, the scope of this Section is the scope of Title 20, Chapter 1 and Title 20, Chapter 4, Article 9, as provided in A.R.S. § 20-1068. This Section is applicable to agents of persons, and persons operating or proposing to operate Health Care Services Organizations in the State of Arizona.
2. The statutory authority for this Section, A.R.S. Title 20, Chapter 4, Article 9, does not provide for exemptions for persons or agents of persons subject to A.R.S. Title 20, Chapter 4, Article 9, and no such exemption is intended or should be presumed by this Section or any provision of this Section.

**B.** Repeal. This Section does not repeal any known prior Section, memorandum, bulletin, directive or opinion on this subject matter. If such prior Section or directive exists and is in conflict with this Section, it is repealed by this Section.

**C.** Definitions. In addition to the definitions provided in A.R.S. § 20-1051, the following definitions apply to this Section unless the context otherwise requires:

1. "Agent" has the same meaning as "insurance producer" found at A.R.S. § 20-281(5).
2. "Certificate of Authority" has the meaning found at A.R.S. § 20-217.
3. "Director" has the meaning found at A.R.S. § 20-102.
4. "Hospital Service Corporation" has the meaning found at A.R.S. § 20-822.
5. "Insurer" has the meaning found at A.R.S. § 20-104.
6. "License" means the authority to act as an agent of a Health Care Services Organization.
7. "Medical Service Corporation" has the meaning found at A.R.S. § 20-822.
8. "Net charges" means the total of all sums prepaid by or for all enrollees, less approved refunds, adjustments and deductions, as consideration for Health Care Services of a Health Care Plan under an Evidence of Coverage.
9. "Physician and patient relationship" has the meaning found at A.R.S. § 20-833.
10. "Prepaid Group Practice Plan" means a person authorized and approved under A.R.S. Title 20.
11. "Prepaid Health Plan" means any Health Care Plan to pay or make reimbursement for Health Care Services on a prepaid basis other than insured plans otherwise authorized and approved under A.R.S. Title 20.
12. "Transact" has the meaning found at A.R.S. § 20-106(A) and (B).
13. "Unqualified agent" means a person directly or indirectly representing or acting for a Health Care Services Organization and not qualified as an agent thereof.

**D. Certificate of Authority – Application**

1. Pursuant to the authority of A.R.S. § 20-1053(A)(13), the Director finds that biographical information disclosing the past activities, employment and financial transactions of principals, principal officers, controlling persons, and agents of applicant Health Care Services Organizations is necessary for the protection of residents of this State.

2. Pursuant to the authority of A.R.S. § 20-1053(A)(13), the Director finds that records of fingerprints of principal officers and agents of applicant Health Care Services Organizations may be necessary for the protection of citizens of this state and may be required prior to licensing or approval of a Certificate of Authority.

**E. Certificate of Authority – Grounds for denial**

1. Policy. A Certificate of Authority to operate a Health Care Services Organization shall not be granted until the Director is satisfied by the affirmative showing, verified by the applicant, that all of the requirements of A.R.S. §§ 20-1051, 20-1052, 20-1052.01, 20-1053 and 20-1054 are met and will continue to be met.
2. Guidelines. The guidelines and standards for determination of appropriate mechanisms to achieve an effective Health Care Plan include, but are not limited to the following:
  - a. Ability to provide basic Health Care Services without undue restrictions, limitations, discrimination, unreasonable fee schedules, or unreasonable administrative costs; an affirmative showing that the form of organization does not evidence any coercion, duress or other compulsion over members;
  - b. The form of organization does not lend itself to practices prohibited by A.R.S. §§ 20-441 through 20-459, and
  - c. The evidence of coverage does not contain provisions or statements which are unjust, inequitable, misleading, deceptive or untrue or encourage misrepresentation.
3. Failure to pay obligations. Applications for a Certificate of Authority to operate a Health Care Services Organization may be denied or rejected if the applicant has failed after 30 days from the entry of final judgment, to pay obligations within the provisions of an evidence of coverage issued by such applicant. The provisions of this Section may be waived by the Director upon a clear affirmative showing that the applicant is defending an action or appealing a judgment at law or equity in a court of this state, or is required to obtain a Certificate of Authority so as to maintain such action.

**F. Solicitation requirements**

1. Forms for evidences of coverage, advertising matter, sales material and amendments thereto will not be approved until the Director is satisfied all applicable statutory requirements have been met and will continue to be met, and the necessary fees have been paid.
2. Each Health Care Services Organization shall maintain at its home or principal office a complete file containing every printed, published or prepared advertisement brochure, form letter of solicitation, evidence of coverage, certificate, agreement or contract, and a copy of all radio and television forms of the above hereafter disseminated in this or any other state with a notation attached to each such solicitation or inducement to indicate the manner and extent of distribution and the date of approval by the Department of such solicitation. Such advertising file shall be maintained for a period of not less than three years.

**G. Taxes**

1. All Health Care Services Organizations operating and transacting business in the State of Arizona shall on or before March 1 and with the filing of the Annual Report,

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

file a tax return and pay the tax due on the filed return pursuant to A.R.S. § 20-1060.

2. Annual tax returns required to be filed coincident with the annual report shall be for the full calendar year next preceding the date of filing the annual report.
3. Net charges, as in this Section defined, shall represent the net charges received during the calendar year next preceding the date of filing the annual report and tax return.

**H. Deposit requirements**

1. In the event a Health Care Services Organization determines to maintain statutory deposits by a surety bond, such surety bond shall be on a form as approved by the Director guaranteeing the payment of Health Care Services furnished to enrollees, and shall be deposited with the State Treasurer.
2. Provider sponsored Health Care Services Organizations claiming to be exempt from the deposit requirement, pursuant to A.R.S. § 20-1055(F), shall submit to the Director an affirmative showing or certification executed by an authorized federal, state or municipal government or political subdivision thereof, demonstrating operational commitments equivalent to the statutory deposit requirements.
3. Statutory deposits shall not be withdrawn or a surety bond cancelled until all contingent and perfected liens, including judgments, debts, and other liabilities for payment of Health Care Services to which the enrollee is entitled under the evidence of coverage, shall have been paid and the Director authorizes, in writing, to withdraw such deposits or cancel such bonds. Equal par value statutory deposit exchanges may be completed without the Director's prior approval.

**I. Insurers and hospital and medical service corporations – Certificate of Authority**

1. Insurers, Hospital Service Corporation, Medical Service Corporations, and Hospital and Medical Service Corporations, holding current Certificates of Authority to do business in this state may organize and operate Health Care Services Organizations jointly or severally without compliance with the deposit and reserve requirements of the statute if the application contains an affirmative showing that the applicant organization has complied with comparable provisions of Title 20, and is an appropriate mechanism to achieve an effective Health Care Plan.
2. The provisions of statute and this Section applying to Certificates of Authority and Application therefor, shall apply to all insurers, Hospital Service Corporations, Medical Service Corporations, and Hospital and Medical Service Corporations doing business in this state.
3. Organizations claiming exemption or partial exemption pursuant to A.R.S. § 20-1063(C) shall file with the Director simultaneously with the application for Certificate of Authority, a statement affirmatively showing that the applicant has complied with provisions of Title 20 A.R.S. comparable to or more restrictive than the provisions of Title 20, Chapter 4, Article 9, and shall have received the written approval of the Director for such exemption or partial exemption.

**J. Application, examination and licensing of agents. No agent of a Health Care Services Organization shall be eligible for transactions of a Health Care Services Organization unless, prior to making any solicitation or transaction, the agent has been appointed by a Health Care Services Organization holding a current valid Certificate of Authority and is licensed as an**

insurance producer. The Health Care Services Organization is not required to report its appointments to the Department. An agent directly or indirectly representing or acting for a Health Care Services Organization and not licensed or otherwise qualified under A.R.S. Title 20, shall be an unqualified agent.

**K. Forms**

1. The forms prescribed by this Section and their instructions are adopted as requirements of the Director and necessary for the protection of citizens of this state. Such forms, instructions, manuals or examinations are those currently in use, but the same may be amended and approved without reference to this Section. The form of manual or examination of agents, or any form adopted by the Director may be reproduced for the purpose of reporting or for other purposes.
2. For good cause shown, the Director may authorize the filing of forms and reports on dates other than required by this Section, if applied for in writing not less than 10 days prior to the due date of the report and statement, exhibit, return or accounting.

**L. Severability. In any provision of this Section or the forms, statements, returns or reports made part of this Section, or the application to any person or circumstance is held invalid, such invalidity shall not affect the provisions of applications of this Section, which can be given effect without the invalid provision or application, and to this end the provisions of this Section are declared to be severable.****Historical Note**

Adopted effective May 18, 1978 (Supp. 78-3). R20-6-406 recodified from R4-14-406 (Supp. 95-1). Section expired under A.R.S. § 41-1056(E), filed in the Office of the Secretary of State August 24, 2000 (Supp. 00-3).

**R20-6-407. Service Companies**

- A. Scope.** This rule shall apply to all service companies except those that are exempt under A.R.S. § 20-1095.02.
- B. Definitions.** The definitions in A.R.S. § 20-1095 apply to this rule.
  1. "Contract Holder" has the same meaning as "consumer" as defined in A.R.S. § 20-1095(1).
  2. "Department" means the Arizona Department of Insurance and Financial Institutions, Insurance Division.
  3. "Director" means the Director of the Department.
  4. "Insolvent" as used in A.R.S. § 20-1095.08(3) means total liabilities are equal to or exceed total assets.
  5. "Provider" means a person who is contractually obligated to the service contract holder under the terms of a service contract. "Provider" is synonymous with "service company" and "obligor" as defined in A.R.S. § 20-1095(6).
  6. "Reasonable time" or "Reasonable period of time:"
    - a. As used in A.R.S. § 20-1095.06(C)(2), means at the time of purchase or mailed or electronically delivered but not more than 10 business days after the purchase date of the contract. The service company

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

must be able to provide proof of delivery if requested by the Department.

- b. As used in A.R.S. § 20-1095.09(A)(4), is what an ordinary person would consider “reasonable” under the totality of the circumstances.

7. “Solvent” as used in A.R.S. § 20-1095.03(A)(1) means total assets exceed total liabilities.

8. “Subcontractor” means a person or business having a contractual relationship with a service company to provide work or services which a service company has agreed to perform under a service contract. If required by the type of work being performed, all subcontractors must be licensed.

C. Application for a service company permit.

1. Application form. The application for a service company permit shall be on a form designated by the Department and shall be transmitted through an electronic online system if such a system is designated on the Department’s web site. An application must be complete and have all attachments to be considered by the Department.

2. Application. The application shall contain the following information:

- a. Applicant’s full legal name;
- b. Applicant’s federal employer identification number (EIN);
- c. Applicant’s trade name or names, if applicable;
- d. Applicant’s state of domicile;
- e. Applicant’s form of business entity (corporation, limited liability company, etc.);
- f. Applicant’s addresses, phone numbers, e-mail address or addresses and website or addresses;
- g. Name, address, and phone number or e-mail address for each contact person of the applicant;
- h. A list of the applicant’s officers, directors, LLC managers, and persons owning 25% or more of the service company, and for each officer, director, manager, or person owning 25% or more of an entity that owns the service company;
- i. If the applicant intends to use a service contract administrator, the name and contact information for the applicant’s service contract administrator;
- j. The applicant’s fiscal year end date;
- k. A summary of the applicant’s financial position including current assets, current liabilities, equity and income;
- l. The name and signature of an officer of the applicant; and
- m. Any other information the Department deems necessary to aid in the approval of the application.

3. Application attachments. The applicant shall include the following as part of the application:

- a. A copy of the service company’s most recent financial statement sworn to and certified by the owner, duly elected officer or a certified public accountant.
- b. Evidence of compliance with the financial security requirements of A.R.S. § 20-1095.03(A)(3).
- c. A biographical affidavit, on a form approved by the Department, for each officer, director, LLC manager, or person owning 25% or more of the service company, and for each officer, director, manager, or person owning 25% or more of an entity that owns the service company.

- d. A list of any actions taken against the applicant in any jurisdiction by a regulatory agency or state attorney general.

4. Application fee. At the time of filing the application, the applicant shall pay the nonrefundable application fee prescribed by A.R.S. § 20-167 and fixed by the Department.

D. Term of the service company permit.

1. Term of permit. A service company permit shall have a term that begins on the date that the Department either grants or renews a service company permit and expires at midnight on the last day of the month, three months after the service company’s fiscal year-end date.

2. The Department is not required to issue a paper copy of the service company permit. However, the Department will make a copy of the service company permit available by electronic or other means.

3. Expiration of a service company permit.

- a. Unless the Department receives an application and full payment of fees for renewal prior to the end of the service company permit term, the service company permit expires.
- b. A service company whose permit term has expired shall not offer, extend, or renew a service contract.
- c. A service company whose permit has expired shall continue to fulfill the obligations of its in-force contracts and shall maintain the security required under A.R.S. § 20-1095.03(3) until such time that all of the service company’s contractual obligations to contract holders are fulfilled.

E. Service company permit renewal and late-renewal.

1. Timely renewal. A service company seeking to renew its permit shall file with the Department a renewal application, consisting of the renewal application form, all required attachments and the renewal fee after the end of its fiscal year but before the expiration of its permit term. A service company shall transmit the renewal application through an electronic online system if such a system is designated on the Department’s website. A renewal application must be complete, have all required attachments and the renewal fee to be considered as having been received by the Department.

2. Renewal form. A service company shall use the renewal form designated by the Department. The renewal shall contain the following information:

- a. Service company name appearing on the permit, and the service company’s Arizona license number and EIN;
- b. Any additions or deletions to the service company’s trade name or trade names, addresses, phone numbers and website addresses;
- c. Any changes to the service company’s contact person or persons or service contract administrator, or their contact information;
- d. A summary of the applicant’s financial position including current assets, current liabilities, equity and income; and
- e. Any other information the Department deems necessary to aid in the renewal of the permit.

3. Renewal attachments. The service company shall attach the following to the renewal:

- a. A copy of the service company’s financial statement as of the end of the service company’s most recently completed fiscal year, sworn to and certified by the

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- owner, duly elected officer or a certified public accountant.
- b. Evidence of continuing compliance with the financial security requirements of A.R.S. § 20-1095.03(A)(3).
  - c. Any additions or deletions to the officers, directors, LLC managers, or persons owning 25% or more of the service company, or to an entity that owns the service company since the last report to the Department.
  - d. A biographical affidavit, on a form approved by the Department, for each new person identified in subsection (3)(c).
  - e. Any actions taken against the service company in any jurisdiction by a regulatory agency or state attorney general not previously reported to the Department.
4. Renewal fee. At the time of filing the renewal, the service company shall pay a nonrefundable renewal fee as prescribed by A.R.S. § 20-167 and fixed by the Department.
  5. Late-renewed application and fee.
    - a. Late-renewal period. A service company whose permit term has expired may file a renewal application up to ninety days after the expiration of the permit term. After the ninety-day period, a renewal application will not be accepted by the Department and the service company must file a service company permit application with the Department pursuant to subsection (C) of this Section.
    - b. A service company whose permit term has expired shall not offer, extend, or renew a service contract until the permit is renewed or a new permit is issued by the Department.
    - c. Fee. In addition to the nonrefundable renewal fee required under subsection (E)(4) of this Section, the service company shall pay a nonrefundable additional fee of \$25 per day starting the calendar day after the permit term expiration and ending on the date the service company files a complete renewal application.
    - d. Term of a late-renewed permit. The term of a late-renewed permit shall begin on the date the Department renews the permit and shall end on the last day of the permit term.
- F. Deposits of cash or alternatives to cash.**
1. Contracts issued, renewed, or extended on or after August 3, 2018. For any contract that a service company issues, extends, or renews from and after August 3, 2018, a service company may not satisfy the financial responsibility requirements of A.R.S. § 20-1095.04 by means of providing a deposit of cash or alternatives to cash.
  2. Contracts issued, renewed, or extended before August 3, 2018. If a service company provided a deposit of cash or alternatives to cash covering service contracts that were issued, last extended, or last renewed prior to August 3, 2018, the service company shall maintain the deposit in the amount required to cover those contracts and the deposit shall not be encumbered.
  3. Release of deposits of cash or alternatives to cash. As it relates to financial responsibility requirements fulfilled by a deposit of cash or alternatives to cash, the Director shall only release the deposit upon one of the following:
    - a. The service company provides a surety bond or mechanical reimbursement policy that covers the outstanding service contract liabilities secured by the cash or alternatives to cash.
- b. The Department has approved the assumption of outstanding service contracts and liabilities by another service company that has acknowledged the assumption of the outstanding contracts and that shall provide each affected contract holder an endorsement issued by the mechanical reimbursement insurer or surety.
  - c. The service company provides evidence satisfactory to the Department that:
    - i. The outstanding service contracts and liabilities have expired or have been cancelled in accordance with the service contract terms;
    - ii. All claims under the service contracts have been settled; and
    - iii. The service company is financially able and agrees to be financially responsible for any valid unreported claims.
- G. Filing of forms.**
1. Contracts to be submitted for approval. A service company shall submit contracts for the Department's approval pursuant to A.R.S. § 20-1095.06. A service company is not required to submit advertisements or marketing materials for approval by the Department but shall abide by the provisions of Title 20, Chapter 2 - Article 6, Chapter 4 - Article 11, and this Section regarding misrepresentations in the sales of service contracts.
  2. Requirements for approval. No service contract form shall be approved unless it:
    - a. Complies with A.R.S. § 20-1095.06;
    - b. Identifies the covered products under the contract and, in bold-faced type, preferably in a larger font, the specific items or components of those products which are excluded;
    - c. States the service fee or deductible charge, if any, to be charged, or applied, for service calls and/or each covered repair;
    - d. Specifies in clear and easily understood language the specific circumstances under which a contract holder may engage a subcontractor who is not recommended by the service company without becoming financially responsible under the contract and whether pre-authorization is required prior to engaging a subcontractor who is not recommended by the service company;
    - e. Specifies in clear and easily understood language the service company's financial responsibilities to the contract holder when any of the systems, products or appliances covered by the contract cannot be replaced or repaired;
    - f. If applicable, states the conditions under which the service contract or coverage may be reinstated;
    - g. States the dates of coverage under the service contract including any delay in coverage that differs from the purchase date of the contract which would extend the coverage term of the contract and any terms that govern renewal of the service contract; and
    - h. If providing a pro rata refund upon cancellation of the service contract before the end of the coverage period of the service contract, the service contract shall contain language in conformance with A.R.S. § 20-1095.06(D)(9).

**ARTICLE 5. THE INSURANCE CONTRACT****R20-6-501. Ten-day Period to Examine Disability Insurance Policy**

For the purpose of implementing A.R.S. §§ 20-442, 20-443, 20-826, 20-1111 and 20-1113 and to make more specific the regulation therein provided relative to policies of individual disability insurance (accident and sickness, hospitalization, medical, surgical and loss of time) issued in the State of Arizona and further to provide satisfactory public remedy against the hazards of misunderstanding by an applicant, of deception and coercion by an agent and of certain policy exclusions and limitations that cheapen the value of coverage, the Insurance Department of Arizona adopts the following rule:

1. Each policy of individual disability insurance, except one for which no provision for renewal is made, issued for delivery in the State of Arizona on or after October 1, 1961, by an insurance company or by a hospital or medical service corporation shall have printed on the first page thereof or attached thereto or endorsed thereupon in prominent style a notice declaring that, during a period of 10 days (or, at the insurer's option, a longer period) from the date of delivery to the policyholder, such policy may be returned for cancellation to the insurer at its home office (or, at the insurer's option, to its branch office or to the agent through whom it was purchased) and declaring further that in the event of such return the insurer will refund the entirety of any premium paid therefor, including any policy fees or other charges, and that the policy shall be deemed void from the beginning and that the parties shall be returned to their original position as if no policy had been issued.
2. The Insurance Department does not specify the particular language the notice shall contain but prefers usage of a phraseology approximately along the lines of either the longer (Form A) or shorter (Form B) sample below:

**Sample Form A****NOTICE OF TEN-DAY RIGHT TO EXAMINE POLICY**

The \_\_\_\_\_ Insurance Company urges you to read this policy carefully and trusts that upon doing so you will fully understand, and will be pleased with, its coverage. If, however, questions arise or information is desired, do not hesitate to consult the selling agent. In addition, should the policy for any reason be unsatisfactory, by surrendering it within ten days following receipt to our office at \_\_\_\_\_ or to the selling agent, immediately full premium will be refunded and the policy will be cancelled and deemed void and as never in force and effect.

**Sample Form B****IMPORTANT NOTICE**

If for any reason this policy is unsatisfactory, it may be returned for cancellation within ten days following receipt – in which case the entire premium will be refunded.

**ARTICLE 6. TYPES OF INSURANCE CONTRACTS****R20-6-601. Regulations Governing Bail Transactions****A. General provisions**

1. Effective date
  - a. These regulations are effective November 1, 1960. On and after date, no bail transaction or severable portion thereof shall be conducted, directly or indirectly except in full conformity herewith.
  - b. No surety insurer shall furnish for use and no bail bond agent shall use any forms or documents which contain any provisions contrary to these regulations on or after the effective date hereof.
2. Authority. Authority for these regulations is A.R.S. §§ 20-142, 20-143 and 20-257 and A.R.S. Chapter 2, Article 3.
3. Public interest served. These regulations serve the public interest by prohibiting inequities in bail transactions and by establishing standards of licensing and conduct for bail bond agents.
4. Regulations as severable. These regulations shall be construed as severable, such that, where one or more Sections are held invalid, such remaining Sections will not be adversely affected.
5. Penalty. Violation of these regulations will subject the guilty party to the penalties of A.R.S. §§ 20-114, 20-220 and 20-316 and to the enforcement procedures of A.R.S. §§ 20-152 and 20-160 through 20-166.

**B. Definitions**

1. "Bail transaction" defined. As used in these regulations, the term "bail transaction" includes solicitation and inducement, preliminary negotiation and effectuation of a contract of surety insurance and the transaction of matters subsequent thereto and arising therefrom – all in connection with the release of persons arrested or confined.
2. "Bail bond agent" defined. As used in these regulations, the term "bail bond agent" means any person who engages in a bail transaction on behalf of a surety insurer or representative thereof.
3. "Arrestee" defined. As used in these regulations, the term "arrestee" means any person arrested or detained whose release on bail is solicited or procured or concerning whose release negotiations are commenced.
4. "Director" defined. As used in these regulations, the term "Director" means the Director of Insurance of the state.

**C. Licensing**

1. Application for license. Each application for original or renewal license as a bail bond agent shall be on a form furnished by the Director, and each applicant for such license shall furnish such supplementary information and supporting statements as the Director may require.
2. Prohibited associations. A bail bond license shall not be issued to, renewed for or maintained by any person who associates regularly with criminals, gamblers or persons of poor repute – except to the extent such association is required by business or professional duty and responsibility.
3. Transactions by unlicensed persons prohibited. No bail bond agent shall directly or indirectly permit any person on his behalf to solicit or negotiate bail transactions unless such person is duly licensed by the Director.

4. Employees. Employees of bail bond agents performing only clerical duties need not be licensed hereunder and shall be deemed not engaged in bail transactions.

**D. Conduct of bail bond agents**

1. Disclosure of business. Every bail bond agent shall conduct his business in such a manner that the public and those dealing with him shall be aware of the capacity in which he is acting.
2. Control of employees. A bail bond agent shall exercise direct supervision over his employees and keep informed of their actions as his employees.
3. Prohibited employees. No bail bond agent shall have in his employ at any time any criminal, gambler or person of poor repute.
4. Acting for attorney. No bail bond agent shall receive, or collect for an attorney any money or other item of value for attorney's fee, costs or any other purpose on behalf of an arrestee, unless a receipt is given therefor.
5. Informants prohibited. No bail bond agent shall for any purpose, directly or indirectly, enter into an arrangement of any kind or have an understanding with a law enforcement officer, with a newspaper employee, with a messenger service or employee thereof, with a trusty in a jail, with other person incarcerated in a jail, or with any person whatever, to inform or notify any bail bond agent directly or indirectly of:
  - a. The existence of a criminal complaint;
  - b. The fact of an arrest; or
  - c. The fact that an arrest of any person is pending or contemplated; or
  - d. Any information pertaining to matters set forth in (a), (b), and (c) hereof or to the persons involved therewith.
6. Compliance with rules of public authority. No bail bond agent shall solicit any person in a bail transaction in a prison or jail or other place of detention, court or public institution connected with the administration of justice unless said bail bond agent has fully complied with every rule, regulation and ordinance issued by each public authority governing the conduct of persons in or about said premises.
7. Representations to public authority
  - a. No bail bond agent shall make any misleading or untrue representation to a court or to a public official with respect to a bail transaction, nor for the purpose of avoiding or preventing a forfeiture of bail or of having set aside a forfeiture which has occurred.
  - b. Every bail bond agent shall truthfully and fully answer every question asked him by the Director or his representative respecting his bail transactions and matters relating to the conduct of his bail business. Any bail bond agent may have his attorney present when he answers any such question.
8. Maintenance of records. Every bail bond agent shall keep complete records of all business done under authority of his license. Such records shall be open to inspection or examination by the Director or his representatives at all reasonable times at the principal place of business of the bail bond agent as designated in his license.

**E. Charges, collateral, refunds and rebates**

1. Rates
  - a. No bail bond agent shall issue or deliver a bail bond except at the premium rates most recently filed and

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- approved by the Director in accordance with A.R.S. § 20-357.
- b. Every bail bond agent shall post the premium rates of the surety insurer he represents in a conspicuous manner at his place of business.
  2. Charges permitted. No bail bond agent shall, in any bail transaction or in connection therewith, directly or indirectly, charge or collect money or other valuable consideration from any person except for the following purposes:
    - a. To pay the premium at the rates established by the surety insurer and approved by the Director.
    - b. To provide collateral.
    - c. To reimburse himself for actual and reasonable expenses incurred in connection with the individual bail transaction, including:
      - i. Guard fees after the first 12 hours following release of an arrestee on bail;
      - ii. Notary fees, recording fees, necessary long distance telephone expenses, telegram charges, and travel expenses for other than local community travel.
      - iii. Any other actual expenditure necessary to the bail transaction which is not usually and customarily incurred in connection with the ordinary operation and conduct of bail transactions.
  3. Delivery of documents to arrestee
    - a. Every bail bond agent shall, at the time of obtaining the release of an arrestee on bail or immediately thereafter, deliver to such arrestee or to the principal person with whom negotiations were made, if other than the arrestee, a copy of the bail bond premium agreement, which shall include:
      - i. The name of the surety insurer and the name and business address of the bail bond agent.
      - ii. The amount of bail and the premium thereof.
    - b. The bail bond agent shall also deliver at such time a statement detailing all charges in addition to the premium, the amount received on account, the unpaid balance if any, and a description of and a receipt for any collateral received.
  4. Collateral
    - a. Any bail bond agent who receives collateral in connection with a bail transaction shall do so in a fiduciary capacity and, prior to any forfeiture of bail, shall keep such collateral separate and apart from any other funds, assets or property of such bail bond agent.
    - b. Any collateral received shall be returned to the person who deposited it with the bail bond agent or any assignee as soon as the obligation, the satisfaction of which was secured by the collateral, is discharged. Where such collateral has been deposited to secure the obligation of a bond, it shall be returned immediately upon the entry of any order by an authorized official by virtue of which liability under the bond is terminated, or, if any bail bond agent fails to cooperate fully with any authorized official to secure the termination of such liability, immediately upon the accrual of any right to secure an order of termination of liability.
    - c. When such collateral has been deposited as security for unpaid premium or charges and, if such premium or charges remained unpaid at the time of exoneration and after demand therefor has thereafter been made by the bail bond agent, collateral other than cash may be levied upon in the manner provided by law and cash collateral up to the amount of such unpaid premium or charges may be applied in payment thereof.
    - d. If collateral received by a bail bond agent is in excess of the bail forfeited, such excess shall be returned to the depositor immediately upon application of the collateral to the forfeiture subject, however, to any claim of the bail bond agent for unpaid premium or charges as provided in subparagraph (c) of paragraph (4) of subsection (E), or as agreed to in writing by the bail bond agent and arrestee or his indemnitor.
    5. Premium refund upon surrender of arrestee. No bail bond agent shall surrender an arrestee to custody prior to the time specified in the bail bond for the appearance of the arrestee, or prior to any other occasion when the presence of the arrestee in court is lawfully required, without returning all premium paid therefor, unless as a result of judicial action, or material misrepresentation by the arrestee or his indemnitor with respect to the execution of the bail bond agreement, or a material and substantial increase in the hazard assumed. Failure of the arrestee to pay the premium, or charges permitted under these regulations or any part thereof, and failure to furnish collateral required by the bail bond agent, shall not be considered a material and substantial increase in the hazard assumed.
    6. Rebating prohibited. No bail bond agent shall pay or allow in any manner, directly or indirectly, to any person who is not also a bail bond agent any commission or valuable consideration on or in connection with a bail transaction. This Section shall not prohibit payments by a bail bond agent to an unlicensed person of charges by such persons for services of the kind specified in paragraph (2) subsection (E) of this Section.

**Historical Note**

Former General Rule 60-5. R20-6-601 recodified from R4-14-601 (Supp. 95-1).

**R20-6-602. Nationwide Inland Marine Definition**

- A. Applicability. This rule applies to risks and coverages which may be classified or identified as Marine, Inland Marine or Transportation insurance but shall not be construed to mean that the kinds of risks and coverages are solely Marine, Inland Marine or Transportation insurance in all instances. This rule shall not be construed to restrict or limit in any way the exercise of any insuring powers granted under charters and license whether used separately, in combination or otherwise.
- B. Marine and/or transportation policies may cover under the following conditions:
  1. Imports.
    - a. Imports may be covered wherever the property may be and without restriction as to time, provided the coverage of the issuing companies includes hazards of transportation.
    - b. An import, as a proper subject of marine or transportation insurance, shall be deemed to maintain its character as such so long as the property remains segregated in such a way that it can be identified and has not become incorporated and mixed with the general mass of property in the United States, and

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- shall be deemed to have been completed when such property has been:
- i. Sold and delivered by the importer, factor or consignee; or
  - ii. Removed from place of storage and placed on sale as part of the importer's stock in trade at a point of sale or distribution; or
  - iii. Delivered for manufacture, processing or change in form to premises of the importer or of another for any such purposes.
2. Exports.
    - a. Exports may be covered wherever the property may be located without restriction as to time, provided the coverage of each issuing company includes hazards of transportation.
    - b. An export, as a proper subject of marine or transportation insurance, shall be deemed to acquire its character as such when designated or while being prepared for export and retain that character unless diverted for domestic trade, and when so diverted, the provisions of this rule respecting domestic shipments shall apply, provided, however, that this provision shall not apply to long established methods of insuring certain commodities, e.g., cotton.
  3. Domestic shipments.
    - a. Domestic shipments on consignment, for sale or distribution, exhibit, or trial, or approval or auction, while in transit, while in the custody of others and while being returned, provided the coverage of each issuing company includes hazards of transportation, and further provided that in no event shall the policy cover domestic shipments on consignment on premises owned, leased or operated by the consignor.
    - b. Domestic shipments not on consignment, provided the coverage of the issuing companies includes hazards of transportation, beginning and ending within the United States, and further provided that such shipments shall not be covered at manufacturing premises nor after arrival at premises owned, leased or operated by assured or purchaser.
  4. Bridges, tunnels and other instrumentalities of transportation and communication excluding buildings, their improvements and betterments, their furniture and furnishings, fixed contents and supplies held in storage. The foregoing includes:
    - a. Bridges, tunnels, other similar instrumentalities, including auxiliary facilities and equipment attendant thereto.
    - b. Piers, wharves, docks, slips, dry docks and marine railways.
    - c. Pipelines, including on-line propulsion, regulating and other equipment appurtenant to such pipelines, but excluding all property at manufacturing, producing, refining, converting, treating or conditioning plants.

**Historical Note**

Former General Rule 59-4; Amended effective August 30, 1985 (Supp. 85-4). R20-6-602 recodified from R4-14-602 (Supp. 95-1).

**R20-6-603. Repealed****Historical Note**

Former General Rule 69-18; Repealed effective July 27, 1981 (Supp. 81-4). R20-6-603 recodified from R4-14-603 (Supp. 95-1).

**R20-6-604. Consumer Credit Insurance; Definitions**

The definitions in A.R.S. § 20-1603 and this Section apply to R20-6-604 through R20-6-604.10.

1. "Actual loss ratio" means incurred claims divided by earned premiums at rates in use.
2. "Actuarially equivalent" means of equal actuarial present value determined as of a given date with each value based on the same set of actuarial assumptions. When used in this Article in reference to rates and coverage, "actuarially equivalent" means a rate or coverage that is actuarially determined to yield loss ratios of 50% for credit life insurance and 60% for credit disability insurance.
3. "Credit insurance" means credit life insurance, credit disability insurance, or both, but does not include any insurance for which there is no identifiable charge.
4. "Earned premiums" means earned premiums at prima facie rates and earned premiums at rates in use.
5. "Earned premiums at prima facie rates" means an insurer's actual earned premiums, adjusted to the amount that the insurer would have earned if the insurer's premium rates had equaled the prima facie rates in effect during the experience period.
6. "Earned premiums at rates in use" means the premiums that an insurer actually earns on the premium rates the insurer charges during an experience period.
7. "Evidence of individual insurability" means information about a debtor's health status or medical history that a debtor provides as a condition of credit insurance becoming effective.
8. "Experience" means an insurer's earned premiums and incurred claims during an experience period.
9. "Experience period" means a period of time for which an insurer reports income and expense information on the insurer's credit insurance business.
10. "Final adjusted rates" means the prima facie rates referred to in R20-6-604.04 and R20-6-604.05, subject to any deviations approved under R20-6-604.08.
11. "Incurred claims" means the total claims an insurer pays during an experience period, adjusted for the change in the claim reserves.
12. "Plan of credit insurance" means an insurance plan based on one of the following rate and coverage categories:
  - a. Credit life insurance, other than on revolving accounts, including joint and single life coverage, decreasing and level insurance, and outstanding balance and single premium;
  - b. Credit life insurance on revolving accounts;
  - c. Credit life insurance on an age-graded basis;
  - d. Credit disability insurance, other than on revolving accounts, including outstanding balance and single premium, and each combination of waiting period and retroactive or non-retroactive benefits;

- e. Credit disability insurance on revolving accounts, including each combination of waiting period and retroactive or non-retroactive benefits.
13. "Preexisting condition" means a condition:
  - a. For which a debtor received medical advice, consultation, or treatment within six months before the effective date of credit insurance coverage; and
  - b. From which the debtor dies, in the case of life insurance, or becomes disabled, in the case of disability insurance, within six months after the effective date of coverage.
14. "Prima facie adjusted loss ratio" means incurred claims divided by earned premiums at prima facie rates.
15. "Prima facie rates" means the rates established by the Director as prescribed in R20-6-604.03.
16. "Reasonableness standard" means the requirement in A.R.S. § 20-1610(B) that an insurer's premiums for credit insurance shall not be excessive in relation to the benefits provided under the policy.
17. "Rule of Anticipation" means the product of the gross single premium per \$100 of indebtedness for a debtor's remaining term of indebtedness, times the number of hundreds of dollars of remaining indebtedness.

**R20-6-604.01. Rights and Treatment of Debtors****A. Creditor Obligations.**

1. Multiple plans of insurance. If a creditor makes more than one plan of credit insurance available to debtors, the creditor shall inform each debtor of each plan for which the debtor is eligible and of the premium and charges for each plan.
2. Substitution. If a creditor requires a debtor to have credit insurance as additional security for a debt, the creditor shall inform the debtor in writing of the debtor's right to obtain alternative coverage as prescribed in A.R.S. § 20-1614 before the loan transaction is completed.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

3. Remittance of premiums. If a creditor adds an insurance charge or premium to a debt, the creditor shall remit the insurance charge or premium to the insurer within 60 days after it is added to the debt.
- B. Creditor and insurer obligations regarding insurance on refinanced debt.**
  1. If a debt is discharged because the debtor refinances the debt before the scheduled maturity date, the creditor shall notify the insurer that issued the credit insurance on the discharged debt.
  2. An insurer shall not issue any credit insurance that covers the refinanced debt with an effective date preceding the termination date of the insurance on the original debt.
  3. The insurer issuing the coverage on the discharged debt shall refund to or credit the debtor with all unearned insurance charges or premium according to R20-6-604.06.
  4. If a debt is refinanced, the effective date of the policy provisions in any new insurance covering the refinanced debt shall be the first date on which the debtor became insured under the previous policy. An insurer may apply any new exclusion period or preexisting condition limitation only to the portion of the new loan that exceeds the previous loan.
- C. Required policy provisions.**
  1. Termination provisions for group policies. A group credit insurance policy shall provide for continued coverage of debtors covered under the policy if the policy terminates, as follows:
    - a. For a policy with a single premium payment, or any other payment method that prepays coverage for more than one month, a provision requiring continued insurance coverage for the entire period for which the premium has been paid; and
    - b. For a policy with a monthly premium payment, a provision requiring the insurer to send the debtor a termination notice at least 30 days before the effective date of termination, unless an insurer is issuing replacement coverage in at least the same amount, without lapse of coverage.
  2. Maximum aggregate provisions. A provision in an individual policy or group certificate that sets a maximum limit on total claim payments shall apply only to that individual policy or group certificate.
- D. Creditor and insurer obligations when debtor prepays debt.**
  1. Except as provided in subsection (D)(2), if a debtor prepays a debt in full, any credit insurance covering the debt shall terminate on the date of prepayment. The creditor and insurer shall refund to or credit the debtor with any unearned premium according to R20-6-604.06.
  2. If a debt is fully prepaid because of the debtor's death or any other lump-sum credit insurance payment, a creditor or insurer is not required to refund premium for the coverage under which the lump sum was paid.
  3. If a claim under credit disability coverage is in progress at the time of prepayment, the insurer:
    - a. May calculate the refund as if the prepayment did not occur until the end of the period for payment of benefits, and
    - b. Is not required to refund premiums for any period for which credit disability benefits are payable.
- E. Benefits payable on revolving account.** If a debtor is paying for credit insurance coverage on a revolving account and dies, the insurer shall pay a benefit amount equal to the amount of

indebtedness outstanding on the date of death. The insurer may exclude preexisting conditions occurring within six months of any advance on the revolving account, running separately for each advance or charge.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 2725, effective June 7, 2002 (Supp. 02-2).

**R20-6-604.02. Satisfying the Reasonableness Standard**

- A.** An insurer shall comply with all requirements of A.R.S. § 20-1610 regarding premium and insurance charges.
- B.** An insurer may satisfy the reasonableness standard in A.R.S. § 20-1610(B) if the insurer's premium rate develops a loss ratio of not less than 50% for credit life insurance and not less than 60% for credit disability insurance.
- C.** While in effect, the rates described in R20-6-604.04 and R20-6-604.05, subject to any deviations approved under R20-6-604.08 are conclusively presumed to develop the loss ratios described in subsection (B). For purposes of prospective effect, the Department may rebut this presumption by disapproving or withdrawing approval for the rates as prescribed in A.R.S. § 20-1610.
- D.** An insurer may provide coverage other than the standard coverage described in R20-6-604.04 and R20-6-604.05. An insurer that wishes to provide nonstandard coverage shall:
  1. File the nonstandard coverage policy information as prescribed in A.R.S. § 20-1609, and
  2. Demonstrate that the rates for the coverage are reasonably expected to develop a loss ratio of not less than 50% for credit life insurance and not less than 60% for credit disability insurance.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 2725, effective June 7, 2002 (Supp. 02-2).

**R20-6-604.03. Determination of Prima Facie Rates**

- A.** The Director shall, by order, establish prima facie rates as prescribed in this Section.
- B.** At least once every three years, the Director shall:
  1. Determine the rate of expected claims on a statewide basis;
  2. Compare the rate of expected claims with the rate of actual claims for the past three years determined from the incurred claims and earned premiums at prima facie rates; and
  3. If the Director determines that the prima facie rates require adjustment, issue a notice of hearing and proposed order adjusting the actual statewide prima facie rates. The hearing date on the proposed order shall be no earlier than 45 days from the date of the notice.
- C.** The Director shall mail a copy of the notice and proposed order to:
  1. Each insurer that reported transaction of credit insurance on its annual statement immediately preceding the date of the notice, and
  2. Any other person who sends the Director a written request for notice of proceedings to adjust the prima facie rates.
- D.** Any person may submit written comments to the Director or appear at the hearing and provide oral comments on the record. Written comments shall be received no later than the close of record date specified in the notice of hearing.
- E.** The Director shall:
  1. Consider written and oral comments; and

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

2. Issue a final order setting prima facie rates no later than 30 days after the close of record date specified in the notice of hearing.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 2725, effective June 7, 2002 (Supp. 02-2).

**R20-6-604.04. Credit Life Insurance Rates and Provisions**

- A. Under the process prescribed in R20-6-604.03, the Director shall issue an order establishing prima facie rates for credit life insurance.
- B. The Department shall presume that an insurer meets the loss ratios prescribed in R20-6-604.02(B) if the insurer uses the prima facie rates, subject to the requirements in this Section and R20-6-604.08. An insurer may use the prima facie rates without filing additional actuarial support.
- C. A credit life insurance policy shall meet the requirements listed in this Section. The policy shall:
  1. Provide coverage for death, by whatever means caused, to all eligible debtors, with or without evidence of individual insurability for debtors that purchase coverage within 30 days of being eligible;
  2. Have no exclusions other than for:
    - a. Suicide within six months after the effective date of coverage, or
    - b. A preexisting condition;
  3. Have no age restrictions, except the following permissible exclusions:
    - a. An age restriction providing that no insurance will become effective on a debtor on or after the attainment of age 70 and that all insurance shall terminate on a debtor attaining age 70; and
    - b. An age restriction for a revolving credit life insurance policy that:
      - i. Excludes a class of debtors determined by age, or
      - ii. Provides for termination of insurance or reduction in the amount of insurance when a debtor reaches age 70; and
  4. For insurance on revolving accounts, have the date on which an advance or charge occurs as the effective date of coverage for each part of the insurance attributable to a different advance or a charge to the plan account. Any exclusion period or preexisting condition limitation shall run separately for each advance or charge.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 2725, effective June 7, 2002 (Supp. 02-2).

**R20-6-604.05. Credit Disability Insurance Rates and Provisions**

- A. Under the process prescribed in R20-6-604.03, the Director shall issue an order establishing prima facie rates for credit disability insurance.
- B. The Department shall presume that an insurer meets the loss ratios prescribed in R20-6-604.02(B) if the insurer uses the prima facie rates, subject to the requirements in this Section and R20-6-604.08. An insurer may use the prima facie rates without filing additional actuarial support.
- C. A credit disability insurance policy shall meet the requirements listed in this Section. The policy shall:
  1. Provide coverage for disability, by whatever means caused, to all eligible debtors, with or without evidence of

individual insurability for debtors that purchase coverage within 30 days of becoming eligible;

2. Include a definition of disability that is no more restrictive than the following:
  - a. For the first 12 months of disability, the inability of the insured to perform the essential functions of the insured's occupation; and
  - b. After the first 12 months of disability, the inability of the insured to perform the essential functions of any occupation for which the insured is reasonably suited by virtue of education, training, or experience;
3. Not include any employment requirement that a debtor be employed more than full-time on the effective date of coverage, with a definition of "full-time" as a regular work week of at least 30 hours;
4. Have no exclusions other than for disabilities resulting from:
  - a. Normal pregnancy,
  - b. Intentionally self-inflicted injury, or
  - c. A preexisting condition;
5. For insurance on revolving accounts, have the date on which an advance or charge occurs as the effective date of coverage for each part of the insurance attributable to a different advance or a charge to the plan account. Any exclusion period or preexisting condition limitation shall run separately for each advance or charge;
6. Have no age restrictions, except the following permissible exclusion:
 

An age restriction providing that no insurance will become effective on a debtor on or after the attainment of age 65 and that all insurance shall terminate on a debtor attaining age 66; and
7. Include a provision for a daily benefit of not less than one-thirtieth of the monthly benefit payable under the policy.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 2725, effective June 7, 2002 (Supp. 02-2).

**R20-6-604.06. Refund Methods**

- A. When refunding premiums as prescribed in A.R.S. § 20-1611, an insurer shall use the following methods:
  1. For insurance paid by a single premium, the Rule of Anticipation method; and
  2. For insurance paid by other than a single premium, a method that refunds at least the pro rata gross unearned amount charged to the debtor.
- B. The Director may approve other refund methods similar to those described in subsection (A), that are actuarially equivalent to the type of coverage the debtor purchased.
- C. An insurer's refund method may recognize adjustments to a daily basis for interest or payments if the adjustments are consistent with the underlying credit transaction.
- D. An insurer is not required to refund any amount less than \$5.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 2725, effective June 7, 2002 (Supp. 02-2).

**R20-6-604.07. Experience Reports**

- A. By April 1 of each year, an insurer that transacts credit insurance in this state shall file with the Director an experience report, on a form specified by the Director, for each class of business that the insurer transacts as provided in this Section.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

1. In this Section, a "class of business" means:
  - a. Credit unions;
  - b. Banks, savings and loan institutions, and mortgage companies;
  - c. Finance companies, small loan companies, and consumer lenders defined in A.R.S. § 6-601(5);
  - d. Dealers, including auto, truck, and boat dealers, retail stores, and other persons selling financed goods; and
  - e. All other persons selling credit insurance not specifically listed in subsection (A)(1)(a) through (d).
2. The report shall include the following information:
  - a. Mode of premium payment,
  - b. Plan of benefits description,
  - c. Earned premiums,
  - d. Incurred claims,
  - e. Loss ratios, and
  - f. For credit life insurance, mean insurance in force.
- B. For each day a report is late, the Director may assess a penalty as prescribed in A.R.S. § 20-223.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 2725, effective June 7, 2002 (Supp. 02-2).

**R20-6-604.08. Use of Prima Facie Rates; Rate Deviations**

- A. Use of rates greater than prima facie rates. An insurer may file for approval and use of any deviated rates that are higher than the prima facie rates referred to in R20-6-604.04 and R20-6-604.05 as prescribed in A.R.S. § 20-1610.
  1. The deviated rates shall meet the minimum loss ratio standards and other requirements prescribed by R20-6-604.02.
  2. The filing shall specify the accounts to which the rates apply.
  3. The rates may be:
    - a. Applied uniformly to all accounts of the insurer; or
    - b. Applied on an equitable basis approved by the Director to accounts of the insurer for which the insurer's experience has been less favorable than expected.
- B. Approval period of deviated rates. An insurer may use a deviated rate for the same period of time as the experience period used to establish the rate, not to exceed a period of three years from the date of approval. An insurer may file for a new deviated rate before the end of the approval period, but not more often than once in any 12 month period.
- C. Approval is non-transferable. The Director's approval of a deviated rate is not transferable to another insurer. If an insurer acquires an account for which another insurer obtained a deviated rate, the successor insurer may not charge the deviated rate without obtaining approval for the deviated rate as prescribed in subsection (B).
- D. Use of rates lower than filed rates. An insurer may use a rate that is less than its filed rate without notice to the Director.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 2725, effective June 7, 2002 (Supp. 02-2).

**R20-6-604.09. Supervision of Consumer Credit Insurance Operations**

- A. At least once every three years, an insurer transacting credit insurance in Arizona shall review the credit insurance operations of each creditor with whom the insurer does business to

ensure that each creditor is complying with applicable credit insurance laws. The insurer shall review the following:

1. The creditor does not charge rates in excess of the prima facie rates or any deviated rates for which the insurer obtains approval;
  2. The creditor makes benefit payments as prescribed in the policy; and
  3. The creditor refunds unearned premiums as prescribed in R20-6-604.06.
- B. The insurer shall maintain for the Director's inspection a written record of each review and action the insurer takes to address any creditor noncompliance found by the insurer, for at least three years following the end of the review.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 2725, effective June 7, 2002 (Supp. 02-2).

**R20-6-604.10. Prohibited Transactions**

- A. The practices listed in this Section are deemed unfair trade practices under A.R.S. § 20-442. An insurer that commits any of the following practices is subject to penalties as prescribed in A.R.S. § 20-456:
  1. Offering or providing a creditor with any special advantage or any service not set out in either the group insurance contract or in the agency contract, other than payment of commissions;
  2. Agreeing to deposit with a bank or financial institution, the insurer's money or securities as a substitute for a deposit of money or securities that the financial institution would otherwise require from the creditor as a compensating balance or deposit offset for a loan or other advancement; or
  3. Depositing money or securities without interest or at a lesser rate of interest than the creditor, bank, or financial institution is currently paying on other similar deposits.
- B. This Section does not prohibit an insurer from maintaining demand deposits or premium deposit accounts that are reasonably necessary for use in the ordinary course of the insurer's business.

Amended effective November 19, 1990 (Supp. 90-4). Repealed by emergency action effective December 18, 1991, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 91-4). Repealed again by emergency action effective March 17, 1992, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 92-1). Repealed effective May 28, 1992 (Supp. 92-2). R20-6-606 recodified from R4-14-606 (Supp. 95-1).

#### **R20-6-607. Reasonableness of Benefits in Relation to Premium Charged**

- A.** Applicability. This rule shall apply to individual disability insurance (as defined in A.R.S. § 20-253) policy forms and rates.
- B.** When rate filing is required. Every individual policy form, rider or endorsement form affecting benefits which is submitted for approval shall be accompanied by a rate filing unless such rider or endorsement form does not require a change in the rate. Any subsequent addition to or change in rates applicable to such policy, rider or endorsement form shall also be filed.
- C.** General contents of all rate filings. Each rate submission shall include an actuarial memorandum describing the basis on which rates were determined and shall indicate and describe the calculation of the ratio, hereinafter called "anticipated loss ratio," of the present value of the expected benefits to the present value of the expected premiums over the entire period for which rates are computed to provide coverage. Each rate submission must also include a certification by a qualified actuary that to the best of the actuary's knowledge and judgment, the rate filing is in compliance with applicable laws and regulations of this state and that the benefits are reasonable in relation to the premiums.
- D.** Previously approved forms. Filings of rate revisions for a previously approved policy, rider or endorsement form shall also include the following:
  1. A statement of the scope and reason for the revision, and an estimate of the expected average effect on premiums including the anticipated loss ratio for the form.
  2. A statement as to whether the filing applies only to new business, only to in-force business, or both, and the reasons.
  3. A history of the experience under existing rates, including at least the data indicated in subsection (E). The history may also include, if available and appropriate, the ratios of actual claims to the claims expected according to the assumptions underlying the existing rates. All additional data must be reconciled, as appropriate, to the required data. Additional data might include:
    - a. Substitution of actual claim run-offs for claim reserves and liabilities,
    - b. Determination of loss ratios with the increase in policy reserves (other than unearned premium reserves) added to benefits rather than subtracted from premiums,

- c. Substitution of net level policy reserves for preliminary term policy reserves,
  - d. Adjustment of premiums to an annual mode basis, or
  - e. Other adjustments or schedules suited to the form and to the records of the company.
4. The date and magnitude of each previous rate change, if any.
- E.** Experience records. Insurers shall maintain records of earned premiums and incurred benefits for each calendar year for each policy form, including data for rider and endorsement forms which are used with the policy form, on the same basis, including all reserves, as required for the Accident and Health Policy Experience Exhibit to the NAIC annual statement convention blank. Separate data may be maintained for each rider or endorsement form to the extent appropriate. Experience under forms which provide substantially similar coverage may be combined. The data shall be for all years of issue combined, for each calendar year of experience since the year the form was first issued, except the data for calendar years prior to the most recent five years may be combined.
  - F.** Evaluation experience data. In determining the credibility and appropriateness of experience data, due consideration must be given to all relevant factors, such as:
    1. Statistical credibility of premiums and benefits, e.g., low exposure, low loss frequency.
    2. Experienced and projected trends relative to the kind of coverage, e.g., inflation in medical expenses, economic cycles affecting disability income experience.
    3. The concentration of experience at early policy durations where select morbidity and preliminary term reserves are applicable and where loss ratios are expected to be substantially lower than at later policy durations.
    4. The mix of business by risk classification.
  - G.** Anticipated loss ratio standard. With respect to a new form or a currently approved form, except currently approved non-cancelable policy forms, under which the average annual premium (as defined below) is expected to be at least \$700, benefits shall be deemed reasonable in relation to premiums provided the anticipated loss ratio is at least as great as shown in the following table:

Type of Coverage	Renewal Clause			
	OR	CR	GR	NC
Medical expense	60%	55%	55%	50%
Loss of income and other	60%	55%	50%	45%

For a policy form including riders and endorsements, under which the expected average annual premium per policy is \$200 or more but less than \$700, subtract 5 percentage points from the numbers in the table above, or if less than \$200, subtract 10 percentage points.

