PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The Code is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

If the member has less than 12 consecutive months in which the member received Compensation immediately preceding the first month of Compensation used to calculate the member's retirement benefit, then the ASRS will calculate the member's Baseline Salary as the total of the 12 months of Compensation the member received:
 - a. Starting with the first month of Compensation the member received in the 12 months immediately preceding the member's Average Monthly Compensation, or within the Average Monthly Compensation; and
 - b. Ending with the 12th month of Compensation the member received after the first month of Compensation used in subsection (A)(2)(a).

- B. Upon a member's retirement on or after January 1, 2018, the ASRS shall compare the member's Baseline Salary to the Average Monthly Compensation used to calculate the member's retirement benefit in order to determine whether an Employer utilized a Termination Incentive Program as defined in A.R.S. § 38-749(D)(1). This subsection only applies to members who earned the Compensation used to calculate the member's Baseline Salary, on or after July 1, 2005.
- C. Upon determining that a Termination Incentive Program exists under subsection (B), the ASRS shall send a Request for Documentation to the Employer through the Employer's secure ASRS account, in order to notify the Employer that the ASRS has identified a Termination Incentive Program for a particular member and the Employer may be required to pay the ASRS for the unfunded liability resulting from the Termination Incentive Program, unless the Employer can prove the increase in the member's salary was the result of a Promotion.

- G. If the Employer does not respond to the Request for Documentation within 90 days of the date on the Request for Documentation, the ASRS shall determine that the increase in the member's salary was not the result of a Promotion.

TITLE 2. ADMINISTRATION

CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

- H. If the ASRS determines that the increase in the member's salary was not the result of a Promotion pursuant to subsections (F) or (G), the ASRS shall calculate the unfunded liability amount pursuant to subsection (I).
- I. In consultation with the ASRS actuary, the ASRS shall use the calculation under subsection (B) to calculate the unfunded liability resulting from the implementation of the Employer's Termination Incentive Program.
- J. Upon calculating an unfunded liability amount pursuant to subsection (I), the ASRS shall send a Termination Incentive Program Liability Invoice to the Employer through the Employer's secure ASRS account, in order to notify the Employer of the unfunded liability amount the Employer shall owe to the ASRS as a result of implementing the Termination Incentive Program identified under subsection (B).

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “*Rule*’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2025 is cited as Supp. 25-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. The Office links to these codified Sections in the Table of Contents of this Chapter.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2025 is cited as Supp. 25-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. The Office links to these codified Sections in the Table of Contents of this Chapter.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2025 is cited as Supp. 25-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. The Office links to these codified Sections in the Table of Contents of this Chapter.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

TITLE 4. PROFESSIONS AND OCCUPATIONS

CHAPTER 11. STATE BOARD OF DENTAL EXAMINERS

ARTICLE 1. DEFINITIONS AND LICENSEE PARTICIPATION**R4-11-101. Definitions**

The following definitions, and definitions in A.R.S. § 32-1201, apply to this Chapter:

“Analgesia” means a state of decreased sensibility to pain produced by using nitrous oxide and oxygen with or without Local Anesthesia.

“Business Entity” means a business organization that offers to the public professional services regulated by the Board and is established under the laws of any state or foreign country, including a sole practitioner, partnership, limited liability partnership, corporation, and limited liability company, unless specifically exempted by A.R.S. § 32-1213(J).

“Calculus” means a hard, mineralized deposit attached to the teeth.

“Charitable Dental Clinic or Organization” means a non-profit organization meeting the requirements of 26 U.S.C. 501(c)(3) and providing dental, dental therapy, or dental hygiene services.

“Clinical evaluation” means a dental examination of a patient named in a complaint regarding the patient’s dental condition as it exists at the time the examination is performed.

“Controlled substance” has the meaning prescribed in A.R.S. § 36-2501(A)(3).

“Credit hour” means one clock hour of participation in a Recognized Continuing Dental Education program.

“Deep sedation” is a Drug-induced depression of consciousness during which a patient cannot be easily aroused but responds purposefully following repeated or painful stimulation. The ability to independently maintain ventilatory function may be impaired. The patient may require assistance in maintaining a patent airway, and spontaneous ventilation may be inadequate. Cardiovascular function is maintained.

