  13. Dispose of any raptor suspected or confirmed with West Nile Virus or poisoning, except for lead poisoning, by incineration.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

14. Except as specified under subsection (R)(12), transfer the carcass or parts of the carcass of a deceased raptor as follows:
  - a. For a bald or golden eagle, send the entire body, including all feathers, talons, and other parts, to the National Eagle Repository, see <https://www.fws.gov/eaglerepository/factsheets.php>;
  - b. For any euthanized non-eagle raptor, to prevent secondary poisoning of other wildlife, either submit the carcass to a non-eagle repository or burn, bury, or otherwise destroy the carcass;
  - c. For all other species:
    - i. Submit the carcass to a non-eagle repository;
    - ii. Submit the carcass to the Department for submission to a non-eagle repository.
- S. A wildlife rehabilitation license holder shall not:
  1. Display for educational purposes any wildlife held under the license.
  2. Exhibit any wildlife held under the license.
  3. Permanently possess any wildlife held under the license.
- T. A wildlife rehabilitation license holder may possess all wildlife for no more than 90 days. Except a bird may be possessed for no more than 180 days, unless the Department has authorized possession for a longer period of time.
- U. A license holder may request permission to possess wildlife for a longer period of time than specified in subsection (T) by submitting a written request to the Department.
  1. The Department shall approve or deny the request within ten days of receiving the request.
  2. For requests made due to a medical necessity, the Department may require the license holder to provide a written statement listing the medical reasons for the extension, signed by a licensed veterinarian.
  3. The license holder may continue to hold the specified wildlife while the Department considers the request.
  4. If the request is denied, the Department shall send a written notice to the license holder which shall include specific, time-dated directions for the surrender or disposition of the animal.
- V. A wildlife rehabilitation license holder who also possesses a federal rehabilitator license may allow a licensed falconer to assist in conditioning a raptor in preparation for the raptor's release to the wild.
  1. The license holder may allow the licensed falconer to temporarily remove the raptor from the license holder's facility while conditioning the raptor.
  2. The license holder shall provide the licensed falconer with a written statement authorizing the falconer to assist the license holder.
  3. The written statement shall identify the raptor by species, type of injury, and band number, when available.
  4. The license holder shall ensure the licensed falconer returns the raptor to the license holder within the 180-day period established under subsection (T).
- W. A wildlife rehabilitation license holder may hold wildlife under the license after the wildlife reaches a state of restored health only for the amount of time reasonably necessary to prepare the wildlife for release. Rehabilitated wildlife shall be released:
  1. In an area without immediate threat to the wildlife or contact with humans;
  2. During an ecologically appropriate time of year and time of day; and
  3. Into a suitable habitat in the same geographic area where the animal was originally obtained; or
  4. In an area designated by the Department.
- X. Wildlife that is not releasable after the time-frames specified in subsection (T) shall be transferred, disposed of, or euthanized as determined by the Department.
- Y. To permanently hold rehabilitated wildlife declared unsuitable for release by a licensed veterinarian, a wildlife rehabilitation license holder shall apply for and obtain a wildlife holding license in compliance with under R12-4-417.
- Z. A wildlife rehabilitation license holder shall submit an annual report to the Department by January 31 of each year, but not earlier than January 1, for the previous calendar year. The report form is furnished by the Department.
  1. A report is required regardless of whether or not activities were performed during the previous year.
  2. The wildlife rehabilitation license becomes invalid if the annual report is not submitted to the Department by January 31 of each year.
  3. The Department will not process the special license holder's renewal application until the annual report is received by the Department.
  4. The annual report shall contain the following information:
    - a. The license holder's:
      - i. Name;
      - ii. Mailing address; and
      - iii. Telephone number;
    - b. Each agent's:
      - i. Name;
      - ii. Mailing address; and
      - iii. Telephone number;
    - c. The permit or license number of any federal permits or licenses that relate to any rehabilitative function performed by the license holder;
    - d. For activities related to federally-protected wildlife, a copy of the rehabilitator's federal permit report of activities related to federally-protected wildlife; and
    - e. An itemized list of each animal held under the license during the calendar year for which activity is being reported. For each animal held by the license holder or agent, the itemization shall include:
      - i. Species;
      - ii. Condition that required rehabilitation;
      - iii. Date of acquisition;
      - iv. Source of acquisition;
      - v. Location of acquisition;
      - vi. Age class at acquisition, when reasonably determinable;
      - vii. Status at disposition or end-of-year in relation to the condition requiring rehabilitation;
      - viii. Method of disposition;
      - ix. Location of disposition; and
      - x. Date of disposition.
- AA. A wildlife rehabilitation license holder shall comply with the requirements established under R12-4-409, R12-4-428, and R12-4-430, as applicable.

**Historical Note**

Adopted effective January 4, 1990 (Supp. 90-1).  
 Amended effective January 1, 1995; filed in the Office of the Secretary of State December 9, 1994 (Supp. 94-4).  
 Amended by final rulemaking at 7 A.A.R. 2732, effective July 1, 2001 (Supp. 01-2). Amended by final rulemaking at 9 A.A.R. 3186, effective August 30, 2003 (Supp. 03-3).

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

Amended by final rulemaking at 12 A.A.R. 980, effective May 6, 2006 (Supp. 06-1). Amended by final rulemaking at 21 A.A.R. 2813, effective December 5, 2015 (Supp. 15-4). Amended by final rulemaking at 27 A.A.R. 321, effective July 1, 2021 (Supp. 21-1). Amended by final rulemaking at 32 A.A.R. 7 (January 2, 2026), effective February 1, 2026 (Supp. 25-4).

**R12-4-424. White Amur Stocking License; Restocking License**

**A.** For the purposes of this Section:

“Closed aquatic system” means any body of water, water system, canal system, or series of lakes, canals, or ponds where triploid white amur are prevented from entering or exiting the system by any natural or man-made barrier, as determined by the Department.

“Triploid” means a species having three homologous sets of chromosomes that renders the individuals sterile.

**B.** A white amur stocking or restocking license allows a person to import, possess, stock in a closed aquatic system, and transport triploid white amur (*Ctenopharyngodon idella*).

**C.** The white amur stocking or restocking license is valid for no more than 20 consecutive days.

**D.** In addition to the requirements established under this Section, a white amur stocking or restocking license holder shall comply with the special license requirements established under R12-4-409.

**E.** The white amur stocking or restocking license holder shall be responsible for compliance with all applicable regulatory requirements; the licenses do not:

1. Exempt the license holder from any municipal, county, state, or federal codes, ordinances, statutes, rules, or regulations; or
2. Authorize the license holder to engage in authorized activities using federally-protected wildlife, unless the license holder possesses a valid license, permit, or other form of documentation issued by the United States authorizing the license holder to use that wildlife in a manner consistent with the special license.

**F.** The Department shall deny a white amur stocking or restocking license to a person who fails to meet the requirements established under R12-4-409 or this Section. The Department shall provide the written notice established under R12-4-409(F)(4) to the applicant stating the reason for the denial. The person may appeal the denial to the Commission as prescribed under A.R.S. Title 41, Chapter 6, Article 10. In addition to the requirements and criteria established under R12-4-409(F)(1) through (4), the Department shall deny a white amur stocking or restocking license when it determines the issuance of the license may result in a negative impact on native wildlife.

**G.** An applicant for a white amur stocking or restocking license shall submit an application to the Department. A separate application is required for each location where the applicant proposes to stock white amur. The application is furnished by the Department and is available from any Department office and on the Department’s website. The applicant shall provide the following information on the application:

1. The applicant’s information:
  - a. Name;
  - b. Mailing address;
  - c. Telephone number; and;
  - d. Customer ID number, when applicable;
2. For each location where the white amur will be held, stocked, or restocked, the land owner’s:
  - a. Name;

- b. Mailing address;
- c. Telephone number; and
- d. Physical address or general location description and Global Positioning System location;
- e. For the purposes of this subsection, the following systems may qualify as separate locations, as determined by the Department:
  - i. Each closed aquatic system;
  - ii. Each separately managed portion of a closed aquatic system; or
  - iii. Multiple separate closed aquatic systems owned, controlled, or legally held by the same applicant where stocking is to occur;

**3.** A detailed description and diagram of each enclosed aquatic system where the applicant will stock and hold the white amur, as prescribed under A.R.S. § 17-317, which shall include the following information, as applicable:

- a. A description of how the system meets the definition of a “closed aquatic system” in subsection (A);
- b. Size of waterbody proposed for stocking;
- c. Nearest river, stream, or other freshwater system;
- d. Points where water enters into each water body;
- e. Points where water leaves each water body; and
- f. Location of fish containment barriers;

**4.** For each wildlife supplier from whom the applicant will obtain white amur, the supplier’s:

- a. Name;
- b. Mailing address; and
- c. Telephone number;

**5.** The number and average length of white amur to be stocked;

**6.** The dates white amur will be stocked, or restocked;

**7.** Any other information required by the Department; and

**8.** The certification required under R12-4-409(C).

**H.** When the Department determines an applicant proposes to stock white amur in a watershed in a manner that conflicts with the Department’s efforts to conserve wildlife, in addition to the requirements listed under subsection (G), the applicant shall also submit a written proposal to the Department at the time of application. The written proposal shall contain all of the following:

1. Anticipated benefits from introducing white amur;
2. Potential risks introducing white amur may create for wildlife, including:
  - a. Whether white amur are compatible with native aquatic species or game fish; and
  - b. Method for evaluating the potential impact introducing white amur will have on wildlife;
3. Assessment of probable impacts to sensitive species in the area using the list generated by the Department’s Online Environmental Review Tool, which is available on the Department’s website. The proposal must address each species listed.

**I.** A person may apply for a white amur restocking license provided there are no changes to the closed aquatic system. The restocking application license application must include the inspection certification from the supplier of white amur as required under subsection (K)(2).

**J.** A person applying for a white amur stocking or restocking license shall pay all applicable fees as prescribed under R12-4-412.

**K.** A white amur stocking and restocking license holder shall comply with the requirements established under R12-4-409.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

1. Comply with all additional stipulations placed on the license by the Department, as authorized under R12-4-409(H).
  2. Obtain all aquatic wildlife, live eggs, fertilized eggs, and milt from a licensed fish farm operator or a private non-commercial fish pond certified free of the diseases and causative agents through the following actions:
    - a. An inspection shall be performed by a qualified fish health inspector or fish pathologist at the fish farm or pond where the aquatic wildlife or biological material is held before it is shipped to the license holder.
    - b. The inspection shall be conducted no more than 12 months prior to the date on which the aquatic wildlife or biological material is shipped to the license holder. The Department may require additional inspections at any time prior to stocking.
    - c. The applicant shall submit a copy of the certification to the Department prior to conducting any stocking activities.
  3. Maintain records associated with the license for a period of five years following the date of disposition.
  4. Allow the Department to conduct inspections of an applicant's or license holder's facility, records, and any waters proposed for stocking at any time before or during the license period to determine compliance with the requirements of this Article and to determine the appropriate number of white amur to be stocked. The Department shall comply with A.R.S. § 41-1009 when conducting inspections at a license holder's facility.
  5. Ensure all shipments of white amur are accompanied by a USFWS, or similar agent, certificate confirming the white amur are triploid.
  6. Possess the license or legible copy of the license while conducting any activities authorized under the white amur stocking or restocking license and present it for inspection upon the request of any Department employee or agent.
- L.** A white amur stocking or restocking license holder shall comply with the requirements established under R12-4-409.

**Historical Note**

Adopted as an emergency effective July 5, 1988, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 88-3).

Correction, Historical Note, Supp. 88-3, should read, "Adopted as an emergency effective July 15, 1988..."; readopted and amended as an emergency effective October 13, 1988, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 88-4). Emergency expired. Readopted as an emergency effective January 24, 1989, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 89-1). Emergency expired. Former Section R12-4-219 amended and adopted as a permanent rule and renumbered as Section R12-4-424 effective April 28, 1989 (Supp. 89-2). Amended effective January 1, 1995; filed in the Office of the Secretary of State December 9, 1994 (Supp. 94-4). Amended by final rulemaking at 7 A.A.R. 2732, effective July 1, 2001 (Supp. 01-2). Amended by final rulemaking at 12 A.A.R. 980, effective May 6, 2006 (Supp. 06-1). Amended by final rulemaking at 19 A.A.R. 3225, effective January 1, 2014 (Supp. 13-3). Amended by final rulemaking at 21 A.A.R. 2813, effective December 5, 2015 (Supp. 15-4). Amended by final rulemaking at 27 A.A.R. 321, effective July 1, 2021 (Supp. 21-1).

Amended by final rulemaking at 32 A.A.R. 7 (January 2, 2026), effective February 1, 2026 (Supp. 25-4).

**R12-4-425. Restricted Live Wildlife Lawfully Possessed without License or Permit Before the Effective Date of Article 4 or Any Subsequent Amendments**

- A.** A person who lawfully possessed restricted live wildlife without a license or permit from the Department before the effective date of this Section or any subsequent amendments to R12-4-406, this Section, or this Article may continue to possess the wildlife and to use it for any purpose that was lawful, except propagation, before the effective date of R12-4-406, this Section, or this Article or any subsequent amendments, provided the person complies with the requirements established under subsections (A)(1) or (A)(2).
1. The person submits written notification to the Department's regional office in which the restricted live wildlife is held. The person shall submit the written notification to the regional office within 30 calendar days of the effective date of any subsequent amendments to this Section, R12-4-406, or this Article. The written notification shall include all of the following information:
    - a. The number of individuals of each species,
    - b. The purpose for which it is possessed, and
    - c. The unique identifier for each individual wildlife possessed by the person, as established under subsection (F); or
  2. The person maintains documentation of the restricted live wildlife held. The documentation shall include:
    - a. The number of individuals of each species,
    - b. Proof the individuals were legally acquired before the effective date of the amendment causing the wildlife to be restricted,
    - c. The purpose for which it is used, and
    - d. The unique identifier for each wildlife possessed by the person, as established under subsection (F).
  3. The person shall report the birth or hatching of any progeny conceived before and born after the effective date of this Section, R12-4-406, or this Article to the Department and comply with the requirements established under subsection (F).
- B.** The person shall ensure the written notification described under subsection (A)(1) and (A)(2) includes the person's name, address, and the location where the wildlife is held. A person who maintains their own documentation under subsection (A)(2) shall make it available to the Department upon request.
- C.** The person shall retain the documentation required under subsections (A)(1) and (A)(2) until the person disposes of the wildlife as described under subsection (D).
- D.** A person who possesses wildlife under this Section shall dispose of it using any one of the following methods:
  1. Exportation;
  2. Euthanasia;
  3. Transfer to an Arizona special license holder, provided the special license authorizes possession of the species involved; or
  4. As otherwise directed by the Department in writing.
- E.** If a person transfers restricted live wildlife possessed under this Section to a special license holder:
  1. The exemption for that wildlife under this Section expires, and
  2. The special license holder shall use, possess, and report the wildlife in compliance with this Article and any stipulations applicable to that special license.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

- F. A person who exports wildlife held under this Section shall not import the wildlife back into this state unless the person obtains a special license prior to importing the wildlife back into this state.
- G. A person who possesses wildlife under this Section shall permanently and uniquely mark the wildlife with a unique identifier as follows:
1. Within 30 calendar days of the effective date of this Section, R12-4-406, or this Article if the person has notified the Department as provided under subsection (A)(1); or
  2. Within 30 calendar days of receiving written notice from the Department directing the person to permanently mark the wildlife.
- H. A person possessing a Sonoran desert tortoise (*Gopherus morafkai*) is not subject to the requirements of this Section and shall comply with requirements established under R12-4-404 and R12-4-407.

**Historical Note**

Adopted effective April 28, 1989 (Supp. 89-2). Amended by final rulemaking at 12 A.A.R. 980, effective May 6, 2006 (Supp. 06-1). Amended by final rulemaking at 21 A.A.R. 2813, effective December 5, 2015 (Supp. 15-4). Amended by final rulemaking at 27 A.A.R. 321, effective July 1, 2021 (Supp. 21-1). Amended by final rulemaking at 32 A.A.R. 7 (January 2, 2026), effective February 1, 2026 (Supp. 25-4).

**R12-4-426. Possession of Nonhuman Primates**

- A. A person is prohibited from possessing a nonhuman primate, unless authorized under a special license or lawful exemption.
- B. A person shall not import a nonhuman primate into this state unless:
1. A person lawfully possessing a nonhuman primate shall ensure the primate is tested and reported to be free of any zoonotic disease that poses a serious health risk as determined by the Department. Zoonotic diseases that pose a serious health risk include, but are not limited to:
    - a. Tuberculosis;
    - b. Simian Herpes B virus;
    - c. Simian Immunodeficiency Virus;
    - d. Simian T Lymphotropic Virus; and
    - e. Gastrointestinal pathogens such as, but not limited to, Shigella, Salmonella, E. coli, and Giardia.
  2. A qualified person, as determined by the Department, performs the test and provides the test results; and
  3. The tests required under subsection (B)(1) are:
    - a. Conducted no more than 30 days before the person imports the nonhuman primate; and
    - b. The person submits the results to the Department prior to importation.
- C. A person lawfully possessing the nonhuman primate shall contain the primate within the confines of the person's private property or licensed facility.
- D. A person possessing a nonhuman primate may only transport the primate by way of a secure cage, crate, or carrier. A person possessing a primate shall only transport the primate to the following locations:
  1. To or from a licensed veterinarian;
  2. Into or out of the state for lawful purposes.
- E. A person lawfully possessing a nonhuman primate that bit, scratched, or otherwise exposed a human to pathogenic organisms, as determined by the Department, shall ensure the primate is examined and laboratory tested for the presence of pathogens as follows:

1. The Department shall prescribe examinations and laboratory testing for the presence of pathogens.
  2. The person shall have the nonhuman primate examined by a state licensed veterinarian who shall perform any examinations or laboratory tests as directed by the Department.
    - a. The licensed veterinarian shall provide the laboratory results to the Department within 24 hours of receiving the results.
    - b. The Department shall notify the exposed person and the Department of Health Services, Vector Borne and Zoonotic Disease Section within 10 days of receiving notice of the test results.
  3. The person possessing the nonhuman primate shall pay all costs associated with the examination, laboratory testing, and maintenance of the primate.
- F. A person lawfully possessing a nonhuman primate shall ensure a primate that tests positive for a zoonotic disease that poses a serious health risk to humans, or is involved in more than one incident of biting, scratching, or otherwise exposing a human to pathogenic organisms, is maintained in captivity or disposed of as directed in writing by the Department.
- G. A zoo license holder or a person using nonhuman primates at a research facility, as defined under R12-4-401, possessing a primate that bit, scratched, or otherwise exposed a human to pathogenic organisms shall quarantine and test the primate in accordance with procedures approved by the Department.
- H. A person lawfully possessing a nonhuman primate is subject to the requirements established under R12-4-428.

**Historical Note**

Adopted effective April 28, 1989 (Supp. 89-2). Rule expired December 31, 1989; text rescinded (Supp. 93-2). New Section adopted by final rulemaking at 6 A.A.R. 211, effective December 14, 1999 (Supp. 99-4). Amended by final rulemaking at 12 A.A.R. 980, effective May 6, 2006 (Supp. 06-1). Section R12-4-426(C) corrected to include subsection (C)(1), under A.R.S. § 41-1011 and A.A.C. R1-1-108, Office File No. M11-77, filed March 4, 2011 (Supp. 10-1). Amended by final rulemaking at 21 A.A.R. 2813, effective December 5, 2015 (Supp. 15-4).

**R12-4-427. Exemptions from Requirements to Possess a Wildlife Rehabilitation License**

- A. A person may possess, provide rehabilitative care to, and release to the wild any live wildlife listed below that is injured, orphaned, or otherwise debilitated:
1. The order *Passeriformes*: non-Migratory Bird Treaty Act listed passerine birds;
  2. The order *Columbiformes*: non-Migratory Bird Treaty Act listed doves;
  3. The family *Phasianidae*: quail, pheasant, and chukars;
  4. The order *Rodentia*: rodents; and
  5. The order *Lagomorpha*: hares and rabbits.
- B. This Section does not:
1. Exempt the person from any municipal, county, state, or federal codes, ordinances, statutes, rules, or regulations; or
  2. Authorize the person to engage in authorized activities using federally-protected wildlife, unless the person possesses a valid license, permit, or other form of documentation issued by the United States that authorizes the license holder to use that wildlife in a manner consistent with the special license.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

- C. This Section does not authorize the possession of any of the following:
1. Eggs of wildlife;
  2. Wildlife listed as Species of Greatest Conservation Need, as defined under R12-4-401;
  3. Migratory birds, as defined under R12-4-101; or
  4. More than 25 animals at the same time.
- D. A person taking and caring for wildlife listed under this Section is not required to possess a hunting license.
- E. A person shall only take wildlife listed under subsection (A) by hand or by a hand-held implement.
- F. A person shall not possess wildlife lawfully held under this Section for more than 60 days.
- G. The exemptions granted under this Section shall not apply to any person who, by their own action, has unlawfully injured, orphaned, or otherwise debilitated the wildlife.
- H. If the wildlife is rehabilitated and suitable for release, the person who possesses the wildlife shall release it within the 60-day period established under subsection (C):
1. Into a habitat that is suitable to sustain the wildlife, or
  2. As close as possible to the same geographic area from where it was taken.
- I. If the wildlife is not rehabilitated within the 60-day period or the wildlife requires care normally provided by a veterinarian, the person who possesses it shall:
1. Transfer it to a wildlife rehabilitation license holder or veterinarian;
  2. Euthanize it; or
  3. Obtain a wildlife holding permit as established under R12-4-417.

**Historical Note**

Adopted effective April 28, 1989 (Supp. 89-2). Amended effective January 1, 1995; filed in the Office of the Secretary of State December 9, 1994 (Supp. 94-4). Amended by final rulemaking at 12 A.A.R. 980, effective May 6, 2006 (Supp. 06-1). Amended by final rulemaking at 21 A.A.R. 2813, effective December 5, 2015 (Supp. 15-4). Amended by final rulemaking at 27 A.A.R. 321, effective July 1, 2021 (Supp. 21-1).

**R12-4-428. Captivity Standards**

- A. For the purposes of this Section, "animal" means any wildlife possessed under a special license, unless otherwise indicated.
- B. A person possessing wildlife under a special license authorized under this Article shall comply with the minimum standards for the humane treatment of animals established under this Section.
- C. A person possessing wildlife under an authority granted under this Article shall ensure all facilities meet the following minimum standards:
1. The facility shall be:
    - a. Constructed of material of sufficient strength to resist any force the animal may be capable of exerting against it.
    - b. Constructed in a manner designed to reasonably prevent the animal's escape or the entry of unauthorized persons, wildlife, or domestic animals.
    - c. Constructed and maintained in good condition to protect animals from injury, disease, or death and to enable the humane practices established under this Section.
  2. If electricity is required to comply with related requirements established under this Section, each facility shall be equipped with safe, reliable and adequate electric power.
    - a. All electric wiring shall be constructed and maintained in accordance with all applicable governmental building codes.
    - b. Electrical construction and maintenance shall be sufficient to ensure that no animal has direct contact with any electrical wiring or electrical apparatus, and the animal is fully protected from any possibility of injury, shock, or electrocution.
  3. Each animal shall be supplied with sufficient potable water to meet its needs.
    - a. All water receptacles shall be kept in clean and sanitary condition.
    - b. Water shall be readily available and monitored at least once daily or more often when the needs of the animal or environmental conditions dictate.
    - c. If potable water is not accessible to the animal at all times, it shall be provided as often as necessary for the health and comfort of the animal.
  4. Food shall be suitable, wholesome, palatable, free from contamination, and of sufficient appeal, quantity, and nutritive value to maintain the good health of each animal held in the facility.
    - a. Each animal's diet shall be prepared based upon the nutritional needs and preferences of the animal with consideration for the animal's age, species, condition, size, and all veterinary directions or recommendations in regard to diet.
    - b. Each animal shall be fed as often as its needs dictate, taking into consideration behavioral adaptations, veterinary treatment or recommendations, normal fasts, or other professionally accepted humane practices.
    - c. The amount of available food for each animal shall be monitored at least once daily, except for those periods of time when species specific fasting protocols dictate that the animal should not consume any food during the entire day.
    - d. Food and food receptacles, when used, shall be sufficient in quantity and accessible to all animals in the facility and shall be placed to minimize potential contamination and conflict between animals using the receptacles.
    - e. Food receptacles shall be kept clean and sanitary at all times.
    - f. Any self-feeding food receptacles shall function properly and the food they provide shall be monitored at least once daily and shall not be subject to deterioration, contamination, molding, caking, or any other process that would render the food unsafe or unpalatable for the animal.
    - g. An appropriate means of refrigeration shall be provided for supplies of perishable animal foods.
  5. The facility shall be kept sanitary and regularly cleaned as the nature of the animal requires:
    - a. Adequate provision shall be made for the removal and disposal of animal waste, food waste, unusable bedding materials, trash, debris and dead animals not intended for food.
    - b. The facility shall be maintained to minimize the potential of parasite, pest, and vermin infestation, disease, and unseemly odors.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

- c. Excreta shall be removed from the primary enclosure facility as often as necessary to prevent contamination, minimize hazard of disease, and reduce unseemly odors.
  - d. The sanitary condition of the facility shall be monitored at least once daily.
  - e. When the facility is cleaned by hosing, flushing, or the introduction of any chemical substances, adequate measures shall be taken to ensure the animal has no direct contact with any chemical substance and is not directly sprayed with water, steam, or chemical substances or otherwise wetted involuntarily.
6. A sanitary and humane method shall be provided to rapidly eliminate excess water from the facility. If drains are utilized, they shall be:
    - a. Properly constructed.
    - b. Kept in good condition to avoid foul odors or parasite, pest, or vermin infestation.
    - c. Installed in a manner that prevents the backup or accumulation of debris or sewage.
  7. No animal shall be exposed to any human activity or environment that may have an inhumane or harmful effect upon the animal or that is inconsistent with the purpose of the special license.
  8. Facilities shall not be constructed or maintained in proximity to any physical condition which may pose any health threat or unnecessary stress to the animal.
  9. Persons caring for the animals shall conduct themselves in a manner that prevents the spread of disease, minimizes stress, and does not threaten the health of the animal.
  10. All animals housed in the same facility or within the same enclosed area shall be compatible and shall not pose a substantial threat to the health, life or well-being of any other animal in the same facility or enclosure, whether or not the other animals are held under a special license. This subsection shall not apply to live animals utilized as food items in the enclosures.
  11. Facilities for the enclosure of animals shall be constructed and maintained to provide sufficient space to allow each animal adequate freedom of movement to make normal postural and social adjustments.
    - a. The facility area shall be large enough and constructed in a manner to allow the animal proper and adequate exercise as is characteristic to each animal's natural behavior and physical needs.
    - b. Facilities for digging or burrowing animals shall have secure safe floors below materials supplied for digging or burrowing activity.
    - c. Animals that naturally climb or perch shall be provided with safe and adequate climbing or perching apparatus.
    - d. Animals that naturally live in an aquatic environment shall be supplied with sufficient access to safe water so as to meet their aquatic behavioral needs.
    - e. The facility and holding environment shall be structured to reasonably promote the physical and psychological well-being of any animal held in the facility.
  12. A special license holder shall ensure that a sufficient number of properly trained personnel are utilized to meet all the humane husbandry practices established under this Section. The license holder shall be responsible for the actions of all animal care personnel and all other persons that come in contact with the animals.
  13. The special license holder shall designate a veterinarian licensed to practice in this state as the primary treating veterinarian for each species of animal to be held.
    - a. The license holder shall ensure that all animals in their care receive proper, adequate, and humane veterinary care as the needs of each animal dictate.
    - b. Each animal held for more than one year shall be inspected by the attending veterinarian at least once every year. The inspection report shall demonstrate the veterinarian inspected the health of the animal and the condition of its enclosure.
    - c. Every animal shall promptly receive licensed veterinary care whenever it appears that the animal is injured, sick, wounded, diseased, infected by parasites, or behaving in a substantially abnormal manner, including but not limited to exhibiting loss of appetite, abnormal weight loss or lethargy.
    - d. All medications, treatments and other directions prescribed by the attending veterinarian shall be properly administered by the license holder, authorized agent, or volunteer. A license holder, authorized agent, or volunteer shall not administer prescription medicine, unless under the direction of a veterinarian.
  14. Any animal that is suspected of or diagnosed as harboring any infectious or transmissible disease, whether or not the animal is held under a special license, shall be isolated immediately upon suspicion or diagnosis.
    - a. The isolated animal shall continue to be kept in a humane manner as required under this Section.
    - b. When there is an animal with an infectious or transmissible disease in any animal facility, whether or not the animal is held under a special license, the facility shall be sanitized so as to reasonably eliminate the chance of other animals being exposed to infection. Sanitation procedures may include, but are not limited to:
      - i. Washing facilities or animal-related materials with appropriate disinfectants, soaps or detergents;
      - ii. Appropriate application of hot water or steam under pressure; and
      - iii. Replacement of gravel, dirt, sand, water, or food.
      - vi. All residue of chemical agents utilized in the sanitation process shall be reasonably eliminated from the facility before any animal is returned to the facility.
    - c. Parasites, pests, and vermin shall be controlled and eliminated so as to ensure the continued health and well-being of all animals.
  - D. In addition the standards established under subsection (C), a person shall ensure all indoor facilities meet the following minimum standards:
    1. Heating and cooling equipment shall be sufficient to regulate the temperature of the facility to the optimal temperature zone of the species being held to provide a healthy, comfortable, and humane living environment.
    2. Indoor facilities shall be adequately ventilated with fresh air to provide for the healthy, comfortable, and humane keeping of any animal and to minimize drafts, odors, and moisture condensation.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

3. Indoor facilities shall have lighting of a quality, distribution, and duration as is appropriate for the biological needs of the animals held and to facilitate the inspection and maintenance of the facility.
  - a. Artificial lighting, when used, shall be utilized in regular cycles as the animal's needs dictate.
  - b. Lighting shall be designed to protect the animals from excessive or otherwise harmful aspects of illumination.
- E. In addition the standards established under subsection (C), a person shall ensure that all outdoor facilities meet the following minimum standards:
  1. Sufficient shade to prevent the overheating or discomfort of any animal shall be provided.
  2. Sufficient shelter appropriate to protect animals from normal climatic conditions throughout the year.
  3. Each animal shall be acclimated to outdoor climatic conditions before they are housed in any outdoor facility or otherwise exposed to the extremes of climate.
- F. A person who handles an animal shall ensure the animal is handled in an expeditious and careful manner to ensure no unnecessary discomfort, behavioral stress, or physical harm to the animal.
  1. An animal shall be transported in a secure, expeditious, careful, temperature appropriate, and humane manner. An animal shall not be transported in any manner that poses a substantial threat to the life, health, or behavioral well-being of the animal.
  2. An animal placed on public exhibit or educational display shall be handled in a manner that minimizes the risk of harm to members of the public and to the animal, which includes but is not limited to providing and maintaining a sufficient distance or barrier between the animal and the viewing public.
  3. Any restraint or equipment used on an animal shall not cause physical harm or unnecessary discomfort.
- G. The Department may impose additional requirements on facilities that hold animals to meet the needs of the particular animal and ensure public health and safety.

**Historical Note**

Adopted effective April 28, 1989 (Supp. 89-2). Amended by final rulemaking at 12 A.A.R. 980, effective May 6, 2006 (Supp. 06-1). Amended by final rulemaking at 21 A.A.R. 2813, effective December 5, 2015 (Supp. 15-4). Amended by final rulemaking at 27 A.A.R. 321, effective July 1, 2021 (Supp. 21-1).

**R12-4-429. Expired****Historical Note**

New Section made by emergency rulemaking under A.R.S. § 41-1026 at 8 A.A.R. 3127, effective July 1, 2002 for a period of 180 days (Supp. 02-3). Emergency rulemaking renewed under A.R.S. § 41-1026(D) for an additional 180-day period at 9 A.A.R. 132, effective December 27, 2002 (Supp. 02-4). Section expired effective June 24, 2003 (Supp. 03-2).

**R12-4-430. Importation, Handling, and Possession of Cervids**

- A. The Department shall not issue a new special license authorizing the possession of a live cervid, except as provided under R12-4-418 and R12-4-420.
- B. A person shall not import a live cervid into Arizona, except a zoo license holder may import any live nonnative cervid for

exhibit, educational display, or propagation provided the nonnative cervid is quarantined for 30 days upon arrival and is procured from a facility that meets all of the following requirements:

1. The exporting facility has a disease surveillance program and no history of chronic wasting disease or other wildlife disease that pose a serious health risk to wildlife or humans and there is accompanying documentation from the facility certifying there is no history of disease at the facility or within 50 miles of the facility;
  2. The nonnative cervid is accompanied by a health certificate, issued no more than 30 days prior to importation by a licensed veterinarian in the jurisdiction of origin; and
  3. The nonnative cervid is accompanied by evidence of lawful possession, as defined under R12-4-401.
- C. A person shall not transport a live cervid within Arizona, except to:
1. Export the live cervid from Arizona for a lawful purpose;
  2. Transport the live cervid to a facility for the purpose of slaughter, when the slaughter will take place within five days of the date of transport;
  3. Transport the live cervid to or from a licensed veterinarian for medical care;
  4. Transport the live cervid to a new holding facility owned by, or under the control of, the cervid owner, when all of the following apply:
    - a. The current holding facility has been sold or closed;
    - b. Ownership, possession, custody, or control of the cervid will not be transferred to another person; and
    - c. The owner of the cervid has prior written approval from the Department; or
  5. Transport the live nonnative cervid within Arizona for the purpose of procurement or propagation when all of the following apply:
    - a. The nonnative cervid is transported to or from a zoo licensed under R12-4-420;
    - b. The nonnative cervid is quarantined for 30 days upon arrival at its destination;
    - c. The nonnative cervid is procured from a facility that meets all of the requirements established under subsection (B)(1) through (B)(3).
- D. A person who lawfully possesses a live cervid, except any cervid held under a private game farm or zoo license, shall comply with the requirements established under R12-4-425.
- E. A person shall comply with the requirements established under R12-4-305 when transporting a cervid carcass, or its parts, from a licensed private game farm.
- F. In addition to the recordkeeping requirements of R12-4-413 and R12-4-420, a person who possesses a live cervid under a private game farm or zoo license shall:
1. Permanently mark each live cervid with either an individually identifiable microchip or tattoo within 30 days of acquisition or birth of the cervid and ensure each cervid is marked with an ear tag that identifies the farm of origin in a manner that is clearly visible from a distance of 100 feet;
  2. Report the death of any cervid to the Department within seven calendar days of finding the cervid;
  3. Include in the annual report submitted to the Department by January 31 of each year, but not earlier than January 1, the following for each native cervid in the license holder's possession:
    - a. Name of the license holder,
    - b. License holder's mailing address,

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

- c. License holder's telephone number,
  - d. Number and species of live cervids held,
  - e. The microchip or tattoo number of each live native cervid held,
  - f. The disposition of all cervids that were moved or died during the current reporting period,
  - g. The results of chronic wasting disease testing for all cervids one year of age and older that die during the current reporting period,
  - h. The license holder shall also submit copies of all veterinary care records that occurred during the previous year, and
  - i. Any other information required by the Department to ensure compliance with this Section.
- G.** The holder of a private game farm, scientific activity, zoo license, or a person possessing a cervid under R12-4-425, shall ensure that the retropharyngeal lymph nodes or obex from the head of a cervid over one year of age that dies while held under the special licenses is collected by either a licensed veterinarian or the Department and submitted within 72 hours of the time of death to an Animal and Plant Health Inspection Service certified veterinary diagnostic laboratory for chronic wasting disease analysis. A list of approved laboratories is available at any Department office and on the Department's website or [www.aphis.usda.gov](http://www.aphis.usda.gov). The license holder shall:
- 1. Ensure the shipment of the deceased animal's tissues is made by a common, private, or contract carrier that utilizes a tracking number system to track the shipment.
  - 2. Include all of the following information with the shipment of the deceased animal's tissues, the license holder's:
    - a. Name,
    - b. Mailing address, and
    - c. Telephone number.
  - 3. Designate, on the sample submission form, test results shall be sent to the Department within 10 days of completing the analysis. The sample submission form is furnished by the diagnostic laboratory providing the test.
  - 4. Be responsible for all costs associated with the laboratory analysis.
  - 5. Notify the Department within 72 hours of receiving a suspect or positive result.
- H.** A person who possesses a cervid shall comply with all procedures for:
- 1. Tuberculosis control and eradication for cervids as prescribed under the United States Department of Agriculture publication "Bovine Tuberculosis Eradication: Uniform Methods and Rules" USDA APHIS 91-45-011, revised January 1, 2005, which is incorporated by reference in this Section.
  - 2. Prevention, control, and eradication of Brucellosis in cervids as prescribed under the United States Department of Agriculture publication "Brucellosis in Cervidae: Uniform Methods and Rules" USDA APHIS 91-45-16, effective September 30, 2003.
  - 3. The incorporated material is available at any Department office, online at [www.aphis.usda.gov](http://www.aphis.usda.gov), or may be ordered from the USDA APHIS Veterinary Services, Cattle Disease and Surveillance Staff, P.O. Box 96464, Washington D.C. 20090-6464.
  - 4. The material incorporated by reference in this Section does not include any later amendments or editions.
- I.** A person who possesses a cervid shall maintain all records pertaining to the origin, disposition and those required under

this Section for a period of five years after the disposition of the animal and shall make the records available for inspection to the Department upon request.

- J.** The Department has the authority to seize, euthanize, and dispose of any cervid possessed in violation of this Section, at the owner's expense.

**Historical Note**

New Section made by final rulemaking at 9 A.A.R. 3186, effective August 30, 2003 (Supp. 03-3). Amended by final rulemaking at 12 A.A.R. 980, effective May 6, 2006 (Supp. 06-1). Amended by final rulemaking at 21 A.A.R. 2813, effective December 5, 2015 (Supp. 15-4). Amended by final rulemaking at 27 A.A.R. 321, effective July 1, 2021 (Supp. 21-1). Amended by final rulemaking at 32 A.A.R. 7 (January 2, 2026), effective February 1, 2026 (Supp. 25-4).

**ARTICLE 5. BOATING AND WATER SPORTS****R12-4-501. Boating and Water Sports Definitions**

In addition to the definitions provided under A.R.S. § 5-301, the following definitions apply to this Article unless otherwise specified:

"Abandoned watercraft" means any watercraft that has remained:

On private property without the consent of the private property owner;

Unattended for more than 48 hours on a highway, public street, or other public property;

Unattended for more than 72 hours on state or federal lands; or

Unattended for more than 14 days on state or federal waterways, unless in a designated mooring or anchorage area.

"Aids to navigation" means buoys, beacons, or other fixed objects placed on, in, or near the water to mark obstructions to navigation or to direct navigation through channels or on a safe course.

"Authorized third-party provider" means an entity that has been awarded a written agreement with the Department, pursuant to a competitive bid process, to perform limited or specific services on behalf of the Department.

"AZ number" means the Department-assigned identification number with the prefix "AZ."

"Bill of sale" means a written agreement transferring ownership of a watercraft that includes all of the following information:

Name of buyer;

Name of seller;

Manufacturer of the watercraft, when known;

Hull identification number, unless exempt under R12-4-505;

Purchase price and sales tax paid, when applicable; and

Signature of seller.

"Boats keep out" in reference to a regulatory marker means the operator or user of a watercraft, or a person

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

being towed by a watercraft on water skis, an inflatable device, or similar equipment shall not enter.

“Certificate of number” means the Department-issued document that is proof that a motorized watercraft is registered in the name of the owner.

“Certificate of origin” means a document provided by the manufacturer of a new watercraft or its distributor, its franchised new watercraft dealer, or the original purchaser establishing the initial chain of ownership for a watercraft, such as but not limited to:

Manufacturer’s certificate of origin (MCO);

Manufacturer’s statement of origin (MSO);

Importer’s certificate of origin (ICO);

Importer’s statement of origin (ISO); or

Builder’s certification (Form CG-1261).

“Controlled-use marker” means an anchored or fixed marker on the water, shore, or a bridge that controls the operation of watercraft, water skis, surfboards, or similar devices or equipment.

“Dealer” means any person who engages in whole or in part in the business of buying, selling, or exchanging new or used watercraft, or both, either outright or on conditional sale, consignment, or lease.

“Homemade watercraft” means a watercraft that is not fabricated or manufactured for resale and to which a manufacturer has not attached a hull identification number. If a watercraft is assembled from a kit or constructed from an unfinished manufactured hull and does not have a manufacturer assigned hull identification number it is a “homemade watercraft.”

“Hull identification number” means a number assigned to a specific watercraft by the manufacturer or by a government jurisdiction as prescribed by the U.S. Coast Guard.

“Issuing authority” means either a State that has an approved numbering system or the U.S. Coast Guard when a State does not have an approved numbering system.

“Junk watercraft” means any hulk, derelict, wreck, or parts of any watercraft in an unseaworthy or dilapidated condition that cannot be profitably dismantled or salvaged for parts or profitably restored.

“Letter of gift” means a document transferring ownership of a watercraft that includes all of the following information:

Name of previous owner;

Name of new owner;

Manufacturer of the watercraft, when known;

Hull identification number, unless exempt under R12-4-505;

A statement that the watercraft is a gift; and

Signature of previous owner.

“Livery” means a business authorized to rent or lease watercraft with or without an operator for recreational, non-commercial use as prescribed under A.R.S. § 5-371.

“Manufacturer” means any person engaged in the business of manufacturing or importing new watercraft for the purpose of sale or trade.

“Motorized watercraft” means any watercraft propelled by machinery and powered by electricity, fossil fuel, or steam.

“No ski” in reference to a regulatory marker means a person shall not be towed on water skis, an inflatable device, or similar equipment.

“No wake” in reference to a regulatory marker has the same meaning as “wakeless speed” as defined under A.R.S. § 5-301.

“Operate” in reference to a watercraft means use, navigate, or employ.

“Owner” in reference to a watercraft means a person who claims lawful possession of a watercraft by virtue of legal title or equitable interest that entitles the person to possession.

“Personal flotation device” means a U.S. Coast Guard approved wearable or throwable device for use on any watercraft, as prescribed under A.R.S. §§ 5-331, 5-350(A), and R12-4-511.

“Regatta” means an organized water event of limited duration affecting the public use of waterways, for which a lawful jurisdiction has issued a permit.

“Registered owner” means the person or persons to whom a watercraft is currently registered by any jurisdiction.

“Registration decal” means the Department-issued decal that is proof of watercraft registration.

“Regulatory marker” means a waterway marker placed on, in, or near the water to convey general information or indicate the presence of:

A danger, or

A restricted or controlled-use area.

“Release of interest” means a statement surrendering or abandoning unconditionally any claim or right of ownership or use in a watercraft.

“Secured party” means a lender, seller, or other person who holds a security interest in a watercraft under applicable law.

“Secured interest” means an interest that is reserved or created by an agreement under applicable law and that secures payment or the performance of an obligation.

“Sound level” means the noise level measured in decibels on the A-weighted scale of a sound level instrument that conforms to recognized industry standards and is maintained according to the manufacturer’s instructions.

“Staggered registration” means the system of renewing watercraft registrations in accordance with the schedule provided under R12-4-504.

“State of principal operation” means the state in whose waters the watercraft is used or will be operated most during the calendar year.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

“Throwable personal flotation device” means a U.S. Coast Guard approved Type IV device for use on any watercraft such as, but not limited to, a buoyant cushion, ring buoy, or horseshoe buoy.

“Titling authority” means a State whose vessel titling system has been certified by the Commandant under 33 C.F.R. 187.303 Subpart D.

“Unreleased watercraft” means a watercraft for which there is no written release of interest from the registered owner.

“Watercraft” means a boat or other floating device of rigid or inflatable construction designed to carry people or cargo on the water and propelled by machinery, oars, paddles, or wind action on a sail. Exceptions are seaplanes, makeshift contrivances constructed of inner tubes or other floatable materials that are not propelled by machinery, personal flotation devices worn or held in hand, and other objects used as floating or swimming aids.

“Watercraft agent” means a person authorized by the Department to collect applicable fees for the registration and numbering of watercraft.

“Watercraft registration” means the validated certificate of number and validating decals issued by the Department.

“Wearable personal flotation device” means a U.S. Coast Guard approved Type I, Type II, Type III, or Type V device for use on any watercraft such as, but not limited to, an off-shore lifejacket, near-shore buoyant vest, special-use wearable device, or flotation aid.

**Historical Note**

Editorial correction subsection (A) (Supp. 78-5). Former Section R12-4-83 renumbered as Section R12-4-501 without change effective August 13, 1981 (Supp. 81-4). Former Section R12-4-501 renumbered to R12-4-515, new Section R12-4-501 adopted effective May 27, 1992 (Supp. 92-2). Amended effective November 7, 1996 (Supp. 96-4). Amended by final rulemaking at 8 A.A.R. 3025, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 13 A.A.R. 4511, effective February 2, 2008 (Supp. 07-4). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1). Amended by final rulemaking at 19 A.A.R. 3225, effective January 1, 2014 (Supp. 13-3). Amended by final rulemaking at 23 A.A.R. 1732, effective August 5, 2017 (Supp. 17-2). Amended by final rulemaking at 28 A.A.R. 3425 (November 4, 2022), effective December 5, 2022 (Supp. 22-4).

**R12-4-502. Application for Watercraft Registration**

- A. Only motorized watercraft as defined under R12-4-501 are subject to watercraft registration.
- B. A person shall apply for watercraft registration under A.R.S. § 5-321 using a form furnished by the Department and available at any Department office or on the Department’s website. The applicant shall provide the following information for registration of all motorized watercraft except homemade watercraft, which are addressed under subsection (C):
  1. Arizona residency certification statement, signed by the watercraft owner;
  2. Type of watercraft;

3. Propulsion type;
4. Engine drive type;
5. Overall length of watercraft;
6. Make and model of watercraft, if known;
7. Year built or model year, if known;
8. Hull identification number;
9. Hull material;
10. Fuel type;
11. Category of use;
12. Watercraft or AZ number previously issued for the watercraft, if any;
13. State of principal operation; and
14. For watercraft:
  - a. Owned by a person:
    - i. Legal name;
    - ii. Mailing address;
    - iii. Date of birth; and
    - iv. Signature of each applicant.
  - b. Owned by a business:
    - i. Name of business;
    - ii. Business address;
    - iii. Tax Identification Number; and
    - iv. Signature and title of authorized representative on behalf of the business.
  - c. Held in a trust:
    - i. Name of trust;
    - ii. Primary trustee’s address;
    - iii. Tax Identification Number, required when the trust is held by two or more persons;
    - iv. Date of trust; and
    - v. Signature of each trustee, unless the trust instrument authorizes the signature of one trustee to bind the trust.
15. When ownership of the watercraft is in more than one name, the applicant shall indicate ownership designation by use of one of the following methods:
  - a. Where ownership is joint tenancy with right of survivorship, the applicant shall use “and/or” between the names of the owners. To transfer registration of the watercraft, each owner shall provide a signature. Upon legal proof of the death or incompetency of either owner, the remaining owner may transfer registration of the watercraft.
  - b. Where ownership is a tenancy in common the applicant shall use “and” between the names of the owners. To transfer registration of the watercraft, each owner shall provide a signature. In the event of the death or incompetency of any owner, the disposition of the watercraft shall be handled through appropriate legal proceedings.
  - c. Where the ownership is joint tenancy or is community property with an express intent that either of the owners has full authority to transfer registration, the applicant shall use “or” between the names of the owners. Each owner shall sign the application for registration. To transfer registration, either owner’s signature is sufficient for transfer.
- C. The builder, owner, or owners of a homemade watercraft shall present the watercraft for inspection at a Department office. The applicant shall provide the following information for registration of homemade watercraft, using the same ownership designations specified in subsection (A)(15):
  1. Type of watercraft;
  2. Propulsion type;

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

3. Engine drive type;
  4. Overall length of watercraft;
  5. Year built;
  6. Hull material;
  7. Fuel type;
  8. Category of use;
  9. Each owner's:
    - a. Name,
    - b. Mailing address, and
    - c. Date of birth;
  10. State of principal operation;
  11. Whether the watercraft was assembled from a kit or rebuilt from a factory or manufacturer's hull;
  12. Hull identification number, if assigned; and
  13. Signature of the applicant, acknowledged before a Notary Public or witnessed by a Department employee.
- D.** As prescribed under A.R.S. § 5-321, the applicant shall submit a use tax receipt issued by the Arizona Department of Revenue with the application for registration unless any one of the following conditions apply:
1. The applicant is exempt from use tax as provided under 15 A.A.C. Chapter 5,
  2. The applicant is transferring the watercraft from another jurisdiction to Arizona without changing ownership,
  3. The applicant submits a bill of sale or receipt showing the sales or use tax was paid at the time of purchase, or
  4. The applicant submits a notarized affidavit of exemption stating that the acquisition of the watercraft was for rental or resale purposes.
- E.** An applicant for a watercraft dealer registration authorized under A.R.S. § 5-322(F), shall be a business offering watercraft for sale or a watercraft manufacturer registered by the U.S. Coast Guard. A person shall display dealer registration for watercraft demonstration purposes only. For the purposes of this Section, "demonstration" means to operate a watercraft on the water for the purpose of selling, trading, negotiating, or attempting to negotiate the sale or exchange of interest in new watercraft, and includes operation by a manufacturer for purposes of testing a watercraft. Demonstration does not include operation of a watercraft for personal purposes by a dealer or manufacturer or an employee, family member, or an associate of a dealer or manufacturer. The watercraft dealer registration is subject to invalidation pursuant to R12-4-506 if a watercraft with displayed dealer registration is used for purposes other than those authorized under A.R.S. § 5-322(F) or this Section. A watercraft dealer registration applicant shall submit an application to the Department. The application is furnished by the Department and is available at any Department office. The applicant shall provide the following information on the application:
1. All business names used for the sale or manufacture of watercraft in Arizona;
  2. Mailing address and telephone number for each business for which a watercraft dealer registration is requested;
  3. Tax privilege license number;
  4. U.S. Coast Guard manufacturer identification code, when applicable;
  5. Total number of certificates of number and decals requested; and
  6. The business owner's or manager's:
    - a. Name,
    - b. Business address,
    - c. Telephone number, and
    - d. Signature.
- F.** In addition to submitting the application form and any other information required under this Section, the applicant for watercraft registration shall submit one or more of the following additional forms of documentation:
1. Original title if the watercraft is titled in another state;
  2. Original registration if the watercraft is from a non-titling state;
  3. Bill of sale as defined under R12-4-501 if the watercraft has never been registered or titled in any state;
  4. Letter of gift as defined under R12-4-501 if the watercraft was received as a gift and was never registered or titled in any state;
  5. Court order or other legal documentation establishing lawful transfer of ownership;
  6. Certificate of documentation or letter of deletion issued by the U.S. Coast Guard;
  7. Statement of facts form furnished by the Department and available from any Department office when none of the documentation identified under subsections (F)(1) through (F)(6) exists either in the possession of the watercraft owner or in the records of any jurisdiction responsible for registering or titling watercraft. An applicant for watercraft registration under a statement of facts shall present the watercraft for inspection at a Department office. The statement of facts form shall include the following information:
    - a. Hull identification number,
    - b. Certification that the watercraft meets one of the following conditions:
      - i. The watercraft was manufactured prior to 1972, is 12 feet in length or less, and is not propelled by an inboard engine;
      - ii. The watercraft is owned by the applicant and has never been registered or titled;
      - iii. The watercraft was owned in a state that required registration, but was never registered or titled; or
      - iv. The watercraft was purchased, received as a gift, or received as a trade and has not been registered, titled, or otherwise documented in the past five years.
    - c. Signature of the applicant, acknowledged before a Notary Public or witnessed by a Department employee.
  8. An original certificate of origin when all of the following conditions apply:
    - a. The watercraft was purchased as new,
    - b. The applicant is applying for watercraft registration within a year of purchasing the watercraft, and
    - c. The certificate of origin is not held by a lien holder.
- G.** If the watercraft is being transferred to a person other than the original listed owner, the applicant for a watercraft registration shall submit a release of interest. The Department may require the applicant to provide a release of interest that is acknowledged before a Notary Public or witnessed by a Department employee when the Department is unable to verify the signature on the release of interest.
- H.** If the original title is held by a lien holder, the applicant for a watercraft registration shall submit a form furnished by the Department and available from any Department office along with a copy of the title. The applicant shall comply with the following requirements when submitting the form:
1. The applicant shall provide the following information on the form:

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

- a. Applicant's name,
  - b. Applicant's mailing address,
  - c. Make and model of watercraft, and
  - d. Watercraft hull identification number.
2. The applicant shall ensure the lien holder provides the following information on the form:
  - a. Lien holder's name,
  - b. Lien holder's mailing address,
  - c. Name of person completing the form on behalf of the lien holder,
  - d. Title of person completing the form on behalf of the lien holder, and
  - e. Signature of the person completing the form on behalf of the lien holder, acknowledged before a Notary Public or witnessed by a Department employee.
- I. If the watercraft's original title or registration is lost, the Department shall register a watercraft upon receipt of one of the following:
  1. A letter or printout from any jurisdiction responsible for registering or titling watercraft that verifies the owner of record for that specific watercraft;
  2. A printout of the Vessel Identification System for that specific watercraft from the U.S. Coast Guard and verification from the appropriate state agency that the information regarding the owner of record for that specific watercraft is correct and current;
  3. A statement of facts by the applicant as described under subsection (F)(7) if the watercraft has not been registered, titled, or otherwise documented in the past five years; or
  4. The abandoned or unreleased watercraft approval letter issued by the Department, as established under R12-4-507(I).
- J. The Department shall issue a watercraft registration within 30 calendar days of receiving a valid application and the documentation required under this Section from the applicant or a watercraft agent authorized under R12-4-509.
- K. All watercraft registrations and supporting documentation are subject to verification by the Department and to the requirements established under R12-4-505. The Department shall require a watercraft to be presented for inspection to verify the information provided by an applicant if the Department has reason to believe the information provided by the applicant is inaccurate or the applicant is unable to provide the required information.
- L. The Department shall deem an application invalid if the Department receives legal documentation of any legal action that may affect ownership of that watercraft.
- M. The Department shall invalidate a watercraft registration if the registration is obtained by an applicant who makes a false statement or provides false information on any application, statement of facts, or written instrument submitted to the Department.

**Historical Note**

Former Section R12-4-84 renumbered as Section R12-4-502 without change effective August 13, 1981 (Supp. 81-4). Amended effective January 2, 1985 (Supp. 85-1). Former Section R12-4-502 repealed, new Section R12-4-502 adopted effective May 27, 1992 (Supp. 92-2). Amended effective November 7, 1996 (Supp. 96-4). Amended by final rulemaking at 8 A.A.R. 3025, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 13 A.A.R. 4511, effective February 2, 2008 (Supp. 07-4). Amended by final rulemaking at 19 A.A.R. 597, effective

July 1, 2013 (Supp. 13-1). Amended by final rulemaking at 23 A.A.R. 1732, effective August 5, 2017 (Supp. 17-2). Amended by final rulemaking at 28 A.A.R. 3425 (November 4, 2022), effective December 5, 2022 (Supp. 22-4).

**R12-4-503. Renewal of Watercraft Registration; Duplicate Watercraft Registration or Decal**

- A. The owner of a registered watercraft shall renew the watercraft's registration no later than the day before the prior registration period expires.
  1. To renew a watercraft's registration in person or by mail, an applicant shall pay the registration fee authorized under R12-4-504 and present any one of the following:
    - a. Current or prior certificate of number,
    - b. Valid driver's license,
    - c. Valid Arizona Motor Vehicle Division identification card,
    - d. Valid passport, or
    - e. Department-issued renewal notice.
  2. The owner of a registered watercraft may renew a watercraft registration by accessing the Department's online system and paying the applicable watercraft registration fee authorized under R12-4-504.
- B. The owner of a registered watercraft may obtain a duplicate watercraft registration or decal in person or by mail. To obtain a duplicate watercraft registration or decal in person or by mail, an applicant shall:
  1. Complete and submit an application for a duplicate certificate and/or decal form to the Department or its authorized agent, available from any Department office and on the Department's website; and
  2. Pay the duplicate watercraft registration fee authorized under R12-4-504.
- C. If made available by the Department, the owner of a registered watercraft may obtain a duplicate watercraft registration or decal by accessing the Department's online system and paying the duplicate watercraft registration fee authorized under R12-4-504.
- D. When a request for a watercraft registration renewal or duplicate watercraft registration or decal is submitted by mail or online, the Department shall mail the registration or decal, as applicable, to the address of record, unless the Department receives a notarized request from the registered owner instructing the Department to mail the duplicate registration or decal to another address.

**Historical Note**

Former Section R12-4-85 renumbered as Section R12-4-503 without change effective August 13, 1981 (Supp. 81-4). Former Section R12-4-503 renumbered to R12-4-519, new Section R12-4-503 adopted effective May 27, 1992 (Supp. 92-2). Amended effective November 7, 1996 (Supp. 96-4). Amended by final rulemaking at 8 A.A.R. 3025, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 13 A.A.R. 4511, effective February 2, 2008 (Supp. 07-4). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1). Amended by final rulemaking at 19 A.A.R. 3225, effective January 1, 2014 (Supp. 13-3). Amended by final rulemaking at 23 A.A.R. 1732, effective August 5, 2017 (Supp. 17-2).

**R12-4-504. Watercraft Fees; Penalty for Late Registra-**

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

**tion; Staggered Registration Schedule**

A. The following fees are required, when applicable as authorized under A.R.S. §§ 5-321 and 5-322:

1. Motorized watercraft registration fees are assessed as follows:
  - a. Twelve feet and less: \$20
  - b. Twelve feet one inch through sixteen feet: \$22
  - c. Sixteen feet one inch through twenty feet: \$30
  - d. Twenty feet one inch through twenty-six feet: \$35
  - e. Twenty-six feet one inch through thirty-nine feet: \$39
  - f. Thirty-nine feet one inch through sixty-four feet: \$44
  - g. Sixty-four feet one inch and over: \$66
  - h. For the purposes of this subsection, the length of the motorized watercraft shall be measured in the same manner prescribed under A.R.S. § 5-321(C).
2. Motorized watercraft transfer fee: \$13.
3. Duplicate motorized watercraft registration: \$8.
4. Duplicate decal: \$8.
5. Watercraft dealer certificate of number: \$20.
6. Abandoned or unreleased watercraft application fee: \$100.
7. Unclaimed towed watercraft application fee: \$100.

B. The Department or its agent shall collect the entire registration fee for a late registration renewal and a penalty fee of \$5, unless exempt under A.R.S. § 5-321(L). The Department or its agent shall not assess a penalty fee when a renewal is mailed before the expiration date, as evidenced by the postmark.

C. All new watercraft registrations expire 12 months after the date of issue.

D. Resident and nonresident watercraft registration renewals:

1. Shall be valid for a period of 7 to 18 months depending on the expiration month.
  - a. This provision applies to the initial renewal period only.
  - b. The Department shall prorate fees accordingly.
2. May be renewed up to six months prior to the expiration month.
3. Shall expire on the last day of the month indicated by the last two numeric digits of the AZ number, as shown in the following table:

Last two numeric digits of AZ number									Expiration month
00	12	24	36	48	60	72	84	96	December
01	13	25	37	49	61	73	85	97	January
02	14	26	38	50	62	74	86	98	February
03	15	27	39	51	63	75	87	99	March
04	16	28	40	52	64	76	88		April
05	17	29	41	53	65	77	89		May
06	18	30	42	54	66	78	90		June
07	19	31	43	55	67	79	91		July
08	20	32	44	56	68	80	92		August
09	21	33	45	57	69	81	93		September
10	22	34	46	58	70	82	94		October
11	23	35	47	59	71	83	95		November

E. Watercraft dealer, manufacturer, and governmental use registration renewals expire on October 31 of each year.

F. Livery and all other commercial use registration renewals expire on November 30 of each year.

**Historical Note**

Amended effective December 5, 1978 (Supp. 78-6).

Amended effective March 6, 1980 (Supp. 80-2). Former

Section R12-4-86 renumbered as Section R12-4-504 without change effective August 13, 1981 (Supp. 81-4). Former Section R12-4-504 repealed, new Section R12-4-504 adopted effective May 27, 1992 (Supp. 92-2). Amended by final rulemaking at 9 A.A.R. 1613, effective July 5, 2003 (Supp. 03-2). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1). Amended by final rulemaking at 19 A.A.R. 3225, effective January 1, 2014 (Supp. 13-3). Amended by final rulemaking at 19 A.A.R. 3225, effective January 1, 2014 (Supp. 13-3). Amended by exempt rulemaking pursuant to A.R.S. § 41-1005(A)(2)(b) at 21 A.A.R. 1046, effective June 16, 2015 (Supp. 15-2). Amended by final exempt rulemaking at 23 A.A.R. 1034; amended by final rulemaking at 23 A.A.R. 1732, both effective August 5, 2017 (Supp. 17-2). Amended by final exempt rulemaking at 28 A.A.R. 2057 (August 19, 2022), effective September 26, 2022 (Supp. 22-3).

**R12-4-505. Hull Identification Numbers**

A. The Department shall not register a watercraft without a hull identification number.

B. The Department shall verify watercraft manufactured after November 1, 1972 have a primary hull identification number that complies with the requirements established under 33 C.F.R. 181, subpart C. The Department shall assign a hull identification number when the watercraft hull identification number does not meet the requirements established under 33 C.F.R. 181, subpart C.

C. The hull identification number shall be fully visible and unobstructed at all times. Watercraft manufactured prior to August 1, 1984, are exempt from this requirement provided the obstruction is original equipment and was attached by the manufacturer.

D. The Department shall assign a hull identification number to a watercraft with a missing hull identification number only if the Department determines:

1. The hull identification number was not intentionally or illegally removed or altered, unless the application is accompanied by an order of forfeiture, order of seizure, or other civil process;
2. The missing hull identification number was caused by error of the manufacturer or a government jurisdiction; or
3. The watercraft is a homemade watercraft as defined under R12-4-501.

E. The Department may assign a hull identification number within 30 days of receipt of a valid application, as described under R12-4-502.

F. The Department may accept a bill of sale presented with a missing or nonconforming hull identification number for registration purposes only when:

1. The hull identification number matches the nonconforming hull identification number on the watercraft;
2. Supporting evidence exists that the seller is the owner of the watercraft;
3. The watercraft is homemade and does not have a hull identification number; or
4. The watercraft was manufactured prior to November 1, 1972.

G. Within 30 days of issuance, the applicant or registered owner shall:

1. Burn, carve, stamp, emboss, mold, bond, or otherwise permanently affix each hull identification number to a non-removable part of the watercraft in a manner that

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

ensures any alteration, removal, or replacement will be obvious.

2. Ensure the characters of each hull identification number affixed to the watercraft are no less than 1/4 inch in height.
3. Permanently affix the hull identification number as follows:
  - a. On watercraft with transoms, affix the hull identification number to the right or starboard side of the transom within two inches of the top of the transom or hull/deck joint, whichever is lower.
  - b. On watercraft without a transom, affix the hull identification number to the starboard outboard side of the hull, back or aft within one foot of the stern and within two inches of the top of the hull, gunwale, or hull/deck joint, whichever is lower.
  - c. On a catamaran or pontoon boat, affix the hull identification number on the aft crossbeam within one foot of the starboard hull attachment.
  - d. As close as possible to the applicable location established under subsections (a), (b), or (c) when rails, fittings, or other accessories obscure the visibility of the hull identification number.
  - e. Affix a duplicate of the visibly affixed hull identification number in an unexposed location on a permanent part of the hull.
4. Certify to the Department that the hull identification number was permanently affixed to the watercraft. The certification statement is furnished by the Department when a hull identification number is issued. The certification statement shall include the location of the permanently affixed hull identification number.

**Historical Note**

Amended effective January 1, 1980 (Supp. 79-6). Former Section R12-4-87 renumbered as Section R12-4-505 without change effective August 13, 1981 (Supp. 81-4). Former Section R12-4-505 repealed, new Section R12-4-505 adopted effective May 27, 1992 (Supp. 92-2). Amended effective November 7, 1996 (Supp. 96-4). Amended by final rulemaking at 8 A.A.R. 3025, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 13 A.A.R. 4511, effective February 2, 2008 (Supp. 07-4). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1). Amended by final rulemaking at 23 A.A.R. 1732, effective August 5, 2017 (Supp. 17-2).

**R12-4-506. Invalidity of Watercraft Registration and Decals**

- A. Any watercraft registration obtained by fraud or misrepresentation is invalid from the date of issuance.
- B. A certificate of number and any decals issued by the Department under R12-4-502 are invalid if any one of the following occurs:
  1. Any check, money order, or other currency certificate presented to the Department for payment of watercraft registration or renewal is found to be non-negotiable;
  2. Any person whose name appears on the certificate of number loses ownership of the watercraft by legal process;
  3. Arizona is no longer the state of principal operation;
  4. The watercraft is documented by the U.S. Coast Guard;
  5. An applicant provides incomplete or incorrect information to the Department and fails to provide the correct

information within 30 days after a request by the Department;

6. The Department revokes the certificate of number, AZ numbers, and decals as provided under A.R.S. § 5-391(I);
  7. The Department or its agent erroneously issued a certificate of number or any decals;
  8. A watercraft bearing a dealer registration is used for any purpose not authorized under R12-4-502(E); or
  9. A watercraft registered or used as a livery is operated in violation of A.R.S. § 5-371 or R12-4-514.
- C. A person shall surrender the invalid certificate of number and decals to the Department within 15 calendar days of receiving written determination from the Department that the certificate of number or decals are invalid, unless the person appeals the Department's determination to the Commission as prescribed under A.R.S. Title 41, Chapter 6, Article 10.
  - D. The Department shall not validate or renew an invalid watercraft registration or decals until the reason for invalidity is corrected or no longer exists.

**Historical Note**

Adopted effective December 4, 1984 (Supp. 84-6). Amended subsection (B) effective December 30, 1988 (Supp. 88-4). Correction, former Historical Note should read "Amended subsection (B) effective January 1, 1989, filed December 30, 1988" (Supp. 89-2). Former Section R12-4-506 repealed, new Section R12-4-506 adopted effective May 27, 1992 (Supp. 92-2). Amended by final rulemaking at 8 A.A.R. 3025, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 13 A.A.R. 4511, effective February 2, 2008 (Supp. 07-4). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1). Amended by final rulemaking at 23 A.A.R. 1732, effective August 5, 2017 (Supp. 17-2).

**R12-4-507. Transfer of Ownership of an Abandoned or Unreleased Watercraft**

- A. A person who has knowledge and custody of a watercraft abandoned on private property owned by that person may attempt to obtain ownership of the watercraft by way of the abandoned watercraft transfer process. A lienholder of foreclosed real property may assign an agent to act on its behalf.
- B. The last registered owner of an abandoned or unreleased watercraft is presumed to be responsible for the watercraft, unless the watercraft is reported stolen.
- C. The operator of a self-storage facility located in this state and having a possessory lien shall comply with the requirements prescribed under A.R.S. Title 33, Chapter 15, Article 1 when attempting to obtain ownership of a watercraft abandoned while in storage.
- D. A person having a possessory lien under a written agreement shall comply with the requirements prescribed under A.R.S. Title 33, Chapter 7, Article 6 when attempting to obtain ownership of a watercraft for which repairs or service fees remain unpaid.
- E. Only a person acting within the scope of official duties as an employee or authorized agent of a government agency may order the removal of a watercraft abandoned on public property or a public waterway.
- F. A person seeking ownership of an abandoned or unreleased watercraft shall submit an application to the Department and pay the fee established under R12-4-504. The application is furnished by the Department and available at any Department office. The application shall include the following information, if available:

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

1. Hull identification number, unless exempt under R12-4-505;
  2. Registration number;
  3. Decal number;
  4. State of registration;
  5. Year of registration;
  6. Name, address, and daytime telephone number of the person who found the watercraft;
  7. For abandoned watercraft:
    - a. Address or description of the location where the watercraft was found,
    - b. Whether the watercraft was abandoned on private or public property, and
    - c. When applicable, for watercraft abandoned on private property, whether the applicant is the legal owner of the property;
  8. Condition of the watercraft: wrecked, stripped, or intact;
  9. State in which the watercraft will be operated;
  10. Length of time the watercraft was abandoned;
  11. Reason why the applicant believes the watercraft is abandoned; and
  12. Signature of the applicant, acknowledged before a Notary Public or witnessed by a Department employee.
- G.** This state and its agencies, employees, and agents are not liable for relying in good faith on the contents of the application.
- H.** The Department shall attempt to determine the name and address of the registered owner by:
1. Conducting a search of its watercraft database when documentation indicates the watercraft was previously registered in this state, or
  2. Requesting the watercraft record from the other state when documentation indicates the watercraft was previously registered in another state.
- I.** If the Department is able to determine the name and address of the registered owner, the Department shall send written notice of the applicant's attempt to register the watercraft to the owner.
1. If the registered owner provides a written release of interest in the watercraft, the Department shall mail the release of interest and an abandoned or unreleased watercraft approval letter to the applicant. The applicant shall apply for watercraft registration in compliance with the requirements established under R12-4-502.
  2. If the registered owner provides written notice to the Department refusing to release interest in the watercraft, the Department shall notify the applicant of the owner's refusal. The Department shall not register the watercraft to the applicant unless the applicant provides proof of ownership and complies with the requirements established under R12-4-502.
  3. If the registered owner does not respond to the notice within 180 days from the date the Department sent notice, this failure to act shall constitute a waiver of interest in the watercraft by any person having an interest in the watercraft, and the watercraft shall be deemed abandoned for all purposes. The Department shall mail an abandoned or unreleased watercraft approval letter to the applicant. The applicant shall apply for watercraft registration in compliance with the requirements established under R12-4-502.
  4. If the written notice is returned unclaimed or refused, the Department shall notify the applicant within 15 days of the notice being returned that the attempt to contact the registered owner was unsuccessful.
- J.** If the Department is unable to identify or serve the registered owner, the Department shall post a notice of intent on the Department's website within 45 days of the Department's notification to the applicant as provided in subsection (I)(4).
1. The notice shall include a statement of the Department's intent to transfer ownership of the watercraft ten days after the date of posting, unless the Department receives notice from the registered owner refusing to release interest in the watercraft within that ten-day period following posting.
  2. If the watercraft remains unclaimed after the ten-day period, the Department shall mail an abandoned or unreleased watercraft approval letter to the applicant. The applicant shall apply for watercraft registration in compliance with the requirements established under R12-4-502.
- K.** A government agency may submit an application for authorization to dispose of a junk watercraft abandoned on state or federal lands or waterways. The application is furnished by the Department and is available at any Department Office. Upon receipt of the application, the Department shall attempt to determine the name and address of the registered owner. If the Department is unable to identify and serve the registered owner, the Department shall publish a notice of intent to authorize the disposal of the junk watercraft as described under subsection (J).
1. The published notice shall include a statement of the Department's intent to authorize the disposal of the watercraft ten days after the date of publication, unless the Department receives notice from the registered owner refusing to release interest in the watercraft within that ten-day period following publication.
  2. If the watercraft remains unclaimed after the ten-day period, the Department shall mail an authorization to dispose of the junk watercraft to the government agency. The government agency may dispose of the abandoned watercraft and all indicia for that watercraft in any manner the agency determines expedient or convenient.

**Historical Note**

Adopted effective May 27, 1992 (Supp. 92-2). Amended by final rulemaking at 8 A.A.R. 3025, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 9 A.A.R. 1613, effective July 5, 2003 (Supp. 03-2). Amended by final rulemaking at 13 A.A.R. 4511, effective February 2, 2008 (Supp. 07-4). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1). Amended by final exempt rulemaking at 23 A.A.R. 1034; amended by final rulemaking at 23 A.A.R. 1732, both effective August 5, 2017 (Supp. 17-2). Amended by final rulemaking at 28 A.A.R. 3425 (November 4, 2022), effective December 5, 2022 (Supp. 22-4).

**R12-4-508. New Watercraft Exchanges**

- A.** A person may request a no-fee replacement registration for a new watercraft, provided all of the following conditions apply:
1. The person purchased the newly registered watercraft from a new watercraft dealer,
  2. The person returned the watercraft to the new watercraft dealer within 30 days of purchase, and
  3. The new watercraft dealer exchanged the returned watercraft for a watercraft of the same year, make, and model within the same 30 day period.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

- B.** To obtain a no-fee replacement registration, the person shall submit the original watercraft registration and a letter from the new watercraft dealer to the Department. The letter shall include all of the following information:
1. A statement that the original watercraft was replaced,
  2. The hull identification number for the original watercraft,
  3. The hull identification number for the replacement watercraft,
  4. The buyer's name, and
  5. The new watercraft dealer's name.

**Historical Note**

Adopted effective May 27, 1992 (Supp. 92-2). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1).

**R12-4-509. Watercraft Dealers; Agents**

- A.** The Department may authorize a watercraft dealer to act as an agent on behalf of the Department for the purpose of issuing temporary certificates of number valid for 45 days for new or used watercraft, provided:
1. The applicant's previous authority to act as a watercraft agent under A.R.S. § 5-321(I) has not been canceled by the Department within the preceding 24 months, and
  2. The applicant is a business located and operating within this state and sells watercraft.
- B.** An applicant seeking watercraft agent authorization shall submit an application to the Department. The application is furnished by the Department and available at the Arizona Game and Fish Department, 5000 W. Carefree Highway, Phoenix, AZ 85086. The applicant shall provide the following information on the application:
1. Principal business or corporation name, address, and telephone number or if not a corporation, the full name, address, and telephone number of all owners or partners;
  2. Name, address, and telephone number of the owner or manager responsible for compliance with this Section;
  3. Whether the applicant has previously issued temporary certificates of number under A.R.S. § 5-321(I);
  4. All of the following information specific to the location from which new watercraft are to be sold and temporary certificates of number issued:
    - a. Name of owner or manager;
    - b. Business hours;
    - c. Business telephone number;
    - d. Business type;
    - e. Storefront name; and
    - f. Street address;
  5. Manufacturers of the watercraft to be sold; and
  6. Signature of person named under subsection (B)(2).
- C.** The Department shall either approve or deny the application within the licensing time-frame established under R12-4-106.
- D.** Authorization to act as a watercraft agent is specific to the dealer's business location designated on the application and approved by the Department, unless the dealer is participating in a boat show for the purpose of selling watercraft.
- E.** The watercraft agent shall:
1. Use the assigned watercraft agent number when issuing a temporary certificate of number,
  2. Use the online application system and forms supplied by the Department; and
  3. Collect the appropriate fee as prescribed under R12-4-504 and R12-4-527.
- F.** A watercraft agent is prohibited from issuing a temporary certificate of number for a watercraft when:
1. The watercraft is involved in legal proceedings such as, but not limited to, a marital dissolution, probate, or bankruptcy proceeding;
  2. The watercraft is abandoned or unreleased;
  3. The watercraft is homemade; or
  4. The watercraft has a nonconforming HIN.
- G.** A watercraft agent issuing a temporary certificate of number to the purchaser of a watercraft shall comply with all the following:
1. The watercraft agent shall obtain a completed application that complies with the requirements established under R12-4-502.
  2. The watercraft agent shall identify to the applicant the state registration fee and the nonresident boating safety infrastructure fee, when applicable, separately from any other costs.
  3. The fees collected under subsection (E)(3) shall be submitted electronically to the Department prior to the submission of the documentation required under subsection (G)(4).
  4. Within five business days of issuing a temporary certificate of number, a watercraft agent shall deliver or mail the following documentation to the Arizona Game and Fish Department, Watercraft Agent Representative, 5000 W. Carefree Highway, Phoenix, AZ 85086:
    - a. For a new watercraft:
      - i. Original application;
      - ii. Original or copy of the bill of sale issued by the watercraft agent; and
      - iii. Original certificate of origin;
    - b. For a used watercraft:
      - i. Original application;
      - ii. Original or copy of the bill of sale issued by the watercraft agent;
      - iii. Ownership document, such as but not limited to a title, bill of sale, letter of gift or U.S. Coast Guard certificate of documentation or letter of deletion issued by the U.S. Coast Guard; and
      - iv. Lien release, when applicable.
- H.** The Department may cancel the watercraft agent's authorization if the agent does any one of the following:
1. Fails to comply with the requirements established under this Article;
  2. Submits more than one electronic payment dishonored because of insufficient funds, payments stopped, or closed accounts to the Department within a calendar year;
  3. Predates, postdates, alters, or provides or knowingly allows false information to be provided on an application for a temporary certificate of number; or
  4. Falsifies the application for authorization as a watercraft agent.
- I.** The Department shall provide a written notice to the person stating the reason for the denial or cancellation of watercraft agent status, as applicable. The person may appeal the denial or cancellation to the Commission as prescribed under A.R.S. Title 41, Chapter 6, Article 10.

**Historical Note**

Adopted effective May 27, 1992 (Supp. 92-2). Amended by final rulemaking at 9 A.A.R. 1613, effective July 5, 2003 (Supp. 03-2). Amended by final rulemaking at 13 A.A.R. 4511, effective February 2, 2008 (Supp. 07-4). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1). Amended by final rulemaking at 23 A.A.R. 1732, effective August 5, 2017 (Supp. 17-2).

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

Amended by final rulemaking at 28 A.A.R. 3425  
(November 4, 2022), effective December 5, 2022 (Supp.  
22-4).

**R12-4-510. Refund of Fees Paid in Error**

- A. The Department shall issue a refund for watercraft registration fees paid and, when applicable, the Nonresident Boating Safety Infrastructure fee when the registered owner has erroneously paid those fees for a watercraft that has already been sold to another individual.
- B. To request a refund of fees paid in error, the person applying for the refund shall surrender all of the following to the Department:
  - 1. Original certificate of number;
  - 2. Registration decals; and
  - 3. Nonresident Boating Safety Infrastructure Decal, when applicable.
- C. A person requesting a refund of fees shall submit the request to the Department within 30 calendar days of the date the payment was received by the Department.
- D. The Department shall not refund:
  - 1. A late registration penalty fee.
  - 2. A fee collected by an authorized third-party provider. A person who paid their watercraft registration fee to a third-party provider shall request a refund of fees from that third-party provider.

**Historical Note**

Adopted effective May 27, 1992 (Supp. 92-2). Amended effective November 7, 1996 (Supp. 96-4). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1). Amended by final rulemaking at 23 A.A.R. 1732, effective August 5, 2017 (Supp. 17-2). Amended by final rulemaking at 28 A.A.R. 3425 (November 4, 2022), effective December 5, 2022 (Supp. 22-4).

**R12-4-511. Personal Flotation Devices**

- A. For the purpose of this Section, “wear” means:
  - 1. The personal flotation device is worn according to the manufacturer’s design or recommended use;
  - 2. All of the device’s closures are fastened, snapped, tied, zipped, or secured according to the manufacturer’s design or recommended use; and
  - 3. The device is adjusted for a snug fit.
- B. The operator of a canoe, kayak, or other watercraft shall ensure the watercraft is equipped with at least one correctly-sized, U.S. Coast Guard-approved, wearable personal flotation device that is in good and serviceable condition for each person on board the watercraft. The operator of any watercraft shall also ensure the wearable personal flotation devices on board the watercraft are readily accessible and available for immediate use.
- C. In addition to the personal flotation devices described under subsection (B), the operator of a watercraft that is 16 feet or more in length shall ensure the watercraft is also equipped with a U.S. Coast Guard-approved throwable personal flotation device: buoyant cushion, ring buoy, or horseshoe buoy. Canoes and kayaks are not subject to this subsection.
- D. The operator of a watercraft shall ensure a person twelve years of age or under on board a watercraft shall wear a U.S. Coast Guard approved wearable personal flotation device whenever the watercraft is underway.
- E. The operator of a personal watercraft shall ensure each person aboard the personal watercraft is wearing a wearable personal flotation device approved by the U.S. Coast Guard whenever the personal watercraft is underway.

- F. Subsections (B), (C), and (D) do not apply to the operation of a racing shell or rowing skull during competitive racing or supervised training, if the racing shell or rowing skull is manually propelled, recognized by a national or international association for use in competitive racing, and designed to carry and does carry only equipment used solely for competitive racing.

**Historical Note**

Amended effective May 26, 1978 (Supp. 78-3). Former Section R12-4-80 renumbered as Section R12-4-511 without change effective August 13, 1981 (Supp. 81-4). Amended effective May 27, 1992 (Supp. 92-2). Amended effective January 1, 1996; filed in the Office of the Secretary of State December 18, 1995 (Supp. 95-4). Amended by final rulemaking at 8 A.A.R. 3025, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 13 A.A.R. 4511, effective February 2, 2008 (Supp. 07-4). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1). Amended by final rulemaking at 23 A.A.R. 1732, effective August 5, 2017 (Supp. 17-2).

**R12-4-512. Fire Extinguishers Required for Watercraft**

- A. The operator of watercraft shall ensure all required fire extinguishers are readily accessible and available for immediate use.
- B. As prescribed under A.R.S. § 5-332, an operator of a:
  - 1. Watercraft less than 26 feet in length shall carry one U.S. Coast Guard-approved B-I type fire extinguisher on board if the watercraft has one or more of the following:
    - a. An inboard engine,
    - b. Closed compartments where portable fuel tanks may be stored,
    - c. Double bottoms not sealed to the hull or which are not completely filled with flotation materials,
    - d. Closed living spaces,
    - e. Closed stowage compartments in which combustible or flammable materials are stored,
    - f. Permanently installed fuel tanks (fuel tanks that cannot be moved in case of a fire or other emergency are considered permanently installed), and
    - g. A fixed fire extinguishing system installed in the engine compartment.
  - 2. Watercraft 26 feet to less than 40 feet shall carry on board the following equipment as designated and approved by the U.S. Coast Guard:
    - a. At least two B-I type hand-portable fire extinguishers or at least one B-II type hand-portable fire extinguisher, or
    - b. At least one B-I type approved hand-portable fire extinguisher if a fixed fire extinguishing system is installed in the engine compartment.
  - 3. Watercraft 40 feet to not more than 65 feet shall carry on board the following equipment as designated and approved by the U.S. Coast Guard:
    - a. At least three B-I type hand-portable fire extinguishers or at least one B-I and one B-II type hand-portable fire extinguishers, or
    - b. At least two B-I type hand-portable fire extinguishers or at least one B-II type hand-portable fire extinguisher when a fixed fire extinguishing system is installed in the engine compartment.

**Historical Note**

Former Section R12-4-81 renumbered as Section R12-4-512 without change effective August 13, 1981 (Supp. 81-4). Amended effective June 14, 1990 (Supp. 90-2).

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

Amended by final rulemaking at 8 A.A.R. 3025, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1).

**R12-4-513. Watercraft Incident and Casualty Reports**

- A. The operator or owner of a watercraft involved in any collision, incident or other casualty resulting in injury, death, or property damage exceeding \$500 shall submit the report required under A.R.S. § 5-349 to the Department. The report shall be made on a form furnished by the Department or provided by the law enforcement officer investigating the collision, incident, or other casualty. The operator or owner of the watercraft shall complete the form in full and clearly identify on the form any information that is either not applicable or unknown. The operator or owner of the watercraft submitting the report shall provide all of the information required under 33 C.F.R. 173.57.
- B. The person completing the form shall deliver, mail, or email the form to the Arizona Game and Fish Department, Law Enforcement Branch at 5000 W. Carefree Hwy, Phoenix, AZ 85086 or BoatAccidentReporting@azgfd.gov, as applicable.
- C. The operator or owner of a watercraft involved in any collision, incident or other casualty resulting in injury or death shall submit the report to the Department no later than 48 hours after the incident.
- D. The operator or owner of a watercraft involved in any collision, incident or other casualty resulting only in property damage exceeding \$500 shall submit the report to the Department no later than five days after the incident.

**Historical Note**

Adopted effective May 27, 1992 (Supp. 92-2). Amended by final rulemaking at 8 A.A.R. 3025, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1). Amended by final rulemaking at 23 A.A.R. 1732, effective August 5, 2017 (Supp. 17-2).

**R12-4-514. Liveries**

- A. A person who rents, leases, or offers any watercraft for compensation, with or without an operator, for recreational, non-commercial use shall register the watercraft as a livery as established under R12-4-502.
- B. A watercraft owned by a boat livery that requires registration and does not have the certificate of number on board shall be identified while in use by means of a:
  1. Placard or some other form of display that is affixed to the watercraft and is visible when the watercraft is underway. The placard or other form of display shall indicate the business name and current phone number of the livery.
  2. Receipt provided by the livery to the person operating the rented watercraft. The receipt shall contain the following information:
    - a. Business name and address of the livery as shown on the certificate of number,
    - b. Watercraft registration number as issued by the Department,
    - c. Beginning date and time of the rental period, and
    - d. Written acknowledgment on the receipt of compliance with the requirements prescribed under A.R.S. § 5-371, signed by both the livery operator or their agent and the renter.
- C. A person operating a rented or leased watercraft or operating a passenger for hire watercraft shall carry the registration or

receipt onboard and produce it upon request to any peace officer.

- D. Failure to comply with the requirements prescribed under A.R.S. § 5-371 and this Section may result in the invalidation of the watercraft registration and decals as provided under A.R.S. § 5-391(A) and R12-4-506.

**Historical Note**

Adopted effective May 27, 1992 (Supp. 92-2). Amended by final rulemaking at 13 A.A.R. 4511, effective February 2, 2008 (Supp. 07-4). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1). Amended by final rulemaking at 23 A.A.R. 1732, effective August 5, 2017 (Supp. 17-2).

**R12-4-515. Display of AZ Numbers and Registration Decals**

- A. A person shall not use, operate, moor, anchor, or grant permission to use, operate, moor, or anchor a watercraft on the boundaries of this state unless such watercraft displays a valid number and current registration decal in the manner established under subsection (B). This Section does not apply to undocumented watercraft displaying a valid temporary numbering certificate authorized under R12-4-509 or exempt under A.R.S. § 5-322.
- B. The owner of a watercraft shall display the AZ number and registration decals as follows:
  1. The AZ numbers shall:
    - a. Be clearly visible and painted on or attached to each exterior side of the forward half of a non-removable portion of the watercraft;
    - b. Be in a color that contrasts with the watercraft's background color so as to be easily read from a distance;
    - c. Include the letters "AZ" and the suffix, separated by a hyphen or equivalent space between the letters "AZ" and the suffix; and
    - d. Read from left to right in well-proportioned block letters that are not less than three inches in height, excluding outline.
  2. The registration decals shall be affixed three inches in front of "AZ" on both sides of the forward half of a non-removable portion of the watercraft.
- C. On watercraft so constructed that it is impractical or impossible to display the AZ numbers in a prominent position on the forward half of the hull or permanent superstructure, the AZ numbers may be displayed on brackets or fixtures securely attached to the forward half of the watercraft.
- D. Persons possessing a dealer watercraft certificate of number issued under A.R.S. § 5-322(F) shall visibly display the AZ numbers and validating registration decals as established under this Section, except that the numbers and decals may be printed or attached to temporary, removable signs that are securely attached to the watercraft being demonstrated.
- E. Expired registration decals issued by any jurisdiction shall be covered or removed from the watercraft, so that only the current registration decals are visible.
- F. Invalid watercraft AZ numbers and registration decals shall not be displayed on any watercraft. The owner of the watercraft shall surrender the AZ numbers and registration decals to the Department in compliance with R12-4-506(C).

**Historical Note**

Section R12-4-515 renumbered from R12-4-501 and amended effective May 27, 1992 (Supp. 92-2). Amended by final rulemaking at 19 A.A.R. 597, effective July 1,

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

2013 (Supp. 13-1). Amended by final rulemaking at 23 A.A.R. 1732, effective August 5, 2017 (Supp. 17-2).

**R12-4-516. Watercraft Sound Level Restriction**

- A. A person shall not operate a watercraft upon the waters of this state if the watercraft emits a noise level that exceeds any of the following.
1. A noise level of 86 dB(A), measured at a distance of 50 feet or more from the watercraft on the "A" weighted scale of a sound level instrument that conforms to recognized industry standards and is maintained according to the manufacturer's instructions.
  2. For engines manufactured:
    - a. Before January 1, 1993, a noise level of 90 dB(A) when subjected to the Society of Automotive Engineers Recommended Practice stationary sound level test SAEJ2005, revised July 2004 and containing no later editions or amendments; and
    - b. On or after January 1, 1993, a noise level of 88 dB(A) when subjected to the Society of Automotive Engineers Recommended Practice stationary sound level test SAEJ2005, revised July 2004 and containing no later editions or amendments; or
  3. A noise level of 75 dB(A) measured as specified in the Society of Automotive Engineers Recommended Practice shoreline sound test SAEJ1970, revised September 2003 and containing no later editions or amendments.
- B. The materials incorporated by reference in subsection (A) may be viewed at any Department office and are available for purchase from SAE International, 400 Commonwealth Dr, Warrendale, PA 15096-0001 or online at [www.sae.org](http://www.sae.org).
- C. A measurement of noise level that is in compliance with this Section does not preclude the conducting of a test or multiple tests of noise levels.
- D. A peace officer authorized to enforce the provisions of this Section who has reason to believe a watercraft is being operated in violation of the noise levels established in this Section may direct the operator of the watercraft to submit the watercraft to an onsite test to measure noise level.
- E. An operator of a watercraft who receives a request from a peace officer to test the noise level of the watercraft under subsection (D) shall allow the watercraft to be tested. If, based on a measurement or test to determine the noise level of a watercraft administered under this Section, the noise level of the watercraft exceeds one or more of the decibel level standards in subsection (A), the operator of the watercraft shall take immediate measures to correct the violation as prescribed under A.R.S. § 5-391(C).
- F. This Section shall not apply to watercraft operated under permits issued in accordance with A.R.S. § 5-336(C).

**Historical Note**

Former Section R12-4-82 renumbered as Section R12-4-516 without change effective August 13, 1981 (Supp. 81-4). Amended by final rulemaking at 13 A.A.R. 4511, effective February 2, 2008 (Supp. 07-4). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1).

**R12-4-517. Watercraft Motor and Engine Restrictions**

- A. A person operating a motorized watercraft on the following waters shall only use an electric motor not exceeding 10 manufacturer-rated horsepower:
1. Ackre Lake
  2. Bear Canyon Lake
  3. Bunch Reservoir

4. Carnero Lake
5. Chaparral Park Lake
6. Cluff Ponds
7. Coconino Reservoir
8. Coors Lake
9. Dankworth Pond
10. Dogtown Reservoir
11. Fortuna Lake
12. Goldwater Lake
13. Granite Basin Lake
14. Horsethief Basin Lake
15. Hulsey Lake
16. J.D. Dam Lake
17. Knoll Lake
18. Lee Valley Lake
19. McKellips Park Lake
20. Pratt Lake
21. Quigley Lake
22. Redondo Lake
23. Riggs Flat Lake
24. Roper Lake
25. Santa Fe Lake
26. Scott's Reservoir
27. Sierra Blanca Lake
28. Soldier Lake (in Coconino County)
29. Stehr Lake
30. Stoneman Lake
31. Tunnel Reservoir
32. Whitehorse Lake
33. Willow Valley Lake
34. Woodland Reservoir
35. Woods Canyon Lake

- B. A person operating a motorized watercraft on the following waters shall use only a single electric motor or single gasoline engine not exceeding 10 manufacturer-rated horsepower:

1. Arivaca Lake
2. Ashurst Lake
3. Becker Lake
4. Big Lake
5. Black Canyon Lake
6. Blue Ridge Reservoir
7. Cataract Lake
8. Chevelon Canyon Lake
9. Cholla Lake Hot Pond
10. Concho Lake
11. Crescent Lake
12. Fool Hollow Lake
13. Kaibab Lake
14. Kinnikinick Lake
15. Little Mormon Lake
16. Lower Lake Mary
17. Luna Lake
18. Lynx Lake
19. Marshall Lake
20. Mexican Hay Lake
21. Nelson Reservoir
22. Parker Canyon Lake
23. Peña Blanca Lake
24. Rainbow Lake
25. River Reservoir
26. Show Low Lake
27. Whipple Lake
28. White Mountain Lake (in Apache County)
29. Willow Springs Lake

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

- C. A person shall not operate a watercraft on Frye Mesa Reservoir, Rose Canyon Lake, or Snow Flat Lake, except as authorized under subsection (D).
- D. A person who possesses a valid use permit issued by the U.S. Forest Service may operate a non-motorized watercraft only on Rose Canyon Lake on any Tuesday, Wednesday, or Thursday during June and July from 9:30 a.m. to 4:30 p.m. Mountain Time Zone. This subsection does not exempt the person from complying with all applicable requirements imposed by federal or state laws, rules, regulations, or orders.
- E. This Section does not apply to watercraft of governmental agencies or to Department-approved emergency standby watercraft operated by lake concessionaires if operating to address public safety or public welfare.

**Historical Note**

Amended as an emergency effective April 10, 1975 (Supp. 75-1). Amended effective May 3, 1976 (Supp. 76-3). Amended as an emergency effective July 9, 1976 (Supp. 76-4). Amended effective June 4, 1979 (Supp. 79-3). Former Section R12-4-89 renumbered as Section R12-4-517 without change effective August 13, 1981 (Supp. 81-4). Amended subsections (A) and (C) effective December 17, 1981 (Supp. 81-6). Amended effective December 28, 1982 (Supp. 82-6). Amended subsections (A) through (C) effective December 4, 1984 (Supp. 84-6). Amended effective November 7, 1996 (Supp. 96-4). Amended by final rulemaking at 8 A.A.R. 3025, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 13 A.A.R. 4511, effective February 2, 2008 (Supp. 07-4). Amended by exempt rulemaking at 17 A.A.R. 1189, effective May 24, 2011 (Supp. 11-2). Subsection (A)(9) corrected clerical error (Supp. 11-3). Amended by final rulemaking at 23 A.A.R. 1732, effective August 5, 2017 (Supp. 17-2).

**R12-4-518. Regattas**

- A. When a regatta permit is issued by the Coast Guard, the person in control of the regatta shall at all times be responsible for compliance with the stipulations as prescribed within the regatta permit. Such stipulations may include but not be limited to:
  1. A specified number of patrol or committee boats and identified as such.
  2. Availability of emergency medical services.
  3. Spectator control if there exists a danger that life or property is in jeopardy.
- B. Non-compliance with any stipulation of an authorized permit which jeopardizes the public welfare shall be cause to terminate the regatta until the person in control or a person designated by the one in control satisfactorily restores compliance.
- C. When a regatta applicant is informed in writing by the Coast Guard that a permit is not required, such regatta may take place, but shall not relieve the regatta sponsor of any responsibility for the public welfare or confer any exemption from state boating and watersports laws and rules.
- D. The regatta sponsor and all participants shall comply with aquatic invasive species requirements established under A.R.S. Title 17, Chapter 2, Article 3.1 and 12 A.A.C. 4, Article 9.

**Historical Note**

Adopted effective March 5, 1982 (Supp. 82-2). Amended by final rulemaking at 18 A.A.R. 196, effective January 10, 2012 (Supp. 12-1). Amended by final rulemaking at 28 A.A.R. 3425 (November 4, 2022), effective December 5, 2022 (Supp. 22-4).

**R12-4-519. Reciprocity**

As authorized under A.R.S. § 5-322(E), all watercraft currently numbered or exempt from numbering under the provisions of their state of principal operation are exempt from numbering for a period of 90 days after entering this state.

**Historical Note**

Section R12-4-519 renumbered from R12-4-503 and amended effective May 27, 1992 (Supp. 92-2). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1).

**R12-4-520. Arizona Aids to Navigation System**

- A. The Arizona aids to navigation system is the same as that prescribed under 33 C.F.R. 62, revised July 1, 2014, which is incorporated by reference in this Section. The incorporated material is available at any Department office, online at [www.gpoaccess.gov](http://www.gpoaccess.gov), or may be ordered from the U.S. Government Printing Office, Superintendent of Documents, P.O. Box 979050, St. Louis, MO 63197-9000. This Section does not include any later amendments or editions of the incorporated material.
- B. A person shall not mark the waterways or their shorelines in this state with mooring buoys, regulatory markers, aids to navigation, lights, or other types of permitted waterway marking devices, without authorization from the governmental agency or the private interest having jurisdiction on such waters.
- C. A person shall not moor or fasten a watercraft to any marker not intended for mooring, or willfully damage, tamper with, remove, obstruct, or interfere with any aid to navigation, regulatory marker or other type of permitted waterway marking devices, except in the performance of authorized maintenance responsibilities or as authorized under R12-4-518 or this Section.
- D. If a government agency or private interest has not exercised its authority to control watercraft within its jurisdiction under A.R.S. § 5-361, or if waters are directly under the jurisdiction of the Commission, the Department has the authority to control watercraft within that jurisdiction in accordance with the following guidelines:
  1. The Department may place controlled-use markers only where controlled operation of watercraft is necessary to protect life, property, or habitat, and shall move or remove the markers only if the need for the protection changes.
  2. The restrictions imposed are clearly communicated to the public by wording on the markers, such as those defined under R12-4-501.
- E. A governmental agency, excluding federal agencies with jurisdiction over federal navigable waterways, has the authority to control watercraft within that jurisdiction in accordance with the following guidelines:
  1. A government agency may place controlled-use markers only where controlled operation of watercraft is necessary to protect life, property, or habitat, and shall move or remove the markers only if the need for the protection changes.
  2. The restrictions imposed are clearly communicated to the public by wording on the markers, such as those defined under R12-4-501.
- F. Any person may request establishment, change, or removal of controlled-use markers on waters under the jurisdiction of the Commission or on waters not under the jurisdiction of another government agency by submitting a written request providing

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

the reasons for the request to the Arizona Game and Fish Department, 5000 W. Carefree Hwy, Phoenix, AZ 85086.

1. The Department shall either approve or deny the request within 60 days of receipt.
2. A person may appeal the Department's denial of a request to the Commission as an appealable agency action under A.R.S. Title 41, Chapter 6, Article 10.

**Historical Note**

Section R12-4-520 adopted effective May 27, 1992 (Supp. 92-2). Amended by final rulemaking at 8 A.A.R. 3025, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 13 A.A.R. 4511, effective February 2, 2008 (Supp. 07-4). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1). Amended by final rulemaking at 23 A.A.R. 1732, effective August 5, 2017 (Supp. 17-2).

**R12-4-521. Repealed****Historical Note**

Section R12-4-520 adopted effective May 27, 1992 (Supp. 92-2). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1). Repealed by final rulemaking at 23 A.A.R. 1732, effective August 5, 2017 (Supp. 17-2).

**R12-4-522. Repealed****Historical Note**

Section R12-4-520 adopted effective May 27, 1992 (Supp. 92-2). Amended by final rulemaking at 8 A.A.R. 3025, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1). Repealed by final rulemaking at 23 A.A.R. 1732, effective August 5, 2017 (Supp. 17-2).

**R12-4-523. Controlled Operation of Watercraft**

- A. A person shall not operate any watercraft, or use any watercraft to tow a person on water skis, a surfboard, inflatable device, or similar object, device or equipment in a manner contrary to the area restrictions imposed by lawfully placed controlled-use markers, except for:
  1. Law enforcement officers acting within the scope of their lawful duties;
  2. Persons involved in rescue operations;
  3. Persons engaged in government-authorized activities; and
  4. Persons participating in a regatta, during the time limits of the event only.
- B. The exemptions listed under subsection (A) do not authorize any person to operate a watercraft in a careless, negligent, or reckless manner as prescribed under A.R.S. § 5-341.

**Historical Note**

Section R12-4-520 adopted effective May 27, 1992 (Supp. 92-2). Amended by final rulemaking at 8 A.A.R. 3025, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1).

**R12-4-524. Towed Water Sports**

- A. An operator of a watercraft shall ensure an observer is on duty at all times when a person is being towed behind the watercraft or is surfing a wake created by the watercraft. The observer shall:
  1. Be twelve years of age or older;
  2. Be physically capable and mentally competent to act as an observer; and

3. Continually observe the person or persons being towed behind the watercraft or surfing a wake created by the watercraft.

- B. The operator of a watercraft shall ensure a person being towed behind the watercraft or riding a wake created by the watercraft is wearing a wearable personal flotation device approved by the U.S. Coast Guard whenever the watercraft is underway. This subsection applies to any contrivance designed for or used to tow a person behind a watercraft or ride the wake created by a watercraft regardless of whether or not the contrivance is attached to the watercraft. This includes, but is not limited to, boards, discs, hydrofoils, kites, inflatables, and water skis.
- C. A person shall not operate a watercraft while a person is holding onto or is physically attached to any transom structure of the watercraft, including but not limited to a swim platform, swim deck, swim step, and swim ladder. This subsection does not apply to a person who is:
  1. Assisting with docking or departure activities,
  2. Exiting or entering the watercraft, or
  3. Engaging in law enforcement or emergency rescue activity.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 3025, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 13 A.A.R. 4511, effective February 2, 2008 (Supp. 07-4). Amended by final rulemaking at 23 A.A.R. 1732, effective August 5, 2017 (Supp. 17-2).

**R12-4-525. Revocation of Watercraft Certificate of Number, AZ Numbers, and Decals**

- A. For the purposes of this Section, "person" has same meaning as prescribed under A.R.S. § 5-301.
- B. Upon notice of conviction of a person under A.R.S. § 5-391(G), the Department shall revoke for a period not to exceed two years the certificates of number, AZ numbers, registration decals, and Nonresident Boating Safety Infrastructure decals of any Arizona registered watercraft owned by that person and involved in the violation.
- C. Upon notice of conviction of a person under A.R.S. § 5-391(H), the Department shall revoke for a period not to exceed one year the certificates of number, AZ numbers, registration decals, and Nonresident Boating Safety Infrastructure decals for any Arizona registered watercraft owned by that person and involved in the violation.
- D. Upon receiving notice of conviction, the Department shall serve notice under A.R.S. §§ 41-1092.03 and 41-1092.04 on the person convicted that the certificates of number, AZ numbers, registration decals, and Nonresident Boating Safety Infrastructure decals of watercraft the person owns are subject to revocation.
- E. A person whose certificates of number, AZ numbers, registration decals, and Nonresident Boating Safety Infrastructure decals are subject to revocation may request a hearing. The person shall submit a written request to the Arizona Game and Fish Department, Director's Office, 5000 W. Carefree Hwy, Phoenix, AZ 85086, within 30 calendar days of receiving the notice described under subsection (D).
- F. If the person requests a hearing, the Department shall, within 60 days of receiving the request, schedule a hearing as prescribed under A.R.S. § 41-1092.05.
- G. After a final decision to revoke the person's certificates of number, AZ numbers, registration decals, and Nonresident Boating Safety Infrastructure decals, the Department shall

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

serve upon the person an Order of Revocation. Within 15 calendar days of receipt of the notice, the person shall surrender to the Department the revoked certificates of number and decals.

- H.** The revocation of the certificates of number, AZ numbers, registration decals, and Nonresident Boating Safety Infrastructure decals does not affect the legal title to or any property rights in the watercraft. Upon receipt of an application to transfer watercraft registration by the new watercraft owner, the Department shall terminate the revocation and allow the owner to transfer the owner's entire interest in the watercraft if the Department is satisfied the transfer is proposed in good faith and not for the purpose of defeating the revocation.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 3025, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1).

**R12-4-526. Unlawful Mooring**

- A.** A person, as defined under A.R.S. § 5-301, shall not moor, anchor, fasten to the shore, or otherwise secure a watercraft in any public body of water for more than 14 days within any period of 28 consecutive days unless:
1. The waters are a special anchorage area as defined under A.R.S. § 5-301,
  2. Authorized for private dock or moorage, or
  3. Authorized by the government agency or private interest having jurisdiction over the waters.
- B.** A person shall remove an abandoned or submerged watercraft from public waters within 72 hours of notice by registered mail or personal service of notice to remove such watercraft.
- C.** The owner of any abandoned watercraft shall be responsible for all towing and storage fees resulting from the removal of the watercraft from public waters.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 4511, effective February 2, 2008 (Supp. 07-4). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1). Amended by final rulemaking at 23 A.A.R. 1732, effective August 5, 2017 (Supp. 17-2).

**R12-4-527. Transfer of Ownership of a Towed Watercraft**

- A.** For the purpose of this Section, "towed watercraft" means a watercraft that has been impounded by or is in the possession of a towing company located in this state.
- B.** Within 15 days of impounding a watercraft, a towing company shall submit a request to the Department for watercraft registration information as prescribed under A.R.S. § 5-324 and in compliance with A.R.S. § 5-399. The towing company shall present the towed watercraft to the closest Department office for identification if there is no discernible hull identification number or state-issued registration number.
- C.** Within 15 days of receiving the watercraft registration information from the Department, the towing company shall provide written notification by certified mail return receipt requested to the owner and lienholder, if known, of the watercraft's location.
- D.** If a watercraft remains unclaimed after mailing the notice required under subsection (C) of this Section, the towing company shall submit all of the following to the Department within 15 days of sending the written notification to the owner and lienholder, when known:

1. Evidence of compliance with notification requirements prescribed under A.R.S. § 5-399 and subsection (C);
  2. A report on a form furnished by the Department and available at any Department office. The form shall include all of the following information:
    - a. Name of towing company;
    - b. Towing company's business address;
    - c. Towing company's business telephone number;
    - d. Towing company's Arizona Department of Public Safety tow truck permit number;
    - e. Towed watercraft's hull identification number;
    - f. Towed watercraft's state-issued registration number, registration decal, and year of expiration, if known;
    - g. Towed watercraft's trailer license number, if available;
    - h. State and year of trailer registration, if available;
    - i. Towed watercraft's color and manufacturer;
    - j. Towed watercraft's condition, whether intact, stripped, damaged, or burned, along with a description of any damage;
    - k. Date the watercraft was towed;
    - l. Location from which the towed watercraft was removed;
    - m. Entity that ordered the removal of the towed watercraft, and if a law enforcement agency, include officer badge number, jurisdiction, and copy of report or towing invoice;
    - n. Location where the towed watercraft is stored; and
    - o. Name and signature of towing company's authorized representative; and
  3. The unclaimed towed watercraft application fee authorized under A.R.S. § 5-399.03(2) and established under R12-4-504.
- E.** The towing company shall notify the Department within 24 hours if the watercraft is released, returned to, redeemed, or repossessed by the owner, lienholder, or by a person identified in the Department's record as having an interest in the watercraft.
- F.** If the Department is unsuccessful in its attempt to identify or contact the registered owner or lienholder of the towed watercraft and has determined the towed watercraft is not stolen, the towing company shall:
1. Follow the application procedures established under A.R.S. § 5-399.02(B), and
  2. Apply for watercraft registration as established under R12-4-502.
- G.** A towing company that obtains ownership of a watercraft pursuant to A.R.S. § 5-399.02 and this Section shall maintain the following records for a period of three years from the date the Department transferred ownership of the towed watercraft:
1. The request made pursuant to A.R.S. § 5-324.
  2. The notification provided pursuant to A.R.S. § 5-399.
  3. The application for transfer of ownership pursuant to A.R.S. § 5-399.02.
  4. Any other documents required by the Department.

**Historical Note**

New Section made by emergency rulemaking under A.R.S. § 41-1026 at 9 A.A.R. 1241, effective May 26, 2003 for a period of 180 days (Supp. 03-1). Emergency rulemaking repealed under A.R.S. § 41-1026(E) and permanent new Section made by final rulemaking at 9 A.A.R. 1613, effective July 5, 2003 (Supp. 03-2). Amended by final rulemaking at 19 A.A.R. 597, effective

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

July 1, 2013 (Supp. 13-1). Amended by final exempt rulemaking at 23 A.A.R. 1034; amended by final rulemaking at 23 A.A.R. 1732, both effective August 5, 2017 (Supp. 17-2).

**R12-4-528. Watercraft Checkpoints**

- A. A law enforcement agency may establish a watercraft checkpoint to ensure public safety on state waterways, to screen for unsafe or impaired watercraft operators, or to gather demographic, statistical, and compliance information related to watercraft activities.
- B. An individual may be required to perform the following during a watercraft stop or at a watercraft checkpoint:
  - 1. Stop or halt as directed when being hailed by a peace officer or entering the established checkpoint boundary as prescribed under A.R.S. § 5-391, and
  - 2. Provide evidence of required safety equipment and registration documentation prescribed under A.R.S. Title 5, Chapter 3, Boating and Water Sports.
- C. This Section does not limit any state peace officer's authority to conduct routine watercraft patrol efforts prescribed under A.R.S. Title 5, Chapter 3, Boating and Water Sports.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 4511, effective February 2, 2008 (Supp. 07-4). Amended by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1).