The average annual premium per policy shall be computed by the insurer based on an anticipated distribution of business by all applicable criteria having a price difference, such as age, sex, amount, dependent status, rider frequency, etc., except assuming an annual mode for all policies (i.e., the fractional premium loading shall not affect the average annual premium or anticipated loss ratio calculation.)

The above anticipated loss ratio standards do not apply to a class of business which is regulated by specific statutes or regulations mandating loss ratios for such business, e.g., Medicare Supplement and Credit Life and Disability.

#### **Definitions of Renewal Clause**

OR – Optionally Renewable: renewal is at the option of the insurance company.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

CR – Conditionally Renewable: renewal can be declined by the insurance company only for stated reasons other than deterioration of health.

GR – Guaranteed Renewable: renewal cannot be declined by the insurance company for any reason, but the insurance company can revise rates on a class basis.

NC – Non-Cancelable: renewal cannot be declined nor can rates be revised by the insurance company.

**H.** Rate revisions. With respect to filings of rate revisions for a previously approved form, benefits shall be deemed reasonable in relation to premiums provided both the following loss ratios meet the standards in subsection (G) above.

1. The anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage;
2. The anticipated loss ratio derived by dividing (a) by (b) where:
  - a. Is the sum of the accumulated benefits, from the original effective date of the form or the effective date of this regulation, whichever is later, to the effective date of the revision, and the present value of future benefits; and
  - b. Is the sum of the accumulated premiums from the original effective date of the form or the effective date of the regulation, whichever is later, to the effective date of the revision, and the present value of future premiums. Such present values shall be taken over the entire period for which the revised rates are computed to provide coverage, and such accumulated benefits and premiums to include an explicit estimate of the actual benefits and premiums from the last date as of which an accounting has been made to the effective date of the revision. Interest shall be used in the calculation of these accumulated benefits and premiums and present values only if it is a significant factor in the calculation of this loss ratio.

**I.** Anticipated loss ratios lower than those indicated in subsections (H)(1) and (H)(2) will require justification based on the special circumstances that may be applicable.

1. Examples of coverages requiring special consideration are as follows:
  - a. Accident only;
  - b. Short term nonrenewable, e.g., airline trip, student accident;
  - c. Specified peril, e.g., common carrier; and
  - d. Other special risks.
2. Examples of other factors requiring special consideration are as follows:
  - a. Marketing methods, giving due consideration to acquisition and administration costs and to premium mode;
  - b. Extraordinary expenses;
  - c. High risk of claim fluctuation because of the low loss frequency of the catastrophic, or experimental nature of the coverage;
  - d. Product features such as long elimination periods, high deductibles and high maximum limits;
  - e. The industrial or debit method of distribution; and
  - f. Forms issued prior to the effective date of this rule. Companies are urged to review their experience periodically and to file rate revisions, as appropriate,

in a timely manner to avoid the necessity of later filing of exceptionally large rate increases.

3. Notwithstanding the foregoing paragraphs to the contrary, hospital indemnity and cancer and other dread diseases policies shall develop the loss ratios pursuant to subsection (G).

**J.** Severability provision. If any provision of this rule or the application thereof to any person or circumstances is held invalid, the remainder of the rule and the application of such provision to other persons or circumstances shall not be affected thereby.

**K.** Effective date. This rule shall become effective upon filing with the Secretary of State and shall apply to all individual disability policy form and rate filings submitted on and after said date.

**R20-6-708. Licensing Time-frames**

- A.** Definitions. The definitions in A.R.S. § 41-1072 and the following definitions apply to this Article.
1. "Department" means the Insurance Division of the Department of Insurance and Financial Institutions.
  2. "License" has the meaning prescribed in A.R.S. § 41-1001(13).
- B.** The time-frames listed in Table A apply to licenses issued by the Department. The licensing time-frames consist of an administrative completeness review, a substantive review, and an overall review.
- C.** Within the time-frame for the administrative completeness review set forth in Table A, the Department shall notify the applicant in writing whether the application is complete or deficient.
1. If the application is deficient, the Department shall issue a notice of deficiency to the applicant which shall include a comprehensive list of the specific deficiencies. If the Department issues a written notice of deficiency within the administrative completeness review time-frame, the administrative completeness review time-frame and the overall review time-frame are suspended from the date the notice is issued until the date that the Department receives an adequate response from the applicant.
  2. The Department is not precluded from issuing additional notices of deficiency during an administrative completeness review.
  3. If an applicant does not adequately respond to each specified deficiency in a notice of deficiency issued under subsection (C)(1) within 60 days after the date of a notice of deficiency, the application is deemed withdrawn, and the Department is not required to take further action with respect to the application.
- D.** Within the time-frame for the substantive review set forth in Table A, the Department may issue one comprehensive written request for additional information to the applicant specifying each component or item of information required.
1. If the Department issues a comprehensive written request for additional information within the substantive review time-frame, the substantive review time-frame and the overall time-frame are suspended from the date the written request is issued until the date that the Department receives an adequate response from the applicant.
  2. The Department is not precluded from issuing supplemental requests by mutual agreement for additional information, during the substantive review.
  3. If an applicant does not adequately respond to each component or item of information required in a comprehensive written request or a supplemental request for additional information within 60 days after the date of a comprehensive written request, or within 60 days after the date of the supplemental request for additional information, the application is deemed withdrawn, and the

Department is not required to take further action with respect to the application.

- E.** Within the overall time-frames set forth in Table A, unless extended by mutual agreement under A.R.S. § 41-1075, the Department shall notify the applicant in writing that the application is granted or denied. If the application is denied, the Department shall provide to the applicant a written notice that complies with the provisions of A.R.S. § 41-1076.
- F.** In computing the time periods prescribed in these time-frame rules, the last day of a notice period is included in the computation, unless it is a Saturday, Sunday, or legal holiday.

**Historical Note**

Former General Rule 70-22; Correction, original publication did not include Exhibit C. (Supp. 76-1). Repealed effective January 8, 1980 (Supp. 80-1). R20-6-708 recodified from R4-14-708 (Supp. 95-1). Amended effective January 1, 1999; filed in the Office of the Secretary of State December 4, 1998 (Supp. 98-4). Amended by final rulemaking at 29 A.A.R. 612 (February 24, 2023), effective April 10, 2023 (Supp. 23-1).

**ARTICLE 8. PROHIBITED PRACTICES, PENALTIES****R20-6-801. Unfair Claims Settlement Practices**

**A.** Applicability. This rule applies to all persons and to all insurance policies, insurance contracts and subscription contracts

except policies of Worker's Compensation and title insurance. This rule is not exclusive, and other acts not herein specified, may also be deemed to be a violation of A.R.S. § 20-461, The Unfair Claims Settlement Practices Act.

**B. Definitions**

1. "Agent" means any individual, corporation, association, partnership or other legal entity authorized to represent an insurer with respect to a claim. "Agent" has the same meaning as "Insurance producer" as defined at A.R.S. § 20-281(5).

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

2. "Claimant" means either a first party claimant, a third party claimant, or both and includes the claimant's designated legal representative and includes a member of the claimant's immediate family designated by the claimant.
  3. "Department" means the Arizona Department of Insurance and Financial Institutions – Insurance Division.
  4. "Director" has the meaning of A.R.S. § 20-102.
  5. "First party claimant" means an individual, corporation, association, partnership or other legal entity asserting a right to payment under an insurance policy or insurance contract arising out of the occurrence of the contingency of loss covered by the policy or contract.
  6. "Insurance policy or insurance contract" has the meaning of A.R.S. § 20-103.
  7. "Insurer" has the meaning of A.R.S. § 20-106(C).
  8. "Investigation" means all activities of an insurer directly or indirectly related to the determination of liabilities under coverages afforded by an insurance policy or insurance contract.
  9. "Notification of claim" means any notification, whether in writing or other means, acceptable under the terms of any insurance policy or insurance contract, to an insurer or its agent, by a claimant, which reasonably apprises the insurer of the facts pertinent to a claim.
  10. "Person" has the meaning of A.R.S. § 20-105.
  11. "Third party claimant" means any individual, corporation, association, partnership or other legal entity asserting a claim against any individual, corporation, association, partnership or other legal entity insured under an insurance policy or insurance contract of an insurer.
  12. "Worker's compensation" includes, but is not limited to, Longshoremen's and Harbor Worker's Compensation.
- C.** File and record documentation. The insurer's claim files shall be subject to examination by the Director or by his duly appointed designees. The files shall contain all notes and work papers pertaining to the claim in such detail that pertinent events and the dates of the events can be reconstructed.
- D.** Misrepresentation of policy provisions
1. No insurer shall fail to fully disclose to first party claimants all pertinent benefits, coverages or other provisions of an insurance policy or insurance contract under which a claim is presented.
  2. No agent shall conceal from first party claimants benefits, coverages or other provisions of any insurance policy or insurance contract when the benefits, coverages or other provisions are pertinent to a claim.
  3. No insurer shall deny a claim on the basis that the claimant has failed to exhibit the damaged property to the insurer, unless the insurer has requested the claimant to exhibit the property and the claimant has refused without a sound basis.
  4. No insurer shall, except where there is a time limit specified in the policy, make statements, written or otherwise, requiring a claimant to give written notice of loss or proof of loss within a specified time limit and which seek to relieve the company of its obligations if the time limit is not complied with unless the failure to comply with the time limit prejudices the insurer's rights.
  5. No insurer shall request a first party claimant to sign a release that extends beyond the subject matter that gave rise to the claim payment.
  6. No insurer shall issue checks or drafts in partial settlement of a loss or claim under a specific coverage which contain language that releases the insurer or its insured from its total liability.
- E.** Failure to acknowledge pertinent communications
1. Every insurer, upon receiving notification of a claim shall, within 10 working days, acknowledge the receipt of the notice unless payment is made within the 10 working days. If an acknowledgment is made by means other than writing, an appropriate notation of such acknowledgment shall be made in the claim file of the insurer and dated. Notification given to an agent of an insurer shall be notification to the insurer.
  2. Every insurer, upon receipt of any inquiry from the Department respecting a claim shall, within 15 working days of receipt of the inquiry, furnish the Department with an adequate response to the inquiry.
  3. An appropriate reply shall be made within 10 working days on all other pertinent communications from a claimant which reasonably suggest that a response is expected.
  4. Every insurer, upon receiving notification of a claim, shall promptly provide necessary claim forms, instructions, and reasonable assistance so that first party claimants can comply with the policy conditions and the insurer's reasonable requirements. Compliance with this subsection within 10 working days of notification of a claim shall constitute compliance with subsection (E)(1).
- F.** Standards for prompt investigation of claims. Every insurer shall complete investigation of a claim within 30 days after notification of a claim, unless the investigation cannot reasonably be completed within 30 days.
- G.** Standards for prompt, fair and equitable settlements applicable to all insurers
1. Notice of acceptance or denial of claim.
    - a. Within 15 working days after receipt by the insurer of properly executed proofs of loss, the first party claimant shall be advised of the acceptance or denial of the claim by the insurer. No insurer shall deny a claim on the grounds of a specific policy provision, condition, or exclusion unless reference to the provision, condition or exclusion is included in the denial. The denial must be given to the claimant in writing and the claim file of the insurer shall contain a copy of the denial.
    - b. If the insurer needs more time to determine whether a first party claim should be accepted or denied, it shall also notify the first party claimant within 15 working days after receipt of the proofs of loss, giving the reasons more time is needed. If the investigation remains incomplete, the insurer shall, 45 days from the date of the initial notification and every 45 days thereafter, send to the claimant a letter setting forth the reasons additional time is needed for investigation.
    - c. Where there is a reasonable basis supported by specific information available for review by the Director for suspecting that the first party claimant has fraudulently caused or contributed to the loss by arson, the insurer is relieved from the requirements of subsections (G)(1)(a) and (b). Provided, however, that the claimant shall be advised of the acceptance or denial of the claim by the insurer within a reasonable time for full investigation after receipt by the insurer of a properly executed proof of loss.
  2. If a claim is denied for reasons other than those described in subsection (G)(1)(a), and is made by any other means

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

than writing, an appropriate notation shall be made in the claim file of the insurer.

3. Insurers shall not fail to settle first party claims on the basis that responsibility for payment should be assumed by others, except as may otherwise be provided by policy provisions.
4. Insurers shall not continue negotiations for settlement of a claim directly with a claimant who is neither an attorney nor represented by an attorney until the claimant's rights may be affected by a statute of limitations or a policy or contract time limit, without giving the claimant written notice that the time limit may be expiring and may affect the claimant's right. The notice shall be given to first party claimants 30 days, and to third party claimants 60 days, before the date on which the time limit may expire.
5. No insurer shall make statements which indicate that the rights of a third party claimant may be impaired if a form or release is not completed within a given period of time unless the statement is given for the purpose of notifying the third party claimant of the provision of a statute of limitations.

**H. Standards for prompt, fair and equitable settlements applicable to automobile insurance**

1. When the insurance policy provides for the adjustment and settlement of first party automobile total losses on the basis of actual cash value or replacement with another of like kind and quality, one of the following methods must apply:
  - a. The insurer may elect to offer a replacement automobile which is a specific comparable automobile available to the insured, with all applicable taxes, license fees and other fees incident to transfer of evidence of ownership of the automobile paid, at no cost other than any deductible provided in the policy. The offer and any rejection of the offer must be documented in the claim file.
  - b. The insurer may elect a cash settlement based upon the actual cost, less any deductible provided in the policy, to purchase a comparable automobile including all applicable taxes, license fees and other fees incident to transfer of evidence of ownership of a comparable automobile. The cost may be determined by:
    - i. The cost of a comparable automobile in the local market area when a comparable automobile is available in the local market area.
    - ii. One of two or more quotations obtained by the insurer from two or more qualified dealers located within the local market area when a comparable automobile is not available in the local market area.
  - c. When a first party automobile total loss is settled on a basis which deviates from the methods described in subsections (H)(1)(a) and (b), the deviation must be supported by documentation giving particulars of the automobile condition. Any deductions from the cost, including deduction for salvage, must be measurable, discernible, itemized and specified as to dollar amount and shall be appropriate in amount. The basis for the settlement shall be fully explained to the first party claimant.
2. Where liability and damages are reasonably clear, insurers shall not recommend that third party claimants make

claim under their own policies solely to avoid paying claims under the insurer's policy or insurance contract.

3. Insurers shall not require a claimant to travel unreasonably either to inspect a replacement automobile, to obtain a repair estimate, or to have the automobile repaired at a specific repair shop.
4. Insurers shall, upon the claimant's request, include the first party claimant's deductible, if any, in subrogation demands. Subrogation recoveries shall be shared on a proportionate basis with the first party claimant, unless the deductible amount has been otherwise recovered. No deduction for expenses can be made from the deductible recovery unless an outside attorney is retained to collect the deductible recovery. The deduction may then be for only a pro rata share of the allocated loss adjustment expense.
5. If an insurer prepares an estimate of the cost of automobile repairs, the estimate shall be in an amount for which it may be reasonably expected the damage can be satisfactorily repaired. The insurer shall give a copy of the estimate to the claimant and may furnish to the claimant the names of one or more conveniently located repair shops.
6. When the amount claimed is reduced because of betterment or depreciation, all information for the reduction shall be contained in the claim file. The reductions shall be itemized and specified as to dollar amount and shall be appropriate for the amount of reductions.
7. When the insurer elects to repair and designates a specific repair shop for automobile repairs, the insurer shall cause the damaged automobile to be restored to its condition prior to the loss at no additional cost to the claimant other than as stated in the policy and within a reasonable period of time.
8. The insurer shall not use as a basis for cash settlement with a first party claimant an amount which is less than the amount which the insurer would pay if the repairs were made, other than in total loss situations, unless the amount is agreed to by the insured.
- I. Severability. If any provision of this Section or its application to any person or circumstances is held invalid, the remainder of the Section and the application of the provision to other persons and circumstances shall not be affected.

**ARTICLE 10. LONG-TERM CARE INSURANCE****R20-6-1001. Applicability and Scope**

Except as otherwise specifically provided, this Article applies to all long-term care insurance policies, including qualified long-term care contracts and life insurance policies that accelerate benefits for long-term care, delivered or issued for delivery in this state by insurers; fraternal benefit societies; nonprofit health, hospital and medical service corporations; prepaid health plans; health care service organizations and all similar organizations.

**Historical Note**

Adopted effective August 10, 1992 (Supp. 92-3). R20-6-1001 recodified from R4-14-1001 (Supp. 95-1).

Amended by final rulemaking at 10 A.A.R. 4661, effective January 3, 2005 (Supp. 04-4). Amended by final exempt rulemaking at 23 A.A.R. 1119, effective November 10, 2017 (Supp. 17-2).

**R20-6-1002. Definitions**

The definitions in A.R.S. § 20-1691 and the following definitions apply in this Article.

- A. “Benefit trigger,” for purposes of a tax-qualified long-term care insurance contract, as defined in Section 7702B(b) of the Internal Revenue Code of 1968, as amended, “benefit trigger” shall include a determination by a licensed health care practitioner that an insured is a chronically ill individual.
- B. “Exceptional increase” means only those rate increases that an insurer has filed as exceptional and that the Director determines the need for the premium rate increase is justified due to changes in laws or regulations applicable to long-term care coverage in this state; or due to increased and unexpected utilization that affects the majority of insurers of similar products.
  - 1. Except as provided in Sections R20-6-1014 and R20-6-1015, exceptional increases are subject to the same requirements as other premium rate schedule increases.
  - 2. The Director may request independent actuarial review on the issue of whether an increase should be deemed an exceptional increase.
  - 3. The Director may also determine whether there are any potential offsets to higher claims costs.
- C. “Incidental,” as used in R20-6-1014(L) and R20-6-1015(L), means that the value of the long-term care benefits provided is less than 10% of the total value of the benefits provided over the life of the policy, with value measured as of the date of issue.
- D. “Licensed health care professional” means an individual qualified by education and experience in an appropriate field, to determine, by record review, an insured’s actual functional or cognitive impairment.
- E. “Long-term care benefit classification” means one of the following:
  - 1. Institutional long-term care – benefits only;
  - 2. Non-institutional long-term care – benefits only; or
  - 3. Comprehensive long-term care benefits.
- F. “Managed care plan” means a health care or assisted living arrangement designed to coordinate patient care or control costs through utilization review, case management, use of specific provider networks, or a combination of these methods.
- G. “Personal information” has the same meaning prescribed in A.R.S. § 20-2102(19).
- H. “Privileged information” has the same meaning prescribed in A.R.S. § 20-2102(22).
- I. “Qualified actuary” means a member in good standing of the American Academy of Actuaries.

- J. “Similar policy forms” means all long-term care insurance policies and certificates that are issued by a particular insurer and that have the same long-term care benefit classification as a policy form being reviewed.

**Historical Note**

Adopted effective August 10, 1992 (Supp. 92-3). R20-6-1002 recodified from R4-14-1002 (Supp. 95-1).

Amended by final rulemaking at 10 A.A.R. 4661, effective January 3, 2005 (Supp. 04-4). Amended by final exempt rulemaking at 23 A.A.R. 1119, effective November 10, 2017 (Supp. 17-2).

**R20-6-1003. Policy Terms**

- A. A long-term care insurance policy delivered or issued for delivery in this state shall not use the terms set forth below, unless the terms are defined in the policy and the definitions satisfy the following requirements:
  - 1. “Activities of daily living” means eating, toileting, transferring, bathing, dressing, or continence.
  - 2. “Acute condition” means that an individual is medically unstable and requires frequent monitoring by medical professionals, such as physicians and registered nurses, to maintain the individual’s health status.
  - 3. “Adult day care” means a program of social and health-related services for six or more individuals, that is provided during the day in a community group setting, for the purpose of supporting frail, impaired, elderly, or other disabled adults who can benefit from the services and care in a setting outside the home.
  - 4. “Agent” means an insurance producer as defined in A.R.S. § 20-281(5).
  - 5. “Bathing” means washing oneself by sponge bath, or in a tub or shower, and includes the act of getting in and out of the tub or shower.
  - 6. “Chronically ill individual” has the meaning prescribed for this term by A.R.S. § 20-1691(3) and Section 7702B(c)(2) of the Internal Revenue Code of 1986, as amended.
    - a. Under this provision, a chronically ill individual means any individual who has been certified by a licensed health care practitioner as:
      - i. Being unable to perform (without substantial assistance from another individual) at least 2 activities of daily living for a period of at least 90 days due to loss of functional capacity; or
      - ii. Requiring substantial supervision to protect the individual from threats to health and safety due to severe cognitive impairment.
    - b. The term “chronically ill individual” does not include an individual otherwise meeting these requirements unless within the preceding twelve-month period a licensed health care practitioner has certified that the individual meets these requirements.
  - 7. “Cognitive impairment” means a deficiency in a person’s:
    - a. Short or long-term memory;
    - b. Orientation as to person, place, or time;
    - c. Deductive or abstract reasoning; or
    - d. Judgment as it relates to safety awareness.
  - 8. “Continence” means the ability to maintain control of bowel and bladder function, or when unable to maintain control, the ability to perform associated personal hygiene, such as caring for a catheter or colostomy bag.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

9. "Dressing" means putting on and taking off all items of clothing and any necessary braces, fasteners, or artificial limbs.
  10. "Eating" means feeding oneself by getting food into the body from a receptacle such as a plate, cup, or table, or by a feeding tube or intravenously.
  11. "Guaranteed renewable" means the insured has the right to continue a long-term-care insurance policy in force by the timely payment of premiums and the insurer has no unilateral right to make any change in any provision of the policy or rider while the insurance is in force, and cannot decline to renew, except that the insurer may revise rates on a class basis.
  12. "Hands-on assistance" means physical help to an individual who could not perform an activity of daily living without help from another individual, and includes minimal, moderate, or maximal help.
  13. "Home health services" means the services described at A.R.S. § 36-151.
  14. "Level premium" means that an insurer does not have any right to change the premium, even at renewal.
  15. "Licensed health care practitioner" has the same meaning as A.R.S. § 20-1691(6).
  16. "Maintenance or personal care services" has the same meaning as A.R.S. § 20-1691(10).
  17. "Medicare" means "The Health Insurance for the Aged Act, Title XVIII of the Social Security Amendments of 1965 as Then Constituted or Later Amended," or "Title I, Part I of Public Law 89-97, as Enacted by the Eighty-Ninth Congress of the United States of America and popularly known as the Health Insurance for the Aged Act, as then constituted and any later amendments or substitutes thereof," or words of similar import.
  18. "Noncancellable" means the insured has the right to continue the long-term care insurance in force by the timely payment of premiums during which period the insurer has no right to unilaterally cancel or make any change in any provision of the insurance or in the premium rate.
  19. "Personal care" means the provision of hands-on assistance to help an individual with activities of daily living in relation to the level of skill required, the nature of the care, and the setting in which the care must be delivered.
  20. "Qualified long-term care services" has the meaning prescribed for this term under A.R.S. § 20-1691(13) and means services that meet the requirements of Section 7702B(c)(1) of the Internal Revenue Code of 1986, as amended, as follows: necessary diagnostic, preventative, therapeutic, curing, treating, mitigating and rehabilitative services, and maintenance or personal care services which are required by a chronically ill individual, and are provided pursuant to a plan of care prescribed by a licensed health care practitioner.
  21. "Toileting" means getting to and from the toilet, getting on and off the toilet, and performing tasks associated with personal hygiene.
  22. "Transferring" means moving into or out of a bed, chair, or wheelchair.
- B.** Any long-term care policy delivered or issued for delivery in this state shall include the following policy terms and provisions as specified in this subsection:
1. "Home care" shall be defined in relation to the level of skill required, the nature of the care, and the setting in which the care must be delivered.
  2. "Intermediate care" shall be defined in relation to the level of skill required, the nature of the care, and the setting in which the care must be delivered.
  3. "Mental or nervous disorder" shall not be defined to include more than neurosis, psychoneurosis, psychopathy, psychosis, or mental or emotional disease or disorder.
  4. "Skilled nursing care," "specialized care," "assisted living care" and other services shall be defined in relation to the level of skill required, the nature of the care and the setting in which care is delivered.
  5. Service providers, including "skilled nursing facility," "extended care facility," "convalescent nursing home," "personal care facility," "specialized care providers," "assisted living facility" and "home care agency" shall be defined in relation to the services and facilities required to be available and the licensure, certification, registration or degree status of those providing or supervising the services. When the definition requires that the provider be appropriately licensed, certified or registered, it shall also state what requirements a provider must meet in lieu of licensure, certification or registration when the state in which the service is to be furnished does not require a provider of these services to be licensed, certified or registered, or when the state licenses, certifies or registers the provider of services under another name.

**Historical Note**

Adopted effective August 10, 1992 (Supp. 92-3). R20-6-1003 recodified from R4-14-1003 (Supp. 95-1). Amended by final rulemaking at 10 A.A.R. 4661, effective January 3, 2005 (Supp. 04-4). Amended by final exempt rulemaking at 23 A.A.R. 1119, effective November 10, 2017 (Supp. 17-2). Section amended by final rulemaking at 29 A.A.R. 3621 (November 24, 2023), effective January 7, 2024 (Supp. 23-4). Effective date corrected (Supp. 23-4, Ver. 2).

**R20-6-1004. Required Policy Provisions****A. Renewability**

1. An individual long-term care insurance policy shall contain a renewability provision which shall be either "guaranteed renewable" or "noncancellable." The renewability provision shall be appropriately captioned, shall appear on the first page of the policy, and shall state that the coverage is guaranteed renewable or noncancellable. This requirement does not apply to a long-term care insurance policy that is part of or combined with a life insurance policy that does not contain a renewability provision and that reserves the right not to renew solely to the policyholder.
2. An insurer shall not use the terms "guaranteed renewable" and "noncancellable" in any individual long-term care insurance policy without further explanatory language according to the disclosure requirements of this Article.
3. A qualified long-term care insurance policy shall have the guaranteed renewability provisions specified in Section 7702B(b)(1)(C) of the Internal Revenue Code of 1986, as amended, in the policy.
4. A long-term care insurance policy or certificate shall include a statement that premium rates are subject to change, unless the policy does not afford the insurer the right to raise premiums.

**B. Limitations and Exclusions**

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

1. If a long-term care insurance policy or certificate contains any limitations with respect to preexisting conditions, the limitations shall appear as a separate paragraph of the policy or certificate and shall be labeled as "Preexisting Condition Limitations."
  2. A long-term care insurance policy or certificate containing any limitations or conditions for eligibility not prohibited by A.R.S. §§ 20-1691.03 and 20-1691.05 shall describe the limitations or conditions, including any required number of days of confinement, in a separate paragraph of the policy or certificate and shall label the paragraph "Limitations or Conditions on Eligibility for Benefits."
  3. A policy shall not be delivered or issued for delivery in this state as long-term care insurance if the policy limits or excludes coverage by type of illness, treatment, medical condition or accident, except as follows:
    - a. Preexisting conditions or disease;
    - b. Mental or nervous disorders; however, this shall not permit exclusion or limitation of the benefits on the basis of Alzheimer's Disease;
    - c. Alcoholism and drug addiction;
    - d. Illness, treatment or medical condition arising out of:
      - i. War, declared or undeclared, or act of war;
      - ii. Participation in a felony, riot or insurrection;
      - iii. Service in the armed forces or auxiliary units;
      - iv. Suicide, attempted suicide, or intentionally self-inflicted injury; or
      - v. Aviation, if non-fare-paying passenger;
    - e. Treatment provided in a government facility, unless otherwise required by law;
    - f. Services for which benefits are available under Medicare or other governmental program, except Medicaid;
    - g. Any state or federal workers' compensation, employer's liability or occupational disease law, or any motor vehicle no-fault law;
    - h. Services provided by a member of the covered person's immediate family and services for which no charge is normally made in the absence of insurance;
    - i. Expenses for services or items available or paid under another long-term care insurance or health insurance policy; or
    - j. In the case of a qualified long-term care insurance policy, expenses for services or items to the extent that the expenses are reimbursable under Title XVIII of the Social Security Act or would be reimbursable but for the application of a deductible or coinsurance amount;
  4. Subsection (B) does not prohibit exclusions and limitations by type of provider or territorial limitations. No long-term care issuer may deny a claim because services are provided in a state other than the state of policy issued under the following conditions:
    - a. When the state other than the state of policy issue does not have the provider licensing, certification or registration required in the policy, but where the provider satisfies the policy requirements outlined for providers in lieu of licensure, certification or registration; or
    - b. When the state other than the state of policy issue licenses, certifies or registers the provider under another name.
  5. "State of policy issue" means the state in which the insurer issued the individual policy or certificate.
- C. Extension of benefits. A long-term care insurance policy shall provide that termination of long-term care insurance is without prejudice to any benefits payable for institutionalization if the institutionalization began while the long-term care insurance was in force and continues without interruption after termination. An insurer may limit this extension of benefits period to the duration of the benefit period, if any, or to payment of the maximum benefits and the insurer may still apply any policy waiting period and all other applicable provisions of the policy.
- D. Reinstatement. A long-term care insurance policy shall include a provision for reinstatement of coverage if a lapse occurs if the insurer receives proof that the insured was cognitively impaired or had a loss of functional capacity before expiration of the grace period in the policy. The option to reinstate shall be available to the insured for at least five months after the date of termination and shall allow for the collection of past due premiums, as appropriate. The standard of proof of cognitive impairment or loss of functional capacity shall not be more stringent than the benefit eligibility criteria for these conditions set forth in the original long-term care policy.
- E. Continuation or conversion.
1. A group long-term care insurance policy shall provide covered individuals with a basis for continuation or conversion of coverage as specified in this subsection.
  2. The policy shall include a provision that maintains coverage under the existing group policy when the coverage would otherwise terminate, subject only to the continued timely payment of premiums when due. A group policy that restricts provision of benefits and services to, or has incentives to use certain providers or facilities, may provide continuation benefits that are substantially equivalent to the benefits of the existing group policy. The Director shall make a determination as to the substantial equivalency of benefits and, in doing so, shall take into consideration the differences between managed care and non-managed care plans, including provider system arrangements, service availability, benefit levels and administrative complexity.
  3. The policy shall include a provision that an individual, whose coverage under the group policy would otherwise terminate or has been terminated for any reason, including discontinuation of the group policy in its entirety or with respect to an insured class, who has been continuously insured under the group policy (and any group policy which it replaced) for at least six months immediately prior to termination, is entitled to the issuance of a converted policy by the insurer under whose group policy the individual is covered, without evidence of insurability.
  4. A converted policy shall be an individual policy of long-term care insurance providing benefits identical to or benefits that the Director determines to be substantially equivalent to or in excess of those provided under the group policy from which conversion is made. Where the group policy from which conversion is made restricts provision of benefits and services to, or contains incentives to use certain providers or facilities, the Director, in making a determination as to the substantial equivalency of benefits, shall take into consideration the differences between managed care and non-managed care plans, including, but not limited to, provider system arrangements.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

ments, service availability, benefit levels and administrative complexity, and other plan elements.

5. An insurer may require an individual seeking a conversion policy to make a written application for the converted policy and pay the first premium due, if any, as directed by the insurer not later than 31 days after termination of coverage under the group policy. The insurer shall issue the converted policy effective on the day following the termination of coverage under the group policy. The converted policy shall be renewable annually.
  6. Unless the group policy from which conversion is made replaced previous group coverage, the insurer shall calculate the premium for the converted policy on the basis of the insured's age at inception of coverage under the group policy from which conversion is made. If the group policy from which conversion is made replaced previous group coverage, the premium for the converted policy shall be calculated on the basis of the insured's age at inception of coverage under the group policy replaced.
  7. An insurer is required to provide continuation of coverage or issuance of a converted policy as provided in this subsection, unless:
    - a. Termination of group coverage resulted from an individual's failure to make any required payment of premium or contribution when due; or
    - b. The terminating coverage is replaced not later than 31 days after termination, by group coverage that:
      - i. Is effective on the day following the termination of coverage;
      - ii. Provides benefits identical to or benefits the Director determines to be substantially equivalent to or in excess of those provided by the terminating coverage; and
      - iii. Has a premium calculated in a manner consistent with the requirements of subsection (E)(6).
  8. Notwithstanding any other provision of this Section, a converted policy that an insurer issues to an individual who at the time of conversion is covered by another long-term care insurance policy providing benefits on the basis of incurred expenses, may contain a provision that reduces benefits payable if the benefits provided under the additional coverage, together with the full benefits provided by the converted policy, would result in payment of more than 100% of incurred expenses. An insurer may include this provision in the converted policy only if the converted policy also provides for a premium decrease or refund that reflects the reduction in payable benefits.
  9. The converted policy may provide that the benefits payable under the converted policy, together with the benefits payable under the group policy from which conversion is made, shall not exceed those that would have been payable had the individual's coverage under the group policy remained in force and effect.
  10. Notwithstanding any other provision of this Section, an insured individual whose eligibility for group long-term care coverage is based upon the individual's relationship to another person, is entitled to continuation of coverage under the group policy if the qualifying relationship terminates by death or dissolution of marriage.
- F. Discontinuance and replacement.** If a group long-term care policy is replaced by another group long-term care policy issued to the same policyholder, the succeeding insurer shall offer coverage to all persons covered under the previous group policy on its date of termination. Coverage provided or offered to individuals by the insurer and premiums charged to persons under the new group policy:
1. Shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced; and
  2. Shall not vary or otherwise depend on the individual's health or disability status, claim experience, or use of long-term care services.
- G. Premium Increases.**
1. An insurer shall not increase the premium charged to an insured because of:
    - a. The increasing age of the insured at ages beyond 65, or
    - b. The duration of coverage under the policy.
  2. Purchase of additional coverage is not considered a premium rate increase, however, for the calculation required under R20-6-1019, an insurer shall add to and consider the portion of the premium attributable to the additional coverage as part of the initial annual premium.
  3. A reduction in benefits is not considered a premium change, however, for the calculation required under R20-6-1019, an insurer shall base the initial annual premium on the reduced benefits.
- H. Electronic enrollment for group policies.**
1. For coverage offered to a group defined in A.R.S. § 20-1691(5)(a), any requirement that an insurer or insurance producer obtain an insured's signature is satisfied if:
    - a. The group policyholder or insurer obtains the insured's consent by telephonic or electronic enrollment, and provides the enrollee with verification of enrollment information within five business days of enrollment; and
    - b. The telephonic or electronic enrollment process has necessary and reasonable safeguards to assure the accuracy, retention, and prompt retrieval of records, and the confidentiality of individually identifiable and privileged information.
  2. If the Director requests, the insurer shall make available records showing the insurer's ability to confirm enrollment and coverage amounts.
- I. Minimum standards for home health and community care benefits.**
1. If an insurer issues a long-term care insurance policy or certificate that provides benefits for home-health or community care, the policy or certificate shall not limit or exclude benefits by any of the following:
    - a. Requiring that the insured would need skilled care in a skilled nursing facility if home health services are not provided;
    - b. Requiring that the insured first or simultaneously receive nursing or therapeutic services, or both, in a home, community or institutional setting before home health services are covered;
    - c. Requiring that eligible services be provided by a registered nurse or licensed practical nurse;
    - d. Requiring that a nurse or therapist provide services covered by the policy that can be provided by a home health aide or other licensed or certified home care worker acting within the scope of licensure or certification;
    - e. Requiring that the insured or claimant have an acute condition before home health services are covered;

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- f. Limiting benefits to services provided by Medicare-certified agencies or providers;
  - g. Excluding coverage for personal care services provided by a home health aide;
  - h. Requiring that home health care services be provided at a level of certification or licensure greater than that required by the eligible service; or
  - i. Excluding coverage for adult day care services.
2. If a long-term care insurance policy provides benefits for home health or community care services, it shall provide home health or community care coverage that equals a dollar amount equivalent to at least one-half of one year's missing home benefit coverage available at the time covered home health or community care services are being received. This requirement does not apply to policies or certificates issued to residents of continuing care retirement communities.
3. An insurer may apply home health care coverage to non-home health care benefits in the policy or certificate when determining maximum coverage under the terms of the policy or certificate.
- J. Appeals. Policy shall include a clear description of the process for appealing and resolving benefit determinations.

**Historical Note**

Adopted effective August 10, 1992 (Supp. 92-3). R20-6-1004 recodified from R4-14-1004 (Supp. 95-1).

Amended by final rulemaking at 10 A.A.R. 4661, effective January 3, 2005 (Supp. 04-4). Amended by final exempt rulemaking at 23 A.A.R. 1119, effective November 10, 2017 (Supp. 17-2).

**R20-6-1005. Unintentional Lapse**

- A. An insured may designate in writing at least one person to receive notice of lapse or termination of a long-term care insurance policy for nonpayment of premium, in addition to the insured. Designation shall not constitute acceptance of any liability by the third-party notice recipient for services provided to the insured.
- B. An insurer shall not issue an individual long-term care insurance policy or certificate until the applicant has provided either a written designation of at least one person, in addition to the applicant, who shall receive notice of lapse or termination of the policy or certificate for nonpayment of premium, with the person's full name and home address, or the applicant's written waiver, dated and signed, indicating that the applicant chooses not to designate a notice recipient.
- C. The insurer shall use a form for written designation or waiver that provides space clearly delineated for the designation. The insurer shall include the following language on the form for waiver of the right to name a designated recipient: "Protection against unintended lapse. I understand that I have the right to designate at least one person other than myself to receive notice of lapse or termination of this long-term care insurance policy for nonpayment of premium. I understand that this notice will not be given until 30 days after a premium is due and unpaid. I elect NOT to designate a person to receive this notice."
- D. At least once every two years, an insurer shall notify the insured of the right to change the person designated to receive notice in subsection (A). An insured may add, delete, or change a designated recipient or change a designated recipient at any time by notifying the insurer in writing, and providing the name and home address for the new designated recipient or the designated recipient to be deleted.

- E. If the insured pays premiums for the long-term care insurance policy or certificate through a payroll or pension deduction plan, the insurer is not required to comply with the requirements in subsections (A) through (D) until 60 days after the insured is no longer on the payment plan.
- F. An individual long-term care insurance policy shall not lapse or be terminated for nonpayment of premium unless the insurer gives the insured and any recipient designated under subsections (A) through (D) written notice at least 30 days before the effective date of termination or lapse, by first class mail, postage prepaid, at the address provided by the insured for purposes of receiving notice of lapse or termination. An insurer shall not give notice until 30 days after the date on which a premium is due and unpaid. Notice is deemed given five days after the date of mailing.
- G. Reinstatement. In addition to the requirement in subsections (A) through (D), a long-term care insurance policy or certificate shall include a provision that provides for reinstatement of coverage in the event of a lapse if the insurer is provided proof that the policyholder or certificateholder was cognitively impaired or had a loss of functional capacity before the grace period contained in the policy expired. This option shall be available to the insured if requested within five months after termination and shall allow for the collection of past due premium, where appropriate. The standard of proof of cognitive impairment or loss of functional capacity shall not be more stringent than the benefit eligibility criteria on cognitive impairment or the loss of functional capacity contained in the policy or certificate. Reinstatement after termination for other than unintentional lapse shall be governed by A.R.S. § 20-1348.

**R20-6-1006. Inflation Protection**

- A. An insurer shall not offer a long-term care insurance policy unless the insurer offers to the policyholder, at the time of purchase, in addition to any other inflation protection, the option to purchase a policy with an inflation protection provision that provides for benefit levels to increase with benefit maximums or reasonable durations which are meaningful to account for reasonably anticipated increases in the costs of long-term care services covered by the policy. The terms of the required provision shall be no less favorable than one of the following:
  1. A provision that provides for annual increases in benefit levels compounding annually at a rate of not less than 5%;
  2. A provision that guarantees an insured the right to periodically increase benefit levels without providing evidence of insurability or health status, if the insured did not decline the option for the previous period. The increased benefit shall be no less than the difference between the existing policy benefit and that benefit compounded annually at a rate of at least 5% for the period beginning from the purchase of the existing benefit and extending until the year in which the offer is made; or

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

3. A provision for coverage of a specified percentage of actual or reasonable charges that is not subject to a maximum specified indemnity amount or limit.
  - B. If the policy is issued to a group, the insurer shall extend the offer required by subsection (A) to the group policyholder; except, if the policy is issued under A.R.S. § 20-1691.04(C) to a group, other than to a continuing care retirement community, the insurer shall make the offer to each proposed certificate-holder.
  - C. An insurer is not required to make the offer in subsection (A) for life insurance policies or riders with accelerated long-term care benefits.
  - D. An insurer shall include the information listed in this subsection in or with the outline of coverage.
    1. A graphic comparison of the benefit levels of a policy that increases benefits over the policy period with a policy that does not increase benefits. The graphic comparison shall show benefit levels over at least a 20-year period.
    2. Any expected premium increases or additional premiums to pay for automatic or optional benefit increases. If premium increases or additional premiums will be based on the attained age of the applicant at the time of the increase, the insurer shall provide a revised schedule of attained-age premiums. An insurer may use a reasonable hypothetical or a graphic demonstration for this disclosure.
  - E. Inflation-protection benefit increases shall continue without regard to an insured's age, claim status, claim history, or length of time the person has been insured under the policy.
  - F. An insurer's offer of inflation protection that provides for automatic benefit increases shall include an offer of a premium that the insurer expects to remain constant. The insurer shall disclose in the offer in a conspicuous manner that the premium may change in the future unless the premium is guaranteed to remain constant.
  - G. An insurer shall include in a long-term care insurance policy inflation protection as provided in subsection (A)(1) unless the insurer obtains a rejection of inflation protection signed by the insured as required in subsection (H). The rejection may be either on the application form or on a separate form.
  - H. A rejection of inflation protection is deemed part of an application and shall state: "I have reviewed the outline of coverage and the graphs that compare the benefits and premiums of this policy with and without inflation protection. Specifically, I reviewed Plans [insert description of plans], and I reject inflation protection."
- tance by the individual insured. After the date of policy issue, any rider or endorsement that increases benefits or coverage with a concomitant increase in premium during the policy term shall require the signed written agreement of the insured unless the increased benefits or coverage are required by law. If the insurer charges a separate additional premium for benefits provided in connection with riders or endorsements, the premium charge shall be set forth in the policy, rider, or endorsement.
- B. Payment of Benefits. A long-term care insurance policy that provides for the payment of benefits based on standards described as "usual and customary," "reasonable and customary" or words of similar import shall define the terms and explain them in its accompanying outline of coverage.
  - C. Disclosure of tax consequences. For life insurance policies that provide an accelerated benefit for long-term care, an insurer shall provide a disclosure statement at the time of application for the policy or rider and at the time the accelerated benefit payment request is submitted, that receipt of these accelerated benefits may be taxable, and that assistance should be sought from a personal tax adviser. The disclosure statement shall be prominently displayed on the first page of the policy or rider and any other related documents. This subsection shall not apply to qualified long-term care insurance contracts.
  - D. Benefit triggers. A long-term care insurance policy shall use activities of daily living and cognitive impairment to measure an insured's need for long-term care. The long-term care insurance policy shall describe these terms and provisions in a separate paragraph in the policy labeled "Eligibility for the Payment of Benefits" that includes and explains:
    1. Any additional benefit triggers,
    2. Benefit triggers that result in payment of different benefit levels, and
    3. Any requirement that an attending physician or other specified person certify a certain level of functional dependency for the insured to be eligible for benefits.
  - E. A long-term care insurance contract shall contain a disclosure statement in the policy and in the outline of coverage indicating whether it is intended to be a qualified long-term care insurance contract as specified in the outline of coverage in Appendix J, paragraph 3. The contract shall also include a Specification Page which shall include the benefits, amounts, durations, the premium rate including all optional benefits selected by the insured, and any other benefit data applicable to the insured.

20-1691(5)(a), the provisions of this Section apply on the first policy anniversary that occurs on or after November 10, 2005.

- B.** Unless a policy is one for which an insurer cannot increase the applicable premium rate or rate schedule, the insurer shall provide the information listed in this subsection to the applicant at the time of application or enrollment. If the method of application does not allow for delivery at that time, the insurer shall provide the information to the applicant no later than at the time of delivery of the policy or certificate.
1. A statement that the policy may be subject to rate increases in the future.
  2. An explanation of potential future premium rate revisions, and the policyholder's or certificateholder's option if a premium rate revision occurs.
  3. The premium rate or rate schedules applicable to the applicant that will be in effect until the insurer makes a request for an increase.
  4. A general explanation for applying premium rate or rate schedule adjustments that includes:
    - a. A description of when premium rate or rate-schedule adjustments will be effective (e.g., next anniversary date, next billing date); and
    - b. The insurer's right to a revised premium rate or rate schedule as provided in subsection (B)(3) if the premium rate or rate schedule is changed.
  5. Information regarding each premium rate increase on this policy form or similar policy form over the past 10 years for this state or any other state that, at a minimum, identifies:
    - a. The policy forms for which premium rates have been increased;
    - b. The calendar years when the form was available for purchase; and
    - c. The amount or percent of each increase, which may be expressed as a percentage of the premium rate before the increase, or as minimum and maximum percentages if the rate increase is variable by rating characteristics.
  6. The insurer may, in a fair manner, provide explanatory information related to the rate increases in addition to the information required under subsection (B)(5).
- C.** An insurer may exclude from the disclosure required under subsection (B)(5), premium rate increases applicable to:
1. Blocks of business acquired from other nonaffiliated insurers, and
  2. Policies acquired from other nonaffiliated insurers if the increases occurred before the acquisition.
- D.** If an acquiring insurer files for a rate increase on a long-term care insurance policy form or a block of policy forms acquired from a nonaffiliated insurer on or before the later of the January 10, 2005, or the end of a 24-month period following the acquisition of the policies or block of policies, the acquiring insurer may exclude that rate increase from the disclosure required under subsection (B)(5). However, the nonaffiliated insurer that sells the policy form or a block of policy forms shall include that rate increase in the disclosure required under subsection (B)(5). If the acquiring insurer files for a subsequent rate increase, even within the 24-month period, on the same policy form acquired from a nonaffiliated insurer or block of policy forms acquired from nonaffiliated insurers, the acquiring insurer shall make all disclosures required by subsection (B)(5), including disclosure of the earlier rate increase.

- E.** Unless the method of application does not allow an insured to sign an acknowledgement that the insurer made the disclosures required under subsection (B) at the time of application, the applicant shall sign an acknowledgement of disclosure at that time. Otherwise, the applicant shall sign a disclosure acknowledgement no later than at the time of delivery of the policy or certificate.
- F.** An insurer shall use the forms in Appendix A and Appendix B to comply with the requirements of subsections (B) through (E). The text and format of an insurer's forms shall be substantially similar to the text and format of Appendices A and B.
- G.** An insurer shall provide notice of an upcoming premium rate schedule increase to all policyholders or certificateholders, if applicable, at least 45 days before the effective date of the increase. The notice shall include the information required by subsection (B).

**R20-6-1009. Initial Filing Requirements**

- A.** This Section applies to any long-term care policy issued in this state on or after May 10, 2005.
- B.** At the time of making a filing under A.R.S. § 20-1691.08, an insurer shall provide to the Director a copy of the disclosure documents required under R20-6-1008 and an actuarial certification that includes the following:
1. The initial premium rate schedule is sufficient to cover anticipated costs under moderately adverse experience and that the premium rate schedule is reasonably expected to be sustainable over the life of the form with no future premium increases anticipated;
  2. The policy design and coverage provided have been reviewed and taken into consideration;
  3. The underwriting and claims adjudication processes have been reviewed and taken into consideration;
  4. The premiums contain at least the minimum margin for moderately adverse experience as defined in subsection (4)(a) or the specification of and justification for a lower margin as required by subsection (4)(b).
    - a. A composite margin shall not be less than 10% of lifetime claims.
    - b. A composite margin that is less than 10% may be justified in uncommon circumstances. The proposed amount, full justification of the proposed amount and methods to monitor developing experience that would be the basis for withdrawal of approval for such lower margins must be submitted.
    - c. A composite margin lower than otherwise considered appropriate for the stand-alone long-term care policy may be justified for long-term care benefits provided through a life policy or an annuity contract. Such lower composite margin, if utilized, shall be justified by appropriate actuarial demonstration addressing margins and volatility when considering the entirety of the product.
    - d. A greater margin may be appropriate in circumstances where the company has less credible experi-

ence to support its assumptions used to determine the premium rates.

5. A statement that the premium rate schedule:
  - a. Is not less than the premium rate schedule for existing similar policy forms also available from the insurer except for reasonable differences attributable to benefits, or
  - b. A comparison of the premium schedules for similar policy forms that are currently available from the insurer with an explanation of the differences; and
6. A statement that reserve requirements have been reviewed and considered. Support for this statement shall include:
  - a. Sufficient detail or sample calculations provided so as to have a complete depiction of the reserve amounts to be held; and
  - b. A statement that the difference between the gross premium and the net valuation premium for renewal years is sufficient to cover expected renewal expenses; or if such a statement cannot be made, a complete description of the situations where this does not occur. An aggregate distribution of anticipated issues may be used as long as the underlying gross premiums maintain a reasonably consistent relationship.
- C. An actuarial memorandum shall be included that is signed by a member of the Academy of Actuaries and that addresses and supports each specific item required as part of the actuarial certification and provides at least the following:
  1. An explanation of the review performed by the actuary prior to making the statements in subsections (B)(2) and (B)(3);
  2. A complete description of pricing assumptions;
  3. Sources and levels of margins incorporated into the gross premiums that are the basis for the statement in subsection (B)(1) of the actuarial certification and an explanation of the analysis and testing performed in determining the sufficiency of the margins. The actuary shall clearly describe deviations in margins between ages, sexes, plans or states. Deviations in margins required to be described are other than those produced utilizing generally accepted actuarial methods for smoothing and interpolating gross premium scales; and
  4. A demonstration that the gross premiums include the minimum composite margin specified in subsection (B)(4).
- D. In any review of the actuarial certification and actuarial memorandum, the Director may request review by an actuary with experience in long-term care pricing who is independent of the insurer. In the event the Director asks for additional information as a result of any review, the period in A.R.S. § 20-1691.08 does not include the period during which the insurer is preparing the requested information.

**R20-6-1010. Requirements for Application Forms and Replacement Coverage; Prohibition Against Preexisting Condi-****tions and Probationary Periods in Replacement Policies or Certificates; Reporting Requirements**

- A. An insurer's application form for a long-term care insurance policy shall include the questions listed in this Section to elicit information as to whether, as of the date of the application, the applicant has another long-term care insurance policy or certificate in force or whether a long-term care policy or certificate is intended to replace any other health or long-term care policy or certificate presently in force. An insurer may include the questions in a supplementary application or other form to be signed by the applicant and insurance producer, except where the coverage is sold without an insurance producer. For a replacement policy issued to a group as defined in A.R.S. § 20-1691(5)(a), the insurer may modify the questions only to the extent necessary to elicit information about health or long-term care insurance policies other than the group policy being replaced if the certificateholder has been notified of the replacement.
  1. Do you have another long-term care insurance policy or certificate in force (including health care service contract, health maintenance organization contract)?
  2. Did you have another long-term care insurance policy or certificate in force during the last 12 months?
    - a. If so, with which company?
    - b. If that policy lapsed, when did it lapse?
  3. Are you covered by Medicaid?
  4. Do you intend to replace any of your medical or health insurance coverage with this policy or certificate?
- B. The application or enrollment form for such policies or certificates shall clearly indicate the payment plan the applicant selects.
- C. An insurance producer shall list any other health insurance policies the insurance producer has sold to the applicant, including:
  1. Policies that are still in force, and
  2. Policies sold in the past five years that are no longer in force.
- D. Solicitations Other than Direct Response. On determining that a sale will involve replacement, an insurer, other than an insurer using direct response solicitation methods, or its insurance producer; shall furnish the applicant, before issuing or delivering the individual long-term care insurance policy, a notice that substantially conforms to the form prescribed in Appendix C or D regarding replacement of health or long-term care coverage. The insurer shall:
  1. Give one copy of the notice to the applicant, and
  2. Keep an additional copy signed by the applicant.
- E. Direct Response Solicitations. Insurers using direct response solicitation methods as defined in A.R.S. § 20-1661 shall deliver a notice that substantially conforms to the form prescribed in Appendix C or D regarding replacement of health or long-term care coverage to the applicant upon issuance of the policy.
- F. If replacement is intended, the replacing insurer shall send the existing insurer written notice of the proposed replacement within five working days from the date the replacing insurer receives the application or issues the policy, whichever is sooner. The notice shall identify the existing policy by name of the insurer and the insured, and policy number or insured's address including zip code.
- G. A life insurance policy that accelerate benefits for long-term care shall comply with this Section if the policy being replaced is a long-term care insurance policy. If the policy being replaced is a life insurance policy, the insurer shall comply

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

with the replacement requirements of Title 20, Chapter 6, Article 1.1. If a life insurance policy that accelerates benefits for long-term care is replaced by another such policy, the replacing insurer shall comply with the requirements of this Section and with A.R.S. Title 20, Chapter 6, Article 1.1.