“Dentist of record” means a dentist who examines, diagnoses, and formulates treatment plans for a patient and may provide treatment to the patient.

“Direct supervision” means, for purposes of Article 7 only, that a licensed dentist is present in the office and available to provide immediate treatment or care to a patient and observe a dental assistant’s work.

“Disabled” means a dentist, dental therapist, dental hygienist, or denturist has totally withdrawn from the active practice of dentistry, dental therapy, dental hygiene, or denturism due to a permanent medical disability and based on a physician’s order.

“Documentation of attendance” means documents that contain the following information:

- Name of sponsoring entity;
- Course title;
- Number of Credit Hours;
- Name of speaker; and
- Date, time, and location of the course.

“Drug” means:

- Articles recognized, or for which standards or specifications are prescribed, in the official compendium;

Articles intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in the human body;

Articles other than food intended to affect the structure of any function of the human body; or

Articles intended for use as a component of any articles specified in this definition but does not include devices or components, parts, or accessories of devices.

“Emerging scientific technology” means any technology used in the treatment of oral disease that is not currently generally accepted or taught in a recognized dental, dental therapy, or dental hygiene school and use of the technology poses material risks.

“Epithelial attachment” means the layer of cells that extends apically from the depth of the gingival sulcus along the tooth, forming an organic attachment.

“Ex-parte communication” means a written or oral communication between a decision maker, fact finder, or Board member and one party to the proceeding, in the absence of other parties.

“General anesthesia” is a Drug-induced loss of consciousness during which the patient is not arousable, even by painful stimulation. The ability to independently maintain ventilatory function is often impaired. The patient often requires assistance in maintaining a patent airway, and positive-pressure ventilation may be required because of depressed spontaneous ventilation or Drug-induced depression of neuromuscular function. Cardiovascular function may be impaired.

“General supervision” means, for purposes of Article 7 only, a licensed dentist is available for consultation, whether or not the dentist is in the office, regarding procedures or treatment that the dentist authorizes and for which the dentist remains responsible.

“Homebound patient” means a person who is unable to receive dental care in a dental office as a result of a medically diagnosed disabling physical or mental condition.

“Irreversible procedure” means a single treatment, or a step in a series of treatments, that causes change in the affected hard or soft tissues and is permanent or may require reconstructive or corrective procedures to correct the changes.

“Licensee” means a dentist, dental therapist, dental hygienist, dental consultant, retired licensee, or person who holds a restricted permit under A.R.S. §§ 32-1237 or 32-1292.

“Local anesthesia” is the elimination of sensations, such as pain, in one part of the body by the injection of an anesthetic Drug.

“Minimal sedation” is a minimally depressed level of consciousness that retains a patient’s ability to independently and continuously maintain an airway and respond appropriately to light tactile stimulation, not limited to reflex withdrawal from a painful stimulus, or verbal command and that is produced by a pharmacological or non-pharmacological method or a combination thereof. Although cognitive function and coordination may be modestly impaired, ventilatory and cardiovascular functions are unaffected. In accord with this particular definition, the Drugs or techniques used should carry a margin of safety wide enough to render unintended loss of consciousness unlikely.

TITLE 4. PROFESSIONS AND OCCUPATIONS

CHAPTER 11. STATE BOARD OF DENTAL EXAMINERS

“Mobile dental permit holder” means a Licensee or dentist who holds a mobile permit under R4-11-1301, R4-11-1302, or R4-11-1303.

“Moderate sedation” is Drug-induced depression of consciousness during which a patient responds purposefully to verbal commands either alone or accompanied by light tactile stimulation, not limited to reflex withdrawal from a painful stimulus. No interventions are required to maintain a patent airway, and spontaneous ventilation is adequate. Cardiovascular function is maintained. The Drugs or techniques used should carry a margin of safety wide enough to render unintended loss of consciousness unlikely. Repeated dosing of a Drug before the effects of previous dosing can be fully recognized may result in a greater alteration of the state of consciousness than intended by the permit holder.

“Nitrous oxide analgesia” means nitrous oxide used as an inhalation analgesic.

“Official compendium” means the latest revision of the United States Pharmacopeia and the National Formulary and any current supplement.

“Oral sedation” is the enteral administration of a Drug or non-Drug substance or combination inhalation and enterally administered Drug or non-Drug substance in a dental office or dental clinic to achieve Minimal Sedation or Moderate Sedation.