**R12-4-529. Nonresident Boating Safety Infrastructure Fees; Proof of Payment**

- A. Before placing that watercraft on the waterways of this state, a nonresident owner of a recreational watercraft who establishes this state as the state of principal operation shall pay the applicable Nonresident Boating Safety Infrastructure Fee (NBSIF) as authorized under A.R.S. §§ 5-326 and 5-327:
  - 1. Twelve feet and less: \$80
  - 2. Twelve feet one inch through sixteen feet: \$88
  - 3. Sixteen feet one inch through twenty feet: \$192
  - 4. Twenty feet one inch through twenty-six feet: \$224
  - 5. Twenty-six feet one inch through thirty-nine feet: \$253
  - 6. Thirty-nine feet one inch through sixty-four feet: \$286
  - 7. Sixty-four feet one inch and over: \$429
  - 8. For the purposes of this subsection, the length of the motorized watercraft shall be measured in the same manner prescribed under A.R.S. § 5-321(C).
- B. The nonresident recreational watercraft owner shall carry and display proof of payment of the fee while the watercraft is underway, moored, or anchored on the waterways of this state. Acceptable proof of payment includes any one of the following:
  - 1. A current Arizona Watercraft Certificate of Number indicating the NBSIF was paid,
  - 2. A current Arizona Watercraft Temporary Certificate of Number indicating the NBSIF was paid, or
  - 3. A current Arizona Watercraft Registration Decal indicating the NBSIF was paid.

**Historical Note**

Adopted effective October 22, 1976 (Supp. 76-5). Former Section R12-4-90 renumbered as Section R12-4-529 without change effective August 13, 1981 (Supp. 81-4). Repealed effective May 27, 1992 (Supp. 92-2). New Section made by final rulemaking at 19 A.A.R. 597, effective July 1, 2013 (Supp. 13-1). Amended by final rulemaking at 19 A.A.R. 3225, effective January 1, 2014 (Supp. 13-

3). Amended by final rulemaking at 23 A.A.R. 1732, effective August 5, 2017 (Supp. 17-2).

**R12-4-530. Authorized Third-party Providers; Agents**

- A. The Department may enter into a contract with a private entity to perform limited or specific services on behalf of the Department in accordance with state procurement laws and rules.
  - 1. The Department may authorize a person to be a third-party provider. An authorized third-party provider shall meet the requirements established by the Department and shall be selected through a competitive bid process.
  - 2. The Department may authorize a third-party provider to perform any one or more of the following services:
    - a. Watercraft transfer.
    - b. Watercraft registration renewal.
    - c. Duplicate watercraft registration and decal.
    - d. New watercraft registration.
- B. A person shall not engage in any business pursuant to this Section unless the Department authorizes the person to engage in the business.
- C. The Department shall establish minimum quality standards of service and a quality assurance program for authorized third-party providers to ensure that an authorized third-party provider is complying with the minimum standards.
- D. The Department may:
  - 1. Conduct investigations.
  - 2. Conduct audits.
  - 3. Make on-site inspections in compliance with A.R.S. § 41-1009.
  - 4. Require an authorized third-party or employees or agents of an authorized third-party be certified to perform the services prescribed in this Article.
- E. An authorized third-party provider shall remit to the Department all fees established under R12-4-504 and R12-4-529 it collects.
  - 1. An authorized third-party provider may collect and retain a reasonable and commensurate fee for its services.
  - 2. Each authorized third-party provider that holds itself out as providing services to the public shall identify to the applicant the Department's registration fee and the nonresident boating safety infrastructure fee, when applicable, separately from any other costs.
- F. A third-party who is authorized pursuant to this Section shall:
  - 1. Maintain records in a form and manner prescribed by the Department.
  - 2. Allow access to the records during regular business hours to authorized representatives of the Department or any law enforcement agency to ensure compliance with all applicable statutes and rules.
- G. The Department may suspend or cancel an authorization or certification, or both, granted pursuant to this Section if the Department determines that the third-party provider or certificate holder has done any of the following:
  - 1. Made a material misrepresentation or misstatement in the application for authorization or certification.
  - 2. Has been convicted of fraud or a watercraft related felony in any state or jurisdiction of the U.S. within the ten years immediately preceding the date a criminal records check is complete.
  - 3. Has been convicted of a felony, other than a felony described in subsection (G)(2), in any state or jurisdiction of the U.S. within the five years immediately preceding the date a criminal records check is complete.
  - 4. Violated a rule or policy adopted by the Department.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

5. Failed to keep and maintain records required by this Section.
  6. Failed to remit to the Department all fees established under R12-4-504 and R12-4-529 it collects.
  7. Allowed an unauthorized person to engage in any business pursuant to this Section.
- K.** If the Department has reasonable grounds to believe that a certificate holder or other person employed by an authorized third-party provider has committed a serious violation, the Department may order a summary suspension of the third provider's authorization granted pursuant to this Section pending formal suspension or cancellation proceedings. For the purposes of this subsection, "serious violation" means:
1. Watercraft registration fraud.
  2. Improper disclosure of personal information.
  3. Bribery.
  4. Theft.
- L.** On determining that grounds for suspension or cancellation of an authorization or certification, or both, exist, the Department shall give written notice to the third-party provider or certificate holder to appear at a hearing before the Department to show cause why the authorization or certification should not be suspended or canceled.
1. After consideration of the evidence presented at the hearing, the Department shall serve notice of the finding and order to the third-party or certificate holder.
  2. If a third-party authorization or a certification is suspended or canceled, the third-party or certificate holder may appeal the decision pursuant to A.R.S. Title 41, Chapter 6, Article 10.

**Historical Note**

Emergency amendments readopted effective August 28, 1990, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 90-3). Emergency expired. Repealed effective May 27, 1992 (Supp. 92-2).

**ARTICLE 6. RULES OF PRACTICE BEFORE THE COMMISSION**

- R12-4-601. Definitions**

The following definitions apply to this Article unless otherwise specified:

"Appealable agency action" has the same meaning as provided under A.R.S. § 41-1092.

"Business day" means any day other than a furlough day, Saturday, Sunday, or holiday.

"Commission Chair" means the person who presides over the Arizona Game and Fish Commission.

"Contested case" has the same meaning as provided under A.R.S. § 41-1001.

"Ex parte communication" means any oral or written communication with a Commissioner by a party concerning a substantive issue in a contested proceeding that is not part of the public record.

"Party" has the same meaning as provided under A.R.S. § 41-1001.

"Respondent" means the person named as the respondent in a notice of hearing issued by the Department.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

**Historical Note**

Adopted effective December 22, 1987 (Supp. 87-4). Amended by final rulemaking at 10 A.A.R. 2245, effective July 6, 2004 (Supp. 04-2). Amended by final rulemaking at 16 A.A.R. 1465, effective July 13, 2010 (Supp. 10-3). Section R12-4-601 renumbered to R12-4-602; new Section R12-4-601 made by final expedited rulemaking at 24 A.A.R. 393, effective February 6, 2018 (Supp. 18-1).

**R12-4-602. Petition for Rule or Review of Practice or Policy**

- A.** A person may petition the Commission under A.R.S. § 41-1033 for a:
1. Rulemaking action relating to a Commission rule, including making a new rule or amending or repealing an existing rule; or
  2. Review of an existing Department practice or substantive policy statement alleged to constitute a rule.
- B.** To act under A.R.S. § 41-1033 and this Section, a person shall submit a petition form to the Arizona Game and Fish Department, Director's Office, 5000 W. Carefree Highway, Phoenix, AZ 85086. The form is available at any Department office and on the Department's website.
- C.** A petitioner shall address only one rule, practice, or substantive policy in the petition.
- D.** A petitioner shall submit the petition form to the Arizona Game and Fish Department, Director's Office, 5000 W. Carefree Highway, Phoenix, AZ 85086. The petition form is furnished by the Department and is available at any Department office and on the Department's website. A petitioner shall provide all of the following information:
1. Petitioner identification:
    - a. When the petition is submitted by a private person, the person's:
      - i. Name;
      - ii. Physical and mailing address, if different from the physical address;
      - iii. Contact telephone number; and
      - iv. Email, when available;
    - b. When the petition is submitted by an organization or private group;
      - i. Name of organization or group;
      - ii. Name and title of the organization's or group's representative;
      - iii. Physical and mailing address, if different from the physical address;
      - iv. Representative's contact telephone number; and
      - v. Email, when available;
    - c. When the petition is submitted by a public agency;
      - i. Name of the public agency;
      - ii. Name and title of the agency's representative;
      - iii. Physical and mailing address if different from the physical address;
      - iv. Representative's contact telephone number; and
      - v. Email, when available;
  2. Type of request:
    - a. Adopt, amend, or repeal a rule, or
    - b. Review of a practice or substantive policy statement;
  3. When the petition is for rulemaking action:
    - a. Statement of the rulemaking action sought, including the *Arizona Administrative Code* citation of all

- existing rules, and the specific language of a new rule or rule amendment; and
  - b. Reasons for the rulemaking action, including an explanation of why an existing rule is inadequate, unreasonable, unduly burdensome, or unlawful;
4. When the petition is for a review of an existing practice or substantive policy statement:
    - a. Subject matter of the existing practice or substantive policy statement, and
    - b. Reasons why the existing practice or substantive policy statement constitutes a rule;
  5. When the petitioner is a public agency, a summary of issues raised in any public meeting or hearing regarding the petition or any written comments offered by the public.
  6. Any other information required by the Department;
  7. Petitioner's signature; and
  8. Date on which the petition was signed.
- E.** In addition to the requirements listed under subsection (D), a person may submit supporting information with a petition, including:
1. Statistical data; and
  2. A list of other persons likely to be affected by the rulemaking action or the review, with an explanation of the likely effects.
- F.** When a petitioner submits a petition that addresses the same substantive issue considered by the Commission within the previous year, the petitioner shall also provide an additional written statement that includes rationale not previously considered by the Commission in making the previous decision.
- G.** The Department shall determine whether the petition complies with this Section within 15 business days after the date on which the petition was received.
1. If the petition complies with this Section:
    - a. The Department shall place the petition on a Commission open meeting agenda.
    - b. The petitioner may present oral testimony at that open meeting under R12-4-604.
    - c. The Commission shall render a final decision on the petition as prescribed under A.R.S. § 41-1033.
  2. If a petition does not comply with this Section:
    - a. The Director shall return the petition to the petitioner, and
    - b. Indicate in writing why the petition does not comply with this Section. The petitioner shall be afforded the opportunity to resubmit a corrected petition.

**Historical Note**

Adopted effective December 22, 1987 (Supp. 87-4). Amended by final rulemaking at 10 A.A.R. 2245, effective July 6, 2004 (Supp. 04-2). Section R12-4-602 renumbered to R12-4-603; new Section R12-4-602 renumbered from R12-4-601 and amended by final expedited rulemaking at 24 A.A.R. 393, effective February 6, 2018 (Supp. 18-1).

**R12-4-603. Written Comments on Proposed Rules**

- A.** Under A.R.S. § 41-1023, a person may submit written statements, arguments, data, and views on a proposed rulemaking published by the Secretary of State in the Arizona Administrative Register.
- B.** A person submitting a written comment to the Commission for consideration in a final decision on the rulemaking may voluntarily provide their name and mailing address. The Commission may only consider written comments that:

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

1. Are received on or before the close of record date, as published by the Secretary of State in the Arizona Administrative Register; and
2. Are submitted to the agency contact identified in the Department's notice of proposed rulemaking as published by the Secretary of State in the Arizona Administrative Register.
3. In addition, a person submitting a comment submitted on behalf of a group or organization shall include a statement that the comment represents the official position of the group or organization. A comment submitted on behalf of a group or organization that does not contain this statement shall be considered the comment of the person submitting the comment, and not that of the group or organization.

**Historical Note**

Adopted effective December 22, 1987 (Supp. 87-4).  
 Amended effective November 10, 1997 (Supp. 97-4).  
 Amended by final rulemaking at 10 A.A.R. 2245, effective July 6, 2004 (Supp. 04-2). Section R12-4-603 renumbered to R12-4-604; new Section R12-4-603 renumbered from R12-4-602 and amended by final expedited rulemaking at 24 A.A.R. 393, effective February 6, 2018 (Supp. 18-1).

**R12-4-604. Oral Proceedings Before the Commission**

- A. The Commission may allow an oral proceeding on any matter on the Commission's agenda. At an oral proceeding, the Commission Chair:
  1. Is responsible for conducting the proceeding.
  2. May administer an oath to a witness before receiving testimony.
  3. May order the removal of any person who is disrupting a proceeding.
  4. May limit the number of presentations or the time for testimony regarding a particular issue.
- B. A person desiring to speak at an oral proceeding shall first request permission to speak from the Commission Chair.
- C. Technical rules of evidence do not apply to an oral proceeding, and no informality in any proceeding or in the manner of taking testimony invalidates any order, decision, or rule made by the Commission.
- D. The Commission authorizes the Director to designate a hearing officer for oral proceedings to take public input on proposed rulemaking.
- E. The Commission authorizes the Director to continue a scheduled proceeding to a later Commission meeting. To request a continuance, a petitioner shall:
  1. Deliver the request to the Director no later than 24 hours before the scheduled proceeding;
  2. Demonstrate that the proceeding has not been continued more than twice; and
  3. Demonstrate good cause for the continuance.

**Historical Note**

Adopted effective December 22, 1987 (Supp. 87-4).  
 Amended by final rulemaking at 10 A.A.R. 2245, effective July 6, 2004 (Supp. 04-2). Section R12-4-604 renumbered to R12-4-605; new Section R12-4-604 renumbered from R12-4-603 and amended by final expedited rulemaking at 24 A.A.R. 393, effective February 6, 2018 (Supp. 18-1).

**R12-4-605. Ex Parte Communication**

- A. A party shall not communicate, either directly or indirectly, with a Commissioner about any substantive issue in a pending contested case or appealable agency action, unless:
  1. All parties are present;
  2. The communication occurs during the scheduled proceeding, where an absent party failed to appear after proper notice; or
  3. It is by written motion with a copy provided to all parties.
- B. A Commissioner who receives an ex parte communication shall place on the public record of the proceeding:
  1. A copy of the written communication;
  2. A summary of the oral communication; and
  3. The Commissioner's response to any such ex parte communication.
- C. The provisions of this Section apply from the date that a notice of hearing for a contested case or an appealable agency action is served on the parties.

**Historical Note**

Adopted effective December 22, 1987 (Supp. 87-4).  
 Amended by final rulemaking at 10 A.A.R. 2245, effective July 6, 2004 (Supp. 04-2). Section R12-4-605 renumbered to R12-4-606; new Section R12-4-605 renumbered from R12-4-604 and amended by final expedited rulemaking at 24 A.A.R. 393, effective February 6, 2018 (Supp. 18-1).

**R12-4-606. Standards for Revocation, Suspension, or Denial of a License**

- A. Under A.R.S. § 17-340, when the Department makes a recommendation to the Commission for license revocation, the Commission shall hold a hearing and may revoke, suspend, or deny any hunting, fishing, or trapping license for a person convicted of any of the following offenses:
  1. Killing or wounding a big game animal during a closed season.
  2. Possessing a big game animal taken during a closed season.
  3. Destroying, injuring, or molesting livestock while hunting, fishing, or trapping.
  4. Damaging or destroying personal property, growing crops, notices or signboards, or other improvements while hunting, fishing, or trapping.
  5. Bartering, selling, or offering to sell unlawfully taken wildlife or wildlife parts.
  6. Careless use of a firearm while hunting, fishing, or trapping that results in the injury or death of any person.
  7. Applying for or obtaining a license or permit by fraud or misrepresentation in violation of A.R.S. § 17-341.
  8. Knowingly allowing another person to use the person's big game tag, except as provided under A.R.S. § 17-332(D).
  9. Entering upon a game refuge or other area closed to hunting, trapping or fishing and taking, driving, or attempting to drive wildlife from the area in violation of A.R.S. §§ 17-303 and 17-304.
  10. Unlawfully posting state or federal lands in violation of A.R.S. § 17-304(B).
  11. Unlawfully using aircraft to take, assist in taking, harass, chase, drive, locate, or assist in locating wildlife in violation of A.R.S. § 17-340(A)(8).
  12. Unlawfully taking or possessing big game.
  13. Unlawfully taking or possessing small game or fish.
  14. Unlawfully taking or possessing wildlife species.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

15. Unlawful take of any bird or the removal of its nest or eggs.
  16. Littering a public hunting or fishing area while taking wildlife.
  17. Waste of edible portions of a game species under A.R.S. § 17-309, in violation of A.R.S. § 17-309(A)(5).
  18. Any violation for which a license can be revoked under A.R.S. § 17-340.
  19. Any violation of A.R.S. § 17-306.
- B.** Under A.R.S. §§ 17-238, 17-334, 17-340, 17-362, 17-363, and 17-364, when the Department makes a recommendation to the Commission for license revocation, the Commission shall hold a hearing and may revoke any fur dealer, guide, taxidermy, license dealers license, or special license (as defined under R12-4-401) in any case where license revocation is authorized by law.

**Historical Note**

Adopted effective December 22, 1987 (Supp. 87-4).  
 Amended effective November 10, 1997 (Supp. 97-4).  
 Amended by final rulemaking at 10 A.A.R. 2245, effective July 6, 2004 (Supp. 04-2). Section R12-4-606 renumbered to R12-4-607; new Section R12-4-606 renumbered from R12-4-605 and amended by final expedited rulemaking at 24 A.A.R. 393, effective February 6, 2018 (Supp. 18-1).

**R12-4-607. Proceedings for License Revocation, Suspension, or Denial of Right to Obtain a License, and Civil Damages**

- A.** The Director may commence a proceeding for the Commission to revoke, suspend or deny a license under A.R.S. §§ 17-236, 17-238, 17-334, 17-340, 17-362, 17-363, and 17-364. The Director may also commence a proceeding for the Commission to impose a civil penalty under A.R.S. § 17-314.
- B.** The Commission shall conduct a hearing concerning revocation, suspension, or denial of the right to obtain a license in accordance with the Administrative Procedure Act, A.R.S. Title 41, Chapter 6, Article 10. In a proceeding conducted under A.R.S. § 17-340, a respondent shall limit testimony to facts that show why the license should not be revoked or denied. Because the Commission does not have the authority to consider or change the conviction, a respondent is not permitted to raise this issue in the proceeding. The Commission shall permit a respondent to offer testimony or evidence relevant to the Commission's decision to impose a civil penalty or order a civil action for the recovery of wildlife parts.
- C.** If a respondent does not appear for a hearing on the date scheduled, at the time and location noticed, no further opportunity to be heard shall be provided, unless a rehearing or review is granted under R12-4-608. If the respondent does not wish to attend the hearing, the respondent may submit written testimony to the Department before the hearing date designated in the Notice of Hearing. The Commission shall ensure that written testimony received at the time of the hearing is read into the record at the hearing.
- D.** The Commission shall base its decision on the officer's case report, a summary prepared by the Department, a certified copy of the court record, and any testimony presented at the hearing. The Department shall supply the respondent with a copy of each document provided to the Commission for use in reaching a decision.
- E.** Any party may apply to the Commission for issuance of a subpoena to compel the appearance of any witness or the production of documents at any Commission hearing. No less than 10 calendar days before the hearing, the party shall file a written

application that provides the name and address of the witness, the subject matter of the expected testimony, the documents sought to be produced, and the date, time, and place of the hearing. The Commission Chair has the authority to issue the subpoenas.

1. A party shall have a subpoena served as prescribed in the Arizona Rules of Civil Procedure, Rule 45. An employee of the Department may serve a subpoena at the request of the Commission Chair.
  2. A party may request that a subpoena be amended at any time before the deadline provided in this Section for filing the application. The party shall have the amended subpoena served as provided in subsection (E)(1).
- F.** The Commission may vote to use the services of the office of administrative hearings to conduct a hearing concerning revocation, suspension, or denial of the right to obtain a license and to make a recommendation to the Commission, which shall review and accept, reject or modify the recommendation and issue its decision in an open meeting. When the Department receives a recommendation from the administrative law judge at least 30 days prior to the next regularly scheduled Commission meeting, the Department shall place the recommendation on the agenda for that meeting. A recommendation from the administrative law judge received after this time shall be considered at the next regularly scheduled open meeting.
- G.** A license revoked by the Commission is suspended on the date of the hearing and revoked upon issuance of the findings of fact, conclusions of law, and order. If a respondent appeals the Commission's order revoking a license, the license is revoked after all appeals have been exhausted. A denial of the right to obtain a license is effective for a period determined by the Commission as authorized under A.R.S. § 17-340, beginning on the date of the hearing.
- H.** A license suspended by the Commission is suspended on the date of the hearing, and suspended upon issuance of the findings of fact, conclusions of law, and order. If a respondent appeals the Commission's order suspending a license, the license is suspended after all appeals have been exhausted. The suspension of a license is effective for a period determined by the Commission as authorized under A.R.S. § 17-340, beginning on the date of the hearing.

**Historical Note**

Adopted effective June 13, 1977 (Supp. 77-3). Former Section R12-4-14 renumbered as Section R12-4-115 without change effective August 13, 1981 (Supp. 81-4). Former Section R12-4-115 renumbered without change as Section R12-4-607 effective December 22, 1987 (Supp. 87-4). Amended effective November 10, 1997 (Supp. 97-4). Amended by final rulemaking at 10 A.A.R. 2245, effective July 6, 2004 (Supp. 04-2). Section R12-4-607 renumbered to R12-4-608; new Section R12-4-607 renumbered from R12-4-606 and amended by final expedited rulemaking at 24 A.A.R. 393, effective February 6, 2018 (Supp. 18-1).

**R12-4-608. Rehearing or Review of Commission Decisions**

- A.** A party shall exhaust the party's administrative remedies by filing a motion for rehearing or review as provided in this Section. Failure to file a motion for rehearing or review within 30 days of service of the Commission's decision has the effect of prohibiting the party from seeking judicial review of the Commission's decision.
- B.** A party in a contested case or appealable agency action before the Commission may file a motion for rehearing or review of a

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

Commission decision, specifying the grounds upon which the motion is based. The motion for rehearing or review shall be filed within 30 calendar days after service of the Commission's decision. For purposes of this subsection a decision is served when personally delivered or mailed by certified mail to the party's last known residence or place of business.

- C. A party may amend a motion for rehearing or review at any time before the Commission rules upon the motion. A written response to a motion for rehearing or review may be filed and served within 15 days after service of the motion for rehearing or review. The Commission may require that the parties file supplemental memoranda on any issue raised in a motion or response, and allow for oral argument.
- D. The Commission has the authority to grant rehearing or review for any of the following causes materially affecting the moving party's rights:
  1. Irregularity in the proceedings of the Commission, or any order or abuse of discretion that deprived the moving party of a fair hearing;
  2. Misconduct of the Commission, its staff, an administrative law judge, or the prevailing party;
  3. Accident or surprise that could not have been prevented by ordinary prudence;
  4. Newly discovered material evidence that could not, with reasonable diligence, have been discovered and produced at the original hearing;
  5. Excessive or insufficient penalties;
  6. Error in the admission or rejection of evidence or other errors of law occurring at the hearing or during the proceeding; or
  7. That the findings of fact or decision is not justified by the evidence or is contrary to law.
- E. The Commission may either deny the motion for rehearing or review or grant a rehearing or review for any of the reasons listed under subsection (E). The Commission's order granting a rehearing or review shall specify the grounds for the order, and any rehearing shall cover only those grounds upon which the rehearing or review was granted.
- F. After giving the party notice and an opportunity to be heard, the Commission may grant a motion for a rehearing or review for a reason not stated in the motion.
- G. Within the time-frame for filing the motion for rehearing or review, the Commission may grant a rehearing or review on its own initiative for any reason for which the Commission may have granted relief on motion of a party.
- H. When the Commission grants a rehearing or review, the Commission shall hold the rehearing or review at its next regularly scheduled meeting or within 90 days of issuance of the order granting the rehearing or review. With the consent of the parties, the Commission may proceed to conduct the rehearing or review in the same meeting in which the Commission granted the rehearing or review.
- I. The Commission may take additional testimony, amend findings of fact and conclusions of law, and affirm, modify or reverse the original decision.

**Historical Note**

Adopted effective April 28, 1989 (Supp. 89-2). Amended effective May 27, 1992 (Supp. 92-1). Amended effective November 10, 1997 (Supp. 97-4). Amended by final rulemaking at 6 A.A.R. 211, effective December 14, 1999 (Supp. 99-4). Section expired under A.R.S. § 41-1056(E) at 8 A.A.R. 853, effective January 31, 2002 (Supp. 02-1). New Section R12-4-608 renumbered from R12-4-607

and amended by final expedited rulemaking at 24 A.A.R. 393, effective February 6, 2018 (Supp. 18-1).

**R12-4-609. Commission Orders**

- A. Except as provided under subsection (B):
  1. At least 14 calendar days before a meeting where the Commission will consider a Commission Order, the Department shall:
    - a. Post a public meeting notice and agenda in accordance with A.R.S. § 38-431.02; and
    - b. Issue a public notice of the recommended Commission Order in print and electronic media.
  2. The Department shall ensure the public meeting notice and agenda includes:
    - a. The date, time, and location of the Commission meeting where the Commission Order will be considered;
    - b. A statement that the public may attend and present written comments at or before the meeting; and
    - c. A statement that a copy of the proposed Commission Order shall be made available to the public 10 calendar days before the meeting. Copies are available for public inspection on the Department's website and at Department offices in Phoenix, Pinetop, Flagstaff, Kingman, Yuma, Tucson, and Mesa.
  3. The Commission may make changes to the recommended Commission Order at the Commission meeting.
- B. The requirements of subsection (A) do not apply to a Commission Order that establishes:
  1. A supplemental hunt as authorized under R12-4-115;
  2. A special season for persons who possess a special license tag issued under A.R.S. § 17-346 and R12-4-120,
  3. A special season that allows fish to be taken by additional methods on waters where a fish die-off is imminent as established under R12-4-317(C), and
  4. A limited-entry fishing or hunting season as established under R12-4-116.
- C. The Department shall publish the content of all Commission orders and make them available to the public free of charge.

**Historical Note**

Adopted effective March 1, 1991; filed February 28, 1991 (Supp. 91-1). Amended effective January 1, 1993; filed December 18, 1992 (Supp. 92-4). Amended effective November 10, 1997 (Supp. 97-4). Amended by final rulemaking at 9 A.A.R. 610, effective April 6, 2003 (Supp. 03-1). Amended by final rulemaking at 10 A.A.R. 2245, effective July 6, 2004 (Supp. 04-2). Amended by final expedited rulemaking at 24 A.A.R. 393, effective February 6, 2018 (Supp. 18-1). Amended by final rulemaking at 30 A.A.R. 2308 (July 12, 2024), effective August 10, 2024 (Supp. 24-2).

**R12-4-610. Petitions for the Closure of State or Federal Lands to Hunting, Fishing, Trapping, or Operation of Motor Vehicles**

- A. A person requesting that the Commission consider closing state or federal land to hunting, fishing, or trapping as provided under A.R.S. § 17-304(B) or R12-4-110, or closing roads or trails on state lands as provided under R12-4-110, shall submit a petition as prescribed in this Section before the Commission will consider the request.
- B. A petitioner shall not address more than one contiguous closure request in a petition.
- C. A petitioner submitting a petition that addresses the same contiguous closure request previously considered and denied by

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

the Commission shall provide an additional written statement that includes rationale not previously considered by the Commission.

- D.** A petitioner shall submit the petition form to the Arizona Game and Fish Department, Director's Office, 5000 W. Care-free Highway, Phoenix, AZ 85086. The petition form is furnished by the Department and is available at any Department office and on the Department's website. The petition form shall contain all of the following information:

1. Petitioner identification:
  - a. When the petitioner is the leaseholder of the area proposed for closure:
    - i. Name of person;
    - ii. Lease number;
    - iii. Physical and mailing address, if different from the physical address;
    - iv. Contact telephone number; and
    - v. Email, when available;
  - b. When the petitioner is anyone other than the leaseholder of the area proposed for closure:
    - i. Name of person;
    - ii. Lease number;
    - iii. Physical and mailing address, if different from the physical address;
    - iv. Contact telephone number;
    - v. Email, when available; and
    - vi. Name of each group or organization or organizations that the petitioner represents; or
  - c. When the petitioner is a public agency:
    - i. Name of person;
    - ii. Name of agency;
    - iii. Petitioner's title;
    - iv. Lease number;
    - v. Agency's physical and mailing address, if different from the physical address;
    - vi. Contact telephone number; and
    - vii. Email, when available;
2. Type of closure requested:
  - a. Hunting,
  - b. Fishing,
  - c. Trapping, or
  - d. Operation of motor vehicles.
3. Reason for petition:
  - a. Each reason why the closure should be considered under R12-4-110, A.R.S. § 17-304(B), or A.R.S. § 17-452(A);
  - b. Any data or other justification supporting the reasons for the closure with clear reference to any exhibits that may be attached to the petition;
  - c. Each person or segment of the public the petitioner believes will be impacted by the closure, including any other valid licensees, lessees, or permittees that will or may be affected, and how they will be impacted, including both positive and negative impacts;
  - d. If the petitioner is a public agency, a summary of issues raised in any public hearing or public meeting regarding the petition and a copy of written comments received by the petitioning agency; and
  - e. A proposed alternate access route, under R12-4-110.
4. A concise map identifying the specific location of the proposed closure;
5. Petitioner's signature;
6. Date on which the petition was signed; and

7. Any other information required by the Department.

- E.** The Department shall determine whether the petition complies with the requirements established under A.R.S. § 17-452, R12-4-110, and this Section within 15 business days after receiving the petition.

1. If the petition meets these requirements, and provided the petitioner has not agreed to an alternative solution or withdrawn the petition, the Department, in accordance with the schedule in subsection (F), shall place the petition on the agenda for the Commission's next regularly scheduled open meeting and provide written notice to the petitioner of the meeting date.

2. If a petition does not comply with the requirements prescribed under A.R.S. § 17-452, R12-4-110, and this Section:

- a. The Department shall return the petition to the petitioner, and
- b. Indicate in writing why the petition does not comply with this Section.

3. If the Department returns a petition to a petitioner for a reason that cannot be corrected, the Department shall serve on the petitioner a notice of appealable agency action under A.R.S. § 41-1092.03.

- F.** When the Department receives a petition not less than 60 calendar days before a regularly scheduled Commission meeting, the Department shall place the petition on the agenda for that meeting. A petition received after this time will be considered at the next regularly scheduled open meeting.

- G.** The petitioner may:

1. Present oral testimony in support of the petition at the Commission meeting, in accordance with the provisions established under R12-4-604.
2. Withdraw the petition or request a continuance to a later regularly scheduled open meeting at any time.

**Historical Note**

Adopted effective March 1, 1991; filed February 28, 1991 (Supp. 91-1). Amended effective January 1, 1993; filed December 18, 1992 (Supp. 92-4). Amended by final rulemaking at 10 A.A.R. 2245, effective July 6, 2004 (Supp. 04-2). Amended by final rulemaking at 16 A.A.R. 1465, effective July 13, 2010 (Supp. 10-3). Amended by final expedited rulemaking at 24 A.A.R. 393, effective February 6, 2018 (Supp. 18-1).

**R12-4-611. Petition for a Hearing Before the Commission When No Remedy is Provided in Statute, Rule, or Policy**

- A.** A person may request a hearing before the Commission when an administrative remedy does not exist under statute, rule, or policy by submitting a petition as prescribed by this Section.

- B.** A petitioner shall submit the petition form to the Arizona Game and Fish Department, Director's Office, 5000 W. Care-free Highway, Phoenix, AZ 85086. The petition form is furnished by the Department and is available at any Department office and on the Department's website. The petition form shall contain all of the following information:

1. Petitioner identification:

- a. When the petitioner is a private person:
  - i. Name of person;
  - ii. Physical and mailing address, if different from the physical address;
  - iii. Contact telephone number; and
  - iv. Email, when available;
- b. When the petitioner is a private group or organization:

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

- i. Name of the person designated as the contact for the group or organization;
    - ii. Physical and mailing address, if different from the physical address;
    - iii. Contact telephone number;
    - iv. Email, when available; or
  - c. When the petitioner is a public agency:
    - i. Name of person,
    - ii. Name of agency,
    - iii. Petitioner's title,
    - iv. Agency's physical and mailing address, if different from the physical address,
    - v. Contact telephone number, and
    - vi. Email, when available;
  - 2. Statement of Facts and Issues:
    - a. Description of issue to be resolved, and
    - b. Any facts relevant to resolving the issue;
  - 3. Specific proposed remedy;
  - 4. Petitioner's signature;
  - 5. Date on which the petition was signed; and
  - 6. Any other information required by the Department.
- C.** If a petition does not comply with this Section, the Department shall:
- 1. Return the petition to the petitioner, and
  - 2. Indicate in writing why the petition does not comply with this Section.
- D.** After the Department receives a petition that complies with this Section, the Department shall place the petition on the agenda of a regularly scheduled Commission meeting.
- E.** If the Commission votes to deny a petition, the Department shall not accept a subsequent petition on the same issue, unless the petitioner presents new evidence or reasons for considering the subsequent petition.
- F.** This Section does not apply to the following:
- 1. An action related to a license revocation, suspension, denial, or civil penalty;
  - 2. An unsuccessful hunt permit-tag draw application that did not involve an error on the part of the Department; or
  - 3. The reinstatement of a bonus point, except as authorized under R12-4-102.02(E).

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2245, effective July 6, 2004 (Supp. 04-2). Amended by final rulemaking at 16 A.A.R. 1465, effective July 13, 2010 (Supp. 10-3). Amended by final rulemaking at 21 A.A.R. 3025, effective January 2, 2016 (Supp. 15-4). Amended by final expedited rulemaking at 24 A.A.R. 393, effective February 6, 2018 (Supp. 18-1). Amended by final rulemaking at 29 A.A.R. 2196 (September 22, 2023), with an immediate effective date of September 1, 2023 (Supp. 23-3).

**ARTICLE 7. HERITAGE GRANTS****R12-4-701. Heritage Grant Definitions**

In addition to the definitions provided under A.R.S. §§ 17-101 and 17-296, the following definitions apply to this Article:

"Administrative subunit" means a branch, chapter, department, division, section, school, or other similar divisional entity of an eligible applicant. For example, an individual:

Administrative department, but not an entire city government;

Field office or project office, but not an entire agency; or

School, but not an entire school district.

"Eligible applicant" means any public agency, non-governmental organization, or nonprofit organization that meets the applicable requirements of this Article.

"Facilities" means any structure or site improvements.

"Fund" means the Arizona Game and Fish Commission Heritage Fund, established under A.R.S. § 17-297.

"Grant agreement" means a document that details the terms and conditions of a grant project.

"Grant effective date" means the date the Department Director signs the Grant Agreement.

"In-kind" means contributions other than cash, which include individual and material resources that the applicant makes available to the project, e.g. a public employee's salary, volunteer time, materials, supplies, space, or other donated goods and services.

"Participant" means an eligible applicant who has been awarded a grant from the Heritage Fund.

"Project" means an activity, or series of related activities, or services described in the specific project scope of work and results in specific end products.

"Project period" means the time during which a participant shall complete all approved work and related expenditures associated with an approved project.

"Public agency" means the federal government or any federal department or agency, an Indian tribe, this state, all state departments, agencies, boards, and commissions, counties, school districts, public charter schools, cities, towns, all municipal corporations, administrative subunits, and any other political subdivision.

"Publicly held lands" means federal, public, and reserved land, State Trust Land, and other lands within Arizona that are owned, controlled, or managed by the federal government, a state agency, or political subdivision.

"Term of public use" means the time period during which the project or facility is expected to be maintained for public use.

**Historical Note**

Adopted effective July 12, 1996 (Supp. 96-3). Amended by final rulemaking at 8 A.A.R. 2692, effective June 6, 2002 (Supp. 02-2). Amended by final rulemaking at 13 A.A.R. 4587, effective February 2, 2008 (Supp. 07-4). Amended by final rulemaking at 19 A.A.R. 768, effective June 1, 2013 (Supp. 13-2). Amended by final rulemaking at 22 A.A.R. 2200, effective August 2, 2016 (Supp. 16-4).

**R12-4-702. General Provisions; Heritage Grant Fund Requirements**

**A.** The Department, in its sole discretion, may make Heritage Fund Grants available for projects that:

- 1. Are located in Arizona or benefit Arizona wildlife or its habitat; and
- 2. Meet the criteria established in the Heritage Grant application materials.

**B.** The Department shall:

- 1. Provide public notice of the time, location, and due date for application submission; and
- 2. Furnish materials necessary to complete the application.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

- C.** An applicant seeking Heritage Grant funding shall submit to the Department a Heritage Fund Grant application according to a schedule of due dates determined by the Director. An applicant shall provide the following information on the Heritage Grant application form:
1. The name of the applicant;
  2. Any county and legislative district where the project will be developed or upon which the project will have a direct impact;
  3. The name, title, mailing address, e-mail address, and telephone number of the individual responsible for the day-to-day management of the proposed project;
  4. Identification of the application criterion established in the Heritage Grant application materials;
  5. A descriptive project title;
  6. The name of the site, primary location, and any other locations of the project;
  7. Description of the:
    - a. Scope of work and the objective of the proposed project,
    - b. Methods for achieving the objective, and
    - c. Desired result of the project;
  8. The beginning and ending dates for the project;
  9. The resources needed to accomplish the project, including grant monies requested, and, if applicable, evidence of secured matching funds or contributions; and
  10. Any additional supporting information required by the Department.
  11. Signature and date. The person signing the grant application form shall have the authority to enter into agreements, accept funding, and fulfill the terms of the Grant Agreement on behalf of the applicant.
- D.** A person applying for multiple projects shall submit a separate application for each project.
- E.** An applicant shall demonstrate ownership or control of the project. Ownership or control may be demonstrated through fee title, lease, easement, or agreement. For all other project types related to sites not controlled by an applicant, an applicant shall provide written permission from the property owner authorizing the project activities and access. The applicant's proof of ownership or control or written permission shall demonstrate:
1. Permission for access is not revocable at will by the property owner, and
  2. Public access will be granted to the project site for the life of the project, unless the purpose of the project proposal is to limit access.
- F.** Heritage Grant proposals are competitive and the Department shall make awards based on a proposed project's compatibility with the priorities of the Department, as approved by the Commission.
- G.** The Department may require an applicant to modify the application prior to awarding a Heritage Grant, if the Department determines that the modification is necessary for the successful completion of the project.
- H.** When applicable, the Department shall not release Heritage Grant funds until after the Department has consulted with the State Historic Preservation Office regarding the proposed project's potential impact on historic and archaeological properties and resources.
- I.** The Department shall notify an applicant in writing of the results of the applicant's submission and announce Heritage Grant awards at a regularly scheduled open meeting of the Commission.
- J.** A participant shall:
1. Sign the Grant Agreement before the Department transfers any grant funds.
  2. Deposit transferred Heritage Grant funds in a dedicated account carrying the name and number of the project. In the event the funds are deposited in an interest-bearing account, any interest earned shall be:
    - a. Used for the purpose of furthering the project, with prior approval from the Department; or
    - b. Remitted to the Department upon completion of the project.
  3. Complete the project as specified under the terms and conditions of the Grant Agreement.
  4. Use awarded Heritage Grant funds solely for the project described in the application and as approved by the Department.
  5. Bear full responsibility for performance of its subcontractors to ensure compliance with the Grant Agreement.
  6. Pay all costs associated with the operation and maintenance of properties, facilities, equipment, services, publications, and other media funded by a Heritage Grant for the term of public use as specified in the Grant Agreement.
  7. Submit records that substantiate the expenditure of Heritage Grant funds. In addition, each participant shall retain and shall contractually require each subcontractor to retain all books, accounts, reports, files, and any other records relating to the acquisition and performance of the contract for a period of five years from the end date of the project period. The Department may inspect and audit participant and subcontractor records as prescribed under A.R.S. § 35-214. Upon the Department's request, a participant or subcontractor shall produce a legible copy of these records.
  8. Allow Department employees or agents to conduct inspections and reviews:
    - a. To ensure compliance with all terms and conditions established under the Grant Agreement.
    - b. Before release of the final payment.
  9. Give public acknowledgment of Heritage Fund grant assistance for the term of public use of a project. If a project involves acquisition of property, development of public access, or renovation of a habitat site, the participant shall install a permanent sign describing the funding sources. The participant may include the cost of this signage as part of the original project. The participant is responsible for maintenance or replacement of the sign as required. For other project types, the participant shall include Heritage Fund grant funding acknowledgment on any publicly available or accessible products resulting from the project.
- K.** A participant shall not:
1. Begin a project described in the application until after the grant effective date.
  2. Use Heritage Grant funds for the purpose of producing income unless authorized by the Department. A participant shall use all income generated to further the purpose of the approved project or surrender the income to the original funding source.
  3. Comingle Heritage Grant funds with any other funds.
  4. Use Heritage Grant funds to pay the salary of any public agency employee. A participant may use a public agency's employee's time as in-kind match for the project specified in the Grant Agreement.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

- L.** The parties may amend the terms of the Grant Agreement by mutual written consent. The Department shall prepare any approved amendment in writing, and both the Department and the Grantee shall sign the amendment.
- M.** The Department and the participant may amend the Grant Agreement during the project period. A participant seeking to amend the Grant Agreement shall submit a written request that includes justification to amend the Grant Agreement. The Department shall prepare any approved amendment in writing and both the Department and the participant shall sign the amendment.
- N.** A participant shall submit project status reports, as required in the Grant Agreement. If a participant fails to submit a project status report, the Department may not release any remaining grant monies until the participant has submitted all past due project status reports. The project status report shall include the following information, as applicable:
1. Progress in completing approved work;
  2. Itemized, cumulative project expenditures;
  3. A financial accounting of:
    - a. Heritage Grant Funds,
    - b. Matching funds,
    - c. Donations, and
    - d. Income derived from project funds;
  4. Any delays or problems that may prevent the on-time completion of the project; and
  5. Any other information required by the Department.
- O.** At the end of the project period and for each year until the end of the term of public use, a participant shall:
1. Certify compliance with the Grant Agreement, and
  2. Complete a post-completion report form furnished by the Department.
- P.** Upon completion of approved project elements, if a balance of awarded Heritage Grant funds remains, the participant may:
1. Use the unexpended funds for an additional project consistent with the original scope of work, when approved by the Department; or
  2. Surrender the unexpended funds to the Department.
- Q.** Upon completion of the project a participant shall:
1. Surrender equipment with an acquisition cost of more than \$500 to the Department upon completion, or
  2. Use equipment purchased with Heritage Grant funds in a manner consistent with the purposes of the Grant Agreement.
- R.** A participant may request an extension beyond the approved project period by writing to the Department.
1. Requests for an extension shall be submitted by the participant no later than 30 days before the end of the project period.
  2. If approved, an extension shall be signed by both the participant and the Department.
- S.** A participant that has a Heritage Grant funded project in extension shall not apply for, nor be considered for, further Heritage Grants until the administrative subunit's project under extension is completed.
- T.** In addition, the Department may administratively extend the project period for good cause such as, but not limited to, inclement weather, internal personnel changes, or to complete the final closure documents.
- U.** A participant that failed to comply with the terms and conditions of a Grant Agreement shall not apply for, nor be considered for, further Heritage Grants until the participant's project is brought into compliance.
- V.** If a participant is not in compliance with the Grant Agreement, the Department may:
1. Terminate the Grant Agreement,
  2. Seek recovery of grant monies awarded, and
  3. Classify the participant as ineligible for Heritage Fund Grants for a period of up to five years.

**ARTICLE 8. WILDLIFE AREAS AND DEPARTMENT PROPERTY**

**R12-4-801. General Provisions**

**A. Wildlife Areas:**

1. Wildlife areas shall be established to:

- a. Provide protective measures for wildlife, habitat, or both;
  - b. Allow for hunting, fishing, and other recreational activities that are compatible with wildlife habitat conservation and education;
  - c. Allow for special management or research practices; and
  - d. Enhance wildlife and habitat conservation.
2. Wildlife areas shall be:
    - a. Lands owned, leased, or otherwise managed by the Commission;
    - b. Federally-owned lands of unique wildlife habitat where cooperative agreements provide wildlife management and research implementation; or
    - c. Any lands with property interest conveyed to the Commission by any entity, through an approved land use agreement, including but not limited to deeds, patents, leases, conservation easements, special use permits, licenses, management agreements, inter-agency agreements, letter agreements, and right-of-entry, where the property interest conveyed is sufficient for management of the lands consistent with the objectives of the wildlife area.
  3. Land qualified for wildlife areas shall be:
    - a. Lands with unique topographic or vegetative characteristics that contribute to wildlife,
    - b. Lands where certain wildlife species are confined because of habitat demands,
    - c. Lands that can be physically managed and modified to attract wildlife, or
    - d. Lands that are identified as critical habitat for certain wildlife species during critical periods of their life cycles.
  4. The Department may temporarily restrict public access to and public use of wildlife areas and the resources of wildlife areas for up to 90 days when necessary to protect property, ensure public safety, or to ensure maximum benefits to wildlife. Closures or restrictions exceeding 90 days shall require Commission approval.
  5. Closures of all or any part of a wildlife area to public entry, and any restriction to public use of a wildlife area, shall be listed in this Article or shall be clearly posted at each entrance to the wildlife area. Such restrictions will include restrictions on the timing, type, or duration of certain activities on a wildlife area, including a prohibition on access to a wildlife area or type of use. No person shall conduct an activity restricted by this Article or by such posting.
- B. Commission-owned real property and -managed lands other than Wildlife Areas:**
1. The Department may take action to manage public access and use of any Commission-owned real property or facilities. Such actions may include restrictions on the timing, type, or duration of certain activities, including a prohibition on access to Commission-owned real property and -managed lands or the type of use.
  2. A person shall not access or use any Commission-owned real property, facilities, or -managed lands in violation of any Department actions authorized under subsection (B)(1), if signs are posted providing notice of the restrictions.

**Historical Note**

New Section adopted by exempt rulemaking at 6 A.A.R. 1731, effective May 1, 2000 (Supp. 00-2). Amended by

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

exempt rulemaking at 17 A.A.R. 800, effective June 20, 2011 (Supp. 11-2). Amended by exempt rulemaking at 18 A.A.R. 1070, effective June 15, 2012 (Supp. 12-2). Amended by exempt rulemaking at 22 A.A.R. 951, effective June 7, 2016 (Supp. 16-2). Amended by final exempt rulemaking at 27 A.A.R. 242, effective April 5, 2021 (Supp. 21-1). Amended by exempt rulemaking at 32 A.A.R. 256 (January 23, 2026), effective April 1, 2026 (Supp. 25-4).

**R12-4-802. Wildlife Area and Other Department Managed Property Restrictions and Allowable Activities**

**A.** The following general provisions apply to all wildlife areas unless specifically authorized, prohibited, modified or addressed in R12-4-802B, or if the wildlife area has posted signs authorizing or prohibiting the activity:

1. Open to all hunting in season as permitted under R12-4-304 and R12-4-318.
2. Motorized vehicle and electric bicycle travel permitted on designated roads or areas only, except for big game retrieval as permitted under R12-4-110(H). Motor vehicle travel restrictions in this rule do not apply to Department authorized vehicles or law enforcement, fire response, or other emergency vehicles.
3. Overnight public camping allowed for no more than 14 days within a 30-day period.
4. Wood gathering is limited to dead and down material, for onsite noncommercial use only.
5. Campfires allowed. All fires must be extinguished when not being attended. Fires may be further restricted or prohibited with seasonal restrictions, as enacted by the Arizona Department of Forestry and Fire Management (DFFM).
6. Wildlife areas are closed to the discharge of firearms, muzzleloaders, precharged pneumatic weapons or archery within a 1/4 mile of any occupied structure, unless authorized by the Department.
7. Knowingly excavating or collecting any historic, archaeological or paleontological specimen or resource is prohibited under A.R.S. § 41-841.

**B.** No person shall violate the following regulations on Wildlife Areas:

1. Alamo Wildlife Area (located in Units 16A and 44A): Posted portions closed to all public entry.
2. Allen Severson Wildlife Area (located in Unit 3B): The rules and regulations of the land management agency (Apache-Sitgreaves National Forest) apply to this wildlife area.
3. Aravaipa Canyon Wildlife Area (located in Units 31 and 32):
  - a. Access through the Aravaipa Canyon Wildlife Area within the Aravaipa Canyon Wilderness Area is by permit only, available through the Safford Office of the Bureau of Land Management.
  - b. This wildlife area is closed to the discharge of all firearms.
4. Arivaca Lake Wildlife Area (located in Unit 36B): No additional regulations apply to this wildlife area.
5. Arlington Wildlife Area (located in Unit 39):
  - a. No open fires.
  - b. No firewood cutting or gathering.
  - c. No overnight public camping.
  - d. Motorized vehicle and electric bicycle travel are prohibited within agriculture and crop production areas.

- e. If conducted during an event approved under R12-4-125, target or clay bird shooting is permitted in designated areas only.
- f. This wildlife area is closed to the discharge of centerfire rifled firearms.
6. Base and Meridian Wildlife Area (located in Units 39, 26M, and 47M):
  - a. No open fires.
  - b. No firewood cutting or gathering.
  - c. No overnight public camping.
  - d. No target or clay bird shooting.
  - e. Motorized vehicle and electric bicycle travel are prohibited, except for big game retrieval as permitted under R12-4-110(H).
  - f. Posted portions closed to hunting.
  - g. This wildlife area is closed to the discharge of centerfire rifled firearms.
7. Becker Lake Wildlife Area (located in Unit 1):
  - a. No open fires.
  - b. No firewood cutting or gathering.
  - c. No overnight public camping.
  - d. The Becker Lake boat launch access road and parking areas along with any other posted portions of the wildlife area will be closed to all public entry from one hour after sunset to one hour before sunrise daily.
  - e. Posted portions closed to all public entry.
  - f. Posted portions closed to hunting.
  - g. This wildlife area is closed to the discharge of centerfire rifled firearms.
8. Bog Hole Wildlife Area (located in Unit 35B): Motorized vehicle and electric bicycle travel are prohibited, except for big game retrieval as permitted under R12-4-110(H).
9. Chevelon Canyon Ranches Wildlife Area (located in Unit 4A): No additional regulations apply to this wildlife area.
10. Chevelon Creek Wildlife Area (located in Unit 4B):
  - a. No open fires.
  - b. No firewood cutting or gathering.
  - c. No overnight public camping.
  - d. Posted portions closed to all public entry.
  - e. No target or clay bird shooting.
  - f. Posted portions closed to waterfowl hunting from October 1 through February 15 annually.
11. Cibola Valley Conservation and Wildlife Area (located in unit 43A):
  - a. No open fires.
  - b. No firewood cutting or gathering.
  - c. No overnight public camping.
  - d. Motorized vehicle and electric bicycle travel are prohibited within agriculture and crop production areas.
  - e. Posted portions closed to all public entry.
12. Clarence May and C.H.M. May Memorial Wildlife Area (located in Unit 29): Closed to hunting, except for predator hunts authorized by Commission Order.
13. Cluff Ranch Wildlife Area (located in Unit 31):
  - a. Open fires allowed in designated areas only. All fires must be extinguished when not being attended. Fires may be further restricted or prohibited with seasonal restrictions, as enacted by the Arizona Department of Forestry and Fire Management (DFFM).

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

- b. Overnight public camping allowed in designated areas only, for no more than 14 days within a 30-day period.
  - c. Posted portions around Department housing and Pond Three are closed to discharge of all firearms.
  - d. This wildlife area is closed to the discharge of centerfire rifled firearms.
- 14. Coal Mine Spring Wildlife Area (located in Unit 34A):
  - a. No open fires.
  - b. No firewood cutting or gathering.
  - c. Motorized vehicle and electric bicycle travel are prohibited, except for big game retrieval as permitted under R12-4-110(H).
- 15. Colorado River Nature Center Wildlife Area (located in Unit 15D):
  - a. No open fires.
  - b. No firewood cutting or gathering.
  - c. No overnight public camping.
  - d. Motorized vehicle and electric bicycle travel permitted on designated roads or areas only.
  - e. Closed to the discharge of firearms.
  - f. Closed to hunting.
- 16. Fool Hollow Lake Wildlife Area (located in Unit 3C):
  - a. No open fires.
  - b. No firewood cutting or gathering.
  - c. No overnight public camping.
  - d. The parking area adjacent to Sixteenth Avenue and other posted portions of the wildlife area will be closed to all public entry daily from one hour after sunset to one hour before sunrise, except for anglers possessing a valid fishing license accessing Fool Hollow Lake/Show Low Creek.
  - e. This wildlife area is closed to the discharge of centerfire rifled firearms.
- 17. House Rock Wildlife Area (located in Unit 12A):
  - a. The rules and regulations of the land management agency (Kaibab National Forest) apply to this wildlife area.
  - b. Members of the public shall remain in an enclosed vehicle at all times when within one-quarter mile of any bison, except when taking bison or accompanied by Department personnel.
- 18. Jacques Marsh Wildlife Area (located in Unit 3B): The rules and regulations of the land management agency (Apache-Sitgreaves National Forest) apply to this wildlife area.
- 19. Lamar Haines Wildlife Area (located in Unit 7):
  - a. No open fires.
  - b. Wood cutting by permit only and gathering limited to dead and down material, for noncommercial use only. Members of the public shall obtain a wood cutting permit from the Flagstaff Game and Fish Department regional office.
  - c. No overnight public camping.
  - d. Motorized vehicle and electric bicycle travel allowed for permitted wood cutting and big game retrieval as permitted under R12-4-110(H).
- 20. Lower San Pedro River Wildlife Area (located in Units 32 and 37B):
  - a. Posted portions closed to all public entry.
  - b. Posted portions closed to hunting.
- 21. Luna Lake Wildlife Area (located in Unit 1):
  - a. The rules and regulations of the land management agency (Apache-Sitgreaves National Forest) apply to this wildlife area.
  - b. Posted portions closed to all public entry from February 15 through July 31 annually.
- 22. Manhattan Claims Wildlife Area (located in Unit 29): No additional regulations apply to this wildlife area.
- 23. Mittry Lake Wildlife Area (located in Unit 43B):
  - a. No Camping in posted day use only areas.
  - b. Posted portions closed to all public entry.
  - c. Mittry Lake is a "No Ski" waterway as defined under R12-4-501.
- 24. Planet Ranch Conservation and Wildlife Area (located in Units 16A and 44A):
  - a. No open fires.
  - b. No firewood cutting or gathering.
  - c. Overnight public camping allowed in designated areas only, for no more than 14 days within a 30-day period.
  - d. The posted Lower Colorado River Multi-Species Conservation Program habitat area is closed to motor vehicle and electric bicycle use.
  - e. Posted portions closed to public entry.
  - f. Posted portions closed to hunting.
- 25. Powers Butte (Mumme Farm) Wildlife Area (located in Unit 39):
  - a. No open fires.
  - b. No firewood cutting or gathering.
  - c. No overnight public camping.
  - d. Motorized vehicle and electric bicycle travel are prohibited within agriculture and crop production areas.
  - e. If conducted during an event approved under R12-4-125, target or clay bird shooting is permitted in designated areas only.
  - f. This wildlife area is closed to the discharge of centerfire rifled firearms.
- 26. Quigley-Achee Wildlife Area (located in Unit 41):
  - a. No open fires.
  - b. No overnight public camping.
  - c. Motorized vehicle and electric bicycle travel are prohibited within agriculture and crop production areas.
  - d. Posted portions closed to all public entry.
  - e. Posted portions closed to hunting.
- 27. Raymond Wildlife Area (located in Unit 5B):
  - a. Open fires allowed in designated campgrounds only. All fires must be extinguished when not being attended. Fires may be further restricted or prohibited with seasonal restrictions, as enacted by the Arizona Department of Forestry and Fire Management (DFFM).
  - b. Overnight public camping permitted in designated areas only, for no more than 14 days within a 30-day period.
  - c. All-terrain and utility type vehicles are prohibited as defined under A.R.S. 28-101.
  - d. Posted portions closed to all public entry from May 1 through July 29 annually.
  - e. Posted portions closed to hunting periodically during hunting seasons.
  - f. Members of the public shall remain in an enclosed vehicle at all times when within one-quarter mile of

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

- any bison, except when taking bison or accompanied by Department personnel.
28. Robbins Butte Wildlife Area (located in Unit 39):
    - a. No open fires.
    - b. No firewood cutting or gathering.
    - c. No overnight public camping.
    - d. Parking in designated areas only.
    - e. If conducted during an event approved under R12-4-125, target or clay bird shooting is permitted in designated areas only.
    - f. This wildlife area is closed to the discharge of centerfire rifled firearms.
  29. Roosevelt Lake Wildlife Area (located in Units 22, 23, and 24B): Posted portions closed to hunting and all public entry from November 15 through February 15 annually.
  30. Santa Rita Wildlife Area (located in Unit 34A):
    - a. Open fires allowed in designated areas only. All fires must be extinguished when not being attended. Fires may be further restricted or prohibited with seasonal restrictions, as enacted by the Arizona Department of Forestry and Fire Management (DFFM).
    - b. Overnight public camping permitted in designated areas only, for no more than 14 days within a 30-day period.
    - c. Posted portions closed to all public entry.
  31. Sipe White Mountain Wildlife Area (located in Unit 1): No firewood cutting or gathering.
  32. Springerville Marsh Wildlife Area (located in Unit 2B):
    - a. No open fires.
    - b. No firewood cutting or gathering.
    - c. No overnight public camping.
    - d. This wildlife area is closed to the discharge of all firearms.
  33. Sunflower Flat Wildlife Area (located in Unit 8):
    - a. Walk-in overnight public camping allowed for no more than 14 days within a 30-day period.
    - b. Motorized vehicle and electric bicycle travel are prohibited, except for big game retrieval as permitted under R12-4-110(H).
  34. Three Bar Wildlife Area (located in Unit 22): Motorized vehicle and electric bicycle travel are prohibited within the Three Bar Wildlife and Habitat Study Area (within the Forest Road 647 loop).
  35. Tucson Mountain Wildlife Area (located in Unit 38M):
    - a. Posted portions and those portions identified on the online check-in system wildlife area map are closed to hunting.
    - b. Firearms and pre-charged pneumatic weapons are prohibited for the take of wildlife.
    - c. Archery hunters must check-in online with the Arizona Game and Fish Department prior to going afield.
  36. Upper Verde River Wildlife Area (located in Unit 8 and 19A):
    - a. No open fires.
    - b. No firewood cutting or gathering.
    - c. No overnight public camping allowed.
    - d. Motorized vehicle and electric bicycle travel are prohibited, except for big game retrieval as permitted under R12-4-110(H).
  37. Wenima Wildlife Area (located in Unit 2B):
    - a. No open fires.
    - b. No firewood cutting or gathering.
    - c. No overnight public camping.
    - d. No target or clay bird shooting.
  38. White Mountain Grasslands Wildlife Area (located in Unit 1):
    - a. Posted portions closed to all public entry.
    - b. If conducted during an event approved under R12-4-125, target or clay bird shooting is permitted in designated areas only.
  39. Whitewater Draw Wildlife Area (located in Unit 30B):
    - a. No open fires except as authorized by the Department.
    - b. Posted portions closed to all public entry from October 15 through March 15 annually.
    - c. This wildlife area is closed to the discharge of centerfire rifled firearms.
  40. Wilcox Playa Wildlife Area (located in Unit 30A): Posted portions closed to hunting and all public entry from October 15 through March 15 annually.
- C. Notwithstanding Commission Order 40, public access and use of the Hirsch Conservation Education Area and Biscuit Tank is limited to activities conducted and offered by the Department and in accordance with the Department's special management objectives for the property, which include, but are not limited to, flexible harvest, season, and methods that:**
1. Allow for a variety of fishing techniques, fish harvest, fish consumption, and catch and release educational experiences;
  2. Maintain a healthy, productive, and balanced fish community; and
  3. Provide public education activities and training courses that are compatible with the management of aquatic wildlife.

**Historical Note**

New Section adopted by exempt rulemaking at 6 A.A.R. 1731, effective May 1, 2000 (Supp. 00-2). Amended by exempt rulemaking at 8 A.A.R. 2107, effective May 1, 2002 (Supp. 02-2). Amended by exempt rulemaking at 32 A.A.R. 256 (January 23, 2026), effective April 1, 2026 (Supp. 25-4).

**R12-4-803. Wildlife Area and Other Department Managed**

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

**Property Boundary Descriptions****A.** For the purposes of this Section:

“B.C.” means brass cap.

“B.C.F.” means brass cap flush.

“G&SRB&M” means Gila and Salt River Base and Meridian.

“M&B” means metes and bounds.

“R” means Range line.

“T” means Township line.

**B.** Wildlife Areas are described as follows:

## 1. Alamo Wildlife Area: The Alamo Wildlife Area shall be those areas described as follows:

T10N, R13W; Section 3 N1/2, SW1/4, SE1/4 Mohave County only; Section 4, E1/2SW1/4, SE1/4; Section 9, NE1/4, E1/2NW1/4; Section 10, NW1/4NW1/4, NE1/4NW1/4 within designated Wilderness Area. T11N, R11W; Section 7, S1/2SW1/4; Section 18, N1/2 NW1/4; T11N, R12W; Section 4, Lots 2, 3 and 4, SW1/4NE1/4, S1/2NW1/4, SW1/4, W1/2SE1/4; Section 5, Lot 1, SE1/4NE1/4, E1/2SE1/4; Section 7, S1/2, SE1/4 NE1/4; Section 8, NE1/4, S1/2NW1/4, S1/2; Section 9; Section 10, S1/2NW1/4, S1/2; Section 11, S1/2S1/2; Section 12, S1/2S1/2; Section 13, N1/2, N1/2SW1/4, NW1/4SE1/4; Section 14, N1/2, E1/2SE1/4; Section 15, N1/2, SW1/4SW1/4, SW1/4SE1/4; Section 16, 17, 18 and 19; Section 20, N1/2, N1/2SW1/4; Section 21, NW1/4; Section 29, SW1/4, SW1/4SE1/4; Section 30; Section 31, N1/2, N1/2S1/2; Section 32, NW1/4, N1/2SW1/4; T11N, R13W; Section 12, SE1/4SW1/4, SW1/4SE1/4, E1/2SE1/4; Section 13; Section 14, S1/2NE1/4, SE1/4SW1/4, SE1/4; Section 22, S1/2SW1/4, SE1/4; Section 23, E1/2, E1/2NW1/4, SW1/4NW1/4, SW1/4; Section 24, 25 and 26; Section 27, E1/2, E1/2W1/2; Section 34, E1/2, E1/2NW1/4, SW1/4; Section 35 W1/2, W1/2NE1/4; T12N, R12W; Section 19, E1/2, SE1/4SW1/4; Section 20, NW1/4NW1/4, SW1/4SW1/4; Section 28, W1/2SW1/4; Section 29, W1/2NW1/4, S1/2, SE1/4NW1/4; Section 30, E1/2, E1/2NW1/4, NE1/4SW1/4; Section 31, NE1/4NE1/4; Section 32, N1/2, N1/2SE1/4, SE1/4SE1/4; Section 33, W1/2E1/2, W1/2; all in G&SRB&M, Mohave and La Paz Counties, Arizona.

## 2. Allen Severson Memorial Wildlife Area: The Allen Severson Memorial Wildlife Area shall be that area including Pintail Lake and South Marsh lying within the fenced and posted portions of:

T11N, R22E; Section 32, SE1/4; Section 33, S1/2SW1/4; T10N, R22E; Section 4, N1/2NW1/4; T10N, R22E; Section 4: the posted portion of the NW1/4SW1/4; all in G&SRB&M, Navajo County, Arizona, consisting of approximately 300 acres.

## 3. Aravaipa Canyon Wildlife Area: The Aravaipa Canyon Wildlife Area shall be that area within the flood plain of Aravaipa Creek and the first 50 vertical feet above the streambed within the boundaries of the Aravaipa Canyon Wilderness Area administered by the Bureau of Land Management (BLM), Graham and Pinal Counties, Arizona.

## 4. Arivaca Lake Wildlife Area: The Arivaca Lake Wildlife Area shall be those areas described as:

A parcel or land located in Sections 6, 7 and 8 all of which being situated in T22S, R11E of the G&SRB&M, Pima County, Arizona described as follows: Commencing at the N1/4 corner of said Section 7 run thence S

43°42'30" E (assumed bearing) a distance of 742.14 feet to point 1, the point of Beginning; thence N 81°26'32" E a distance of 705.76 feet to point 2; thence N 09°54'25" E a distance of 305.96 feet to point 3; thence N 21°43'49" E a distance of 872.20 feet to point 4; thence S 84°14'14" E a distance of 471.36 feet to point 5; thence N 28°12'16" E a distance of 357.98 feet to point 6; thence N 85°30'7" E a distance of 110.05 feet to point 7; thence S 02°03'27" W a distance of 417.50 feet to point 8; thence N 88°20'00" E a distance of 141.99 feet to point 9; thence S 27°29'57" W a distance of 341.84 feet to point 10; thence N 60°20'59" W a distance of 297.87 feet to point 11; thence S 38°10'38" W a distance of 363.79 feet to point 12; thence S 03°36'24" E a distance of 222.07 feet to Point 13; thence S 59°52'05" E a distance of 133.71 feet to point 14 from which the northeast corner of said Section 7 bears N 76°07'51" E a distance of 689.94 feet, said northeast corner also being the common Section corner of Sections 5, 6, 7 and 8 of said Township and Range; thence S 59°18'56" W a distance of 225.86 feet to point 15; thence S 14°38'09" W a distance of 184.94 feet to point 16; thence N 73°08'58" E a distance of 282.60 feet to point 17; thence S 33°21'50" W a distance of 275.24 feet to point 18; thence S 16°37'03" E a distance of 294.45 feet to point 19; thence S 60°13'45" E a distance of 187.22 feet to point 20; thence N 09°21'57" E a distance of 502.65 feet to point 21; thence S 57°19'17" E a distance of 175.82 feet to point 22; thence S 06°20'39" W a distance of 405.88 feet to point 23; thence S 73°13'57" E a distance of 307.36 feet to point 24; thence N 72°27'59" E a distance of 108.77 feet to point 25; thence N 13°07'02" E a distance of 316.07 foot to point 26; thence N 15°41'38" E a distance of 292.54 feet to point 27; thence S 16°25'12" E a distance of 338.44 feet to point 28; thence N 60°53'52" E a distance of 349.03 feet to point 29; thence N 68°30'49" E a distance of 286.09 feet to point 30; thence S 09°14'22" W a distance of 396.67 feet to point 31; thence S 42°27'47" W a distance of 265.50 feet to point 32; thence N 86°09'01" W a distance of 253.50 feet to point 33; thence S 34°29'33" W a distance of 500.53 feet to point 34; thence S 59°56'05" W a distance of 120.42 feet to point 35; thence N 71°17'44" W a distance of 228.54 feet to point 36; thence S 69°42'17" W a distance of 120.88 feet to point 37; thence S 12°12'05" E a distance of 146.20 feet to point 38; thence S 83°22'20" E a distance of 339.63 feet to point 39; thence N 34°26'45" E a distance of 345.01 feet to point 40; thence N 88°14'41" E a distance of 272.60 feet to point 41; thence S 54°11'52" E a distance of 246.09 feet to point 42; thence S 76°42'33" W a distance of 304.58 feet to point 43; thence S 25°02'30" W a distance of 515.24 feet to point 44; thence N 54°58'47" W a distance of 330.22 feet to point 45; thence S 59°01'38" W a distance of 443.06 feet to point 46; thence S 28° 40' 19" E a distance of 381.98 feet to point 47; thence S 42°18'41" E a distance of 436.71 feet to point 48 from which the E1/4 corner of said Section 7 and common to the W1/4 corner of said Section 8 bears N 04°23'16" E a distance of 126.73 feet; thence N 87°40'07" E a distance of 385.96 feet to point 49; thence S 46°57'39" E a distance of 243.05 feet to point 50; thence S 13°06'06" W a distance of 183.34 feet to point 51; thence N 55°28'27" W a distance of 228.94 feet to point 52; thence S 55°08'41" W a distance of 330.40 feet to point 53; thence S 48°10'36" E

5. Arlington Wildlife Area: The Arlington Wildlife Area shall be those areas described as follows: T1S, R5W, Section 33, E1/2SE1/4; T2S, R5W, Section 3, W1/2W1/2, Section 4, E1/2, and Parcel 401-58-001A as described by the Maricopa County Assessor's Office; a parcel of land lying within Section 4, T2S, R5W, more particularly described as follows: commencing at the southwest corner of said Section 4, 2-inch aluminum cap (A.C.) in pothole stamped "RLS 36562", from which the northwest corner of said Section, a 1 1/2-inch B.C. stamped "T1S R5W S32 S33 S5 S4 1968", bears N 00°09'36" E (basis of bearing) a distance of 4130.10 feet, said southwest corner being the point of beginning; thence along the west line of said Section, N 00°09'36" E a distance of 16.65 feet; thence leaving said west line, S 89°48'28" E a distance of 986.79 feet; thence N 00°47'35" E a distance of 2002.16 feet; thence N 01°07'35" E a distance of 2102.65 feet to the north line of said Section; thence along said north line S 89°18'45" E a distance of 1603.61 feet to the N1/4 corner of said Section, a 1/2-inch metal rod; thence leaving said north line, along the north-south midsection line of said Section, S 00°08'44" E a distance of 4608.75 feet to the S1/4 corner of said Section, a 3-inch B.C.F. stamped "T2S R5W 1/4S4 S9 RLS 46118 2008"; thence leaving said north-south midsection line, along the south line of said Section, N 79°10'54" W a distance of 2719.41 feet to the point of beginning. Sub-

ject to existing rights-of-way and easements. This parcel description is based on the Record of Survey for Alma Richardson Property, recorded in Book 996, page 25, Maricopa County Records and other client provided information. This parcel description is located within an area surveyed by Wood, Patel & Associates, Inc. during the month of April, 2008 and October, 2009 and any monumentation noted in this parcel description is within acceptable tolerance (as defined in Arizona Boundary Survey Minimum Standards dated 02/14/2002) of said positions based on said survey; all in G&SRB&M, Maricopa County, Arizona. Section 9; NW1/4 and SW1/4; Section 3; LOT 4 SW1/4NW1/4, W1/2SW1/4 NE1/4SE1/4; Section 3; M&B in LOT 1 SE1/4NE1/4E1/2SE1/4; Section 9; M&B in NE1/4NE1/4; Section 10; SW1/4NW1/4; Section 15; those portions of S1/2W1/4 and N1/2SW1/4 lying west of the primary through road; Section 16; W1/2 M&B in E1/2E1/2 W1/2E1/2; Section 21; NE1/4NW1/4 and Parcel 401-61-008D as described by the Maricopa County Assessor's Office, more particularly described as follows: commencing at the BLM B.C. marking the northeast corner of said Section 21, from which the BLM B.C. marking the northwest corner of said Section 21 bears N 82°26'05" W a distance of 5423.64 feet; thence N 82°26'05" W along the north line of Section 21 a distance of 2711.82 feet to the NW1/4 corner of said Section 21; thence S 00°33'45" W along the north-southerly midsection line of said Section 21 a distance of 33.25 feet to the True Point of Beginning; thence continuing S 00° 33'45" W along said north-south midsection line a distance of 958.00 feet to a point on a line which is parallel with and 983.85 feet southerly, as measured at right angles from the north line of said Section 21; thence N 82°26'05" W along said parallel line a distance of 925.54 feet; thence N 26°12'18" W a distance of 153.32 feet; thence N 13°26'18" W a distance of 303.93 feet; thence N 34°15'49" W a distance of 189.27 feet; thence N 21°32'45" W a distance of 215.60 feet; thence N 89°25'47" W a distance of 95.37 feet to a point on the west line of the NE1/4N1/4 of said Section 21; thence N 00°34'13" E, along said west line a distance of 223.54 feet to a point on a line which is parallel with and 33.00 feet southerly, as measured at right angles from the north line of said Section 21; thence S 82°26'05" E along said parallel line, a distance of 1355.91 feet to the True Point of Beginning; all in G&SRB&M, Maricopa County, Arizona.

6. Base and Meridian Wildlife Area: The Base and Meridian Wildlife Area shall be those areas described as follows: T1N, R1E, Section 31; Maricopa County APN 101-44-023, also known as Lots 3, 5, 6, 7, 8 and NE1/4SW1/4, and Maricopa County APN 101-44-003J, also known as the S1/2S1/2SW1/4NW1/4 except the west 55 feet thereof; and 101-44-003K, also known as the S1/2S1/2SW1/4NW1/4 except the west 887.26 feet thereof; and Maricopa County APN 104-44-002S, also known as that portion of the N1/2SE1/4, described as follows: commencing at the aluminum cap set at the E1/4 corner of said Section 31, from which the 3" iron pipe set at the southeast corner of said Section 31, S 00°20'56" W a distance of 2768.49 feet; thence S 00°20'56" W along the east line of said SE1/4 of Section 31 a distance of 1384.25 feet to the southeast corner of said N1/2SE1/4; thence S 89°25'13" W along the south line of said N1/

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

2SE1/4 a distance of 2644.35 feet to the southwest corner of said N1/2SE1/4 and the point of beginning; thence N 00°03'37" W along the west line of said SE1/4 a distance of 746.86 feet to the south line of the north 607.00 feet of said N1/2SE1/4; thence N 88°46'12" E along said south line of the north 607.00 feet of the N1/2SE1/4 a distance of 656.09 feet; thence S 00°03'37" E parallel with said west line of the SE1/4 a distance of 754.31 feet to said south line of the N1/2SE1/4; Thence S 89°25' 13" W along said south line of the N1/2SE1/4 a distance of 655.98 feet to the point of beginning. T1N, R1W, Section 34, N1/2SE1/4; Section 35, S1/2; Section 36. The Maricopa County APN 500-69-099; the W1/2SE1/4NE1/4. APN 500-69-099, 500-69-100, also known as that portion of the SE1/4SE1/4NE1/4. 500-69-010C, also known as that portion of the W1/2SE1/4NE1/4, except any portion of said W1/2SE1/4NE1/4 of Section 36 lying within the following described four parcels: Exception 1: commencing at the northeast corner of said W1/2SE1/4NE1/4 of Section 36; thence along the east line thereof S 00°10' E a distance of 846.16 feet to the point of beginning; thence continuing S 00°18' E a distance of 141.17 feet; thence S 87°51'15" W a distance of 570.53 feet; thence S 00°29' E a distance of 310.00 feet to the south line of said W1/2SE1/4NE1/4 of Section 36; thence N 89°29' W along the west line of said W1/2SE1/4NE1/4 of Section 36 a distance of 425.93 feet; said point bears S 00°29' E a distance of 895.93 feet from the northwest corner of said W1/2SE1/4NE1/4 of Section 36; thence N 85°54'33" E a distance of 647.01 feet to the point of beginning. Exception 2: commencing at the northeast corner of said W1/2SE1/4NE1/4 of Section 36; thence along the east line thereof S 00°18' E a distance of 846.16 feet to the point of beginning; said point being on the northerly line of the Flood Control District of Maricopa County parcel as shown in Document 84-26119, Maricopa County Records; thence S 85°54'33" W a distance of 647.01 feet to the west line of said W1/2SE1/4NE1/4 of Section 36; thence N 00°29' W along said west line a distance of 30 feet; thence N 84°23'15" E a distance of 228.19 feet; thence N 87°17'06" E a distance of 418.85 feet to the east line of the W1/2SE1/4NE1/4 of Section 36; thence S 00°18' E along said east line a distance of 26.00 feet to the point of beginning. Exception 3: the South 37.6 feet of said W1/2SE1/4NE1/4 of Section 36. Except all oil, gas and other hydrocarbon substances, helium or other substance of gaseous nature, coal, metals, minerals, fossils, fertilizer of every name and description and except all materials which may be essential to the production of fissionable material as reserved in Arizona Revised Statutes. Exception 4: that part of the W1/2SE1/4NE1/4 of Section 36, T1N, R1W lying north of the following described line: commencing at the northeast corner of said W1/2SE1/4NE1/4 of Section 36; thence along the east line thereof S 00°18'00" E a distance of 820.16 feet, to the point of beginning; said point being on the northerly line of the Flood District of Maricopa County parcel as shown in Document 85-357813, Maricopa County Records; thence S 87°17'06" W a distance of 418.85 feet; thence S 84°23'15" W a distance of 228.19 feet to the west line of said W1/2SE1/4NE1/4 of Section 36 and the point of terminus. The above described parcel contains 162,550 sq. ft. or 3.7316 acres 500-69-001L and 500-69-001M, also known as the N1/2SE1/4, except the south

892.62 feet thereof. 500-69-001N, 500-69-001P, 500-69-001Q, 500-69-001R, 500-69-001T, 500-69-001X, 500-69-001Y, also known as that portion of the south 892.62 feet of the N1/2SE1/4. The SE1/4SE1/4NE1/4 of Section 36, T1N, R1W, except the south 37.6 feet of said SE1/4SE1/4NE1/4, and except the east 55 feet of said SE1/4SE1/4NE1/4, and except that part of said SE1/4SE1/4NE1/4 lying north of the most southerly line of the parcel described in Record 84-026119, Maricopa County Records, said southerly line being described as follows: beginning at the NE1/4S1/2NE1/4SE1/4NE1/4 of said Section 36; thence S 00°07' E along the east line of Section 36, a distance of 50.70 feet; thence S 89°53' W a distance of 55.00 feet to a point on the west line of the east 55.00 feet of said Section 36; thence S 00°07' E along said line, a distance of 510.00 feet; thence S 81°4'43" W a distance of 597.37 feet to a terminus point on the west line of said SE1/4SE1/4NE1/4 of Section 36, and except that part of said SE1/4SE1/4NE1/4 described as follows: commencing at the E1/4 corner of said Section 36; thence N 89°37'23" W along the south line of said SE1/4SE1/4NE1/4 of Section 36, a distance of 241.25 feet; thence N 18°53'04" E a distance of 39.65 feet to the point of beginning; thence continuing N 18°53'04" E a distance of 408.90 feet; thence S 81°04'43" W a distance of 222.55 feet; thence S 18°53'04" W a distance of 370.98 feet; thence S 89°37'23" E a distance of 207.58 feet to the point of beginning. That portion of land lying within the SE1/4SE1/4NE1/4 of Section 36, T1N, R1W, and the S1/2SW1/4NW1/4 of Section 31, T1N, R1E, as described in Document Number 99-1109246. Except the west 22 feet of the property described in Recorder Number 97-0425420, also known as APN 101-44-003G; and except the west 22 feet of the property described in Recorder Number 97-566498, also known as APN 101-44-013; all in G&SRB&M, Maricopa County, Arizona.

7. Becker Lake Wildlife Area: The Becker Lake Wildlife Area shall be that area including Becker Lake lying within the fenced and posted portions of: T9N, R29E, Section 19, SE1/4SE1/4 also known as APN. 105-07-001; Section 20, SW1/4SW1/4; beginning at a point 1012 feet north of the southwest corner of the SE1/4SW1/4 of Section 20, T9N, R29E; thence north 1285 feet; thence east a distance of 462 feet; thence south a distance of 2122 feet, more or less to the center of U.S. Highway 60; thence in a northwesterly direction along the center of U.S. Highway 60 a distance of 944 feet, more or less; thence west a distance of 30 feet, more or less to the point of beginning, also known as APN 105-08-002; Section 29, W1/2NW1/4, NW1/4SW1/4, also known as APN 105-15-003; beginning at the S1/4 corner of said Section 29, said point being the True Point of Beginning; thence N 00°43'20" E along the western boundary of the SE1/4 of said Section 29, a distance of 1329.15 feet to the center-south 1/16 corner of said Section 29; thence S 89°53'01" W along the southern boundary of the NE1/4SW1/4 of said Section 29, a distance of 99.69 feet; thence N 00°43'20" E a distance of 417.54 feet; thence S 89°31'37" E a distance of 99.69 feet; thence N 00°43'20" E along the western boundary of the SE1/4 of said Section 29 a distance of 374.40 feet; thence N 88°49'48" E a distance of 474.94 feet; thence N 27°35' 15" E a distance of 99.21 feet; thence N 04°13'26" W a distance of 160.59 feet; thence N 37°38'44" E a distance

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

of 12.27 feet; thence S 26°22'25" E a distance of 371.13 feet; thence N 31°21'35" E a distance of 58.00 feet; thence S 26°22'27" E a distance of 1203.23 feet; thence S 63°58'58" W a distance of 200.00 feet; thence S 36°24'36" E a distance of 375.11 feet; thence S 00°24'06" W a distance of 490.79 feet; thence S 01°22'24" E a distance of 110.21 feet; thence S 22°27'23" E a distance of 44.27 feet; thence N 89°48'03" W a distance of 1331.98 feet to the True Point of Beginning, also known as APN 105-15-014E; beginning at the corner of Sections 28, 29, 32 and 33, T9N, R29E of G&SRB&M, Apache County, Arizona; thence N 54°21'09" W a distance of 1623.90 feet; thence N 26°00'59" W a distance of 100.00 feet; thence N 26°22'14" W a distance of 1203.23 feet to the True Point of Beginning; thence N 26°22'27" W a distance of 351.19 feet; thence S 55°14'10" W a distance of 38.42 feet; thence S 37°38'44" W a distance of 12.38 feet; thence S 26°22'14" E a distance of 371.13 feet; thence N 31°21'35" E a distance of 58.00 feet to the True Point of Beginning, also known as APN 105-15-014C. S1/2SW1/4, except the following described parcel: commencing at a 2-inch aluminum cap monument stamped LS 8906 located at the Section corner common to Sections 29, 30, 31 and 32 of said Township and Range; thence bear S 89°46'16" E along the Section line common to Sections 29 and 32, a distance of 1038.05 feet to the True Point of Beginning; thence N 35°17'33" E along the northwest boundary of the Springerville Municipal Airport a distance of 328.32 feet; thence S 39°31'26" E a distance of 349.55 feet to a point on the Section line common to Sections 29 and 32; thence N 89°46'44" W a distance of 131.96 feet to the W1/16 corner of Sections 29 and 32; thence N 89°46'16" W a distance of 280.18 feet to the True Point of Beginning. Section 30, NE1/4SE1/4, E1/2NE1/4 also known as APN 105-16-001; W1/2NE1/4, W1/2NE1/4 also known as APN 105-16-002; Section 32, beginning at the N1/4 corner of said Section 32, said point being the True Point of Beginning; thence S 89°48'03" E along the north line of said Section 32 a distance of 1331.98 feet; thence S 21°49'15" E a distance of 198.07 feet; thence S 20°56'35" W a distance of 191.75 feet; thence S 19°53'23" W a distance of 24.65 feet; thence S 39°17'55" W a distance of 86.61 feet; thence S 01°41'36" E a distance of 13.60 feet; thence S 50°13'33" W a distance of 1.29 feet; thence S 02°24'23" E a distance of 906.39 feet; thence S 00°44'11" W a distance of 466.82 feet; thence S 35°26'56" W a distance of 218.51 feet; thence S 89°57'05" W a distance of 1141.87 feet; thence N 07°57'52" E a distance of 328.83 feet; thence N 77°39'30" W a distance of 68.79 feet; thence N 00°30'56" W a distance of 334.16 feet to a 1/16th section corner; thence N 00°30'56" W a distance of 1349.10 feet to the True Point of Beginning. Except therefrom any portion lying in the S1/2SW1/4NE1/4 of said Section 32 also known as APN 105-18-008A; all that portion of the NE1/4NW1/4 of Section 32, T9N, R29E of G&SRB&M, Apache County, Arizona, lying east of the Becker Lake Roadway; except for the following described parcel: from the NW1/16 corner of said Section 32; thence S 89°45'28" E along the 1/16 line a distance of 736.55 feet to the True Point of Beginning, said point being in the west rights-of-way limits of Becker Lake Rd.; thence N 06°09'00" W along the west line of said right-of-way a distance of 266.70 feet to a 1/2-inch rebar with a tag

marked LS 13014; thence N 06°21'43" W a distance of 263.42 feet to a 1/2-inch rebar with a tag marked LS 13014; thence N 06°21'43" W a distance of 198.60 feet to a 5/8-inch rebar with a plastic cap marked LS 13014; thence N 78°43'10" E a distance of 158.40 feet to a 5/8-inch rebar with a plastic cap marked LS 13014; thence S 47°05'42" E a distance of 65.65 feet to a 5/8-inch rebar with a plastic cap marked LS 13014; thence S 29°24'20" E a distance of 202.48 feet to a 5/8-inch rebar with a plastic cap marked LS 13014; thence S 48°03'17" W a distance of 146.19 feet to a 5/8-inch rebar with a plastic cap marked LS 13014; thence South 19°36'10" W a distance of 115.75 feet to a 5/8-inch rebar with a plastic cap marked LS 13014; thence South 00°38'05" East a distance of 74.66 feet to a 5/8-inch rebar with a plastic cap marked LS 13014; thence S 14°52' 53" E a distance of 125.09 feet to a 5/8-inch rebar with a plastic cap marked LS 13014; thence S 15°08'20" E a distance of 136.60 feet to a 5/8-inch rebar with a plastic cap marked LS 13014; thence S 89°58'07" W a distance of 144.13 feet to the True Point of Beginning, also known as APN 105-18-012G.

8. Bog Hole Wildlife Area: The Bog Hole Wildlife Area lying in Sections 29, 32 and 33, T22S, R17E shall be the fenced and posted area described as follows: beginning at the southeast corner of Section 32, T22S, R17E, G&SRB&M, Santa Cruz County, Arizona; thence N 21°42'20" W a distance of 1394.86 feet to the True Point of Beginning; thence N 9°15'26" W a distance of 1014.82 feet; thence N 14°30'58" W a distance of 1088.82 feet; thence N 36°12'57" W a distance of 20.93 feet; thence N 50°16'38" W a distance of 1341.30 feet; thence N 57°51'08" W a distance of 1320.68 feet; thence N 39°03'53" E a distance of 1044.90 feet; thence N 39°07'43" E a distance of 1232.32 feet; thence S 36°38'48" E a distance of 1322.93 feet; thence S 43°03'17" E a distance of 1312.11 feet; thence S 38°19'38" E a distance of 1315.69 feet; thence S 13°11'59" W a distance of 2083.31 feet; thence S 69°42'45" W a distance of 920.49 feet to the True Point of Beginning.
9. Chevelon Canyon Ranches Wildlife Area: The Chevelon Canyon Ranches Wildlife Area shall be those areas described as follows:  
Duran Ranch: T12N, R14E; Sections 6 and 7, more particularly bounded and described as follows: beginning at Corner 1, from which the Standard Corner to Section 31 in T13N, R14E and Section 36 T13N, R13E, bears N 11°41' W 21.53 chains distant; thence S 26°5' E 6.80 chains to Corner 2; thence S 66° W 12.74 chains to Corner 3; thence S 19°16' W 13.72 chains to Corner 4; thence S 29°1' W 50.02 chains to Corner 5; thence N 64°15' W five chains to Corner 6; thence N 28°54' E 67.97 chains to Corner 7; thence N 55°36' E 11.02 to the Corner 1; the place of beginning; all in G&SRB&M, Coconino County, Arizona. Dye Ranch: T12N, R14E Sections 9 and 16, more particularly described as follows: beginning at Corner 1 from which the Standard corner to Sections 32 and 33 in T13N, R14E, bears N 2° 24' E 127.19 chains distant; thence S 50°20' E 4.96 chains to corner 2; thence S 29°48' W 21.97 chains to Corner 3; thence S 14°45' W 21.00 chains to Corner 4; thence N 76°23' W 3.49 chains to Corner 5; thence N 10°13' W 14.02 chains to Corner 6; thence N 19°41' E 8.92 chains to Corner 7; thence N

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

38°2' E 24.79 chains to Corner 1, the place of beginning; all in G&SRB&M, Coconino County, Arizona. Tillman Ranch: T12N, R14E land included in H.E. Survey 200 embracing a portion of approximately Sections 9 and 10 in T12N, R14E of G&SRB&M; all in G&SRB&M, Coconino County, Arizona. Vincent Ranch: T12N, R13E; Sections 3 and 4, more particularly described as follows: beginning at Corner 1, from which the south corner to Section 33, T13N, R13E, bears N 40°53' W 16.94 chains distance; thence S 53° 08' E 2.98 chains to Corner 2; thence S 11°26' W 6.19 chains to Corner 3; thence S 49°43' W 22.41 chains to Corner 4; thence S 22°45' W 30.03 chains to Corner 5; thence N 67°35' W 6.00 chains to Corner 6; thence N 23° E 30.03 chains to Corner 7; thence N 42°18' E 21.19 chains to Corner 8; thence N 57°52' E 8.40 chains to Corner 1, the place of beginning; all in G&SRB&M, Coconino County, Arizona. Wolf Ranch: T12N, R14E, Sections 18 and 19, more particularly bounded and described as follows: beginning at Corner 1, from which the U.S. Location Monument 184 H. E. S. bears S 88°53' E 4.41 chains distant; thence S 34°4' E 11.19 chains to Corner 2; thence S 40°31' W 31.7 chains to Corner 3; thence S 63°3' W 7.97 chains to Corner 4; thence S 23°15' W 10.69 chains to Corner 5; thence N 59° W 2.60 chains to Corner 6; thence N 18°45' E 10.80 chains to Corner 7; thence N 51°26' E 8.95 chains to Corner 8; thence N 30°19' E 34.37 chains to Corner 1; the place of beginning; all in G&SRB&M, Coconino County, Arizona.

10. Chevelon Creek Wildlife Area: The Chevelon Creek Wildlife Area shall be those areas described as follows: Parcel 1: The S1/2S1/2NW1/4SW1/4 of Section 23, T18N, R17E of G&SRB&M; Parcel 2: Lots 1, 2, 3 and 4 of Section 26, T18N, R17E of G&SRB&M; Parcel 1: That portion of the NE1/4 of Section 26 lying northerly of Chevelon Creek Estates East Side 1 Amended, according to the plat of record in Book 5 of Plats, page 35, records of Navajo County, Arizona, all in T18N, R17E of G&SRB&M, Navajo County, Arizona. Parcel 2: That part of Tract A, Chevelon Creek Estates East Side 1 Amended, according to the plat of record in Book 5 of Plats, page 35, records of Navajo County, Arizona lying northerly of the following described line: beginning at the southwest corner of Lot 3 of said subdivision; thence southwesterly in a straight line to the southwest corner of Lot 6 of said subdivision.
11. Cibola Valley Conservation and Wildlife Area: The Cibola Valley Conservation and Wildlife Area shall be those areas described as follows: Parcel 1: this parcel is located in the NW1/4 of Section 36, T1N, R24W of G&SRB&M, La Paz County, Arizona, lying east of the right of way line of the "Cibola Channelization Project of the United States Bureau of Reclamation Colorado River Front Work and Levee System," as indicated on Bureau of Reclamation Drawing 423-300-438, dated March 31, 1964, and more particularly described as follows: beginning at the northeast corner of the NW1/4 of said Section 36; thence south and along the east line of the NW1/4 of said Section 36, a distance of 2646.00 feet to a point being the southeast corner of the NW1/4 of said Section 36; thence westerly and along the south line of the NW1/4 a distance of 1711.87 feet to a point of intersection with the east line of the aforementioned right of way; thence northerly and along said east

line of the aforementioned right of way, a distance of 2657.20 feet along a curve concave easterly, having a radius of 9260.00 feet to a point of intersection with the north line of the NW1/4 of said Section 36; thence easterly and along the north line of the NW1/4 of said Section 36, a distance of 1919.74 feet to the point of beginning. Parcel 2: this parcel is located in the U.S. Government Survey of Lot 1 and the E1/2SW1/4 of Section 36, T1N, R24W of G&SRB&M, La Paz County, Arizona, lying east of the right of way line of the "Cibola Channelization Project of the United States Bureau of Reclamation Colorado River Front Work and Levee System," as indicated on Bureau of Reclamation Drawing 423-300-438, dated March 31, 1964, and more particularly described as follows: beginning at the S1/4 corner of said Section 36; thence westerly and along the south line of said Section 36, a distance of 610.44 feet to a point of intersection with the east line of the aforementioned right of way; thence northerly along said east line of the of the aforementioned right of way and along a curve concave southwesterly, having a radius of 17350.00 feet, a distance of 125.12 feet; thence continuing along said right of way line and along a reverse curve having a radius of 9260.00 feet, a distance of 2697.10 feet to a point of intersection with the east-west midsection line of said Section 36; thence easterly along said east-west midsection line, a distance of 1711.87 feet to a point being the center of said Section 36; thence south and along the north-south midsection line, a distance of 2640.00 feet to the point of beginning. Parcel 3: this parcel is located in the E1/2NE1/4 of Section 36, T1N, R24W of G&SRB&M, La Paz County, Arizona. Parcel 4: this parcel is located in the E1/2NW1/4SW1/4 of Section 21, T1N, R23W of G&SRB&M, La Paz County, Arizona, lying south of the south right of way line of U.S.A. Levee; except therefrom that portion lying within Cibola Sportsman's Park, according to the plat thereof recorded in Book 4 of Plats, Page 58, records of Yuma (now La Paz) County, Arizona; and further excepting the N1/2E1/2NW1/4SW1/4. Parcel 5: this parcel is located in the S1/2SW1/4 of Section 21, T1N, R23W of G&SRB&M, La Paz County, Arizona. Except the west 33.00 feet thereof; and further excepting that portion more particularly described as follows: the N1/2NW1/4SW1/4SW1/4 of said Section, excepting the north 33.00 feet and the east 33.00 feet thereof. Parcel 6: this parcel is located in the SW1/4SE1/4 of Section 21, T1N, R23W of G&SRB&M, La Paz County, Arizona. Parcel 7: this parcel is located in Sections 24 and 25, T1N, R24W of G&SRB&M, La Paz County, Arizona, lying south of the Colorado River and east of Meander line per BLM Plat 2647C. Parcel 8: this parcel is located in the W1/2 of Section 19, T1N, R23W of G&SRB&M, La Paz County, Arizona, lying south of the Colorado River. Except that portion in condemnation suit Civil 5188PHX filed in District Court of Arizona entitled USA -vs- 527.93 acres of land; and excepting therefrom any portion of said land lying within the bed or former bed of the Colorado River waterward of the natural ordinary high water line; and also excepting any artificial accretions to said line of ordinary high water. Parcel 9: this parcel is located in the N1/2NE1/4SE1/4; and the W1/2SW1/4NE1/4SE1/4; and that portion of the SE1/4NE1/4 of Section 20, T1N, R23W of G&SRB&M, La Paz County, Arizona, lying south of the south right of way

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

- line of the U.S.B.R. Levee; except the east 33.00 feet thereof; and further excepting that portion more particularly described as follows: commencing at the northeast corner of the SE1/4 of said Section 20; thence S 0°24'00" E along the east line, a distance of 380.27 feet; thence S 89°36'00" W a distance of 50.00 feet to the True Point of Beginning; thence continuing S 89°36'00" W a distance of 193.00 feet; thence N 0°24'00" W a distance of 261.25 feet; thence S 70°11'00" E a distance of 205.67 feet to the west line of the east 50.00 feet of said SE1/4 of Section 20; thence S 0°24'00" E a distance of 190.18 feet to the True Point of Beginning; excepting therefrom any portion of said land lying within the bed or former bed of the Colorado River waterward of the natural ordinary high water line; and also excepting any artificial accretions to said line of ordinary high water. Parcel 10: this parcel is located in the S1/2SE1/4 Section 20, T1N, R23W of G&SRB&M, La Paz County, Arizona; except the east 33.00 feet thereof. Parcel 11: This parcel is located in the SW1/4NE1/4; and the NW1/4SE1/4 of Section 20, T1N, R23W of G&SRB&M, La Paz County, Arizona, lying south of the Colorado River and west of the Meander line per BLM Plat 2546B; except any portion thereof lying within U.S.A. Lots 5 and 6 of said Section 20, as set forth on BLM Plat 2546B; and excepting therefrom any portion of said land lying within the bed or former bed of the Colorado River waterward of the natural ordinary high water line; and also excepting any artificial accretions to said line of ordinary high water. Parcel 12: this parcel is located in the SE1/4NE1/4SE1/4; and the E1/2SW1/4NE1/4SE1/4 of Section 20, T1N, R23W of G&SRB&M, La Paz County, Arizona. Parcel 13: this parcel is located in the E1/2 of Section 19, T1N, R23W of G&SRB&M, La Paz County, Arizona, lying south of the Colorado River; except the W1/2W1/2SE1/4SW1/4SE1/4; except the E1/2E1/2SW1/4SW1/4SE1/4; except the SW1/4SW1/4NE1/4; except the W1/2SE1/4SW1/4NE1/4; and excepting therefrom any portion of said land lying within the bed or former bed of the Colorado River waterward of the natural ordinary high water line; and also excepting any artificial accretions to said line of ordinary high water. Parcel 14: this parcel is located in the SW1/4SW1/4NE1/4; and the W1/2SE1/4SW1/4NE1/4 of Section 19, T1N, R23W of G&SRB&M, La Paz County, Arizona, lying south of the Colorado River and protection levees and front work, excepting therefrom any portion of said land lying within the bed or former bed of the Colorado River waterward of the natural ordinary high water line; and also excepting any artificial accretions to said line of ordinary high water. Parcel 15: this parcel is located in the W1/2 of Section 20, T1N, R23W of G&SRB&M, La Paz County, Arizona; except the west 133.00 feet thereof; except any portion lying within the U.S. Levee or Channel right of way or any portion claimed by the U.S. for Levee purposes or related works; and except the SE1/4SE1/4SW1/4 of said Section 20. Parcel 16: this parcel is located in the SE1/4SE1/4SW1/4 of Section 20, T1N, R23W of G&SRB&M, La Paz County, Arizona.
12. Clarence May and C.M.H. May Memorial Wildlife Area: The Clarence May and C.M.H. May Memorial Wildlife Area shall be the SE1/4 of Section 8 and N1/2NE1/4 of Section 17, T17S, R31E, and the W1/2SE1/4, S1/2NW1/4, and SW1/4 of Section 9, T17S, R31E, G&SRB&M, Cochise County, Arizona, consisting of approximately 560 acres.
  13. Cluff Ranch Wildlife Area: The Cluff Ranch Wildlife Area is that area within the fenced and posted portions of Sections 13, 14, 23, 24, and 26, T7S, R24E, G&SRB&M, Graham County, Arizona; consisting of approximately 788 acres.
  14. Coal Mine Spring Wildlife Area: The Coal Mine Spring Wildlife Area shall be those areas described as:  
Phase I: That portion of the N1/2 of the Baca Location No. 3, also known as the Baca Float No. 3 in Santa Cruz County, Arizona according to the survey by Philip Contzen under Contract No. 133, dated June 17, 1905 and now filed and approved in the Office of the Commissioner of the General Land Office, Washington, D. C., described as follows: Beginning at the southeast corner of Lot 128, as shown on the record of survey of Salero Ranch Unit 7, recorded in Book 2 of Records of Survey, page 455, records of Santa Cruz County, Arizona. Thence the following 13 courses and distances upon the boundary line of said Salero Ranch Unit 7; N 29°42'21" E a distance of 2605.96 feet; S 58°19'30" E a distance of 1154.77 feet; thence N 19°14'52" E a distance of 1039.92 feet; thence N 56°11'38" E a distance of 1160.51 feet; thence N 26°24'15" W a distance of 1201.99 feet; thence N 12°43'46" W a distance of 1774.13 feet; thence N 60°37'49" W a distance of 1403.00 feet; thence S 87°25'09" W a distance of 2733.59 feet; thence S 69°40'43" W a distance of 1437.62 feet; thence S 90°00'00" W a distance of 640.89 feet; thence N 5°17'55" E a distance of 1274.34 feet; thence N 11°18'44" E a distance of 2193.00 feet; thence N 2°31'52" W a distance of 1109.93 feet to the northeast corner of Lot 110 of said Salero Ranch Unit 7, on the southerly boundary line of Salero Ranch Unit 4, as shown on the record of survey recorded in Book 2 of Records of Survey, page 454, records of Santa Cruz County, Arizona; thence S 77°20'10" E a distance of 1403.77 feet upon said southerly boundary line; thence N 85°19'15" E a distance of 415.73 feet upon said southerly boundary line; thence N 83°19'40" E a distance of 1332.97 feet upon said southerly boundary line; thence S 53°17'58" E a distance of 2353.56 feet; thence S 79°45'10" E a distance of 2127.16 feet; thence N 78°08'19" E a distance of 1754.99 feet; thence S 76°40'30" E a distance of 645.76 feet; thence N 8°06'04" E a distance of 2439.25 feet; thence N 83°38'56" E a distance of 2626.58 feet; thence S 4°32'48" E a distance of 1300.66 feet; thence S 22°28'06" E a distance of 1289.33 feet; thence S 41°28'30" E a distance of 693.93 feet; thence N 64°37'22" E a distance of 1137.61 feet; thence S 22°10'49" E a distance of 2355.11 feet; thence S 27°36'21" W a distance of 931.18 feet; thence S 42°06'28" E a distance of 800.14 feet; thence S 23°50'04" W a distance of 5166.49 feet; thence S 0°00'00" W a distance of 853.11 feet to the easterly projection of the south line of said Salero Ranch Unit 7; thence S 90°00'00" W 6 a distance of 239.35 feet upon said easterly projection; thence S 0°00'00" E a distance of 376.92 feet to a 1/2-inch rebar at the northeast corner of the abandonment and reversion to acreage plat, recorded in Book 4 of Maps and Plats at page 35, records of Santa Cruz County, Arizona, also being the northeast corner of the Sonoita Creek State Natural Area, recorded in Book 2 of Records of Survey at page 68, records of Santa Cruz County, Arizona; thence

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

N 89°36'12" W a distance of 4547.83 feet upon the north line of said abandonment and reversion to acreage plat and said Sonoita Creek Natural State Area; thence N 29°42'21" E a distance of 397.69 feet to the point of beginning.

Phase II: Portions of the N1/2 of the Baca Location No. 3, also known as the Baca Float Location No. 3 in Santa Cruz County, Arizona, according to the survey by Philip Contzen under Contract No. 133, dated June 17, 1905 and now filed and approved in the Office of the Commissioner of the General Land Office, Washington, D. C., described as follows:

Parcel 1: Beginning at "PT 17", as shown in the record of survey Coal Mine Canyon, recorded in Book 2 of Records of Survey, page 651, records of Santa Cruz County, Arizona, also being the southwest corner of Lot 102 of Salero Ranch Unit 4, as shown on the record of survey recorded in Book 2 of Records of Survey, page 454, records of Santa Cruz County, Arizona; thence N 58°47'17" E a distance of 1817.43 feet upon the boundary line of said Salero Ranch Unit 4; thence N 34°12'25" E a distance of 2213.94 feet upon said boundary line; thence N 62°07'32" E a distance of 792.65 feet upon said boundary line; thence departing said boundary line, N 80°16'25" E a distance of 2588.25 feet; thence S 66°29'16" E a distance of 913.97 feet; thence S 48°56'10" E a distance of 3171.87 feet to "PT 23" of said record of survey of Coal Mine Canyon; thence the following 6 courses upon said boundary line of said record of survey; thence S 83°38'56" W a distance of 2626.58 feet; thence S 8°06'04" W a distance of 2439.25 feet; thence N 76°40'30" W a distance of 645.76 feet; thence S 78°08'19" W a distance of 1754.99 feet; thence N 79°45'10" W a distance of 2127.16 feet; thence N 53°17'58" W a distance of 2353.56 feet to the point of beginning. Containing approximately 634.858 acres.

Parcel 2: Beginning at "PT 23", as shown in the record of survey Coal Mine Canyon; thence S 42°44'49" E a distance of 6724.97 feet; thence S 23°50'04" W a distance of 4984.18 feet; thence S 58°24'44" W a distance of 1555.88 feet to the easterly boundary line of said record of survey; thence N 23°50'04" E a distance of 4583.50 feet upon said easterly line to "PT 30"; thence following 7 courses upon the boundary line of said record of survey; thence N 42°06'28" W a distance of 800.14 feet; thence N H 27°36'21" E a distance of 931.18 feet; thence N 22°10'49" W a distance of 2355.11 feet; thence S 64°37'22" W a distance of 1137.61 feet; thence N 41°28'30" W a distance of 693.93 feet; thence N 22°28'06" W a distance of 1289.33 feet; thence N 4°32'48" W a distance of 1300.66 feet to the point of beginning. Containing approximately 238.928 acres, with both parcels containing approximately 873.8 acres.

Phase III: A portion of the N1/2 of the Baca Location No. 3, also known as the Baca Float Location No. 3 in Santa Cruz County, Arizona, according to the survey by Philip Contzen under Contract No. 133, dated June 17, 1905 and now filed and approved in the Office of the Commissioner of the General Land Office, Washington, D. C., described as follows:

Parcel 1: Beginning at "PT 32", as shown in the record of survey Coal Mine Canyon, recorded in Book 2 of Records of Survey, page 651, records of Santa Cruz County, Arizona, thence N 00°00'00" E a distance of

853.11 feet upon the east line of said Coal Mine Canyon; thence N 23°50'04" E a distance of 582.99 feet upon said east line; thence departing said east line, N 58°24'44" E a distance of 1555.88 feet; thence N H 23°50'04" E a distance of 4984.07 feet; thence N 42°44'46" W a distance of 6725.01 feet to "PT 23" of said record of survey; thence N 48°56'10" W a distance of 248.35 feet to the most southerly corner of Lot 167 of Salero Ranch Amended Unit 5, a record of survey recorded in Book 2 of Surveys at page 890, records of Santa Cruz County, Arizona; thence N 64°11'14" E a distance of 1596.01 feet upon the southerly line of said lot 167; thence departing said southerly line, N 05°09'36" E a distance of 1369.85 feet; thence N 53°17'18" E a distance of 65.27 feet; thence N 35°52'16" E a distance of 125.74 feet; thence N 74°11'01" E a distance of 169.04 feet; thence N 55°03'38" E a distance of 178.31 feet; thence N 85°27'03" E a distance of 214.56 feet; thence N 69°11'45" E a distance of 152.18 feet; thence N 38°28'18" E a distance of 21.66 feet; thence N 85°02'24" E a distance of 41.31 feet; thence N 38°28'18" E a distance of 586.88 feet; thence N 50°53'07" E a distance of 190.20 feet; thence S 18°53'17" E a distance of 63.40 feet; thence S 08°07'48" E a distance of 102.38 feet to a tangent curve concave northeasterly; thence southeasterly upon said arc of said curve to the left, having a radius of 380.00 feet and a central angle of 77°14'41", for an arc distance of 512.31 feet to a tangent line; thence S 85°22'29" E a distance of 279.02 feet; thence S 70°54'30" E a distance of 129.90 feet; thence N 83°37'47" E a distance of 142.49 feet; thence S 62°23'38" E a distance of 198.13 feet; thence S 36°56'10" E a distance of 113.72 feet; thence S 58°09'14" E a distance of 170.59 feet; thence N 87°32'08" E a distance of 64.89 feet T to a tangent curve concave southerly; thence easterly upon the arc of said curve to the right, having a radius of 700.00 feet and a central angle of 23°48'20", for an arc distance of 290.84 feet to a compound curve concave southwesterly; thence southeasterly upon the arc of said curve to the right, having a radius of 100.00 feet and a central angle of 55°43'08", for an arc distance of 97.25 feet to a reverse curve concave northerly; thence easterly upon said arc of said curve to the left, having a radius of 100.00 feet and a central angle of 176°30'32", for an arc distance of 308.07 feet to a non-tangent line; thence N 80°33'04" E a distance of 772.85 feet; thence S 00°31'59" W a distance of 1378.17 feet; thence S 57°01'50" E a distance of 565.37 feet; thence S 11°27'08" E a distance of 1517.29 feet; thence S 61°34'44" W a distance of 493.92 feet to the south line of Lot 162 of said Salero Ranch Amended Unit 5; thence continue S 61°34'44" W a distance of 125.58 feet; thence S 90°00'00" W a distance of 333.31 feet; thence S 00°00'00" W a distance of 807.64 feet; thence S 48°51'24" W a distance of 807.64 feet; thence S 12°09'23" E a distance of 879.27 feet; thence S 04°52'34" W a distance of 1219.26 feet; thence S 08°58'33" E a distance of 630.90 feet; thence S 02°41'39" W a distance of 683.84 feet; thence S 38°57'06" W a distance of 883.05 feet; thence S 00°36'34" W a distance of 695.56 feet; thence S 33°38'55" W a distance of 695.56 feet; thence S 39°38'10" E a distance of 521.88 feet; thence S 00°28'11" E a distance of 521.88 feet; thence S 89°31'49" W a distance of 980.46 feet; thence S 20°25'57" W a distance of 836.32 feet; thence S 36°28'11" E a distance of 2307.36 feet; thence S

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

00°00'00" W a distance of 611.63 feet to the south line of the N1/2 of said Baca Float No. 3; thence N 89°52'37" W a distance of 3334.98 feet upon said south line; thence N 00°00'00" W a distance of 200.46 feet to the point of beginning.