- H.** Prohibition against preexisting conditions and probationary periods in replacement policies or certificates. If a long-term care insurance policy or certificate replaces another long-term care policy or certificate, the replacing insurer shall waive any time periods applicable to preexisting conditions and probationary periods in the new long-term care policy for similar benefits if similar exclusions are satisfied under the original policy.
- I.** Reporting requirements.
  - 1. An insurer shall maintain the following records for each insurance producer:
    - a. The amount of the insurance producer's replacement sales as a percent of the insurance producer's total annual sales, and
    - b. The amount of lapses of long-term care insurance policies sold by the insurance producer as a percent of the insurance producer's total annual sales.
  - 2. No later than June 30 of each year, on the forms specified in Appendix E and Appendix F, an insurer shall report the following information for the preceding calendar year to the Department:
    - a. The 10% of its insurance producers licensed in Arizona with the greatest percentages of lapses and replacements as measured by subsection (I)(1);
    - b. The number of lapsed policies as a percent of the total annual sales and as a percent of the insurer's total number of policies in force as of the end of the preceding calendar year;
    - c. The number of replacement policies sold as a percent of the insurer's total annual sales and as a percent of its total number of policies in force as of the end of the preceding calendar year; and
    - d. For qualified long-term care insurance contracts, the number of claims denied for each class of business, expressed as a percentage of claims denied.
- J.** In subsection (I):
  - 1. "Claim" means a request for payment of benefits under an in-force policy, regardless of whether the benefit claimed is covered under the policy or any terms or conditions of the policy have been met.
  - 2. "Denied" means the insurer refuses to pay a claim for any reason other than for claims not paid for failure to meet the waiting period or because of an applicable preexisting condition.
  - 3. "Policy" means only long-term care insurance.
  - 4. "Report" means on a statewide basis.
- K.** Reported replacement and lapse rates do not alone constitute a violation of insurance laws or necessarily imply wrongdoing. The reports are for the purpose of reviewing more closely agent activities regarding the sale of long-term care insurance. Reports required under this Section shall be filed with the Director.
- L.** Annual rate certification requirements. This subsection applies to any long-term care policy issued in Arizona on or after November 10, 2017. The following annual submission requirements apply subsequent to initial rate filings for individual long-term care insurance policies made under this Section:

- 1. An actuarial certification prepared, dated and signed by a member of the American Academy of Actuaries which contains a statement of the sufficiency of the current premium rate schedule, including:
  - a. For the rate schedules currently marketed, that the premium rate schedule continues to be sufficient to cover anticipated costs under moderately adverse experience and that the premium rate schedule is reasonably expected to be sustainable over the life of the form with no future premium increases anticipated or a statement that margins for moderately adverse experience may no longer be sufficient. For a statement that margins for moderately adverse experience may no longer be sufficient, the insurer shall provide to the Director, within 60 days of the date the actuarial certification is submitted to the Director, a plan of action, including a time frame, for the re-establishment of adequate margins for moderately adverse experience so that the ultimate premium rate schedule would be reasonably expected to be sustainable over the future life of the form with no future premium increases anticipated. Failure to submit a plan of action to the Director within 60 days or to comply with the time frame stated in the plan of action constitutes grounds for the Director to withdraw or modify approval of the form for future sales pursuant to A.R.S. § 20-1691.08.
  - b. For the rate schedules that are no longer marketed, that the premium rate schedule continues to be sufficient to cover anticipated costs under best estimate assumptions or that the premium rate schedule may no longer be sufficient. If the premium rate schedule is no longer sufficient, the insurer shall provide to the Director, within 60 days of the date the actuarial certification is submitted to the Director, a plan of action, including time frame, for the re-establishment of adequate margins for moderately adverse experience;
- 2. A description of the review performed that led to the statement; and
- 3. An actuarial memorandum dated and signed by a member of the American Academy of Actuaries who prepares the information shall be prepared to support the actuarial certification and provide at least the following information:
  - a. A detailed explanation of the data sources and review performed by the actuary prior to making the statement in subsection (L)(1),
  - b. A complete description of experience assumptions and their relationship to the initial pricing assumptions,
  - c. A description of the credibility of the experience data, and
  - d. An explanation of the analysis and testing performed in determining the current presence of margins.
- 4. The actuarial certification required pursuant to subsection (L)(1) must be based on calendar year data and submitted annually starting in the second year following the year in which the initial rate schedules are first used. The actuarial memorandum required pursuant to subsection (L)(3) must be submitted at least once every three years with the certification.

**R20-6-1011. Prohibition Against Post-claims Underwriting**

A. An application for a long-term care insurance policy or certificate that is not guaranteed issue shall meet the requirements of this Section.

1. The application shall contain clear and unambiguous questions designed to ascertain the applicant's health condition.
  - a. If the application has a question asking whether the applicant has had medication prescribed by a physician, the application shall also ask the applicant to list the prescribed medication.
  - b. If the insurer knew or reasonably should have known that the medications listed in the application are related to a medical condition for which coverage would otherwise be denied, the insurer shall not rescind the policy or certificate for that condition.
2. The application shall include the following language which shall be set out conspicuously and in close conjunction with the applicant's signature block: **"Caution: If your answers on this application are incorrect or untrue, [company] has the right to deny benefits or rescind your policy."**
3. The policy or certificate shall contain, at the time of delivery, the following language, or language substantially similar to the following, set out conspicuously: **"Caution: The issuance of this long-term care insurance [policy] [certificate] is based on your responses to the questions on your application. A copy of your [application] [enrollment form] [is enclosed] [was retained by you when you applied]. If your answers are incorrect or untrue, the company has the right to deny benefits or rescind your policy. The best time to clear up any questions is now, before a claim arises! If, for any reason, any of your answers are incorrect, contact the company at this address: [insert address]."**

B. Before issuing a long-term care insurance policy or certificate that is not guaranteed issue to an applicant age 80 or older, the insurer shall obtain one of the following:

1. A report of a physical examination,
2. An assessment of functional capacity,
3. An attending physician's statement, or
4. Copies of medical records.

C. The insurer or its insurance producer shall deliver a copy of the completed application or enrollment form, as applicable, to the insured no later than at the time of delivery of the policy or certificate unless the insurer gave a copy to the applicant it at the time of application.

D. An insurer selling or issuing long-term care insurance benefits shall maintain a record of all policy or certificate rescissions, both state and country-wide, except those which the insured voluntarily effectuated.

E. On or before March 31 of each year, an insurer shall report the following information to the Director for the preceding calendar year, using the form prescribed in Appendix G:

1. Insurer name, address, phone number;
2. As to each rescission except those voluntarily effectuated by the insured:
  - a. Policy form number,

- b. Policy and certificate number,
  - c. Name of the insured,
  - d. Date of policy issuance,
  - e. Date claim submitted,
  - f. Date of rescission, and
  - g. Detailed reason for rescission; and
3. Signature, name and title of the preparer, and date prepared.

**Historical Note**

Adopted effective August 10, 1992 (Supp. 92-3). R20-6-1011 recodified from R4-14-1011 (Supp. 95-1). R20-6-1011 renumbered to R20-6-1014; new Section R20-6-1011 renumbered from R20-6-1008 and amended by final rulemaking at 10 A.A.R. 4661, effective January 3, 2005 (Supp. 04-4). Amended by final exempt rulemaking at 23 A.A.R. 1119, effective November 10, 2017 (Supp. 17-2).

**R20-6-1012. Reserve Standards**

A. If long-term care benefits are provided through the acceleration of benefits under group or individual life policies or riders, an insurer shall determine policy reserves for long-time care benefits under A.R.S. § 20-510. An insurer shall also establish claim reserves for a policy or rider in claim status.

B. An insurer shall base reserves for policies and riders under subsection (A) on the multiple decrement model using all relevant decrements except for voluntary termination rates. An insurer may use single decrement approximations if the calculation produces essentially similar reserves, if the reserve is clearly more conservative, or if the reserve is immaterial. The insurer, when calculating reserves, may take into account the reduction in life insurance benefits due to the payment of long-term care benefits. The insurer shall not set the reserves for the long-term care benefit and the life insurance benefit to be less than the reserves for the life insurance benefit assuming no long-term care benefit.

C. In the development and calculation of reserves for policies and riders subject to this Section, an insurer shall give due regard to the applicable policy provisions, marketing methods, administrative procedures and all other considerations which impact projected claim costs including the following:

1. Definition of insured events,
2. Covered long-term care facilities,
3. Existence of home convalescence care coverage,
4. Definition of facilities,
5. Existence or absence of barriers to eligibility,
6. Premium waiver provision,
7. Renewability,
8. Ability to raise premiums,
9. Marketing method,
10. Underwriting procedures,
11. Claims adjustment procedures,
12. Waiting period,
13. Maximum benefit,
14. Availability of eligible facilities,
15. Margins in claim costs,
16. Optional nature of benefit,
17. Delay in eligibility for benefit,
18. Inflation protection provisions,
19. Guaranteed insurability option, and
20. Other similar or comparable factors affecting risk.

D. A member of the American Academy of Actuaries shall certify an insurer's use of any applicable valuation morbidity table as appropriate as a statutory valuation table.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- E. When long-term care benefits are provided other than as described in subsection (A), an insurer shall determine reserves under A.R.S. § 20-508.

**Historical Note**

Adopted effective August 10, 1992 (Supp. 92-3). R20-6-1012 recodified from R4-14-1012 (Supp. 95-1). R20-6-1012 renumbered to R20-6-1016; new Section R20-6-1012 renumbered from R20-6-1009 and amended by final rulemaking at 10 A.A.R. 4661, effective January 3, 2005 (Supp. 04-4). Section repealed; new Section renumbered from R20-6-1013 and amended by final exempt rulemaking at 23 A.A.R. 1119, effective November 10, 2017 (Supp. 17-2).

**R20-6-1013. Loss Ratio**

- A. This Section applies to policies and certificates issued any time prior to May 10, 2005.
- B. Benefits under an individual long-term care insurance policy are deemed reasonable in relation to premiums if the expected loss ratio is at least 60% calculated in a manner that provides for adequate reserving of the long-term care insurance risk. In evaluating the expected loss ratio, the director shall consider all relevant factors, including:
1. Statistical credibility of incurred claims experience and earned premiums;
  2. The period for which rates are computed to provide coverage;
  3. Experienced and projected trends;
  4. Concentration of experience within early policy duration;
  5. Expected claim fluctuation;
  6. Experience refunds, adjustments, or dividends;
  7. Renewability features;
  8. All appropriate expense factors;
  9. Interest;
  10. Experimental nature of the coverage;
  11. Policy reserves;
  12. Mix of business by risk classification; and
  13. Product features such as long elimination periods, high deductibles, and high maximum limits.
- C. A premium rate schedule or proposed revision to a premium rate schedule that is expected to produce, over the lifetime of the long-term care insurance policy, benefits that are less than 60% of the proposed premium rate schedule is deemed to be unreasonable.
- D. Subsections (B) and (C) do not apply to life insurance policies that accelerate benefits for long-term care. A life insurance policy that funds long-term care benefits entirely by accelerating the death benefit is deemed to provide reasonable benefits in relation to premiums paid if the policy complies with all of the following:
1. The interest credited internally to determine cash value accumulations, including long-term care, if any, is guaranteed not to be less than the minimum guaranteed interest rate for cash value accumulations without long-term care set forth in the policy;
  2. The portion of the policy that provides life insurance benefits complies with the nonforfeiture requirements of A.R.S. § 20-1231;
  3. The policy complies with the disclosure requirements of A.R.S. § 20-1691.06(A) through (E);
  4. At the time of making a filing under A.R.S. § 20-1691.08, the insurer files an actuarial memorandum that includes the following information:

- a. A description of the basis on which the long-term care rates were determined;
- b. A description of the basis for the reserves;
- c. A summary of the type of policy, benefits, renewability, general marketing method, and limits on ages of issuance;
- d. A description and a table of each actuarial assumption used; for expenses, an insurer shall include percent of premium dollars per policy and dollars per unit of benefits, if any;
- e. A description and a table of the anticipated policy reserves and additional reserves to be held in each future year for active lives;
- f. The estimated average annual premium per policy and the average issue age;
- g. A statement as to whether underwriting is performed, including:
  - i. Time of underwriting;
  - ii. A description of the type of underwriting used, such as medical underwriting or functional assessment underwriting; and
  - iii. For a group policy, whether an enrollee's dependents are subject to underwriting; and
- h. A description of the effect of the long-term care policy provisions on the required premiums, nonforfeiture values, and reserves on the underlying life insurance policy, both for active lives and those in long-term care claim status.

**Historical Note**

Adopted effective August 10, 1992 (Supp. 92-3). R20-6-1013 recodified from R4-14-1013 (Supp. 95-1). Section R20-6-1013 renumbered to R20-6-1017; new Section R20-6-1013 renumbered from R20-6-1010 and amended by final rulemaking at 10 A.A.R. 4661, effective January 3, 2005 (Supp. 04-4). Section R20-6-1013 renumbered to R20-6-1012; new Section R20-6-1013 renumbered from R20-6-1014 and amended by final exempt rulemaking at 23 A.A.R. 1119, effective November 10, 2017 (Supp. 17-2).

**R20-6-1014. Premium Rate Schedule Increase**

- A. This Section applies to any long-term care policy or certificate issued in this state on or after May 10, 2005 and prior to November 10, 2017.
- B. An insurer shall notify the Director of a proposed premium rate schedule increase, including an exceptional increase, at least 60 days before issuing notice to its policyholders. The notice to the Director shall include:
1. Information required by R20-6-1008;
  2. Certification by a qualified actuary that:
    - a. If the requested premium rate schedule increase is implemented and the underlying assumptions, which reflect moderately adverse conditions, are realized, no further premium rate schedule increases are anticipated;
    - b. The premium rate filing complies with the provisions of this Section; and
    - c. The insurer may request a premium rate schedule increase less than what is required under this Section and the Director may approve the premium rate schedule increase, without submission of the certification required by subsection (B)(2)(a), if the actuarial memorandum discloses the premium rate schedule increase necessary to make the certification

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- required by subsection (B)(2)(a), the premium rate schedule increase filing satisfies all other requirements of this Section, and is, in the opinion of the Director, in the best interest of the policyholders.
3. An actuarial memorandum justifying the rate schedule change request that includes:
    - a. Lifetime projections of earned premiums and incurred claims based on the filed premium rate schedule increase; and the method and assumptions used in determining the projected values, including the following:
      - i. Any assumptions that deviate from those used for pricing other forms currently available for sale;
      - ii. Annual values for the five years preceding and the three years following the valuation date, provided separately;
      - iii. Development of the lifetime loss ratio, unless the rate increase is an exceptional increase; and
      - iv. A demonstration of compliance with subsection (C).
    - b. For exceptional increases, the actuarial memorandum shall also include:
      - i. The projected experience that is limited to the increases in claims expenses attributable to the approved reasons for the exceptional increase; and
      - ii. If the Director determines under Section R20-6-1002(B)(3) that offsets may exist, the insurer shall use appropriate net projected experience;
    - c. Disclosure of how reserves have been incorporated in this rate increase when the rate increase will trigger contingent benefit upon lapse;
    - d. Disclosure of the analysis performed to determine why a rate adjustment is necessary, which pricing assumptions were not realized and why, and any other actions of the insurer on which the actuary has relied;
    - e. A statement that the actuary has considered policy design, underwriting, and claims adjudication practices;
    - f. Composite rates reflecting projections of new certificates in the event it is necessary to maintain consistent premium rates for new certificates and certificates receiving a rate increase; and
    - g. A demonstration that actual and projected costs exceed costs anticipated at the time of the initial pricing under moderately adverse experience and that the composite margin specified in R20-6-1009(B)(4) is projected to be exhausted;
  4. A statement that renewal premium rate schedules are not greater than new business premium rate schedules except for differences attributable to benefits, unless the insurer provides the Director with documentation justifying the greater rate; and
  5. Upon the Director's request, other similar and related information the Director may require to evaluate the premium rate schedule increase.
- C. All premium rate schedule increases shall be determined in accordance with the following requirements:
1. The insurer shall return 70% of the present value of projected additional premiums from an exceptional increase to policyholders in benefits;
  2. The sum of the accumulated value of incurred claims, without the inclusion of active life reserves, and the present value of future projected incurred claims, without the inclusion of active life reserves, shall not be less than the sum of the following:
    - a. The accumulated value of the initial earned premium times 58%;
    - b. 85% of the accumulated value of prior premium rate schedule increases on an earned basis;
    - c. The present value of future projected initial earned premiums times 58%; and
    - d. 85% of the present value of future projected premiums not in subsection (C)(2)(c) on an earned basis;
  3. If a policy form has both exceptional and other increases, the values in subsections (C)(2)(b) and (C)(2)(d) shall also include 70% for exceptional rate increase amounts; and
  4. All present and accumulated values used to determine rate increases shall use the maximum valuation interest rate for contract reserves as specified in the NAIC Accounting Practices and Procedures Manual to which insurers are subject under A.R.S. § 20-223. The actuary shall disclose the use of any appropriate averages in the actuarial memorandum required under subsection (B)(3).
- D. For each rate increase that is implemented, the insurer shall file for approval by the Director updated projections, as defined in subsection (B)(3)(a), annually for the next three years and shall include a comparison of actual results to projected values. The Director may extend the period to greater than three years if actual results are not consistent with projected values from prior projections. For group insurance policies that meet the conditions in subsection (M), the insurer shall provide the projections required by this subsection to the policyholder in lieu of filing with the Director.
- E. If any premium rate in the revised premium rate schedule is greater than 200% of the comparable rate in the initial premium schedule, the insurer shall file lifetime projections, as defined in subsection (B)(3)(a), for the Director's approval every five years following the end of the required period in subsection (D). For group insurance policies that meet the conditions in subsection (M), the insurer shall provide the projections required by this subsection to the policyholder instead of filing with the Director.
- F. If the Director finds that the actual experience following a rate increase does not adequately match the projected experience and that the current projections under moderately adverse conditions demonstrate that incurred claims will not exceed proportions of premiums specified in subsection (C), the Director may require the insurer to implement premium rate schedule adjustments or other measures to reduce the difference between the projected and actual experience. In determining whether the actual experience matches the projected experience, the Director shall consider subsection (B)(3)(f), if applicable.
- G. If the majority of the policies or certificates to which the increase applies are eligible for the contingent benefit upon lapse, the insurer shall file:
1. A plan, subject to Director approval, for improved administration or claims processing designed to eliminate the potential for further deterioration of the policy form experience requiring further premium rate schedule increases, or both, or to demonstrate that appropriate administration and claims processing have been implemented or are in

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

effect; otherwise the Director may impose the conditions in subsections (H) through (J); and

2. The original anticipated lifetime loss ratio, and the premium rate schedule increase that would have been calculated according to subsection (C) had the greater of the original anticipated lifetime loss ratio or 58% been used in the calculations described in subsections (C)(2)(a) and (C)(2)(c).
- H.** For a rate increase filing that meets the criteria listed in this subsection, the Director shall review, for all policies included in the filing, the projected lapse rates and past lapse rates during the 12 months following each increase to determine if lapsation in excess of projected lapsation has occurred or is anticipated:
1. The rate increase is not the first rate increase requested for the specific policy form or forms,
  2. The rate increase is not an exceptional increase, and
  3. The majority of the policies or certificates to which the increase applies are eligible for the contingent benefit upon lapse.
- I.** If the Director finds excess lapsation under subsection (H) has occurred, is anticipated in the filing or is evidenced in the actual results as presenting in the updated projections provided by the insurer following the requested rate increase, the Director may find that a rate spiral exists and may require the insurer to offer, without underwriting, to all in-force insureds subject to the rate increase, the option to replace existing coverage with one or more reasonably comparable products being offered by the insurer or its affiliates. The information communicating the offer is subject to the Director's approval. The offer shall:
1. Be based on actuarially sound principles, but not on attained age;
  2. Provide that maximum benefits under any new policy accepted by an insured shall be reduced by comparable benefits already paid under the existing policy; and
  3. Allow the insured the option of retaining the existing coverage.
- J.** The insurer shall maintain the experience of the insureds whose coverage was replaced under subsection (I) separate from the experience of insureds originally issued the policy forms. If the insurer requests a rate increase on the policy form, the rate increase shall be limited to the lesser of:
1. The maximum rate increase determined based on the combined experience; and
  2. The maximum rate increase determined based only on the experience of the insureds originally issued the form, plus 10%.
- K.** If the Director finds that an insurer has exhibited a history or pattern of filing inadequate initial premium rates for long-term care insurance, after considering the total number of policies filed over a period of time and the percentage of policies with inadequate rates, the Director may, in addition to remedies available under subsections (H) through (J), prohibit the insurer from the following:
1. Filing and marketing comparable coverage for a period of up to five years, and
  2. Offering all other similar coverages and limiting marketing of new applications to the products subject to recent premium rate schedule increases.
- L.** Subsections (A) through (K) shall not apply to a policy for which long-term care benefits provided by the policy are incidental, as defined under R20-6-1002(C), if the policy complies with all of the following provisions:
1. The interest credited internally to determine cash value accumulations, including long-term care, if any, are guaranteed not to be less than the minimum guaranteed interest rate for cash value accumulations without long-term care set forth in the policy;
  2. The portion of the policy that provides insurance benefits other than long-term care coverage meets the applicable nonforfeiture requirements under state law, including A.R.S. §§ 20-1231, 20-1232 and 20-2636;
  3. The policy meets the disclosure requirements of A.R.S. § 20-1691.06;
  4. The portion of the policy that provides insurance benefits other than long-term care coverage meets the disclosure requirements as applicable in the following:
    - a. A.R.S. Title 20, Chapter 6, Article 1.2; and
    - b. A.R.S. Title 20, Chapter 16, Article 2;
  5. At the time of making a filing under A.R.S. § 20-1691.08, the insurer files an actuarial memorandum that includes:
    - a. Description of the bases on which the actuary determined the long-term care rates and the reserves;
    - b. A summary of the type of policy, benefits, renewability provisions, general marketing method, and limits on ages of issuance;
    - c. A description and a table of each actuarial assumption used, with the percent of premium dollars per policy and dollars per unit of benefits, if any, for expenses;
    - d. A description and a table of the anticipated policy reserves and additional reserves to be held in each future year for active lives;
    - e. The estimated average annual premium per policy and the average issue age;
    - f. A statement as to whether the insurer performs underwriting at the time of application with an explanation of the following:
      - i. Whether underwriting is used, and if used, a description of the type of underwriting, such as medical underwriting or functional assessment underwriting; and
      - ii. For a group policy, whether the enrollee or any dependent will be underwritten and when underwriting occurs; and
    - g. A description of the effect of the long-term care policy provision on the required premiums, nonforfeiture values, and reserves on the underlying insurance policy, both for active lives and those in long-term care claim status.
- M.** Subsections (F) and (H) through (J) shall not apply to group insurance as defined in A.R.S. § 20-1691(6) where:
1. The policies insure 250 or more persons and the policyholder has 5,000 or more eligible employees of a single employer; or
  2. The policyholder, and not the certificateholder, pays a material portion of the premium, which shall not be less than 20% of the total premium for the group in the calendar year prior to the year a rate increase is filed.

**R20-6-1015. Premium Rate Schedule Increases for Policies Subject to Loss Ratio Limits Related to Original Filings**

- A.** This Section applies to any long-term care policy or certificate issued in this state on or after November 10, 2017.
- B.** An insurer shall notify the Director of a proposed premium rate schedule increase, including an exceptional increase, at least 60 days before issuing notice to its policyholders. The notice to the Director shall include:
1. Information required by R20-6-1008;
  2. Certification by a qualified actuary that:
    - a. If the requested premium rate schedule increase is implemented and the underlying assumptions, which reflect moderately adverse conditions, are realized, no further premium rate schedule increases are anticipated;
    - b. The premium rate filing complies with the provisions of this Section; and
    - c. The insurer may request a premium rate schedule increase less than what is required under this Section and the Director may approve the premium rate schedule increase, without submission of the certification required by subsection (B)(2)(a), if the actuarial memorandum discloses the premium rate schedule increase necessary to make the certification required by subsection (B)(2)(a), the premium rate schedule increase filing satisfies all other requirements of this Section, and is, in the opinion of the Director, in the best interest of the policyholders.
  3. An actuarial memorandum justifying the rate schedule change request that includes:
    - a. Lifetime projections of earned premiums and incurred claims based on the filed premium rate schedule increase; and the method and assumptions used in determining the projected values, including the following:
      - i. Any assumptions that deviate from those used for pricing other forms currently available for sale;
      - ii. Annual values for the five years preceding and the three years following the valuation date, provided separately;
      - iii. Development of the lifetime loss ratio, unless the rate increase is an exceptional increase; and
      - iv. A demonstration of compliance with subsection (C).
    - b. For exceptional increases, the actuarial memorandum shall also include:
      - i. The projected experience that is limited to the increases in claims expenses attributable to the approved reasons for the exceptional increase; and
      - ii. If the Director determines under Section R20-6-1002(B)(3) that offsets may exist, the insurer shall use appropriate net projected experience;
    - c. Disclosure of how reserves have been incorporated in this rate increase when the rate increase will trigger contingent benefit upon lapse;
    - d. Disclosure of the analysis performed to determine why a rate adjustment is necessary, which pricing assumptions were not realized and why, and any other actions of the insurer on which the actuary has relied;
- C.** All premium rate schedule increases shall be determined in accordance with the following requirements:
1. Exceptional increases shall provide that 70% of the present value of projected additional premiums from the exceptional increase will be returned to policyholders in benefits;
  2. The insurer shall calculate premium rate increases such that the sum of the lesser of either the accumulated value of the actual incurred claims (without the inclusion of active life reserves) or the accumulated value of historic expected claims (without the inclusion of active life reserves) plus the present value of the future expected incurred claims (projected without the inclusion of active life reserves) will not be less than the sum of the following:
    - a. The accumulated value of the initial earned premium times the greater of 58% or the lifetime loss ratio consistent with the original filing including margins for moderately adverse experience;
    - b. 85% of the accumulated value of prior premium rate schedule increases on an earned basis;
    - c. The present value of future projected initial earned premiums times the greater of 58% or the lifetime loss ratio consistent with the original filing including margins for moderately adverse experience; and
    - d. 85% of the present value of future projected premiums not in subsection (C)(2)(c) on an earned basis;
  3. Historic expected claims shall be calculated based on the original filing assumptions assumed until new assumptions are filed as part of a rate increase. New assumptions shall be used for all periods beyond each requested effective date of a rate increase. Historic expected claims are calculated for each calendar year based on the in-force at the beginning of the calendar year. Historic expected claims shall include margins for moderately adverse experience; either amounts included in the claims that were used to determine the lifetime loss ratio consistent with the original filing or as modified in any rate increase filing;
  4. In the event that a policy form has both exceptional and other increases, the values in subsections (C)(2)(b) and (C)(2)(d) will also include 70% for exceptional rate increase amounts; and
- D.** A statement that the actuary has considered policy design, underwriting, and claims adjudication practices;
- E.** Composite rates reflecting projections of new certificates in the event it is necessary to maintain consistent premium rates for new certificates and certificates receiving a rate increase; and
- F.** A demonstration that actual and projected costs exceed costs anticipated at the time of the initial pricing under moderately adverse experience and that the composite margin specified in R20-6-1009(B)(4) is projected to be exhausted.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

5. All present and accumulated values used to determine rate increases, including the lifetime loss ratio consistent with the original filing reflecting margins for moderately adverse experience, shall use the maximum valuation interest rate for contract reserves as specified in A.R.S. § 20-508. The actuary shall disclose as part of the actuarial memorandum the use of any appropriate averages.
- D. For each rate increase that is implemented, the insurer shall file for approval by the Director updated projections, as defined in subsection (B)(3)(a), annually for the next three years and shall include a comparison of actual results to projected values. The Director may extend the reporting period beyond three years if actual results are not consistent with projected values from prior projections. For group insurance policies that meet the conditions in subsection (M), the projections required by this subsection shall be provided to the policyholder in lieu of filing with the Director.
- E. If any premium rate in the revised premium rate schedule is greater than 200% of the comparable rate in the initial premium schedule, the insurer shall file lifetime projections, as defined in subsection (B)(3)(a), for the Director's approval every five years following the end of the required period in subsection (D). For group insurance policies that meet the conditions in subsection (M), the insurer shall provide the projections required by this subsection to the policyholder instead of filing with the Director.
- F. If the Director finds that the actual experience following a rate increase does not adequately match the projected experience and that the current projections under moderately adverse conditions demonstrate that incurred claims will not exceed proportions of premiums specified in subsection (C), the Director may require the insurer to implement premium rate schedule adjustments or other measures to reduce the difference between the projected and actual experience. In determining whether the actual experience matches the projected experience, the Director shall consider subsection (B)(3)(f), if applicable.
- G. If the majority of policies or certificates to which the increase is applicable are eligible for the contingent benefit upon lapse, the insurer shall file a plan, subject to approval by the Director, for improved administration or claims processing designed to eliminate the potential for further deterioration of the policy form experience requiring further premium rate schedule increases, or both, or to demonstrate that appropriate administration and claims processing have been implemented or are in effect. Otherwise, the Director may impose the conditions in subsections (H) through (J).
- H. For a rate increase filing that meets the criteria listed in this subsection, the Director shall review, for all policies included in the filing, the projected lapse rates and past lapse rates during the 12 months following each increase to determine if lapsation in excess of projected lapsation has occurred or is anticipated:
  1. The rate increase is not the first rate increase requested for the specific policy form or forms;
  2. The rate increase is not an exceptional increase; and
  3. The majority of the policies or certificates to which the increase applies are eligible for the contingent benefit upon lapse.
- I. If the Director finds excess lapsation under subsection (H) has occurred, is anticipated in the filing or is evidenced in the actual results as presenting in the updated projections provided by the insurer following the requested rate increase, the Director may find that a rate spiral exists and may require the insurer to offer, without underwriting, to all in-force insureds subject to the rate increase, the option to replace existing coverage with one or more reasonably comparable products being offered by the insurer or its affiliates. The information communicating the offer is subject to the Director's approval. The offer shall:
  1. Be based on actuarially sound principles, but not on attained age; and
  2. Provide that maximum benefits under any new policy accepted by an insured shall be reduced by comparable benefits already paid under the existing policy; and
  3. Allow the insured the option of retaining the existing coverage.
- J. The insurer shall maintain the experience of the insureds whose coverage was replaced under subsection (I) separate from the experience of insureds originally issued the policy forms. If the insurer requests a rate increase on the policy form, the rate increase shall be limited to the lesser of:
  1. The maximum rate increase determined based on the combined experience; and
  2. The maximum rate increase determined based only on the experience of the insureds originally issued the form, plus 10%.
- K. If the Director finds that an insurer has exhibited a history or pattern of filing inadequate initial premium rates for long-term care insurance, after considering the total number of policies filed over a period of time and the percentage of policies with inadequate rates, the Director may, in addition to remedies available under subsections (H) through (J), prohibit the insurer from the following:
  1. Filing and marketing comparable coverage for a period of up to five years; and
  2. Offering all other similar coverages and limiting marketing of new applications to the products subject to recent premium rate schedule increases.
- L. Subsections (A) through (K) shall not apply to a policy for which long-term care benefits provided by the policy are incidental, as defined under R20-6-1002(C), if the policy complies with all of the following provisions:
  1. The interest credited internally to determine cash value accumulations, including long-term care, if any, are guaranteed not to be less than the minimum guaranteed interest rate for cash value accumulations without long-term care set forth in the policy;
  2. The portion of the policy that provides insurance benefits other than long-term care coverage meets the applicable nonforfeiture requirements under state law, including A.R.S. §§ 20-1231, 20-1232 and 20-2636;
  3. The policy meets the disclosure requirements of A.R.S. § 20-1691.06;
  4. The portion of the policy that provides insurance benefits other than long-term care coverage meets the disclosure requirements as applicable in the following:
    - a. A.R.S. Title 20, Chapter 6, Article 1.2; and
    - b. A.R.S. Title 20, Chapter 16, Article 2.
  5. At the time of making a filing under A.R.S. § 20-1691.08, the insurer files an actuarial memorandum that includes:
    - a. Description of the bases on which the actuary determined the long-term care rates and the reserves;
    - b. A summary of the type of policy, benefits, renewability provisions, general marketing method, and limits on ages of issuance;
    - c. A description and a table of each actuarial assumption used, with the percent of premium dollars per

- policy and dollars per unit of benefits, if any, for expenses;
- d. A description and a table of the anticipated policy reserves and additional reserves to be held in each future year for active lives;
- e. The estimated average annual premium per policy and the average issue age;
- f. A statement as to whether the insurer performs underwriting at the time of application with an explanation of the following:
  - i. Whether underwriting is used, and if used, a description of the type of underwriting, such as medical underwriting or functional assessment underwriting; and
  - ii. For a group policy, whether the enrollee or any dependent will be underwritten and when underwriting occurs; and
- g. A description of the effect of the long-term care policy provision on the required premiums, nonforfeiture values, and reserves on the underlying insurance policy, both for active lives and those in long-term care claim status.

**M.** Subsections (F) and (H) through (J) shall not apply to group insurance as defined in A.R.S. § 20-1691(6) where:

1. The policies insure 250 or more persons and the policyholder has 5,000 or more eligible employees of a single employer; or
2. The policyholder, and not the certificateholder, pays a material portion of the premium, which shall not be less than 20% of the total premium for the group in the calendar year prior to the year a rate increase is filed.

**Historical Note**

Adopted effective August 10, 1992 (Supp. 92-3). R20-6-1015 recodified from R4-14-1015 (Supp. 95-1). Section R20-6-1015 renumbered to R20-6-1022; new Section R20-6-1015 made by final rulemaking at 10 A.A.R. 4661, effective January 3, 2005 (Supp. 04-4). Section R20-6-1015 renumbered to R20-6-1014; new Section R20-6-1015 made by final exempt rulemaking at 23 A.A.R. 1119, effective November 10, 2017 (Supp. 17-2).

**R20-6-1016. Filing Requirements for Group Policies**

- A.** Out-of-State Policies. Before an insurer or similar organization may offer group long-term care insurance to a resident of this state under A.R.S. § 20-1691.02(D), the insurer or organization shall file with the Director evidence that a state with statutory or regulatory long-term care insurance requirements substantially similar to those of this state has approved the group policy or certificate for use in that state.
- B.** Associations. For long-term policies marketed or issued to associations, the insurer or organization shall file with the insurance department the policy, certificate, and corresponding outline of coverage.

**Historical Note**

Adopted effective August 10, 1992 (Supp. 92-3). R20-6-1016 recodified from R4-14-1016 (Supp. 95-1). Section R20-6-1016 renumbered to R20-6-1023; new Section R20-6-1016 renumbered from R20-6-1012 and amended by final rulemaking at 10 A.A.R. 4661, effective January 3, 2005 (Supp. 04-4).

**R20-6-1017. Standards for Marketing**

- A.** Every insurer marketing long-term care insurance coverage in this state, directly or through an insurance producer shall:

1. Establish marketing procedures to assure that any comparison of policies by its insurance producers is fair and accurate, and that excessive insurance is not sold or issued;
2. Display prominently by type, stamp or other appropriate means, on the first page of the outline of coverage and policy, the following language: "Notice to buyer: This policy may not cover all of the costs associated with long-term care incurred by the buyer during the period of coverage. The buyer is advised to review carefully all policy limitations;"
3. Provide the applicant with copies of the disclosure forms in Appendices A and B;
4. Inquire and otherwise make every reasonable effort to identify whether a prospective applicant or enrollee for long-term care insurance already has health or long-term care insurance and the types and amounts of any such insurance;
5. Provide an explanation of contingent benefit upon lapse as provided for in R20-6-1019(D)(3);
6. Provide written notice to an applicant or prospective policyholder or certificateholder advising of this state's senior insurance counseling program (SHIP), and the name, address, and phone number for the SHIP, at the time of solicitation; and
7. Establish auditable procedures for verifying compliance with this subsection (A).

**B.** In addition to the practices prohibited in A.R.S. § 20-441 et seq., the following acts and practices are prohibited:

1. Twisting. Knowingly making any misleading representation or incomplete or fraudulent comparison of any insurance policies or insurers for the purpose of inducing, or tending to induce, any person to lapse, forfeit, surrender, terminate, retain, pledge, assign, borrow on, or convert any insurance policy or to take out a policy of insurance with another insurer.
2. High pressure tactics. Employing any method of marketing having the effect of or tending to induce the purchase of insurance through force, fright, threat, whether explicit or implied, or undue pressure to purchase or recommend the purchase of insurance.
3. Cold lead advertising. Making use directly or indirectly or any method of marketing that fails to disclose in a conspicuous manner that a purpose of the method of marketing is solicitation of insurance and that contact will be made by an insurance producer or insurance company.
4. Misrepresentation. Misrepresenting a material fact in selling or offering to sell a long-term care insurance policy.

**C.** An insurer shall not market or issue a long-term care policy or certificate to an association unless the insurer files the information required under R20-6-1016(B) and annually certifies that the association has complied with the requirements of this Section.

**Historical Note**

New Section R20-5-1017 renumbered from R20-6-1013 and amended by final rulemaking at 10 A.A.R. 4661, effective January 3, 2005 (Supp. 04-4). Amended by final exempt rulemaking at 23 A.A.R. 1119, effective November 10, 2017 (Supp. 17-2).

**R20-6-1018. Suitability**

- A.** This Section does not apply to life insurance policies that accelerate benefits for long-term care.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- B.** Every insurer or other person marketing long-term care insurance, including an insurance producer or managing general agent, (the “issuer”) shall:
1. Develop and use suitability standards to determine whether the purchase or replacement of long-term care insurance is appropriate for the needs of the applicant,
  2. Train its insurance producers in the use of its suitability standards, and
  3. Maintain a copy of its suitability standards and make them available for inspection upon the Director’s request.
- C.** To determine whether an applicant meets an issuer’s suitability standards, the insurance producer and issuer shall develop procedures that take the following into consideration:
1. The applicant’s ability to pay for the proposed coverage and other pertinent financial information related to the purchase of the coverage;
  2. The applicant’s goals or needs with respect to long-term care and the advantages and disadvantages of insurance to meet these goals or needs; and
  3. The values, benefits, and costs of the applicant’s existing insurance, if any, when compared to the values, benefits, and costs of the recommended purchase or replacement.
- D.** The issuer shall make reasonable efforts to obtain the information set out in subsection (C), including giving the applicant the “Long-Term Care Insurance Personal Worksheet” prescribed in Appendix A, to complete before or at the time of application. The issuer shall use a personal worksheet that contains, at a minimum, the information contained in Appendix A, in substantially the same text and format, in not less than 12 point type. The issuer may ask the applicant to provide additional information to comply with its suitability standards. An issuer shall file a copy of its personal worksheet with the Director.
- E.** An issuer shall not consider an applicant for coverage until the issuer has received the applicant’s completed personal worksheet, except the personal worksheet need not be returned for sales of employer group long-term care insurance to employees and their spouses.
- F.** No one shall sell or disseminate information obtained through the personal worksheet outside the issuer that obtains the worksheet.
- G.** The issuer shall use its suitability standards to determine whether issuance of long-term care insurance coverage to a particular applicant is appropriate.
- H.** An insurance producer shall use the suitability standards developed by the issuer in marketing long-term care insurance.
- I.** When giving an applicant a personal worksheet, the issuer shall also provide the applicant with a disclosure form entitled “Things You Should Know Before You Buy Long-Term Care Insurance.” The form shall be in substantially the same format and text contained in Appendix H, in not less than 12 point type.
- J.** If the issuer determines that the applicant does not meet its financial suitability standards, or if the applicant has declined to provide the information, the issuer may reject the application. In the alternative, the issuer shall send the applicant a letter that is substantially similar to Appendix I. However, if the applicant has declined to provide financial information, the issuer may use some other method to verify the applicant’s intent to purchase the long-term care policy. The issuer shall have either the applicant’s returned Appendix I letter or a record of the alternative method of verification as part of the applicant’s file.
- K.** The issuer shall report annually to the Director the total number of applications received from residents of this state, the number of those who declined to provide information on the personal worksheet, the number of applicants who did not meet the suitability standards, and the number of those who chose to confirm after receiving a suitability letter as prescribed in subsection (J).

**Historical Note**

**R20-6-1019. Nonforfeiture Benefit Requirement**

- A.** This Section does not apply to life insurance policies or riders containing accelerated long-term care benefits.
- B.** To comply with the requirement to offer a nonforfeiture benefit pursuant to the provisions of A.R.S. § 20-1691.11, an insurer shall meet the following requirements:
1. A policy or certificate offered with nonforfeiture benefits shall have the same coverage elements, eligibility, benefit triggers and benefit length as a policy or certificate issued without nonforfeiture benefits. The nonforfeiture benefit included in the offer shall be the benefit described in subsection (E); and
  2. The offer shall be in writing if the nonforfeiture benefit is not otherwise described in the Outline of Coverage or other materials given to the prospective policyholder.
- C.** If the offer required to be made under A.R.S. § 20-1691.11 is rejected, the insurer shall provide the contingent benefit upon lapse described in this Section. Even if the non-forfeiture benefit offer is accepted for a policy with a fixed or limited premium paying period, the contingent benefit on lapse in subsection (D)(4) shall still apply.
- D.** Contingent Benefit Upon Lapse.
1. If a prospective policyholder rejects the offer of a nonforfeiture benefit, the insurer shall provide the contingent benefit upon lapse described in this Section for individual and group policies without the nonforfeiture benefit, issued after January 10, 2005.
  2. If a group policyholder elects to make the nonforfeiture benefit an option to a certificateholder, the certificate shall provide either the nonforfeiture benefit or the contingent benefit upon lapse.
  3. The contingent benefit on lapse is triggered when:
    - a. An insurer increases the premium rates to a level that results in a cumulative increase of the annual premium equal to or exceeding the percentage of the insured’s initial annual premium set forth in the chart below, based on the insured’s issue age; and
    - b. The policy or certificate lapses within 120 days of the due date of the increased premium.
    - c. Unless otherwise required, an insurer shall notify policyholders at least 30 days before the due date of the premium reflecting the rate increase.

- An insurer increases the premium rates to a level that results in a cumulative increase of the annual premium equal to or exceeding the percentage of the insured's initial annual premium set forth in the chart below, based on the insured's issue age; and
  - The policy or certificate lapses within 120 days of the due date of the increased premium; and
  - The ratio in subsection (D)(6)(b) is 40% or more.
  - Unless otherwise required, an insurer shall notify policyholders at least 30 days before the due date of the premium reflecting the rate increase.

- This provision shall be in addition to the contingent benefit provided by subsection (D)(3) and where both are triggered, the benefit provided shall be at the option of the insured.
5. On or before the effective date of a substantial premium increase as defined in subsection (D)(3), an insurer shall:
- Offer the insured the option of reducing policy benefits under the current coverage consistent with the requirements of R20-6-1025 so that required premium payments are not increased;
  - Offer to convert the coverage to a paid-up status with a shortened benefit period according to the terms of subsection (E), which the insured may elect at any time during the 120-day period referenced in subsection (D)(3); and
  - Notify the policyholder or certificateholder that a default or lapse at any time during the 120-day period referenced in subsection (D)(3) is deemed to be the election of the offer to convert under subsection (5)(b) unless the automatic option in subsection (D)(6)(c) applies.
6. On or before the effective date of a substantial premium increase on policies with a fixed or limited premium paying period as defined in subsection (D)(4), an insurer shall:
- Offer the insured the option of reducing policy benefits under the current coverage consistent with the requirements of R20-6-1025 so that required premium payments are not increased;
  - Offer to convert the coverage to paid-up status where the amount payable for each benefit is 90% of the amount payable in effect immediately prior to lapse times the ratio of the number of completed months of paid premiums divided by the number of months in the premium paying period. The insured may elect this option at any time during the 120-day period referenced in subsection (D)(4); and
  - Notify the policyholder or certificateholder that a default or lapse at any time during the 120-day period referenced in subsection (D)(4) is deemed to be the election of the offer to convert under subsection (D)(6)(b) if the ratio is 40% or more.
7. For any long-term care policy issued on or after November 10, 2017, that an insurer issued at least 20 years prior to the effective date of a substantial premium increase, the insurer shall use a rate increase value of 0% in place of all values in the above tables.
- E. Benefits continued as nonforfeiture benefits, including contingent benefits upon lapse in accordance with subsection (D)(3) but not subsection (D)(4), mean any of the following:
- Attained age rating is defined as a schedule of premiums starting from the issue date that increases age at least 1% per year before age 50, and at least 3% per year beyond age 50.
  - For purposes of this subsection, the nonforfeiture benefit shall be of a shortened benefit period providing paid-up long-term care insurance coverage after lapse. The same benefits (amounts and frequency in effect at the time of lapse but not increased thereafter) will be payable for a qualifying claim, but the lifetime maximum dollars or

days of benefits shall be determined as specified in subsection (E)(3).

3. The standard nonforfeiture credit equals 100% of the sum of all premiums paid, including the premiums paid before any change in benefits. The insurer may offer additional shortened benefit period options, as long as the benefits for each duration equal or exceed the standard nonforfeiture credit for that duration. The minimum nonforfeiture credit shall not be less than 30 times the daily nursing home benefit at the time of lapse. In either event, the calculation of the nonforfeiture credit is subject to the limitation of subsection (F).
  4. When the nonforfeiture benefit begins.
    - a. The nonforfeiture benefit shall begin not later than the end of the third year following the policy or certificate issue date. The contingent benefit upon lapse shall be effective during the first three years, and thereafter.
    - b. Notwithstanding subsection (E)(4)(a), for a policy or certificate with attained age rating, the nonforfeiture benefit shall begin on the earlier of:
      - i. The end of the tenth year following the policy or certificate issue date, or
      - ii. The end of the second year following the date the policy or certificate is no longer subject to attained age rating.
  5. Nonforfeiture credits may be used for all care and services qualifying for benefits under the terms of the policy or certificate, up to the limits specified in the policy or certificate.
- F.** All benefits paid by the insurer while the policy or certificate is in premium-paying status and in the paid-up status shall not exceed the maximum benefits that would be payable if the policy or certificate had remained in premium-paying status.
- G.** There shall be no difference in the minimum nonforfeiture benefits for group and individual policies.
- H.** The requirements in this Section are effective on or after November 10, 2005 and shall apply as follows:
1. Except as provided in subsection (H)(2) and (H)(3), this Section applies to any long-term care policy issued in this state on or after January 10, 2005.
  2. The provisions of this Section do not apply to certificates issued on or after January 10, 2005, under a group long-term care insurance policy as defined in A.R.S. § 20-1691(5)(a), that was in force on January 10, 2005.
  3. The provisions of this Section that apply to fixed or limited premium paying period policies shall only apply to policies issued on or after November 10, 2017.
- I.** Premiums charged for a policy or certificate containing nonforfeiture benefits or a contingent benefit on lapse shall be subject to the loss ratio requirements of R20-6-1013, R20-6-1014 or R20-6-1015, whichever is applicable, treating the policy as a whole.
- J.** To determine whether contingent nonforfeiture upon lapse provisions are triggered under subsection (D)(3) or (D)(4), a replacing insurer that purchased or otherwise assumed a block or blocks of long-term care insurance policies from another insurer shall calculate the percentage increase based on the initial annual premium the insured paid when first buying the policy from the original insurer.
- K.** An insurer shall offer a nonforfeiture benefit for a qualified long-term care insurance contract that is a level premium contract and the benefit shall meet the following requirements:

1. The nonforfeiture provision shall be separately captioned using the term "nonforfeiture benefit" or a substantially similar caption;
2. The nonforfeiture provision shall provide a benefit available in the event of a default in the payment of any premiums and shall state that the insurer may adjust the amount of the benefit initially granted only as needed to reflect changes in claims, persistency, and interest as reflected in changes in rates for premium paying contracts approved by the Director under to A.R.S. § 20-1691.08 for the same contract form; and
3. The nonforfeiture provision shall provide at least one of the following:
  - a. Reduced paid-up premiums,
  - b. Extended term insurance,
  - c. Shortened benefit period, or
  - d. Other similar offerings that the Director has approved.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 4661, effective January 3, 2005 (Supp. 04-4). Amended by final exempt rulemaking at 23 A.A.R. 1119, effective November 10, 2017 (Supp. 17-2).

**R20-6-1020. Standards for Benefit Triggers**

- A.** A long-term care insurance policy shall condition the payment of benefits on a determination of the insured's ability to perform activities of daily living and on cognitive impairment. Except as otherwise provided in R20-6-1021, eligibility for the payment of benefits shall not be more restrictive than requiring either a deficiency in the ability to perform not more than three of the activities of daily living or the presence of cognitive impairment.
- B.** Activities of daily living shall include at least the following as defined in R20-6-1003(A)(1) and in the policy:
1. Bathing,
  2. Continence,
  3. Dressing,
  4. Eating,
  5. Toileting, and
  6. Transferring.
- C.** An insurer may use additional activities of daily living to trigger covered benefits if the activities are defined in the policy.
- D.** An insurer may use additional provisions to determine when benefits are payable under a policy or certificate; however the provisions shall not restrict, and are not in lieu of, the requirements in subsections (A), (B) and (C).
- E.** For purposes of this Section the determination of a deficiency shall not be more restrictive than:
1. Requiring the hands-on assistance of another person to perform the prescribed activities of daily living; or
  2. If the deficiency is due to the presence of a cognitive impairment, requiring supervision or verbal cueing by another person to protect the insured or others.
- F.** Licensed or certified professionals, such as physicians, nurses or social workers, shall perform assessments of activities of daily living and cognitive impairment.
- G.** The requirements in this Section are effective on and after November 10, 2005 and shall apply as follows:
1. Except as provided in subsection (G)(2), the provisions of this Section apply to a long-term care policy issued in this state on or after January 10, 2005.
  2. The provisions of this Section do not apply to certificates issued on or after January 10, 2005, under a long-term

**R20-6-1021. Additional Standards for Benefit Triggers for Qualified Long-term Care Insurance Contracts**

- A. A qualified long-term care insurance contract shall pay only for qualified long-term care services received by a chronically ill individual provided under a plan of care prescribed by a licensed health care practitioner, which is not subject to approval or modification by the insurer.
- B. A qualified long-term care insurance contract shall condition the payment of benefits on a certified determination of the insured's inability to perform activities of daily living for an expected period of at least 90 days due to a loss of functional capacity or to severe cognitive impairment.
- C. Licensed health care practitioners shall perform the certified determinations regarding activities of daily living and cognitive impairment required under subsection (B).
- D. Certified determinations required under subsection (B) may be performed at the direction of the carrier as is reasonably necessary with respect to a specific claim, except that when a licensed health care practitioner has certified that an insured is unable to perform activities of daily living for an expected period of at least 90 days due to a loss of functional capacity and the insured is in claim status, the certified determination may not be rescinded and additional certified determinations may not be performed until after the expiration of the 90-day period.

**R20-6-1022. Standard Format Outline of Coverage**

- A. The outline of coverage prescribed in A.R.S. § 20-1691.06 shall be a free-standing document, using no smaller than 10 point type, and shall contain no advertising or promotional material.
- B. Text that is capitalized or underscored in the standard format outline of coverage may be emphasized by other means that give prominence equivalent to capitalization or underscoring.
- C. An insurer shall use the text and sequence of text in the standard format outline of coverage prescribed in Appendix J, unless otherwise specifically indicated.