“Parenteral sedation” is a minimally depressed level of consciousness that allows the patient to retain the ability to independently and continuously maintain an airway and respond appropriately to physical stimulation or verbal command and is induced by a pharmacological or non-pharmacological method or a combination of both methods of administration in which the Drug bypasses the gastrointestinal tract.

“Periodontal pocket” means a pathologic fissure bordered on one side by the tooth and on the opposite side by crevicular epithelium and limited in its depth by the Epithelial Attachment.

“Plaque” means a film-like sticky substance composed of mucoid secretions containing bacteria and toxic products, dead tissue cells, and debris.

“Polishing” means a procedure limited to the removal of Plaque and extrinsic stain from exposed natural and restored tooth surfaces that utilizes an appropriate rotary instrument with rubber cup or brush and Polishing agent. A Licensee or dental assistant shall not represent that this procedure alone constitutes an oral Prophylaxis.

Any device that is restricted by the federal act, as defined in A.R.S. § 32-1901, to use only under the supervision of a medical practitioner; or

Any device required by the federal act, as defined in A.R.S. § 32-1901, to bear on its label the legend “Rx Only.”

“Prescription-only Drug” does not include a Controlled Substance but does include:

Any Drug that, because of its toxicity or other potentiality for harmful effect, the method of its use, or the collateral measures necessary to its use, is not generally recognized among experts, qualified by scientific training and experience

to evaluate its safety and efficacy, as safe for use except by or under the supervision of a medical practitioner;

Any Drug that is limited by an approved new Drug application under the federal act or A.R.S. § 32-1962 to use under the supervision of a medical practitioner;

ARTICLE 17. REHEARING OR REVIEW**R4-11-1701. Procedure**

- A. Except as provided in subsection (F), a licensee, certificate holder, or business entity who is aggrieved by an order issued by the Board may file a written motion for rehearing or review with the Board, pursuant to A.R.S. Title 41, Chapter 6, Article 10, specifying the grounds for rehearing or review.
- B. A licensee, certificate holder, or business entity filing a motion for rehearing or review under this rule may amend the motion

at any time before it is ruled upon by the Board. The opposing party may file a response within 15 days after the date the motion for rehearing or review is filed. The Board may require that the parties file supplemental memoranda explaining the issues raised in the motion, and may permit oral argument.

- C. The Board may grant a rehearing or review of the order for any of the following causes materially affecting a licensee, certificate holder, or business entity's rights:
 1. Irregularity in the proceedings of the Board or any order or abuse of discretion, which deprived a licensee, certificate holder, or business entity of a fair hearing;
 2. Misconduct of the Board, its personnel, the administrative law judge, or the prevailing party;
 3. Accident or surprise which could not have been prevented by ordinary prudence;
 4. Excessive or insufficient penalties;
 5. Error in the admission or rejection of evidence or other errors of law occurring at the hearing or during the progress of the proceeding;
 6. That the findings of fact or decision is arbitrary, capricious, or an abuse of discretion;
 7. That the findings of fact or decision is not justified by the evidence or is contrary to law; or
 8. Newly discovered, material evidence which could not, with reasonable diligence, have been discovered and produced at the original hearing.
- D. The Board may affirm or modify the order or grant a rehearing or review to all or part of the issues for any of the reasons in subsection (C). The Board, within the time for filing a motion for rehearing or review, may grant a rehearing or review on its own initiative for any reason for which it might have granted relief on motion of a party. An order granting a rehearing or review shall specify the grounds on which rehearing or review is granted, and any rehearing or review shall cover only those matters specified.
- E. When a motion for rehearing or review is based upon affidavits, they shall be served with the motion. An opposing party may, within 15 days after such service, serve opposing affidavits.
- F. If the Board makes specific findings that the immediate effectiveness of the order is necessary for the preservation of public health and safety and that a rehearing or review is impracticable, unnecessary, or contrary to the public interest, the order may be issued as a final order without an opportunity for a rehearing or review. If an order is issued as a final order without an opportunity or rehearing or review, the aggrieved party shall make an application for judicial review of the order within the time limits permitted for application for judicial review of the Board's final order.
- G. The Board shall rule on the motion for rehearing or review within 15 days after the response has been filed, or at the Board's next meeting after the motion is received, whichever is later.

