## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “*Rule*’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2025 is cited as Supp. 25-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. The Office links to these codified Sections in the Table of Contents of this Chapter.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Editor's Note: Historical notes for Sections made, repealed or amended in Supp. 14-1 were updated to reflect the effective date as immediate per the original notice filed by the agency. A number of other publication errors have been corrected in Supplement 20-4 that should have been made in Supp. 14-1. These include: adding new Sections R9-22-301 and R9-22-302; correcting a punctuation error in R9-22-1401; repealing Sections R9-22-1407 and R9-22-1443; and the amending of R9-22-1501 (Supp. 20-4).*

*Editor's Note: The Office of the Secretary of State prints all Code Chapters on white paper (Supp 01-3).*

*Editor's Note: This Chapter contains rules which were adopted or amended under an exemption from the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6), under Laws 1992, Ch. 301, § 61 and Ch. 302, § 13, and Laws 1993, Ch. 6, § 34. Exemption from A.R.S. Title 41, Chapter 6 means that AHCCCS did not submit notice of this rulemaking to the Secretary of State's Office for publication in the Arizona Administrative Register; the Governor's Regulatory Review Council did not review these rules; AHCCCS was not required to hold public hearings on these rules; and the Attorney General did not certify these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.*

Delegation of the provision of care to a practitioner does not diminish the role or responsibility of the primary care provider.
5. A contractor shall offer a female member direct access to preventive and routine services from gynecology providers within the contractor's network without a referral from a primary care provider.
6. A member may receive physical and behavioral health services as specified in Articles 2 and 12.

## TITLE 9. HEALTH SERVICES

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- D. Services under A.R.S. § 36-2908 provided during the prior period coverage do not require prior authorization.
- E. Prior authorization is not required for services necessary to evaluate and stabilize an emergency medical condition. The Administration or a contractor shall not reimburse services that require prior authorization unless the provider documents the diagnosis and treatment.
- F. A service is not a covered service if provided outside the GSA unless one of the following applies:
  - 1. A member is referred by a primary care provider for medical specialty care outside the GSA. If a member is referred outside the GSA to receive an authorized medically necessary service, the contractor shall also provide all other medically necessary covered services for the member;
  - 2. There is a net savings in service delivery costs as a result of going outside the GSA that does not require undue travel time or hardship for a member or the member's family;
  - 3. The contractor authorizes placement in a nursing facility located out of the GSA; or
  - 4. Services are provided during prior period coverage or during the prior quarter coverage.
- G. If a member is traveling or temporarily residing outside of the GSA, covered services are restricted to emergency care services, unless otherwise authorized by the contractor.
- H. A contractor shall provide at a minimum, directly or through subcontracts, the covered services specified in this Chapter and in contract.
- I. The Administration shall determine the circumstances under which a FFS member may receive services, other than emergency services, from service providers outside the member's county of residence or outside the state. Criteria considered by the Administration in making this determination shall include availability and accessibility of appropriate care and cost effectiveness.
- J. The restrictions, limitations, and exclusions in this Article do not apply to a contractor electing to provide noncovered services.
  - 1. The Administration shall not consider the costs of providing a noncovered service to a member in the development or negotiation of a capitation rate.
  - 2. A contractor shall pay for noncovered services from administrative revenue or other contractor funds that are unrelated to the provision of services under this Chapter.
  - 3. If a member requests a service that is not covered or is not authorized by a contractor, or the Administration, an AHCCCS-registered service provider may provide the service according to R9-22-702.
- K. Subject to CMS approval, the restrictions, limitations, and exclusions specified in the following subsections do not apply to American Indians receiving services through IHS or a tribal health program operating under P.L. 93-638 when those services are eligible for 100 percent federal financial participation:

3. A change in, or addition to, an original order for DME is covered if approved by the prescriber in subsection (A), or prior authorized by the Administration or contractor, and the change or addition is indicated clearly on the order and initialed by the vendor. No change or addition to the original order for DME may be made after a claim for services is submitted to the member's contractor, or the Administration, without prior written notification of the change or addition to the Administration or the contractor.
4. Reimbursement for rental fees shall terminate:

  - e. The member obtains incontinence briefs from providers in the contractor's network;
  - f. Prior authorization has been obtained as required by the Administration, contractor, or contractor's designee. Contractors may require a new prior authorization to be issued no more frequently than every 12 months. Prior authorization will be permitted to ascertain that:

- i. The member is over age 3 and under age 21;
- ii. The member has a disability that causes incontinence of bladder or bowel, or both;
- iii. A physician has prescribed incontinence briefs as medically necessary. A physician prescription supporting medical necessity may be required for specialty briefs or for briefs different from the standard briefs supplied by the contractor; and

  7. For services rendered to a person eligible for the FESP if the provider submits a claim to the Administration in the reasonable belief that the service is for treatment of an emergency medical condition and the Administration

denies the claim because the service does not meet the criteria of R9-22-217; or

8. If the provider has received verification from the Administration that the person was not an eligible person on the date of service.
- E.** The signature requirement of subsections (D)(4), (D)(5), and (D)(6) do not apply if:
  1. The member is unable or incompetent to sign such a document, or

- F.** Except as provided for in this Section, registered providers shall not bill a member when the provider could have received reimbursement from the Administration or a contractor but for the provider's failure to file a claim in accordance with the requirements of AHCCCS statutes, rules, the provider agreement, or contract, such as, but not limited to, requirements to request and obtain prior authorization, timely filing, and clean claim requirements.

  - b. Twelve months from the date of eligibility posting.
- C. Date of claim.
  1. A contractor's date of receipt of an inpatient or an outpatient hospital claim is the date the claim is received by the contractor as indicated by the date stamp on the claim, the system-generated claim reference number, or the system-generated date-specific number assigned by the contractor.
  2. A hospital claim is considered paid on the date indicated on the disbursement check.
  3. A denied hospital claim is considered adjudicated on the date of the claim's denial.

- D. Payment for in-state inpatient hospital services for claims with discharge dates on or before September 30, 2014. A contractor shall reimburse an in-state provider of inpatient hospital services rendered with a discharge date on or before September 30, 2014, at either a rate specified by subcontract or, in absence of the subcontract, the prospective tiered-per-diem amount in A.R.S. § 36-2903.01 and this Article. Subcontract rates, terms, and conditions are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715. This subsection does not apply to an urban contractor as specified in R9-22-718 and A.R.S. § 36-2905.01.

- I. Payment for observation days. A contractor shall reimburse a provider and a noncontracting provider for the provision of observation days at either a rate specified by subcontract or, in the absence of a subcontract, as prescribed under R9-22-712, R9-22-712.10, and R9-22-712.45.
- J. Review of claims and coverage for hospital supplies.
  1. A contractor may conduct a review of any claims submitted and recoup any payments made in error.
  2. A hospital shall obtain prior authorization from the appropriate contractor for nonemergency admissions. When issuing prior authorization, a contractor shall consider the medical necessity of the service, and the availability and cost effectiveness of an alternative treatment. Failure to obtain prior authorization when required is cause for nonpayment or denial of a claim. A contractor shall not require prior authorization for medically necessary services provided during any prior period for which the contractor is responsible. If a contractor and a hospital agree to a subcontract, the parties shall abide by the terms of the subcontract regarding utilization control activities. A hospital shall cooperate with a contractor's reasonable activities necessary to perform concurrent review and shall make the hospital's medical records pertaining to a member enrolled with a contractor available for review.
  3. Regardless of prior authorization or concurrent review activities, a contractor may make prepayment or post-payment review of all claims, including but not limited to a hospital claim. A contractor may recoup an erroneously paid claim. If prior authorization was given for an inpatient hospital admission, a specific service, or level of care but subsequent medical review indicates that the admission, the service, or level of care was not medically appropriate, the contractor shall adjust the claim payment.

- G. Outpatient hospital reimbursement.** The Administration shall pay for covered outpatient hospital services provided to eligible persons with dates of service from March 1, 1993 through June 30, 2005, at the AHCCCS outpatient hospital cost-to-charge ratio, multiplied by the amount of the covered charges.
1. **Computation of outpatient hospital reimbursement.** The Administration shall compute the cost-to-charge ratio on a hospital-specific basis by determining the covered charges and costs associated with treating eligible persons in an outpatient setting at each hospital. Outpatient operating and capital costs are included in the computation but outpatient medical education costs that are included in the inpatient medical education component are excluded. To calculate the outpatient hospital cost-to-charge ratio annually for each hospital, the Administration shall use each hospital's Medicare Cost Reports and a database consisting of outpatient hospital claims paid and encounters processed by the Administration for each hospital, subjecting both to the data requirements specified in R9-22-712.01. The Administration shall use the following methodology to establish the outpatient hospital cost-to-charge ratios:
    - a. **Cost-to-charge ratios.** The Administration shall calculate the costs of the claims and encounters for outpatient hospital services by multiplying the ancillary line item cost-to-charge ratios by the covered charges for corresponding revenue codes on the claims and encounters. Each hospital shall provide the Administration with information on how the revenue codes used by the hospital to categorize charges on claims and encounters correspond to the ancillary line items on the hospital's Medicare Cost Report. The Administration shall then compute the overall outpatient hospital cost-to-charge ratio for each hospital by taking the average of the ancillary line items cost-to-charge ratios for each revenue code weighted by the covered charges.
    - b. **Cost-to-charge limit.** To comply with 42 CFR 447.325, the Administration may limit cost-to-charge ratios to 1.00 for each ancillary line item from the Medicare Cost Report. The Administration shall remove ancillary line items that are non-covered or not applicable to outpatient hospital services from the Medicare Cost Report data for purposes of computing the overall outpatient hospital cost-to-charge ratio.
  2. **New hospitals.** The Administration shall reimburse new hospitals at the weighted statewide average outpatient hospital cost-to-charge ratio multiplied by covered charges. The Administration shall continue to use the statewide average outpatient hospital cost-to-charge ratio for a new hospital until the Administration rebases the outpatient hospital cost-to-charge ratios and the new hospital has a Medicare Cost Report for the fiscal year being used in the rebasing.
  3. **Specialty outpatient services.** The Administration may negotiate, at any time, reimbursement rates for outpatient hospital services in a specialty facility.
  4. **Reimbursement requirements.** To receive payment from the Administration, a hospital shall submit claims that are legible, accurate, error free, and have a covered charge greater than zero. The Administration shall not reimburse hospitals for emergency room treatment, observation hours or days, or other outpatient hospital services performed on an outpatient basis, if the eligible person is admitted as an inpatient to the same hospital directly from the emergency room, observation area, or other outpatient department. Services provided in the emergency room, observation area, and other outpatient hospital services provided before the hospital admission are included in the tiered per diem payment.
  5. **Rebasing.** The Administration shall rebase the outpatient hospital cost-to-charge ratios at least every four years but no more than once a year using updated Medicare Cost Reports and claim and encounter data.
  6. If a hospital files an increase in its charge master for an existing outpatient service provided on or after July 1, 2004, and on or before June 30, 2005, which represents an aggregate increase in charges of more than 4.7%, the Administration shall adjust the hospital-specific cost-to-charge ratio as calculated under subsection (G)(1) through (5) by applying the following formula:  

$$CCR * [1.047 / (1 + \% \text{ increase})]$$
 Where "CCR" means the hospital-specific cost-to-charge ratio as calculated under subsection (G)(1) through (5) and "% increase" means the aggregate percentage increase in charges for outpatient services shown on the hospital charge master.  
 "Charge master" means the schedule of rates and charges as described under A.R.S. § 36-436 and the rules that relate to those rates and charges that are filed with the Director of the Arizona Department of Health Services.

**Historical Note**

1658, effective August 2, 2011 (Supp. 11-3). Amended by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.01. Inpatient Hospital Reimbursement for claims with admission dates and discharge dates from October 1, 1998 through September 30, 2014**

Inpatient hospital reimbursement. The Administration shall pay for covered inpatient acute care hospital services provided to eligible persons for claims with admission dates and discharge dates from October 1, 1998 through September 30, 2014, on a prospective reimbursement basis. The prospective rates represent payment in full, excluding quick-pay discounts, slow-pay penalties, and third-party payments for both accommodation and ancillary department services. The rates include reimbursement for operating and capital costs. The Administration shall make reimbursement for direct graduate medical education as described in A.R.S. § 36-2903.01. For payment purposes, the Administration shall classify each AHC-CCS inpatient hospital day of care into one of several tiers appropriate to the services rendered. The rate for a tier is referred to as the tiered per diem rate of reimbursement. The number of tiers is seven and the maximum number of tiers payable per continuous stay is two. Payment of outlier claims, transplant claims, or payment to out-of-state hospitals, freestanding psychiatric hospitals, and other specialty facilities may differ from the inpatient hospital tiered per diem rates of reimbursement described in this Section.

1. Tier rate data. The Administration shall base tiered per diem rates effective on and after October 1, 1998 on Medicare Cost Reports for Arizona hospitals for the fiscal year ending in 1996 and a database consisting of inpatient hospital claims and encounters for dates of service matching each hospital's 1996 fiscal year end.
  - a. Medicare Cost Report data. Because Medicare Cost Report years are not standard among hospitals and were not audited at the time of the rate calculation, the Administration shall inflate all the costs to a common point in time as described in subsection (2) for each component of the tiered per diem rates. The Administration shall not make any changes to the tiered per diem rates if the Medicare Cost Report data are subsequently updated or adjusted. If a single Medicare Cost Report is filed for more than one hospital, the Administration shall allocate the costs to each of the respective hospitals. A hospital shall submit information to assist the Administration in this allocation.
  - b. Claim and encounter data. For the database, the Administration shall use only those inpatient hospital claims paid by the Administration and encounters that were accepted and processed by the Administration at the time the database was developed for rates effective on and after October 1, 1998. The Administration shall subject the claim and encounter data to a series of data quality, reasonableness, and integrity edits and shall exclude from the database or adjust claims and encounters that fail these edits. The Administration shall also exclude from the database the following claims and encounters:
    - i. Those missing information necessary for the rate calculation,
    - ii. Medicare crossovers,
    - iii. Those submitted by freestanding psychiatric hospitals, and
    - iv. Those for transplant services or any other hospital service that the Administration would pay on a basis other than the tiered per diem rate.
2. Tier rate components. The Administration shall establish inpatient hospital prospective tiered per diem rates based on the sum of the operating and capital components. The rate for the operating component is a statewide rate for each tier except for the NICU and Routine tiers, which are based on peer groups. The rate for the capital component is a blend of statewide and hospital-specific values, as described in A.R.S. § 36-2903.01. The Administration shall use the following methodologies to establish the rates for each of these components.
  - a. Operating component. Using the Medicare Cost Reports and the claim and encounter database, the Administration shall compute the rate for the operating component as follows:
    - i. Data preparation. The Administration shall identify and group into department categories, the Medicare Cost Report data that provide ancillary department cost-to-charge ratios and accommodation costs per day. To comply with 42 CFR 447.271, the Administration shall limit cost-to-charge ratios to 1.00 for each ancillary department.
    - ii. Operating cost calculation. To calculate the rate for the operating component, the Administration shall derive the operating costs from claims and encounters by combining the Medicare Cost Report data and the claim and encounter database for all hospitals. In performing this calculation, the Administration shall match the revenue codes on the claims and encounters to the departments in which the line items on the Medicare Cost Reports are grouped. The ancillary department cost-to-charge ratios for a particular hospital are multiplied by the covered ancillary department charges on each of the hospital's claims and encounters. The AHCCCS inpatient days of care on the particular hospital's claims and encounters are multiplied by the corresponding accommodation costs per day from the hospital's Medicare Cost Report. The ancillary cost-to-charge ratios and accommodation costs per day do not include medical education and capital costs. The Administration shall inflate the resulting operating costs for the claims and encounters of each hospital to a common point in time, December 31, 1996, using the DRI inflation factor and shall reduce the operating costs for the hospital by an audit adjustment factor based on available national data and Arizona historical experience in adjustments to Medicare reimbursable costs. The Administration shall further inflate operating costs to the midpoint of the rate year (March 31, 1999).
    - iii. Operating cost tier assignment. After calculating the operating costs, the Administration shall assign the claims and encounters used in the calculation to tiers based on diagnosis, procedure, or revenue codes, or NICU classification level, or a combination of these. For the NICU tier, the Administration shall further