**Historical Note**

New Section R20-6-1022 renumbered from R20-6-1015 and amended by final rulemaking at 10 A.A.R. 4661, effective January 3, 2005 (Supp. 04-4).

**R20-6-1023. Requirement to Deliver Shopper's Guide**

- A. All prospective applicants of a long-term care insurance policy or certificate shall receive a long-term care insurance shopper's guide approved by the Director. This requirement may be satisfied by delivery of the current edition of the long-term care insurance shopper's guide in the format developed by the National Association of Insurance Commissioners.

1. In the case of insurance producer solicitation, an insurance producer shall deliver the shopper's guide before presenting an application or enrollment form.
  2. In the case of direct response solicitations, the insurer shall provide the shopper's guide with any application or enrollment form.
- B. A prospective applicant for a life insurance policy or rider containing accelerated long-term care benefits is not required to receive the guide described in subsection (A), but shall receive the policy summary required under A.R.S. § 20-1691.06.

**Historical Note**

New Section R20-6-1023 renumbered from R20-6-1016 and amended by final rulemaking at 10 A.A.R. 4661, effective January 3, 2005 (Supp. 04-4). Amended by final exempt rulemaking at 23 A.A.R. 1119, effective November 10, 2017 (Supp. 17-2).

**R20-6-1024. Availability of New Health Care Services or Providers**

- A. An insurer shall notify policyholders of the availability of a new long-term policy series that provides coverage for new long-term care services or health care providers material in nature and not previously available through the insurer to the general public. The notice shall be provided within 12 months of the date the new policy series is made available for sale in this state.
- B. Notwithstanding subsection (A), notification is not required for any policy issued prior to the effective date of this Section or to any policyholder or certificateholder who is currently eligible for benefits, within an elimination period or on a claim, or who previously had been in claim status, or who would not be eligible to apply for coverage due to issue age limitations under the new policy. The insurer may require that policyholders meet all eligibility requirements, including underwriting and payment of the required premium to add such new services or providers.
- C. The insurer shall make the new coverage available in one of the following ways:
  1. By adding a rider to the existing policy and charging a separate premium for the new rider based on the insured's attained age;
  2. By exchanging the existing policy or certificate for one with an issue age based on the present age of the insured and recognizing past insured status by granting premium credits toward the premiums for the new policy or certificate. The premium credits shall be based on premiums paid or reserves held for the prior policy or certificate;
  3. By exchanging the existing policy or certificate for a new policy or certificate in which consideration for past insured status shall be recognized by setting the premium for the new policy or certificate at the issue age of the policy or certificate being exchanged. The cost for the new policy or certificate may recognize the difference in reserves between the new policy or certificate and the original policy or certificate; or
  4. By an alternative program developed by the insurer that meets the intent of this Section if the program is filed with and approved by the Director.
- D. An insurer is not required to notify policyholders of a new proprietary policy series created and filed for use in a limited distribution channel. For purposes of this subsection, "limited distribution channel" means through a discrete entity, such as a financial institution or brokerage, for which specialized products are available that are not available for sale to the general

public. Policyholders who purchased such a new proprietary policy shall be notified when a new long-term care policy series that provides coverage for new long-term care services or providers material in nature is made available to that limited distribution channel.

- E. Policies issued pursuant to this Section shall be considered exchanges and not replacements. These exchanges shall not be subject to R20-6-1010(A), (C) through (G) and R20-6-1018 and are not subject to the reporting requirements of R20-6-1010(I)(1), (I)(2)(a) through (I)(2)(c).
- F. Where an employer, labor organization, professional, trade or occupational association offers the policy, the required notification in subsection (A) shall be made to the offering entity. However, if the policy is issued to a group defined in A.R.S. § 20-1691(5), the notification shall be to each certificateholder.
- G. Nothing in this Section shall prohibit an insurer from offering any policy, rider, certificate or coverage change to any policyholder or certificateholder. However, upon request, any policyholder may apply for currently available coverage that includes the new services or providers. The insurer may require that policyholders meet all eligibility requirements, including underwriting and payment of the required premium, to add such new services or providers.
- H. This Section does not apply to life insurance policies or riders containing accelerated long-term care benefits.
- I. This Section shall become effective on or after November 10, 2017.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 4661, effective January 3, 2005 (Supp. 04-4). Section R20-6-1024 renumbered to R20-6-1026; new Section R20-6-1024 made by final exempt rulemaking at 23 A.A.R. 1119, effective November 10, 2017 (Supp. 17-2).

**R20-6-1025. Right to Reduce Coverage and Lower Premiums**

- A. Every long-term care insurance policy and certificate shall include a provision that allows the policyholder or certificateholder to reduce coverage and lower the policy or certificate premium in at least one of the following ways:
  1. Reducing the maximum benefit; or
  2. Reducing the daily, weekly or monthly benefit amount.
- B. The insurer may also offer other reduction options that are consistent with the policy or certificate design or the carrier's administrative processes.
- C. In the event the reduction in coverage involves the reduction or elimination of the inflation protection provision, the insurer shall allow the policyholder to continue the benefit amount in effect at the time of the reduction.

- D. The provision in subsection (A) shall include a description of the process for requesting and implementing a reduction in coverage.
- E. The premium for the reduced coverage shall:
  1. Be based on the same age and underwriting class used to determine the premium for the coverage currently in force, and
  2. Be consistent with the approved rate table.
- F. The issuer may limit any reduction in coverage to plans or options available for that policy form and to those for which benefits will be available after consideration of claims paid or payable.
- G. If a policy or certificate is about to lapse, the insurer shall provide a written reminder to the policyholder or certificateholder of his or her right to reduce coverage and premiums in the notice required by R20-6-1005(F).
- H. This Section does not apply to life insurance policies or riders containing accelerated long-term benefits.
- I. The requirements of subsections (A) through (H) shall apply to any long-term care policy issued in this state on or after November 10, 2017.
- J. A premium increase notice required by R20-6-1008(G) shall include:
  1. An offer to reduce policy benefits provided by the current coverage consistent with the requirements of this Section;
  2. A disclosure stating that all options available to the policyholder may not be of equal value; and
  3. In the case of a partnership policy, a disclosure that some benefit reduction options may result in a loss in partnership status that may reduce policyholder protections.
- K. The requirements of subsection (J) shall apply to any rate increase implemented in this state on or after November 10, 2017.

## Appendix A. Long-term Care Insurance Personal Worksheet

Long-term Care Insurance  
Personal Worksheet

People buy long-term care insurance for many reasons. Some don't want to use their own assets to pay for long-term care. Some buy insurance to make sure they can choose the type of care they get. Others don't want their family to have to pay for care or don't want to go on Medicaid. But long-term care insurance may be expensive, and may not be right for everyone.

By state law, the insurance company must fill out part of the information on this worksheet and ask you to fill out the rest to help you and the company decide if you should buy this policy.

## Premium Information

Policy Form Numbers \_\_\_\_\_

The premium for the coverage you are considering will be [\$ \_\_\_\_\_ per month, or \$ \_\_\_\_\_ per year,] [a one-time single premium of \$ \_\_\_\_\_.]

Type of Policy (noncancellable/guaranteed renewable): \_\_\_\_\_

## The Company's Right to Increase Premiums:

[The company cannot raise your rates on this policy.] [The company has a right to increase premiums on this policy form in the future, provided it raises rates for all policies in the same class in this state.] [Insurers shall use appropriate bracketed statement. Rate guarantees shall not be shown on this form.]

## Rate Increase History

The company has sold long-term care insurance since [year] and has sold this policy since [year]. [The company has never raised its rates for any long-term care policy it has sold in this state or any other state.] [The company has not raised its rates for this policy form or similar policy forms in this state or any other state in the last 10 years.] [The company has raised its premium rates on this policy form or similar policy forms in the last 10 years. Following is a summary of the rate increases.]

**(Drafting Instruction:** A company may use the first bracketed sentence above only if it has never increased rates under any prior policy forms in this state or any other state. The issuer shall list each premium increase it has instituted on this or similar policy forms in this state or any other state during the last 10 years. The list shall provide the policy form, the calendar years the form was available for sale, and the calendar year and the amount (percentage) of each increase. The insurer shall provide minimum and maximum percentages if the rate increase is variable by rating characteristics. The insurer may provide, in a fair manner, additional explanatory information as appropriate.)

**Appendix B. Long-term Care Insurance Potential Rate Increase Disclosure Form****Instructions:**

This form provides information to the applicant regarding premium rate schedules, rate schedule adjustments, potential rate revisions, and policyholder options in the event of a rate increase.

**Insurers shall provide all of the following information to the applicant:**

**Long-term Care Insurance  
Potential Rate Increase Disclosure Form**

- [Premium Rate] [Premium Rate Schedules]:** [Premium rate] [Premium rate schedules] that [is][are] applicable to you and that will be in effect until a request is made and [approved] for an increase [is][are] [on the application][(\$\_\_\_\_\_)]
- The [premium] [premium rate schedule] for this policy [will be shown on the schedule page of] [will be attached to] your policy.**
- Rate Schedule Adjustments:**  
The company will provide a description of when premium rate or rate schedule adjustments will be effective (e.g., next anniversary date, next billing date, etc.) (fill in the blank): \_\_\_\_\_.
- Potential Rate Revisions:**  
**This policy is Guaranteed Renewable.** This means that the rates for this product may be increased in the future. Your rates can NOT be increased due to your increasing age or declining health, but your rates may go up based on the experience of all policyholders with a policy similar to yours.

**If you receive a premium rate or premium rate schedule increase in the future, you will be notified of the new premium amount and you will be able to exercise at least one of the following options:**

- ☐ Pay the increased premium and continue your policy in force as is.
- ☐ Reduce your policy benefits to a level such that your premiums will not increase. (Subject to state law minimum standards.)
- ☐ Exercise your nonforfeiture option if purchased. (This option is available for purchase for an additional premium.)
- ☐ Exercise your contingent nonforfeiture rights.\* (This option may be available if you do not purchase a separate nonforfeiture option.)

**\*Contingent Nonforfeiture**

If the premium rate for your policy goes up in the future and you didn't buy a nonforfeiture option, you may be eligible for contingent nonforfeiture. Here's how to tell if you are eligible:

You will keep some long-term care insurance coverage, if:

- Your premium after the increase exceeds your original premium by the percentage shown (or more) in the following table; and
- You lapse (not pay more premiums) within 120 days of the increase.

The amount of coverage (i.e., new lifetime maximum benefit amount) you will keep will equal the total amount of premiums you have paid since your policy was first issued. If you have already received benefits under the policy, so that the remaining maximum benefit amount is less than the total amount of premiums you've paid, the amount of coverage will be that remaining amount.

Except for this reduced lifetime maximum benefit amount, all other policy benefits will remain at the levels attained at the time of the lapse and will not increase thereafter.

Should you choose this Contingent Nonforfeiture option, your policy, with this reduced maximum benefit amount, will be considered "paid-up" with no further premiums due.

**Example:**

- You bought the policy at age 65 and paid the \$1,000 annual premium for 10 years, so you have paid a total of \$10,000 in premium.
- In the eleventh year, you receive a rate increase of 50%, or \$500 for a new annual premium of \$1,500, and you decide to lapse the policy (not pay any more premiums).
- Your "paid-up" policy benefits are \$10,000 (provided you have at least \$10,000 of benefits remaining under your policy.)

**Appendix C. Notice to Applicant Regarding Replacement of Individual Health or Long-term Care Insurance****NOTICE TO APPLICANT REGARDING REPLACEMENT OF INDIVIDUAL HEALTH OR LONG-TERM CARE INSURANCE**

[Insurance company's name and address]

**SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE FUTURE.**

According to [your application] [information you have furnished], you intend to lapse or otherwise terminate existing health or long-term care insurance and replace it with an individual long-term care insurance policy to be issued by [company name] Insurance Company. Your new policy provides thirty (30) days within which you may decide, without cost, whether you desire to keep the policy. For your own information and protection, you should be aware of and seriously consider certain factors which may affect the insurance protection available to you under the new policy.

You should review this new coverage carefully, comparing it with all health or long-term care insurance coverage you now have, and terminate your present policy only if, after due consideration, you find that purchase of this long-term care coverage is a wise decision.

STATEMENT TO APPLICANT BY [INSURANCE PRODUCER OR OTHER REPRESENTATIVE]:  
(Use additional sheets, as necessary.)

I have reviewed your current medical or health insurance coverage. I believe the replacement of insurance involved in this transaction materially improves your position. My conclusion has taken into account the following considerations which I call to your attention:

1. Health conditions that you may presently have (preexisting conditions), may not be immediately or fully covered under your new policy. This could result in denial or delay in payment of benefits under the new policy, whereas a similar claim might have been payable under your present policy.
2. State law provides that your replacement policy or certificate may not contain new preexisting conditions or probationary periods. The insurer will waive any time periods applicable to preexisting conditions or probationary periods in the new policy (or coverage) for similar benefits to the extent such time was spent (depleted) under the original policy.
3. If you are replacing existing long-term care insurance coverage, you may wish to secure the advice of your present insurer or its agent regarding the proposed replacement of your present policy. This is not only your right, but it is also in your best interest to make sure you understand all of the relevant factors involved in replacing your present coverage.
4. If, after due consideration, you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your policy had never been in force. After the application has been completed and before you sign it, reread it carefully to be certain that all information has been properly recorded.

## NOTICE TO APPLICANT REGARDING REPLACEMENT OF HEALTH OR LONG-TERM CARE INSURANCE

[Insurance company's name and address]

## SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE FUTURE

According to [your application] [information you have furnished], you intend to lapse or otherwise terminate existing health or long-term care insurance and replace it with the long-term care insurance policy being delivered and issued by [company name] Insurance Company. Your new policy gives you thirty (30) days to decide, without cost, whether you want to keep the policy. For your own information and protection, you should be aware of and seriously consider certain factors which may affect the insurance protection available to you under the new policy.

You should review this new coverage carefully, comparing it with all health or long-term care insurance coverage you now have, and terminate your present policy only if, after due consideration, you find that purchase of this long-term care coverage is a wise decision.

1. Health conditions which you may presently have (preexisting conditions), may not be immediately or fully covered under the new policy. This could result in denial or delay in payment of benefits under the new policy, even though a similar claim might have been payable under your present policy.
2. State law provides that your replacement policy or certificate may not contain new preexisting conditions or probationary periods. The insurer will waive any time periods applicable to preexisting conditions or probationary periods in the new policy (or coverage) for similar benefits to the extent such time was spent (depleted) under the original policy.
3. If you are replacing existing long-term care insurance coverage, you may wish to secure the advice of your present insurer or its insurance producer regarding the proposed replacement of your present policy. This is not only your right, but it is also in your best interest to make sure you understand all the relevant factors involved in replacing your present coverage.
4. [To be included only if the application is attached to the policy.] If, after due consideration, you still wish to terminate your present policy and replace it with new coverage, read the copy of the application attached to your new policy and be sure that all questions are answered fully and correctly. Omissions or misstatements in the application could cause an otherwise valid claim to be denied. Carefully check the application and write to [company name and address] within thirty (30) days if any information is not correct and complete, or if any past medical history has been left out of the application.

**Things You Should Know Before You Buy  
Long-term Care Insurance**

**Long-Term  
Care  
Insurance**

- A long-term care insurance policy may pay most of the costs for your care in a nursing home. Many policies also pay for care at home or other community settings. Since policies can vary in coverage, you should read this policy and make sure you understand what it covers before you buy it.
- **[WARNING!]** You should **not** buy this insurance policy unless you can afford to pay the premiums every year. You are making a multi-year financial commitment.] [Remember that the company can increase premiums in the future.]

**(Drafting Instruction:** For single premium policies, delete this bullet; for noncancellable policies, delete the second sentence only.)

**Medicare  
Medicaid**

- The personal worksheet includes questions designed to help you and the company determine whether this policy is suitable for your needs.
- Medicare does **not** pay for most long-term care.
- Medicaid will generally pay for long-term care if you have very little income and few assets. You probably should not buy this policy if you are now eligible for Medicaid.
- Many people become eligible for Medicaid after they have used up their own financial resources by paying for long-term care services.
- When Medicaid pays your spouse's nursing home bills, you are allowed to keep your house and furniture, a living allowance, and some of your joint assets.
- Your choice of long-term care services may be limited if you are receiving Medicaid. To learn more about Medicaid, contact your local or state Medicaid agency.

**Shopper's  
Guide**

- Make sure the insurance company or agent gives you a copy of a book called the National Association of Insurance Commissioners' "Shopper's Guide to Long-Term Care Insurance." Read it carefully. If you have decided to apply for long-term care insurance, you have the right to return the policy within 30 days and get back any premium you have paid if you are dissatisfied for any reason or choose not to purchase the policy.

**Counseling**

- Free counseling and additional information about long-term care insurance are available through your state's insurance counseling program. Contact your state insurance department or department on aging for more information about the senior health insurance counseling program in your state.

**Facilities**

- Some long-term care insurance contracts provide for benefit payments in certain facilities only if they are licensed or certified, such as in assisted living centers. However, not all states regulate these facilities in the same way. Also, many people move into a different state from where they purchased their long-term care insurance policy. Read the policy carefully to determine what types of facilities qualify for benefit payments, and to determine that payment for a covered service will be made if you move to a state that has a different licensing scheme for facilities than the one in which you purchased the policy.

**Appendix I. Long-term Care Insurance Suitability Letter****Long-term Care Insurance Suitability Letter**

Dear [Applicant]:

Your recent application for long-term care insurance included a “personal worksheet,” which asked questions about your finances and your reasons for buying long-term care insurance. For your protection, state law requires us to consider this information when we review your application, to avoid selling a policy to those who may not need coverage.

[Your answers indicate that long-term care insurance may not meet your financial needs. We suggest that you review the information provided along with your application, including the booklet “Shopper’s Guide to Long-Term Care Insurance” and the page titled “Things You Should Know Before Buying Long-Term Care Insurance.” Your state insurance department also has information about long-term care insurance and may be able to refer you to a counselor free of charge who can help you decide whether to buy this policy.]

[You chose not to provide any financial information for us to review.]

**(Drafting Instruction:** Choose the paragraph that applies.)

We have suspended our final review of your application. If, after careful consideration, you still believe this policy is what you want, check the appropriate box below and return this letter to us within the next 60 days. We will then continue reviewing your application and issue a policy if you meet our medical standards.

If we do not hear from you within the next 60 days, we will close your file and not issue you a policy. You should understand that you will not have any coverage until we hear back from you, approve your application and issue you a policy.

*Please check one box and return in the enclosed envelope.*

- ☐ **Yes**, [although my worksheet indicates that long-term care insurance may not be a suitable purchase,] I wish to purchase this coverage. Please resume review of my application.

**Drafting Instruction:** Delete the phrase in brackets if the applicant did not answer the questions about income.

- ☐ **No**. I have decided not to buy a policy at this time.

## Appendix J. Long-term Care Insurance Outline of Coverage

[COMPANY NAME]  
 [ADDRESS - CITY & STATE]  
 [TELEPHONE NUMBER]  
 LONG-TERM CARE INSURANCE

OUTLINE OF COVERAGE  
 [Policy Number or Group Master Policy and Certificate Number]

[Except for policies or certificates which are guaranteed issue, the following caution statement, or language substantially similar, shall appear as follows in the outline of coverage.]

Caution: The issuance of this long-term care insurance [policy] [certificate] is based upon your responses to the questions on your application. A copy of your [application] [enrollment form] [is enclosed] [was retained by you when you applied]. If your answers are incorrect or untrue, the company has the right to deny benefits or rescind your policy. The best time to clear up any questions is now, before a claim arises! If, for any reason, any of your answers are incorrect, contact the company at this address: [insert address]

1. This policy is [an individual policy of insurance] [a group policy] which was issued in the [indicate jurisdiction in which group policy was issued].
2. PURPOSE OF OUTLINE OF COVERAGE. This outline of coverage provides a very brief description of the important features of the policy. You should compare this outline of coverage to outlines of coverage for other policies available to you. This is not an insurance contract, but only a summary of coverage. Only the individual or group policy contains governing contractual provisions. This means that the policy or group policy sets forth in detail the rights and obligations of both you and the insurance company. Therefore, if you purchase this coverage, or any other coverage, it is important that you READ YOUR POLICY (OR CERTIFICATE) CAREFULLY!
3. FEDERAL TAX CONSEQUENCES  
 This [POLICY] [CERTIFICATE] is intended to be a federally tax-qualified long-term care insurance contract under Section 7702(B)(b) of the Internal Revenue Code of 1986, as amended.

OR

Federal Tax Implications of this [POLICY] [CERTIFICATE]. This [POLICY] [CERTIFICATE] is not intended to be a federally tax-qualified long-term care insurance contract under Section 7702(B)(b) of the Internal Revenue Code of 1986, as amended. Benefits received under the [POLICY] [CERTIFICATE] may be taxable as income.

4. TERMS UNDER WHICH THE POLICY OR CERTIFICATE MAY BE CONTINUED IN FORCE OR DISCONTINUED
  - (a) [For long-term care health insurance policies or certificates describe one of the following permissible policy renewability provisions:
    - (1) Policies and certificates that are guaranteed renewable shall contain the following statement:] RENEWABILITY: THIS POLICY [CERTIFICATE] IS GUARANTEED RENEWABLE. This means you have the right, subject to the terms of your policy, [certificate] to continue this policy as long as you pay your premiums on time. [Company Name] cannot change any of the terms of your policy on its own, except that, in the future, IT MAY INCREASE THE PREMIUM YOU PAY.
    - (2) [Policies and certificates that are noncancellable shall contain the following statement:] RENEWABILITY: THIS POLICY [CERTIFICATE] IS NONCANCELLABLE. This means that you have the right, subject to the terms of your policy, to continue this policy as long as you pay your premiums on time. [Company Name] cannot change any of the terms of your policy on its own and cannot change the premium you currently pay. However, if your policy contains an inflation protection feature where you choose to increase your benefits, [Company Name] may increase your premium at that time for those additional benefits.
  - (b) [For group coverage, specifically describe continuation/conversion provisions applicable to the certificate and group policy;]
  - (c) [Describe waiver of premium provisions or state that there are not such provisions;]
5. TERMS UNDER WHICH THE COMPANY MAY CHANGE PREMIUMS.  
 [In bold type larger than the maximum type required to be used for the other provisions of the outline of coverage, state whether or not the company has a right to change the premium, and if a right exists, describe clearly and concisely each circumstance under which the premium may change.]
6. TERMS UNDER WHICH THE POLICY OR CERTIFICATE MAY BE RETURNED AND PREMIUM REFUNDED.
  - (a) [Provide a brief description of the right to return - "free look" provision of the policy.]
  - (b) [Include a statement that the policy either does or does not contain provisions providing for a refund or partial refund of premium upon the death of an insured or surrender of the policy or certificate. If the policy contains such provisions, include a description of them.]
7. THIS IS NOT MEDICARE SUPPLEMENT COVERAGE. If you are eligible for Medicare, review the Medicare Supplement Buyer's Guide available from the insurance company.
  - (a) [For insurance producers] Neither [insert company name] nor its [agents or insurance producers] represent Medicare, the federal government or any state government.
  - (b) [For direct response] [insert company name] is not representing Medicare, the federal government or any state government.
8. LONG-TERM CARE COVERAGE. Policies of this category are designed to provide coverage for one or more necessary or medically necessary diagnostic, preventive, therapeutic, rehabilitative, maintenance, or personal care services, provided in a setting other than an acute-care unit of a hospital, such as in a nursing home, in the community or in the home.  
 This policy provides coverage in the form of a fixed dollar indemnity benefit for covered long-term care expenses, subject to policy [limitations] [waiting periods] and [coinsurance] requirements. [Modify this paragraph if the policy is not an indemnity policy.]
9. BENEFITS PROVIDED BY THIS POLICY.
  - (a) [Covered services, related deductible(s), waiting periods, elimination periods and benefit maximums.]
  - (b) [Institutional benefits, by skill level.]

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

(c) [Non-institutional benefits, by skill level.]

(d) Eligibility for Payment of Benefits

[Activities of daily living and cognitive impairment shall be used to measure an insured's need for long-term care and shall be defined and described as part of the outline of coverage.]

[Any additional benefit triggers shall be explained in this Section. If these triggers differ for different benefits, explanation of the triggers shall accompany each benefit description. If an attending physician or other specified person must certify a certain level of functional dependency in order to be eligible for benefits, this too must be specified.]

10. LIMITATIONS AND EXCLUSIONS.

[Describe:

(a) Preexisting conditions;

(b) Non-eligible facilities and providers;

(c) Non-eligible levels of care (e.g., unlicensed providers, care or treatment provided by a family member, etc.);

(d) Exclusions and exceptions;

(e) Limitations.]

[This Section shall provide a brief specific description of any policy provisions which limit, exclude, restrict, reduce, delay, or in any other manner operate to qualify payment of the benefits described in paragraph 6 above.]

**THIS POLICY MAY NOT COVER ALL THE EXPENSES ASSOCIATED WITH YOUR LONG-TERM CARE NEEDS.**

11. RELATIONSHIP OF COST OF CARE AND BENEFITS. Because the costs of long-term care services will likely increase over time, you should consider whether and how the benefits of this plan may be adjusted. [As applicable, indicate the following:

(a) That the benefit level will not increase over time;

(b) Any automatic benefit adjustment provisions;

(c) Whether the insured will be guaranteed the option to buy additional benefits and the basis upon which benefits will be increased over time if not by a specified amount or percentage;

(d) If there is such a guarantee, include whether additional underwriting or health screening will be required, the frequency and amounts of the upgrade options, and any significant restrictions or limitations;

(e) Describe whether there will be any additional premium charge imposed, and how that is to be calculated.]

12. ALZHEIMER'S DISEASE AND OTHER ORGANIC BRAIN DISORDERS.

[State that the policy provides coverage for insureds clinically diagnosed as having Alzheimer's disease or related degenerative and dementing illnesses. Specifically describe each benefit screen or other policy provision which provides preconditions to the availability of policy benefits for such an insured.]

13. PREMIUM.

(a) State the total annual premium for the policy;

(b) If the premium varies with an applicant's choice among benefit options, indicate the portion of annual premium which corresponds to each benefit option.]

14. ADDITIONAL FEATURES.

(a) Indicate if medical underwriting is used;

(b) Describe other important features.]

15. CONTACT THE STATE SENIOR HEALTH INSURANCE ASSISTANCE PROGRAM IF YOU HAVE GENERAL QUESTIONS REGARDING LONG-TERM CARE INSURANCE. CONTACT THE INSURANCE COMPANY IF YOU HAVE SPECIFIC QUESTIONS REGARDING YOUR LONG-TERM CARE INSURANCE POLICY OR CERTIFICATE.

**ARTICLE 11. MEDICARE SUPPLEMENT INSURANCE**

**R20-6-1101. Incorporation by Reference and Modifications**

A. The Department incorporates by reference the Model Regulation to Implement the National Association of Insurance Commissioners (NAIC) Medicare Supplement Insurance Minimum Standards Model Act, Fall 2023 (Model Regulation), and no future editions or amendments, which is on file with the Department of Insurance, 100 N. 15th Ave., Suite 261, Phoenix, AZ 85007-2630 and available on its website at: <https://difi.az.gov/insurance-division-rulemaking>. The Model Regulation is also available from the National Association of Insurance Commissioners, Publications Department, 1100 Walnut Street, Suite 1500, Kansas City, MO 64106-2197.

B. The Model Regulation is modified as follows:

1. In addition to the terms defined in the Model Regulation, the following definitions apply:

a. "Agent" means an insurance producer as defined in A.R.S. § 20-281(5).

b. "Commissioner" means the Director of the Arizona Department of Insurance and Financial Institutions.

c. "HMO" and "health maintenance organization" mean a health care services organization as defined in A.R.S. § 20-1051(6).

d. "Regulation" means Article.

2. Section 3(A)(2) reads:

(2) All certificates issued under group Medicare supplement policies, which certificates have been delivered or issued for delivery in this state including association plans.

3. Section 8(A)(7)(c) reads:

c. Each Medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended (for any period that may be provided by federal regulation) at the request of the policyholder if the policyholder is entitled to benefits under Section 226(b) of the Social Security Act and is covered under a group health plan (as defined in Section 1862(b)(1)(A)(v) of the Social Security Act). If suspension occurs and if the policyholder or certificate holder loses coverage under the group health plan, the policy shall be automatically reinstituted (effective as of the date of loss of coverage) if the policyholder provides notice of loss of coverage within 90 days after the date of the loss of the group health plan and pays the premium attributable to the supplemental policy period, effective as of the date of termination of enrollment in the group health plan.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

4. Section 8.1 is revised to insert the citation to A.R.S. § 20-1133 as follows:

The following standards are applicable to all Medicare supplement policies or certificates delivered or issued for delivery in this state on or after June 1, 2010. No policy or certificate may be advertised, solicited, delivered, or issued for delivery in this state as a Medicare supplement policy or certificate unless it complies with these benefit standards. No issuer may offer any [1990 Standardized Medicare supplement benefit plan] for sale on or after June 1, 2010. Benefit standards applicable to Medicare supplement policies and certificates issued before June 1, 2010 remain subject to the requirements of A.R.S. § 20-1133.

5. Section 8.1(A)(7)(c) is revised to read as follows:

Each Medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended (for any period that may be provided by federal regulation) at the request of the policyholder if the policyholder is entitled to benefits under Section 226(b) of the Social Security Act and is covered under a group health plan (as defined in Section 1862(b)(1)(A)(v) of the Social Security Act). If suspension occurs and if the policyholder or certificate holder loses coverage under the group health plan, the policy shall be automatically reinstituted (effective as of the date of loss of coverage) if the policyholder provides notice of loss of coverage within 90 days after the date of the loss and pays the premium attributable to the period, effective as of the date of termination of enrollment in the group health plan.

6. Section 9.1 is revised to insert the citation to A.R.S. § 20-1133 as follows:

The following standards are applicable to all Medicare supplement policies or certificates delivered or issued for delivery in this state on or after June 1, 2010. No policy or certificate may be advertised, solicited, delivered or issued for delivery in this state as a Medicare supplement policy or certificate unless it complies with these benefit plan standards. Benefit plan standards applicable to Medicare supplement policies and certificates issued before June 1, 2010 remain subject to the requirements of A.R.S. § 20-1133.

7. Section 9.2 is revised to insert the citation to A.R.S. § 20-1133 as follows:

The Medicare Access and CHIP Reauthorization Act of 2015 (MACRA) requires the following standards are applicable to all Medicare supplement policies or certificates delivered or issued for delivery in this state to individuals newly eligible for Medicare on or after January 1, 2020. No policy or certificate that provides coverage of the Medicare Part B deductible may be advertised, solicited, delivered or issued for delivery in this state as a Medicare supplement policy or certificate to individuals newly eligible for Medicare on or after January 1, 2020. All policies must comply with the following benefit standards. Benefit plan standards applicable to Medicare supplement policies and certificates issued

to individuals eligible for Medicare before January 1, 2020, remain subject to the requirements of A.R.S. § 20-1133.

8. Section 15(G) is revised as follows:

An insurer shall not file or request approval of a rate structure for its Medicare supplement policies or certificates based upon attained-age rating as a structure or methodology.

9. Section 23 is revised as follows:

- A. If a Medicare supplement policy or certificate replaces another Medicare supplement policy or certificate, the replacing issuer shall waive any time periods applicable to preexisting conditions, waiting periods, elimination periods and probationary periods in the new Medicare supplement policy or certificate to the extent such time was spent under the original policy.
- B. If a Medicare supplement policy or certificate replaces another Medicare supplement policy or certificate which has been in effect for at least six months, the replacing policy shall not provide any time period applicable to preexisting conditions, waiting periods, elimination periods and probationary periods.

**ARTICLE 12. HIV/AIDS: PROHIBITED AND REQUIRED PRACTICES****R20-6-1201. Definitions**

- A. "AIDS" means Acquired Immune Deficiency Syndrome.
- B. "Applicant" means an applicant for a life or disability insurance policy or coverage under a health care plan, as well as any potential certificate holder or dependent covered under such policy or plan.
- C. "Insurer" means life and disability insurers (including but not limited to health insurers), hospital and medical service corporations, and health care services organizations, including all employees, contractors, and agents thereof.
- D. "Person" means any individual, company, insurer, association, organization, society, reciprocal or inter-insurance exchange, partnership, syndicate, business trust, corporation, or entity.

**Historical Note**

Adopted effective March 7, 1994 (Supp. 94-1). R20-6-1201 recodified from R4-14-1201 (Supp. 95-1).

**R20-6-1202. Applications for Insurance**

- A. Insurers shall not use questions on applications for life or disability policies or health care plans that inquire directly or indirectly about:
  - 1. The sexual orientation of an applicant;
  - 2. An applicant's receipt of transfusions of blood or blood products; or
  - 3. Whether or not the applicant has had any HIV-related test, except as provided in subsection (B) of this rule.
- B. Insurers may include specific questions on applications for life or disability insurance policies or health care plans asking if the applicant has ever been diagnosed or treated for AIDS or AIDS-related conditions or tested positive for the presence of HIV antibodies, antigens, or the virus. No adverse underwriting decision shall be made on the basis of any prior positive HIV-related test or tests unless the insurer has verified that the prior test(s) consisted of both a positive screening test such as enzyme-linked immunoassay (ELISA) and a positive supplemental test such as a Western Blot. All such tests used shall be approved and licensed by the Food and Drug Administration and conducted in accordance with the manufacturer's directions for use, including but not limited to the manufacturers' specified interpretation of positivity.

**Historical Note**

Adopted effective March 7, 1994 (Supp. 94-1). R20-6-1202 recodified from R4-14-1202 (Supp. 95-1).

**R20-6-1203. Testing for HIV; Consent Form**

- A. An insurer may test for HIV infection in the same way that the insurer tests for other conditions that affect mortality and morbidity. No adverse underwriting decision shall be made on the basis of a positive result to an HIV-related test unless the result consists of both a positive screening test such as enzyme-linked immunoassay (ELISA) and a positive supplemental test such as a Western Blot. All such tests used shall be approved and licensed by the Food and Drug Administration and conducted in accordance with the manufacturers' directions for

use, including but not limited to the manufacturers' specified interpretation of positivity.

- B. If an applicant is requested to take an HIV-related test in connection with an application for a life or disability insurance policy or a health care plan, the insurer shall reveal the use of such test to the applicant and shall obtain the written consent of the applicant prior to the administration of such test. The insurer shall allow the applicant up to 10 days within which to decide whether or not to sign the consent form, and no adverse underwriting decision may be made on the basis of the applicant's delay during this time period. Insurers need not provide pretest counseling to applicants but shall advise applicants of the availability of counseling in accordance with subsection (C) of this rule.
- C. The written consent form, which shall be approved by the Director in advance of its use, shall contain the following information:
  1. Purpose of the consent form. The form shall contain a clear disclosure that the test to be performed is a test for the presence of HIV antibodies, antigens, or the virus, and that underwriting decisions will be based on the results of such test. The form shall further provide notice of a period of not less than 10 days during which the applicant may decide whether or not to sign the form, along with a disclosure that the applicant's refusal to be tested may be used as a reason to deny coverage.
  2. Information on HIV. The form shall provide clear, concise, and accurate information on how the disease is spread and what behavior places persons at risk of contracting the virus.
  3. Pretest counseling considerations. The written consent form shall contain information advising the applicant that counseling is recommended by many public health organizations and that the applicant may obtain such counseling at the applicant's own expense. The form shall contain current information as provided by the Department regarding the availability in Arizona of free confidential or anonymous counseling through county health departments and through other governmental or government-funded agencies.
  4. Disclosure of test results. The form shall advise the applicant that all test results shall be treated confidentially and that results shall be released only to the applicant and the named insurer or upon the applicant's written consent or as otherwise required or allowed by law, including but not limited to the release of information to the Department of Health Services as provided by law.
  5. Meaning of positive test results. The form shall advise the applicant of the type of test (including but not limited to antibody, antigen, or viral culture) to be used, and that a positive test result indicates that the applicant has been infected with HIV but does not necessarily have AIDS. The form shall explain that a positive test result will adversely affect the application for insurance.
  6. Consent. The consent form shall contain an attestation to be signed by the applicant or, if the applicant lacks legal capacity to consent, a person authorized pursuant to law to consent on behalf of the applicant, that he or she has read and understands the written consent form and voluntarily consents to the performance of a test for HIV and to the disclosure of the test results as described in the consent form. The applicant or the applicant's legal representative shall have the right to request and receive a copy of

the written consent form. A photocopy of the form shall be as valid as the original.

7. Optional release of information to personal physician. In addition to the release of information to the insurer provided in the consent form, the applicant may, at the applicant's option, consent to the release of information to the applicant's personal physician. The form shall provide for such release to be separately signed and dated by the applicant, or if the applicant lacks legal capacity to consent, by a person authorized pursuant to law to consent on behalf of the applicant.
8. Time period during which release of information is effective. The consent form shall specify the time period during which any and all release provisions of the consent form shall be effective, but in no case shall such time period exceed 180 days from the date the consent form is signed by the applicant or the applicant's legal representative. No HIV-related information shall be released to any person after the expiration of that time period unless the insurer obtains the express written consent, pursuant to R20-6-1204, of the applicant or, if the applicant lacks legal capacity to consent, by a person authorized by law to consent on behalf of the applicant.

**Historical Note**

Adopted effective March 7, 1994 (Supp. 94-1). R20-6-1203 recodified from R4-14-1203 (Supp. 95-1).

**R20-6-1204. Release of Confidential HIV-related Information; Release Form**

- A. Except as required by law or authorized pursuant to a written consent to be tested, an insurer shall not disclose confidential HIV-related information to any person unless a written release form is executed by the applicant or, if the applicant lacks legal capacity to consent to such release, by a person authorized by law to consent to the release of information on behalf of the applicant. The applicant or the applicant's legal representative shall be entitled to receive a copy of the release. A photocopy shall be as valid as the original.
- B. Such written release form shall contain the following information:
  1. The name and address of the person to whom the information shall be disclosed;
  2. The specific purpose for which disclosure is to be made; and
  3. The time period during which the written release is to be effective but in no case shall such time period exceed 180 days from the date the release is signed by the applicant or the applicant's legal representative;
  4. The signature of the applicant or of the person authorized by law to consent to such release, and the date the release form was signed.

**Historical Note**

Adopted effective March 7, 1994 (Supp. 94-1). R20-6-1204 recodified from R4-14-1204 (Supp. 95-1).

**R20-6-1205. Benefits; Prohibited Practices**

- A. Life and disability insurance policies or health care plans that provide benefits for prescription drugs shall provide benefits for any and all drugs and pharmaceutical forms of treatment for HIV and/or AIDS approved by the Food and Drug Administration pursuant to 21 U.S.C. Chapter 9 or licensed by the Food and Drug Administration pursuant to 42 U.S.C. Chapter 6A, including but not limited to Zidovudine, formerly Azido-

thymidine (“AZT”), Didanosine (ddI) and Zalcitabine (ddC), to the same extent as other prescription drugs and treatments.

- B. Insurers shall provide benefits for HIV, AIDS, and AIDS-related conditions in the same manner and to the same extent as those benefits provided for all other diseases.

**Historical Note**

Adopted effective March 7, 1994 (Supp. 94-1). R20-6-1205 recodified from R4-14-1205 (Supp. 95-1).

**ARTICLE 13. MENTAL HEALTH PARITY****R20-6-1301. Definitions**

The definitions in A.R.S. § 20-3501 and the following definitions apply to this Article:

“Arizona Mental Health Parity Act” means the statutes found at A.R.S. §§ 20-3501 through 20-3505.

“Coverage unit” has the meaning prescribed at 45 CFR § 146.136(a) “Coverage unit.”

“Department of Insurance and Financial Institutions (Department)” has the meaning prescribed at A.R.S. § 20-101.

“CMS MHPAEA tool” means the Microsoft Excel Mental Health Parity tool maintained by the Center for Medicare and Medicaid Services.

“Financial requirements (FR)” has the meaning at 45 CFR § 146.136(a) “Financial requirements.”

“Health care insurer” has the meaning prescribed at A.R.S. § 20-3501(2).

“Health plan” has the meaning prescribed at A.R.S. § 20-3501(3).

“Inpatient, in-network benefits” are benefits furnished on an inpatient basis and within a network of contracted providers under a health plan.

“Inpatient, out-of-network benefits” are benefits furnished on an inpatient basis by providers without a contract under a health plan or for a health plan that has no network of providers.

“Large group health plan” is a health plan issued to an employer group that is not a small employer as defined at A.R.S. § 20-2301(A)(20).

“Medical/surgical (Med/Surg) benefits” has the meaning prescribed at 45 CFR § 146.136(a) “Medical/surgical benefits.”

“Mental (MH) health benefits” has the meaning prescribed at 45 CFR § 146.136(a) “Mental health benefits.”

“MHPAEA” means the Mental Health Parity and Addiction Equity Act prescribed in A.R.S. § 20-3501(4).

“Nonquantitative treatment limitation (NQTL)” is a limitation that restricts the scope or duration of benefits for treatment under a health plan or coverage. Illustrations of NQTLs include: medical management standards limiting or excluding benefits based on medical necessity or appropriateness or based on whether the treatment is experimental or investigative as identified under 45 CFR 146.136(c)(4)(ii)(A); formulary design for prescription drugs as identified under 45 CFR 146.136(c)(4)(ii)(B); network tier design (for health plans with multiple network tiers such as preferred providers and participating providers) as identified under 45 CFR 146.136(c)(4)(ii)(C); standards for provider admission to participate in a network, including reimbursement rates as identified

under 45 CFR 146.136(c)(4)(ii)(D); methods for determining usual, customary, and reasonable charges as identified under 45 CFR 146.136(c)(4)(ii)(E); refusal to pay for higher-cost therapies until it can be shown that a lower-cost therapy is not effective (also known as “fail-first policies” or “step therapy protocols”) as identified under 45 CFR 146.136(c)(4)(ii)(F); exclusions based on failure to complete a course of treatment; and restrictions based on geographic location as identified under 45 CFR 146.136(c)(4)(ii)(G), facility type, provider specialty, and other criteria than limit the scope or duration of benefits for services provided under the health plan or coverage as identified under 45 CFR 146.136(c)(4)(ii)(H).

“Outpatient, in-network benefits” are benefits furnished on an outpatient basis and within a network of providers established or recognized under a health plan.

“Outpatient, out-of-network benefits” are benefits furnished on an outpatient basis and outside any network of providers established or recognized under a health plan or under a health plan that has no network of providers.

“Predominant test” means that if a type of FR or QTL applies to substantially all of the Med/Surg benefits in a classification, the predominant level of the FR or QTL is the level that applies to more than 1/2 of the Med/Surg benefits in that classification subject to the FR or QTL. If no single level can be determined, the health plan (or health insurance issuer) may combine levels until the combination of levels applies to more than 1/2 of Med/Surg benefits subject to the FR or QTL in the classification. The least restrictive level within the combination is considered the predominant level of that type of classification. For this purpose, a health plan may combine the most restrictive levels first with each less restrictive level added to the combination until the combination applies to more than 1/2 of the benefits subject to the FR or QTL.

“Quantitative treatment limitation (QTL)” is a limitation on the scope or duration of a benefit that can be expressed numerically that includes day or visit limits such as “50 outpatient visits per year.” QTLs include annual, episode, and lifetime day and visit limits such as number of treatments, number of visits, or days of coverage.

“Substance use disorder (SUD) benefits” has the meaning prescribed at 45 CFR § 146.136(a) “Substance use disorder benefits.”

“Substantially all test” means that a FR or QTL applies to at least 2/3 of all Med/Surg benefits in a classification of benefits for a coverage unit. (For this purpose, benefits expressed as subject to a zero level of a type of FR are treated as not subject to that type of FR. In addition, benefits expressed as subject to an unlimited QTL are treated as not subject to that type of QTL.) If a type of FR or QTL does not apply to at least 2/3 of all Med/Surg benefits in a classification, then that type of FR or QTL cannot be applied to MH or SUD benefits in that classification.

**Historical Note**

New Section made by final rulemaking at 28 A.A.R. 1824 (July 29, 2022), effective September 4, 2022 (Supp. 22-3).

**R20-6-1302. Medical Necessity Criteria and NQTL Reporting**

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- A. Health care insurers subject to the reporting requirement. A health care insurer that issues health plans in Arizona is required to file the reports required by this Section with the Department.
- B. Health plans subject to reporting. A health care insurer shall submit a report for all health plans it offers in this state (including grandfathered and non-grandfathered health plans) that meet all of the criteria listed in subsections (B)(1) through (4). If a health care insurer determines that the information to be reported varies by network plan, or varies in the individual, small group, or large group market, the health care insurer must submit a separate report for each variation.
  - 1. The health plan offers MH and/or SUD benefits in addition to Med/Surg benefits.
  - 2. The health plan offers MH and/or SUD benefits in at least one of the following classifications:
    - a. Inpatient, in-network;
    - b. Inpatient, out-of-network;
    - c. Outpatient, in-network;
    - d. Outpatient, out-of-network;
    - e. Emergency care; or
    - f. Prescription drugs.
  - 3. The health plan is offered on a group (large or small) or individual basis.
  - 4. The health plan has not received and notified the Department of an increased cost exemption pursuant to 45 CFR 146.136(g).
- C. Health plans exempt from reporting. A health plan that meets the criteria of subsection (B) is exempt from reporting under this Article if it is one of the following types of health plans:
  - 1. A small group grandfathered health plan;
  - 2. A small group non-grandfathered health plan subject to the HHS transitional policy; or
  - 3. A health plan that meets the definition of excepted benefit provided in 45 CFR 146.145(b) or 45 C.F.R. 148.220.
- D. Required reports. A health care insurer shall file a separate report for each fully insured product network type the health care insurer issues in Arizona. If the information to be reported varies by network or health plan, or varies in the individual, small group or large group market, the health care insurer must file a separate report for each variation.
- E. Triennial Reports.
  - 1. Existing health care insurers. Beginning on March 15, 2023 and every third year thereafter, a health care insurer issuing health plans and collecting premium in Arizona as of January 1, 2022 shall file a triennial report with the Department for each health plan subject to reporting.
  - 2. Entering or re-entering health care insurers. On or before March 15 of the second year an entering or re-entering health care insurer issues health plans and collects premiums in Arizona, the health care insurer shall file an original triennial report with the Department for each health plan subject to reporting. Following the filing of the original triennial report, the health care insurer shall submit subsequent triennial reports on the schedule described in subsection (E)(1).
  - 3. Due date for triennial reports. Triennial reports are due on or before March 15 of each reporting year.
  - 4. Content of the original triennial report. Health care insurers shall file an original triennial report with the Department under A.R.S. § 20-3502(B) that provides the required information in Exhibit A.
  - 5. Subsequent triennial reports.
    - a. A health care insurer must file an updated triennial report, including the information required in Exhibit A, unless the health care insurer can attest that it has made no changes since the previously filed triennial report.
    - b. As required by A.R.S. § 20-3502(E), a health care insurer shall file the following with the Department for each health plan subject to reporting:
      - i. An updated triennial report, including the information required in Exhibit A; or
      - ii. The last triennial report filed with the Department and a written attestation that the health care insurer has made no changes since it filed the previous triennial report.
- F. Annual Reports. Pursuant to A.R.S. § 20-3502(E), on or before March 15 of each intervening year between the filing of a triennial report, a health care insurer shall file:
  - 1. A report that summarizes any changes made to its medical necessity criteria and NQTLs (Exhibit A, Parts I, II, and III);
  - 2. A written attestation by an officer or director of the health care insurer that the health care insurer is in compliance with MHPAEA; and
  - 3. If requested by the Department, any additional data required by the Department including Exhibit A, Part IV.
- G. Additional information. At any time after a health care insurer files a report under this Section, the Department may request additional information, including an updated triennial or annual report, by contacting the health care insurer and making the request in writing. The health care insurer shall provide contact information to the Department when it files any of the reports required by this Section. The Department may set a deadline for a health care insurer to respond to its request and specify the format for the response.

**Historical Note**

New Section made by final rulemaking at 28 A.A.R. 1824 (July 29, 2022), effective September 4, 2022 (Supp. 22-3).

**R20-6-1303. FR and QTL Reporting**

- A. Method of reporting. A health care insurer that issues health plans in Arizona and whose policy forms are not exempt from the form filing requirement shall demonstrate its compliance with the FR and QTL parity requirements of MHPAEA through its form and rate filings with the Department.
- B. Department's authority to require additional data. In addition to the forms filed by a health care insurer, the Department may require a health care insurer to submit additional data relating to its methods for meeting the MHPAEA FR and QTL standards. The Department may utilize the CMS MHPAEA tool and may request samples of a health care insurer's internal testing to demonstrate compliance with the substantially all and predominant tests within each classification of benefits for a health plan.
- C. Separate consolidated report for large group health plans. The Department may require a health care insurer that issues large group health plans to file a consolidated report that demonstrates compliance with the substantially all and predominant tests within each classification of benefits for a sample of large group health plans with similar benefit structures.
- D. Special rule for FRs - Prescription Drug Classification. The multi-tiered prescription drug benefits exception of A.R.S. § 20-3502(D)(1) applies to the FRs for the prescription drug classification. For example, a health plan applies 4 tiers as fol-

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

lows: Tier 1: Generic Drugs for which the health plan pays 90%; Tier 2: Preferred Brand-name Drugs for which the health plan pays 80%; Tier 3: Non-preferred Brand-name Drugs for which the health plan pays 60%; and Tier 4: Specialty Drugs for which the health plan pays 50%. These FRs are applied without regard to whether a drug is prescribed for Med/Surg or MH/SUD benefits. In addition, the process for certifying a particular drug within a tier complies with the rules for NQTLs. Therefore, the FRs applied to prescription drug benefits meet the parity requirements under MHPAEA.

**E. Special rules for FRs and QTLs.**

1. In-network Classifications. The multiple network tiers exception of A.R.S. § 20-3502(D)(2) applies to the FRs and QTLs for the in-network classifications. For example, a health plan has two tiers of in-network providers: Tier 1: Preferred provider; and Tier 2: Participating provider. Placement of a provider into a tier complies with the rules for NQTLs and is determined without regard to whether the provider specializes in the treatment of Med/Surg conditions or MH/SUD disorders. The in-network classifications are divided into two subclassifications: 1. In-network preferred; and 2. In-network participating. The health plan does not impose any FR or QTL on MH/SUD benefits in either subclassification that is more restrictive than the predominant FR or QTL that applies to all Med/Surg benefits in each subclassification. Therefore, the FRs or QTLs applied to the in-network subclassifications that reflect the provider tiers meet the parity requirements under MHPAEA.
2. Outpatient Classifications. The subclassification permitted for the office visits exception of A.R.S. § 20-3502(D)(3) applies to the FRs and QTLs for the outpatient classifications. For example, a health plan divides the outpatient, in-network classification into two subclassifications: 1. In-network office visits; and 2. All other outpatient, in-network items and services. The health plan does not impose any FR or QTL on MH/SUD benefits in either subclassification that is more restrictive than the

predominant FR or QTL that applies to Med/Surg benefits in each subclassification. Therefore, the FRs or QTLs applied to the outpatient subclassifications for office visits and all other outpatient items and services meet the parity requirements under MHPAEA.

3. The health plan cannot use a subclassification for generalists and specialists. The only subclassifications permitted for the in-network classifications are: 1. Office visits (such as physician visits); and 2. All other outpatient items and services (such as outpatient surgery, facility charges for day treatment centers, laboratory charges, or other medical items).

**Part II: Medical necessity criteria.****Instructions for Part II:**

To comply with A.R.S. § 20-3502(B)(1), describe the process that is used to develop or select medical necessity criteria for the plan and reporting year identified in Part I. When the plan describes the process used to develop or select criteria for MH/SUD benefits, then it must also describe the process used to develop or select criteria for Med/Surg benefits.

To comply with A.R.S. § 20-3502(B)(1), report:

- A. Describe the process used to develop or select medical necessity criteria for MH/SUD benefits.
- B. Describe the process used to develop or select medical necessity criteria for Med/Surg benefits.

**Part III: Identify all NQTLs.****Instructions for Part III:**

To comply with A.R.S. § 20-3502(B)(2), identify all NQTLs that are applied to MH/SUD benefits and all NQTLs that are applied to Med/Surg benefits for the plan and reporting year identified in Part I. NQTLs shall be identified within each classification of benefits.