Rules codified between July 1, 2025 through September 30, 2025 are underlined in this Chapter's table of contents.

Editor's note: This Chapter contains an amendment to R4-23-411 promulgated under a Notice of Emergency Rulemaking. Since an emergency rulemaking is effective for 180 days, the original codified rules remain in the Chapter for reference if the emergency rule expires. The Board may choose to renew the emergency for an additional 180 days; or choose to let the emergency expire after 180 days. The Board may also choose to promulgate these rules under the regular rulemaking process while the emergency rules are enforced (Supp. 25-3).

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “*Rule*’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2025 is cited as Supp. 25-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. The Office links to these codified Sections in the Table of Contents of this Chapter.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “*Rule*’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2025 is cited as Supp. 25-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. The Office links to these codified Sections in the Table of Contents of this Chapter.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “*Rule*’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2025 is cited as Supp. 25-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. The Office links to these codified Sections in the Table of Contents of this Chapter.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

TITLE 4. PROFESSIONS AND OCCUPATIONS

CHAPTER 26. BOARD OF PSYCHOLOGIST EXAMINERS

Authority: A.R.S. § 32-2063(A)(9) and (12)

Supp. 25-3

Editor's Note: This Chapter contains amendments that were filed with the Secretary of State on March 3, 1995. At the time of filing, the original copy of the rulemaking package differed from the copy of the package filed at the same time. The Secretary of State uses the copy to prepare the Code supplement. The agency notified the Secretary of State that the wrong version was used. That led to the Secretary of State's discovery of the two versions filed in March 1995. The Secretary of State then used the original package to publish a corrected edition with Supp. 95-2. The Secretary of State has since been advised by the Attorney General that the original version as published with Supp. 95-1 was correct with the exception of one phrase in R4-26-207 that was inadvertently omitted. With this publication, this Chapter reflects the correct amendments, and the omitted phrase in R4-26-207 has now been added.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “*Rule*’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2025 is cited as Supp. 25-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. The Office links to these codified Sections in the Table of Contents of this Chapter.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

R6-4-202. Application for VR

- A. An individual who is an Arizona resident or who is present and available in Arizona may apply for VR.
- B. The VR Application Form shall include authorization for VR to obtain and release personal information as needed to administer VR.
- C. VR shall consider a VR Application Form submitted when an individual:
 1. Has completed and signed a VR Application Form, or has completed a common intake application form in a One-Stop Center and has requested VR services; and
 2. Has provided VR with information necessary for VR Staff to conduct an Assessment and is available to complete the Assessment so that VR is able to determine the individual's eligibility and OOS Priority Category for VR services.
- D. The parent or legal guardian of an individual under the age of 18 shall sign VR documents on behalf of the individual and shall be involved in decisions regarding VR services to the individual. An individual who has reached the age of 18 and who has not had a legal guardian appointed may sign the VR Application Form and any other VR documents requiring signature on the individual's own behalf.
- E. The date of application submittal recorded for an individual shall be the earliest date on which the application requirements described in this section have been met and the signed VR Application Form has been received in a local VR office.

R6-4-203. Eligibility for VR

- A. An Applicant for VR services shall participate in an Assessment and a determination of OOS Priority Category. The Assessment shall be conducted as required under 34 CFR 361.42.
- B. VR shall consider an Applicant eligible for VR when VR Staff determine that all of the following are met:

1. Basic requirements.
 - a. Qualified Personnel have diagnosed the Applicant with a Physical or Mental Impairment;
 - b. An Applicant's Physical or Mental Impairment constitutes or results in a Substantial Impediment to Employment; and
 - c. An Applicant requires VR services to prepare for, secure, retain, or regain an Employment Outcome consistent with the Applicant's strengths, resources, priorities, concerns, abilities, capabilities, interests, and Informed Choice.
2. Presumption of ability to benefit. VR shall presume that an Applicant who meets the eligibility requirements in subsection (B)(1) would benefit from VR services in terms of achieving an Employment Outcome unless Clear and Convincing Evidence demonstrates that the Applicant is incapable of benefiting from VR services in terms of an Employment Outcome. The demonstration of Clear and Convincing Evidence shall include, if appropriate, a Trial Work Experience, with any necessary supports, including assistive technology, in real life settings.
- C. VR shall consider an Applicant whose current eligibility for Social Security benefits under Title II or Title XVI of 42 U.S.C. 7 (Social Security Act) has been verified by VR Staff, to be presumed eligible for VR services under subsection (B) and considered at least a Priority 2 under R6-4-204(D)(2).
- D. VR shall determine an Applicant's eligibility within 60 calendar days from the date an Applicant submits a VR Application Form to VR, under R6-4-202(C), unless:
 1. Under 34 CFR 361.42, exceptional and unforeseen circumstances beyond VR's control preclude making an eligibility determination within 60 calendar days and a specific extension of time has been agreed upon by appropriate VR Staff and the Applicant; or
 2. An Applicant's ability to benefit from VR services in terms of achieving an Employment Outcome cannot be presumed due to the significance of disability and an exploration of the individual's abilities, capabilities, and capacity to perform in work situations is carried out under 34 CFR 361.42(e) precludes making an eligibility determination within 60 calendar days.
- E. If VR determines that an Applicant or VR Client does not meet, or no longer meets eligibility requirements in subsection (B)(1) and (2), VR shall:
 1. Offer the individual opportunity for consultation;
 2. Inform the individual, in writing, of the determination and reasons for the determination;
 3. Provide the individual with a notice of case closure, Appeal rights, and Client Assistance Program information;
 4. Refer the individual to federal, state, or local programs, service providers, and programs available through the one-stop service delivery system; and
 5. Review within 12 months, and annually thereafter, if requested by the individual, any ineligibility determination that is based on findings that the individual is incapable of achieving an Employment Outcome.
- F. VR Staff shall not discriminate against any Applicant or VR Client, as required under state and federal laws.

Historical Note

Adopted effective June 14, 1977 (Supp. 77-3). Section repealed; new Section R6-4-203 made by final rulemaking at 31 A.A.R. 3921 (October 3, 2025), effective November 2, 2025 (Supp. 25-3).

TITLE 6. ECONOMIC SECURITY

CHAPTER 4. DEPARTMENT OF ECONOMIC SECURITY - REHABILITATION SERVICES

R6-4-204. Order of Selection

- A.** VR shall use the information from the Assessment to the greatest extent possible when determining a VR Client's OOS Priority Category.
- B.** VR shall obtain additional evaluations from Qualified Personnel if existing records are not available or are insufficient to determine an OOS Priority Category.
- C.** VR shall determine a VR Client's OOS Priority Category by evaluating how the individual's disability restricts Functional Capacities in terms of employment and VR services needed to address any restrictions of those Functional Capacities.
- D.** VR shall assign a VR Client to an appropriate OOS Priority Category after determining eligibility and prior to planning and implementing an IPE. The OOS Priority Categories are:
 - 1. Priority 1: Most Significant Disability – a VR Client who:
 - a. Has a severe Physical or Mental Impairment that seriously restricts three or more Functional Capacities in terms of an Employment Outcome; and
 - b. Is expected to require two or more VR services provided over an extended period of time to achieve an Employment Outcome.
 - 2. Priority 2: Significant Disability – a VR Client who:
 - a. Has a severe Physical or Mental Impairment that seriously restricts one or two Functional Capacities in terms of an Employment Outcome;
 - b. Is expected to require two or more VR services provided over an extended period of time to achieve an Employment Outcome; and
 - c. Is a person with one or more of the disabilities listed in 34 CFR 361.5(c)(30)(iii).
 - 3. Priority 3: All other VR Clients with a disability who do not meet the criteria for Priority 1 or Priority 2.
- E.** When sufficient funds are not available for VR to provide the full range of VR services to all VR Clients, VR shall develop and implement the VR Client's IPE in priority order based on the application date identified in R6-4-202(D).
 - 1. Priority 1 is served first, Priority 2 is served after all VR Clients in Priority 1 are served, and Priority 3 is served after all VR Clients in Priority 1 and Priority 2 are served.
 - 2. A VR Client assigned to an OOS Priority Category who is not being served shall be notified that the individual is on a waitlist for VR services. VR shall provide the eligible Applicant information on, and a referral to, federal, state, and local resources.
- F.** VR shall not place a VR Client on the waitlist if the VR Client's IPE is implemented prior to the date the Department determines funding is not available to serve a VR Client in that VR Client's OOS Priority Category.
- G.** If a VR Client does not have an implemented IPE on the date the Department determines funding is not available to serve a VR Client in the identified OOS Priority Category, the VR Client shall be placed on a waitlist.
- H.** VR shall continue to provide Pre-employment Transition Services, regardless of OOS Priority Category, to students with disabilities who were receiving Pre-employment Transition Services prior to being determined eligible for VR services. Pre-employment Transition Services are subject to the availability of funding.