Phase IV: Portions of APN: 112-43-002B. A portion of the N1/2 of the Baca Location No. 3, also known as the Baca Float Location No. 3 in Santa Cruz County, Arizona, according to the survey by Philip Contzen under Contract No. 133, dated June 17, 1905 and now filed and approved in the Office of the Commissioner of the General Land Office, Washington, D. C., described as follows:

Parcel A: Beginning at the southwest corner of lot 161 of Salero Ranch 2nd Amended Unit 5 recorded as document No. 2008-01905, said records of the Santa Cruz County Recorder, said corner also being labeled as "PT 57" on the record of survey for trust for public land Phase II, recorded as document No. 2008-04365, said records of the Santa Cruz County Recorder; thence S 04°52'34" W a distance of 1219.26 feet upon the east line of Parcel 1, as shown on said survey for trust for public land Phase II, to the corner labeled "PT 56" on said record of survey; thence S 08°58'33" E a distance of 630.90 feet upon said east line to the corner labeled "PT 55"; thence S 02°41'39" W a distance of 683.84 feet upon said east line to the corner labeled "PT 54"; thence S 38°57'06" W a distance of 450.07 feet upon said east line; thence departing said east line, N 72°31'14" E a distance of 380.13 feet; thence N 42°04'28" E a distance of 168.63 feet; thence N 06°07'23" E a distance of 458.79 feet; thence N 09°13'50" W a distance of 428.46 feet; thence N 16°07'21" W a distance of 689.05 feet; thence N 10°00'14" E a distance of 341.00 feet; thence N 00°15'23" W a distance of 754.93 feet to the point of beginning.

Parcel B: Commencing at said above noted corner labeled "PT 54" on said east line as shown on said record of survey of the trust for public land Phase III, thence S 38°57'06" W a distance of 883.05 feet upon said east line to the corner labeled "PT 53", the point of beginning; thence S 00°36'34" W a distance of 695.56 feet upon said east line to the corner labeled "PT 52"; thence N 30°38'23" E a distance of 217.38 feet; thence N 03°24'47" W a distance of 299.47 feet; thence N 22° 12'34" W a distance of 226.35 feet to the point of beginning.

15. Colorado River Nature Center Wildlife Area: The Colorado River Nature Center Wildlife Area is Section 10 of T19N, R22W, bordered by the Fort Mojave Indian Reservation to the west, the Colorado River to the north, and residential areas of Bullhead City to the south and east, G&SRB&M, Mohave County, Arizona.
16. Fool Hollow Lake Wildlife Area: The Fool Hollow Lake Wildlife Area shall be that area lying in those portions of the S1/2 of Section 7 and of the N1/2N1/2 of Section 18, T10N, R22E, G&SRB&M, described as follows: beginning at a point on the west line of the said Section 7, a distance of 990 feet south of the W1/4 corner thereof; thence S 86°12' E a distance of 2533.9 feet; thence S 41°02' E a distance of 634.7 feet; thence east a distance of 800 feet; thence south a distance of 837.5 feet, more or less to the south line of the said Section 7; thence S 89°53' W along the south line of Section 7 a distance of 660 feet; thence S 0°07' E a distance of 164.3 feet; thence N 89°32' W a distance of 804.2 feet; thence N 20°46' W a

distance of 670 feet; thence S 88°12' W a distance of 400 feet; thence N 68°04' W a distance of 692 feet; thence S 2°50' W a distance of 581 feet; thence N 89°32' W a distance of 400 feet; thence N 12°40' W a distance of 370.1 feet, more or less, the north line of the SW1/4SW1/4 of said Section 7; thence west a distance of 483.2 feet, more or less, along said line to the west line of Section 7; thence north to the point of beginning.

17. House Rock Wildlife Area: The House Rock Wildlife Area is that area described as follows: beginning at the common 1/4 corner of Sections 17 and 20, T36N, R4E; thence east along the south Section lines of Sections 17, 16, 15, 14, 13 T36N, R4E, and Section 18, T36N, R5E, to the intersection with the top of the southerly escarpment of Bedrock Canyon; thence southeasterly along the top of said escarpment to the top of the northerly escarpment of Fence Canyon; thence along the top of said north escarpment to its intersection with the top of the southerly escarpment of Fence Canyon; thence northeasterly along the top of said southerly escarpment to its intersection with the top of the escarpment of the Colorado River; thence southerly along top of said Colorado River escarpment to its intersection with Boundary Ridge in Section 29, T34N, R5E; thence westerly along Boundary Ridge to its intersection with the top of the escarpment at the head of Saddle Canyon; thence northerly along the top of the westerly escarpment to its intersection with a line beginning approximately at the intersection of the Cockscomb and the east fork of South Canyon extending southeast to a point approximately midway between Buck Farm Canyon and Saddle Canyon; thence northwest to the bottom of the east fork of South Canyon in the SW1/4SW1/4 of Section 16, T34N, R4E; thence northerly along the west side of the Cockscomb to the bottom of North Canyon in the SE1/4 of Section 12, T35N, R3E; thence northeasterly along the bottom of North Canyon to a point where the slope of the land becomes nearly flat; thence northerly along the westerly edge of House Rock Valley to the point of beginning; all in G&SRB&M, Coconino County, Arizona.
18. Jacques Marsh Wildlife Area: The Jacques Marsh Wildlife Area is that area within the fenced and posted portions of the SE1/4, SW1/4SW1/4NE1/4, SE1/4NW1/4, SW1/4NW1/4, Section 11; and NE1/4NW1/4, NW1/4NE1/4, NE1/4NE1/4, Section 14; T9N, R22E, G&SRB&M, Navajo County, Arizona.
19. Lamar Haines Wildlife Area: The Lamar Haines Wildlife Area is that area described as: T22N, R6E, Section 12 NW1/4, G&SRB&M, Coconino County, Arizona.
20. Lower San Pedro River Wildlife Area: The Lower San Pedro River Wildlife Area shall be those areas described as follows:  
For the Triangle Bar Ranch Property: Parcel 1: that portion of the SE1/4 of Section 22, T7S, R16E, G&SRB&M, Pinal County, Arizona, more particularly described as follows: beginning at the southeast corner of Section 22, to a point being a 2.5" Aluminum Cap stamped PLS 35235; thence N 00°38'57" W along the east line of the SE1/4 of Section 22 a distance of 2626.86 feet to a point being the E1/4 corner of Section 22 a 2.5" Aluminum Cap stamped PLS 35235; thence S 89°00'32" W along the north line of the SE1/4 of Section 22 a distance of 1060.80 feet to a point being a 1/2" Iron Pin tagged PLS 35235; thence S 12°30'55" E a distance of 673.56 feet to a point being a 1/

## CHAPTER 4. GAME AND FISH COMMISSION

2" Iron Pin tagged PLS 35235; thence S 36°31'44" E a distance of 491.55 feet to a point being a 1/2" Iron Pin tagged PLS 35235; thence S 89°00'32" W a distance of 689 feet to a point being a 1/2" Iron Pin tagged PLS 35235; thence N 00°31'09" W a distance of 400.00 feet to a point being a 1/2" Iron Pin tagged PLS 35235; thence S 89°00'32" W a distance of 1320.00 feet to a point on the west line of the SE1/4 of Section 22 to a point being a 1/2" Iron Pin tagged PLS 35235; thence S 00°31'09" E a distance of 1454.09 feet to a point being a 1/2" Iron Pin tagged PLS 35235; thence N 88°51'39" E a distance of 1387.86 feet to a point being a 1/2" Iron Pin tagged PLS 35235; thence S 53°14'11" E a distance of 322.56 feet to a point being a 1/2" Iron Pin tagged PLS 35235; thence S 01°05'49" W a distance of 321.71 feet to a point being a 1/2" Iron Pin tagged PLS 35235; thence N 88°51'39" E along said South line of Section 22 a distance of 1011.31 feet to the point of beginning; containing 110.65 acres, more or less. Parcel 2: that portion of Sections 23 T7S, R16E of G&SRB&M, Pinal County, Arizona, more particularly described as follows: beginning at the point on the south line of Section 23, which point is 720 feet east of the southwest corner of Section 23, said point being a 1/2" Iron Pin tagged PLS 35235; thence N 23°45'32" W a distance of 1833.68 feet (N 22°28'00" W a distance of 1834 feet, record) to a point being a 1/2" Iron Pin tagged PLS 35235 on the west line of Section 23; thence S 00°38'57" E a distance of 1691.03 feet (south, record) to the southwest corner of Section 23 to a point being a 2.5" Aluminum Cap stamped PLS 35235; thence along the south line of Section 23 N 89°02'45" E a distance of 720.00 feet (east, a distance of 720.00 feet, recorded) to the point of beginning; containing 13.98 acres, more or less. Parcel 3: lots 2 and 3, and the NE1/4NW1/4, SE1/4NW1/4, and NE1/4SW1/4 of Sections 18 T7S, R16E of G&SRB&M, Pinal County, Arizona, more particularly described as follows: commencing at the northwest corner of Section 18, said point being a GLO B.C. stamped Sec 18 CC; thence S 89°47'17" E along the north line of Section 18, a distance of 1271.33 feet to a point being a 1/2" Iron Pin tagged PLS 35235, and being the point of beginning, said point is the northwest corner of the NE1/4NW1/4; thence S 89°47'17" E a distance of 1320.00 feet to a point being the N1/4 corner of Section 18, to a point being a found stone marked 1/4; thence S 01°35'23" E a distance of 4020.67 feet to a point being a found 1/2" Iron Pin with added tag of PLS 35235 to a point being the southeast corner or the NE1/4SW1/4 of Section 18; thence N 89°37'16" W a distance of 2610.28 feet to a point on the west line of Section 18 to a point being a 1/2" Iron Pin tagged PLS 35235, to a point being the southwest corner of Lot 3; thence N 01°17'05" W along the west line of Section 18, a distance of 1360.825 feet to a point being the W1/4 corner of Section 18, to a point being a found stone marked 1/4; thence N 01°20'34" W along the west line of Section 18 a distance of 1325.845 feet to a point being a 1/2" Iron Pin tagged PLS 35235, to a point being the northwest corner of Lot 2; thence S 89°32'47" E a distance of 1279.09 feet to a point being a found 1/2" Iron Pin with added tag of PLS 35235 approximately 0.8 feet down from natural grade, to a point being the northeast corner of Lot 2; thence N 01°40'11" W along the west line of the NE1/4NW1/4 of Section 18, a distance of 1331.47 feet to a point on the north line of

Section 18 and the point of beginning; containing 200.78 acres, more or less. Parcel 4: lots 3, 4, 5, 6, and 7 of Section 9, T7S, R16E, of G&SRB&M, Pinal County, Arizona more particularly described as follows: beginning at the S1/4 corner of said Section 9, to a point being a 1.5" Open Iron Pipe with added tag PLS 35235; thence N 00°00'03" E along the north-south midsection line a distance of 2641.16 feet (N 00°38'48" E a distance of 2641.20 feet, record) to the center section of Section 9 to a point being a 1/2" Iron Pin tagged PLS 35235; thence continuing N 00°00'03" E along the north-south midsection line, a distance of 1349.83 feet (N 00°38'48" E a distance of 1349.83 feet, record) to the northeast corner of Lot 5 to a point being a found 1/2" Iron Pin with added tag PLS 35235; thence S 89°09'38" W along the north line of Lot 5 a distance of 1346.80 feet (S 89°44'19" W a distance of 1347.21 feet, record) to a point being a 1/2" Iron Pin tagged PLS 35235, and the northwest corner of Lot 5 and the southeast corner of Lot 3; thence N 00°58'35" E along the east line of Lot 3 a distance of 1357.74 feet (N 00°37'27" E a distance of 1357.74 feet, record) to a point being a 1/2" Iron Pin tagged PLS 35235 and the northeast corner of Lot 3; thence N 89°24'33" W along the north line of Lot 3 a distance of 1323.90 feet (N 89°56'37" W a distance of 1323.945 feet, record) to the northwest corner of Section 9 to a point being a found Drill Steel with added tag PLS 35235; thence S 01°56'29" W along the west line of Section 9 a distance of 712.90 feet to a point on the west boundary line of Old Camp Grant and to a point being a 1/2" Iron Pin tagged PLS 35235; thence S 23°03'26" E along said west boundary line of Old Camp Grant, a distance of 5011.05 feet to a point on the south line of Section 9 to a point being a 1/2" Iron Pin tagged PLS 35235; thence N 89°13'21" E along the south line of Section 9 a distance of 709.50 feet (N 89°51'39" E a distance of 709.50 feet, record) to the point of beginning; containing 181.71 acres, more or less. Together with those parts of Sections 15 and 22, T7S, R16E, of G&SRB&M, Pinal County, Arizona, more particularly described as follows: beginning at a point being a 1/2" Iron Pin tagged PLS 35235, N 89°00'32" E along the south line of the NE1/4 of Section 22, a distance of 2251.00 feet (east a distance of 2251 feet, record) of the center section corner of Section 22; thence N 47°16'51" W a distance of 1275.05 feet (N 46°47'00" W a distance of 1275.00 feet, record) to a point being a 1/2" Iron Pin tagged PLS 35235; thence N 79°57'00" W a distance of 1344.00 feet (N 7°27'00" W a distance of 1344.00 feet, record) to a point being a 1/2" Iron Pin tagged PLS 35235; thence N 65°05'02" W a distance of 399.00 feet (N 59°46'00" W a distance of 399.00 feet, record) to a point being a 1/2" Iron Pin tagged PLS 35235; thence N 17°49'24" W a distance of 1382.47 feet (N 17°34'00" W a distance of 1385.00 feet, record) to a point on the Section line between Sections 15 and 22 to a point being a 1/2" Iron Pin tagged PLS 35235; thence N 21°43'45" W a distance of 1408.97 feet (N 20°49'00" W a distance of 1412.00 feet, record) to a point being a 1/2" Iron Pin tagged PLS 35235 and the Center corner of the SW1/4 of Section 15; thence S 01°06'32" W along the west line of the SE1/4SW1/4 of Section 15, a distance of 1317.07 feet (south, record) to a point on the south line of Section 15 and the southwest corner of the SE1/4SW1/4 of Section 15 to a point being a 1/2" Iron Pin tagged PLS 35235;

## CHAPTER 4. GAME AND FISH COMMISSION

thence S 00°27'15" E along the west line of the E1/2NW1/4 of Section 22, a distance of 2637.50 feet (south, record) to a point on the south line of the NW1/4 of Section 22 and the southwest corner of the E1/2NW1/4 of Section 22 to a point being a 1/2" Iron Pin tagged PLS 35235; thence N 89°00'56" E along said south line of the NW1/4 of Section 22 a distance of 1320.895 feet (east, record) to the center section corner of Section 22 to a point being a found 2.5" Aluminum Cap stamped C1/4 PLS 35235; thence N 89°00'32" E along the south line of the NE1/4 of Section 22 a distance of 2251.00 feet (east, record) to the point of beginning; containing 110.28 acres, more or less. Parcel 5: those parts of Sections 26 and 35 T7S, R16E of G&SRB&M, Pinal County, Arizona, more particularly described as follows: beginning at a point N 89°31'56" E a distance of 571.74 feet (record 572 a distance of feet east) of the center section of Section 35 said point being a 1/2" Iron Pin tagged PE 9626; thence N 16°07'19" W a distance of 1369.92 feet (N 15°44'00" W a distance of 1371 feet, record) to a point being a Power Pole tagged PLS 35235; thence N 46°55'33" W a distance of 279.77 feet (N 45°00'00" W a distance of 283.00 feet, record) to the center of a 6" hollow iron fence post filled with concrete approximately 6 feet tall, tagged PLS 35235; thence N 79°45'23" W a distance of 500.00 feet (N 80°00'00" W a distance of 500.00 feet, record) to the center of a 6" hollow iron fence post filled with concrete approximately 6 feet tall, tagged PLS 35235; thence N 21°10'05" W a distance of 1104.18 feet (N 20°38'00" W a distance of 1104.00 feet, record) to a point being a 1/2" Iron Pin tagged PLS 35235, said point being a distance of 3.55 feet south of the north line of Section 35; thence N 07°46'25" E a distance of 1334.00 feet (N 08°08'00" E a distance of 1334.00 feet, record) to a point being a 1/2" Iron Pin tagged PLS 35235; thence S 89°37'04" W a distance of 630.00 feet to a point being a found 1/2" Iron Pin with added tag PLS 35235; thence N 01°11'34" W a distance of 1314.34 feet (north a distance of 1320.00 feet, record) to a point being a 1/2" Iron Pin tagged PLS 35235, said point being on the north line of the SW1/4; thence along the north line of the SW1/4 N 89°18'34" E a distance of 282.00 feet (east a distance of 282.00 feet, record) to a point being a 1/2" Iron Pin tagged PLS 35235, said point being S 89°18'34" W a distance of 992.74 from the center section corner of Section 26; thence N 13°48'15" W a distance of 1351.04 feet (N 13°40'00" W a distance of 1358.00 feet, record) to a point on the north line of the SE1/4NW1/4 of Section 26 to a point being a 1/2" Iron Pin tagged PLS 35235, said point being N 89°10'39" E a distance of 26.52 feet from the northwest corner of the SE1/4NW1/4 of Section 26; thence N 26°31'53" W a distance of 1458.00 feet (N 23°43'00" W a distance of 1442.00 feet, record) to a point being a 1/2" Iron Pin tagged PLS 35235, that is on the north line of Section 26 said point being N 89°02'45" E along the north line of Section 26, a distance of 720.00 feet from the northwest corner of Section 26; thence N 23°45'32" W a distance of 1833.68 feet (N 22°28'00" W a distance of 1834.00 feet, record) to a point being a 1/2" Iron Pin tagged PLS 35235, said point being on the west line of Section 23; thence S 00°38'57" E along the west line of Section 23, a distance of 1690.37 feet (south, record) to the southwest corner of Section 23 and northwest corner of Section 26 to a point being a 2.5" Alumi-

num Cap stamped PLS 35235; thence continuing S 01°16'16" E along the west line of Section 26 a distance of 2625.56 feet (south a distance of 2640.00 feet, record) to the W1/4 corner of Section 26 to a point being a 2.5" Aluminum Cap stamped PLS 35235; thence S 01°16'16" E along the west line of Section 26, a distance of 2625.56 feet (south a distance of 2640.00 feet, record) to the southwest corner of Section 26 and northwest corner of Section 35 to a point being a 2.25" Capped Iron Pipe stamped with added tag PLS 35235; thence S 00°45'30" E along the west line of Section 35, a distance of 1317.94 feet (south a distance of 1320.00 feet, record) to a point being a 2.5" Capped Iron Pipe stamped with added tag PLS 35235, said point being the southwest corner of the N1/2NW1/4 of Section 35; thence N 89°41'45" E along the south line of the N1/2NW1/4 of Section 35, a distance of 2630.87 feet (east a distance of 2644.00 feet, record) to a point being an Oblong Iron Pin with added tag PLS 35235 said point being the southeast corner of the N1/2NW1/4 of Section 35; thence S 01°11'23" E a distance of 1319.08 (south a distance of 1320.00 feet, record) to a point being an Oblong Iron Pin, with added tag PLS 35235, said point being the center section corner of Section 35; thence N 89°31'56" E along the south line of the NE1/4 of Section 35 a distance of 571.74 feet (east a distance of 572.00 feet, record) to the point of beginning; excepting therefrom any portion of said lands lying and within Section 23, T7S, R16E, G&SRB&M; CONTAINING containing 249.46 acres, more or less. Parcel 6: that portion of Section 1, T8S, R16E of G&SRB&M, Pinal County, Arizona, more particularly described as follows: beginning at a point N 88°25'39" E a distance of 507.07 feet (east a distance of 510 feet record) of the southwest corner of the SE1/4SW1/4 of Section 1 said point being a 1/2" Iron Pin tagged RLS 10046; thence N 18°38'44" E a distance of 1399.18 feet (record N 19°41' E a distance of 1402 feet) to a point being a 1/2" Iron Pin tagged PLS 35235; thence N 03°51'10" W a distance of 1314.74 feet (record N 02°44' W a distance of 1321 feet) to a point being a 1/2" Iron Pin tagged RLS 10046; thence S 88°45'59" W a distance of 918.71 feet (record west, a distance of 919 feet) to a point being a 1/2" Iron Pin tagged RLS 10046; thence N 01°02'04" W a distance of 977.00 feet (record north a distance of 977 feet) to a point being a 1/2" Iron Pin tagged PLS 35235; thence N 72°26'42" W a distance of 1384.43 feet (record N 71°22' W a distance of 1393 feet) to a point on the west line of Section 1 to a point being a 1/2" Iron Pin PLS 35235; thence S 01°07'43" E along the west line of Section 1, a distance of 1422.00 feet (record south a distance of 1412 feet) to the W1/4 corner of Section 1, said point being a 2.5" Aluminum Cap stamped PLS 35235; thence continuing S 01°07'43" E along the west line of Section 1, a distance of 1320.00 feet (record south a distance of 1320 feet) to the southwest corner of the NW1/4SW1/4 of Section 1 to a point being a 1/2" Iron Pin tagged PLS 35235; thence N 88°37'29" E a distance of 1311.56 feet (record east to the southwest corner of the NE1/4SW1/4) to the southwest corner of the NE1/4SW1/4 of Section 1 to a point being a 1/2" Iron Pin tagged PLS 35235; thence S 01°05'24" E a distance of 1316.31 feet (record, south a distance of 1320 feet) to the southwest corner of the SE1/4SW1/4 of Section 1 to a point being a 1/2" Iron Pin tagged PLS 35235; thence N 88°25'39" E a distance of 507.07 feet (record,

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

east a distance of 510 feet) to the point of beginning; containing 126.84 acres, more or less. For the ASARCO Property: Parcel 1: Section 15: the W1/2SE1/4 and E1/2SW1/4 of Section 15, T7S, R16E of G&SRB&M, Pinal county, Arizona; except that portion of land situated in Government Lot 9 lying west of the center line of the San Pedro River, said portion being APN 300-35-002. Section 22: That portion of the NE1/4NW1/4 and the NE1/4 of Section 22 T7S, R16E of G&SRB&M, Pinal County, Arizona, lying east of the San Pedro River. Section 23: that portion of the SW1/4 of Section 23, T7S, R16E of G&SRB&M, Pinal County, Arizona, lying east of the San Pedro River. Section 26: that portion of the N1/2NW1/4 of Section 26, T7S, R16E of G&SRB&M, Pinal County, Arizona, lying east of the San Pedro River. Parcel 2: Section 15: Government Lots 1, 2, 3, 4, 5, 6, and 7 of Section 15, T7S, R16E of G&SRB&M, Pinal County, Arizona. Parcel 3: Section 4: Government Lots 5, 8, 9, 11, 12, and 13 of Section 4 except that portion of land situated in Government Lot 13 lying east of State Highway 77 right-of-way, said portion of land being APN 300-31-005B. Section 5: Government Lots 2, 3, 4 and 5, except that portion of land situated in Government Lot 2, more particularly described as follows: beginning at the northeast corner of said Lot 2; thence along the east boundary of said Lot 2 due south 599.94 feet; thence leaving said east boundary due west 283.27 feet to the County Rd. right-of-way (El Camino Rd.); thence along said County Rd. right-of-way N 04°18'56" E a distance of 95.16 feet; thence continuing along said County Rd. right-of-way N 16°30'21" E a distance of 384.05 feet; thence continuing along said County Rd. right-of-way N 14°33'05" E a distance of 141.35 feet to the north boundary of said County Rd. right-of-way due east a distance of 131.48 feet along the north boundary of Government Lot 1 to the point of beginning.

21. Luna Lake Wildlife Area: The Luna Lake Wildlife Area shall be the fenced, buoyed, and posted area lying north of U.S. Highway 180 T5N, R31E, Section 17 N1/2, G&SRB&M, Apache County, Arizona.
22. Manhattan Claims Wildlife Area: Manhattan Claims Wildlife Area: The Manhattan Claims Wildlife Area shall be those areas described as the following mines or mining claims, situated in the California Mining District, in Cochise County, State of Arizona, to-wit: being Sections 3, 4, 5, 9, 10, in T17S., R30E., G&SRB&M, being known as the "Manhattan Group," Cochise County, State of Arizona. Erion Cap; Fraction: Monarch; and Mogul Patented Mines, the United States patent to which is of record in the Recorder's Office in Book 23 of Deeds of Mines, at page 396; Copper trust' Smith No. 1' Iron Cap; wedge; Smith No. 2; Rodea; Standard Extension; Smith No. 4; Smith No. 3; JHU; Cottonwood; Tucson; Prince; Hidden Treasure; Joe Wheeler fraction; Bride of the West; Mackey; Sun Beam; Queen; Last Turn; Winner; and Winner Fraction; patented mines, in the U.S. Patent to which is of record in the Recorder's Office in Book 23 Deeds of Mines, at page 368. Badger; Badger Fraction; patented mines, the U.S. Patent to which is of record in said Recorder's Office, in Book 23 Deeds of Mines, at page 388; Standard patented mine, the U.S. Patent to which is of record in said Recorder's Office in Book 23 Deeds of Mines at page 393; The following patented mining claims situated in said California Mining District, patent records

of which are set out with name of claim as follows: Bull Dog, Docket No. 27, at page No. 558; Copper King, Docket No. 27, at page No. 555; Copper Bluff, Docket No. 27, at page No. 552; Copper Top, Docket No. 27, at page No. 558; Copper Glance, Docket No. 27, at page No. 558; and AETNA, Docket No. 27, at page No. 558.

23. Mitty Lake Wildlife Area: The Mitty Lake Wildlife Area shall be those areas described as follows: T6S, R21W, Section 31: All of Lots 1, 2, 3, 4, E1/2W1/2, and that portion of E1/2 lying westerly of Gila Gravity Main Canal Right-of-Way; T7S, R21W; Section 5: that portion of SW1/4SW1/4 lying westerly of Gila Gravity Main Canal Right-of-Way; Section 6: all of Lots 2, 3, 4, 5, 6, 7 and that portion of Lot 1, S1/2NE1/4, SE1/4 lying westerly of Gila Gravity Main Canal R/W; Section 7: all of Lots 1, 2, 3, 4, E1/2W1/2, W1/2E1/2, and that portion of E1/2E1/2 lying westerly of Gila Gravity Main Canal R/W; Section 8: that portion of W1/2W1/2 lying westerly of Gila Gravity Main Canal R/W; Section 18: all of Lots 1, 2, 3, 4, E1/2NW1/4, and that portion of NE1/4, E1/2SW1/4, NW1/4SE1/4 lying westerly of Gila Gravity Main Canal R/W; T6S, R22W; Section 36: all of Lot 1. T7S, R22W; Section 1: all of Lot 1; Section 12: all of Lots 1, 2, SE1/4SE1/4; Section 13: all of Lots 1, 2, 3, 4, 5, 6, 7, 8, NE1/4, N1/2SE1/4, and that portion of S1/2SE1/4 lying northerly of Gila Gravity Main Canal R/W; all in G&SRB&M, Yuma County, Arizona.
24. Planet Ranch Conservation and Wildlife Area: The Planet Ranch Wildlife Area shall be those areas described as follows: Mohave County (Parcels 1 through 5) Parcel No. 1: the S1/2S1/2 of Section 28, T11N, R16W of the G&SRB&M, Mohave County, Arizona; except 1/16 of all oil, gases, and other hydrocarbon substances, coal, stone, metals, minerals, fossils and fertilizer of every name and description and except all materials which may be essential to production of fissionable material as reserved in Arizona Revised Statutes. Parcel No. 2: all of sections 32 and 34 T11N, R16W of the G&SRB&M, lying in Mohave County, Arizona; except 1/16 of all oil, gases, and other hydrocarbon substances, coal, stone, metals, minerals, fossils and fertilizer of every name and description and except all materials which may be essential to production of fissionable material as reserved in Arizona Revised Statutes. Parcel No. 3: the S1/2S1/2 of Section 27, T11N, R16W of the G&SRB&M, Mohave County, Arizona; except oil, gas, coal, and minerals as reserved in deed recorded in Book 64 of Deeds, Page 599, records of Mohave County, Arizona. Parcel No. 4: all of Section 33 and 35, T11N, R16W of the G&SRB&M, lying in Mohave County, Arizona; except oil, gas, coal, and minerals as reserved in deed recorded in Book 64 of Deeds, Page 599, records of Mohave County, Arizona. Parcel No. 5: the S1/2S1/2N1/2 and the S1/2 of Section 36, T11N, R16W of the G&SRB&M, lying in Mohave County, Arizona; except 1/16 of all oil, gases, and other hydrocarbon substances, coal, stone, metals, minerals, fossils and fertilizer of every name and description and except all materials which may be essential to production of fissionable material as reserved in Arizona Revised Statutes. La Paz County (Parcels 6 through 9) Parcel No. 6: that portion of the S1/2 of Lot 2, all of Lots 3, and 4, the S1/2SE1/4NW1/4 and the S1/2S1/2NE1/4 of Section 31, T11N, R16W of the G&SRB&M, lying in La Paz County, Arizona; except all oil, gas, coal, and minerals as

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

- set forth in instrument recorded in Book 57, of Dockets, Page 310. Parcel No. 7: all of Section 32, T11N, R16W of the G&SRB&M, lying in La Paz County, Arizona; except any part of Section 32 lying within the Copper Hill Mining Claim as shown on the Plat of Mineral Survey Number 2675; except that portion of the SW1/4 of Section 32, T11N, R16W of the G&SRB&M, lying in La Paz County, Arizona, described as follows: commencing at the S1/4 corner of Section 32; thence west along the south line of Section 32, a distance of 1270.58 feet to the point of beginning; thence north 634.31 feet; thence S 76°41'15" W a distance of 94.09 feet to the southeasterly line of the Planet Ranch Road; thence along said line S 28°55'W a distance of 101.23 feet; thence southwesterly 250.25 feet through an angle of 54°22', along a tangent curve concave to the northwest, having a radius of 263.73 feet to a point of tangency, from which a radial line bears N 07°05' W; thence along said line S 82°55' W a distance of 96.52 feet; thence westerly 184.42 feet through an angle of 17°40'14" along a tangent curve concave to the north, having a radius of 597.96 feet to a point of tangency from which a radial line bears N 10°35'14" E; thence N 79°24'46" W a distance of 260.38 feet; thence leaving the southwesterly line of said Planet Ranch Road, south a distance of 429.61 feet to the south line of said Section 32; thence south along said south line east a distance of 874.42 feet more or less back to the point of beginning; and except that portion of the SW1/4 of Section 32, T11N, R16W of the G&SRB&M, La Paz County, Arizona, described as follows: beginning at the S1/4 corner of Section 32; thence west along the south line of Section 32, a distance of 1270.58 feet; thence north a distance of 634.31 feet; thence S 76°41'15" W a distance of 214.08 feet; thence N 13°18'45" W a distance of 25 feet; thence N 76°41'15" E a distance of 220 feet; thence east a distance of 1270.58 feet; thence south a distance of 660 feet back to the point of beginning. Parcel No. 8: those portions of Sections 33, 34, and 35, T11N, R16W of the G&SRB&M, lying in La Paz County, Arizona; except an undivided 1/16 of all oil, gases, and other hydrocarbon substances, coal or stone, metals, minerals, fossils and fertilizer of every name and description, together with all uranium, thorium, or any other material which is or may be determined by the laws of the production of fissionable materials, whether or not of commercial value, as reserved by the State of Arizona in Section 37-231, Arizona Revised Statutes, and in patent of record (Section 34); also except all oil, gas, coal, and minerals as set forth in instrument recorded in Book 57 of Dockets, Page 310 (Section 33 and 35). Parcel No. 9: the S1/2S1/2N1/2 and the S1/2 of Section 36, T11N, R16W of the G&SRB&M, lying in La Paz County, Arizona; except an undivided 1/16 of all oil, gases, and other hydrocarbon substances, coal or stone, metals, minerals, fossils and fertilizer of every name and description, together with all uranium, thorium, or any other material which is or may be determined by the laws of the production of fissionable materials, whether or not of commercial value, as reserved by the State of Arizona in Section 37-231, Arizona Revised Statutes, and in patent of record.
25. Powers Butte (Mumme Farm) Wildlife Area: The Powers Butte Wildlife Area shall be that area described as follows: T1S, R5W, Section 25, N1/2SW1/4, SW1/4SW1/4; Section 26, S1/2; Section 27, E1/2SE1/4; Section 34. T2S, R5W Section 3, E1/2W1/2, W1/2SE1/4, NE1/4SE1/4, NE1/4; Section 10, NW1/4, NW1/4NE1/4; Section 15, SE1/4SW1/4; Section 22, E1/2NW1/4, NW1/4NW1/4; all in G&SRB&M, Maricopa County, Arizona.
  26. Quigley-Achee Wildlife Area: The Quigley-Achee Wildlife Area shall be those areas described as follows: T8S, R17W; Section 13, W1/2SE1/4, SW1/4NE1/4, and a portion of land in the W1/2 of Section 13, more particularly described as follows: beginning at the S1/4 corner; thence S 89°17'09" W along the south line of said Section 13 a distance of 2627.50 feet to the southwest corner of said Section 13; thence N 41°49'46" E a distance of 3026.74 feet; thence N 0°13'30" W a distance of 1730.00 feet to a point on the north 1/16th line of said Section 13; thence N 89°17'36" E along said north 1/16th line a distance of 600.00 feet to the center of said Section 13; thence S 0°13'30" E. along the north-south midsection line a distance of 3959.99 feet to the point of beginning. Section 23, SE1/4NE1/4, and a portion of land in the NE1/4NE1/4 of Section 23, more particularly described as follows: beginning at the northeast corner; thence S 0°10'19" E along the east line of said Section 23, a distance of 1326.74 feet to a point on the south line of the NE1/4NE1/4 of said Section 23; thence S 89°29'58" W along said south line, a distance of 1309.64 feet; thence N 44°17'39" E a distance of 1869.58 feet to the point of beginning. Section 24, NW1/4, N1/2SW1/4, W1/2NE1/4, N1/2SE1/4NE1/4; all in G&SRB&M, Yuma County, Arizona.
  27. Raymond Wildlife Area: The Raymond Wildlife Area is that area described as follows: All of Sections 24, 25, 26, 34, 35, 36, and the portions of Sections 27, 28, and 33 lying east of the following described line: beginning at the W1/4 corner of Section 33; thence northeasterly through the 1/4 corner common to Sections 28 and 33, 1/4 corner common to Sections 27 and 28 to the N1/4 corner of Section 27 all in T19N, R11E. All of Sections 15, 16, 17, 19, 20, 21, 22, 27, 28, 29, 30, 31, 32, 33, and 34 all in T19N, R12E; all in G&SRB&M, Coconino County, Arizona.
  28. Robbins Butte Wildlife Area: The Robbins Butte Wildlife Area shall be those areas described as follows: T1S, R3W, Section 17, S1/2NE1/4, SE1/4, NW1/4SW1/4; Section 18, Lots 3, 4, and E1/2SW1/4, S1/2NE1/4, W1/2SE1/4, NE1/4SE1/4. T1S, R4W, Section 13, all except that portion of W1/2SW1/4SW1/4 lying west of State Route 85; Section 14, all except the W1/2NW1/4 and that portion of the SW1/4 lying north of the Arlington Canal; Section 19, S1/2SE1/4; Section 20, S1/2S1/2, NE1/4SE1/4; Section 21, S1/2, S1/2NE1/4, SE1/4NW1/4; Section 22, all except for NW1/4NW1/4; Section 23; Section 24, that portion of SW1/4, W1/2SW1/4NW1/4 lying west of State Route 85; Section 25, that portion of the NW1/4NW1/4 lying west of State Route 85; Section 26, NW1/4, W1/2NE1/4, NE1/4NE1/4; Section 27, N1/2, SW1/4; Section 28; Section 29, N1/2N1/2, SE1/4NE1/4; Section 30, Lots 5, 6, 7, 8, NE1/4, SE1/4SE1/4; all in G&SRB&M, Maricopa County, Arizona.
  29. Roosevelt Lake Wildlife Area: The Roosevelt Lake Wildlife Area is that area described as follows: beginning at the junction of A-Cross Rd. and Arizona Highway 188; south on Arizona Highway 188 to the main entrance of Roosevelt Lake Marina; northeast on this road towards the main marina launch; northeast across Roosevelt Lake

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

- to the south tip of Bass Point; northerly to Long Gulch Rd.; northeast on this road to the A-Cross Rd.; northwest on the A-Cross Rd. to the point of beginning; all in G&SRB&M, Gila County, Arizona.
30. Santa Rita Wildlife Area: The Santa Rita Experimental Range is that area described as follows: Concurrent with the Santa Rita Experimental Range boundary and includes the posted portion of the following sections: Sections 33 through 36, T17S, R14E, Section 25, Section 35 and Section 36, T18S, R13E, Sections 1 through 4, Sections 9 through 16, and Sections 21 through 36, T18S, R14E, Sections 3 through 9, Sections 16 through 21, Sections 26 through 34, T18S, R15E, Sections 1 through 6, Sections 9 through 16, Section 23, T19S, R14E, Sections 3 through 10, Sections 16 through 18, T19S, R15E; all in G&SRB&M, Pima County, Arizona, and all being coincidental with the Santa Rita Experimental Range Area.
  31. Sipe White Mountain Wildlife Area: The Sipe White Mountain Wildlife Area shall be those areas described as follows:  
T7N, R29E, Section 1, SE1/4, SE1/4NE1/4, S1/2NE1/4NE1/4, SE1/4SW1/4NE1/4, NE1/4SE1/4SW1/4, and the SE1/4NE1/4SW1/4. T7N, R30E, Section 5, W1/2W1/2SE1/4SW1/4, and the SW1/4SW1/4; Section 6, Lots 1, 2, 3, 7, and 8, SW1/4NW1/4NW1/4, S1/2NW1/4NE1/4SE1/4, N1/2SE1/4SE1/4, E1/2SE1/4SE1/4SE1/4, SW1/4SE1/4 and the SE1/4SW1/4; Section 7, Parcel 10: Lots 1 and 2, E1/2NW1/4, E1/2E1/2NE1/4NE1/4, W1/2SW1/4NE1/4, NW1/4SE1/4, W1/2NE1/4SE1/4, NE1/4SW1/4, E1/2NW1/4SW1/4, and the NW1/4NE1/4; Section 8, NW1/4NW1/4, and the W1/2W1/2NE1/4NW1/4. T8N, R30E; Section 31, SE1/4NE1/4, SE1/4, and the SE1/4SW1/4; all in G&SRB&M, Apache County, Arizona.
  32. Springerville Marsh Wildlife Area: The Springerville Marsh Wildlife Area shall be those areas described as follows: S1/2 SE1/4 Section 27 and N1/2 NE1/4 Section 34, T9N, R29E, G&SRB&M, Apache County, Arizona.
  33. Sunflower Flat Wildlife Area: The Sunflower Flat Wildlife Area shall be those areas described as follows:  
T20N, R3E; Section 11, NE1/4SE1/4, N1/2NW1/4SE1/4, SE1/4NW1/4SE1/4, NE1/4SE1/4SE1/4, W1/2SE1/4NE1/4, S1/2SE1/4SE1/4NE1/4, E1/2SW1/4NE1/4; Section 12, NW1/4SW1/4SW1/4, NW1/4NE1/4SW1/4SW1/4, SW1/4NW1/4SW1/4, S1/2NW1/4NW1/4SW1/4, W1/2SE1/4NW1/4SW1/4, SW1/4NE1/4NW1/4 SW1/4; all in the G&SRB&M, Coconino County, Arizona.
  34. Three Bar Wildlife Area: The Three Bar Wildlife Area shall be that area described as follows: beginning at Roosevelt Dam, northwesterly on 188 to milepost 252 (Bumble Bee Wash); westerly along the boundary fence for approximately 7 1/2 miles to the boundary of Gila and Maricopa counties; southerly along this boundary through Four Peaks to a fence line south of Buckhorn Mountain; southerly along the barbed wire drift fence at Ash Creek to Apache Lake; northeasterly along Apache Lake to Roosevelt Dam.
  35. Tucson Mountain Wildlife Area: The Tucson Mountain Wildlife Area shall be that area described as follows: beginning at the northwest corner of Section 33; T13S, R11E on the Saguaro National Park boundary; due south approximately one mile to the El Paso Natural Gas Pipeline; southeast along this pipeline to Sandario Rd.; south on Sandario Rd. approximately two miles to the southwest corner of Section 15; T14S, R11E, east along the section line to the El Paso Natural Gas Pipeline; southeast along this pipeline to its junction with State Route 86, also known as the Ajo Highway; easterly along this highway to the Tucson city limits; north along the city limits to Silverbell Rd.; northwest along this road to Twin Peaks Rd.; west along this road to Sandario Rd.; south along this road to the Saguaro National Park boundary; west and south along the park boundary to the point of beginning, all in G&SRB&M, Pima County, Arizona.
  36. Upper Verde River Wildlife Area: The Upper Verde River Wildlife Area consists of eight parcels totaling 1102.54 acres located eight miles north of Chino Valley in Yavapai County, Arizona, along the upper Verde River and lower Granite Creek described as follows:  
Sullivan Lake: located immediately downstream of Sullivan Lake, the headwaters of the Verde River: the NE1/4NE1/4 lying east of the California, Arizona, and Santa Fe Railway Company right-of-way in Section 15, T17N, R2W; and also the NW1/4NE1/4 of Section 15 consisting of approximately 80 acres. Granite Creek Parcel: includes one mile of Granite Creek to its confluence with the Verde River: The SE1/4SE1/4 of Section 11; the NW1/4SW1/4 and SW1/4NW1/4 of Section 13; the E1/2NE1/4 of Section 14; all in T17N, R1W consisting of approximately 239 acres. E1/2SW1/4SW1/4, SE1/4SW1/4, NE1/4SW1/4 and NW1/4SE1/4 of Section 12, NW1/4NW1/4 of Section 13, T17N, R2W consisting of approximately 182.26 acres. Campbell Place Parcel: NE1/4NW1/4, NW1/4NE1/4, NE1/4NE1/4, SE1/4NW1/4, SW1/4NE1/4, SE1/4NE1/4, NE1/4SW1/4, NW1/4SE1/4, NE1/4SE1/4, NW1/4SW1/4, NE1/4SW1/4, and NW1/4SE1/4 in Section 7, T17N, R1W and SE1/4SE1/4 Section 12, T17N, R2W consisting of 315 acres. Tract 39 Parcel: the E1/2 of Tract 39 within the Prescott National Forest boundary, SE1/2SW1/4 and SW1/4SE1/4 of Section 5, T18N, R1W; and the W1/2 of Tract 39 outside the Forest boundary, SW1/4SW1/4, and SW1/4SW1/4 of Section 5 and NW1/4NW1/4 of Section 8, T18N, R1W consisting of approximately 163 acres. Wells Parcels: Parcel 1 and Parcel 2: all that portion of Government Lots 9 and 10, Section 7, along with Lot 3 and the SW1/4NW1/4, Section 8, located in T17N, R1W, of G&SRB&M, Yavapai County, Arizona, also known as APN 306-39-004L and 306-39-004M. Parcel 3 and Parcel 4: all that portion of the NE1/4SW1/4, NW1/4SE1/4, SW1/4SW1/4, and E1/2SW1/4SW1/4 of Section 12 and the NW1/4NW1/4 of Section 13, T17N, R2W, of G&SRB&M, Yavapai County, Arizona.
  37. Wenima Wildlife Area: The Wenima Wildlife Area shall be those areas described as follows:  
T9N, R29E; Section 5, SE1/4 SW1/4, and SW1/4 SE1/4 except E1/2 E1/2 SW1/4 SE1/4, Section 8, NE1/4 NW1/4, and NW1/4 NE1/4; Sections 8, 17 and 18, within the following boundary: From the 1/4 corner of Sections 17 and 18, the True Point of Beginning; thence N 00°12'56" E a distance of 1302.64 feet along the Section line between Sections 17 and 18 to the N1/16 corner; thence N 89°24'24" W a distance of 1331.22 feet to the NE1/16 corner of Section 18; thence N 00°18'02" E a distance of 1310.57 feet to the E1/16 corner of Sections 7 and 18; thence S 89°03'51" E a distance of 1329.25 feet to the northeast Section corner of said Section 18; thence N 01°49'10" E a distance of 1520.28 feet to a point on the Section line between Sections 7 and 8; thence N

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

38°21'18" E a distance of 370.87 feet; thence N 22°04'51" E a distance of 590.96 feet; thence N 57°24'55" E a distance of 468.86 feet to a point on the east-west midsection line of said Section 8; thence N 89°38'03" E a distance of 525.43 feet along said midsection line to the center W1/16 corner; thence S 02°01'25" W a distance of 55.04 feet; thence S 87°27'17" E a distance of 231.65 feet; thence S 70°21'28" E a distance of 81.59 feet; thence N 89°28'36" E a distance of 111.27 feet; thence N 37°32'54" E a distance of 310.00 feet; thence N 43°58'37" W a distance of 550.00 feet; thence N 27°25'53" W a distance of 416.98 feet to the NS1/16 line of said Section 8; thence N 02°01'25" E a distance of 380.04 feet along said 1/16 line to the NW1/16 corner of said Section 8; thence N 89°45'28" E a distance of 1315.07 feet along the east-west middle 1/16 line; thence S 45°14'41" E a distance of 67.69 feet; thence S 49°28'18" E a distance of 1099.72 feet; thence S 08°04'43" W a distance of 810.00 feet; thence S 58°54'47" W a distance of 341.78 feet; thence 50°14'53" W a distance of 680.93 feet to a point in the center of that cul-de-sac at the end of Jeremy's Point Rd.; thence N 80°02'20" W a distance of 724.76 feet, said point lying N 42°15'10" W a distance of 220.12 feet from the northwest corner of Lot 72; thence N 34°19'23" E a distance of 80.64 feet; thence N 15°54'25" E a distance of 51.54 feet; thence N 29°09'53" E a distance of 45.37 feet; thence N 40°09'33" E a distance of 69.21 feet; thence N 25°48'58" E a distance of 43.28 feet; thence N 13°24'51" E a distance of 63.12 feet; thence N 16°03'10" W a distance of 30.98 feet; thence N 57°55'25" W a distance of 35.50 feet; thence N 80°47'38" W a distance of 48.08 feet; thence S 87°28'53" W a distance of 82.84 feet; thence S 72°07'06" W a distance of 131.85 feet; thence S 43°32'45" W a distance of 118.71 feet; thence S 02°37'48" E a distance of 59.34 feet; thence S 23°03'29" E a distance of 57.28 feet; thence S 28°30'39" E a distance of 54.75 feet; thence S 36°39'47" E a distance of 105.08 feet; thence S 24°55'07" W a distance of 394.78 feet; thence S 61°32'16" W a distance of 642.77 feet to the northwest corner of Lot 23; thence N 04°35'23" W a distance of 90.62 feet; thence S 85°24'37" W a distance of 26.00 feet; thence N 64°21'36" W a distance of 120.76 feet; thence S 61°07'57" W a distance of 44.52 feet; thence S 39°55'58" W a distance of 80.59 feet; thence S 11°33'07" W a distance of 47.21 feet; thence S 19°53'19" E a distance of 27.06 feet; thence S 54°26'36" E a distance of 62.82 feet; thence S 24°56'25" W a distance of 23.92 feet; thence S 48°10'38" W a distance of 542.79 feet; thence S 17°13'48" W a distance of 427.83 feet to the northwest corner of Lot 130; thence S 29°10'58" W a distance of 104.45 feet to the southwest corner of Lot 130; thence southwesterly along a curve having a radius of 931.52 feet, and arc length of 417.52 feet to the southwest corner of Lot 134; thence S 15°04'25" W a distance of 91.10 feet; thence S 04°29'15" W a distance of 109.17 feet; thence S 01°41'24" W a distance of 60.45 feet; thence S 29°16'05" W a distance of 187.12 feet; thence S 14°44'00" W a distance of 252.94 feet; thence S 15°42'24" E a distance of 290.09 feet; thence S 89°13'25" E a distance of 162.59 feet; thence S 37°19'54" E a distance of 123.03 feet to the southeast corner of Lot 169; thence S 20°36'30" E a distance of 706.78 feet to the northwest corner of Lot 189; thence S 04°07'31" W a distance of 147.32 feet; thence S 29°11'19" E a distance of

445.64 feet; thence S 00°31'40" E a distance of 169.24 feet to the east-west midsection line of Section 17 and the southwest corner of Lot 194; thence S 89°28'20" W a distance of 891.84 feet along said east-west midsection line to the True Point of Beginning; all in G&SRB&M, Apache County, Arizona.

38. White Mountain Grasslands Wildlife Area: The White Mountain Grasslands Wildlife Area shall be those areas described as follows:

Parcel 1 (CL1): the S1/2 of Section 24; the N1/2NW1/4 of Section 25; the NE1/4 and N1/2SE1/4 of Section 26; all in T9N, R27E of G&SRB&M, Apache County, Arizona; except all coal and other minerals as reserved to the U.S. in the Patent of said land. Parcel 2 (CL2): the SE1/4 and the SE1/4SW1/4 of Section 31, T9N, R28E of G&SRB&M, Apache County, Arizona. Parcel 3 (CL3): the NW1/4SW1/4 of Section 28; and the SW1/4S1/2SE1/4 and NE1/4SE1/4 of T9N, R28E of G&SRB&M, Apache County, Arizona. Parcel 4 (CL4): the SW1/4SW1/4 of Section 5; the SE1/4SE1/4 of Section 6; the NE1/4NE1/4 of Section 7; the NW1/4NW1/4, E1/2SW1/4NW1/4, W1/2NE1/4, SE1/4NW1/4, and that portion of the S1/2 which lies North of Highway 260, except the W1/2SW1/4 of Section 8; all in T8N, R28E of G&SRB&M, Apache County, Arizona. Parcel 1 (O1): the S1/2N1/2 of Section 10, T8N, R28E, of G&SRB&M, Apache County, Arizona; except that Parcel of land lying within the S1/2NE1/4 of Section 10, T8N, R28E, of G&SRB&M, Apache County, Arizona, more particularly described as follows: From the N1/16 corner of Sections 10 and 11, monumented with a 5/8-inch rebar with a cap marked LS 13014, said point being the True Point of Beginning; thence N 89°44'54" W a distance of 1874.70 feet along the east-west 1/16 line to a point monumented with a 1/2-inch rebar with a tag marked LS 13014; thence S 02°26'17" W a distance of 932.00 feet to a point monumented with a 1/2-inch rebar with a tag marked LS 13014; thence S 89°44'54" E a distance of 1873.69 feet to a point monumented with a 1/2-inch rebar with a tag marked LS 13014, said point being on the east line of Section 10; thence N 02°30'00" E a distance of 932.00 feet along said Section line to the True Point of Beginning. Parcel 2 (O2): the N1/2S1/2 of Section 10, T8N, R28E, of G&SRB&M, Apache County, Arizona. Except for that portion lying South of State Highway 260. Parcel 3 (O3): the SE1/4 of Section 25, T9N, R27E, of G&SRB&M, Apache County, Arizona. Parcel 4 (O4): lots 3 and 4; the E1/2SW1/4; W1/2SE1/4; and NE1/4SE1/4 of Section 30, T9N, R28E, of G&SRB&M, Apache County, Arizona. Parcel 5 (O5): lots 1, 2 and 3; the S1/2NE1/4; NW1/4NE1/4; E1/2NW1/4; and NE1/4SW1/4 of Section 31, T9N, R28E, of G&SRB&M, Apache County, Arizona. Parcel 6 (O6): beginning at the northwest corner of the SE1/4 of Section 27, T9N, R28E, of G&SRB&M, Apache County, Arizona; thence east a distance of 1320.00 feet; thence south a distance of 925.00 feet; thence west a distance of 320.00 feet to the center of a stock watering tub; thence N 83° W a distance of 1000.00 feet; thence north a distance of 740.00 feet to the point of beginning. State Land Special Use Permit: SE1/4SW1/4 of Section 5; E1/2NE1/4 of Section 08; NE1/4NW1/4 of Section 8; M&B in N1/2NW1/4 north of Hwy 260 of Section 17, all in T8N, R28E of the G&SRB&M, Apache County, Arizona. S1/2NW1/4 and

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

SW1/4 of Section 26; all of Section 36, all in T9N, R27E of the G&SRB&M, Apache County, Arizona. SE1/4 lying easterly of Carnero Creek in Section 18; Lots 3 and 4, E1/2SW1/4, SE1/4, NE1/4, and SE1/4NW1/4, lying southeasterly of Carnero Creek in Section 19; NW1/4SE1/4 of Section 29, Lots 1 and 2 and NE1/4 and E1/2NW1/4 and SE1/4SE1/4 of Section 30; and Lot 4, and the NE1/4NE1/4 of Section 31; all in T9N, R28E of the G&SRB&M, Apache County, Arizona. State Grazing Lease: Legal Description of the White Mountain Grassland State Land Grazing Lease. Lots 1 thru 4, and S1/2N1/2, SW1/4, N1/2N1/2SE1/4, S SW1/4NW1/4SE1/4, and W1/2SW1/4SE1/4 of Section 3; Lots 1 thru 4, and the S1/2N1/2 and S1/2 of Section 4; SE1/4SW1/4 of Section 5; E1/2NE1/4, NE1/4NW1/4 of Section 8; SE1/4NE1/4 and N1/2N1/2 of Section 9; S1/2NE1/4NE1/4, SE1/4NW1/4NE1/4, W1/2NW1/4NE1/4, N1/2NW1/4, all in Section 10; NE1/4NW1/4 lying north of the centerline of State Highway 260, in Section 17, T8N, R28E of the G&SRB&M, Apache County; NE1/4, S1/2NW1/4, and the SW1/4 of Section 25, and all of Section 36; in T9N, R27E of the G&SRB&M, Apache County; a portion of the SE1/4 of Section 18 lying southeasterly of Carnero Creek, Lots 3 and 4, E1/2SW1/4, SE1/4, NE1/4, and SE1/4NW1/4 lying southeast of Carnero Creek in Section 19; all of Section 20 and Section 21; SW1/4NE1/4, S1/2NW1/4, and M&B in N1/2SW1/4, of Section 27; N1/2E1/2SW1/4, SW1/4SW1/4 and SE1/4 of Section 28; Lots 1 and 2, and NE1/4, E1/2NW1/4, and SE1/4SE1/4 of Section 30; Lot 4 and NE1/4NE1/4 of Section 31; all of Section 32 and Section 33, in T9N, R28E, in the G&SRB&M, Apache County. SE1/4NE1/4SE1/4 of Section 31; T09N, R28E, G&SRB&M, Apache County, Arizona.

39. Whitewater Draw Wildlife Area: The Whitewater Draw Wildlife Area shall be those areas described as follows: T21S, R26E; Section 19, S1/2 SE1/4; Section 29, W1/2 NE1/4, and E1/2 NE1/4; Section 30, N1/2 NE1/4; Section 32; T22S, R26E; Section 4, Lots 3 and 4; T22S, R26E; Section 5, Lots 1 to 4, except an undivided 1/2 interest in all minerals, oil, and/or gas as reserved in Deed recorded in Docket 209, page 117, records of Cochise County, Arizona.
40. Willcox Playa Wildlife Area: The Willcox Playa Wildlife Area shall be that area within the posted Arizona Game and Fish Department fences enclosing the following described area: beginning at the Section corner common to Sections 2, 3, 10 and 11, T15S, R25E, G&SRB&M, Cochise County, Arizona; thence S 0°15'57" W a distance of 2645.53 feet to the east 1/4 corner of Section 10; thence S 89°47'15" W a distance of 2578.59 feet to the center 1/4 corner of Section 10; thence N 1°45'24" E a distance of 2647.85 feet to the center 1/4 corner of Section 3; thence N 1°02'42" W a distance of 2647.58 feet to the center 1/4 corner of said Section 3; thence N 89°41'37" E to the common 1/4 corner of Section 2 and Section 3; thence S 0°00'03" W a distance of 1323.68 feet to the south 1/16 corner of said Sections 2 and 3; thence S 44°46'30" E a distance of 1867.80 feet to a point on the common Section line of Section 2 and Section 11; thence S 44°41'13" E a distance of 1862.94 feet; thence S 44°42'35" E a distance of 1863.13 feet; thence N 0°13'23" E a distance of 1322.06 feet; thence S 89°54'40" E a distance of 1276.24 feet to a point on the west right-of-way

fence line of Kansas Settlement Rd.; thence S 0°12'32" W a distance of 2643.71 feet along said fence line; thence N 89°55'43" W a distance of 2591.30 feet; thence N 0°14'14" E a distance of 661.13 feet; thence N 89°55'27" W a distance of 658.20 feet; thence N 0°14'39" E a distance of 1322.36 feet; thence N 44°41'19" W a distance of 931.44 feet; thence N 44°40'31" W a distance of 1862.85 feet to the point of beginning. Said wildlife area contains 543.10 acres approximately.

- C. Department Controlled Properties are described as follows: Hirsch Conservation Education Area and Biscuit Tank: The Hirsch Conservation Education Area and Biscuit Tank shall be that area lying in Section 3 T5N R2E, beginning at the northeast corner of Section 3, T5N, R2E, G&SRB&M, Maricopa County, Arizona; thence S 35°33'23.43" W a distance of 2938.12 feet; to the point of true beginning; thence S 81°31'35.45" W a distance of 147.25 feet; thence S 45°46'21.90" W a distance of 552.25 feet; thence S 21°28'21.59" W a distance of 56.77 feet; thence S 16°19'49.19" E a distance of 384.44 feet; thence S 5°27'54.02" W a distance of 73.43 feet; thence S 89°50'44.45" E a distance of 431.99 feet; thence N 4°53'57.68" W a distance of 81.99 feet; thence N 46°49'53.27" W a distance of 47.22 feet; thence N 43°33'3.68" E a distance of 83.74 feet; thence S 47°30'40.79" E a distance of 47.71 feet; thence N 76°2'59.67" E a distance of 105.91 feet; thence N 15°45'0.24" W a distance of 95.87 feet; thence N 68°48'27.79" E a distance of 69.79 feet; thence N 8°31'53.39" W a distance of 69.79 feet; thence N 30°5'32.34" E a distance of 39.8 feet; thence N 46°17'32.32" E a distance of 63.77 feet; thence N 22°17'26.17" W a distance of 517.05 feet to the point of true beginning.

**Historical Note**

New Section adopted by exempt rulemaking at 6 A.A.R. 1731, effective May 1, 2000 (Supp. 00-2). Amended by exempt rulemaking at 9 A.A.R. 3141, effective August 23, 2003 (Supp. 03-2). Amended by exempt rulemaking at 11 A.A.R. 1927, effective May 20, 2005 (Supp. 05-2). Amended by exempt rulemaking at 16 A.A.R. 397, effective March 5, 2010 (Supp. 10-1). Amended by exempt rulemaking at 17 A.A.R. 800, effective June 20, 2011 (Supp. 11-2). Amended by exempt rulemaking at 18 A.A.R. 1070, effective June 15, 2012 (Supp. 12-2). Amended by exempt rulemaking at 19 A.A.R. 931, effective June 17, 2013 (Supp. 13-2). Amended by exempt rulemaking at 20 A.A.R. 841, effective June 17, 2014 (Supp. 14-1). Amended by exempt rulemaking at 22 A.A.R. 951, effective June 7, 2016 (Supp. 16-2). Amended by exempt rulemaking at 22 A.A.R. 2209, effective October 4, 2016 (Supp. 16-4). Amended by final exempt rulemaking at 27 A.A.R. 242, effective April 5, 2021 (Supp. 21-1).

**R12-4-804. Renumbered****Historical Note**

New Section made by exempt rulemaking at 9 A.A.R. 1424, effective June 14, 2003 (Supp. 03-2). Amended by exempt rulemaking at 17 A.A.R. 800, effective June 20, 2011 (Supp. 11-2). Section R12-4-804 renumbered to R12-4-125, by final rulemaking at 21 A.A.R. 3025, effective January 2, 2016 (Supp. 15-4).

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

**ARTICLE 9. AQUATIC INVASIVE SPECIES****R12-4-901. Definitions**

In addition to the definitions provided under A.R.S. §§ 5-301 and 17-255, the following definitions apply to this Article, unless otherwise specified:

“Aquatic invasive species” means those species listed in Director’s Order 1.

“Certified agent” means a person who meets Department standards to conduct inspections authorized under A.R.S. § 17-255.01(C)(1).

“Conveyance” means a device designed to carry or transport water. Conveyance includes, but is not limited to, dip buckets, water hauling tanks, and water bladders.

“Equipment” means an item used either in or on water; or to carry water. Equipment includes, but is not limited to, trailers used to launch or retrieve watercraft, rafts, inner tubes, kick boards, anchors and anchor lines, docks, dock cables and floats, buoys, beacons, wading boots, fishing tackle, bait buckets, skin diving and scuba diving equipment, submersibles, pumps, sea planes, and heavy construction equipment used in aquatic environments.

“Operator” means a person who operates or is in actual physical control of a watercraft, vehicle, conveyance or equipment.

“Owner” means a person who claims lawful possession of a watercraft, vehicle, conveyance, or equipment.

“Person” has the same meaning as defined under A.R.S. § 1-215.

“Release” means to place, plant, or cause to be placed or planted in waters.

“Transporter” means a person responsible for the overland movement of a watercraft, vehicle, conveyance, or equipment.

“Waters” means surface water of all sources, whether perennial or intermittent, in streams, canyons, ravines, drainage systems, canals, springs, lakes, marshes, reservoirs, ponds, and other bodies or accumulations of natural, artificial, public or private waters situated wholly or partly in or bordering this state.

**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 1109, effective April 30, 2005 (Supp. 05-1). Amended by final rulemaking at 19 A.A.R. 768, effective June 1, 2013 (Supp. 13-2). Section R12-4-901 expired under A.R.S. § 41-1056(J) at 21 A.A.R. 757, effective March 31, 2015 (Supp. 15-2). New Section R12-4-901 renumbered from R12-4-1101 by final expedited rulemaking at 24 A.A.R. 407, effective February 6, 2018 (Supp. 18-1).

**R12-4-902. Aquatic Invasive Species; Prohibitions; Inspection, Decontamination Protocols**

- A. A person shall not, unless authorized under Article 4:
1. Possess, import, ship, or transport into or within this state an aquatic invasive species, unless authorized by the Director.
  2. Sell, purchase, barter, or exchange in this state an aquatic invasive species.
  3. Release an aquatic invasive species into waters or into any water treatment facility, water supply or water transportation facility, device or mechanism in this state.

- B. Upon removing a watercraft, vehicle, conveyance, or equipment from any waters listed in Director’s Order 2 and prior to transport, a person shall:

1. Remove all clinging materials such as plants, animals, and mud.
2. Remove all plugs and other valves or devices that prevent water drainage from all compartments that may retain water, such as ballast tanks, ballast bags, bilges, and ensure plugs or devices remain removed or open during transport.
3. If no plugs or barriers exist, take reasonable measures to drain or dry all compartments or spaces that may retain water. Reasonable measures include, but are not limited to, emptying bilges, application of absorbents, or ventilation.

- C. Before transporting a watercraft, vehicle, conveyance, or equipment to any waters located within or bordering this state from waters or locations listed in Director’s Order 2, a person shall comply with the mandatory conditions and protocols identified in Director’s Order 3 for decontamination of watercraft, vehicles, conveyances, and equipment.

- D. Department employees, certified agents, and Arizona peace officers authorized under A.R.S. § 17-104 may inspect a watercraft, vehicle, conveyance, or equipment for the purposes of determining compliance with A.R.S. Title 17, Chapter 2, Article 3.1 and this Section.

- E. If the presence of an aquatic invasive species is documented or suspected on or in a watercraft, vehicle, conveyance, or equipment, a Department employee or any Arizona peace officer may order a person to decontaminate or cause to be decontaminated such watercraft, vehicle, conveyance, or equipment using the mandatory protocols described in Director’s Order 3.

- F. The following Director’s Orders are available at any Department office and online at azgfd.gov:

1. Director’s Order 1 – Listing of Aquatic Invasive Species for Arizona,
2. Director’s Order 2 – Designation of Waters or Locations Where Listed Aquatic Invasive Species are Present, and
3. Director’s Order 3 – Mandatory Conditions on the Movement of Watercraft, Vehicles, Conveyances, or Other Equipment from Listed Waters Where Aquatic Invasive Species are Present.

- G. This Section does not apply to owners and operators exempt under A.R.S. § 17-255.04.

**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 1109, effective April 30, 2005 (Supp. 05-1). Amended by final rulemaking at 19 A.A.R. 768, effective June 1, 2013 (Supp. 13-2). Section R12-4-902 expired under A.R.S. § 41-1056(J) at 21 A.A.R. 757, effective March 31, 2015 (Supp. 15-2). New Section R12-4-902 renumbered from R12-4-1102 and amended by final expedited rulemaking at 24 A.A.R. 407, effective February 6, 2018 (Supp. 18-1).

**R12-4-903. Expired****Historical Note**

New Section made by final rulemaking at 11 A.A.R. 1109, effective April 30, 2005 (Supp. 05-1). R12-4-903 renumbered to R12-4-904; new Section R12-4-903 renumbered from R12-4-904 and amended by final rulemaking at 19 A.A.R. 768, effective June 1, 2013 (Supp. 13-2). Section R12-4-903 expired under A.R.S. §

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

41-1056(J) at 21 A.A.R. 757, effective March 31, 2015 (Supp. 15-2).

New Section made by final rulemaking at 11 A.A.R. 1109, effective April 30, 2005 (Supp. 05-1). R12-4-904 renumbered to R12-4-903; new Section R12-4-904 renumbered from R12-4-903 and amended by final rulemaking at 19 A.A.R. 768, effective June 1, 2013 (Supp. 13-2). Section R12-4-904 expired under A.R.S. § 41-1056(J) at 21 A.A.R. 757, effective March 31, 2015 (Supp. 15-2).

**R12-4-905. Expired****Historical Note**

New Section made by final rulemaking at 11 A.A.R. 1109, effective April 30, 2005 (Supp. 05-1). Amended by final rulemaking at 19 A.A.R. 768, effective June 1, 2013 (Supp. 13-2). Section R12-4-905 expired under A.R.S. § 41-1056(J) at 21 A.A.R. 757, effective March 31, 2015 (Supp. 15-2).

**R12-4-906. Expired****Historical Note**

New Section made by final rulemaking at 11 A.A.R. 1109, effective April 30, 2005 (Supp. 05-1). Amended by final rulemaking at 19 A.A.R. 768, effective June 1, 2013 (Supp. 13-2). Section R12-4-906 expired under A.R.S. § 41-1056(J) at 21 A.A.R. 757, effective March 31, 2015 (Supp. 15-2).

**ARTICLE 10. OFF-HIGHWAY VEHICLES****R12-4-1001. Minimum Standards for an Approved Off-highway Vehicle Educational Course**

The Department may approve an educational course of instruction in basic off-highway vehicle (OHV) safety and environmental ethics, provided the course meets the following minimum standards:

1. Course content. The course shall provide information regarding:
  - a. OHV safety;
  - b. Responsibilities of users of OHVs;
  - c. Use of an OHV in a manner that does not harm the natural terrain, plants, or animals;
  - d. Use of an OHV in a manner that minimizes air pollution; and
  - e. State statutes and rules regarding use of OHVs.
2. Course procedures. The course provider shall:
  - a. Use a written examination to measure the extent to which a participant learned the course content; and
  - b. Provide a certificate of completion to a participant who receives a score of 80% or above on the written examination or that demonstrates an equivalent proficiency.

**Historical Note**

New Section made by final rulemaking at 25 A.A.R. 1860, August 31, 2019 (Supp. 19-3).

**R12-4-1002. Course-approval Procedure**

- A. To obtain approval of an educational course of instruction in basic off-highway vehicle (OHV) safety and environmental ethics, the course provider shall submit an application to the Department's OHV Law Enforcement Program Manager using

a form furnished by the Department. The provider shall include the following information on the application form:

1. Name of provider;
  2. If the provider is not an individual, the name of the person who will maintain contact with the Department;
  3. Business address;
  4. Business email address; and
  5. Business and contact telephone numbers.
- B. In addition to the application form required under subsection (A), a provider shall include a copy of all of the following:
    1. The curriculum that will be used to provide the educational course;
    2. Any materials that will be provided to course participants;
    3. The written examination required under R12-4-1001(2)(a); and
    4. The certificate of completion required under R12-4-1001(2)(b).
  - C. The Department shall either approve or deny a request to approve an educational course within 60 days of receiving the application. The Department shall not approve an educational course that fails to meet the requirements established under R12-4-1001 or this Section. The Department shall provide a written notice to the course provider stating the reason for the denial.
  - D. The provider of an educational course of instruction that is not approved by the Department may appeal the denial to the Commission as prescribed under A.R.S. Title 41, Chapter 6, Article 10.

**Historical Note**

New Section made by final rulemaking at 25 A.A.R. 1860, August 31, 2019 (Supp. 19-3).

**R12-4-1003. Fee for an Approved Course**

Under A.R.S. § 28-1175(B), the provider of an approved educational course of instruction in basic off-highway vehicle safety and environmental ethics may collect a fee from each participant that:

1. Is reasonable and commensurate for the course, and
2. Does not exceed \$300.

**Historical Note**

New Section made by final rulemaking at 25 A.A.R. 1860, August 31, 2019 (Supp. 19-3).

**R12-4-1004. Off-highway Vehicle Sound-level Requirements**

- A. A peace officer who has reason to believe that an off-highway vehicle (OHV) is being operated in violation of A.R.S. § 28-1179(A)(3) may direct the operator to submit the OHV to an onsite test to measure the OHV's sound level. In accordance with A.R.S. § 28-1179(A)(3), the sound level of an OHV shall be measured using the following procedures, which are incorporated by reference and are available for inspection at the Arizona Game and Fish Department, 5000 W. Carefree Highway, Phoenix, Arizona 85086:
  1. All terrain vehicle or motorcycle. Society of Automotive Engineers, J1287, Measurement of Exhaust Sound Pressure Levels of Stationary Motorcycles, April 2017, available from SAE International, 400 Commonwealth Dr., Warrendale, PA 15096 or online at [www.sae.org](http://www.sae.org); and
  2. Other OHV. International Organization for Standardization, ISO 5130:2007, Acoustics-Measurements of Sound Pressure Level Emitted by Stationary Road Vehicles, 2007, May 31, 2007 Edition 2, available from American National Standards Institute, Attention Customer Service

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

Department, 25 W. 43rd St., 4th Floor, New York, NY 10056 or online at [www.iso.org](http://www.iso.org).

- B. If a peace officer directs the operator of an OHV to submit the OHV to an onsite test to measure the OHV's sound level, the operator shall allow the OHV and associated equipment to be tested. If the peace officer believes that more than one test of the OHV's sound level is necessary to ensure that an accurate measure is obtained, the operator shall allow multiple tests.
- C. If it is determined that an OHV is being operated in violation of A.R.S. § 28-1179(A)(3), the operator of the OHV shall:
  - 1. Immediately stop operating the OHV; and
  - 2. Ensure the vehicle is not operated again until it can be operated in compliance with A.R.S. § 28-1179(A)(3), except:
    - a. During a period of emergency; or
    - b. When the operation is directed by a peace officer or other public authority.
- D. This Section does not include any later amendments or editions of the incorporated materials.

**Historical Note**

New Section made by final rulemaking at 25 A.A.R. 1860, August 31, 2019 (Supp. 19-3).

**R12-4-1005. Nonresident Off-highway Vehicle User Indicia**

- A. The owner or operator of an all-terrain vehicle (ATV) or off-highway vehicle (OHV) as defined under A.R.S. § 28-1171 shall not operate the ATV or OHV off-highway in this state without an Arizona off-highway vehicle user indicia. This requirement only applies to an ATV or OHV that:
  - 1. Is designed by the manufacturer primarily for travel over unimproved terrain.
  - 2. Has an unladen weight of two thousand five hundred pounds or less.
- B. For lawful Arizona off-highway operation, the owner or operator of a qualifying nonresident ATV or OHV shall apply to the Department for an off-highway vehicle user indicia as prescribed under A.R.S. § 28-1177. The owner or operator shall submit to the Department:
  - 1. The nonresident off-highway vehicle user indicia application furnished by the Department and available on the Department's website,
  - 2. The fee established under subsection (C)(1), and
  - 3. The convenience fee established under subsection (C)(2).
- C. As authorized under A.R.S. § 28-1177:
  - 1. The fee for the nonresident off-highway vehicle user indicia is \$25.
  - 2. The Department may also collect and retain a reasonable and commensurate fee for its services.
- D. The owner or operator of the ATV or OHV titled or registered out-of-state shall display the nonresident off-highway user indicia in a manner that is clearly visible to outside inspection:
  - 1. For vehicles with three or more wheels, on the left side rear quadrant of the vehicle.
  - 2. For two-wheeled vehicles, the indicia shall be displayed on the left fork leg.

- E. A printed receipt or an electronic copy of the receipt of payment for an annual decal that is purchased online shall serve as a temporary permit for a period of 30 days from the date of purchase.
- F. Under A.R.S. § 28-1178, a person may operate an ATV or OHV in this state without the nonresident off-highway user indicia required under A.R.S. § 28-1177 when any one of the following applies:
  - 1. The person is loading or unloading an ATV or OHV from a vehicle.
  - 2. The person is participating in an off-highway special event.
  - 3. The person is operating an ATV or OHV:
    - a. During an emergency or as directed by a peace officer or other public authority.
    - b. Exclusively for agriculture, ranching, construction, mining or building trade purposes.
    - c. Exclusively on private land.

**The release of this Chapter in Supp. 25-4 replaces Supp. 22-1, 1-220 pages.**

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “*Rule*’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2025 is cited as Supp. 25-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. The Office links to these codified Sections in the Table of Contents of this Chapter.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

<i>Arizona Administrative Code</i> <u>Publisher</u> Department of State Office of the Secretary of State Administrative Rules Division	Published electronically under the authority of A.R.S. § 41-1012. Authentication authorized under Arizona Revised Statutes, Chapter 54, Uniform Electronic Legal Material Act.	Mailing Address: Administrative Rules Division Office of the Secretary of State 1700 W. Washington Street, Fl. 7 Phoenix, AZ 85007

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

**TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS;  
SECURITIES REGULATION****CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES**

Authority: Article XV, § 3, Constitution of Arizona and A.R.S. § 40-202 et seq.

**Supp. 25-4**

*Editor's Note: Under A.R.S. § 41-1011(C) Section headings were updated to title case for uniformity in Chapter style and format. These updates did not alter the sense, meaning or effect of any rule in this Chapter (Supp. 22-1).*

*Editor's Note: The Office of the Secretary of State publishes all Code Chapters on white paper (Supp. 02-1).*

*Editor's Note: The Corporation Commission has determined that rules in this Chapter are exempt from the Attorney General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)). This exemption means that the rule was not certified by the Attorney General. Because this Chapter was filed under a rulemaking exemption, as determined by the Corporation Commission, other than a statutory exemption, the Chapter is printed on green paper.*

*Editor's Note: Chapter 2, consisting of Sections R14-2-104, R14-2-105, R14-2-201 through R14-2-213, R14-2-301 through R14-2-313, R14-2-401 through R14-2-411, R14-2-501 through R14-2-510, and R14-2-601 through R14-2-610, adopted effective March 2, 1982.*

**CHAPTER TABLE OF CONTENTS****ARTICLE 1. GENERAL PROVISIONS**

*Former Sections R14-2-103, R14-2-127, and R14-2-128, renumbered as Sections R14-2-101 through R14-2-103 respectively and former Section R14-2-135 renumbered as Section R14-2-314 effective March 2, 1982.*

*Former Sections R14-2-101, R14-2-102, R14-2-104, R14-2-106 through R14-2-126, R14-2-129, R14-2-130, R14-2-132 through R14-2-134 repealed effective March 2, 1982.*

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

**ARTICLE 1. GENERAL PROVISIONS****R14-2-101. Accident Reports**

- A. Where not otherwise specifically prescribed by rule with respect to particular classes of public service corporations, all public service corporations shall report in writing by the end of the next working day to the Commission all accidents in which such public service corporations are involved, which result in death, personal injury to any person necessitating off-site medical attention, or property damage exceeding \$5,000.00. For purposes of this rule, off-site medical attention includes any medical treatment provided by medical professionals which requires transportation of the patient by ambulance, or treatment of the patient in an emergency room, or in-patient hospitalization. For those accidents in which it is not readily determinable if the property damage exceeds \$5,000.00, the public service corporation will have an additional two working days in which to submit its report. Any associated personal injuries requiring off-site medical attention would still have to be reported within the initial business day.
- B. This report shall state, as accurately as possible, the dollar amount of the damage. If this amount is not known immediately, or if investigation discloses a 15% or greater variation from the amount in this report, a follow-up report shall be submitted.
- C. If such accidents result in death or injury likely to result in death, a report shall also be made within 24 hours by telegraph or telephone stating the essential facts.

**Historical Note**

Former Section R14-2-101 repealed, former Section R14-2-103 renumbered as Section R14-2-101 without change effective March 2, 1982 (Supp. 82-2). Amended effective February 3, 1989 (Supp. 89-1). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-102. Treatment of Depreciation**

- A. The following definitions shall apply in this Section unless the context otherwise requires:
1. "Accumulated depreciation" means the summation of the annual provision for depreciation from the time that the asset is first devoted to public service.
  2. "Cost of removal" means the cost of demolishing, dismantling, removing, tearing down, or abandoning of physical assets, including the cost of transportation and handling incidental thereto.
  3. "Depreciation" means an accounting process which will permit the recovery of the original cost of an asset less its net salvage over the service life.
  4. "Depreciation rate" means the percentage rate applied to the original cost of an asset to yield the annual provision for depreciation.
  5. "Net salvage" means the salvage value of property retired less the cost of removal.
  6. "Original cost" means the cost of property at the time it was first devoted to public service.
  7. "Property retired" means assets which have been removed, sold, abandoned, destroyed, or which for any cause have been withdrawn from service and books of account.
  8. "Salvage value" means the amount received for assets retired, less any expenses incurred in selling or preparing the assets for sale; or if retained, the amount at which the material recoverable is chargeable to materials and supplies, or other appropriate accounts.

9. "Service life" means the period between the date an asset is first devoted to public service and the date of its retirement from service.

- B. All public service corporations shall maintain adequate accounts and records related to depreciation practices, subject to the following:
1. Annual depreciation accruals shall be recorded.
  2. A separate reserve for each account or functional account shall be maintained.
  3. The cost of depreciable plant adjusted for net salvage shall be distributed in a rational and systemic manner over the estimated service life of such plant.
  4. Public service corporations having less than \$250,000 in annual revenue shall not be required to maintain depreciation records by separate accounts but shall make annual composite accruals to accumulated depreciation for total depreciable plant.
- C. Requests for depreciation rate changes and methods for estimating depreciation rates shall be as follows:
1. If a public service corporation seeks a change in its depreciation rates, it shall submit a request for such as part of a rate application in accordance with the requirements of R14-2-103.
  2. A public service corporation may propose any reasonable method for estimating service lives, salvage values, and cost of removal. The method shall be fully described in a request to change depreciation rates.
  3. Data and analyses supporting the change shall be submitted, including engineering data and assessment of the impact and appropriateness of the change for ratemaking purposes.
  4. Changed depreciation rates shall not become effective until the Commission authorizes such changes.
- D. Upon the motion of any party or upon its own motion, the Commission may determine that good cause exists for granting a waiver from one or more of the requirements of this Section.

**Historical Note**

Former Section R14-2-102 repealed, former Section R14-2-127 renumbered as Section R14-2-102 without change effective March 2, 1982 (Supp. 82-2). Forward to the rule corrected as filed April 13, 1973 (Supp. 89-1). Section R14-2-102 repealed, new Section adopted effective April 9, 1992 (Supp. 92-2). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-103. Defining Filing Requirements in Support of a Request by a Public Service Corporation Doing Business in Arizona for a Determination of the Value of Property of the Corporation and of the Rate of Return Thereon, or in Support of Proposed Increased Rates or Charges****A. Purpose and definitions**

1. Purpose: The purpose of this General Order is to define the specific financial and statistical information required to be filed with a request by a public service corporation doing business in Arizona for a determination of the value of the property of the corporation and of the rate of return to be earned thereon, with regard to proposed increased rates or charges. This General Order does not apply to the implementation of previously approved adjustment or escalation clauses.
2. Applicability of rules: These rules shall apply to all electric, gas, telephone, telegraph, water and private fire pro-

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

tection public service corporations under the jurisdiction of the Commission. These rules are applicable both to all filings made after the effective date of this General Order and to any rate proceeding pending on the effective date of this General Order in which the Commission has issued no final decision. These rules are not intended to prohibit utilities from filing additional schedules, exhibits and other documents in which the Commission has issued no final decision. These rules are not intended to prohibit utilities from filing additional schedules, exhibits and other documents which may be material to the rate proceeding, nor are they intended to prohibit the Commission from considering such schedules, exhibits or other documents in making its determination. In pending proceedings, to the extent that the information required by this General Order is not included in the public service corporation's exhibits or is not otherwise in the record, such information shall be supplied as soon as possible unless a waiver is requested and granted pursuant to subsection (B)(5).

3. Definitions: Terminology used in this General Order is defined as follows:

- a. "Accounting method" -- the accounting method prescribed or recognized by the Commission.
- b. "Commission" -- The Arizona Corporation Commission.
- c. "Cost of service" -- The total cost of providing service to a defined segment of customers, as determined by the application of logical and generally accepted cost analysis and allocation techniques.
- d. "Department" -- A responsibility center within a combination utility where revenues and costs are accumulated by commodity or service rendered.
- e. "Depreciated original cost" -- The cost of property to the person first devoting it to public service, less the depreciation reserve, which shall include accrued depreciation and amortization calculated in accordance with General Order R14-2-102. Depreciated original cost shall not include any goodwill or going concern value, nor shall it include certificate value in excess of payment made or costs incurred in the initial acquisition thereof.
- f. "Exhibit" -- One or more schedules which support a rate filing or testimony in a rate proceeding.
- g. "Filing" -- An application and required schedules, exhibits or other documents filed by a public service corporation to initiate any rate proceeding under this Section. For all Class A and B utilities and for Class C electric and gas utilities, the filing shall include direct testimony in support of the application. For Class C water, sewer, and telephone utilities and for all Class D and E utilities, the filing shall include a written description of the components of the application. Nothing in this Section shall be construed to prohibit a public service corporation, prior to making a filing, from giving the Commission informal

pre-filing notice of its intent to make a filing. Such pre-filing notice would permit the Commission, on a tentative basis, to assign a hearing date and would permit agreement on an appropriate test year.

- h. "Original cost rate base" -- An amount consisting of the depreciated original cost, prudently invested, of the property (exclusive of contributions and/or advances in aid of construction) at the end of the test year, used or useful, plus a proper allowance for working capital and including all applicable pro forma adjustments.
- i. "Pro forma adjustments" -- Adjustments to actual test year results and balances to obtain a normal or more realistic relationship between revenues, expenses and rate base.
- j. "Projected year" -- The year immediately following the test year.
- k. "Projections" -- Estimate of future results of operations based upon known facts or logical assumptions concerning future events.
- l. "Prudently invested" -- Investments which under ordinary circumstances would be deemed reasonable and not dishonest or obviously wasteful. All investments shall be presumed to have been prudently made, and such presumptions may be set aside only by clear and convincing evidence that such investments were imprudent, when viewed in the light of all relevant conditions known or which in the exercise of reasonable judgment should have been known, at the time such investments were made.
- m. "Rate schedule" -- A schedule of rates and conditions for a specific classification of customer or for other specific services.
- n. "Reconstructed Cost New (RCND) Rate Base" -- An amount consisting of the depreciated reconstruction cost new of the property (exclusive of contributions and/or advances in aid of construction) at the end of the test year, used and useful, plus a proper allowance for working capital and including all applicable pro forma adjustments. Contributions and advances in aid of construction, if recorded in the accounts of the public service corporation, shall be increased to a reconstruction new basis.
- o. "Staff" -- The staff of the Commission or its designated representatives.
- p. "Test year" -- The one-year historical period used in determining rate base, operating income and rate of return. The end of the test year shall be the most recent practical date available prior to the filing.
- q. "Utilities" -- For purposes of the Section, utilities are electric, gas, telephone, water, sewer or any other that may be supplying service and/or commodities which in the future may be adjudged a public service corporation and under the jurisdiction of this Commission, are classified as follows:

Annual Operating Revenue					
	Class A	B	C	D	E
Electric & Gas	Exceeding 10,000,000	3,000,000 to 10,000,000	1,000,000 to 2,999,999	250,000 to 999,999	Less than 250,000

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

Water & Sewer	Exceeding 10,000,000	3,000,000 to 10,000,000	1,000,000 to 2,999,999	250,000 to 999,999	Less than 250,000
Telephone	Exceeding 10,000,000	3,000,000 to 10,000,000	1,000,000 to 2,999,999	250,000 to 999,999	Less than 250,000

Annual operating revenues are those gross utility operating revenues derived from jurisdictional operations, including the requested rate relief. A combination utility is a utility which provides more than one of the commodities or services enumerated in this subsection. For combination utilities, the annual operating revenue, including the requested rate relief, for the specific subsidiary, department, or operating division requesting the rate change shall be used for classification purposes.

- r. "Working capital" -- A proper allowance for cash, materials and supplies and prepayments.

**B. Filing requirements:**

1. Information required from Class A, B, C and D Utilities: The information required to be prepared and submitted by Class A, B, C and D Utilities in conjunction with a filing is presented below. Corresponding schedule formats are contained in the Appendix of this General Order and

denoted. These formats are not applicable to Class E utilities. The Appendix schedule formats A-1 through A-5 are a part of this General Order, and the Applicant's schedules should conform to these formats. All other Appendix schedule formats and descriptions are illustrative and the applicant's specific formats may vary from that suggested in the Appendix. The substantive information requested, both on the Appendix schedule and in the body of this General Order, however, must be contained on the applicant's schedules together with the titles and schedule numbers provided in the Appendix. Specific information items requested on the Appendix schedules may be omitted without formal waiver, from the filing where it is evident that said items are not applicable to the applicant's business. The instructions and notes contained on the Appendix schedules shall be followed where applicable. Reconstruction Cost New Depreciated information not filed by the applicant shall be deemed waived.

	Information	Filing Required by	Appendix Schedule Reference(s)
A.	Summary Information:		
1.	A summary of the increase in revenue requirements and the spread of the revenue increase by customer classification.	All classes	A-1
2.	A summary of the results of operations for the test year and for the test year and the 2 fiscal years ended prior to the end of the test year, compared with the projected year.	All classes	A-2
3.	A summary of the capital structure for the test year and the 2 fiscal years ended prior to the end of the test year, compared with the projected year.	Classes A & B	A-3
4.	Construction expenditures and gross utility plant in service for the test year and the 2 fiscal years ended prior to the end of the test year, compared with the projected year.	All classes	A-4
5.	A summary of changes in financial position for the test year and the 2 fiscal years ended prior to the end of the test year, compared with the projected year.	Classes A & B	A-5
B.	Rate Base Information:		
1.	A schedule showing the elements of original cost and RCND rate bases.	All classes	B-1
2.	A schedule listing pro forma adjustments to gross plant in service and accumulated depreciation for the original cost rate base.	All classes	B-2
3.	A schedule showing pro forma adjustments to gross plant in service and accumulated depreciation for the RCND rate base.	All classes	B-3
4.	A schedule demonstrating the determination of reproduction cost new less depreciation at the end of the test period.	All classes	B-4
5.	A schedule showing the computation of working capital allowance.	All classes	B-5
C.	Test Year Income Statements:		
1.	A test year income statement, with pro form adjustments.	All classes	C-1
2.	A schedule showing the detail of all pro forma adjustments.	All classes	C-2
3.	A schedule showing the incremental taxes and other expenses on gross revenues and the computation of an incremental gross revenue conversion factor.	All classes	C-3
D.	Cost of Capital Information:		
1.	A schedule summarizing the elements in the capital structure at the end of the test year and the projected year, their related costs and the computation of the total cost of capital.	All classes	D-1
2.	A schedule showing the detail of long-term and short-term debt at the end of the test year and the projected year and their total cost.	Classes A & B	D-2
3.	A schedule showing the detail of preferred stock at the end of the test year and the projected year, and their total cost.	Classes A & B	D-3
4.	A schedule summarizing conclusions of the required return on the common equity as of the end of the test year and the projected year.	Classes A & B	D-4
E.	Financial Statements and Statistical Data:		
1.	Comparative balance sheets for the end of the test year and the 2 fiscal years ended prior to the end of the test year.	All classes	E-1

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

Information		Filing Required by	Appendix Schedule Reference(s)
2.	Comparative income statements for the test year and the 2 fiscal years ended prior to the end of the test year.	All classes	E-2
3.	Comparative statements of changes in financial position for the test year and the 2 fiscal years ended prior to the end of the test year.	Classes A & B	E-3
4.	Statements of changes in stockholder's equity for the test year and the 2 fiscal years ended prior to the end of the test year.	Classes A & B	E-4
5.	A comparative schedule showing by detail account number, utility plant balances at the end of the test year and the end of prior fiscal year.	All classes	E-5
6.	Comparative departmental statements of operating income for the test year and the 2 fiscal years ended prior to the end of the test year.	All classes of combination utilities	E-6
7.	Comparative operating statistics on customers, consumption, revenues, and expenses for the test year and the 2 fiscal years ended prior to the end of the test year.	All classes	E-7
8.	A comparative schedule of all significant taxes charged to operations for the test year and the 2 fiscal years ended prior to the end of the test year.	All classes except Class D	E-8
9.	Audited financial statements, if available, for the test year and the 2 fiscal years ended prior to the end of the test year. If the financial statements have not been audited, notes to the financial statements should be provided to indicate accounting method, depreciation lives and methods, income tax treatment and other important disclosures.	All classes	E-9
F.	Projections and Forecasts:		
1.	A projected income statement for the projected year compared with actual test year results, at present rates and proposed rates.	All classes	F-1
2.	Projected changes in financial position for the projected year compared with the test year, at present rates and proposed rates.	Classes A & B	F-1
3.	Projected annual construction requirements, by property classification, for 1 to 3 years subsequent to the test year, compared with the test year.	Classes A & B 3 years Classes C & D 1 year	F-3
4.	Important assumptions used in preparing forecasts and projections.	All classes	F-4
G.	Cost of Service Information		
	A utility shall submit cost of service analyses and studies if all of the following conditions prevail:		
1.	The utility is in a segment of the utility industry that recognizes cost of service studies as important tools for rate design.		
2.	Costs incurred by the utility are likely to vary significantly from 1 defined segment of customers to another.		
	A historical accounting period other than the test year may be used for cost of service purposes provided that customer mix in the historical period used is representative of the test year. When a cost of service analysis is required, the following information shall be submitted:		
1.	Schedule showing rates of return by customer classification at present and proposed rates.	Classes A, B and C if applicable	G-1 G-2
2.	Schedules showing the approach used in allocating or assigning plant and expenses to classes of service and defined functions.	Classes A, B and C if applicable	G-3 G-4 G-5 G-6 G-7
3.	Schedules showing the development of all allocation factors used in the all allocation factors used in the cost of service study.	Classes A, B and C if applicable	
H.	Effect of Proposed Rate Schedules:		
1.	A comparison of revenues by customer classification or other classification of revenues for the test year, at present and proposed rates.	All classes	H-1
2.	A comparison of revenues by class of service and by rate schedule for the test year, at present and proposed rates.	Classes A & B	H-2
3.	A comparison of present and proposed rate schedules or representative rate schedules.	Class A representative schedules; Classes B, C and D - all schedules	H-3
4.	Typical bill analysis	All classes	H-4
5.	Bill count	All classes	H-5
2.	Information required from Class E Utilities: The information required to be prepared and submitted by a Class E Utility in support of a filing is as follows:		
a.	A statement of income for the test year similar in format to Schedule C-1 or E-2.		
b.	A balance sheet as of the end of the test year similar in format to Schedule E-1.		
c.	Utility plant account balances at the end of the test year similar in format to Schedule E-5.		
d.	An estimate of new investment in utility plant to be added in the projected year.		
e.	A schedule of current rates and proposed rates and the additional revenues to be derived from the proposed rates.		
	The appendix schedules shall be used as guides in presenting the information specified in this subsection.		
3.	A cooperative, as defined in R14-2-107, may initiate a rate proceeding by preparing and submitting a filing		

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

under this Section or, if eligible, by following the requirements of R14-2-107.

4. Separation of nonjurisdictional properties, revenues and expenses associated with the rendition of utility service not subject to the jurisdiction of the Commission must be identified and properly separated in a recognized manner when appropriate. In addition, all nonutility properties, revenues and expenses shall likewise be segregated. If nonutility operations are significant, appropriate allocations of capital should be made.
5. Additional information: The Commission may request that supplementary information in addition to that specifically required in subsections (B)(1) and (2) of this General Order be submitted by a utility either prior to or after a filing.
6. Waiver of requirements: Either prior to the filing or within 15 days from the date thereof, the Commission, after determining the existence of reasonable cause, by order may waive compliance with any or all of the requirements of this General Order. Such Waiver will be granted only upon written petition to the Commission. In said petition, the utility must demonstrate that the requirements sought to be waived are either not applicable to the rate matter which is the subject of the filing or that compliance therewith would place an undue burden on the utility.
7. Notice of sufficiency of a utility's filing: The staff will review each filing to ascertain whether it is in compliance with the provisions of this Section, including the instructions contained in subsection (B)(9) or in forms prescribed by the Commission. Within 30 days after receipt of the utility's filing, the staff shall file with Docket Control and serve on the utility a notice that the filing either is in compliance with the Commission's requirements or is deficient. A notice of deficiency must include an explanation of the defect found. If the staff fails to file any notice within the 30-day period, the utility's filing shall be deemed accepted as of the 31st day.
8. Production of out-of-state books and records: A utility shall produce or deliver in this state all or any of its formal accounting records and related documents requested by the Commission. It may, at its option, provide verified copies of original records and documents.
9. General filing instructions: In preparing the information specified in subsections (B)(1) and (2) of this General Order, the following instructions are applicable:
  - a. All schedules shall be mathematically correct and properly cross-referenced. The applicant shall ascertain that adequate detail has been provided to explain and support all significant items and amounts.
  - b. Amounts may be rounded, where appropriate, to the nearest thousand dollars for Class A utilities, to the nearest hundred dollars for Class B and C utilities and to the nearest dollar for Class D and E utilities.
  - c. Except for Class E utilities, all schedules shall be numbered as provided in the Appendix. Schedules prepared by all classes of utilities shall contain a date -- generally the preparation date or the filing date.
  - d. Headings on schedules shall clearly indicate the nature and intent of the schedule and the dates or time periods covered.
- At the date of filing, a minimum of 10 complete sets of the applicant's schedules and exhibits shall be provided to the Commission.
10. Staff assistance in preparing a filing: The staff will, consistent with other workload requirements, be available to provide assistance to an applicant in preparing a filing.
11. Timing of Commission action on a filing:
  - a. For all Class A and B utilities and for Class C electric and gas utilities, the Hearing Officer shall issue a procedural schedule in the rate case within 30 days from the date that a filing is accepted pursuant to subsection (B)(7).
  - b. Unless otherwise ordered by the Commission, the staff shall file its Staff Report and/or testimony within the following number of days from the date that a filing is accepted pursuant to subsection (B)(7):
    - i. For Class A utilities, within 180 days.
    - ii. For Class B utilities, within 180 days.
    - iii. For Class C utilities, within 135 days.
    - iv. For Class D utilities, within 75 days.
    - v. For Class E utilities, within 60 days.
  - c. For all Class A utilities, the Hearing Officer shall issue a recommended order in the rate case at least 20 days prior to the last regularly scheduled open meeting in the time period calculated pursuant to subsection (B)(11)(d). For all other utilities, the Hearing Officer shall issue a recommended order at least 10 days prior to the last regularly scheduled open meeting in the time period calculated pursuant to subsection (B)(11)(d).
  - d. The Commission shall issue a final order that disposes of all issues involved in all parts or phases of the proceeding within the following number of days from the date that a filing is accepted pursuant to subsection (B)(7):
    - i. For Class A utilities, within 360 days.
    - ii. For Class B utilities, within 360 days.
    - iii. For Class C utilities, within 270 days.
    - iv. For Class D utilities, within 180 days.
    - v. For Class E utilities, within 120 days.
  - e. Upon motion of any party to the matter or on its own motion, the Commission or the Hearing Officer may determine that the time periods prescribed by subsection (B)(11)(d) should be extended or begin again due to:
    - i. Any amendment to a filing which changes the amount sought by the utility or substantially alters the facts used as a basis for the requested change in rates or charges; or
    - ii. An extraordinary event, not otherwise provided for by this subsection.
  - f. If a hearing is conducted to evaluate a filing, the time periods prescribed by subsection (B)(11)(a) shall be extended three days for each one day of actual hearing on the merits of the filing.
  - g. The time periods prescribed by subsection (B)(11)(a) shall not be applicable to any filing submitted by a utility which has more than one rate application before the Commission at the same time.
  - h. In the event no final order has been issued within the time periods specified in this subsection, the utility may request any time thereafter that the Commission schedule a hearing to consider putting new rates or

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

charges into effect, on an interim basis subject to refund, for all consumption thereafter. To put such rates or charges into effect, the utility would be required to file a bond to be approved by the Commission payable to the state of Arizona in such amount and with sufficient security to insure prompt payment of any refunds to the persons entitled thereto, including an interest rate as determined by the Commission not to exceed the maximum interest

otherwise allowable by law, if the rates or charges so put into effect are finally determined by the Commission to be excessive. The utility may substitute for the bond other arrangements satisfactory to the Commission for the protection of the parties involved. The Commission shall issue a final order on a request for interim rates within 60 days plus the number of interim hearing days from the filing date of the request.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

## Schedule F-4. Assumptions Used in Developing Projection

ARIZONA CORPORATION COMMISSION REGULATION R14-2-103 APPENDIX ILLUSTRATIVE SCHEDULE FORMAT	Schedule: <u>F-4</u> Title: <u>Assumptions Used in Developing Projection</u>
Explanation: Documentation of important assumptions used in preparing forecasts and projections.	Required For: All Utilities <input checked="" type="checkbox"/> Special Reqmt. <input type="checkbox"/> Class A <input type="checkbox"/> Class B <input type="checkbox"/> Class C <input type="checkbox"/> Class D <input type="checkbox"/>

Important assumptions used in preparing projections should be explained.

Areas covered should include:

1. Customer growth
2. Growth in consumption and customer demand
3. Changes in expenses
4. Construction requirements, including production reserves and changes in plant capacity
5. Capital structure changes
6. Financing costs, interest rates

Supporting Schedules:Recap Schedules:**Historical Note**

Former Section R14-2-103 renumbered as Section R14-2-101, former Section R14-2-128 renumbered as Section R14-2-103 with-out change effective March 2, 1982 (Supp. 82-2). Amended subsection (B) effective June 18, 1987 (Supp. 87-2). Amended effective August 31, 1992 (Supp. 92-3). Amended by final rulemaking at 19 A.A.R. 397, effective April 9, 2013 (Supp. 13-1). Amended by final rulemaking at 20 A.A.R. 3439, effective January 16, 2015 (Supp. 14-4).

**R14-2-104. Inspection of annual reports**

Pursuant to A.R.S. § 40-204(C), all utility annual reports and attachments thereto required to be filed pursuant to this Chapter shall be open to public inspection without further or special order of the Arizona Corporation Commission.

**Historical Note**

Former Section R14-2-104 repealed, new Section R14-2-104 adopted effective March 2, 1982 (Supp. 82-2).

**R14-2-105. Notice of rate hearings**

- A.** Every public service corporation shall give notice to customers affected of any hearing at which the fair value of that corporation's property is to be determined and just and reasonable rates and charges are to be established.
- B.** The form and manner of such notice shall be as the Commission may direct by procedural order.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2).

**R14-2-106. Commission Color Code to Identify Location of Underground Facilities**

- A.** If the location of an underground facility is marked with stakes, paint, or in some customary manner pursuant to A.R.S. § 40-360.21(13), the facility owner will use the following color code:

<b>Facility Type</b>	<b>Specific Color</b>
Electric Power Distribution and Transmission	Safety Red
Gas Distribution and Transmission; Oil Product Distribution and Transmission; Dangerous Materials, Product Lines	High Visibility Safety Yellow

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

Telephone and Telegraph System; Cable Television	Safety Alert Orange
Fiber Optics Communication Lines	The Letter "F" in Safety Alert Orange
Water Systems; Slurry Pipelines	Safety Precaution Blue
Reclaimed Water Systems	Purple
Sanitary Sewer Systems	Safety Green

**UNACCEPTABLE FACILITY LOCATION COLORS:**

Fluorescent Pink - This shall be considered a land surveyor marking.

White - This shall be reserved for excavator markings.

- B.** Excavators and Underground Facility Owners shall consider use of the color fluorescent pink to be indicative of land survey markings and not location markings for any underground facility. Surveyors may place aerial photogrammetric markings (targets) using the color white; such marking shall have a fluorescent pink dot not less than two inches in diameter placed within one foot of any edge of the aerial marking. Fluorescent pink shall not be used by excavators or Underground Facility Owners.
- C.** Excavators making markings pursuant to A.R.S. § 40-360.22(C) are required to use the color white.
- D.** Colors similar to those listed in R14-2-106(A) through R14-2-106(C) shall not be used for other than their listed purpose.

**Historical Note**

Adopted effective September 5, 1986 (Supp. 86-5).

Amended effective June 4, 1993, under an exemption from the Attorney General certification requirements of the Arizona Administrative Procedure Act (Supp. 93-2).

Amended effective August 16, 1996 (Supp. 96-3).

Amended by final rulemaking at 8 A.A.R. 971, effective February 19, 2002 (Supp. 02-1).

**R14-2-107. Electric, Natural Gas, or Affiliated Water Cooperative Streamlined Rate Application Filing Requirements and Process****A.** Definitions. In this Section, unless otherwise specified:

1. "Affiliated entity" means an "entity" as defined in A.A.C. R14-2-801 that, in relation to a cooperative, meets the definition of an "affiliate" in A.A.C. R14-2-801.
2. "Base revenue" means the revenue generated by permanent rates and charges, excluding:
  - a. Revenue generated through adjustor mechanisms, and
  - b. Revenue generated through miscellaneous service charges.
3. "CFC" means the National Rural Utilities Cooperative Finance Corporation.
4. "Commission" means the Arizona Corporation Commission.
5. "Cooperative" means a legal entity that is:
  - a. A domestic corporation or a foreign corporation authorized to transact business in this state;
  - b. Operated as a not-for-profit or non-profit;
  - c. Owned and controlled by its members; and
  - d. Operating as a public service corporation in this state by providing electric utility services, natural gas utility services, or water utility services from an affiliated entity.
6. "Customer" means anyone who receives utility service from the cooperative.