- A. Identify and report all NQTLs applied to MH/SUD benefits:
  1. All NQTLs applied to In-Patient, In-Network Classification.
  2. All NQTLs applied to In-Patient, Out-of-Network Classification.
  3. All NQTLs applied to Out-Patient, In-Network Classification.
  4. All NQTLs applied to Out-Patient, Out-of-Network Classification.
  5. All NQTLs applied to Emergency Care.
  6. All NQTLs applied to Prescription Benefits.
- B. Identify and report all NQTLs applied to Med/Surg benefits:
  1. All NQTLs applied to In-Patient, In-Network Classification.
  2. All NQTLs applied to In-Patient, Out-of-Network Classification.
  3. All NQTLs applied to Out-Patient, In-Network Classification.
  4. All NQTLs applied to Out-Patient, Out-of-Network Classification.
  5. All NQTLs applied to Emergency Care.
  6. All NQTLs applied to Prescription Benefits.

**Part IV: Demonstrate parity through analysis.****Instructions for Part IV:**

To comply with A.R.S. § 20-3502(B)(3), for each NQTL listed in Part III, demonstrate through analysis that the process, strategy, evidentiary standard, and other factor of applying the NQTL to MH/SUD benefits in a classification of benefits, as written and in operation, is comparable to, and applied not more stringently than, any process, strategy, evidentiary standard or other factor used in applying the NQTL to Med/Surg benefits in the same classification. The report should define each "Other Factor" and include qualitative and quantitative statistical data to support and explain the analysis.

Identify and report on the NQTLs reported in Part III as follows:

- A. Classification - Inpatient, in-network
  1. Process
    - a. Process applying NQTL to MH/SUD benefit.
    - b. Process applying NQTL to Med/Surg benefit.
    - c. Analysis showing that the process of applying the NQTL to MH/SUD benefits, as written, is comparable to and not applied more stringently than to Med/Surg benefits.
    - d. Analysis showing that the process of applying the NQTL to MH/SUD benefits, in operation, is comparable to and not applied more stringently than to Med/Surg benefits.
  2. Strategy
    - a. Strategy applying NQTL to MH/SUD benefit.
    - b. Strategy applying NQTL to Med/Surg benefit.
    - c. Analysis showing that the strategy of applying the NQTL to MH/SUD benefits, as written, is comparable to and not applied more stringently than to Med/Surg benefits.
    - d. Analysis showing that the strategy of applying the NQTL to MH/SUD benefits, in operation, is comparable to and not applied more stringently than to Med/Surg benefits.
  3. Evidentiary Standard
    - a. Evidentiary standard applying NQTL to MH/SUD benefit.
    - b. Evidentiary standard applying NQTL to Med/Surg benefit.
    - c. Analysis showing that the evidentiary standard of applying the NQTL to MH/SUD benefits, as written, is comparable to and not applied more stringently than to Med/Surg benefits.
    - d. Analysis showing that the evidentiary standard of applying the NQTL to MH/SUD benefits, in operation, is comparable to and not applied more stringently than to Med/Surg benefits.
  4. Other Factor
    - a. Other factor applying NQTL to MH/SUD benefit.
    - b. Other factor applying NQTL to Med/Surg benefit.
    - c. Analysis showing that other factors used to apply the NQTL to MH/SUD benefits, as written, are comparable to and not applied more stringently than to Med/Surg benefits.

**R20-6-1402. Acquisition of Control – Statement Filing**

- A. A person required to file a statement pursuant to A.R.S. § 20-481.02 shall furnish the required information on Form A, attached hereto as Appendix A and on Form E, attached hereto as Appendix E, and described in subsections (D) and (E) of this Section.
- B. The applicant shall promptly advise the Director of any changes in the information furnished on Form A arising subsequent to the date upon which the information was furnished but prior to the Director's disposition of the application.
- C. If the person being acquired is deemed to be a "domestic insurer" solely because of the provisions of A.R.S. § 20-481.02(G), the name of the domestic insurer on the cover page should be indicated as follows: "[ABC Insurance Company], a subsidiary of [XYZ Holding Company]." Where a A.R.S. § 20-481.02(G) insurer is being acquired, references to "the insurer" contained in Form A shall refer to both the domestic subsidiary insurer and the person being acquired.
- D. If a domestic insurer, including any person controlling a domestic insurer, is proposing a merger or acquisition pursuant

to A.R.S. § 20-481.02(A), that person shall file a pre-acquisition notification form, Form E, which was developed pursuant to A.R.S. § 20-481.25(C).

- E. Additionally, if a non-domiciliary insurer licensed to do business in this state is proposing a merger or acquisition pursuant to A.R.S. § 20-481.25, that person shall file a pre-acquisition notification form, Form E. No pre-acquisition notification form need be filed if the acquisition is beyond the scope of A.R.S. § 20-481.25 as set forth in A.R.S. § 20-481.25(B).
- F. In addition to the information required by Form E, the Director may wish to require an expert opinion as to the competitive impact of the proposed acquisition.

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

**Historical Note**

Adopted effective February 22, 1993 (Supp. 93-1). R20-6-1404 recodified from R4-14-1404 (Supp. 95-1).  
Amended by exempt rulemaking at 21 A.A.R. 54, effective February 14, 2015 (Supp. 14-4).

**R20-6-1405. Alternative and Consolidated Registrations**

- A.** Any authorized insurer may file a registration statement on behalf of any affiliated insurer or insurers which are required to register under A.R.S. § 20-481.09. A registration statement may include information not required by the Act regarding any insurer in the insurance holding company system even if such insurer is not authorized to do business in this state. In lieu of filing a registration statement on Form B, the authorized insurer may file a copy of the registration statement or similar report which it is required to file in its state of domicile, provided:
1. The statement or report contains substantially similar information required to be furnished on Form B; and
  2. The filing insurer is the principal insurance company in the insurance holding company system.
- B.** The question of whether the filing insurer is the principal insurance company in the insurance holding company system is a question of fact and an insurer filing a registration statement or report in lieu of Form B on behalf of an affiliated insurer, shall set forth a brief statement of facts which will substantiate the filing insurer's claim that it, in fact, is the principal insurer in the insurance holding company system.
- C.** With the prior approval of the Director, an unauthorized insurer may follow any of the procedures which could be done by an authorized insurer under subsection (A) above.
- D.** Any insurer may take advantage of the provisions of A.R.S. §§ 20-481.15 or 20-481.16 without obtaining the prior approval of the Director. The Director, however, reserves the right to require individual filings if he or she deems such filings necessary in the interest of clarity, ease of administration or the public good.

**Historical Note**

Adopted effective February 22, 1993 (Supp. 93-1). R20-6-1405 recodified from R4-14-1405 (Supp. 95-1).  
Amended by exempt rulemaking at 21 A.A.R. 54, effective February 14, 2015 (Supp. 14-4).

**R20-6-1406. Disclaimers and Termination of Registration**

- A.** A disclaimer of affiliation or a request for termination of registration claiming that a person does not, or will not upon the taking of some proposed action, control another person, hereinafter referred to in this rule as the "subject," shall contain the following information:
1. The number of authorized, issued and outstanding voting securities of the subject;
  2. With respect to the person whose control is denied and all affiliates of such person, the number and percentage of shares of the subject's voting securities which are held of record or known to be beneficially owned, and the number of shares concerning which there is a right to acquire, directly or indirectly;
  3. All material relationships and bases for affiliation between the subject and the person whose control is denied and all affiliates of such person;
  4. A statement explaining why the person should not be considered to control the subject.
- B.** A request for termination of registration shall be deemed to have been granted unless the director, within 30 days after receipt of the request, notifies the registrant otherwise.

**Historical Note**

Adopted effective February 22, 1993 (Supp. 93-1). R20-6-1406 recodified from R4-14-1406 (Supp. 95-1).  
Amended by exempt rulemaking at 21 A.A.R. 54, effective February 14, 2015 (Supp. 14-4).

**R20-6-1407. Transactions Subject to Prior Notice – Notice Filing**

- A.** An insurer required to give notice of a proposed transaction pursuant to A.R.S. § 20-481.12 shall furnish the required information on Form D, attached hereto as Appendix D, in accordance with the instructions in Appendix G.
- B.** Agreements for cost sharing services and management services shall at a minimum and as applicable:
1. Identify the person providing services and the nature of such services;
  2. Set forth the methods to allocate costs;
  3. Require timely settlement, not less frequently than on a quarterly basis, and compliance with the requirements in the Accounting Practices and Procedures Manual;
  4. Prohibit advancement of funds by the insurer to the affiliate except to pay for services defined in the agreement;
  5. State that the insurer will maintain oversight for functions provided to the insurer by the affiliate and that the insurer will monitor services annually for quality assurance;
  6. Define records and data of the insurer to include all records and data developed or maintained under or related to the agreement that are otherwise the property of the insurer, in whatever form maintained, including, but not limited to, claims and claim files, policyholder lists, application files, litigation files, premium records, rate books, underwriting manuals, personnel records, financial records, or similar records within the possession, custody, or control of the affiliate;
  7. Specify that all records and data of the insurer are and remain the property of the insurer, and;
    - a. Are subject to control of the insurer;
    - b. Are identifiable; and
    - c. Are segregated from all other persons' records and data and are readily capable of segregation at no additional cost to the insurer;
  8. State that all funds and invested assets of the insurer are the exclusive property of the insurer, held for the benefit of the insurer and are subject to the control of the insurer;
  9. Include standards for termination of the agreement with and without cause;
  10. Include provisions for indemnification of the insurer in the event of gross negligence or willful misconduct on the part of the affiliate providing the services and for any actions by the affiliate that violate the provisions of the agreement required in subsections (B)(11), (B)(12), (B)(13), (B)(14), and (B)(15);
  11. Specify that, if the insurer is placed into supervision, conservatorship, or receivership by the Director pursuant to A.R.S. §§ 20-169(3), 20-171(A), 20-172, or the Arizona Receivership Act:
    - a. All of the rights of the insurer under the agreement extend to the receiver or Director to the extent permitted by the law of Arizona;
    - b. All records and data of the insurer shall be identifiable and segregated from all other persons' records and data or readily capable of segregation at no additional cost to the receiver or the Director;
    - c. A complete set of records and data of the insurer will immediately be made available to the receiver or the

Director, shall be made available in a usable format and shall be turned over to the receiver or Director immediately upon the receiver or the Director's request, and the cost to transfer data to the receiver or Director shall be fair and reasonable; and

- d. The affiliated person or persons will make available all employees essential to the operations of the insurer and the services associated therewith for the immediate continued performance of the essential services ordered or directed by the receiver or Director;
12. Specify that the affiliate has no automatic right to terminate the agreement if the insurer is placed into supervision, conservatorship, or receivership pursuant to A.R.S. §§ 20-169(3), 20-171(A), 20-172, or the Arizona Receivership Act;
13. Specify that the affiliate will provide the essential services for a minimum period of time after termination of the agreement, if the insurer is placed into supervision, conservatorship, or receivership pursuant to A.R.S. §§ 20-169(3), 20-171(A), 20-172, or the Arizona Receivership Act, as ordered or directed by the receiver or Director. Performance of the essential services will continue to be provided without regard to pre-receivership unpaid fees, so long as the affiliate continues to receive timely payment for post-receivership services rendered, and unless released by the receiver, Director, or supervising court;
14. Specify that the affiliate will continue to maintain any systems, programs, or other infrastructure notwithstanding supervision, conservatorship or receivership pursuant to A.R.S. §§ 20-169(3), 20-171(A), 20-172, or the Arizona Receivership Act, and will make them available to the receiver or Director as ordered or directed by the receiver or Director for so long as the affiliate continues to receive timely payment for post-receivership services rendered, and unless released by the receiver, Director, or supervising court; and
15. Specify that, in furtherance of the cooperation between the receiver and the affected guaranty association or associations and subject to the receiver's authority over the insurer, if the insurer is placed into supervision, conservatorship, or receivership pursuant to A.R.S. §§ 20-169(3), 20-171(A), 20-172, or the Arizona Receivership Act, and portions of the insurer's policies or contracts are eligible for coverage by one or more guaranty associations, the affiliate's commitments under subsections (B)(11), (B)(12), (B)(13), and (B)(14) will extend to those guaranty association or associations.

**Historical Note**

Adopted effective February 22, 1993 (Supp. 93-1). R20-6-1407 recodified from R4-14-1407 (Supp. 95-1).

Amended by exempt rulemaking at 21 A.A.R. 54, effective February 14, 2015 (Supp. 14-4). Amended by final rulemaking at 30 A.A.R. 482 (March 22, 2024), effective May 7, 2024 (Supp. 24-1).

**R20-6-1408. Enterprise Risk Report; Group Capital Calculation**

- A. The ultimate controlling person of an insurer required to file an enterprise risk report pursuant to A.R.S. § 481.10(D) shall furnish the required information on Form F, attached hereto as Appendix F.

- B. The lead state Commissioner has the discretion to exempt the ultimate controlling person from filing the annual group capital calculation if the lead state Commissioner makes a determination based upon the filing that the insurance holding company system meets all of the following criteria:

1. Has annual direct written and unaffiliated assumed premium, including international direct and assumed premium, but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program of less than \$1,000,000,000;
2. Has no insurers within its holding company structure that are domiciled outside of the United States or one of its territories;
3. Has no banking, depository, or other financial entity that is subject to an identified regulatory capital framework within its holding company structure;
4. The holding company system attests that there are no material changes in the transactions between insurers and non-insurers in the group that have occurred since the last filing of the annual group capital calculation; and
5. The non-insurers within the holding company system do not pose a material financial risk to the insurer's ability to honor policyholder obligations.

- C. Where an insurance holding company system has previously filed the annual group capital calculation at least once, the lead state Commissioner has the discretion to accept, in lieu of the group capital calculation, a limited group capital filing if the insurance holding company system has annual direct written and unaffiliated assumed premium, including international direct and assumed premium but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, of less than \$1,000,000,000 and all of the following additional criteria are met:

1. Has no insurer within its holding company structure that are domiciled outside of the United States or one of its territories;
2. Does not include a banking, depository, or other financial entity that is subject to an identified regulatory capital framework; and
3. The holding company system attests that there are no material changes in transactions between insurers and non-insurers in the group that have occurred since the last filing of the report to the lead state Commissioner and the non-insurers within the holding company system do not pose a material financial risk to the insurers' ability to honor policyholder obligations.

- D. For an insurance holding company that has previously met an exemption with respect to the group capital calculation pursuant to subsections (B) or (C), the lead state Commissioner may require, at any time, the ultimate controlling person to file an annual group capital calculation, completed in accordance with the NAIC Group Capital Calculation Instructions, if any of the following criteria are met:

1. Any insurer within the insurance holding company system is in a Risk-Based Capital action level event as set forth in A.R.S. § 20-488.02 or a similar standard for a non-U.S. insurer;
2. Any insurer within the insurance holding company system meets one or more of the standards of an insurer deemed to be in hazardous financial condition as defined in A.R.S. § 20-220.01; or
3. Any insurer within the insurance holding company system otherwise exhibits qualities of a troubled insurer as determined by the lead state Commissioner based on

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

unique circumstances including, but not limited to, the type and volume of business written, ownership and organizational structure, federal agency requests, and international supervisor requests.

**E.** A non-U.S. jurisdiction is considered to “recognize and accept” the group capital calculation if it satisfies the following criteria:

1. With respect to A.R.S. § 20-481.10(D)(2)(a)(iv):
  - a. The non-U.S. jurisdiction recognizes the U.S. state regulatory approach to group supervision and group capital by providing confirmation by a competent regulatory authority in such jurisdiction, that insurers and insurance groups whose lead state is accredited by the NAIC, under the NAIC Accreditation Program, shall be subject only to worldwide prudential insurance group supervision including worldwide group governance, solvency and capital, and reporting, as applicable, by the lead state and will not be subject to group supervision, including worldwide group governance, solvency and capital, and reporting, at the level of the worldwide parent undertaking of the insurance or reinsurance group by the non-U.S. jurisdiction; or
  - b. Where no U.S. insurance groups operate in the non-U.S. jurisdiction, the non-U.S. jurisdiction indicates formally in writing to the lead state, with a copy to the International Association of Insurance Supervisors, that the group capital calculation is an acceptable international capital standard. This will serve as documentation otherwise required in subsection (E)(1)(a).
2. The non-U.S. jurisdiction provides confirmation by a competent regulatory authority in such jurisdiction, that information regarding insurers and their parent, subsidiary, or affiliated entities, if applicable, shall be provided to the lead state Commissioner in accordance with a memorandum of understanding or similar document between the Commissioner and such jurisdiction, including but not limited to the International Association of Insurance Supervisors Multilateral Memorandum of Understanding or other multilateral memoranda of understanding coordinated by the NAIC. The Commissioner shall determine, in consultation with the NAIC Committee Process, if the requirements of the information sharing agreements are in force.

**F.** A list of non-U.S. jurisdictions that “recognize and accept” the group capital calculation will be published through the NAIC Committee Process:

1. A list of jurisdictions that “recognize and accept” the group capital calculation pursuant to A.R.S. § 20-481.10(D)(2)(a)(iv), is published through the NAIC Committee Process to assist the lead state Commissioner in determining which insurers shall file an annual group capital calculation. The list will clarify those situations in which a jurisdiction is exempted from filing under A.R.S. § 20-481.10(D)(2)(a)(iv). To assist with a determination under A.R.S. § 20-481.10(D)(2)(b), the list will also identify whether a jurisdiction that is exempted under either A.R.S. § 20-481.10(D)(2)(c) or (d) requires a group capital filing for any U.S. based insurance group’s operations in that non-U.S. jurisdiction.
2. For a non-U.S. jurisdiction where no U.S. insurance groups operate, the confirmation provided to meet the requirement of subsection (E)(1)(b) will serve as support

for recommendation to be published as a jurisdiction that “recognizes and accepts” the group capital calculation through the NAIC Committee Process.

3. If the lead state Commissioner makes a determination pursuant to A.R.S. § 20-481.10(D)(2)(a)(iv) that differs from the NAIC List, the lead state Commissioner shall provide thoroughly documented justification to the NAIC and other states.
4. Upon determination by the lead state Commissioner that a non-U.S. jurisdiction no longer meets one or more of the requirements to “recognize and accept” the group capital calculation, the lead state Commissioner may provide a recommendation to the NAIC that the non-U.S. jurisdiction be removed from the list of jurisdictions that “recognize and accept” the group capital calculation.

**Historical Note**

Adopted effective February 22, 1993 (Supp. 93-1). R20-6-1408 recodified from R4-14-1408 (Supp. 95-1). R20-6-1408 repealed; new Section R20-6-1408 made by exempt rulemaking at 21 A.A.R. 54, effective February 14, 2015 (Supp. 14-4). Amended by final rulemaking at 30 A.A.R. 482 (March 22, 2024), effective May 7, 2024 (Supp. 24-1).

**R20-6-1409. Extraordinary Dividends and Other Distributions**

**A.** Requests for approval of extraordinary dividends or any other extraordinary distribution to shareholders shall include the following:

1. The amount of the proposed dividend;
2. The date established for payment of the dividend;
3. A statement as to whether the dividend is to be in cash or other property and, if in property, a description thereof, its cost, and its fair market value together with an explanation of the basis for valuation;
4. A copy of the calculations determining that the proposed dividend is extraordinary. The work paper shall include the following information:
  - a. The amounts, dates and form of payment of all dividends or distributions, including regular dividends but excluding distributions of the insurer’s own securities, paid within the period of 12 consecutive months ending on the date fixed for payment of the proposed dividend for which approval is sought and commencing on the day after the same day of the same month in the last preceding year;
  - b. Surplus as regards policyholders, total capital and surplus, as of the 31st day of December next preceding;
  - c. If the insurer is a life insurer, the net gain from operations for the 12-month period ending the 31st day of December next preceding;
  - d. If the insurer is not a life insurer, the net income less realized capital gains for the 12-month period ending the 31st day of December next preceding and the two preceding 12-months periods; and
  - e. If the insurer is not a life insurer, the dividends paid to stockholders excluding distributions of the insurer’s own securities in the preceding two calendar years.
5. A balance sheet and statement of income for the period intervening from the last annual statement filed with the Director and the end of the month preceding the month in which the request for dividend approval is submitted; and

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

6. A brief statement as to the effect of the proposed dividend upon the insurer's surplus and the reasonableness of surplus in relation to the insurer's outstanding liabilities and the adequacy of surplus relative to the insurer's financial needs.

- B. Subject to A.R.S. § 20-481.19, each registered insurer shall report to the Director all dividends and other distributions to shareholders within five business days following the declaration thereof and at least 10 business days before payment of the dividend or distribution, including the same information required by subsection (A)(4)(a) through (e) of this Section.

**Historical Note**

New Section made by exempt rulemaking at 21 A.A.R. 54, effective February 14, 2015 (Supp. 14-4). Amended by final rulemaking at 23 A.A.R. 3311, effective January 16, 2018 (Supp. 17-4). Amended by final rulemaking at

30 A.A.R. 482 (March 22, 2024), effective May 7, 2024 (Supp. 24-1).

**R20-6-1410. Adequacy of Surplus**

The factors set for in A.R.S. §§ 20-481.01(F) and 20-481.24 are not intended to be an exhaustive list. In determining the adequacy and reasonableness of an insurer's surplus no single factor is necessarily controlling. The Director instead will consider the net effect of all of these factors plus other factors bearing on the financial condition of the insurer. In comparing the surplus maintained by other insurers, the Director will consider the extent to which each of these factors varies from company to company and in determining the quality and liquidity of investments in subsidiaries, the Director will consider the individual subsidiary and may discount or disallow its valuation to the extent that the individual investments so warrant.

**Historical Note**

New Section made by exempt rulemaking at 21 A.A.R. 54, effective February 14, 2015 (Supp. 14-4).

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

[On the biographical affidavit, include a third party background check, and state the following with respect to (1) the applicant if they are an individual, or (2) all persons who are directors, executive officers or owners of 10% or more of the voting securities of the applicant if the applicant is not an individual.

- (a) Name and business address;
- (b) Present principal business activity, occupation or employment including position and office held and the name, principal business and address of any corporation or other organization in which such employment is carried on;
- (c) Material occupations, positions, offices or employment during the last five years, giving the starting and ending dates of each and the name, principal business and address of any business corporation or other organization in which each such occupation, position, office or employment was carried on; if any such occupation, position, office or employment required licensing by or registration with any federal, state or municipal governmental agency, indicate such fact, the current status of such licensing or registration, and an explanation of any surrender, revocation, suspension or disciplinary proceedings in connection therewith;
- (d) Whether or not such person has ever been convicted in a criminal proceeding (excluding minor traffic violations) during the last 10 years and, if so, give the date, nature of conviction, name and location of court, and penalty imposed or other disposition of the case;

Such persons may also submit fingerprints and the fingerprint processing fee in accordance with A.R.S. § 20-481.03(B).]

**ITEM 4. NATURE, SOURCE AND AMOUNT OF CONSIDERATION**

- [(a) Describe the nature, source and amount of funds or other considerations used or to be used in effecting the merger or other acquisition of control. If any part of the same is represented or is to be represented by funds or other consideration borrowed or otherwise obtained for the purpose of acquiring, holding or trading securities, furnish a description of the transaction, the names of the parties thereto, the relationship, if any, between the borrower and the lender, the amounts borrowed or to be borrowed, and copies of all agreements, promissory notes and security arrangements relating thereto.]
- [(b) Explain the criteria used in determining the nature and amount of such consideration.]
- [(c) If the source of the consideration is a loan made in the lender's ordinary course of business and if the applicant wishes the identity of the lender to remain confidential, he must specifically request that the identity be kept confidential.)

**ITEM 5. FUTURE PLANS OF INSURER**

[Describe any plans or proposals which the applicant may have to declare an extraordinary dividend, to liquidate the insurer, to sell its assets to or merge it with any person or persons or to make any other material change in its business operations or corporate structure or management.]

**ITEM 6. VOTING SECURITIES TO BE ACQUIRED**

[State the number of shares of the insurer's voting securities which the applicant, its affiliates and any person listed in Item 3 plan to acquire, and the terms of the offer, request, invitation, agreement or acquisition, and a statement as to the method by which the fairness of the proposal was arrived at.]

**ITEM 7. OWNERSHIP OF VOTING SECURITIES**

[State the amount of each class of any voting security of the insurer which is beneficially owned or concerning which there is a right to acquire beneficial ownership by the applicant, its affiliates or any person listed in Item 3.]

**ITEM 8. CONTRACTS, ARRANGEMENTS, OR UNDERSTANDINGS WITH RESPECT TO VOTING SECURITIES OF THE INSURER**

[Give a full description of any contracts, arrangements or understandings with respect to any voting security of the insurer in which the applicant, its affiliates or any person listed in Item 3 is involved, including but not limited to transfer of any of the securities, joint ventures, loan or option arrangements, puts or calls, guarantees of loans, guarantees against loss or guarantees of profits, division of losses or profits, or the giving or withholding of proxies. Such description shall identify the persons with whom the contracts, arrangements or understandings have been entered into.]

**ITEM 9. RECENT PURCHASES OF VOTING SECURITIES**

[Describe any purchases of any voting securities of the insurer by the applicant, its affiliates or any person listed in Item 3 during the 12 calendar months preceding the filing of this statement. Include in the description the dates of purchase, the names of the purchasers, and the consideration paid or agreed to be paid therefore. State whether any such shares so purchased are hypothecated.]

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

**ITEM 10. RECENT RECOMMENDATIONS TO PURCHASE**

[Describe any recommendations to purchase any voting security of the insurer made by the applicant, its affiliates or any person listed in Item 3, or by anyone based upon interviews or at the suggestion of the applicant, its affiliates or any person listed in Item 3 during the 12 calendar months preceding the filing of this statement.]

**ITEM 11. AGREEMENTS WITH BROKER-DEALERS**

[Describe the terms of any agreement, contract or understanding made with any broker-dealer as to solicitation of voting securities of the insurer for tender and the amount of any fees, commissions or other compensation to be paid to broker-dealers with regard thereto.]

**ITEM 12. FINANCIAL STATEMENTS AND EXHIBITS**

- [(a) Financial statements, exhibits, and three-year financial projections of the insurer(s) shall be attached to this statement as an appendix, but list under this item the financial statements and exhibits so attached.]
- [(b) The financial statements shall include the annual financial statements of the persons identified in Item 2(c) for the preceding five fiscal years (or for such lesser period as such applicant and its affiliates and any predecessors thereof shall have been in existence), and similar information covering the period from the end of such person's last fiscal year, if the information is available. The statements may be prepared on either an individual basis, or, unless the Director otherwise requires, on a consolidated basis if consolidated statements are prepared in the usual course of business.

The annual financial statements of the applicant shall be accompanied by the certificate of an independent public accountant to the effect that such statements present fairly the financial position of the applicant and the results of its operations for the year then ended, in conformity with generally accepted accounting principles or with requirements of insurance or other accounting principles prescribed or permitted under law. If the applicant is an insurer which is actively engaged in the business of insurance, the financial statements need not be certified, provided they are based on the Annual Statement of the person filed with the insurance department of the person's domiciliary state and are in accordance with the requirements of insurance or other accounting principles prescribed or permitted under the law and regulations of the state.]

- [(c) File as exhibits copies of all tender offers for, requests or invitations for, tenders of, exchange offers for, and agreements to acquire or exchange any voting securities of the insurer and (if distributed) of additional soliciting material relating thereto, any proposed employment, consultation, advisory or management contracts concerning the insurer, annual reports to the stockholders of the insurer and the applicant for the last two fiscal years, and any additional documents or papers required by Form A or Appendix G.)

**ITEM 13. AGREEMENT REQUIREMENTS FOR ENTERPRISE RISK MANAGEMENT**

Applicant agrees to provide, to the best of its knowledge and belief, the information required by Form F within 15 days after the end of the month in which the acquisition of control occurs.

**ITEM 1. IDENTITY AND CONTROL OF REGISTRANT**

[Furnish the exact name of each insurer registering or being registered (hereinafter called "the Registrant"), the federal identification number and the NAIC number of each, the home office address and principal executive offices of each; the date on which each Registrant became part of the insurance holding company system; and the method(s) by which control of each Registrant was acquired and is maintained.]

**ITEM 2. ORGANIZATIONAL CHART**

[Furnish a chart or listing clearly presenting the identities of and interrelationships among all affiliated persons within the insurance holding company system. The chart or listing should show the percentage of each class of voting securities of each affiliate which is owned, directly or indirectly, by another affiliate. If control of any person within the system is maintained other than by the ownership or control of voting securities, indicate the basis of control. As to each person specified in the chart or listing, indicate the type of organization (e.g., - corporation, trust, partnership) and the state or other jurisdiction of domicile.]

**ITEM 3. THE ULTIMATE CONTROLLING PERSON**

[As to the ultimate controlling person in the insurance holding company system furnish the following information:

- (a) Name;
- (b) Home office address;
- (c) Principal executive office address;
- (d) The organizational structure of the person, i.e., corporation, partnership, individual, trust, etc.;
- (e) The principal business of the person;
- (f) The name and address of any person who holds or owns 10% or more of any class of voting security, the class of such security, the number of shares held of record or known to be beneficially owned, and the percentage of class so held or owned; and
- (g) If court proceedings involving a reorganization or liquidation are pending, indicate the title and location of the court, the nature of proceedings and the date when commenced.]

**ITEM 4. BIOGRAPHICAL INFORMATION**

[If the ultimate controlling person is a corporation, an organization, a limited liability company, or other legal entity, furnish the following information for the directors and executive officers of the ultimate controlling person: the individual's name and address, the individual's principal occupation and all offices and positions held during the past five years, and any conviction of

crimes other than minor traffic violations. If the ultimate controlling person is an individual, furnish the individual's name and address, the individual's principal occupation and all offices and positions held during the past five years, and any conviction of crimes other than minor traffic violations.]

**ITEM 5. TRANSACTIONS AND AGREEMENTS**

[Briefly describe the following agreements in force, and transactions currently outstanding or which have occurred during the last calendar year between the Registrant and its affiliates:

- (a) Loans, other investments, or purchases, sales or exchanges of securities of the affiliates by the Registrant or of the Registrant by its affiliates;
- (b) Purchases, sales or exchanges of assets;
- (c) Transactions not in the ordinary course of business;
- (d) Guarantees or undertakings for the benefit of an affiliate which result in an actual contingent exposure of the Registrant's assets to liability, other than insurance contracts entered into in the ordinary course of the Registrant's business;
- (e) All management agreements, service contracts and all cost-sharing arrangements;
- (f) Reinsurance agreements;
- (g) Dividends and other distributions to shareholders;
- (h) Consolidated tax allocation agreements; and
- (i) Any pledge of the Registrant's stock and/or of the stock of any subsidiary or controlling affiliate, for a loan made to any member of the insurance holding company system.

No information need be disclosed if such information is not material for purposes of A.R.S. § 20-481.09.

Sales, purchases, exchanges, loans or extensions of credit, investments or guarantees involving one-half of 1% or less of the Registrant's admitted assets as of the 31st day of December next preceding shall not be deemed material.

The description shall be in a manner as to permit the proper evaluation thereof by the Director and shall include at least the following: the nature and purpose of the transaction, the nature and amounts of any payments or transfers of assets between the parties, the identity of all parties to the transaction, and relationship of the affiliated parties to the Registrant.]

**ITEM 6. LITIGATION OR ADMINISTRATIVE PROCEEDINGS**

[A brief description of any litigation or administrative proceedings of the following types, either then pending or concluded within the preceding fiscal year, to which the ultimate controlling person or any of its directors or executive officers was a party or of which the property of any such person is or was the subject; give the names of the parties and the court or agency in which the litigation or proceeding is or was pending:

- (a) Criminal prosecutions or administrative proceedings by any government agency or authority which may be relevant to the trustworthiness of any party thereto; and
- (b) Proceedings which may have a material effect upon the solvency or capital structure of the ultimate holding company including, but not necessarily limited to, bankruptcy, receivership or other corporate reorganizations.]

**ITEM 7.a. STATEMENT REGARDING PLAN OR SERIES OF TRANSACTIONS**

[The insurer shall furnish a statement that transactions entered into since the filing of the prior year's annual registration statement are not part of a plan or series of like transactions, the purpose of which is to avoid statutory threshold amounts and the review that might otherwise occur.]

**ITEM 7.b. STATEMENT REGARDING CORPORATE GOVERNANCE AND INTERNAL CONTROLS**

[The insurer shall furnish a statement that the insurer's board of directors oversees corporate governance and internal controls of the insurer and that the insurer's officers or senior management have approved, implemented and maintain and monitor corporate governance and internal control procedures.]

**ITEM 8. FINANCIAL STATEMENTS AND EXHIBITS**

- [(a) Financial statements and exhibits shall be attached to this statement as an appendix, but list under this item the financial statements and exhibits so attached.]

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- (b) If the ultimate controlling person is a corporation, an organization, a limited liability company, or other legal entity, the financial statements shall include the annual financial statements of the ultimate controlling person in the insurance holding company system as of the end of the person's latest fiscal year.

If at the time of the initial registration, the annual financial statements for the latest fiscal year are not available, annual statements for the previous fiscal year may be filed and similar financial information shall be filed for any subsequent period to the extent such information is available. Such financial statements may be prepared on either an individual basis; or, unless the Director otherwise requires, on a consolidated basis if consolidated statements are prepared in the usual course of business.

Other than with respect to the foregoing, such financial statement shall be filed in a standard form and format adopted by the National Association of Insurance Commissioners, unless an alternative form is accepted by the Director. Documentation and financial statements filed with the Securities and Exchange Commission or audited GAAP financial statements shall be deemed to be an appropriate form and format.

Unless the Director otherwise permits, the annual financial statements shall be accompanied by the certificate of an independent public accountant to the effect that the statements present fairly the financial position of the ultimate controlling person and the results of its operations for the year then ended, in conformity with generally accepted accounting principles or with requirements of insurance or other accounting principles prescribed or permitted under law. If the ultimate controlling person is an insurer which is actively engaged in the business of insurance, the annual financial statements need not be certified, provided they are based on the Annual Statement of the insurer's domiciliary State and are in accordance with requirements of insurance or other accounting principles prescribed or permitted under the law and regulations of that state.

Any ultimate controlling person who is an individual may file personal financial statements that are reviewed rather than audited by an independent public accountant. The review shall be conducted in accordance with standards for review of personal financial statements published in the Personal Financial Statements Guide by the American Institute of Certified Public Accountants. Personal financial statements shall be accompanied by the independent public accountant's Standard Review Report stating that the accountant is not aware of any material modifications that should be made to the financial statements in order for the statements to be in conformity with generally accepted accounting principles.

- (c) Exhibits shall include copies of the latest annual reports to shareholders of the ultimate controlling person and proxy material used by the ultimate controlling person; and any additional documents or papers required by Forms B and G.]

**ITEM 9. FORM C REQUIRED**

[A Form C, Summary of Registration Statement, must be prepared and filed with this Form B.]

[Furnish a brief description of all items in the current annual registration statement which represent changes from the prior year's annual registration statement. The description shall be in a manner as to permit the proper evaluation thereof by the Director, and shall include specific references to Item numbers in the annual registration statement and to the terms contained therein.

Changes occurring under Item 2 of Form B insofar as changes in the percentage of each class of voting securities held by each affiliate is concerned, need only be included where such changes are ones which result in ownership or holdings of 10% or more of voting securities, loss or transfer of control, or acquisition or loss of partnership interest.

Changes occurring under Item 4 of Form B need only be included where: an individual is, for the first time, made a director or executive officer of the ultimate controlling person; a director or executive officer terminates his or her responsibilities with the ultimate controlling person; or in the event an individual is named president of the ultimate controlling person.

If a transaction disclosed on the prior year's annual registration statement has been changed, the nature of such change shall be included. If a transaction disclosed on the prior year's annual registration statement has been effectuated, furnish the mode of completion and any flow of funds between affiliates resulting from the transaction.

The insurer shall furnish a statement that transactions entered into since the filing of the prior year's annual registration statement are not part of a plan or series of like transactions whose purpose it is to avoid statutory threshold amounts and the review that might otherwise occur.]

**ITEM 1. IDENTITY OF PARTIES TO TRANSACTION**

[Furnish the following information for each of the parties to the transaction:

- (a) Name;
- (b) Home office address;
- (c) Principal executive office address;
- (d) The organizational structure, i.e. corporation, partnership, individual, trust, etc.;
- (e) A description of the nature of the parties' business operations;
- (f) Relationship, if any, of other parties to the transaction to the insurer filing the notice, including any ownership or debtor/creditor interest by any other parties to the transaction in the insurer seeking approval, or by the insurer filing the notice in the affiliated parties;
- (g) Where the transaction is with a non-affiliate, the name(s) of the affiliate(s) which will receive, in whole or in substantial part, the proceeds of the transaction.]

**ITEM 2. DESCRIPTION OF THE TRANSACTION**

[Furnish the following information for each transaction for which notice is being given:

- (a) A statement as to whether notice is being given under A.R.S. § 20-481.12(B);
- (b) A statement of the nature of the transaction;
- (c) If a notice for amendments or modifications, the reasons for the change and the financial impact on the domestic insurer;
- (d) A statement of how the transaction meets the "fair and reasonable" standard of A.R.S. § 20-481.12(A)(1); and
- (e) The proposed effective date of the transaction.]

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

being received, if any, and a description of any other agreements relating to the transaction such as contracts or agreements for services, consulting agreements and the like. If the transaction involves other than cash, furnish a description of the consideration, its cost and its fair market value, together with an explanation of the basis for evaluation.

If the transaction involves a loan, extension of credit or a guarantee, furnish a description of the maximum amount which the insurer will be obligated to make available under such loan, extension of credit or guarantee, the date on which the credit or guarantee will terminate, and any provisions for the accrual of or deferral of interest.

If the transaction involves an investment, guarantee or other arrangement, state the time period during which the investment, guarantee or other arrangement will remain in effect, together with any provisions for extensions or renewals of such investments, guarantees or arrangements. Furnish a brief statement as to the effect of the transaction upon the insurer's surplus.

No notice need be given if the maximum amount which can at any time be outstanding or for which the insurer can be legally obligated under the loan, extension of credit or guarantee is less than (a) in the case of non-life insurers, the lesser of 3% of the insurer's admitted assets or 25% of surplus as regards policyholders, or (b) in the case of life insurers, 3% of the insurer's admitted assets, each as of the 31st day of December next preceding.]

**ITEM 4. LOANS OR EXTENSIONS OF CREDIT TO A NON-AFFILIATE**

[If the transaction involves a loan or extension of credit to any person who is not an affiliate, furnish a brief description of the agreement or understanding whereby the proceeds of the proposed transaction, in whole or in substantial part, are to be used to make loans or extensions of credit to, to purchase the assets of, or to make investments in, any affiliate of the insurer making such loans or extensions of credit, and specify in what manner the proceeds are to be used to loan to, extend credit to, purchase assets of or make investments in any affiliate. Describe the amount and source of funds, securities, property or other consideration for the loan or extension of credit and, if the transaction is one involving consideration other than cash, a description of its cost and its fair market value together with an explanation of the basis for evaluation. Furnish a brief statement as to the effect of the transaction upon the insurer's surplus.

No notice need be given if the loan or extension of credit is one which equals less than, in the case of non-life insurers, the lesser of 3% of the insurer's admitted assets or 25% of surplus as regards policyholders or, with respect to life insurers, 3% of the insurer's admitted assets, each as of the 31st day of December next preceding.]

**ITEM 5. REINSURANCE**

[If the transaction is a reinsurance agreement or modification thereto, as described by A.R.S. § 20-481.12(B)(3)(b), or a reinsurance pooling agreement or modification thereto as described by A.R.S. § 20-481.12(B)(3)(a), furnish a description of the known and/or estimated amount of liability to be ceded and/or assumed in each calendar year, the period of time during which the agreement will be in effect, and a statement whether an agreement or understanding exists between the insurer and non-affiliate to the effect that any portion of the assets constituting the consideration for the agreement will be transferred to one or more of the insurer's affiliates. Furnish a brief description of the consideration involved in the transaction, and a brief statement as to the effect of the transaction upon the insurer's surplus.

No notice need be given for reinsurance agreements or modifications thereto if the reinsurance premium or a change in the insurer's liabilities, or the projected reinsurance premium or change in the insurer's liabilities in any of the next three years, in connection with the reinsurance agreement or modification thereto is less than 5% of the insurer's surplus as regards policyholders, as of the 31st day of December next preceding. Notice shall be given for all reinsurance pooling agreements including modifications thereto.]

**ITEM 6. MANAGEMENT AGREEMENTS, SERVICE AGREEMENTS AND COST-SHARING ARRANGEMENTS**

[For management and service agreements, furnish:

- (a) A brief description of the managerial responsibilities, or services to be performed;
- (b) A brief description of the agreement, including a statement of its duration, together with brief descriptions of the basis for compensation and the terms under which payment or compensation is to be made.]

[For cost-sharing arrangements, furnish:

- (a) A brief description of the purpose of the agreement;
- (b) A description of the period of time during which the agreement is to be in effect;
- (c) A brief description of each party's expenses or costs covered by the agreement;
- (d) A brief description of the accounting basis to be used in calculating each party's costs under the agreement;]
- (e) A brief statement as to the effect of the transaction upon the insurer's policyholder surplus;

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- (f) A statement regarding the cost allocation methods that specifies whether proposed charges are based on "cost or market." If market based, rationale for using market instead of cost, including justification for the company's determination that amounts are fair and reasonable; and
- (g) A statement regarding compliance with the NAIC Accounting Practices and Procedure Manual regarding expense allocation.]

**Appendix G. Instructions on Forms A, B, C, D, E and F****INSTRUCTIONS ON FORMS A, B, C, D, E AND F****FORMS - GENERAL REQUIREMENTS**

Forms A, B, C, D, E and F are intended to be guides in the preparation of the statements required by A.R.S. §§ 20-481.02, 20-481.09, 20-481.12 and 20-481.25. They are not intended to be blank forms which are to be filled in. The statements filed shall contain the numbers and captions of all items, but the text of the items may be omitted provided the answers thereto are prepared in such a manner as to indicate clearly the scope and coverage of the items. All instructions, whether appearing under the items of the form or elsewhere therein, are to be omitted. Unless expressly provided otherwise, if any item is inapplicable or the answer thereto is in the negative, an appropriate statement to that effect shall be made.

One original paper statement excluding exhibits, and all other papers and documents shall be filed with the Director. The statement shall be signed in the manner prescribed on the form. If the signature of any person is affixed pursuant to a power of attorney or other similar authority, a copy of such power of attorney or other authority shall also be filed with the statement. All paper filings shall be by personal delivery or mail addressed to: Arizona Department of Insurance and Financial Institutions, Insurance Financial Affairs Division.

In addition to the filed paper statement, a copy of the statement, including exhibits, and all other papers and documents filed as a part thereof, shall be filed electronically.

All filed documents shall be easily readable and suitable for review and reproduction. Debits in credit categories and credits in debit categories shall be designated so as to be clearly distinguishable as such on photocopies. Statements shall be in the English language and monetary values shall be stated in United States currency. If any exhibit or other paper or document filed with the statement is in a foreign language, it shall be accompanied by a translation into the English language and any monetary value shown in a foreign currency normally shall be converted into United States currency.

If an applicant requests a hearing on a consolidated basis under A.R.S. § 20-481.07, in addition to filing the Form A with the Director, the applicant shall file a copy of Form A with the National Association of Insurance Commissioners (NAIC) in electronic form.

**FORMS - INCORPORATION BY REFERENCE, SUMMARIES AND OMISSIONS**

Information required by any item of Form A, Form B, Form D, Form E or Form F may be incorporated by reference in answer or partial answer to any other item. Information contained in any financial statement, annual report, proxy statement, statement filed with a governmental authority, or any other document may be incorporated by reference in answer or partial answer to any item of Form A, Form B, Form D, Form E or Form F provided the document is filed as an exhibit to the statement. Excerpts of documents may be filed as exhibits if the documents are extensive. Documents currently on file with the Director which were filed within three years need not be attached as exhibits. References to information contained in exhibits or in documents already on file shall clearly identify the material and shall specifically indicate that such material is to be incorporated by reference in answer to the item. Matter shall not be incorporated by reference in any case where such incorporation would render the statement incomplete, unclear or confusing.

Where an item requires a summary or outline of the provisions of any document, only a brief statement shall be made as to the pertinent provisions of the document. In addition to the statement, the summary or outline may incorporate by reference particular parts of any exhibit or document currently on file with the Director which was filed within three years and may be qualified in its entirety by such reference. In any case where two or more documents required to be filed as exhibits are substantially identical in all material respects except as to the parties thereto, the dates of execution, or other details, a copy of only one of the documents need be filed with a schedule identifying the omitted documents and setting forth the material details in which the documents differ from the documents, a copy of which is filed.

**FORMS - INFORMATION UNKNOWN OR UNAVAILABLE AND EXTENSION OF TIME TO FURNISH**

If it is impractical to furnish any required information, document or report at the time it is required to be filed, there shall be filed with the Director as a separate document:

- (1) Identifying the information, document or report in question;
- (2) Stating why the filing thereof at the time required is impractical; and

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- (3) Requesting an extension of time for filing the information, document or report to a specified date. The request for extension shall be deemed granted unless the Director within 60 days after receipt thereof enters an order denying the request.

**FORMS - ADDITIONAL INFORMATION AND EXHIBITS**

In addition to the information expressly required to be included in Form A, Form B, Form C, Form D, Form E and Form F, the Director may request such further information, if any, as may be necessary to make the information contained therein not misleading. The person filing may also file such exhibits as it may desire in addition to those expressly required by the forms. The exhibits shall be so marked as to indicate clearly the subject matters to which they refer. Changes to Forms A, B, C, D, E or F shall include on the top of the cover page the phrase: "Change No. (insert number) to" and shall indicate the date of the change and not the date of the original filing.

**PART A. CREDIT FOR REINSURANCE****R20-6-A1601. Credit for Reinsurance – Reinsurer Licensed in Arizona**

Pursuant to A.R.S. § 20-3602(C) the Director shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer that was licensed in Arizona as of any date on which statutory financial statement credit for reinsurance is claimed.

**Historical Note**

New Section R20-6-A1601 renumbered from R20-6-1601 and amended by final rulemaking at 28 A.A.R. 493 (March 4, 2022), effective April 9, 2022 (Supp. 22-1).

**R20-6-A1602. Credit for Reinsurance – Accredited Reinsurers**

**A.** Pursuant to A.R.S. § 20-3602(D) the Director shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer that is accredited as a reinsurer in Arizona as of the date on which statutory financial statement credit for reinsurance is claimed.

**B.** An accredited reinsurer must:

1. File a properly executed Form AR-1, attached as Exhibit A to this Part, as evidence of its submission to the Director's jurisdiction and to the Director's authority to examine its books and records;
2. File with the Director a certified copy of a certificate of authority or other acceptable evidence that it is licensed

to transact insurance or reinsurance in at least one state, or, in the case of a U.S. branch of an alien assuming insurer, is entered through and licensed to transact insurance or reinsurance in at least one state;

3. File annually with the Director a copy of its annual statement filed with the insurance department of its state of domicile or, in the case of an alien assuming insurer, with the state through which it is entered and in which it is licensed to transact insurance or reinsurance, and a copy of its most recent audited financial statement; and
  4. Maintain a surplus as regards policyholders in an amount not less than \$20 million, or obtain the affirmative approval of the Director upon a finding that it has adequate financial capacity to meet its reinsurance obligations and is otherwise qualified to assume reinsurance from domestic insurers.
- C.** If the Director determines that the assuming insurer has failed to meet or maintain any of these qualifications, the Director may upon written notice and opportunity for hearing, suspend or revoke the accreditation. Credit shall not be allowed a domestic ceding insurer under this Section if the assuming insurer's accreditation has been revoked by the Director, or if the reinsurance was ceded while the assuming insurer's accreditation was under suspension by the Director.

**Historical Note**

New Section R20-6-A1602 renumbered from R20-6-1602 and amended by final rulemaking at 28 A.A.R. 493 (March 4, 2022), effective April 9, 2022; clerical error under subsection (B)(1) referencing Form AR-1 as an Appendix A corrected to Exhibit A (Supp. 22-1).

**R20-6-A1603. Credit for Reinsurance – Reinsurer Domiciled in Another State**

**A.** Pursuant to A.R.S. § 20-3602(E) the Director shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer that as of any date on which statutory financial credit for reinsurance is claimed:

1. Is domiciled in (or, in the case of a U.S. branch of an alien assuming insurer, is entered through) a state that employs standards regarding credit for reinsurance substantially similar to those applicable under A.R.S. Title 20, Chapter 30 and this Part;
2. Maintains a surplus as regards policyholders in an amount not less than \$20 million; and
3. Files a properly executed Form AR-1 (Exhibit A) with the Director as evidence of the submission to the Director's authority to examine its books and records.

**B.** The provisions of this Section relating to surplus as regards policyholders shall not apply to reinsurance ceded and assumed pursuant to pooling arrangements among insurers in the same holding company system. As used in this Section, "substantially similar" standards means credit for reinsurance standards that the Director determines equal or exceed the standards of A.R.S. Title 20, Chapter 30 and this Part.

**Historical Note**

New Section R20-6-A1603 renumbered from R20-6-1603 and amended by final rulemaking at 28 A.A.R. 493 (March 4, 2022), effective April 9, 2022 (Supp. 22-1).

**R20-6-A1604. Credit for Reinsurance – Reinsurers Maintaining Trust Funds**

**A.** Pursuant to A.R.S. § 20-3602(F) and (F)(1), the Director shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer which, as of any date on which statutory

financial statement credit for reinsurance is claimed, and thereafter for so long as credit for reinsurance is claimed, maintains a trust fund in an amount prescribed below in a qualified U.S. financial institution as defined in A.R.S. § 20-3601 for the payment of the valid claims of its U.S. domiciled ceding insurers, their assigns and successors in interest. The assuming insurer shall report annually to the Director substantially the same information as that required to be reported on the National Association of Insurance Commissioners (NAIC) annual statement form by licensed insurers, to enable the Director to determine the sufficiency of the trust fund.