## TITLE 9. HEALTH SERVICES

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- assign claims and encounters to NICU Level II or NICU Level III peer groups, based on the hospital's certification by the Arizona Perinatal Trust. For the Routine tier, the Administration shall further assign claims and encounters to the general acute care hospital or rehabilitation hospital peer groups, based on state licensure by the Department of Health Services. For claims and encounters assigned to more than one tier, the Administration shall allocate ancillary department costs to the tiers in the same proportion as the accommodation costs. Before calculating the rate for the operating component, the Administration shall identify and exclude any claims and encounters that are outliers as defined in subsection (6).
- iv. Operating rate calculation. The Administration shall set the rate for the operating component for each tier by dividing total statewide or peer group hospital costs identified in this subsection within the tier by the total number of AHCCCS inpatient hospital days of care reflected in the claim and encounter database for that tier.
  - b. Capital component. For rates effective October 1, 1999 the capital component is calculated as described in A.R.S. § 36-2903.01.
  - c. Statewide inpatient hospital cost-to-charge ratio. For dates of service prior to October 1, 2007, the statewide inpatient hospital cost-to-charge ratio is used for payment of outliers, as described in subsections (4), (5), and (6), and out-of-state hospitals, as described in R9-22-712(B). The Administration shall calculate the AHCCCS statewide inpatient hospital cost-to-charge ratio by using the Medicare Cost Report data and claim and encounter database described in subsection (1) and used to determine the tiered per diem rates. For each hospital, the covered inpatient days of care on the claims and encounters are multiplied by the corresponding accommodation costs per day from the Medicare Cost Report. Similarly, the covered ancillary department charges on the claims and encounters are multiplied by the ancillary department cost-to-charge ratios. The accommodation costs per day and the ancillary department cost-to-charge ratios for each hospital are determined in the same way described in subsection (2)(a) but include costs for operating and capital. The Administration shall then calculate the statewide inpatient hospital cost-to-charge ratio by summing the covered accommodation costs and ancillary department costs from the claims and encounters for all hospitals and dividing by the sum of the total covered charges for these services for all hospitals.
  - d. Unassigned tiered per diem rates. If a hospital has an insufficient number of claims to set a tiered per diem rate, the Administration shall pay that hospital the statewide average rate for that tier.
3. Tier assignment. The Administration shall assign AHCCCS inpatient hospital days of care to tiers based on information submitted on the inpatient hospital claim or encounter including diagnosis, procedure, or revenue codes, peer group, NICU classification level, or a combination of these.
    - a. Tier hierarchy. In assigning claims for AHCCCS inpatient hospital days of care to a tier, the Administration shall follow the Hierarchy for Tier Assignment through September 30, 2014 in R9-22-712.09. The Administration shall not pay a claim for inpatient hospital services unless the claim meets medical review criteria and the definition of a clean claim. The Administration shall not pay for a hospital stay on the basis of more than two tiers, regardless of the number of interim claims that are submitted by the hospital.
    - b. Tier exclusions. The Administration shall not assign to a tier or pay AHCCCS inpatient hospital days of care that do not occur during a period when the person is eligible. Except in the case of death, the Administration shall pay claims in which the day of admission and the day of discharge are the same, termed a same day admit and discharge, including same day transfers, as an outpatient hospital claim. The Administration shall pay same day admit and discharge claims that qualify for either the maternity or nursery tiers based on the lesser of the rate for the maternity or nursery tier, or the outpatient hospital fee schedule.
    - c. Seven tiers. The seven tiers are:
      - i. Maternity. The Administration shall identify the Maternity Tier by a primary diagnosis code. If a claim has an appropriate primary diagnosis, the Administration shall pay the AHCCCS inpatient hospital days of care on the claim at the maternity tiered per diem rate.
      - ii. NICU. The Administration shall identify the NICU Tier by a revenue code. A hospital does not qualify for the NICU tiered per diem rate unless the hospital is classified as either a NICU Level II or NICU Level III perinatal center by the Arizona Perinatal Trust. The Administration shall pay AHCCCS inpatient hospital days of care on the claim that meet the medical review criteria for the NICU tier and have a NICU revenue code at the NICU tiered per diem rate. The Administration shall pay any remaining AHCCCS inpatient hospital day on the claim that does not meet NICU Level II or NICU Level III medical review criteria at the nursery tiered per diem rate.
      - iii. ICU. The Administration shall identify the ICU Tier by a revenue code. The Administration shall pay AHCCCS inpatient hospital days of care on the claim that meets the medical review criteria for the ICU tier and has an ICU revenue code at the ICU tiered per diem rate. The Administration may classify any AHCCCS inpatient hospital days on the claim without an ICU revenue code, as surgery, psychiatric, or routine tiers.
      - iv. Surgery. The Administration shall identify the Surgery Tier by a revenue code and a valid surgical procedure code that is not on the AHCCCS excluded surgical procedure list. The excluded surgical procedure list identifies minor procedures such as sutures that do not require the same hospital resources as other procedures. The Administration shall only split

## TITLE 9. HEALTH SERVICES

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- a surgery tier with an ICU tier. AHCCCS shall pay at the surgery tier rate only when the surgery occurs on a date during which the member is eligible.
- v. Psychiatric. The Administration shall identify the Psychiatric Tier by either a psychiatric revenue code and a psychiatric diagnosis or any routine revenue code if all diagnosis codes on the claim are psychiatric. The Administration shall not split a claim with AHCCCS inpatient hospital days of care in the psychiatric tier with any tier other than the ICU tier.
  - vi. Nursery. The Administration shall identify the Nursery Tier by a revenue code. The Administration shall not split a claim with AHCCCS inpatient hospital days of care in the nursery tier with any tier other than the NICU tier.
  - vii. Routine. The Administration shall identify the Routine Tier by revenue codes. The routine tier includes AHCCCS inpatient hospital days of care that are not classified in another tier or paid under any other provision of this Section. The Administration shall not split the routine tier with any tier other than the ICU tier.
4. Annual update. The Administration shall annually update the inpatient hospital tiered per diem rates through September 30, 2011.
  5. New hospitals. For rates effective on and after October 1, 1998, the Administration shall pay new hospitals the statewide average rate for each tier, as appropriate. The Administration shall update new hospital tiered per diem rates through September 30, 2011.
  6. Outliers. The Administration shall reimburse hospitals for AHCCCS inpatient hospital days of care identified as outliers under this Section by multiplying the covered charges on a claim by the Medicare Urban or Rural Cost-to-Charge Ratio. The Urban cost-to-charge ratio will be used for hospitals located in a county of 500,000 residents or more. The Rural cost-to-charge ratio will be used for hospitals located in a county of fewer than 500,000 residents.
    - a. Outlier criteria. For rates effective on and after October 1, 1998, the Administration set the statewide outlier cost threshold for each tier at the greater of three standard deviations from the statewide mean operating cost per day within the tier, or two standard deviations from the statewide mean operating cost per day across all the tiers. If the covered costs per day on a claim exceed the urban or rural cost threshold for a tier, the claim is considered an outlier. Outliers will be paid by multiplying the covered charges by the applicable Medicare Urban or Rural CCR. The resulting amount will be the outlier payment. If there are two tiers on a claim, the Administration shall determine whether the claim is an outlier by using a weighted threshold for the two tiers. The weighted threshold is calculated by multiplying each tier rate by the number of AHCCCS inpatient hospital days of care for that tier and dividing the product by the total tier days for that hospital. Routine maternity stays shall be excluded from outlier reimbursement. A routine maternity is any one-day stay with a delivery of one or two babies. A routine maternity stay will be paid at tier.
    - b. Update. The CCR is updated annually by the Administration for dates of service beginning October 1, using the most current Medicare cost-to-charge ratios published or placed on display by CMS by August 31 of that year. The Administration shall update the outlier cost thresholds for each hospital through September 30, 2011 as described under A.R.S. § 36-2903.01. For inpatient hospital admissions with begin dates of service on and after October 1, 2011, AHCCCS will increase the outlier cost thresholds by 5% of the thresholds that were effective on September 30, 2011.
    - c. Medicare Cost-to-Charge Ratio Phase-In. AHCCCS shall phase in the use of the Medicare Urban or Rural Cost-to-Charge Ratios for outlier determination, calculation and payment. The three-year phase-in does not apply to out-of-state or new hospitals.
      - i. Medicare Cost-to-Charge Ratio Phase-In outlier determination and threshold calculation. For outlier claims with dates of service on or after October 1, 2007 through September 30, 2008, AHCCCS shall adjust each hospital specific inpatient cost-to-charge ratio in effect on September 30, 2007 by subtracting one-third of the difference between the hospital specific inpatient cost-to-charge ratio and the effective Medicare Urban or Rural Cost-to-Charge Ratio. For outlier claims with dates of service on or after October 1, 2008 through September 30, 2009, AHCCCS shall adjust each hospital specific inpatient cost-to-charge ratio in effect on September 30, 2007 by subtracting two-thirds of the difference between the hospital specific inpatient cost-to-charge ratio and the effective Medicare Urban or Rural Cost-to-Charge Ratio. The adjusted hospital specific inpatient cost-to-charge ratios shall be used for all calculations using the Medicare Urban or Rural Cost-to-Charge Ratios, including outlier determination, and threshold calculation.
      - ii. Medicare Cost-to-Charge Ratio Phase-In calculation for payment. For payment of outlier claims with dates of service on or after October 1, 2007 through September 30, 2008, AHCCCS shall adjust the statewide inpatient hospital cost-to-charge ratio in effect on September 30, 2007 by subtracting one-third of the difference between the statewide inpatient hospital cost-to-charge ratio and the effective Medicare urban or rural cost-to-charge ratio. For payment of outlier claims with dates of service on or after October 1, 2008 through September 30, 2009, AHCCCS shall adjust the statewide inpatient hospital cost-to-charge ratio in effect on September 30, 2007 by subtracting two-thirds of the difference between the statewide inpatient hospital cost-to-charge ratio and the effective Medicare urban or rural cost-to-charge ratio.
      - iii. Medicare Cost-to-Charge Ratio for outlier determination, threshold calculation, and payment. For outlier claims with dates of service on or after October 1, 2009, the full Medicare

## TITLE 9. HEALTH SERVICES

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Urban or Rural Cost-to-Charge Ratios shall be utilized for all outlier calculations.

- d. Cost-to-Charge Ratio used for qualification and payment of outlier claims.
  - i. For qualification and payment of outlier claims with begin dates of service on or after April 1, 2011 through September 30, 2011, the CCR will be equal to 95% of the ratios in effect on October 1, 2010.
  - ii. For qualification and payment of outlier claims with begin dates of service on or after October 1, 2011, the CCR will be equal to 90.25% of the most recent published Urban or Rural Medicare CCR as described in subsection (6)(b).
  - iii. For qualification and payment of outlier claims with begin dates of service on or after October 1, 2011 through September 30, 2012, AHCCCS will reduce the cost-to-charge ratio determined under subsection (6)(d)(ii) for a hospital that filed a charge master with ADHS on or after April 1, 2011 by an additional percentage equal to the total percent increase reported on the charge master.
  - iv. Subject to approval by CMS, for qualification and payment of outlier claims with begin dates of service on or after October 1, 2012, AHCCCS will reduce the cost-to-charge ratio determined under subsection (6)(d)(ii) for a hospital that filed a charge master with ADHS on or after June 1, 2012 by an additional percentage equal to the total percent increase reported on the charge master.
7. Transplants. The Administration shall reimburse hospitals for an AHCCCS inpatient stay in which a covered transplant as described in R9-22-206 is performed through the terms of the relevant contract. If the Administration and a hospital that performs transplant surgery on an eligible person do not have a contract for the transplant surgery, the Administration shall not reimburse the hospital more than what would have been paid to the contracted hospital for that same surgery.
8. Ownership change. The Administration shall not change any of the components of a hospital's tiered per diem rates upon an ownership change.
9. Psychiatric hospitals. The Administration shall pay free-standing psychiatric hospitals an all-inclusive per diem rate based on the contracted rates used by the Department of Health Services.
10. Specialty facilities. The Administration may negotiate, at any time, reimbursement rates for inpatient specialty facilities or inpatient hospital services not otherwise addressed in this Section as provided by A.R.S. § 36-2903.01. For purposes of this subsection, "specialty facility" means a facility where the service provided is limited to a specific population, such as rehabilitative services for children.
11. Outliers for new hospitals. Outliers for new hospitals will be calculated using the Medicare Urban or Rural Cost-to-Charge Ratio times covered charges. If the resulting cost is equal to or above the cost threshold, the claim will be paid at the Medicare Urban or Rural Cost-to-Charge ratio.
12. Reductions to tiered per diem payment for inpatient hospital services. Inpatient hospital admissions with begin dates of service on or after October 1, 2011, shall be

reimbursed at 95 percent of the tiered per diem rates in effect on September 30, 2011.

**R9-22-712.04. Reserved**

**R9-22-712.05. Graduate Medical Education Fund Allocation**

- A. Graduate medical education (GME) reimbursement as of September 30, 1997. Subject to legislative appropriation, the Administration shall make a distribution based on direct graduate medical education costs as described in A.R.S. § 36-2903.01(G)(9)(a).
- B. Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for the expansions of GME programs approved by the Administration to hospitals for direct program costs eligible for funding under A.R.S. § 36-2903.01(G)(9)(b). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (B)(3).
  1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (B) if all of the following apply:
    - a. It is a hospital in Arizona that is the sponsoring institution of, or a participating institution in, one or more of the GME programs in Arizona;
    - b. It incurs direct costs for the training of residents in the GME programs, which costs are or will be reported on the hospital's Medicare Cost Report;
    - c. It is not administered by or does not receive its primary funding from an agency of the federal government.
  2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (B)(4) the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (B)(1)(c):
    - a. Filled resident positions in approved programs established as of October 1, 1999 at hospitals that receive funding as described in A.R.S. § 36-2903.01(G)(9)(a) that are additional to the number of resident positions that were filled as of October 1, 1999; and
    - b. All filled resident positions in approved programs other than GME programs described in A.R.S. § 36-2903.01(G)(9)(a) that were established before July 1, 2006.
  3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under

subsection (B) shall provide the applicable information listed in this subsection to the Administration:

- a. A GME program shall provide all of the following:
  - i. The program name and number assigned by the accrediting organization;
  - ii. The original date of accreditation;
  - iii. The names of the sponsoring institution and all participating institutions current as of the date of reporting;
  - iv. The number of approved resident positions and the number of filled resident positions current as of the date of reporting;
  - v. For programs established as of October 1, 1999, the number of resident positions that were filled as of October 1, 1999, if the program has not already provided this information to the Administration;
- b. A hospital seeking a distribution under subsection (B) shall provide all of the following that apply:
  - i. If the hospital uses the Intern and Resident Information System (IRIS) for tracking and reporting its resident activity to the fiscal intermediary, copies of the IRIS master and assignment files for the hospital's two most recently completed Medicare cost reporting years as filed with the fiscal intermediary;
  - ii. If the hospital does not use the IRIS or has less than two cost reporting years available in the form of the IRIS master and assignment files, the information normally contained in the IRIS master and assignment files in an alternative format for the hospital's two most recently completed Medicare cost reporting years;
  - iii. At the request of the Administration, a copy of the hospital's Medicare Cost Report or any part of the report for the most recently completed cost reporting year.
4. Allocation of expansion funds. Annually the Administration shall allocate available funds to each approved GME program in the following manner:
  - a. Information provided by hospitals under subsection (B)(3)(b) shall be used to determine the program in which each eligible resident is enrolled and the number of days that each eligible resident worked in any area of the hospital complex or in a non-hospital setting under agreement with the reporting hospital during the period of assignment to that hospital. For this purpose, the Administration shall use data relating to the most recent 12-month period that is common to all information provided under subsections (B)(3)(b)(i) and (ii).
  - b. The number of eligible residents allocated to each participating institution within each approved GME program shall be determined as follows:
    - i. Total the number of days determined for each participating institution under subsection (B)(4)(a) and divide each total by 365.
    - ii. Proportionally adjust the result of subsection (B)(4)(b)(i) for each participating institution within each program according to the number of residents determined to be eligible under subsection (B)(2).
  - c. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) shall be adjusted for Arizona Medicaid utilization using the most recent Medicare Cost Report information on file with the Administration as of the date of reporting under subsection (B)(3) and the Administration's inpatient hospital claims and encounter data for the time period corresponding to the Medicare Cost Report information for each hospital. The Administration shall use only those inpatient hospital claims paid by the Administration and encounters that were adjudicated by the Administration as of the date of reporting under subsection (B)(3). The Medicaid-adjusted eligible residents shall be determined as follows:
    - i. For each hospital, the total AHCCCS inpatient hospital days of care shall be divided by the total Medicare Cost Report inpatient hospital days, multiplied by 100 and rounded up to the nearest multiple of 5 percent.
    - ii. The number of allocated eligible residents determined for each participating hospital under subsection (B)(4)(b)(ii) shall be multiplied by the percentage derived under subsection (B)(4)(c)(i) for that hospital. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) for a participating institution that is not a hospital and not a health care facility made ineligible under subsection (B)(1)(c) shall be multiplied by the percentage derived under subsection (B)(4)(c)(i) for the program's sponsoring institution or, if the sponsoring institution is not a hospital, the sponsoring institution's affiliated hospital. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) for a participating institution that is made ineligible under subsection (B)(1)(c) shall be multiplied by zero percent.
  - d. The total allocation for each approved program shall be determined by multiplying the Medicaid-adjusted eligible residents determined under subsection (B)(4)(c)(ii) by the per-resident conversion factor determined below and totaling the resulting dollar amounts for all participating institutions in the program. The per-resident conversion factor shall be determined as follows:
    - i. Calculate the total direct GME costs from the most recent Medicare Cost Reports on file with the Administration for all hospitals that have reported such costs.
    - ii. Calculate the total allocated residents determined under subsection (B)(4)(b)(i) for those hospitals described under subsection (B)(4)(d)(i).
    - iii. Divide the total GME costs calculated under subsection (B)(4)(d)(i) by the total allocated residents calculated under subsection (B)(4)(d)(ii).
5. Distribution of expansion funds. On an annual basis subject to available funds, the Administration shall distribute the allocated amounts determined under subsection (B)(4) in the following manner:
  - a. The allocated amounts shall be distributed in the following order of priority:
    - i. To eligible hospitals that do not receive funding in accordance with A.R.S. § 36-