7. "Docket Control" means the organizational unit within the Commission's Hearing Division that accepts, records, and maintains filings.
  8. "FERC" means the Federal Energy Regulatory Commission.
  9. "File" means to submit to Docket Control, with the required number of copies and in an acceptable format, for recording under an appropriate docket number.
  10. "Full permanent rate case decision" means a Commission decision:
    - a. Issued on an application filed under R14-2-103 and not under this Section,
    - b. In which the Commission ascertained the fair value of a public service corporation's property within Arizona and established a schedule of rates and charges for the public service corporation's provision of utility services within Arizona, and
    - c. Not issued under A.R.S. § 40-252.
  11. "Non-price tariff change" means modification of one or more tariff provisions, either through altering existing tariff language or adding new tariff language, in a manner that substantively alters a requirement other than a rate or charge.
  12. "Rate schedule" means a schedule of rates and conditions for a specific classification of customer or for other specific services.
  13. "Rate structure change" means any of the following:
    - a. Introduction of a new rate schedule;
    - b. Elimination of an existing rate schedule;
    - c. A change in base revenue generated by the residential rate class greater than 150% of the overall base revenue increase;
    - d. A change greater than 35% in the customer charge within a rate schedule for residential customers; or
    - e. A change in the rate blocks or the percentage relationship of the prices among rate blocks.
  14. "RUS" means United States Department of Agriculture, Rural Utilities Service.
  15. "Staff" has the same meaning as in R14-2-103.
  16. "Test year" means the one-year historical period used in determining rate base, operating income, and rate of return, which shall have an ending date within 12 months before the filing date for a rate application under this Section and shall include at least six months during which a cooperative's current rates and charges were in effect.
  17. "Timely" means in the manner and before the deadlines prescribed in this Section.
- B.** Eligibility Requirements. Except as provided in subsection (C), a cooperative may file and pursue a rate application under this Section rather than R14-2-103 only if the following eligibility requirements are met:
1. A full permanent rate case decision for the cooperative has been issued within the 20-year period immediately preceding the filing of the cooperative's rate application;
  2. The cooperative has not filed a rate application under this Section within the 12 months immediately preceding the filing of the cooperative's rate application;
  3. The cooperative is required by law or contract to make a certified annual financial and statistical report to a federal agency, such as RUS or FERC, or an established national non-profit lender that specializes in the utility industry, such as CFC or CoBank;

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

4. The test year used in the cooperative's rate application complies with the definition of a test year in subsection (A);
  5. The cooperative's rate application includes the most recent audited financials for the cooperative;
  6. The cooperative's rate application does not propose an increase in total base revenue amounting to more than 6% of the actual test year total base revenue;
  7. The cooperative's rate application uses its original cost rate base as its fair value rate base;
  8. The cooperative's rate application proposes changes in rates and charges and non-price tariff language consistent with subsection (D) and does not propose adoption of a new hook-up fee or another new type of fee;
  9. The cooperative's rate application does not propose a rate structure change except for the elimination of a rate schedule if the rate schedule has had no customer participation within the one year prior to the test year through and including the test year;
  10. The cooperative's rate application does not request financing approval and does not request consolidation with another docket;
  11. The customer notice provided by the cooperative conformed to the requirements of subsection (F) and was approved by Staff;
  12. For a distribution cooperative, the objections timely submitted by the cooperative's customers represent no more than 5% of all customer accounts or no more than 1,000 customer accounts, whichever is fewer; and
  13. For a generation or transmission cooperative, no member distribution cooperative has filed a timely objection to the application, and the objections timely submitted by retail customers served by member distribution cooperatives represent no more than 3,000 customer accounts.
- C.** A multi-jurisdictional cooperative with less than 30% of its customers within Arizona that seeks only to implement rates for Arizona customers that are already effective in the jurisdiction where the majority of the cooperative's customers are located may pursue a rate application under this Section without meeting the eligibility requirements of subsections (B)(1) through (10).
- D.** A cooperative may propose any of the following in its rate application filed under this Section:
1. Changes to an existing adjustor rate;
  2. Changes to an existing surcharge rate;
  3. Changes to an existing hook-up fee or other fee;
  4. Adoption of a new adjustor mechanism or surcharge mechanism, if the mechanism has been previously approved by the Commission;
  5. Adjustment to the base cost of power;
  6. Changes to non-price tariff language, including language that freezes participation in a tariff to existing customers;
  7. Changes to depreciation rates, if supported by a depreciation study approved by Staff engineers; and
  8. Waiver of one or more of the eligibility requirements in subsections (B)(1) through (B)(10), except (B)(3).
- E.** Pre-Filing Requirements. Before filing a rate application under this Section, a cooperative shall:
1. Analyze the cooperative's eligibility under subsection (B);
  2. Submit to Staff, in both hard copy and electronic (with formulae intact) formats, a Request for Pre-Filing Eligibility Review, which shall include a draft application including the items and information described in subsections (G)(1) through (6), and a copy of the Proposed Form of Notice to be sent to the cooperative's customers;
  3. No sooner than 30 days after the date Staff receives the Request for Pre-Filing Eligibility Review, meet with Staff to discuss the cooperative's eligibility under subsection (B) and any Staff modifications to the Proposed Form of Notice; and
  4. After meeting with Staff, if the cooperative decides to pursue a rate application under this Section, file a Request for Docket Number and Proposed Form of Notice for Staff approval.
- F.** Notice Requirements.
1. A cooperative shall ensure that the Proposed Form of Notice submitted to Staff for approval includes, at a minimum, all of the following:
    - a. The cooperative's name and contact information;
    - b. The docket number assigned to the cooperative's rate application proceeding;
    - c. A summary of the rate relief requested by the cooperative in its rate application;
    - d. For a distribution cooperative, the monthly bill impact to a residential customer with average usage if the requested rate relief were granted by the Commission;
    - e. For a generation or transmission cooperative, the estimated rate and revenue impact to each member distribution cooperative served if the requested rate relief were granted by the Commission;
    - f. Instructions for viewing or obtaining filed documents;
    - g. Information regarding the Commission's process under this Section;
    - h. The deadline to file intervention requests and objections, which shall be a date no earlier than 30 days after the date Notice is mailed to customers;
    - i. Instructions for requesting intervention and submitting objections; and
    - j. Information regarding disability accommodations;
  2. After receiving Staff approval for a form of Notice, a cooperative shall provide notice of its application as follows:
    - a. If a distribution cooperative, by sending the Notice, by First Class Mail, to each of the cooperative's customers; and
    - b. If a generation or transmission cooperative, by publishing the Notice in at least one newspaper of general circulation in the service territory of each member distribution cooperative served and by sending the Notice, by First Class Mail, to each member distribution cooperative served.
- G.** Filing Requirements. Within twenty days after completing the provision of Notice as required by subsection (F)(2), a cooperative shall file in the assigned docket a rate application under this Section, which shall include the following:
1. The legal name of the cooperative and identification of the test year;
  2. A waiver of the use of reconstruction cost new rate base to determine the cooperative's fair value rate base;
  3. A copy of the most recent certified annual financial and statistical report submitted by the cooperative to a federal agency, such as RUS or FERC, or an established national non-profit lender that specializes in the utility industry, such as CFC or CoBank;

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

4. A copy of the most recent audited financials for the cooperative;
  5. The information listed in the table in R14-2-103(B)(1) for Schedule A-1, which shall be submitted in the format provided in Appendix Schedule A-1;
  6. The information listed in the table in R14-2-103(B)(1) for Schedules B-2, C-1, C-2 (if applicable), E-5, E-7, E-9, and H-1 through H-5, which:
    - a. Shall be included on schedules labeled consistently with and containing the substantive information corresponding to the Appendix Schedules,
    - b. Shall conform to the instructions and notes contained on the corresponding Appendix Schedules,
    - c. May be submitted in the format provided in the Appendix Schedules or formatted in an alternate manner, and
    - d. May omit information that is not applicable to the cooperative's operations;
  7. The information listed in the table in R14-2-103(B)(1) for Schedules B-3 and B-4, if requesting a change in depreciation rates in accordance with subsection (D)(7);
  8. A copy of the Notice sent and, if applicable, published, as required under subsection (F)(2); and
  9. Proof that the Notice was sent and, if applicable, published, as required under subsection (F)(2).
- H. Pre-Eligibility-Review Objections and Requests.** Any person desiring to object to the cooperative's rate application or to request intervention in the cooperative's rate case shall file an objection or request no later than the date specified in the Notice provided pursuant to subsection (F)(2).
- I. Late Objections.** In determining the cooperative's eligibility to proceed with its rate application under this Section, Staff shall not consider any objection that is filed after the deadline in the Notice provided pursuant to subsection (F)(2).
- J. Eligibility and Sufficiency Review.** Within seven days after the deadline for objections and intervention requests specified in the Notice provided pursuant to subsection (F)(2), Staff shall:
1. Review the cooperative's rate application, along with any objections timely filed under subsection (H), to determine whether the cooperative is eligible, under subsection (B), to pursue its rate application under this Section;
  2. File either a Notice of Eligibility or a Notice of Ineligibility;
  3. If the cooperative is eligible, complete the following:
    - a. Conduct a sufficiency review of the cooperative's rate application;
    - b. Determine whether the rate application complies with the requirements of subsection (G); and
    - c. File either a Notice of Sufficiency that classifies the cooperative as provided in R14-2-103(A)(3)(q) or a Notice of Deficiency that lists and explains each defect in the rate application that must be corrected to make the rate application sufficient.
- K. Eligibility and Sufficiency Determinations.** Staff's determinations of eligibility, ineligibility, sufficiency, and deficiency are not Commission decisions or Commission orders under A.R.S. §§ 40-252 or 40-253. A cooperative or intervenor that disagrees with Staff's determination of eligibility, ineligibility, sufficiency, or deficiency may petition the Commission to review Staff's determination by filing a petition in the docket. A Commissioner may include a petition for review as an agenda item to be considered by the Commission at an Open Meeting. If a petition for review is not included in an Open Meeting agenda within 30 days after the date it is filed in the docket, the petition for review shall be deemed denied.
- L. Request for Processing under R14-2-103.** Within 75 days after a Notice of Ineligibility is filed, a cooperative may file a Request for Processing under R14-2-103. If a cooperative files a Request for Processing under R14-2-103, all further activity under this Section shall cease, and the cooperative's rate application shall be deemed a new rate application, filed under R14-2-103, on the date the Request for Processing under R14-2-103 is filed.
- M. Docket Closure.** If a Request for Processing under R14-2-103 is not filed within 75 days after a Notice of Ineligibility is filed, the Hearing Division shall issue a procedural order administratively closing the docket.
- N. Action on Notice of Deficiency.** After Staff files a Notice of Deficiency:
1. The cooperative shall promptly address each defect listed in the Notice of Deficiency and file all necessary corrections and information to bring the rate application to sufficiency; and
  2. Within 10 days after receiving the cooperative's corrections and information, Staff shall again take the actions described in subsection (J)(3).
- O. Substantive Review and Staff Report.** After Staff files a Notice of Sufficiency, Staff shall:
1. Conduct a substantive review of the rate application;
  2. Prepare a Staff Report that shall include Staff's recommendations and may include a Request for Hearing that complies with subsection (Q); and
  3. File the Staff Report (and a Recommended Order if no Request for Hearing) within:
    - a. 150 days after the Notice of Sufficiency is filed, for a rate application requesting adjustment to the base cost of power;
    - b. 120 days after the Notice of Sufficiency is filed, for a rate application requesting a new adjustor mechanism; and
    - c. 60 days after the Notice of Sufficiency is filed, for any other rate application.
- P. Responses to Staff Report.** Within 10 days after Staff files a Staff Report:
1. The cooperative shall file a Response to the Staff Report, which may include a Request for Hearing that complies with subsection (Q) or a Request for Withdrawal; and
  2. Each intervenor shall file a Response to the Staff Report, which may include a Request for Hearing that complies with subsection (Q).
- Q. Request for Hearing.** A Request for Hearing shall include, at a minimum, an explanation of the requesting party's reasons for believing that an evidentiary hearing should be held; a summary of each issue on which the party believes evidence should be provided; and a recitation of the witnesses and documentary evidence that the requesting party believes could be produced to provide evidence on each issue.
- R. Responses to and Action on Request for Hearing.**
1. A party shall file any response to a Request for Hearing within five business days after the Request for Hearing is filed.
  2. The Hearing Division shall rule on each Request for Hearing within 10 business days after it is filed and may require oral argument or other proceedings at its discretion in considering a Request for Hearing.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

3. The Hearing Division may extend the party response deadline or Hearing Division's ruling deadline for good cause.
4. If a hearing is granted, the Hearing Division shall preside over all further proceedings in the case.
- S. Action on Request for Withdrawal. The Hearing Division shall rule on each Request for Withdrawal and may require party responses, including oral argument, or other proceedings at its discretion in considering a Request for Withdrawal. If withdrawal is granted, the Hearing Division shall issue a procedural order administratively closing the docket.
- T. Requirement for Service. A party that files a document under this Section shall also serve a copy of the document on each other party to the case, in accordance with the Commission's rules or as otherwise authorized by the Commission.
- U. Revenue Increase Cap. No Commission decision issued under this Section shall increase a cooperative's base revenue by more than 6% of the cooperative's actual test year total base revenue, unless the cooperative meets the requirements of subsection (C). In calculating the 6% base revenue increase cap, the Commission shall not include the revenue derived from a change to the base cost of power, an existing adjustor rate, an existing surcharge rate, an existing hook-up fee, or another existing fee or the addition of a new adjustor mechanism or surcharge mechanism.
- V. The Commission may, at any stage in the processing of a cooperative's rate application under this Section, determine that the rate application shall instead proceed under R14-2-103.
- W. Recommended Opinion and Order. The Hearing Division shall issue a Recommended Opinion and Order within 90 days after the last day of a hearing held under this Section.
- X. The Commission may, for good cause, waive an eligibility requirement of subsection (B).

**Historical Note**

New Section made by final rulemaking at 19 A.A.R. 397, effective April 9, 2013 (Supp. 13-1). Amended by final rulemaking at 24 A.A.R. 2750, effective November 20, 2018 (Supp. 18-3).

**R14-2-108. Electric, Natural Gas, or Affiliated Water Cooperative Streamlined Financing Application Filing Requirements and Process**

- A. Definitions. The definitions contained in R14-2-107 shall apply to this Section.
- B. New Financing or Refinancing Requests.
  1. Thirty days before filing an application to request new financing, a cooperative shall meet with Staff to discuss the financing application.
  2. A cooperative shall ensure that its filed financing application includes, at a minimum:
    - a. The information provided to lenders by the cooperative,
    - b. The most recent audited financials for the cooperative, and
    - c. A capital budget or work plan showing how the cooperative proposes to use the funds obtained through the requested financing.
  3. A cooperative shall post a notice regarding its financing application, in a form approved by Staff, or a link to such a notice, on the main page of the cooperative's website.
  4. Staff shall issue a Staff report and proposed order regarding a cooperative's financing application within 75 days after the filing of the financing application.

**C. Refinancing Requests.**

1. Fourteen days before filing an application for refinancing, a cooperative shall meet with Staff to discuss the refinancing application.
2. A cooperative shall ensure that its filed refinancing application includes, at a minimum, the information required under subsection (B)(2).
3. A cooperative shall post a notice regarding its refinancing application, in a form approved by Staff, or a link to such a notice, on the main page of the cooperative's website.
4. Staff shall issue a Staff report and proposed order regarding a cooperative's refinancing application within 45 days after the filing of the refinancing application.

**D. Joint Requests**

1. A cooperative may file an application requesting approval of both new financing and refinancing.
2. An application requesting approval of both new financing and refinancing shall be processed under subsection (B).

**Historical Note**

New Section made by final rulemaking at 24 A.A.R. 2750, effective November 20, 2018 (Supp. 18-3).

**ARTICLE 2. ELECTRIC UTILITIES**

*Editor's Note: The following Section was amended under the regular rulemaking process and approved by the Arizona Attorney General's Office (Supp. 22-1).*

*Editor's Note: The following Section was amended under an exemption from the Attorney General approval provisions of the Arizona Administrative Procedure Act (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)), as determined by the Corporation Commission. This exemption means that the rules as amended were not approved by the Attorney General (Supp. 99-3 and Supp. 00-4).*

**R14-2-201. Definitions**

In this Article, unless the context otherwise requires, the following definitions shall apply. In addition, the definitions contained in Article 16, Retail Electric Competition, shall apply in this Article unless the context otherwise requires.

1. "Advance in aid of construction." Funds provided to the utility by the applicant under the terms of a line extension agreement the value of which may be refundable.
2. "Applicant." A person requesting the utility to supply electric service.
3. "Application." A request to the utility for electric service, as distinguished from an inquiry as to the availability or charges for such service.
4. "Arizona Corporation Commission." The regulatory authority of the state of Arizona having jurisdiction over public service corporations operating in Arizona.
5. "Billing month." The period between any two regular readings of the utility's meters at approximately 30 day intervals.
6. "Billing period." The time interval between two consecutive meter readings that are taken for billing purposes.
7. "Contributions in aid of construction." Funds provided to the utility by the applicant under the terms of a line extension agreement or service connection tariff the value of which is not refundable.
8. "Curtailment priority." The order in which electric service is to be curtailed to various classifications of customers, as set forth in the utility's filed tariffs.
9. "Customer." The person or entity in whose name service is rendered, as evidenced by the signature on the applica-

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- tion or contract for that service, or by the receipt and/or payment of bills regularly issued in his name regardless of the identity of the actual user of the service.
10. "Customer charge." The amount the customers must pay the utility for the availability of electric service, excluding any electricity used, as specified in the utility's tariffs.
  11. "Customer hours" means the product of the duration of the utility outage and the number of customers affected by said outage.
  12. "Day." Calendar day.
  13. "Demand." The rate at which power is delivered during any specified period of time. Demand may be expressed in kilowatts, kilovolt-amperes, or other suitable units.
  14. "Distribution lines." The utility lines operated at distribution voltage which are constructed along public roadways or other bona fide rights-of-way, including easements on customer's property.
  15. "Electric Service Provider" or "ESP" means an entity supplying, marketing, or brokering at retail any competitive services pursuant to a Certificate of Convenience and Necessity.
  16. "Energy." Electric energy, expressed in kilowatt-hours.
  17. "Federal poverty level" means the U.S. federal poverty guideline for the pertinent household size published annually in the Federal Register by the U.S. Department of Health and Human Services, Office of the Assistant Secretary for Planning and Evaluation, and available at <https://aspe.hhs.gov/poverty-guidelines>.
  18. "Heat-vulnerable populations" means persons who are more vulnerable to hot weather mortality and morbidity.
  19. "Inability to pay" means a circumstance under which a residential customer either:
    - a. Cannot pay the full balance of the customer's monthly bill and has attested to and, if requested, has provided documentation issued by an Arizona or U.S. governmental agency or a licensed medical practitioner verifying that the customer meets one of the following:
      - i. Is at least 62 years of age;
      - ii. Has a physical or mental condition that substantially limits the customer's ability to manage resources, carry out activities of daily living, or secure protection from neglect or hazardous situations without assistance from others; or
      - iii. Has a medical condition that makes termination of electric service especially dangerous to the customer's health; or
    - b. Cannot pay the full balance of the customer's monthly bill and meets one of the following as attested to by the residential customer:
      - i. Is not gainfully employed;
      - ii. Qualifies for monetary government welfare assistance but has not yet begun to receive assistance; or
      - iii. Has an annual income at or below 200 percent of the federal poverty level.
  20. "Interrupt" or "Interruption" means to cease or the cessation of electric service to a customer at the point of delivery.
  21. "Kilowatt (kw)." A unit of power equal to 1,000 watts.
  22. "Kilowatt-hour (kwh)." Electric energy equivalent to the amount of electric energy delivered in one hour when delivery is at a constant rate of 1 kilowatt.
  23. "Licensed medical practitioner" means one of the following types of health care providers, actively licensed to practice in Arizona:
    - a. An allopathic or osteopathic physician,
    - b. A registered nurse practitioner, or
    - c. A physician assistant.
  24. "Limited income" means:
    - a. A residential customer with annual household income at or below 250 percent of the federal poverty level; or
    - b. A residential customer with annual household income at or below a percentage of the federal poverty level higher than 250 percent, as established by an electric utility in a Commission-approved tariff.
  25. "Line extension." The lines and equipment necessary to extend the electric distribution system of the utility to provide service to additional customers.
  26. "Low Income Home Energy Assistance Program" or "LIHEAP" means the federally funded program that provides low-income residential customers energy bill assistance.
  27. "Master meter." A meter for measuring or recording the flow of electricity that has passed through it at a single location where said electricity is distributed to tenants or occupants for their individual usage.
  28. "Megawatt (Mw)." A unit of power equal to 1,000,000 watts.
  29. "Meter." The instrument for measuring and indicating or recording the flow of electricity that has passed through it.
  30. "Meter tampering." A situation where a meter has been illegally altered. Common examples are meter bypassing, use of magnets to slow the meter recording, and broken meter seals.
  31. "Minimum charge." The amount the customer must pay for the availability of electric service, including an amount of usage, as specified in the utility's tariffs.
  32. "Permanent customer." A customer who is a tenant or owner of a service location who applies for and receives permanent electric service.
  33. "Permanent service." Service which, in the opinion of the utility, is of a permanent and established character. The use of electricity may be continuous, intermittent, or seasonal in nature.
  34. "Person." Any individual, partnership, corporation, governmental agency, or other organization operating as a single entity.
  35. "Point of delivery." The point where facilities owned, leased, or under license by a customer connects to the utility's facilities.
  36. "Power." The rate of generating, transferring, or using electric energy, usually expressed in kilowatts.
  37. "Preferred method of communication" means the communication method that complies with R14-2-212(K).
  38. "Premises." All of the real property and apparatus employed in a single enterprise on an integral parcel of land undivided by public streets, alleys or railways.
  39. "Residential subdivision development." Any tract of land which has been divided into four or more contiguous lots with an average size of one acre or less for use for the construction of residential buildings or permanent mobile homes for either single or multiple occupancy.
  40. "Residential use." Service to customers using electricity for domestic purposes such as space heating, air condi-

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

tioning, water heating, cooking, clothes drying, and other residential uses and includes use in apartment buildings, mobile home parks, and other multiunit residential buildings.

41. "Service address" means the physical location at which a utility provides service to a customer.
42. "Service area." The territory in which the utility has been granted a Certificate of Convenience and Necessity and is authorized by the Commission to provide electric service.
43. "Service establishment charge." The charge as specified in the utility's tariffs which covers the cost of establishing a new account.
44. "Service line." The line extending from a distribution line or transformer to the customer's premises or point of delivery.
45. "Service reconnect charge" means the charge specified in a utility's tariffs that must be paid by a customer prior to restarting electric service each time the customer's electric service is terminated for nonpayment or for failure to comply with the utility's tariffs.
46. "Service reestablishment charge" means the charge specified in a utility's tariffs that must be paid to reinstate service at the same location where the same customer ordered a service termination within the preceding 12-month period.
47. "Single family dwelling." A house, an apartment, a mobile home permanently affixed to a lot, or any other permanent residential unit which is used as a permanent home.
48. "Tariffs." The documents filed with the Commission which list the services and products offered by the utility and which set forth the terms and conditions and a schedule of the rates and charges, for those services and products.
49. "Temporary service." Service to premises or enterprises which are temporary in character, or where it is known in advance that the service will be of limited duration. Service which, in the opinion of the utility, is for operations of a speculative character is also considered temporary service.
50. "Terminate" or "Termination" means to discontinue or a discontinuance of electric service to a customer's service address, by intentional action of the utility, and is synonymous with "disconnect" or "disconnection" as used in this Article.
51. "Third party" means an entity or a person authorized by a customer and willing to receive notification of the customer's pending termination of service and to communicate with the utility on behalf of the customer for the purpose of making arrangements to prevent termination of the customer's electric service.
52. "Utility." The public service corporation providing electric service to the public in compliance with state law, except in those instances set forth in R14-2-1612(A) and (B).
53. "Utility Distribution Company" or "UDC" means the utility that operates, constructs, and maintains the distribution system for the delivery of power to a point of delivery on the distribution system.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000

(Supp. 00-4). Amended by final rulemaking at 28 A.A.R. 564 (March 11, 2022), effective April 18, 2022 (Supp. 22-1).

*Editor's Note: The following Section was amended under an exemption from the Attorney General approval provisions of the Arizona Administrative Procedure Act (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)), as determined by the Corporation Commission. This exemption means that the rules as amended were not approved by the Attorney General.*

**R14-2-202. Certificate of Convenience and Necessity for Electric Utilities**

- A. Application for new Certificate of Convenience and Necessity. Six copies of each application for a new Certificate of Convenience and Necessity shall be submitted to the Commission, through Docket Control, in a form prescribed by the Commission and shall include, at a minimum, the following information:
  1. The proper name and correct address of the proposed utility company and its owner, if a sole proprietorship, each partner, if a partnership, or the President and Secretary if a corporation.
  2. The rates proposed to be charged for the service that will be rendered.
  3. A financial statement setting forth the financial condition of the applicant.
  4. Maps of the proposed service area or a description of the area proposed to be served.
  5. Appropriate city, county and/or state agency approvals, where appropriate.
  6. The actual number of customers within the service area as of the time of filing and the estimated number of customers to be served for each of the first five years of operation.
  7. Such other information as the Commission by order or the staff of the Utilities Division by written directive may request.
- B. Application for discontinuance or abandonment of utility service
  1. Any utility proposing to discontinue or abandon utility service currently in use by the public shall prior to such action obtain authority therefor from the Commission.
  2. The utility shall include in the application, studies of past, present and prospective customer use of the subject service, plant, or facility as is necessary to support the application.
  3. An application shall not be required to remove individual facilities where a customer has requested service discontinuance.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4).

*Editor's Note: The following Section was amended under an exemption from the Attorney General approval provisions of the Arizona Administrative Procedure Act (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)), as determined by the Corporation Commission. This exemption means that the rules as amended were not approved by the Attorney General.*

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

**R14-2-203. Establishment of Service****A. Information from new applicants**

1. A utility may obtain the following minimum information from each new applicant for service:
  - a. Name or names of applicant or applicants.
  - b. Service address or location and telephone number.
  - c. Billing address/telephone number, if different than service address.
  - d. Address where service was provided previously.
  - e. Date applicant will be ready for service.
  - f. Indication of whether premises have been supplied with utility service previously.
  - g. Purpose for which service is to be used.
  - h. Indication of whether applicant is owner or tenant of or agent for the premises.
  - i. Information concerning the energy and demand requirements of the customer.
  - j. Type and kind of life-support equipment, if any, used by the customer.
2. Customer-specific information shall not be released without specific prior written customer authorization unless the information is requested by a law enforcement or other public agency, or is requested by the Commission or its staff, or is reasonably required for legitimate account collection activities, or is necessary to provide safe and reliable service to the customer.
3. A utility may require a new applicant for service to appear at the utility's designated place of business to produce proof of identity and sign the utility's application form.
4. Where service is requested by two or more individuals the utility shall have the right to collect the full amount owed to the utility from any one of the applicants.

**B. Deposits**

1. A utility shall not require a deposit from a new applicant for residential service if the applicant is able to meet any of the following requirements:
  - a. The applicant has had service of a comparable nature with the utility within the past two years and was not delinquent in payment more than twice during the last 12 consecutive months or disconnected for nonpayment.
  - b. The applicant can produce a letter regarding credit or verification from an electric utility where service of a comparable nature was last received which states applicant had a timely payment history at time of service discontinuance.
  - c. In lieu of a deposit, a new applicant may provide a Letter of Guarantee from a governmental or non-profit entity or a surety bond as security for the utility.
2. The utility may issue a nonnegotiable receipt to the applicant for the deposit. The inability of the customer to produce such a receipt shall in no way impair his or her right to receive a refund of the deposit which is reflected on the utility's records.
3. Deposits shall be interest bearing; the interest rate and method of calculation shall be filed with and approved by the Commission in a tariff proceeding.
4. Each utility shall file a deposit refund procedure with the Commission, through Docket Control, subject to Commission review and approval during a tariff proceeding. However, each utility's refund policy shall include provisions for residential deposits and accrued interest to be

refunded or letters of guarantee or surety bonds to expire after 12 months of service if the customer has not been delinquent more than twice in the payment of utility bills.

5. A utility may require a residential customer to establish or reestablish a deposit if the customer becomes delinquent in the payment of two bills within a 12-consecutive-month period or has been disconnected for service during the last 12 months.
  6. The amount of a deposit required by the utility shall be determined according to the following terms:
    - a. Residential customer deposits shall not exceed two times that customer's estimated average monthly bill.
    - b. Nonresidential customer deposits shall not exceed 2 1/2 times that customer's estimated maximum monthly bill.
  7. The utility may review the customer's usage after service has been connected and adjust the deposit amount based upon the customer's actual usage.
  8. A separate deposit may be required for each meter installed.
  9. If a utility Distribution Company's customer with an established deposit elects to take competitive services from an Electric Service Provider, and is not currently delinquent in payments to the Utility Distribution Company, the Utility Distribution Company will refund a portion of the customer's deposit in proportion to the expected decrease in monthly billing. A customer returning to Standard Offer Service may be required to increase an established deposit in proportion to the expected increase in monthly billing.
- C. Grounds for refusal of service.** A utility may refuse to establish service if any of the following conditions exist:
1. The applicant has an outstanding amount due for the same class of utility service with the utility, and the applicant is unwilling to make arrangements with the utility for payment.
  2. A condition exists which in the utility's judgment is unsafe or hazardous to the applicant, the general population, or the utility's personnel or facilities.
  3. Refusal by the applicant to provide the utility with a deposit when the customer has failed to meet the credit criteria for waiver of deposit requirements.
  4. Customer is known to be in violation of the utility's tariffs filed with the Commission.
  5. Failure of the customer to furnish such funds, service, equipment, or rights-of-way necessary to serve the customer and which have been specified by the utility as a condition for providing service.
  6. Applicant falsifies his or her identity for the purpose of obtaining service.
- D. Service establishments, re-establishments or reconnection charge**
1. Each utility may make a charge as approved by the Commission for the establishment, reestablishment, or reconnection of utility services, including transfers between Electric Service Providers.
  2. Should service be established during a period other than regular working hours at the customer's request, the customer may be required to pay an after-hour charge for the service connection. Where the utility scheduling will not permit service establishment on the same day requested, the customer can elect to pay the after-hour charge for

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

establishment that day or the customer's service will be established on the next available normal working day.

3. For the purpose of this rule, the definition of service establishments are where the customer's facilities are ready and acceptable to the utility and the utility needs only to install a meter, read a meter, or turn the service on.
4. Service establishments with an Electric Service Provider will be scheduled for the next regular meter read date if the direct access service request is provided 15 calendar days prior to that date and appropriate metering equipment is in place. If a direct access service request is made in less than 15 days prior to the next regular read date, service will be established at the next regular meter read date thereafter. The utility may offer after-hours or earlier service for a fee. This Section shall not apply to the establishment of new service but is limited to a change of providers of existing electric service.

**E. Temporary service**

1. Applicants for temporary service may be required to pay the utility, in advance of service establishment, the estimated cost of installing and removing the facilities necessary for furnishing the desired service.
2. Where the duration of service is to be less than one month, the applicant may also be required to advance a sum of money equal to the estimated bill for service.
3. Where the duration of service is to exceed one month, the applicant may also be required to meet the deposit requirements of the utility.
4. If at any time during the term of the agreement for services the character of a temporary customer's operations changes so that in the opinion of the utility the customer is classified as permanent, the terms of the utility's line extension rules shall apply.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency amendment replaced by exempt permanent amendment effective December 31, 1998 (Supp. 98-4). Amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4).

*Editor's Note: The following Section was amended under an exemption from the Attorney General approval provisions of the Arizona Administrative Procedure Act (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)), as determined by the Corporation Commission. This exemption means that the rules as amended were not approved by the Attorney General.*

**R14-2-204. Minimum Customer Information Requirements**

**A. Information for residential customers**

1. A utility shall make available upon customer request not later than 15 days from the date of request a concise summary of the rate schedule applied for by such customer. The summary shall include the following:
  - a. The monthly minimum or customer charge, identifying the amount of the charge and the specific amount of usage included in the minimum charge, where applicable.
  - b. Rate blocks, where applicable.
  - c. Any adjustment factor and method of calculation.

2. The utility shall to the extent practical identify its tariff that is most advantageous to the customer and notify the customer of such prior to service commencement.
  3. In addition, a utility shall make available upon customer request, not later than 60 days from date of service commencement, a concise summary of the utility's tariffs or the Commission's rules and regulations concerning:
    - a. Deposits
    - b. Termination of service
    - c. Billing and collection
    - d. Complaint handling.
  4. Each utility upon request of a customer shall transmit a written statement of actual consumption by such customer for each billing period during the prior 12 months unless such data is not reasonably ascertainable.
  5. Each utility shall inform all new customers of their right to obtain the information specified above.
- B. Information required due to changes in tariffs**
1. Each utility shall transmit to affected customers a concise summary of any change in the utility's tariffs affecting those customers.
  2. This information shall be transmitted to the affected customer within 60 days of the effective date of the change.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency amendment replaced by exempt permanent amendment effective December 31, 1998 (Supp. 98-4). Amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3).

*Editor's Note: The following Section was amended under an exemption from the Attorney General approval provisions of the Arizona Administrative Procedure Act (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)), as determined by the Corporation Commission. This exemption means that the rules as amended were not approved by the Attorney General.*

**R14-2-205. Master Metering**

**A. Mobile home parks -- new construction/expansion**

1. A utility shall refuse service to all new construction or expansion of existing permanent residential mobile home parks unless the construction or expansion is individually metered by the utility. Line extensions and service connections to serve such expansion shall be governed by the line extension and service connection tariff of the appropriate utility.
2. Permanent residential mobile home parks for the purpose of this rule shall mean mobile home parks where, in the opinion of the utility, the average length of stay for an occupant is a minimum of six months.
3. For the purpose of this rule, expansion means the acquisition of additional real property for permanent residential spaces in excess of that existing at the effective date of this rule.

**B. Residential apartment complexes, condominiums, and other multiunit residential buildings**

1. Master metering shall not be allowed for new construction of apartment complexes and condominiums unless the building or buildings will be served by a centralized heating, ventilation or air conditioning system and the contractor can provide to the utility an analysis demon-

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

strating that the central unit will result in a favorable cost/benefit relationship.

2. At a minimum, the cost/benefit analysis should consider the following elements for a central unit as compared to individual units:
  - a. Equipment and labor costs,
  - b. Financing costs,
  - c. Maintenance costs,
  - d. Estimated kwh usage,
  - e. Estimated kw demand on a coincident demand and noncoincident demand basis (for individual units),
  - f. Cost of meters and installation, and
  - g. Customer accounting cost (one account vs. several accounts).

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3).

*Editor's Note: The following Section was amended under an exemption from the Attorney General approval provisions of the Arizona Administrative Procedure Act (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)), as determined by the Corporation Commission. This exemption means that the rules as amended were not approved by the Attorney General.*

**R14-2-206. Service Lines and Establishments**

- A. Priority and timing of service establishments
  1. After an applicant has complied with the utility's application and deposit requirements and has been accepted for service by the utility, the utility shall schedule that customer for service establishment.
  2. Service establishments shall be scheduled for completion within five working days of the date the customer has been accepted for service, except in those instances when the customer requests service establishment beyond the five working day limitation.
  3. When a utility has made arrangements to meet with a customer for service establishment purposes and the utility or the customer cannot make the appointment during the prearranged time, the utility shall reschedule the service establishment to the satisfaction of both parties.
  4. A utility shall schedule service establishment appointments within a maximum range of four hours during normal working hours, unless another time-frame is mutually acceptable to the utility and the customer.
  5. Service establishments shall be made only by qualified utility service personnel.
  6. For the purposes of this rule, service establishments are where the customer's facilities are ready and acceptable to the utility and the utility needs only to install or read a meter or turn the service on.
- B. Service lines
  1. Customer provided facilities
    - a. Each applicant for services shall be responsible for all inside wiring including the service entrance and meter socket.
    - b. Meters and service switches in conjunction with the meter shall be installed in a location where the meters will be readily and safely accessible for reading, testing and inspection and where such activities will cause the least interference and inconvenience to the customer. However, the meter locations shall not be on the front exterior wall of the home; or in

the carport or garage, unless mutually agreed to between the home builder or customer and the utility. The customer shall provide, without cost to the utility, at a suitable and easily accessible location, sufficient and proper space for installation of meters.

- c. Where the meter or service line location on the customer's premises is changed at the request of the customer or due to alterations on the customer's premises, the customer shall provide and have installed at his expense all wiring and equipment necessary for relocating the meter and service line connection and the utility may make a charge for moving the meter or service line.
2. Company provided facilities
  - a. Each utility shall file, in Docket Control, for Commission approval, a service line tariff which defines the maximum footage or equipment allowance to be provided by the utility at no charge. The maximum footage or equipment allowance may be differentiated by customer class.
  - b. The cost of any service line in excess of that allowed at no charge shall be paid for by the customer as a contribution in aid of construction.
  - c. A customer requesting an underground service line in an area served by overhead facilities shall pay for the difference between an overhead service connection and the actual cost of the underground connection as a nonrefundable contribution.

**C. Easements and rights-of-way**

1. Each customer shall grant adequate easement and right-of-way satisfactory to the utility to ensure that customer's proper service connection. Failure on the part of the customer to grant adequate easement and right-of-way shall be grounds for the utility to refuse service.
2. When a utility discovers that a customer or customer's agent is performing work or has constructed facilities adjacent to or within an easement or right-of-way and such work, construction or facility poses a hazard or is in violation of federal, state or local laws, ordinances, statutes, rules or regulations, or significantly interferes with the utility's access to equipment, the utility shall notify the customer or customer's agent and shall take whatever actions are necessary to eliminate the hazard, obstruction, or violation at the customer's expense.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4).

*Editor's Note: The following Section was amended under the regular rulemaking process and approved by the Arizona Attorney General's Office (Supp. 09-4).*

*Editor's Note: The following Section was amended under an exemption from the Attorney General certification provisions of the Arizona Administrative Procedure Act (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)), as determined by the Corporation Commission. This exemption means that the rules as amended were not certified by the Attorney General.*

**R14-2-207. Line Extensions****A. General requirements**

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

1. Each utility shall file, in Docket Control, for Commission approval, a line extension tariff which incorporates the provisions of this rule and specifically defines the conditions governing line extensions.
  2. Upon request by an applicant for a line extension, the utility shall prepare, without charge, a preliminary sketch and rough estimate of the cost of installation to be paid by said applicant.
  3. Any applicant for a line extension requesting the utility to prepare detailed plans, specifications, or cost estimates may be required to deposit with the utility an amount equal to the estimated cost of preparation. The utility shall, upon request, make available within 90 days after receipt of the deposit referred to above, such plans, specifications, or cost estimates of the proposed line extension. Where the applicant authorizes the utility to proceed with construction of the extension, the deposit shall be credited to the cost of construction; otherwise the deposit shall be nonrefundable. If the extension is to include oversizing of facilities to be done at the utility's expense, appropriate details shall be set forth in the plans, specifications and cost estimates. Subdivisions providing the utility with approved plans shall be provided with plans, specifications, or cost estimates within 45 days after receipt of the deposit referred to above.
  4. Where the utility requires an applicant to advance funds for a line extension, the utility shall furnish the applicant with a copy of the line extension tariff of the appropriate utility prior to the applicant's acceptance of the utility's extension agreement.
  5. All line extension agreements requiring payment by the applicant shall be in writing and signed by each party.
  6. The provisions of this rule apply only to those applicants who in the utility's judgment will be permanent customers of the utility. Applications for temporary service shall be governed by the Commission's rules concerning temporary service applications.
- B. Minimum written agreement requirements**
1. Each line extension agreement shall, at a minimum, include the following information:
    - a. Name and address of applicant or applicants;
    - b. Proposed service address or location;
    - c. Description of requested service;
    - d. Description and sketch of the requested line extension;
    - e. A cost estimate to include materials, labor, and other costs as necessary;
    - f. Payment terms;
    - g. A concise explanation of any refunding provisions, if applicable;
    - h. The utility's estimated start date and completion date for construction of the line extension; and
    - i. A summary of the results of the economic feasibility analysis performed by the utility to determine the amount of advance required from the applicant for the proposed line extension.
  2. Each applicant shall be provided with a copy of the written line extension agreement.
- C. Line extension requirements. Each line extension tariff shall include the following provisions:**
1. A maximum footage or equipment allowance to be provided by the utility at no charge. The maximum footage or equipment allowance may be differentiated by customer class.
  2. An economic feasibility analysis for those extensions which exceed the maximum footage or equipment allowance. Such economic feasibility analysis shall consider the incremental revenues and costs associated with the line extension. In those instances where the requested line extension does not meet the economic feasibility criteria established by the utility, the utility may require the customer to provide funds to the utility, which will make the line extension economically feasible. The methodology employed by the utility in determining economic feasibility shall be applied uniformly and consistently to each applicant requiring a line extension.
  3. The timing and methodology by which the utility will refund any advances in aid of construction as additional customers are served off the line extension. The customer may request an annual survey to determine if additional customers have been connected to and are using service from the extension. In no case shall the amount of the refund exceed the amount originally advanced.
  4. All advances in aid of construction shall be noninterest bearing.
  5. If after five years from the utility's receipt of the advance, the advance has not been totally refunded, the advance shall be considered a contribution in aid of construction and shall no longer be refundable.
- D. Residential subdivision development and permanent mobile home parks.** Each utility shall submit as a part of its line extension tariff separate provisions for residential subdivision developments and permanent mobile home parks.
- E. Single phase underground extensions in subdivision developments**
1. Extensions of single phase electric lines necessary to furnish permanent electric service to new residential buildings or mobile homes within a subdivision, in which facilities for electric service have not been constructed, for which applications are made by a developer shall be installed underground in accordance with the provisions set forth in this rule except where it is not feasible from an engineering, operational, or economic standpoint.
  2. Rights-of-way easements
    - a. The utility shall construct or cause to be constructed and shall own, operate, and maintain all underground electric distribution and service lines along public streets, roads, and highways and on public lands and private property which the utility has the legal right to occupy.
    - b. Rights-of-way and easements suitable to the utility must be furnished by the developer at no cost to the utility and in reasonable time to meet service requirements. No underground electric facilities shall be installed by a utility until the final grades have been established and furnished to the utility. In addition, the easement strips, alleys and streets must be graded to within six inches of final grade by the developer before the utility will commence construction. Such clearance and grading must be maintained by the developer during construction by the utility.
    - c. If, subsequent to construction, the clearance or grade is changed in such a way as to require relocation of the underground facilities or results in damage to such facilities, the cost of such relocation or resulting repairs shall be borne by the developer.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

3. Installation of single phase underground electric lines within a subdivision
  - a. The developer shall provide the trenching, backfill (including any imported backfill required), compaction, repaving, and any earthwork for pull boxes and transformer pad sites required to install the underground electric system all in accordance with the specifications and schedules of the utility.
  - b. Each utility shall inspect the trenching provided by the developer within 24 hours after a mutually agreed upon trench opening date, and allow for phased inspection of trenching as mutually agreed upon by the developer and utility. In all cases, the utility shall make every effort to expedite the inspection of developer provided trenching. The utility shall assume responsibility for the trench within three working days after the utility has inspected and approved the trenching.
  - c. The utility shall install or cause to be installed underground electric lines and related equipment with sufficient capacity and suitable materials that ensure adequate and reasonable electric service in the foreseeable future and in accordance with the applicable provisions of Institute of Electrical and Electronic Engineers, Inc., Pub. No. C2-2007, The National Electrical Safety Code (2007), including no future editions or amendments, which is incorporated by reference, on file with the Commission, and published by and available from the Institute of Electrical and Electronic Engineers, Inc., 3 Park Avenue, 17th Floor, New York, New York 10016, and through <http://ieeexplore.ieee.org>.
  - d. Underground service lines from underground residential distribution systems shall be owned, operated and maintained by the utility, and shall be installed pursuant to its effective underground line extension and service connection tariffs on file with the Commission.
4. Special conditions
  - a. When the application of any of the provisions of subsection (E) appears to either party not to be feasible from an engineering, operational, or economic standpoint, the utility or the developer may refer the matter to the Commission for a determination as to whether an exception to the underground policy expressed within the provisions of this rule is warranted. Interested third parties may present their views to the Commission in conjunction with such referrals.
  - b. Notwithstanding any provision of this regulation to the contrary, no utility shall construct overhead single phase electric lines in any new subdivision to which this rule is applicable and which is contiguous to another subdivision in which electric service is furnished underground without the approval of the Commission.
  - c. Underground service lines installed pursuant to subsection (E) and accepted by the utility shall not be replaced with an overhead distribution pole line except upon a verified application of the utility, as stated in subsection (E)(4)(a).
5. Nonapplicability
  - a. Any underground electric distribution system requiring more than single phase service is not covered by this regulation and shall be constructed pursuant to the effective line extension rules and regulations or policies of the affected utility on file with the Commission.
  - b. If there are one or more existing distribution pole lines or lines on or across a recorded subdivision at the time of the application for electrical service for the subdivision and the line will be utilized in the subdivision. (This would not apply if the pole line were serving a building or groups of buildings or any other type of service which would be removed before construction is finished.)
  - c. A distribution pole line that parallels a boundary of a subdivision and this line can serve lots within the subdivision.
  - d. Subdivisions recorded prior to the effective date of this rule shall be governed by the terms and conditions of subsection (E).
- F. Ownership of facilities. Any facilities installed hereunder shall be the sole property of the utility.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended subsection (E)(3)(c) effective April 1, 1986 (Supp. 86-2).

Amended effective August 6, 1991 (Supp. 91-3).

Amended effective August 16, 1996 (Supp. 96-3).

Amended by exempt rulemaking at 5 A.A.R. 2054, effective June 4, 1999 (Supp. 99-2). Amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended to correct subsection numbering (Supp. 99-4). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4). Amended by final rulemaking at 15 A.A.R. 1933, effective December 27, 2009 (Supp. 09-4).

**Editor's Note:** The following Section was amended under the regular rulemaking process and approved by the Arizona Attorney General's Office (Supp. 22-1).

**Editor's Note:** The following Section was amended under an exemption from the Attorney General approval provisions of the Arizona Administrative Procedure Act (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)), as determined by the Corporation Commission. This exemption means that the rules as amended were not approved by the Attorney General (Supp. 99-3 and Supp. 00-4).

**R14-2-208. Provision of Service**

- A. Utility responsibility
  1. Each utility shall be responsible for the safe transmission and distribution of electricity until it passes the point of delivery to the customer.
  2. The entity having control of the meter shall be responsible for maintaining in safe operating condition all meters, equipment, and fixtures installed on the customer's premises by the entity for the purposes of delivering electric service to the customer.
  3. The Utility Distribution Company may, at its option, refuse service until the customer has obtained all required permits and inspections indicating that the customer's facilities comply with local construction and safety standards.
- B. Customer responsibility
  1. Each customer shall be responsible for maintaining all customer facilities on the customer's side of the point of delivery in safe operating condition.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

2. Each customer shall be responsible for safeguarding all utility property installed in or on the customer's premises for the purpose of supplying utility service to that customer.
  3. Each customer shall exercise all reasonable care to prevent loss or damage to utility property, excluding ordinary wear and tear. The customer shall be responsible for loss of or damage to utility property on the customer's premises arising from neglect, carelessness, or misuse and shall reimburse the utility for the cost of necessary repairs or replacements.
  4. Each customer shall be responsible for payment for any equipment damage and estimated unmetered usage resulting from unauthorized breaking of seals, interfering, tampering, or bypassing the utility meter.
  5. Each customer shall be responsible for notifying the utility of any equipment failure identified in the utility's equipment.
- C. Continuity of service.** Each utility shall make reasonable efforts to supply a satisfactory and continuous level of service. However, no utility shall be responsible for any damage or claim of damage attributable to any interruption or discontinuation of service resulting from:
1. Any cause against which the utility could not have reasonably foreseen or made provision for, that is, force majeure.
  2. Intentional service interruptions to make repairs or perform routine maintenance.
  3. Curtailment.
- D. Service interruptions**
1. Each utility shall make reasonable efforts to reestablish service within the shortest possible time when service interruptions occur.
  2. Each utility shall make reasonable provisions to meet emergencies resulting from failure of service, and each utility shall issue instructions to its employees covering procedures to be followed in the event of emergency in order to prevent or mitigate interruption or impairment of service.
  3. In the event of a national emergency or local disaster resulting in disruption of normal service, the utility may, in the public interest, interrupt service to other customers to provide necessary service to civil defense or other emergency service agencies on a temporary basis until normal service to these agencies can be restored.
  4. When a utility plans to interrupt service for more than four hours to perform necessary repairs or maintenance, the utility shall attempt to inform affected customers and the Commission's Consumer Services Section, at least 48 hours in advance, of the scheduled date and time and of the estimated duration of the service interruption. A utility shall complete repairs in the shortest possible time to minimize the inconvenience to the customers of the utility.
  5. A utility shall notify the Commission's Consumer Services Section of any interruption in service affecting a significant portion of a utility's system, as follows:
    - a. By telephone or by submitting a Service Interruption Report Form through the Commission's website, as soon as practicable after a representative of the utility becomes aware of the interruption; and
    - b. If the initial notice is made by telephone, by submitting a follow-up written report to the Commission's Consumer Services Section within 24 hours after the initial notice.
6. A utility's notification made under subsection (D)(5) shall include at least the following:
- a. The names of the utility and of the utility representative making the report,
  - b. The telephone number of the utility representative,
  - c. The locations and number of customer connections affected by the service interruption,
  - d. The substations and feeders involved in the service interruption,
  - e. The date and start and end times of the service interruption,
  - f. The cause of the service interruption.
7. For purposes of subsection (D)(5), an "interruption in service affecting a significant portion of a utility's system" means:
- a. A service interruption of 1,000 customer hours or more for a utility with more than 1,000,000 customer connections,
  - b. A service interruption of 500 customer hours or more for a utility with 400,000 to 1,000,000 customer connections, and
  - c. A service interruption of 100 customer hours or more for a utility with fewer than 400,000 customer connections.
- E. Curtailment.** Each utility shall file with the Commission, through Docket Control, as a part of its general tariffs a procedural plan for handling severe supply shortages or service curtailments. The plan shall provide for equitable treatment of individual customer classes in the most reasonable and effective manner given the existing circumstances. When the availability of service is so restricted that the reduction of service on a proportionate basis to all customer classes will not maintain the integrity of the total system, the utility shall develop procedures to curtail service giving service priority to those customers and customer classes where health, safety and welfare would be adversely affected.
- F. Construction standard and safety**
1. Each utility shall construct all facilities in accordance with the provisions of Institute of Electrical and Electronic Engineers, Inc., Pub. No. C2-2007, The National Electrical Safety Code (2007), which is incorporated by reference in R14-2-207(E)(3)(c), and American Society of Mechanical Engineers, Pub. No. ANSI/ASME B31.1-2007, Power Piping (2007), including no future editions or amendments, which is incorporated by reference, on file with the Commission, and published by and available from the American Society of Mechanical Engineers, 3 Park Avenue, New York, New York 10016, and through <http://catalog.asme.org>.
  2. Each utility shall adopt a standard alternating nominal voltage or standard alternating nominal voltages (as may be required by its distribution system) for its entire service area or for each of the several districts into which the system may be divided, which standard voltage or voltages shall be stated in the rules and regulations of each utility and shall be measured at the customer's service entrance. Each utility shall, under normal operating conditions, maintain its standard voltage or voltages within the limits of National Electrical Manufacturers Association, Pub. No. ANSI C84.1-2006, American National Standard for Electric Power Systems and Equipment-Voltage Ratings (60 Hertz) (2006), including no future

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

editions or amendments, which is incorporated by reference, on file with the Commission, and published by and available from the National Electrical Manufacturers Association, 1300 North 17th Street, Suite 1752, Rosslyn, Virginia 22209, and through <http://www.nema.org>.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended subsections (D)(5) and (F)(1) and (2) effective April 1, 1986 (Supp. 86-2). Amended effective February 8, 1991 (Supp. 91-1). Amended effective August 16, 1996 (Supp. 96-3). Amended by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency amendment replaced by exempt permanent amendment effective December 31, 1998 (Supp. 98-4). Amended by exempt rulemaking at 5 A.A.R. 2054, effective June 4, 1999 (Supp. 99-2). Amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended to correct subsection numbering (Supp. 99-4). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4). Amended by final rulemaking at 15 A.A.R. 1933, effective December 27, 2009 (Supp. 09-4). Amended by final rulemaking at 28 A.A.R. 564 (March 11, 2022), effective April 18, 2022 (Supp. 22-1).

*Editor's Note: The following Section was amended under the regular rulemaking process and approved by the Arizona Attorney General's Office (Supp. 09-4).*

*Editor's Note: The following Section was amended under an exemption from the Attorney General approval provisions of the Arizona Administrative Procedure Act (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)), as determined by the Corporation Commission. This exemption means that the rules as amended were not approved by the Attorney General.*

**R14-2-209. Meter Reading****A. Company or customer meter reading**

1. Each utility, billing entity, or Meter Reading Service Provider may at its discretion allow for customer reading of meters.
2. It shall be the responsibility of the utility or Meter Reading Service Provider to inform the customer how to properly read his meter.
3. Where a customer reads his own meter, the utility or Meter Reading Service Provider will read the customer's meter at least once every six months.
4. The utility, billing entity, or Meter Reading Service Provider shall provide the customer with postage-paid cards or other methods to report the monthly reading.
5. Each utility or Meter Reading Service Provider shall specify the timing requirements for the customer to submit his or her monthly meter reading to conform with the utility's billing cycle.
6. Where the Electric Service Provider is responsible for meter reading, reads will be available for the Utility Distribution Company's or billing entity's billing cycle for that customer, or as otherwise agreed upon by the Electric Service Provider and the Utility Distribution Company or billing entity.
7. In the event the customer fails to submit the reading on time, the utility or billing entity may issue the customer an estimated bill.

8. In the event the Electric Service Provider responsible for meter reading fails to deliver reads to the Meter Reading Service Provider server within three days of the scheduled cycle read date, the Affected Utility may estimate the reads. In the event the Affected Utility responsible for meter reading fails to deliver reads to the Meter Reader Service Provider server within three days of the scheduled cycle read date, the Electric Service Provider may estimate the reads.

9. Meters shall be read monthly on as close to the same day as practical.

**B. Measuring of service**

1. All energy sold to customers and all energy consumed by the utility, except that sold according to fixed charge schedules, shall be measured by commercially acceptable measuring devices, except where it is impractical to install meters, such as street lighting or security lighting, or where otherwise authorized by the Commission.
2. When there is more than one meter at a location, the metering equipment shall be so tagged or plainly marked as to indicate the circuit metered or metering equipment.
3. Meters which are not direct reading shall have the multiplier plainly marked on the meter.
4. All charts taken from recording meters shall be marked with the date of the record, the meter number, customer, and chart multiplier.
5. Metering equipment shall not be set "fast" or "slow" to compensate for supply transformer or line losses.

**C. Meter rereads**

1. Each utility or Meter Reading Service Provider shall at the request of a customer, or the customer's Electric Service Provider, Utility Distribution Company (as defined in R14-2-1601), or billing entity reread that customer's meter within 10 working days after such a request.
2. Any reread may be charged to the customer, or the customer's Electric Service Provider, Utility Distribution Company (as defined in R14-2-1601), or billing entity making the request at a rate on file and approved by the Commission, provided that the original reading was not in error.
3. When a reading is found to be in error, the reread shall be at no charge to the customer, or the customer's Electric Service Provider, Utility Distribution Company (as defined in R14-2-1601), or billing entity.

- D. Access to customer premises.** Each utility shall have the right of safe ingress to and egress from the customer's premises at all reasonable hours for any purpose reasonably connected with property used in furnishing service and the exercise of any and all rights secured to it by law or these rules.

**E. Meter testing and maintenance program.**

1. Each utility shall file with the Commission, through the Compliance Section, a plan for the routine maintenance and replacement of meters that meets the requirements of National Electrical Manufacturers Association, Pub. No. ANSI C12.1-2008, American National Standard for Electric Meters: Code for Electricity Metering (2008), including no future editions or amendments, which is incorporated by reference, on file with the Commission, and published by and available from the National Electrical Manufacturers Association, 1300 North 17th Street, Suite 1752, Rosslyn, Virginia 22209, and through [www.nema.org](http://www.nema.org).
2. Each utility shall file an annual report with the Commission, through Docket Control, summarizing the results of

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

the meter maintenance and testing program for that year. At a minimum, the report should include the following data:

- a. Total number of meters tested, at company initiative or upon customer request.
- b. Number of meters tested that were outside the acceptable error allowance of +3%.

- F. Request for meter tests. A utility or Meter Service Provider shall test a meter upon the request of the customer, or the customer's Electric Service Provider, Utility Distribution Company (as defined in R14-2-1601), or billing entity, and each utility or billing entity shall be authorized to charge the customer, or the customer's Electric Service Provider, Utility Distribution Company (as defined in R14-2-1601), or billing entity for such meter test according to the tariff on file and approved by the Commission. However, if the meter is found to be in error by more than 3%, no meter testing fee will be charged to the customer, or the customer's Electric Service Provider, Utility Distribution Company, or billing entity.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended subsection (E)(1) effective April 1, 1986 (Supp. 86-2).

Amended effective February 8, 1991 (Supp. 91-1).

Amended effective August 16, 1996 (Supp. 96-3).

Amended by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency amendment replaced by exempt permanent amendment effective December 31, 1998 (Supp. 98-4). Amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4). Amended by final rulemaking at 15 A.A.R. 1933, effective December 27, 2009 (Supp. 09-4).

**Editor's Note:** *The following Section was amended under an exemption from the Attorney General approval provisions of the Arizona Administrative Procedure Act (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)), as determined by the Corporation Commission. This exemption means that the rules as amended were not approved by the Attorney General.*

**R14-2-210. Billing and Collection****A. Frequency and estimated bills**

1. Unless otherwise approved by the Commission, the utility or billing entity shall render a bill for each billing period to every customer in accordance with its applicable rate schedule and may offer billing options for the services rendered. Meter readings shall be scheduled for periods of not less than 25 days or more than 35 days without customer authorization. If the utility or Meter Reading Service Provider changes a meter reading route or schedule resulting in a significant alteration of billing cycles, notice shall be given to the affected customers.
2. Each billing statement rendered by the utility or billing entity shall be computed on the actual usage during the billing period. If the utility or Meter Reading Service Provider is unable to obtain an actual reading, the utility or billing entity may estimate the consumption for the billing period giving consideration the following factors where applicable:
  - a. The customer's usage during the same month of the previous year,
  - b. The amount of usage during the preceding month.

3. Estimated bills will be issued only under the following conditions unless otherwise approved by the Commission:

- a. When extreme weather conditions, emergencies, or work stoppages prevent actual meter readings.
- b. Failure of a customer who reads his own meter to deliver his meter reading to the utility or Meter Reading Service Provider in accordance with the requirements of the utility or Meter Reading Service Provider billing cycle.
- c. When the utility or Meter Reading Service Provider is unable to obtain access to the customer's premises for the purpose of reading the meter, or in situations where the customer makes it unnecessarily difficult to gain access to the meter, that is, locked gates, blocked meters, vicious or dangerous animals. If the utility or Meter Reading Service Provider is unable to obtain an actual reading for these reasons, it shall undertake reasonable alternatives to obtain a customer reading of the meter.
- d. Due to customer equipment failure, a one-month estimation will be allowed. Failure to remedy the customer equipment condition will result in penalties for Meter Service Providers as imposed by the Commission.
- e. To facilitate timely billing for customers using load profiles.

4. After the third consecutive month of estimating the customer's bill due to lack of meter access, the utility or Meter Reading Service Provider will attempt to secure an accurate reading of the meter. Failure on the part of the customer to comply with a reasonable request for meter access may lead to discontinuance of service.

5. A utility or billing entity may not render a bill based on estimated usage if:

- a. The estimating procedures employed by the utility or billing entity have not been approved by the Commission.
- b. The billing would be the customer's first or final bill for service.
- c. The customer is a direct-access customer requiring load data.
- d. The utility can obtain customer-supplied meter readings to determine usage.

6. When a utility or billing entity renders an estimated bill in accordance with these rules, it shall:

- a. Maintain accurate records of the reasons therefor and efforts made to secure an actual reading;
- b. Clearly and conspicuously indicate that it is an estimated bill and note the reason for its estimation.

**B. Combining meters, minimum bill information**

1. Each meter at a customer's premise will be considered separately for billing purposes, and the readings of two or more meters will not be combined unless otherwise provided for in the utility's tariffs. This provision does not apply in the case of aggregation of competitive services as described in R14-2-1601.
2. Each bill for residential service will contain the following minimum information:
  - a. The beginning and ending meter readings of the billing period, the dates thereof, and the number of days in the billing period;
  - b. The date when the bill will be considered due and the date when it will be delinquent, if not the same;

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- c. Billing usage, demand (if measured), basic monthly service charge, and total amount due;
  - d. Rate schedule number or service offer;
  - e. Customer's name and service account number;
  - f. Any previous balance;
  - g. Fuel adjustment cost, where applicable;
  - h. License, occupation, gross receipts, franchise, and sales taxes;
  - i. The address and telephone numbers of the Electric Service Provider, and/or the Utility Distribution Company, designating where the customer may initiate an inquiry or complaint concerning the bill or services rendered;
  - j. The Arizona Corporation Commission address and toll-free telephone numbers;
  - k. Other unbundled rates and charges.
- C. Billing terms
  - 1. All bills for utility services are due and payable no later than 15 days from the date of the bill. Any payment not received within this time-frame shall be considered delinquent and could incur a late payment charge.
  - 2. For purposes of this rule, the date a bill is rendered may be evidenced by:
    - a. The postmark date;
    - b. The mailing date;
    - c. The billing date shown on the bill (however, the billing date shall not differ from the postmark or mailing date by more than two days); and
    - d. The transmission date for electronic bills.
  - 3. All delinquent bills shall be subject to the provisions of the utility's termination procedures.
  - 4. All payments shall be made at or mailed to the office of the utility or to the utility's authorized payment agency or the office of the billing entity. The date on which the utility actually receives the customer's remittance is considered the payment date.
- D. Applicable tariffs, prepayment, failure to receive, commencement date, taxes
  - 1. Each customer shall be billed under the applicable tariff indicated in the customer's application for service.
  - 2. Each utility or billing entity shall make provisions for advance payment of utility services.
  - 3. Failure to receive bills or notices which have been properly placed in the United States mail shall not prevent such bills from becoming delinquent nor relieve the customer of his obligations therein.
  - 4. Charges for electric service commence when the service is actually installed and connection made, whether used or not. A minimum one-month billing period is established on the date the service is installed (excluding landlord/utility special agreements).
  - 5. Charges for services disconnected after one month shall be prorated back to the customer of record.
- E. Meter error corrections
  - 1. If a tested meter is found to be more than 3% in error, either fast or slow, the correction of previous bills will be made under the following terms allowing the utility or billing entity to recover or refund the difference:
    - a. If the date of the meter error can be definitely fixed, the utility or billing entity shall adjust the customer's billings back to that date. If the customer has been underbilled, the utility or billing entity will allow the customer to repay this difference over an equal length of time that the underbillings occurred. The customer may be allowed to pay the backbill without late payment penalties, unless there is evidence of meter tampering or energy diversion.
  - b. If it is determined that the customer has been overbilled and there is no evidence of meter tampering or energy diversion, the utility or billing entity will make prompt refunds in the difference between the original billing and the corrected billing within the next billing cycle.
- 2. No adjustment shall be made by the utility except to the customer last served by the meter tested.
- 3. Any underbilling resulting from a stopped or slow meter, utility or Meter Reading Service Provider meter reading error, or a billing calculation shall be limited to three months for residential customers and six months for non-residential customers. However, if an underbilling by the utility occurs due to inaccurate, false, or estimated information from a third party, then that utility will have a right to backbill that third party to the point in time that may be definitely fixed, or 12 months. No such limitation will apply to overbillings.
- F. Insufficient funds (NSF) or returned checks
  - 1. A utility or billing entity shall be allowed to recover a fee, as approved by the Commission in a tariff proceeding, for each instance where a customer tenders payment for electric service with a check or other financial instrument which is returned by the customer's bank or other financial institution.
  - 2. When the utility or billing entity is notified by the customer's bank or other financial institution that the check or financial instrument tendered for utility service will not clear, the utility or billing entity may require the customer to make payment in cash, by money order, certified check, or other means to guarantee the customer's payment.
  - 3. A customer who tenders such a check or financial instrument shall in no way be relieved of the obligation to render payment to the utility or billing entity under the original terms of the bill nor defer the utility's provision of termination of service for nonpayment of bills.
- G. Levelized billing plan
  - 1. Each utility may, at its option, offer its customers a levelized billing plan.
  - 2. Each utility offering a levelized billing plan shall develop, upon customer request, an estimate of the customer's levelized billing for a 12-month period based upon:
    - a. Customer's actual consumption history, which may be adjusted for abnormal conditions such as weather variations.
    - b. For new customers, the utility will estimate consumption based on the customer's anticipated load requirements.
    - c. The utility's tariff schedules approved by the Commission applicable to that customer's class of service.
  - 3. The utility shall provide the customer a concise explanation of how the levelized billing estimate was developed, the impact of levelized billing on a customer's monthly utility bill, and the utility's right to adjust the customer's billing for any variation between the utility's estimated billing and actual billing.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

4. For those customers being billed under a levelized billing plan, the utility shall show, at a minimum, the following information on their monthly bill:
  - a. Actual consumption,
  - b. Dollar amount due for actual consumption,
  - c. Levelized billing amount due, and
  - d. Accumulated variation in actual-versus-levelized billing amount.
5. The utility may adjust the customer's levelized billing in the event the utility's estimate of the customer's usage or cost should vary significantly from the customer's actual usage or cost; such review to adjust the amount of the levelized billing may be initiated by the utility or upon customer request.

**H. Deferred payment plan**

1. Each utility may, prior to termination, offer to qualifying residential customers a deferred payment plan for the customer to retire unpaid bills for utility service.
2. Each deferred payment agreement entered into by the utility and the customer shall provide that service will not be discontinued if:
  - a. Customer agrees to pay a reasonable amount of the outstanding bill at the time the parties enter into the deferred payment agreement.
  - b. Customer agrees to pay all future bills for utility service in accordance with the billing and collection tariffs of the utility.
  - c. Customer agrees to pay a reasonable portion of the remaining outstanding balance in installments over a period not to exceed six months.
3. For the purposes of determining a reasonable installment payment schedule under these rules, the utility and the customer shall give consideration to the following conditions:
  - a. Size of the delinquent account,
  - b. Customer's ability to pay,
  - c. Customer's payment history,
  - d. Length of time that the debt has been outstanding,
  - e. Circumstances which resulted in the debt being outstanding, and
  - f. Any other relevant factors related to the circumstances of the customer.
4. Any customer who desires to enter into a deferred payment agreement shall establish such agreement prior to the utility's scheduled termination date for nonpayment of bills. The customer's failure to execute such an agreement prior to the termination date will not prevent the utility from disconnecting service for nonpayment.
5. Deferred payment agreements may be in writing and may be signed by the customer and an authorized utility representative.
6. A deferred payment agreement may include a finance charge as approved by the Commission in a tariff proceeding.
7. If a customer has not fulfilled the terms of a deferred payment agreement, the utility shall have the right to disconnect service pursuant to the utility's termination of service rules. Under such circumstances, it shall not be required to offer subsequent negotiation of a deferred payment agreement prior to disconnection.

**I. Change of occupancy**

1. To order service discontinued or to change occupancy, the customer must give the utility at least three working days advance notice in person, in writing, or by telephone.

2. The outgoing customer shall be responsible for all utility services provided or consumed up to the scheduled turn-off date.
3. The outgoing customer is responsible for providing access to the meter so that the utility may obtain a final meter reading.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency amendment replaced by exempt permanent amendment effective December 31, 1998 (Supp. 98-4). Amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3).

*Editor's Note: The following Section was amended under the regular rulemaking process and approved by the Arizona Attorney General's Office (Supp. 22-1).*

*Editor's Note: The following Section was amended under an exemption from the Attorney General approval provisions of the Arizona Administrative Procedure Act (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)), as determined by the Corporation Commission. This exemption means that the rules as amended were not approved by the Attorney General (Supp. 99-3 and Supp. 00-4).*

**R14-2-211. Termination of Service**

- A. Restrictions on termination of service; recordkeeping and repayment requirements**
  1. A utility shall not terminate service to a customer due to delinquency in payment for services rendered to a prior customer at the service address where service is being provided, unless the prior customer continues to reside at the service address.
  2. A utility shall not terminate service to a customer due to the customer's failure to pay for services or equipment that are not regulated by the Commission.
  3. A utility shall not terminate service to a customer due to the customer's nonpayment of a bill related to another class of service.
  4. A utility shall not terminate service to a customer due to the customer's failure to pay the portion of a bill imposed to correct a previous underbilling due to an inaccurate meter or meter failure, provided that the customer agrees to pay the portion of the bill attributable to correction of underbilling in full over a period of months agreed to by the customer and the utility. A utility shall comply with R14-2-209(C)(3) and R14-2-210(E)(3) when calculating the underbilling amount to be paid.
  5. A utility shall not terminate residential service to a customer who has an inability to pay if the customer establishes, on an annual basis, through documentation from a licensed medical practitioner:
    - a. That, in the opinion of the licensed medical practitioner, termination would be especially dangerous to the health of the customer or a permanent resident residing at the customer's service address, or
    - b. That there is medically necessary equipment used in the home that is dependent on utility service for operation.
  6. A utility shall not terminate residential service to a customer who has an inability to pay until the utility has complied with subsection (D) and completed all of the following:

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- a. The utility has informed the customer of the availability of funds from various government and social assistance agencies and provided the customer the contact information for those agencies;
  - b. If a third party has been previously designated by the customer to receive delinquency and termination information, the utility has notified the third party that the customer's bill is delinquent and allowed the third party at least five business days to communicate with the utility and to make arrangements for payment of the delinquent utility bill;
  - c. At least 48 hours before the date upon which termination is scheduled to occur, the utility has:
    - i. Provided at least two written notices of the termination, using the customer's preferred method of communication, to the customer and, if applicable, the customer's designated third party; and
    - ii. Telephoned the customer and, if applicable, the customer's designated third party to provide notice of the termination by attempting to speak to the customer, the customer's designated third party, or an adult resident of the customer's service address; or by attempting to leave a voice message.
  - d. A utility may partner with local stakeholders; non-profits; public health agencies at the state, county, and local level; and local community service agencies to provide in-person notice of termination;
  - e. A utility shall keep pace with technological advancements in communication and augment the requirements of this subsection to utilize the most effective means of informing the customer of delinquency and termination; and
  - f. Beginning on April 15, 2022, and on each April 15 thereafter, each regulated Class A, B, and C electric utility that provides residential electric service shall file a report containing the utility's policy for compliance with subsection (A)(6).
7. If a customer, the customer's designated third party, or an adult resident of the customer's service address threatens the utility or a utility employee, the utility shall document the threatening occurrence. A utility shall maintain documentation of all threatening occurrences related to a customer's account for the entire period during which the customer continues to be a customer and for at least one year after the customer ceases to be a customer.
  8. A utility shall retain the records demonstrating its compliance with subsection (A)(6) for at least three years.
  9. A utility may require a customer whose service is not terminated due to subsections (A)(4) or (A)(5) to enter into a deferred payment agreement with the utility within seven business days after the date on which service otherwise would have been terminated. A utility shall allow at least a single missed payment or a single partial payment in a 12-month period at the request of the customer without any consequence. If there is more than one missed or partial payment, the payment plan agreement will be considered as breached. If the payment plan is in breach, the current payment plan may be amended, or a new payment plan may be created. Both the utility and the customer have a duty to act in good faith in negotiating a payment plan.
  10. A utility shall not terminate service due to a customer's failure to pay the disputed portion of a bill if the customer has complied with R14-2-212(B).
  11. A utility shall adopt only one of the following conditions under which it shall not terminate residential service:
    - a. During any period of time for which the local weather forecast, as predicted by the National Weather Service, indicates that the weather in the area of the customer's service address:
      - i. Will include temperatures that do not exceed 32° F;
      - ii. Will include temperatures that exceed 95° F; or
      - iii. Will include other weather conditions that the Commission has determined, by order, are especially dangerous to health; or
    - b. During the calendar days of June 1 through October 15 of each year, which shall be specified as non-termination dates in a utility's tariffs.
  12. A utility shall specify, in its tariffs, the provision of subsection (A)(11) that the utility has chosen to comply with and shall comply with the provision.
  13. If a utility is prohibited from terminating a customer's service under subsection (A)(11)(b) as adopted in its tariff, the utility shall:
    - a. Notify the customer, using the customer's preferred method of communication, and, if applicable, the customer's designated third party, of:
      - i. The reason the utility is not permitted to disconnect service,
      - ii. The expected date on which termination of service will be permissible, and
      - iii. The customer's responsibilities under subsection (H);
    - b. Not charge the customer any late fees or assess any interest on any past due amounts that accrue during a period when subsection (A)(11)(b) applies; and
    - c. After subsection (A)(11)(b) no longer applies, bill the customer for the past due amounts through installments over a period of months agreed to by the customer and the utility.
  14. A utility shall not terminate residential service to a customer unless the utility's call center and office or business facilities are open and available to the public on the day of termination and the day following the day of termination.
  15. A utility shall not terminate residential service to a customer if the customer has paid at least half of the customer's delinquent bill balance within the last 25 days or if the customer's delinquent bill balance is less than or equal to \$300.00.
  16. If a customer has a deposit with the utility, the utility shall use the deposit to pay any delinquent amount on the customer's account before terminating service and shall allow the customer time to reestablish the deposit in installments over a period of at least six months.
  17. Beginning on April 15, 2022, and on each April 15 thereafter, each regulated Class A, B, and C electric utility that provides residential electric service shall file a report containing the utility's payment plan policy for residential customers.
- B.** Termination of service without advance written notice; record-keeping requirement

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

1. Notwithstanding subsection (A), a utility may terminate service to a customer's service address without advance written notice if:
    - a. Failure to terminate service would result in an obvious hazard to the safety or health of the customer, the general population, or the utility's personnel or facilities;
    - b. The utility has evidence of meter tampering or fraud related to the customer or the customer's service address; or
    - c. The customer has failed to comply with the curtailment procedures imposed by the utility during supply shortages.
  2. A utility that has terminated service under subsection (B)(1) shall not be required to restore service until the situation that resulted in the termination has been corrected to the satisfaction of the utility.
  3. A utility shall maintain a record of each termination of service made under subsection (B)(1) for at least one year and shall make the record available for inspection by the Commission upon request.
- C. Termination of service with notice**
1. Except as provided in subsection (A), a utility may terminate service to a customer's service address for any of the following reasons, provided that the utility has complied with the requirements of subsection (D):
    - a. Customer violation of any of the utility's tariffs or of the Commission's rules,
    - b. Failure of the customer to pay a delinquent bill for utility service,
    - c. Failure of the customer to meet or maintain the utility's deposit requirements,
    - d. Failure of the customer to provide the utility reasonable access to the utility's equipment or property,
    - e. Customer breach of a written contract for service between the utility and customer,
    - f. When necessary for the utility to comply with an order of any governmental agency having jurisdiction, or
    - g. Unauthorized resale of utility equipment or service by the customer.
  2. A utility shall maintain a record of each termination of service made under subsection (C)(1) for at least one year and shall make the record available for Commission inspection upon request.
- D. Termination notice requirements**
1. At least 10 days before a utility terminates service to a customer's service address under subsection (C), the utility shall provide the customer and, if applicable, the customer's designated third party, advance notice of the utility's intent to terminate service.
  2. The utility shall provide the advance notice required by subsection (D)(1) by providing a copy of the advance notice to the customer and, if applicable, the customer's designated third party, using the customer's preferred method of communication, or U.S. mail, as provided in R14-2-212(K).
  3. A utility shall include at least the following information in an advance notice required under subsection (D)(1):
    - a. The name of the customer whose service is to be terminated and the service address where service is to be terminated;
    - b. If service is to be terminated because the customer has violated a utility tariff or Commission rule, the name of the utility tariff or Commission rule violated and an explanation of the violation;
    - c. If service is to be terminated because the customer has failed to pay a delinquent bill for utility service, the amount of the delinquent bill and the date payment was due;
    - d. If service is to be terminated because the customer has failed to meet or maintain the utility's deposit requirements, the amount the customer has on deposit and the amount the customer is required to have on deposit;
    - e. If service is to be terminated because the customer has failed to provide the utility reasonable access to the utility's equipment or property, a description of the access required and a description, including dates, of the customer's failure to provide access;
    - f. If service is to be terminated because the customer has breached a written contract for service between the customer and the utility, identification of the contract provision breached and a description of the circumstances constituting a breach;
    - g. If service is to be terminated because the termination is necessary for the utility to comply with an order of any governmental agency having jurisdiction, a description and, if possible, a copy of the order;
    - h. If service is to be terminated because the customer has engaged in unauthorized resale of the utility's equipment or service, a description of the circumstances, including dates, constituting such resale;
    - i. The date on or after which service is to be terminated;
    - j. A statement advising the customer to contact the utility at a specific address or phone number to receive information regarding any deferred payment program or other procedures the utility may offer, or to reach a mutually agreeable solution to avoid termination of the customer's service; and
    - k. A description of the requirements of subsection (F), along with the specific address for the customer to contact or the phone number for the customer to call to raise a dispute.
  4. If a customer has designated a third party for the customer's account, a utility shall ensure that the third party is concurrently provided each notice, whether written or telephonic, that is provided to the customer as required by this Section.
- E. Timing of terminations with notice**
1. If the period of time allowed by the advance notice has elapsed, and the customer has not remedied the cause for termination to the utility's satisfaction, the utility shall provide the customer and, if applicable, the customer's designated third party, a final notice, two days before the termination date specified, using the customer's preferred method of communication. If the customer has not remedied the cause for termination after the two days have passed, and subsection (A) does not apply, the utility may then terminate service on or after the day specified in the final notice without giving further notice.
  2. Notwithstanding subsection (E)(1), if a customer's preferred method of communication is U.S. mail, the utility shall allow ten days before terminating service without giving further notice.
  3. A utility shall comply with subsection (A)(6), if applicable, before it may terminate service.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

4. A utility shall have the right but not the obligation to remove any or all of its equipment or other property installed at a customer's service address upon the termination of service.
- F. Termination notice requirements: disputes. A utility shall ensure that a customer is afforded the right to dispute the utility's stated reason for termination, in accordance with the following:
  1. A utility shall maintain a specific address or phone number for customers to use to raise a dispute with the utility.
  2. A utility shall notify each customer, subject to termination, and the customer's designated third party, that to dispute the utility's reason for termination, the customer or the customer's designated third party shall contact the utility at the specific address or phone number, before the scheduled date of termination, to advise the utility of the dispute and to discuss the cause for termination with a representative of the utility.
  3. If a customer raises a dispute, a utility shall ensure that a representative of the utility, who is empowered to resolve the customer's dispute, discusses the cause for termination with the customer before the scheduled termination date.
  4. If a utility determines after discussion with a disputing customer that the reason for termination is just, the utility may terminate service to the customer, unless prohibited by subsection (A).
  5. If a utility decides to terminate service to a disputing customer as permitted in subsection (F)(4), the utility shall inform the customer of the termination and of his the customer's right to file a complaint with the Commission.
  6. The utility shall not terminate service if the customer has a pending complaint before the Commission.
- G. Landlord/tenant rule. If the service address for a customer is different from the mailing address for the customer's bill, or the utility knows that a landlord/tenant relationship exists for the service address and that the landlord is the customer of the utility, the utility shall comply with subsections (D) and (E) as well as the following if the customer account becomes subject to termination of service under subsection (C):
  1. If it is feasible to provide service to the service address in the occupant's name, the utility shall offer the occupant the opportunity to obtain service in the occupant's name;
  2. If the occupant declines to subscribe to service in the occupant's name, the utility may terminate service as permitted under subsections (C) through (E); and
  3. The utility shall not require or attempt to require the occupant to pay any outstanding bills or other charges due on the account of the landlord.
- H. Customer responsibilities
  1. A customer shall be responsible for managing energy use when a utility is not permitted to terminate service to the customer under subsection (A).
  2. A customer shall be financially responsible for any charges accrued for service during a period when a utility is not permitted to terminate service to the customer under subsection (A).
  3. A customer shall, after the provision of subsection (A)(11) included in a utility's tariff no longer precludes termination:
    - a. Pay the past due amounts in full; or
    - b. Pay the past due amounts through installments as billed by the utility, with no penalty for prepayment.
4. A customer desiring to dispute a utility's reason for termination shall, before the scheduled date of termination, contact the utility at the specific address or phone number provided in the notice pursuant to subsection (D)(3)(k) to notify the utility of the dispute and discuss the reason for termination with a representative of the utility.
- I. In a competitive marketplace, if a customer's account with an Electric Service Provider becomes delinquent, the Electric Service Provider may not order a disconnect for nonpayment or terminate service to the customer but may only send a notice of contract cancellation to the customer and the Utility Distribution Company.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency amendment replaced by exempt permanent amendment effective December 31, 1998 (Supp. 98-4). Amended to correct subsection numbering (Supp. 99-4). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4). Amended by emergency rulemaking as determined by the Commission at 25 A.A.R. 1798, effective immediately June 21, 2019 (Supp. 19-2). Amended by final rulemaking at 28 A.A.R. 564 (March 11, 2022), effective April 18, 2022 (Supp. 22-1).

*Editor's Note: The following Section was amended under the regular rulemaking process and approved by the Arizona Attorney General's Office (Supp. 22-1).*

*Editor's Note: The following Section was amended under an exemption from the Attorney General approval provisions of the Arizona Administrative Procedure Act (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)), as determined by the Corporation Commission. This exemption means that the rules as amended were not approved by the Attorney General.*

**R14-2-212. Administrative and Hearing Requirements**

- A. Customer service complaints
  1. Each utility shall make a full and prompt investigation of each service complaint made by one of its customers, whether made directly or through the Commission.
  2. Within five business days after a complaint is made, the utility shall respond to the complainant and, if applicable, to the Commission representative regarding the status of the utility's investigation of the complaint.
  3. The utility shall notify the complainant and, if applicable, the Commission representative of the final disposition of each complaint. Upon request of the complainant or the Commission representative, the utility shall report the findings of its investigation in writing.
  4. The utility shall inform the customer of the right to file an informal complaint with the Commission, under subsection (C)(1), if the customer is dissatisfied with the results of the utility's investigation or the final disposition of the complaint.
  5. Each utility shall:
    - a. Create a record of each service complaint received including, at a minimum, the following data:
      - i. Name and address of the customer;
      - ii. Service address at issue, if different from the customer's address;
      - iii. Date and nature of the complaint;

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- iv. Disposition of the complaint; and
  - v. A copy of any correspondence between the utility, the customer, and a Commission representative; and
- b. Maintain each service complaint record for at least one year after final disposition of the complaint and make the record available for inspection by the Commission upon request.
- B. Customer bill disputes**
  - 1. A utility customer who disputes a portion of a bill rendered for utility service shall, prior to the due date for the bill, pay the undisputed portion of the bill and notify a representative of the utility that the unpaid amount is in dispute.
  - 2. Upon receipt of the customer's notice of dispute, the utility shall:
    - a. Within five business days after receiving notice of the dispute, provide the customer confirmation that the dispute has been received;
    - b. Initiate a prompt investigation of the source of the dispute;
    - c. Withhold termination of service until the investigation is completed and the customer has been informed of the results of the investigation;
    - d. Notify the customer of the results of the investigation and final disposition of the bill dispute, in writing if requested by the customer; and
    - e. Inform the customer of the right to file an informal complaint with the Commission, under subsection (C)(1), if dissatisfied with the results of the utility's investigation or final disposition.
  - 3. Once the customer has received the results of the utility's investigation and the utility's final disposition, the customer shall, within five business days, submit payment to the utility for any disputed amounts. Failure to make full payment within five business days shall be grounds for termination of service under R14-2-211(C)(1)(b).
- C. Commission resolution of service and bill disputes**
  - 1. If a customer is dissatisfied with the outcome of a utility's investigation or final disposition of a service or bill dispute, the customer may file with the Commission a written statement of dissatisfaction, which shall be deemed an informal complaint against the utility.
  - 2. Within 30 days after receiving an informal complaint against a utility, a Commission representative shall attempt to resolve the dispute through communications with the utility and the customer (written or telephonic or both). If resolution of the dispute is not achieved within 20 days of the Commission representative's initial effort, the Commission shall hold a mediation regarding the dispute, in accordance with the following:
    - a. A Commission representative shall preside over the mediation, and the participants shall be the customer and the utility.
    - b. Each participant may be represented by legal counsel, at the participant's own expense, if desired.
    - c. The mediation may be recorded or held in the presence of a stenographer.
    - d. Each participant shall have the opportunity to present written or oral material to support the participant's position.
    - e. Each participant shall have the opportunity to cross-examine the other participant, and the Commission representative shall have the opportunity to examine each participant.
  - f. The Commission representative shall render a written decision to the participants within five business days after conclusion of the mediation. The written decision of the Commission representative shall not be binding on the participants, who shall retain the right to make a formal complaint to the Commission.
- 3. The utility may implement normal termination procedures, under R14-2-211(C)(1)(b), if the customer fails to pay all undisputed bills rendered during the resolution of the dispute by the Commission.
- 4. Each utility shall maintain a record of written statements of dissatisfaction and their resolution for at least one year and shall make such records available for Commission inspection upon request.
- D. Notice by utility of responsible officer or agent**
  - 1. Each utility shall file with the Commission a written statement containing the name, address (business and mailing), email, and telephone number (business) of at least one officer, agent, or employee responsible for the general management of its operations as a utility in Arizona.
  - 2. Each utility shall give notice, by filing a written statement with the Commission of any change in the information required herein within five business days from the date of any such change.
- E. Time-frames for processing applications for Certificates of Convenience and Necessity**
  - 1. This subsection prescribes time-frames for the Commission's processing of any application for a Certificate of Convenience and Necessity filed pursuant to this Article.
  - 2. Within 120 calendar days after receipt of an application for a new Certificate of Convenience and Necessity, or to amend or change the status of any existing Certificate of Convenience and Necessity, staff shall notify the applicant, in writing, that the application is either administratively complete or deficient. If the application is deficient, the notice shall specify all deficiencies.
  - 3. Staff may cease its review of an application if the applicant does not remedy all deficiencies within 60 calendar days of the notice of deficiency.
  - 4. After receipt of a corrected application, staff shall notify the applicant within 90 calendar days that the corrected application is either administratively complete or deficient. If the corrected application is deficient, the notice shall specify all deficiencies.
  - 5. The time-frame for administrative completeness review shall be suspended from the time a notice of deficiency is issued until staff determines that the application is complete.
  - 6. Within 150 days after an application is determined to be administratively complete, the Commission shall approve or reject the application.
  - 7. For purposes of A.R.S. § 41-1072 through A.R.S. § 41-1079, the Commission has established the following time-frames:
    - a. Administrative completeness review time-frame: 120 calendar days.
    - b. Substantive review time-frame: 150 calendar days.
    - c. Overall time-frame: 270 calendar days.
  - 8. If an applicant requests, and is granted, an extension or continuance, the appropriate time-frames shall be tolled.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

from the date of the request and for the duration of the extension or continuance.

9. During the substantive review time-frame, the Commission may, for good cause, upon its own motion or that of any interested party to the proceeding, suspend the time-frame rules.
- F. Filing and availability of tariffs**
1. Each utility shall file with the Commission, within 120 days after the effective date of new rules or requirements adopted by the Commission, or within a shorter period ordered by the Commission, tariffs that comply with the new rules or requirements adopted by the Commission.
  2. Each utility shall file with the Commission any proposed changes to the utility's tariffs on file with the Commission, along with a statement of justification supporting the proposed changes.
  3. A utility's proposed change to the utility's tariffs on file with the Commission shall not become effective until reviewed and approved by the Commission, except as provided by law.
  4. Each utility shall make its applicable tariffs available on its website and, upon request, either in paper form or in a readily accessible electronic format such as Adobe PDF.
- G. Accounts and records**
1. Each utility shall keep general and auxiliary accounting records reflecting the cost of its properties, operating income and expense, assets and liabilities, and all other accounting and statistical data necessary to give complete and authentic information as to its properties and operations.
  2. Each utility shall maintain its books and records in conformity with the Uniform Systems of Accounts for Class A, B, C, and D Electric Utilities as adopted and amended by the Federal Energy Regulatory Commission or, for electric cooperatives, as promulgated by the Rural Utilities Service.
  3. Each utility shall produce or deliver in this state any or all of its formal accounting records and related documents requested by the Commission. A utility may, at its option, provide verified copies of original records and documents rather than produce the originals.
  4. Each utility shall submit an annual report to the Commission, through the Utilities Division, on a form prescribed by the Utilities Division. The annual report shall be filed on or before the 15th day of April for the preceding calendar year. If the utility has received a report on the utility prepared by a certified or licensed public accountant, the utility shall include a copy of the report with its annual report submission.
  5. Each utility shall submit to the Commission, through the Utilities Division, a copy of all reports the utility is required to file with the Securities and Exchange Commission.
  6. Each utility shall submit to the Commission, through the Utilities Division, a copy of all annual reports the utility is required to file with the Federal Energy Regulatory Commission and, in addition, for electric cooperatives, each annual report the utility is required to file with the Rural Utilities Service.
- H. Maps.** Each utility shall file with the Commission a map or maps clearly setting forth the location and extent of the area or areas included within the utility's approved certificates of convenience and necessity, in accordance with the Cadastral (Rectangular) Survey of the United States Bureau of Land

Management, or by metes and bounds with a starting point determined by the aforesaid Cadastral Survey.

- I.** Variations, exemptions of Commission rules. The Commission may, by order, approve variations or exemptions from any of the rules in this Article either upon application of an affected party establishing that the public interest requires such variation or exemption or upon determining, on its own initiative, that such variation or exemption is necessary to serve the public interest. In case of conflict between these rules and an approved tariff or order of the Commission, the provisions of the approved tariff or order shall apply.
- J.** Prior agreements. The adoption of these rules by the Commission shall not affect any agreements entered into between the utility and customers or other parties who, pursuant to such contracts, arranged for the extension of facilities in a provision of service prior to the effective date of these rules.
- K.** A utility shall obtain and maintain for each customer the customer's preferred method of communication, which may be email, U.S. mail, voice telephone call, text message, or other communication method acceptable to the utility and the customer. Except as otherwise specified in this Article, a utility shall communicate with a customer and the customer's designated third party using the customer's preferred method of communication. If a utility does not yet have a customer's preferred method of communication on file, the utility may use the U.S. mail.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended effective December 31, 1998, under an exemption as determined by the Arizona Corporation Commission (Supp. 98-4). Amended by final rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended to correct subsection numbering (Supp. 99-4). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4). Amended by final rulemaking at 28 A.A.R. 564 (March 11, 2022), effective April 18, 2022 (Supp. 22-1).

*Editor's Note: The following Section was amended under an exemption from the Attorney General approval provisions of the Arizona Administrative Procedure Act (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)), as determined by the Corporation Commission. This exemption means that the rules as amended were not approved by the Attorney General (Supp. 00-4).*

**R14-2-213. Conservation****Energy conservation plan**

1. The Arizona Corporation Commission recognizes the need for conservation of energy resources in order to maintain an adequate and continuous supply of safe, dependable, and affordable energy. Therefore, in order to promote the state's economic development and the health and welfare of its citizenry, each class A and B electric utility shall file an energy conservation plan which encompasses at a minimum the following considerations:
  - a. Development of consumer education and assistance programs to aid the populace in reducing energy consumption and cost.
  - b. Participation in various energy conservation programs sponsored by other municipal, state or federal government entities having such jurisdiction.
2. Each utility shall file an energy conservation plan with the Commission, through the Compliance Section, Utilities Division, within one year of the effective date of

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

these rules and annual updates thereafter when changes require such.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4).

**R14-2-214. Compliance by Electric Cooperatives**

- A. The terms and conditions for termination of service, including customer notice, in an electric cooperative's tariff approved by the Commission prior to the effective date of this Section shall substitute for the provisions of R14-2-211.
- B. Notwithstanding R14-2-212(F), an electric cooperative that proposes to revise the terms and conditions for termination of service included in its Commission-approved tariff shall file the proposed revisions with the Commission, in a new docket, pursuant to R14-2-212(I). If the Commission fails to approve, disapprove, or suspend for further consideration the proposed revisions within 60 days following the cooperative's filing, the revisions shall be deemed approved and become effective on the 61st day following the filing.

**Historical Note**

New Section made by final rulemaking at 28 A.A.R. 564 (March 11, 2022), effective April 18, 2022 (Supp. 22-1).

**R14-2-215. Termination of Service Reporting Requirements**

Beginning on April 15, 2022, and on each July 15, October 15, January 15, and April 15 thereafter, each regulated Class A, B, and C electric utility that provides residential electric service shall file a quarterly report providing the following information for each month of the previous quarter:

1. The number of residential customers whose electric service was terminated by zip code, and, if termination of service was prohibited under R14-2-211(A)(11) and the utility's tariffs, the number of residential accounts that would have been subject to termination if not for the prohibition;
2. The number of residential customers by zip code who have payment arrearages;
3. The total dollar amount of arrearages, by zip code;
4. The average dollar amount in arrearages per residential customer, by residential customer rate plan;
5. The number of commercial customers by zip code whose electric service was terminated;
6. The number of commercial customers by zip code who have payment arrearages;
7. The average amount in arrearages per commercial customer, by commercial class;
8. The number of residential accounts enrolled in a deferred payment arrangement and the number of those residential accounts in compliance with the deferred payment arrangement;
9. The number of active and delinquent residential accounts with an arrearage of \$100 or more, disaggregated into "limited-income" accounts, "accounts with documentation from a licensed medical practitioner," and "other residential accounts";
10. The percentage of limited-income customers in arrears who have received customer assistance due to inability to pay in the most recent quarter;
11. The number of active and delinquent residential accounts with an arrearage of \$100 or more, disaggregated into "limited-income" accounts, "accounts with documenta-

tion from a licensed medical practitioner," and "other residential accounts," and further disaggregated to show the duration of the arrearages (up to 30 days, 30 to 60 days, and 60 to 90 days);

12. A brief narrative discussing the information contained in the report; and
13. A description of how the utility is assisting customers who indicate they may have an inability to pay, including details regarding the specific steps taken to direct the customers to appropriate resources, and including the following metrics:
  - a. Number of calls received from residential customers asking for bill assistance during the most recent quarter;
  - b. Number of customers notified about tariffs for limited-income customers, or other available tariffs, as of the most recent quarter;
  - c. Cumulative number of customers enrolled in limited-income tariffs, or other available tariffs, as of that most recent quarter;
  - d. Cumulative number of customers receiving assistance through the Low-Income Home Energy Assistance Program of that most recent quarter; and
  - e. Number of customers notified of energy efficiency and weatherization options during that most recent quarter.

**Historical Note**

New Section made by final rulemaking at 28 A.A.R. 564 (March 11, 2022), effective April 18, 2022 (Supp. 22-1).

**R14-2-216. Relief for Heat-Vulnerable Residential Customers**

- A. Each utility shall participate and collaborate in good faith with stakeholders; nonprofits; public health agencies at the state, county, and local level; and local community service agencies to address issues facing heat-vulnerable populations.
- B. Each utility shall propose and implement one or more programs targeting heat-vulnerable populations to address heat-related safety concerns.
- C. Each utility shall communicate with public health agencies at the state, county, and local level; and local community service agencies to obtain the information needed to comply with subsection (B) and to coordinate on the creation and potentially the administration of the program or programs required by subsection (B).
- D. If a utility provides funding to support one or more programs targeting heat-vulnerable populations to address heat-related safety concerns, the utility may, in its next rate case or demand-side management tariff, request recovery of those costs. Recovery of the costs requested by a utility shall be allowed only if the Commission determines that the costs are prudent.

**Historical Note**

New Section made by final rulemaking at 28 A.A.R. 564 (March 11, 2022), effective April 18, 2022 (Supp. 22-1).

**ARTICLE 3. GAS UTILITIES****R14-2-301. Definitions**

In this Article, unless the context otherwise requires, the following definitions shall apply:

1. "Advance in aid of construction." Funds provided to the utility by the applicant under the terms of a main extension agreement the value of which may be refundable.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

2. "Applicant." A person requesting the utility to supply gas service.
3. "Application." A request to the utility for gas service, as distinguished from an inquiry as to the availability or charges for such service.
4. "Arizona Corporation Commission." The regulatory authority of the state of Arizona having jurisdiction over public service corporations operating in Arizona.
5. "Billing month." The period between any two regular readings of the utility's meters at approximately 30 day intervals.
6. "Billing period." The time interval between two consecutive meter readings that are taken for billing purposes.
7. "British Thermal Unit." The amount of heat required to raise the temperature of one pound of water one degree Fahrenheit (1° F) at standard conditions.
8. "Btu." British thermal unit.
9. "Commodity charge." The unit of cost per billed usage, as set forth in the utility's tariffs.
10. "Contributions in aid of construction." Funds provided to the utility by the applicant under the terms of a main extension agreement and/or service connection tariff the value of which are not refundable.
11. "Cubic foot"
  - a. In cases where gas is supplied and metered to customers at the standard delivery pressure, a cubic foot of gas is the volume of gas which, at the temperature and pressure existing in the meter, occupies one cubic foot.
  - b. Regardless of the pressure supplied to the customer, the volume of gas metered will be converted to the volume which the gas would occupy at standard conditions of 14.73 pounds per square inch absolute at 60° F.
  - c. The standard cubic foot of gas for testing the gas itself for heating value shall be that volume of gas which, when saturated with water vapor and at a temperature of 60° F and under a pressure equivalent to that of 30 inches of mercury (mercury at 32° F and under standard gravity), occupies one cubic foot.
12. "Ccf." 100 cubic feet.
13. "Curtailed priority." The order in which gas service is to be curtailed to various classifications of customers, as set forth in the utility's tariffs.
14. "Customer." The person or entity in whose name service is rendered, as evidenced by the signature on the application or contract for that service, or by the receipt and/or payment of bills regularly issued in his name regardless of the identity of the actual user of the service.
15. "Customer charge." The amount the customer must pay the utility for the availability of gas service, excluding any gas used, as specified in the utility's tariffs.
16. "Day." Calendar day.
17. "Distribution main." A gas line of the utility from which service lines may be extended to customers.
18. "Federal poverty level" means the U.S. federal poverty guideline for the pertinent household size published annually in the Federal Register by the U.S. Department of Health and Human Services, Office of the Assistant Secretary for Planning and Evaluation, and available at <https://aspe.hhs.gov/poverty-guidelines>.
19. "Inability to pay" means a circumstance under which a residential customer either:
  - a. Cannot pay the full balance of the customer's monthly bill and has attested to and, if requested, has provided documentation issued by an Arizona or U.S. governmental agency or a licensed medical practitioner verifying that the customer meets one of the following:
    - i. Is at least 62 years of age;
    - ii. Has a physical or mental condition that substantially limits the customer's ability to manage resources, carry out activities of daily living, or secure protection from neglect or hazardous situations without assistance from others; or
    - iii. Has a medical condition that makes termination of gas service especially dangerous to the customer's health; or
  - b. Cannot pay the full balance of the customer's monthly bill and meets one of the following as attested to by the residential customer:
    - i. Is not gainfully employed;
    - ii. Qualifies for monetary government welfare assistance but has not yet begun to receive assistance; or
    - iii. Has an annual income at or below 200 percent of the federal poverty level.
20. "Interrupt" or "Interruption" means to cease or the cessation of gas service to a customer at the point of delivery.
21. "Licensed medical practitioner" means one of the following types of health care providers, actively licensed to practice in Arizona:
  - a. An allopathic or osteopathic physician,
  - b. A registered nurse practitioner, or
  - c. A physician assistant.
22. "Limited income" means:
  - a. A residential customer with annual household income at or below 250 percent of the federal poverty level; or
  - b. A residential customer with annual household income at or below a percentage of the federal poverty level higher than 250 percent, as established by a gas utility in a Commission-approved tariff.
23. "Low Income Home Energy Assistance Program" or "LIHEAP" means the federally funded program that provides low-income residential customers energy bill assistance.
24. "Main extension." The lines and equipment necessary to extend the existing gas distribution system to provide service to additional customers.
25. "Master meter." An instrument for measuring or recording the flow of gas at a single location where said gas is transported through an underground piping system to tenants or occupants for their individual consumption.
26. "Mcf." 1,000 cubic feet.
27. "Meter." The instrument for measuring and indicating or recording the volume of gas or flow that has passed through it.
28. "Meter tampering." A situation where a meter has been illegally altered. Common examples are meter bypassing and other unauthorized connections.
29. "Minimum charge." The amount the customer must pay for the availability of gas service, including an amount of usage, as specified in the utility's tariffs.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

30. "Permanent customer." A customer who is a tenant or owner of a service location who applies for and receives gas service.
31. "Permanent service." Service which, in the opinion of the utility, is of a permanent and established character. The use of gas may be continuous, intermittent, or seasonal in nature.
32. "Person." Any individual, partnership, corporation, governmental agency, or other organization operating as a single entity.
33. "Point of delivery." The point where pipes owned, leased, or under license by a customer connect to the utility's pipes or at the outlet side of the meter.
34. "Preferred method of communication" means the communication method that complies with R14-2-312(K).
35. "Premises." All of the real property and apparatus employed in a single enterprise on an integral parcel of land undivided by public streets, alleys or railways.
36. "Residential subdivision." Any tract of land which has been divided into four or more contiguous lots for use for the construction of residential buildings or permanent mobile homes for either single or multiple occupancy.
37. "Residential use." Service to customers using gas for domestic purposes such as space heating, air conditioning, water heating, cooking, clothes drying, and other residential uses and includes use in apartment buildings, mobile home parks, and other multiunit residential buildings.
38. "Restricted apparatus." Apparatus prohibited by the Commission or other governmental agency.
39. "Service address" means the physical location at which a utility provides service to a customer.
40. "Service area." The territory in which the utility has been granted a Certificate of Convenience and Necessity and is authorized by the Commission to provide gas service.
41. "Service establishment charge." A charge as specified in the utility's tariffs which covers the cost of establishing a new account.
42. "Service line." A gas pipe that transports gas from a common source of supply (normally a distribution main) to the customer's point of delivery.
43. "Service reconnect charge" means the charge specified in a utility's tariffs that must be paid by a customer prior to restarting gas service each time the customer's gas service is terminated for nonpayment or for failure to comply with the utility's tariffs.
44. "Service reestablishment charge" means the charge specified in a utility's tariffs that must be paid to reinstate service at the same location where the same customer ordered a service termination within the preceding 12-month period.
45. "Single family dwelling." A house, an apartment, a mobile home permanently affixed to a lot, or any other permanent residential unit which is used as a permanent home.
46. "Standard delivery pressure." 0.25 pounds per square inch gauge at the meter or point of delivery.
47. "Tariffs." The documents filed with the Commission which list the services and products offered by the gas company and which set forth the terms and conditions and a schedule of the rates and charges for those services and products.
48. "Temporary service." Service to premises or enterprises which are temporary in character, or where it is known in advance that the service will be of limited duration. Service which, in the opinion of the utility, is for operations of a speculative character is also considered temporary service.
49. "Terminate" or "Termination" means to discontinue or a discontinuance of gas service to a customer's service address, by intentional action of the utility, and is synonymous with "disconnect" or "disconnection" as used in this Article.
50. "Therm." A unit of heating value, equivalent to 100,000 British thermal units (Btu's).
51. "Third party" means an entity or a person authorized by a customer and willing to receive notification of the customer's pending termination of service and to communicate with the utility on behalf of the customer for the purpose of making arrangements to prevent termination of gas service.
52. "Utility." The public service corporation providing gas service to the public in compliance with state law.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended by final rulemaking at 28 A.A.R. 564 (March 11, 2022), effective April 18, 2022 (Supp. 22-1).

**R14-2-302. Certificate of Convenience and Necessity for gas utilities; additions/extensions; abandonments**

- A. Application for new Certificate of Convenience and Necessity. Six copies of each application for a new Certificate of Convenience and Necessity shall be submitted in a form prescribed by the Commission and shall include, at a minimum, the following information:
  1. The proper name and correct address of the proposed utility company and its owner, if a sole proprietorship, each partner if a partnership, or the President and Secretary if a corporation.
  2. The rates proposed to be charged for the service that will be rendered.
  3. A financial statement setting forth the financial condition of the applicant.
  4. Maps of the proposed service area and/or a description of the area proposed to be served.
  5. Appropriate city, county and/or state agency approvals, where appropriate.
  6. The actual number of customers within the service area as of the time of filing and the estimated number of customers to be served for each of the first five years of operation.
  7. Such other information as the Commission by order or the staff of the Utilities Division by written directive may request.
- B. Application for discontinuance or abandonment of utility service
  1. Any utility proposing to discontinue or abandon utility service currently in use by the public shall prior to such action obtain authority therefor from the Commission.
  2. The utility shall include in the application, studies of past, present and prospective customer use of the subject service, plant or facility as is necessary to support the application.
  3. An application shall not be required to remove individual facilities where a customer has requested service discontinuance.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended to correct subsection numbering (Supp. 99-4).

**R14-2-303. Establishment of Service****A. Information from new applicants**

1. A utility may obtain the following minimum information from each new applicant for service:
  - a. Name or names of applicant(s).
  - b. Service address or location and telephone number.
  - c. Billing address or location and telephone number, if different than service address.
  - d. Address where service was provided previously.
  - e. Date applicant will be ready for service.
  - f. Indication of whether premises have been supplied with utility service previously.
  - g. Purpose for which service is to be used.
  - h. Indication of whether applicant is owner or tenant of or agent for the premises.
  - i. Information concerning the gas usage and demand requirements of the customers.
  - j. Type and kind of life-support equipment, if any, used by the customer.
2. Each utility may require a new applicant for service to appear at the utility's designated place of business to produce proof of identity and sign the utility's application form.
3. Where service is requested by two or more individuals the utility shall have the right to collect the full amount owed to the utility from any one of the applicants.

**B. Deposits**

1. A utility shall not require a deposit from a new applicant for residential service if the applicant is able to meet any of the following requirements:
  - a. The applicant has had service of a comparable nature with the utility at another service location within the past two years and was not delinquent in payment more than twice during the last 12 consecutive months or disconnected for nonpayment.
  - b. The applicant can produce a letter regarding credit or verification from a gas utility where service of a comparable nature was last received which states that the applicant has had service of a comparable nature with the utility at another service location within the past two years and was not delinquent in payment more than twice during the last 12 consecutive months or disconnected for nonpayment.
  - c. In lieu of a deposit, a new applicant may provide a Letter of Guarantee from an existing customer with service who is acceptable to the utility or a surety bond as security for the utility.
2. The utility shall issue a nonnegotiable receipt to the applicant for the deposit. The inability of the customer to produce such a receipt shall in no way impair his right to receive a refund of the deposit which is reflected on the utility's records.
3. Deposits shall be interest bearing; the interest rate and method of calculation shall be filed with and approved by the Commission in a tariff proceeding.
4. Each utility shall file a deposit refund procedure with the Commission, subject to Commission review and approval during a tariff proceeding. However, each utility's refund policy shall include provisions for residential deposits and accrued interest to be refunded or Letter of Guarantee or surety bond to expire after 12 months of service if the

customer has not been delinquent more than twice in the payment of utility bills.

5. A utility may require a residential customer to establish or reestablish a deposit if the customer becomes delinquent in the payment of three or more bills within a 12-consecutive-month period or has been disconnected for service during the last 12 months.
  6. The amount of a deposit required by the utility shall be determined according to the following terms:
    - a. Residential customer deposits shall not exceed two times that customer's estimated average monthly bill.
    - b. Nonresidential customer deposits shall not exceed 2 1/2 times that customer's estimated maximum monthly bill.
  7. The utility may review the customer's usage after service has been connected and adjust the deposit amount based upon the customer's actual usage.
  8. A separate deposit may be required for each meter installed.
- C. Grounds for refusal of service.** A utility may refuse to establish service if any of the following conditions exist:
1. The applicant has an outstanding amount due for the same class of utility service with the utility and the applicant is unwilling to make arrangements with the utility for payment.
  2. A condition exists which in the utility's judgment is unsafe or hazardous to the applicant, the general population, or the utility's personnel or facilities.
  3. Refusal by the applicant to provide the utility with a deposit when the customer has failed to meet the credit criteria for waiver of deposit requirements.
  4. Customer is known to be in violation of the utility's tariffs filed with the Commission.
  5. Failure of the customer to furnish such funds, service, equipment, and/or rights-of-way necessary to serve the customer and which have been specified by the utility as a condition for providing service.
  6. Applicant falsifies his or her identity for the purpose of obtaining service.
- D. Service establishments, reestablishment or reconnection charge**
1. A utility may make a charge as approved by the Commission for the establishment, reestablishment, or reconnection of utility services.
  2. Should service be established during a period other than regular working hours at the customer's request, the customer may be required to pay an after-hour charge for the service connection. Where the utility scheduling will not permit service establishment on the same day requested, the customer can elect to pay the after-hour charge for establishment that day or his service will be established on the next available normal working day.
  3. For the purpose of this rule, the definition of service establishments are where the customer's facilities are ready and acceptable to the utility and the utility needs only to install a meter, read a meter, or turn the service on.
- E. Temporary service**
1. Applicants for temporary service may be required to pay the utility, in advance of service establishment, the estimated cost of installing and removing the facilities necessary for furnishing the desired service.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

2. Where the duration of service is to be less than one month, the applicant may also be required to advance a sum of money equal to the estimated bill for service.
3. Where the duration of service is to exceed one month, the applicant may also be required to meet the deposit requirements of the utility.
4. If at any time during the term of the agreement for service the character of a temporary customer's operations changes so that in the opinion of the utility the customer is classified as permanent, the terms of the utility's main extension rules shall apply.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended to correct subsection numbering (Supp. 99-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-304. Minimum Customer Information Requirements****A. Information for residential customers**

1. Each utility shall make available upon customer request not later than 60 days from the date of request a concise summary of the rate schedule applied for by such customer. The summary shall include the following:
  - a. Monthly minimum or customer charge, identifying the amount of the charge and the specific amount of usage included in the minimum charge, where applicable.
  - b. Rate blocks, where appropriate.
  - c. Any adjustment factor(s) and method of calculation.
2. The utility shall to the extent practical identify the tariff most advantageous to the customer and notify the customer of such prior to service commencement.
3. In addition, a utility shall make available upon customer request not later than 60 days from the date of request a copy of the Commission's rules and regulations concerning:
  - a. Deposits
  - b. Terminations of service
  - c. Billing and collection
  - d. Complaint handling.
4. Each utility upon request of a customer shall transmit a written statement of actual consumption by such customer for each billing period during the prior 12 months unless such data is not reasonably ascertainable.
5. Each utility shall inform all new customers of their rights to obtain the information specified above.

**B. Information required due to changes in tariffs**

1. Each utility shall transmit to affected customers a concise summary of any change in the utility's tariffs affecting those customers.
2. This information shall be transmitted to the affected customer within 60 days of the effective date of the change.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-305. Master Metering**

Mobile home parks -- new construction/expansion

1. A utility shall refuse service to all new construction and/or expansion of existing permanent residential mobile home parks unless the construction and/or expansion is individually metered by the utility. Main extensions and

service line connections to serve such new construction or expansion shall be governed by the main extension and/or service line connection tariff of the appropriate utility.

2. Permanent residential mobile home parks for the purpose of this rule shall mean mobile home parks where, in the opinion of the utility, the average length of stay for an occupant is a minimum of six months.
3. For the purposes of this rule, expansion means construction which has been started for additional permanent residential spaces after the effective date of this rule.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-306. Service Lines and Establishments****A. Priority and timing of service establishments**

1. After an applicant has complied with the utility's application and deposit requirements and has been accepted for service by the utility, the utility shall schedule that customer for service establishment.
2. Service establishments shall be scheduled for completion within five working days of the date the customer has been accepted for service, except in those instances when the customer requests service establishment beyond the five working day limitation.
3. When the utility has made arrangements to meet with a customer for service establishment purposes and the utility or the customer cannot make the appointment during the prearranged time, the utility shall reschedule the establishment to the satisfaction of both parties.
4. Each utility shall schedule service establishment appointments within a maximum range of four hours during normal working hours, unless another time-frame is mutually acceptable to the utility and the customer.
5. Service establishments shall be made only by qualified utility service personnel.
6. For the purposes of this rule, service establishments are where the customer's facilities are ready and acceptable to the utility and the utility needs only to install or read a meter or turn the service on.

**B. Service lines**

1. Customer provided facilities
  - a. An applicant for services shall be responsible for the safety and maintenance of all customer piping from the point of delivery.
  - b. Meters shall be installed in a location suitable to the utility where the meters will be safe from street traffic, readily and safely accessible for reading, testing and inspection, and where such activities will cause the least interference and inconvenience to the customer. The customer shall provide, without cost to the utility, at a suitable and easily accessible location, sufficient and proper space for the installation of meters.
  - c. Where the meter or service line location on the customer's premises is changed at the request of the customer or due to alterations on the customer's premises, the customer shall provide and have installed at his expense all customer piping necessary for relocating the meter and the utility may make a charge for moving the meter and/or service line.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

2. Company provided facilities
  - a. Each utility shall file for Commission approval, a service line tariff which defines the maximum footage and/or equipment allowance to be provided by the utility at no charge; the maximum footage and/or equipment allowance may be differentiated by customer class.
  - b. Any service line in excess of that allowed at no charge shall be paid by the customer as a contribution in aid of construction.
3. Easements and rights-of-way
  - a. Each customer shall grant adequate easement and right-of-way satisfactory to the utility to ensure proper service connection. Failure on the part of the customer to grant adequate easement and right-of-way shall be grounds for the utility to refuse service.
  - b. When a utility discovers that a customer or his agent is performing work or has constructed facilities adjacent to or within an easement or right-of-way and such work, construction or facility poses a hazard or is in violation of federal, state or local laws, ordinances, statutes, rules or regulations, or significantly interferes with the utility's access to equipment, the utility shall notify the customer or his agent and shall take whatever actions are necessary to eliminate the hazard, obstruction or violation at the customer's expense.
5. All main extension agreements requiring payment by the applicant shall be in writing and signed by each party.
6. The provisions of this rule apply only to those applicants who in the utility's judgment will be permanent customers of the utility. Applications for temporary service shall be governed by the Commission's rules concerning temporary service applications.

**B. Minimum written agreement requirements**

1. Each main extension agreement shall, at a minimum, include the following information:
  - a. Name and address of applicant(s)
  - b. Proposed service address or location
  - c. Description of requested service
  - d. Description and sketch of the requested main extension
  - e. A cost estimate to include materials, labor, and other costs as necessary
  - f. Payment terms
  - g. A concise explanation of any refunding provisions, if applicable
  - h. The utility's estimated start date and completion date for construction of the main extension
  - i. A summary of the results of the economic feasibility analysis performed by the utility to determine the amount of advance required from the applicant for the proposed main extension.
2. Each applicant shall be provided with a copy of the written main extension agreement.