**B.** The following requirements apply to the following categories of assuming insurer:

1. The trust fund for a single assuming insurer shall consist of funds in trust in an amount not less than the assuming insurer's liabilities attributable to reinsurance ceded by U.S. domiciled insurers, and in addition, the assuming insurer shall maintain a trustee surplus of not less than \$20 million, except as provided in subsection (B)(2).
2. At any time after the assuming insurer has permanently discontinued underwriting new business secured by the trust for at least three full years, the commissioner with principal regulatory oversight of the trust may authorize a reduction in the required trustee surplus, but only after a finding, based on an assessment of the risk, that the new required surplus level is adequate for the protection of U.S. ceding insurers, policyholders and claimants in light of reasonably foreseeable adverse loss development. The risk assessment may involve an actuarial review, including an independent analysis of reserves and cash flows, and shall consider all material risk factors, including when applicable the lines of business involved, the stability of the incurred loss estimates and the effect of the surplus requirements on the assuming insurer's liquidity or solvency. The minimum required trustee surplus may not be reduced to an amount less than 30% of the assuming insurer's liabilities, attributable to reinsurance ceded by U.S. ceding insurers covered by the trust.
3. The trust fund for a group including incorporated and individual unincorporated underwriters:
  - a. Shall consist of:
    - i. For reinsurance ceded under reinsurance agreements with an inception, amendment or renewal date on or after January 1, 1993, funds in trust in an amount not less than the respective underwriters' several liabilities attributable to business ceded by U.S. domiciled ceding insurers to any underwriter of the group;
    - ii. For reinsurance ceded under reinsurance agreements with an inception date on or before December 31, 1992, and not amended or renewed after that date, notwithstanding the other provisions of this Part, funds in trust in an amount not less than the respective underwriters' several insurance and reinsurance liabilities attributable to business written in the United States; and
    - iii. In addition to these trusts, the group shall maintain a trustee surplus of which \$100 million shall be held jointly for the benefit of the U.S. domiciled ceding insurers of any member of the group for all the years of account.
  - b. The incorporated members of the group shall not be engaged in any business other than underwriting as a

member of the group and shall be subject to the same level of regulation and solvency control by the group's domiciliary regulator as are the unincorporated members. The group shall, within 90 days after its financial statements are due to be filed with the group's domiciliary regulator, provide to the Director:

- i. An annual certification by the group's domiciliary regulator of the solvency of each underwriter member of the group; or
  - ii. If a certification is unavailable, a financial statement, prepared by independent public accountants, of each underwriter member of the group.
4. The trust fund for a group of incorporated insurers under common administration, whose members possess aggregate policyholders surplus of \$10 billion (calculated and reported in substantially the same manner as prescribed by the annual statement instructions and Accounting Practices and Procedures Manual of the NAIC) and which has continuously transacted an insurance business outside the United States for at least three years immediately prior to making application for accreditation, shall:
    - a. Consist of funds in trust in an amount no less than the assuming insurers' several liabilities attributable to business ceded by U.S. domiciled ceding insurers to any members of the group pursuant to reinsurance contracts issued in the name of such group;
    - b. Maintain a joint trustee surplus of which \$100 million shall be held jointly for the benefit of U.S. domiciled ceding insurers of any member of the group; and
    - c. File a properly executed Form AR-1 (Exhibit A) as evidence of the submission to the Director's authority to examine the books and records of any of its members and shall certify that any member examined will bear the expense of any such examination.
    - d. Within 90 days after the statements are due to be filed with the group's domiciliary regulator, the group shall file with the Director an annual certification of each underwriter member's solvency by the member's domiciliary regulators, and financial statements, prepared by independent public accountants, of each underwriter member of the group.
- C.** Credit for reinsurance shall not be granted unless the form of the trust and any amendments to the trust have been approved by either the commissioner of the state where the trust is domiciled or the commissioner of another state who, pursuant to the terms of the trust instrument, has accepted responsibility for regulatory oversight of the trust. The form of the trust and any trust amendments also shall be filed with the commissioner of every state in which the ceding insurer beneficiaries of the trust are domiciled.
1. The trust instrument shall provide that:
    - a. Contested claims shall be valid and enforceable out of funds in trust to the extent remaining unsatisfied 30 days after entry of the final order of any court of competent jurisdiction in the United States;
    - b. Legal title to the assets of the trust shall be vested in the trustee for the benefit of the grantor's U.S. ceding insurers, their assigns and successors in interest;
    - c. The trust shall be subject to examination as determined by the commissioner;

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- d. The trust shall remain in effect for as long as the assuming insurer, or any member or former member of a group of insurers, shall have outstanding obligations under reinsurance agreements subject to the trust; and
  - e. No later than February 28 of each year the trustee of the trust shall report to the commissioner in writing setting forth the balance in the trust and listing the trust's investments at the preceding year-end, and shall certify the date of termination of the trust, if so planned, or certify that the trust shall not expire prior to the following December 31.
2. Notwithstanding any other provisions in the trust instrument;
- a. If the trust fund is inadequate because it contains an amount less than the amount required by this Section or if the granter of the trust has been declared insolvent or placed into receivership, rehabilitation, liquidation, or similar proceedings under the laws of its state or country of domicile, the trustee shall comply with an order of the commissioner with regulatory oversight over the trust or with an order of a court of competent jurisdiction directing the trustee to transfer to the commissioner with regulatory oversight over the trust or other designated receiver all of the assets of the trust fund.
  - b. The assets shall be distributed by and claims shall be filed with and valued by the commissioner with regulatory oversight over the trust in accordance with the laws of the state in which the trust is domiciled applicable to the liquidation of domestic insurance companies.
  - c. If the commissioner with regulatory oversight over the trust determines that the assets of the trust fund or any part thereof are not necessary to satisfy the claims of the U.S. beneficiaries of the trust, the commissioner with regulatory oversight over the trust shall return the assets, or any part thereof, to the trustee for distribution in accordance with the trust agreement.
  - d. The granter shall waive any right otherwise available to it under U.S. law that is inconsistent with this provision.
- D.** For purposes of this Section, the term "liabilities" shall mean the assuming insurer's gross liabilities attributable to reinsurance ceded by U.S. domiciled insurers excluding liabilities that are otherwise secured by acceptable means, and, shall include:
- 1. For business ceded by domestic insurers authorized to write accident and health, and property and casualty insurance:
    - a. Losses and allocated loss expenses paid by the ceding insurer, recoverable from the assuming insurer;
    - b. Reserves for losses reported and outstanding;
    - c. Reserves for losses incurred but not reported;
    - d. Reserves for allocated loss expenses; and
    - e. Unearned premiums.
  - 2. For business ceded by domestic insurers authorized to write life, health and annuity insurance:
    - a. Aggregate reserves for life policies and contracts net of policy loans and net due, and deferred premiums;
    - b. Aggregate reserves for accident and health policies;
    - c. Deposit funds and other liabilities without life or disability contingencies; and
    - d. Liabilities for policy and contract claims.
- E.** Assets deposited in trusts established pursuant to A.R.S. § 20-3602 and this Section shall be valued according to their current fair market value and shall consist only of cash in U.S. dollars, certificates of deposit issued by a U.S. financial institution as defined in A.R.S. § 20-3601, clean, irrevocable, unconditional, and "evergreen" letters of credit issued or confirmed by a qualified U.S. financial institution as defined in A.R.S. § 20-3601, and investments of the type specified in this subsection, but investments in or issued by an entity controlling, controlled by or under common control with either the grantor or beneficiary of the trust shall not exceed 5% of total investments. No more than 20% of the total of the investments in the trust may be foreign investments authorized under subsections (E)(1)(e), (E)(3), (E)(6)(b), or (E)(7), and no more than 10% of the total of the investments in the trust may be securities denominated in foreign currencies. For purposes of applying the preceding sentence, a depository receipt denominated in U.S. dollars and representing rights conferred by a foreign security shall be classified as a foreign investment denominated in a foreign currency. The assets of a trust established to satisfy the requirements of A.R.S. § 20-3602 shall be invested only as follows:
- 1. Government obligations that are not in default as to principal or interest that are valid and legally authorized and that are issued, assumed, or guaranteed by:
    - a. The United States or by any agency or instrumentality of the United States;
    - b. A state of the United States;
    - c. A territory, possession, or other governmental unit of the United States;
    - d. An agency or instrumentality of a governmental unit referred to in subsections (E)(1)(b) and (E)(1)(c) if the obligations shall be by law (statutory or otherwise) payable, as to both principal and interest, from taxes levied or by law required to be levied or from adequate special revenues pledged or otherwise appropriated or by law required to be provided for making these payments, but shall not be obligations eligible for investment under this subsection (E)(1)(d) if payable solely out of special assessments on properties benefited by local improvements; or
    - e. The government of any other country that is a member of the Organization for Economic Cooperation and Development and whose government obligations are rated A or higher, or the equivalent, by a rating agency recognized by the Securities Valuation Office of the NAIC;
  - 2. Obligations that are issued in the United States, or that are dollar denominated and issued in a non-U.S. market, by a solvent U.S. institution (other than an insurance company) or that are assumed or guaranteed by a solvent U.S. institution (other than an insurance company) and that are not in default as to principal or interest if the obligations:
    - a. Are rated A or higher (or the equivalent) by a securities rating agency recognized by the Securities Valuation Office of the NAIC, or if not so rated, are similar in structure and other material respects to other obligations of the same institution that are so rated;
    - b. Are insured by at least one authorized insurer (other than the investing insurer or a parent, subsidiary or affiliate of the investing insurer) licensed to insure

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- obligations in Arizona and, after considering the insurance, are rated AAA (or the equivalent) by a securities rating agency recognized by the Securities Valuation Office of the NAIC; or
- c. Have been designated as Class One or Class Two by the Securities Valuation Office of the NAIC;
3. Obligations issued, assumed or guaranteed by a solvent non-U.S. institution chartered in a country that is a member of the Organization for Economic Cooperation and Development or obligations of U.S. corporations issued in a non-U.S. currency, provided that in either case the obligations are rated A or higher, or the equivalent, by a rating agency recognized by the Securities Valuation Office of the NAIC;
4. An investment made pursuant to the provisions of subsections (E)(1), (E)(2), or (E)(3) shall be subject to the following additional limitations;
- a. An investment in or loan upon the obligations of an institution other than an institution that issues mortgage-related securities shall not exceed 5% of the assets of the trust;
- b. An investment in any one mortgage-related security shall not exceed 5% of the assets of the trust;
- c. The aggregate total investment in mortgage-related securities shall not exceed 25% of the assets of the trust; and
- d. Preferred or guaranteed shares issued or guaranteed by a solvent U.S. institution are permissible investments if all of the institution's obligations are eligible as investments under subsections (E)(2)(a) and (E)(2)(c), but shall not exceed 2% of the assets of the trust.
5. As used in this Section:
- a. "Mortgage-related security" means an obligation that is rated AA or higher (or the equivalent) by a securities rating agency recognized by the Securities Valuation Office of the NAIC and that either:
- i. Represents ownership of one or more promissory notes or certificates of interest or participation in the notes (including any rights designed to assure servicing of, or the receipt or timeliness of receipt by the holders of the notes, certificates, or participation of amounts payable under, the notes, certificates or participation), that: (1) Are directly secured by a first lien on a single parcel of real estate, including stock allocated to a dwelling unit in a residential cooperative housing corporation, upon which is located a dwelling or mixed residential and commercial structure, or on a residential manufactured home as defined in 42 U.S.C.A. 5402(6), whether the manufactured home is considered real or personal property under the laws of the state in which it is located; and (2) Were originated by a savings and loan association, savings bank, commercial bank, credit union, insurance company, or similar institution that is supervised and examined by a federal or state housing authority, or by a mortgagee approved by the Secretary of Housing and Urban Development pursuant to 12 U.S.C.A. 1709 and 1715-b, or, where the notes involve a lien on the manufactured home, by an institution or by a financial institution approved for insurance by the Secretary of Housing and Urban Development pursuant to 12 U.S.C.A. 1703; or
- ii. Is secured by one or more promissory notes or certificates of deposit or participations in the notes (with or without recourse to the insurer of the notes) and, by its terms, provides for payments of principal in relation to payments, or reasonable projections of payments, or notes meeting the requirements of subsection (E)(5)(a)(i);
- b. "Promissory note," when used in connection with a manufactured home, shall also include a loan, advance, or credit sale as evidenced by a retail installment sales contract or other instrument.
6. Equity interests.
- a. Investments in common shares or partnership interests of a solvent U.S. institution are permissible if:
- i. Its obligations and preferred shares, if any, are eligible as investments under this Section; and
- ii. The equity interests of the institution (except an insurance company) are registered on a national securities exchange as provided in the Securities Exchange Act of 1934, 15 U.S.C. 78a - 78kk or otherwise registered pursuant to that Act, and if otherwise registered, price quotations for them are furnished through a nationwide automated quotations system approved by the Financial Industry Regulatory Authority, or successor organization. A trust shall not invest in equity interests under this Section an amount exceeding 1% of the assets of the trust even though the equity interests are not so registered and are not issued by an insurance company;
- b. Investments in common shares of a solvent institution organized under the laws of a country that is a member of the Organization for Economic Cooperation and Development, if:
- i. All its obligations are rated A or higher, or the equivalent, by a rating agency recognized by the Securities Valuation Office of the NAIC; and
- ii. The equity interests of the institution are registered on a securities exchange regulated by the government of a country that is a member of the Organization for Economic Cooperation and Development;
- c. An investment in or loan upon any one institution's outstanding equity interests shall not exceed 1% of the assets of the trust. The cost of an investment in equity interests made pursuant to this subsection (E)(6), when added to the aggregate cost of other investments in equity interests then held pursuant to this subsection (E)(6), shall not exceed 10% of the assets in the trust;
7. Obligations issued, assumed or guaranteed by a multinational development bank, provided the obligations are rated A or higher, or the equivalent, by a rating agency recognized by the Securities Valuation Office of the NAIC.
8. Investment companies.
- a. Securities of an investment company registered pursuant to the Investment Company Act of 1940, 15

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

U.S.C. 80a, are permissible investments if the investment company:

- i. Invests at least 90% of its assets in the types of securities that qualify as an investment under subsection (E)(1), (E)(2), or (E)(3) or invests in securities that are determined by the Director to be substantively similar to the types of securities set forth in subsection (E)(1), (E)(2), or (E)(3); or
- ii. Invests at least 90% of its assets in the types of equity interests that qualify as an investment under subsection (E)(6)(a);
- b. Investments made by a trust in investment companies under this subsection (E)(8) shall not exceed the following limitations:
  - i. An investment in an investment company qualifying under subsection (E)(8)(a)(i) shall not exceed 10% of the assets in the trust and the aggregate amount of investment in qualifying investment companies shall not exceed 25% of the assets in the trust, and
  - ii. Investments in an investment company qualifying under subsection (E)(8)(a)(ii) shall not exceed 5% of the assets in the trust and the aggregate amount of investment in qualifying investment companies shall be included when calculating the permissible aggregate value of equity interests pursuant to subsection (E)(6)(a).

9. Letters of Credit.

- a. In order for a letter of credit to qualify as an asset of the trust, the trustee shall have the right and the obligation pursuant to the deed of trust or some other binding agreement (as duly approved by the Director) to immediately draw down the full amount of the letter of credit and hold the proceeds in trust for the beneficiaries of the trust if the letter of credit will otherwise expire without being renewed or replaced.
- b. The trust agreement shall provide that the trustee shall be liable for its negligence, willful misconduct, or lack of good faith. The failure of the trustee to draw against the letter of credit in circumstances where such draw would be required shall be deemed to be negligence and/or willful misconduct.

- F. A specific security provided to a ceding insurer by an assuming insurer pursuant to Section R20-6-A1607 shall be applied, until exhausted, to the payment of liabilities of the assuming insurer to the ceding insurer holding the specific security prior to, and as a condition precedent for, presentation of a claim by the ceding insurer for payment by a trustee of a trust established by the assuming insurer pursuant to this Section.

**Historical Note**

New Section R20-6-A1604 renumbered from R20-6-1604 and amended by final rulemaking at 28 A.A.R. 493 (March 4, 2022), effective April 9, 2022; the redundant phrase "of this Section" was removed when followed by a subsection reference (Supp. 22-1).

**R20-6-A1605. Credit for Reinsurance – Certified Reinsurers**

- A. Pursuant to A.R.S. §§ 20-3602(G), the Director shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer that has been certified as a reinsurer in Arizona at all times for which statutory financial statement credit for reinsurance is claimed under this Section. The credit allowed shall

be based upon the security held by or on behalf of the ceding insurer in accordance with a rating assigned to the certified reinsurer by the Director. The security shall be in a form consistent with the provisions of A.R.S. §§ 20-3602(G), and 20-3603 and R20-6-A1608 or R20-6-A1609(A). The amount of security required in order for full credit to be allowed shall correspond with the following requirements:

1. Ratings Security Required
  - a. Secure-1 0%
  - b. Secure-2 10%
  - c. Secure-3 20%
  - d. Secure-4 50%
  - e. Secure-5 75%
  - f. Vulnerable-6 100%
2. Affiliated reinsurance transactions shall receive the same opportunity for reduced security requirements as all other reinsurance transactions.
3. The Director shall require the certified reinsurer to post 100%, for the benefit of the ceding insurer or its estate, security upon the entry of an order of rehabilitation, liquidation, or conservation against the ceding insurer.
4. In order to facilitate the prompt payment of claims, a certified reinsurer shall not be required to post security for catastrophe recoverables for a period of one year from the date of the first instance of a liability reserve entry by the ceding company as a result of a loss from a catastrophic occurrence as recognized by the Director. The one year deferral period is contingent upon the certified reinsurer continuing to pay claims in a timely manner. Reinsurance recoverables for only the following lines of business as reported on the NAIC annual financial statement related specifically to the catastrophic occurrence will be included in the deferral:
  - a. Line 1: Fire
  - b. Line 2: Allied Lines
  - c. Line 3: Farmowners multiple peril
  - d. Line 4: Homeowners multiple peril
  - e. Line 5: Commercial multiple peril
  - f. Line 9: Inland Marine
  - g. Line 12: Earthquake
  - h. Line 21: Auto physical damage
5. Credit for reinsurance under this Section shall apply only to reinsurance contracts entered into or renewed on or after the effective date of the certification of the assuming insurer. Any reinsurance contract entered into prior to the effective date of the certification of the assuming insurer that is subsequently amended after the effective date of the certification of the assuming insurer, or a new reinsurance contract covering any risk for which collateral was provided previously, shall only be subject to this Section with respect to losses incurred and reserves reported from and after the effective date of the amendment or new contract.
6. Nothing in this Section shall prohibit the parties to a reinsurance agreement from agreeing to provisions establishing security requirements that exceed the minimum security requirements established for certified reinsurers under this Section.

**B. Certification Procedure.**

1. The Director shall post notice on the insurance department's website promptly upon receipt of any application for certification, including instructions on how members of the public may respond to the application. The Director may not take final action on the application until at

least 30 days after posting the notice required by this subsection (B)(1).

2. The Director shall issue written notice to an assuming insurer that has made application and been approved as a certified reinsurer. Included in such notice shall be the rating assigned the certified reinsurer in accordance with subsection (A). The Director shall publish a list of all certified reinsurers and their ratings.
3. In order to be eligible for certification, the assuming insurer shall meet the following requirements:
  - a. The assuming insurer must be domiciled and licensed to transact insurance or reinsurance in a Qualified Jurisdiction, as determined by the Director pursuant to subsection (C).
  - b. The assuming insurer must maintain capital and surplus, or its equivalent, of no less than \$250 million calculated in accordance with subsection (B)(4)(h). This requirement may also be satisfied by an association including incorporated and individual unincorporated underwriters having minimum capital and surplus equivalents (net of liabilities) of at least \$250 million and a central fund containing a balance of at least \$250 million.
  - c. The assuming insurer must maintain financial strength ratings from two or more rating agencies deemed acceptable by the Director. These ratings shall be based on interactive communication between the rating agency and the assuming insurer and shall not be based solely on publicly available information. These financial strength ratings will be one factor used by the Director in determining the rating that is assigned to the assuming insurer. Acceptable rating agencies include the following:
    - i. Standard & Poor's;
    - ii. Moody's Investors Service;
    - iii. Fitch Ratings;
    - iv. A.M. Best Company; or
    - v. Any other Nationally Recognized Statistical Rating Organization.
  - d. The certified reinsurer must comply with any other requirements reasonably imposed by the Director.
4. Each certified reinsurer shall be rated on a legal entity basis, with due consideration being given to the group rating where appropriate, except that an association including incorporated and individual unincorporated underwriters that has been approved to do business as a single certified reinsurer may be evaluated on the basis of its group rating. Factors that may be considered as part of the evaluation process include, but are not limited to, the following:
  - a. The certified reinsurer's financial strength rating from an acceptable rating agency. The maximum rating that a certified reinsurer may be assigned will correspond to its financial strength rating as outlined in the Table 1. The Director shall use the lowest financial strength rating received from an approved rating agency in establishing the maximum rating of a certified reinsurer. A failure to obtain or maintain at least two financial strength ratings from acceptable rating agencies will result in loss of eligibility for certification as outlined in Table 1.
  - b. The business practices of the certified reinsurer in dealing with its ceding insurers, including its record of compliance with reinsurance contractual terms and obligations;
- c. For certified reinsurers domiciled in the U.S., a review of the most recent applicable NAIC Annual Statement Blank, either Schedule F (for property/casualty reinsurers) or Schedule S (for life and health reinsurers);
- d. For certified reinsurers not domiciled in the U.S., a review annually of Form CR-F (instructions attached as Exhibit C) for property/casualty reinsurers or Form CR-S (instructions attached as Exhibit D) for life and health reinsurers;
- e. The reputation of the certified reinsurer for prompt payment of claims under reinsurance agreements, based on an analysis of ceding insurers' Schedule F reporting of overdue reinsurance recoverables, including the proportion of obligations that are more than 90 days past due or are in dispute, with specific attention given to obligations payable to companies that are in administrative supervision or receivership;
- f. Regulatory actions against the certified reinsurer;
- g. The report of the independent auditor on the financial statements of the insurance enterprise, on the basis described in subsection (B)(4)(h);
- h. For certified reinsurers not domiciled in the U.S., audited financial statements, regulatory filings, and actuarial opinion (as filed with the non-U.S. jurisdiction supervisor, with a translation into English). Upon the initial application for certification, the Director will consider audited financial statements for the last two years filed with its non-U.S. jurisdiction supervisor;
- i. The liquidation priority of obligations to a ceding insurer in the certified reinsurer's domiciliary jurisdiction in the context of an insolvency proceeding;
- j. A certified reinsurer's participation in any solvent scheme of arrangement, or similar procedure, which involves U.S. ceding insurers. The Director shall receive prior notice from a certified reinsurer that proposes participation by the certified reinsurer in a solvent scheme of arrangement; and
- k. Any other information deemed relevant by the Director.

5. Based on the analysis conducted under subsection (B)(4)(e) of a certified reinsurer's reputation for prompt payment of claims, the Director may make appropriate adjustments in the security the certified reinsurer is required to post to protect its liabilities to U.S. ceding insurers, provided that the Director shall, at a minimum, increase the security the certified reinsurer is required to post by one rating level under subsection (B)(4)(a) if the Director finds that:
  - a. More than 15% of the certified reinsurer's ceding insurance clients have overdue reinsurance recoverables on paid losses of 90 days or more which are not in dispute and which exceed \$100 thousand for each cedent; or
  - b. The aggregate amount of reinsurance recoverables on paid losses which are not in dispute that are overdue by 90 days or more exceeds \$50 million.

6. The assuming insurer must submit a properly executed Form CR-1 (attached as Exhibit B) as evidence of its submission to the jurisdiction of Arizona, appointment of the

Director as an agent for service of process in Arizona, and agreement to provide security for 100% of the assuming insurer's liabilities attributable to reinsurance ceded by U.S. ceding insurers if it resists enforcement of a final U.S. judgment. The Director shall not certify any assuming insurer that is domiciled in a jurisdiction that the Director has determined does not adequately and promptly enforce final U.S. judgments or arbitration awards.

7. The certified reinsurer must agree to meet applicable information filing requirements as determined by the Director, both with respect to an initial application for certification and on an ongoing basis. All information submitted by certified reinsurers which are not otherwise public information subject to disclosure shall be exempted from disclosure under A.R.S. § 20-158 and shall be withheld from public disclosure. The applicable information filing requirements are, as follows:
  - a. Notification within ten days of any regulatory actions taken against the certified reinsurer, any change in the provisions of its domiciliary license or any change in rating by an approved rating agency, including a statement describing such changes and the reasons therefore;
  - b. Annually, Form CR-F or CR-S, as applicable;
  - c. Annually, the report of the independent auditor on the financial statements of the insurance enterprise, on the basis described in subsection (B)(7)(d);
  - d. Annually, the most recent audited financial statements, regulatory filings, and actuarial opinion (as filed with the certified reinsurer's supervisor, with a translation into English). Upon the initial certification, audited financial statements for the last two years filed with the certified reinsurer's supervisor;
  - e. At least annually, an updated list of all disputed and overdue reinsurance claims regarding reinsurance assumed from U.S. domestic ceding insurers;
  - f. A certification from the certified reinsurer's domestic regulator that the certified reinsurer is in good standing and maintains capital in excess of the jurisdiction's highest regulatory action level; and
  - g. Any other information that the Director may reasonably require.
8. Change in Rating or Revocation of Certification.
  - a. In the case of a downgrade by a rating agency or other disqualifying circumstance, the Director shall upon written notice assign a new rating to the certified reinsurer in accordance with the requirements of subsection (B)(4)(a).
  - b. The Director shall have the authority to suspend, revoke, or otherwise modify a certified reinsurer's certification at any time if the certified reinsurer fails to meet its obligations or security requirements under this Section, or if other financial or operating results of the certified reinsurer, or documented significant delays in payment by the certified reinsurer, lead the Director to reconsider the certified reinsurer's ability or willingness to meet its contractual obligations.
  - c. If the rating of a certified reinsurer is upgraded by the Director, the certified reinsurer may meet the security requirements applicable to its new rating on a prospective basis, but the Director shall require the certified reinsurer to post security under the previ-

ously applicable security requirements as to all contracts in force on or before the effective date of the upgraded rating. If the rating of a certified reinsurer is downgraded by the Director, the Director shall require the certified reinsurer to meet the security requirements applicable to its new rating for all business it has assumed as a certified reinsurer.

- d. Upon revocation of the certification of a certified reinsurer by the Director, the assuming insurer shall be required to post security in accordance with R20-6-A1607 in order for the ceding insurer to continue to take credit for reinsurance ceded to the assuming insurer. If funds continue to be held in trust in accordance with R20-6-A1604, the Director may allow additional credit equal to the ceding insurer's pro rata share of such funds, discounted to reflect the risk of uncollectibility and anticipated expenses of trust administration. Notwithstanding the change of a certified reinsurer's rating or revocation of its certification, a domestic insurer that has ceded reinsurance to that certified reinsurer may not be denied credit for reinsurance for a period of three months for all reinsurance ceded to that certified reinsurer, unless the reinsurance is found by the Director to be at high risk of uncollectibility.

C. Qualified Jurisdictions.

1. If, upon conducting an evaluation under this Section with respect to the reinsurance supervisory system of any non-U.S. assuming insurer, the Director determines that the jurisdiction qualifies to be recognized as a qualified jurisdiction, the Director shall publish notice and evidence of such recognition in an appropriate manner. The Director may establish a procedure to withdraw recognition of those jurisdictions that are no longer qualified.
2. In order to determine whether the domiciliary jurisdiction of a non-U.S. assuming insurer is eligible to be recognized as a qualified jurisdiction, the Director shall evaluate the reinsurance supervisory system of the non-U.S. jurisdiction, both initially and on an ongoing basis, and consider the rights, benefits and the extent of reciprocal recognition afforded by the non-U.S. jurisdiction to reinsurers licensed and domiciled in the U.S. The Director shall determine the appropriate approach for evaluating the qualifications of such jurisdictions, and create and publish a list of jurisdictions whose reinsurers may be approved by the Director as eligible for certification. A qualified jurisdiction must agree to share information and cooperate with the Director with respect to all certified reinsurers domiciled within that jurisdiction. Additional factors to be considered in determining whether to recognize a qualified jurisdiction, in the discretion of the Director, include but are not limited to the following:
  - a. The framework under which the assuming insurer is regulated.
  - b. The structure and authority of the domiciliary regulator with regard to solvency regulation requirements and financial surveillance.
  - c. The substance of financial and operating standards for assuming insurers in the domiciliary jurisdiction.
  - d. The form and substance of financial reports required to be filed or made publicly available by reinsurers in the domiciliary jurisdiction and the accounting principles used.

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- e. The domiciliary regulator's willingness to cooperate with U.S. regulators in general and the Director in particular.
  - f. The history of performance by assuming insurers in the domiciliary jurisdiction.
  - g. Any documented evidence of substantial problems with the enforcement of final U.S. judgments in the domiciliary jurisdiction. A jurisdiction will not be considered to be a qualified jurisdiction if the Director has determined that it does not adequately and promptly enforce final U.S. judgments or arbitration awards.
  - h. Any relevant international standards or guidance with respect to mutual recognition of reinsurance supervision adopted by the International Association of Insurance Supervisors or successor organization.
  - i. Any other matters deemed relevant by the Director.
3. A list of qualified jurisdictions shall be published through the NAIC Committee Process. The Director shall consider this list in determining qualified jurisdictions. If the Director approves a jurisdiction as qualified that does not appear on the list of qualified jurisdictions, the Director shall provide thoroughly documented justification with respect to the criteria provided under subsections (C)(2)(a) through (C)(2)(i).
  4. U.S. jurisdictions that meet the requirements for accreditation under the NAIC financial standards and accreditation program shall be recognized as qualified jurisdictions.
- D. Recognition of Certification Issued by an NAIC Accredited Jurisdiction.**
1. If an applicant for certification has been certified as a reinsurer in an NAIC accredited jurisdiction, the Director has the discretion to defer to that jurisdiction's certification, and to defer to the rating assigned by that jurisdiction, if the assuming insurer submits a properly executed Form CR-1 (Exhibit B) and such additional information as the Director requires. The assuming insurer shall be considered to be a certified reinsurer in Arizona.
2. Any change in the certified reinsurer's status or rating in the other jurisdiction shall apply automatically in Arizona as of the date it takes effect in the other jurisdiction. The certified reinsurer shall notify the Director of any change in its status or rating within ten days after receiving notice of the change.
  3. The Director may withdraw recognition of the other jurisdiction's rating at any time and assign a new rating in accordance with subsection (B)(8).
  4. The Director may withdraw recognition of the other jurisdiction's certification at any time with written notice to the certified reinsurer. Unless the Director suspends or revokes the certified reinsurer's certification in accordance with subsection (B)(8), the certified reinsurer's certification shall remain in good standing in this State for a period of three months, which shall be extended if additional time is necessary to consider the assuming insurer's application for certification in Arizona.
- E. Mandatory Funding Clause.** In addition to the clauses required under R20-6-A1609(B), reinsurance contracts entered into or renewed under this Section shall include a proper funding clause, which requires the certified reinsurer to provide and maintain security in an amount sufficient to avoid the imposition of any financial statement penalty on the ceding insurer under this Section for reinsurance ceded to the certified reinsurer.
- F.** The Director shall comply with all reporting and notification requirements that may be established by the NAIC with respect to certified reinsurers and qualified jurisdictions.

**Historical Note**

**R20-6-A1606. Credit for Reinsurance - Reciprocal Jurisdictions; Credit for Reinsurance Required by Law**

- A.** Credit for reinsurance to a reciprocal jurisdiction assuming insurer. Pursuant to A.R.S. § 20-3602(H), (I), (J), (K), (L), and (R), the Director shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer that is licensed to write reinsurance by, and has its head office or is domiciled in, a reciprocal jurisdiction, and which meets the other requirements of this Part.
- B.** A "reciprocal jurisdiction" is a jurisdiction, as designated by the Director pursuant to subsection (D) that meets one of the following:
  1. A non-U.S. jurisdiction that is subject to an in-force covered agreement with the United States, each within its legal authority, or, in the case of a covered agreement between the United States and the European Union, is a member state of the European Union. For purposes of this subsection, a "covered agreement" is an agreement entered into pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, 31 U.S.C. §§ 313 and 314, that is currently in effect or in a period of provisional application and addresses the elimination, under specified conditions, of collateral requirements as a condition for entering into any reinsurance agreement with a

- ceding insurer domiciled in this state or for allowing the ceding insurer to recognize credit for reinsurance;
2. A U.S. jurisdiction that meets the requirements for accreditation under the NAIC financial standards and accreditation program; or
  3. A qualified jurisdiction, as determined by the Director pursuant to A.R.S. § 20-3602(G)(3) and Section R20-6-A1605(C), which is not otherwise described in subsections (B)(1) or (B)(2) and which the Director determines meets all of the following additional requirements:
    - a. Provides that an insurer who has its head office or is domiciled in such qualified jurisdiction shall receive credit for reinsurance ceded to a U.S.-domiciled assuming insurer in the same manner as credit for reinsurance is received for reinsurance assumed by insurers domiciled in such qualified jurisdiction;
    - b. Does not require a U.S.-domiciled assuming insurer to establish or maintain a local presence as a condition for entering into a reinsurance agreement with any ceding insurer subject to regulation by the non-U.S. jurisdiction or as a condition to allow the ceding insurer to recognize credit for such reinsurance;
    - c. Recognizes the U.S. state regulatory approach to group supervision and group capital, by providing written confirmation by a competent regulatory authority, in such qualified jurisdiction, that insurers and insurance groups who are domiciled or maintain their headquarters in this state or another jurisdiction accredited by the NAIC shall be subject only to worldwide prudential insurance group supervision including worldwide group governance, solvency and capital, and reporting, as applicable, by the Director or the commissioner of the domiciliary state and will not be subject to group supervision at the level of the worldwide parent undertaking of the insurance or reinsurance group by the qualified jurisdiction; and
    - d. Provides written confirmation by a competent regulatory authority in such qualified jurisdiction that information regarding insurers and their parent, subsidiary, or affiliated entities, if applicable, shall be provided to the Director in accordance with a memorandum of understanding or similar document between the Director and such qualified jurisdiction, including but not limited to the International Association of Insurance Supervisors Multilateral Memorandum of Understanding or other multilateral memoranda of understanding coordinated by the NAIC.
- C. Credit shall be allowed when the reinsurance is ceded from an insurer domiciled in this state to a reciprocal jurisdiction assuming insurer meeting each of these conditions:
1. The assuming insurer must be licensed to transact insurance by, and have its head office or be domiciled in, a reciprocal jurisdiction;
  2. The assuming insurer must have and maintain on an ongoing basis minimum capital and surplus, or its equivalent, calculated on at least an annual basis as of the preceding December 31 or at the annual date otherwise statutorily reported to the reciprocal jurisdiction, and confirmed as set forth in subsection (C)(7) according to the methodology of its domiciliary jurisdiction, in the following amounts:
    - a. No less than \$250 million; or
    - b. If the assuming insurer is an association, including incorporated and individual unincorporated underwriters:
      - i. Minimum capital and surplus equivalents (net of liabilities) or own funds of the equivalent of at least \$250 million; and
      - ii. A central fund containing a balance of the equivalent of at least \$250 million.
  3. The assuming insurer must have and maintain on an ongoing basis a minimum solvency or capital ratio, as applicable, as follows:
    - a. If the assuming insurer has its head office or is domiciled in a reciprocal jurisdiction as defined in subsection (B)(1), the ratio specified in the applicable covered agreement;
    - b. If the assuming insurer is domiciled in a reciprocal jurisdiction as defined in subsection (B)(2), a risk-based capital (RBC) ratio of 300% of the authorized control level, calculated in accordance with the formula developed by the NAIC; or
    - c. If the assuming insurer is domiciled in a reciprocal jurisdiction as defined in subsection (B), after consultation with the reciprocal jurisdiction and considering any recommendations published through the NAIC Committee Process, such solvency or capital ratio as the Director determines to be an effective measure of solvency.
  4. The assuming insurer must agree to and provide adequate assurance, in the form of a properly executed Form RJ-1 (Exhibit E), of its agreement to the following:
    - a. The assuming insurer must agree to provide prompt written notice and explanation to the Director if it falls below the minimum requirements set forth in subsections (C)(2) or (C)(3), or if any regulatory action is taken against it for serious noncompliance with applicable law;
    - b. The assuming insurer must consent in writing to the jurisdiction of the courts of this state and to the appointment of the Director as agent for service of process.
      - i. The Director may also require that such consent be provided and included in each reinsurance agreement under the Director's jurisdiction.
      - ii. Nothing in this provision shall limit or in any way alter the capacity of parties to a reinsurance agreement to agree to alternative dispute resolution mechanisms, except to the extent such agreements are unenforceable under applicable insolvency or delinquency laws;
    - c. The assuming insurer must consent in writing to pay all final judgments, wherever enforcement is sought, obtained by a ceding insurer, that have been declared enforceable in the territory where the judgment was obtained;
    - d. Each reinsurance agreement must include a provision requiring the assuming insurer to provide security in an amount equal to 100% of the assuming insurer's liabilities attributable to reinsurance ceded pursuant to that agreement if the assuming insurer resists enforcement of a final judgment that is enforceable under the law of the jurisdiction in which it was obtained or a properly enforceable arbitration award, whether obtained by the ceding

- insurer or by its legal successor on behalf of its estate, if applicable;
- e. The assuming insurer must confirm that it is not presently participating in any solvent scheme of arrangement, which involved this state's ceding insurers, and agrees to notify the ceding insurer and the Director and to provide 100% security to the ceding insurer consistent with the terms of the scheme, should the assuming insurer enter into such a solvent scheme of arrangement. Such security shall be in a form consistent with the provisions of A.R.S. §§ 20-3602(G) and 20-3603, R20-6-A1608, or R20-6-A1609(A). For purposes of this Section, the term "solvent scheme of arrangement" means a foreign or alien statutory or regulatory compromise procedure subject to requisite majority creditor approval and judicial sanction in the assuming insurer's home jurisdiction either to finally commute liabilities of duly noticed class members or creditors of a solvent debtor, or to reorganize or restructure the debts and obligations of a solvent debtor on a final basis, and which may be subject to judicial recognition and enforcement of the arrangement by a governing authority outside the ceding insurer's home jurisdiction; and
  - f. The assuming insurer must agree in writing to meet the applicable information filing requirements as set forth in subsection (C)(5).
5. The assuming insurer or its legal successor must provide, if requested by the Director, on behalf of itself and any legal predecessors, the following documentation to the Director:
    - a. For the two years preceding entry into the reinsurance agreement and on an annual basis thereafter, the assuming insurer's annual audited financial statements, in accordance with the applicable law of the jurisdiction of its head office or domiciliary jurisdiction, as applicable, including the external audit report;
    - b. For the two years preceding entry into the reinsurance agreement, the solvency and financial condition report or actuarial opinion, if filed with the assuming insurer's supervisor;
    - c. Prior to entry into the reinsurance agreement and not more than semi-annually thereafter, an updated list of all disputed and overdue reinsurance claims outstanding for 90 days or more, regarding reinsurance assumed from ceding insurers domiciled in the United States; and
    - d. Prior to entry into the reinsurance agreement and not more than semi-annually thereafter, information regarding the assuming insurer's assumed reinsurance by ceding insurer, ceded reinsurance by the assuming insurer, and reinsurance recoverable on paid and unpaid losses by the assuming insurer to allow for the evaluation of the criteria set forth in subsection (C)(6).
  6. The assuming insurer must maintain a practice of prompt payment of claims under reinsurance agreements. The lack of prompt payment will be evidenced if any of the following criteria is met:
    - a. More than 15% of the reinsurance recoverables from the assuming insurer are overdue and in dispute as reported by the Director;
    - b. More than 15% of the assuming insurer's ceding insurers or reinsurers have overdue reinsurance recoverable on paid losses of 90 days or more which are not in dispute and which exceed for each ceding insurer \$100 thousand, or as otherwise specified in a covered agreement; or
    - c. The aggregate amount of reinsurance recoverable on paid losses which are not in dispute, but are overdue by 90 days or more, exceeds \$50 million, or as otherwise specified in a covered agreement.
  7. The assuming insurer's supervisory authority must confirm to the Director on an annual basis that the assuming insurer complies with the requirements set forth in subsections (C)(2) and (C)(3).
  8. Nothing in this provision precludes an assuming insurer from providing the Director with information on a voluntary basis.
- D. The Director shall timely create and publish a list of reciprocal jurisdictions.
    1. A list of reciprocal jurisdictions is published through the NAIC committee process. The Director's list shall include any reciprocal jurisdiction as defined under subsections (B)(1) and (B)(2), and shall consider any other reciprocal jurisdiction included on the NAIC list. The Director may approve a jurisdiction that does not appear on the NAIC list of reciprocal jurisdictions as provided by applicable law, regulation, or in accordance with criteria published through the NAIC committee process.
    2. The Director may remove a jurisdiction from the list of reciprocal jurisdictions upon a determination that the jurisdiction no longer meets one or more of the requirements of a reciprocal jurisdiction, as provided by applicable law, regulation, or in accordance with a process published through the NAIC committee process, except that the Director shall not remove from the list a reciprocal jurisdiction as defined under subsections (B)(1) and (B)(2). Upon removal of a reciprocal jurisdiction from this list, credit for reinsurance ceded to an assuming insurer domiciled in that jurisdiction shall be allowed, if otherwise allowed pursuant to A.R.S. Title 20, Chapter 30 and this Part.
  - E. The Director shall timely create and publish a list of reciprocal jurisdiction assuming insurers that have satisfied the conditions set forth in this Section and to which cessions shall be granted credit in accordance with this subsection.
    1. If an NAIC accredited jurisdiction has determined that the conditions set forth in subsection (C) have been met, the Director has the discretion to defer to that jurisdiction's determination, and add such assuming insurer to the list of assuming insurers to which cessions shall be granted credit in accordance with this subsection. The Director may accept financial documentation filed with another NAIC accredited jurisdiction or with the NAIC in satisfaction of the requirement of subsection (C).
    2. When requesting that the Director defer to another NAIC accredited jurisdiction's determination, an assuming insurer must submit a properly executed Form RJ-1 (Appendix E) and additional information as the Director may require. A state that has received such a request will notify other states through the NAIC committee process and provide relevant information with respect to the determination of eligibility.
  - F. If the Director determines that a reciprocal jurisdiction assuming insurer no longer meets one or more of the requirements

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

under this Section, the Director may revoke or suspend the eligibility of the reciprocal jurisdiction assuming insurer for recognition under this Section.

1. While an assuming insurer's eligibility is suspended, no reinsurance agreement issued, amended, or renewed after the effective date of the suspension qualifies for credit except to the extent that the assuming insurer's obligations under the contract are secured in accordance with R20-6-A1607.
  2. If an assuming insurer's eligibility is revoked, no credit for reinsurance may be granted after the effective date of the revocation with respect to any reinsurance agreements entered into by the assuming insurer, including reinsurance agreements entered into prior to the date of revocation, except to the extent that the assuming insurer's obligations under the contract are secured in a form acceptable to the Director and consistent with the provisions of R20-6-A1607.
- G.** Before denying statement credit or imposing a requirement to post security with respect to subsection (F) or adopting any similar requirement that will have substantially the same regulatory impact as security, the Director shall:
1. Communicate with the ceding insurer, the assuming insurer, and the assuming insurer's supervisory authority that the assuming insurer no longer satisfies one of the conditions listed in subsection (C);
  2. Provide the assuming insurer with 30 days from the initial communication to submit a plan to remedy the defect, and 90 days from the initial communication to remedy the defect, except in exceptional circumstances in which a shorter period is necessary for policyholder and other consumer protection;
  3. After the expiration of 90 days or less, as set out in subsection (G)(2), if the Director determines that no or insufficient action was taken by the assuming insurer, the Director may impose any of the requirements as set out in this subsection (G); and
  4. Provide a written explanation to the assuming insurer of any of the requirements set out in this subsection (G).
- H.** If subject to a legal process of rehabilitation, liquidation, or conservation, as applicable, the ceding insurer, or its representative, may seek and, if determined appropriate by the court in which the proceedings are pending, may obtain an order requiring the reciprocal jurisdiction assuming insurer to post security for all outstanding liabilities.
- I.** Credit for reinsurance required by law. Pursuant to A.R.S. § 20-3602(M), the Director shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of A.R.S. §§ 20-3602(C) through (G) but only as to the insurance of risks located in jurisdictions where the reinsurance is required by the applicable law or regulation of that jurisdiction. As used in this Section, "jurisdiction" means state, district, or territory of the United States and any lawful national government.

**Historical Note**

New Section R20-6-A1606 renumbered from R20-6-1606 and amended by final rulemaking at 28 A.A.R. 493 (March 4, 2022), effective April 9, 2022; the redundant phrase "of this Section" and word "above" were removed when followed by a subsection reference (Supp. 22-1).

**R20-6-A1607. Asset or Reduction from Liability for Reinsurance Ceded to an Unauthorized Assuming Insurer not Meeting the Requirements of R20-6-A1601 through R20-6-A1606**

- A.** Pursuant to A.R.S. § 20-3603, the Director shall allow a reduction from liability for reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of A.R.S. § 20-3602 in an amount not exceeding the liabilities carried by the ceding insurer. The reduction shall be in the amount of funds held by or on behalf of the ceding insurer, including funds held in trust for the exclusive benefit of the ceding insurer, under a reinsurance contract with such assuming insurer as security for the payment of obligations under the reinsurance contract. The security shall be held in the United States subject to withdrawal solely by, and under the exclusive control of, the ceding insurer or, in the case of a trust, held in a qualified United States financial institution as defined in A.R.S. § 20-3601. This security may be in the form of any of the following:
1. Cash;
  2. Securities listed by the Securities Valuation Office of the NAIC, including those deemed exempt from filing as defined by the Purposes and Procedures Manual of the Securities Valuation Office, and qualifying as admitted assets;
  3. Clean, irrevocable, unconditional, and "evergreen" letters of credit issued or confirmed by a qualified United States institution, as defined in A.R.S. § 20-3601, effective no later than December 31 of the year for which filing is being made, and in the possession of, or in trust for, the ceding insurer on or before the filing date of its annual statement. Letters of credit meeting applicable standards of issuer acceptability as of the dates of their issuance (or confirmation) shall, notwithstanding the issuing (or confirming) institution's subsequent failure to meet applicable standards of issuer acceptability, continue to be acceptable as security until their expiration, extension, renewal, modification or amendment, whichever first occurs; or
  4. Any other form of security acceptable to the Director.
- B.** An admitted asset or a reduction from liability for reinsurance ceded to an unauthorized assuming insurer pursuant to this Section shall be allowed only when the requirements of R20-6-A1609(B) and the applicable portions of R20-6-A1608 or R20-6-A1609(A) have been satisfied.

**Historical Note**

New Section R20-6-A1606 renumbered from R20-6-1606 and amended by final rulemaking at 28 A.A.R. 493 (March 4, 2022), effective April 9, 2022; the redundant word "Section" was removed before a Chapter Section number (Supp. 22-1).

**R20-6-A1608. Trust Agreements Qualified under R20-6-A1607; Letters of Credit Qualified under R20-6-A1607**

- A.** Trust agreements - definitions. As used in subsections (B) through (G):
1. "Beneficiary" includes any successor by operation of law of the named beneficiary, including without limitation any liquidator, rehabilitator, receiver, or conservator.
  2. "Grantor" means the entity that has established a trust for the sole benefit of the beneficiary. When established in conjunction with a reinsurance agreement, the grantor is the unlicensed, unaccredited assuming insurer.
  3. "Obligations," as used in subsection (B)(11), means:
    - a. Reinsured losses and allocated loss expenses paid by the ceding company but not recovered from the assuming insurer;

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- b. Reserves for reinsured losses reported and outstanding;
  - c. Reserves for reinsured losses incurred but not reported; and
  - d. Reserves for allocated reinsured loss expenses and unearned premiums.
- B. Trust agreements - required conditions.**
1. The trust agreement shall be entered into between the beneficiary, the grantor, and a trustee which shall be a qualified United States financial institution as defined in A.R.S. § 20-3601.
  2. The trust agreement shall create a trust account into which assets shall be deposited.
  3. All assets in the trust account shall be held by the trustee at the trustee's office in the United States.
  4. The trust agreement shall provide that:
    - a. The beneficiary shall have the right to withdraw assets from the trust account at any time, without notice to the grantor, subject only to written notice from the beneficiary to the trustee;
    - b. No other statement or document is required to be presented in order to withdraw assets, except that the beneficiary may be required to acknowledge receipt of withdrawn assets;
    - c. It is not subject to any conditions or qualifications outside of the trust agreement; and
    - d. It shall not contain references to any other agreements or documents except as provided for in subsections (B)(11) and (B)(12).
  5. The trust agreement shall be established for the sole benefit of the beneficiary.
  6. The trust agreement shall require the trustee to:
    - a. Receive assets and hold all assets in a safe place;
    - b. Determine that all assets are in such form that the beneficiary, or the trustee upon direction by the beneficiary, may whenever necessary negotiate any such assets, without consent or signature from the grantor or any other person or entity;
    - c. Furnish to the grantor and the beneficiary a statement of all assets in the trust account upon its inception and at intervals no less frequent than the end of each calendar quarter;
    - d. Notify the grantor and the beneficiary within ten days, of any deposits to or withdrawals from the trust account;
    - e. Upon written demand of the beneficiary, immediately take any and all steps necessary to transfer absolutely and unequivocally all right, title, and interest in the assets held in the trust account to the beneficiary and deliver physical custody of the assets to the beneficiary; and
    - f. Allow no substitutions or withdrawals of assets from the trust account, except on written instructions from the beneficiary, except that the trustee may, without the consent of but with notice to the beneficiary, upon call or maturity of any trust asset, withdraw such asset upon condition that the proceeds are paid into the trust account.
  7. The trust agreement shall provide that at least 30 days, but not more than 45 days, prior to termination of the trust account, written notification of termination shall be delivered by the trustee to the beneficiary.
  8. The trust agreement shall be made subject to and governed by the laws of the state in which the trust is domiciled.
  9. The trust agreement shall prohibit invasion of the trust corpus for the purpose of paying commission to, or reimbursing the expenses of, the trustee. In order for a letter of credit to qualify as an asset of the trust, the trustee shall have the right and the obligation pursuant to the deed of trust or some other binding agreement (as duly approved by the Director), to immediately draw down the full amount of the letter of credit and hold the proceeds in trust for the beneficiaries of the trust if the letter of credit will otherwise expire without being renewed or replaced.
  10. The trust agreement shall provide that the trustee shall be liable for its negligence, willful misconduct, or lack of good faith. The failure of the trustee to draw against the letter of credit in circumstances where such draw would be required shall be deemed to be negligence and/or willful misconduct.
  11. Notwithstanding other provisions of subsections (A) through (G), when a trust agreement is established in conjunction with a reinsurance agreement covering risks other than life, annuities, and accident and health, where it is customary practice to provide a trust agreement for a specific purpose, the trust agreement may provide that the ceding insurer shall undertake to use and apply amounts drawn upon the trust account, without diminution because of the insolvency of the ceding insurer or the assuming insurer, only for the following purposes:
    - a. To pay or reimburse the ceding insurer for the assuming insurer's share under the specific reinsurance agreement regarding any losses and allocated loss expenses paid by the ceding insurer, but not recovered from the assuming insurer, or for unearned premiums due to the ceding insurer if not otherwise paid by the assuming insurer;
    - b. To make payment to the assuming insurer of any amounts held in the trust account that exceed 102% of the actual amount required to fund the assuming insurer's obligations under the specific reinsurance agreement; or
    - c. Where the ceding insurer has received notification of termination of the trust account and where the assuming insurer's entire obligations under the specific reinsurance agreement remain unliquidated and undischarged ten days prior to the termination date, to withdraw amounts equal to the obligations and deposit those amounts in a separate account, in the name of the ceding insurer in any qualified United States financial institution as defined in A.R.S. § 20-3601 apart from its general assets, in trust for such uses and purposes specified in subsections (11)(a) and (11)(b) as may remain executory after such withdrawal and for any period after the termination date.
  12. Notwithstanding other provisions of subsections (A) through (G), when a trust agreement is established to meet the requirements of R20-6-A1607 in conjunction with a reinsurance agreement covering life, annuities, or accident and health risks, where it is customary to provide a trust agreement for a specific purpose, the trust agreement may provide that the ceding insurer shall undertake to use and apply amounts drawn upon the trust account, without diminution because of the insolvency of

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

the ceding insurer or the assuming insurer, only for the following purposes:

- a. To pay or reimburse the ceding insurer for:
  - i. The assuming insurer's share under the specific reinsurance agreement of premiums returned, but not yet recovered from the assuming insurer, to the owners of policies reinsured under the reinsurance agreement on account of cancellations of the policies; and
  - ii. The assuming insurer's share under the specific reinsurance agreement of surrenders and benefits or losses paid by the ceding insurer, but not yet recovered from the assuming insurer, under the terms and provision of the policies reinsured under the reinsurance agreement.
- b. To pay to the assuming insurer amounts held in the trust account in excess of the amount necessary to secure the credit or reduction from liability for reinsurance taken by the ceding insurer, or
- c. Where the ceding insurer has received notification of termination of the trust and where the assuming insurer's entire obligations under the specific reinsurance agreement remain unliquidated and undischarged ten days prior to the termination date, to withdraw amounts equal to the assuming insurer's share of liabilities, to the extent that the liabilities have not yet been funded by the assuming insurer, and deposit those amounts in a separate account, in the name of the ceding insurer in any qualified U.S. financial institution apart from its general assets, in trust for the uses and purposes specified in subsections (12)(a) and (12)(b) as may remain executory after withdrawal and for any period after the termination date.

13. Either the reinsurance agreement or the trust agreement must stipulate that assets deposited in the trust account shall be valued according to their current fair market value and shall consist only of cash in United States dollars, certificates of deposit issued by a United States bank and payable in United States dollars, and investments permitted by the Insurance Code, or any combination of the above, provided investments in or issued by an entity controlling, controlled by, or under common control with either the grantor or the beneficiary of the trust shall not exceed 5% of total investments. The agreement may further specify the types of investments to be deposited. If the reinsurance agreement covers life, annuities, or accident and health risks, then the provisions required by this subsection must be included in the reinsurance agreement.