## TITLE 9. HEALTH SERVICES

2903.01(G)(9)(a) for the direct costs of programs established before July 1, 2006;

- ii. To eligible hospitals that receive funding in accordance with A.R.S. § 36-2903.01(G)(9)(a) for the direct costs of programs established before July 1, 2006;
  - b. The allocated amounts shall be distributed to the eligible hospitals in each approved program in proportion to the number of Medicaid-adjusted eligible residents allocated to each hospital within that program under subsection (B)(4)(c)(ii).
  - c. If funds are insufficient to cover all distributions within any priority group described under subsection (B)(5)(a), the Administration shall adjust the distributions proportionally within that priority group.
- C. Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for the expansions of GME programs approved by the Administration to hospitals for direct program costs eligible for funding under A.R.S. § 36-2903.01(G)(9)(c)(i). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (C)(3).
1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (C) if it meets all the conditions of subsections (B)(1)(a) through (c).
  2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (C)(4), the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (B)(1)(c):
    - a. All filled resident positions in approved programs established on or after July 1, 2006; and
    - b. For approved programs established on or after July 1, 2006 that have been established for less than one year as of the date of reporting under subsection (C)(3) and have not yet filled their first-year resident positions, all prospective residents reasonably expected by the program to be enrolled as a result of the most recently completed annual resident match.
  3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (C) shall provide to the Administration:
    - a. A GME program shall provide all of the following:
      - i. The requirements of subsections (B)(3)(a)(i) through (iv);
      - ii. The academic year rotation schedule on file with the program current as of the date of reporting; and
      - iii. For programs described under subsection (C)(2)(b), the number of residents expected to be enrolled as a result of the most recently completed annual resident match.
    - b. A hospital seeking a distribution under subsection (C) shall provide the requirements of subsection (B)(3)(b).
  4. Allocation of expansion funds. Annually the Administration shall allocate available funds to approved GME programs in the following manner:
    - a. Information provided by hospitals in accordance with subsection (B)(3)(b) shall be used to determine the program in which each eligible resident is enrolled and the number of days that each eligible resident worked in any area of the hospital complex or in a non-hospital setting under agreement with the reporting hospital during the period of assignment to that hospital. For this purpose, the Administration shall use data relating to the most recent 12-month period that is common to all information provided in accordance with subsections (B)(3)(b)(i) and (ii).
  - b. For approved programs whose resident activity is not represented in the information provided in accordance with subsection (B)(3)(b), information provided by GME programs under subsection (C)(3)(a) shall be used to determine the number of days that each eligible resident is expected to work at each participating institution.
  - c. The number of eligible residents allocated to each participating institution for each approved GME program shall be determined by totaling the number of days determined under subsections (C)(4)(a) and (b) and dividing the totals by 365.
  - d. The number of allocated residents determined under subsection (C)(4)(c) shall be adjusted for Arizona Medicaid utilization in accordance with subsection (B)(4)(c).
  - e. The total allocation for each approved program shall be determined in accordance with subsection (B)(4)(d).
5. Distribution of expansion funds. On an annual basis subject to available funds, the Administration shall distribute the allocated amounts determined under subsection (C)(4) to the eligible hospitals in each approved program in proportion to the number of Medicaid-adjusted eligible residents allocated to each within that program under subsection (C)(4)(d).
- D. Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for GME programs approved by the Administration to hospitals for indirect program costs eligible for funding under A.R.S. § 36-2903.01(G)(9)(c)(ii). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (D)(3).
1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (D) if all of the following apply:
    - a. It is a hospital in Arizona that is the sponsoring institution of, or a participating institution in, one or more of the GME programs in Arizona or is the base hospital for one or more of the GME programs in Arizona whose sponsoring institutions are not hospitals;
    - b. It incurs indirect program costs for the training of residents in the GME programs, which are or will be calculated on the hospital's Medicare Cost Report or are reimbursable under the Children's Hospitals Graduate Medical Education Payment Program administered by HRSA;
    - c. It is not administered by or does not receive its primary funding from an agency of the federal government.

## TITLE 9. HEALTH SERVICES

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (D)(4) the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (D)(1)(c):
  - a. Any filled resident position in an approved program that includes a rotation of at least one month per year in a county other than Maricopa or Pima whose population was less than 500,000 persons at the time the residency rotation was added to the academic year rotation schedule;
  - b. For approved programs that have been established for less than one year as of the date of reporting under subsection (D)(3) and have not yet filled their first-year resident positions, all prospective residents reasonably expected by the program to be enrolled as a result of the most recently completed annual resident match who will perform rotations of at least one month per year in a county other than Maricopa or Pima whose population was less than 500,000 persons at the time the residency rotation was added to the academic year rotation schedule.
3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (D) shall provide to the Administration:
  - a. A GME program shall provide all of the following:
    - i. The requirements of subsections (B)(3)(a)(i) through (iv);
    - ii. The academic year rotation schedule on file with the program current as of the date of reporting;
    - iii. For programs described under subsection (D)(2)(c), the number of residents expected to be enrolled as a result of the most recently completed annual resident match.
  - b. A hospital seeking a distribution under subsection (D) shall provide the requirements of subsection (B)(3)(b)(iii).
4. Allocation of funds for indirect program costs. Annually the Administration shall allocate available funds to approved GME programs in the following manner:
  - a. Using the information provided by programs under subsection (D)(3), the Administration shall determine for each program the number of residents in the program who are eligible under subsection (D)(2) and the number of months per year that each eligible resident will perform rotations in counties described by subsection (D)(2), multiply the number of eligible residents by the number of months and multiply the result by the per resident per month conversion factor determined under subsection (D)(4)(b).
  - b. Using the most recent Medicare Cost Reports on file with the Administration for all hospitals that have calculated a Medicare indirect medical education payment, the Administration shall determine a per resident per month conversion factor as follows:
    - i. Calculate each hospital's Medicare share by dividing the Medicare inpatient discharges on the Medicare Cost Report by the total inpatient hospital discharges on the Medicare Cost Report.
    - ii. Calculate the ratio of residents to beds by dividing the total allocated residents described in subsection (B)(4)(d)(ii) by the number of bed days available from the Medicare Cost Report and dividing the result by the number of days in the cost reporting period.
    - iii. Calculate the indirect medical education adjustment factor by adding 1 to the value calculated in (D)(4)(b)(ii), multiplying the result by the exponential value 0.405, subtracting 1 from the result, and multiplying that result by 1.35.
    - iv. Calculate each hospital's total indirect medical education cost by adding the DRG amounts other than outlier payments from the Medicare cost report and the managed care simulated payments from the Medicare Cost Report, multiplying the total by the indirect medical education adjustment factor determined in (D)(4)(b)(iii) and dividing the result by the Medicare share determined in (D)(4)(b)(i).
    - v. Calculate each hospital's Medicaid indirect medical education cost by multiplying the amount determined in (D)(4)(b)(iv) by the value determined in subsection (B)(4)(c)(i).
    - vi. Total the amounts determined in (D)(4)(b)(v) for all hospitals, divide the result by the total allocated residents described in subsection (B)(4)(d)(ii) for all hospitals, and divide that result by 12.
5. Distribution of funds for indirect program costs. On an annual basis subject to available funds, the Administration shall distribute to each eligible hospital the amount calculated for the hospital at subsection (D)(4)(a).
- E. Reallocation of funds. If funds appropriated for subsection (B) are not allocated by the Administration and funds appropriated for subsections (C) and (D) are insufficient to cover all distributions under subsections (C)(5) and (D)(5), the funds not allocated under subsection (B) shall be allocated under subsections (C) and (D) to the extent of the calculated distributions. If funds are insufficient to cover all distributions under subsections (C)(5) and (D)(5), the Administration shall adjust the distributions proportionally. If funds appropriated for subsections (C) and (D) are not allocated by the Administration and funds appropriated for subsection (B) are insufficient to cover all distributions under subsection (B)(5), the funds not allocated under subsections (C) and (D) shall be allocated under subsection (B) to the extent of the calculated distributions.
- F. The Administration may enter into intergovernmental agreements with local, county, and tribal governments wherein local, county and tribal governments may transfer funds or certify public expenditures to the Administration. Such funds or certification, subject to approval by CMS, will be used to qualify for additional federal funds. Those funds will be used for the purposes of reimbursing hospitals that are eligible under subsection (D)(1) and specified by the local, county, or tribal government for indirect program costs other than those reimbursed under subsection (D). The Administration shall allocate available funds in accordance with subsection (D) except that reimbursement with such funds is not limited to resident positions or rotations in counties with populations of less than 500,000 persons. On an annual basis subject to available funds, the Administration shall distribute to each eligible hospital the greatest among the following amounts, less any amounts distributed under subsection (D)(5):

## TITLE 9. HEALTH SERVICES

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

1. The amount that results from multiplying the total number of eligible residents allocated to the hospital under subsection (B)(4)(d)(ii) by 12 by the per resident per month conversion factor determined under subsection (D)(4)(b);
2. The amount calculated for the hospital at subsection (D)(4)(b)(v);
3. The median of all amounts calculated at subsection (D)(4)(b)(v) if the hospital does not have an indirect medical education payment calculated on the Medicare Cost Report because it is a new training hospital; or
4. If the hospital does not have an indirect medical education payment calculated on the Medicare Cost Report because it is a children's hospital, the median Medicaid indirect medical education payment costs shall be calculated as follows:
  - a. For each hospital with indirect medical education costs on the Medicare Cost Report, determine a per resident total indirect medical education cost by dividing the total indirect medical education costs determined under subsection (D)(4)(b) by the number of filled resident positions under subsection (B)(2).
  - b. Determine the median per resident amount under subsection (F)(4)(a).
  - c. For each hospital without an indirect medical education component on the Medicare cost report, multiply the median per resident amount under subsection (F)(4)(b) by the number of filled resident positions under subsection (B)(2) for that hospital and by the Medicaid utilization percent for that hospital determined in subsection (B)(4)(c)(i).
5. It is a hospital in Arizona that is the sponsoring institution of, or a participating institution in, one or more of the GME programs in Arizona;
6. It incurs direct costs for the training of residents in the GME programs, which costs are or will be reported on the hospital's Medicare Cost Report;
7. It is not administered by or does not receive its primary funding from an agency of the federal government;
8. It has established a new GME program or expanded the number of residents or fellows in an existing GME program on or after July 1, 2020.
3. Eligible positions. For purposes of determining distributions under this Section the following resident and fellowship positions qualify to the extent that the training takes place in Arizona at an eligible health care facility:
  - a. Filled resident or fellow positions in approved programs which began on or after July 1, 2020;
  - b. Eligible positions do not include residents or fellows that receive payments for services under the Access to Professional Services Initiative (APSI) program established in the Contractors' prepaid capitation contracts with the Administration.
4. Annual Reporting
  - a. By December 15 of each year, a GME program shall provide all of the following information for GME programs and positions which are expected to be eligible for funding under this Section as of the upcoming academic year (i.e., July 1 to June 30 of each year):
    - i. The program name and number assigned by the accrediting organization if available;
    - ii. The original date of accreditation if available;
    - iii. The names of the sponsoring institution and all participating institutions expected as of the date of reporting;
    - iv. The number of anticipated resident and fellowship positions eligible for funding as of the upcoming academic year;
    - v. The number of months or partial months during the upcoming academic year that each resident or fellow is expected to work in each hospital or in a non-hospital setting under agreement between the non-hospital setting and the reporting hospital;
    - vi. The academic year of anticipated resident and fellowship positions;
    - vii. The length of the program; and
    - viii. The names and other information requested by AHCCCS to ensure the total GME distributions for each eligible position are not greater than the costs for each eligible position in the Intern and Resident Information System (IRIS) file.
  - b. By December 15 of each year, a GME program located in a county with a population of less than 500,000 persons shall provide the estimated one-time and ongoing costs for each program which it expects to be eligible for funding.
  - c. By September 1 of each year, a GME program shall provide the actual name of residents and fellows hired in the current academic year and other information requested by AHCCCS to ensure that total GME distributions for the eligible position are not

**R9-22-712.06. Supplemental Graduate Medical Education Fund Allocation**

- A.** Gradual Medical Education (GME) reimbursement as of July 1, 2020.
1. In addition to distributions according to Section R9-22-712.05, and subject to the availability of funds and approval by CMS, the Administration shall annually distribute monies appropriated for the GME programs approved by the Administration to hospitals for direct and indirect costs for graduate medical education programs which were established or expanded on or after July 1, 2020. The Administration shall estimate the distributions using information possessed by the Administration as of December 15 of each calendar year. The actual distributions will be made using information possessed by the Administration as of September first of the year in which the new residency or fellowship begins.
  2. Eligible Hospitals. A hospital is eligible for distributions under this Section if all of the following apply:

## TITLE 9. HEALTH SERVICES

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

greater than the costs for each eligible position in the IRIS file.

- B.** Preliminary allocation of funds for urban hospitals. Annually by January 15, the Administration shall estimate the annual GME distributions under this Section using the funds appropriated for hospitals in counties with a population of 500,000 persons or more based on the number of new residents and fellows in graduate medical education programs in the following manner:
1. Each eligible resident and fellow is placed into tiers with the following priority:
    - a. Returning residents and fellows. A returning resident or fellow is a resident or fellow whose position received funding under this Section for the previous academic year and who is continuing in the same GME program.
    - b. Residents and fellows that are not a returning resident or fellow but are in a GME program for Family Medicine, Internal Medicine, General Pediatrics, Obstetrics and Gynecology, Psychiatry including Subspecialties, General Surgery, and any other program determined as high needs by the AHCCCS Administration.
    - c. Residents or fellows that are not returning residents or fellows and are not described in subsection (1)(b) but are in a GME program that received funding under this Section in a prior year.
    - d. All other residents and fellows.
  2. The amount of the distribution for each GME program for direct costs is calculated as the product of:
    - a. The number of eligible residents and fellows adjusted for the number of months or partial months worked in each hospital or non-hospital setting under agreement between the non-hospital setting and the reporting hospitals;
    - b. The Arizona Medicaid utilization as determined by R9-22-712.05(B)(4)(c)(i) in the previous calendar year; and,
    - c. The average direct cost per resident determined under R9-22-712.05(B)(4)(d) in the previous calendar year.
  3. If monies are still remaining after direct funding has been allocated, indirect funding shall be allocated based on the priority of each tier and sub-tier. The amount of the distribution for each GME program for indirect costs is calculated as the product of:
    - a. The number of allocated eligible residents and fellows adjusted for the number of months or partial months worked in each hospital or non-hospital setting under agreement between the non-hospital setting and the reporting hospital;
    - b. The indirect cost per resident per month calculated in R9-22-712.05(D)(4)(b)(vi) in the previous calendar year; and
    - c. Twelve months.
    - d. Funds shall be allocated based on the priority of each tier and sub-tier. Distributions for eligible positions in a tier or sub-tier with a lower priority will not receive a distribution until distributions are allocated for the costs of all positions in a higher tier or sub-tier. If funding is insufficient to fully fund a tier or sub-tier, the remainder of funds will be prorated for eligible positions in that tier or sub-tier.
4. Payments are made to participating hospitals based on the FTEs who worked at their hospitals per year.
- C.** Preliminary allocation of funds for rural hospitals. Annually by January 15, the Administration shall estimate the annual GME distributions under this Section using the funds appropriated for rural hospitals based on the number of eligible resident and fellow positions in graduate medical education programs located in a county with a population of less than 500,000 persons in the following manner:
1. Each resident and fellow will then be placed into a tier with the following priority:
    - a. Returning residents and fellows. A returning resident or fellow is a resident or fellow whose position received funding under this Section for the previous academic year and who is continuing in the same GME program.
    - b. Residents and fellows that are not a returning resident or fellow but are in a GME program for Family Medicine, Internal Medicine, General Pediatrics, Obstetrics and Gynecology, Psychiatry including Subspecialties, General Surgery, and any other program determined as high needs by the AHCCCS Administration.
    - c. Residents or fellows that are not returning residents or fellows and are not described in subsection (1)(b) but are in a GME program that received funding under this Section in a prior year.
    - d. All other residents and fellows.
  2. Residents and fellows in each tier are further divided into four sub-tiers with the following priority based on the location of the sponsoring or participating hospital:
    - a. Hospitals in a county designated by the Health Resource and Services Administration of the U.S. Department of Health & Human Services as a HPSA with a greater than 85 percent primary care shortage.
    - b. Hospitals in a county designated as a HPSA with a greater than 50 percent to 85 percent primary care shortage.
    - c. Hospitals in a county designated as a HPSA with a 25-50 percent primary care shortage.
    - d. Hospitals in a county designated as a HPSA with a less than 25 percent primary care shortage.
  3. Funds shall first be allocated for direct and indirect costs based in order of priority of each tier. If not enough funding is available to fully fund a tier or sub-tier, the remainder of funds will be prorated in a tier or sub-tier.
  4. The amount of the distribution for each GME program for direct costs is calculated as the product of:
    - a. The number of eligible residents and fellows adjusted for the number of months or partial months worked in each hospital or non-hospital setting under agreement between the non-hospital setting and the reporting hospitals;
    - b. The Arizona Medicaid utilization determined under R9-22-712.05(B)(4)(c)(i); and,
    - c. The actual direct cost per resident per year.
  5. The amount of the distribution for each GME program for indirect costs is calculated as the product of:
    - a. The number of allocated eligible residents and fellows adjusted for the number of months or partial months worked in each hospital or non-hospital setting under agreement between the non-hospital setting and the reporting hospital;

## TITLE 9. HEALTH SERVICES

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- b. The indirect cost per resident per month calculated in R9-22-712.05(D)(4)(b)(vi) in the previous calendar year; and
- c. Twelve months.
- 6. Payments are made to participating hospitals based on the FTEs who worked at their hospitals per year.
- D. Final allocation of funds. Annually no sooner than September 1 following the start of the academic year, the Administration will recalculate the allocation for urban and rural hospitals using the same methodology used to estimate distributions, but using the actual residents and fellows as reported in R9-22-712.06(A)(4)(c).
- F. Exclusions. To ensure that residents and fellows are not double counted residents/fellows which receive funding through R9-22-712.06 shall not receive funding through R9-22-712.05.