**C. Main extension requirements.** Each main extension tariff shall include the following provisions:

1. A maximum footage and/or equipment allowance to be provided by the utility at no charge. The maximum footage and/or equipment allowance may be differentiated by customer class.
2. An economic feasibility analysis for those extensions which exceed the maximum footage and/or equipment allowance. Such economic feasibility analysis shall consider the incremental revenues and costs associated with the main extension. In those instances where the requested main extension does not meet the economic feasibility criteria established by the utility, the utility may require the customer to provide funds to the utility, which will make the main extension economically feasible. The methodology employed by the utility in determining economic feasibility shall be applied uniformly and consistently to each applicant requiring a main extension.
3. The timing and methodology by which the utility will refund any advances in aid of construction as additional customers are served off the main extension. The customer may request an annual survey to determine if additional customers have been connected to and are using service from the extension. In no case shall the amount of the refund exceed the amount originally advanced.
4. All advances in aid of construction shall be noninterest bearing.
5. If after five years from the utility's receipt of the advance, the advance has not been totally refunded, the advance shall be considered a contribution in aid of construction and shall no longer be refundable.

**D. Residential subdivision development and permanent mobile home parks.** Each utility shall submit as a part of its main extension tariff separate provisions for residential subdivision developments and permanent mobile home parks.**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-307. Main Extensions****A. General requirements**

1. Each utility shall file for Commission approval a main extension tariff which incorporates the provisions of this rule and specifically defines the conditions governing main extensions.
2. Upon request by an applicant for a main extension, the utility shall prepare, without charge, a preliminary sketch and rough estimates of the cost of installation to be paid by said applicant.
3. Any applicant for a main extension requesting the utility to prepare detailed plans, specifications, or cost estimates may be required to deposit with the utility an amount equal to the estimated cost of preparation. The utility shall upon request, make available within 90 days after receipt of the deposit referred to above, such plans, specifications, or cost estimates of the proposed main extension. Where the applicant authorizes the utility to proceed with construction of the extension, the deposit shall be credited to the cost of construction; otherwise the deposit shall be nonrefundable. If the extension is to include oversizing of facilities to be done at the utility's expense, appropriate details shall be set forth in the plans, specifications and cost estimate. Subdividers providing the utility with approved plats shall be provided with plans, specifications or cost estimates within 45 days after receipt of the deposit referred to above.
4. Where the utility requires an applicant to advance funds for a main extension, the utility shall furnish the applicant with a copy of the main extension tariff of the appropriate utility prior to the applicant's acceptance of the utility's extension agreement.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- E. Ownership of facilities. Any facilities installed hereunder shall be the sole property of the utility.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended to correct subsection numbering (Supp. 99-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-308. Provision of Service****A. Utility responsibility**

1. Each utility shall be responsible for the safe transmission and distribution of gas until it passes the point of delivery to the customer.
2. Each utility shall be responsible for maintaining in safe operating condition all meters, regulators, service pipe or other fixtures installed on the customer's premises by the utility for the purpose of delivering gas to the customer.
3. Each utility may, at its option, refuse service until the customer's pipes and appliances have been tested and found to be safe, free from leaks, and in good operating condition. Proof of such testing shall be in the form of a certificate executed by a licensed plumber or local inspector, certifying that the customer's facilities have been tested and are in safe operating condition.
4. Each utility shall be required to test the customer's piping for leaks when the gas is turned on. If such tests indicate leakage in the customer's piping, the utility shall refuse to provide service until such time as the customer has had the leakage corrected.

**B. Customer responsibility**

1. Each customer shall be responsible for maintaining all customer piping, fixtures and appliances on the customer's side of the point of delivery in safe operating condition.
2. Each customer shall be responsible for safeguarding all utility property installed in or on the customer's premises for the purpose of supplying utility service.
3. Each customer shall exercise all reasonable care to prevent loss or damage to utility property, excluding ordinary wear and tear. The customer shall be responsible for loss of or damage to utility property on the customer's premises arising from neglect, carelessness, or misuse and shall reimburse the utility for the cost of necessary repairs or replacements.
4. Each customer shall be responsible for payment for any equipment damage and/or estimated unmetered usage resulting from unauthorized breaking of seals, interfering, tampering or bypassing the utility meter.
5. Each customer shall be responsible for notifying the utility of any gas leakage identified in the customer's or the utility's equipment.

- C. Continuity of service. Each utility shall make reasonable efforts to supply a satisfactory and continuous level of service. However, no utility shall be responsible for any damage or claim of damage attributable to any interruption or discontinuation of service resulting from:

1. Any cause that the utility could not have reasonably foreseen or made provision for, such as force majeure;
2. Intentional service interruptions to make repairs or perform routine maintenance; or
3. Curtailment.

- D. Change in character of service. When a change is made by the utility in the type of service rendered which would adversely affect the efficiency of operation or require the adjustment of

the equipment of customers, all customers who may be affected shall be notified by the utility at least 30 days in advance of the change or, if such notice is not possible, as early as feasible. Where adjustments or replacements of the utility's standard equipment must be made to permit use under such changed conditions, adjustments shall be made by the utility without charge to the customers.

**E. Service interruptions**

1. Each utility shall make reasonable efforts to reestablish service within the shortest possible time when service interruptions occur.
2. Each utility shall make reasonable provisions to meet emergencies resulting from failure of service, and each utility shall issue instructions to its employees covering procedures to be followed in the event of emergency in order to prevent or mitigate interruption or impairment of service.
3. In the event of a national emergency or local disaster resulting in disruption of normal service, the utility may, in the public interest, interrupt service to other customers to provide necessary service to civil defense or other emergency service agencies on a temporary basis until normal service to these agencies can be restored.
4. When a utility plans to interrupt service for more than four hours to perform necessary repairs or maintenance, the utility shall attempt to inform affected customers and the Commission's Consumer Services Section, at least 48 hours in advance, of the scheduled date and time and of the estimated duration of the service interruption. A utility shall complete repairs in the shortest possible time to minimize the inconvenience to the customers of the utility.

- F. Heat value standard for natural gas. Each gas utility operating under the jurisdiction of the Commission shall supply gas to its customers with an average total heating value of not less than 900 Btu's per cubic foot. The number of Btu's per cubic foot actually delivered through the customer's meter will vary according to the altitude/elevation of the location where the customer is being provided service.

**G. Standard delivery pressure**

1. Each utility shall maintain a standard delivery pressure at the outlet of the customer's meter of approximately 0.25 pounds per square inch gauge subject to variation under load conditions.
2. In cases where a customer desires service at greater than standard delivery pressure, the utility may supply at its option such greater pressure if and only as long as the furnishing of gas to such customer at higher than standard delivery pressure will not be detrimental to the service of other customers of the utility. The utility reserves the right to lower said delivery pressure or discontinue the delivery of gas at higher pressure at any time upon reasonable notice to the customer. Where service is provided at such higher pressure, the meter volumes shall be corrected to that higher pressure.

- H. Curtailment. Each utility shall file with the Commission as a part of its general tariffs a procedural plan for handling severe supply shortages or service curtailments. The plan shall provide for equitable treatment of individual customer classes in the most reasonable and effective manner given the existing circumstances. When the availability of service is so restricted that the reduction of service on a proportionate basis to all customer classes will not maintain the integrity of the total system, the utility shall develop procedures to curtail service

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

giving service priority to those customers and/or customer classes where health, safety and welfare would be adversely affected.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended by deleting subsection (I) effective October 23, 1987 (Supp. 87-4). Amended to correct subsection numbering (Supp. 99-4). Amended by final rulemaking at 28 A.A.R. 564 (March 11, 2022), effective April 18, 2022 (Supp. 22-1).

**R14-2-309. Meter Reading**

- A.** Company or customer meter reading
  1. Each utility may at its discretion allow for customer reading of meters.
  2. It shall be the responsibility of the utility to inform the customer how to properly read his or her meter.
  3. Where a customer reads his or her own meter, the utility will read the customer's meter at least once every six months.
  4. The utility shall provide the customer with postage-paid cards or other methods to report the monthly reading to the utility.
  5. Each utility shall specify the timing requirements for the customer to submit his or her monthly meter reading to conform with the utility's billing cycle.
  6. In the event the customer fails to submit the reading on time, the utility may issue the customer an estimated bill.
  7. Meters shall be read monthly on as close to the same day as practical.
- B.** Measuring of service
  1. All gas sold by a utility shall be metered except in the case of gas sold according to a fixed charge schedule or when otherwise authorized by the Commission.
  2. When there is more than one meter at a location, the metering equipment shall be so tagged or plainly marked as to indicate the facilities being metered.
- C.** Customer requested rereads
  1. Each utility shall at the request of a customer reread the customer's meter within 10 working days after such request by the customer.
  2. Any rereads may be charged to the customer at a rate on file and approved by the Commission, provided that the original reading was not in error.
  3. When a reading is found to be in error, the reread shall be at no charge to the customer.
- D.** Access to customer premises. Each utility shall at all times have the right of safe ingress to and egress from the customer's premises at all reasonable hours for any purpose reasonably connected with the furnishing of service and the exercise of any and all rights secured to it by law or these rules.
- E.** Meter testing and maintenance program
  1. Each utility shall file with the Commission subject to review and approval a plan for routine maintenance and replacement of meters.
  2. Each utility shall file an annual report with the Commission summarizing the results of the meter maintenance and testing program for that year. At a minimum the report should include the following data:
    - a. Total number of meters tested, at company initiative or upon customer request.
    - b. Number of meters tested which were outside the acceptable error allowance  $\pm 3\%$ .

- F.** Customer requested meter tests. A utility shall test a meter upon customer request, and each utility shall be authorized to charge the customer for such meter test according to the tariff on file and approved by the Commission. However, if the meter is found to be in error by more than 3%, no meter testing fee will be charged to the customer.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended to correct subsection numbering (Supp. 99-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-310. Billing and Collection**

- A.** Frequency and estimated bills
  1. Each utility shall bill monthly for services rendered. Meter readings shall be scheduled for periods of not less than 25 days or more than 35 days.
  2. If the utility is unable to read the meter on the scheduled meter read date, the utility will estimate the consumption for the billing period giving consideration to the following factors where applicable:
    - a. The customer's usage during the same month of the previous year
    - b. The amount of usage during the preceding month.
  3. After the second consecutive month of estimating the customer's bill for reasons other than severe weather, the utility will attempt to secure an accurate reading of the meter.
  4. Failure on the part of the customer to comply with a reasonable request by the utility for access to its meter may lead to the discontinuance of service.
  5. Estimated bills will be issued only under the following conditions:
    - a. Failure of a customer who read his own meter to deliver his meter reading card to the utility in accordance with the requirements of the utility billing cycle.
    - b. Severe weather conditions which prevent the utility from reading the meter.
    - c. Circumstances that make it impossible to read the meter, i.e., locked gates, blocked meters, vicious or dangerous animals, etc.
  6. Each bill based on estimated usage will indicate that it is an estimated bill.
- B.** Combining meters, minimum bill information
  1. Each meter at a customer's premises will be considered separately for billing purposes, and the readings of two or more meters will not be combined except those approved by the utility.
  2. Each bill for residential service will contain the following minimum information:
    - a. Date and meter reading at the start of billing period or number of days in the billing period
    - b. Date and meter reading at the end of the billing period
    - c. Billed usage
    - d. Rate schedule number
    - e. Utility telephone number
    - f. Customer's name
    - g. Service account number
    - h. Amount due and due date
    - i. Past due amount
    - j. Adjustment factor, where applicable
    - k. Taxes

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

1. The Arizona Corporation Commission and address, thereof.
- C. Billing terms**
1. All bills for utility services are due and payable no later than 10 days from the date the bill is rendered. Any payment not received within this time-frame shall be considered past due.
  2. For purposes of this rule, the date a bill is rendered may be evidenced by:
    - a. The postmark date
    - b. The mailing date
    - c. The billing date shown on the bill (however, the billing date shall not differ from the postmark or mailing date by more than two days).
  3. All past due bills for utility services are due and payable within 15 days. Any payment not received within this time-frame shall be considered delinquent.
  4. All delinquent bills for which payment has not been received within five days shall be subject to the provisions of the utility's termination procedures.
  5. All payments shall be made at or mailed to the office of the utility or to the utility's duly authorized representative.
- D. Applicable tariffs, prepayment, failure to receive, commencement date, taxes**
1. Each customer shall be billed under the applicable tariff indicated in the customer's application for service.
  2. Each utility shall make provisions for advance payment of utility services.
  3. Failure to receive bills or notices which have been properly placed in the United States mail shall not prevent such bills from becoming delinquent nor relieve the customer of his obligations therein.
  4. Charges for service commence when the service is installed and connection made, whether used or not.
- E. Meter error corrections**
1. If any meter after testing is found to be more than 3% in error, either fast or slow, proper correction between 3% and the amount of the error shall be made of previous readings and adjusted bills shall be rendered according to the following terms:
    - a. For the period of three months immediately preceding the removal of such meter from service for test or from the time the meter was in service since last tested, but not exceeding three months since the meter shall have been shown to be in error by such test.
    - b. From the date the error occurred, if the date of the cause can be definitely fixed.
  2. No adjustment shall be made by the utility except to the customer last served by the meter tested.
- F. Insufficient funds (NSF) checks**
1. A utility shall be allowed to recover a fee, as approved by the Commission in a tariff proceeding, for each instance where a customer tenders payment for utility service with an insufficient funds check.
  2. When the utility is notified by the customer's bank that there are insufficient funds to cover the check tendered for utility service, the utility may require the customer to make payment in cash, by money order, certified check, or other means which guarantee the customer's payment to the utility.
  3. A customer who tenders an insufficient check shall in no way be relieved of the obligation to render payment to the utility under the original terms of the bill nor defer the utility's provision for termination of service for nonpayment of bills.
- G. Levelized billing plan**
1. Each utility may, at its option, offer its residential customers a levelized billing plan.
  2. Each utility offering a levelized billing plan shall develop upon customer request an estimate of the customer's levelized billing for a 12-month period based upon:
    - a. Customer's actual consumption history, which may be adjusted for abnormal conditions such as weather variations.
    - b. For new customers, the utility will estimate consumption based on the customer's anticipated load requirements.
    - c. The utility's tariff schedules approved by the Commission applicable to that customer's class of service.
  3. The utility shall provide the customer a concise explanation of how the levelized billing estimate was developed, the impact of levelized billing on a customer's monthly utility bill, and the utility's right to adjust the customer's billing for any variation between the utility's estimated billing and actual billing.
  4. For those customers being billed under a levelized billing plan, the utility shall show, at a minimum, the following information on the customer's monthly bill:
    - a. Actual consumption
    - b. Amount due for actual consumption
    - c. Levelized billing amount due
    - d. Accumulated variation in actual versus levelized billing amount.
  5. The utility may adjust the customer's levelized billing in the event the utility's estimate of the customer's usage and/or cost should vary significantly from the customer's actual usage and/or cost; such review to adjust the amount of the levelized billing may be initiated by the utility or upon customer request.
- H. Elevation/pressure adjustment.** Each gas utility shall, as a part of a general rate proceeding, file an adjustment factor to be applied to customer meter recordings to adjust for differences in pressure due to elevation.
- I. Deferred payment plan**
1. Each utility may, prior to termination, offer to qualifying residential customers a deferred payment plan for the customer to retire unpaid bills for utility service.
  2. Each deferred payment agreement entered into by the utility and the customer due to the customer's inability to pay an outstanding bill in full shall provide that service will not be discontinued if:
    - a. Customer agrees to pay a reasonable amount of the outstanding bill at the time the parties enter into the deferred payment agreement.
    - b. Customer agrees to pay all future bills for utility service in accordance with the billing and collection tariffs of the utility.
    - c. Customer agrees to pay a reasonable portion of the remaining outstanding balance in installments over a period not to exceed six months.
  3. For the purposes of determining a reasonable installment payment schedule under these rules, the utility and the customer shall give consideration to the following conditions:
    - a. Size of the delinquent account.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- b. Customer's ability to pay.
  - c. Customer's payment history.
  - d. Length of time that the debt has been outstanding.
  - e. Circumstances which resulted in the debt being outstanding.
  - f. Any other relevant factors related to the circumstances of the customer.
4. Any customer who desires to enter into a deferred payment agreement shall establish such agreement prior to the utility's scheduled termination date for nonpayment of bills; customer failure to execute a deferred payment agreement prior to the scheduled termination date shall not prevent the utility from discontinuing service for nonpayment.
  5. Deferred payment agreements may be in writing and may be signed by the customer and an authorized utility representative.
  6. A deferred payment agreement may include a finance charge as approved by the Commission in a tariff proceeding.
  7. If a customer has not fulfilled the terms of a deferred payment agreement, the utility shall have the right to disconnect service pursuant to the utility's termination of service rules and, under such circumstances, it shall not be required to offer subsequent negotiation of a deferred payment agreement prior to disconnection.
- J. Change of occupancy**
1. Not less than three working days advance notice must be given in person, in writing, or by telephone at the utility's office to discontinue service or to change occupancy.
  2. The outgoing party shall be responsible for all utility services provided and/or consumed up to the scheduled turn-off date.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended to correct subsection numbering (Supp. 99-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-311. Termination of Service**

- A. Restrictions on termination of service; recordkeeping and repayment**
1. A utility shall not terminate service to a customer due to delinquency in payment for services rendered to a prior customer at the service address where service is being provided, unless the prior customer continues to reside at the service address.
  2. A utility shall not terminate service to a customer due to the customer's failure to pay for services or equipment that are not regulated by the Commission.
  3. A utility shall not terminate service to a customer due to the customer's nonpayment of a bill related to another class of service.
  4. A utility shall not terminate service to a customer due to the customer's failure to pay the portion of a bill imposed to correct a previous underbilling due to an inaccurate meter or meter failure, provided that the customer agrees to pay the portion of the bill attributable to correction of underbilling in full over a period of months agreed to by the customer and the utility. A utility shall comply with R14-2-309(C)(3) and R14-2-310(E) when calculating the underbilling amount to be paid.
  5. A utility shall not terminate residential service to a customer who has an inability to pay if the customer estab-

lishes, on an annual basis, through documentation from a licensed medical practitioner:

- a. That, in the opinion of the licensed medical practitioner, termination would be especially dangerous to the health of a customer or a permanent resident residing at the customer's service address, or
  - b. That there is medically necessary equipment used in the home that is dependent on utility service for operation.
6. A utility shall not terminate residential service to a customer who has an inability to pay until the utility has complied with subsection (D) and completed all of the following:
    - a. The utility has informed the customer of the availability of funds from various government and social assistance agencies;
    - b. If a third party, has been previously designated by the customer to receive delinquency and termination information, the utility has notified the third party that the customer's bill is delinquent and allowed the third party at least five business days to communicate with the utility and to make arrangements for payment of the delinquent utility bill;
    - c. At least 48 hours before the date upon which termination is scheduled to occur, the utility has:
      - i. Provided at least two written notices of the termination, using the customer's preferred method of communication, to the customer and, if applicable, the customer's designated third party; and
      - ii. Telephoned the customer and, if applicable, the customer's designated third party to provide notice of the termination by attempting to speak to the customer, the customer's designated third party, or an adult resident of the customer's service address; or by attempting to leave a voice message.
    - d. A utility may partner with local stakeholders; non-profits; public health agencies at the state, county, and local level; and local community service agencies to provide in-person notice of termination;
    - e. A utility shall keep pace with technological advancements in communication and augment the requirements of this subsection to utilize the most effective means of informing the customer of delinquency and termination; and
    - f. Beginning on April 15, 2022, and on each April 15 thereafter, each regulated Class A, B, and C gas utility that provides residential gas service shall file a report containing the utility's policy for compliance with subsection (A)(6).
  7. If a customer, the customer's designated third party, or an adult resident of the customer's service address threatens the utility or a utility employee, the utility shall document the threatening occurrence. A utility shall maintain documentation of all threatening occurrences related to a customer's account for the entire period during which the customer continues to be a customer and for at least one year after the customer ceases to be a customer.
  8. A utility shall retain the records demonstrating its compliance with subsection (A)(6) for at least three years.
  9. A utility may require a customer whose service is not terminated under subsections (A)(4) or (A)(5) to enter into a deferred payment agreement with the utility within 10

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

days after the date on which service otherwise would have been terminated. A utility shall allow at least a single missed payment or a single partial payment in a 12-month period at the request of the customer without any consequence. If there is more than one missed or partial payment, the payment plan agreement will be considered as breached. If the payment plan is in breach, the current payment plan may be amended, or a new payment plan may be created. Both the utility and the customer have a duty to act in good faith in negotiating a payment plan.

10. A utility shall not terminate service to a customer's service address due to the customer's failure to pay the bill of another customer as guarantor thereof.
11. A utility shall not terminate service due to a customer's failure to pay the disputed portion of a bill if the customer has complied with R14-2-312(B).
12. A utility shall adopt only one of the following conditions under which it shall not terminate residential service:
  - a. During any period of time for which the National Weather Service has issued a winter weather advisory in the area of the customer's service address; or
  - b. During any period of time for which the local weather forecast, as predicted by the National Weather Service, indicates that the weather in the area of the customer's service address:
    - i. Will include temperatures that do not exceed 32° F; or
    - ii. Will include other weather conditions that the Commission has determined, by order, are especially dangerous to health;
13. A utility shall specify, in its tariffs, the provision of subsection (A)(12) that the utility has chosen to comply with, and shall comply with the provision.
14. A utility shall not terminate residential service to a customer unless the utility's call center and office or business facilities are open and available to the public on the day of termination and the day following the day of termination.
15. A utility shall not terminate residential service to a customer if the customer has paid at least half of the customer's delinquent bill balance within the last 25 days or if the customer's delinquent bill balance is less than or equal to \$100.00.
16. If a customer has a deposit with a utility, the utility shall use the deposit to pay any delinquent amount on the customer's account before terminating service and shall allow the customer time to reestablish the deposit in installments over a period of at least four months.
17. Beginning on April 15, 2022, and on each April 15 thereafter, each regulated Class A, B, and C gas utility that provides residential gas service shall file a report containing the utility's payment plan policy for residential customers.

**B. Termination of service without advance written notice; record-keeping requirement**

1. Notwithstanding subsection (A), a utility may terminate service to a customer's service address without advance written notice if:
  - a. Failure to terminate service would result in an obvious hazard to the safety or health of the customer, the general population, or the utility's personnel or facilities;

- b. The utility has evidence of meter tampering or fraud related to the customer or the customer's service address; or
- c. The customer has failed to comply with the curtailment procedures imposed by the utility during supply shortages.

2. A utility that has terminated service under subsection (B)(1) shall not be required to restore service until the situation that resulted in the termination has been corrected to the satisfaction of the utility.
3. A utility shall maintain a record of each termination of service made under subsection (B)(1) for at least one year and shall make the record available for inspection by the Commission upon request.

**C. Termination of service with notice**

1. Except as provided in subsection (A), a utility may terminate service to a customer's service address for any of the following reasons, provided that the utility has complied with the requirements of subsection (D):
  - a. Customer violation of any of the utility's tariffs or of the Commission's rules,
  - b. Failure of the customer to pay a delinquent bill for utility service,
  - c. Failure of the customer to meet or maintain the utility's deposit requirements,
  - d. Failure of the customer to provide the utility reasonable access to the utility's equipment or property,
  - e. Customer breach of a written contract for service between the utility and customer,
  - f. When necessary for the utility to comply with an order of any governmental agency having jurisdiction, or
  - g. Unauthorized resale of utility equipment or service by the customer.
2. A utility shall maintain a record of each termination of service made under subsection (C)(1) for at least one year and shall make the record available for Commission inspection upon request.

**D. Termination notice requirements**

1. At least 10 days before a utility terminates service to a customer's service address under subsection (C), the utility shall provide the customer advance notice of the utility's intent to terminate service.
2. The utility shall provide the advance notice required by this subsection (D)(1) by providing a copy of the advance notice to the customer and, if applicable, the customer's designated third party, using the customer's preferred method of communication, or U.S. mail, as provided in R14-2-312(K).
3. A utility shall include at least the following information in an advance notice required under subsection (D)(1):
  - a. The name of the customer whose service is to be terminated and the service address where service is to be terminated;
  - b. If service is to be terminated because the customer has violated a utility tariff or Commission rule, the name of the utility tariff or Commission rule violated and an explanation of the violation;
  - c. If service is to be terminated because the customer has failed to pay a delinquent bill for utility service, the amount of the delinquent bill and the date payment was due;
  - d. If service is to be terminated because the customer has failed to meet or maintain the utility's deposit

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

requirements, the amount the customer has on deposit and the amount the customer is required to have on deposit;

- e. If service is to be terminated because the customer has failed to provide the utility reasonable access to the utility's equipment or property, a description of the access required and a description, including dates, of the customer's failure to provide access;
- f. If service is to be terminated because the customer has breached a written contract for service between the customer and the utility, identification of the contract provision breached and a description of the circumstances constituting a breach;
- g. If service is to be terminated because the termination is necessary for the utility to comply with an order of any governmental agency having jurisdiction, a description and, if possible, a copy of the order;
- h. If service is to be terminated because the customer has engaged in unauthorized resale of the utility's equipment or service, a description of the circumstances, including dates, constituting such resale;
- i. The date on or after which service is to be terminated;
- j. A statement advising the customer to contact the utility at a specific address or phone number to receive information regarding any deferred payment program or other procedures the utility may offer, or to reach a mutually agreeable solution to avoid termination of the customer's service; and
- k. A description of the requirements of subsection (F), along with the specific address for the customer to contact or the phone number for the customer to call to raise a dispute.

- 4. If a customer has designated a third party for the customer's account, a utility shall ensure that the third party is concurrently provided each notice, whether written or telephonic, that is provided to the customer as required by this Section.

**E. Timing of terminations with notice**

- 1. If the period of time allowed by the advance notice has elapsed, and the customer has not remedied the cause for termination to the utility's satisfaction, the utility shall provide the customer and, if applicable, the customer's designated third party, a final notice, two days before the termination date specified, using the customer's preferred method of communication. If the customer has not remedied the cause for termination after the two days have passed, and subsection (A) does not apply, the utility may then terminate service on or after the day specified in the final notice without giving further notice.
- 2. Notwithstanding subsection (E)(1), if a customer's preferred method of communication is U.S. mail, the utility shall allow ten days before terminating service without giving further notice.
- 3. A utility shall comply with subsection (A)(6), if applicable, before it may terminate service.
- 4. A utility shall have the right but not the obligation to remove any or all of its equipment or other property installed at a customer's service address upon the termination of service.

- F. Termination notice requirements: disputes.** A utility shall ensure that a customer is afforded the right to dispute the utility's stated reason for termination, in accordance with the following:

- 1. A utility shall maintain a specific address or phone number for customers to use to raise a dispute with the utility.
- 2. A utility shall notify each customer subject to termination, and the customer's designated third party, that to dispute the utility's reason for termination, the customer or the customer's designated third party shall contact the utility at the specific address or phone number, before the scheduled date of termination, to advise the utility of the dispute and to discuss the cause for termination with a representative of the utility.
- 3. If a customer raises a dispute, a utility shall ensure that a representative of the utility, who is empowered to resolve the customer's dispute, discusses the cause for termination with the customer before the scheduled termination date.
- 4. If a utility determines after discussion with a disputing customer that the reason for termination is just, the utility may terminate service to the customer, unless prohibited by subsection (A).
- 5. If a utility decides to terminate service to a disputing customer as permitted in subsection (F)(4), the utility shall inform the customer of the termination and of the customer's right to file a complaint with the Commission.
- 6. The utility shall not terminate service if the customer has a pending complaint before the Commission.

- G. Landlord/tenant rule.** If the service address for a customer is different from the mailing address for the customer's bill, or the utility knows that a landlord/tenant relationship exists for the service address and that the landlord is the customer of the utility, the utility shall comply with subsections (D) and (E) as well as the following if the customer account becomes subject to termination of service under subsection (C):

- 1. If it is feasible to provide service to the service address in the occupant's name, the utility shall offer the occupant the opportunity to obtain service in the occupant's name;
- 2. If the occupant declines to subscribe to service in the occupant's name, the utility may terminate service as permitted under subsections (C) through (E); and
- 3. The utility shall not require or attempt to require the occupant to pay any outstanding bills or other charges due on the account of the landlord.

**H. Customer responsibilities**

- 1. A customer shall be responsible for managing therm use when a utility is not permitted to terminate service to the customer under subsection (A).
- 2. A customer shall be financially responsible for any charges accrued for service during a period when a utility is not permitted to terminate service to the customer under subsection (A).
- 3. A customer shall, after the provision of subsection (A)(12) included in a utility's tariff no longer precludes termination:
  - a. Pay the past due amounts in full; or
  - b. Pay the past due amounts through installments as billed by the utility, with no penalty for prepayment.
- 4. A customer desiring to dispute a utility's reason for termination shall, before the scheduled date of termination, contact the utility at the specific address or phone number provided in the notice pursuant to subsection (D)(3)(k) to notify the utility of the dispute and discuss the reason for termination with a representative of the utility.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended to correct subsection numbering (Supp. 99-4). Amended

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

by final rulemaking at 28 A.A.R. 564 (March 11, 2022), effective April 18, 2022 (Supp. 22-1).

*Editor's Note: The following Section was amended under the regular rulemaking process and approved by the Arizona Attorney General's Office (Supp. 22-1).*

*Editor's Note: The following Section was amended under an exemption from the Attorney General approval provisions of the Arizona Administrative Procedure Act (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)), as determined by the Corporation Commission. This exemption means that the rules as amended were not approved by the Attorney General.*

**R14-2-312. Administrative and Hearing Requirements****A. Customer service complaints**

1. Each utility shall make a full and prompt investigation of each service complaint made by one of its customers, whether made directly or through the Commission.
2. Within five business days after a complaint is made, the utility shall respond to the complainant and, if applicable, to the Commission representative regarding the status of the utility's investigation of the complaint.
3. The utility shall notify the complainant and, if applicable, the Commission representative of the final disposition of each complaint. Upon request of the complainant or the Commission representative, the utility shall report the findings of its investigation in writing.
4. The utility shall inform the customer of the right to file an informal complaint with the Commission, under subsection (C)(1), if the customer is dissatisfied with the results of the utility's investigation or the final disposition of the complaint.
5. Each utility shall:
  - a. Create a record of each service complaint received including, at a minimum, the following data:
    - i. Name and address of the customer;
    - ii. Service address at issue, if different from the customer's address;
    - iii. Date and nature of the complaint;
    - iv. Disposition of the complaint; and
    - v. A copy of any correspondence between the utility, the customer, and a Commission representative; and
  - b. Maintain each service complaint record for at least one year after final disposition of the complaint and make the record available for inspection by the Commission upon request.

**B. Customer bill disputes**

1. A utility customer who disputes a portion of a bill rendered for utility service shall, prior to the due date for the bill, pay the undisputed portion of the bill and notify a representative of the utility that the unpaid amount is in dispute.
2. Upon receipt of the customer notice of dispute, the utility shall:
  - a. Within five business days after receiving notice of the dispute, provide the customer confirmation that the dispute has been received;
  - b. Initiate a prompt investigation of the source of the dispute;
  - c. Withhold termination of service until the investigation is completed and the customer has been informed of the results of the investigation;

- d. Notify the customer of the results of the investigation and final disposition of the bill dispute, in writing if requested by the customer; and
  - e. Inform the customer of the right to file an informal complaint with the Commission, under subsection (C)(1), if dissatisfied with the results of the utility's investigation or final disposition.
3. Once the customer has received the results of the utility's investigation, the customer shall, within five business days, submit payment to the utility for any disputed amounts. Failure to make full payment within five business days shall be grounds for termination of service under R14-2-311(C)(1)(b).

**C. Commission resolution of service and bill disputes**

1. If a customer is dissatisfied with the outcome of a utility's investigation or final disposition of a service or bill dispute, the customer may file with the Commission a written statement of dissatisfaction, which shall be deemed an informal complaint against the utility.
2. Within 30 days after receiving an informal complaint against the utility, a Commission representative shall attempt to resolve the dispute through communications with the utility and the customer (written or telephonic or both). If resolution of the dispute is not achieved within 20 days of the Commission representative's initial effort, the Commission shall hold a mediation regarding the dispute, in accordance with the following:
  - a. A Commission representative shall preside over the mediation, and the participants shall be the customer and the utility.
  - b. Each participant may be represented by legal counsel, at the participant's own expense, if desired.
  - c. The mediation may be recorded or held in the presence of a stenographer.
  - d. Each participant shall have the opportunity to present written or oral material to support the participant's position.
  - e. Each participant shall have the opportunity to cross-examine the other participant, and the Commission representative shall have the opportunity to examine each participant.
  - f. The Commission's representative shall render a written decision to all parties within five business days after the date of the informal hearing. The written decision of the Commission's representative is not binding on any of the parties, and the parties shall retain the right to make a formal complaint to the Commission.
3. The utility may implement normal termination procedures, under R14-2-311(C)(1)(b), if the customer fails to pay all undisputed bills rendered during the resolution of the dispute by the Commission.
4. Each utility shall maintain a record of written statements of dissatisfaction and their resolution for at least one year and shall make such records available for Commission inspection upon request.

**D. Notice by utility of responsible officer or agent**

1. Each utility shall file with the Commission a written statement containing the name, address (business and mailing), email, and telephone number (business) of at least one officer, agent, or employee responsible for the general management of its operations as a utility in Arizona.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

2. Each utility shall give notice, by filing a written statement with the Commission, of any change in the information required herein within five business days from the date of any such change.
- E. Time-frames for processing applications for Certificates of Convenience and Necessity**
1. This rule prescribes time-frames for the Commission's processing of any application for a Certificate of Convenience and Necessity filed pursuant to this Article.
  2. Each utility shall give notice, by filing a written statement with the Commission, of any change in the information required herein within five business days from the date of any such change.
  3. Staff may cease its review of an application if the applicant does not remedy all deficiencies within 60 calendar days of the notice of deficiency.
  4. After receipt of a corrected application, staff shall notify the applicant within 30 calendar days that the corrected application is either administratively complete or deficient. If the corrected application is deficient, the notice shall specify all deficiencies.
  5. The time-frame for administrative completeness review shall be suspended from the time a notice of deficiency is issued until staff determines that the application is complete.
  6. Within 150 days after an application is determined to be administratively complete, the Commission shall approve or reject the application.
  7. For purposes of A.R.S. § 41-1072 through A.R.S. § 41-1079, the Commission has established the following time-frames:
    - a. Administrative completeness review time-frame: 120 calendar days.
    - b. Substantive review time-frame: 150 calendar days.
    - c. Overall time-frame: 270 calendar days.
  8. If an applicant requests, and is granted, an extension or continuance, the appropriate time-frames shall be tolled from the date of the request and for the duration of the extension or continuance.
  9. During the substantive review time-frame, the Commission may, for good cause, upon its own motion or that of any interested party to the proceeding, suspend the time-frame rules.
- F. Filing and availability of tariffs**
1. Each utility shall file with the Commission, within 120 days after the effective date of new rules or requirements adopted by the Commission, or within a shorter period ordered by the Commission, tariffs that comply with the new rules or requirements adopted by the Commission.
  2. Each utility shall file with the Commission any proposed changes to the utility's tariffs on file with the Commission, along with a statement of justification supporting the proposed changes.
  3. A utility's proposed change to the utility's tariffs on file with the Commission shall not become effective until reviewed and approved by the Commission, except as provided by law.
  4. Each utility shall make its applicable tariffs available on its website and, upon request, either in paper form or in a readily accessible electronic format such as Adobe PDF.
- G. Accounts and records**
1. Each utility shall keep general and auxiliary accounting records reflecting the cost of its properties, operating income and expense, assets and liabilities, and all other accounting and statistical data necessary to give complete and authentic information as to its properties and operations.
2. Each utility shall maintain its books and records in conformity with the Uniform Systems of Accounts for Class A, B, C, and D Gas Utilities as adopted and amended by the Federal Energy Regulatory Commission.
  3. Each utility shall produce or deliver in this state any or all of its formal accounting records and related documents requested by the Commission. A utility may, at its option, provide verified copies of original records and documents rather than produce the originals.
  4. Each utility shall submit an annual report to the Commission, through the Utilities Division, on a form prescribed by the Utilities Division. The annual report shall be filed on or before the 15th day of April for the preceding calendar year. If the utility has received a report on the utility prepared by a certified or licensed public accountant, the utility shall include a copy of the report with its annual report submission.
  5. Each utility shall submit to the Commission, through the Utilities Division, a copy of all reports the utility is required to file with the Securities and Exchange Commission.
  6. Each utility shall submit to the Commission, through the Utilities Division, a copy of all annual reports the utility is required to file with the Federal Energy Regulatory Commission.
- H. Maps.** Each utility shall file with the Commission a map or maps clearly setting forth the location and extent of the area or areas included within the utility's approved certificates of convenience and necessity, in accordance with the Cadastral (Rectangular) Survey of the United States Bureau of Land Management, or by metes and bounds with a starting point determined by the aforesaid Cadastral Survey.
- I. Variations, exemptions of Commission rules.** The Commission may, by order, approve variations or exemptions from any of the rules in this Article either upon application of an affected party establishing that the public interest requires such variation or exemption or upon determining, on its own initiative, that such variation or exemption is necessary to serve the public interest. In case of conflict between these rules and an approved tariff or order of the Commission, the provisions of the approved tariff or order shall apply.
- J. Prior agreements.** The adoption of these rules by the Commission shall not affect any agreements entered into between the utility and customers or other parties who, pursuant to such contracts, arranged for the extension of facilities in a provision of service prior to the effective date of these rules.
- K. A utility shall obtain and maintain for each customer the customer's preferred method of communication, which may be email, U.S. mail, voice telephone call, text message, or other communication method acceptable to the utility and the customer. Except as otherwise specified in this Article, a utility shall communicate with a customer and the customer's designated third party using the customer's preferred method of communication. If a utility does not yet have a customer's preferred method of communication on file, the utility may use the U.S. mail.**

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended effective December 31, 1998, under an exemption from the Attorney General certification requirements of the Arizona Administrative Procedure Act (Supp. 98-4).

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

Amended effective December 31, 1998, under an exemption as determined by the Arizona Corporation Commission (Supp. 98-4). Amended to correct subsection numbering (Supp. 99-4). Amended by final rulemaking at 28 A.A.R. 564 (March 11, 2022), effective April 18, 2022 (Supp. 22-1).

**R14-2-313. Conservation**

## Energy conservation plan

1. The Arizona Corporation Commission recognizes the need for conservation of energy resources in order to maintain an adequate and continuous supply of safe, dependable, and affordable energy. Therefore, in order to promote the state's economic development and the health and welfare of its citizenry, each class A and B gas utility shall file an energy conservation plan which encompasses at a minimum the following considerations:
  - a. Development of consumer education and assistance programs to aid the populace in reducing energy consumption and cost.
  - b. Participation in various energy conservation programs sponsored by other municipal, state or federal government entities having such jurisdiction.
2. Each utility shall file an energy conservation plan with the Commission within one year of the effective date of these rules and annual updates thereafter when changes require such.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2).

**R14-2-314. Intermittent Gas Ignition**

- A. Application and scope. The provisions of this rule are applicable to the following types of gas appliances:
  1. All residential gas-fired space heating equipment requiring electrical supply for operation,
  2. All residential gas-fired clothes dryers,
  3. All residential gas-fired household cooking appliances having an electrical supply cord or electrical junction box,
  4. All residential gas-fired air conditioners,
  5. All residential decorative gas lots which are automatically ignited and require electrical supply for operation,
  6. All residential vented decorative gas appliances which are automatically lighted and require electrical supply for operation.
- B. Prohibition of distribution, sales and installation
  1. No person shall cause to be distributed, sold or installed in this state a newly produced gas appliance subject to this rule which has not been certified by the Commission. This prohibition shall not take effect for any particular type of gas appliance until 24 months after at least one model of that type of appliance has been certified by the Commission.
  2. All gas appliances certified by the Commission shall have the statement, "This appliance is equipped with an intermittent type ignition device" or "Equipped with IID" or "IID Equipped" on the rating plate.
- C. Definitions. For the purpose of this rule, and unless otherwise indicated, the following definitions shall apply in addition to those definitions shown in Title 40, Section 1, Chapter 7, Article 1, Paragraph 40-1201, of the A.R.S.:
  1. "Certified by the Commission" means that the Commission has acknowledged receipt of one of the following for an appliance equipped with an intermittent type ignition device; a photostatic copy of the A.G.A. Appliance Cer-

tificate or the UL Listing Certificate; a listing of the appliance in the A.G.A. "Directory of Certified Appliances and Accessories" or the UL "Gas and Oil Equipment List"; or a certified test report from a recognized independent testing laboratory acceptable to the Commission stating that the appliance has been tested and conforms to the applicable American National Standards as mentioned below.

2. "Newly produced" means not previously used for the purpose for which designed or any other related purpose and constructed entirely of new unused parts and materials.
  3. "Rating plate" means a plate, or combination of adjacent plates located so as to be easily read when the appliance is in a normally installed position.
- D. Gas-fired space heating equipment.
    1. Except as otherwise provided, all intermittent type ignition devices used on gas-fired space heating equipment shall be certified by the Commission if they comply with the standards approved by the American National Standards Institute, Inc., known as: ANSI Z21.20-1975, Automatic Gas Ignition Systems and Components.
    2. Except as otherwise provided, gas-fired space heating equipment shall be certified by the Commission if it complies with one of the standards approved by the American National Standards Institute, Inc., known as:
      - a. ANSI Z21.47-1973-Gas-Fired Gravity and Forced Air Central Furnaces, addenda Z21.47a-1974, and addenda Z21.47b-1975.
      - b. ANSI Z21-11.1-1974-Vented Room Heaters, addenda Z21.11.1a-1975 and addenda Z21.11.1b-1976.
      - c. ANSI Z21.13-1974-Gas-Fired Low-Pressure Steam and Hot Water Boilers, and addenda Z21.13a-1976.
      - d. ANSI Z21.44-1977-Gas-Fired Gravity and Fan Type Sealed Combustion System Wall Furnaces.
      - e. ANSI Z21.49-1975-Gas-Fired Gravity and Fan Type Vented Wall Furnaces and addenda Z21.49a-1977.
      - f. ANSI Z21.48-1973-Gravity and Fan Type Floor Furnaces and addenda Z21.48a-1974 and addenda Z21.48b-1975.
  - E. Gas clothes dryers.
    1. Except as otherwise provided, all intermittent type ignition devices used on gas clothes dryers shall be certified by the Commission if they comply with the standards approved by the American National Standards Institute, Inc., known as: ANSI Z21.20-1975-Automatic Gas Ignition Systems and Components.
    2. Except as otherwise provided, gas clothes dryers shall be certified by the Commission, if they comply with the standards approved by the American National Standards Institute, Inc., known as ANSI Z21.5.1-1975-Type 1 Clothes Dryers.
  - F. Household cooking gas appliances.
    1. Except as otherwise provided, all intermittent type ignition devices used on a household cooking gas appliance shall be certified by the Commission if they comply with the standards approved by the American National Standards Institute, Inc., known as: ANSI Z21.20-1975-Automatic Gas Ignition Systems and Component.
    2. Except as otherwise provided, household cooking gas appliances shall be certified by the Commission if they comply with the standards approved by the American National Standards Institute, Inc., known as: ANSI

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

Z21.1-1974-Household Cooking Appliances, addenda Z21.1a-1974, and addenda Z21.1b-1976.

**G. Gas-fired air conditioners.**

1. Except as otherwise provided, all intermittent type ignition devices used on a gas-fired air conditioner shall be certified by the Commission if they comply with the standards approved by the American National Standards Institute, Inc., known as: ANSI Z21.20-1975-Automatic Gas Ignition Systems and Components.
2. Except as otherwise provided, gas-fired air conditioners shall be certified by the Commission, if they comply with the standards approved by the American National Standards Institute, Inc., known as: ANSI Z21.40.1-1973-Gas-Fired Absorption Summer Air Conditioning Appliances, and addenda Z21.40.1a-1974.

**H. Decorative gas logs.**

1. Shall be certified by the Commission if they comply with the standards approved by the American National Standards Institute, Inc., known as: ANSI Z21.20-1975-Automatic Gas Ignition Systems and Components.
2. Except as otherwise provided, gas-fired decorative gas logs shall be certified by the Commission if they comply with the standards approved by the American National Standards Institute, Inc., known as: ANSI Z21.60-1975-Decorative Gas Appliances for Installation in Vented Fireplaces and addenda Z21.60a-1976.

**I. Vented decorative gas appliances.**

1. Shall be certified by the Commission if they comply with the standards approved by the American National Standards Institute, Inc., known as: ANSI Z21.20-1975-Automatic Gas Ignition Systems and Components.
2. Except as otherwise provided, gas-fired vented decorative appliances shall be certified by the Commission if they comply with the standards approved by the American National Standards Institute, Inc., known as: ANSI Z21.50-1973-Vented Decorative Gas Appliances, addenda Z21.50a-1974 and addenda Z21.50b-1974.

**J. The statement mentioned in subsection (B)(2) which is required on the rating plate will be the Seal of Certification for Arizona. The rating plate will be furnished and applied and distributed by the manufacturer.****K. The Utilities Division of this Commission is charged with the duty of maintaining the records necessary for the control of the Certification Program and will notify manufacturers in accordance with paragraph 40-1204, Article 1, Chapter 7, Title 40 of the Arizona Revised Statutes.****L. Variance. Variation from the terms and conditions of this rule shall be permitted only upon the verified application of an affected party to the Commission, setting forth the circumstances whereby the public interest requires such variation, and upon the issuance of a special Order of the Commission. The Commission may require an application for such variation to be presented in a public hearing.****Historical Note**

Former Section R14-2-135 renumbered as Section R14-2-314 without change effective March 2, 1982 (Supp. 82-2). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-315. Compliance by Gas Cooperatives****A. The terms and conditions for termination of service, including customer notice, in a gas cooperative's tariff approved by the**

Commission prior to the effective date of this Section shall substitute for the provisions of R14-2-311.

**B. Notwithstanding R14-2-312(F), a gas cooperative that proposes to revise the terms and conditions for termination of service included in its Commission-approved tariff shall file the proposed revisions with the Commission, in a new docket, pursuant to R14-2-312(I). If the Commission fails to approve, disapprove, or suspend for further consideration the proposed revisions within 60 days following the cooperative's filing, the revisions shall be deemed approved and become effective on the 61st day following the filing.****Historical Note**

New Section made by final rulemaking at 28 A.A.R. 564 (March 11, 2022), effective April 18, 2022 (Supp. 22-1).

**R14-2-316. Termination of Service Reporting Requirements**

Beginning on April 15, 2022, and on each July 15, October 15, January 15, and April 15 thereafter, each regulated Class A, B, and C gas utility that provides residential gas service shall file a quarterly report providing the following information for each month of the previous quarter:

1. The number of residential customers whose gas service was terminated by zip code, and, if termination of service was prohibited under R14-2-311(A)(12) and the utility's tariffs, the number of residential accounts that would have been subject to termination if not for the prohibition;
2. The number of residential customers by zip code that have payment arrearages;
3. The total dollar amount of arrearages, by zip code;
4. The average dollar amount in arrearages per residential customer, by residential customer rate plan;
5. The number of commercial customers by zip code whose gas service was terminated;
6. The number of commercial customers by zip code that have payment arrearages;
7. The average amount in arrearages per commercial customer, by commercial class;
8. The number of residential accounts enrolled in a deferred payment arrangement and the number of those residential accounts in compliance with the deferred payment arrangement;
9. The number of active and delinquent residential accounts with an arrearage of \$100 or more, disaggregated into "limited-income" accounts, "accounts with documentation from a licensed medical practitioner," and "other residential accounts;"
10. The percentage of limited-income customers in arrears who have received customer assistance due to inability to pay in the most recent quarter;
11. The number of active and delinquent residential accounts with an arrearage of \$100 or more, disaggregated into "limited-income" accounts, "accounts with documentation from a licensed medical practitioner," and "other residential accounts," and further disaggregated to show the duration of the arrearages (up to 30 days, 30 to 60 days, and 60 to 90 days);
12. A brief narrative discussing the information contained in the report; and
13. A description of how the utility is assisting customers who indicate they may have an inability to pay, including details regarding the specific steps taken to direct the customers to appropriate resources, and including the following metrics:

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- a. Number of calls received from residential customers asking for bill assistance during the most recent quarter;
- b. Number of customers notified about tariffs for limited-income customers, or other available tariffs, as of the most recent quarter;
- c. Cumulative number of customers enrolled in limited-income tariffs, or other available tariffs, as of that most recent quarter;
- d. Cumulative number of customers receiving assistance through the Low-Income Home Energy Assistance Program as of that most recent quarter; and
- e. Number of customers notified of energy efficiency and weatherization options during that most recent quarter.

**Historical Note**

New Section made by final rulemaking at 28 A.A.R. 564 (March 11, 2022), effective April 18, 2022 (Supp. 22-1).

**ARTICLE 4. WATER UTILITIES****R14-2-401. Definitions**

In this Article, unless the context otherwise requires, the following definitions shall apply:

1. "Advance in aid of construction." Funds provided to the utility by the applicant under the terms of a main extension agreement the value of which may be refundable.
2. "Applicant." A person requesting the utility to supply water service.
3. "Application." A request to the utility for water service, as distinguished from an inquiry as to the availability or charges for such service.
4. "Arizona Corporation Commission." The regulatory authority of the state of Arizona having jurisdiction over public service corporations operating in Arizona.
5. "Billing month." The period between any two regular readings of the utility's meters at approximately 30 day intervals.
6. "Billing period." The time interval between two consecutive meter readings that are taken for billing purposes.
7. "Commodity charge." The unit of cost per billed usage, as set forth in the utility's tariffs.
8. "Contributions in aid of construction." Funds provided to the utility by the applicant under the terms of a main extension agreement and/or service connection tariff the value of which are not refundable.
9. "Customer." The person or entity in whose name service is rendered, as evidenced by the signature on the application or contract for that service, or by the receipt and/or payment of bills regularly issued in his name regardless of the identity of the actual user of the service.
10. "Customer charge." The amount the customers must pay the utility for the availability of water service, excluding any water used, as specified in the utility's tariffs.
11. "Day." Calendar day.
12. "Distribution main." A water main of the utility from which service connections may be extended to customers.
13. "Interruptible water service." Water service that is subject to interruption or curtailment.
14. "Main extension." The mains and ancillary equipment necessary to extend the existing water distribution system to provide service to additional customers.
15. "Master meter." A meter for measuring or recording the flow of water at a single location where said water is transported through an underground piping system to tenants or occupants for their individual consumption.
16. "Meter." The instrument for measuring and indicating or recording the volume of water that has passed through it.
17. "Meter tampering." A situation where a meter has been illegally altered. Common examples are meter bypassing, use of magnets to slow the meter recording, and broken meter seals.
18. "Minimum charge." The amount the customer must pay for the availability of water service, including an amount of usage, as specified in the utility's tariffs.
19. "Minimum delivery pressure." 20 pounds per square inch gauge at the meter or point of delivery.
20. "Permanent customer." A customer who is a tenant or owner of a service location who applies for and receives water service.
21. "Permanent service." Service which, in the opinion of the utility, is of a permanent and established character. The use of water may be continuous, intermittent, or seasonal in nature.
22. "Person." Any individual, partnership, corporation, governmental agency, or other organization operating as a single entity.
23. "Point of delivery." The point where facilities owned, leased, or under license by a customer connect to the utility's pipes or at the outlet side of the meter.
24. "Premises." All of the real property and apparatus employed in a single enterprise on an integral parcel of land undivided by public streets, alleys or railways.
25. "Residential subdivision development." Any tract of land which has been divided into four or more contiguous lots for use for the construction of residential buildings or permanent mobile homes for either single or multiple occupancy.
26. "Residential use." Service to customers using water for domestic purposes such as personal consumption, water heating, cooking, and other residential uses and includes use in apartment buildings, mobile home parks, and other multiunit residential buildings.
27. "Rules." The regulations set forth in the tariffs which apply to the provision of water service.
28. "Service area." The territory in which the utility has been granted a Certificate of Convenience and Necessity and is authorized by the Commission to provide water service.
29. "Service establishment charge." The charge as specified in the utility's tariffs which covers the cost of establishing a new account.
30. "Service line." A water line that transports water from a common source (normally a distribution main) of supply to the customer's point of delivery.
31. "Service reconnect charge." The charge as specified in the utility's tariffs which must be paid by the customer prior to reestablishment of water service each time the water is disconnected for nonpayment or whenever service is discontinued for failure otherwise to comply with the utility's fixed rules.
32. "Service reestablishment charge." A charge as specified in the utility's tariffs for service at the same location where the same customer had ordered a service disconnection within the preceding 12-month period.
33. "Single family dwelling." A house, an apartment, a mobile home permanently affixed to a lot, or any other permanent residential unit which is used as a permanent home.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

34. "Tariffs." The documents filed with the Commission which list the services and products offered by the water company and which set forth the terms and conditions and a schedule of the rates and charges for those services and products.
35. "Temporary service." Service to premises or enterprises which are temporary in character, or where it is known in advance that the service will be of limited duration. Service which, in the opinion of the utility, is for operations of a speculative character is also considered temporary service.
36. "Utility." The public service corporation providing water service to the public in compliance with state law.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2).

**R14-2-402. Certificates of Convenience and Necessity for Water Utilities; Extensions of Certificates of Convenience and Necessity for Water Utilities; Abandonment, Sale, Lease, Transfer, or Disposal of a Water Utility; Discontinuance or Abandonment of Water Utility Service**

**A.** In this Section, unless otherwise specified:

1. "Applicant" means a person who submits an application to obtain a Certificate of Convenience and Necessity to construct water utility facilities or operate as a water utility or to extend the service area under an existing Certificate of Convenience and Necessity held by the person.
2. "CC&N" means Certificate of Convenience and Necessity.
3. "Commission" means the Arizona Corporation Commission.
4. "Contiguous" means in actual contact, touching, such as by sharing a common border.
5. "Extension area" means the geographic area that an applicant is requesting to have added to the applicant's existing CC&N service area.

**B.** Application for a new CC&N or extension of a CC&N

1. Any person who desires to construct water utility facilities or to operate as a water utility shall, prior to commencing construction of utility facilities or operations, file with the Commission an application for a CC&N and obtain Commission approval.
2. Any utility that desires to extend its CC&N service area shall file with the Commission an application for a CC&N extension.
3. Before filing an application for a CC&N or a CC&N extension, a person shall provide written notice of the person's intention to file the application to each person who owns land within the proposed service area or extension area and who has not requested service. Each written notice to a landowner shall include, at a minimum:
  - a. The legal name, physical address, mailing address (if different), and telephone number of the intended applicant;
  - b. The approximate date by which the application will be filed;
  - c. The type of services to be provided if the application is approved;
  - d. The physical addresses and toll-free telephone numbers, in Phoenix and Tucson, for the Consumer Services Section of the Commission; and
  - e. The following information:
    - i. That the recipient is a property owner within the proposed service area or extension area;

- ii. That if the application is granted, the intended applicant will be the exclusive provider of the specific services to the proposed service area or extension area and will be required by the Commission to provide those services under rates and charges and terms and conditions established by the Commission;
- iii. That a CC&N does not prohibit persons from providing services only to themselves using their own facilities on their own property, although other applicable laws may restrict such activity;
- iv. That the application is available for inspection during regular business hours at the offices of the Commission and at the offices of the intended applicant;
- v. That the Commission will hold a hearing on the application;
- vi. That the landowner may have the right to intervene in the proceeding and may appear at the hearing and make a statement on his or her own behalf even if the landowner does not intervene;
- vii. That the landowner may contact the Commission for the date and time of the hearing and for information on intervention;
- viii. That the landowner may not receive any further notice of the application proceeding unless requested; and
- ix. That the landowner may contact the intended applicant or the Consumer Services Section of the Commission if the landowner has any questions or concerns about the application, has any objections to approval of the application, or wishes to make a statement in support of the application.

4. Within 10 days after filing an application for a CC&N or a CC&N extension, an applicant shall provide written notice of the application to the municipal manager or administrator of each municipality with corporate limits that overlap with or are within five miles of the proposed service area or extension area. Each written notice shall include, at a minimum:
  - a. The applicant's legal name, mailing address, and telephone number;
  - b. The date the application was filed;
  - c. The type of services to be provided if the application is approved;
  - d. A description of the requested service area or extension area, expressed in terms of cadastral (quarter section) or metes and bound survey;
  - e. The Commission docket number assigned to the application; and
  - f. Instructions on how to obtain a copy of the application.
5. Each application for a new CC&N or CC&N extension shall be submitted in a form and number prescribed by the Commission and shall include, at a minimum, the following information:
  - a. The applicant's legal name, mailing address, and telephone number;
  - b. If the applicant will or does operate the utility under a different business name, the name under which the applicant will be doing business;

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- c. The full name, mailing address, and telephone number of a management contact for the applicant;
- d. The full name, mailing address, and telephone number of the attorney for the applicant, if any;
- e. The full name, mailing address, and telephone number of the operator certified by the Arizona Department of Environmental Quality who is or will be working for the applicant;
- f. The full name, mailing address, and telephone number of the onsite manager for the applicant;
- g. Whether the applicant is a corporation, a partnership, a limited liability company, a sole proprietor, or another specified type of legal entity;
- h. If the applicant is a corporation, the following:
  - i. Whether the applicant is a "C" corporation, an "S" corporation, or a non-profit corporation and whether the corporation is domestic or foreign;
  - ii. A list of the full names, titles, and mailing addresses of each of the applicant's officers and directors;
  - iii. A copy of the applicant's certificate of good standing issued by the Commission's Corporations Division;
  - iv. Unless the applicant is applying for a CC&N extension, a certified copy of the applicant's articles of incorporation and by-laws; and
  - v. If the applicant is a for-profit corporation, the number of shares of stock authorized for issue and, if any stock has been issued, the number of shares issued and date of issuance;
- i. If the applicant is a partnership, the following:
  - i. Whether the applicant is a limited partnership or a general partnership and whether the partnership is domestic or foreign;
  - ii. The full names and mailing addresses of the applicant's general partners;
  - iii. The full names, mailing addresses, and telephone numbers of the applicant's managing partners;
  - iv. Unless the applicant is applying for a CC&N extension, a copy of the applicant's articles of partnership; and
  - v. If the applicant is a foreign limited partnership, a copy of the applicant's certificate of registration filed with the Arizona Secretary of State;
- j. If the applicant is a limited liability company, the following:
  - i. The full names and mailing addresses of the applicant's managers or, if management is reserved to the members, the applicant's members;
  - ii. Unless the applicant is applying for a CC&N extension, a copy of the applicant's articles of organization;
- k. The legal name and mailing address of each other utility in which the applicant has an ownership interest;
- l. A description of the requested service area or extension area, expressed in terms of cadastral (quarter section) or metes and bound survey;
- m. The name of each county in which the requested service area or extension area is located and a description of the area's location in relation to the closest municipality, which shall be named;
- n. A complete description of the facilities proposed to be constructed, including a preliminary engineering report with specifications in sufficient detail to describe each water system and the principal components of each water system (e.g., source, storage, transmission lines, distribution lines, etc.) to allow verification of the estimated costs provided under subsection (B)(5)(o) and verification that the requirements of the Commission and the Arizona Department of Environmental Quality can be met;
- o. The estimated total construction cost of the proposed offsite and onsite facilities, including documentation to support the estimates, and an explanation of how the construction will be financed, such as through debt, equity, advances in aid of construction, contributions in aid of construction, or a combination thereof;
- p. Documentation establishing the applicant's financial condition, including at least the applicant's current assets and liabilities, an income statement, the applicant's estimated revenue and expenses for the first five years following approval of the application, and the estimated value of the applicant's utility plant in service for the first five years following approval of the application;
- q. The rates proposed to be charged for services rendered, shown in the form of a proposed tariff that complies with Commission standards;
- r. The estimated annual operating revenues and expenses for the first five years of operation for the requested service area or extension area, expressed separately for residential, commercial, industrial, and irrigation services, and including a description of each assumption made to derive the estimates;
- s. A detailed description of the proposed construction timeline for facilities, with estimated starting and completion dates and, if construction is to be phased, a description of each separate phase of construction;
- t. A copy of any requests for service from persons who own land within the proposed service area or extension area, which shall identify the applicant by name;
- u. Maps of the proposed service area or extension area identifying:
  - i. The boundaries of the area, with the total acreage noted;
  - ii. The land ownership boundaries within the area, with the acreage of each separately owned parcel within the area noted;
  - iii. The owner of each parcel within the area;
  - iv. Any municipality corporate limits that overlap with or are within five miles of the area;
  - v. The service area of any public service corporation, municipality, or district currently providing water or wastewater service within one mile of the area, with identification of the entity providing service and each type of service being provided;
  - vi. The location within the area of any known water service connections that are already being provided service by the applicant;

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- vii. The location of all proposed developments within the area;
  - viii. The proposed location of each water system and the principal components described in subsection (B)(5)(n); and
  - ix. The location of all parcels for which a copy of a request for service has been submitted per subsection (B)(5)(t);
  - v. A copy of each notice to be sent, as required under subsection (B)(4), to a municipal manager or administrator;
  - w. A copy of each notice sent, as required under subsection (B)(3), to a landowner not requesting service;
  - x. For each landowner not requesting service, either the written response received from the landowner or, if no written response was received, a description of the actions taken by the applicant to obtain a written response;
  - y. A copy of each city, county, or state agency approval required by law to construct the proposed facilities or operate the utility within the proposed service area or extension area or, for any approval not yet obtained, the status of the applicant's application for the approval;
  - z. The estimated number of customers to be served for each of the first five years of operation, expressed separately for residential, commercial, industrial, and irrigation customers and including documentation to support the estimates;
  - aa. A description of how wastewater service is to be provided in the proposed service area or extension area and the name of each wastewater service provider for the area, if any;
  - bb. A letter from each wastewater service provider identified under subsection (B)(5)(aa), confirming the provision of wastewater service for the proposed service area or extension area;
  - cc. Plans for or a description of water conservation measures to be implemented in the proposed service area or extension area, including, at a minimum:
    - i. A description of the information about water conservation or water saving measures that the utility will provide to the public and its customers;
    - ii. A description of how the applicant will work with each wastewater service provider identified under subsection (B)(5)(aa) to encourage water conservation;
    - iii. A description of the sources of water that will be used to supply parks, recreation areas, golf courses, greenbelts, ornamental lakes, and other aesthetic water features;
    - iv. A description of any plans for the use of reclaimed water;
    - v. A description of any plans for the use of recharge facilities;
    - vi. A description of any plans for the use of surface water; and
    - vii. A description of any other plans or programs to promote water conservation;
  - dd. A backflow prevention tariff that complies with Commission standards, if not already on file;
  - ee. A curtailment tariff that complies with Commission standards, if not already on file;
  - ff. A copy of a Physical Availability Determination, Analysis of Adequate Water Supply, or Analysis of Assured Water Supply issued by the Arizona Department of Water Resources for the proposed service area or extension area or, if not yet obtained, the status of the application for such approval;
  - gg. If the applicant is requesting a CC&N extension:
    - i. A current compliance status report from the Arizona Department of Environmental Quality, dated no more than 30 days before the date the CC&N extension application is filed, for each water system operated by the applicant, as identified by a separate Arizona Department of Environmental Quality Public Water System Identification Number; and
    - ii. A water use data sheet for the water system being extended by the applicant; and
  - hh. The notarized signature of the applicant.
6. Upon receiving an application under subsection (B)(5), Utilities Division staff shall review and process the application in accordance with the requirements of R14-2-411.
  7. Once Utilities Division staff determines that an application submitted under subsection (B)(5) is administratively complete, the Commission shall, as expeditiously as practicable, schedule a hearing to consider the application.
- C. Application for discontinuance or abandonment of utility service**
1. A utility shall not discontinue or abandon any service currently in use by the public without first obtaining authority therefor from the Commission.
  2. A utility desiring to discontinue or abandon a service shall file with the Commission an application identifying the utility; including data regarding past, present and estimated future customer use of the service; describing any plant or facility that would no longer be in use if the application were approved; and explaining why the utility desires to discontinue or abandon the service.
  3. A utility is not required to apply for Commission approval to remove individual facilities where a customer has requested service discontinuance.
- D. Application for authority to abandon, sell, lease, transfer, or otherwise dispose of a utility**
1. A utility shall not abandon, sell, lease, transfer, or otherwise dispose of its facilities or operation without first obtaining authority therefor from the Commission.
  2. A utility desiring to abandon, sell, lease, transfer, or otherwise dispose of its facilities or operation shall file with the Commission an application that includes, at a minimum:
    - a. The legal name, physical address, mailing address (if different), and telephone number of the utility;
    - b. A description of the utility property proposed to be abandoned, sold, leased, transferred, or otherwise disposed of;
    - c. Documentation establishing the utility's financial condition, including at least the utility's current assets and liabilities, an income statement, the utility's revenue and expenses for the most recently completed 12-month accounting period, and the value of the utility's utility plant in service;

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- d. The legal name, physical address, mailing address (if different), and telephone number of any proposed purchaser, lessee, transferee, or assignee;
  - e. The terms and conditions of the proposed abandonment, sale, lease, transfer, or assignment and copies of any agreement that has been or will be executed concerning the transaction;
  - f. A description of the effect that the proposed transaction will have upon the utility's services;
  - g. The method by which the proposed transaction is to be financed;
  - h. A description of the effect that the proposed transaction will have upon any other utility;
  - i. The number of customers to be affected by the proposed transaction; and
  - j. A description of the effect that the proposed transaction will have upon customers.
- E. Additions or extensions of service contiguous to existing CC&N service areas**
- 1. Except in the case of an emergency, a utility that proposes to extend service to a parcel located in a non-certificated area contiguous to its CC&N service area shall notify the Commission before the service extension occurs.
  - 2. Each notification required under subsection (E)(1) shall be in writing, shall be verified, and shall set forth, at a minimum:
    - a. The legal name, mailing address, and telephone number of the utility;
    - b. The number of persons to be served in the contiguous parcel;
    - c. The legal description of the contiguous parcel and the location of the structures to be served therein, in relation to the utility's CC&N service area; and
    - d. A statement that service will be extended only to a non-certificated parcel contiguous to the utility's CC&N service area.
  - 3. When emergency service is required to be provided to a person in a non-certificated area contiguous to a utility's CC&N service area, the utility shall notify the Commission of the service extension as soon as possible after the service extension occurs by providing written notice that includes the information required under subsection (E)(2) and describes the nature and extent of the emergency.
- Historical Note**
- Adopted effective March 2, 1982 (Supp. 82-2). Amended by adding subsection (C) effective September 28, 1982 (Supp. 82-5). Amended by final rulemaking at 15 A.A.R. 2066, effective January 22, 2010 (Supp. 09-4).
- R14-2-403. Establishment of Service**
- A. Information from new applicants**
- 1. A utility may obtain the following minimum information from each new applicant for service:
    - a. Name or names of applicant(s).
    - b. Service address or location and telephone number
    - c. Billing address/telephone number, if different than service address.
    - d. Address where service was provided previously.
    - e. Date applicant will be ready for service.
    - f. Indication of whether premises have been supplied with utility service previously.
    - g. Purpose for which service is to be used.
    - h. Indication of whether applicant is owner or tenant of or agent for the premises.
  - 2. Each utility may require a new applicant for service to appear at the utility's designated place of business to produce proof of identity and sign the utility's application form.
  - 3. Where service is requested by two or more individuals the utility shall have the right to collect the full amount owed to the utility from any one of the applicants.
- B. Deposits**
- 1. A utility may require a deposit from any new applicant for service.
  - 2. The utility shall issue a nonnegotiable receipt to the applicant for the deposit. The inability of the customer to produce such a receipt shall in no way impair his right to receive a refund of the deposit which is reflected on the utility's records.
  - 3. Interest on deposits shall be calculated annually at an interest rate filed by the utility and approved by the Commission in a tariff proceeding. In the absence of such, the interest rate shall be 6%.
  - 4. Interest shall be credited to the customer's bill annually.
  - 5. Residential deposits shall be refunded within 30 days after:
    - a. 12 consecutive months of service without being delinquent in the payment of utility bills provided the utility may reestablish the deposit if the customer becomes delinquent in the payment of bills two or more times within a 12-consecutive-month period.
    - b. Upon discontinuance of service when the customer has paid all outstanding amounts due the utility.
  - 6. A separate deposit may be required for each meter installed.
  - 7. The amount of a deposit required by the utility shall be determined according to the following terms:
    - a. Residential customer deposits shall not exceed two times the average residential class bill as evidenced by the utility's most recent annual report filed with the Commission.
    - b. Nonresidential customer deposits shall not exceed 2 1/2 times that customer's estimated maximum monthly bill.
    - c. The utility may review the customer's usage after service has been connected and adjust the deposit amount based upon the customer's actual usage.
  - 8. Upon discontinuance of service, the deposit may be applied by the utility toward settlement of the customer's bill.
- C. Grounds for refusal of service. A utility may refuse to establish service if any of the following conditions exist:**
- 1. The applicant has an outstanding amount due for the same class of utility service with the utility and the applicant is unwilling to make arrangements with the utility for payment.
  - 2. A condition exists which in the utility's judgment is unsafe or hazardous to the applicant, the general population, or the utility's personnel or facilities.
  - 3. Refusal by the applicant to provide the utility with a deposit.
  - 4. Customer is known to be in violation of the utility's tariffs filed with the Commission or of the Commission's rules and regulations.
  - 5. Failure of the customer to furnish such funds, service, equipment, and/or rights-of-way necessary to serve the customer and which have been specified by the utility as a condition for providing service.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

6. Applicant falsifies his or her identity for the purpose of obtaining service.
- D.** Service establishments, re-establishments or reconnection charge
  1. A utility may make a charge as approved by the Commission for the establishment, reestablishment, or reconnection of utility services.
  2. Should service be established during a period other than regular working hours at the customer's request, the customer may be required to pay an after-hour charge for the service connection. Where the utility scheduling will not permit service establishment on the same day requested, the customer can elect to pay the after-hour charge for establishment that day.
  3. For the purpose of this rule, service establishments are where the customer's facilities are ready and acceptable to the utility and the utility needs only to install a meter, read a meter, or turn the service on.
- E.** Temporary service
  1. Applicants for temporary service may be required to pay the utility, in advance of service establishment, the estimated cost of installing and removing the facilities necessary for furnishing the desired service.
  2. Where the duration of service is to be less than one month, the applicant may also be required to advance a sum of money equal to the estimated bill for service.
  3. Where the duration of service is to exceed one month, the applicant may also be required to meet the deposit requirements of the utility.
  4. If at any time during the term of the agreement for service the character of a temporary customer's operations changes so that in the opinion of the utility the customer is classified as permanent, the terms of the utility's main extension rules shall apply.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended subsections (B) and (D) effective September 28, 1982 (Supp. 82-5). Amended to correct subsection numbering (Supp. 99-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-404. Minimum Customer Information Requirements**

- A.** Information for residential customers
  1. Each utility shall make available upon customer request not later than 60 days from the date of request a concise summary of the rate schedule applied for by such customer. The summary shall include the following:
    - a. Monthly minimum or customer charge, identifying the amount of the charge and the specific amount of usage included in the minimum charge, where applicable.
    - b. Rate blocks, where applicable.
    - c. Any adjustment factor(s) and method of calculation.
  2. The utility shall to the extent practical identify the tariff most advantageous to the customer and notify the customer of such prior to service commencement.
  3. In addition, a utility shall make available upon customer request not later than 60 days from the date of request a copy of the Commission's rules and regulations governing:
    - a. Deposits
    - b. Terminations of service

- c. Billing and collection
  - d. Complaint handling.
4. Each utility upon written request of a customer shall transmit a concise statement of actual consumption by such customer for each billing period during the prior 12 months unless such data is not reasonably ascertainable.
5. Each utility shall inform all new customers of their rights to obtain the information specified above.
- B.** Information required due to changes in tariffs
  1. Each utility shall transmit to affected customers by the most economic means available a concise summary of any change in the utility's tariffs affecting those customers.
  2. This information shall be transmitted to the affected customer within 60 days of the effective date of the change.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-405. Service Connections and Establishments**

- A.** Priority and timing of service establishments
  1. After an applicant has complied with the utility's application and deposit requirements and has been accepted for service by the utility, the utility shall schedule that customer for service connection and/or establishment.
  2. Service establishments shall be scheduled for completion within five working days of the date the customer has been accepted for service, except in those instances when the customer requests service establishment beyond the five working day limitation.
  3. When the utility has made arrangements to meet with a customer for service establishment purposes and the utility or the customer cannot make the appointment during the prearranged time, the utility shall reschedule the service establishment to the satisfaction of both parties.
  4. Each utility shall schedule service establishment appointments within a maximum range of four hours during normal working hours, unless another time-frame is mutually acceptable to the utility and the customer.
  5. Service establishments shall be made only by qualified utility service personnel.
  6. For the purposes of this rule, service establishments are where the customer's facilities are ready and acceptable to the utility and the utility needs only to install or read a meter or turn the service on.
- B.** Service lines
  1. An applicant for service shall be responsible for the cost of installing all customer piping up to the meter.
  2. An applicant for service shall pay to the utility as a refundable advance in aid of construction the sum as set forth in the utility's tariff for each size service and meter. Except where the refundable advances in aid of construction for meters and service lines have been included in refundable advances in aid of construction for line extensions and thus are refundable pursuant to main extension contracts approved by the Commission, each advance in aid of construction for a service line or meter shall be repaid by the utility by an annual credit of 1/10 of the amount received, said credit to be applied upon the water bill rendered in November of each year until fully paid, for each service and meter for which the advance was made, and said credit to commence the month of Novem-

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

ber for all such advances received during the preceding calendar year.

3. Where service is being provided for the first time, the customer shall provide and maintain a private cutoff valve within 18 inches of the meter on the customer's side of the meter, and the utility shall provide a like valve on the utility's side of such meter.
4. The Company may install its meter at the property line or, at the Company's option, on the customer's property in a location mutually agreed upon.
5. Where the meter or service line location on the customer's premises is changed at the request of the customer or due to alterations on the customer's premises, the customer shall provide and have installed at his expense all piping necessary for relocating the meter and the utility may make a charge for moving the meter and/or service line.
6. The customer's lines or piping must be installed in such a manner as to prevent cross-connection or backflow.
7. Each utility shall file a tariff for service and meter installations for Commission review and approval.

**C. Easements and rights-of-way**

1. Each customer shall grant adequate easement and right-of-way satisfactory to the utility to ensure that customer's proper service connection. Failure on the part of the customer to grant adequate easement and right-of-way shall be grounds for the utility to refuse service.
2. When a utility discovers that a customer or his agent is performing work or has constructed facilities adjacent to or within an easement or right-of-way and such work, construction or facility poses a hazard or is in violation of federal, state or local laws, ordinances, statutes, rules or regulations, or significantly interferes with the utility's access to equipment, the utility shall notify the customer or his agent and shall take whatever actions are necessary to eliminate the hazard, obstruction or violation at the customer's expense.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended subsection (B) effective September 28, 1982 (Supp. 82-5). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-406. Main Extension Agreements**

- A.** Each utility entering into a main extension agreement shall comply with the provisions of this rule which specifically defines the conditions governing main extensions.
- B.** An applicant for the extension of mains may be required to pay to the Company, as a refundable advance in aid of construction, before construction is commenced, the estimated reasonable cost of all mains, including all valves and fittings.
  1. In the event that additional facilities are required to provide pressure, storage or water supply, exclusively for the new service or services requested, and the cost of the additional facilities is disproportionate to anticipated revenues to be derived from future consumers using these facilities, the estimated reasonable cost of such additional facilities may be included in refundable advances in aid of construction to be paid to the Company.
  2. Upon request by a potential applicant for a main extension, the utility shall prepare, without charge, a preliminary sketch and rough estimate of the cost of installation to be paid by said applicant. Any applicant for a main

extension requesting the utility to prepare detailed plans, specifications, or cost estimates may be required to deposit with the utility an amount equal to the estimated cost of preparation. The utility shall, upon request, make available within 45 days after receipt of the deposit referred to above, such plans, specifications, or cost estimates of the proposed main extension. Where the applicant accepts utility construction of the extension, the deposit shall be credited to the cost of construction; otherwise the deposit shall be nonrefundable. If the extension is to include oversizing of facilities to be done at the utility's expense, appropriate details shall be set forth in the plans, specifications and cost estimates.

3. Where the utility requires an applicant to advance funds for a main extension, the utility shall furnish the applicant with a copy of the Commission rules on main extension agreements prior to the applicant's acceptance of the utility's extension agreement.
4. In the event the utility's actual cost of construction is less than the amount advanced by the customer, the utility shall make a refund to the applicant within 30 days after the completion of the construction or utility's receipt of invoices related to that construction.
5. The provisions of this rule apply only to those applicants who in the utility's judgment will be permanent customers of the utility. Applications for temporary service shall be governed by the Commission's rules concerning temporary service applications.

**C. Minimum written agreement requirements**

1. Each main extension agreement shall include the following information:
  - a. Name and address of applicant(s)
  - b. Proposed service address
  - c. Description of requested service
  - d. Description and map of the requested line extension
  - e. Itemized cost estimate to include materials, labor, and other costs as necessary
  - f. Payment terms
  - g. A clear and concise explanation of any refunding provisions, if applicable
  - h. Utility's estimated start date and completion date for construction of the main extension
2. Each applicant shall be provided with a copy of the written main extension agreement.

- D.** Refunds of advances made pursuant to this rule shall be made in accord with the following method: the Company shall each year pay to the party making an advance under a main extension agreement, or that party's assignees or other successors in interest where the Company has received notice and evidence of such assignment or succession, a minimum amount equal to 10% of the total gross annual revenue from water sales to each bona fide consumer whose service line is connected to main lines covered by the main extension agreement, for a period of not less than 10 years. Refunds shall be made by the Company on or before the 31st day of August of each year, covering any refunds owing from water revenues received during the preceding July 1st to June 30th period. A balance remaining at the end of the ten-year period set out shall become non-refundable, in which case the balance not refunded shall be entered as a contribution in aid of construction in the accounts of the Company, however, agreements under this general order may provide that any balance of the amount advanced thereunder remaining at the end of the 10 year period set out, shall thereafter remain payable in whole or in part and in such manner as

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

is set forth in the agreement. The aggregate refunds under this rule shall in no event exceed the total of the refundable advances in aid of construction. No interest shall be paid by the utility on any amounts advanced. The Company shall make no refunds from any revenue received from any lines, other than customer service lines, leading up to or taking off from the particular main extension covered by the agreement.

- E. Amounts advanced in aid of construction of main extensions shall be refunded in accord with the rules of this Commission in force and effect on the date the agreement therefor was executed. All costs under main extension agreements entered into after the adoption of this rule shall be refunded as provided herein.
- F. The Commission will not approve the transfer of any Certificate of Public Convenience and Necessity where the transferor has entered into a main extension agreement, unless it is demonstrated to the Commission that the transferor has agreed to satisfy the refund agreement, or that the transferee has assumed and has agreed to pay the transferor's obligations under such agreement.
- G. All agreements entered into under this rule shall be evidenced by a written statement, and signed by the Company and the parties advancing the funds for advances in aid under this rule or the duly authorized agents of each.
- H. The size, design, type and quality of materials of the system, installed under this rule location in the ground and the manner of installation, shall be specified by the Company, and shall be in accord with the requirements of the Commission or other public agencies having authority therein. The Company may install main extensions of any diameter meeting the requirements of the Commission or any other public agencies having authority over the construction and operation of the water system and mains, except individual main extensions, shall comply with and conform to the following minimum specifications:
  1. 150 p.s.i. working pressure rating and
  2. 6" standard diameter.

However, single residential customer advances in aid of construction shall not exceed the reasonable cost of construction of the 6-inch diameter main extension.
- I. All pipelines, valves, fittings, wells, tanks or other facilities installed under this rule shall be the sole property of the Company, and parties making advances in aid of construction under this rule shall have no right, title or interest in any such facilities.
- J. The Company shall schedule all new requests for main extension agreements, and for service under main extension agreements, promptly and in the order received.
- K. An applicant for service seeking to enter into a main extension agreement may request that the utility include on a list of contractors from whom bids will be solicited, the name(s) of any bonded contractor(s), provided that all bids shall be submitted by the bid date stipulated by the utility. If a lower bid is thus obtained or if a bid is obtained at an equal price and with a more appropriate time of performance, and if such bid contemplates conformity with the Company's requirements and specifications, the Company shall be required to meet the terms and conditions of the bid proffered, or to enter into a construction contract with the contractor proffering such bid. Performance bond in the total amount of the contract may be required by the utility from the contractor prior to construction.
- L. Any discounts obtained by the utility from contracts terminated under this rule shall be accounted for by credits to the

appropriate account dominated as Contributions in Aid of Construction.

- M. All agreements under this rule shall be filed with and approved by the Utilities Division of the Commission. No agreement shall be approved unless accompanied by a Certificate of Approval to Construct as issued by the Arizona Department of Health Services. Where agreements for main extensions are not filed and approved by the Utilities Division, the refundable advance shall be immediately due and payable to the person making the advance.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended subsections (D) and (K) effective September 28, 1982 (Supp. 82-5). Amended to correct subsection numbering (Supp. 99-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-407. Provision of Service**

- A. Utility responsibility. Each utility shall be responsible for providing potable water to the customer's point of delivery.
- B. Customer responsibility
  1. Each customer shall be responsible for maintaining all facilities on the customer's side of the point of delivery in a safe and efficient manner and in accordance with the rules of the state Department of Health.
  2. Each customer shall be responsible for safeguarding all utility property installed in or on the customer's premises for the purpose of supplying water to that customer.
  3. Each customer shall exercise all reasonable care to prevent loss or damage to utility property, excluding ordinary wear and tear. The customer shall be responsible for loss of or damage to utility property on the customer's premises arising from neglect, carelessness, or misuse and shall reimburse the utility for the cost of necessary repairs or replacements.
  4. Each customer shall be responsible for payment for any equipment damage resulting from unauthorized breaking of seals, interfering, tampering or bypassing the utility meter.
  5. Each customer shall be responsible for notifying the utility of any failure identified in the utility's equipment.
  6. Water furnished by the utility shall be used only on the customer's premises and shall not be resold to any other person. During critical water conditions, as determined by the Commission, the customer shall use water only for those purposes specified by the Commission. Disregard for this rule shall be sufficient cause for refusal or discontinuance of service.
- C. Continuity of service. Each utility shall make reasonable efforts to supply a satisfactory and continuous level of service. However, no utility shall be responsible for any damage or claim of damage attributable to any interruption or discontinuation of service resulting from:
  1. Any cause against which the utility could not have reasonably foreseen or made provision for, i.e., force majeure
  2. Intentional service interruptions to make repairs or perform routine maintenance
  3. Curtailment.
- D. Service interruptions
  1. Each utility shall make reasonable efforts to reestablish service within the shortest possible time when service interruptions occur.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

2. Each utility shall make reasonable provisions to meet emergencies resulting from failure of service, and each utility shall issue instructions to its employees covering procedures to be followed in the event of emergency in order to prevent or mitigate interruption or impairment of service.
  3. In the event of a national emergency or local disaster resulting in disruption of normal service, the utility may, in the public interest, interrupt service to other customers to provide necessary service to civil defense or other emergency service agencies on a temporary basis until normal service to these agencies can be restored.
  4. When a utility plans to interrupt service for more than four hours to perform necessary repairs or maintenance, the utility shall attempt to inform affected customers at least 24 hours in advance of the scheduled date and estimated duration of the service interruption. Such repairs shall be completed in the shortest possible time to minimize the inconvenience to the customers of the utility.
  5. The Commission shall be notified of interruptions in service affecting the entire system or any major division thereof. The interruption of service and cause shall be reported within four hours after the responsible representative of the utility becomes aware of said interruption by telephone to the Commission and followed by a written report to the Commission.
- E.** Minimum delivery pressure. Each utility shall maintain a minimum standard delivery pressure of 20 pounds per square inch gauge (PSIG) at the customer's meter or point of delivery.
- F.** Construction standards. Each utility shall construct all facilities in accordance with the guidelines established by the state Department of Health Services.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended subsection (F) effective September 28, 1982 (Supp. 82-5). Amended to correct subsection numbering (Supp. 99-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-408. Meter Reading**

- A.** Frequency. Each meter shall be read monthly on as close to the same day as practical.
- B.** Measuring of service
1. All water delivered by the utility shall be billed upon the basis of metered volume sales except that the utility may, at its option, provide a fixed charge schedule for the following:
    - a. Temporary service where the water use can be readily estimated
    - b. Public and private fire protection service
    - c. Water used for street sprinkling and sewer flushing, when provided for by contract between the utility and the municipality or other local governmental authority
    - d. Other fixed charge schedules as shall be submitted to and approved by the Commission.
  2. When there is more than one meter at a location, the metering equipment shall be so tagged or plainly marked as to indicate the facilities being metered.
- C.** Customer requested rereads
1. Each utility shall at the request of a customer reread the customer's meter within 10 working days after such request by the customer.
  2. Any rereads shall be charged to the customer at a rate on file and approved by the Commission, provided that the original reading was not in error.
  3. When a reading is found to be in error, the reread shall be at no charge to the customer.
- D.** Access to customer premises. Each utility shall have the right of safe ingress to and egress from the customer's premises at all reasonable hours for any purpose reasonably connected with the utility's property used in furnishing service and the exercise of any and all rights secured to it by law or these rules.
- E.** Meter testing and maintenance program. Each utility shall establish a regular program of meter testing taking into account the following factors:
1. Size of meter
  2. Age of meter
  3. Consumption
  4. Characteristics of water.
- F.** Customer requested meter tests. A utility shall test a meter upon customer request and each utility shall be authorized to charge the customer for such meter test according to the tariff on file and approved by the Commission. However, if the meter is found to be in error by more than 3%, no meter testing fee will be charged to the customer.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended to correct subsection numbering (Supp. 99-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-409. Billing and Collection**

- A.** Frequency and estimated bills
1. Each utility shall bill monthly for services rendered. Meter readings shall be scheduled for periods of not less than 25 days or more than 35 days.
  2. If the utility is unable to read the meter on the scheduled meter read date, the utility will estimate the consumption for the billing period giving consideration to the following factors where applicable:
    - a. The customer's usage during the same month of the previous year
    - b. The amount of usage during the preceding month.
  3. After the second consecutive month of estimating the customer's bill for reasons other than severe weather, the utility will attempt to secure an accurate reading of the meter.
  4. Failure on the part of the customer to comply with a reasonable request by the utility for access to its meter may lead to the discontinuance of service.
  5. Estimated bills will be issued only under the following conditions:
    - a. Failure of a customer who read his own meter to deliver his meter reading card to the utility in accordance with the requirements of the utility billing cycle.
    - b. Severe weather conditions which prevent the utility from reading the meter.
    - c. Circumstances that make it dangerous or impossible to read the meter, i.e., locked gates, blocked meters, vicious or dangerous animals, etc.
  6. Each bill based on estimated usage will indicate that it is an estimated bill.
- B.** Combining meters, minimum bill information

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

1. Each meter at a customer's premises will be considered separately for billing purposes, and the readings of two or more meters will not be combined.
  2. Each bill for residential service will contain the following minimum information:
    - a. Date and meter reading at the start of billing period
    - b. Previous month's meter reading
    - c. Billed usage
    - d. Utility telephone number
    - e. Customer's name
    - f. Service account number (if available)
    - g. Amount due and due date
    - h. Past due amount (where appropriate)
    - i. Adjustment factor, where applicable
    - j. Other approved tariff charges.
- C. Billing terms**
1. All bills for utility services are due and payable when rendered. Any payment not received within 15 days from the date the bill was rendered shall be considered delinquent.
  2. For purposes of this rule, the date a bill is rendered may be evidenced by:
    - a. The postmark date
    - b. The mailing date:
      - i. Certified mail
      - ii. Certificate of mailing.
  3. All delinquent bills shall be subject to the provisions of the utility's termination procedures as set forth in R14-2-410.
  4. All payments shall be made at or mailed to the office of the utility or to the utility's duly authorized representative.
- D. Applicable tariffs, prepayment, failure to receive, commencement date, taxes**
1. Each customer shall be billed under the applicable tariff indicated in the customer's application for service.
  2. Each utility shall make provisions for advance payment for utility services.
  3. Failure to receive bills or notices which have been properly placed in the United States mail shall not prevent such bills from becoming delinquent nor relieve the customer of his obligations therein.
  4. Charges for service commence when the service is installed and connection made, whether used or not.
  5. In addition to the collection of regular rates, each utility may collect from its customers a proportionate share of any privilege, sales or use tax.
- E. Meter error corrections**
1. If any meter after testing is found to be more than 3% in error, either fast or slow, proper correction between 3% and the amount of the error shall be made of previous readings and adjusted bills shall be rendered according to the following terms:
    - a. For the period of three months immediately preceding the removal of such meter from service for test or from the time the meter was in service since last tested, but not exceeding three months since the meter shall have been shown to be in error by such test, or
    - b. From the date the error occurred, if the date of the cause can be definitely fixed.
  2. No adjustment shall be made by the utility except to the customer last served by the meter tested.
- F. Insufficient funds (NSF) checks**
1. A utility shall be allowed to recover a fee, as approved by the Commission for each instance where a customer tenders payment for utility service with an insufficient funds check.
  2. When the utility is notified by the customer's bank that there are insufficient funds to cover the check tendered for utility service, the utility may require the customer to make payment in cash, by money order, certified check, or other means which guarantee the customer's payment to the utility.
  3. A customer who tenders an insufficient check shall in no way be relieved of the obligation to render payment to the utility under the original terms of the bill nor defer the utility's provision for termination of service for nonpayment of bills.
- G. Deferred payment plan**
1. Each utility may, prior to termination, offer to qualifying residential customers a deferred payment plan for the customer to retire unpaid bills for utility service.
  2. Each deferred payment agreement entered into by the utility and the customer due to the customer's inability to pay an outstanding bill in full shall provide that service will not be discontinued if:
    - a. Customer agrees to pay a reasonable amount of the outstanding bill at the time the parties enter into the deferred payment agreement.
    - b. Customer agrees to pay all future bills for utility service in accordance with the billing and collection tariffs of the utility.
    - c. Customer agrees to pay a reasonable portion of the remaining outstanding balance in installments over a period not to exceed six months.
  3. For the purposes of determining a reasonable installment payment schedule under these rules, the utility and the customer shall give consideration to the following conditions:
    - a. Size of the delinquent account
    - b. Customer's ability to pay
    - c. Customer's payment history
    - d. Length of time that the debt has been outstanding
    - e. Circumstances which resulted in the debt being outstanding
    - f. Any other relevant factors related to the circumstances of the customer.
  4. Any customer who desires to enter into a deferred payment agreement shall establish such agreement prior to the utility's scheduled termination date for nonpayment of bills; customer failure to execute a deferred payment agreement prior to the scheduled termination date shall not prevent the utility from discontinuing service for nonpayment.
  5. Deferred payment agreements may be in writing and may be signed by the customer and an authorized utility representative.
  6. A deferred payment agreement may include a finance charge as approved by the Commission in a tariff proceeding.
  7. If a customer has not fulfilled the terms of a deferred payment agreement, the utility shall have the right to disconnect service pursuant to the utility's termination of service rules and, under such circumstances, it shall not be required to offer subsequent negotiation of a deferred payment agreement prior to disconnection.
- H. Change of occupancy**

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

1. Not less than three working days advance notice must be given in person, in writing, or by telephone at the utility's office to discontinue service or to change occupancy.
2. The outgoing party shall be responsible for all utility services provided and/or consumed up to the scheduled turn-off date.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended subsection (C) effective September 28, 1982 (Supp. 82-5). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-410. Termination of Service**

- A.** Nonpermissible reasons to disconnect service. A utility may not disconnect service for any of the reasons stated below:
1. Delinquency in payment for services rendered to a prior customer at the premises where service is being provided, except in the instance where the prior customer continues to reside on the premises.
  2. Failure of the customer to pay for services or equipment which are not regulated by the Commission.
  3. Nonpayment of a bill related to another class of service.
  4. Failure to pay for a bill to correct a previous underbilling due to an inaccurate meter or meter failure if the customer agrees to pay over a reasonable period of time.
- B.** Termination of service without notice
1. Utility service may be disconnected without advance written notice under the following conditions:
    - a. The existence of an obvious hazard to the safety or health of the consumer or the general population.
    - b. The utility has evidence of meter tampering or fraud.
    - c. Unauthorized resale or use of utility services.
    - d. Failure of a customer to comply with the curtailment procedures imposed by a utility during supply shortages.
  2. The utility shall not be required to restore service until the conditions which resulted in the termination have been corrected to the satisfaction of the utility.
  3. Each utility shall maintain a record of all terminations of service without notice. This record shall be maintained for a minimum of one year and shall be available for inspection by the Commission.
- C.** Termination of service with notice
1. A utility may disconnect service to any customer for any reason stated below provided the utility has met the notice requirements established by the Commission:
    - a. Customer violation of any of the utility's tariffs filed with the Commission and/or violation of the Commission's rules and regulations.
    - b. Failure of the customer to pay a delinquent bill for utility service.
    - c. Failure to meet or maintain the utility's credit and deposit requirements.
    - d. Failure of the customer to provide the utility reasonable access to its equipment and property.
    - e. Customer breach of a written contract for service between the utility and customer.
    - f. When necessary for the utility to comply with an order of any governmental agency having such jurisdiction.
  2. Each utility shall maintain a record of all terminations of service with notice. This record shall be maintained for one year and be available for Commission inspection.

**D.** Termination notice requirements

1. No utility shall terminate service to any of its customers without providing advance written notice to the customer of the utility's intent to disconnect service, except under those conditions specified where advance written notice is not required.
2. Such advance written notice shall contain, at a minimum, the following information:
  - a. The name of the person whose service is to be terminated and the address where service is being rendered.
  - b. The Commission rule or regulation that was violated and explanation thereof or the amount of the bill which the customer has failed to pay in accordance with the payment policy of the utility, if applicable.
  - c. The date on or after which service may be terminated.
  - d. A statement advising the customer to contact the utility at a specific address or phone number for information regarding any deferred payment or other procedures which the utility may offer or to work out some other mutually agreeable solution to avoid termination of the customer's service.
  - e. A statement advising the customer that the utility's stated reason for the termination of services may be disputed by contacting the utility at a specific address or phone number, advising the utility of the dispute and making arrangements to discuss the cause for termination with a responsible employee of the utility in advance of the scheduled date of termination. The responsible employee shall be empowered to resolve the dispute and the utility shall retain the option to terminate service.

**E.** Timing of terminations with notice

1. Each utility shall be required to give at least 10 days advance written notice prior to the termination date.
2. Such notice shall be considered to be given to the customer when a copy thereof is left with the customer or posted first class in the United States mail, addressed to the customer's last known address.
3. If after the period of time allowed by the notice has elapsed and the delinquent account has not been paid nor arrangements made with the utility for the payment thereof or in the case of a violation of the utility's rules the customer has not satisfied the utility that such violation has ceased, the utility may then terminate service on or after the day specified in the notice without giving further notice.
4. Service may only be disconnected in conjunction with a personal visit to the premises by an authorized representative of the utility.
5. The utility shall have the right (but not the obligation) to remove any or all of its property installed on the customer's premises upon the termination of service.

**F.** Landlord/tenant rule. In situations where service is rendered at an address different from the mailing address of the bill or where the utility knows that a landlord/tenant relationship exists and that the landlord is the customer of the utility, and where the landlord as a customer would otherwise be subject to disconnection of service, the utility may not disconnect service until the following actions have been taken:

1. Where it is feasible to so provide service, the utility, after providing notice as required in these rules, shall offer the occupant the opportunity to subscribe for service in his or

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

her own name. If the occupant then declines to so subscribe, the utility may disconnect service pursuant to the rules.

2. A utility shall not attempt to recover from a tenant or condition service to a tenant with the payment of any outstanding bills or other charges due upon the outstanding account of the landlord.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended subsection (E) effective September 28, 1982 (Supp. 82-5). Amended to correct subsection numbering (Supp. 99-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**Editor's Note:** *The following Section was amended under an exemption from the Attorney General approval provisions of the Arizona Administrative Procedure Act (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)), as determined by the Corporation Commission. This exemption means that the rules as amended were not approved by the Attorney General.*

**R14-2-411. Administrative and Hearing Requirements****A. Customer service complaints**

1. Each utility shall make a full and prompt investigation of all service complaints made by its customers, either directly or through the Commission.
2. The utility shall respond to the complainant and/or the Commission representative within five working days as to the status of the utility investigation of the complaint.
3. The utility shall notify the complainant and/or the Commission representative of the final disposition of each complaint. Upon request of the complainant or the Commission representative, the utility shall report the findings of its investigation in writing.
4. The utility shall inform the customer of his right of appeal to the Commission.
5. Each utility shall keep a record of all written service complaints received which shall contain, at a minimum, the following data:
  - a. Name and address of the complainant
  - b. Date and nature of the complaint
  - c. Disposition of the complaint
  - d. A copy of any correspondence between the utility, the customer, and/or the Commission.

This record shall be maintained for a minimum period of one year and shall be available for inspection by the Commission.

**B. Notice by utility of responsible officer or agent**

1. Each utility shall file with the Commission a written statement containing the name, address (business, residence and post office) and telephone numbers (business and residence) of the onsite manager of its operations.
2. Each utility shall give notice, by filing a written statement with the Commission, of any change in the information required herein within five days from the date of any such change.

**C. Time-frames for processing applications for Certificates of Convenience and Necessity**

1. This rule prescribes time-frames for the processing of any application for a Certificate of Convenience and Necessity issued by the Arizona Corporation Commission pursuant to this Article. These time-frames shall apply to applications filed on or after the effective date of this rule.

2. Within 30 calendar days after receipt of an application for a new Certificate of Convenience and Necessity, or to amend or change the status of any existing Certificate of Convenience and Necessity, staff shall notify the applicant, in writing, that the application is either administratively complete or deficient. If the application is deficient, the notice shall specify all deficiencies.
3. Staff may terminate an application if the applicant does not remedy all deficiencies within 60 calendar days of the notice of deficiency.
4. After receipt of a corrected application, staff shall notify the applicant within 30 calendar days if the corrected application is either administratively complete or deficient. The time-frame for administrative completeness review shall be suspended from the time the notice of deficiency is issued until staff determines that the application is complete.
5. Within 150 days after an application is deemed administratively complete, the Commission shall approve or reject the application.
6. For purposes of A.R.S. § 41-1072 et seq., the Commission has established the following time-frames:
  - a. Administrative completeness review time-frame: 30 calendar days,
  - b. Substantive review time-frame: 150 calendar days,
  - c. Overall time-time: 180 calendar days.
7. If an applicant requests, and is granted, an extension or continuance, the appropriate time-frames shall be tolled from the date of the request during the duration of the extension or continuance.
8. During the substantive review time-frame, the Commission may, upon its own motion or that of any interested party to the proceeding, request a suspension of the time-frame rules.

**D. Accounts and records**

1. Each utility shall keep general and auxiliary accounting records reflecting the cost of its properties, operating income and expense, assets and liabilities, and all other accounting and statistical data necessary to give complete and authentic information as to its properties and operations.
2. Each utility shall maintain its books and records in conformity with the NARUC Uniform Systems of Accounts for Class A, B, C and D Water Utilities.
3. A utility shall produce or deliver in this state any or all of its formal accounting records and related documents requested by the Commission. It may, at its option, provide verified copies of original records and documents.
4. All utilities shall submit an annual report to the Commission on a form prescribed by it. The annual report shall be filed on or before the 15th day of April for the preceding calendar year.
5. All utilities shall file with the Commission a copy of all reports required by the Securities and Exchange Commission.
6. All utilities shall file with the Commission a copy of all annual reports required by the Federal Energy Regulatory Commission.

- E. Maps. All utilities shall file with the Commission a map or maps clearly setting forth the location and extent of the area or areas they hold under approved certificates of convenience and necessity, in accordance with the Cadastral (Rectangular) Survey of the United States Bureau of Land Management, or by

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

metes and bounds with a starting point determined by the aforesaid Cadastral Survey.

- F.** Variations, exemptions of Commission rules and regulations. Variations or exemptions from the terms and requirements of any of the rules included herein (Title 14, Chapter 2, Article 4) shall be considered upon the verified application of an affected party to the Commission setting forth the circumstances whereby the public interest requires such variation or exemption from the Commission rules and regulations. Such application will be subject to the review of the Commission, and any variation or exemption granted shall require an order of the Commission. In case of conflict between these rules and regulations and an approved tariff or order of the Commission, the provisions of the tariff or order shall apply.
- G.** Prior agreements. The adoption of these rules by the Commission shall not affect any agreements entered into between the utility and customers or other parties who, pursuant to such contracts, arranged for the extension of facilities in a provision of service prior to the effective date of these rules.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended subsection (D) effective September 28, 1982 (Supp. 82-5). Amended effective December 31, 1998, under an exemption as determined by the Arizona Corporation Commission (Supp. 98-4). Amended to correct subsection numbering (Supp. 99-4).

**ARTICLE 5. TELEPHONE UTILITIES****R14-2-501. Definitions**

In this Article, unless the context otherwise requires, the following definitions shall apply:

1. "Advance in aid of construction." Funds provided to the utility by the applicant under the terms of a construction agreement, which may be refundable.
2. "Applicant." A person or agency requesting the utility to supply telephone service.
3. "Application." A request to the utility for telephone service, as distinguished from an inquiry as to the availability or charges for such service.
4. "Arizona Corporation Commission." The regulatory authority of the state of Arizona having jurisdiction over public service corporations operating in Arizona.
5. "Basic exchange service." Service provided to business or residential customers at a flat or measured rate which affords access to the telecommunications network.
6. "Billing period." The time interval between the issuance of two consecutive bills for utility service.
7. "Central office." The switching equipment and operating arrangements which provide exchange and long distance service to the public and interconnection of customer telecommunication services.
8. "Contribution in aid of construction." Funds provided to the utility by the applicant under the terms of a construction agreement or construction tariff which are not refundable.
9. "Customer." The person or entity in whose name service is rendered, as evidenced by the signature on the application or contract for that service, or by the receipt and/or payment of bills regularly issued in his name regardless of the identity of the actual user of the service.
10. "Day." Calendar day.
11. "Line extension." The lines and equipment necessary to provide service to additional customers.

12. "Person." Any individual, partnership, corporation, governmental agency, or other organization operating as a single entity.
13. "Service access point." A demarcation point where facilities owned, leased, or under license by a customer connect to the utility provided access line.
14. "Premises." All of the real property and apparatus employed in a single enterprise on an integral parcel of land undivided by public streets, alleys or railways.
15. "Residential subdivision development." Any tract of land which has been divided into four or more contiguous lots with an average size of one acre or less for use for the construction of residential buildings or permanent mobile homes for either single or multiple occupancy.
16. "Rules." The regulations set forth in the tariffs which apply to the provision of telephone service.
17. "Service area." The territory in which the utility has been granted a Certificate of Convenience and Necessity and is authorized by the Commission to provide telephone service.
18. "Service charge." The charge as specified in the utility's tariffs which covers the cost of establishing moving, changing or reconnecting service or equipment.
19. "Access line." A communications facility that connects service from a common distribution source to the service access point.
20. "Tariffs." The documents filed with the Commission which list the utility services and products offered by the utility and which set forth the terms and conditions and a schedule of the rates and charges for those services and products.
21. "Terminal equipment." The equipment through which communication services are furnished.
22. "Temporary service." Service to premises or enterprises which are temporary in character, or where it is known in advance that the service will be of limited duration. Service which, in the opinion of the utility, is for operations of a speculative character is also considered temporary service.
23. "Toll service." Service between stations in different exchange areas for which a long distance charge is applicable.
24. "Utility." The company providing telephone service to the public in compliance with state law.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2).

**R14-2-502. Certificate of Convenience and Necessity for Telephone Utilities; Additions/Extensions; Abandonments****A.** Application for new Certificate of Convenience and Necessity

1. Six copies of each application for a new Certificate of Convenience and Necessity shall be submitted in a form prescribed by the Commission and shall include, at a minimum, the following information:
  - a. The proper name and correct address of the proposed utility company and its owner if a sole proprietorship, each partner if a partnership, or the President and Secretary if a corporation.
  - b. A copy of the Articles of Partnership or Articles of Incorporation for the applicant and/or Bylaws if the utility is a non-profit organization, or association.
  - c. The rates proposed to be charged for the service that will be rendered.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- d. A financial statement setting forth the financial condition of the applicant.
  - e. Maps of the proposed service area and/or a description of the area proposed to be served.
  - f. Appropriate city, county and/or state agency approvals, where appropriate.
  - g. The actual number of customers within the service area as of the time of filing and the estimated number of customers to be served for each of the first five years of operation.
  - h. Such other information as the Commission by order or the staff of the Utilities Division by written directive may request.
2. Once the applicant has satisfied the information requirements of this regulation, as well as any additional information required by the staff of the Commission's Utilities Division, the Commission shall, as expeditiously reasonably practicable, schedule hearings to consider such application.
- B. Additions/extensions to existing Certificates of Convenience and Necessity.** Each utility which extends utility service to a person not located within its certificated service area, but located in a non-certificated area contiguous to its certificated service area, shall, notify the Commission of such service extension.
- Historical Note**
- Adopted effective March 2, 1982 (Supp. 82-2). Amended to correct subsection numbering (Supp. 99-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).
- R14-2-503. Establishment of Service**
- A. Information from new applicants**
- 1. A utility may obtain the following minimum information from each new applicant for service:
    - a. Name or names of applicant(s).
    - b. Service address or location and telephone number
    - c. Billing address, if different than service address.
    - d. Address and telephone number where service was provided previously.
    - e. Date applicant will be ready for service.
    - f. Indication of whether premises have been supplied with telephone utility service previously.
    - g. Class of service to be provided.
    - h. Indication of whether applicant is owner or tenant of or agent for the premises.
  - 2. A utility may require a new applicant for service to appear at the utility's designated place of business to produce proof of identity and sign the utility's application form.
  - 3. Where service is requested by two or more individuals the utility shall have the right to collect the full amount owed to the utility from any one of the applicants.
- B. Deposits**
- 1. A utility shall not require a deposit from a new applicant for residential service if the applicant is able to meet any of the following requirements:
    - a. The applicant has had continuous telephone service of a comparable nature with the utility at another service location within the past two years and was not delinquent in payment more than once during the last 12 consecutive months or disconnected for non-payment.
    - b. The applicant can produce a letter regarding credit or verification from a telephone utility where service of a comparable nature was last received which states:
      - i. Applicant had a timely payment history at time of service discontinuation.
      - ii. Applicant has no outstanding liability from prior service.
    - c. In lieu of a deposit, a new applicant may provide a Letter of Guarantee from an existing customer with service who is acceptable to the utility or a surety bond as security for the utility. The utility shall review and release an existing customer as a guarantor for the new applicant after 12 consecutive months if no obligations are delinquent and has maintained a timely payment history.
  - 2. The utility shall issue a nonnegotiable receipt to the applicant for the deposit. The inability of the customer to produce such a receipt shall in no way impair his right to receive a refund of the deposit which is reflected on the utility's records.
  - 3. Deposits shall be interest bearing; the interest rate and method of calculation shall be filed with and approved by the Commission in a tariff proceeding.
  - 4. Each utility shall file a deposit refund policy with the Commission, subject to Commission review and approval during a tariff proceeding. However, each utility's refund policy shall include provisions for residential deposits and accrued interest to be refunded after 12 months of service if the customer has not been delinquent in the payment of utility bills or applied to the closing bill upon discontinuance of service.
  - 5. A utility may require a residential customer to establish a deposit if the customer becomes delinquent in the payment of two or more bills within a 12-consecutive-month period or has been disconnected for service during the last 12 months.
  - 6. The amount of a deposit required by the utility shall be determined according to the following terms:
    - a. Residential customer deposits shall not exceed two times that customer's estimated average monthly bill or the average monthly bill for the customer class for that customer which ever is greater.
    - b. Nonresidential customer deposits shall not exceed 2 1/2 times that customer's estimated maximum monthly bill.
  - 7. The utility may review the customer's usage after service has been connected and adjust the deposit amount based upon the customer's actual usage.
- C. Grounds for refusal of service.** A utility may refuse to establish service if any of the following conditions exist:
- 1. The applicant has an outstanding amount due for similar utility services and the applicant is unwilling to make acceptable arrangements with the utility for payment.
  - 2. A condition exists which in the utility's judgment is unsafe or hazardous to the applicant, the general population, or the utility's personnel or facilities.
  - 3. Refusal by the applicant to provide the utility with a deposit when the customer has failed to meet the credit criteria for waiver of deposit requirements.
  - 4. Customer is known to be in violation of the utility's tariffs filed with the Commission.
  - 5. Failure of the customer to furnish such funds, suitable facilities, and/or rights-of-way necessary to serve the cus-

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

tomers and which have been specified by the utility as a condition for providing service.

6. Applicant falsifies his or her identity for the purpose of obtaining service.

**D. Service establishments, re-establishments or reconnection charge**

1. Each utility may make a charge as approved by the Commission for the establishment, reestablishment, or reconnection of utility services.
2. Should service be established during a period other than regular working hours at the customer's request, the customer may be required to pay an after-hour charge for the service connection.
3. For the purpose of this rule, service establishments are where the customer's and utility's facilities are ready and acceptable.