C. Trust agreements - permitted conditions.

1. The trust agreement may provide that the trustee may resign upon delivery of a written notice of resignation, effective not less than 90 days after the beneficiary and grantor receive the notice and that the trustee may be removed by the grantor by delivery to the trustee and the beneficiary of a written notice of removal, effective not less than 90 days after the trustee and the beneficiary receive the notice, provided that no such resignation or removal shall be effective until a successor trustee has been duly appointed and approved by the beneficiary and the grantor and all assets in the trust have been duly transferred to the new trustee.

2. The grantor may have the full and unqualified right to vote any shares of stock in the trust account and to receive from time to time payments of any dividends or interest upon any shares of stock or obligations included in the trust account. Any interest or dividends shall be either forwarded promptly upon receipt to the grantor or deposited in a separate account established in the grantor's name.
3. The trustee may be given authority to invest, and accept substitutions of, any funds in the account, provided that no investment or substitution shall be made without prior approval of the beneficiary, unless the trust agreement specifies categories of investments acceptable to the beneficiary and authorizes the trustee to invest funds and to accept substitutions that the trustee determines are at least equal in current fair market value to the assets withdrawn and that are consistent with the restrictions in subsection (D)(1)(b).
4. The trust agreement may provide that the beneficiary may at any time designate a party to which all or part of the trust assets are to be transferred. Transfer may be conditioned upon the trustee receiving, prior to or simultaneously, other specified assets.
5. The trust agreement may provide that, upon termination of the trust account, all assets not previously withdrawn by the beneficiary shall, with written approval by the beneficiary, be delivered over to the grantor.

D. Trust agreements - additional conditions applicable to reinsurance agreements:

1. A reinsurance agreement may contain provisions that:
  - a. Require the assuming insurer to enter into a trust agreement and to establish a trust account for the benefit of the ceding insurer, and specifying what the agreement is to cover;
  - b. Require the assuming insurer, prior to depositing assets with the trustee, to execute assignments or endorsements in blank, or to transfer legal title to the trustee of all shares, obligations, or any other assets requiring assignments, in order that the ceding insurer, or the trustee upon the direction of the ceding insurer, may whenever necessary negotiate these assets without consent or signature from the assuming insurer or any other entity;
  - c. Require that all settlements of account between the ceding insurer and the assuming insurer be made in cash or its equivalent; and
  - d. Stipulate that the assuming insurer and the ceding insurer agree that the assets in the trust account, established pursuant to the provisions of the reinsurance agreement, may be withdrawn by the ceding insurer at any time, notwithstanding any other provisions in the reinsurance agreement, and shall be utilized and applied by the ceding insurer or its successors in interest by operation of law, including without limitation any liquidator, rehabilitator, receiver, or conservator of such company, without diminution because of insolvency on the part of the ceding insurer or the assuming insurer, only for the following purposes:
    - i. To pay or reimburse the ceding insurer for the assuming insurer's share under the specific reinsurance agreement of premiums returned, but not yet recovered from the assuming insurer, to the owners of policies reinsured

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- under the reinsurance agreement because of cancellations of such policies; and
    - ii. To pay or reimburse the ceding insurer for the assuming insurer's share of surrenders and benefits or losses paid by the ceding insurer pursuant to the provisions of the policies reinsured under the reinsurance agreement; and
    - iii. To pay or reimburse the ceding insurer for any other amounts necessary to secure the credit or reduction from liability for reinsurance taken by the ceding reinsurer; or
    - iv. To make payment to the assuming insurer of amounts held in the trust account in excess of the amount necessary to secure the credit or reduction from liability for reinsurance taken by the ceding insurer.
  - 2. The reinsurance agreement also may contain provisions that:
    - a. Give the assuming insurer the right to seek approval from the ceding insurer, which shall not be unreasonably or arbitrarily withheld, to withdraw from the trust account all or any part of the trust assets and transfer those assets to the assuming insurer, provided:
      - i. The assuming insurer shall, at the time of withdrawal, replace the withdrawn assets with other qualified assets having a current fair market value equal to the market value of the assets withdrawn so as to maintain at all times the deposit in the required amount, or
      - ii. After withdrawal and transfer, the current fair market value of the trust account is no less than 102% of the required amount.
    - b. Provide for the return of any amount withdrawn in excess of the actual amounts required for subsection (D)(1)(d), and for interest payments at a rate not in excess of the prime rate of interest on such amounts;
    - c. Permit the award by any arbitration panel or court of competent jurisdiction of:
      - i. Interest at a rate different from that provided in subsection (D)(2)(b);
      - ii. Court or arbitration costs;
      - iii. Attorney's fees; and
      - iv. Any other reasonable expenses.
- E. Trust agreements - financial reporting. A trust agreement may be used to reduce any liability for reinsurance ceded to an unauthorized assuming insurer in financial statements required to be filed with the Director in compliance with the provisions of this Part when established on or before the date of filing of the financial statement of the ceding insurer. Further, the reduction for the existence of an acceptable trust account may be up to the current fair market value of acceptable assets available to be withdrawn from the trust account at that time, but such reduction shall be no greater than the specific obligations under the reinsurance agreement that the trust account was established to secure.
- F. Trust agreements - existing agreements. Notwithstanding the effective date of this Part, any trust agreement or underlying reinsurance agreement in existence and approved by the Director prior to the effective date of this Part will continue to be acceptable until December 31, 2016, at which time the agreements will have to fully comply with subsections (A) through (G) for the trust agreement to be acceptable.
- G. Trust agreements - failure to identify beneficiary. The failure of any trust agreement to specifically identify the beneficiary as defined in subsection (A)(1) shall not be construed to affect any actions or rights that the Director may take or possess pursuant to the provisions of the laws of Arizona.
- H. Letters of credit. The letter of credit must be clean, irrevocable, unconditional, and issued or confirmed by a qualified United States financial institution as defined A.R.S. § 20-3601. The letter of credit shall contain an issue date and expiration date and shall stipulate that the beneficiary need only draw a sight draft under the letter of credit and present it to obtain funds and that no other document need be presented. The letter of credit also shall indicate that it is not subject to any condition or qualifications outside of the letter of credit. In addition, the letter of credit itself shall not contain reference to any other agreements, documents or entities, except as provided in subsection (N)(1). As used in this Section, "beneficiary" includes any successor by operation of law of the named beneficiary, including without limitation any liquidator, rehabilitator, receiver, or conservator. If a court of law appoints a successor in interest to the named beneficiary, then the named beneficiary includes and is limited to the court appointed domiciliary receiver (including conservator, rehabilitator, or liquidator).
- I. Letters of credit - heading. The heading of the letter of credit may include a boxed section containing the name of the applicant and other appropriate notations to provide a reference for the letter of credit. The boxed section shall be clearly marked to indicate that such information is for internal identification purposes only.
- J. Letters of credit - required statements and clauses.
  - 1. A letter of credit shall contain a statement to the effect that the obligation of the qualified United States financial institution under the letter of credit is in no way contingent upon reimbursement with respect thereto.
  - 2. The letter of credit shall state whether it is subject to and governed by the laws of Arizona or the Uniform Customs and Practice for Documentary Credits of the International Chamber of Commerce Publication 600 (UCP 600) or International Standby Practices of the International Chamber of Commerce Publication 590 (ISP98). All drafts of letters of credit drawn according to UCP 600 or ISP98 shall be presentable at an office in the United States of a qualified United States financial institution.
  - 3. The letter of credit shall contain an "evergreen clause" in compliance with subsection (K).
- K. Letters of credit - term of the letter of credit. The term of the letter of credit shall be for at least one year and shall contain an "evergreen clause" that prevents the expiration of the letter of credit without due notice from the issuer. The "evergreen clause" shall provide for no less than 30 days' notice prior to expiration date or nonrenewal.
- L. Letters of credit made subject to UCP 600 or ISP98. If the letter of credit is made subject to the Uniform Customs and Practice for Documentary Credits of the International Chamber of Commerce Publication 600 (UCP 600) or International Standby Practices of the International Chamber of Commerce Publication 590 (ISP98), then the letter of credit shall specifically address and provide for an extension of time to draw against the letter of credit in the event that one or more of the occurrences specified in Article 36 of UCP 600 occur.
- M. Letters of credit - additional requirements. If the letter of credit is issued by a financial institution authorized to issue letters of credit, other than a qualified United States financial institution

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

as described in subsection (H), then the following additional requirements shall be met:

1. The issuing financial institution shall formally designate the confirming qualified United States financial institution as its agent for the receipt and payment of the drafts; and
  2. The “evergreen clause” shall provide for 30 days’ notice prior to expiration date or nonrenewal.
- N. Letters of credit - reinsurance agreement provisions.
1. The reinsurance agreement in conjunction with which the letter of credit is obtained may contain provisions that:
    - a. Require the assuming insurer to provide letters of credit to the ceding insurer and specify what they are to cover;
    - b. Stipulate that the assuming insurer and ceding insurer agree that the letter of credit provided by the assuming insurer pursuant to the provisions of the reinsurance agreement may be drawn upon at any time, notwithstanding any other provisions in the agreement, and shall be utilized by the ceding insurer or its successors in interest only for one or more of the following reasons:
      - i. To pay or reimburse the ceding insurer for the assuming insurer’s share under the specific reinsurance agreement of premiums returned, but not yet recovered from the assuming insurers, to the owners of policies reinsured under the reinsurance agreement on account of cancellations of such policies;
      - ii. To pay or reimburse the ceding insurer for the assuming insurer’s share, under the specific reinsurance agreement, of surrenders and benefits or losses paid by the ceding insurer, but not yet recovered from the assuming insurers, under the terms and provisions of the policies reinsured under the reinsurance agreement; and
      - iii. To pay or reimburse the ceding insurer for any other amounts necessary to secure the credit or reduction from liability for reinsurance taken by the ceding insurer;
      - iv. Where the letter of credit will expire without renewal or be reduced or replaced by a letter of credit for a reduced amount and where the assuming insurer’s entire obligations under the reinsurance agreement remain unliquidated and undischarged ten days prior to the termination date, to withdraw amounts equal to the assuming insurer’s share of the liabilities, to the extent that the liabilities have not yet been funded by the assuming insurer and exceed the amount of any reduced or replacement letter of credit, and deposit those amounts in a separate account in the name of the ceding insurer in a qualified U.S. financial institution apart from its general assets, in trust for such uses and purposes specified in subsections (N)(1)(b)(i), (N)(1)(b)(ii), and (N)(1)(b)(iii) as may remain after withdrawal and for any period after the termination date.
    - c. All of the provisions of subsections (N)(1)(a) and (N)(1)(b) shall be applied without diminution

because of insolvency on the part of the ceding insurer or assuming insurer.

2. Nothing contained in subsection (N)(1) shall preclude the ceding insurer and assuming insurer from providing for:
  - a. An interest payment, at a rate not in excess of the prime rate of interest on the amounts held pursuant to subsection (N)(1)(b); or
  - b. The return of any amounts drawn down on the letters of credit in excess of the actual amounts required for the above or any amounts that are subsequently determined not to be due.

**Historical Note**

New Section R20-6-A1608 renumbered from R20-6-1608 and amended by final rulemaking at 28 A.A.R. 493 (March 4, 2022), effective April 9, 2022; the redundant phrase “of this Section” was removed when followed by a subsection reference, and the word “Section” was removed before a Chapter Section number (Supp. 22-1).

**R20-6-A1609. Other Security; Reinsurance Contract; Contracts Affected**

- A. Other Security. A ceding insurer may take credit for unencumbered funds withheld by the ceding insurer in the United States subject to withdrawal solely by the ceding insurer and under its exclusive control.
- B. Reinsurance Contract. Credit will not be granted, nor an asset or reduction from liability allowed, to a ceding insurer for reinsurance effected with assuming insurers meeting the requirements of R20-6-A1601 through R20-6-A1605 or R20-6-A1607 of this Article or otherwise in compliance with A.R.S. § 20-3602 after the adoption of this Part unless the reinsurance agreement:
  1. Includes a proper insolvency clause, which stipulates that reinsurance is payable directly to the liquidator or successor without diminution regardless of the status of the ceding company, pursuant to A.R.S. § 20-261(C);
  2. Includes a provision pursuant to A.R.S. § 20-3602 whereby the assuming insurer, if an unauthorized assuming insurer, has submitted to the jurisdiction of an alternative dispute-resolution panel or court of competent jurisdiction within the United States, has agreed to comply with all requirements necessary to give the court or panel jurisdiction, has designated an agent upon whom service of process may be effected, and has agreed to abide by the final decision of the court or panel; and
  3. Includes a proper reinsurance intermediary clause, if applicable, which stipulates that the credit risk for the intermediary is carried by the assuming insurer.
- C. Contracts affected. All new and renewal reinsurance transactions entered into after the effective date of this Part shall conform to the requirements of A.R.S. Title 20, Chapter 30 and this Part if credit is to be given to the ceding insurer for such reinsurance.

**Historical Note**

New Section R20-6-A1609 renumbered from R20-6-1609 and amended by final rulemaking at 28 A.A.R. 493 (March 4, 2022), effective April 9, 2022; the redundant word “Section” was removed before a Chapter Section number (Supp. 22-1).

**B. Exemptions.** Part B of this Article does not apply to the following situations:

1. Reinsurance of:
  - a. Policies that satisfy the criteria for exemption set forth in A.R.S. § 20-510 and which are issued before the later of:
    - i. The effective date of this Part B; and
    - ii. The date on which the ceding insurer begins to apply the provisions of VM-20 to establish the ceded policies' statutory reserves, but in no event later than January 1, 2020;
  - b. Portions of policies that satisfy the criteria for exemption set forth in A.R.S. § 20-510 and which are issued before the later of:
    - i. The effective date of this Part B; and
    - ii. The date on which the ceding insurer begins to apply the provisions of VM-20 to establish the ceded policies' statutory reserves, but in no event later than January 1, 2020;
  - c. Any universal life policy that meets all of the following requirements:
    - i. Secondary guarantee period, if any, if five years or less;
    - ii. Specified premium for the secondary guarantee period is not less than the net level reserve premium for the secondary guarantee period based on the Director's Standard Ordinary (CSO) valuation tables and valuation interest rate applicable to the issue year of the policy; and
    - iii. The initial surrender charge is not less than 100% of the first year annualized specified premium for the secondary guarantee period;
  - d. Credit life insurance;
    - i. Any variable life insurance policy that provides for life insurance, the amount or duration of which varies according to the investment experience of any separate account or accounts; or
    - ii. Any group life insurance certificate unless the certificate provides for a stated and implied schedule of maximum gross premiums required in order to continue coverage in force for a period in excess of one year.
2. Reinsurance ceded to an assuming insurer that meets the applicable requirements of A.R.S. § 20-3602(F); or
3. Reinsurance ceded to an assuming insurer that meets the applicable requirements of A.R.S. §§ 20-3602(C), (D), or (E), and that, in addition:
  - a. Prepares statutory financial statements in compliance with the NAIC Accounting Practices and Procedures Manual, without any departures from NAIC statutory accounting practices and procedures pertaining to the admissibility or valuation of assets or liabilities that increase the assuming insurer's reported surplus and are material enough that they need to be disclosed in the financial statement of the assuming insurer pursuant to the Statement of Statutory Accounting Principles No. 1 ("SSAP 1"); and
  - b. Is not a Company Action Level Event, Regulatory Action Level Event, Authorized Control Level Event, or Mandatory Control Level Event as those terms are defined in A.R.S. § 20-488 when its Risk-Based Capital ("RBC") is calculated in accordance with the life risk-based capital report including overview and instructions for companies, as the same

may be amended by the NAIC from time to time, without deviation; or

4. Reinsurance ceded to an assuming insurer that meets the applicable requirements of A.R.S. §§ 20-3602(C), (D), or (E), and that, in addition:
  - a. Is not an affiliate, as that term is defined in A.R.S. § 20-481, of:
    - i. The insurer ceding the business to the assuming insurer; or
    - ii. Any insurer that directly or indirectly ceded the business to that ceding insurer;
  - b. Prepares statutory financial statements in compliance with the NAIC Accounting Practices and Procedures Manual;
  - c. Is both:
    - i. Licensed or accredited in at least ten states including its state of domicile; and
    - ii. Not licensed in any state as a captive, special purpose vehicle, special purpose financial captive, special purpose life reinsurance company, limited purpose subsidiary, or any other similar licensing regime; and
  - d. Is not, or would not be, below 500% of the Authorized Control Level RBC as that term is defined in A.R.S. § 20-488 when its RBC is calculated in accordance with the life risk-based capital report including overview and instructions for companies, as the same may be amended by the NAIC from time to time, without deviation, and without recognition of any departures from NAIC statutory accounting practices and procedures pertaining to the admission or valuation of assets or liabilities that increase the assuming insurer's reported surplus; or
5. Reinsurance ceded to an assuming insurer that meets the requirements of A.R.S. § 20-3604(D)(2); or
6. Reinsurance not otherwise exempt under subsections (B)(1) through (B)(5) if the Director, after consulting with the NAIC Financial Analysis Working Group (FAWG) or other group of regulators designated by the NAIC, as applicable, determines under all the facts and circumstances that all of the following apply:
  - a. The risks are clearly outside of the intent and purpose of this Part B;
  - b. The risks are included within the scope of this regulation only as a technicality; and
  - c. The application of this Part B to those risks is not necessary to provide appropriate protection to policyholders. The Director shall publicly disclose any decision made pursuant to this subsection (B)(6) to exempt a reinsurance treaty from this Part B, as well as the general basis for the decision including a summary of the treaty.

**C. Part B Definitions:**

1. "Actuarial Method" means the methodology used to determine the Required Level of Primary Security, as described in R20-6-B1602.
2. "Covered Policies" means policies, other than Grandfathered Policies and policies that are not exempt under subsection (B), of the following policy types:
  - a. Life insurance policies with guaranteed nonlevel gross premiums and/or guaranteed nonlevel benefits, except for flexible premium universal life insurance policies; or

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- b. Flexible premium universal life insurance policies with provisions resulting in the ability of a policyholder to keep a policy in force over a secondary guarantee period.
- 3. "Grandfathered Policies" means Covered Policies that were:
  - a. Issued prior to January 1, 2015; and
  - b. Ceded, as of December 31, 2014, as part of a reinsurance treaty that would not have met one of the exemptions set forth in subsection (B).
- 4. "Non-Covered Policies" means any policy that does not meet the definition of Covered Policies, including Grandfathered Policies.
- 5. "Other Security" means any security acceptable to the Director other than security meeting the definition of Primary Security.
- 6. "Primary Security" means the following forms of security:
  - a. Cash meeting the requirements of A.R.S. § 20-3603(B)(1);
  - b. Securities listed by the Securities Valuation Office meeting the requirements of A.R.S. § 20-3603(B)(2), but excluding any synthetic letter of credit, contingent note, credit-linked note, or other similar security that operates in a manner similar to a letter of credit excluding any securities issued by the ceding insurer or any of its affiliates; and
  - c. For security held in connection with funds-withheld and modified coinsurance reinsurance treaties:
    - i. Commercial loans in good standing of CM3 quality and higher;
    - ii. Policy loans; and
    - iii. Derivatives acquired in the normal course and used to support and hedge liabilities pertaining to the actual risks in the policies ceded pursuant to the reinsurance treaty.
- 7. "Required Level of Primary Security" means the dollar amount determined by applying the Actuarial Method to the risks ceded with respect to Covered Policies, but not more than the total reserve ceded.
- 8. "Valuation Manual" means the Valuation Manual adopted by the NAIC as described in A.R.S. § 20-510, with all amendments adopted by the NAIC that are effective for the financial statement date on which credit for reinsurance is claimed.
- 9. "VM-20" means "Requirements for Principle-Based Reserves for Life Products" including all relevant definitions from the Valuation Manual.
- D. Severability. If any provision of this Part B is held invalid, the remainder shall not be affected.
- E. Prohibition against avoidance. No insurer that has Covered Policies to which this Part B applies, as set forth in subsection (A), shall take any action or series of actions or enter into any transaction or arrangement or series of transactions or arrangements if the purpose of the action, transaction, or arrangement or series is to avoid the requirements of this Part B or to circumvent its purpose and intent.

**Historical Note**

New Section R20-6-B1601 renumbered from R20-6-1610 and repealed; new Section R20-6-B1601 made by final rulemaking at 28 A.A.R. 493 (March 4, 2022), effective April 9, 2022; the redundant phrase "of this Section" was removed when followed by a subsection refer-

ence, and the word "Section" was removed before a Chapter Section number (Supp. 22-1).

**R20-6-B1602. The Actuarial Method**

- A. Actuarial Method. The Actuarial Method to establish the Required Level of Primary Security for each reinsurance treaty subject to this Part B shall be VM-20, applied on a treaty-by-treaty basis, including all relevant definitions, from the Valuation Manual then in effect, applied as follows:
  - 1. For Covered Policies described in R20-6-B1601(C)(2)(a), the Actuarial Method is the greater of the Deterministic Reserve or the Net Premium Reserve (NPR) regardless of whether the criteria for exemption testing can be met. However, if the Covered Policies do not meet the requirements of the Stochastic Reserve exclusion test in the Valuation Manual, then the Actuarial Method is the greatest of the Deterministic Reserve, the Stochastic Reserve, or the NPR. In addition, if such Covered Policies are reinsured in a reinsurance treaty that also contains Covered Policies described in R20-6-B1601(C)(2)(b), the ceding insurer may elect to instead use subsection (A)(2) as the Actuarial Method for the entire reinsurance agreement. Whether subsection (A)(1) or (A)(2) is used, the Actuarial Method must comply with any requirements or restrictions that the Valuation Manual imposes when aggregating these policy types for purposes of principle-based reserve calculations.
  - 2. For Covered Policies described in R20-6-B1601(C)(2)(b), the Actuarial Method is the greatest of the Deterministic Reserve, the Stochastic Reserve, or the NPR regardless of whether the criteria for exemption testing can be met.
  - 3. Except as provided in subsection (A)(4), the Actuarial Method is to be applied on a gross basis to all risks with respect to the Covered Policies as originally issued or assumed by the ceding insurer.
  - 4. If the reinsurance treaty cedes less than 100% of the risk with respect to the Covered Policies, then the Required Level of Primary Security may be reduced as follows:
    - a. If a reinsurance treaty cedes only a quota share of some of all of the risks pertaining to the Covered Policies, the Required Level of Primary Security, as well as any adjustment under subsection (A)(4)(c), may be reduced to a pro rata portion in accordance with the percentage of the risk ceded;
    - b. If the reinsurance treaty in a non-exempt arrangement cedes only the risks pertaining to a secondary guarantee, the Required Level of Primary Security may be reduced by an amount determined by applying the Actuarial Method on a gross basis to all risks, other than risks related to the secondary guarantee, pertaining to the Covered Policies, except that for Covered Policies for which the ceding insurer did not elect to apply the provisions of VM-20 to establish statutory reserves, the Required Level of Primary Security may be reduced by the statutory reserve retained by the ceding insurer on those Covered Policies, where the retained reserve of those Covered Policies should be reflective of any reduction pursuant to the cessation of mortality risk on a yearly renewable term basis in an exempt arrangement;
    - c. If a portion of the covered policy risk is ceded to another reinsurer on a yearly renewable term basis in an exempt arrangement, the Required Level of Pri-

mary Security may be reduced by the amount resulting by applying the Actuarial Method including the reinsurance section of VM-20 to the portion of the covered policy risks ceded in the exempt arrangement, except that for Covered Policies issued prior to January 1, 2017, this adjustment is not to exceed  $[cx / (2 * \text{number of reinsurance premiums per year})]$  where cx is calculated using the same mortality table used in calculating the Net Premium Reserve; and

- d. For any other treaty ceding a portion of risk to a different reinsurer, including but not limited to stop loss, excess of loss, and other non-proportional reinsurance treaties, there will be no reduction in the Required Level of Primary Security. It is possible for any combination of subsections (A)(4)(a), (A)(4)(b), (A)(4)(c), and (A)(4)(d) to apply. Such adjustments to the Required Level of Primary Security will be done in the sequence that accurately reflects the portion of the risk ceded via the treaty. The ceding insurer should document the rationale and steps taken to accomplish the adjustments to the Required Level of Primary Security due to the cession of less than 100% of the risk. The adjustments for other reinsurance will be made only with respect to reinsurance treaties entered into directly by the ceding insurer. The ceding insurer will make no adjustment as a result of a retrocession treaty entered into by the assuming insurers.

5. In no event will the Required Level of Primary Security resulting from application of the Actuarial Method exceed the amount of statutory reserves ceded.
6. If the ceding insurer cedes risk with respect to Covered Policies, including any riders, in more than one reinsurance treaty subject to this Part B, in no event will the aggregate Required Level of Primary Security for those reinsurance treaties be less than the Required Level of Primary Security calculated using the Actuarial Method as if all risks ceded in those treaties were ceded in a single treaty subject to this Part B.
7. If a reinsurance treaty subject to this Part B cedes risk on both Covered and Non-Covered Policies, credit for the ceded reserves shall be determined as follows:
  - a. The Actuarial Method shall be used to determine the Required Level of Primary Security for the Covered Policies, and R20-6-B1603 shall be used to determine the reinsurance credit for the covered policy reserves; and
  - b. Credit for the non-covered policy reserves shall be granted only to the extent that security, in addition to the security held to satisfy the requirements of subsection (A)(7)(a), is held by or on behalf of the ceding insurer in accordance with A.R.S. §§ 20-3602 and 20-3603. Any Primary Security used to meet the requirements of this subsection (A)(7)(b) may not be used to satisfy the Required Level of Primary Security for the Covered Policies.

- B. Valuation used for Purposes of Calculations. For the purposes of both calculating the Required Level of Primary Security pursuant to the Actuarial Method and determining the amount of Primary Security and Other Security, as applicable, held by or on behalf of the ceding insurer, the following shall apply:

1. For assets, including any such assets held in trust, that would be admitted under the NAIC Accounting Practices and Procedures Manual if they were held by the ceding

insurer, the valuations are to be determined according to statutory accounting procedures as if such assets were held in the ceding insurer's general account and without taking into consideration the effect of any prescribed or permitted practices; and

2. For all other assets, the valuations are to be those that were assigned to the assets for the purpose of determining the amount of reserve credit taken. In addition, the asset spread tables and asset default cost tables required by VM-20 shall be included in the Actuarial Method if adopted by the NAIC's Life Actuarial (A) Task Force no later than the December 31st on or immediately preceding the valuation date for which the Required Level of Primary Security is being calculated. The tables of asset spreads and asset default costs shall be incorporated into the Actuarial Method in the manner specified in VM-20.

**Historical Note**

New Section R20-6-B1602 renumbered from R20-6-1611 and repealed; new Section R20-6-B1602 made by final rulemaking at 28 A.A.R. 493 (March 4, 2022), effective April 9, 2022; the redundant phrase "of this Section" and word "below" were removed when followed by a subsection reference, and the word "Section" was removed before a Chapter Section number (Supp. 22-1).

**R20-6-B1603. Requirements Applicable to Covered Policies to Obtain Credit for Reinsurance; Opportunity for Remediation**

- A. Requirements. Subject to the exemptions described in R20-6-B1601(B) and the provisions of subsection (B), credit for reinsurance shall be allowed with respect to ceded liabilities pertaining to Covered Policies pursuant to A.R.S. §§ 20-3602 or 20-3603 if, and only if, in addition to all other requirements imposed by law or regulation, the following requirements are met on a treaty-by-treaty basis:

1. The ceding insurer's statutory policy reserves with respect to the Covered Policies are established in full and in accordance with the applicable requirements of A.R.S. § 20-510 and related regulations and actuarial guidelines, and credit claimed for any reinsurance treaty subject to this regulation does not exceed the proportionate share of those reserves ceded under the contract; and
2. The ceding insurer determines the Required Level of Primary Security with respect to each reinsurance treaty subject to this Part B and provides support for its calculation as determined to be acceptable to the Director; and
3. Funds consisting of Primary Security, in an amount at least equal to the Required Level of Primary Security, are held by or on behalf of the ceding insurer, as security under the reinsurance treaty within the meaning of A.R.S. § 20-3603, on a funds withheld, trust, or modified coinsurance basis; and
4. Funds consisting of Other Security, in an amount at least equal to any portion of the statutory reserves as to which Primary Security is not held pursuant to subsection (A)(3), are held by or on behalf of the ceding insurer as security under the reinsurance treaty within the meaning of A.R.S. § 20-3603; and
5. Any trust used to satisfy the requirements of this Section shall comply with all of the conditions and qualifications of R20-6-A1608(A) through (G), except that:
  - a. Funds consisting of Primary Security or Other Security held in trust, shall for the purposes identified in R20-6-B1602(B), be valued according to the valua-

tion rules set forth in R20-6-B1602(B), as applicable; and

- b. There are no affiliate investment limitations with respect to any security held in the trust if such security is not needed to satisfy the requirements of subsection (A)(3); and
- c. The reinsurance treaty must prohibit withdrawals or substitutions of trust assets that would leave the fair market value of the Primary Security within the trust (when aggregated with Primary Security outside the trust that is held by or on behalf of the ceding insurer in the manner required by subsection (A)(3) 102% of the level required by subsection (A)(3) at the time of the withdrawal or substitution; and
- d. The determination of reserve credit under R20-6-A1608(E) shall be determined according to the valuation rules set forth in R20-6-B1602(B), as applicable; and

6. The reinsurance treaty has been approved by the Director.

**B. Requirements at inception date and on an on-going basis; remediation:**

1. The requirements of subsection (A) must be satisfied as of the date that risks under Covered Policies are ceded (if such date is on or after the effective date of this Part B) and on an ongoing basis thereafter. Under no circumstances shall a ceding insurer take or consent to any action or series of actions that would result in a deficiency under subsections (A)(3) or (A)(4) with respect to any reinsurance treaty under which Covered Policies have been ceded, and in the event that a ceding insurer becomes aware at any time that such a deficiency exists, it shall use its best efforts to arrange for the deficiency to be eliminated as expeditiously as possible.
2. Prior to the due date of each quarterly or annual statement, each life insurance company that has ceded reinsurance within the scope of subsection R20-6-B1601(A) shall perform an analysis, on a treaty-by-treaty basis, to determine, as to each reinsurance treaty under which Covered Policies have been ceded, whether as of the end of the immediately preceding calendar quarter (the valuation date) the requirements of subsections (A)(3) and (A)(4) were satisfied. The ceding insurer shall establish a liability equal to the excess of the credit for reinsurance taken over the amount of Primary Security actually held pursuant to subsection (A)(3), unless either:
  - a. The requirements of subsections (A)(3) and (A)(4) were fully satisfied as of the valuation date as to the reinsurance treaty; or
  - b. Any deficiency has been eliminated before the due date of the quarterly or annual statement to which the valuation date relates through the addition of Primary Security and/or Other Security, as the case may be, in such amount and in such form as would have caused the requirements of subsections (A)(3) and (A)(4) to be fully satisfied as of the valuation date.
3. Nothing in subsection (B)(2) shall be construed to allow a ceding company to maintain any deficiency under subsection (A)(3) or (A)(4) for any period of time longer than is reasonably necessary to eliminate it.

**Historical Note**

New Section R20-6-B1603 renumbered from R20-6-1612 and repealed; new Section R20-6-B1603 made by final rulemaking at 28 A.A.R. 493 (March 4, 2022),

effective April 9, 2022; the redundant phrase “of this Section” and word “below” were removed when followed by a subsection reference, and the word “Section” was removed before a Chapter Section number (Supp. 22-1).

**ARTICLE 17. EXAMINATIONS**

**R20-6-1701. Definitions**

- A. “Company” means any person engaging in or proposing or attempting to engage in any transaction or kind of insurance or surety business and any person or group of persons who may otherwise be subject to the administrative, regulatory or taxing authority of the Director.
- B. “Examination” shall be defined for purposes of this Article to mean any examination relating to the financial condition of a company.
- C. “Examiner” means any individual or firm having been authorized by the Director to conduct an examination under this Article.

**Historical Note**

Adopted effective February 22, 1993 (Supp. 93-1). R20-6-1701 recodified from R4-14-1701 (Supp. 95-1).

**R20-6-1702. Authority, Scope, and Scheduling of Examinations**

- A. The Director shall examine an insurer under A.R.S. § 20-156(A) at least once every five years.
- B. Instead of the examination under subsection (A), the Director may accept the most recent examination report prepared by the National Association of Insurance Commissioners insurance regulatory authority of another state on any foreign or alien insurer if:
  1. The insurance regulatory authority was accredited under the National Association of Insurance Commissioners’ Financial Regulation Standards and Accreditation Program at the time of the examination,
  2. A National Association of Insurance Commissioners accredited insurance regulatory authority supervised the examination, or
  3. At least one examiner employed or contracted by a National Association of Insurance Commissioners accredited insurance regulatory authority:
    - a. Participated in and reviewed the examination work papers and report, and
    - b. Signed an affidavit stating that the examination was performed in a manner consistent with the standards and procedures required by the National Association of Insurance Commissioners accredited insurance regulatory authority.

**Historical Note**

Adopted effective February 22, 1993 (Supp. 93-1). Amended effective October 27, 1993 (Supp. 93-4). R20-6-1702 recodified from R4-14-1702 (Supp. 95-1). Amended by final rulemaking at 11 A.A.R. 2975, effective September 10, 2005 (Supp. 05-3).

**R20-6-1703. Conduct of Examinations**

- A. Upon determining that an examination should be conducted, the Director or the Director’s designee shall issue an examination warrant appointing one or more examiners to perform the examination and instructing them as to the scope of the examination.
- B. Nothing contained in this Article shall be construed to limit the Director’s authority to terminate or suspend any examination in order to pursue other legal or regulatory action pursuant to

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

the insurance laws of this state or to pursue such action concurrent with the examination.

- C. The Director may disclose the content of an examination report, preliminary examination report or results, or any matter relating thereto, to the insurance department of any other state or country or to law enforcement officials of this or any other state or agency of the federal government at any time. Prior to making such disclosure, the Director may require such other department or office to agree in writing to hold as confidential the examination report, preliminary examination report or results or any matter relating thereto until such time as the examination report, preliminary examination report or results or matter relating thereto are made public by the Director.

**Historical Note**

Adopted effective February 22, 1993 (Supp. 93-1). R20-6-1703 recodified from R4-14-1703 (Supp. 95-1).

**R20-6-1704. Examination Reports**

- A. All examination reports shall be comprised of only facts appearing upon the books, records, or other documents of the company, its agents or other persons examined, or as ascertained from the testimony of its officers or agents or other persons examined concerning its affairs, and such conclusions and recommendations as the examiners find warranted from the facts.
- B. No later than 60 days following completion of the examination, the examiner in charge shall submit to the Department a verified written report of examination under oath. Upon receipt of the verified report, the Department shall transmit the report to the company examined, together with a notice which shall afford the company examined a reasonable opportunity of not less than 10 days nor more than 30 days to make a written submission or rebuttal with respect to any matters contained in the examination report.
- C. Within 30 days after the end of the period allowed for the receipt of written submissions or rebuttals, the Director shall fully consider and review the report, together with any written submissions or rebuttals and any relevant portions of the examiner's workpapers and shall:
1. File the examination report as submitted or with modification or corrections. If the examination report reveals that the company is operating in violation of any law, regulation or prior order of the Director, the Director may order the company to take any action necessary and appropriate to cure such violation; or
  2. Reject the examination report with directions to the examiners to reopen the examination for purposes of obtaining additional data, documentation or information, and resubmission pursuant to subsection (B).

**Historical Note**

Adopted effective February 22, 1993 (Supp. 93-1). R20-6-1704 recodified from R4-14-1704 (Supp. 95-1).

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

3. Have the education, experience, and Organizational knowledge required to address the matter requiring personal onsite attention.
- E. The Organization shall notify the Department in writing within ten days after the effective date of a change in the appointment of the dental director or any designee.
- F. The requirements for a designee under subsections (B)(5), (D), and (E) shall not apply to an Organization with fewer than 2,000 members in Arizona.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 463, effective January 10, 2002 (Supp. 02-1). Amended by final rulemaking at 28 A.A.R. 654 (March 25, 2022), effective May 7, 2022 (Supp. 22-1).

**R20-6-1805. Required Reporting**

- A. On or before March 1 of each year, an Organization shall submit the following information to the Department for the previous calendar year:
  1. Member satisfaction survey results and supporting data;
  2. A spreadsheet that lists the name, address, and telephone number of each provider and whether the provider: is accepting new members, is a general dentist or specialist, and has graduated from a specialty graduate program accredited by the American Dental Association;
  3. A list of all contracted network general dentists and specialists that have been added or deleted since the previous annual report;
  4. The total number of members and the number of members assigned to each general dentist's office;
  5. The average member wait time measured in weeks for an appointment for each network dentistry office; and
  6. A website link to its current provider directory.
- B. If a network dental office that is open to new members has an appointment wait time of longer than nine weeks for three consecutive calendar quarters, the Organization shall report to the Director who may require the Organization to close the office to new members until the wait time is less than nine weeks.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 463, effective January 10, 2002 (Supp. 02-1). Amended by final rulemaking at 28 A.A.R. 654 (March 25, 2022), effective May 7, 2022 (Supp. 22-1).

**R20-6-1806. Basic Dental Services**

- A. A prepaid dental plan shall provide the basic dental services listed below:
  1. Emergency dental services on a 24-hour-per-day basis,
  2. Diagnostic services,
  3. Preventive services, and
  4. Restorative services.
- B. An Organization shall publish and make available to its members and purchasers a schedule of benefits that includes the dental plan's basic dental services and other available dental services and any associated copays.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 463, effective January 10, 2002 (Supp. 02-1).

**R20-6-1807. System for Delivery of Services**

- A. An Organization shall have a system for delivery of services that includes:

1. An adequate network of general dentists. To determine network adequacy, the Department shall consider the following:
  - a. Geographic distribution of network general dentists' offices,
  - b. The number of dental offices accepting new members,
  - c. The percentage of all network members who are able to schedule an appointment within nine weeks,
  - d. The availability of trained clinical support staff in the Arizona geographic area,
  - e. The ratio of population growth to the increase or decrease in the number of dentists in the Arizona geographic area, and
  - f. Current availability for appointments in all general dentist practices in Arizona; and
2. Provision for using specialists for dental services that cannot be provided by the Organization's network of contracted specialists, if the services are covered benefits.

- B. If more than 15% of the network offices that are open to new members have an appointment wait time of longer than nine weeks, the Organization shall submit a plan to the Department under which the Organization will, within 90 days, reduce the wait time to less than nine weeks. If the Organization does not reduce the wait time to less than nine weeks within the 90 day period the Organization shall refer the members who are waiting for an appointment to another network general dentist or a non-network general dentist who can schedule the member for an appointment in less than nine weeks. The member may choose to continue dental care under the prepaid dental plan with the referred dentist for the remainder of the member's enrollment period. The Organization shall provide the non-network services to the referred member at a cost that is no greater than if the services are provided by the member's assigned network dentist.
- C. An Organization shall pay for emergency dental services provided to a member by a dentist licensed in the jurisdiction where the services are provided, subject to plan limitations disclosed in the dental care plan, including emergency dental services that occur:

1. Within the geographic area served by the member's designated provider but the provider is unavailable, or
2. Occurs outside of the member's designated geographic service area.

- A. Dental records are the property of the provider and shall not be removed from the provider's possession, except:
  1. With the patient's permission, including for routing records to a dental or medical practitioner for consultation or evaluation; or
  2. When subpoenaed by a court or BODEX.
- B. An Organization shall maintain at its principal office a copy of each issued or delivered advertising matter or sales material, letter of solicitation, evidence of coverage, provider directory, certificate, agreement, or contract. The Organization shall note the date each advertising matter or sales material is filed with the Department and the date of distribution to any person. The advertising matter or sales material shall be maintained for at least three years.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 463, effective January 10, 2002 (Supp. 02-1).

**R20-6-1811. Quality Improvement**

- A. An Organization shall have a governing authority.
- B. The governing authority shall appoint a quality improvement committee that consists of the chief executive officer or designee, the dental director, the person who manages the Organization's quality improvement process, and at least one dental health professional. The committee may also include network allied health professionals and members of the plan.
- C. The quality improvement committee shall:
  1. Meet at least quarterly,
  2. Review and evaluate dental services delivered under the Organization's plan, and
  3. Establish procedures for recordkeeping and distribution of committee reports.
- D. An Organization shall maintain a written quality improvement plan that contains procedures for each of the following:
  1. Ensuring that a dentist licensed in any state or territory of the United States or District of Columbia reviews and

evaluates dental care and services provided by each contracted general dentist at least once every three years;

2. Allocation of the Organization's resources to analyze a problem or any identified deficiency;
3. Implementing a corrective action plan and methods for monitoring improvement;
4. Notifying a member in writing of the member's responsibility to cooperate with those providing dental care services and of the member's rights to:
  - a. Voice concerns about the Organization or care provided;
  - b. Be provided with information about the Organization, its services, providers, and member rights and responsibilities;
  - c. Participate in decisions about the member's dental care; and
  - d. Be treated with respect and have the right to privacy recognized;
5. Monitoring and improving membership satisfaction;
6. Maintaining an accurate provider directory that meets at least the following requirements:
  - a. Lists only credentialed providers who are currently scheduling members for diagnosis and treatment; and
  - b. Clearly designates providers who are not accepting new members;
7. Review by the dental director of the following for initial credentialing of network providers:
  - a. Query to the National Practitioner Data Bank;
  - b. Query to BODEX;
  - c. Valid United States Drug Enforcement Administration certificate, if applicable;
  - d. Evidence of current malpractice insurance; and
  - e. Documentation that each specialist has graduated from an accredited specialty graduate program as required by the Council on Dental Education and Licensure, American Dental Association; and
8. Recredentialing, at least every three years, that updates information obtained in subsections (D)(7)(b) through (d), for the dental director's review.

**R20-6-1904. Health Care Plan**

- A. An HCSO shall submit a statement to the Department that describes the proposed health care plan.
- B. The HCSO shall have an organized system for the delivery of health care services contained in subsection (D) that includes the following:
  1. Contracted providers that provide services under the plan;
  2. An effective process to promote a continuing relationship between an enrollee and the same PCP; and
  3. An effective process for referrals that ensures continuity of care to an enrollee.
- C. The HCSO shall list:
  1. The proposed or actual enrollment;
  2. The number and names of contracted, employed, or HCSO-owned providers that will serve the enrollees and the board eligibility or certification of each physician, if applicable; and
  3. The plan for providing covered services to enrollees as required under this Article.
- D. The HCSO's health care plan shall provide within the geographic area served the following basic health care services covered by the monthly charges in the evidence of coverage:

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

1. Emergency care that includes emergency services and inpatient emergency care;
  2. Inpatient care;
  3. Specialty care, primary care, or ancillary care that includes diagnostic and therapeutic services;
  4. Outpatient care;
  5. Preventive care; and
  6. Emergency ambulance services under A.R.S. § 20-2801(2), and other ambulance services when approved by a plan physician.
- E. The HCSO shall provide appropriate coverage for out-of-area emergency care to an enrollee traveling outside the area served by the HCSO.

**Historical Note**

New Section made by exempt rulemaking at 7 A.A.R. 2769, effective July 1, 2001 (Supp. 01-2). R20-6-1904 repealed; new Section R20-6-1904 renumbered and amended from R20-6-1906 by final rulemaking at 11 A.A.R. 4861, effective December 31, 2005 (Supp. 05-4).

**R20-6-1905. Geographic Area**

- A. An applicant shall describe the proposed geographic area in at least one of the following ways:
1. Legal description,
  2. Local governmental jurisdiction such as city or county,
  3. Census tracts,
  4. Street boundaries, or
  5. Area within a specified radius of a specified intersection or a specified primary care center.
- B. An applicant shall submit a map that shows the boundaries for the proposed geographic area.
- C. An applicant shall submit a description of the proposed network including the data required under R20-6-1913(A)(2) and (A)(3).
- D. All advertising matter and sales material provided a prospective enrollee shall include a description of the geographic area in terms readily understandable by the general public.

**R20-6-1906. Chief Executive Officer**

- A. The governing authority shall appoint a CEO who has appropriate education and experience to manage the HCSO. The governing authority shall define the authority and duties of the CEO in writing. The CEO is the appointed representative of the governing authority and is the executive officer of the HCSO.
- B. The CEO shall have at least the following duties and responsibilities:
1. Manage the HCSO;
  2. Establish and implement policies, procedures, and effective processes of the HCSO;
  3. Act as liaison between the governing authority and the providers of healthcare and other services to the HCSO; and
  4. Establish a written plan of authority that will be in place in the CEO's absence.
- C. When there is a change of CEO, the governing authority shall notify Department within 10 days after the effective date of change.

- D. The HCSO shall ensure that all HCSO employees and contracted providers are knowledgeable about and qualified to perform the duties assigned to them through employment or by contract.
- E. The HCSO shall designate a central place of business from which the HCSO shall direct administrative activities.

**Historical Note**

New Section made by exempt rulemaking at 7 A.A.R. 2769, effective July 1, 2001 (Supp. 01-2). Section R20-6-1906 renumbered to R20-6-1904; new Section R20-6-1906 renumbered and amended from R20-6-1908 by final rulemaking at 11 A.A.R. 4861, effective December 31, 2005 (Supp. 05-4). Amended by final rulemaking at 30 A.A.R. 3519 (November 22, 2024), effective January 5, 2025 (Supp. 24-4).

**R20-6-1907. Medical Director**

- A. The HCSO shall designate a physician as medical director.
- B. The medical director shall be responsible for planning and implementing the method for the continuing review and evaluation of health care provided by the HCSO and the continuing education of its providers of health care services. The medical director may also serve as the CEO if the medical director has appropriate education and experience to manage the HCSO.
- C. The medical director responsibilities include:
1. Supervising medical staff;
  2. Performance planning and evaluating medical staff;
  3. Coordinating medical staff activities; and
  4. Developing medical care policies.

**Historical Note**

New Section made by exempt rulemaking at 7 A.A.R. 2769, effective July 1, 2001 (Supp. 01-2). Section R20-6-1907 renumbered to R20-6-1905; new Section R20-6-1907 renumbered and amended from R20-6-1909 by final rulemaking at 11 A.A.R. 4861, effective December 31, 2005 (Supp. 05-4).

**R20-6-1908. Quality Assurance**

- A. The HCSO shall provide an effective process for a continuing review and evaluation of the covered services it provides to enrollees to ensure that:
1. Treatment and level of covered services are appropriate and adequate and
  2. The quality of covered services is acceptable to the HCSO.
- B. The HCSO shall have a quality assurance committee that includes at least the CEO or designee, the medical director, and representative network providers. The quality assurance committee shall:
1. Arrange for physicians or practitioners to review and evaluate covered services provided by others physicians or practitioners within the respective disciplines.
  2. Adopt administrative procedures covering frequency of meetings, recordkeeping, committee reports, and disseminating the reports.
- C. The HCSO's effective process in subsection (A) shall include the following:
1. Standards for health care;
  2. Monitoring of care;
  3. Analysis of any deficiency;
  4. Correcting a deficiency including submitting a schedule for correcting the deficiency, requiring continuing education for the provider, if appropriate, and follow-up and periodic reassessment of the deficiency.

**R20-6-1909. Evaluation of Network**

Each HCSO shall have an effective process to evaluate the adequacy of its network to provide an enrollee with timely covered services.

**Historical Note**

New Section made by exempt rulemaking at 7 A.A.R. 2769, effective July 1, 2001 (Supp. 01-2). Former R20-6-1909 renumbered to R20-6-1907; new Section R20-6-1909 made by final rulemaking at 11 A.A.R. 4861, effective December 31, 2005 (Supp. 05-4).

**R20-6-1910. Process for Referral, Prior Authorization, Precertification, or Network Exception**

- A. An HCSO shall have an effective process for assisting an enrollee to obtain timely covered services when the enrollee or enrollee's referring provider cannot find a contracted provider who is timely accessible or available.
- B. An HCSO shall have an effective process during normal business hours for handling referrals, prior authorizations, precertifications, or network exceptions necessary for timely routine care. This process may include the HCSO's procedure for standing referrals required in A.R.S. § 20-1057.01.
- C. Each HCSO shall have an effective process to handle referrals or network exceptions necessary for timely urgent care seven days a week.
- D. An HCSO that requires prior authorization or precertification for urgent care shall have an effective process to handle requests for prior authorization or precertification 24 hours a day, seven days a week.
- E. An HCSO shall have an effective process for handling network exceptions that ensures the HCSO reimburses an enrollee for any out-of-network cost the enrollee incurs that the enrollee would not have incurred if the enrollee had received the services in-network.

**Historical Note**

New Section made by exempt rulemaking at 7 A.A.R. 2769, effective July 1, 2001 (Supp. 01-2). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4861, effective December 31, 2005 (Supp. 05-4).

**R20-6-1911. HCSO Communication with Providers**

An HCSO shall have an effective process for communicating with contracted providers regarding the following:

1. The providers in the network,
2. Contractual or administrative changes relating to enrollee access or provider availability, and
3. Procedures for handling claims and grievances submitted by providers.

**Historical Note**

New Section made by exempt rulemaking at 7 A.A.R. 2769, effective July 1, 2001 (Supp. 01-2). Former R20-6-1911 renumbered to R20-6-1908; new R20-6-1911 made by final rulemaking at 11 A.A.R. 4861, effective December 31, 2005 (Supp. 05-4).

**R20-6-1912. Network Directories**

- A. An HCSO shall publish a provider network directory as follows:

1. An HCSO shall list the name, address, telephone number, specialty, and hospital affiliation for all in-area contracted physicians or practitioners;
2. An HCSO may list ancillary providers by corporate or group name and is not required to list individual physicians or practitioners;
3. An HCSO is not required to list physicians or practitioners in the following areas of specialties or areas of practice:
  - a. Emergency medicine;
  - b. Anesthesiology, except anesthesiologists who provide pain management services;
  - c. Hospital-based pathology;
  - d. Hospital-based radiology; and
  - e. Hospitalists;
4. An HCSO that lists any of the physicians or practitioners in subsections R20-6-1912(A)(3)(a) through (A)(3)(e) may list by corporate or group name and is not required to list individual physicians or practitioners;
5. An HCSO that uses hospitalists is not required to list the hospital affiliations of PCPs who do not admit or attend hospitalized members;
6. An HCSO shall publish a provider network directory that lists all its contracted facilities and contains:
  - a. The name, address, and telephone number of each facility;
  - b. For each hospital at which the HCSO uses hospitalists, if any, a statement that the HCSO uses hospitalists at that hospital; and
  - c. For an HCSO that uses hospitalists and does not list them in the directory, information on how an enrollee can find out what hospitalists or group of hospitalists it uses at each hospital.

- B. The network directory shall conspicuously state in the directory the following:

1. Changes occur in the network after the directory is published and some providers listed in the directory may no longer be contracted,
2. Enrollee coverage may depend on the contract status of the provider,
3. Where the enrollee can obtain more recent directory information,
4. The effective date of the network directory, and
5. The method for an enrollee or prospective enrollee to find out which PCPs are accepting new enrollees from the HCSO.

- C. Each HCSO shall make its current network directory available on paper to enrollees or prospective enrollees upon request.

- D. Each HCSO that has an online network directory shall:

1. Update the online directory at least monthly and in conformance with A.R.S. § 20-3455;
2. Make the online directory easy to use and user friendly; and
3. Explain, in the online directory, how an enrollee or prospective enrollee can request a paper directory.

**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 4861, effective December 31, 2005 (Supp. 05-4). Amended by final rulemaking at 30 A.A.R. 3519

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

(November 22, 2024), effective January 5, 2025 (Supp. 24-4).

**R20-6-1913. Demographic Information Reports**

- A. An HCSO shall report the following data to the Department:
- For each enrollee, report annually:
    - Street address,
    - Zip code,
    - Gender, and
    - Year of birth.
  - For all contracted providers, report semiannually:
    - Provider name,
    - Street address or addresses at which the provider provides covered services,
    - Zip code, and
    - Arizona license number,
  - For all contracted physicians or practitioners, report semiannually:
    - Specialty, and
    - Medical or other applicable degree or information that designates the type of physician or practitioner.
- B. The HCSO shall report the information in subsection (A) to the Department by the following deadlines:
- For information in subsection (A)(1) as of December 31 of each calendar year, by February 15 of the next calendar year.
  - For information in subsection (A)(2) as of June 30, by August 15 of the same calendar year.
  - For information in subsection (A)(2) as of December 31, by February 15 of the next calendar year.