Historical Note

Adopted effective June 14, 1977 (Supp. 77-3). Section R6-4-204 repealed; new Section R6-4-204 renumbered from R6-4-401 and amended by final rulemaking at 31 A.A.R. 3921 (October 3, 2025), effective November 2, 2025 (Supp. 25-3).

 - a. A VR counselor employed by VR;
 - b. A VR counselor not employed by VR;
 - c. A disability advocacy organization; or
 - d. A Family Member, advocate, Authorized Representative, or other individual.
 - 2. The IPE is developed, to the extent possible, using data from the Assessment or data gathered from additional Assessment activities when additional data is necessary to establish the VR Client's Employment Outcome and nature and scope of VR services to be included in the IPE.
 - 3. The final IPE shall be prepared on RSA-approved forms and submitted to appropriate VR Staff for review and approval prior to the provision of services identified on the IPE.
- B.** Approval of the IPE.
 - 1. VR, through the review of original documents, shall verify that a VR Client is legally eligible to work in the United States, under the requirements of Employment Eligibility Verification set forth by the Department of Homeland Security, United States Citizenship and Immigration Services, prior to approving an IPE. If VR is unable to verify that the VR Client is legally eligible to work in the United States, VR shall provide a written notice to the VR Client stating that the VR Client's case is being closed, the reason for the case closure, and how the VR Client may request an Appeal.
 - 2. VR shall review the IPE and verify:
 - a. The chosen Employment Outcome is consistent with the information and results of the Assessment;

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2025 is cited as Supp. 25-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. The Office links to these codified Sections in the Table of Contents of this Chapter.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “*Rule*’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2025 is cited as Supp. 25-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. The Office links to these codified Sections in the Table of Contents of this Chapter.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

Authority: A.R.S. § 15-203(A)(1)

Supp. 25-3

Editor's Note: Under A.R.S. 41-1011(C) changes were made to headings and rule language for consistency in style and format. Part headings in this Chapter were assigned numbers. These changes did not alter the sense, meaning or effect of any rule in this Chapter. The Board reviewed and approved these clerical changes. Section R7-2-604.01 was inadvertently removed when Supp. 19-4 was published. It has been reinstated as last amended in Supp. 15-3 (Supp. 21-2).

Editor's Note: This Chapter contains rules in Articles 10 and 11 that were filed in 2015 but were adopted in 2014. The Office has corrected all Supp. 15-3 historical notes in these Articles to reflect the true effective year of the rules to July 1, 2014 (Supp. 18-2).

Editor's Note: This Chapter contains rules that were filed out of sequence by adoption date. The Office has made every effort to codify the previous filings with the current Chapter and update the historical references where necessary. Refer to the historical notes for more information (Supp. 16-2).

Editor's Note: Supp. 16-1 contains rules that were submitted as final exempt rules and approved by the Board February 25, 2008. Although approved by the Board in 2008, the rulemaking was not filed in the Secretary of State's Office for publication in this Chapter until 2016. The final exempt rulemaking was filed by the Board on January 6, 2016 (Supp. 16-1).

Editor's Note: Supp. 15-3 contains rules that were submitted as final exempt rules. Pursuant to the Board's rulemaking procedures a public hearing was held on the rules after they were proposed at a Board meeting. Even though the proposed rules were not published in the Register, the Office of the Secretary of State makes a distinction between exempt rulemakings and final exempt rulemakings. Final exempt rulemakings are those filed with conditional exemptions to the Arizona Administrative Procedures Act such as requirements to conduct a public hearing or accept public comments on a proposed exempt rulemaking. Although approved by the Board, these final exempt rulemakings were not filed with the Secretary of State's Office at the time of approval. Therefore these rules were in effect prior to the release of Supp. 15-3. Refer to the historical notes for effective dates.