**E. Temporary service**

1. Applicants for temporary service may be required to pay the utility, in advance of service establishment, the funds provided under the terms of a construction agreement or the cost of installing and removing the facilities necessary for furnishing the desired service.
2. Where the duration of service is to be less than one month, the applicant may also be required to advance a sum of money equal to the estimated bill for service.
3. If at any time the character of a temporary customer's operations changes so that in the opinion of the utility the customer is classified as permanent, the terms of the utility's construction agreement or tariff shall apply.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended to correct subsection numbering (Supp. 99-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-504. Minimum Customer Information Requirements**

**A. Information for residential customers**

1. Each utility shall make available upon customer request not later than 60 days from the date of request a concise summary of the rate schedule applied for by such customer. The summary shall include the following:
  - a. The charges for basic service and incremental ancillary services requested by the applicant.
2. In addition, a utility shall make available upon customer request not later than 60 days from date of service commencement a concise summary of the utility's tariffs or the Commission's rules and regulations concerning:
  - a. Deposits
  - b. Terminations of service
  - c. Billing and collection
  - d. Complaint handling.

**B. Information required due to changes in tariffs**

1. Each utility shall transmit to affected customers by the most economic means available a concise summary of any change in the utility's tariffs affecting those customers.
2. This information shall be transmitted to the affected customer within 60 days of the effective date of the change.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-505. Service Connections and Establishments**

**A. Priority and timing of service establishments**

1. After an applicant has complied with the utility's application, construction agreement, or tariff, deposit requirements and has been accepted for service by the utility, the utility shall schedule that customer for service connection and/or establishment.
2. Service establishments shall be scheduled for completion within 10 working days of the date the customer has been accepted for service, except in those instances when the customer requests service establishment beyond the 10 working day limitation.
3. The maximum interval of 10 working days applies to single line residence and business installations only. Multi-line services and any special equipment configurations shall be installed within a reasonable time-frame based on availability of necessary equipment.
4. When a utility has made arrangements to meet with a customer for service establishment purposes and the utility or the customer cannot make the appointment during the prearranged time, the utility shall reschedule the establishment to the satisfaction of both parties.
5. Unless another time-frame is mutually acceptable to the utility and the customer, each utility shall schedule service establishment appointments within a maximum range of four hours during normal working hours.
6. For the purposes of this rule, service establishments are where the utility's and customer's facilities are available and the utility needs only to connect the service.

**B. Access line connection**

1. Provision of services beyond service access point
  - a. Facilities beyond the service access point may be provided by either the utility or the customer. Where the facilities are provided by the customer the installation shall be in accordance with the utility's specifications.
  - b. The cost of all new construction of inside customer premise wiring shall be the responsibility of the customer.
2. Company provided facilities
  - a. The utility shall provide all facilities up to the service access point.
  - b. A customer requesting an underground service connection in an area served by overhead facilities shall pay for the difference between the cost of an overhead service connection and the actual cost of the underground connection as a nonrefundable contribution. The customer may elect to provide the underground trenching on private property as an offsetting portion of the additional cost of the underground facilities.
  - c. In those instances where the utility is supplying the customer's terminal equipment, the utility may provide any inside wiring beyond the point of access in accordance with approved tariffs filed with the Commission.
3. Easements and rights-of-way
  - a. Each customer shall grant adequate easement and right-of-way satisfactory to the utility to ensure that customer's proper service connection. Failure on the part of the customer to grant adequate easement and right-of-way shall be grounds for the utility to refuse service.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- b. When a utility discovers that a customer or his agent is performing work or has constructed facilities adjacent to or within an easement or right-of-way and such work, construction or facility poses a hazard or is in violation of federal, state or local laws, ordinances, statutes, rules or regulations, or significantly interferes with the utility's access to equipment, the utility shall notify the customer or his agent and shall take whatever actions are necessary to eliminate the hazard, obstruction or violation at the customer's expense.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-506. Construction Agreements****A. General requirements**

1. Each utility shall file for Commission approval a tariff which incorporates the provisions of this rule and specifically defines the conditions governing construction agreements. Subsections (A), (B), (C), and (D) of this Section do not apply to tariffs providing for construction charges fixed by zone.
2. Upon request by an applicant for service, the utility shall provide, without charge, a preliminary sketch and rough estimates of the cost of installation to be paid by said applicant.
3. Any applicant for service requesting the utility to prepare detailed plans, specifications, or cost estimates may be required to deposit with the utility an amount equal to the estimated cost of preparation. The utility shall, upon request, make available within 90 days after receipt of the deposit referred to above, such plans, specifications, or cost estimates of the proposed construction. Where the applicant authorizes the utility to proceed with construction of the extension, the deposit shall be credited to the cost; otherwise the deposit shall be nonrefundable. If the extension is to include oversizing of facilities to be done at the utility's expense, appropriate details shall be set forth in the plans, specifications and cost estimates.
4. Where the utility requires an applicant to advance funds for construction, the utility shall furnish the applicant with a copy of the agreement or tariff of the appropriate utility prior to the applicant's acceptance.
5. All construction agreements requiring payment by the applicant shall be signed by each party.
6. In the event the utility's actual cost of construction is less than the amount advanced by the customer under a construction agreement, the utility shall make a refund to the applicant within 120 days of service commencement.
7. The provisions of this rule apply only to those applicants who in the utility's judgment will be permanent customers of the utility. Applications for temporary service shall be governed by the Commission's rules concerning temporary service applications.

**B. Minimum written agreement requirements**

1. Each construction agreement shall, at a minimum, include the following information:
  - a. Name and address of applicant or applicants;
  - b. Proposed service address or location;
  - c. Description of requested service;
  - d. Description and sketch of the requested construction

- e. A cost estimate to include materials, labor, and other costs as necessary;
- f. Payment terms;
- g. A concise explanation of any refunding provisions, if applicable;
- h. Utility's estimated start date and completion date for construction;
- i. A summary of the results of the economic feasibility analysis performed by the utility to determine the amount of advance required from the applicant for the proposed construction.

2. Each applicant shall be provided with a copy of the construction agreement.

**C. Construction requirements. Each construction tariff shall include the following provisions:**

1. A maximum footage and/or equipment allowance to be provided by the utility at no charge. The maximum footage and/or equipment allowance may be differentiated by customer class.
2. An economic feasibility analysis for construction which exceed the maximum footage and/or equipment allowance. Such economic feasibility analysis shall consider the incremental revenues and costs associated with the construction. In those instances where the requested construction does not meet the economic feasibility criteria established by the utility, the utility may require the customer to provide funds to the utility, which will make the construction economically feasible. The methodology employed by the utility in determining economic feasibility shall be applied uniformly and consistently to each applicant requiring a construction.
3. The timing and methodology by which the utility will refund any advances in aid of construction as additional customers are served off the construction project. The customer may request an annual survey to determine if additional customers have been connected to and are using service from the project. In no case shall the amount of the refund exceed the amount originally advanced.
4. All advances in aid of construction shall be noninterest bearing.
5. If after five years from the utility's receipt of the advance, the advance has not been totally refunded, the advance shall be considered a contribution in aid of construction and shall no longer be refundable.

**D. Residential subdivision development and permanent mobile home parks. Each utility shall submit as a part of its construction tariff provisions for residential subdivision developments and permanent mobile home parks.****E. Underground extension of communication lines**

1. Extension of communication lines necessary to furnish permanent communication service to new residential buildings or mobile homes within a new or undeveloped subdivision and to residential development in which facilities for communication service have not been constructed for which applications are made by a developer shall be installed underground in accordance with the provisions set forth in this regulation and in accordance with applicable tariffs on file with this Commission except where it is not feasible from an engineering, operational or economic standpoint.
2. Rights-of-way and easements
  - a. The utility shall construct or cause to be constructed and shall own, operate and maintain all underground

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- communication feeder, distribution and service lines along public streets, roads and highways and on public lands and private property which the utility has the legal right to occupy.
- b. Rights-of-way and easements suitable to the utility must be furnished by the developer at no cost to the utility and in reasonable time to meet service requirements. No underground communication facilities shall be installed by a utility until the final grades have been established and furnished to the utility. In addition, the easement strips, alleys and streets must be graded to within six inches of final grade by the developer before the utility will commence construction. Such clearance and grading must be maintained by the developer during construction by the utility.
  - c. If, subsequent to construction, the clearance or grade is changed in such a way as to require relocation of the underground facilities, the cost of such relocation shall be borne by the developer or subsequent owners.
3. Installation of underground communication lines within subdivision and multiple occupancy residential developments:
    - a. The developer shall provide the trenching backfill (including any imported backfill required), compaction, repaving, and any earthwork required to install the underground communication system all in accordance with the reasonable specifications and schedules of other utilities in the same area when feasible. At its option, if the utility's cost therefore is equal to or less than that which the developer would otherwise have to bear, the utility may elect at the developer's expense to perform the activities necessary to fulfill the developer's responsibility hereunder.
    - b. Each utility shall promptly inspect the trenching provided by the developer and allow for phased inspection of trenching. In all cases, the utility shall make every effort to expedite the inspection of developer provided trenching.
    - c. The utility shall install or cause to be installed underground communication lines and related equipment with sufficient capacity and suitable materials that ensure adequate and reasonable communication service in the foreseeable future and in accordance with the applicable provisions of Institute of Electrical and Electronic Engineers, Inc., Pub. No. C2-2007, The National Electrical Safety Code (2007), which is incorporated by reference in R14-2-207(E)(3)(c).
    - d. When developer is required to provide a trench for other underground utilities and services, the utility shall use such common trench as long as the utility's design layout, easement specification, routing and scheduling requirements can be met, unless otherwise agreed upon by utility and developer in writing or as otherwise established by the Commission.
  4. Special conditions
    - a. When the application of any of the provisions of the regulation appears to either party not to be feasible from an engineering, operational or economic standpoint, the utility or the developer may refer the matter to the Commission for a determination as to whether an exception to the underground policy expressed within the provisions of this regulation is warranted. Interested third parties may present their views to the Commission in conjunction with such referrals.
    - b. Notwithstanding any provision of this regulation to the contrary, no utility shall construct overhead communication lines in any new subdivision or new multiple occupancy residential development to which this regulation is applicable and which is contiguous to another subdivision or multiple occupancy residential development in which service is furnished underground without the approval of the Commission after a public hearing.
  - F. Nonapplicability. Any underground communication distribution system requiring more than normal communication service is not covered by this regulation and shall be constructed pursuant to the effective rules and regulations of the affected utility as approved by the Commission.
  - G. Ownership of facilities. Any facilities installed hereunder shall be the sole property of the utility.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended by exempt rulemaking at 5 A.A.R. 2054, effective June 4, 1999 (Supp. 99-2). Amended to correct subsection numbering (Supp. 99-4). Amended by final rulemaking at 15 A.A.R. 1933, effective December 27, 2009 (Supp. 09-4).

*Editor's Note: The following Section was amended under the regular rulemaking process and approved by the Arizona Attorney General's Office (Supp. 09-4).*

*Editor's Note: The following Section was amended under an exemption from the Attorney General certification provisions of the Arizona Administrative Procedure Act (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)), as determined by the Corporation Commission. This exemption means that the rules as amended were not certified by the Attorney General.*

**R14-2-507. Provision of Service**

- A. Utility responsibility. Each utility shall be responsible for maintaining in safe operating condition all equipment and fixtures used in providing utility service to the customer that are owned by and under the exclusive control of the utility.
- B. Customer responsibility
  1. Each customer shall be responsible for safeguarding all utility property installed in or on the customer's premises for the purpose of supplying utility service to that customer.
  2. Each customer shall be responsible for maintaining in safe operating condition all customer provided equipment and fixtures.
  3. Each customer shall exercise all reasonable care to prevent loss or damage to utility property, excluding ordinary wear and tear. The customer shall be responsible for loss of or damage to utility property on the customer's premises arising from neglect, theft, carelessness, or misuse and shall reimburse the utility for the cost of necessary repairs or replacements.
  4. Each customer shall be responsible for payment for any equipment damage and/or use resulting from unauthorized use, interfering or tampering of the utility's equipment on the customer's premises.
  5. Each customer shall notify the utility of any equipment failure identified in the utility's equipment.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- C.** Continuity of service. Each utility shall make reasonable efforts to supply a satisfactory and continuous level of service. However, no utility shall be responsible for any damage or claim of damage attributable to any interruption or discontinuation of service resulting from but not limited to:
1. Any cause against which the utility could not have reasonably foreseen or made provision for, that is, force majeure.
  2. Intentional service interruptions to make repairs or perform routine maintenance of services constituting excusable negligence.
- D.** Service interruptions
1. Each utility shall make reasonable efforts to reestablish service within the shortest possible time when service interruptions occur.
  2. Each utility shall make reasonable provisions to meet emergencies resulting from failure of service, and each utility shall issue instructions to its employees covering procedures to be followed in the event of emergency in order to prevent or mitigate interruption or impairment of service.
  3. In the event of a national emergency or local disaster resulting in disruption of normal service, the utility may, in the public interest, interrupt service to other customers to provide necessary service to civil defense or other emergency service agencies on a temporary basis until normal service to these agencies can be restored.
  4. When a utility plans to interrupt service for more than four hours to perform necessary repairs or maintenance, the utility shall attempt to inform affected customers at least 24 hours in advance of the scheduled date and estimated duration of the service interruption. Such repairs shall be completed in the shortest possible time to minimize the inconvenience to the customers of the utility.
  5. The Commission shall be notified of major interruptions in service affecting the entire system or any major division.
- E.** Construction standards. Each utility shall construct all facilities in accordance with the provisions of Institute of Electrical and Electronic Engineers, Inc., Pub. No. C2-2007, The National Electrical Safety Code (2007), which is incorporated by reference in R14-2-207(E)(3)(c).
- Historical Note**  
Adopted effective March 2, 1982 (Supp. 82-2). Amended effective August 16, 1996 (Supp. 96-3). Amended by exempt rulemaking at 5 A.A.R. 2054, effective June 4, 1999 (Supp. 99-2). Amended to correct subsection numbering (Supp. 99-4). Amended by final rulemaking at 15 A.A.R. 1933, effective December 27, 2009 (Supp. 09-4).
- R14-2-508. Billing and Collection**
- A.** Frequency. Each utility shall bill monthly for services rendered.
- B.** Minimum bill information. Each utility shall provide the following minimum information on customer bills:
1. Monthly charge for basic exchange service including delineation of the following:
    - a. Total charge for customer requested services and/or equipment.
    - b. Installation costs or other service fees, where applicable.
    - c. Reconnect fee, where applicable.
  2. Toll charges broken down to include the following details by toll call:
    - a. Date of call
    - b. Time of call
    - c. Location called
    - d. Phone number called
    - e. Duration of call
    - f. Indication of any rate class applied.
  3. Miscellaneous charges and credits shall be shown separately.
  4. Any taxes included in the customer's billing.
  5. Total amount due and due date.
  6. Past due amount.
  7. Utility telephone number.
  8. Customer's name.
  9. Service account number.
- C.** Billing terms: Each utility shall file a tariff which incorporates the following billing procedures:
1. The billing date shall be printed on the bill and the date rendered shall be the mailing date.
  2. Bills for telephone services may be considered delinquent 15 days after the date the bill is rendered.
  3. Delinquent accounts for which payment has not been received may be terminated 22 days after the date the bill is rendered.
  4. All payments shall be made at or mailed to the office of the utility or to the utility's duly authorized representative.
- D.** Applicable tariffs, prepayment, failure to receive, commencement date, taxes
1. Each customer shall be billed under the applicable tariff.
  2. Each utility shall make provisions for advance payment for utility services.
  3. Failure to receive bills or notices which have been properly placed in the United States mail shall not prevent such bills from becoming delinquent nor relieve the customer of his obligations therein.
  4. Charges for service commence when the service is installed and connection made, whether used or not.
  5. In addition to the collection of regular rates, each utility may collect from the customer a proportionate share of any privilege, sales or use tax, or other imposition based on the gross revenues received by the utility.
- E.** Insufficient funds (NSF) checks
1. A utility shall be allowed to recover a fee, as approved by the Commission in a tariff proceeding, for each instance where a customer tenders payment for utility service with an insufficient funds check.
  2. When the utility is notified by the customer's bank that there are insufficient funds to cover the check tendered for utility service, the utility may require the customer to make payment in cash, by money order, certified check, or other means which guarantee the customer's payment to the utility.
  3. A customer who tenders an insufficient check shall in no way be relieved of the obligation to render payment to the utility under the original terms of the bill nor defer the utility's provision for termination of service for nonpayment of bills.
- F.** Deferred payment plan
1. Each utility may, prior to termination, offer to qualifying residential customers a deferred payment plan for the customer to retire unpaid bills for utility service.
  2. Each deferred payment agreement entered into by the utility and the customer due to the customer's inability to

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

pay an outstanding bill in full shall provide that service will not be discontinued if:

- a. Customer agrees to pay a reasonable amount of the outstanding bill at the time the parties enter into the deferred payment agreement.
  - b. Customer agrees to pay all future bills for utility service in accordance with the billing and collection tariffs of the utility.
  - c. Customer agrees to pay a reasonable portion of the remaining outstanding balance in installments over a period not to exceed six months.
3. For the purposes of determining a reasonable installment payment schedule under these rules, the utility and the customer shall give consideration to the following conditions:
    - a. Size of the delinquent account
    - b. Customer's ability to pay
    - c. Customer's payment history
    - d. Length of time that the debt has been outstanding
    - e. Circumstances which resulted in the debt being outstanding
    - f. Any other relevant factors related to the circumstances of the customer.
  4. Any customer who desires to enter into a deferred payment agreement shall establish such agreement prior to the utility's scheduled termination date for nonpayment of bills; customer failure to execute a deferred payment agreement prior to the scheduled termination date shall not prevent the utility from discontinuing service for nonpayment.
  5. Deferred payment agreements may be in writing and may be signed by the customer and an authorized utility representative.
  6. A deferred payment agreement may include a finance charge as approved by the Commission in a tariff proceeding.
  7. If a customer has not fulfilled the terms of a deferred payment agreement, the utility shall have the right to disconnect service pursuant to the utility's termination of service rules and, under such circumstances, it shall not be required to offer subsequent negotiation of a deferred payment agreement prior to disconnection.
- G. Late payment penalty**
1. Each utility may include in its tariffs a late payment penalty which may be applied to delinquent bills.
  2. The amount of the late payment penalty shall be indicated upon the customer's bill when rendered by the utility.
  3. In the absence of an approved tariff, the amount of the late payment penalty shall not exceed 1-1/2% of the delinquent bill.
- H. Change of responsibility or occupancy**
1. Not less than three working days advance notice must be given in person, in writing, or by telephone at the utility's office to discontinue service, to change occupancy or to change account responsibility.
  2. The customer in whose name service is being rendered shall be responsible for all utility services provided and/or consumed up to the scheduled date of service discontinuation.
  3. Existing business service may be continued for a new subscriber only if the former subscriber consents and an agreement acceptable to the utility is made to pay all outstanding charges against the service.

4. Change of responsibility on a residence account shall occur only in those cases where both parties previously shared telephone service.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended to correct subsection numbering (Supp. 99-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-509. Termination of Service**

- A.** Nonpermissible reasons to disconnect service. A utility may not disconnect service for any of the reasons stated below:
1. Delinquency in payment for services rendered to a prior customer at the premises where service is being provided, except in the instance where the prior customer continues to reside on the premises.
  2. Failure of the customer to pay for services or equipment which are not regulated by the Commission.
  3. Residential service may not be disconnected due to nonpayment of a bill related to another class of service.
  4. Failure to pay for a bill to correct a billing error if the customer agrees to pay over a reasonable period of time.
  5. Failure to pay the bill of another customer as guarantor thereof unless guarantor does not make acceptable payment arrangements.
  6. Disputed bills where the customer has complied with the Commission's rules on complaints.
- B.** Termination of service without notice
1. Utility service may be disconnected without advance written notice under the following conditions:
    - a. The existence of an obvious hazard to the safety or health of the consumer or the general population or the utility's personnel or facilities.
    - b. The utility has evidence of tampering or evidence of fraud.
  2. The utility shall not be required to restore service until the conditions which resulted in the termination have been corrected to the satisfaction of the utility.
  3. Each utility shall maintain a record of all terminations of service without notice. This record shall be maintained for a minimum of one year and shall be available for inspection by the Commission.
- C.** Termination of service with notice
1. A utility may disconnect service to any customer for any reason stated below provided the utility has met the notice requirements established by the Commission:
    - a. Customer violation of any of the utility's tariffs filed with the Commission and/or violation of the Commission's rules and regulations.
    - b. Failure of the customer to pay a bill for utility service.
    - c. Failure to meet or maintain the utility's credit and deposit requirements.
    - d. Failure of the customer to provide the utility reasonable access to its equipment and property.
    - e. Customer breach of contract for service between the utility and customer.
    - f. When necessary for the utility to comply with an order of any governmental agency having such jurisdiction.
    - g. Unauthorized resale of equipment or service.
  2. Each utility shall maintain a record of all terminations of service with notice. This record shall be maintained for one year and be available for Commission inspection.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

**D. Termination notice requirements**

1. No utility shall terminate service to any of its customers without providing advance written notice to the customer of the utility's intent to disconnect service, except under those conditions specified where advance written notice is not required.
2. Such advance written notice shall contain, at a minimum, the following information:
  - a. The name of the person whose service is to be terminated and the telephone number where service is being rendered.
  - b. The utility rules or regulation that was violated and explanation thereof or the amount of the bill which the customer has failed to pay in accordance with the payment policy of the utility, if applicable.
  - c. The date on or after which service may be terminated.
  - d. A statement advising the customer to contact the utility at a specific phone number for information regarding any deferred billing or other procedures which the utility may offer or to work out some other mutually agreeable solution to avoid termination of the customer's service.

**E. Timing of terminations with notice**

1. Each utility shall be required to give at least five days advance written notice prior to the termination date.
2. Such notice shall be considered to be given to the customer when a copy thereof is left with the customer or posted first class in the United States mail, addressed to the customer's last known address.
3. If after the period of time allowed by the notice has elapsed and the delinquent account has not been paid nor arrangements made with the utility for the payment thereof or in the case of a violation of the utility's rules the customer has not satisfied the utility that such violation has ceased, the utility may then terminate service on or after the day specified in the notice without giving further notice.
4. The utility may terminate service on a temporary basis by discontinuing the customer's line access at the central office.
5. The utility shall have the right (but not the obligation) to remove any or all of its property installed on the customer's premises upon the termination of service.
6. The terms and conditions of these rules shall apply in all circumstances except those superseded by the provisions of the high toll usage notification procedures.

**F. High toll usage monitoring/notification procedures**

1. Each telephone utility may establish a high toll usage monitoring/notification system to identify unexplained or excessive increases in customer toll usage during interim periods between the issuance of bills in accordance with the utility's established billing cycle. The intent of such a monitoring/notification system is to enable telephone utilities to identify situations where it is unlikely that the customer will be able to pay for toll services already provided as well as to prevent the accrual of additional billings when the risk of loss is increasingly evident.
2. Each utility which establishes a high toll monitoring/notification system shall develop and operate such system and be governed by the following provisions and procedures:
  - a. Each utility shall establish a "normal" amount of toll usage by customer class and length of service. The

normal amount of toll usage shall be based upon the actual average usage by the customer class.

- b. Increases in toll usage shall not be considered unexplained or excessive until the amount of toll usage incurred between billing periods is at least two times the normal amount of monthly toll usage for that customer or customer class.
- c. When this situation occurs, the utility shall review:
  - i. The individual customer's billing history to determine if the volume of toll usage should be considered excessive for that particular customer
  - ii. Prior payment history
  - iii. Amount of customer deposit held, if any
  - iv. Length of customer service to assess the ability of the customer to pay such toll charges according to the payment terms of the utility when a normal billing is rendered.
- d. If the review of the customer's previous billing and payment history indicates it is unlikely that the customer shall be able to pay such bill, the utility may contact the customer to make inquiries concerning the abnormal usage. If the explanation is not satisfactory, the utility may require security and/or payment of charges on the account to continue service.
- e. The utility may terminate service provided the customer is given 48 hours advance notice and the customer makes no further attempt to secure and or pay the account in order to continue service.
- f. The 48-hour notification rule shall be waived and service may be terminated immediately in those situations where intentional customer abuse of toll usage is evident.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended to correct subsection numbering (Supp. 99-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**Editor's Note:** *The following Section was amended under an exemption from the Attorney General approval provisions of the Arizona Administrative Procedure Act (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)), as determined by the Corporation Commission. This exemption means that the rules as amended were not approved by the Attorney General.*

**R14-2-510. Administrative and Hearing Requirements****A. Customer service complaints**

1. Each utility shall make a full and prompt investigation of all service complaints made by its customers, either directly or through the Commission.
2. The utility shall respond to the complainant and/or the Commission representative within five working days as to the status of the utility investigation of the complaint.
3. The utility shall notify the complainant and/or the Commission representative of the final disposition of each. Upon request of the complainant or the Commission representative, the utility shall report the findings of its investigation in writing.
4. Each utility shall keep a record of all written service complaints received which shall contain, at a minimum, the following data:
  - a. Name and address of complainant
  - b. Date and nature of the complaint

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- c. Disposition of the complaint
  - d. A copy of any correspondence between the utility, the customer, and/or the Commission.
- 5. This record shall be maintained for a minimum period of one year and shall be available for inspection by the Commission.
- B. Customer bill disputes**
  - 1. Any utility customer who disputes a portion of a bill rendered for utility service shall pay the undisputed portion of the bill and notify the utility's designated representative that such unpaid amount is in dispute prior to the delinquent date of the bill.
  - 2. Upon receipt of the customer notice of dispute, the utility shall:
    - a. Notify the customer within five working days of the receipt of a written dispute notice.
    - b. Initiate a prompt investigation as to the source of the dispute.
    - c. Withhold disconnection of service until the investigation is completed and the customer is informed of the results.
  - 3. Once the customer has received the results of the utility's investigation, the customer shall submit payment within five working days to the utility for any disputed amounts. Failure to make full payment shall be grounds for termination of service. Prior to termination inform the customer of his right of appeal to the Commission.
- C. Commission resolution of service and/or bill disputes**
  - 1. In the event a customer and utility cannot resolve a service and/or bill dispute, the customer shall file a written statement of dissatisfaction with the Commission; by submitting such notice to the Commission, the customer shall be deemed to have filed an informal complaint against the utility.
  - 2. Within 30 days of the receipt of a written statement of customer dissatisfaction related to a service or bill dispute, a designated representative of the Commission shall endeavor to resolve the dispute by correspondence and/or telephone with the utility and the customer. If resolution of the dispute is not achieved within 20 days of the Commission representative's initial effort, the Commission shall hold an informal hearing to arbitrate the resolution of the dispute. The informal hearing shall be governed by the following rules:
    - a. Each party may be represented by legal counsel, if desired.
    - b. All such informal hearings may be recorded or held in the presence of a stenographer.
    - c. All parties will have the opportunity to present written or oral evidentiary material to support the positions of the individual parties.
    - d. All parties and the Commission's representative shall be given the opportunity for cross-examination of the various parties.
    - e. The Commission's representative will render a written decision to all parties within five working days after the date of the informal hearing. Such written decision of the arbitrator is not binding on any of the parties and the parties will still have the right to make a formal complaint to the Commission.
  - 3. The utility may implement normal termination procedures if the customer fails to pay all bills rendered during the resolution of the dispute by the Commission.
- D. Notice by utility of responsible officer or agent**
  - 1. Each utility shall file with the Commission a written statement containing the name, address (business, residence and post office) and telephone numbers (business and residence) of at least one officer, agent or employee responsible for the general management of its operations as a utility in Arizona.
  - 2. Each utility shall give notice, by filing a written statement with the Commission, of any change in the information required herein within five days from the date of any such change.
- E. Time-frames for processing applications for Certificates of Convenience and Necessity**
  - 1. This rule prescribes time-frames for the processing of any application for a Certificate of Convenience and Necessity issued by the Arizona Corporation Commission pursuant to this Article. These time-frames shall apply to applications filed on or after the effective date of this rule.
  - 2. Within 30 calendar days after receipt of an application for a new Certificate of Convenience and Necessity, or to amend or change the status of any existing Certificate of Convenience and Necessity, staff shall notify the applicant, in writing, that the application is either administratively complete or deficient. If the application is deficient, the notice shall specify all deficiencies.
  - 3. Staff may terminate an application if the applicant does not remedy all deficiencies within 60 calendar days of the notice of deficiency.
  - 4. After receipt of a corrected application, staff shall notify the applicant within 30 calendar days if the corrected application is either administratively complete or deficient. The time-frame for administrative completeness review shall be suspended from the time the notice of deficiency is issued until staff determines that the application is complete.
  - 5. Within 150 days after an application is deemed administratively complete, the Commission shall approve or reject the application.
  - 6. For purposes of A.R.S. § 41-1072 et seq., the Commission has established the following time-frames:
    - a. Administrative completeness review time-frame: 30 calendar days,
    - b. Substantive review time-frame: 150 calendar days,
    - c. Overall time-frame: 180 calendar days.
  - 7. If an applicant requests, and is granted, an extension or continuance, the appropriate time-frames shall be tolled from the date of the request during the duration of the extension or continuance.
  - 8. During the substantive review time-frame, the Commission may, upon its own motion or that of any interested party to the proceeding, request a suspension of the time-frame rules.
- F. Filing of rules and regulations**
  - 1. Each utility shall file with the Commission tariffs which are in compliance with the rules and regulations promulgated by the Arizona Corporation Commission within 120 days of the adoption of such rules by the Commission.
  - 2. Any proposed changes to the tariffs on file with the Commission shall be accompanied by a statement of justification supporting the proposed change in tariff.
  - 3. Any proposed change to the tariffs on file with the Commission shall not be effective until reviewed and approved by the Commission, except as provided for by law.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

**G. Accounts and records**

1. Each utility shall keep general and auxiliary accounting records reflecting the cost of its properties, operating income and expense, assets and liabilities, and all other accounting and statistical data necessary to give complete and authentic information as to its properties and operations.
2. Each utility shall maintain its books and records in conformity with the Uniform Systems of Accounts for Class A, B, C and D Telephone Utilities as adopted and amended by the Federal Communications Commission or, for telephone cooperatives, as promulgated by the Rural Electrification Administration.
3. A utility shall produce or deliver in this state any or all of its formal accounting records and related documents requested by the Commission. It may, at its option, provide verified copies of original records and documents.
4. All utilities shall submit an annual report to the Commission on a form prescribed by it. The annual report shall be filed on or before the 15th day of April for the preceding calendar year. Reports prepared by a certified or licensed public accountant on the utility, if any, shall accompany the annual report.
5. All utilities shall file with the Commission a copy of all reports required by the Securities and Exchange Commission.
6. All utilities shall file with the Commission a copy of all annual reports required by the Federal Communications Commission and in addition, for telephone cooperatives, annual reports required by the Rural Electrification Administration.

**H. Maps.** All utilities shall file with the Commission a map or maps clearly setting forth the location and extent of the area or areas they hold under approved certificates of convenience and necessity, in accordance with the Cadastral (Rectangular) Survey of the United States Bureau of Land Management, or by metes and bounds with a starting point determined by the aforesaid Cadastral Survey.**I. Variations, exemptions of Commission rules and regulations.** Variations or exemptions from the terms and requirements of any of the rules included herein (Title 14, Chapter 2, Article 5) shall be considered upon the verified application of an affected party to the Commission setting forth the circumstances whereby the public interest requires such variation or exemption from the Commission rules and regulations. Such application will be subject to the review of the Commission, and any variation or exemption granted shall require an order of the Commission. In case of conflict between these rules and regulations and an approved tariff or order of the Commission, the provisions of the tariff or order shall apply.**J. Prior agreements.** The adoption of these rules by the Commission shall not affect any agreements entered into between the utility and customers or other parties who, pursuant to such contracts, arranged for the extension of facilities in a provision of service prior to the effective date of these rules.**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended effective December 31, 1998, under an exemption as determined by the Arizona Corporation Commission (Supp. 98-4). Amended to correct subsection numbering (Supp. 99-4).

**ARTICLE 6. SEWER UTILITIES****R14-2-601. Definitions**

In this Article, unless the context otherwise requires, the following definitions shall apply:

1. "Advance in aid of construction." Funds provided to the utility by the applicant under the terms of a collection main extension agreement the value of which may be refundable.
2. "Applicant." A person requesting the utility to supply sewer service.
3. "Application." A request to the utility for sewer service, as distinguished from an inquiry as to the availability or charges for such service.
4. "Arizona Corporation Commission." The regulatory authority of the state of Arizona having jurisdiction over public service corporations operating in Arizona.
5. "Billing month." The period between any two regular billings -- approximately 30 day interval.
6. "Billing period." The time interval between two consecutive billings.
7. "Collection main." A sewer main of the utility from which service collection lines are extended to customers.
8. "Commodity charge." The unit of cost per billed discharge as set forth in the utility's tariffs.
9. "Contributions in aid of construction." Funds provided to the utility by the applicant under the terms of a collection main extension agreement and/or service connection tariff the value of which are not refundable.
10. "Customer." The person or entity in whose name service is rendered, as evidenced by the signature on the application or contract for that service, or by the receipt and/or payment of bills regularly issued in his name regardless of the identity of the actual user of the service.
11. "Customer charge." The amount the customer must pay the utility for the availability of sewer service, excluding any amount of discharged, as specified in the utility's tariffs.
12. "Day." Calendar day.
13. "Minimum charge." The amount the customer must pay for the availability of sewer service, including an amount of discharge, as specified in the utility's tariffs.
14. "Permanent customer." A customer who is a tenant or owner of a service location who applies for and receives sewer service.
15. "Permanent service." Service which, in the opinion of the utility, is of a permanent and established character. The use of sewer service may be continuous, intermittent, or seasonal in nature.
16. "Person." Any individual, partnership, corporation, governmental agency, or other organization operating as a single entity.
17. "Point of collection." The point where pipes owned, leased, or under license by a customer connect to the utility's collection system.
18. "Premises." All of the real property and apparatus employed in a single enterprise on an integral parcel of land undivided by public streets, alleys or railways.
19. "Residential subdivision development." Any tract of land which has been divided into four or more contiguous lots for use for the construction of residential buildings or permanent mobile homes for either single or multiple occupancy.
20. "Residential use." Service to customers discharging sewage for domestic purposes.
21. "Rules." The regulations set forth in the tariffs which apply to the provision of sewage service.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

22. "Service area." The territory in which the utility has been granted a Certificate of Convenience and Necessity and is authorized by the Commission to provide sewer service.
  23. "Service establishment charge." The charge as specified in the utility's Schedule of Rates which covers the cost of establishing a new account.
  24. "Service line." A sewer line that transports sewage from a customer's point of collection to a common source (normally a collection main) of collection of the utility's.
  25. "Service reconnect charge." The charge as specified in the utility's tariffs which must be paid by the customer prior to reconnection of sewer service each time the sewer service is disconnected for nonpayment or whenever service is discontinued for failure otherwise to comply with the utility's fixed rules.
  26. "Service reestablishment charge." A charge as specified in the utility's tariffs for service at the same location where the same customer had ordered a service disconnection within the preceding 12-month period.
  27. "Sewage." Ground garbage, human or animal excretions, and other domestic, commercial or industrial waste normally disposed of through a sanitary sewer system.
  28. "Single family dwelling." A house, an apartment, a mobile home permanently affixed to a lot, or any other permanent residential unit which is used as a permanent home.
  29. "Tariffs." The documents filed with the Commission which list the services and products offered by the sewer company and which set forth the terms and conditions and a schedule of the rates and charges for those services and products.
  30. "Temporary service." Service to premises or enterprises which are temporary in character, or where it is known in advance that the service will be of limited duration. Service which, in the opinion of the utility, is for operations of a speculative character is also considered temporary service.
  31. "Utility." The public service corporation providing sewer service to the public in compliance with state law.
1. Any person who desires to construct sewer utility facilities or to operate as a sewer utility shall, prior to commencing construction of utility facilities or operations, file with the Commission an application for a CC&N and obtain Commission approval.
  2. Any utility that desires to extend its CC&N service area shall file with the Commission an application for a CC&N extension.
  3. Before filing an application for a CC&N or a CC&N extension, a person shall provide written notice of the person's intention to file the application to each person who owns land within the proposed service area or extension area and who has not requested service. Each written notice to a landowner shall include, at a minimum:
    - a. The legal name, physical address, mailing address (if different), and telephone number of the intended applicant;
    - b. The approximate date by which the application will be filed;
    - c. The type of services to be provided if the application is approved;
    - d. The physical addresses and toll-free telephone numbers, in Phoenix and Tucson, for the Consumer Services Section of the Commission; and
    - e. The following information:
      - i. That the recipient is a property owner within the proposed service area or extension area;
      - ii. That if the application is granted, the intended applicant will be the exclusive provider of the specific services to the proposed service area or extension area and will be required by the Commission to provide those services under rates and charges and terms and conditions established by the Commission;
      - iii. That a CC&N does not prohibit persons from providing services only to themselves using their own facilities on their own property although other applicable laws may restrict such activity;
      - iv. That the application is available for inspection during regular business hours at the offices of the Commission and at the offices of the intended applicant;
      - v. That the Commission will hold a hearing on the application;
      - vi. That the landowner may have the right to intervene in the proceeding and may appear at the hearing and make a statement on the his or her own behalf even if the landowner does not intervene;
      - vii. That the landowner may contact the Commission for the date and time of the hearing and for information on intervention;
      - viii. That the landowner may not receive any further notice of the application proceeding unless requested; and
      - ix. That the landowner may contact the intended applicant or the Consumer Services Section of the Commission if the landowner has any questions or concerns about the application, has any objections to approval of the application, or wishes to make a statement in support of the application.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2).

**R14-2-602. Certificates of Convenience and Necessity for Sewer Utilities; Extensions of Certificates of Convenience and Necessity for Sewer Utilities; Abandonment, Sale, Lease, Transfer, or Disposal of a Sewer Utility; Discontinuance or Abandonment of Sewer Utility Service**

**A.** In this Section, unless otherwise specified:

1. "Applicant" means a person who submits an application to obtain a Certificate of Convenience and Necessity to construct sewer utility facilities or operate as a sewer utility or to extend the service area under an existing Certificate of Convenience and Necessity held by the person.
2. "CC&N" means Certificate of Convenience and Necessity.
3. "Commission" means the Arizona Corporation Commission.
4. "Contiguous" means in actual contact, touching, such as by sharing a common border.
5. "Extension area" means the geographic area that an applicant is requesting to have added to the applicant's existing CC&N service area.

**B.** Application for a new CC&N or extension of a CC&N

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

4. Within 10 days after filing an application for a CC&N or a CC&N extension, an applicant shall provide written notice of the application to the municipal manager or administrator of each municipality with corporate limits that overlap with or are within five miles of the proposed service area or extension area. Each written notice shall include, at a minimum:
  - a. The applicant's legal name, mailing address, and telephone number;
  - b. The date the application was filed;
  - c. The type of services to be provided if the application is approved;
  - d. A description of the requested service area or extension area, expressed in terms of cadastral (quarter section) or metes and bound survey;
  - e. The Commission docket number assigned to the application; and
  - f. Instructions on how to obtain a copy of the application.
5. Each application for a new CC&N or CC&N extension shall be submitted in a form and number prescribed by the Commission and shall include, at a minimum, the following information:
  - a. The applicant's legal name, mailing address, and telephone number;
  - b. If the applicant will or does operate the utility under a different business name, the name under which the applicant will be doing business;
  - c. The full name, mailing address, and telephone number of a management contact for the applicant;
  - d. The full name, mailing address, and telephone number of the attorney for the applicant, if any;
  - e. The full name, mailing address, and telephone number of the operator certified by the Arizona Department of Environmental Quality who is or will be working for the applicant;
  - f. The full name, mailing address, and telephone number of the onsite manager for the applicant;
  - g. Whether the applicant is a corporation, a partnership, a limited liability company, a sole proprietor, or another specified type of legal entity;
  - h. If the applicant is a corporation, the following:
    - i. Whether the applicant is a "C" corporation, an "S" corporation, or a non-profit corporation and whether the corporation is domestic or foreign;
    - ii. A list of the full names, titles, and mailing addresses of each of the applicant's officers and directors;
    - iii. A copy of the applicant's certificate of good standing issued by the Commission's Corporations Division;
    - iv. Unless the applicant is applying for a CC&N extension, a certified copy of the applicant's articles of incorporation and by-laws; and
    - v. If the applicant is a for-profit corporation, the number of shares of stock authorized for issue and, if any stock has been issued, the number of shares issued and date of issuance;
  - i. If the applicant is a partnership, the following:
    - i. Whether the applicant is a limited partnership or a general partnership and whether the partnership is domestic or foreign;
    - ii. The full names and mailing addresses of the applicant's general partners;
    - iii. The full names, mailing addresses, and telephone numbers of the applicant's managing partners;
    - iv. Unless the applicant is applying for a CC&N extension, a copy of the applicant's articles of partnership; and
    - v. If the applicant is a foreign limited partnership, a copy of the applicant's certificate of registration filed with the Arizona Secretary of State;
  - j. If the applicant is a limited liability company, the following:
    - i. The full names and mailing addresses of the applicant's managers or, if management is reserved to the members, the applicant's members;
    - ii. Unless the applicant is applying for a CC&N extension, a copy of the applicant's articles of organization;
  - k. The legal name and mailing address of each other utility in which the applicant has an ownership interest;
  - l. A description of the requested service area or extension area, expressed in terms of cadastral (quarter section) or metes and bound survey;
  - m. The name of each county in which the requested service area or extension area is located and a description of the area's location in relation to the closest municipality, which shall be named;
  - n. A complete description of the facilities proposed to be constructed, including a preliminary engineering report with specifications in sufficient detail to describe each sewer system and the principal components of each sewer system (e.g., collection mains, trunk lines, lift stations, treatment plants, effluent disposal areas, etc.) to allow verification of the estimated costs provided under subsection (B)(5)(p) and verification that the requirements of the Commission and the Arizona Department of Environmental Quality can be met;
  - o. A copy of the Aquifer Protection Permit issued by the Arizona Department of Environmental Quality for the proposed service area or extension area or, if not yet obtained, the status of the application for the Aquifer Protection Permit;
  - p. The estimated total construction cost of the proposed offsite and onsite facilities, including documentation to support the estimates, and an explanation of how the construction will be financed, such as through debt, equity, advances in aid of construction, contributions in aid of construction, or a combination thereof;
  - q. Documentation establishing the applicant's financial condition, including at least the applicant's current assets and liabilities, an income statement, the applicant's estimated revenue and expenses for the first five years following approval of the application, and the estimated value of the applicant's utility plant in service for the first five years following approval of the application;
  - r. The rates proposed to be charged for services rendered, shown in the form of a proposed tariff that complies with Commission standards;

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- s. The estimated annual operating revenues and expenses for the first five years of operation for the requested service area or extension area, expressed separately for residential, commercial, industrial, and irrigation services, and including a description of each assumption made to derive the estimates;
  - t. A detailed description of the proposed construction timeline for facilities, with estimated starting and completion dates and, if construction is to be phased, a description of each separate phase of construction;
  - u. A copy of any requests for service from persons who own land within the proposed service area or extension area, which shall identify the applicant by name;
  - v. Maps of the proposed service area or extension area identifying:
    - i. The boundaries of the area, with the total acreage noted;
    - ii. The land ownership boundaries within the area, with the acreage of each separately owned parcel within the area noted;
    - iii. The owner of each parcel within the area;
    - iv. Any municipality corporate limits that overlap with or are within five miles of the area;
    - v. The service area of any public service corporation, municipality, or district currently providing water or wastewater service within one mile of the area, with identification of the entity providing service and each type of service being provided;
    - vi. The location within the area of any known sewer service connections that are already being provided service by the applicant;
    - vii. The location of all proposed developments within the area;
    - viii. The proposed location of each sewer system and the principal components described in subsection (B)(5)(n); and
    - ix. The location of all parcels for which a copy of a request for service has been submitted per subsection (B)(5)(u);
  - w. A copy of each notice to be sent, as required under subsection (B)(4), to a municipal manager or administrator;
  - x. A copy of each notice sent, as required under subsection (B)(3), to a landowner not requesting service;
  - y. For each landowner not requesting service, either the written response received from the landowner or, if no written response was received, a description of the actions taken by the applicant to obtain a written response;
  - z. A copy of each city, county, or state agency approval required by law to construct the proposed facilities or operate the utility within the proposed service area or extension area or, for any approval not yet obtained, the status of the applicant's application for the approval;
  - aa. The estimated number of customers to be served for each of the first five years of operation, expressed separately for residential, commercial, industrial, and irrigation customers and including documentation to support the estimates;
  - bb. A description of how water service is to be provided in the proposed service area or extension area and the name of each water service provider for the area, if any;
  - cc. A description of how effluent from the area will be reused or, if not reused, disposed of;
  - dd. If the applicant is requesting a CC&N extension:
    - i. A current compliance status report from the Arizona Department of Environmental Quality, dated no more than 30 days before the date the CC&N extension application is filed, for each wastewater system operated by the applicant, as identified by a separate Arizona Department of Environmental Quality Identification Number; and
    - ii. A wastewater flow data sheet for the wastewater system being extended by the applicant; and
  - ee. The notarized signature of the applicant.
6. Upon receiving an application under subsection (B)(5), Utilities Division staff shall review and process the application in accordance with the requirements of R14-2-610.
  7. Once Utilities Division staff determines that an application submitted under subsection (B)(5) is administratively complete, the Commission shall, as expeditiously as practicable, schedule a hearing to consider the application.
- C. Additions or extensions of service contiguous to existing CC&N service areas**
1. Except in the case of an emergency, a utility that proposes to extend service to a parcel located in a non-certificated area contiguous to its CC&N service area shall notify the Commission before the service extension occurs.
  2. Each notification required under subsection (C)(1) shall be in writing, shall be verified, and shall set forth, at a minimum:
    - a. The legal name, mailing address, and telephone number of the utility;
    - b. The number of persons to be served in the contiguous parcel;
    - c. The legal description of the contiguous parcel and the location of the structures to be served therein, in relation to the utility's CC&N service area; and
    - d. A statement that service will be extended only to a non-certificated parcel contiguous to the utility's CC&N service area.
  3. When emergency service is required to be provided to a person in a non-certificated area contiguous to a utility's CC&N service area, the utility shall notify the Commission of the service extension as soon as possible after the service extension occurs by providing written notice that includes the information required under subsection (C)(2) and describes the nature and extent of the emergency.
- D. Application for authority to abandon, sell, lease, transfer, or otherwise dispose of a utility**
1. A utility shall not abandon, sell, lease, transfer, or otherwise dispose of its facilities or operation without first obtaining authority therefor from the Commission.
  2. A utility desiring to abandon, sell, lease, transfer, or otherwise dispose of its facilities or operation shall file with the Commission an application that includes, at a minimum:
    - a. The legal name, physical address, mailing address (if different), and telephone number of the utility;

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- b. A description of the utility property proposed to be abandoned, sold, leased, transferred or otherwise disposed of;
- c. Documentation establishing the utility's financial condition, including at least the utility's current assets and liabilities, an income statement, the utility's revenue and expenses for the most recently completed 12-month accounting period, and the value of the utility's utility plant in service;
- d. The legal name, physical address, mailing address (if different), and telephone number of any proposed purchaser, lessee, transferee, or assignee;
- e. The terms and conditions of the proposed abandonment, sale, lease, transfer, or assignment and copies of any agreement that has been or will be executed concerning the transaction;
- f. A description of the effect that the proposed transaction will have upon the utility's services;
- g. The method by which the proposed transaction is to be financed;
- h. A description of the effect that the proposed transaction will have upon any other utility;
- i. The number of customers to be affected by the proposed transaction; and
- j. A description of the effect that the proposed transaction will have upon customers.

**E. Application for discontinuance or abandonment of utility service**

- 1. A utility shall not discontinue or abandon any service currently in use by the public without first obtaining authority therefor from the Commission.
- 2. A utility desiring to discontinue or abandon a service shall file with the Commission an application identifying the utility; including data regarding past, present and estimated future customer use of the service; describing any plant or facility that would no longer be in use if the application were approved; and explaining why the utility desires to discontinue or abandon the service.
- 3. A utility is not required to apply for Commission approval to remove individual facilities where a customer has requested service discontinuance.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended to correct subsection numbering (Supp. 99-4). Amended by final rulemaking at 15 A.A.R. 2066, effective January 22, 2010 (Supp. 09-4).

**R14-2-603. Establishment of Service****A. Information from new applicants**

- 1. A utility may obtain the following minimum information from each new applicant for service:
  - a. Name or names of applicant(s).
  - b. Service address or location and telephone number.
  - c. Billing address or location and telephone number, if different than service address.
  - d. Address where service was provided previously.
  - e. Date applicant will be ready for service.
  - f. Indication of whether premises have been supplied with utility service previously.
  - g. Purpose for which service is to be used.
  - h. Indication of whether applicant is owner or tenant of or agent for the premises.
- 2. Each utility may require a new applicant for service to appear at the utility's designated place of business to pro-

duce proof of identity and sign the utility's application form.

- 3. Where service is requested by two or more individuals the utility shall have the right to collect the full amount owed to the utility from any one of the applicants.

**B. Deposits**

- 1. A utility may require a deposit from any new applicant for service.
- 2. The utility shall issue a nonnegotiable receipt to the applicant for the deposit. The inability of the customer to produce such a receipt shall in no way impair his right to receive a refund of the deposit which is reflected on the utility's records.
- 3. Interest on deposits shall be calculated annually at an interest rate filed by the utility and approved by the Commission in a tariff proceeding. In the absence of such, the interest rate shall be 6%.
- 4. Interest shall be credited to the customer's bill annually.
- 5. Residential deposits shall be refunded within 30 days after:
  - a. 12 consecutive months of service without being delinquent in the payment of utility bills provided the utility may reestablish the deposit if the customer becomes delinquent in the payment of bills three or more times within a 12 consecutive month period.
  - b. Upon discontinuance of service when the customer has paid all outstanding amounts due the utility.
- 6. A separate deposit may be required for each service installed.
- 7. The amount of a deposit required by the utility shall be determined according to the following terms:
  - a. Residential customer deposits shall not exceed two times the average residential class bill as evidenced by the utility's most recent annual report filed with the Commission.
  - b. Nonresidential customer deposits shall not exceed 2 1/2 times that customer's estimated maximum monthly bill.
- 8. The utility may review the customer's discharge after service has been established and adjust the deposit amount based upon the customer's actual discharge.
- 9. Upon discontinuance of service, the deposit may be applied by the utility toward settlement of the customer's bill.

**C. Grounds for refusal of service. A utility may refuse to establish service if any of the following conditions exist:**

- 1. The applicant has an outstanding amount due for the same class of utilities services with the utility, and the applicant is unwilling to make arrangements with the utility for payment.
- 2. A condition exists which in the utility's judgment is unsafe or hazardous to the applicant, the general population, or the utility's personnel or facilities.
- 3. Refusal by the applicant to provide the utility with a deposit.
- 4. Customer is known to be in violation of the utility's tariffs filed with the Commission or of the Commission's rules and regulations.
- 5. Failure of the customer to furnish such funds, service, equipment, and/or rights-of-way necessary to serve the customer and which have been specified by the utility as a condition for providing service.

**D. Service establishments, re-establishments or reconnect charge**

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

1. A utility may make a charge as approved by the Commission for the establishment, reestablishment, or reconnection of utility service.
2. For the purpose of this rule, service establishments are where the customer's facilities are ready and acceptable to the utility and do not require construction on the part of the utility.

**E. Temporary service**

1. Applicants for temporary service may be required to pay the utility, in advance of service establishment, the estimated cost of installing and removing the facilities necessary for furnishing sewer service.
2. Where the duration of service is to be less than one month, the applicant may also be required to advance a sum of money equal to the estimated bill for service.
3. Where the duration of service is to exceed one month, the applicant may also be required to meet the deposit requirements of the utility.
4. If at any time during the term of the agreement for service the character of a temporary customer's operations changes so that in the opinion of the utility the customer is classified as permanent, the terms of the utility's main extension rules shall apply.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended to correct subsection numbering (Supp. 99-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-604. Minimum Customer Information Requirements****A. Information for residential customers**

1. Each utility shall make available upon customer request not later than 60 days from the date of request a concise summary of the rate schedule applied for by such customer. The summary shall include the following:
  - a. Monthly minimum or customer charge, identifying the amount of the charge and the specific amount of minimum discharge included in the minimum charge, where applicable.
  - b. Rate calculation, including where applicable, computations based upon seasonal or annual water usages.
2. The utility shall to the extent practical identify the tariff most advantageous to the customer and notify the customer of such prior to service commencement.
3. In addition, a utility shall make available upon customer request not later than 60 days from the date of request a copy of the Commission's rules and regulations governing:
  - a. Deposits
  - b. Terminations of service
  - c. Billing and collection
  - d. Complaint handling.
4. Each utility shall inform all new customers of their rights to obtain the information specified above.

**B. Information required due to changes in tariffs**

1. Each utility shall transmit to affected customers by the most economic means available a concise summary of any change in the utility's tariffs affecting those customers.
2. This information shall be transmitted to the affected customer within 60 days of the effective date of the change.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-605. Service Connections****A. Priority and timing**

1. After an applicant has complied with the utility's application and deposit requirements and has been accepted for service by the utility, the utility shall schedule that customer for service connection.
2. Service connections shall be scheduled for completion within five working days of the date the customer has been accepted for service, except in those instances when the customer requests service connection beyond the five working day limitation.
3. When the utility has made arrangements to meet with a customer for service establishment purposes and the utility or the customer cannot make the appointment during the prearranged time, the utility shall reschedule the connection to the satisfaction of both parties.
4. For the purposes of this rule, establishment of service takes place only when the customer's facilities are ready and acceptable to the utility.

**B. Customer provided facilities**

1. An applicant for service shall be responsible for the installation of all plumbing up to the applicant's property line. In addition, the applicant is responsible for the proper grade or leveling of the sewer connection so that it conforms with the collection system of the utility.
2. Funds collected for service connections may be nonrefundable contributions to the utility.

**C. Customer provided equipment safety and operation. Each customer shall be responsible for maintaining all equipment and facilities using or used for utility services located on his side of the point of collection in safe operating condition.****D. Easements and rights-of-way**

1. Each customer shall grant adequate easement and right-of-way satisfactory to the utility to ensure that customer's proper service connection. Failure on the part of the customer to grant adequate easement and right-of-way shall be grounds for the utility to refuse service.
2. When a utility discovers that a customer or his agent is performing work or has constructed facilities adjacent to or within an easement or right-of-way and such work, construction or facility poses a hazard or is in violation of federal, state or local laws, ordinances, statutes, rules or regulations, or significantly interferes with the utility's access to equipment, the utility shall notify the customer or his agent and shall take whatever actions are necessary to eliminate the hazard, obstruction or violation at the customer's expense.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended to correct subsection numbering (Supp. 99-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-606. Collection Main Extension Agreements****A. General requirements**

1. Each utility entering into a main extension agreement shall comply with the provisions of this rule, which specifically defines the conditions governing collection main extensions.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

2. Upon request by a potential applicant for a collection main extension, the utility shall prepare, without charge, a preliminary sketch and rough estimate of the cost of installation to be paid by said applicant.
  3. Any applicant for a collection main extension requesting the utility to prepare detailed plans, specifications, or cost estimates may be required to deposit with the utility an amount equal to the estimated cost of preparation. The utility shall, upon request, make available within 90 days after receipt of the deposit referred to above, such plans, specifications, or cost estimates of the proposed collection main extension. Where the applicant accepts the plans and the utility proceeds with construction of the extension, the deposit shall be credited to the cost of construction; otherwise the deposit shall be nonrefundable. If the extension is to include oversizing of facilities to be done at the utility's expense, appropriate details shall be set forth in the plans, specifications and cost estimates.
  4. Where the utility requires an applicant to advance funds for a collection main extension, the utility shall furnish the applicant with a copy of the extension tariff of the appropriate utility prior to the applicant's acceptance of the utility's extension agreement.
  5. All collection main extension agreements requiring payment by the applicant shall be in writing and signed by each party before the utility commences construction.
  6. In the event the utility's actual cost of construction is different from the amount advanced by the customer, the utility shall make a refund to or collect additional funds from, the applicant within 120 days after the completion of the construction.
  7. The provisions of this rule apply only to those applicants who in the utility's judgment will be permanent customers of the utility. Applications for temporary service shall be governed by the Commission's rules concerning temporary service applications.
- B. Minimum written agreement requirements**
1. Each collection main extension agreement shall, at a minimum, include the following information:
    - a. Name and address of applicant(s)
    - b. Proposed service address or location
    - c. Description of requested service
    - d. Description and sketch of the requested main extension
    - e. A cost estimate to include materials, labor, and other costs as necessary
    - f. Payment terms
    - g. A clear and concise explanation of any refunding provisions, if appropriate
    - h. The utility's estimated start date and completion date for construction of the collection main extension
  2. Each applicant shall be provided with a copy of the written collection main extension agreement.
- C. Main extension requirements. Each main extension tariff shall include the following provisions:**
1. A maximum footage and/or equipment allowance to be provided by the utility at no charge. The maximum footage and/or equipment allowance may be differentiated by customer class.
  2. An economic feasibility analysis for those main extensions which exceed the maximum footage and/or equipment allowance. Such economic feasibility analysis shall consider the incremental revenues and cost associated with the main extension. In those instances where the requested main extension does not meet the economic feasibility criteria established by the utility, the utility may require the customer to provide funds to the utility, which will make the main extension economically feasible. The methodology employed by the utility in determining economic feasibility shall be applied uniformly and consistently to each applicant requiring a main extension.
  3. The timing and methodology by which the utility will refund any advances in aid of construction as additional customers are served off the main extension. The customer may request an annual survey to determine if additional customers have been connected to and are using service from the main extension. In no case shall the amount of the refund exceed the amount originally advanced.
  4. All advances in aid of construction shall be noninterest bearing.
  5. If after five years from the utility's receipt of the advance, the advance has not been totally refunded, the advance shall be considered a contribution in aid of construction and shall no longer be refundable.
- D. Residential subdivision development and permanent mobile home parks.** Each utility shall submit as a part of its main extension tariff separate provisions for residential subdivision developments and permanent mobile home parks.
- E. Ownership of facilities.** Any facilities installed hereunder shall be the sole property of the utility.
- Historical Note**
- Adopted effective March 2, 1982 (Supp. 82-2). Amended to correct subsection numbering (Supp. 99-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).
- R14-2-607. Provision of Service**
- A. Utility responsibility**
1. Each utility shall be responsible for the safe conduct and handling of the sewage from the customer's point of collection.
  2. The utility may, at its option, refuse service until the customer has obtained all required permits and/or inspections indicating that the customer's facilities comply with local construction and safety standards.
- B. Customer responsibility**
1. Each customer shall be responsible for maintaining all facilities on the customer's premises in safe operating condition and in accordance with the rules of the state Department of Health.
  2. Each customer shall be responsible for safeguarding all utility property installed in or on the customer's premises for the purpose of supplying utility service to that customer.
- C. Continuity of service.** Each utility shall make reasonable efforts to supply a satisfactory and continuous level of service. However, no utility shall be responsible for any damage or claim of damage attributable to any interruption or discontinuation of service resulting from:
1. Any cause against which the utility could not have reasonably foreseen or made provision for, i.e., force majeure
  2. Intentional service interruptions to make repairs or perform routine maintenance
  3. Any temporary overloading of the utility's collection or treatment facilities.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

**D. Service interruption**

1. Each utility shall make reasonable efforts to reestablish service within the shortest possible time when service interruptions occur.
2. Each utility shall make reasonable provisions to meet emergencies resulting from failure of service, and each utility shall issue instructions to its employees covering procedures to be followed in the event of emergency in order to prevent or mitigate interruption or impairment of service.
3. In the event of a national emergency or local disaster resulting in disruption of normal service, the utility may, in the public interest, interrupt service to other customers to provide necessary service to civil defense or other emergency service agencies on a temporary basis until normal service to these agencies can be restored.
4. When a utility plans to interrupt service for more than four hours to perform necessary repairs or maintenance, the utility shall attempt to inform affected customers at least 24 hours in advance of the scheduled date and estimated duration of the service interruption. Such repairs shall be completed in the shortest possible time to minimize the inconvenience to the customers of the utility.
5. The Commission shall be notified of interruptions in service affecting the entire system or any major division thereof. The interruption of service and cause shall be reported within four hours after the responsible representative of the utility becomes aware of said interruption by telephone to the Commission and followed by a written report to the Commission.

- E. Construction standards.** The design, construction and operation of all sewer plants shall conform to the requirements of the Arizona Department of Health Services or its successors and any other governmental agency having jurisdiction thereof. Phase construction is acceptable.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended to correct subsection numbering (Supp. 99-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-608. Billing and Collection**

- A. Frequency.** Each utility shall bill monthly for services rendered.
- B. Minimum bill information.** Each bill for residential service will contain the following minimum information:
1. Billed discharge, where applicable
  2. Utility telephone number
  3. Amount due and due date
  4. Customer's name
  5. Service account number, if available
  6. Past due amount, where appropriate
  7. Adjustment factor, where applicable
  8. Other approved tariff charges.
- C. Billing terms**
1. All bills for utility services are due and payable no later than 10 days from the date the bill is rendered. Any payment not received within this time-frame shall be considered past due.
  2. For purposes of this rule, the date a bill is rendered may be evidenced by:
    - a. The postmark date
    - b. The mailing date.

3. All past due bills for utility services are due and payable within 10 days. Any payment not received within this time-frame shall be considered delinquent.
4. All delinquent bills for which payment has not been received within five days shall be subject to the provisions of the utility's termination procedures.
5. All payments shall be made at or mailed to the office of the utility or to the utility's duly authorized representative.

**D. Applicable tariffs, prepayment, failure to receive, commencement date, taxes**

1. Each customer shall be billed under the applicable tariff indicated in the customer's application for service.
2. Each utility shall make provisions for advance payment for sewer services.
3. Failure to receive bills or notices which have been properly placed in the United States mail shall not prevent such bills from becoming delinquent nor relieve the customer of his obligations therein.
4. Charges for service commence when the service is installed and connection made, whether used or not.
5. In addition to the collection of regular rates, each utility may collect from its customers a proportionate share of any privilege, sales or use tax, or other imposition based on the gross revenues received by the utility.

**E. Insufficient funds (NSF) checks**

1. A utility shall be allowed to recover a fee, as approved by the Commission for each instance where a customer tenders payment for utility service with an insufficient funds check.
2. When the utility is notified by the customer's bank that there are insufficient funds to cover the check tendered for utility service, the utility may require the customer to make payment in cash, by money order, certified check, or other means which guarantee the customer's payment to the utility.
3. A customer who tenders an insufficient check shall in no way be relieved of the obligation to render payment to the utility under the original terms of the bill nor defer the utility's provision for termination of service for nonpayment of bills.

**F. Late payment penalty**

1. Each utility may include in its tariffs a late payment penalty tariff which may be applied to delinquent bills.
2. The amount of the late payment penalty shall be indicated upon the customer's bill when rendered by the utility.
3. In the absence of an approved tariff, the amount of the late payment penalty shall not exceed 1-1/2% of the delinquent bill.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended to correct subsection numbering (Supp. 99-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**R14-2-609. Termination of Service**

- A. Nonpermissible reasons to disconnect service.** A utility may not disconnect service for any of the reasons stated below:
1. Delinquency in payment for services rendered to a prior customer at the premises where service is being provided, except in the instance where the prior customer continues to reside on the premises.
  2. Failure of the customer to pay for services or equipment which are not regulated by the Commission.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

3. Nonpayment of a bill related to another class of service.
  4. Failure to pay for a bill to correct a previous underbilling due to a billing error if the customer agrees to pay over a reasonable period of time.
  5. Disputed bills where the customer has complied with the Commission's rules and regulations.
- B. Termination of service without notice**
1. Utility service may be disconnected without advance written notice under the following conditions:
    - a. The existence of an obvious hazard to the safety or health of the consumer or the general population.
    - b. The utility has evidence of fraud.
  2. The utility shall not be required to restore service until the conditions which resulted in the termination have been corrected to the satisfaction of the utility.
  3. Each utility shall maintain a record of all terminations of service without notice. This record shall be maintained for a minimum of one year and shall be available for inspection by the Commission.
- C. Termination of service with notice**
1. A utility may disconnect service to any customer for any reason stated below provided the utility has met the notice requirements established by the Commission:
    - a. Customer violation of any of the Commission's rules.
    - b. Failure of the customer to pay a delinquent bill for utility service.
    - c. Failure to meet or maintain the utility's credit and deposit requirements.
    - d. Failure of the customer to provide the utility reasonable access to its equipment and property.
    - e. Customer breach of a written contract for service between the utility and customer.
    - f. When necessary for the utility to comply with an order of any governmental agency having such jurisdiction.
  2. Each utility shall maintain a record of all terminations of service with notice. This record shall be maintained for one year and be available for Commission inspection.
- D. Termination notice requirements**
1. No utility shall terminate service to any of its customers without providing advance written notice to the customer of the utility's intent to disconnect service, except under those conditions specified where advance written notice is not required.
  2. Such advance written notice shall contain, at a minimum, the following information:
    - a. The name of the person whose service is to be terminated and the address where service is being rendered.
    - b. The Commission rule or regulation that was violated and explanation thereof or the amount of the bill which the customer has failed to pay in accordance with the payment policy of the utility, if applicable.
    - c. The date on or after which service may be terminated.
    - d. A statement advising the customer that the utility's stated reason for the termination of services may be disputed by contacting the utility at a specific address of phone number, advising the utility of the dispute and making arrangements to discuss the cause for termination with a responsible employee of the utility in advance of the scheduled date of termination. The responsible employee shall be empowered to resolve the dispute and the utility shall retain the option to terminate service after affording this opportunity for a meeting and concluding that the reason for termination is just and advising the customer of his right to file a complaint with the Commission.
- E. Timing of terminations with notice**
1. Each utility shall be required to give at least five days' advance written notice prior to the termination date.
  2. Such notice shall be considered to be given to the customer when a copy thereof is left with the customer or posted first class in the United States mail, addressed to the customer's last known address.
  3. If after the period of time allowed by the notice has elapsed and the delinquent account has not been paid nor arrangements made with the utility for the payment thereof or in the case of a violation of the utility's rules the customer has not satisfied the utility that such violation has ceased, the utility may then terminate service on or after the day specified in the notice without giving further notice.
- F. Landlord/tenant rule.** In situations where service is rendered at an address different from the mailing address of the bill or where the utility knows that a landlord/tenant relationship exists and that the landlord is the customer of the utility, and where the landlord as a customer would otherwise be subject to disconnection of service, the utility may not disconnect service until the following actions have been taken:
1. Where it is feasible to so provide service, the utility, after providing notice as required in these rules, shall offer the occupant the opportunity to subscribe for service in his or her own name. If the occupant then declines to so subscribe, the utility may disconnect service pursuant to the rules.
  2. A utility shall not attempt to recover from a tenant or condition service to a tenant with the payment of any outstanding bills or other charges due upon the outstanding account of the landlord.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended to correct subsection numbering (Supp. 99-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 22-1).

**Editor's Note:** *The following Section was amended under an exemption from the Attorney General approval provisions of the Arizona Administrative Procedure Act (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)), as determined by the Corporation Commission. This exemption means that the rules as amended were not approved by the Attorney General.*

**R14-2-610. Administrative and Hearing Requirements****A. Customer service complaints**

1. Each utility shall make a full and prompt investigation of all service complaints made by its customers, either directly or through the Commission.
2. The utility shall respond to the complainant and/or the Commission representative within five working days as to the status of the utility investigation of the complaint.
3. The utility shall notify the complainant and/or the Commission representative of the final disposition of each complaint. Upon request of the complainant or the Commission representative, the utility shall report the findings of its investigation in writing.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

4. The utility shall inform the customer of his right of appeal to the Commission should the results of the utility's investigation prove unsatisfactory to the customer.
  5. Each utility shall keep a record of all written service complaints received which shall contain, at a minimum, the following data:
    - a. Name and address of the complainant
    - b. Date and nature of the complaint
    - c. Disposition of the complaint
    - d. A copy of any correspondence between the utility, the customer, and/or the Commission.

This record shall be maintained for a minimum period of one year and shall be available for inspection by the Commission.
- B. Notice by utility of responsible officer or agent**
1. Each utility shall file with the Commission a written statement containing the name, address (business, residence and post office) and telephone numbers (business and residence) of at least one officer, agent or employee responsible for the general management of its operations as a utility in Arizona.
  2. Each utility shall give notice, by filing a written statement with the Commission, of any change in the information required herein within five days from the date of any such change.
- C. Time-frames for processing applications for Certificates of Convenience and Necessity**
1. This rule prescribes time-frames for the processing of any Application for a Certificate of Convenience and Necessity issued by the Arizona Corporation Commission pursuant to this Article. These time-frames shall apply to applications filed on or after the effective date of this rule.
  2. Within 30 calendar days after receipt of an application for a new Certificate of Convenience and Necessity, or to amend or change the status of any existing Certificate of Convenience and Necessity, staff shall notify the applicant, in writing, that the application is either administratively complete or deficient. If the application is deficient, the notice shall specify all deficiencies.
  3. Staff may terminate an application if the applicant does not remedy all deficiencies within 60 calendar days of the notice of deficiency.
  4. After receipt of a corrected application, staff shall notify the applicant within 30 calendar days if the corrected application is either administratively complete or deficient. The time-frame for administrative completeness review shall be suspended from the time the notice of deficiency is issued until staff determines that the application is complete.
  5. Within 150 days after an application is deemed administratively complete, the Commission shall approve or reject the application.
  6. For purposes of A.R.S. § 41-1072 et seq., the Commission has established the following time-frames:
    - a. Administrative completeness review time-frame: 30 calendar days,
    - b. Substantive review time-frame: 150 calendar days,
    - c. Overall time-frame: 180 calendar days.
  7. If an applicant requests, and is granted, an extension or continuance, the appropriate time-frames shall be tolled from the date of the request during the duration of the extension or continuance.
  8. During the substantive review time-frame, the Commission may, upon its own motion or that of any interested party to the proceeding, request a suspension of the time-frame rules.
- D. Accounts and records**
1. Each utility shall keep general and auxiliary accounting records reflecting the cost of its properties, operating income and expense, assets and liabilities, and all other accounting and statistical data necessary to give complete and authentic information as to its properties and operations.
  2. Each utility shall maintain its books and records in conformity with the NARUC Uniform Systems of Accounts for Class A, B, C and D Sewer Utilities.
  3. A utility shall produce or deliver in this state any or all of its formal accounting records and related documents requested by the Commission. It may, at its option, provide verified copies of original records and documents.
  4. All utilities shall submit an annual report to the Commission on a form prescribed by it. The annual report shall be filed on or before the 15th day of April for the preceding calendar year. Reports prepared by a certified or licensed public accountant on the utility, if any, shall accompany the annual report.
  5. All utilities shall file with the Commission a copy of all reports required by the Securities and Exchange Commission.
- E. Maps.** All utilities shall file with the Commission a map or maps clearly setting forth the location and extent of the area or areas they hold under approved certificates of convenience and necessity, in accordance with the Cadastral (Rectangular) Survey of the United States Bureau of Land Management, or by metes and bounds with a starting point determined by the aforesaid Cadastral Survey.
- F. Variations, exemptions of Commission rules and regulations.** Variations or exemptions from the terms and requirements of any of the rules included herein (Title 14, Chapter 2, Article 6) shall be considered upon the verified application of an affected party to the Commission setting forth the circumstances whereby the public interest requires such variation or exemption from the Commission rules and regulations. Such application will be subject to the review of the Commission, and any variation or exemption granted shall require an order of the Commission. In case of conflict between these rules and regulations and an approved tariff or order of the Commission, the provisions of the tariff or order shall apply.
- G. Prior agreements.** The adoption of these rules by the Commission shall not affect any agreements entered into between the utility and customers or other parties who, pursuant to such contracts, arranged for the extension of facilities in a provision of service prior to the effective date of these rules.

**Historical Note**

Adopted effective March 2, 1982 (Supp. 82-2). Amended effective December 31, 1998, under an exemption as determined by the Arizona Corporation Commission (Supp. 98-4). Amended to correct subsection numbering (Supp. 99-4).

**ARTICLE 7. RESOURCE PLANNING AND PROCUREMENT****R14-2-701. Definitions**

In this Article, unless otherwise specified:

1. "Acknowledgment" means a Commission determination, under R14-2-704, that a plan meets the basic requirements of this Article.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

2. "Affiliated" means related through ownership of voting securities, through contract, or otherwise in such a manner that one entity directly or indirectly controls another, is directly or indirectly controlled by another, or is under direct or indirect common control with another entity.
3. "Benchmark" means to calibrate against a known set of values or standards.
4. "Book life" means the expected time period over which a power supply source will be available for use by a load-serving entity.
5. "Btu" means British thermal unit.
6. "Capacity" means the amount of electric power, measured in megawatts, that a power source is rated to provide.
7. "Capital costs" means the construction and installation cost of facilities, including land, land rights, structures, and equipment.
8. "Coincident peak" means the maximum of the sum of two or more demands that occur in the same demand interval, which demand interval may be established on an annual, monthly, or hourly basis.
9. "Customer class" means a subset of customers categorized according to similar characteristics, such as amount of energy consumed; amount of demand placed on the energy supply system at the system peak; hourly, daily, or seasonal load pattern; primary type of activity engaged in by the customer, including residential, commercial, industrial, agricultural, and governmental; and location.
10. "Decommissioning" means the process of safely and economically removing a generating unit from service.
11. "Demand management" means beneficial reduction in the total cost of meeting electric energy service needs by reducing or shifting in time electricity usage.
12. "Derating" means a reduction in a generating unit's capacity.
13. "Discount rate" means the interest rate used to calculate the present value of a cost or other economic variable.
14. "Docket Control" means the office of the Commission that receives all official filings for entry into the Commission's public electronic docketing system.
15. "Emergency" means an unforeseen and unforeseeable condition that:
  - a. Does not arise from the load-serving entity's failure to engage in good utility practices,
  - b. Is temporary in nature, and
  - c. Threatens reliability or poses another significant risk to the system.
16. "End use" means the final application of electric energy, for activities such as, but not limited to, heating, cooling, running an appliance or motor, an industrial process, or lighting.
17. "Energy losses" means the quantity of electric energy generated or purchased that is not available for sale to end users, for resale, or for use by the load-serving entity.
18. "Escalation" means the change in costs due to inflation, changes in manufacturing processes, changes in availability of labor or materials, or other factors.
19. "Generating unit" means a specific device or set of devices that converts one form of energy (such as heat or solar energy) into electric energy, such as a turbine and generator or a set of photovoltaic cells.
20. "Heat rate" means a measure of generating station thermal efficiency expressed in Btus per net kilowatt-hour and computed by dividing the total Btu content of fuel used for electric generation by the kilowatt-hours of electricity generated.
21. "Independent monitor" means a company or consultant that is not affiliated with a load-serving entity and that is selected to oversee the conduct of a competitive procurement process under R14-2-706.
22. "Integration" means methods by which energy produced by intermittent resources can be incorporated into the electric grid.
23. "Intermittent resources" means electric power generation for which the energy production varies in response to naturally occurring processes like wind or solar intensity.
24. "Interruptible power" means power made available under an agreement that permits curtailment or cessation of delivery by the supplier.
25. "In-service date" means the date a power supply source becomes available for use by a load-serving entity.
26. "Load-serving entity" means a public service corporation that provides electricity generation service and operates or owns, in whole or in part, a generating facility or facilities with capacity of at least 50 megawatts combined.
27. "Long-term" means having a duration of three or more years.
28. "Maintenance" means the repair of generation, transmission, distribution, administrative, and general facilities; replacement of minor items; and installation of materials to preserve the efficiency and working condition of facilities.
29. "Mothballing" means the temporary removal of a generating unit from active service and accompanying storage activities.
30. "Operate" means to manage or otherwise be responsible for the production of electricity by a generating facility, whether that facility is owned by the operator, in whole or in part, or by another entity.
31. "Participation rate" means the proportion of customers who take part in a specific program.
32. "Probabilistic analysis" means a systematic evaluation of the effect, on costs, reliability, or other measures of performance, of possible events affecting factors that influence performance, considering the likelihood that the events will occur.
33. "Production cost" means the variable operating costs and maintenance costs of producing electricity through generation, including fuel cost, plus the cost of purchases of power sufficient to meet demand.
34. "Refurbish" means to make major changes, more extensive than maintenance or repair, in the power production, transmission, or distribution characteristics of a component of the power supply system, such as by changing the fuels that can be used in a generating unit or changing the capacity of a generating unit.
35. "Reliability" means a measure of the ability of a load-serving entity's generation, transmission, or distribution system to provide power without failures, measured to reflect the portion of time that a system is unable to meet demand or the kilowatt-hours of demand that could not be supplied.
36. "Renewable energy resource" means an energy resource that is replaced rapidly by a natural, ongoing process and that is not nuclear or fossil fuel.
37. "Reserve requirements" means the capacity that a load-serving entity must maintain in excess of its peak load to provide for scheduled maintenance, forced outages,

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

unforeseen loads, emergencies, system operating requirements, and reserve sharing arrangements.

38. "Reserve sharing arrangement" means an agreement between two or more load-serving entities to provide backup capacity.
39. "Resource planning" means integrated supply and demand analyses completed as described in this Article.
40. "RFP" means request for proposals.
41. "Self generation" means the production of electricity by an end user.
42. "Sensitivity analysis" means a systematic assessment of the degree of response of costs, reliability, or other measures of performance to changes in assumptions about factors that influence performance.
43. "Short-term" means having a duration of less than three years.
44. "Spinning reserve" means the capacity a load-serving entity must maintain connected to the system and ready to deliver power promptly in the event of an unexpected loss of generation source, expressed as a percentage of peak load, a percentage of the largest generating unit, or in fixed megawatts.
45. "Staff" means individuals working for the Commission's Utilities Division, whether as employees or through contract.
46. "Third-party independent energy broker" means an entity, such as Prebon Energy or Tradition Financial Services, that facilitates an energy transaction between separate parties without taking title to the transaction.
47. "Third-party online trading system" means a computer-based marketplace for commodity exchanges provided by an entity that is not affiliated with the load-serving entity, such as the Intercontinental Exchange, California Independent System Operator, or New York Mercantile Exchange.
48. "Total cost" means all capital, operating, maintenance, fuel, and decommissioning costs, plus the costs associated with mitigating any adverse environmental effects, incurred by end users, load-serving entities, or others, in the provision or conservation of electric energy services.

**Historical Note**

Adopted effective February 3, 1989 (Supp. 89-1).  
Amended by final rulemaking at 16 A.A.R. 2150, effective December 20, 2010 (Supp. 10-4).

**R14-2-702. Applicability**

- A. This Article applies to each load-serving entity, whether the power generated is for sale to end users or is for resale.
- B. An electricity public service corporation that becomes a load-serving entity by increasing its generating capacity to at least 50 megawatts combined shall provide written notice to the Commission within 30 days after the increase and shall comply with the filing requirements in this Article within two years after the notice is filed.
- C. The Commission may, by Order, exempt a load-serving entity from complying with any provision in this Article, or the Article as a whole, upon determining that:
  1. The burden of compliance with the provision, or the Article as a whole, exceeds the potential benefits to customers in the form of cost savings, service reliability, risk reductions, or reduced environmental impacts that would result from the load-serving entity's compliance with the provision or Article; and
  2. The public interest will be served by the exemption.

- D. A load-serving entity that desires an exemption shall submit to Docket Control an application that includes, at a minimum:
  1. The reasons why the burden of complying with the Article, or the specific provision in the Article for which exemption is requested, exceeds the potential benefits to customers that would result from the load-serving entity's compliance with the provision or Article;
  2. Data supporting the load-serving entity's assertions as to the burden of compliance and the potential benefits to customers that would result from compliance; and
  3. The reasons why the public interest would be served by the requested exemption.
- E. A load-serving entity shall file with Docket Control, within 120 days after the effective date of these rules, the documents that would have been due on April 1, 2010, under R14-2-703(C), (D), (E), (F), and (H) had the revisions to those subsections been effective at that time.

**Historical Note**

Adopted effective February 3, 1989 (Supp. 89-1).  
Amended by final rulemaking at 16 A.A.R. 2150, effective December 20, 2010 (Supp. 10-4).

**R14-2-703. Load-serving Entity Reporting Requirements**

- A. A load-serving entity shall, by April 1 of each year, file with Docket Control a compilation of the following items of demand-side data, including for each item for which no record is maintained the load-serving entity's best estimate and a full description of how the estimate was made:
  1. Hourly demand for the previous calendar year, disaggregated by:
    - a. Sales to end users;
    - b. Sales for resale;
    - c. Energy losses; and
    - d. Other disposition of energy, such as energy furnished without charge and energy used by the load-serving entity;
  2. Coincident peak demand (megawatts) and energy consumption (megawatt-hours) by month for the previous 10 years, disaggregated by customer class;
  3. Number of customers by customer class for each of the previous 10 years; and
  4. Reduction in load (kilowatt and kilowatt-hours) in the previous calendar year due to existing demand management measures, by type of demand management measure.
- B. A load-serving entity shall, by April 1 of each year, file with Docket Control a compilation of the following items of supply-side data, including for each item for which no record is maintained the load-serving entity's best estimate and a full description of how the estimate was made:
  1. For each generating unit and purchased power contract for the previous calendar year:
    - a. In-service date and book life or contract period;
    - b. Type of generating unit or contract;
    - c. The load-serving entity's share of the generating unit's capacity, or of capacity under the contract, in megawatts;
    - d. Maximum generating unit or contract capacity, by hour, day, or month, if such capacity varies during the year;
    - e. Annual capacity factor (generating units only);
    - f. Average heat rate of generating units and, if available, heat rates at selected output levels;
    - g. Average fuel cost for generating units, in dollars per million Btu for each type of fuel;

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- h. Other variable operating and maintenance costs for generating units, in dollars per megawatt hour;
- i. Purchased power energy costs for long-term contracts, in dollars per megawatt-hour;
- j. Fixed operating and maintenance costs of generating units, in dollars per megawatt;
- k. Demand charges for purchased power;
- l. Fuel type for each generating unit;
- m. Minimum capacity at which the generating unit would be run or power must be purchased;
- n. Whether, under standard operating procedures, the generating unit must be run if it is available to run;
- o. Description of each generating unit as base load, intermediate, or peaking;
- p. Environmental impacts, including air emission quantities (in metric tons or pounds) and rates (in quantities per megawatt-hour) for carbon dioxide, nitrogen oxides, sulfur dioxide, mercury, particulates, and other air emissions subject to current or expected future environmental regulation;
- q. Water consumption quantities and rates; and
- r. Tons of coal ash produced per generating unit;
- 2. For the power supply system for the previous calendar year:
  - a. A description of generating unit commitment procedures;
  - b. Production cost;
  - c. Reserve requirements;
  - d. Spinning reserve;
  - e. Reliability of generating, transmission, and distribution systems;
  - f. Purchase and sale prices, averaged by month, for the aggregate of all purchases and sales related to short-term contracts; and
  - g. Energy losses;
- 3. The level of self generation in the load-serving entity's service area for the previous calendar year; and
- 4. An explanation of any resource procurement processes used by the load-serving entity during the previous calendar year that did not include use of an RFP, including the exception under which the process was used.
- C. A load-serving entity shall, by April 1 of each even year, file with Docket Control a compilation of the following items of load data and analyses, which may include a reference to the last filing made under this subsection for each item for which there has been no change in forecast since the last filing:
  - 1. Fifteen-year forecast of system coincident peak load (megawatts) and energy consumption (megawatt-hours) by month and year, expressed separately for residential, commercial, industrial, and other customer classes; for interruptible power; for resale; and for energy losses;
  - 2. Disaggregation of the load forecast of subsection (C)(1) into a component in which no additional demand management measures are assumed, and a component assuming the change in load due to additional forecasted demand management measures; and
  - 3. Documentation of all sources of data, analyses, methods, and assumptions used in making the load forecasts, including a description of how the forecasts were benchmarked and justifications for selecting the methods and assumptions used.
- D. A load-serving entity shall, by April 1 of each even year, file with Docket Control the following prospective analyses and plans, which shall compare a wide range of resource options and take into consideration expected duty cycles, cost projections, other analyses required under this Section, environmental impacts, and water consumption and may include a reference to the last filing made under this subsection for each item for which there has been no change since the last filing:
  - 1. A 15-year resource plan, providing for each year:
    - a. Projected data for each of the items listed in subsection (B)(1), for each generating unit and purchased power source, including each generating unit that is expected to be new or refurbished during the period, which shall be designated as new or refurbished, as applicable, for the year of purchase or the period of refurbishment;
    - b. Projected data for each of the items listed in subsection (B)(2), for the power supply system;
    - c. The capital cost, construction time, and construction spending schedule for each generating unit expected to be new or refurbished during the period;
    - d. The escalation levels assumed for each component of cost, such as, but not limited to, operating and maintenance, environmental compliance, system integration, backup capacity, and transmission delivery, for each generating unit and purchased power source;
    - e. If discontinuation, decommissioning, or mothballing of any power source or permanent derating of any generating facility is expected:
      - i. Identification of each power source or generating unit involved;
      - ii. The costs and spending schedule for each discontinuation, decommissioning, mothballing, or derating; and
      - iii. The reasons for each discontinuation, decommissioning, mothballing, or derating;
    - f. The capital costs and operating and maintenance costs of all new or refurbished transmission and distribution facilities expected during the 15-year period;
    - g. An explanation of the need for and purpose of all expected new or refurbished transmission and distribution facilities, which explanation shall incorporate the load-serving entity's most recent transmission plan filed under A.R.S. § 40-360.02(A) and any relevant provisions of the Commission's most recent Biennial Transmission Assessment decision regarding the adequacy of transmission facilities in Arizona; and
    - h. Cost analyses and cost projections, including the cost of compliance with existing and expected environmental regulations;
  - 2. Documentation of the data, assumptions, and methods or models used to forecast production costs and power production for the 15-year resource plan, including the method by which the forecast was benchmarked;
  - 3. A description of:
    - a. Each potential power source that was rejected;
    - b. The capital costs, operating costs, and maintenance costs of each rejected source; and
    - c. The reasons for rejecting each source;
  - 4. A 15-year forecast of self generation by customers of the load-serving entity, in terms of annual peak production

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- (megawatts) and annual energy production (megawatt-hours);
5. Disaggregation of the forecast of subsection (D)(4) into two components, one reflecting the self generation projected if no additional efforts are made to encourage self generation, and one reflecting the self generation projected to result from the load-serving entity's institution of additional forecasted self generation measures;
  6. A 15-year forecast of the annual capital costs and operating and maintenance costs of the self generation identified under subsections (D)(4) and (5);
  7. Documentation of the analysis of the self generation under subsections (D)(4) through (6);
  8. A plan that considers using a wide range of resources and promotes fuel and technology diversity within its portfolio;
  9. A calculation of the benefits of generation using renewable energy resources;
  10. A plan that factors in the delivered cost of all resource options, including costs associated with environmental compliance, system integration, backup capacity, and transmission delivery;
  11. Analysis of integration costs for intermittent resources;
  12. A plan to increase the efficiency of the load-serving entity's generation using fossil fuel;
  13. Data to support technology choices for supply-side resources;
  14. A description of the demand management programs or measures included in the 15-year resource plan, including for each demand management program or measure:
    - a. How and when the program or measure will be implemented;
    - b. The projected participation level by customer class for the program or measure;
    - c. The expected change in peak demand and energy consumption resulting from the program or measure;
    - d. The expected reductions in environmental impacts, including air emissions, solid waste, and water consumption, attributable to the program or measure;
    - e. The expected societal benefits, societal costs, and cost-effectiveness of the program or measure;
    - f. The expected life of the measure; and
    - g. The capital costs, operating costs, and maintenance costs of the measure, and the program costs;
  15. For each demand management measure that was considered but rejected:
    - a. A description of the measure;
    - b. The estimated change in peak demand and energy consumption from the measure;
    - c. The estimated cost-effectiveness of the measure;
    - d. The capital costs, operating costs, and maintenance costs of the measure, and the program costs; and
    - e. The reasons for rejecting the measure;
  16. Analysis of future fuel supplies that are part of the resource plan; and
  17. A plan for reducing environmental impacts related to air emissions, solid waste, and other environmental factors, and for reducing water consumption.
- E.** A load-serving entity shall, by April 1 of each even year, file with Docket Control a compilation of the following analyses and plan:
1. Analyses to identify and assess errors, risks, and uncertainties in the following, completed using methods such as sensitivity analysis and probabilistic analysis:
    - a. Demand forecasts;
    - b. The costs of demand management measures and power supply;
    - c. The availability of sources of power;
    - d. The costs of compliance with existing and expected environmental regulations;
    - e. Any analysis by the load-serving entity in anticipation of potential new or enhanced environmental regulations;
    - f. Changes in fuel prices and availability;
    - g. Construction costs, capital costs, and operating costs; and
    - h. Other factors the load-serving entity wishes to consider;
  2. A description and analysis of available means for managing the errors, risks, and uncertainties identified and analyzed in subsection (E)(1), such as obtaining additional information, limiting risk exposure, using incentives, creating additional options, incorporating flexibility, and participating in regional generation and transmission projects; and
  3. A plan to manage the errors, risks, and uncertainties identified and analyzed in subsection (E)(1).
- F.** A load-serving entity shall, by April 1 of each even year, file with Docket Control a 15-year resource plan that:
1. Selects a portfolio of resources based upon comprehensive consideration of a wide range of supply- and demand-side options;
  2. Will result in the load-serving entity's reliably serving the demand for electric energy services;
  3. Will address the adverse environmental impacts of power production;
  4. Will include renewable energy resources to meet or exceed the greater of the Annual Renewable Energy Requirement in R14-2-1804 or the following annual percentages of retail kWh sold by the load-serving entity:
- | Calendar Year | Percentage of Retail kWh Sold During Calendar Year |
|---------------|--|
| 2010          | 2.5%   |
| 2011          | 3.0%   |
| 2012          | 3.5%   |
| 2013          | 4.0%   |
| 2014          | 4.5%   |
| 2015          | 5.0%   |
| 2016          | 6.0%   |
| 2017          | 7.0%   |
| 2018          | 8.0%   |
| 2019          | 9.0%   |
| 2020          | 10.0%  |
| 2021          | 11.0%  |
| 2022          | 12.0%  |
| 2023          | 13.0%  |
| 2024          | 14.0%  |
| after 2024    | 15.0%  |
5. Will include distributed generation energy resources to meet or exceed the greater of the Distributed Renewable Energy Requirement in R14-2-1805 or the following

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

annual percentages as applied to the load-serving entity's Annual Renewable Energy Requirement:

2007	5%
2008	10%
2009	15%
2010	20%
2011	25%
After 2011	30%

6. Will address energy efficiency so as to meet any requirements set in rule by the Commission or in an order of the Commission;
7. Will effectively manage the uncertainty and risks associated with costs, environmental impacts, load forecasts, and other factors;
8. Will achieve a reasonable long-term total cost, taking into consideration the objectives set forth in subsections (F)(2) through (7) and the uncertainty of future costs; and
9. Contains all of the following:
  - a. A complete description and documentation of the plan, including supply and demand conditions, availability of transmission, costs, and discount rates utilized;
  - b. A comprehensive, self-explanatory load and resources table summarizing the plan;
  - c. A brief executive summary;
  - d. An index to indicate where the responses to each filing requirement of these rules can be found; and
  - e. Definitions of the terms used in the plan.
- G. A load-serving entity shall, by April 1 of each odd year, file with Docket Control a work plan that includes:
  1. An outline of the contents of the resource plan the load-serving entity is developing to be filed the following year as required under subsection (F);
  2. The load-serving entity's method for assessing potential resources;
  3. The sources of the load-serving entity's current assumptions; and
  4. An outline of the timing and extent of public participation and advisory group meetings the load-serving entity intends to hold before completing and filing the resource plan.
- H. With its resource plan, a load-serving entity shall include an action plan, based on the results of the resource planning process, that:
  1. Includes a summary of actions to be taken on future resource acquisitions;
  2. Includes details on resource types, resources capacity, and resource timing; and
  3. Covers the three-year period following the Commission's acknowledgment of the resource plan.
- I. A load-serving entity or interested party may provide, for the Commission's consideration, analyses and supporting data pertaining to environmental impacts associated with the generation or delivery of electricity, which may include monetized estimates of environmental impacts that are not included as costs for compliance. Values or factors for compliance costs, environmental impacts, or monetization of environmental impacts may be developed and reviewed by the Commission in other proceedings or stakeholder workshops.
- J. If a load-serving entity's submission does not contain sufficient information to allow Staff to analyze the submission fully for compliance with this Article, Staff shall request addi-

tional information from the load-serving entity, including the data used in the load-serving entity's analyses.

- K. Staff may request that a load-serving entity complete additional analyses to improve specified components of the load-serving entity's submissions.
- L. If a load-serving entity believes that a data-reporting requirement may result in disclosure of confidential business data or confidential electricity infrastructure information, the load-serving entity may submit to Staff a request that the data be submitted to Staff under a confidentiality agreement, which request shall include an explanation justifying the confidential treatment of the data.
- M. Data protected by a confidentiality agreement shall not be submitted to Docket Control and will not be open to public inspection or otherwise made public except upon an order of the Commission entered after written notice to the load-serving entity.

**Historical Note**

Adopted effective February 3, 1989 (Supp. 89-1).

Amended by final rulemaking at 16 A.A.R. 2150, effective December 20, 2010 (Supp. 10-4).

**R14-2-704. Commission Review of Load-serving Entity Resource Plans**

- A. By October 1 of each even year, Staff shall file a report that contains its analysis and conclusions regarding its statewide review and assessments of the load-serving entities' filings made under R14-2-703(C), (D), (E), (F), and (H).
- B. By February 1 of each odd year, the Commission shall issue an order acknowledging a load-serving entity's resource plan or issue an order stating the reasons for not acknowledging the resource plan. The Commission shall order an acknowledgment of a load-serving entity's resource plan, with or without amendment, if the Commission determines that the resource plan, as amended if applicable, complies with the requirements of this Article and that the load-serving entity's resource plan is reasonable and in the public interest, based on the information available to the Commission at the time and considering the following factors:
  1. The total cost of electric energy services;
  2. The degree to which the factors that affect demand, including demand management, have been taken into account;
  3. The degree to which supply alternatives, such as self generation, have been taken into account;
  4. Uncertainty in demand and supply analyses, forecasts, and plans, and whether plans are sufficiently flexible to enable the load-serving entity to respond to unforeseen changes in supply and demand factors;
  5. The reliability of power supplies, including fuel diversity and non-cost considerations;
  6. The reliability of the transmission grid;
  7. The environmental impacts of resource choices and alternatives;
  8. The degree to which the load-serving entity considered all relevant resources, risks, and uncertainties;
  9. The degree to which the load-serving entity's plan for future resources is in the best interest of its customers;
  10. The best combination of expected costs and associated risks for the load-serving entity and its customers; and
  11. The degree to which the load-serving entity's resource plan allows for coordinated efforts with other load-serving entities.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- C. The Commission may hold a hearing or workshop regarding a load-serving entity's resource plan. If the Commission holds such a hearing or workshop, the Commission may extend the February 1 deadline for the Commission to issue an order regarding acknowledgment under subsection (B).
- D. While no particular future ratemaking treatment is implied by or shall be inferred from the Commission's acknowledgment, the Commission shall consider a load-serving entity's filings made under R14-2-703 when the Commission evaluates the performance of the load-serving entity in subsequent rate cases and other proceedings.
- E. A load-serving entity may seek Commission approval of specific resource planning actions.
- F. A load-serving entity may file an amendment to an acknowledged resource plan if changes in conditions or assumptions necessitate a material change in the load-serving entity's plan before the next resource plan is due to be filed.

**Historical Note**

Adopted effective February 3, 1989 (Supp. 89-1).  
Amended by final rulemaking at 16 A.A.R. 2150, effective December 20, 2010 (Supp. 10-4).

**R14-2-705. Procurement**

- A. Except as provided in subsection (B), a load-serving entity may use the following procurement methods for the wholesale acquisition of energy, capacity, and physical power hedge transactions:
  1. Purchase through a third-party online trading system;
  2. Purchase from a third-party independent energy broker;
  3. Purchase from a non-affiliated entity through auction or an RFP process;
  4. Bilateral contract with a non-affiliated entity;
  5. Bilateral contract with an affiliated entity, provided that non-affiliated entities were provided notice and an opportunity to compete against the affiliated entity's proposal before the transaction was executed; and
  6. Any other competitive procurement process approved by the Commission.
- B. A load-serving entity shall use an RFP process as its primary acquisition process for the wholesale acquisition of energy and capacity, unless one of the following exceptions applies:
  1. The load-serving entity is experiencing an emergency;
  2. The load-serving entity needs to make a short-term acquisition to maintain system reliability;
  3. The load-serving entity needs to acquire other components of energy procurement, such as fuel, fuel transportation, and transmission projects;
  4. The load-serving entity's planning horizon is two years or less;
  5. The transaction presents the load-serving entity a genuine, unanticipated opportunity to acquire a power supply resource at a clear and significant discount, compared to the cost of acquiring new generating facilities, and will provide unique value to the load-serving entity's customers;
  6. The transaction is necessary for the load-serving entity to satisfy an obligation under the Renewable Energy Standard rules; or
  7. The transaction is necessary for the load-serving entity's demand-side management or demand response programs.
- C. A load-serving entity shall engage an independent monitor to oversee all RFP processes for procurement of new resources.

**Historical Note**

New Section made by final rulemaking at 16 A.A.R. 2150, effective December 20, 2010 (Supp. 10-4).

**R14-2-706. Independent Monitor Selection and Responsibilities**

- A. When a load-serving entity contemplates engaging in an RFP process, the load-serving entity shall consult with Staff regarding the identity of companies or consultants that could serve as independent monitor for the RFP process.
- B. After consulting with Staff, a load-serving entity shall create a vendor list of three to five candidates to serve as independent monitor and shall file the vendor list with Docket Control to allow interested persons time to review and file objections to the vendor list.
- C. An interested person shall file with Docket Control, within 30 days after a vendor list is filed with Docket Control, any objection that the interested person may have to a candidate's inclusion on a vendor list.
- D. Within 60 days after a vendor list is filed with Docket Control, Staff shall issue a notice identifying each candidate on the vendor list that Staff has determined to be qualified to serve as independent monitor for the contemplated RFP process. In making its determination, Staff shall consider the experience of the candidates, the professional reputation of the candidates, and any objections filed by interested persons.
- E. A load-serving entity that has completed the actions required by subsections (A) and (B) to comply with a particular Commission Decision is deemed to have complied with subsections (A) and (B) and is not required to repeat those actions.
- F. A load-serving entity may retain as independent monitor for the contemplated RFP process and for its future RFP processes any of the candidates identified in Staff's notice.
- G. A load-serving entity shall file with Docket Control a written notice of its retention of an independent monitor.
- H. A load-serving entity is responsible for paying the independent monitor for its services and may charge a reasonable bidder's fee to each bidder in the RFP process to help offset the cost of the independent monitor's services. A load-serving entity may request recovery of the cost of the independent monitor's services, to the extent that the cost is not offset by bidder's fees, in a subsequent rate case. The Commission shall use its discretion in determining whether to allow the cost to be recovered through customer rates.
- I. One week prior to the deadline for submitting bids, a load-serving entity shall provide the independent monitor a copy of any bid proposal prepared by the load-serving entity or entity affiliated with the load-serving entity and of any benchmark or reference cost the load-serving entity has developed for use in evaluating bids. The independent monitor shall take steps to secure the load-serving entity's bid proposal and any benchmark or reference cost so that they are inaccessible to any bidder, the load-serving entity, and any entity affiliated with the load-serving entity.
- J. Upon Staff's request, the independent monitor shall provide status reports to Staff throughout the RFP process.

**Historical Note**

New Section made by final rulemaking at 16 A.A.R. 2150, effective December 20, 2010 (Supp. 10-4).

**ARTICLE 8. PUBLIC UTILITY HOLDING COMPANIES AND AFFILIATED INTERESTS****R14-2-801. Definitions**

In this Article, unless the context otherwise requires:

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

1. "Affiliate," with respect to the public utility, shall mean any other entity directly or indirectly controlling or controlled by, or under direct or indirect common control with, the public utility. For purposes of this definition, the term "control" (including the correlative meanings of the terms "controlled by" and "under common control with"), as used with respect to any entity, shall mean the power to direct the management policies of such entity, whether through ownership of voting securities, or by contract, or otherwise.
2. "Commission." The Arizona Corporation Commission.
3. "Entity." A corporation, partnership, limited partnership, joint venture, trust, estate, or natural person.
4. "Holding Company" or "Public Utility Holding Company." Any affiliate that controls a public utility.
5. "Reorganize" or "Reorganization." The acquisition or divestiture of a financial interest in an affiliate or a utility, or reconfiguration of an existing affiliate or utility's position in the corporate structure or the merger or consolidation of an affiliate or a utility.
6. "Subsidiary." Any affiliate controlled by a utility.
7. "System of Accounts. The accounting system or systems prescribed for utilities by the Commission.
8. "Utility" or "Public Utility. Any Class A investor-owned public service corporation subject to the jurisdiction of the Arizona Corporation Commission.
5. An organization chart of the holding company that identifies all affiliates and their relationships within the holding company;
6. The proposed method for allocating federal and state income taxes to the subsidiaries of the holding company;
7. The anticipated changes in the utility's cost of service and the cost of capital attributable to the reorganization;
8. A description of diversification plans of affiliates of the holding company; and
9. Copies of all relevant documents and filings with the United States Securities and Exchange Commission and other federal or state agencies.
10. The contemplated annual and cumulative investment in each affiliate for the next five years, in dollars and as a percentage of projected net utility plant, and an explanation of the reasons supporting the level of investment and the reasons this level will not increase the risks of investment in the public utility.
11. An explanation of the manner in which the utility can assure that adequate capital will be available for the construction of necessary new utility plant and for improvements in existing utility plant at no greater cost than if the utility or its affiliate did not organize or reorganize a public utility holding company.

**Historical Note**

Adopted effective July 30, 1992 (Supp. 92-3).

**R14-2-802. Applicability**

- A. These rules are applicable to all Class A investor-owned utilities under the jurisdiction of the Commission and are applicable to all transactions entered into after the effective date of these rules.
- B. Notwithstanding subsection (A), these rules shall not apply to a telecommunications utility whose retail telecommunications services have been classified as competitive pursuant to 14 A.A.C. 2, Article 11, except as may otherwise be determined by a future Commission order.
- C. Information furnished to the Commission in compliance with these rules will not be open to public inspection, or made public, except on order of the Commission, or by the Commission, or a Commissioner in the course of a hearing or proceeding.

**Historical Note**

Adopted effective July 30, 1992 (Supp. 92-3). Amended by final rulemaking at 22 A.A.R. 1949, effective July 14, 2016 (Supp. 16-3).

**R14-2-803. Organization of Public Utility Holding Companies**

- A. Any utility or affiliate intending to organize a public utility holding company or reorganize an existing public utility holding company will notify the Commission's Utilities Division in writing at least 120 days prior thereto. The notice of intent will include the following information:
  1. The names and business addresses of the proposed officers and directors of the holding company;
  2. The business purposes for establishing or reorganizing the holding company;
  3. The proposed method of financing the holding company and the resultant capital structure;
  4. The resultant effect on the capital structure of the public utility;

- B. The Commission staff will, within 30 days after receipt of the notice of intent, notify the Applicant of any questions which it has concerning the notice or supporting information. The Commission will, within 60 days from the receipt of the notice of intent, determine whether to hold a hearing on the matter or approve the organization or reorganization without a hearing.
- C. At the conclusion of any hearing on the organization or reorganization of a utility holding company, the Commission may reject the proposal if it determines that it would impair the financial status of the public utility, otherwise prevent it from attracting capital at fair and reasonable terms, or impair the ability of the public utility to provide safe, reasonable and adequate service.
- D. A notice of intent under this Section is not required when the reorganization of an existing Arizona water or wastewater public utility holding company is due to the purchase of the shares of (or merger with) a Class D or E water or wastewater utility.

**Historical Note**

Adopted effective July 30, 1992 (Supp. 92-3). Amended by final rulemaking at 24 A.A.R. 2468, Effective October 16, 2018 (Supp. 18-3).

**R14-2-804. Commission Review of Transactions Between Public Utilities and Affiliates**

- A. A utility will not transact business with an affiliate unless the affiliate agrees to provide the Commission access to the books and records of the affiliate to the degree required to fully audit, examine or otherwise investigate transactions between the public utility and the affiliate. In connection therewith, the Commission may require production of books, records, accounts, memoranda and other documents related to these transactions.
- B. A utility will not consummate the following transactions without prior approval by the Commission:
  1. Obtain a financial interest in any affiliate not regulated by the Commission, or guarantee, or assume the liabilities of such affiliate;

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

2. Lend to any affiliate not regulated by the Commission, with the exception of short-term loans for a period less than 12 months in an amount less than \$100,000; or
  3. Use utility funds to form a subsidiary or divest itself of any established subsidiary.
- C. The Commission will review the transactions set forth in subsection (B) above to determine if the transactions would impair the financial status of the public utility, otherwise prevent it from attracting capital at fair and reasonable terms, or impair the ability of the public utility to provide safe, reasonable and adequate service.
- D. Every transaction in violation of subsection (A) or (B) above is void, and the transaction shall not be made on the books of any public service corporation.
- E. The system of accounts used by the public utility will include the necessary accounting records needed to record and compile transactions with each affiliate.

**Historical Note**

Adopted effective July 30, 1992 (Supp. 92-3).

**R14-2-805. Annual Filing Requirements of Diversification Activities and Plans**

- A. On or before April 15th of each calendar year, all public utilities meeting the requirements of R14-2-802 and public utility holding companies will provide the Commission with a description of diversification plans for the current calendar year that have been approved by the Boards of Directors. As part of these filings, each public utility meeting the requirements of R14-2-802 will provide the Commission the following information:
1. The name, home office location and description of the public utility's affiliates with whom transactions occur, their relationship to each other and the public utility, and the general nature of their business;
  2. A brief description of the business activities conducted by the utility's affiliates with whom transactions occurred during the prior year, including any new activities not previously reported;
  3. A description of plans for the utility's subsidiaries to modify or change business activities, enter into new business ventures or to acquire, merge or otherwise establish a new business entity;
  4. Copies of the most recent financial statements for each of the utility's subsidiaries;
  5. An assessment of the effect of current and planned affiliated activities on the public utility's capital structure and the public utility's ability to attract capital at fair and reasonable rates;
  6. The bases upon which the public utility holding company allocates plant, revenue and expenses to affiliates and the amounts involved; an explanation of the derivation of the factors; the reasons supporting that methodology and the reasons supporting the allocation;
  7. An explanation of the manner in which the utility's capital structure, cost of capital and ability to raise capital at reasonable rates have been affected by the organization or reorganization of the public utility holding company;
  8. The dollar amount transferred between the utility and each affiliate during the annual period, and the purpose of each transfer;
  9. Contracts or agreements to receive, or provide management, engineering, accounting, legal, financial or other similar services between a public utility and an affiliate;

10. Contracts or agreements to purchase or sell goods or real property between a public utility and an affiliate; and
11. Contracts or agreements to lease goods or real property between a public utility and an affiliate.

- B. After reviewing the diversification plans, the Commission may, within 90 days after plans have been provided, request additional information, or order a hearing, or both, should it conclude after its review that the business activities would impair the financial status of the public utility, otherwise prevent it from attracting capital at fair and reasonable terms, or impair the ability of the public utility to provide safe, reasonable and adequate service.

**Historical Note**

Adopted effective July 30, 1992 (Supp. 92-3).

**R14-2-806. Waiver from the Provisions of this Article**

- A. The Commission may waive compliance with any of the provisions of this Article upon a finding that such waiver is in the public interest.
- B. Any affected entity may petition the Commission for a waiver by filing a verified application for waiver setting forth with specificity the circumstances whereby the public interest justifies noncompliance with all or part of the provisions of this Article.
- C. If the Commission fails to approve, disapprove, or suspend for further consideration an application for waiver within 30 days following filing of a verified application for waiver, the waiver shall become effective on the 31st day following filing of the application.

**Historical Note**

Adopted effective July 30, 1992 (Supp. 92-3).

Repealed by final rulemaking at 32 A.A.R. 215 (January 16, 2025), effective February 28, 2026 (Supp. 25-4).