**Historical Note**

New Section made by final rulemaking at 27 A.A.R. 2496 (October 29, 2021), with an immediate effective date of October 6, 2021 (Supp. 21-4). Amended by final rulemaking at 29 A.A.R. 923 (April 21, 2023), with an immediate effective date of March 31, 2023 (Supp. 23-1).

**R9-22-712.07. Rural Hospital Inpatient Fund Allocation**

- A. For purposes of this Section, the following words and phrases have the following meanings unless the context specifically requires another meaning:
  - 1. "Calculated inpatient costs" means the sum of inpatient covered charges multiplied by the Milliman study's implied cost-to-charge ratio of .8959.
  - 2. "Claims paid amount" means the sum of all claims paid by the Administration and contractors, as reported by the contractor to the Administration, to a rural hospital for covered inpatient services rendered for dates of service during the previous state fiscal year.
  - 3. "Fund" means any state funds appropriated by the Legislature for the purposes set forth in A.R.S. § 36-2905.02 and any federal funds that are available for matching the state funds.
  - 4. "Inpatient covered charges" means the sum of all covered charges billed by a hospital to the Administration or contractors, as reported by the contractors to the Administration, for inpatient services rendered during the previous state fiscal year.
  - 5. "Milliman study" means the report issued by Milliman USA on March 11, 2004, to the Arizona Hospital and Healthcare Association that updated a portion of a cost study entitled "Evaluation of the AHCCCS Inpatient Hospital Reimbursement System" prepared by Milliman USA for AHCCCS on November 15, 2002. A copy of each report is on file with the Administration.
  - 6. "Rural hospital" means a health care institution that is licensed as an acute care hospital by the Arizona Department of Health Services for the previous state fiscal year and is not an IHS hospital or a tribally owned or operated facility and:
    - a. Has 100 or fewer PPS beds, not including beds reported as sub provider beds on the hospital's

- Medicare Cost Report, and is located in a county with a population of less than 500,000 persons, or
- b. Is designated as a critical access hospital for the majority of the previous state fiscal year.

- B. Each February, the Administration shall allocate the Fund to the following three pools for the fiscal year:
  - 1. Rural hospitals with 25 or fewer PPS beds not including sub provider beds and all Critical Access Hospitals, regardless of the number of beds in the Critical Access Hospital;
  - 2. Rural hospitals other than Critical Access Hospitals with 26 to 75 PPS beds not including sub provider beds; and
  - 3. Rural hospitals other than Critical Access Hospitals with 76 to 100 PPS beds not including sub provider beds.
- C. The Administration shall allocate the Fund to each pool according to the ratio of claims paid amount for all hospitals assigned to the pool to total claims paid amount for all rural hospitals.
- D. The Administration shall determine each hospital's claims paid amount and allocate the funds in each pool to each hospital in the pool based on the ratio of each hospital's claims paid amount to the sum of the claims paid amount for all hospitals assigned to the pool.
- E. The Administration shall not make a Fund payment to a hospital that will result in the hospital's claims paid amount plus that hospital's Fund payment being greater than that hospital's calculated inpatient costs.
  - 1. If a hospital's claims paid amount plus the hospital's Fund payment would be greater than the hospital's calculated inpatient costs, the Administration shall make a Fund payment to the hospital equal to the difference between the hospital's calculated inpatient costs and the hospital's claims paid amount.
  - 2. The Administration shall reallocate any portion of a hospital's Fund allocation that is not paid to the hospital due to the reason in subsection (E)(1) to the other eligible hospitals in the pool based upon the ratio of the claims paid amount for each hospital remaining in the pool to the sum of the claims paid amount for each hospital remaining in the pool.
- F. If funds remain in a pool after allocations to each hospital in the pool under subsections (D) and (E), the Administration shall reallocate the remaining funds to the other pools based upon the ratio of each pool's original allocation of the Fund as determined under subsection (C) to the sum of the remaining pools' original Fund allocations under subsection (C). The Administration shall allocate remaining funds to the hospitals in the remaining pools under subsection (D) and (E). See Exhibit 1 for an example.
- G. Subject to CMS approval of the method and distribution of the Fund, the administration or its contractors will distribute the Fund as a lump sum allocation to the rural hospitals in either one or two installments by the end of each state fiscal year.

**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 2188, effective June 6, 2006 (Supp. 06-2). Amended by final rulemaking at 22 A.A.R. 3476, effective January 30, 2016 (Supp. 15-4).

**Exhibit 1. Pool Example**

Pool A receives \$2,000,000. Pool B receives \$7,000,000. Pool C receives \$3,000,000.

If all of the funds in Pool B are paid to eligible hospitals and there is \$1,000,000 remaining, the remaining funds would be allocated to Pool A and Pool C based on the ratio of each pool's original allocation (original allocations of \$2,000,000 and \$3,000,000) to the total of their original allocation ( $\$2,000,000 + \$3,000,000 = \$5,000,000$ ).

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Pool A would receive 2/5 of the remaining funds (\$400,000) and Pool C would receive 3/5 of the remaining funds (\$600,000).

- A.** Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for primary care GME programs approved by the Administration to Federally Qualified Health Centers (FQHC) and Rural Health Clinics (RHC) for direct and indirect program costs eligible for funding under A.R.S. § 36-2907.06(I).
1. A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (D).
  2. For purposes of this subsection, the term "FQHC" includes Federally Qualified Health Center Look-Alikes.
- B.** Eligible health care facilities. A health care facility is eligible for a distribution under subsection (G) if all of the following apply:
1. It is an FQHC or RHC in Arizona that is the sponsoring institution of, or a full member of a consortium that is the sponsoring institution of, or a participating institution in, one or more approved primary care GME programs in Arizona;
  2. It incurs direct or indirect costs for the training of residents in Arizona in approved primary care GME programs;
  3. The GME program is not eligible for funding under R9-22-712.05; and
  4. The GME program is not fully funded by the federal government.
- C.** Eligible residents and resident positions. For purposes of determining program allocation amounts under subsections (E) and (F) the following residents and resident positions are eligible for consideration, to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (B):
1. All filled resident positions in approved primary care GME programs; or
  2. For approved primary care GME programs established for less than one year as of the date of annual reporting under subsection (D) and that have not yet filled their first-year resident positions, all prospective residents reasonably expected by the program to be enrolled as a result of the most recently completed annual resident match.
- D.** Annual reporting. By April 1st of each year, an FQHC or RHC seeking a distribution under this subsection shall:
1. Provide to the Administration the following information about each approved primary care GME program:

    - b. The original date of accreditation of the program;
    - c. The names of the sponsoring institution and all participating institutions current as of the date of reporting;
    - d. The number of approved resident positions and the number of filled resident positions current as of the date of reporting;
    - e. The academic year rotation schedule on file with the program current as of the date of reporting; and
  - f. For programs described under subsection (C)(2), the number of residents expected to be enrolled as a result of the most recently completed annual resident match.
2. Provide to the Administration the most recent Medicare Cost Report for the FQHC or RHC seeking the distribution, and
  3. For an FQHC or RHC that is a full member of a consortium that is the sponsoring institution of an approved primary care GME program, provide to the Administration a signed letter attesting to the responsibility of the full member FQHC or RHC for direct or indirect costs of training residents in the program.
- E.** Allocation of funds for direct graduate medical education costs. Annually the Administration shall allocate available funds for direct graduate medical education costs to each eligible FQHC or RHC in the following manner:
1. A Medicaid utilization percent for each FQHC or RHC seeking a distribution shall be calculated using the Medicare Cost Report submitted under subsection (D)(2), dividing the Title XIX visit count by the whole number of visits reported and rounding the result up to the nearest multiple of 5 percent.
  2. A total number of residents eligible for funding in each program shall be calculated using the information submitted under subsection (D)(1), dividing the number of resident rotations in the year that take place in Arizona and not at a health care facility made ineligible under subsection (B) by the total number of resident rotations in the program for that year, multiplying the result by the total number of filled resident positions in the program and rounding to two digits after the decimal.
  3. The allocation for direct graduate medical education costs for each eligible FQHC or RHC shall be calculated by multiplying the number of residents determined under subsection (E)(2) by the statewide average per-resident amount determined under this subsection and multiplying the result by the Medicaid utilization percent calculated for the FQHC or RHC under subsection (E)(1). The statewide average per-resident amount for the academic year ending June 30, 2022 is \$170,090. Annually thereafter, a statewide average per-resident amount shall be calculated by applying the Federally Qualified Health Center PPS Market Basket Update less Productivity Adjustment published by CMS for the calendar year in which the GME academic year begins.

The statewide average per-resident amount for the academic year ending June 30, 2022 is \$167,330;
  2. Annually thereafter, a statewide average per-resident amount shall be calculated by applying the Federally Qualified Health Center PPS Market Basket Update less

- G.** Distribution of funds. On an annual basis subject to available funds, the Administration shall distribute to each eligible FQHC and RHC the sum of all amounts calculated for the FQHC or RHC under subsections (E)(3) and (F).
- H.** The Administration may enter into intergovernmental agreements with local, county, and tribal governments and any university under the jurisdiction of the Arizona Board of Regents wherein such entities may transfer funds or certify public expenditures to the Administration. Such funds or certification, subject to approval by CMS, will contribute to the state funding to qualify for federal matching funds. Those funds will be used for the purposes of reimbursing FQHCs and RHCs that are eligible under this rule and designated by the local, county, or tribal governments for receipt of the contributed funds. The Administration shall allocate available funds in accordance with subsections (E) and (F).

- A.** To establish the AHCCCS Outpatient Capped Fee-for-service Schedule for all claims with a begin date of service on or before September 30, 2011, AHCCCS shall:
1. Define the dataset of claims and encounters that shall be used to establish the AHCCCS Outpatient Capped Fee-for-service Schedule.

under the AHCCCS Outpatient Capped Fee-for-service Schedule.

3. Match the revenue code on each detail of each claim and encounter to the ancillary line item CCR as reported on hospital-specific mapping documents and hospital-specific Medicare Cost Report for those hospitals that have submitted Medicare Cost Reports FYE 2002.
  4. Multiply the line item CCR from subsection (A)(3) by the covered billed charge for that revenue code to establish the cost for the service.
  5. Inflate the cost for the service from subsection (A)(4) using Global Insight Health-care Cost Review inflation factors from date of service month to the midpoint of the rate year in which the fees are initially effective.
  6. Include associated costs under R9-22-712.25 to calculate the rates for emergency room and surgery services.
  7. Combine data from all Arizona hospitals identified in subsection (A)(3) for each procedure code to establish the statewide median cost for each procedure.
  8. Group procedure codes according to the Ambulatory Payment Classification (APC) System groups as listed in 69 FR 65682, November 15, 2004, and establish a statewide median cost for each APC. Multiply each statewide median APC cost by 116 percent to establish the AHCCCS-based fee for each procedure in that specific APC group. AHCCCS shall assign each procedure in the group the same fee.
  9. For those procedure codes that are not grouped into any APC, establish a procedure-specific fee using either:
    - a. The AHCCCS Non-hospital Capped Fee-for-service Fee Schedule,
    - b. 116 percent of the procedure-specific median cost AHCCCS-based fee, or
    - c. The Medicare Clinical Laboratory Fee Schedule for laboratory services.
  10. Compare the AHCCCS-based fee established in subsections (A)(8) and (9) against the comparable Medicare fee established for the Medicare APC group as listed in the 69 FR 65682, November 15, 2004. The fee for each procedure shall be the greater of the AHCCCS-based fee or the Medicare fee but no more than 150 percent of the AHCCCS-based fee; however, for those laboratory services for which a limit is established in the Medicare Clinical Laboratory Fee Schedule, the fee shall not exceed that limit.
  11. Assign the 2005 Medicare fee in the AHCCCS Outpatient Capped Fee-for-service Schedule for those procedures for which there are fewer than 20 occurrences of the procedure code in the dataset, either independently, or, if applicable, for all procedure codes within an APC Group.
- B.** For all claims with a begin date of service on or after October 1, 2011, the AHCCCS Outpatient Capped Fee-for-Service Schedule shall be derived from the CMS Medicare Outpatient Prospective Payment System (OPPS) fee schedule modified by an Arizona conversion factor determined annually.
1. When clinic services are billed using 51X revenue codes, the reimbursement to the hospital is the difference between the facility and non-facility rates payable to the practitioner for the procedures listed in the Administration's Capped Fee-for-service Schedule under R9-22-710.
  2. Observation services, when not billed in conjunction with a service for which a single payment is made under R9-22-712.25, are reimbursed at an hourly rate published in the Outpatient Capped Fee-for-service Schedule. This

hourly rate includes reimbursement for associated services.

- C.** The AHCCCS Outpatient Capped Fee-for-service Schedule including the effective date of any changes to the listing are on file and posted on AHCCCS' web site.

- B.** For claims with a begin date of service on or before September 30, 2011, the statewide CCR shall be calculated based on the costs and covered charges associated with a service under subsection (A) for all Arizona hospitals, using the method specified in R9-22-712.20(A)(3).
- C.** For all claims with a begin date of service on or after October 1, 2011, the statewide CCR calculation shall equal either the CMS Medicare Outpatient Urban Cost-to-charge Ratio or the CMS Medicare Outpatient Rural Cost-to-charge Ratio published by CMS for the state of Arizona. AHCCCS shall use the urban cost-to-charge ratio for hospitals located in a county of 500,000 residents or more and for out-of-state hospitals. AHCCCS shall use the rural cost-to-charge ratio for hospitals

**R9-22-712.39. Reserved**

**R9-22-712.40. Outpatient Hospital Reimbursement: Annual and Periodic Update**

- A. Procedure codes. When procedure codes are issued by CMS and added to the Current Procedural Terminology published by the American Medical Association, AHCCCS shall add to the Outpatient Capped Fee-for-Service Schedule the new procedure codes for covered outpatient services and shall either assign the default CCR under R9-22-712.40(F)(2), the Medicare rate, or calculate an appropriate fee.
- B. APC changes. AHCCCS may reassign procedure codes to new or different APC groups when APC groups are revised by CMS. AHCCCS may reassign procedure codes to a different APC group than Medicare. If AHCCCS determines that utilization of a procedure code within the Medicare program is substantially different from utilization of the procedure code in the AHCCCS program, AHCCCS may choose not to assign the procedure code to any APC group. For procedure codes not grouped into an APC by Medicare, AHCCCS may assign the code to an APC group when AHCCCS determines that the cost and resources associated with the non-assigned code are substantially similar to those in the APC group.
- C. Annual update for Outpatient Hospital Fee Schedule. Beginning October 1, 2006, through September 30, 2011, AHCCCS shall adjust outpatient fee schedule rates:
  1. Annually by multiplying the rates effective during the prior year by the Global Insight Prospective Hospital Market Basket Inflation Index; or
  2. In a particular year the director may substitute the increases in subsection (C)(1) by calculating the dollar value associated with the inflation index in subsection (C)(1), and applying the dollar value to adjust rates at varying levels.

- D. Reductions to the Outpatient Capped Fee-For-Service Schedule. Claims paid using the Outpatient Capped Fee-For-Service Schedule with dates of service on or after October 1, 2011, shall be reimbursed at 95 percent of the rates in effect on September 30, 2011, subject to the annual adjustments to procedure codes and APCs under this Section.
- E. Rebase. AHCCCS shall rebase the outpatient fees every five years.
- F. Statewide CCR:
  1. For begin dates of service on or before September 30, 2011, the statewide CCR calculated in R9-22-712.30 shall be recalculated at the time of rebasing. When rebasing, AHCCCS may recalculate the statewide CCR based on the costs and charges for services excluded from the outpatient hospital fee schedule.

**R9-22-712.62. DRG Base Payment**

- A. The initial DRG base payment is the product of the DRG base rate, the DRG relative weight for the post-HCAC DRG code assigned to the claim, and any applicable provider and service policy adjusters.
- B. The DRG base rate for each hospital is the statewide standardized amount of which the hospital's labor-related share of that amount is adjusted by the hospital's wage index. The hospital's labor share is determined based on the labor share for the Medicare inpatient prospective payment system published in 85 Fed. Reg. 59060 through 59061 (September 18, 2020). The hospital's wage index is determined based on the wage index tables reference in 85 Fed. Reg. 59059 (September 18, 2020). The statewide standardized amount is included in the AHCCCS capped fee schedule available on the agency's website.
- C. Claims shall be assigned both a DRG code derived from all diagnosis and surgical procedure codes included on the claim (the "pre-HCAC" DRG code) and a DRG code derived excluding diagnosis and surgical procedure codes associated with the health care acquired conditions that were not present on admission or any other provider-preventable conditions (the "post-HCAC" DRG code). The DRG code with the lower relative weight shall be used to process claims using the DRG methodology.