Editor's Note: This Chapter contains rules made, amended, repealed, renumbered and approved by the State Board of Education that were exempt from the rulemaking process. Although approved by the Board, certain rulemakings were not filed with the Secretary of State's Office at the time of approval. These rulemakings were filed in 2009 and 2010 and printed as Exempt Rulemakings in the Arizona Administrative Register. The Office has expedited the publishing of these Sections in the Arizona Administrative Code because these rules were in effect prior to Supp. 09-1, Supp. 09-2, Supp. 09-3, Supp. 09-4, Supp. 10-1, Supp. 10-2, Supp. 10-3, Supp. 10-4, Supp. 11-1, and Supp. 12-2 releases. Refer to the historical notes for more information.

6. The public education agency may accept current information about the student from another state, public agency, public education agency, or through an independent educational evaluation. In such instances, the Multidisciplinary Evaluation Team shall be responsible for reviewing and approving or supplementing an evaluation to meet the requirements identified in subsections (E)(1) through (7).

In addition to the requirements for establishing and implementing an IEP consistent with R7-2-401(F) for a student determined to have a disability, each IEP for a student determined to be "blind" as assessed by R7-2-401(E)(6)(i) and defined by A.R.S. § 15-214(B), shall presume that proficiency in Braille is essential in achieving academic success unless otherwise determined by the IEP team established consistent with the regulations for the most recent reauthorization of the Individuals with Disabilities Education Act (IDEA) and in the manner provided by the most recent reauthorization of the IDEA Act for developing an IEP. An IEP developed under this Section for a student determined to be blind shall include all required provisions of A.R.S. § 15-214(A)(3), including the following:
1. The results of the individualized Braille literacy assessment.
 2. The date on which Braille instruction will begin, the methods to be used and the frequency and duration of the Braille instruction.
 3. The level of competency expected to be achieved within specified time-frames and the objective measures to be used for evaluation.
 4. The Braille materials and equipment necessary to achieve the stated expected competency gains, including ordering instructional materials to achieve the IEP-stated goals.
 5. The rationale for not providing Braille instruction if Braille is not determined to be an appropriate medium by the IEP team and is not included in the IEP.
- E. The Arizona Department of Education shall designate a central repository for publishers to, upon request, provide accessible electronic files for instructional materials used by public schools in Arizona as defined in subsection (B)(1). The central repository shall be responsible for maintaining a complete list of available accessible electronic files for instructional materials and instructional materials in specialized formats, processing requests from PEAs for instructional materials in specialized formats and providing access to these materials in specialized formats to schools throughout Arizona that are providing services to blind or other students with disabilities.
1. Upon receipt of a written request certifying to the requirements set forth in subsections (E)(1)(a) through (c) publishers shall deliver to the repository, at no additional cost and consistent with the time-frame for providing materials for students without disabilities, accessible electronic files for printed instructional materials and non-printed instructional materials. Certification shall include all of the following:
 - a. The PEA purchased a copy of the printed instructional material or non-printed instructional material for use by a student who is blind or has a visual impairment in a course that the student is attending or registered to attend;
 - b. The student who will utilize the instructional materials in a specialized format has an IEP stating that such materials and/or equipment are necessary for the student to achieve stated expected competency gains; and
 - c. The instructional materials are for use by the student in connection with a course in which he or she is enrolled, as verified by the person overseeing the education of students who are blind or visually impaired.
 2. A PEA may access the materials maintained by the central repository, upon written request, for instructional use with a student with a visual impairment, as identified by R7-2-401(E)(6)(i), who requires the use of instructional materials in a specialized format pursuant to the student's IEP.
 3. Nothing in this Section shall be construed to prohibit the central repository from assisting a student with a disability by using the electronic format version of instructional material provided pursuant to this Section solely to transcribe or arrange for the transcription of the printed instructional material into Braille or large print. In the event a Braille transcription is made, the central repository has the right to share the Braille copy of the printed instructional material with other eligible students with disabilities. The PEA will be required to return the specialized format version of the instructional material to the central repository when the student no longer needs the instructional material. The central repository may share the copies of the specialized format of the instructional material with other PEAs who have met the requirements of subsections (B) and (D) to provide services to students who require such services pursuant to R7-2-401(F)(5).