**ARTICLE 10. ALTERNATIVE OPERATOR SERVICES**

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1001. Definitions**

In this Article, unless the context otherwise requires:

1. "Access code" means a sequence of numbers that, when dialed, connects a caller to the provider of operator services associated with that sequence of numbers.
2. "Affiliate" means any other entity directly or indirectly controlling or controlled by, or under direct or indirect common control with, the entity making alternative operator services available to the public. For purposes of this definition, the term "control" (including the correlative meanings of the terms "controlled by" and "under common control with"), as used with respect to any entity, means the power to direct the management policies of such entity, whether through the ownership of voting securities, by contract, or otherwise.
3. "Aggregator" or "Traffic Aggregator" means any person or entity that, in the ordinary course of its operations and using a provider of operator services, makes telephones available to the public or to transient users of its premises, for intrastate telephone calls. Each entity that exercises control over telephone equipment, whether through ownership of the equipment, control of access to the equipment, or some other means, will be responsible as an aggregator.
4. "Alternative Operator Services" or "AOS" means provision by an entity, other than a local exchange carrier or a certificated interexchange carrier with authorized operator service tariffs, of any telecommunications service initiated from an aggregator location where automated and/or live assistance is provided to a consumer in order to arrange for billing or completion of an intrastate telephone call. Store and forward payphones are not included within this definition.

5. "AOS Provider" means any public service corporation that provides alternative operator services.
6. "Billing Agency" means any third party authorized by the AOS provider to submit bills to end users and to handle billing disputes.
7. "Blocking" means the process of screening the calls dialed from the presubscribed telephone in order to prevent the completion of calls that would allow the caller to reach a preferred interexchange carrier.
8. "Call splashing" means the transfer of a telephone call from one provider of operator services to another such provider in such a manner that the subsequent provider is unable or unwilling to determine the originating location of the call and consequently bills the call without properly reflecting the originating and terminating points of the telephone call.
9. "Consumer," "Caller," or "End User" means a person initiating any intrastate telephone call by means of alternative operator services.
10. "Entity" means a corporation, partnership, limited partnership, joint venture, trust, estate, or natural person.
11. "Interexchange carriers" or "IXCs" means any long-distance telephone carriers authorized by the Commission to provide long distance, interLATA telecommunications service, but not local exchange services, within the state borders.
12. "IntraLATA long-distance service" means all long-distance service originating and terminating in the same LATA, as defined by the F.C.C.
13. "LATA" means one of the geographic local access and transport areas established as a result of the AT&T divestiture.
14. "Local exchange carriers" or "LECs" means telephone companies currently certified to provide local telephone service in designated areas of the state.
15. "Operator Service Charges" or "charges" means all tariffed charges, other than rate usage charges, and surcharges authorized by the Commission and charged to the end user for live or automated operator-assisted calls.
16. "Rate" means any usage charges, as approved by this Commission.
17. "Surcharge" or "Location-specific Surcharge" means a charge imposed by an aggregator upon an end user and paid in addition to the usage rates and operator service charges of the alternative operator services provider.
18. "Waiver" refers to the Commission's ability to dispense with a requirement under these rules.
19. "Zero-minus call" means a call that is made by dialing a single zero.

**Historical Note**

Adopted effective November 2, 1993, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 93-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel.*

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

*Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1002. Application for Certificate of Convenience and Necessity**

- A. Upon the effective date of this Article, all LECs shall provide written notification of the requirements of this Article to all AOS providers for which they provide billing service. Such notification shall be in a form acceptable to the Commission and shall explain that all AOS providers are required to file an application for a certificate of convenience and necessity (CC&N) pursuant to this Section.
- B. Any AOS provider requesting billing services subsequent to the effective date of this Article shall provide to the LEC proof that it has made application for or has received a CC&N granted pursuant to this Section.
- C. All AOS providers shall submit to the Commission an original and the number of copies required by the Commission of an application for a CC&N.
- D. Each AOS applicant shall submit an application which includes all of the following information:
  1. The name and address of the AOS provider, including a contact person responsible for maintenance and complaint handling. If the AOS provider is other than an individual, a listing of the officers, directors, or partners and a copy of the articles of incorporation, partnership agreement, or other organizational document shall be provided.
  2. An organizational chart which shows all affiliated relationships of the AOS provider.
  3. The addresses and descriptions of locations to be served, including the name of the serving LEC. Applicant may apply for a partial waiver of this rule pursuant to R14-2-1014 requesting that all or part of this information be held confidential by the Commission.
  4. A description of the equipment being used to provide service, including the Federal Communications Commission registration number.
  5. A list of services provided and the proposed rates, operator service charges, and surcharges.
  6. A description of how information posting and complaint-handling requirements will be met.
  7. Relevant financial data, including current financial statements, the method of financing operations, and projected annual operating expense.
  8. Any other requirements that the Commission may require.
- E. Time-frames for processing applications for Certificates of Convenience and Necessity
  1. This rule prescribes time-frames for the processing of any Application for a Certificate of Convenience and Necessity issued by the Arizona Corporation Commission pursuant to this Article. These time-frames shall apply to applications filed on or after the effective date of this rule.
  2. Within 365 calendar days after receipt of an application for a new Certificate of Convenience and Necessity, or to amend or change the status of any existing Certificate of Convenience and Necessity, staff shall notify the applicant, in writing, that the application is either administratively complete or deficient. If the application is deficient, the notice shall specify all deficiencies.
  3. Staff may terminate an application if the applicant does not remedy all deficiencies within 60 calendar days of the notice of deficiency.
  4. After receipt of a corrected application, staff shall notify the applicant within 30 calendar days if the corrected

application is either administratively complete or deficient. The time-frame for administrative completeness review shall be suspended from the time the notice of deficiency is issued until staff determines that the application is complete.

5. Within 365 calendar days after an application is deemed administratively complete, the Commission shall approve or reject the application.
6. For purposes of A.R.S. § 41-1072 et seq., the Commission has established the following time-frames:
  - a. Administrative completeness review time-frame: 365 calendar days,
  - b. Substantive review time-frame: 365 calendar days,
  - c. Overall time-frame: 730 calendar days.
7. If an applicant requests, and is granted, an extension or continuance, the appropriate time-frames shall be tolled from the date of the request during the duration of the extension or continuance.
8. During the substantive review time-frame, the Commission may, upon its own motion or that of any interested party to the proceeding, request a suspension of the time-frame rules.

**Historical Note**

Adopted effective November 2, 1993, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 93-4). Amended effective December 31, 1998, under an exemption as determined by the Arizona Corporation Commission (Supp. 98-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1003. Grant of Certificate of Convenience and Necessity**

- A. The Commission shall analyze an application for a certificate of convenience and necessity ("CC&N") to determine if it is complete and correct. If necessary, the Commission may request additional information from the CC&N applicant.
- B. The Commission shall hold a hearing to determine whether it is in the public interest to grant a CC&N to the applicant.
- C. The Commission shall notify in writing the CC&N applicant and the appropriate LECs of the Commission's determination made pursuant to this Section. A CC&N granted under this Section shall be issued in the name of the AOS provider.
- D. All CC&Ns granted under this Section shall include both of the following:
  1. An obligation to serve all end-users and subscribers in a nondiscriminatory manner, and
  2. An obligation to comply with all Commission requirements relevant to the provision of telecommunications service.

**Historical Note**

Adopted effective November 2, 1993, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 93-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel.*

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

*Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1004. Rates, Operator Service Charges, and Surcharges**

The rates, operator service charges, and surcharges assessed by AOS providers to their end-users of AOS service shall be limited to those specified in Commission-approved tariffs. All rates, operator service charges, and surcharges shall be stated in the tariffs. Location-specific surcharges imposed by the aggregator may only be charged once, either on the AOS bill or at the aggregator location, but under no circumstances shall a location-specific surcharge be imposed both on the bill and at the aggregator location.

**Historical Note**

Adopted effective November 2, 1993, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 93-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1005. End-user Notification and Choice Requirements**

- A. Each AOS provider shall:
  1. Identify itself with a live or automated message at the outpulse of the terminating number which informs the end-user that a named AOS provider has been reached and that such provider's rates, operator service charges, and surcharges apply to the call. This message shall be provided before the end-user incurs any charge for the call, including a usage rate, operator service charge, and surcharge.
  2. Disclose immediately to the consumer, upon request and at no charge to the consumer, any of the following information:
    - a. A quotation of tariffed rates, operator service charges, and location-specific surcharges;
    - b. The methods by which such rates, operator service charges, and surcharges will be collected;
    - c. The methods by which complaints concerning such rates, operator service charges, and surcharges or collection practices will be resolved; and
    - d. That the end-user's preferred carrier can be reached by an access code or toll-free customer service number.
- B. The contents and methods of posting shall be described in each AOS provider's tariff. At a minimum, each aggregator shall post all of the following information, through the use of tent cards or stickers on or near the telephone instrument, in plain view of the end-user:
  1. The name, address, and toll-free telephone number of the AOS provider;
  2. A written disclosure that the rates, operator service charges, and location-specific surcharges of the AOS provider apply for all operator-assisted calls;
  3. A statement that interLATA calls made with calling cards, including IXC cards, may be carried by the AOS provider;
  4. Dialing instructions;
  5. A toll-free number for billing inquiries;
  6. A description of complaint procedures; and

7. That end-users have a right to obtain access to the inter-exchange carrier of their choice.
- C. Each AOS provider shall ensure, by contract or tariff, that each aggregator using the AOS provider's services is in compliance with the requirements of subsection (B) of this Section.
- D. Neither the AOS provider nor the subscriber shall require or participate in blocking any end-user's access to a preferred carrier. AOS providers and their affiliates shall be required to withhold on a location-specific basis, the payment of any compensation, including commissions, to an aggregator that is blocking end-users' access to preferred carriers.
- E. Waivers from the blocking ban will be considered only if accompanied by a detailed cost/benefit analysis and will be granted by the Commission only if the evidence compels a finding that without blocking the risk of fraud and revenue erosion to the AOS provider would be significant.

**Historical Note**

Adopted effective November 2, 1993, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 93-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1006. Public Safety Requirements**

- A. AOS providers shall route all zero-minus calls immediately to the originating LEC.
- B. The Commission may, upon application of the AOS provider, issue a waiver to subsection (A) of this Section if the AOS provider has clearly and convincingly demonstrated that it has the capability to process such calls with equal quickness and accuracy as provided by the LEC

**Historical Note**

Adopted effective November 2, 1993, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 93-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1007. Billing and Collection**

- A. Each AOS provider shall bill monthly for services rendered.
- B. Bills issued for the intrastate interLATA AOS service provided by AOS providers shall include the minimum information required by R14-2-508(B) and identify the AOS provider to the extent that the LEC has the capability to do so. In the absence of that capability, the identification of the billing agent or clearinghouse and its toll-free customer service number shall be required.
- C. The LEC will not process billing for any intraLATA calls carried by the AOS provider, whether intentional or incidental, where the required compensation has not been paid to the LEC.
- D. Each AOS applicant shall comply with all of the following billing procedures:
  1. The billing date shall be printed on the bill and shall be the date the bill was issued;

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

2. The AOS provider shall provide a full refund of any charge levied for an uncompleted call; and
  3. AOS providers or their billing agents shall be prohibited from billing for calls which occur more than 60 days prior to the billing date.
  4. AOS providers or their agents are prohibited from billing for any intraLATA calls carried by the AOS provider, whether intentional or incidental, where the required compensation has not been paid to the LEC.
- E. The disconnection of local service for the nonpayment of intrastate interLATA AOS usage charges, operator service charges, and surcharges by end-users shall be permitted only in accordance with the detailed procedures set forth in R14-2-509.

**Historical Note**

Adopted effective November 2, 1993, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 93-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1008. Call Splashing Requirements**

- A. AOS providers' tariffs shall require the transfer of calls to other carriers at no charge so that rating and billing properly reflect the originating and terminating points of the telephone call.
- B. When transfers, as described in subsection (A) of this Section are not possible, the tariffs shall require the provider to inform the end-user that the call cannot be completed and that the preferred carrier may be reached by an access code or toll-free customer service number.

**Historical Note**

Adopted effective November 2, 1993, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 93-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1009. Complaint Processing**

- A. AOS applicants for certificates of convenience and necessity shall submit to the Commission a tariff or schedule containing a detailed description of complaint processing procedures.
- B. The name, address, and telephone number of a representative for complaint matters shall be submitted with these procedures.

**Historical Note**

Adopted effective November 2, 1993, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 93-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel.*

*Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1010. Quality of Service**

AOS providers applying for certificates of convenience and necessity shall develop quality of service standards for operator response time and call processing time and submit those standards to the Commission for review and approval.

**Historical Note**

Adopted effective November 2, 1993, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 93-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1011. Reports**

- A. AOS providers holding certificates of convenience and necessity shall submit Utility Division annual reports to the Commission pursuant to A.R.S. § 40-204.
- B. AOS providers holding certificates of convenience and necessity shall submit annual reports to the Commission comparing the company's actual monthly performance with the standards in R14-2-1010.
- C. AOS providers that have been certificated shall annually submit to the Commission a list of subscribers and locations served.

**Historical Note**

Adopted effective November 2, 1993, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 93-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1012. Violations**

- A. The Commission may order an LEC to immediately terminate service to AOS providers which:
  1. Fail to make application for or obtain a CC&N to provide service pursuant to R14-2-1002, or
  2. Violate any applicable quality of service standards as described in this Article.
- B. An LEC shall not offer service to an AOS provider unless the AOS provider has made application for or received a CC&N from the Commission.
- C. An LEC in violation of subsection (B) of this Section shall be subject to the penalty provisions contained in A.R.S. §§ 40-421 through 40-433.
- D. Any AOS provider found by the Commission to be in violation of subsection (A)(2) of this Section shall have its CC&N subject to revocation.

**Historical Note**

Adopted effective November 2, 1993, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 93-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney*

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

*General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1013. IntraLATA Long-distance Service is Prohibited**

AOS providers may not carry intraLATA toll calls where the required compensation has not been paid to the LEC. All intraLATA calls where arrangements have not been made for compensation to the LEC by the IXC must be switched to the authorized LEC of the aggregator.

**Historical Note**

Adopted effective November 2, 1993, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 93-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1014. Variations or Exemptions from the Commission's Rules**

Variations or exemptions from the terms and requirements of any of the rules included in this Article shall be considered upon the verified application of an affected party to the Commission setting forth the circumstances whereby the public interest requires such variation or exemption from the Commission's rules. Such application will be subject to the review of the Commission and any variation or exemption granted shall require an order of the Commission. In case of conflict between these rules and an approved tariff or order of the Commission, the provisions of the tariff or order shall apply.

**Historical Note**

Adopted effective November 2, 1993, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 93-4).

**ARTICLE 11. COMPETITIVE TELECOMMUNICATIONS SERVICES**

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1101. Application of Rules**

These rules shall govern the provision of competitive, intrastate telecommunications services to the public by telecommunications companies subject to the jurisdiction of the Arizona Corporation Commission. Unless otherwise ordered by the Commission, these rules shall not govern the provision of service by independently or local exchange carrier-owned pay telephones (COPTs) and alternative operator service (AOS) providers, which shall instead be governed by Articles 9 and Article 10 of this Chapter, respectively. The provision of local exchange service also shall be governed by Article 5 of this Chapter, to the extent that Article is not inconsistent with these rules.

**Historical Note**

Adopted effective June 27, 1995, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 95-2).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1102. Definitions**

Article, unless the context otherwise requires, the following definitions shall apply:

1. "Arizona Corporation Commission" or "Commission." The regulatory agency of the state of Arizona having jurisdiction over public service corporations operating in Arizona.
2. "Bona Fide Request." A written request submitted by a telecommunications company to a local exchange carrier for intraLATA equal access service or for interconnection arrangements.
3. "Central Office." A facility within a telecommunications system where calls are switched and which contains all the necessary equipment, operating arrangements, and interface points for terminating and interconnecting facilities such as subscribers' line and interoffice trunks.
4. "Competitive Telecommunications Service." Any telecommunications service where customers of the service within the relevant market have or are likely to have reasonably available alternatives.
5. "Docket Control Center." The Commission section responsible for the acceptance and processing of all applications and other filings, and for official record maintenance.
6. "Equal Access." An arrangement where a local exchange company provides all telecommunications companies operating in an equal access central office with dialing arrangements and other service characteristics that are equivalent in type and quality to what the local exchange carrier utilizes in the provision of its service.
7. "Local Exchange Carrier." A telecommunications company that provides local exchange service as one of the telecommunications services it offers to the public.
8. "Local Exchange Service." The telecommunications service that provides a local dial tone, access line, and local usage within an exchange or local calling area.
9. "Monopoly Service." A monopoly service is any telecommunications service provided by a telecommunications company that is not subject to competition in the relevant market.
10. "Primary Interexchange Company" or "PIC." The telecommunications company with whom a customer may presubscribe to provide 1+/0+ toll service, without the use of access codes, following equal access implementation.
11. "Rate." Within the context of this Article, this term refers to the maximum tariffed rate approved by the Commission, from which the competitive telecommunications service provided may be discounted down to the total service long-run incremental cost of providing the service.
12. "Relevant Market." Where buyers and sellers of a specific service or product, or a group of services or products, come together to engage in transactions. For telecommunications services, the relevant market may be identified on a service-by-service basis, a group basis, and/or by geographic location.
13. "Staff." The staff of the Arizona Corporation Commission or its designated representative or representatives.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

14. "Tariffs." The documents filed with the Commission which list the services and products offered by a telecommunications company and which set forth the terms and conditions and a schedule of the rates and charges for those services and products.
15. "Telecommunications Company." A public service corporation, as defined in the Arizona Constitution, Article 15, § 2, that provides telecommunications services within the state of Arizona and over which the Commission has jurisdiction.
16. "Telecommunications Service." Any transmission of interactive switched and non-switched signs, signals, writing, images, sounds, messages, data, or other information of any nature by wire, radio, lightwave, or any other electromagnetic means (including access services), which originate and terminate in this state and are offered to or for the public, or some portion thereof, for compensation.
17. "Total Service Long Run Incremental Cost." The total additional cost incurred by a telecommunications company to produce the entire quantity of a service, given that the telecommunications company already provides all of its other services. Total Service Long-run Incremental Cost is based on the least cost, most efficient technology that is capable of being implemented at the time the decision to provide the service is made.
18. "2-PIC Toll Equal Access." The equal access option that affords customers the opportunity to select one telecommunications company for all interLATA 1+/0+ toll calls and, at the customer's option, to select another telecommunications company for all intraLATA 1+/0+ toll calls.
19. "Unbundled." Disaggregation of the local exchange carrier network services.

**Historical Note**

Adopted effective June 27, 1995, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 95-2). Section heading corrected to "Definitions" as filed June 27, 1995 (Supp. 09-4).

**R14-2-1103. Certificates of Convenience and Necessity Required**

All telecommunications companies providing intrastate telecommunications services shall obtain a Certificate of Convenience and Necessity from the Commission, either under this Article, if competitive services are to be provided or, under Article 5. If the Commission determines that the services identified in an Application filed under this Article are not competitive, the Commission may nevertheless grant a Certificate of Convenience and authorize provision of the services on a noncompetitive basis pursuant to Article 5.

**Historical Note**

Adopted effective June 27, 1995, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 95-2). Amended effective December 31, 1998, under an exemption as determined by the Arizona Corporation Commission (Supp. 98-4). Amended by final rulemaking at 8 A.A.R. 4789, effective December 15, 2002 (Supp. 02-4).

**R14-2-1104. Expanded Certificates of Convenience and Necessity for Telecommunications Companies with Existing Certificates; Initial Tariffs**

- A. Effective July 1, 1995, every telecommunications company, except a local exchange carrier, that has received a Certificate

of Convenience and Necessity under Article 5, and that provides or intends to provide competitive, intraLATA telecommunications service shall file with the Docket Control Center 10 copies of an Application to expand its existing Certificate of Convenience and Necessity to provide competitive, intraLATA telecommunications service. In support of the request for an expanded Certificate of Convenience and Necessity, the Application shall, at a minimum, include the following information:

1. A description of the telecommunications company and of the telecommunications services it offers or intends to offer.
  2. The proper name and correct intrastate address of the telecommunications company and:
    - a. The full name of its owner if a sole proprietorship,
    - b. The full name of each partner if a partnership,
    - c. A full list of the officers and directors if a corporation, or
    - d. A full list of the members if a limited liability company.
  3. A tariff for each service to be provided that states the maximum rate as well as the initial price to be charged, and that also states other terms and conditions that will apply to provision of the service by the telecommunications company. The telecommunications company shall provide economic justification or cost support data if required by the Commission or by Staff.
  4. A detailed description of the geographic market to be served and maps depicting the area.
  5. Appropriate city, county and/or state agency approvals, where appropriate.
  6. Such other information as the Commission or the Staff may request.
- B. As part of the Application for an expanded Certificate of Convenience and Necessity, the telecommunications company shall also petition the Commission for a determination that the intraLATA service being provided or to be provided is competitive, pursuant to the requirements of R14-2-1108.
  - C. The Commission shall review the initial tariffs submitted by the telecommunications company and shall determine whether the rates, terms, and conditions for the proposed services are reasonable.
  - D. If it appears, based upon Staff review or upon comments filed with Commission Docket Control Center, that a rate, term, or condition of service stated in a tariff may be unjust or unreasonable, or that a service to be offered by the applicant may not be competitive, the Commission or Staff may require further information and/or changes to the application or to the tariff.
  - E. When the Application is submitted to the Docket Control Center, it will not be filed until it is found to be in proper form. The telecommunications company shall, no later than 20 days after the Application is filed publish legal notice of the Application in all counties where services will be provided. The notice shall describe with particularity the contents of the Application on file with the Commission. Interested persons shall have 20 days from the publication of legal notice to file objections to the Application and to submit a motion to intervene in the proceeding.

**Historical Note**

Adopted effective June 27, 1995, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 95-2). Amended by final rulemaking

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

at 8 A.A.R. 4789, effective December 15, 2002 (Supp. 02-4).

**R14-2-1105. Certificates of Convenience and Necessity for Telecommunications Companies Offering Competitive Services; Initial Tariff**

- A.** Effective July 1, 1995, every other telecommunications company, except a local exchange carrier, that has not previously received a Certificate of Convenience and Necessity, and that provides or intends to provide intrastate competitive telecommunications services shall file with the Docket Control Center 10 copies of an Application for a Certificate of Convenience and Necessity to provide competitive telecommunications services. In support of the request for a Certificate of Convenience and Necessity, the Application shall, at a minimum, include all the information required in R14-2-1104(A) and shall also include the following information:
1. A description of the telecommunications company's technical capability to provide the proposed services and a description of its facilities.
  2. Information describing the financial resources of the telecommunications company, including:
    - a. A current intrastate balance sheet,
    - b. A current income statement (if applicable),
    - c. A pro forma income statement, and
    - d. Comparable financial information evidencing sufficient financial resources.
  3. A copy of the Partnership Agreement, Articles of Incorporation, Articles of Organization, Joint Venture Agreement, or any other contract, agreement, or document that evidences the formation of the telecommunications company.
- B.** An Application filed under subsection (A) of this Section shall also petition the Commission for a determination that the service being provided or to be provided is competitive under the requirements of R14-2-1108.
- C.** An Application filed under subsection (A) of this Section shall be subject to the provisions of subsections R14-2-1104(D) and (E).
- D.** In appropriate circumstances, the Commission may require, as a precondition to certification, the procurement of a performance bond sufficient to cover any advances or deposits the telecommunications company may collect from its customers, or order that such advances or deposits be held in escrow or trust.

**Historical Note**

Adopted effective June 27, 1995, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 95-2). Amended by final rulemaking at 8 A.A.R. 4789, effective December 15, 2002 (Supp. 02-4).

**R14-2-1106. Grant of Certificate of Convenience and Necessity**

- A.** The Commission, after notice and hearing, may deny certification to any telecommunications company which:
1. Does not provide the information required by this Article;
  2. Is not offering competitive services, as defined in this Article;
  3. Does not possess adequate financial resources to provide the proposed services;
  4. Does not possess adequate technical competency to provide the proposed services; or
  5. Fails to provide a performance bond, if required.

- B.** Every telecommunications company obtaining a Certificate of Convenience and Necessity under this Article shall obtain certification subject to the following conditions:

1. The telecommunications company shall comply with all Commission rules, orders, and other requirements relevant to the provision of intrastate telecommunications service.
2. The telecommunications company shall maintain its accounts and records as required by the Commission.
3. The telecommunications company shall file with the Commission all financial and other reports that the Commission may require, and in a form and at such times as the Commission may designate.
4. The telecommunications company shall maintain on file with the Commission all current tariffs and rates, and any service standards that the Commission may require.
5. The telecommunications company shall cooperate with Commission investigations of customer complaints.
6. The telecommunications company shall participate in and contribute to a universal service fund, as required by the Commission.
7. Failure by a telecommunications company to comply with any of the above conditions may result in rescission of its Certificate of Convenience and Necessity.

**Historical Note**

Adopted effective June 27, 1995, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 95-2). Amended by final rulemaking at 8 A.A.R. 4789, effective December 15, 2002 (Supp. 02-4).

*Editor's Note: The following Section was amended under the regular rulemaking process and approved by the Arizona Attorney General's Office (Supp. 04-1).*

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1107. Application to Discontinue or Abandon Local Exchange or Interexchange Services**

- A.** Any telecommunications company providing competitive local exchange or interexchange service on a resold or facilities-based basis that intends to discontinue service or to abandon all or a portion of its service area shall file an application for authorization with the Commission setting forth the following:
1. Any reasons for the proposed discontinuance of service or abandonment of service area;
  2. Verification that all affected customers have been notified of the proposed discontinuance or abandonment, and that all affected customers will have access to an alternative local exchange service provider or interexchange service provider;
  3. Where applicable, a plan for the refund of deposits collected pursuant to subsection R14-2-503(B);
  4. A list of all alternative utilities providing the same or similar service within the affected geographic area.
- B.** When the application is submitted to the Docket Control Center, it will not be filed until it is found to be in proper form. No later than 20 days after the application is filed, the telecommunications company shall publish legal notice of the application

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

in all counties affected by the application. The legal notice shall describe with particularity the substance of the application. Interested persons shall have 30 days from the publication of legal notice to file objections to the application, to request a hearing, and to submit a motion to intervene in the proceeding.

- C. Once proper notice is effected and if no objection is filed, the Commission may grant the application without a hearing.

**Historical Note**

Adopted effective June 27, 1995, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 95-2). Amended by final rulemaking at 10 A.A.R. 1030, effective April 26, 2004 (Supp. 04-1).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1108. Determination of a Competitive Telecommunications Service**

- A. A telecommunications company may petition the Commission to classify as competitive any service or group of services provided by the company. The telecommunications company shall file with the Docket Control Center 10 copies of its petition. The telecommunications company also shall provide notice of its application to each of its customers, if any, and to each regulated telecommunications company that serves the same geographic area or provides the same service or group of services, or a service or group of services similar to the service or group of services for which the competitive classification is requested.
- B. The petition for competitive classification shall set forth the conditions within the relevant market that demonstrate that the telecommunications service is competitive, providing, at a minimum, the following information:
1. A description of the general economic conditions that exist which make the relevant market for the service one that is competitive;
  2. The number of alternative providers of the service;
  3. The estimated market share held by each alternative provider of the service;
  4. The names and addresses of any alternative providers of the service that are also affiliates of the telecommunications company, as defined in R14-2-801;
  5. The ability of alternative providers to make functionally equivalent or substitute services readily available at competitive rates, terms, and conditions; and
  6. Other indicators of market power, which may include growth and shifts in market share, ease of entry and exit, and any affiliation between and among alternative providers of the services.
- C. Alternatively, where the Commission has already classified a specific service within the relevant market as competitive, the petition shall provide the date and decision number of the Commission order.
- D. In any competitive classification proceeding, the telecommunications company filing the petition, and any telecommunications company supporting the petition, shall have the burden of demonstrating that the service at issue is competitive. Classification of the petitioners' service as competitive does not constitute classification of any service provided by another

telecommunications company as competitive, unless expressly ordered by the Commission.

- E. The Commission may initiate classification proceedings on its own motion and may require all regulated telecommunications companies potentially affected by the classification proceeding to participate in the proceeding. In an Order classifying a service as competitive, the Commission will specify whether the classification applies to the service provided by a specific company or companies or to that service provided by all telecommunications companies.
- F. If the Commission finds that a telecommunications company's service is competitive, the telecommunications company providing the service may obtain a rate change for the service by applying for streamlined rate treatment pursuant to R14-2-1110.
- G. Any finding by the Commission, pursuant to the provisions of this Section, that a telecommunications service is competitive so as to qualify for streamlined rate treatment shall not constitute a finding that the service is deregulated.
- H. Any telecommunications service classified by the Commission as competitive may subsequently be reclassified as noncompetitive if the Commission determines that reclassification would protect the public interest. Notice and hearing would be required prior to any reclassification. The burden of proof would be on the party seeking reclassification.

**Historical Note**

Adopted effective June 27, 1995, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 95-2).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1109. Pricing of Competitive Telecommunications Services**

- A. Pricing of Competitive Services. A telecommunications company governed by this Article may price a competitive telecommunications service at any level at or below the maximum rate stated in the company's tariff on file with the Commission, provided that the price for the service is not less than the company's total service long-run incremental cost of providing the service.
- B. Changing a Price. A telecommunications company governed by this Article may effect a price change for a competitive service so long as two conditions are met:
1. The changed price comports with the limitations stated in subsection (A); and
  2. The Commission is provided with concurrent, written notice of the price change.
- C. No Cross-subsidization. A competitive telecommunications service shall not be subsidized by any rate or charge for any noncompetitive telecommunications services. To ensure that no cross-subsidization exists, each competitive telecommunications service must provide revenues that equal or exceed the company's total service long-run incremental cost of providing the service.

**Historical Note**

Adopted effective June 27, 1995, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 95-2).

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1110. Competitive Telecommunications Services -- Procedures for Rate Change**

- A. Telecommunications companies governed by this Article may apply to the Commission for an increase in any rate for a competitive service using the procedures set forth below. All applications and supporting information shall be submitted with 10 copies and filed with Docket Control Center.
- B. In order to increase the maximum tariffed rate for a competitive telecommunications service, the applicant shall submit an application to the Commission containing the following information:
  1. A statement setting forth the reasons for which a rate increase is required;
  2. A schedule of current rates and proposed rates and the additional revenues to be derived from the proposed rates;
  3. An affidavit verifying that appropriate notice of the proposed rate increase has been provided to customers of the service;
  4. The Commission or staff may request any additional information in support of the application.
- C. The Commission may, at its discretion, act on the requested rate increase with or without an evidentiary hearing; in an expeditious manner.

**Historical Note**

Adopted effective June 27, 1995, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 95-2).

**R14-2-1111. Requirement for IntraLATA Equal Access**

- A. Each local exchange carrier shall provide 2-PIC toll equal access where technically and economically feasible, and in accordance with any procedures the Commission may order.
- B. The sequence for implementation of intraLATA equal access shall occur in the following manner:
  1. In response to a bona fide request for intraLATA equal access, a local exchange carrier shall complete implementation of intraLATA equal access within nine months of receiving the request. A person making such a bona fide request shall also provide a copy to the Arizona Corporation Commission.
  2. The local exchange carrier may implement intraLATA equal access in any central office on its own initiative but, in any event, shall make intraLATA equal access available in all its central offices no later than July 1, 1996, unless otherwise ordered by the Commission
- C. A local exchange carrier may petition the Commission for a waiver of the requirement in subsection (B)(1) on the grounds that compliance is not technically or economically feasible. A local exchange carrier may also petition the Commission for an extension of the requirement in subsection (B)(2) on the grounds that intraLATA equal access cannot reasonably or economically be provided within any specific exchanges within the required time-frame. The Commission may grant either of these waivers with or without a hearing. The local exchange carrier filing the waiver petition shall bear the burden of proof.

**Historical Note**

Adopted effective June 27, 1995, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 95-2). Amended by final rulemaking at 8 A.A.R. 4789, effective December 15, 2002 (Supp. 02-4).

**R14-2-1112. Interconnection Requirements**

All local exchange carriers must provide appropriate interconnection arrangements with other telecommunications companies at reasonable prices and under reasonable terms and conditions that do not discriminate against or in favor of any provider, including the local exchange carrier. Appropriate interconnection arrangements shall provide access on an unbundled, nondiscriminatory basis to physical, administrative, and database network components. Local exchange carriers shall provide appropriate interconnection arrangements within six months of receiving a bona fide request for interconnection. The interconnection arrangements must be in the form of a tariff and shall be filed with the Commission for its approval before becoming effective.

**Historical Note**

Adopted effective June 27, 1995, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 95-2). Amended by final rulemaking at 8 A.A.R. 4789, effective December 15, 2002 (Supp. 02-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General certification provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1113. Establishment of Universal Service Fund**

The Commission shall establish an intrastate universal service fund which shall assure the continued availability of basic telephone service at reasonable rates. The universal service fund shall be structured and administered as required by the Commission.

**Historical Note**

Adopted effective June 27, 1995, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 95-2).

**R14-2-1114. Service Quality Requirements for the Provision of Competitive Services**

- A. General Requirement. Telecommunications companies governed by this Article shall provide quality service in accordance with this rule and with any other service quality requirements established by the Commission.
- B. Telecommunications Company Responsibility. Each telecommunications company governed by this Article:
  1. Shall be responsible for maintaining in safe operating condition all equipment and fixtures owned by and under the exclusive control of the telecommunications company that are used in providing telecommunications services to the customer.
  2. Shall make known to applicants for its service and to its subscribers any information necessary to assist the subscriber or customer in obtaining adequate, efficient, and reasonably priced service.
- C. Continuity of Service. Each telecommunications company providing competitive telecommunications services pursuant to this Article shall make reasonable efforts to supply a satisfactory and continuous level of service.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

**D. Billing and Collection**

1. Each telecommunications company governed by this Article shall bill monthly for any competitive services rendered. The following minimum information must be provided on all customer bills:
  - a. A description of the service provided;
  - b. The monthly charge for each service provided;
  - c. The company's toll-free number for billing inquiries;
  - d. The amount or percentage rate of any privilege, sales, use or other taxes that are passed on to the customer as part of the charge for the service provided;
  - e. Any access or other charges that are imposed by order of or at the direction of the Federal Communications Commission; and
  - f. The date on which the bill becomes delinquent.
2. If the telecommunications company does not provide direct billing to its customers, it shall make arrangements for monthly bills to be rendered to all its customers. However, a local exchange carrier shall not provide billing and collection services for intrastate telecommunications services to any telecommunications company that does not have a Certificate of Convenience and Necessity from the Commission, and that does not have a certification application pending before the Commission.

**E. Insufficient Funds (NSF) Checks.** A telecommunications company governed by this Article may include in its tariffs a fee for each instance where a customer tenders payment for the competitive telecommunications service with an insufficient funds check. When a customer tenders an insufficient check, the telecommunications company may require the customer to make payment in cash, by money order, certified check, or other means which guarantees the customer's payment to the telecommunications company.**F. Deferred Payment Plan.**

1. Each telecommunications company may, in lieu of terminating service, offer any customer a deferred payment plan to retire unpaid bills for telecommunications company service. If a deferred payment arrangement is made, current service shall not be discontinued if the customer agrees to pay a reasonable portion of the outstanding balance in installments over a period not to exceed six months and agrees to pay all future bills in accordance with the billing and collection tariffs of the telecommunications company.
2. If a customer does not fulfill the terms of a deferred payment agreement, the telecommunications company shall have the right to disconnect service pursuant to the Commission's termination of service rule, R14-2-509.

**G. Late Payment Penalty.** A telecommunications company governed by this Article may include in its tariffs a late payment penalty which may be applied to delinquent bills. The amount of the late payment penalty shall be stated on a customer's bill when rendered by the telecommunications company or its agent.**H. Service Interruptions.**

1. Each telecommunications company shall make reasonable efforts to reestablish service within the shortest possible time when service interruptions occur. The telecommunications company shall issue instructions to its employees covering procedures to be followed in the event of any emergency, including national emergencies or local disasters, in order to prevent or mitigate interruption or impairment of service. The Commission shall be

notified of major interruptions in service affecting the entire system or any major division.

2. When a telecommunications company plans to interrupt service to perform necessary repairs or maintenance, the telecommunications company shall attempt to inform affected customers at least 24 hours in advance of the scheduled date and estimated duration of the service interruption. Such repairs shall be completed in the shortest possible time to minimize the inconvenience to the customers of the telecommunications company.

**I. Nonpermissible Termination of Service.** A telecommunications company governed by this Article may not disconnect service for:

1. The failure of a customer to pay for services or equipment which are not regulated by the Commission, or
2. For disputed bills where the customer has complied with the Commission's rules on complaints.

**J. Permissible Termination of Service.** Termination of service without notice may occur in accordance with the provisions of subsection R14-2-509(B). Termination of service with notice shall occur in accordance with provisions of R14-2-509(C) through (E). All local exchange carriers are prohibited from discontinuing local service for alleged delinquency of non-local bills.**K. Notice of Responsible Officer or Agent.** Each telecommunications company governed by this Article shall file a written statement with the Commission which provides the name, address (business, residence, and post office) and telephone numbers (business and residence) of at least one officer, agent, or one employee responsible for the general management of its operations as a telecommunications company in Arizona. Each telecommunications company shall give notice of any change in this information by filing a written statement with the Commission within five days from the date of any such change.**L. Competitive Local Exchange Service.** Any telecommunications company providing competitive local exchange service shall comply with the Commission's rules for establishment of service set forth in R14-2-503.**M. Denial of Service/Noncertificated Utilities.** A local exchange carrier shall deny service to a noncertificated telecommunications company that intends to use the service requested to provide telecommunications service for hire, sale, or resale to the general public within the state of Arizona. Service shall not be denied if the telecommunications company has an Application for a Certificate of Convenience and Necessity pending before the Commission.**Historical Note**

Adopted effective June 27, 1995, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 95-2). Amended by final rulemaking at 8 A.A.R. 4789, effective December 15, 2002 (Supp. 02-4).

**R14-2-1115. Administrative Requirements**

- A. Customer Service Complaints.** All customer service complaints concerning competitive telecommunications services shall be governed by the provisions of subsection R14-2-510(A).
- B. Customer Bill Disputes.** All customer bill disputes concerning competitive telecommunications services shall be governed by the provisions of R14-2-510(B) and (C).
- C. Filing of Tariffs, Price Levels, and Contracts.** Each telecommunications company governed by this Article shall file with the Commission current tariffs, price levels, and contracts that

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

comply with the provisions of this Article and with all Commission rules, orders, and all other requirements imposed by the laws of the state of Arizona.

1. Current tariffs for competitive services shall be maintained on file with the Commission pursuant to the requirements of A.R.S. § 40-365.
  2. Current price levels for competitive services shall be filed with the Commission pursuant to the requirements of R14-2-1109(B).
  3. Contracts of telecommunications companies governed by this Article shall be filed with the Commission not later than five business days after execution. If the contract includes both competitive and noncompetitive services, it must be filed at least five business days prior to the effective date of the contract and must separately state the tariffed rate for the noncompetitive services and the price for the competitive services.
  4. Contracts filed pursuant to this Article shall not be open to public inspection or made public except on order of the Commission, or by the Commission or a Commissioner in the course of a hearing or proceeding.
- D. Accounts and Records.**
1. Each telecommunications company shall keep general and subsidiary accounting books and records reflecting the cost of its intrastate properties, assets and liabilities, operating income and expenses, and all other accounting and statistical data which reflect complete, authentic, and accurate information regarding to its properties and operations. These accounting records shall be organized and maintained in such a way as to provide an audit trail through all segments of the telecommunications company's accounting system.
  2. With the exception of local exchange companies, each telecommunications company providing competitive telecommunications services shall maintain its books and records in accordance with Generally Accepted Accounting Principles as promulgated by the Financial Accounting Standards Board and its successors, as amended by any subsequent modification or official pronouncement thereto, which directly relates to regulated industries.
- E. Production of Accounts, Records, and Documents.**
1. All telecommunications companies governed by this Article shall immediately make available, at the time and place the Commission may designate, any accounting records that the Commission may request. Accounting records shall include all or any portion of a telecommunications company's formal and informal accounting books and records along with any underlying and/or supporting documents regardless of the physical location of such books, records, and documents. Accounting records shall also include all books, records or documents which specifically identify, support, analyze, or otherwise explain the reasonableness and accuracy of affiliated interest transactions.
  2. The Commission, at its sole discretion, may inspect any telecommunications company's formal and/or informal accounting books, records, and documents at the company's business premises or at its authorized representative's business premises which may be outside the state of Arizona. If inspection of the telecommunications company's accounting records does take place outside the state of Arizona, the telecommunications company will, to the extent legally permissible, assume all reasonable costs of travel, lodging, per diem, and all other miscellaneous costs incurred by participating personnel employed by the Commission or personnel contracted to represent the Commission in any manner.
- F. Annual Reports to the Commission.** All telecommunications companies providing competitive telecommunications services pursuant to this Article shall submit an annual report to the Commission which shall be filed on or before the 15th day of April for the preceding calendar year.
1. The annual report shall be in a form prescribed by the Commission and, at a minimum, shall contain the following information:
    - a. A statement of income for the reporting year similar in format to R14-2-103, Schedule (C)(1) or (E)(2). The income statement shall be Arizona-specific and reflect operating results in Arizona.
    - b. A balance sheet as of the end of the reporting year similar in format to R14-2-103, Schedule (E)(1). The balance sheet shall be Arizona-specific.
  2. Annual reports filed pursuant to this Article shall not be open to public inspection or made public except on order of the Commission, or by the Commission or a Commissioner in the course of a hearing or proceeding.
- G. Reports to the Securities and Exchange Commission.** All telecommunications companies shall file with the Commission a copy of all reports required by the Securities and Exchange Commission.
- H. Other Reports.** All telecommunications companies shall file with the Commission a copy of all annual reports required by the Federal Communications Commission and, where applicable, annual reports required by the Rural Electrification Administration or any other agency of the United States.
- I. Variations, Exemptions of Commission Rules.** The Commission may consider variations or exemptions from the terms or requirements of any of the rules included herein (14 A.A.C. 2, Article 11) upon the verified application of an affected party. The application must set forth the reasons why the public interest will be served by the variation or exemption from the Commission rules and regulations. Any variation or exemption granted shall require an order of the Commission. Where a conflict exists between these rules and an approved tariff or order of the Commission, the provisions of the approved tariff or order of the Commission shall apply.

**Historical Note**

Adopted effective June 27, 1995, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 95-2). Amended by final rulemaking at 8 A.A.R. 4789, effective December 15, 2002 (Supp. 02-4).

*Editor's Note: The following Article had Sections renumbered and amended by final rulemaking effective September 20, 2017 (Supp. 17-3).*

*Editor's Note: The following Article was amended by emergency rulemaking effective March 29, 2017, for 180 days (Supp. 17-1).*

*Editor's Note: The Arizona Corporation Commission has determined that the following Article is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

**ARTICLE 12. ARIZONA UNIVERSAL SERVICE FUND****R14-2-1201. Renumbered****Historical Note**

Adopted effective April 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-2). R14-2-1201 renumbered to R14-2-A1201 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-1201 permanently renumbered to R14-2-A1201 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-1202. Renumbered****Historical Note**

Adopted effective April 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-2). R14-2-1202 renumbered to R14-2-A1202 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-1202 permanently renumbered to R14-2-A1202 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-1203. Renumbered****Historical Note**

Adopted effective April 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-2). R14-2-1203 renumbered to R14-2-A1203 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-1203 permanently renumbered to R14-2-A1203 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-1204. Renumbered****Historical Note**

Adopted effective April 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-2). R14-2-1204 renumbered to R14-2-A1204 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-1204 permanently renumbered to R14-2-A1204 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-1205. Renumbered****Historical Note**

Adopted effective April 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-2). R14-2-1205 renumbered to R14-2-A1205 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-1205 permanently renumbered to R14-2-A1205 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-1206. Renumbered****Historical Note**

Adopted effective April 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-2). R14-2-1206 renumbered to R14-2-A1206 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-1206

permanently renumbered to R14-2-A1206 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-1207. Renumbered****Historical Note**

Adopted effective April 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-2). R14-2-1207 renumbered to R14-2-A1207 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-1207 permanently renumbered to R14-2-A1207 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-1208. Renumbered****Historical Note**

Adopted effective April 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-2). R14-2-1208 renumbered to R14-2-A1208 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-1208 permanently renumbered to R14-2-A1208 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-1209. Renumbered****Historical Note**

Adopted effective April 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-2). R14-2-1209 renumbered to R14-2-A1209 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-1209 permanently renumbered to R14-2-A1209 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-1210. Renumbered****Historical Note**

Adopted effective April 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-2). R14-2-1210 renumbered to R14-2-A1210 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-1210 permanently renumbered to R14-2-A1210 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-1211. Renumbered****Historical Note**

Adopted effective April 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-2). R14-2-1211 renumbered to R14-2-A1211 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-1211 permanently renumbered to R14-2-A1211 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-1212. Renumbered****Historical Note**

Adopted effective April 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-2). R14-2-1212 renumbered to R14-2-A1212

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-1212 permanently renumbered to R14-2-A1212 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-1213. Renumbered****Historical Note**

Adopted effective April 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-2). R14-2-1213 renumbered to R14-2-A1213 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-1213 permanently renumbered to R14-2-A1213 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-1214. Renumbered****Historical Note**

Adopted effective April 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-2). R14-2-1214 renumbered to R14-2-A1214 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-1214 permanently renumbered to R14-2-A1214 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-1215. Renumbered****Historical Note**

Adopted effective April 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-2). R14-2-1215 renumbered to R14-2-A1215 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-1215 permanently renumbered to R14-2-A1215 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-1216. Renumbered****Historical Note**

Adopted effective April 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-2). R14-2-1216 renumbered to R14-2-A1216 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-1216 permanently renumbered to R14-2-A1216 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-1217. Renumbered****Historical Note**

Adopted effective April 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-2). R14-2-1217 renumbered to R14-2-A1217 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-1217 permanently renumbered to R14-2-A1217 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**PART A. HIGH COST FUND****R14-2-A1201. Definitions**

In this Part, unless the context otherwise requires, the following definitions shall apply:

1. "Administrator" is the person designated pursuant to R14-2-A1212 to administer the AUSF and perform the functions required by this Article.
2. "Arizona Corporation Commission" or "Commission." The regulatory agency of the state of Arizona having jurisdiction over public service corporations operating in Arizona.
3. "Arizona Universal Service Fund" or "AUSF" is the funding mechanism established by this Article through which surcharges are collected and support paid in accordance with this Article.
4. "AUSF Support" is the amount of money, calculated pursuant to this Part, which a provider of basic local telephone exchange service is eligible to receive from the AUSF pursuant to this Part.
5. "AUSF Support Area" is the geographic area for which a local exchange carrier's eligibility to receive AUSF support is calculated.
6. "Basic local exchange telephone service" is telephone service that provides the following features:
  - a. Access to 1-party residential service with a voice grade line;
  - b. Access to touchtone capabilities;
  - c. Access to an interexchange carrier;
  - d. Access to emergency services, including but not limited to emergency 911;
  - e. Access to directory assistance service;
  - f. Access to operator service;
  - g. Access to a white page or similar directory listing; and
  - h. Access to telephone relay systems for the hearing and speech impaired.
7. "Benchmark rates" for a telecommunications services provider are those rates approved by the Commission for that provider for basic local exchange telephone service, plus the Customer Access Line Charge approved by the Federal Communications Commission.
8. "Commercial Mobile Radio Service" is any radio communication service carried on between mobile stations or receivers and land stations, or by mobile stations communicating among themselves, that is provided for profit and that makes available to the public service that is connected to the public switched network.
9. "Conversion Factor" is a multiplier that is used to convert a quantity of interconnecting trunks for both wireless and wireline customers into equivalent access lines, for the sole purpose of developing Category 1 surcharges. The value of the Conversion Factor shall be 10 until completion of the review provided for in R14-2-A1216.
10. "Interconnecting Trunk" is a 1-way or 2-way voice grade or equivalent voice grade switched message transmission channel furnished by a local switched access provider to a provider of wireless services or to a wireline customer of such local switched access provider to interconnect the provider of wireless services or wireline customer to the public switched network.
11. "Intermediate Local Exchange Carriers" are incumbent providers of basic local exchange telephone service with more than 20,000 access lines but fewer than 200,000 access lines in Arizona.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

12. "Large Local Exchange Carriers" are incumbent providers of basic local exchange telephone service serving 200,000 or more access lines in Arizona.
13. "Small Local Exchange Carriers" are incumbent providers of basic local exchange telephone service with 20,000 or fewer access lines in Arizona.
14. "Total Service Long Run Incremental Cost" is the total additional cost incurred by a telecommunications company to produce the entire quantity of a service, given that the telecommunications company already provides all of its other services. Total Service Long Run Incremental Cost is based on the least cost, most efficient technology that is capable of being implemented at the time the decision to provide the service is made.
15. "U.S. Census Blocks" are geographic areas defined by the U.S. Department of Commerce. The areas, which define the way in which census data is aggregated, generally contain between 250 and 550 housing units.

**Historical Note**

New Section R14-2-A1201 renumbered from R14-2-1201 and amended by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-A1201 permanently renumbered from R14-2-1201 and amended by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017; Section reference numbers were changed to agree with renumbered Sections pursuant to A.R.S. § 41-1011(C) (Supp. 17-3).

**R14-2-A1202. Calculation of AUSF Support**

- A. The amount of AUSF support to which a provider of basic local exchange telephone service is eligible for a given AUSF support area shall be based upon the difference between the benchmark rates for basic local exchange telephone service provided by the carrier, and the appropriate cost to provide basic local exchange telephone service as determined by the Commission, net of any universal service support from federal sources.
- B. For a small local exchange carrier, the AUSF support area shall include all exchanges served by the local exchange carrier in Arizona. The appropriate cost of providing basic local exchange telephone service for purposes of determining AUSF support for a small local exchange carrier shall be the embedded cost of the incumbent provider. For any request for AUSF support by a small local exchange carrier filed more than three years after the effective date of this Article, the AUSF support area shall be the geographic areas as determined by the Commission.
- C. For an intermediate local exchange carrier, the AUSF support area shall be either all exchanges in Arizona served by that carrier, or such other support area as may be approved by the Commission. The appropriate cost of providing basic local exchange telephone service for purposes of determining AUSF support for an intermediate local exchange carrier shall be the embedded cost of the incumbent provider. For any request for AUSF support by an intermediate local exchange carrier filed more than three years after the effective date of this Article, the AUSF support area shall be geographic areas as determined by the Commission, and the appropriate cost of providing basic local exchange telephone service for purposes of determining AUSF support shall be the Total Service Long Run Incremental Cost of the incumbent provider. In the event that the FCC adopts a somewhat different forward-looking costing methodology and/or a different geographic study/support area for the Federal universal service fund program, a

local exchange carrier may request a waiver from this rule in order to utilize the same cost study methodology and/or geographic study areas in both jurisdictions.

- D. For a large local exchange carrier, the AUSF support area shall be U.S. census block groups, and the appropriate cost of providing basic local exchange telephone service for purposes of determining AUSF support shall be the Total Service Long Run Incremental Cost. In the event that the FCC adopts a somewhat different forward-looking costing methodology and/or a different geographic study/support area for the Federal universal service fund program, a local exchange carrier may request a waiver from this rule in order to utilize the same cost study methodology and/or geographic study areas in both jurisdictions. Any request for AUSF support by a large local exchange carrier shall include a Total Service Long Run Incremental Cost study, or cost study based on FCC adopted methodology, of basic local exchange service. The cost study shall be developed and presented in a manner that identifies the cost for the individual support areas for which AUSF funding is being requested.

**Historical Note**

New Section R14-2-A1202 renumbered from R14-2-1202 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-A1202 permanently renumbered from R14-2-1202 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-A1203. Request for AUSF Support**

A provider of basic local exchange telephone service may request that the Commission authorize AUSF support with a filing under R14-2-103 or other method as the Commission may prescribe, and upon compliance with all applicable rules set forth in R14-2-1101 through R14-2-1115. A request for AUSF support shall include a statement describing the need for such funding. The Commission shall determine the appropriate cost of providing basic local exchange service for each AUSF support area for which AUSF support is requested and shall calculate in accordance with R14-2-A1202 the amount of AUSF support, if any, to which the applicant is entitled.

**Historical Note**

New Section R14-2-A1203 renumbered from R14-2-1203 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-A1203 permanently renumbered from R14-2-1203, by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017; a Section reference number was changed to agree with a renumbered Section pursuant to A.R.S. § 41-1011(C) (Supp. 17-3).

**R14-2-A1204. Funding of the AUSF**

- A. The AUSF shall be funded in accordance with this Article by all telecommunications service providers that interconnect to the public switched network. Within 30 days of the effective date of this Article, and thereafter on or before October 1 of each year, each telecommunications provider shall provide to the Administrator a list of all other telecommunications providers that interconnect to its facilities or network.
- B. The AUSF shall be funded equally by toll and local customers of the providers of telecommunications services, and shall be assessed in the following manner:
  1. Category 1 - Providers of basic local exchange service, as discussed in subsection (B)(1)(a), and other service providers as required under (B)(1)(a)(i) or permitted under

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

subsection (B)(3)(b), shall be considered providers of Category 1 service.

- a. One-half of the AUSF funding requirement will be collected through Category 1 service providers. Category 1 AUSF assessment will be based upon access lines and interconnecting trunks, and assessed by providers of local switched access as either an access line or interconnecting trunk surcharge. The "per access line" surcharge to be in place during a given year will be calculated by the Administrator using the total number of access lines and equivalent access lines deriving from interconnecting trunks that were in service for all Category 1 service providers on October 1 of the previous year. Access lines shall include business and residence lines, public access lines, and other identifiable access lines.
    - i. All wireless providers including but not limited to paging and other Commercial Mobile Radio Service providers, that interconnect to the public switched network will contribute to the AUSF under the requirements of Category 1. The number of interconnecting trunks obtained from the local access provider by the wireless provider shall be utilized in conjunction with a Conversion Factor to determine AUSF support from such wireless provider by means of a surcharge on such interconnecting trunks. A wireless provider that fails to contribute to the AUSF as required by this Article shall be subject to termination of its interconnection arrangements pursuant to R14-2-A1214(C).
  - b. On or before November 1 of each year, each Category 1 local switched access service provider shall provide to the Administrator the number of access lines and number of interconnecting trunks that were in service on October 1 of that year. The Administrator will use these numbers together with the Conversion Factor in calculating the per access line surcharge and per interconnecting trunk surcharge for the following year. The Administrator will multiply the total number of interconnecting trunks by the Conversion Factor to obtain an equivalent number of access lines for the purpose of calculating the surcharges.
2. Category 2 - Providers of intrastate toll service, or other service providers as permitted under subsection (B)(3), shall be considered providers of Category 2 service and shall be assessed AUSF charges as follows:
    - a. One-half of the AUSF funding requirement will be collected through Category 2 service providers. The Category 2 AUSF assessment will be based on total Arizona intrastate toll revenue, and assessed as a percent of revenue. The percent of revenue assessment to be in place during a given year will be calculated by the Administrator using the annual Arizona intrastate revenue for all Category 2 service providers for the previous year.
    - b. On or before November 1 of each year, each Category 2 service provider shall report to the Administrator the total Arizona intrastate revenue collected between August 1 of the current year and August 1 of the previous year. The Administrator will use this revenue so reported to calculate the AUSF assessment rate for the following year.

3. New telecommunications service providers.

- a. Telecommunications providers that begin providing basic local exchange service after the effective date of this Article shall be assessed AUSF charges pursuant to subsection (B)(1). Telecommunications providers that begin providing toll service after the effective date of this Article shall be assessed AUSF charges pursuant to subsection (B)(2).
  - b. All other telecommunications service providers that interconnect to the public switched network and begin providing telecommunications service after the effective date of this Article, shall choose to be considered either a Category 1, Category 2, or both Category 1 and Category 2 service provider. Such election shall be made in writing to the Administrator within 30 days of beginning to provide telecommunications service in Arizona, with a copy to the Director of Utilities. Written concurrence of the Director of Utilities must be received by the Administrator for such selection to be effective. Such selection will be irrevocable for a period of at least three years.
4. A telecommunications provider that provides both Category 1 and Category 2 services shall be assessed AUSF charges pursuant to both subsections (B)(1) and (2).

**Historical Note**

New Section R14-2-A1204 renumbered from R14-2-1204 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-A1204 permanently renumbered from R14-2-1204 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017; subsection references were updated for Chapter consistency and a Section reference number was changed to agree with a renumbered Section pursuant to A.R.S. § 41-1011(C) (Supp. 17-3).

**R14-2-A1205. Calculation of Surcharges**

- A. The Administrator will calculate the total AUSF support due all local exchange carriers who have been granted AUSF support by the Commission. Administrative costs and audit fees will be added to this amount. The amount of any excess funds in the AUSF will then be subtracted to determine the total funding requirement. The funding requirements from Category 1 and Category 2 service providers will then be calculated. One-half of the funding will be obtained from Category 1 providers through surcharges applied to access lines and interconnecting trunks in service. The other half will be obtained from Category 2 providers through surcharges on intrastate toll revenues.
- B. For the purpose of determining the surcharges, the Administrator will develop growth factors to apply to the total reported access lines and toll revenues. Such growth factors will be calculated at 1/2 of the estimated annual percentage growth in access lines and in toll revenues.
- C. Category 1 Surcharge. One-half of the total annual AUSF support approved by the Commission for all eligible recipients will be obtained from Category 1 service providers. A monthly per access line surcharge and a monthly per interconnecting trunk surcharge required to obtain this funding will be calculated as follows:
  1. Adding together the number of access lines and equivalent access lines for all Category 1 service providers, adjusted by the growth factor;

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

2. Dividing the total annual AUSF support approved by the Commission for all eligible recipients by 2 to obtain the portion of AUSF support required from Category 1 service providers;
  3. Dividing the amount of Category 1 AUSF support calculated in subsection (C)(2) by the sum of access lines calculated in subsection (C)(1) to yield the per access line surcharge;
  4. Dividing the per access line surcharge calculated in subsection (C)(3) by 12 to determine the monthly access line assessment;
  5. Multiplying the surcharge obtained in subsection (C)(4) by the Conversion Factor to determine the monthly interconnecting trunk surcharge.
- D. Category 2 Surcharge.** One-half of the total annual AUSF support approved by the Commission for all eligible recipients will be obtained from Category 2 service providers. A percent of revenue surcharge required to obtain this funding will be calculated as follows:
1. Totalling the annual intrastate toll revenues of all Category 2 service providers, adjusted by the growth factor;
  2. Dividing the total AUSF support approved by the Commission for all eligible recipients by 2 to obtain the portion of AUSF support required from Category 2 service providers;
  3. Dividing the amount of Category 2 AUSF support requirement calculated in subsection (D)(2) by the total annual intrastate toll revenues calculated in subsection (D)(1) to arrive at a percentage of revenue surcharge.
- E. Recipients of lifeline or other low-income support shall be exempt from paying a Category 1 surcharge.**

**Historical Note**

New Section R14-2-A1205 renumbered from R14-2-1205 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-A1205 permanently renumbered from R14-2-1205 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-A1206. Implementation**

- A.** Any provider of telecommunications service may file either an AUSF tariff or price list, if appropriate, establishing a flow-through mechanism to collect the surcharge approved by the Commission and calculated by the Administrator.
- B.** On or before the 20th day of each month, each Category 1 service provider responsible for collecting AUSF surcharges shall remit to the Administrator the AUSF surcharge, including any surcharge on wireless providers, collected by that provider during the preceding month. The Category 1 provider shall submit such documentation of AUSF revenues from the AUSF surcharge as may be required by the Administrator.
- C.** On or before the 20th day of each month, each Category 2 service provider responsible for collecting AUSF surcharges shall remit to the Administrator the AUSF surcharge collected by that provider during the third preceding month. The Category 2 provider shall submit such documentation of AUSF revenues from the AUSF surcharge as may be required by the Administrator.
- D. Eligible recipients of AUSF support are:**
  1. Providers of telecommunications service engaged in providing basic local exchange telephone service in Arizona which have obtained a Commission order authorizing payments from the AUSF; and

2. Providers that become entitled to AUSF support based upon the provisions of subsection (E).
- E.** If the Commission approves AUSF support to a provider of telecommunications service for a defined area, such AUSF support shall also be available to competitive providers of basic local exchange service in the same defined area that are contributing to the AUSF, and that are willing to provide service to all customers in the specific AUSF support area as defined by the Commission. The AUSF support to which the competitive provider is eligible shall be calculated on a per-customer basis, at the same level at which the incumbent provider of telecommunications service receives AUSF support, and shall not result in an increase in the total AUSF support available for the specific census block groups or study area. If basic exchange service is provided through the resale of another carrier's local loop facilities, AUSF support will only be available to the retail service provider if AUSF support is not included in the wholesale price for the resold local service. This Section shall not apply to small local exchange carriers nor to the universal service support being received by any telecommunications service provider as of the effective date of this Article.
- F.** For small local exchange carriers and for any basic local exchange telephone service provider receiving universal service support as of the effective date of this Article, the AUSF support shall not be available to competitive providers of basic local exchange service prior to completion of the review provided for in R14-2-A1216. Following completion of the review, AUSF support provided to small and intermediate local exchange carriers shall be available to all competitive providers of basic local exchange service in the same defined area that are contributing to AUSF, and that are willing to provide service to all customers in the specific geographic study area as defined by the Commission, unless otherwise ordered by the Commission.
- G.** Defined area, study area, geographic area, and support area mean the same area during the first three years of the effective date of this Article. After the first three years, they will still have the same meaning unless otherwise ordered by the Commission.

**Historical Note**

New Section R14-2-A1206 renumbered from R14-2-1206 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-A1206 permanently renumbered from R14-2-1206 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017; a subsection reference was updated for Chapter consistency and a Section reference number was changed to agree with a renumbered Section pursuant to A.R.S. § 41-1011(C) (Supp. 17-3).

**R14-2-A1207. Calculation of Monthly Payments and the Associated Collections**

- A.** For the monthly Category 1 AUSF payment, each provider of local switched access shall remit to the Administrator an amount equal to the number of access lines in service on the first day of the month, times the monthly surcharge per access line plus the number of interconnecting trunks in service on the first day of the month, times the monthly interconnecting trunk surcharge.
- B.** The monthly AUSF payment that each Category 2 provider shall remit to the Administrator is an amount equal to its monthly intrastate toll revenue times the monthly surcharge percentage.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- C. Payments must be received by the Administrator by the 20th day of each month. If the payment amount is greater than \$10,000, then it shall be wire transferred to the Administrator.
- D. The Administrator shall enter into an appropriate non-disclosure agreement with each telecommunications service provider to assure that information necessary to allocate AUSF funding obligations and to calculate surcharges is reported, maintained, and used in a manner that will protect the confidentiality of company specific data. The Administrator shall not use confidential data for any purpose other than administering the AUSF.

**Historical Note**

New Section R14-2-A1207 renumbered from R14-2-1207 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-A1207 permanently renumbered from R14-2-1207 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-A1208. Monthly AUSF Disbursements**

- A. AUSF disbursement shall be made 30 days following the date of AUSF collections.
- B. The Administrator shall not make AUSF support payments to a provider of telecommunications service until the Administrator has received a copy of a Commission decision authorizing the provider to receive such support.

**Historical Note**

New Section R14-2-A1208 renumbered from R14-2-1208 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-A1208 permanently renumbered from R14-2-1208 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-A1209. Procedures for Handling AUSF Rate Changes**

- A. Category 1 and Category 2 AUSF surcharges shall be revised when the Commission authorizes new or revised AUSF payments to any provider of telecommunications service. The Administrator shall calculate the new AUSF flow-through surcharges in accordance with this Article, which surcharges shall become effective upon the Commission's approval of the new or revised AUSF payments.
- B. An annual calculation to revise AUSF flow-through surcharges shall be made by the Administrator on December 1 of each year with an effective date the following January 1. The flow-through surcharges shall be calculated so that the total AUSF funding will equal the AUSF revenue requirements, plus administrative costs as well as any corrections and true-ups. No later than December 1 of each year, the Administrator shall provide notice to the Commission and all telecommunication service providers who pay into the AUSF of the flow-through surcharge rates for the following calendar year.

**Historical Note**

New Section R14-2-A1209 renumbered from R14-2-1209 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-A1209 permanently renumbered from R14-2-1209 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-A1210. Statement of Participation of All Telecommunications Service Providers in the AUSF**

- A. Within 30 days of the effective date of this Article, each telecommunications service provider shall provide a letter to the

Administrator acknowledging that provider's obligation under this Article to pay AUSF surcharges. Failure to provide such a letter shall be grounds for termination after written notice from the Administrator of the provider's interconnection with the public switched network.

- B. Any telecommunications service provider which begins providing telecommunications service after the effective date of this Article shall, within 30 days of beginning to provide intra-state service in Arizona, provide a letter to the Administrator acknowledging that provider's obligation under this Article to make monthly payments for the local and/or toll portion, as appropriate, of the AUSF contribution in accordance with this Article. Failure to provide such a letter shall be grounds for denying to the provider interconnection with the public switched network.

**Historical Note**

New Section R14-2-A1210 renumbered from R14-2-1210 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-A1210 permanently renumbered from R14-2-1210 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-A1211. Duties and Responsibilities of the AUSF Administrator**

The Administrator shall:

1. Develop, obtain, and, on or before December 15 of each year, file with the Commission such information and documentation as the Administrator deems necessary for the establishment and calculation of the Category 1 and Category 2 surcharges for the succeeding year. Such a filing shall also be made each time the Commission authorizes a change in the AUSF funding requirement.
2. Monitor the AUSF payments of all telecommunications providers.
3. Oversee the billing of AUSF surcharges.
4. Prepare the necessary forms to be used in reporting the AUSF collections and disbursements and maintain monthly records.
5. Coordinate the collection and disbursement of AUSF monies in accordance with this Article.
6. Prepare an annual report that provides a detailed accounting of the AUSF collections and disbursements and that identifies the annual cost of administration. The report shall be filed with the Commission on or before April 15 of each year.
7. Monitor procedures for auditing the AUSF collections and disbursements. The audit function shall be performed by an independent outside auditor.

**Historical Note**

New Section R14-2-A1211 renumbered from R14-2-1211 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-A1211 permanently renumbered from R14-2-1211 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-A1212. Interim Administrator**

US WEST Communications, Inc., will serve as interim Administrator of the AUSF and will perform the functions detailed herein that are required of the Administrator for a transition period until a private, neutral third party is appointed by the Commission to serve as Administrator of the AUSF. A neutral third party selected through

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

the competitive bid process shall be appointed no later than July 1, 1997.

**Historical Note**

New Section R14-2-A1212 renumbered from R14-2-1212 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-A1212 permanently renumbered from R14-2-1212 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-A1213. Guidelines for Auditing the AUSF**

- A. The AUSF records covering both collections and disbursements shall be audited at the end of the first year following the designation of a third party administrator. The AUSF records will then be audited at least once every other year in the subsequent years of operations.
- B. The records shall be examined for accuracy and the existence of effective internal controls to ensure that the AUSF is being administered appropriately and properly.
- C. An independent external auditor selected by the Commission shall be utilized to provide an unbiased audit opinion concerning the AUSF administration procedures and controls.
- D. Any costs for conducting audits will be deducted from the revenues of the AUSF prior to disbursement of funds.

**Historical Note**

New Section R14-2-A1213 renumbered from R14-2-1213 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-A1213 permanently renumbered from R14-2-1213 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-A1214. Enforcement of Collection of Delinquent AUSF Amounts**

- A. The Administrator shall issue past due notices to each provider of telecommunications service that is 15 days or more delinquent in submitting its AUSF payments to the Administrator. A copy of this notice shall be provided to the Commission.
- B. AUSF support payments shall be withheld from any provider of telecommunications service that is delinquent in submitting its AUSF payments to the Administrator. Each provider of telecommunications service will be fully liable for any accrued interest owing on its AUSF contributions that remain unpaid for 30 days. Such delinquent AUSF payments will begin accruing interest at the rate of 1 and 1/2% per month beginning with the 31st day until such amount is paid in full along with all accrued interest.
- C. The local switched access service provider shall promptly notify the Commission and the Administrator of the identity of any wireless provider which fails or refuses to pay its AUSF surcharge. Such notice shall also be directed to the wireless provider. If the wireless provider has not paid the amount due within 30 days of such notice, the interconnection provider shall terminate the wireless provider's interconnection until the full amount together with all accrued interest, is paid in full (unless the payment is in bonafide dispute and the wireless carrier has paid the undisputed amount).
- D. Failure by a telecommunications service provider to comply with the provisions of this Article may result in sanctions as determined by the Commission.

**Historical Note**

New Section R14-2-A1214 renumbered from R14-2-1214 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-

A1214 permanently renumbered from R14-2-1214 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-A1215. AUSF Annual Report**

- A. On or before April 1 of each year, the Administrator shall file with the Commission an annual report which shall summarize the preceding year activity and contain the following:
  1. A statement of AUSF collections and disbursements.
  2. A record of the total cost of administration of the AUSF.
  3. Audit reports from the audits conducted during the year.
- B. A copy of the annual report shall be provided to each provider of telecommunications service who contributes to the AUSF.

**Historical Note**

New Section R14-2-A1215 renumbered from R14-2-1215 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-A1215 permanently renumbered from R14-2-1215 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-A1216. Review Process**

- A. Not later than three years from the effective date of this Article, the Commission staff shall initiate a comprehensive review of this Article and shall provide the Commission with recommendations regarding any necessary changes to the Article. Any interested party may also make such recommendations. The Commission shall consider these recommendations in such proceeding as the Commission deems appropriate.
- B. The costs used to calculate AUSF funding levels for a given provider or AUSF support area shall be reviewed by the Commission at least every three years following the effective date for any authorized AUSF support for the provider or study area. The Commission may reduce the authorized funding level and require that the AUSF surcharge be recalculated on the basis of this review.

**Historical Note**

New Section R14-2-A1216 renumbered from R14-2-1216 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-A1216 permanently renumbered from R14-2-1216 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-A1217. Supersession of Existing USF Mechanism**

The universal service funding mechanism initially approved by the Commission in Decision No. 56639 (September 22, 1989) is superseded by this Article, except that any calculation, contribution or collection of, or entitlement to, universal service fund support approved by the Commission prior to the adoption of this Article shall remain in effect until otherwise ordered by the Commission or until the application of this Article leads to a different result.

**Historical Note**

New Section R14-2-A1217 renumbered from R14-2-1217 by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). R14-2-A1217 permanently renumbered from R14-2-1217 by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**PART B. ARIZONA UNIVERSAL SERVICE SUPPORT FOR SCHOOLS AND LIBRARIES****R14-2-B1218. Purpose**

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

The purpose of the E-rate Broadband Special Construction Project Matching Fund Program is to provide state funds for special construction projects involving the deployment of broadband to schools and libraries in Arizona so that Arizona schools and libraries may obtain federal matching funds under the FCC Universal Service Fund's Schools and Libraries Program. This Part shall be interpreted to maximize the availability of internet access to schools and libraries within Arizona and to maximize potential support from the FCC Universal Service Fund's Schools and Libraries Program to fill any connectivity gap in Arizona.

**Historical Note**

New Section R14-2-B1218 made by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). New Section R14-2-B1218 made by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-B1219. Definitions**

In this Part, unless the context otherwise requires, the following definitions shall apply:

1. The definitions contained in 47 CFR 54.500 (October 1, 2016), with no future editions or amendments, which are incorporated by reference; on file with the Commission; and published by and available from the U.S. Government Publishing Office, 732 North Capitol Street, NW, Washington, DC 20401-0001 and at <https://www.gpo.gov/fdsys/>;
2. The definitions in R14-2-A1201, to the extent applicable; and
3. The following definitions:
  - a. "Applicant" is a school, library, consortium, or other eligible entity that requests AUSF funds as provided in this Part.
  - b. "Category 1 services" are services used to connect broadband or internet to eligible locations or that provide basic conduit access to the internet, including "telecommunications services," "telecommunications," and "internet access" as defined in 47 CFR 54.5 (October 1, 2016), with no future editions or amendments, which is incorporated by reference; on file with the Commission; and published by and available from the U.S. Government Publishing Office, 732 North Capitol Street, NW, Washington, DC 20401-0001 and at <https://www.gpo.gov/fdsys/>.
  - c. "Category 2 services" are internal connections services needed to enable high speed broadband connectivity and broadband internal connections components, including local area networks (LAN/WLAN), internal connections components, basic maintenance of internal connections components, and managed internal broadband service.
  - d. "Data Transmission Services and Internet Access" is a Category 1 service type that includes broadband connectivity and basic conduit access to the Internet. This does not include charges for content, equipment purchase, or other services beyond basic conduit access to the internet. This service type also covers lit or dark fiber.
  - e. "Department of Education" or "DOE" means the Arizona Department of Education.
  - f. "Discount rate" means the percentage of cost coverage for an applicant, determined by the FCC for its E-rate Program using the percentage of students eligible for the National School Lunch Program or an equivalent measure of poverty, and the rural or urban status of the school district or library system as determined by the U.S. Census Bureau.
  - g. "Eligible provider" means a provider that has a 498 ID, also known as a Service Provider Identification Number or SPIN, obtained by filing an FCC Form 498.
  - h. "Eligible special construction" or "ESC" refers to special construction projects for Category 1 services that deploy new fiber or upgraded facilities to locations eligible for the E-rate Program. ESC may also include non-fiber based services.
  - i. "E-rate Broadband Special Construction Project Matching Fund" is the fund in Arizona that will make available to applicants matching state funds for Category 1 special construction costs in order to obtain up to an additional 10 percent discount from the federal universal fund.
  - j. "E-rate Modernization Orders" are the FCC Orders that have modernized the FCC's E-rate Program and have maximized schools' and libraries' options for purchasing affordable high-speed broadband connectivity: *Modernizing the E-Rate Program for Schools and Libraries, Connect America Fund*, WC Docket No. 13-184, *Report and Order and Further Notice of Proposed Rulemaking*, 29 FCC Rcd 8870 (2014); and *Second Report and Order and Order on Reconsideration*, 29 FCC Rcd. 15538 (2014).
  - k. "E-rate Program" is an FCC program that provides discounts to schools and libraries for eligible products and services.
  - l. "FCC Form 470" is the Description of Services Requested and Certification Form that schools and libraries complete to request services and establish eligibility.
  - m. "FCC Form 471" is the Services Ordered and Certification Form that schools and libraries use to report services ordered and discounts requested for those services.
  - n. "Federal Communications Commission" or "FCC" is the U.S. government agency that regulates interstate and international communications and oversees the federal universal service fund.
  - o. "Funding Commitment Decision Letter" or "FCDL" is a letter from USAC to the applicant which contains USAC's funding decisions on the applicant's funding requests.
  - p. "Funding Year" or "FY" is a 12-month period during which program support is being provided, beginning on July 1 and ending on June 30 of the following calendar year.
  - q. "Second E-rate Modernization Order" is the FCC Order that modernized the FCC's E-rate Program and provided for additional discounts when states match funds for high-speed broadband connections: *Modernizing the E-Rate Program for Schools and Libraries, Connect America Fund*, WC Docket No. 13-184, *Second Report and Order and Order on Reconsideration*, 29 FCC Rcd 15538 (2014).
  - r. "Special Construction Charges" are the upfront, non-recurring costs of ESC installations or upgrades, consisting of three components:
    - i. Construction of network facilities,
    - ii. Design and engineering, and

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- iii. Project management.
- s. "Staff designee" is the Director of the Commission's Utilities Division or another individual that the Commission assigns to perform duties under this Part.
- t. "Universal Service Administrative Company" or "USAC" is an independent, not-for-profit corporation created by the FCC in 1997 to administer the four universal service programs including universal service for schools and libraries.
- u. "Urban" means an individual school or library that is located in an "Urbanized Area" or "Urban Cluster" with a population of 25,000 or more as determined by the U.S. Census Bureau. All other schools or libraries are designated as "rural."
- v. "Vendor" is the entity that has been selected by the applicant and whose bid USAC has recognized in a FCDL to the applicant.

**Historical Note**

New Section R14-2-B1219 made by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). New Section R14-2-B1219 made by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-B1220. Availability of State Matching Funds for Special Construction Projects to Deploy Broadband**

- A. Applications for AUSF funds for E-rate matching purposes shall be limited to E-rate funding years 2017 and 2018.
- B. An applicant certified by the Department of Education shall be eligible to receive AUSF funds to cover special construction charges to the extent necessary to qualify the applicant to receive additional federal universal service funds of up to 10 percent of special construction charges as authorized by the Second E-rate Modernization Order.
- C. An applicant may not receive total support from the federal Universal Service Fund and AUSF in excess of 100 percent of special construction charges.
- D. Schools and libraries that elect to self-provision shall comply with all of the requirements set forth by the FCC in the Second E-rate Modernization Order.
- E. An ESC shall provide bandwidth sufficient to meet the minimum recommended bandwidth per student or the minimum recommended bandwidth for educational services established for the relevant funding year by the FCC and, without good cause, shall not exceed those standards.
- F. If the E-rate Program discount rate and additional match plus the AUSF funds received by an applicant do not cover 100 percent of the special construction charges, the applicant may include in its request filed with the DOE a request for additional AUSF funds. Additional AUSF funds requested under this subsection shall be awarded as follows:
  - 1. Applicants with 80 percent or higher E-rate Program discount rates shall be awarded AUSF funds before applicants with lower discount rates; and
  - 2. Applicants with discount rates between 60 and 80 percent may request additional AUSF funds for the uncovered amount, up to 50 percent of the uncovered special construction charges. Amounts requested above 50 percent of the uncovered special construction charges will not be considered without good cause shown by the applicant.

**Historical Note**

New Section R14-2-B1220 made by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180

days (Supp. 17-1). New Section R14-2-B1220 made by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-B1221. Procedures for Requesting State Matching Funds**

- A. An applicant shall file a request for state matching funds with the Department of Education, prior to submitting its FCC Form 471 to USAC.
- B. If an applicant meets all FCC eligibility requirements for its ESC, the applicant shall obtain a certification letter along with a letter from the Department of Education stating that the applicant is being awarded state matching funds.
- C. An applicant shall provide the Staff designee a copy of the certification letter and letter awarding state matching funds to it issued by the Department of Education and shall include a copy of the letter awarding state matching funds with its FCC Form 471 sent to USAC.
- D. Once USAC determines an applicant's eligibility for federal matching funds and issues a FCDL, the applicant shall notify the Department of Education and request that the Department of Education submit a letter to the Staff designee and the Administrator indicating that USAC has issued a FCDL to the applicant with an award of federal funds and including any other information relevant to the award in that particular case.
- E. Disbursement of AUSF funds shall be available for a period of up to five years after USAC has issued a FCDL to the applicant with an award of federal funds, notwithstanding R14-2-B1220(A).
- F. If USAC reduces or rescinds an applicant's award of federal matching funds following an audit, investigation, enforcement action, or consent decree, the applicant shall immediately notify the Department of Education and the Staff designee and shall reimburse the AUSF fund for any amount by which the AUSF funds received exceeded the federal matching funds award retained.

**Historical Note**

New Section R14-2-B1221 made by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). New Section R14-2-B1221 made by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-B1222. Administrator Responsibilities; Contributions to and Disbursements from the AUSF**

- A. The Administrator shall be responsible for administering the E-rate Broadband Special Construction Project Matching Fund Program and, in doing so, shall comply with R14-2-A1211 and R14-2-A1214.
- B. The Administrator shall:
  - 1. Determine the surcharge rates to fund the E-rate Broadband Special Construction Project Matching Fund Program, subject to Commission approval;
  - 2. Obtain surcharge collections; and
  - 3. Make disbursements from the AUSF for state matching funds as authorized by the Department of Education and the Commission or its Staff designee, as provided in this Section.
- C. The increase to the existing surcharge to fund the E-rate Broadband Special Construction Project Matching Fund Program shall be separately calculated and implemented in accordance with R14-2-A1204, R14-2-A1205(B) through (E), R14-2-A1206 (A) through (C), and R14-2-A1207.
- D. E-rate Broadband Special Construction Project Matching Fund Program surcharges shall not be collected for a period longer

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

than 12 months unless the surcharge collections from carriers in that 12-month period do not produce \$8 million in total funding. If the amount collected is less than the \$8 million cap, the increase in the AUSF surcharge for this Program shall continue until the \$8 million cap is reached. If the collections produce more than \$8 million in the 12-month period, the Commission Staff shall make a recommendation to the Commission regarding the disposition of the over-collected funds.

- E. A telecommunications service provider may collect the E-rate Broadband Special Construction Project Matching Fund Program surcharges from its customers in any manner it reasonably determines to be best for its business and its customers, but shall not in the aggregate collect more than that authorized by the Commission. The telecommunications service providers shall report and submit payment of assessments according to the schedule established by the Administrator.
- F. Within 30 days from the effective date of these rules, each telecommunications service provider that interconnects to the public switched network shall provide a letter to the Administrator acknowledging the telecommunications service provider's obligation to pay the new E-rate Broadband Special Construction Project Matching Fund Program surcharges authorized in this Part. Failure to provide such a letter may be grounds for denying the service provider interconnection with the public switched network, upon notice and opportunity to be heard before the Commission.
- G. An applicant shall:
  1. After accepting an eligible provider's bid for an ESC, notify within 15 days the Department of Education and the Administrator of the bid amount accepted so that the Administrator may allocate funds for the ESC; and
  2. After the vendor completes the project, submit to the Department of Education and Administrator a request for disbursement of the funds allocated for the ESC.
- H. The Administrator shall disburse AUSF funds allocated for an applicant's ESC upon approval from the Commission or its Staff designee.

**Historical Note**

New Section R14-2-B1222 made by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). New Section R14-2-B1222 made by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

**R14-2-B1223. Discontinuation of E-rate Broadband Special Construction Project Matching Fund Program**

- A. No applications for the E-rate Broadband Special Construction Project Matching Fund Program shall be accepted after the 2018 E-rate FY procurement cycle.
- B. Except as provided in subsection (C), the E-rate Broadband Special Construction Project Matching Fund Program shall be discontinued when all of the funds have been collected and all of the funds collected have been disbursed.
- C. The E-rate Broadband Special Construction Project Matching Fund Program may be discontinued earlier or later than specified in subsection (B) if required by the FCC or USAC.

**Historical Note**

New Section R14-2-B1223 made by emergency rulemaking at 23 A.A.R. 865, effective March 29, 2017, for 180 days (Supp. 17-1). New Section R14-2-B1223 made by final rulemaking at 23 A.A.R. 2822, effective September 20, 2017 (Supp. 17-3).

*Editor's Note: The Arizona Corporation Commission has determined that the following Article is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**ARTICLE 13. TELECOMMUNICATIONS INTERCONNECTION AND UNBUNDLING**

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1301. Application of Rules**

These rules govern interconnection requirements as provided in R14-2-1112. These rules apply to the provision of local exchange services by and between local exchange carriers as those terms are defined in R14-2-1102.

**Historical Note**

Adopted effective September 6, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-3).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1302. Definitions**

In this Article, unless the context otherwise requires, the following definitions shall apply:

1. "800 data base" means an 800 service data base that contains information on the screening and routing of 800 numbers that are in service.
2. "AIN data base" means a data base that is used in connection with an Advanced Intelligent Network (AIN) architecture. The AIN architecture enables telecommunications service providers to introduce advanced telecommunications services.
3. "ALI" or "Automatic Location Identification" means the process of electronically identifying and displaying the name of the subscriber and address of the calling telephone number to a person answering a 911 call.
4. "Central Office Code" means the first three digits of a seven-digit telephone number. Central office codes are assigned to telecommunications providers by the central office code administrator in accordance with the industry's central office code assignment guidelines.
5. "Centralized Message Distribution System" or "CMDS" means the system managed by Bellcore that assists in billing third party calls. Access to CMDS requires a Bellcore client company host.
6. "Directory Assistance Database Listings" means customer name, address, and telephone number listings in the LEC directory assistance database.
7. "E911" access means the ability of a LEC to interconnect with and deliver emergency calls, and associated ANI and ALI information, where available, to the E-911 controlling office for further routing to the appropriate Public Safety Answering Point.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

8. "Essential facility or service" means any portion, component, or function of the network or service offered by a provider of local exchange service: that is necessary for a competitor to provide a public telecommunications service; that cannot be reasonably duplicated; and for which there is no adequate economic alternative to the competitor in terms of quality, quantity, and price.
9. "Extended Area Service" or "EAS" means local (toll-free) calling provided between local exchange carrier exchanges (service areas).
10. "Incumbent Local Exchange Carrier" means any company providing service as a local exchange carrier in Arizona prior to June 23, 1995.
11. "Interconnection Services" means those features and functions of a local exchange carriers network that enable other local exchange carriers to provide local exchange and exchange access services. Interconnection services include, but are not limited to, those services offered by local exchange carriers which have been classified by the Commission as essential services.
12. "LIDB" or "Line Information Data Base" means a data base that contains access line information that is used by telecommunications service providers for billing validation.
13. "Local Exchange Carrier" or "LEC" means a telecommunications company that provides local exchange service as one of the telecommunications services it offers to the public.
14. "Local Number Portability" means permitting customers to choose between authorized providers of local exchange services within a given wire center without changing their telephone number and without impairment of quality, functionality, reliability, or convenience of use.
15. "Mutual traffic exchange" means the exchange of terminating local and EAS traffic between LECs such that all LECs terminate the local exchange traffic of all other LECs without explicitly charging each other for such traffic exchange.
16. "New Entrant Local Exchange Carrier" or "NELEC" means any company certificated by the Commission after June 23, 1995, as a local exchange carrier.
17. "Numbering Plan Administration" or "NPA" means a specific geographic area identified by a unique NPA code. The NPA (area code) is a 3-digit code that identifies the NPA for purposes of call routing. The NPA Administrator is the entity within a NPA that assigns central office prefixes (telephone numbers) to users in the NPA.
18. "Public Safety Answering Point" or "PSAP" means a communications facility operated on a 24-hour basis that is assigned the responsibility to receive 911 calls and, as appropriate, to dispatch public or private safety services or to extend, transfer, or relay 911 calls to the appropriate public or private safety agencies.
19. "Rate Center" means specific geographic locations from which airline mileage measurements are determined for the purpose of rating local, Extended Area Service (EAS), and toll traffic.
20. "Reciprocal Compensation" means the arrangement by which local exchange carriers compensate each other for like services used in the termination of local calls between the customers of the two carriers.
21. "Resale of local service" means the purchase by a local exchange carrier from another local exchange carrier a local exchange service provisioned directly to an end-user customer and rebrands it as its own service.
22. "Total Service Long Run Incremental Cost" or "TSLRIC" is as defined in R14-2-1102(17).
23. "White Pages Listings" means customer name, address, and telephone number listings in the white pages Section of LEC telephone directories.
24. "Yellow Pages Listings" means customer name, address, and telephone number listings in the yellow pages Section of LEC telephone directories.

**Historical Note**

Adopted effective September 6, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-3).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1303. Points of Interconnection**

- A. Incumbent LECs and NELECs shall, by mutual agreement, arrange for the points of interconnection of their respective networks.
- B. Each company interconnecting pursuant to the provisions of this Section shall be responsible for building and maintaining its own facilities to the point of interconnection. Companies are free to negotiate points of interconnection that involve the recurring and non-recurring compensation by one carrier for the transport facilities of another carrier.
- C. Each company interconnecting pursuant to the provisions of this Section shall be responsible for the traffic that originates on its network up to the point of interconnection, and for the terminating traffic handed off at the point of interconnection to the call's destination.
- D. Should the companies negotiating interconnection arrangements not be able to agree upon the points of interconnection, written notice to that effect shall be made to the Commission Staff by the carrier responding to the interconnection request. The notice shall contain a detailed description of the request itself and why interconnection at the point requested is not feasible.

**Historical Note**

Adopted effective September 6, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-3).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1304. Reciprocal Compensation**

- A. Local and EAS traffic shall be terminated by the LECs over the interconnection facilities described in R14-2-1303 on the basis of mutual traffic exchange, for a period of 24 months from the effective date of Commission approval of the first interconnection agreement pursuant to R14-2-1506.
- B. Any charges for the underlying transport facilities between the carriers shall be limited to the construction and maintenance charges specified in R14-2-1303.
- C. Notwithstanding the provisions of subsection (A), compensation arrangements may be made by mutual agreement between companies.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- D. If incumbent local exchange carriers and new entrant local exchange carriers do not arrive at compensation arrangements for local call termination by mutual agreement, they shall each file tariffs proposing permanent compensation mechanisms for terminating local calls within 18 months of the effective date of Commission approval of the first interconnection agreement pursuant to R14-2-1506. This Commission has expressed a preference for flat rate local calling and therefore those tariffs shall not contain usage-sensitive call termination charges, unless otherwise approved by the Commission.

**Historical Note**

Adopted effective September 6, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-3).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1305. Local and Toll Rating Centers**

- A. The incumbent LEC's local calling areas and existing EAS boundaries will be utilized for the purpose of classifying traffic as local, EAS, or toll for purposes of intercompany compensation.
- B. All LECs will use central office codes with rate centers matching the incumbent LEC's rate centers.
- C. All LECs shall be assigned the necessary central office codes for rate purposes.
- D. Until a central office code administrator is designated by the Federal Communications Commission to replace US West Communications, Inc., central office codes will be assigned to LECs, at no charge, in accordance with the industry's central office code assignment guidelines.
- E. No LEC may charge another LEC for changes to switch routing software necessitated by the creation, assignment, or reassignment of NPA or central office codes.

**Historical Note**

Adopted effective September 6, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-3).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1306. Access to Databases and other Network Functions**

- A. All LECs, including new and incumbent LECs, are required to provide nondiscriminatory access to all necessary network functions, databases, and service components required to provide competitive local exchange services. These elements include, but are not limited to, directory assistance database listings, white page listings, yellow page listings, 800 LIDB and AIN databases, CMDS hosting, Busy Line Verification and Busy Line Interrupt operator services, distribution of telephone directories, inclusion of NELEC information in the Call Guide Section of the directory, and E-911.
- B. Access to additional network functions, databases, and service components may be required from time to time by order of the

Commission. This provision does not preclude the incumbent LEC and NELECs from negotiating voluntary arrangements for access to additional network functions, databases, or service components so long as the contracts for the voluntary arrangements are filed with the Commission and such access is made available to all other NELECs, upon request, under non-discriminatory terms and conditions, including price.

- C. Incumbent LECs shall provide access that is at least equal in type, quality, and price to that provided to themselves, to any affiliate, from any affiliate, or to another incumbent LEC.
- D. LECs shall make available the call setup signaling resources and information necessary for setting up local and interexchange connections, including the use of signaling protocols used in the querying of data bases such as 800 and LIDB. LECs shall be prohibited from interfering with the transmission of signaling information between customers and network operators. LECs and NELECs shall have a duty to correct errors, support network management in a way that promotes network integrity, and prevent fraudulent use of a LEC's network.
- E. All LECs and NELECs shall cooperate in the development of a process to handle intercompany service ordering, provisioning, and billing, and, repair service referrals.

**Historical Note**

Adopted effective September 6, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-3).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1307. Unbundling**

- A. Local exchange carriers with less than 200,000 access lines shall be exempt from the unbundling requirements in these rules. Such exemption shall expire upon the receipt of a bona fide request from a certificated local exchange carrier for an unbundled facility, or if a carrier voluntarily chooses to offer unbundled services.
- B. The local exchange carrier's network facilities or services which are determined to be essential shall be provided on terms and under conditions that are equivalent to the terms and conditions under which a local exchange carrier provides such essential facilities or services to itself in the provision of the local exchange carrier's services. The pricing of essential facilities or services shall be pursuant to R14-2-1310 on pricing.
- C. The following local exchange carrier network capabilities are classified as essential facilities or services:
1. Termination of local calls,
  2. Termination of long distance calls,
  3. Interconnection with E911 and 911 services,
  4. Access to numbering resources,
  5. Dedicated channel network access connections, and
  6. Unbundled loops.
- D. Incumbent local exchange carriers shall make essential facilities or services available for purchase and use pursuant to negotiated agreements or an approved statement of terms and conditions which shall be filed with the Commission.
- E. The following guidelines apply when a certificated telecommunications company makes a bona fide request of an incumbent local exchange carrier to unbundle any network facility or

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

service capability not identified in subsection (C) or when a certificated telecommunications company makes a bona fide request to a NELEC that is the sole owner of essential facilities in the geographic area to unbundle any network facility or service capability. The request shall specify whether the network facility or service is considered by the requesting company to be essential.

1. For the 12 months following the effective date of these rules, the local exchange carrier shall respond to any such request in writing within 120 days. Thereafter, the local exchange carrier shall respond to any such request in writing within 90 days.
2. The response to an unbundling request shall clearly state whether the LEC or NELEC intends to provide the network facility or service on an unbundled basis and, if requested, whether it will be offered as an essential facility or service. If the LEC or NELEC does not intend to provide the requested network facility or service, the response shall state the basis for such refusal.
3. If the local exchange carrier or NELEC agrees to provide the network facility or service on an unbundled basis, the facility or service shall be provided pursuant to negotiated agreements or an approved statement of terms and conditions which shall be filed with the Commission.
4. If the local exchange carrier or NELEC asserts that unbundling the network facility or service is not technically feasible, notice to that effect shall be made to the requesting party and to the Commission.

**Historical Note**

Adopted effective September 6, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-3).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1308. Number Portability**

- A. All local exchange carriers shall make local number portability available to facilitate the ability of a customer to switch between authorized local exchange carriers within a given wire center without changing their telephone number and without impairment of quality, functionality, reliability, or convenience of use. Implementation of local number portability or other forms of local number portability shall be based on a technically and economically feasible solution that meets the needs of Arizona consumers and carriers in a competitively neutral manner.
- B. An incumbent local exchange carrier serving less than 200,000 access lines will not be required to implement local number portability solutions absent the certification and commitment by a new entrant local exchange carrier to provide service on a facilities basis in the incumbent's service territory.
- C. Until such time as local number portability becomes available through database technology, local exchange carriers shall provide interim local number portability pursuant to negotiated agreements or an approved statement of terms and conditions, which shall be filed with the Commission, and shall in addition comply with such other or additional requirements as may be adopted by the Commission.
- D. All telecommunication providers who terminate traffic into an exchange, or exchanges, in which the local number portability

database solution has been implemented shall utilize the database solution to ensure efficient and appropriate routing of traffic to Arizona customers.

**Historical Note**

Adopted effective September 6, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-3).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1309. Cost Methodology**

TSLRIC is the cost standard to be employed by the incumbent local exchange carrier in conducting the cost studies that establish the underlying cost of local exchange carrier services including unbundled essential facilities and services.

**Historical Note**

Adopted effective September 6, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-3).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1310. Pricing**

- A. Pricing of Basic Communication Services.
  1. The incumbent local exchange carrier shall provide the Commission with price floor calculations for local exchange and long distance services to ensure the avoidance of anti-competitive pricing practices. A NELEC can price below an incumbent LEC's TSLRIC price.
  2. Whenever the incumbent local exchange carrier introduces a new local exchange service or long distance service, or proposes to change the rate for an existing local exchange service or long distance service, the local exchange carrier shall provide to the Commission information that demonstrates that the proposed rate equals or exceeds a price floor calculation for that service using an imputation test described in subsection (C).
- B. Pricing of Interconnection Services by Local Exchange Providers.
  1. Incumbent local exchange carriers shall establish the price of each interconnection service, including access to databases and other network functions as described in R14-2-1306, at a level equivalent to its TSLRIC-derived costs which may include an assignment of verifiable indirect costs or a 10% addition for indirect costs to the TSLRIC direct costs at the choice of the incumbent LEC.
  2. Interim number portability shall be provided by the incumbent local exchange carrier at a price equal to TSLRIC. Any compensation which would otherwise have been received had a local or EAS call to a forwarded number been terminated directly to a customer's chosen carrier, should be passed through from the carrier from whose network the forwarded number is assigned, to the customer's chosen carrier to whose network the number is forwarded.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

## C. Imputation

1. An incumbent local exchange carrier shall recover in the retail price of each telecommunications service offered by the company the TSLRIC of all nonessential, and the imputed prices of all essential services, facilities, components, functions, or capabilities that are utilized to provision such telecommunications service, whether such service is offered pursuant to tariff or private contract.
2. Imputation requirements of this Section shall be applied in a manner that will permit a carrier providing a service to a customer that is or that becomes eligible for universal service support by order of the Commission to provide such retail service at a price that is net of any Commission-ordered universal service support funding, pursuant to the provisions of the Arizona Universal Service Fund rules.

**Historical Note**

Adopted effective September 6, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-3).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1311. Waivers**

The Commission may consider variations or exemptions from the terms or requirements of any of the rules included herein (14 A.A.C. 2, Article 13) upon application of an affected party. The application must set forth the reasons why the public interest will be served by the variation or exemption from the Commission rules. Any variation or exemption granted shall require an order of the Commission. Where a conflict exists between these rules and an approved tariff or order of the Commission, the provision of the approved tariff or order of the Commission shall apply.

**Historical Note**

Adopted effective September 6, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-3).

**ARTICLE 14. EMERGENCY EXPIRED****R14-2-1401. Emergency Expired****Historical Note**

Emergency rule adopted effective December 22, 1995, effective for a maximum of 180 days, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 95-4). Emergency expired.

**R14-2-1402. Emergency Expired****Historical Note**

Emergency rule adopted effective December 22, 1995, effective for a maximum of 180 days, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 95-4). Emergency expired.

**R14-2-1403. Emergency Expired****Historical Note**

Emergency rule adopted effective December 22, 1995, effective for a maximum of 180 days, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 95-4). Emergency expired.

**R14-2-1404. Emergency Expired****Historical Note**

Emergency rule adopted effective December 22, 1995, effective for a maximum of 180 days, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 95-4). Emergency expired.

*Editor's Note: The Arizona Corporation Commission has determined that the following Article is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**ARTICLE 15. ARBITRATION AND MEDIATION**

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1501. Application of Rules**

These rules govern procedures mandated by the Telecommunications Act of 1996, 47 U.S.C. 252, regarding the mediation, arbitration, review, and approval of interconnection agreements.

**Historical Note**

Emergency rule adopted effective July 23, 1996, effective for a maximum of 180 days, under a court-ordered

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

exemption as determined by the Arizona Corporation Commission; filed with the Office of the Secretary of State July 15, 1996 (Supp. 96-3). Emergency expired.

Emergency rule adopted again effective January 17, 1997, for a maximum of 180 days, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 97-1). Emergency expired. New Section adopted effective August 27, 1997, under an exemption as determined by the Arizona Corporation Commission (Supp. 97-3).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1502. Definitions**

- A. "Arbitration" means an alternative dispute resolution process in which the Arizona Corporation Commission decides the matter in dispute after the parties have had an opportunity to present their respective positions.
- B. "Arizona Corporation Commission" or "Commission" means the regulatory agency of the state of Arizona that has jurisdiction over public service corporations operating in Arizona.
- C. "Duty to Negotiate in Good Faith" means that parties meet and confer at reasonable times and places with minds open to persuasion and with an eye toward reaching agreement on mandatory subjects of bargaining.
- D. "Interconnection Agreement" means a formal agreement between any telecommunications carriers providing or intending to provide telecommunications services in Arizona, setting forth the particular terms and conditions under which interconnection and resale services, as appropriate, will be provided.
- E. "Mediation" means a voluntary alternative dispute resolution process in which a neutral third party assists the parties in reaching their own settlement. The mediator does not have the power to impose a resolution. The role of the mediator and the goal of the process is to help the parties achieve their own resolution.
- F. "Petition for arbitration" means the petition requesting arbitration of issues unresolved in the negotiation of an interconnection agreement.
- G. "Petitioner" means the party to the negotiation that files the petition for arbitration with the Commission.
- H. "Request for negotiation" means a formal request made by any telecommunications carrier providing or intending to provide telecommunications services in Arizona to another telecommunications carrier to negotiate an interconnection agreement.
- I. "Respondent" or "responding party" means the nonpetitioning party to the request for arbitration.

**Historical Note**

Emergency rule adopted effective July 23, 1996, effective for a maximum of 180 days, under a court-ordered exemption as determined by the Arizona Corporation Commission; filed with the Office of the Secretary of State July 15, 1996 (Supp. 96-3). Emergency expired. Emergency rule adopted again effective January 17, 1997, for a maximum of 180 days, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 97-1). Emergency expired. New Section adopted effective August 27, 1997, under an exemption as determined by the Arizona Corporation Commission (Supp. 97-3).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1503. Negotiation**

A telecommunications carrier initiating a request to negotiate shall notify the Commission when a request for negotiation has been made pursuant to 47 U.S.C. 252. The notification shall include the names of the negotiating parties and the date of the request. The notification shall be served on all parties to the negotiation.

**Historical Note**

Emergency rule adopted effective July 23, 1996, effective for a maximum of 180 days, under a court-ordered exemption as determined by the Arizona Corporation Commission; filed with the Office of the Secretary of State July 15, 1996 (Supp. 96-3). Emergency expired. Emergency rule adopted again effective January 17, 1997, for a maximum of 180 days, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 97-1). Emergency expired. New Section adopted effective August 27, 1997, under an exemption as determined by the Arizona Corporation Commission (Supp. 97-3).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1504. Mediation**

- A. Any party negotiating an agreement under 47 U.S.C. 252 may, at any point in the negotiation, ask the Commission to participate in the negotiation and to mediate any differences arising in the course of the negotiation.
- B. If a party requests mediation by the Commission, a non-Hearing Division employee of the Commission will be appointed to act as mediator.
- C. A request for mediation shall contain a brief statement of the nature of the dispute and the names, addresses, and telephone and telefax numbers of the parties or their representatives. Copies of the request shall be served on all parties to the negotiation.
- D. The mediator shall have discretion to regulate the course of the mediation, including scheduling of mediation sessions, in consultation with the parties. The following general procedures apply:
  1. The mediator will not impose a settlement but can offer proposals for settlement;
  2. The mediator may meet individually with the parties or attorneys during mediation;
  3. Only the parties to the negotiation may attend the mediation session or sessions, unless all parties consent to the presence of others;
  4. Parties shall provide the mediator with a brief statement of position and relevant background information prior to the first mediation session. The mediator may ask for this information to be supplemented;
  5. The mediator will not provide legal advice to the parties, nor will any mediator's statements as to law or policy be

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

binding on the Commission, unless later adopted by the Commission;

6. The mediation process is confidential, to the extent permitted by law. No stenographic record will be kept.
- E. All parties participating in a requested Commission mediation have a duty to negotiate in good faith. The mediator may terminate the mediation if it appears that the likelihood of agreement is remote or if a party is not participating in good faith, or for other good cause. Ordinarily, a mediation should not be terminated prior to the completion of at least one mediation session.

**Historical Note**

Emergency rule adopted effective July 23, 1996, effective for a maximum of 180 days, under a court-ordered exemption as determined by the Arizona Corporation Commission; filed with the Office of the Secretary of State July 15, 1996 (Supp. 96-3). Emergency expired. Emergency rule adopted again effective January 17, 1997, for a maximum of 180 days, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 97-1). Emergency expired. New Section adopted effective August 27, 1997, under an exemption as determined by the Arizona Corporation Commission (Supp. 97-3).

**Editor's Note:** *The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1505. Arbitration**

- A. Filing and Service of a Petition for Arbitration.
  1. During the period from the 135th to the 160th day (inclusive) after the date on which an incumbent local exchange carrier receives a request for negotiation under 47 U.S.C. 252(b)(1), any party to the negotiation may petition the Arizona Corporation Commission to arbitrate any open issues. The petition shall request arbitration of all issues which are unresolved at the time the petition is filed. Parties may continue to negotiate or otherwise resolve the disputed issues after arbitration is requested. The pendency of a mediation shall not bar a party from petitioning the Commission for arbitration.
  2. An original and 10 copies of a petition for arbitration shall be filed with the Commission. The petitioner shall deliver to the respondent a complete copy of the petition and all accompanying documentation on the same day that the petition is filed with the Commission.
- B. Contents of Petition and Documentation.
  1. A petition for arbitration shall clearly set forth the date upon which the original request for negotiation was received and the dates 135 days, 160 days, and nine months thereafter.
  2. A petition for arbitration shall be accompanied by all relevant documentation concerning the unresolved issues, the position of each of the parties with respect to those issues, and any other issue discussed and resolved by the parties. Relevant documentation includes, but is not limited to, the following:
    - a. A brief or other written statement addressing the disputed issues. The brief should address, in addition to any other matters, how the parties' positions and any conditions requested meet or fail to meet the requirements of 47 U.S.C. 251; any applicable Federal Communication Commission regulations; and any applicable regulation, order, or policy of this Commission.
    - b. Where prices are in dispute, the petitioner shall submit its proposed rates or charges and related supporting materials.
    - c. Any conditions which petitioner requests be imposed.
    - d. A proposed schedule for implementation of the terms and conditions of the agreement.
    - e. The petition may include a recommendation as to any information which should be requested from the parties by the arbitrator pursuant to 47 U.S.C. 252(b)(4)(B). The recommendation should state why the information is necessary for the arbitrator to reach a decision on the unresolved issues.
    - f. A proposed interconnection agreement.
    - g. Any other documents relevant to the dispute, including copies of all documents in their possession or control on which they rely in support of their positions or which they intend to present at the arbitration.
- C. Opportunity to Respond. The respondent may respond to the petition for arbitration within 25 days of the filing of the petition. The respondent shall respond to all the specific issues raised in the petition for arbitration.
- D. Confidentiality. Petitions, responses, accompanying material, and any documents provided to the Commission pursuant to a request under 47 U.S.C. 252(b)(4)(B) may be subject to the Arizona public disclosure law. However, a petition or response may include a request for issuance of a protective order.
- E. Discovery.
  1. Parties must cooperate in good faith in the voluntary, prompt, and informal exchange of all documents and other information relevant to the disputed issues, subject to claims of privilege or confidentiality. Parties must exchange copies of all documents relevant to the dispute, including those on which they rely in support of their position or which they intend to present at the arbitration.
  2. At the time of filing of a petition for arbitration, or a response, the petitioner may file discovery requests on the responding party, with an information copy provided to the arbitrator.
  3. Discovery requests not responded to may be submitted to the arbitrator, with a request that the arbitrator order the discovery, pursuant to 47 U.S.C. 252(b)(4)(B). The request should include an explanation of why the information is necessary to reach a decision on the unresolved issues.
  4. Failure to cooperate in discovery may be considered as a failure to negotiate in good faith.
- F. Appointment and Authority of Arbitrator.
  1. Arbitrations will be conducted by Commission Hearing Officers.
  2. The arbitrator will exercise all authority necessary to conduct the arbitration, subject to the provisions of these rules.
  3. The arbitrator may, in the arbitrator's discretion and to the extent practical, consolidate proceedings under 47 U.S.C. 252 in order to reduce administrative burdens on telecommunications carriers, other parties to the proceedings, and the Commission.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

4. The arbitrator may request the assistance of members of the Commission staff in reviewing the petition and accompanying materials, to the extent such staff members have not acted as mediator with respect to the same interconnection agreement between the same parties.
  5. The arbitrator will be authorized to recommend to the Commission a resolution of the disputed issues and any appropriate conditions to be imposed in the form of a Recommended Opinion and Order. The Commission will issue a final decision not later than nine months after the date on which the local exchange carrier received the request to negotiate.
- G.** Arbitration Proceeding. Arbitration allows an opportunity for parties to present their positions. However, arbitration does not require sworn testimony or cross-examination of witnesses. Arbitration proceedings will be conducted pursuant to procedures established by the Hearing Officer.
- H.** Fees and Costs. Each party shall be responsible for bearing its own fees and costs.
- I.** Any person wishing to comment on the Recommended Opinion and Order may do so by filing written comments with the Commission prior to the Commission's final decision.

**Historical Note**

Emergency rule adopted effective July 23, 1996, effective for a maximum of 180 days, under a court-ordered exemption as determined by the Arizona Corporation Commission; filed with the Office of the Secretary of State July 15, 1996 (Supp. 96-3). Emergency expired.

Emergency rule adopted again effective January 17, 1997, for a maximum of 180 days, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 97-1). Emergency expired. New Section adopted effective August 27, 1997, under an exemption as determined by the Arizona Corporation Commission (Supp. 97-3).

**Editor's Note:** *The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1506. Filing and Service of Request for Approval of Interconnection Agreement**

- A.** An interconnection agreement shall be submitted to the Commission for approval under 47 U.S.C. 252(e) within 30 calendar days of the issuance of the Commission's final decision on the petition for arbitration, in the case of arbitrated agreements, or, in the case of negotiated agreements, within 30 calendar days of the execution of the agreement. The 30-day deadline may be extended by the Commission for good cause.
- B.** An original and 10 copies of requests for approval shall be filed with the Docket Control section of the Commission. Any party to the agreement may submit a request for approval. Unless filed jointly by all parties, the request for approval and any accompanying materials should be served on the other signatories on the day of the filing.
- C.** A request for approval shall include the documentation set out in this subsection. The materials can be filed jointly or separately by the parties to the agreement but should all be filed by the 30-day deadline set out in subsection (A).
  1. Negotiated Agreements. The following documentation must be filed:
    - a. A complete copy of the signed agreement, including any attachments or appendices.
    - b. A brief or memorandum summarizing the main provisions of the agreement, setting forth the party's position as to why the agreement should be adopted, including a statement as to why the agreement does not discriminate against nonparty telecommunications carriers, is consistent with the public interest, convenience, and necessity, and is consistent with applicable state law requirements.