  - 1. Hospitals located in a city with a population greater than one million, which on average have at least 15 percent of inpatient days for patients who reside outside of Arizona, and at least 50 percent of discharges as reported on the 2011 Medicare Cost Report are reimbursed by Medicare.

For hospitals designated as type: hospital, subtype: children's in the Provider & Facility Database for Arizona Medical Facilities posted by the ADHS Division of Licensing Services on its website for March of each year. The outlier CCR will be calculated by dividing the hospital total costs by the total charges using the most recent Medicare Cost Report available as of September 1 of that year.
  2. For Critical Access Hospitals the outlier CCR will be the sum of the statewide rural default operating cost-to-charge ratio and the statewide capital cost-to-charge ratio in the data file established as part of the Medicare Inpatient Prospective Payment System by CMS.
  3. For all other hospitals the outlier CCR will be the sum of the operating cost-to-charge ratio and the capital cost-to-charge ratio established for each hospital in the impact file established as part of the Medicare Inpatient Prospective Payment System by CMS.
- C. AHCCCS shall update the CCRs described in subsection (B) to conform to the most recent CCRs established by CMS as of September 1 of each year, and the CCRs so updated shall be used for claims with dates of discharge on or after October 1 of that year.
- D. The outlier threshold is equal to the sum of the unadjusted DRG base payment plus the fixed loss amount. The fixed loss amount for critical access hospitals and for all other hospitals are included in the AHCCCS capped fee schedule available on the agency's website.
- E. For those inpatient hospital claims that qualify for an outlier add-on payment, the payment is calculated by subtracting the outlier threshold from the claim cost and multiplying the result by the DRG marginal cost percentage. The DRG marginal cost percentage for claims assigned DRG codes associated with the treatment of burns and for all other claims are included in the AHCCCS capped fee schedule available on the agency's website.

**R9-22-712.69. DRG Reimbursement: Covered Day Adjusted DRG Base Payment and Covered Day Adjusted Outlier Add-on Payment**

Adjustments to the payments are made to account for days not covered by AHCCCS as follows:

1. A covered day reduction factor unadjusted is determined if the member is not eligible on the first day of the inpa-

tient stay but is eligible for subsequent days during the inpatient stay. In this case, a covered day reduction factor unadjusted is calculated by dividing the number of AHCCCS covered days by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of days the member is eligible during the inpatient stay.

2. A covered day reduction factor unadjusted is also determined if the member is eligible on the first day of the inpatient stay but is determined ineligible for one or more days prior to the date of discharge. In this case, a covered day reduction factor unadjusted is calculated by adding one to the number of AHCCCS covered days and dividing the result by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of days the member is eligible during the inpatient stay.
3. If the covered day reduction factor unadjusted is greater than one, then the covered day reduction factor final is one; otherwise, the covered day reduction factor final is equal to the covered day reduction factor unadjusted.
4. The covered day adjusted DRG base payment is an amount equal to the product of the unadjusted DRG base payment and the covered day reduction factor final.
5. The covered day adjusted DRG outlier add-on payment is an amount equal to the product of the unadjusted DRG outlier add-on payment and the covered day reduction factor final.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.70. Covered Day Adjusted DRG Base Payment and Covered Day Adjusted Outlier Add-on Payment for FES members**

In addition to the covered day reduction factor in R9-22-712.69, a covered day reduction factor unadjusted is determined for an inpatient stay during which an FES member receives services for the treatment of an emergency medical condition and also receives services once the condition no longer meets the criteria as an emergency medical condition described in R9-22-217.

1. A covered day reduction factor unadjusted is calculated by adding one to the AHCCCS covered days and dividing the result by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of inpatient days during which an FES member receives services for an emergency medical condition as described in R9-22-217. For purposes of this adjustment, any portion of a day during which the FES member receives treatment for an emergency medical condition is counted as an AHCCCS covered day.
2. If the covered day reduction factor unadjusted is greater than one, then the covered day reduction factor final is one; otherwise, the covered day reduction factor final is equal to the covered day reduction factor unadjusted.
3. The covered day adjusted DRG base payment is an amount equal to the product of the unadjusted DRG base payment and the covered day reduction factor final.
4. The covered day adjusted DRG outlier add-on payment is an amount equal to the product of the unadjusted DRG outlier add-on payment and the covered day reduction factor final.

New Section made by final rulemaking at 20 A.A.R.  
1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.71. Final DRG Payment**

- A. The final DRG payment is the sum of the final DRG base payment, the final DRG outlier add-on payment, and the Differential Adjusted Payment.
- B. The final DRG base payment is an amount equal to the product of the covered day adjusted DRG base payment and a hospital-specific factor established to limit the financial impact to individual hospitals of the transition from the tiered per diem payment methodology and to account for improvements in documentation and coding that are expected as a result of the transition.
- C. The final DRG outlier add-on payment is an amount equal to the product of the covered day adjusted DRG outlier add-on payment and a hospital-specific factor established to limit the financial impact to individual hospitals of the transition from the tiered per diem payment methodology and to account for improvements in documentation and coding that are expected as a result of the transition.
- D. The factor for each hospital and for each federal fiscal year is published as part of the AHCCCS capped fee schedule and is available on the AHCCCS administration's website and is on file for public inspection at the AHCCCS administration located at 801 E. Jefferson Street, Phoenix, Arizona.
- E. For inpatient services with a date of discharge from October 1, 2024 through September 30, 2025 (CYE 2025), the Inpatient Differential Adjusted Payment is the sum of the final DRG base payment and the final DRG outlier add on payment multiplied by a percentage is published on the Administration's public website as part of its fee schedule subsequent to the public notice published no later than September 1, 2024. If a hospital receives a DAP for CYE 2025 but fails to meet all of the requirements in subsection (F), the hospital shall be disqualified from participating in a DAP for dates of service October 1, 2025 through September 30, 2026 (CYE 2026), if a DAP would be available at that time. **R9-22-712.72. DRG Reimbursement: Enrollment Changes During an Inpatient Stay**

- A. If a member's enrollment changes during an inpatient stay, including changing enrollment from fee-for-service to a contractor, or vice versa, or changing from one contractor to another contractor, the contractor with whom the member is enrolled on the date of discharge shall be responsible for reimbursing the hospital for the entire length of stay under the DRG payment rules in Sections R9-22-712.60 through R9-22-712.81. If the member is eligible but not enrolled with a contractor on the date of discharge, then the AHCCCS administration shall be responsible for reimbursing the hospital for the entire length of stay under the DRG payment rules in Sections R9-22-712.60 through R9-22-712.81.
- B. When a member's enrollment changes during an inpatient stay, the hospital shall use the date of enrollment with the payer responsible on the date of discharge as the "from" date of service on the claim regardless of the date of admission.
- C. Interim claims submitted to a payer other than the payer responsible on the day of discharge shall be processed in the same manner as other interim claims as described in R9-22-712.76.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final

rulemaking at 23 A.A.R. 2896, effective January 1, 2018 (Supp. 17-4).

**R9-22-712.73. DRG Reimbursement: Inpatient Stays for Members Eligible for Medicare**

If the hospital receives less than the full Medicare payment for a member eligible for benefits under Part A of Medicare because the member has exceeded the maximum benefit permitted under Part A of Medicare, the hospital shall submit a separate claim for services performed after the date the maximum Medicare Part A benefit is exceeded. The claim may include all diagnosis codes for the entire inpatient stay, but the hospital is only required to include revenue codes, surgical procedure codes, service units, and charges for services performed after the date the Medicare Part A benefit is exceeded. A claim so submitted shall be reimbursed using the DRG payment methodology.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.74. DRG Reimbursement: Third Party Liability**

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.75. DRG Reimbursement: Payment for Administrative Days**

- A. Categories of Administrative Days. Administrative days fall into one of two categories, either subsection (A)(1) or (A)(2).
  1. Administrative days due to lack of appropriate placement options and not meeting inpatient medical criteria. Administrative days are days in which a member is admitted as an inpatient to an acute care hospital, does not meet the criteria for an acute inpatient stay, but is admitted or not discharged because; (1) an appropriate placement outside the hospital is not available, (2) the member cannot be safely discharged or transferred, or (3) the Administration or the contractor failed to provide for the appropriate placement outside the hospital in a timely manner.
    - a. Administrative days may occur prior to an acute care episode, for example, when a woman with a high-risk pregnancy is admitted to a hospital while awaiting delivery.
    - b. Administrative days may also occur at the end of an acute care episode, for example, when a member is not discharged while awaiting placement in a nursing facility or other sub-acute or post-acute setting.
    - c. Administrative days may also include days in a receiving hospital when the member has been discharged from one acute care hospital for the purpose of receiving sub-acute services at the receiving hospital.
    - d. Administrative days do not include days when the member is awaiting appropriate placement or services that are currently available but the hospital has not transferred or discharged the member because of the hospital's administrative or operational delays.

## TITLE 9. HEALTH SERVICES

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- e. Administrative days include inpatient claims covered by a RBHA or TRBHA that otherwise meet the criteria in subsection (A)(1).
- 2. Administrative days for claims with the principal diagnosis of behavioral health meeting inpatient medical criteria. Administrative days are days with dates of discharge on or after October 1, 2018, in which a member is admitted as an inpatient to an acute care hospital, meets the criteria for an acute inpatient stay, and the principal diagnosis on the hospital claim is a behavioral health diagnosis. Inpatient claims covered by a RBHA or TRBHA are not considered administrative days under subsection (A)(2) regardless of the principal diagnosis on the hospital claim.
- B. Reimbursement of Administrative Days.**
  - 1. Administrative days under subsection (A)(1) are reimbursed at the rate the claim would have paid had the services not been provided in an inpatient hospital setting but had been provided at the appropriate level of care such as the rate paid for stays at a nursing facility.
  - 2. Administrative days under subsection (A)(2) are reimbursed at the daily rate found on the Inpatient Behavioral Health Capped Fee-For-Service Schedule meeting the criteria of "Service Description – Psychiatric Stay," regardless of revenue code.
- C.** Prior authorization is required for administrative days.
- D.** A hospital shall submit a claim for administrative days separate from any claim for reimbursement for the inpatient stay otherwise reimbursable under the DRG payment methodology.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 22 A.A.R. 2187, effective October 1, 2016 (Supp. 16-4). Amended by final rulemaking at 25 A.A.R. 3111, effective October 1, 2019 (Supp. 19-4).

**R9-22-712.76. DRG Reimbursement: Interim Claims**

- A.** For inpatient stays with a length of stay greater than 29 days, a hospital may submit interim claims for each 30 day period during the inpatient stay.
- B.** Hospitals shall be reimbursed for interim claims at a per diem rate of \$500 per day.
- C.** Following discharge, the hospital shall void all interim claims. In such circumstances, the hospital shall submit a claim to the payer with whom the member is enrolled on the date of discharge, whether the Administration or a contractor, for the entire inpatient stay for which the final claim shall be reimbursed under the DRG payment methodology. Interim claims will be recouped.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.77. DRG Reimbursement: Admissions and Discharges on the Same Day**

- A.** Except as provided for in subsection (B), for any claim for inpatient services with an admission date and discharge date that are the same calendar date, the contractor or the Administration shall process the claim as an outpatient claim and the hospital shall be reimbursed under R9-22-712.10 through R9-22-712.50.
- B.** Claims with an admission date and discharge date that are the same calendar date that also indicate that the member expired

on the date of discharge shall be reimbursed under the DRG methodology.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.78. DRG Reimbursement: Readmissions**

If a member is readmitted without prior authorization to the same hospital that the member was discharged from within 72 hours and the DRG code assigned to the claim for the prior admission has the same first three digits as the DRG code assigned to the claim for the readmission, then payment for the claim for the readmission will be disallowed only if the readmission could have been prevented by the hospital.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.79. DRG Reimbursement: Change of Ownership**

The administration shall not change any of the components of the calculation of reimbursement for inpatient services using the DRG methodology based upon a change in the hospital's ownership except to the extent those components would change under the methodology had the hospital not changed ownership (e.g., updating the hospital's cost-to-charge ratio as of September 1 of each year under R9-22-712.68).

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.80. DRG Reimbursement: New Hospitals**

- A.** DRG base payment for new hospitals. For any hospital that does not have a labor share or wage index published by CMS as described in subsection R9-22-712.62(B) because the hospital was not in operation, the DRG base rate described in subsection R9-22-712.62(B) shall be calculated as the statewide standardized amount after adjusting that amount for the labor-related share and the wage index published by CMS as described in subsection R9-22-712.62(B) that is appropriate to the location of the hospital published by CMS as described in subsection R9-22-712.62(B).
- B.** Outlier calculations for new hospitals. For any hospital that does not have an operating cost-to-charge ratio listed in the impact file described in subsection R9-22-712.68(B) because the hospital was not in operation prior to the publication of the impact file, the statewide urban or rural default operating cost-to-charge ratio appropriate to the location of the hospital and the statewide capital cost-to-charge ratio shall be used to determine the unadjusted outlier add-on payment. The statewide urban or rural default operating cost-to-charge ratio and the statewide capital cost-to-charge ratio shall be based on the ratios published by CMS and updated by the Administration as described in subsection R9-22-712.68(C).
- C.** In addition to the requirement of this Section, DRG reimbursement for new hospitals is determined under R9-22-712.60 through R9-22-712.79.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 23 A.A.R. 2896, effective January 1, 2018 (Supp. 17-4).

## TITLE 9. HEALTH SERVICES

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

In addition to the other updates provided for in Sections R9-22-712.60 through R9-22-712.80, the Administration may update the version of the APR-DRG classification system established by 3M Health Information Systems, adjust the statewide standardized amount in Section R9-22-712.62, the base payments in R9-22-712.63 and R9-22-712.64, the provider policy adjustor in R9-22-712.65, service policy adjustors in R9-22-712.66, and the fixed loss amounts and marginal cost percentages used to calculate the outlier threshold in R9-22-712.68 to the extent necessary to assure that payments are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available at least to the extent that such care and services are available to the general population in the geographic area. The Administration shall publish any proposed classification system on the agency's website at least 30 days prior to the effective date, to ensure a sufficient period for public comment, as required by 42 C.F.R. § 447.205. In addition, the public notice shall be available for inspection during normal business hours at 701 E. Jefferson, Phoenix, Arizona. The requirements of 42 CFR § 447.205 as of November 2, 2015 are incorporated by reference and do not include any later amendments.

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 23 A.A.R. 2896, effective January 1, 2018 (Supp. 17-4).

**R9-22-712.90. Reimbursement of Hospital-based Freestanding Emergency Departments**

- A.** "Hospital-based freestanding emergency department" (hospital-based FSED) means an outpatient treatment center, as defined in R9-10-101, that: (1) provides emergency room services under R9-10-1019, (2) is subject to the requirements of 42 C.F.R. 489.24, and (3) shares an ownership interest with a hospital, regardless of whether the outpatient treatment center operates under a hospital's single group license as described in A.R.S. § 36-422.
- B.** A hospital-based FSED shall register with the Administration separately from the hospital with which an ownership interest is shared and shall obtain a separate provider identification number. The Administration shall not charge a separate provider enrollment fee for registration of a hospital-based FSED. The Administration shall accept a hospital's compliance with the provider screening and enrollment requirements of 42 CFR Part 455 as compliance by the hospital-based FSED.
- C.** For dates of service on and after March 1, 2017, and except as provided in subsection (D), services provided by a hospital-based FSED for evaluation and management CPT codes 99281 through 99285 shall be reimbursed at the following percentages of the amounts otherwise reimbursable under R9-22-712.20 through R9-22-712.30. All other covered codes shall be reimbursed in accordance with R9-22-712.20 through R9-22-712.30 without a percentage reduction.
- 60 percent for a level 1 emergency department visit as indicated by CPT 99281.
  - 80 percent for a level 2 emergency department visit as indicated by CPT 99282.
  - 90 percent for a level 3 emergency department visit as indicated by CPT 99283.
  - 100 percent for a level 4 or 5 emergency department visit as indicated by CPT codes 99284 and 99285.
- D.** A hospital-based FSED located in a city or town in a county with less than 500,000 residents, where the only hospital in the city or town operating an emergency department closed on or after January 1, 2015, shall be reimbursed under R9-22-712.20 through R9-22-712.35 using the adjustment in R9-22-712.35 associated with the nearest hospital with which the freestanding emergency department shares an ownership interest.
- E.** Services provided by an outpatient treatment center that provides emergency room services under R9-10-1019 but does not otherwise meet the criteria in subsection A, shall be reimbursed based on the non-hospital AHCCCS capped fee-for-service schedule under R9-22-710.
- F.** The Administration shall not reimburse a hospital for services provided at a hospital-based FSED if the member is admitted directly from a hospital-based FSED to a hospital with an ownership interest in the hospital-based FSED. As provided in R9-22-712.60(B), payments made for the inpatient stay using the DRG methodology shall be the sole reimbursement.
- G.** For dates of service from October 1, 2024 through September 30, 2025 (CYE 2025), the payment otherwise required for hospital-based FSED services provided by qualifying hospital-based FSEDs shall be increased by a percentage established by the Administration and shall be applied to the payment methodology as described in subsection (C). The percentage is published on the Administration's public website as part of its fee schedule, subsequent to the public notice published no later than September 1, 2024. A hospital-based FSED can and will qualify for an increase if it meets the criteria specified below for any of the applicable hospital-based FSED subtypes. If a hospital-based FSED receives a DAP for CYE 2025 but fails to meet all of the requirements in subsection (G), the hospital-based FSED shall be disqualified from participating in a DAP for dates of service October 1, 2025 through September 30, 2026 (CYE 2026), if a DAP would be available at that time. A outpatient treatment center designated by the Arizona Department of Health Services Division of Licensing Services as type: hospital-based freestanding emergency department will qualify for an increase if it meets the criteria in subsection (1) or (2):
- Hospitals with an Emergency Department that participated in the NDP DAP in CYE 2024.
    - No later than April 1, 2024, the hospital must submit a Letter of Intent (LOI) to AHCCCS to the following email address: AHCCCS DAP@azahcccs.gov, indicating that they will participate in the Naloxone Distribution Program (NDP). The LOI must contain each facility, including AHCCCS ID(s) and corresponding National Provider Identifier(s) (NPI), that the hospital requests to participate in the DAP.