**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 4861, effective December 31, 2005 (Supp. 05-4).

**R20-6-1914. Access**

An HCSO shall provide to or arrange for its enrollees services or appointments for services as follows:

- For preventive care services from a contracted PCP, an appointment date within 60 days of the enrollee's request, or sooner if necessary, for the enrollee to be immunized on schedule.
- For routine-care services from a contracted PCP, an appointment date within 15 days of the enrollee's request to the PCP or sooner if medically necessary.
- For specialty care services from a contracted SCP, an appointment date within 60 days of the enrollee's request or sooner if medically necessary.
- In-area urgent care services from a contracted provider seven days per week.
- Timely non-emergency inpatient care services from a contracted facility.
- Timely services from a contracted physician or practitioner in a contracted facility including inpatient emergency care.
- Services from a contracted ancillary provider during normal business hours, or sooner if medically necessary.

**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 4861, effective December 31, 2005 (Supp. 05-4).

**R20-6-1915. Alternative Access**

- A. As an alternative to providing access to covered services from a physician, an HCSO may provide access to covered services from an appropriately licensed practitioner.

- B. As an alternative to providing access to covered services at a hospital under R20-6-1914, an HCSO may provide access to covered services at another appropriately licensed facility.
- C. As an alternative to providing access to covered services from a physician or practitioner who sees an enrollee in person under R20-6-1914, an HCSO may provide access to necessary covered services through:
- Telephone calls and messages,
  - Electronic mail,
  - Communication with the physician's or practitioner's staff,
  - Coverage by another physician or practitioner, or
  - Telemedicine,
- D. An HCSO that panels enrollees to PCPs may panel enrollees to appropriately licensed practitioners.

**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 4861, effective December 31, 2005 (Supp. 05-4).

**R20-6-1916. Availability Ratios**

- A. An HCSO shall maintain a ratio of contracted adult PCPs to adults that is adequate to provide those adults with covered services. An HCSO with a Medicare Advantage (MA) plan may have one ratio that applies to both its insured and MA populations, or a separate ratio for each.
- B. An HCSO shall maintain a ratio of contracted pediatric PCPs to children that is adequate to provide those children enrollees with covered services.
- C. An HCSO shall maintain a ratio of contracted high profile SCPs to enrollees that is adequate to provide those enrollees with covered services that include services at contracted facilities. An HCSO with a MA plan may have one ratio that applies to both its insured and MA populations, or a separate ratio for each.

**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 4861, effective December 31, 2005 (Supp. 05-4).

**R20-6-1917. Geographic Availability in an Urban Area**

An HCSO shall provide each enrollee living in an urban area of the HCSO's service area the following:

- Primary care services from a contracted PCP located within 10 miles or 30 minutes of the enrollee's home;
- High profile specialty care services from a contracted SCP located within 15 miles or 45 minutes of the enrollee's home; and
- Inpatient care in a contracted general hospital, or contracted special hospital, within 25 miles or 75 minutes of the enrollee's home.

**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 4861, effective December 31, 2005 (Supp. 05-4).

**R20-6-1918. Geographic Availability in a Suburban Area**

Each HCSO shall provide each enrollee member living in a suburban area within the HCSO's service area the following:

- Primary care from a contracted PCP located within 15 miles or 45 minutes of the enrollee's home;
- High profile specialty care services from a contracted SPC within 20 miles or 60 minutes of the enrollee's home; and
- Inpatient care in a contracted hospital, or a contracted special hospital within 30 miles or 90 minutes of the enrollee's home.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 4861, effective December 31, 2005 (Supp. 05-4).

**R20-6-1919. Geographic Availability in a Rural Area**

An HCSO shall provide each enrollee living in a rural area with primary care services from a contracted physician or practitioner within 30 miles or 90 minutes of the enrollee's home.

**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 4861, effective December 31, 2005 (Supp. 05-4).

**R20-6-1920. Travel Requirements**

- A. An HCSO may require an enrollee to travel a greater distance in-area to obtain covered services from a contracted provider than the enrollee would have to travel to obtain equivalent services from a non-contracted provider, except where a network exception is medically necessary. Nothing in this Section creates an exception to R20-6-1918 through R20-6-1920.
- B. If the HCSO prior-authorizes services that require an enrollee to travel outside the HCSO service area because the services are not available in the area, the HCSO shall reimburse the enrollee for travel expenses. Except as provided under R20-6-1904(E)(6), an HCSO is not required to reimburse an enrollee for travel expenses the enrollee incurs to obtain covered services in-area.

**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 4861, effective December 31, 2005 (Supp. 05-4).

**R20-6-1921. Enforcement Consideration**

In determining the appropriate enforcement action or penalties for failure to comply with these rules, the Department shall consider any documentation the HCSO provides regarding:

1. Whether seasonal shifts in demand affect access and availability of covered services;
2. Whether the HCSO's demographic information has changed significantly since the HCSO's most recent report;
3. Whether an enrollee has refused to accept covered services the HCSO has offered in the time-frames or locations required of the HCSO by this Article;
4. Whether an enrollee has requested and obtained covered services from a contracted provider whose location, or appointment availability, or capacity result in the HCSO's non-compliance; and
5. Whether market factors indicate that on a short-term basis, compliance is not possible. Market factors include shortage of providers, enrollee or provider location, and provider practice or contracting patterns.

**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 4861, effective December 31, 2005 (Supp. 05-4).

**ARTICLE 20. CAPTIVE INSURERS****R20-6-2001. Reserved****R20-6-2002. Fees; Examination Costs**

- A. A corporation applying for a license to do business as a captive insurer shall pay a nonrefundable fee of \$1,000.00 to the Department for issuance of the license under A.R.S. § 20-1098.01(J). A captive insurer that is a protected cell captive insurer, as defined in A.R.S. § 20-1098, also shall pay to the Department a nonrefundable fee of \$1,000 for each participant contract application that establishes a protected cell under

A.R.S. § 20-1098.05(B)(9). The fee is payable in full at the time the applicant submits the application for license to the Department under A.R.S. § 20-1098.01.

- B. A captive insurer shall pay a nonrefundable annual renewal fee of \$5,500.00 to the Department at the time of filing its annual report under A.R.S. § 20-1098.07. Under A.R.S. § 20-1098.01(J), a captive insurer that is a protected cell captive insurer also shall pay to the Department a nonrefundable annual renewal fee of \$2,500.00 for each protected cell at the time of filing its annual report under A.R.S. § 20-1098.07.
- C. A captive insurer shall pay a nonrefundable fee of \$200.00 to the Department at the time of filing for issuance of an amended certificate of authority.
- D. In addition to the fees prescribed in subsections (A), (B), and (C), an applicant for a captive insurer license or a licensed captive insurer shall pay the costs of any examination the Director conducts, under A.R.S. § 20-1098.08.

**ARTICLE 21. CUSTOMER INFORMATION SECURITY PROGRAM**

*Article 21, consisting of R20-6-2101 through R20-6-2104, made by final rulemaking at 10 A.A.R. 2260, effective July 13, 2004 (Supp. 04-2).*

**R20-6-2101. Definitions**

The following definitions apply in this Article:

1. "Consumer" means an individual, or the individual's legal representative, who seeks to obtain, obtains, or has obtained an insurance product or service from a licensee that is to be used primarily for personal, family, or household purposes, and about whom the licensee has nonpublic personal information. Consumer can include a prospective applicant, policyholder, certificateholder, insured, or claimant.
2. "Customer" means a consumer who has a continuing relationship with a licensee under which the licensee provides one or more insurance products or services to the consumer that are used primarily for personal, family, or household purposes.
3. "Customer information" means nonpublic personal information and privileged information about a customer whether in paper, electronic, or other form, that is maintained by or on behalf of an insurance institution, insurance producer, or insurance support organization.
4. "Customer information systems" means the electronic, or physical methods used to access, collect, store, use, transmit, protect, or dispose of customer information.
5. "Insurance institution" has the meaning prescribed in A.R.S. § 20-2102(10).
6. "Insurance producer" means a person required to be licensed under A.R.S. Title 20, Chapter 2, Article 3 to sell, solicit, or negotiate insurance and includes a managing general agent as defined in A.R.S. § 20-311.
7. "Insurance support organization" has the meaning prescribed in A.R.S. § 20-2102(13).

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

8. "Licensee" means an insurance institution, insurance producer, or insurance support organization, but does not include a purchasing group or an unauthorized insurer in regard to the excess line business conducted under Title 20, Chapter 2, Article 5.
9. "Personal information" has the meaning prescribed in A.R.S. § 20-2102(19).
10. "Privileged information" has the meaning prescribed in A.R.S. § 20-2102(22).
11. "Service provider" means a person that maintains, processes, or otherwise is permitted access to customer information through its provision of services directly to a licensee.
- b. Training staff to implement the licensee's information security program; and
- c. Regularly testing or otherwise regularly monitoring the key controls, systems and procedures of the information security program. The licensee shall determine the frequency and nature of these tests or other monitoring practices by the licensee's risk assessment.
3. A licensee may oversee service provider arrangements by:
  - a. Exercising appropriate due diligence in selecting its service providers; and
  - b. Requiring its service providers to implement measures designed to meet the objectives of this Article, and, where indicated by the licensee's risk assessment, taking appropriate steps to confirm that its service providers have satisfied these obligations.
4. A licensee may monitor, evaluate, and adjust, as appropriate, its information security program in light of any relevant changes in technology, the sensitivity of its customer information, internal or external threats to information, and the licensee's own changing business arrangements, such as mergers and acquisitions, alliances and joint ventures, outsourcing arrangements, and changes to customer information systems.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2260, effective July 13, 2004 (Supp. 04-2).

**R20-6-2102. Customer Information Security Program**

A licensee shall implement a comprehensive written customer information security program that includes administrative, technical, and physical safeguards for the protection of customer information. The administrative, technical, and physical safeguards included in the information security program shall be appropriate to the size and complexity of the licensee and the nature and scope of its activities.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2260, effective July 13, 2004 (Supp. 04-2).

**R20-6-2103. Objectives of Customer Information Security Program**

A licensee's customer information security program shall be designed to:

1. Ensure the security and confidentiality of customer information;
2. Protect against any anticipated threats or hazards to the security or integrity of the information; and
3. Protect against unauthorized access to or use of the information.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2260, effective July 13, 2004 (Supp. 04-2).

**R20-6-2104. Guidelines for Methods of Development and Implementation**

A licensee may implement the requirements of R20-6-2102 and R20-6-2103 by the actions and procedures prescribed in this Section, which are non-exclusive illustrations:

1. A licensee may assess risk by:
  - a. Identifying reasonably foreseeable internal or external threats that could result in unauthorized disclosure, misuse, alteration, or destruction of customer information or customer information systems;
  - b. Assessing the likelihood and potential damage of these threats, taking into consideration the sensitivity of customer information; and
  - c. Assessing the sufficiency of policies, procedures, customer information systems, and other safeguards in place to control risks.
2. A licensee may manage and control risk by:
  - a. Designing its information security program to control the identified risks, commensurate with the sensitivity of the information, as well as the complexity and scope of the licensee's activities;

21. "VGLI" means Veterans' Group Life Insurance.

**B. Exemptions.**

1. This Section shall not apply to solicitations or sales involving:
  - a. Credit insurance;
  - b. Group life insurance or group annuities where there is no in-person, face-to-face solicitation of individuals by an insurance producer or where the contract or certificate does not include a side fund;
  - c. An application to the existing insurer that issued the existing policy or contract when a contractual change or a conversion privilege is being exercised; or, when the existing policy or contract is being replaced by the same insurer pursuant to a program filed with and approved by the Division; or, when a term conversion privilege is exercised among corporate affiliates;
  - d. Individual stand-alone health policies, including disability income policies;
  - e. Contracts offered by SGLI or VGLI, as authorized by 38 U.S.C. §§ 1965 et seq.;
  - f. Life insurance contracts offered through or by a non-profit military association, qualifying under Section 501(c)(23) of the IRC, and which are not underwritten by an insurer; or
  - g. Contracts used to fund:
    - i. An employee pension or welfare benefit plan that is covered by ERISA;
    - ii. A plan described by Sections 401(a), 401(k), 403(b), 408(k), or 408(p) of the IRC, as amended, if established and maintained by an employer;
    - iii. A government or church plan defined in Section 414 of the IRC, a government or church welfare benefit plan, or a deferred compensation plan of a state or local government or tax exempt organization under Section 457 of the IRC;
    - iv. A nonqualified deferred compensation arrangement established or maintained by an employer or plan sponsor;
    - v. Settlements of or assumptions of liabilities associated with personal injury litigation or any dispute or claim resolution process; or
    - vi. Prearranged funeral contracts.
2. Nothing in this Section shall be construed to abrogate the ability of nonprofit organizations (and/or other organizations) to educate members of the U.S. Armed Forces in accordance with Department of Defense DoD Instruction 1344.07 – Personal Commercial Solicitation on DoD Installations or any successor directive.
3. This purposes of this Section, the following do not constitute solicitation:
  - a. General advertisements;
  - b. Direct mail;
  - c. Internet marketing; and
  - d. Telephone marketing if the caller explicitly and conspicuously discloses that the product being marketed is life insurance and makes no statements that avoid a clear and unequivocal statement that life insurance is the subject matter of the solicitation.
4. Any in-person, face-to-face meeting resulting from an exempt type of solicitation listed in subsection (B)(3) is not exempt and the insurer or insurance producer is subject to this Section.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

5. The following subsections do not apply to individually issued annuities: (D)(3)(b), (D)(5)(c), (D)(5)(e), (D)(6)(a), (D)(6)(c) and (D)(6)(d).
- C. Practices Declared False, Misleading, Deceptive, or Unfair on a Military Installation.**
1. The following acts or practices when committed on a military installation by an insurer or insurance producer with respect to the in-person, face-to-face solicitation of life insurance are declared to be false, misleading, deceptive, or unfair:
    - a. Knowingly soliciting the purchase of any life insurance product door-to-door or without first establishing a specific appointment for each meeting with a prospective purchaser.
    - b. Soliciting service members in a group or "mass" audience or in a "captive" audience where attendance is not voluntary.
    - c. Knowingly making appointments with or soliciting service members during their normally scheduled duty hours.
    - d. Making appointments with or soliciting service members in barracks, day rooms, unit areas, transient personnel housing, or other areas where the installation commander has prohibited solicitation.
    - e. Soliciting the sale of life insurance without first obtaining permission from the installation commander or the commander's designee.
    - f. Posting unauthorized bulletins, notices, or advertisements.
    - g. Failing to present DD Form 2885, Personal Commercial Solicitation Evaluation, to solicited service members or discouraging solicited service members from completing or submitting a DD Form 2885.
    - h. Knowingly accepting an application for life insurance or issuing a policy of life insurance on the life of an enlisted member of the U.S. Armed Forces without first obtaining a completed copy of any required form which confirms that the applicant has received counseling or fulfilled any other similar requirement for the sale of life insurance established by regulations, directives, or rules of the DoD or any branch of the U.S. Armed Forces for the insurer's files.
  2. The following acts or practices when committed on a military installation by an insurer or insurance producer constitute corrupt practices, improper influences, or inducements and are declared to be false, misleading, deceptive, or unfair:
    - a. Using DoD personnel, directly or indirectly, as a representative or agent in any official or business capacity, with or without compensation, with respect to the solicitation or sale of life insurance to service members.
    - b. Using an insurance producer to participate in any U.S. Armed Forces sponsored education or orientation program.
- D. Practices declared false, misleading, deceptive, or unfair regardless of location.**
1. The following acts or practices by an insurer or insurance producer constitute corrupt practices, improper influences or inducements and are declared to be false, misleading, deceptive, or unfair:
    - a. Submitting, processing, or assisting in the submission or processing of any allotment form or similar device used by the U.S. Armed Forces to direct a service member's pay to a third party for the purchase of life insurance. This includes, but is not limited to, using or assisting in using the service member's "MyPay" account or other similar internet or electronic medium. This subsection does not prohibit an insurer or insurance producer assisting a service member by providing the insurer or premium information necessary to complete any allotment form.
    - b. Knowingly receiving funds from a service member for the payment of premium from a depository institution with which the service member has no formal banking relationship.
    - c. Employing any device or method or entering into any agreement where funds received from a service member by allotment for the payment of insurance premiums are identified on the service member's "Leave and Earnings Statement" or equivalent or successor form as "Savings" or "Checking" and where the service member has no formal banking relationship.
    - d. Entering into any agreement with a depository institution for the purposes of receiving funds from a service member where the depository institution, with or without compensation, agrees to accept direct deposits from a service member with whom it has no formal banking relationship.
    - e. Using DoD personnel, directly or indirectly, as a representative or agent in any official or unofficial capacity, with or without compensation, with respect to the solicitation or sale of life insurance to service members who are junior in rank or grade or to their family members.
    - f. Offering or giving anything of value, directly or indirectly, to DoD personnel to procure their assistance in encouraging, assisting, or facilitating the solicitation or sale of life insurance to a service member.
    - g. Knowingly offering or giving anything of value to a service member with a pay grade of E-4 or below for their attendance to any event where an application for life insurance is solicited.
    - h. Advising a service member with a pay grade of E-4 or below to change their income tax withholding or state of legal residence for the sole purpose of increasing disposable income to purchase life insurance.
  2. The following acts or practices by an insurer or insurance producer lead to confusion regarding source, sponsorship, approval, or affiliation and are declared to be false, misleading, deceptive, or unfair:
    - a. Making any representation, or using any device, title, descriptive name, or identifier that has the tendency or capacity to confuse or mislead a service member into believing that the insurer, insurance producer, or product offered is affiliate, connected or associated with, endorsed, sponsored, sanctioned, or recommended by the U.S. government, the U.S. Armed Forces, or any state, federal agency, or government entity. Examples of prohibited insurance producer titles include, but are not limited to, "Battalion Insurance Counselor," "Unit Insurance Advisor," "Servicemen's Group Life Insurance

- Conversion Consultant,” or “Veteran’s Benefits Counselor.” An insurance producer may use a professional designation awarded after the successful completion of a course of instruction in the business of insurance by an accredited institution of higher learning including, but not limited to, Chartered Life Underwriter (CLU), Chartered Financial Consultant (ChFC), Certified Financial Planner (CFP), Masters of Science in Financial Services (MSFS), or Masters of Science Financial Planning (MS).
- b. Soliciting the purchase of any life insurance product through the use of or in conjunction with any third party organization that promotes the welfare of or assists members of the U.S. Armed Forces in a manner that has a tendency or capacity to confuse or mislead a service member into believing that either the insurer, insurance producer, or insurance product is affiliated, connected or associated with, endorsed, sponsored, sanctioned, or recommended by the U.S. government or the U.S. Armed Forces.
3. The following acts or practices by an insurer or insurance producer lead to confusion regarding premiums, costs, or investment returns and are declared to be false, misleading, deceptive, or unfair:
    - a. Using or describing the credited interest rate on a life insurance policy in a manner that implies that the credited interest rate is a net return on premium paid.
    - b. Misrepresenting the mortality costs of a life insurance product, including a statement or implication that the product costs nothing or is free.
  4. The following acts or practices by an insurer or insurance producer regarding SGLI or VGLI are declared to be false, misleading, deceptive, or unfair:
    - a. Making any representation regarding the availability, suitability, amount, cost, exclusions, or limitations to coverage provided to a service member or dependents by SGLI or VGLI, which is false, misleading, or deceptive.
    - b. Making any representation regarding conversion requirements, including the costs of coverage, or exclusions or limitations of coverage of SGLI or VGLI to private insurers which is false, misleading, or deceptive.
    - c. Suggesting, recommending, or encouraging a service member to cancel or terminate their SGLI policy or issuing a life insurance policy which replaces an existing SGLI policy unless the replacement shall take effect upon or after the service member’s separation from the U.S. Armed Forces.
  5. The following acts or practices by an insurer or insurance producer regarding disclosure are declared to be false, misleading, deceptive, or unfair:
    - a. Deploying, using, or contracting for any lead-generating materials designed exclusively for use with service members that do not clearly and conspicuously disclose that the recipient will be contacted by an insurance producer, if that is the case, for the purpose of soliciting the purchase of life insurance.
    - b. Failing to disclose that a solicitation for the sale of life insurance will be made when establishing a specific appointment for an in-person, face-to-face meeting with a prospective purchaser.
    - c. Failing to clearly and conspicuously disclose that fact that the product being sold is life insurance.
    - d. Failing to make, at the time of sale or offer to an individual known to be a service member, the written disclosures required by the Military Personnel Financial Services Protection Act, Public Law 109-290, Sec. 10, p. 16, 10 U.S.C. § 992 note.
    - e. When the sale is conducted in-person and face-to-face with an individual known to be a service member, failing at the time the application is taken to provide to the applicant:
      - i. An explanation of any applicable free look period with instructions on how to cancel if a policy is issued; and
      - ii. Either a copy of the application or a written disclosure. The copy of the application or the written disclosure shall clearly and concisely set out the type of life insurance, the death benefit applied for and its expected first year cost. A basic illustration that meets the requirements of A.R.S. §§ 20-1241 through 20-1241.09, Section R20-6-202 and Section R20-6-209 shall be deemed sufficient to meet this requirement for a written disclosure.
  6. The following acts or practices by an insurer or insurance producer with respect to the sale of certain life insurance products are declared to be false, misleading, deceptive, or unfair:
    - a. Recommending the purchase of any life insurance product which includes a side fund to a service member in pay grades E-4 and below unless the insurer has reasonable grounds for believing that the life insurance death benefit, standing alone, is suitable.
    - b. Offering for sale or selling a life insurance product which includes a side fund to a service member in pay grades E-4 and below who is currently enrolled in SGLI, is presumed unsuitable unless, after the completion of a needs assessment, the insurer demonstrates that the applicant’s SGLI death benefit, together with any other military survivor benefits, savings and investments, survivor income, and other life insurance are insufficient to meet the applicant’s insurable needs for life insurance.
      - i. “Insurable needs” are the risks associated with premature death taking into consideration the financial obligations and immediate and future cash needs of the applicant’s estate and/or survivors or dependents.
      - ii. “Other military survivor benefits” include, but are not limited to: the Death Gratuity, Funeral Reimbursement, Transition Assistance, Survivor and Dependents’ Educational Assistance, Dependency and Indemnity Compensation, TRICARE Healthcare benefits, Survivor Housing Benefits and Allowances, Federal Income Tax Forgiveness, and Social Security Survivor Benefits.
    - c. Offering for sale or selling any life insurance contract which includes a side fund:
      - i. Unless interest credited accrues from the date of deposit to the date of withdrawal and permits withdrawals without limit or penalty;

- ii. Unless the applicant has been provided with a schedule of effective rates of return based upon cash flows of the combined product. For this disclosure, the effective rate of return will consider all premiums and cash contributions made by the policyholder and all cash accumulations and cash surrender values available to the policyholder in addition to life insurance coverage. This schedule will be provided for at least each policy year from year one to year ten and for every fifth policy year thereafter ending at age 100, policy maturity or final expiration; and
- iii. Which by default diverts or transfers funds accumulated to the side fund to pay, reduce, or offset any premiums due.
- d. Offering for sale or selling any life insurance contract which after considering all policy benefits, including but not limited to endowment, return of premium or persistency, does not comply with standard nonforfeiture law for life insurance.

**ARTICLE 23. THRESHOLD RATE REVIEW – INDIVIDUAL HEALTH INSURANCE****R20-6-2301. Applicability; Definitions**

- A. This Article applies to rates charged by health insurers for individual health insurance. This Article does not apply to rates charged by health insurers for the following:
  - 1. Health insurance that a health insurer issues to an employer or to any group described in either A.R.S. § 20-1401 or A.R.S. § 20-1404(A), except health insurance issued to an association or its individual members as described in R20-6-2301(B)(7)(b);
  - 2. Grandfathered health plan coverage as defined in 45 CFR 147.140; or
  - 3. Health insurance that covers excepted benefits as described in section 2791(c) of the PHS Act, 42 U.S.C. 300gg-91(c).
- B. In this Article, the following definitions apply:
  - 1. “Department” means the Arizona Department of Insurance and Financial Institutions.
  - 2. “Blanket disability insurance” has the meaning prescribed in A.R.S. § 20-1404(A).
  - 3. “CMS” means the Centers for Medicare & Medicaid Services.
  - 4. “Federal medical loss ratio standard” means the applicable medical loss ratio standard determined under 45 CFR 158, Subpart B.
  - 5. “Health insurance” means disability insurance as defined in A.R.S. § 20-253, a health care plan as defined in A.R.S. § 20-1051(4) and disability insurance or a health care plan offered by a hospital service corporation, medical service corporation or hospital, medical, dental and optometric service corporation as defined in A.R.S. § 20-822.
  - 6. “Health insurer” means an insurer, as that term is defined in A.R.S. § 20-104, authorized to transact disability insurance in Arizona, a health care services organization as defined in A.R.S. § 20-1051(7) or a hospital service corporation, medical service corporation or hospital, medi-

cal, dental and optometric service corporation as defined in A.R.S. § 20-822(3).

- 7. “Individual health insurance” means health insurance that a health insurer issues to either:
  - a. An individual, to cover:
    - i. The individual, or
    - ii. The individual’s dependents, or
    - iii. The individual and the individual’s dependents.
  - b. An association or its individual members to cover the individual members and their dependents, and which the Department would regulate under A.R.S. Title 20, Chapter 6 as individual health insurance if the health insurer did not issue it to an association or individual members of an association.
- 8. “PHS Act” means Part A of Title XXVII of the Public Health Service Act, 42 U.S.C. Chapter 6A.
- 9. “Product” means a discrete package of individual health insurance coverage benefits that are offered using a particular product network type (such as health maintenance organization, preferred provider organization, exclusive provider organization, point of service, or indemnity) within a service area that has its own set of rating and pricing methodologies.
- 10. “Preliminary justification” means a justification that consists of the parts described in R20-6-2302(A).
- 11. “Rate increase” means an increase of the rates for an individual health insurance plan or plans within a product that:
  - a. Results from a change to the underlying rate structure, and
  - b. May result in premium changes.
- 12. “Secretary” means the Secretary of the United States Department of Health and Human Services.
- 13. “Threshold rate increase” means a rate increase that meets or exceeds an Arizona-specific threshold as noticed by the Secretary in 45 CFR 154.200, provided:
  - a. The average increase for all enrollees weighted by premium volume meets or exceeds the applicable threshold; and
  - b. If a rate increase that does not otherwise meet or exceed the Arizona-specific threshold meets or exceeds the Arizona-specific threshold when combined with a previous increase or increases during the 12-month period preceding the date on which the rate increase would become effective, then the rate increase must be considered to meet or exceed the Arizona-specific threshold and is subject to threshold rate review that shall include a review of the aggregate rate increases during the applicable 12-month period.
- 14. “Threshold rate review” means the review by the Department under this Article of a threshold rate increase.
- 15. “Unreasonable rate increase” means a rate increase that results in benefits that are not reasonable in relation to the premium the health insurer charges for the product. The following factors are relevant in determining whether a rate increase results in benefits that are unreasonable in relation to premium:
  - a. The rate increase results in a projected medical loss ratio below the federal medical loss ratio standard after accounting for any adjustments allowable under federal law;

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- b. One or more of the assumptions on which the health insurer based the rate increase is not supported by sound actuarial reasoning, data and analysis;
- c. The choice of assumptions or combination of assumptions on which the insurer based the rate increase is unreasonable;
- d. The health issuer provides data or documentation that is incomplete, inadequate or otherwise does not provide a basis upon which the Department can determine the reasonableness of a rate increase; or
- e. The increase results in premium differences between insureds within similar risk categories that are unfairly discriminatory under A.R.S. Title 20, Chapter 2, Article 6.

New Section made by final rulemaking at 18 A.A.R. 2721, effective October 3, 2012 (Supp. 12-4). Section amended by final rulemaking at 30 A.A.R. 3767 (December 13, 2024), effective February 3, 2025 (Supp. 24-4).

**R20-6-2302. Disclosure of Preliminary Justification**

- A. Preliminary Justification. For each threshold rate increase for each affected product, a health insurer shall submit to the Department and to CMS, on a form and in the manner prescribed by the Secretary in 45 CFR 154.215, a preliminary justification that contains all of the following:
  - 1. Preliminary Justification Part I. A summary of the content of the threshold rate increase that includes:
    - a. Historical and projected claims experience;
    - b. Trend projections related to utilization, and service or unit cost;
    - c. Any claims assumptions related to benefit changes;
    - d. Allocation of the overall rate increase to claims and non-claims costs;
    - e. Per enrollee per month allocation of current and projected premium; and
    - f. Three year history of rate increases for the product associated with the rate increase.
  - 2. Preliminary Justification Part II. A written description that justifies the rate increase and that contains a simple and brief narrative describing the data and assumptions the health insurer used to develop the rate increase, and includes the following:
    - a. An explanation of the most significant factors causing the rate increase, including a brief description of the relevant claims and non-claims expense increases reported in subsection (A)(1); and
    - b. A brief description of the overall experience of the policy, including historical and projected expenses, and loss ratios.
- B. A health insurer may submit a single, combined preliminary justification that contains all the information in subsections (A)(1) and (2) for threshold rate increases that affect more than one product if the health insurer has aggregated the claims experience of all products to calculate the rate increases and the rate increases are the same for all products.

**Historical Note**

New Section made by final rulemaking at 18 A.A.R. 2721, effective October 3, 2012 (Supp. 12-4).

**R20-6-2303. Timing for Submission of Preliminary Justification**

- A. If R20-6-607 applies to a threshold rate increase, the health insurer shall submit its preliminary justification to the Department

and to CMS on the date on which the health insurer files the rate increase request under R20-6-607.

- B. If R20-6-607 does not apply to a threshold rate increase, the health insurer shall submit the preliminary justification to the Department and to CMS at least 60 days prior to the date the health insurer intends to implement the threshold rate increase in Arizona.
- C. The Department shall provide access from its website to the Parts I and II of the Preliminary Justifications of the proposed rate increases that it reviews and have a mechanism for receiving public comments on those proposed rate increases.

**Historical Note**

New Section made by final rulemaking at 18 A.A.R. 2721, effective October 3, 2012 (Supp. 12-4).

**R20-6-2304. Response to Unreasonableness Determination**

If the health insurer receives from CMS a notice that the Department has determined that the health insurer's threshold rate increase is unreasonable, the health insurer shall select one of the following three options:

1. Option to not implement the rate increase determined unreasonable. Within 30 days of receiving from CMS the Department's determination, the health insurer shall notify the Department and CMS that it will not implement the rate increase and request the Department to withdraw the rate increase request;
2. Option to implement a smaller rate increase than the rate determined unreasonable. Within 30 days of receiving from CMS the Department's determination, the health insurer shall notify the Department and CMS, on a form and in the manner prescribed by the Secretary, that it intends to implement a rate increase that is smaller than the one determined unreasonable. One of the following shall apply to this option:
  - a. If the health insurer selects this option and the smaller rate increase is not a threshold rate increase, the smaller rate increase is not subject to this Article;
  - b. If the health insurer selects this option, and R20-6-607 applied to the rate increase the Department determined to be unreasonable, the health insurer shall revise the rate increase filing to reflect the smaller rate increase or file a new rate increase. If the smaller rate increase is a threshold rate increase, the health insurer shall submit a new preliminary justification on the date the health insurer revises the rate increase filing or files a new rate increase; or
  - c. If the health insurer selects this option, and R20-6-607 did not apply to the rate increase the Department determined to be unreasonable, and the smaller increase is a threshold rate increase, the health insurer shall submit to the Department and to CMS a new preliminary justification at least 60 days prior to the date the health insurer intends to implement the smaller increase in Arizona.
3. Option to implement the rate increase determined unreasonable. Within 10 business days after the health insurer either implements the rate increase that the Department determined unreasonable, or receives from CMS the Department's determination, the health insurer shall:
  - a. Submit, to the Department and to CMS, a final justification in response to the Department's determination. The information in the final justification shall be the same as the information submitted by the insurer under R20-6-2302(A)(1) and (2) in the pre-

- liminary justification supporting the rate increase; and
- b. Prominently post on its website, on a form and in the manner prescribed by the Secretary under 45 CFR 154.230 the following information:
    - i. The Department's determination that the rate increase is unreasonable and Department's explanation of the Department's analysis of the relevant factors set forth in R20-6-2305(A)(1) and (2), and
    - ii. The health insurer's final justification for implementing the rate increase.
  - c. Continue to make the information in subsection (3)(b) available to the public on its website for at least three years.

**Historical Note**

New Section made by final rulemaking at 18 A.A.R. 2721, effective October 3, 2012 (Supp. 12-4).

**R20-6-2305. Threshold Rate Increase Documentation Requirements**

- A. For a threshold rate increase, a health insurer shall submit to the Department documentation that is sufficient to allow the Department to assess:
  1. The reasonableness of the assumptions used by the health insurer to develop the proposed rate increase and the validity of the historical data underlying the assumptions, and
  2. The health insurer's data related to past projections and actual experience.
- B. To the extent applicable to the submission under review by the Department, the health insurer shall submit documentation that includes all of the following:
  1. The impact of medical trend changes by major service categories;
  2. The impact of utilization changes by major service categories;
  3. The impact of cost-sharing changes by major service categories, including actuarial values;
  4. The impact of geographic factors and variations;
  5. The impact of changes to all plans within the single risk pool product;
  6. The impact of reinsurance and risk adjustment payments and changes;
  7. The impact of benefit changes;
  8. The impact of changes in enrollee risk profile;
  9. The impact of any overestimate or underestimate of medical trend for prior year periods related to the rate increase;
  10. The impact of changes in reserve needs;
  11. The impact of changes in administrative costs related to programs that improve health care quality;
  12. The impact of changes in other administrative costs;
  13. The impact of changes in applicable taxes, licensing or regulatory fees;
  14. Medical loss ratio;
  15. The health insurer's capital and surplus; and
  16. Other relevant documentation at the discretion of the Director.
- C. A health insurer shall submit all documentation required under subsection (A) or (B) at the same time that:
  1. The health insurer submits the preliminary justification required under R20-6-2302, or

2. The health insurer submits any new preliminary justification required under R20-6-2304(2)(b) and (c).

**Historical Note**

New Section made by final rulemaking at 18 A.A.R. 2721, effective October 3, 2012 (Supp. 12-4). Section amended by final rulemaking at 30 A.A.R. 3767 (December 13, 2024), effective February 3, 2025 (Supp. 24-4).

**ARTICLE 24. OUT-OF-NETWORK CLAIM DISPUTE RESOLUTION****R20-6-2401. Definitions**

The definitions in A.R.S. § 20-3111 and this Section apply to this Article.

1. "Allowed Amount" is the amount reimbursable for a covered service under the terms of the enrollee's benefit plan. The allowed amount includes both the amount payable by the insurer and the amount of the enrollee's cost sharing requirements.
2. "Alternative Arbitrator" is an individual who is mutually agreeable to the health insurer and health care provider to act as the arbitrator of a surprise out-of-network billing dispute. If the person is contracted with the State of Arizona to conduct arbitration proceedings, the provisions of that contract shall apply. Department staff may not serve as an Alternative Arbitrator.
3. "Amount of the enrollee's cost sharing requirements" means the amount determined by the insurer prior to the dispute resolution process to be owed by the enrollee for out-of-network copayment, coinsurance and deductible pursuant to the enrollee's health care policy.
4. "Arbitrator" has the same meaning as A.R.S. § 20-3111(2) and may include a mediator, arbitrator or other alternative dispute resolution professional who is contracted with the Department to arbitrate a surprise out-of-network billing dispute. Department staff may not serve as an Arbitrator.
5. "A.R.S. § 20-3113 Disclosure" means a written, dated document that contains the following information:
  - a. The name of the billing health care provider;
  - b. A statement that the health care provider is not a contracted provider;
  - c. The estimated total cost to be billed by the health care provider or the provider's representative for the health care services being provided;
  - d. A notice that the enrollee or the enrollee's authorized representative is not required to sign the A.R.S. § 20-3113 Disclosure to obtain health care services;
  - e. A notice that if the enrollee or the enrollee's authorized representative signs the A.R.S. § 20-3113 Disclosure, they may have waived any rights to request arbitration of a qualifying surprise out-of-network bill.
6. "Balance bill" means all charges that exceed the enrollee's cost sharing requirements and the amount paid by the insurer.
7. "Date of service" means the latest date on which the health care provider rendered a related health care service that is the subject of a qualifying surprise out-of-network bill.
8. "Days" as used in this Article means calendar days unless specified as business days and does not include the day of the filing of a document.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

9. "Department" means the Arizona Department of Insurance and Financial Institutions or an entity with which it contracts to administer the out-of-network claim dispute resolution process.
10. "Enrollee's authorized representative" means a person to whom an enrollee has given express written consent to represent the enrollee, the enrollee's parent or legal guardian, a person appointed by the court to act on behalf of the enrollee or the enrollee's legal representative. An enrollee's authorized representative shall not be someone who represents the provider's interests.
11. "Final resolution of a health care appeal" means that a member has a final decision under the review process provided by A.R.S. Title 20, Chapter 15, Article 2.
12. "Informal Settlement Teleconference" means a teleconference arranged by the Department that is held to settle the enrollee's qualifying surprise out-of-network bill prior to an Arbitration being scheduled. The parties to the Informal Settlement Teleconference are: (a) the enrollee or the enrollee's authorized representative; (b) the health insurer; and (c) the provider or the provider's representative.
13. "Qualifying surprise out-of-network bill" is a surprise out-of-network bill for health care services provided on or after January 1, 2019, that is disputed by the enrollee and:
  - a. Is for health care services covered by the enrollee's health plan;
  - b. Is for health care services provided in a network health care facility;
  - c. Is for health care services performed by a provider who is not contracted to participate in the network that serves the enrollee's health plan;
  - d. The enrollee has resolved any health care appeal pursuant to A.R.S. Title 20, Chapter 15, Article 2, that the enrollee may have had against the insurer following the health insurer's initial adjudication of the claim;
  - e. The enrollee has not instituted a civil lawsuit or other legal action against the insurer or health care provider related to the surprise out-of-network bill or the health care services provided;
  - f. The amount of the surprise out-of-network bill for which the enrollee is responsible for all related health care services provided by the health care provider whether contained in one or multiple bills, after deduction of the enrollee's cost sharing requirements and the insurer's allowable reimbursement, is at least \$1,000.00; and
  - g. One of the following applies:
    - i. The bill is for emergency services, including under circumstances described by A.R.S. § 20-2803(A);
    - ii. The bill is for health care services directly related to the emergency services that are provided during an inpatient admission to any network facility;
    - iii. The bill is for a health care service that was not provided in the case of an emergency and the health care provider or provider's representative did not provide the enrollee a written dated A.R.S. § 20-3113 Disclosure;
    - iv. The bill is for a health care service that was not provided in the case of an emergency and the health care provider or provider's representative did not provide the enrollee a written dated A.R.S. § 20-3113 Disclosure within a reasonable amount of time before the enrollee received the service;
    - v. The bill is for a health care service that was not provided in the case of an emergency and the health care provider or provider's representative provided the enrollee a written dated A.R.S. § 20-3113 Disclosure ("Disclosure") and the enrollee or the enrollee's authorized representative chose not to sign the Disclosure;
    - vi. The bill is for a health care service that was not provided in the case of an emergency and the health care provider or provider's representative provided the enrollee a written dated A.R.S. § 20-3113 Disclosure ("Disclosure") and the enrollee or the enrollee's authorized representative signed the Disclosure but the amount actually billed to the enrollee is greater than the estimated cost provided in the signed Disclosure.

**Historical Note**

New Section made by exempt rulemaking at 25 A.A.R. 155, effective January 2, 2019 (Supp. 19-1). Section amended by final rulemaking at 29 A.A.R. 3621 (November 24, 2023), effective January 7, 2024 (Supp. 23-4). Effective date corrected (Supp. 23-4, Ver. 2).

**R20-6-2402. Request for Arbitration**

- A. Request for Arbitration. An enrollee may request dispute resolution of a surprise out-of-network bill by filing a timely Request for Arbitration with the Department on a Request for Arbitration form available on the Department's website.
- B. Deadline for filing a Request for Arbitration with the Department. A Request for Arbitration must be received by the Department within one year after the date of service listed on the surprise out-of-network bill. If the enrollee filed a health care appeal pursuant to A.R.S. Title 20, Chapter 15, Article 2, the one year deadline is tolled from the date the enrollee filed the health care appeal to the date of the final resolution of the appeal.
- C. Evaluation of the Request for Arbitration by the Department. Within 15 days after receipt of a Request for Arbitration, the Department shall do one of the following:
  1. Determine that the surprise out-of-network bill is a qualifying surprise out-of-network bill and notify the enrollee, health insurer and health care provider that the Request for Arbitration qualifies for Arbitration;
  2. Determine that the surprise out-of-network bill is not a qualifying surprise out-of-network bill and notify the enrollee of the reason for the Department's determination;
  3. Determine that the Request for Arbitration is incomplete; or
  4. Return the Request for Arbitration to the enrollee without making a determination if the enrollee's request should instead be filed as a health care appeal within the meaning of A.R.S. Title 20, Chapter 15, Article 2.
- D. Request for additional information for an incomplete Request for Arbitration. If the Department determines that the Request for Arbitration is incomplete, the Department may send a written request for additional information to the enrollee, health

insurer, health care provider or health care provider's billing company.

- E. Time to respond to the Department's Request for Additional Information. The enrollee, health insurer, health care provider or the health care provider's billing company shall have 15 days from the date of the request to respond to the Department's Request for Additional Information.
- F. Failure to respond to the Department's Request for Additional Information.
  - 1. If the enrollee fails to respond to the Department's Request for Additional Information, the Department shall deny the enrollee's Request for Arbitration.
  - 2. If either the health insurer or the health care provider or health care provider's billing company fail to respond to the Department's Request for Additional Information, the Department shall deem that the enrollee's Request for Arbitration qualifies for arbitration.
- G. Receipt of Additional Information. Upon receipt of the additional information requested by the Department under subsection (D) of this Section, the Department shall determine, within seven days, whether the enrollee's Request for Arbitration qualifies for Arbitration and send the notice required under subsection (C)(1) or subsection (C)(2) of this Section, whichever applies.
- H. Final Determination. The Department's determination whether an enrollee's Request for Arbitration qualifies for Arbitration is a final decision and not an appealable agency action within the meaning of A.R.S. § 41-1092(3). A claim that is the subject of a qualifying surprise out-of-network bill is not subject to the timely payment of claims law during the pendency of the Arbitration.
- I. Enrollee's payment responsibility.
  - 1. Notwithstanding any informal settlement or Arbitrator's Final Written Decision, the enrollee is responsible for only the following:
    - a. The amount of the enrollee's cost sharing requirements; and
    - b. Any amount received by the enrollee from the enrollee's health insurer as payment for the health care services at issue in a qualifying surprise out-of-network bill.
  - 2. A health care provider may not issue, either directly or indirectly through its billing company, any additional balance bill to the enrollee for the same health care services.

**Historical Note**

New Section made by exempt rulemaking at 25 A.A.R. 155, effective January 2, 2019 (Supp. 19-1).

**R20-6-2403. Informal Settlement Teleconference**

- A. Deadline to arrange the Informal Settlement Teleconference. Upon a determination that an enrollee has made a Request for Arbitration that qualifies for Arbitration, the Department shall arrange an Informal Settlement Teleconference between the parties within 30 days of notifying the enrollee that the enrollee's Request for Arbitration qualifies for Arbitration required by Section R20-6-2402(C)(1).
- B. Notice of Informal Settlement Teleconference. At least 14 days prior to the scheduled date, the Department shall send a Notice of Informal Settlement Teleconference to the enrollee, the enrollee's authorized representative, the health insurer, the health care provider and the health care provider's representative informing them of the date, time and instructions on how to participate in the Informal Settlement Teleconference.

- C. Health Insurer documentation. On or before the Informal Settlement Teleconference, the health insurer shall provide to the parties the enrollee's cost sharing requirements under the enrollee's health plan based on the qualifying surprise out-of-network bill.
- D. Consequences of non-participation in the Informal Settlement Teleconference. If a party fails to participate in the Informal Settlement Teleconference, it shall be subject to the following consequences:
  - 1. If the health insurer, provider or provider's representative fails to participate in an Informal Settlement Teleconference scheduled by the Department, the participating party may notify the Department which shall promptly schedule the Arbitration. The non-participating party shall pay the entire cost of the Arbitration.
  - 2. If the enrollee or the enrollee's authorized representative fails to participate in the original Informal Settlement Teleconference, the original Informal Settlement Teleconference is terminated.
  - 3. If the enrollee or the enrollee's authorized representative fails to participate in a rescheduled Informal Settlement Teleconference, the enrollee's Request for Arbitration is terminated.
- E. One-time opportunity for the enrollee to reschedule the Informal Settlement Teleconference. If the enrollee or the enrollee's representative fails to participate in the Informal Settlement Teleconference originally scheduled by the Department, the enrollee may request that the Department reschedule the Informal Settlement Conference. The enrollee's request to reschedule must be received by the Department within 14 days after the originally scheduled Informal Settlement Teleconference. Failure to submit a request to the Department to reschedule the Informal Settlement Teleconference within the 14 day period terminates the enrollee's Request for Arbitration.
- F. Notification to the Department after the Informal Settlement Teleconference. Within seven days after the date of the Informal Settlement Teleconference, the health insurer shall:
  - 1. Notify the Department whether a settlement was reached between the parties; and
  - 2. If a settlement was reached, notify the Department of the terms of the settlement on a form prescribed by the Department.
- G. Failure to settle. If the parties fail to settle the qualifying surprise out-of-network bill at the Informal Settlement Teleconference, the Department shall arrange for the Arbitration.
- H. Settlement. If the parties settle the qualifying surprise out-of-network bill at the Informal Settlement Teleconference, the health insurer shall remit its portion of the payment to the health care provider within 30 days after the Informal Settlement Teleconference. A claim that is reprocessed by a health insurer as a result of informal settlement is not in violation of A.R.S. § 20-3102(L).

**Historical Note**

New Section made by exempt rulemaking at 25 A.A.R. 155, effective January 2, 2019 (Supp. 19-1).

**R20-6-2404. Arbitrators**

- A. Contracted entities. The Department shall contract with one or more persons to provide Arbitrators. The Department must have a list of at least four Arbitrators to assign to Arbitrations. The Department shall publish the list of contracted entities and a list of each entity's qualified Arbitrators on its website.

## TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- B. Arbitrator Qualifications.** Any person contracting with the Department must be able to provide Arbitrators who possess at least three years of experience in health care services claims.
- C. Alternative Arbitrators.** A health insurer and provider may mutually agree to use an Alternative Arbitrator if either the health insurer or the health care provider objects to an Arbitrator appointed by the Department.
- D. Appointment of an Arbitrator.**
  - 1. The Department shall appoint an Arbitrator for each Arbitration.
  - 2. If the health insurer and health care provider do not agree to the Arbitrator appointed by the Department, they shall either:
    - a. Mutually agree to use an Alternative Arbitrator; or
    - b. Participate in the following procedure:
      - i. The Department shall assign three Arbitrators.
      - ii. The health insurer shall strike one Arbitrator.
      - iii. The health care provider shall strike one Arbitrator.
      - iv. If one Arbitrator remains, the Department shall appoint the remaining Arbitrator to the Arbitration.
      - v. If the health insurer and health care provider strike the same Arbitrator, the Department shall randomly assign the Arbitrator from the remaining two Arbitrators.

**Historical Note**

New Section made by exempt rulemaking at 25 A.A.R. 155, effective January 2, 2019 (Supp. 19-1).

**R20-6-2405. Before the Arbitration**

- A. Enrollee's duties.** Before the Arbitration, the enrollee shall:
  - 1. Pay or make arrangements in writing to pay to the health care provider the amount stated by the health insurer in the Informal Settlement Teleconference which shall be the total amount of the enrollee's cost sharing requirements due for the health care services that are the subject of the qualifying surprise out-of-network bill.
  - 2. Pay to the health care provider any amount that the enrollee has received from the health insurer as payment for the health care services that are the subject of the qualifying surprise out-of-network bill.
- B. Health insurer's duties.** Before the Arbitration, the health insurer shall remit any amount due to the health care provider if the health care insurer pays for out-of-network services directly to health care providers and the health insurer has not remitted any amounts due.

**Historical Note**

New Section made by exempt rulemaking at 25 A.A.R. 155, effective January 2, 2019 (Supp. 19-1).

**R20-6-2406. The Arbitration**

- A. Conduct of Arbitration.** An Arbitration of a qualifying out-of-network surprise bill shall be conducted:
  - 1. Telephonically unless the parties agree otherwise;
  - 2. With or without the enrollee's participation;
  - 3. Within 120 days after the Department's Notice of Arbitration unless agreed otherwise by the parties; and
  - 4. For a maximum duration of four hours unless agreed otherwise by the parties.
- B. Arbitrator's Determination.** The Arbitrator or Alternative Arbitrator shall determine the amount the health care provider is entitled to receive as payment for the health care services that are the subject of the qualifying surprise out-of-network bill.
- C. Allowable Evidence.** The Arbitrator or Alternative Arbitrator shall allow each party to provide relevant information for evaluating the qualifying surprise out-of-network bill including:
  - 1. The average contracted amount that the health insurer pays for the health care services at issue in the county where the health care provider performed the health care services;
  - 2. The average amount that the health care provider has contracted to accept for the health care services at issue in the county where the health care provider performed the services;
  - 3. The amount Medicare and Medicaid pay for the health care services at issue;
  - 4. The health care provider's direct pay rate for the health care services at issue, if any, under A.R.S. § 32-3216;
  - 5. Any information that would be evaluated in determining whether a fee is reasonable under title 32 and not excessive for the health care services at issue, including the usual and customary charges for the health care services at issue performed by a health care provider in the same or similar specialty and provided in the same geographic area; and
  - 6. Any other reliable sources of information, including databases, that provide the amount paid for the health care services at issue in the county where the health care provider performed the services.
- D. Final Written Decision.** Within 10 business days following the Arbitration, the Arbitrator or Alternative Arbitrator shall issue a Final Written Decision and provide a copy to the enrollee, the health insurer, the health care provider, the health care provider's billing company (if applicable) and the health care provider's authorized representative (if applicable).
- E. Payment of the claim.** The health insurer shall remit its portion of the payment awarded by the Arbitrator or Alternative Arbitrator to the health care provider within 30 days of the date of the Final Written Decision. A claim that is reprocessed by a health insurer as a result of the Arbitration is not in violation of A.R.S. § 20-3102(L).
- F. Payment of the Costs of Arbitration.** The health insurer and health care provider shall make payment arrangements with the Arbitrator or Alternative Arbitrator to pay their respective shares of the costs of the Arbitration within 30 days after the date of the Final Written Decision. The respective shares of the costs of Arbitration are determined as follows:
  - 1. The enrollee is not responsible for any portion of the cost of the Arbitration.
  - 2. The health insurer and the health care provider shall share the costs of the Arbitration equally unless one of the following exceptions applies:
    - a. The health insurer and health care provider agree to share the costs of the Arbitration in non-equal portions.
    - b. The health insurer pays the entire cost of the Arbitration for failing to participate in the Informal Settlement Teleconference after receiving proper notice from the Department.
    - c. The health care provider or the health care provider's representative pays the entire cost of the Arbitration for failing to participate in the Informal Settlement Teleconference after receiving proper notice from the Department.

## CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- G.** Confidentiality. In connection with the Arbitration of a qualifying surprise out-of-network bill, all of the following apply:
1. All pricing information provided by a health insurer or health care provider is confidential.
  2. Pricing information provided by a health insurer or health care provider may not be disclosed by the Arbitrator, Alternative Arbitrator or any other party participating in the Arbitration.
  3. Pricing information provided by a health insurer or health care provider may not be used by anyone, except the party providing the information, for any purpose other than to resolve the qualifying surprise out-of-network bill.
  4. All information received by the Department in connection with the Arbitration is confidential and may not be disclosed to any person except the Arbitrator or Alternative Arbitrator.
- H.** Arbitrator's Report. At the conclusion of each Arbitration, the Arbitrator shall produce a report to the Department that contains the following information:
1. Date of Arbitration;
  2. Date the Arbitrator issued the Final Written Decision;
  3. Whether the parties settled the qualifying surprise out-of-network bill during the Arbitration;
  4. The initial amount billed by the health care provider;
  5. The payment amount awarded to the health care provider; and
  6. Any other information the Department may request an Arbitrator to report prior to an Arbitration.