- B. Ownership and availability. The Department shall evaluate the ownership of resources to determine the availability of resources to a person listed in subsection (A).
  1. Jointly owned resources with ownership records containing the words "and" or "and/or" between the owners' names are available to each owner except if one of the owners refuses to sell. A consent to sale is not required if all owners are members of the MED family unit.
  2. Jointly owned resources with ownership records containing the word "or" between the owners' names are presumed to be available in full to each owner. The applicant or member may rebut the presumption by providing clear and convincing evidence of intent to establish a different type of ownership. If the presumption is rebutted, the resource is available to the owners:
    - a. Consistent with the intent of the owners, or
    - b. Based on each owner's proportionate net contribution if there is not clear and convincing evidence of a different allocation.

3. The Department shall establish availability of a trust under 42 U.S.C. 1396p(d)(4)(A) or (C).

    - c. Clothing, or
    - d. Shelter.
- D. Resource exclusion. The Department shall exclude the following resources from the calculation of resources under subsection (E):

  6. The value of a vehicle in which a SSI-cash recipient has an ownership interest; and
  7. The value of any vehicle used for medical treatment, employment, or transportation of a SSI-cash disabled child, and that is excluded by SSI for that reason.

    - b. The market value of real property if the assessor's value of the real property does not include the value of permanent structures on that property,

    - d. The market value of a non-liquid resource that is not real property;

- C.** Application Process:
1. Right to apply. A person may apply for presumptive eligibility for AHCCCS medical coverage by submitting an Administration-approved application to the qualified hospital.
  2. Application. To initiate the application process, the qualified hospital will accept an application from the applicant, an adult who is in the applicant's household, as defined in 42 CFR 435.603(f), or family, as defined in section 36B(d)(1) of the Internal Revenue Service (IRS) Code, an authorized representative, or if the applicant is a minor or incapacitated, someone acting responsibly for the applicant by submitting a written or online application under 42 CFR 435.907.
- D.** To establish presumptive eligibility, an applicant must complete and submit an AHCCCS-approved presumptive eligibility application signed under penalty of perjury to a qualified hospital. The applicant must attest to the name(s), relationship(s), and income of all persons in the household. In addition, the applicant must provide and attest to the following information regarding each household member on whose behalf AHCCCS medical coverage is sought:

  8. Whether the individual has Medicare coverage.
- E.** Presumptive eligibility begins on the date the hospital determines an individual's presumptive eligibility and ends with the earlier of:
1. In the case of an individual on whose behalf an application has been submitted to AHCCCS or its designee under Article 3, the day on which AHCCCS or its designee makes a determination on that application; or
  2. In the case of an individual on whose behalf an application has not been submitted to AHCCCS or its designee under Article 3, on the last day of the following month in which the determination of presumptive eligibility was made by the qualified hospital.
- F.** An individual may not be determined presumptively eligible more often than once every two years.
- G.** Coverage and reimbursement of services.
1. The Administration shall provide coverage of medically necessary services described under Article 2 to persons determined eligible for HPE on a fee-for-service basis.
  2. Providers shall submit claims for services provided to persons determined eligible for HPE to the Administration as described under Article 7.
- H.** A member may withdraw from HPE coverage by notifying the Administration or its designee.
- I.** Upon determining an individual presumptively eligible, the qualified hospital shall:
1. Notify the applicant at the time a determination regarding presumptive eligibility is made, in writing and orally if appropriate, of the determination for each individual on whose behalf presumptive eligibility was requested and the effective date of the presumptive eligibility;
  2. Provide the applicant with a regular AHCCCS-approved application form and inform the applicant that the applicant may file an application for Medicaid with the Administration or its designee;
  3. Notify AHCCCS of the presumptive eligibility determination;
  4. Notify the applicant at the time the determination is made that presumptive eligibility ends with the earlier of:
    - a. In the case of an individual on whose behalf an application has been submitted to AHCCCS or its designee under Article 3, the day on which AHCCCS or its designee makes a determination on that application; or
    - b. In the case of an individual on whose behalf an application has not been submitted to AHCCCS or its designee under Article 3, on the last day of the following month in which the determination of presumptive eligibility was made by the qualified hospital.
- J.** A determination by a qualified hospital that an individual is not presumptively eligible is not appealable under Chapter 34. If a qualified hospital denies an individual presumptive eligibility, the individual may apply for coverage by submitting an application to the Administration or its designee.

**R9-22-1702. Enrollment of a Member with an AHCCCS**

**Contractor**

**A.** General enrollment requirements. The Administration shall enroll a member with a contractor as described in this Section, unless the member has pre-selected a contractor on the application:

1. Except as provided in subsections (A)(3), (A)(5), and (C), a member who is determined to be eligible under this Chapter and resides in an area served by more than one contractor, may choose an available contractor serving the member’s GSA within 30 days from the date of notice of enrollment. A Native American member may select IHS or another available contractor.
2. If the member does not make a choice under subsection (A)(1), the Administration shall immediately auto-assign the member to:
  - a. IHS if the member is a Native American living on a reservation,
  - b. A contractor based on family continuity, or
  - c. A contractor by using the auto-assignment algorithm.
3. If the member’s period of ineligibility and disenrollment from the contractor of record is for a period of less than 90 days, the Administration shall enroll the member with the member’s most recent contractor of record, if available, except if:
  - a. The member no longer resides in the contractor’s GSA;
  - b. The contractor’s contract is suspended or terminated;
  - c. The member was previously enrolled with CMDP but at the time of re-enrollment the member is not a foster care child;
  - d. The member chooses another contractor or chooses IHS, if available to the member, during the annual enrollment choice period; or
  - e. The member was previously enrolled with a contractor but at the time of re-enrollment the member is a foster care child.
4. When the member’s disenrollment period is more than 90 days, the member may select a contractor as described in subsection (A)(1).
5. The Administration shall not enroll a member with a contractor if a member:
  - a. Is eligible for the FESP under R9-22-1419;

## TITLE 9. HEALTH SERVICES

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

1. The Administration shall change a member's enrollment if the member requests a change to an available contractor or IHS during an annual enrollment period. A Native American may change from an available contractor to IHS or from IHS to an available contractor at any time.
2. The Administration shall approve a change in enrollment for any member if the change is a result of the final outcome of a grievance under 9 A.A.C. 34.
3. A member may choose a different contractor if the member moves into a GSA not served by the current contractor or if the contractor is no longer available. If the member does not select a contractor, the Administration shall auto-assign the member as provided in subsection (A)(2).
4. The Administration shall provide the member 60-day advance notice of the member's option to change plans by the member's annual enrollment date.
5. A member may disenroll from a plan if:
  - a. The member moves out of the GSA;
  - b. The plan does not, because of moral or religious objections, cover the service a member seeks; or
  - c. The member needs related services to be performed at the same time; not all related services are available within the network; and the member's primary care provider or another provider determines that receiving the services separately would subject the member to unnecessary risk.
6. For exceptions to this Article, the Administration shall approve a change for an enrolled member as determined by the Director.

- D. The Administration shall distribute a reporting tool and guidelines to level I trauma centers to determine, on an annual basis, the unrecovered trauma center readiness costs for level I trauma centers as defined in subsection (F) of this Section. The reporting time-frame is July 1 of the prior year through June 30 of the reporting year. A level I trauma center shall submit the requested data and a copy of the most recently completed uniform accounting report under A.R.S. § 36-125.04 to the Administration no later than October 31 of each reporting year.

    - a. Determined in accordance with Generally Accepted Accounting Principles,
    - b. Based on both clinical and professional costs incurred by a level I trauma center necessary for the provision of level I trauma care, and
    - c. Based on administrative and overhead costs directly associated with providing level I trauma care.

**Historical Note**

On or after January 31 of each year, the Administration shall distribute monies, under R9-22-2101(B), to level I trauma centers using monies available in the trauma and emergency services fund at the time of payment. The Administration shall determine each hospital's unrecovered trauma center readiness costs for the current fiscal year using data from the most recent reporting year as provided under R9-22-2101(D) and (E). The proportion of each hospital's share of the fund for unrecovered trauma center readiness costs is determined after considering:
  1. The professional, clinical, administrative, and overhead costs directly associated with providing level I trauma care, and
  2. The volume and acuity of trauma care provided by each hospital.
- C. On or after July 31 of each year, the Administration shall distribute monies to level I trauma centers using monies, under R9-22-2101(B), available in the trauma and emergency services fund at the time of payment according to the proportions calculated and used for the January payments in the same year, under subsection (B) of this Section.

  1. Ninety percent of the amount shall be distributed to Level I trauma centers based upon each center's pro rata share of each center's acuity-adjusted volume as a percentage of the total acuity-adjusted volume for all centers in the state. The acuity-adjusted volume is calculated by multi-

plying the Injury Severity Score employed by trauma.org by the number of trauma cases at that level treated at the center during the reporting year. Hospitals shall report trauma scores and case volume on a worksheet prescribed by the Administration.

2. Ten percent of the amount shall be distributed proportionately to hospitals that had an emergency department from July 1 through June 30 of the reporting year based the pro rata share of each hospital's cost of emergency care as a percentage of the total statewide cost of emergency care provided by hospitals as reported on the Worksheet B, column 27, line 61 of the hospital's most current Medicare Cost Report as of January 31 following the end of each reporting year.

- C. For the reporting years ending June 30, 2011 and June 30, 2012, payments made under this Article shall not be made in an amount that results in aggregate payments to the hospital by the Administration and contractors exceeding of the upper payment limit for the hospital services as calculated in accordance with 42 CFR 447.
- D. For the reporting years ending June 30, 2011 and June 30, 2012, to ensure compliance with subsection (C), payments under this Article shall be reconciled to the federal fiscal year that is two years subsequent to the payment.
- E. Any payments that are determined under subsection (D) to exceed the limit in subsection (C) shall be distributed as described in this Article to hospitals that have not received payments in excess of the limit in subsection (C).

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “*Rule*’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2025 is cited as Supp. 25-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. The Office links to these codified Sections in the Table of Contents of this Chapter.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

## TITLE 9. HEALTH SERVICES

## CHAPTER 28. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ARIZONA LONG-TERM CARE SYSTEM

Authority: A.R.S. §§ 36-2903.01, 36-2903, 36-2932

## Supp. 25-4

*Editor's note: This Chapter contains rules made in a Notice of Emergency Rulemaking. Since an emergency rulemaking is effective for 180 days, the original codified rules are published in the Chapter below the emergency rules for reference if the emergency rules expire. In this case, the Article and Section headings titled "Repealed" remain in the Chapter with historical notes. AHCCCS may choose to renew the emergency for an additional 180 days; or choose to let the emergency expire after 180 days. AHCCCS has stated in Notice of Emergency Rulemaking Preamble published at 31 A.A.R. 4227 (October 31, 2025, Issue 44) it will "pursue regular rulemaking" while the emergency rules are enforced.*

*Editor's Note: The Office of the Secretary of State publishes all Code Chapters on white paper (Supp. 01-3).*

*Editor's Note: This Chapter contains rules which were adopted under an exemption from the rulemaking provisions of the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6, §§ 1001 et seq.) as specified in Laws 1992, Ch. 301, § 61 and Ch. 302, § 13, and Laws 1994, Ch. 322, § 21. Exemption from A.R.S. Title 41, Chapter 6 means that AHCCCS did not submit notice of this rulemaking to the Secretary of State's Office for publication in the Arizona Administrative Register; AHCCCS did not submit these rules to the Governor's Regulatory Review Council; AHCCCS was not required to hold public hearings on these rules; and the Attorney General did not certify these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper. The rules affected by this exemption appear throughout this Chapter.*

5. Any person familiar with the applicant's or member's functional or medical condition.
- D. Using the information described in subsection (C), an assessor shall complete the PAS assessment based on the assessor's education, experience, professional judgment, and training.
- E. After the assessor completes the PAS assessment, the assessor shall calculate a PAS score. The assessor shall compare the PAS score to an established threshold score. The scoring methodology and threshold scores are specified in R9-28-304 and R9-28-305. Except as determined by physician consultant review as provided in subsections (G) through (J), the threshold score is the point at which an applicant or member is determined to be at immediate risk of institutionalization.
- F. Upon request from a person acting on behalf of the applicant, the Administration shall conduct a PAS assessment to determine whether a deceased applicant would have been eligible to receive ALTCS benefits for those months.
- G. In the following circumstances, the Administration shall request that a physician consultant review the PAS assessment, the available medical records, and use professional judgment to make the determination that an applicant or member has a developmental disability or has a nonpsychiatric medical condition that, by itself or in combination with other medical conditions, places an applicant or member at immediate risk of institutionalization:
  1. The PAS score of an applicant or member who is EPD is less than the threshold specified in R9-28-304, but is at least 56;
  2. The PAS score of an applicant or member who is DD is less than the threshold specified in R9-28-305, but is at least 38;
  3. An applicant or member scores below the threshold specified in R9-28-304, but the Administration has reasonable cause to believe that the applicant's or member's unique functional abilities or medical condition may place the applicant or member at immediate risk of institutionalization;
  4. An applicant or member scores below the threshold specified in R9-28-304 and has a documented diagnosis of autism, autistic-like behavior, or pervasive developmental disorder;
  5. An applicant or member who is seriously mentally ill as defined in A.R.S. § 36-550 who scores at or above the threshold specified in R9-28-304, but may not meet the requirements of A.R.S. § 36-2936. When an applicant or member who is seriously mentally ill scores at or above the threshold, the physician consultant shall exercise professional judgment to determine whether the applicant or member meets the requirements of A.R.S. § 36-2936.
  6. An applicant is an AHCCCS acute care member and scores at or above the threshold specified in R9-28-304 but the Administration has reasonable cause to believe that the applicant's condition is convalescent and requires less than 90 days of institutional care;
  7. An applicant or member is a child who is physically disabled and is at least 6 but less than 12 years of age;
  8. An applicant or member is a child who is physically disabled and is under 6 years of age; and
  9. An applicant is under 6 months of age.
- H. The physician consultant shall consider the following:
  1. Activities of daily living dependence;
  2. Delay in development;
  3. Continence;
  4. Orientation;
  5. Behavior;
  6. Any medical condition, including stability and prognosis of the condition;
  7. Any medical nursing treatment provided to the applicant or member including skilled monitoring, medication, and therapeutic regimens;
  8. The degree to which the applicant or member must be supervised;
  9. The skill and training required of the applicant or member's caregiver; and
  10. Any other factor of significance to the individual case.
- I. If the physician consultant is unable to make the determination from the PAS assessment and the available medical records, the physician consultant may conduct a face-to-face review with the applicant or member or contact others familiar with the applicant's or member's needs, including a primary care physician or other caregiver, to make the determination.
- J. The physician consultant shall state the reasons for the determination in the physician review comment section of the PAS instrument.

- A. The PAS instrument for an applicant or member who is EPD includes the following categories:
  1. Intake information category. The assessor solicits intake information category information on an applicant's or member's demographic background. The components of the intake information category are not included in the calculated PAS score.
  2. Functional assessment category. The assessor solicits functional assessment category information on an applicant's or member's:
    - a. Need for assistance with activities of daily living, including:

## TITLE 9. HEALTH SERVICES

## CHAPTER 28. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ARIZONA LONG-TERM CARE SYSTEM

- v. Mobility,
      - vi. Transferring, and
      - vii. Toileting in the residential environment or other routine setting;
    - b. Communication and sensory skills, including hearing, expressive communication, and vision; and
    - c. Continence, including bowel and bladder functioning.
  3. Emotional and cognitive functioning category. The assessor solicits emotional and cognitive functioning category information on an applicant's or member's:
    - a. Orientation to person, place, and time. In soliciting this information, the assessor shall also take into account the caregiver's judgment; and
    - b. Behavior, including:
      - i. Wandering
      - ii. Self-injurious behavior,
      - iii. Aggression,
      - iv. Resistiveness, and
      - v. Disruptive behavior.
  4. Medical assessment category. The assessor solicits medical assessment category information on an applicant's or member's:
    - a. Medical conditions that have an impact on the applicant's or member's functional ability in relation to activities of daily living, continence, and vision;
    - b. Medical condition that requires medical or nursing service and treatment;
    - c. Medication, treatment, and allergies;
    - d. Specific services and treatments that the applicant or member is currently receiving; and
    - e. Physical measurements, hospitalization history, and ventilator dependency.
- B.** The assessor shall use the PAS instrument to assess an applicant or member who is EPD as specified in this Section. A copy of the PAS instrument is available from the Administration. The Administration uses the assessor's PAS assessment to calculate three scores: a functional score, a medical score, and a total score.
1. Functional score:
    - a. The Administration calculates the functional score from responses to scored items in the functional assessment and emotional and cognitive functioning categories. For each response to a scored item, a number of points is assigned, which is multiplied by a weighted numerical value. The result is a weighted score for each response.
    - b. In the functional assessment matrix, all items in the following categories are scored according to subsection (C):
      - i. Activities of daily living,
      - ii. Continence,
      - iii. Sensory,
      - iv. Orientation, and
      - v. Behavior.
  2. Medical score.
    - a. In the medical assessment matrix, all items in the following categories are scored according to:
      - i. Medical conditions as specified in subsection (C), and
      - ii. Medical or nursing services and treatments in subsection (C).
    - b. The Administration calculates the medical score based on the applicant's or member's:
      - i. Diagnosis of Alzheimer's, or dementia, or organic brain syndrome (OBS);
      - ii. Diagnosis of paralysis; and
      - iii. Current use of oxygen.
    - c. The maximum medical score attainable by an applicant or member is 31.5.
  3. Total score.
    - a. The sum of an applicant's or member's functional and medical scores equals the total score.
    - b. The total score is compared to the established threshold score as calculated under this Section. The threshold score is 60.
    - c. As defined in R9-28-303, an applicant or member is determined at immediate risk of institutionalization if the total score is equal to or greater than 60.
- C.** The following matrices represent the number of points available and the respective weight for each scored item.
1. Table 1, Functional assessment points. The lowest value in the range of points available per item in the functional assessment category, zero, indicates minimal to no impairment. Conversely, the highest value indicates severe impairment.
  2. Table 2, Medical assessment points. The lowest value in the range of points available per item in the medical assessment category, zero, indicates that the applicant or member:
    - a. Does not have the scored medical condition,
    - b. Does not need the scored medical or nursing services, or
    - c. Does not receive the scored medical or nursing services.

**A.** The Administration shall conduct a PAS assessment of an applicant or member who is DD using one of three PAS instruments specifically designed to assess an applicant or member in the following age groups:

1. Twelve years of age and older,
2. Six through 11 years of age, and
3. Birth through 5 years of age.

**B.** The PAS instruments for an applicant or member who is DD include three major categories:

1. Intake information category. The assessor solicits intake information category information on an applicant's or member's demographic background. The components of this category are not included in the calculated PAS score.
2. Functional assessment category. The functional assessment category differs by age group as indicated in subsections (B)(2)(a) through (e):
  - a. For an applicant or member 12 years of age and older, the assessor solicits the functional assessment category information on an applicant's or member's:

- i. Need for assistance with independent living skills, including hand use, ambulation, wheelchair mobility, transfer, eating or drinking, dressing, personal hygiene, bathing or showering, food preparation, community mobility, and toileting;
  - ii. Communication skills and cognitive abilities, including expressive verbal communication, clarity of communication, associating time with an event and action, and remembering an instruction and a demonstration; and
  - iii. Behavior, including aggression, verbal or physical threatening, self-injurious behavior, and resistive or rebellious behavior.
- b.** For an applicant or member 6 through 11 years of age, the assessor solicits the functional assessment category information on an applicant's or member's:
- i. Need for assistance with independent living skills, including rolling and sitting, crawling and standing, ambulation, climbing stairs or ramps, wheelchair mobility, dressing, personal hygiene, bathing or showering, toileting, level

- of bladder control, and orientation to familiar settings;
- ii. Communication, including expressive verbal communication and clarity of communication; and
  - iii. Behavior, including aggression, verbal or physical threatening, self-injurious behavior, running or wandering away, and disruptive behavior.
- c. For an applicant or member 6 months through 5 years of age, the assessor solicits the functional assessment category information on an applicant's or member's performance with respect to a series of developmental milestones that measure an applicant's or member's degree of functional growth.
  - d. For an applicant or member less than 6 months of age, the assessor shall not complete a functional assessment. The assessor shall include a description of the applicant's or member's development in the PAS instrument narrative summary.
3. Medical assessment category. The assessor solicits medical assessment category information on an applicant's or member's:
    - a. Medical condition;
    - b. Specific services and treatments the applicant or member receives or needs and the frequency of those services and treatments;
    - c. Current medication;
    - d. Medical stability;
    - e. Sensory functioning;
    - f. Physical measurements; and
    - g. Current living arrangement, ventilator dependency and eligibility for DES Division of Developmental Disabilities program services.
- C. The assessor shall use the PAS instrument to assess an applicant or member who is DD. A copy of the PAS instrument is available from the Administration. The Administration uses the assessor's PAS instrument responses to calculate three scores: a functional score, a medical score, and a total score.
1. Functional score.
    - a. The Administration calculates the functional score from responses to scored items in the functional assessment category. Each response is assigned a number of points which is multiplied by a weighted numerical value, resulting in a weighted score for each response.
    - b. The following items are scored as indicated in subsection (D), under the Functional Assessment matrix:
      - i. For an applicant or member 12 years of age and older, all items in the behavior section are scored. Designated items in the independent living skills, communication skills, and cognitive abilities sections are also scored;
      - ii. For an applicant or member 6 through 11 years of age, all items in the communication section are scored. Designated items in the independent living skills and behavior sections are scored;
      - iii. For an applicant or member 6 months of age through 5 years of age, items in the developmental milestones section are scored based on the age of the applicant.
    - c. The sum of the weighted scores equals the functional score. The range of weighted score per item
- and maximum functional score for each age group is presented below:
- | AGE GROUP | RANGE FOR WEIGHTED SCORE PER ITEM | MAXIMUM FUNCTIONAL SCORE ATTAINABLE |
|-----------|-----------------------------------|-------------------------------------|
| 12+       | 0 - 11.2                          | 124.1                               |
| 6-11      | 0 - 24                            | 112.5                               |
| 0-5       | 0 - 5.0                           | 106.02                              |
- d. No minimum functional score is required.
2. Medical score.
    - a. Subsections (C)(2)(a)(i) through (iii) are scored as indicated in subsection (D), under the Medical Assessment matrix:
      - i. The assessor shall score designated items in the medical conditions for an applicant or member 12 years of age and older and 6 years of age through 11 years of age.
      - ii. The assessor shall score designated items in the medical conditions and medical stability sections for an applicant or member 6 months of age through 5 years of age.
      - iii. The assessor shall complete only the medical assessment section of the PAS for an applicant or member less than 6 months of age. There is no weighted or calculated score assigned. The assessor shall refer the applicant or member for physician consultant review.
    - b. The Administration calculates the medical score from information obtained in the medical assessment category. Each response to a scored item is assigned a number of points. The sum of the points equals the medical score. The range of points per item and the maximum medical score attainable by an applicant or member is presented below:
- | AGE GROUP | RANGE OF POINTS PER ITEM | MAXIMUM MEDICAL SCORE ATTAINABLE |
|-----------|--------------------------|----------------------------------|
| 12+       | 0 - 20.6                 | 21.4                             |
| 6-11      | 0 - 2.5                  | 5                                |
| 0-5       | 0 - 10                   | 60                               |
- c. No minimum medical score is required.
3. Total score.
    - a. The sum of an applicant's or member's functional and medical scores equals the total score.
    - b. The total score is compared to an established threshold score in R9-28-304. For an applicant or member who is DD, the threshold score is 40. Based upon the PAS instrument an applicant or member with a total score equal to or greater than 40 is at immediate risk of institutionalization.
- D. The following matrices represent the number of points available and the weight for each scored item.
1. Functional assessment points. An applicant or member age group 0 to 5: The value is received for each negative response. An applicant or member age groups 6 to 11 and 12+: the lowest value in the range of points available per item in the functional assessment category indicates minimal to no impairment. Conversely, the highest value indicates severe impairment.
  2. Medical assessment points. The lowest value in the range of points available per item in the medical assessment category, zero, indicates that the applicant or member:

      - i. The PNA shall be increased above 15% of the FBR by the amount of income garnished for child support under a court order, including administrative fees garnished for collection efforts, but only to the extent that the amount garnished is not deducted as a monthly allowance for the dependent under any other provision of the post-eligibility process. The increase to the PNA due to the garnishment shall not exceed the actual garnishment paid in the month for which the PNA is calculated; and
      - ii. The PNA shall be increased above 15% of the FBR by the amount of income garnished for spousal maintenance under a judgment and decree for dissolution of marriage, including administrative fees garnished for collection efforts, but only to the extent that the amount garnished is not deducted as a monthly allowance for the spouse under any other provision of the post-eligibility process. The increase to the PNA due to the garnishment shall not exceed the actual garnishment paid in the month for which the PNA is calculated.

received less than the fair market value (uncompensated value) as specified in A.R.S. § 36-2934(B) and 42 U.S.C. 1396p(c)(1)(A), July 1, 2009, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.

- B. A person shall report transfer of assets. The Administration shall evaluate all transfers made during or after the look-back period under 42 U.S.C. 1396p(c)(1)(B), July 1, 2009, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments. The person shall provide verification of any transfer.
- C. Certain transfers are permitted under 42 U.S.C. 1396p(c)(2), July 1, 2009, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.
- D. If the Administration determines a disqualification period applies due to a transfer, and the person is otherwise eligible, the person may remain eligible for ALTCS acute care services but shall be disqualified for receiving ALTCS coverage under 42 U.S.C. 1396p(c)(1)(E), July 1, 2009, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.
- E. Period of disqualification for transfers.
  - 1. Calculating a period of disqualification at application. The uncompensated value of all transfers shall be divided by the monthly private pay rate. The result of this calculation equals the number of months of ineligibility.
  - 2. Calculating a period of disqualification after approval:
    - a. For one or more transfers occurring in one calendar month or in consecutive months, the period of disqualification is determined under subsection (E)(1). The period of disqualification begins with the month that the first transfer was made.
    - b. For transfers occurring in nonconsecutive calendar months, the period of disqualification for each transfer of assets shall be determined separately under subsection (E)(1) to determine if the periods of disqualification overlap.
      - i. Periods of disqualification that overlap shall be added together and shall run consecutively, beginning with the month the first transfer was made.
      - ii. Periods of disqualification that do not overlap are each applied separately beginning the month that the transfer was made.
- F. Transfers of assets for less than fair market value are presumed to have been made to establish eligibility for ALTCS services.
- G. Rebuttal of disqualification.
  - 1. A person found ineligible for ALTCS services by reason of a transfer of assets for uncompensated value shall have the right to rebut the disqualification for reasons stated under 42 U.S.C. 1396p(c)(2)(C), July 1, 2009, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing

Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.

- 2. The person shall have the burden of rebutting the presumption.
- 3. If a person rebuts a transfer on the basis of debt repayment, the Administration shall determine the validity of the debt and payment amount under A.R.S. § 44-101.
- H. Undue hardship. The transfer penalty period may be waived if denial of eligibility for long term care services creates an undue hardship.
  - 1. The Administration shall consider whether the transfer penalty period can be waived when:
    - a. The individual is otherwise eligible for ALTCS benefits and application of the transfer of assets provision would deprive the individual of medical care such that the individual's life or health would be endangered, or
    - b. The individual is otherwise eligible for ALTCS benefits and is deprived of food, clothing, shelter or other necessities of life as evidenced by the fact that the individual's income is less than or equal to the Federal Poverty Level (FPL);
  - 2. The transfer penalty period shall be waived when:
    - a. The individual is incapacitated as established by the Court or by a physician; and
    - b. The individual who had the legal authority to handle the applicant's finances has violated the terms of that legal authority; and
    - c. An individual acting on the applicant's behalf has exhausted all legal remedies to regain the asset, such as but not limited to, filing a police report and seeking recovery through civil court.
  - 3. The transfer penalty period shall not be waived when:
    - a. The applicant was mentally competent and would have been aware of the consequences of the transfers at the time the transfers occurred; or
    - b. The applicant gave another person specific legal authority to make the transfers, such as a conservator, or a person granted the applicant's financial power of attorney when the applicant was competent to do so, and the person did not violate the limits of that authority in making the transfers.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 369, effective January 6, 1999 (Supp. 99-1). Amended by final rulemaking at 20 A.A.R. 234, effective January 7, 2014 (Supp. 14-1).

**R9-28-410. Community Spouse**

- A. The methodology in this Section applies to an institutionalized person who has a community spouse.
- B. If the institutionalized person's most current period of continuous institutionalization began on or after September 30, 1989, the Administration shall use the methodology for the treatment of resources under 42 U.S.C. 1396r-5(c).
  - 1. The following resource criteria shall be used in addition to the criteria specified in R9-28-407 to be eligible:
    - a. Resources owned by a couple at the beginning of the first continuous period of institutionalization from and after September 30, 1989, shall be computed from the first day of institutionalization. The total value of resources owned by the institutionalized spouse and the community spouse, and a spousal

## CHAPTER 28. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ARIZONA LONG-TERM CARE SYSTEM

share equal to one-half of the total value, are computed under 42 U.S.C. 1396r-5(c)(1).

b. The Community Spouse Resource Deduction (CSRSD) is calculated under 42 U.S.C. 1396r-5(f)(2).

c. The CSRSD is subtracted from the total resources of the couple to determine the amount of the couple's resources considered available to the institutionalized spouse at the time of application under 42 U.S.C. 1396r-5(c)(2).

i. Resources in excess of the CSRSD must be equal to or less than the standard for a person specified in R9-28-407.

ii. The CSRSD is allowed as a deduction for 12 consecutive months beginning with the first month in which the institutionalized spouse is eligible for ALTCS benefits. Beginning with the 13th month, the separate property of the institutionalized spouse must be within the resource standard for a person specified in R9-28-407.

iii. If a person who was previously eligible for ALTCS as an institutionalized person with a community spouse reapplies for ALTCS after a break in institutionalization of more than 30 days, the CSRSD will be allowed as a deduction from resources for a 12-month period in addition to the period in subsection (c)(ii).

2. Resources are excluded as specified in R9-28-407, except that one vehicle is totally excluded regardless of its value, and any additional vehicles are included using equity value.

3. The Director may grant eligibility if the Administration determines that a denial of eligibility would create an undue hardship for the institutionalized spouse.

C. This Section applies to the income eligibility and post-eligibility treatment of income beginning September 30, 1989, regardless of when the first period of institutionalization began.

1. Income payments are attributed to the institutionalized person and the community spouse under 42 U.S.C. 1396r-5(b)(2).

2. Income is excluded as specified in R9-28-408.

3. The institutionalized spouse's income eligibility is determined by combining the income of the institutionalized person and the community spouse and dividing by two. If the institutionalized person is not eligible using this method, the income eligibility shall be based on the income received in the person's name.

4. The following allowances described in 42 U.S.C. 1396r-5(d)(1) and (2) are allowed as deductions from the institutionalized spouse's income in determining share-of-cost:

a. A personal-needs allowance specified in R9-28-408(E)(5);

b. A community spouse monthly income allowance, but only to the extent that the institutionalized spouse's income is made available to or for the benefit of the community spouse;

c. A family allowance for each family member equal to one-third of the amount remaining after deducting the countable income of the household member from a Minimum Monthly Maintenance Needs Allowance (MMMNA);

d. An amount for medical or remedial services as specified in R9-28-408; and

e. An amount for Medicare and other health insurance premiums, deductibles, or coinsurance not subject to third-party reimbursement.

D. Transfers.

1. The institutionalized spouse may transfer to any of the following an amount of resources equal to the CSRSD without affecting eligibility under 42 U.S.C. 1396r-5(f). The institutionalized spouse may transfer resources to:

a. The community spouse; or

b. Someone other than the community spouse if the resources are for the sole benefit of the community spouse.

2. The institutionalized spouse is allowed a period of 12 consecutive months, beginning with the first month of eligibility, to transfer resources in excess of the resource standard in R9-28-407 to the persons listed in subsection (D)(1).

3. All other transfers by the institutionalized person or transfers by the community spouse are treated under the provisions in R9-28-409.

E. Specific hearing rights as described under 9 A.A.C. 34 apply to a person whose eligibility is determined under this Section.

1. The institutionalized spouse or the community spouse is entitled to a fair hearing if dissatisfied with the determination of any of the following:

a. The community spouse monthly income allowance,

b. The amount of monthly income allocated to the community spouse,

c. The computation of the spousal share of resources,

d. The attribution of resources, or

e. The CSRSD.

2. The hearing officer may increase the amount of the MMMNA if either the community spouse or institutionalized spouse establishes that the community spouse needs income above the established MMMNA due to exceptional circumstances.

3. The hearing officer may increase the amount of the CSRSD to allow the community spouse to retain enough resources to generate income to meet the MMMNA. The hearing officer may allow the community spouse to retain an amount of resources necessary to purchase a single premium life annuity that would furnish monthly income sufficient to bring the community spouse's total monthly income up to the MMMNA.

**R9-28-509. Agency with Choice**

- A. Definitions. The following words and phrases, in addition to definitions contained in A.R.S. §§ 36-2901 and 36-2931, and 9 A.A.C. 22, Article 1, have the following meanings specific to this Section:

“Agency” means a provider of home and community based services, other than an individual, that has a co-employment relationship with one or more members for purposes of this Section.

“Co-employment relationship” means a situation where the Agency serves as the legal employer of record and the ALTCS member or authorized representative assumes

certain responsibilities related to directing and or managing care.

“Individual’s representative” means a parent, family member, guardian, advocate, or other person authorized by the member to serve as a representative in connection with the provision of services and supports. This authorization should be in writing, when feasible, or by another method that clearly indicates the individual’s free choice. An individual’s representative may not also be a paid caregiver of an individual receiving services and supports.

“Standardized training” means minimum training standards required of all paid caregivers by the Administration as specified in contract.

- B. Purpose. The Agency with Choice program is an ALTCS member directed service model for the provision of home and community based services. Under this model, the ALTCS member or individual’s representative and the agency enter into a co-employment relationship.
- C. In lieu of receiving HCBS services under a traditional service model, a member or the member’s individual’s representative may choose to participate in the Agency with Choice service model. Under the Agency with Choice service model, the agency shall maintain the authority to hire and fire paid caregivers and provide standardized training to the caregiver, and the member or individual representative may elect to recruit, select, dismiss, determine duties, schedule, specify training to meet the unique needs of the member, and supervise the paid caregivers on a day-to-day basis.
- D. Setting. This program is applicable to ALTCS members who reside in their own home.
- E. A member who chooses to receive services under the Agency with Choice service model is not precluded from receiving medically necessary, cost-effective services and supports from other agencies or providers if the services provided are not duplicative of the specific attendant care or skilled service already received through the contractor.

**Historical Note**

Section made by final rulemaking at 18 A.A.R. 3380, effective January 1, 2013 (Supp. 12-4).

**R9-28-510. Case Management**

- A. A program contractor shall assign to each member a case manager to identify, plan, coordinate, monitor, and reassess the need for and provision of long-term care services.
- B. A case manager shall:
  1. Ensure that appropriate ALTCS placement and services are provided for a member within 30 days of enrollment;
  2. Develop a service plan by:
    - a. Completing a case management plan when a member is enrolled in ALTCS and authorizing services for a member who continues to be financially and medically eligible for services;
    - b. Ensuring that a member participates in the preparation of the member’s case management plan;
    - c. Specifying the paid and natural support services to be received by the member, including the duration, scope of services, units of service, frequency of service delivery, provider of services, and effective time period; and
    - d. Coordinating with the primary care provider in determining the necessary services for the member, including hospital and medical services;

  - a. Re-evaluating and revising the case management plan when the member transfers to another facility, transfers to a hospital, has a change in level of care; and

6. Ensure that records are transferred when the member is transferred from a facility or provider to a new facility or provider;
7. Perform additional monitoring of a member with rehabilitation potential and whose condition is fragile or unstable, whose case management plan is marginally cost effective, or whose use of medical and hospital services is unusual;
8. Arrange behavioral health services, if necessary. The case manager shall have initial and quarterly consultation and collaboration with a behavioral health professional to review the treatment plan, unless the case manager meets the definition of a behavioral health professional under A.A.C.   - a. A ratio equal to the number of bed days paid by the Administration's contractors divided by the total number of bed days paid, and
  - b. A ratio equal to the number of bed days paid by the Administration divided by the total number of bed days paid.

  - a. Using the adjudicated encounter data described in subsection (A)(1), the Administration shall determine annually for each facility a ratio equal to the number of bed days for the facility paid by each contractor divided by the total number of bed days paid to all facilities by all contractors.
  - b. Each contractor shall make payments quarterly to each facility in an amount equal to 98% of the amounts identified as Nursing Facility Enhanced Payments in the 820 transaction sent by the Administration to the contractor for the quarter multiplied by the ratio determined in subsection (B)(1)(a) applicable to the contractor and to each facility. quarterly an amount equal to 98% of the payment received from AHCCCS for Nursing Facility Enhanced Payments.

2. Subject to annual approval by CMS in accordance with 42 CFR § 438.6(c), the Administration shall distribute quarterly to its contractors an amount equal to the amount determined in subsection (A)(2)(a) minus the amount distributed under subsection (B)(1), which shall be paid to eligible facilities as follows:
    - a. Using the Medicaid resident bed day information described by subsection (A)(1), the Administration shall determine quarterly a per bed day enhanced support uniform increase by dividing the quarterly distribution amount by one fourth of the total resident bed days paid by the Administration's contractors. Using the same Medicaid resident bed day information, the Administration shall determine the quarterly bed days paid to each facility by each contractor by summing the total bed days paid to each facility by each contractor and dividing by 4.
    - b. The Administration shall communicate to the contractors quarterly the per bed day enhanced support uniform increase and the quarterly bed days paid to each facility by the contractor.
    - c. Each contractor shall distribute quarterly an amount equal to 98% of the payment received from AHCCCS, to be paid to each facility in an amount equal to the per bed day enhanced support uniform increase multiplied by the number of bed days paid by the contractor to the facility.
  3. Each contractor must pay each eligible facility the amounts required under subsections (B)(1) and (B)(2) within 20 calendar days of receiving the Nursing Facility Enhanced Payment from the Administration. The contractors must confirm each payment and payment date to the Administration within 20 calendar days from receipt of the funds.
- C. Payments to facilities by the Administration.

**The release of this Chapter in Supp. 25-4 replaces Supp. 25-3, 1-160 pages.**

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “*Rule*’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2025 is cited as Supp. 25-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. The Office links to these codified Sections in the Table of Contents of this Chapter.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

Authority: A.R.S. § 17-201 et seq.

## Supp. 25-4

*Editor's Note: The Office of the Secretary of State publishes all Chapters on white paper (Supp. 01-2).*

*Editor's Note: This Chapter contains rules which were adopted or amended under an exemption from the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6), pursuant to A.R.S. § 41-1005(A)(1). Exemption from A.R.S. Title 41, Chapter 6 means that the Game and Fish Commission did not submit notice of this rulemaking to the Secretary of State's Office for publication in the Arizona Administrative Register; the Governor's Regulatory Review Council did not review these rules; the Commission was not required to hold public hearings on these rules; and the Attorney General did not certify these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.*

**R12-4-110. Posting and Access to State Land**

A. For the purpose of this Section:

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

“Corrals,” “feed lots,” or “holding pens” mean completely fenced areas used to contain livestock for purposes other than grazing.

“Existing road” means any maintained or unmaintained road, way, highway, trail, or path that has been used for motorized vehicular travel, and clearly shows or has a history of established vehicle use, and is not currently closed by the Commission.

“State lands” means all land owned or held in trust by the state that is managed by the State Land Department and lands that are owned or managed by the Game and Fish Commission.

- B.** In addition to the prohibition against posting proscribed under A.R.S. § 17-304, a person shall not lock a gate, construct a fence, place an obstacle, or otherwise commit an act that denies legally available access to or use of any existing road upon state lands by persons lawfully taking or retrieving wildlife or conducting any activities that are within the scope of and take place while lawfully hunting or fishing.
1. A person in violation of this Section shall take immediate corrective action to remove any lock, fence, or other obstacle unlawfully preventing access to state lands.
  2. If immediate corrective action is not taken, a representative of the Department may remove any unlawful posting and remove any lock, fence, or other obstacle that unlawfully prevents access to state lands.
  3. In addition, the Department may take appropriate legal action to recover expenses incurred in the removal of any unlawful posting or obstacle that prevented access to state land.
- C.** The provisions of this Section do not allow any person to trespass upon private land to gain access to any state land.
- D.** A person may post state lands as closed to hunting, fishing, or trapping without further action by the Commission when the state land is within one-quarter mile of any:
1. Occupied residence, cabin, lodge, or other building; or
  2. Corrals, feed lots, or holding pens containing concentrations of livestock other than for grazing purposes.
  3. Subsection (D) does not authorize any person to deny lawful access to state land in any way.
- E.** The Commission may grant permission to lock, tear down, or remove a gate or close a road or trail that provides legally available access to state lands for persons lawfully taking wildlife or conducting any activities that are within the scope of and take place while lawfully hunting or fishing if access to such lands is provided by a reasonable alternate route.
1. Under R12-4-610, the Director may grant a permit to a state land lessee to temporarily lock a gate or close an existing road that provides access to state lands if the taking of wildlife will cause unreasonable interference during a critical livestock or commercial operation. This permit shall not exceed 30 days.
  2. Applications for permits for more than 30 days shall be submitted to the Commission for approval.
  3. If a permit is issued to temporarily close a road or gate, a copy of the permit shall be posted at the point of the closure during the period of the closure.
- F.** A person may post state lands other than those referenced under subsection (D) as closed to hunting, fishing, or trapping, provided the person has obtained a permit from the Commission authorizing the closure. A person possessing a permit authorizing the closure of state lands shall post signs in compliance with A.R.S. 17-304(C). The Commission may permit the closure of state land when it is necessary:

1. Because the taking of wildlife constitutes an unusual hazard to permitted users;
  2. To prevent unreasonable destruction of plant life or habitat; or
  3. For proper resource conservation, use, or protection, including but not limited to high fire danger, excessive interference with mineral development, developed agricultural land, or timber or livestock operations.
- G.** A person shall submit an application for posting state land to prohibit hunting, fishing, or trapping under subsection (F), or to close an existing road under subsection (E), as required under R12-4-610. If an application to close state land to hunting, fishing, or trapping is made by a person other than the state land lessee, the Department shall provide notice to the lessee and the State Land Commissioner before the Commission considers the application. The state land lessee or the State Land Commissioner shall file any objections with the Department, in writing, within 30 days after receipt of notice, after which the matter shall be submitted to the Commission for determination.
- H.** A person may use a vehicle on or off a road to pick up lawfully taken big game.
- I.** The closing of state land to hunting, fishing, or trapping shall not restrict any other permitted use of the land.
- J.** State trust land may be posted with signs that read “State Land No Trespassing,” but such posting shall not prohibit access to such land by any person lawfully taking or retrieving wildlife or conducting any activities that are within the scope of and take place while lawfully hunting or fishing.
- K.** When hunting, fishing, or trapping on state land, a license holder shall not:
1. Break or remove any lock or cut any fence to gain access to state land;
  2. Open and not immediately close a gate;
  3. Intentionally or wantonly destroy, deface, injure, remove, or disturb any building, sign, equipment, marker, or other property;
  4. Harvest or remove any vegetative or mineral resources or object of archaeological, historic, or scientific interest;
  5. Appropriately mutilate, deface, or destroy any natural feature, object of natural beauty, antiquity, or other public or private property;
  6. Dig, remove, or destroy any tree or shrub;
  7. Gather or collect renewable or non-renewable resources for the purpose of sale or barter unless specifically permitted or authorized by law;
  8. Frighten or chase domestic livestock or wildlife, or endanger the lives or safety of others when using a motorized vehicle or other means; or
  9. Operate a motor vehicle off road or on any road closed to the public by the Commission or landowner, except to retrieve a lawfully taken big game.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

1. A person purchasing a nonpermit-tag shall provide all of the following information to a Department office or license dealer at the time of purchase; the applicant's:
    - a. Name,
    - b. Mailing address, and
    - c. Department identification number.
  2. An applicant shall not obtain nonpermit-tags in excess of the bag limit established by Commission Order when it established the season for which the nonpermit-tags are valid.
- C.** If the number of hunt permits for a species in a particular hunt area must be limited, a Commission Order establishes a hunt number for that hunt area and a hunt permit-tag is required to take the species in that hunt area.
1. A person applying for a hunt permit-tag shall submit an application as described under R12-4-104.
  2. The Department shall determine whether a hunt permit-tag will be issued to an applicant as follows:
    - a. The Department shall reserve a maximum of 20% of the hunt permit-tags for each hunt number, except as established under subsection (C)(2)(b), for bear, deer, elk, javelina, pronghorn, Sandhill crane, and turkey and reserve a maximum of 20% of the hunt permit-tags for all hunt numbers combined statewide for bighorn sheep and bison to issue to persons who have bonus points and shall issue the hunt permit-tags as established under subsection (C)(2)(c).
    - b. For bear, deer, elk, javelina, pronghorn, Sandhill crane, and turkey, the Department shall reserve one hunt permit-tag for any hunt number with fewer than five, but more than one, hunt permit-tags and shall issue the tag as established under subsection (C)(2)(c). When this occurs, the Department shall adjust the number of available hunt permit-tags in order to ensure the total number of hunt permit-tags available does not exceed the 20% maximum specified in subsection (C)(2)(a).
    - c. The Department shall issue the reserved hunt permit-tags for hunt numbers that eligible applicants designate as their first or second choices. The Department shall issue the reserved hunt permit-tags by random selection:
      - i. First, to eligible applicants with the highest number of bonus points for that genus;
      - ii. Next, if there are reserved hunt permit-tags remaining, to eligible applicants with the next highest number of bonus points for that genus; and
      - iii. If there are still tags remaining, to the next eligible applicants with the next highest number of bonus points; continuing in the same manner until all of the reserved tags have been issued or until there are no more applicants for that hunt number who have bonus points.
    - d. The Department shall ensure that all unreserved hunt permit-tags are issued by random selection:
      - i. First, to hunt numbers designated by eligible applicants as their first or second choices; and
      - ii. Next, to hunt numbers designated by eligible applicants as their third, fourth, or fifth choices.
    - e. Before each of the three passes listed under (C)(2)(c)(i), (ii), and (iii), each application is processed through the Department's random number generator program. A random number is assigned to each application; an additional random number is assigned to each application for each group bonus point, including the Education and Loyalty bonus points. Only the lowest random number generated for an application is used in the computer draw process. A new random number is generated for each application for each pass of the computer draw.
    - f. If the bag limit is more than one per calendar year, or if there are unissued hunt permit-tags remaining after the random computer draw, the Department shall ensure these hunt permit-tags are available on a first-come, first-served basis as specified in the annual hunt permit-tag application schedule.
- D.** A person may purchase hunt permit-tags equal to the bag limit for a genus.
1. A person shall not exceed the established bag limit for that genus.
  2. A person shall not apply for any additional hunt-permit-tags if the person has reached the bag limit for that genus during the same calendar year.
  3. A person who surrenders a tag in compliance with R12-4-118 is eligible to apply for another hunt permit-tag for the same genus during the same calendar year, provided the person has not reached the bag limit for that genus.
- E.** The Department shall make available to nonresidents:
1. For bighorn sheep and bison, no more than one hunt permit-tag or 10% of the total hunt permit-tags, whichever is greater, for bighorn sheep or bison in any computer draw. The Department shall not make available more than 50% nor more than two bighorn sheep or bison hunt permit-tags of the total in any hunt number.
  2. For antlered deer, bull elk, pronghorn, Sandhill crane, or turkey, no more than 10%, rounded down to the next lowest number, of the total hunt permit-tags in any hunt number. If a hunt number for antlered deer, bull elk, pronghorn, Sandhill crane, or turkey has 10 or fewer hunt permit-tags, no more than one hunt permit-tag will be made available unless the hunt number has only one hunt permit-tag, then that tag shall only be available to a resident.
- F.** The Commission may, at a public meeting, increase the number of hunt permit-tags issued to nonresidents in a computer draw when necessary to meet management objectives.
- G.** The Department shall not issue under subsection (C)(2)(c), more than half of the hunt permit-tags made available to nonresidents under subsection (E).
- H.** A nonresident cap established under this Section applies to:
1. Hunt permit-tags issued by computer draw under subsections (C)(2)(c) and (d), and
  2. Archery deer nonpermit-tags.
    - a. The number of archery deer nonpermit-tags made available to nonresidents shall be set annually at 10% of the average total archery deer nonpermit-tag sales for the preceding five years, rounded down to the nearest increment of five.
    - b. The Commission, through the nonpermit-tag first-come schedule published by the Department, shall designate the manner and method of purchasing a nonresident archery deer nonpermit-tag, which may require an applicant to apply online only.
  - c. If the Commission requires applicants to use the online method, the Department shall accept paper applications only in the event of a Department systems failure. The Director has the authority to

  3. The Department may establish terms and conditions for the membership program in addition to the following:
    - a. Products and services to be included with each membership level.
    - b. Membership enrollment is available online only and requires a person to create a portal account.
    - c. Membership is not transferable.
    - d. No refund shall be made for the purchase of a membership, unless an internal processing error resulted in the collection of erroneous fees.
- C.** The tag surrender program is restricted to the surrender of an original, unused hunt permit-tag obtained through a computer draw.
1. A person must have a valid and active membership in the Department's membership program with at least one unredeemed tag surrender that was valid:

The raptor under temporary care shall remain in the falconer's facility. The raptor shall continue to count towards the falconer's possession limit. An unlicensed caretaker shall not fly the raptor. The falconer may request an extension from the Department to the temporary possession period if extenuating circumstances occur.