2. Arbitrated Agreements. The following documentation must be filed:
  - a. A complete copy of the signed agreement, including any attachments or appendices.
  - b. A brief or memorandum summarizing the main provisions of the agreement, setting forth the party's position as to why the agreement should or should not be adopted, in whole or in part, and a statement explaining how the agreement, in whole or in part, meets or does not meet each of the applicable specific requirements of 47 U.S.C. 251, including any applicable Federal Communications Commission regulations.
  - c. Complete and specific information to enable the Commission to make the determinations required by 47 U.S.C. 252(d).
  - d. A party may file a statement with the signed interconnection agreement, indicating that it has executed the agreement under protest and does not waive its right to appeal specified provisions of the agreement that were mandated by Order of the Commission.
3. Combination Agreements (Arbitrated/Negotiated). Any agreement containing both arbitrated and negotiated provisions shall include the foregoing materials as appropriate, depending on whether a provision is negotiated or arbitrated. The memorandum should clearly identify which provisions were negotiated and which were arbitrated.
- D.** Any filing not containing the required materials will be rejected and must be refiled when complete. The statutory timelines will not begin to run until a request has been properly filed.
- E.** Agreements containing both arbitrated and negotiated provisions will be subject to the 30-day deadline specified in 47 U.S.C. 252(e)(4).

**Historical Note**

Emergency rule adopted effective July 23, 1996, effective for a maximum of 180 days, under a court-ordered exemption as determined by the Arizona Corporation Commission; filed with the Office of the Secretary of State July 15, 1996 (Supp. 96-3). Emergency expired.

Emergency rule adopted again effective January 17, 1997, for a maximum of 180 days, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 97-1). Emergency expired. New Section adopted effective August 27, 1997, under an exemption as determined by the Arizona Corporation Commission (Supp. 97-3).

**Editor's Note:** *The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin*

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

*v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1507. Approval Procedure**

- A. Unless otherwise ordered by the Commission, a hearing will not be held for a request for approval of an interconnection agreement.
- B. The Commission will enter an order approving or rejecting the interconnection agreement within 30 days of request for approval of arbitrated agreements and agreements containing both arbitrated and negotiated provisions, or within 90 days of request for approval of negotiated agreements, with written findings as to any deficiencies.

**Historical Note**

Emergency rule adopted effective July 23, 1996, effective for a maximum of 180 days, under a court-ordered exemption as determined by the Arizona Corporation Commission; filed with the Office of the Secretary of State July 15, 1996 (Supp. 96-3). Emergency expired. Emergency rule adopted again effective January 17, 1997, for a maximum of 180 days, under a court-ordered exemption as determined by the Arizona Corporation Commission (Supp. 97-1). Emergency expired. New Section adopted effective August 27, 1997, under an exemption as determined by the Arizona Corporation Commission (Supp. 97-3).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1508. Amendments**

Any amendments to an interconnection agreement shall be filed with the Commission and, if not rejected by the Commission within 30 days of filing, such amended agreements will become effective.

1. For negotiated amendments, including amendments resolved by Commission or private mediation, Commission rejection shall be limited to discrimination against nonparty telecommunications carriers, lack of consistency with the public interest, convenience, and necessity, or lack of consistency with applicable state law requirements.
2. For amendments resolved through arbitration, whether by the Commission or private arbitrator, Commission rejection shall be limited to failure to meet any of the applicable specific requirements of 47 U.S.C. 251, including any applicable Federal Communications Commission regulations.

**Historical Note**

Adopted effective August 27, 1997, under an exemption as determined by the Arizona Corporation Commission (Supp. 97-3).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1509. Replacement or Subsequent Interconnection Agreements**

Replacement or subsequent interconnection agreements are subject to the provisions of this Article.

**Historical Note**

Adopted effective August 27, 1997, under an exemption as determined by the Arizona Corporation Commission (Supp. 97-3).

**ARTICLE 16. RETAIL ELECTRIC COMPETITION**

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1601. Definitions**

In this Article, unless the context otherwise requires:

1. "Affected Utilities" means the following public service corporations providing electric service:  
Tucson Electric Power Company, Arizona Public Service Company, Citizens Utilities Company, Arizona Electric Power Cooperative, Trico Electric Cooperative, Duncan Valley Electric Cooperative, Graham County Electric Cooperative, Mohave Electric Cooperative, Sulphur Springs Valley Electric Cooperative, Navopache Electric Cooperative, Ajo Improvement Company, and Morenci Water and Electric Company.
2. "Aggregation" means the combination and consolidation of loads of multiple customers.
3. "Aggregator" means an Electric Service Provider that, as part of its business, combines retail electric customers into a purchasing group.
4. "Ancillary Services" means those services designated as ancillary services in Federal Energy Regulatory Commission Order 888, including the services necessary to support the transmission of electricity from resource to load while maintaining reliable operation of the transmission system in accordance with good utility practice.
5. "Bundled Service" means electric service provided as a package to the consumer including all generation, transmission, distribution, ancillary and other services necessary to deliver and measure useful electric energy and power to consumers.
6. "Competition Transition Charge" (CTC) is a means of recovering Stranded Costs.
7. "Competitive Services" means all aspects of retail electric service except those services specifically defined as "Noncompetitive Services" pursuant to R14-2-1601(29) or noncompetitive services as defined by the Federal Energy Regulatory Commission.
8. "Consumer Education" is the provision of impartial information to consumers about competition or Competitive and Noncompetitive Services and is distinct from advertising and marketing.
9. "Control Area Operator" is the operator of an electric system or systems, bounded by interconnection metering and telemetry, capable of controlling generation to maintain its interchange schedule with other such systems and contributing to frequency regulation of the interconnection.
10. "Current Transformer" (CT) is an electrical device used in conjunction with an electric meter to provide a measurement of energy consumption for metering purposes.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

11. "Delinquent Accounts" means customer accounts with outstanding past-due payment obligations that remain unpaid after the due date.
12. "Direct Access Service Request" (DASR) means a form that contains all necessary billing and metering information to allow customers to switch electric service providers. This form must be submitted to the Utility Distribution Company by the customer's Electric Service Provider.
13. "Distribution Primary Voltage" is voltage as defined under the Affected Utility's Federal Energy Regulatory Commission (FERC) Open Access Transmission Tariff, except for Meter Service Providers, for which Distribution Primary Voltage is voltage at or above 600 volts (600V) through and including 25 kilovolts (25 kV).
14. "Distribution Service" means the delivery of electricity to a retail consumer through wires, transformers, and other devices that are not classified as transmission services subject to the jurisdiction of the Federal Energy Regulatory Commission; Distribution Service excludes Metering Services, Meter Reading Services, and billing and collection services, as those terms are used herein.
15. "Electric Service Provider" (ESP) means a company supplying, marketing, or brokering at retail any Competitive Services pursuant to a Certificate of Convenience and Necessity.
16. "Electric Service Provider Service Acquisition Agreement" or "Service Acquisition Agreement" means a contract between an Electric Service Provider and a Utility Distribution Company to deliver power to retail end users or between an Electric Service Provider and a Scheduling Coordinator to schedule transmission service.
17. "Electronic Data Interchange" (EDI) is the computer-to-computer electronic exchange of business documents using standard formats which are recognized both nationally and internationally.
18. "Generation" means the production of electric power or contract rights to the receipt of wholesale electric power.
19. "Green Pricing" means a program offered by an Electric Service Provider where customers elect to pay a rate premium for renewable generated electricity.
20. "Independent Scheduling Administrator" (ISA) is an entity, independent of transmission-owning organizations, intended to facilitate nondiscriminatory retail direct access using the transmission system in Arizona.
21. "Independent System Operator" (ISO) is an independent organization whose objective is to provide nondiscriminatory and open transmission access to the interconnected transmission grid under its jurisdiction, in accordance with the Federal Energy Regulatory Commission principles of independent system operation.
22. "Load Profiling" is a process of estimating a customer's hourly energy consumption based on measurements of similar customers.
23. "Load-Serving Entity" means an Electric Service Provider, Affected Utility, or Utility Distribution Company, excluding a Meter Service Provider, and Meter Reading Service Provider.
24. "Meter Reading Service" means all functions related to the collection and storage of consumption data.
25. "Meter Reading Service Provider" (MRSP) means an entity providing Meter Reading Service, as that term is defined herein and that reads meters, performs validation, editing, and estimation on raw meter data to create billing-ready meter data; translates billing-ready data to an approved format; posts this data to a server for retrieval by billing agents; manages the server; exchanges data with market participants; and stores meter data for problem resolution.
26. "Meter Service Provider" (MSP) means an entity providing Metering Service, as that term is defined herein.
27. "Metering and Metering Service" means all functions related to measuring electricity consumption.
28. "Must-Run Generating Units" are those local generating units that are required to run to maintain distribution system reliability and to meet load requirements in times of congestion on certain portions of the interconnected transmission grid.
29. "Net Metering" or "Net Billing" is a method by which customers can use electricity from customer-sited solar electric generators to offset electricity purchased from an Electric Service Provider. The customer only pays for the "Net" electricity purchased.
30. "Noncompetitive Services" means Distribution Service, Standard Offer Service, transmission, and any ancillary services deemed to be non-competitive by the Federal Energy Regulatory Commission, Must-Run Generating Units services, provision of customer demand and energy data by an Affected Utility or Utility Distribution Company to Electric Service Providers, and those aspects of Metering Service set forth in R14-2-1612(K).
31. "OASIS" is Open Access Same-Time Information System, which is an electronic bulletin board where transmission-related information is posted for all interested parties to access via the Internet to enable parties to engage in transmission transactions.
32. "Operating Reserve" means the generation capability above firm system demand used to provide for regulation, load forecasting error, equipment forced and scheduled outages, and local area protection to provide system reliability.
33. "Potential Transformer (PT)/Voltage Transformer (VT)" is an electrical device used to step down primary voltages to 120V for metering purposes.
34. "Provider of Last Resort" means a provider of Standard Offer Service to customers within the provider's certificated area whose annual usage is 100,000 kWh or less and who are not buying Competitive Services.
35. "Public Power Entity" incorporates by reference the definition set forth in A.R.S. § 30-801.16.
36. "Retail Electric Customer" means the person or entity in whose name service is rendered.
37. "Scheduling Coordinator" means an entity that provides schedules for power transactions over transmission or distribution systems to the party responsible for the operation and control of the transmission grid, such as a Control Area Operator, Arizona Independent Scheduling Administrator, or Independent System Operator.
38. "Self-Aggregation" is the action of a retail electric customer that combines its own metered loads into a single purchase block.
39. "Standard Offer Service" means Bundled Service offered by the Affected Utility or Utility Distribution Company to all consumers in the Affected Utility's or Utility Distribution Company's service territory at regulated rates including metering, meter reading, billing and collection services, demand side management services including but not limited to time-of-use, and consumer information ser-

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

vices. All components of Standard Offer Service shall be deemed noncompetitive as long as those components are provided in a bundled transaction under R14-2-1606(A).

40. "Stranded Cost" includes:
  - a. The verifiable net difference between:
    - i. The net original cost of all the prudent jurisdictional assets and obligations necessary to furnish electricity (such as generating plants, purchased power contracts, fuel contracts, and regulatory assets), acquired or entered into prior to December 26, 1996, under traditional regulation of Affected Utilities; and
    - ii. The market value of those assets and obligations directly attributable to the introduction of competition under this Article;
  - b. Reasonable costs necessarily incurred by an Affected Utility to effectuate divestiture of its generation assets;
  - c. Reasonable employee severance and retraining costs necessitated by electric competition, where not otherwise provided; and
  - d. Other transition and restructuring costs as approved by the Commission as part of the Affected Utility's Stranded Cost determination under R14-2-1607.
41. "System Benefits" means Commission-approved utility low income, demand side management, Consumer Education, environmental, renewables, long-term public benefit research and development, and nuclear fuel disposal and nuclear power plant decommissioning programs, and other programs that may be approved by the Commission from time to time.
42. "Transmission Primary Voltage" is voltage above 25 kV as it relates to metering transformers.
43. "Transmission Service" refers to the transmission of electricity to retail electric customers or to electric distribution facilities and that is so classified by the Federal Energy Regulatory Commission or, to the extent permitted by law, so classified by the Arizona Corporation Commission.
44. "Unbundled Service" means electric service elements provided and priced separately, including, but not limited to, such service elements as generation, transmission, distribution, Must Run Generation, metering, meter reading, billing and collection, and ancillary services. Unbundled Service may be sold to consumers or to other Electric Service Providers.
45. "Universal Node Identifier" is a unique, permanent, identification number assigned to each service delivery point.
46. "Utility Distribution Company" (UDC) means the electric utility entity regulated by the Commission that operates, constructs, and maintains the distribution system for the delivery of power to the end user point of delivery on the distribution system.
47. "Utility Industry Group" (UIG) refers to a utility industry association that establishes national standards for data formats.

**Historical Note**

Adopted effective December 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-4). Amended by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency amendment replaced by exempt permanent amendment effective December 31, 1998 (Supp. 98-4).

Amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4). Amended by exempt rulemaking at 7 A.A.R. 1661, effective March 30, 2001 (Supp. 01-1).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1602. Commencement of Competition**

- A. An Affected Utility's customers will be eligible for competitive electric services, subject to the phase-in schedule in R14-2-1604, on the date set by Commission Order in each Affected Utility's Stranded Cost and Unbundled Tariff proceeding.
- B. An Affected Utility's competitive electric affiliates or an affiliate of which it is a member shall not be permitted to offer Competitive Services in any other Affected Utility's service territory until the Commission has ordered the service area of the potential competitor's affiliated Affected Utility opened to competition.

**Historical Note**

Adopted effective December 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-4). Section repealed; new Section adopted by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1603. Certificates of Convenience and Necessity**

- A. Any Electric Service Provider intending to supply Competitive Services shall obtain a Certificate of Convenience and Necessity from the Commission pursuant to this Article. An Affected Utility need not apply for a Certificate of Convenience and Necessity to continue to provide electric service in its service area during the transition period set forth in R14-2-1604. A Utility Distribution Company providing Standard Offer Service, or services authorized in R14-2-1615, after January 1, 2001, need not apply for a Certificate of Convenience and Necessity. All other Affected Utility affiliates created in compliance with R14-2-1615(A) shall be required to apply for appropriate Certificates of Convenience and Necessity.
- B. Any company desiring such a Certificate of Convenience and Necessity shall file with the Docket Control Center the required number of copies of an application. In support of the request for a Certificate of Convenience and Necessity, the following information must be provided:
  1. A description of the electric services that the applicant intends to offer;
  2. The proper name and correct address of the applicant, and
    - a. The full name of the owner if a sole proprietorship,
    - b. The full name of each partner if a partnership,
    - c. A full list of officers and directors if a corporation, or
    - d. A full list of the members if a limited liability corporation;

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

3. A tariff for each service to be provided that states the maximum rate and terms and conditions that will apply to the provision of the service;
  4. A description of the applicant's technical ability to obtain and deliver electricity if appropriate and to provide any other proposed services;
  5. Documentation of the financial capability of the applicant to provide the proposed services, including the most recent income statement and balance sheet, the most recent projected income statement, and other pertinent financial information. Audited information shall be provided if available;
  6. A description of the form of ownership (for example, partnership, corporation);
  7. For an applicant that is an affiliate of an Affected Utility, a statement of whether the Affected Utility has complied with the requirements of R14-2-1616, including the Commission Decision approving the Code of Conduct, where applicable; and
  8. Such other information as the Commission or the staff may request.
- C.** The applicant shall report in a timely manner during the application process any changes in the information initially reported to the Commission in the application for a Certificate of Convenience and Necessity.
- D.** The applicant shall provide public notice of the application as required by the Commission.
- E.** At the time of filing for a Certificate of Convenience and Necessity, each applicant shall notify the Affected Utilities, Utility Distribution Companies, or an electric utility not subject to the jurisdiction of the Arizona Corporation Commission in whose service territories it wishes to offer service of the application by providing a copy of the application to the Affected Utilities, Utility Distribution Companies, or an electric utility not subject to the jurisdiction of the Arizona Corporation Commission. No later than 10 days after application is filed, each applicant shall provide written notice to the Commission, through Docket Control, that it has provided notification to each of the respective Affected Utilities, Utility Distribution Companies, or an electric utility not subject to the jurisdiction of the Arizona Corporation Commission. The attachment to the CC&N application should include a listing of the names and addresses of the notified Affected Utilities, Utility Distribution Companies or an electric utility not subject to the jurisdiction of the Arizona Corporation Commission.
- F.** The Commission may issue a Certificate of Convenience and Necessity that is effective for a specified period of time if the applicant has limited or no experience in providing the retail electric service that is being requested. An applicant receiving such approval shall have the responsibility to apply for appropriate extensions.
- G.** The Commission may deny certification to any applicant who:
1. Does not provide the information required by this Article;
  2. Does not possess adequate technical or financial capabilities to provide the proposed services;
  3. Seeks certification as a Load-Serving Entity and does not have an Electric Service Provider Service Acquisition Agreement with a Utility Distribution Company and Scheduling Coordinator, if the applicant is not its own Scheduling Coordinator;
  4. Fails to provide a performance bond, if required;
  5. Fails to demonstrate that its certification will serve the public interest;
  6. Seeks certification as a Load-Serving Entity and fails to submit an executed Service Acquisition Agreement with a Utility Distribution Company or a Scheduling Coordinator for approval by the Director, Utilities Division, prior to the offering of service to potential customers. Agreements are to be filed with the Compliance Section, Utilities Division.
- H.** A Request for approval of an executed Service Acquisition Agreement may be included with an application for a Certificate of Convenience and Necessity. In all negotiations relative to Service Acquisition Agreements, Affected Utilities or their successor entities are required to negotiate in good faith.
- I.** Every Electric Service Provider obtaining a Certificate of Convenience and Necessity under this Article shall obtain certification subject to the following conditions:
1. The Electric Service Provider shall comply with all Commission rules, orders, and other requirements relevant to the provision of electric service;
  2. The Electric Service Provider shall maintain accounts and records as required by the Commission;
  3. The Electric Service Provider shall file with the Director, Utilities Division, through the Compliance Section, all financial and other reports that the Commission may require and in a form and at such times as the Commission may designate;
  4. The Electric Service Provider shall maintain on file with the Commission all current tariffs and any service standards that the Commission shall require;
  5. The Electric Service Provider shall cooperate with any Commission investigation of customer complaints;
  6. The Electric Service Provider shall obtain all necessary permits and licenses, including relevant tax licenses;
  7. The Electric Service Provider shall comply with all disclosure requirements pursuant to R14-2-1617;
  8. Failure to comply with any of the above conditions may result in rescission of the Electric Service Provider's Certificate of Convenience and Necessity.
- J.** In appropriate circumstances, the Commission may require, as a precondition to certification, the procurement of a performance bond sufficient to cover any advances or deposits the applicant may collect from its customers, or order that such advances or deposits be held in escrow or trust.
- K.** Time-frames for processing applications for Certificates of Convenience and Necessity
1. This rule prescribes time-frames for the processing of any application for a Certificate of Convenience and Necessity issued by the Arizona Corporation Commission pursuant to this Article. These time-frames shall apply to applications filed on or after the effective date of this rule.
  2. Within 120 calendar days after receipt of an application for a new Certificate of Convenience and Necessity, or to amend or change the status of any existing Certificate of Convenience and Necessity, staff shall notify the applicant, in writing, that the application is either administratively complete or deficient. If the application is deficient, the notice shall specify all deficiencies.
  3. Staff may terminate an application if the applicant does not remedy all deficiencies within 60 calendar days of the notice of deficiency.
  4. After receipt of a corrected application, staff shall notify the applicant within 90 calendar days if the corrected application is either administratively complete or deficient. The time-frame for administrative completeness review shall be suspended from the time the notice of

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

deficiency is issued until staff determines that the application is complete.

5. Within 180 calendar days after an application is deemed administratively complete, the Commission shall approve or reject the application.
6. For purposes of A.R.S. § 41-1072, et seq., the Commission has established the following time-frames:
  - a. Administrative completeness review time-frame: 120 calendar days;
  - b. Substantive review time-frame: 180 calendar days;
  - c. Overall time-frame: 300 calendar days.
7. If an applicant requests, and is granted, an extension or continuance, the appropriate time-frames shall be tolled from the date of the request during the duration of the extension or continuance.
8. During the substantive review time-frame, the Commission may, upon its own motion or that of any interested party to the proceeding, request a suspension of the time-frame rules.

**Historical Note**

Adopted effective December 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-4). Amended by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency amendment replaced by exempt permanent amendment effective December 31, 1998 (Supp. 98-4). Amended effective December 31, 1998, under an exemption as determined by the Arizona Corporation Commission (Supp. 98-4). Amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4).

**Editor's Note:** *The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1604. Competitive Phases**

- A. At the date established under R14-2-1602(A), each Affected Utility shall make available at least 20% of its 1995 system retail peak demand for competitive generation supply on a first-come, first-served basis as further described in this rule. First-come, first-served, for the purpose of this rule, shall be determined for nonresidential customers by the date and time of an Electric Service Provider's filing of a Direct Access Service Request with the Affected Utility or Utility Distribution Company. The effective date of the Direct Access Service Request must be within 60 days of the filing date of the Direct Access Service Request. Residential customer selection will be determined under approved residential phase-in programs as specified in subsection (B)(4).
  1. All Affected Utility customers with single premise non-coincident peak demand load of 1 MW or greater will be eligible for competitive electric services upon the commencement of competition. Customers meeting this requirement shall be eligible for competitive services until at least 20% of the Affected Utility's 1995 system peak demand is served by competition.
  2. Any class of customer may aggregate into a minimum combined load of 1 MW or greater within an Affected Utility's service territory and be eligible for competitive

electric services. From the commencement of competition under R14-2-1602 through December 31, 2000, aggregation of new competitive customers will be allowed until such time as at least 20% of the Affected Utility's 1995 peak demand is served by competitors.

3. Affected Utilities shall notify customers eligible under this subsection of the terms of the subsection no later than 60 days prior to the start of competition within its service territory.
4. Effective January 1, 2001, all Affected Utility customers irrespective of size will be eligible for Aggregation and Self-Aggregation. Aggregation and Self-Aggregation customers purchasing their electricity and related services at any time after the effective date of these rules must do so from a certificated Electric Provider as provided for in these rules.
- B. As part of the minimum 20% of 1995 system peak demand set forth in subsection (A), each Affected Utility shall reserve a residential phase-in program that provides an increasing minimum percentage of residential customers with access to competitive electric services according to the following schedule:
  1.
 

January 1, 1999	1 1/4%
April 1, 1999	2 1/2%
July 1, 1999	3 3/4%
October 1, 1999	5%
January 1, 2000	6 1/4%
April 1, 2000	7 1/2%
July 1, 2000	8 3/4%
October 1, 2000	10%
  2. Access to the residential phase-in program will be on a first-come, first-served basis. The Affected Utility shall create and maintain a waiting list to manage the residential phase-in program, which list shall promptly be made available to any certificated Load-Serving Electric Service Provider upon request.
  3. Residential customers participating in the residential phase-in program shall be permitted to use load profiling to satisfy the requirements for hourly consumption data; however, they may choose other metering options offered by their Electric Service Provider consistent with the Commission's rules on metering.
  4. If not already done, each Affected Utility shall file a residential phase-in program proposal to the Commission, through Docket Control, for approval by Director, Utilities Division, by September 15, 1999. Interested parties will have until September 30, 1999, to comment on any proposal. At a minimum, the residential phase-in program proposal will include specifics concerning the Affected Utility's proposed:
    - a. Process for customer notification of residential phase-in program;
    - b. Selection and tracking mechanism for customers based on first-come, first-served method;
    - c. Customer notification process and other education and information services to be offered;
    - d. Load Profiling methodology and actual load profiles, if available; and
    - e. Method for calculation of reserved load.
  5. After the commencement of competition under R14-2-1602, each Affected Utility shall file quarterly residential phase-in program reports with the Compliance Section, Utilities Division, within 45 days of the end of each quarter. The first such report shall be due within 45 days of

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

the first quarter ending after the start of the phase-in of competition for that Affected Utility. The final report due under this rule shall be due within 45 days of the quarter ending December 31, 2002. As a minimum, these quarterly reports shall include:

- a. The number of customers and the load currently enrolled in residential phase-in program by Energy Service Provider,
  - b. The number of customers currently on the waiting list,
  - c. A description and examples of all customer education programs and other information services including the goals of the education program and a discussion of the effectiveness of the programs, and
  - d. An overview of comments and survey results from participating residential customers.
6. Aggregation or Self-Aggregation of residential customers is allowed subject to the limitations of the phase-in percentages in this rule.
- C. Each Affected Utility shall file a report by November 1, 1999, detailing possible mechanisms to provide benefits, including rate reductions of 3% - 5%, to all Standard Offer customers.
- D. All customers shall be eligible to obtain competitive electric services no later than January 1, 2001.
- E. Retail consumers served under existing contracts are eligible to participate in the competitive market prior to expiration of the existing contract only if the Affected Utility and the consumer agree that the retail consumer may participate in the competitive market.
- F. Schedule Modifications for Cooperatives
1. An electric cooperative may request that the Commission modify the schedule described in subsections (A) through (E) so as to preserve the tax-exempt status of the cooperative or to allow time to modify contractual arrangements pertaining to delivery of power supplies and associated loans.
  2. As part of the request, the cooperative shall propose methods to enhance consumer choice among generation resources.
  3. The Commission shall consider whether the benefits of modifying the schedule exceed the costs of modifying the schedule.

**Historical Note**

Adopted effective December 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-4). Amended by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency amendment replaced by exempt permanent amendment effective December 31, 1998 (Supp. 98-4).

Amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1605. Competitive Services**

Except as provided in R14-2-1615(C), Competitive Services shall require a Certificate of Convenience and Necessity and a tariff as

described in R14-2-1603. A properly certificated Electric Service Provider may offer Competitive Services under bilateral or multi-lateral contracts with retail consumers.

**Historical Note**

Adopted effective December 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-4). Amended by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency amendment replaced by exempt permanent amendment effective December 31, 1998 (Supp. 98-4).

Amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1606. Services Required to be Made Available**

- A. On the date its service area is open to competition under R14-2-1602, each Affected Utility or Utility Distribution Company shall make available Standard Offer Service and Noncompetitive Services at regulated rates. After January 1, 2001, Standard Offer Service and Noncompetitive Services shall be provided by Utility Distribution Companies who shall also act as Providers of Last Resort.
- B. After January 1, 2001, power purchased by an investor owned Utility Distribution Company for Standard Offer Service shall be acquired from the competitive market through prudent, arm's length transactions, and with at least 50% through a competitive bid process.
- C. Standard Offer Tariffs
  1. By July 1, 1999, or pursuant to Commission Order, whichever occurs first, each Affected Utility shall file proposed tariffs to provide Standard Offer Service. Such rates shall not become effective until approved by the Commission. Any rate increase proposed by an Affected Utility or Utility Distribution Company for Standard Offer Service must be fully justified through a rate case proceeding.
  2. Standard Offer Service tariffs shall include the following elements, each of which shall be clearly unbundled and identified in the filed tariffs:
    - a. Competitive Services:
      - i. Generation, which shall include all transaction costs and line losses;
      - ii. Competition Transition Charge, which shall include recovery of generation related regulatory assets;
      - iii. Generation-related billing and collection;
      - iv. Transmission Services;
      - v. Metering Services;
      - vi. Meter Reading Services; and
      - vii. Optional Ancillary Services, which shall include spinning reserve service, supplemental reserve, regulation and frequency response service, and energy imbalance service.
    - b. Non-Competitive Services:
      - i. Distribution services;
      - ii. Required Ancillary services, which shall include scheduling, system control and dis-

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- patch service, and reactive supply and voltage control from generation sources service;
- iii. Must-Run Generating Units;
- iv. System Benefit Charges; and
- v. Distribution-related billing and collection.
- 3. Affected Utilities and Utility Distribution Companies may file proposed revisions to such rates with the Commission through Docket Control. Any rate increase proposed by an Affected Utility or Utility Distribution Company for Standard Offer Service must be fully justified through a rate case proceeding, which may be expedited at the discretion of the Utilities Division Director.
- 4. Such rates shall reflect the costs of providing the service.
- 5. Consumers receiving Standard Offer Service are eligible for potential future rate reductions as authorized by the Commission.
- 6. After January 2, 2001, tariffs for Standard Offer Service shall not include any special discounts or contracts with terms, or any tariff that prevents the customer from accessing a competitive option, other than time-of-use rates, interruptible rates, or self-generation deferral rates.
- D. By the effective date of these rules, or pursuant to Commission Order, whichever occurs first, each Affected Utility or Utility Distribution Company shall file an Unbundled Service tariff that shall include a Noncompetitive Services tariff. The Unbundled Service tariff shall calculate the items listed in R14-2-1606(C)(2)(b) on the same basis as those items are calculated in the Standard Offer Service tariff.
- E. To manage its risks, an Affected Utility or Electric Service Provider may include in its tariffs deposit requirements and advance payment requirements for Unbundled Services.
- F. Affected Utilities and Utility Distribution Companies must accept power and energy delivered to their distribution systems by other Load-Serving Entities and offer distribution and distribution-related ancillary services comparable to services they provide to themselves at their Noncompetitive Services tariffed rates.
- G. Customer Data
  1. Upon written authorization by the customer, a Load-Serving Entity shall release in a timely and useful manner that customer's billing data, including consumption, demand, and power factor (if available), for the most recent 12-month period to a customer-specified properly certificated Electric Service Provider.
  2. The Electric Service Provider requesting such customer data shall provide an accurate account number for the customer.
  3. The form of data shall be mutually agreed upon by the parties and such data shall not be unreasonably withheld.
  4. Utility Distribution Companies shall be allowed access to the Meter Reading Service Provider server for customers served by the Utility Distribution Company's distribution system.
- H. Rates for Unbundled Services
  1. The Commission shall review and approve rates for Competitive Services and Noncompetitive Services subject to Commission jurisdiction, before such services can be offered.
  2. Such rates shall reflect the costs of providing the services.
  3. Such rates may be downwardly flexible if approved by the Commission.
- I. Electric Service Providers offering Competitive Services under this R14-2-1606 shall provide adequate supporting documentation for their proposed rates. Where rates are approved

by another jurisdiction, such as the Federal Energy Regulatory Commission, those rates shall be provided as part of the supporting documentation.

**Historical Note**

Adopted effective December 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-4). Amended by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency amendment replaced by exempt permanent amendment effective December 31, 1998 (Supp. 98-4).

Amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1607. Recovery of Stranded Cost of Affected Utilities**

- A. The Affected Utilities shall take every reasonable, cost-effective measure to mitigate or offset Stranded Cost by reducing costs, expanding wholesale or retail markets, or offering a wider scope of permitted regulated utility services for profit, among others.
- B. The Commission shall allow a reasonable opportunity for recovery of unmitigated Stranded Cost by Affected Utilities.
- C. The Affected Utilities shall file estimates of unmitigated Stranded Cost on or before July 1, 1999, or pursuant to Commission Order, whichever occurs first. Such estimates shall be fully supported by analyses and by records of market transactions undertaken by willing buyers and willing sellers.
- D. An Affected Utility shall request Commission approval, on or before July 1, 1999, or pursuant to Commission Order, whichever occurs first, of distribution charges or other means of recovering unmitigated Stranded Cost. The filing may include a discounted stranded cost exit methodology that a consumer may choose to use to determine an amount due the Affected Utility in lieu of making monthly distribution charge or other payments.
- E. The Commission shall, after hearing and consideration of analyses and recommendations presented by the Affected Utilities, staff, and intervenors, determine for each Affected Utility the magnitude of Stranded Cost, and appropriate Stranded Cost recovery mechanisms and charges. In making its determination of mechanisms and charges, the Commission shall consider at least the following factors:
  1. The impact of Stranded Cost recovery on the effectiveness of competition;
  2. The impact of Stranded Cost recovery on customers of the Affected Utility who do not participate in the competitive market;
  3. The impact, if any, on the Affected Utility's ability to meet debt obligations;
  4. The impact of Stranded Cost recovery on prices paid by consumers who participate in the competitive market;
  5. The degree to which the Affected Utility has mitigated or offset Stranded Cost;
  6. The degree to which some assets have values in excess of their book values;
  7. Appropriate treatment of negative Stranded Cost;

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

8. The time period over which such Stranded Cost charges may be recovered. The Commission shall limit the application of such charges to a specified time period;
  9. The applicability of Stranded Cost to interruptible customers.
- F.** A Competition Transition Charge (CTC) may be assessed on all retail customers based on the amount of generation purchased from any supplier. Any reduction in electricity purchases from an Affected Utility resulting from self-generation, demand side management, or other demand reduction attributable to any cause other than the retail access provisions of this Article shall not be used to calculate or recover any Stranded Cost from a consumer.
- G.** Stranded Cost shall be recovered from customer classes in a manner consistent with the specific company's current rate treatment of the stranded asset, in order to effect a recovery of Stranded Cost that is in substantially the same proportion as the recovery of similar costs from customers or customer classes under current rates. In no event shall the Competition Transition Charge be utilized as a mechanism for double recovery of Stranded Cost from Standard Offer Service customers.
- H.** The Commission may consider securitization as a financing method for recovery of Stranded Cost of the Affected Utility if the Commission finds that such method of financing will result in a lower cost alternative to customers.
- I.** The Commission may, after notice and hearing, order regular revisions to estimates of the magnitude of Stranded Cost.

**Historical Note**

Adopted effective December 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-4). Amended by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency amendment replaced by exempt permanent amendment effective December 31, 1998 (Supp. 98-4). Amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1608. System Benefits Charges**

- A.** Each Affected Utility or Utility Distribution Company shall file for Commission review non-bypassable rates or related mechanisms to recover the applicable pro-rata costs of System Benefits from all consumers located in the Affected Utility's or Utility Distribution Company's service area. Affected Utilities or Utility Distribution Companies shall file for review of the Systems Benefits Charge at least every three years. The amount collected annually through the System Benefits charge shall be sufficient to fund the Affected Utilities' or Utility Distribution Companies' Commission-approved System Benefits. Filings shall be made with the Commission through Docket Control.
- B.** Each Affected Utility or Utility Distribution Company shall provide adequate supporting documentation for its proposed rates for System Benefits.

- C.** An Affected Utility or Utility Distribution Company shall recover the costs of System Benefits only upon hearing and approval by the Commission of the recovery charge and mechanism. The Commission may combine its review of System Benefits charges with its review of filings pursuant to R14-2-1606.

**Historical Note**

Adopted effective December 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-4). Amended by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency amendment replaced by exempt permanent amendment effective December 31, 1998 (Supp. 98-4). Amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1609. Transmission and Distribution Access**

- A.** The Affected Utilities shall provide nondiscriminatory open access to transmission and distribution facilities to serve all customers. No preference or priority shall be given to any distribution customer based on whether the customer is purchasing power under the Affected Utility's Standard Offer or in the competitive market. Any transmission capacity that is reserved for use by the retail customers of the Affected Utility's Utility Distribution Company shall be allocated among Standard Offer customers and competitive market customers on a pro-rata basis.
- B.** Utility Distribution Companies shall retain the obligation to assure that adequate transmission import capability is available to meet the load requirements of all distribution customers within their service areas. Utility Distribution Companies shall retain the obligation to assure that adequate distribution system capacity is available to meet the load requirements of all distribution customers within their service areas.
- C.** The Commission supports the development of Federal Energy Regulatory Commission-approved Regional Transmission Organization (RTO), an Independent System Operator (ISO) or, absent a Regional Transmission Organization or an Independent System Operator, an Arizona Independent Scheduling Administrator (AISA). The Commission believes that such organizations are necessary in order to provide nondiscriminatory retail access and to facilitate a robust and efficient electricity market.
- D.** Affected Utilities that own or operate Arizona transmission facilities shall form an Arizona Independent Scheduling Administrator that shall file with the Federal Energy Regulatory Commission within 60 days of this Commission's adoption of final rules herein, for approval of an Independent Scheduling Administrator having the following characteristics:
1. The Arizona Independent Scheduling Administrator shall calculate Available Transmission Capacity (ATC) for Arizona transmission facilities that belong to the Affected Utilities or other Arizona Independent Scheduling

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

Administrator participants and shall develop and operate an overarching statewide OASIS.

2. The Arizona Independent Scheduling Administrator shall implement and oversee the nondiscriminatory application of operating protocols to ensure statewide consistency for transmission access. These operating protocols shall include, but are not limited to, protocols for determining transmission system transfer capabilities, committed uses of the transmission system, available transfer capabilities, Must-Run Generating Units, energy scheduling, and energy imbalances.
  3. The Arizona Independent Scheduling Administrator shall provide dispute resolution processes that enable market participants to expeditiously resolve claims of discriminatory treatment in the reservation, scheduling, use, and curtailment of transmission services.
  4. All requests (wholesale, Standard Offer retail, and competitive retail) for reservation and scheduling of the use of Arizona transmission facilities that belong to the Affected Utilities or other Arizona Independent Scheduling Administrator participants shall be made to, or through, the Arizona Independent Scheduling Administrator using a single, standardized procedure.
  5. The Arizona Independent Scheduling Administrator shall implement a transmission planning process that includes all Arizona Independent Scheduling Administrator participants and aids in identifying the timing and key characteristics of required reinforcements to Arizona transmission facilities to assure that the future load requirements of all participants will be met.
- E.** If not previously filed, the Affected Utilities that own or operate Arizona transmission facilities shall file a proposed Arizona Independent Scheduling Administrator implementation plan with the Commission, through Docket Control, within 30 days of the Commission's adoption of final rules herein. The implementation plan shall address Arizona Independent Scheduling Administrator governance, incorporation, financing, and staffing; the acquisition of physical facilities and staff by the Arizona Independent Scheduling Administrator; the schedule for the phased development of Arizona Independent Scheduling Administrator functionality and proposed transition to a regional Independent System Operator or Regional Transmission Organization; contingency plans to ensure that critical functionality is in place no later than three months following adoption of final rules herein by the Commission; and any other significant issues related to the timely and successful implementation of the Arizona Independent Scheduling Administrator.
- F.** Each of the Affected Utilities shall make good faith efforts to develop a regional, multi-state Independent System Operator or Regional Transmission Organization, to which the Arizona Independent Scheduling Administrator should transfer its relevant assets and functions and characteristics as specified in R14-2-1609(D) as the Independent System Operator or Regional Transmission Organization becomes able to carry out those functions. Absent Federal Energy Regulatory Commission approval of an Arizona Independent Scheduling Administrator, the functions and characteristics as specified in R14-2-1609(D) will be assumed by the Independent System Operator or Regional Transmission Organization.
- G.** It is the intent of the Commission that prudently-incurred costs incurred by the Affected Utilities in the establishment and operation of the Arizona Independent Scheduling Administrator, and subsequently the Independent System Operator or
- Regional Transmission Organization, should be recovered from customers using the transmission system, including the Affected Utilities' wholesale customers, Standard Offer retail customers, and competitive retail customers on a nondiscriminatory basis through Federal Energy Regulatory Commission-regulated prices. Proposed rates for the recovery of such costs shall be filed with the Federal Energy Regulatory Commission and this Commission through Docket Control. In the event that the Federal Energy Regulatory Commission does not permit recovery of prudently incurred Independent Scheduling Administrator costs within 90 days of the date of making an application with the Federal Energy Regulatory Commission, the Commission may authorize Affected Utilities to recover such costs through a distribution surcharge.
- H.** The Commission supports the use of "Scheduling Coordinators" to provide aggregation of customers' schedules to the Independent Scheduling Administrator and the respective Control Area Operators simultaneously until the implementation of a regional Independent System Operator or Regional Transmission Organization, at which time the schedules will be submitted to the Independent System Operator or Regional Transmission Organization. The primary duties of Scheduling Coordinators are to:
1. Forecast their customers' load requirements;
  2. Submit balanced schedules (that is, schedules for which total generation is equal to total load of the Scheduling Coordinator's customers plus appropriate transmission and distribution line losses) and North American Electric Reliability Council/Western Systems Coordinating Council tags;
  3. Arrange for the acquisition of the necessary transmission and ancillary services;
  4. Respond to contingencies and curtailments as directed by the Control Area Operators, Arizona Independent Scheduling Administrator, or Independent System Operator or Regional Transmission Organization;
  5. Actively participate in the schedule checkout process and the settlement processes of the Control Area Operators, Arizona Independent Scheduling Administrator, or Independent System Operator or Regional Transmission Organization.
- I.** The Affected Utilities and Utility Distribution Companies shall provide services from the Must-Run Generating Units to Standard Offer Service retail customers and competitive retail customers on a comparable, nondiscriminatory basis at regulated prices. The Affected Utilities shall specify the obligations of the Must-Run Generating Units in appropriate sales contracts prior to any divestiture. Under auspices of the Arizona Independent Scheduling Administrator, the Affected Utilities and other stakeholders shall develop statewide protocols for pricing and availability of services from Must-Run Generating Units. These protocols shall be filed with Docket Control for Commission review and, when appropriate, approval, prior to being filed with the Federal Energy Regulatory Commission in conjunction with the Arizona Independent Scheduling Administrator tariff filing. Fixed Must-Run Generating Units costs are to be recovered through a regulated charge to end-use customers. This charge must be set by the Commission as part of the end-use customer distribution service charges.
- J.** The Affected Utilities and other stakeholders, under the auspices of the Arizona Independent Scheduling Administrator, shall identify statewide services to be settled on and develop

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

fair and reasonable pricing mechanisms to assure a consistent and fair settlement process.

**Historical Note**

Adopted effective December 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-4). Amended by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency amendment replaced by exempt permanent amendment effective December 31, 1998 (Supp. 98-4). Section repealed; new Section R14-2-1609 renumbered from R14-2-1610 and amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4).

**Editor's Note:** *The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1610. In-state Reciprocity**

- A. The service territories of Arizona electric utilities that are not Affected Utilities or Public Power Entities shall not be open to competition under the provisions of this Article, nor shall Arizona electric utilities which are not Affected Utilities be able to compete for sales in the service territories of the Affected Utilities.
- B. An Arizona electric utility, subject to the jurisdiction of the Commission, that is not an Affected Utility or a Public Power Entity may voluntarily participate under the provisions of this Article if it makes its service territory available for competing sellers, if it agrees to all of the requirements of this Article, and if it obtains an appropriate Certificate of Convenience and Necessity.
- C. An Arizona electric utility, not subject to the jurisdiction of the Commission, and that is not a Public Power Entity, may submit a statement to the Commission, through Docket Control, stating that it voluntarily opens its service territory for competing sellers in a manner similar to the provisions of this Article. Such statement shall be accompanied by the electric utility's nondiscriminatory Standard Offer Tariff, electric supply tariffs, Unbundled Services rates, Stranded Cost charges, System Benefits charges, Distribution Services charges and any other applicable tariffs and policies for services the electric utility offers, for which these rules otherwise require compliance by Affected Utilities or Electric Service Providers. Such filings shall serve as authorization for such electric utility to utilize the Commission's Rules of Practice and Procedure and other applicable rules concerning any complaint that an Affected Utility or Electric Service Provider is violating any provision of this Article or is otherwise discriminating against the filing electric utility or failing to provide just and reasonable rates in tariffs filed under this Article.
- D. If an electric utility is an Arizona political subdivision or municipal corporation other than a Public Power Entity, then the existing service territory of such electric utility shall be deemed open to competition if the political subdivision or municipality has entered into an intergovernmental agreement with the Commission that establishes nondiscriminatory terms and conditions for Distribution Services and other Unbundled Services, provides a procedure for complaints arising therefrom, and provides for reciprocity with Affected Utilities or

their affiliates. The Commission shall conduct a hearing to consider any such intergovernmental agreement.

- E. An affiliate of an Arizona electric utility which is not an Affected Utility or a Public Power Entity shall not be allowed to compete in the service territories of Affected Utilities unless the affiliate's parent company, the nonaffected electric utility, submits a statement to the Commission, through Docket Control, indicating that the parent company will voluntarily open its service territory for competing sellers in a manner similar to the provisions of this Article and the Commission makes a finding to that effect.

**Historical Note**

Adopted effective December 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-4). Amended by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency amendment replaced by exempt permanent amendment effective December 31, 1998 (Supp. 98-4). Former Section R14-2-1610 renumbered to R14-2-1609; new Section R14-2-1610 renumbered from R14-2-1611 and amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4).

**Editor's Note:** *The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1611. Rates**

- A. Market determined rates for Competitive Services, as defined in R14-2-1601 shall be deemed to be just and reasonable.
- B. Each Electric Service Provider selling services under this Article shall have on file with the Commission tariffs describing such services and maximum rates for those services, but the services may not be provided until the Commission has approved the tariffs.
- C. Prior to January 1, 2001, competitively negotiated contracts governed by this Article customized to individual customers which comply with approved tariffs do not require further Commission approval. However, all such contracts whose term is one year or more and for service of 1 MW or more must be filed with the Director, Utilities Division, through the Compliance Section, as soon as practicable. If a contract does not comply with the provisions of the Load Serving Entity's approved tariffs, it shall not become effective without a Commission order. The provisions of such contracts shall be kept confidential by the Commission.
- D. Contracts entered into on or after January 1, 2001, which comply with approved tariffs need not be filed with the Director, Utilities Division. If a contract does not comply with the provisions of the Load Serving Entity's approved tariffs, it shall not become effective without a Commission order.
- E. An Electric Service Provider holding a Certificate pursuant to this Article may price its Competitive Services, at or below the maximum rates specified in its filed tariff, provided that the price is not less than the marginal cost of providing the service.
- F. Requests for changes in maximum rates or changes in terms and conditions of previously approved tariffs may be filed

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

with the Commission through Docket Control. Such changes shall become effective only upon Commission approval.

**Historical Note**

Adopted effective December 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-4). Amended by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency amendment replaced by exempt permanent amendment effective December 31, 1998 (Supp. 98-4). Former Section R14-2-1611 renumbered to R14-2-1610; new Section R14-2-1611 renumbered from R14-2-1612 and amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1612. Service Quality, Consumer Protection, Safety, and Billing Requirements**

- A. Except as indicated elsewhere in this Article, R14-2-201 through R14-2-212, inclusive, are adopted in this Article by reference. However, where the term "utility" is used in R14-2-201 through R14-2-212, the term "utility" shall pertain to Electric Service Providers providing the services described in each subsection of R14-2-201 through R14-2-212. R14-2-203(E) and R14-2-212(H) shall pertain only to Utility Distribution Companies.
- B. The following shall not apply to this Article:
  1. R14-2-202 in its entirety,
  2. R14-2-206 in its entirety,
  3. R14-2-207 in its entirety,
  4. R14-2-212 (F)(1),
  5. R14-2-213,
  6. R14-2-208(E) and (F).
- C. No consumer shall be deemed to have changed providers of any service authorized in this Article (including changes from the Affected Utility to another provider) without written authorization by the consumer for service from the new provider. If a consumer is switched to a different ("new") provider without such written authorization, the new provider shall cause service by the previous provider to be resumed and the new provider shall bear all costs associated with switching the consumer back to the previous provider. A new provider who switches a customer without written authorization shall also refund to the retail electricity customer the entire amount of the customer's electricity charges attributable to the electric generation service from the new provider for three months, or the period of the unauthorized service, whichever is more. A Utility Distribution Company may request the Commission's Consumer Services Section to review or audit written authorizations to assure a customer switch was properly authorized. A written authorization that is obtained by deceit or deceptive practices shall not be deemed a valid written authorization. Electric Service Providers shall submit reports within 30 days of the end of each calendar quarter to the Commission, through the Compliance Section, Utilities Division, itemizing the direct complaints filed by customers who have had their Electric Service Providers changed without their authorization. Violations of the Commission's rules concerning unauthorized changes of providers may result in penalties, or suspension or revocation of the provider's certificate. The following requirements and restrictions shall apply to the written authorization form requesting electric service from the new provider:
  1. The authorization shall not contain any inducements;
  2. The authorization shall be in legible print with clear and plain language confirming the rates, terms, conditions, and nature of the service to be provided;
  3. The authorization shall not state or suggest that the customer must take action to retain the customer's current electricity supplier;
  4. The authorization shall be in the same language as any promotional or inducement materials provided to the retail electric customer; and
  5. No box or container may be used to collect entries for sweepstakes or a contest that, at the same time, is used to collect authorization by a retail electric customer to change their electricity supplier or to subscribe to other services.
- D. A residential customer may rescind its authorization to change providers of any service authorized in this Article within three business days, without penalty, by providing written notice to the provider.
- E. Customer-specific information shall not be released without specific prior written customer authorization unless the information is requested by a law enforcement or other public agency, or is requested by the Commission or its Staff, or is reasonably required for legitimate account collection activities, or is necessary to provide safe and reliable service to the customer.
- F. Each Electric Service Provider providing service governed by this Article shall be responsible for meeting applicable reliability standards and shall work cooperatively with other companies with whom it has interconnections, directly or indirectly, to ensure safe, reliable electric service. Utility Distribution Companies shall make reasonable efforts to notify customers of scheduled outages and also provide notification to the Commission.
- G. Each Electric Service Provider shall provide at least 45 days' written notice to all of its affected consumers of its intent to cease providing generation, transmission, distribution, or ancillary services necessitating that the consumer obtain service from another supplier of generation, transmission, distribution, or ancillary services.
- H. All Electric Service Providers rendering service under this Article shall submit accident reports, through the Compliance Section, as required in R14-2-101.
- I. An Electric Service Provider providing firm electric service governed by this Article shall make reasonable efforts to reestablish service within the shortest possible time when service interruptions occur and shall work cooperatively with other companies to ensure timely restoration of service where facilities are not under the control of the Electric Service Provider.
- J. Electric Service Providers shall give at least five days' notice to their customer of scheduled return to Standard Offer Service. Electric Service Providers shall provide 15 calendar days' notice prior to the next scheduled meter read date to the appropriate Utility Distribution Company regarding the intent to terminate a service agreement. Return of that customer to Standard Offer Service will be at the next regular billing cycle if appropriate metering equipment is in place and the request is provided 15 calendar days prior to the next regular meter read

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

date. Responsibility for charges incurred between the notice and the next scheduled read date shall rest with the Electric Service Provider.

- K. Each Electric Service Provider shall ensure that bills rendered on its behalf include its address and the toll-free telephone numbers for billing, service, and safety inquiries. The bill must also include the address and toll-free telephone numbers for the Phoenix and Tucson Consumer Service Sections of the Arizona Corporation Commission Utilities Division. Each Electric Service Provider shall ensure that billing and collections services rendered on its behalf comply with subsection (A).
- L. Additional Provisions for Metering and Meter Reading Services
  1. When authorized by the consumer, an Electric Service Provider who provides metering or meter reading services pertaining to a particular consumer shall provide appropriate meter reading data via standardized formats, approved by the Director, Utilities Division, to all applicable Electric Service Providers serving that same consumer.
  2. Any person or entity relying on metering information provided by an Electric Service Provider may request a meter test according to the tariff on file and approved by the Commission. However, if the meter is found to be in error by more than 3%, no meter testing fee will be charged.
  3. Each competitive point of delivery shall be assigned a Universal Node Identifier by the Affected Utility or the Utility Distribution Company whose distribution system serves the customer.
  4. Unless the Commission grants a specific waiver all competitive metered and billing data shall be translated into consistent, statewide formats, approved by the Director, Utilities Division, that shall be used by the Affected Utility or the Utility Distribution Company and the Electric Service Provider.
  5. Unless the Commission grants a specific waiver, the standardized data exchange formats approved by the Director, Utilities Division, shall be used for all data exchange transactions from the Meter Reading Service Provider to the Electric Service Provider, Utility Distribution Company, and Schedule Coordinator. This data will be transferred via the Internet using a secure sockets layer or other secure electronic media.
  6. Minimum metering requirements for competitive customers over 20 kW, or 100,000 kWh annually, should consist of hourly consumption measurement meters or meter systems. Predictable loads will be permitted to use load profiles to satisfy the requirements for hourly consumption data. The Load-Serving Entity developing the load profile shall determine if a load is predictable.
  7. Competitive customers with hourly loads of 20 kW (or 100,000 kWh annually) or less will be permitted to use Load Profiling to satisfy the requirements for hourly consumption data, however, they may choose other metering options offered by their Electric Service Provider consistent with the Commission rules on Metering.
  8. Metering equipment ownership will be limited to the Affected Utility, Utility Distribution Company, and the Electric Service Provider, or the customer, who must obtain the metering equipment through the Affected Utility, Utility Distribution Company, or an Electric Service Provider.
  9. Maintenance and servicing of the metering equipment (including Current Transformers and Potential Transformers) will be limited to the Affected Utility, Utility Distribution Company, and the Electric Service Provider.
  10. Distribution primary voltage Current Transformers and Potential Transformers may be owned by the Affected Utility, Utility Distribution Company, or the Electric Service Provider.
  11. Transmission primary voltage Current Transformers and Potential Transformers may be owned by the Affected Utility or Utility Distribution Company only.
  12. North American Electric Reliability Council-recognized holidays will be used in calculating "working days" for meter data timeliness requirements. If a holiday officially occurs on a Saturday, the preceding Friday will be recognized as the date of the holiday. If a holiday officially occurs on a Sunday, the following Monday will be recognized as the date of the holiday.
  13. The Director, Utilities Division shall approve operating procedures to be used by the Utility Distribution Companies and the Meter Service Providers for performing work on primary metered customers.
  14. The Director, Utilities Division shall approve operating procedures to be used by the Meter Reading Service Provider for validating, editing, and estimating metering data.
  15. The Director, Utilities Division shall approve performance metering specifications and standards to be used by all entities performing metering.
- M. Electric Service Providers shall comply with applicable reliability standards and practices established by the Western Systems Coordinating Council and the North American Electric Reliability Council or successor organizations.
- N. Electric Service Providers shall provide notification and informational materials to consumers about competition and consumer choices, such as a standardized description of services, as ordered by the Commission.
- O. Billing Elements. After the commencement of competition within a service territory pursuant to R14-2-1602, all customer bills, including bills for Standard Offer Service customers within that service territory, will list, at a minimum, the following billing cost elements:
  1. Competitive Services:
    - a. Generation, which shall include generation-related billing and collection;
    - b. Competition Transition Charge;
    - c. Transmission and Ancillary Services;
    - d. Metering Services; and
    - e. Meter Reading Services.
  2. Non-Competitive Services:
    - a. Distribution services, including distribution-related billing and collection, required Ancillary Services and Must-Run Generating Units; and
    - b. System Benefit Charges
  3. Regulatory assessments; and
  4. Applicable taxes.
  5. In cases where the Utility Distribution Company and the Electric Service Provider provide separate bills to customers, the Electric Service Provider is not required to list the billing cost elements for non-competitive services. In cases where the Utility Distribution Company and the Electric Service Provider provide separate bills to customers, the Utility Distribution Company is not required to list the billing cost elements for competitive services if

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

the customer is obtaining competitive services from an Electric Service Provider.

- P. The operating procedures approved by the Director, Utilities Division, will be used for Direct Access Service Requests as well as other billing and collection transactions.

**Historical Note**

Adopted effective December 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-4). Amended by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency amendment replaced by exempt permanent amendment effective December 31, 1998 (Supp. 98-4). Former Section R14-2-1612 renumbered to R14-2-1611; new Section R14-2-1612 renumbered from R14-2-1613 and amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1613. Reporting Requirements**

- A. Reports covering the following items, as applicable, shall be submitted to the Director, Utilities Division, through the Compliance Section, by Affected Utilities or Utility Distribution Companies and all Electric Service Providers granted a Certificate of Convenience and Necessity pursuant to this Article. These reports shall include the following information pertaining to competitive service offerings, Unbundled Services, and Standard Offer services in Arizona:
1. Type of services offered;
  2. kW and kWh sales to consumers, disaggregated by customer class (for example, residential, commercial, industrial);
  3. Revenues from sales by customer class (for example, residential, commercial, industrial);
  4. Number of retail customers disaggregated as follows: residential, commercial/industrial under 21 kW, commercial/industrial 21 to 999 kW, commercial/industrial 1000 kW or more, agricultural (if not included in commercial), and other;
  5. Retail kWh sales and revenues disaggregated by term of the contract (less than one year, one to four years, longer than four years), and by type of service (for example, firm, interruptible, other);
  6. Amount of revenues from each type of Competitive Service and, if applicable, each type of Noncompetitive Service provided (using breakdown from R14-2-1612(O));
  7. Value of all assets used to serve Arizona customers and accumulated depreciation;
  8. Tabulation of Arizona electric generation plants owned by the Electric Service Provider broken down by generation technology, fuel type, and generation capacity;
  9. The number of customers aggregated and the amount of aggregated load; and
  10. Other data requested by staff or the Commission.
- B. Reporting Schedule
1. For the period through December 31, 2003, semi-annual reports shall be filed by April 15 (covering the previous

period of July through December) and October 15 (covering the previous period of January through June). The first such report shall cover the period January 1 through June 30, 1999.

2. For the period after December 31, 2003, annual reports shall be filed by April 15 (covering the previous period of January through December). The first such report shall cover the period January 1 through December 31, 2004.
- C. The information listed above may, at the provider's option, be provided on a confidential basis. However, staff or the Commission may issue reports with aggregate statistics based on confidential information that do not disclose data pertaining to a particular seller or purchases by a particular buyer.
- D. Any Electric Service Provider, Affected Utility, or Utility Distribution Company governed by this Article which fails to file the above data in a timely manner may be subject to a penalty imposed by the Commission or may have its Certificate rescinded by the Commission.
- E. Any Electric Service Provider holding a Certificate pursuant to this Article shall file a request in Docket Control to discontinue any competitive tariff as soon as practicable after the decision to discontinue offering service is made.
- F. In addition to the above reporting requirements, Electric Service Providers, Affected Utilities, and Utility Distribution Companies governed by this Article shall participate in Commission workshops or other forums whose purpose is to evaluate competition or assess market issues.

**Historical Note**

Adopted effective December 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-4). Amended by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency amendment replaced by exempt permanent amendment effective December 31, 1998 (Supp. 98-4). Former Section R14-2-1613 renumbered to R14-2-1612; new Section R14-2-1613 renumbered from R14-2-1614 and amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1614. Administrative Requirements**

- A. Any Electric Service Provider certificated under this Article may file with the Commission, through Docket Control, proposed additional tariffs for Competitive Services at any time which include a description of the service, maximum rates, terms, and conditions.
- B. Contracts filed pursuant to this Article shall not be open to public inspection or made public except on order of the Commission, or by the Commission or a Commissioner in the course of a hearing or proceeding.
- C. The Commission may consider variations or exemptions from the terms or requirements of any of the rules in this Article upon the application of an affected party. The application must set forth the reasons why the public interest will be served by the variation or exemption from the Commission rules and regulations. Any variation or exemption granted shall require

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

an order of the Commission. Where a conflict exists between these rules and an approved tariff or order of the Commission, the provisions of the approved tariff or order of the Commission shall apply.

- D. The Commission may develop procedures for resolving disputes regarding implementation of retail electric competition.
- E. Prior to October 1, 1999, the Director, Utilities Division, shall implement a Consumer Education Program as approved by the Commission.

**Historical Note**

Adopted effective December 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-4). Amended by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency amendment replaced by exempt permanent amendment effective December 31, 1998 (Supp. 98-4). Former Section R14-2-1614 renumbered to R14-2-1613; new Section R14-2-1614 renumbered from R14-2-1615 and amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1615. Separation of Monopoly and Competitive Services**

- A. All competitive generation assets and competitive services shall be separated from an Affected Utility prior to January 1, 2001. Such separation shall either be to an unaffiliated party or to a separate corporate affiliate or affiliates. If an Affected Utility chooses to transfer its competitive generation assets or competitive services to a competitive electric affiliate, such transfer shall be at a value determined by the Commission to be fair and reasonable.
- B. Beginning January 1, 2001, an Affected Utility or Utility Distribution Company shall not provide Competitive Services as defined in R14-2-1601.
  - 1. This Section does not preclude an Affected Utility or Utility Distribution Company from billing its own customers for distribution service, or from providing billing services to Electric Service Providers in conjunction with its own billing, or from providing Meter Services and Meter Reading Services for Load Profiled residential customers. Nor does this Section preclude an Affected Utility or Utility Distribution Company from providing billing and collections, Metering and Meter Reading Service as part of the Standard Offer Service tariff to Standard Offer Service customers.
  - 2. This Section does not preclude an Affected Utility or Utility Distribution Company from owning distribution and transmission primary voltage Current Transformers and Potential Transformers.
- C. An Electric Distribution Cooperative is not subject to the provisions of R14-2-1615 unless it offers competitive electric services outside of its distribution service territory.

**Historical Note**

Adopted effective December 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-4). Amended by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency amendment replaced by exempt permanent amendment effective December 31, 1998 (Supp. 98-4). Former Section R14-2-1615 renumbered to R14-2-1614; new Section R14-2-1615 renumbered from R14-2-1616 and amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3).

*Editor's Note: The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1616. Code of Conduct**

- A. If not previously filed, no later than 90 days after adoption of these Rules, each Affected Utility which plans to offer Non-competitive Services and which plans to offer Competitive Services through its competitive electric affiliate shall propose a Code of Conduct to prevent anti-competitive activities. Each Affected Utility that is an electric cooperative, that plans to offer Noncompetitive Services, and that is a member of any electric cooperative that plans to offer Competitive Services shall also submit a Code of Conduct to prevent anti-competitive activities. All Codes of Conduct shall be filed in Docket Control and be subject to Commission approval after a hearing.
- B. The Code of Conduct shall address the following subjects:
  - 1. Appropriate procedures to prevent cross subsidization between the Utility Distribution Company and any competitive affiliates, including but not limited to the maintenance of separate books, records, and accounts;
  - 2. Appropriate procedures to ensure that the Utility Distribution Company's competitive affiliate does not have access to confidential utility information that is not also available to other market participants;
  - 3. Appropriate guidelines to limit the joint employment of personnel by both a Utility Distribution Company and its competitive affiliate;
  - 4. Appropriate guidelines to govern the use of the Utility Distribution Company's name or logo by the Utility Distribution Company's competitive affiliate;
  - 5. Appropriate procedures to ensure that the Utility Distribution Company does not give its competitive affiliate any preferential treatment such that other market participants are unfairly disadvantaged or discriminated against;
  - 6. Appropriate policies to eliminate joint advertising, joint marketing, or joint sales by a Utility Distribution Company and its competitive affiliate;
  - 7. Appropriate procedures to govern transactions between a Utility Distribution Company and its competitive affiliate; and
  - 8. Appropriate policies to prevent the Utility Distribution Company and its competitive affiliate from representing that customers will receive better service as a result of the affiliation.
  - 9. Complaints concerning violations of the Code of Conduct shall be processed under the procedures established in R14-2-212.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

**Historical Note**

Adopted effective December 26, 1996, under an exemption as determined by the Arizona Corporation Commission (Supp. 96-4). Section R14-2-1616 repealed by emergency action; emergency new Section adopted by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency amendment replaced by exempt permanent amendment effective December 31, 1998 (Supp. 98-4). Former Section R14-2-1616 renumbered to R14-2-1615; new Section R14-2-1616 adopted by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4).

**Editor's Note:** *The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1617. Disclosure of Information**

- A. Each Load-Serving Entity providing either generation service or Standard Offer Service shall prepare a consumer information label that sets forth the following information:
  1. Price to be charged for generation services,
  2. Price variability information,
  3. Customer service information,
  4. Time period to which the reported information applies.
- B. Each Load-Serving Entity providing either generation service or Standard Offer Service shall provide, upon request, the following information (to the extent reasonably known):
  1. Composition of resource portfolio,
  2. Fuel mix characteristics of the resource portfolio,
  3. Emissions characteristics of the resource portfolio.
- C. The Director, Utilities Division, shall develop the format and reporting requirements for the consumer information label to ensure that the information is appropriately and accurately reported and to ensure that customers can use the labels for comparisons among Load-Serving Entities. The format developed by the Director, Utilities Division, shall be used by each Load-Serving Entity.
- D. Each Load-Serving Entity shall include the information disclosure label in a prominent position in all written marketing materials specifically targeted to Arizona. When a Load-Serving Entity advertises in nonprint media, or in written materials not specifically targeted to Arizona, the marketing materials shall indicate that the Load-Serving Entity shall provide the consumer information label to the public upon request.
- E. Each Load-Serving Entity shall prepare an annual disclosure report that aggregates the resource portfolios of the Load-Serving Entity and its affiliates.
- F. Each Load-Serving Entity shall prepare a statement of its terms of service that sets forth the following information:
  1. Actual pricing structure or rate design according to which the customer with a load of less than 1 MW will be billed, including an explanation of price variability and price level adjustments that may cause the price to vary;
  2. Length and description of the applicable contract and provisions and conditions for early termination by either party;
  3. Due date of bills and consequences of late payment;
  4. Conditions under which a credit agency is contacted;

5. Deposit requirements and interest on deposits;
  6. Limits on warranties and damages;
  7. All charges, fees, and penalties;
  8. Information on consumer rights pertaining to estimated bills, third-party billing, deferred payments, and rescission of supplier switches within three days of receipt of confirmation;
  9. A toll-free telephone number for service complaints;
  10. Low income programs and low income rate eligibility;
  11. Provisions for default service;
  12. Applicable provisions of state utility laws; and
  13. Method whereby customers will be notified of changes to the terms of service.
- G. The consumer information label, the disclosure report, and the terms of service shall be distributed in accordance with the following requirements:
1. Prior to the initiation of service for any retail customer,
  2. Prior to processing written authorization from a retail customer with a load of less than 1 MW to change Electric Service Providers,
  3. To any person upon request,
  4. Made a part of the semi-annual and annual reports required by R14-2-1613.
  5. The information described in this subsection shall be posted on any electronic information medium of the Load-serving Entities.
- H. Failure to comply with the rules on information disclosure or dissemination of inaccurate information may result in suspension or revocation of certification or other penalties as determined by the Commission.
- I. The Commission shall establish a consumer information advisory panel to review the effectiveness of the provisions of this Section and to make recommendations for changes in the rules.

**Historical Note**

Adopted by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency adoption replaced by exempt permanent adoption effective December 31, 1998 (Supp. 98-4). Former Section R14-2-1617 repealed; new Section R14-2-1617 renumbered from R14-2-1618 and amended by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). Amended by exempt rulemaking at 6 A.A.R. 4180, effective October 13, 2000 (Supp. 00-4).

**Editor's Note:** *The Arizona Corporation Commission has determined that the following Section is exempt from the Attorney General approval provisions of the Arizona Administrative Procedure Act (A.R.S. § 41-1041) by a court order (State ex. rel. Corbin v. Arizona Corporation Commission, 174 Ariz. 216 848 P.2d 301 (App. 1992)).*

**R14-2-1618. Environmental Portfolio Standard**

- A. Upon the effective implementation of a Commission-approved Environmental Portfolio Standard Surcharge tariff, any Load-Serving Entity selling electricity or aggregating customers for the purpose of selling electricity under the provisions of this Article must derive at least .2% of the total retail energy sold from new solar resources or environmentally-friendly renewable electricity technologies, whether that energy is purchased or generated by the seller. Solar resources include photovoltaic resources and solar thermal resources that generate electricity. New solar resources and environmentally-friendly renewable

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

electricity technologies are those installed on or after January 1, 1997.

1. Electric Service Providers, that are not UDCs, are exempt from portfolio requirements until 2004, but could voluntarily elect to participate. ESPs choosing to participate would receive a pro rata share of funds collected from the Environmental Portfolio Surcharge delineated in R14-2-1618.A.2 for portfolio purposes to acquire eligible portfolio systems or electricity generated from such systems.
  2. Utility Distribution Companies would recover part of the costs of the portfolio standard through current System Benefits Charges, if they exist, including a re-allocation of demand side management funding to portfolio uses. Additional portfolio standard costs will be recovered by a customer Environmental Portfolio Surcharge on the customers' monthly bill. The Environmental Portfolio Surcharge shall be assessed monthly to every metered and/or non-metered retail electric service. This monthly assessment will be the lesser of \$0.000875 per kWh or:
    - a. Residential Customers: \$.35 per service,
    - b. Non-Residential Customers: \$13 per service,
    - c. Non-Residential Customers whose metered demand is 3,000 kW or more for three consecutive months: \$39.00 per service. In the case of unmetered services, the Load-Serving Entity shall, for purposes of billing the Environmental Portfolio Standard Surcharge and subject to the caps set forth above, use the lesser of (i) the load profile or otherwise estimated kWh required to provide the service in question; or (ii) the service's contract kWh.
  3. Customer bills shall reflect a line item entitled "Environmental Portfolio Surcharge, mandated by the Corporation Commission."
  4. Utility Distribution Companies or ESPs that do not currently have a renewables program may request a waiver or modification of this Section due to extreme circumstances that may exist.
- B.** The portfolio percentage shall increase after December 31, 2000.
1. Starting January 1, 2001, the portfolio percentage shall increase annually and shall be set according to the following schedule:
 

YEAR	PORTFOLIO PERCENTAGE
2001	.2%
2002	.4%
2003	.6%
2004	.8%
2005	1.0%
2006	1.05%
2007-2012	1.1%
  2. The Commission would continue the annual increase in the portfolio percentage after December 31, 2004, only if the cost of environmental portfolio electricity has declined to a Commission-approved cost/benefit point. The Director, Utilities Division shall establish, not later than January 1, 2003, an Environmental Portfolio Cost Evaluation Working Group to make recommendations to the Commission of an acceptable portfolio electricity cost/benefit point or portfolio kWh cost impact maximum that the Commission could use as a criteria for the decision to continue the increase in the portfolio percentage.

The recommendations of the Working Group shall be presented to the Commission not later than June 30, 2003. In no event, however, shall the Commission increase the surcharge caps as delineated in R14-2-1618(A)(2).

3. The requirements for the phase-in of various technologies shall be:
  - a. In 2001, the Portfolio kWh makeup shall be at least 50 percent solar electric, and no more than 50 percent other environmentally-friendly renewable electricity technologies or solar hot water or R&D on solar electric resources, but with no more than 10 percent on R&D.
  - b. In 2002 and 2003, the Portfolio kWh makeup shall be at least 50 percent solar electric, and no more than 50 percent other environmentally-friendly renewable electricity technologies or solar hot water or R&D on solar electric resources, but with no more than 5 percent on R&D.
  - c. In 2004, through 2012, the portfolio kWh makeup shall be at least 60 percent solar electric with no more than 40 percent solar hot water or other environmentally-friendly renewable electricity technologies.
- C.** Load-Serving Entities shall be eligible for a number of extra credit multipliers that may be used to meet the portfolio standard requirements. Extra credits may be used to meet portfolio requirements and extra credits from solar electric technologies will also count toward the solar electric fraction requirements in R14-2-1618(B)(3). With the exception of the Early Installation Extra Credit Multiplier, which has a five-year life from operational start-up, all other extra credit multipliers are valid for the life of the generating equipment.
  1. Early Installation Extra Credit Multiplier: For new solar electric systems installed and operating prior to December 31, 2003, Load-Serving Entities would qualify for multiple extra credits for kWh produced for five years following operational start-up of the solar electric system. The five-year extra credit would vary depending upon the year in which the system started up, as follows:

YEAR	EXTRA CREDIT MULTIPLIER
1997	.5
1998	.5
1999	.5
2000	.4
2001	.3
2002	.2
2003	.1

Eligibility to qualify for the Early Installation Extra Credit Multiplier would end in 2003. However, any eligible system that was operational in 2003 or before would still be allowed the applicable extra credit for the full five years after operational start-up.

2. Solar Economic Development Extra Credit Multipliers: There are two equal parts to this multiplier, an in-state installation credit and an in-state content multiplier.
  - a. In-State Power Plant Installation Extra Credit Multiplier: Solar electric power plants installed in Arizona shall receive a .5 extra credit multiplier.
  - b. In-State Manufacturing and Installation Content Extra Credit Multiplier: Solar electric power plants shall receive up to a .5 extra credit multiplier related

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

to the manufacturing and installation content that comes from Arizona. The percentage of Arizona content of the total installed plant cost shall be multiplied by .5 to determine the appropriate extra credit multiplier. So, for instance, if a solar installation included 80% Arizona content, the resulting extra credit multiplier would be .4 (which is .8 X .5).

3. Distributed Solar Electric Generator and Solar Incentive Program Extra Credit Multiplier: Any distributed solar electric generator that meets more than one of the eligibility conditions will be limited to only one .5 extra credit multiplier from this subsection. Appropriate meters will be attached to each solar electric generator and read at least once annually to verify solar performance.
  - a. Solar electric generators installed at or on the customer premises in Arizona. Eligible customer premises locations will include both grid-connected and remote, non-grid-connected locations. In order for Load-Serving Entities to claim an extra credit multiplier, the Load-Serving Entity must have contributed at least 10% of the total installed cost or have financed at least 80% of the total installed cost.
  - b. Solar electric generators located in Arizona that are included in any Load-Serving Entity's Green Pricing program.
  - c. Solar electric generators located in Arizona that are included in any Load-Serving Entity's Net Metering or Net Billing program.
  - d. Solar electric generators located in Arizona that are included in any Load-Serving Entity's solar leasing program.
  - e. All Green Pricing, Net Metering, Net Billing, and Solar Leasing programs must have been reviewed and approved by the Director, Utilities Division in order for the Load-Serving Entity to accrue extra credit multipliers from this subsection.
4. All multipliers are additive, allowing a maximum combined extra credit multiplier of 2.0 in years 1997-2003, for equipment installed and manufactured in Arizona and either installed at customer premises or participating in approved solar incentive programs. So, if a Load-Serving Entity qualifies for a 2.0 extra credit multiplier and it produces 1 solar kWh, the Load-Serving Entity would get credit for 3 solar kWh (1 produced plus 2 extra credit).
- D. Load-Serving Entities selling electricity under the provisions of this Article shall provide reports on sales and portfolio power as required in this Article, clearly demonstrating the output of portfolio resources, the installation date of portfolio resources, and the transmission of energy from those portfolio resources to Arizona consumers. The Commission may conduct necessary monitoring to ensure the accuracy of these data. Reports shall be made according to the Reporting Schedule in R14-2-1613(B).
- E. Photovoltaic or solar thermal electric resources that are located on the consumer's premises shall count toward the Environmental Portfolio Standard applicable to the current Load-Serving Entity serving that consumer unless a different Load-Serving Entity is entitled to receive credit for such resources under the provisions of R14-2-1618(C)(3)(a).
- F. Any solar electric generators installed by an Affected Utility to meet the environmental portfolio standard shall be counted toward meeting renewable resource goals for Affected Utilities established in Decision No. 58643.
- G. Any Load-Serving Entity that produces or purchases any eligible kWh in excess of its annual portfolio requirements may save or bank those excess kWh for use or sale in future years. Any eligible kWh produced subject to this rule may be sold or traded to any Load-Serving Entity that is subject to this rule. Appropriate documentation, subject to Commission review, shall be given to the purchasing entity and shall be referenced in the reports of the Load-Serving Entity that is using the purchased kWh to meet its portfolio requirements.
- H. Environmental Portfolio Standard requirements shall be calculated on an annual basis, based upon electricity sold during the calendar year.
- I. A Load-Serving Entity shall be entitled to receive a partial credit against the portfolio requirement if the Load-Serving Entity or its affiliate owns or makes a significant investment in any solar electric manufacturing plant that is located in Arizona. The credit will be equal to the amount of the nameplate capacity of the solar electric generators produced in Arizona and sold in a calendar year times 2,190 hours (approximating a 25% capacity factor).
  1. The credit against the portfolio requirement shall be limited to the following percentages of the total portfolio requirement:
    - 2001: Maximum of 50% of the portfolio requirement
    - 2002: Maximum of 25% of the portfolio requirement
    - 2003 and on: Maximum of 20% of the portfolio requirement
  2. No extra credit multipliers will be allowed for this credit. In order to avoid double-counting of the same equipment, solar electric generators that are used by other Load-Serving Entities to meet their Arizona portfolio requirements will not be allowable for credits under this Section for the manufacturer/Electric Service Provider to meet its portfolio requirements.
- J. The Director, Utilities Division shall develop appropriate safety, durability, reliability, and performance standards necessary for solar generating equipment and environmentally-friendly renewable electricity technologies and to qualify for the portfolio standard. Standards requirements will apply only to facilities constructed or acquired after the standards are publicly issued.
- K. A Load-Serving Entity shall be entitled to meet up to 20% of the portfolio requirement with solar water heating systems or solar air conditioning systems purchased by the Load-Serving Entity for use by its customers, or purchased by its customers and paid for by the Load-Serving Entity through bill credits or other similar mechanisms. The solar water heaters must replace or supplement the use of electric water heaters for residential, commercial, or industrial water heating purposes. For the purposes of this rule, solar water heaters will be credited with 1 kWh of electricity produced for each 3,415 British Thermal Units of heat produced by the solar water heater and solar air conditioners shall be credited with kWhs equivalent to those needed to produce a comparable cooling load reduction. Solar water heating systems and solar air conditioning systems shall be eligible for Early Installation Extra Credit Multipliers as defined in R14-2-1618(C)(1) and Solar Economic Development Extra Credit Multipliers as defined in R14-2-1618(C)(2)(b).
- L. A Load-Serving Entity shall be entitled to meet the portfolio requirement with electricity produced in Arizona by environmentally-friendly renewable electricity technologies that are defined as in-state landfill gas generators, wind generators, and biomass generators, consistent with the phase-in schedule

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

in R14-2-1618(B)(3). Systems using such technologies shall be eligible for Early Installation Extra Credit Multipliers as defined in R14-2-1618(C)(1) and Solar Economic Development Extra Credit Multipliers as defined in R14-2-1618(C)(2)(b).

**Historical Note**

Adopted by an emergency action effective August 10, 1998, pursuant to A.R.S. § 41-1026, in effect for a maximum of 180 days (Supp. 98-3). Emergency adoption replaced by exempt permanent adoption effective December 31, 1998 (Supp. 98-4). Section R14-2-1618 renumbered to R14-2-1617 by exempt rulemaking at 5 A.A.R. 3933, effective September 24, 1999 (Supp. 99-3). New Section adopted by exempt rulemaking at 7 A.A.R. 1661, effective March 20, 2001 (Supp. 01-1).

**ARTICLE 17. RESERVED****ARTICLE 18. RENEWABLE ENERGY STANDARD AND TARIFF****R14-2-1801. Definitions**

- A. "Affected Utility" means a public service corporation serving retail electric load in Arizona, but excluding any Utility Distribution Company with more than half of its customers located outside of Arizona.
- B. "Annual Renewable Energy Requirement" means the portion of an Affected Utility's annual retail electricity sales that must come from Eligible Renewable Energy Resources.
- C. "Conventional Energy Resource" means an energy resource that is non-renewable in nature, such as natural gas, coal, oil, and uranium, or electricity that is produced with energy resources that are not Renewable Energy Resources.
- D. "Customer Self-Directed Renewable Energy Option" means a Commission-approved program under which an Eligible Customer may self-direct the use of its allocation of funds collected pursuant to an Affected Utility's Tariff.
- E. "Distributed Generation" means electric generation sited at a customer premises, providing electric energy to the customer load on that site or providing wholesale capacity and energy to the local Utility Distribution Company for use by multiple customers in contiguous distribution substation service areas. The generator size and transmission needs shall be such that the plant or associated transmission lines do not require a Certificate of Environmental Compatibility from the Corporation Commission.
- F. "Distributed Renewable Energy Requirement" means a portion of the Annual Renewable Energy Requirement that must be met with Renewable Energy Credits derived from resources that qualify as Distributed Renewable Energy Resources pursuant to R14-2-1802(B).
- G. "Distributed Solar Electric Generator" means electric generation sited at a customer premises, providing electric energy from solar electric resources to the customer load on that site or providing wholesale capacity and energy to the local Utility Distribution Company for use by multiple customers in contiguous distribution substation service areas. The generator size and transmission needs shall be such that the plant or associated transmission lines do not require a Certificate of Environmental Compatibility from the Corporation Commission.
- H. "Eligible Customer" means an entity that pays Tariff funds of at least \$25,000 annually for any number of related accounts or services within an Affected Utility's service area.
- I. "Extra Credit Multiplier" means a way to increase the Renewable Energy Credits attributable to specific Eligible Renew-

able Energy Resources in order to encourage specific renewable applications.

- J. "Green Pricing" means a rate option in which a customer elects to pay a tariffed rate premium for electricity derived from Eligible Renewable Energy Resources.
- K. "Market Cost of Comparable Conventional Generation" means the Affected Utility's energy and capacity cost of producing or procuring the incremental electricity that would be avoided by the resources used to meet the Annual Renewable Energy Requirement, taking into account hourly, seasonal, and long-term supply and demand circumstances. Avoided costs include any avoided transmission and distribution costs and any avoided environmental compliance costs.
- L. "Net Billing" means a system of billing a customer who installs an Eligible Renewable Energy Resource generator on the customer's premises for retail electricity purchased at retail rates while crediting the customer's bill for any customer-generated electricity sold to the Affected Utility at avoided cost.
- M. "Net Metering" means a system of metering electricity by which the Affected Utility credits the customer at the full retail rate for each kilowatt-hour of electricity produced by an Eligible Renewable Energy Resource system installed on the customer-generator's side of the electric meter, up to the total amount of electricity used by that customer during an annualized period, and which compensates the customer-generator at the end of the annualized period for any excess credits at a rate equal to the Affected Utility's avoided cost of wholesale power. The Affected Utility does not charge the customer-generator any additional fees or charges or impose any equipment or other requirements unless the same is imposed on customers in the same rate class that the customer-generator would qualify for if the customer-generator did not have generation equipment.
- N. "Renewable Energy Credit" means the unit created to track kWh derived from an Eligible Renewable Energy Resource or kWh equivalent of Conventional Energy Resources displaced by Distributed Renewable Energy Resources.
- O. "Renewable Energy Resource" means an energy resource that is replaced rapidly by a natural, ongoing process and that is not nuclear or fossil fuel.
- P. "Tariff" means a Commission-approved rate designed to recover an Affected Utility's reasonable and prudent costs of complying with these rules.
- Q. "Utility Distribution Company" means a public service corporation that operates, constructs, or maintains a distribution system for the delivery of power to retail customers.
- R. "Wholesale Distributed Generation Component" means non-utility owners of Eligible Renewable Energy Resources that are located within the distribution system and that do not require a transmission line over 69 kv to deliver power at wholesale to an Affected Utility to meet its Annual Renewable Energy Requirements.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 2389, effective August 14, 2007 (Supp. 07-2).

**R14-2-1802. Eligible Renewable Energy Resources**

- A. "Eligible Renewable Energy Resources" are applications of the following defined technologies that displace Conventional Energy Resources that would otherwise be used to provide electricity to an Affected Utility's Arizona customers:
  1. "Biogas Electricity Generator" is a generator that produces electricity from gases that are derived from plant-derived organic matter, agricultural food and feed matter,

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- wood wastes, aquatic plants, animal wastes, vegetative wastes, or wastewater treatment facilities using anaerobic digestion or from municipal solid waste through a digester process, an oxidation process, or other gasification process.
2. "Biomass Electricity Generator" is an electricity generator that uses any raw or processed plant-derived organic matter available on a renewable basis, including: dedicated energy crops and trees; agricultural food and feed crops; agricultural crop wastes and residues; wood wastes and residues, including landscape waste, right-of-way tree trimmings, or small diameter forest thinnings that are 12" in diameter or less; dead and downed forest products; aquatic plants; animal wastes; other vegetative waste materials; non-hazardous plant matter waste material that is segregated from other waste; forest-related resources, such as harvesting and mill residue, pre-commercial thinnings, slash, and brush; miscellaneous waste, such as waste pellets, crates, and dunnage; and recycled paper fibers that are no longer suitable for recycled paper production, but not including painted, treated, or pressurized wood, wood contaminated with plastics or metals, tires, or recyclable post-consumer waste paper.
  3. "Distributed Renewable Energy Resources" as defined in subsection (B).
  4. "Eligible Hydropower Facilities" are hydropower generators that were in existence prior to 1997 and that satisfy one of the following two criteria:
    - a. New Increased Capacity of Existing Hydropower Facilities: A hydropower facility that increases capacity due to improved technological or operational efficiencies or operational improvements resulting from improved or modified turbine design, improved or modified wicket gate assembly design, improved hydrological flow conditions, improved generator windings, improved electrical excitation systems, increases in transformation capacity, and improved system control and operating limit modifications. The electricity kWh that are eligible to meet the Annual Renewable Energy Requirements shall be limited to the new, incremental kWh output resulting from the capacity increase that is delivered to Arizona customers to meet the Annual Renewable Energy Requirement.
    - b. Generation from pre-1997 hydropower facilities that is used to firm or regulate the output of other eligible, intermittent renewable resources. The electricity kWh that are eligible to meet the Annual Renewable Energy Requirements shall be limited to the kWh actually generated to firm or regulate the output of eligible intermittent Renewable Energy Resources and that are delivered to Arizona customers to meet the Annual Renewable Energy Requirements.
  5. "Fuel Cells that Use Only Renewable Fuels" are fuel cell electricity generators that operate on renewable fuels, such as hydrogen created from water by Eligible Renewable Energy Resources. Hydrogen created from non-Renewable Energy Resources, such as natural gas or petroleum products, is not a renewable fuel.
  6. "Geothermal Generator" is an electricity generator that uses heat from within the earth's surface to produce electricity.
  7. "Hybrid Wind and Solar Electric Generator" is a system in which a Wind Generator and a solar electric generator are combined to provide electricity.
  8. "Landfill Gas Generator" is an electricity generator that uses methane gas obtained from landfills to produce electricity.
  9. "New Hydropower Generator of 10 MW or Less" is a generator, installed after January 1, 2006, that produces 10 MW or less and is either:
    - a. A low-head, micro hydro run-of-the-river system that does not require any new damming of the flow of the stream; or
    - b. An existing dam that adds power generation equipment without requiring a new dam, diversion structures, or a change in water flow that will adversely impact fish, wildlife, or water quality; or
    - c. Generation using canals or other irrigation systems.
  10. "Solar Electricity Resources" use sunlight to produce electricity by either photovoltaic devices or solar thermal electric resources.
  11. "Wind Generator" is a mechanical device that is driven by wind to produce electricity.
- B.** "Distributed Renewable Energy Resources" are applications of the following defined technologies that are located at a customer's premises and that displace Conventional Energy Resources that would otherwise be used to provide electricity to Arizona customers:
1. "Biogas Electricity Generator," "Biomass Electricity Generator," "Geothermal Generator," "Fuel Cells that Use Only Renewable Fuels," "New Hydropower Generator of 10 MW or Less," or "Solar Electricity Resources," as each of those terms is defined in subsections (A)(1), (A)(2), (A)(5), (A)(6), (A)(9), and (A)(10).
  2. "Biomass Thermal Systems" and "Biogas Thermal Systems" are systems which use fuels as defined in subsections (A)(1) and (A)(2) to produce thermal energy and that comply with Environmental Protection Agency Certification Programs or are permitted by state, county, or local air quality authorities. For purposes of this definition "Biomass Thermal Systems" and "Biogas Thermal Systems" do not include biomass and wood stoves, furnaces, and fireplaces.
  3. "Commercial Solar Pool Heaters" are devices that use solar energy to heat commercial or municipal swimming pools.
  4. "Geothermal Space Heating and Process Heating Systems" are systems that use heat from within the earth's surface for space heating or for process heating.
  5. "Renewable Combined Heat and Power System" is a Distributed Generation system, fueled by an Eligible Renewable Energy Resource, that produces both electricity and useful renewable process heat. Both the electricity and renewable process heat may be used to meet the Distributed Renewable Energy Requirement.
  6. "Solar Daylighting" is the non-residential application of a device specifically designed to capture and redirect the visible portion of the solar beam, while controlling the infrared portion, for use in illuminating interior building spaces in lieu of artificial lighting.
  7. "Solar Heating, Ventilation, and Air Conditioning" ("HVAC") is the combination of Solar Space Cooling and Solar Space Heating as part of one system.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

8. "Solar Industrial Process Heating and Cooling" is the use of solar thermal energy for industrial or commercial manufacturing or processing applications.
  9. "Solar Space Cooling" is a technology that uses solar thermal energy absent the generation of electricity to drive a refrigeration machine that provides for space cooling in a building.
  10. "Solar Space Heating" is a method whereby a mechanical system is used to collect solar energy to provide space heating for buildings.
  11. "Solar Water Heater" is a device that uses solar energy rather than electricity or fossil fuel to heat water for residential, commercial, or industrial purposes.
  12. "Wind Generator of 1 MW or Less" is a mechanical device, with an output of 1 MW or less, that is driven by wind to produce electricity.
- C.** Except as provided in subsection (A)(4), Eligible Renewable Energy Resources shall not include facilities installed before January 1, 1997.
- D.** The Commission may adopt pilot programs in which additional technologies are established as Eligible Renewable Energy Resources. Any such additional technologies shall be Renewable Energy Resources that produce electricity, replace electricity generated by Conventional Energy Resources, or replace the use of fossil fuels with Renewable Energy Resources. Energy conservation products, energy management products, energy efficiency products, or products that use non-renewable fuels shall not be eligible for these pilot programs.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 2389, effective August 14, 2007 (Supp. 07-2).

**R14-2-1803. Renewable Energy Credits**

- A.** One Renewable Energy Credit shall be created for each kWh derived from an Eligible Renewable Energy Resource.
- B.** For Distributed Renewable Energy Resources, one Renewable Energy Credit shall be created for each 3,415 British Thermal Units of heat produced by a Solar Water Heating System, a Solar Industrial Process Heating and Cooling System, Solar Space Cooling System, Biomass Thermal System, Biogas Thermal System, or a Solar Space Heating System.
- C.** An Affected Utility may transfer Renewable Energy Credits to another party and may acquire Renewable Energy Credits from another party. A Renewable Energy Credit is owned by the owner of the Eligible Renewable Energy Resource from which it was derived unless specifically transferred.
- D.** All transfers of Renewable Energy Credits shall be appropriately documented to demonstrate that the energy associated with the Renewable Energy Credits meets the provisions of R14-2-1802.
- E.** Any contract by an Affected Utility for purchase or sale of energy or Renewable Energy Credits to meet the requirements of this Rule shall explicitly describe the transfer of rights concerning both energy and Renewable Energy Credits.
- F.** Except in the case of Distributed Renewable Energy Resources, Affected Utilities must demonstrate the delivery of energy from Eligible Renewable Energy Resources to their retail consumers such as by providing proof that the necessary transmission rights were reserved and utilized to deliver energy from Eligible Renewable Energy Resources to the Affected Utility's system, if transmission is required, or that the appropriate control area operators scheduled the energy from Eligible Renewable Energy Resources for delivery to the Affected Utility's system.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 2389, effective August 14, 2007 (Supp. 07-2).

**R14-2-1804. Annual Renewable Energy Requirement**

- A.** In order to ensure reliable electric service at reasonable rates, each Affected Utility shall be required to satisfy an Annual Renewable Energy Requirement by obtaining Renewable Energy Credits from Eligible Renewable Energy Resources.
- B.** An Affected Utility's Annual Renewable Energy Requirement shall be calculated each calendar year by applying the following applicable annual percentage to the retail kWh sold by the Affected Utility during that calendar year:

2006	1.25%
2007	1.50%
2008	1.75%
2009	2.00%
2010	2.50%
2011	3.00%
2012	3.50%
2013	4.00%
2014	4.50%
2015	5.00%
2016	6.00%
2017	7.00%
2018	8.00%
2019	9.00%
2020	10.00%
2021	11.00%
2022	12.00%
2023	13.00%
2024	14.00%
After 2024	15.00%

The annual increase in the annual percentage for each Affected Utility will be pro rated for the first year based on when the Affected Utility's funding mechanism is approved.

- C.** An Affected Utility may use Renewable Energy Credits acquired in any year to meet its Annual Renewable Energy Requirement.
- D.** Once a Renewable Energy Credit is used by any Affected Utility to satisfy these requirements, the credit is retired and cannot be subsequently used to satisfy these rules or any other regulatory requirement.
- E.** If an Affected Utility trades or sells environmental pollution reduction credits or any other environmental attributes associated with kWh produced by an Eligible Renewable Energy Resource, the Affected Utility may not apply Renewable Energy Credits derived from that same kWh to satisfy the requirements of these rules.
- F.** No more than 20 percent of an Affected Utility's Annual Renewable Energy Requirement may be met with Renewable Energy Credits derived pursuant to R14-2-1807.
- G.** An Affected Utility may ask the Commission to preapprove agreements to purchase energy or Renewable Energy Credits from Eligible Renewable Energy Resources.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 2389, effective August 14, 2007 (Supp. 07-2).

**R14-2-1805. Distributed Renewable Energy Requirement**

- A.** In order to improve system reliability, each Affected Utility shall be required to satisfy a Distributed Renewable Energy

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

Requirement by obtaining Renewable Energy Credits from Distributed Renewable Energy Resources.

- B.** An Affected Utility's Distributed Renewable Energy Requirement shall be calculated each calendar year by applying the following applicable annual percentage to the Affected Utility's Annual Renewable Energy Requirement:

2007	5%
2008	10%
2009	15%
2010	20%
2011	25%
After 2011	30%

The annual increase in the annual percentage for each Affected Utility will be pro rated for the first year based on when the Affected Utility's funding mechanism is approved.

- C.** An Affected Utility may use Renewable Energy Credits acquired in any year to meet its Distributed Renewable Energy Requirement. Once a Renewable Energy Credit is used by any Affected Utility to satisfy these requirements, the credit is retired.
- D.** An Affected Utility shall meet one-half of its annual Distributed Renewable Energy Requirement from residential applications and the remaining one-half from non-residential, non-utility applications.
- E.** An Affected Utility may satisfy no more than 10 percent of its annual Distributed Renewable Energy Requirement from Renewable Energy Credits derived from distributed Renewable Energy Resources that are non-utility owned generators that sell electricity at wholesale to Affected Utilities. This Wholesale Distributed Generation Component shall qualify for the non-residential portion of the Distributed Renewable Energy Requirement.
- F.** Any Renewable Energy Credit created by production of renewable energy which the Affected Utility does not own shall be retained by the entity creating the Renewable Energy Credit. Such Renewable Energy Credit may not be considered used or extinguished by any Affected Utility without approval and proper documentation from the entity creating the Renewable Energy Credit, regardless of whether or not the Commission acknowledged the kWhs associated with non-utility owned Renewable Energy Credits.
- G.** The reporting of kWhs associated with Renewable Energy Credits not owned by the utility will be acknowledged.

#### Historical Note

New Section made by final rulemaking at 13 A.A.R. 2389, effective August 14, 2007 (Supp. 07-2). Amended by final rulemaking at 21 A.A.R. 379, effective April 21, 2015 (Supp. 15-1).

#### R14-2-1806. Extra Credit Multipliers

- A.** Renewable Energy Credits derived from Eligible Renewable Energy Resources installed after December 31, 2005, shall not be eligible for Extra Credit Multipliers.
- B.** The extra Renewable Energy Credits resulting from any applicable multiplier shall be added to the Renewable Energy Credits produced by the Eligible Renewable Energy Resource to determine the total Renewable Energy Credits that may be used to meet an Affected Utility's Annual Renewable Energy Requirement.
- C.** "Early Installation Extra Credit Multiplier." Affected Utilities acquiring Renewable Energy Credits from a Solar Electricity Resource, a Solar Water Heater, a Solar Space Cooling system, a Landfill Gas Generator, a Wind Generator, or a Biomass Electricity Generator that was installed and began operations

between January 1, 2001, and December 31, 2003, shall be eligible for an Early Installation Extra Credit Multiplier. Renewable Energy Credits derived from such facilities and acquired by Affected Utilities shall be eligible for five years following the facility's operational start-up. The multiplier shall vary according to the year in which the system began operating:

2001	.3
2002	.2
2003	.1

- D.** "In-state Power Plant Installation Extra Credit Multiplier." Affected Utilities acquiring Renewable Energy Credits from a Solar Electricity Resource that was installed in Arizona on or before December 31, 2005, shall be eligible for an In-state Power Plant Installation Extra Credit Multiplier. The Renewable Energy Credits derived from such a facility and acquired by an Affected Utility shall be multiplied by .5 annually for the life of the facility. The extra Renewable Energy Credits resulting from the multiplier shall be added to the Renewable Energy Credits produced by the Eligible Renewable Energy Resource to determine the total Renewable Energy Credits that may be used to meet an Affected Utility's Annual Renewable Energy Requirement.
- E.** "In-state Manufacturing and Installation Content Extra Credit Multiplier." Affected Utilities acquiring Renewable Energy Credits from a Solar Electricity Resource, a Solar Water Heater, a Solar Space Cooling system, a Landfill Gas Generator, a Wind Generator, or a Biomass Electricity Generator that was installed in Arizona on or before December 31, 2005, and that contains components manufactured in Arizona shall be eligible for an In-state Manufacturing and Installation Content Extra Credit Multiplier. The Renewable Energy Credits derived from such a facility and acquired by an Affected Utility shall be multiplied annually for the life of the facility by a factor determined by multiplying .5 times the percent of Arizona content of the total installed plant.
- F.** "Distributed Solar Electric Generator and Solar Incentive Program Extra Credit Multiplier." Affected Utilities acquiring Renewable Energy Credits from a Distributed Solar Electric Generator that was installed in Arizona on or before December 31, 2005, shall be eligible for a Distributed Solar Electric Generator and Solar Incentive Program Extra Credit Multiplier if the facility meets at least two of the following criteria:
1. The facility is installed on customer premises,
  2. The facility is included in any Affected Utility's approved Green Pricing program,
  3. The facility is included in any Affected Utility's approved Net Metering or Net Billing program,
  4. The facility is included in any Affected Utility's approved solar leasing program, or
  5. The facility is owned by and located on an Affected Utility's property or customer property. The Renewable Energy Credits derived from such a facility and acquired by an Affected Utility shall be multiplied by .5 annually for the life of the facility. Meters will be attached to each solar electric generator and read at least once annually to verify solar performance.
- G.** All multipliers are additive, except that the maximum combined Extra Credit Multiplier shall not exceed 2.0.

#### Historical Note

New Section made by final rulemaking at 13 A.A.R. 2389, effective August 14, 2007 (Supp. 07-2).

#### R14-2-1807. Manufacturing Partial Credit

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- A. An Affected Utility may acquire Renewable Energy Credits to apply to the non-distributed portion of its Annual Renewable Energy Requirement if it or its affiliate owns or makes a significant investment in any solar electric manufacturing plant located in Arizona or if it or its affiliate provides incentives to a manufacturer of solar electric products to locate a manufacturing facility in Arizona.
- B. The Renewable Energy Credits shall be equal to the nameplate capacity of the solar electric generators produced and sold in a calendar year times 2,190 hours, which approximates a 25 percent capacity factor.
- C. Extra credit multipliers shall not apply to Renewable Energy Credits created by this Section.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 2389, effective August 14, 2007 (Supp. 07-2).

**R14-2-1808. Tariff**

- A. Within 60 days of the effective date of these rules, each Affected Utility shall file with the Commission a Tariff in substantially the same form as the Sample Tariff set forth in these rules that proposes methods for recovering the reasonable and prudent costs of complying with these rules. The specific amounts in the Sample Tariff are for illustrative purposes only and Affected Utilities may submit, with proper support, Tariff filings with alternative surcharge amounts.
- B. The Affected Utility's Tariff filing shall provide the following information:
  1. Financial information and supporting data sufficient to allow the Commission to determine the Affected Utility's fair value for purposes of evaluating the Affected Utility's proposed Tariff. Information submitted in the format of the Annual Report required under R14-2-212(G)(4) will be the minimum information necessary for filing a Tariff application but Commission Staff may request additional information depending upon the type of Tariff filing that is submitted;
  2. A discussion of the suitability of the Sample Tariff set forth in Appendix A for recovering the Affected Utility's reasonable and prudent costs of complying with these rules;
  3. Data to support the level of costs that the Affected Utility contends will be incurred in order to comply with these rules;
  4. Data to demonstrate that the Affected Utility's proposed Tariff is designed to recover only the costs in excess of the Market Cost of Comparable Conventional Generation; and
  5. Any other information that the Commission believes will be relevant to the Commission's consideration of the Tariff filing.
- C. The Commission will approve, modify, or deny a Tariff proposed pursuant to subsection (A) within 180 days after the Tariff has been filed. The Commission may suspend this deadline or adopt an alternative procedural schedule for good cause. The Affected Utility's Annual Renewable Energy Requirement, as set forth in R14-2-1804(B), and Distributed Renewable Energy Requirement, as set forth in R14-2-1805(B), will be effective upon Commission approval of the Tariff filed pursuant to this Section.
- D. If an Affected Utility has an adjustor mechanism for the recovery of costs related to Annual Renewable Energy Requirements, the Affected Utility may file a request to reset its adjustor mechanism in lieu of a Tariff pursuant to subsection

(A). The Affected Utility's filing shall provide all the information required by subsection (B), except that it may omit information specifically related to the fair value determination. The Affected Utility's Annual Renewable Energy Requirement, as set forth in R14-2-1804(B), and Distributed Renewable Energy Requirement, as set forth in R14-2-1805(B), will be effective upon Commission approval of the adjustor mechanism rate filed pursuant to this Section.

- E. An Affected Utility may file a rate case pursuant to R14-2-103 in lieu of a Tariff pursuant to subsection (A). The Affected Utility's filing shall provide all information required by subsection (B).

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 2389, effective August 14, 2007 (Supp. 07-2).

**R14-2-1809. Customer Self-Directed Renewable Energy Option**

- A. By January 1, 2007, each Affected Utility shall file with Docket Control a Tariff by which an Eligible Customer may apply to an Affected Utility to receive funds to install distributed Renewable Energy Resources. The funds annually received by an Eligible Customer pursuant to this Tariff may not exceed the amount annually paid by the Eligible Customer pursuant to the Affected Utility's Tariff.
- B. An Eligible Customer seeking to participate in this program shall submit to the Affected Utility a written application that describes the Renewable Energy Resources that it proposes to install and the projected cost of the project. An Eligible Customer shall provide at least half of the funding necessary to complete the project described in its application.
- C. All Renewable Energy Credits derived from the project, including generation and Extra Credit Multipliers, shall be applied to satisfy the Affected Utility's Annual Renewable Energy Requirement.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 2389, effective August 14, 2007 (Supp. 07-2).

**R14-2-1810. Uniform Credit Purchase Program**

- A. The Director of the Utilities Division shall establish a Uniform Credit Purchase Program working group, which will study issues related to implementing Distributed Renewable Energy Resources. The working group shall address the consumer participation process, budgets, incentive levels, eligible technologies, system requirements, installation requirements, and any other issues that are relevant to encouraging the implementation of Distributed Renewable Energy Resources. No later than March 1, 2007, the Director of the Utilities Division shall file a staff report with recommendations for Uniform Credit Purchase Programs.
- B. No later than July 1, 2007, each Affected Utility shall file a Uniform Credit Purchase Program for Commission review and approval.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 2389, effective August 14, 2007 (Supp. 07-2).

**R14-2-1811. Net Metering and Interconnection Standards**

The Commission Staff shall host a series of workshops addressing the issues of rate design including Net Metering and interconnection standards. Upon completion of this task, and the adoption of rules or standards, if appropriate, each Affected Utility shall file

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

conforming Net Metering tariffs and interconnection standards in Docket Control.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 2389, effective August 14, 2007 (Supp. 07-2).

**R14-2-1812. Compliance Reports**

- A. Beginning April 1, 2007, and every April 1st thereafter, each Affected Utility shall file with Docket Control a report that describes its compliance with the requirements of these rules for the previous calendar year and provides other relevant information. The Affected Utility shall also transmit to the Director of the Utilities Division an electronic copy of this report that is suitable for posting on the Commission's web site.
- B. The compliance report shall include the following information:
  1. The actual kWh of energy produced within its service territory and the actual kWh of energy or equivalent obtained from Eligible Renewable Energy Resources, differentiating between kWhs for which the Affected Utility owns the Renewable Energy Credits and kWhs produced in the Affected Utility's service territory for which the Affected Utility does not own the Renewable Energy Credits;
  2. The kWh of energy or equivalent obtained from Eligible Renewable Energy Resources normalized to reflect a full year's production;
  3. The kW of generation capacity, disaggregated by technology type;
  4. Cost information regarding cents per actual kWh of energy obtained from Eligible Renewable Energy Resources and cents per kW of generation capacity, disaggregated by technology type;
  5. A breakdown of the Renewable Energy Credits used to satisfy both the Annual Renewable Energy Requirement and the Distributed Renewable Energy Requirement and appropriate documentation of the Affected Utility's receipt of those Renewable Energy Credits; and
  6. A description of the Affected Utility's procedures for choosing Eligible Renewable Energy Resources and a certification from an independent auditor that those procedures are fair and unbiased and have been appropriately applied.
- C. The Commission may consider all available information and may hold a hearing to determine whether an Affected Utility's compliance report satisfied the requirements of these rules.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 2389, effective August 14, 2007 (Supp. 07-2). Amended by final rulemaking at 21 A.A.R. 379, effective April 21, 2015 (Supp. 15-1).

**R14-2-1813. Implementation Plans**

- A. Beginning July 1, 2007, and every July 1st thereafter, each Affected Utility shall file with Docket Control for Commission review and approval a plan that describes how it intends to comply with these rules for the next calendar year. The Affected Utility shall also transmit an electronic copy of this plan that is suitable for posting on the Commission's web site to the Director of the Utilities Division.
- B. The implementation plan shall include the following information:

1. A description of the Eligible Renewable Energy Resources, identified by technology, proposed to be added by year for the next five years and a description of the kW and kWh to be obtained from each of those resources;
  2. The estimated cost of each Eligible Renewable Energy Resource proposed to be added, including cost per kWh and total cost per year;
  3. A description of the method by which each Eligible Renewable Energy Resource is to be obtained, such as self-build, customer installation, or request for proposals;
  4. A proposal that evaluates whether the Affected Utility's existing rates allow for the ongoing recovery of the reasonable and prudent costs of complying with these rules, including a Tariff application that meets the requirements of R14-2-1808 and addresses the Sample Tariff set forth in Appendix A if necessary; and
  5. A line item budget that allocates specific funding for Distributed Renewable Energy Resources, for the Customer Self-Directed Renewable Energy Option, for power purchase agreements, for utility-owned systems, and for each Eligible Renewable Energy Resource described in the Affected Utility's implementation plan.
- C. The Commission may hold a hearing to determine whether an Affected Utility's implementation plan satisfies the requirements of these rules.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 2389, effective August 14, 2007 (Supp. 07-2).

**R14-2-1814. Electric Power Cooperatives**

- A. Within 60 days of the effective date of these rules, every electric cooperative that is an Affected Utility shall file with Docket Control an appropriate plan for acquiring Renewable Energy Credits from Eligible Renewable Energy Resources for the next calendar year and a Tariff that proposes methods for recovering the reasonable and prudent costs of complying with its proposed plan and addresses the Sample Tariff set forth in Appendix A. The cooperative shall also transmit electronic copies of these filings that are suitable for posting on the Commission's web site to the Director of the Utilities Division. Upon Commission approval of this plan, its provisions shall substitute for the requirements of R14-2-1804 and R14-2-1805 for the electric power cooperative proposing the plan.
- B. Beginning July 1, 2007, and every July 1st thereafter, every electric cooperative that is an Affected Utility shall file with Docket Control an appropriate plan for acquiring Renewable Energy Credits from Eligible Renewable Energy Resources for the next calendar year. The cooperative shall also transmit an electronic copy of this plan that is suitable for posting on the Commission's web site to the Director of the Utilities Division.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 2389, effective August 14, 2007 (Supp. 07-2).

**R14-2-1815. Enforcement and Penalties**

- A. If an Affected Utility fails to meet the annual requirements set forth in R14-2-1804 and R14-2-1805, it shall include with its annual compliance report a notice of noncompliance.
- B. The notice of noncompliance shall provide the following information:

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

1. A computation of the difference between the Renewable Energy Credits required by R14-2-1804 and R14-2-1805 and the amount actually obtained,
  2. A plan describing how the Affected Utility intends to meet the shortfall from the previous calendar year in the current calendar year, and
  3. An estimate of the costs of meeting the shortfall.
- C.** If the Commission finds after affording an Affected Utility notice and an opportunity to be heard that the Affected Utility has failed to comply with its implementation plan approved by the Commission as set forth in R14-2-1813, the Commission may find that the Affected Utility shall not recover the costs of meeting the shortfall described in R14-2-1815(B) in rates.
- D.** Nothing herein is intended to limit the actions the Commission may take or the penalties the Commission may impose pursuant to Arizona Revised Statutes, Chapter 2, Article 9. An Affected Utility is entitled to notice and an opportunity to be heard prior to Commission action or imposition of penalties.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 2389, effective August 14, 2007 (Supp. 07-2).

**R14-2-1816. Waiver from the Provisions of this Article**

- A.** The Commission may waive compliance with any provision of this Article for good cause.
- B.** Any Affected Utility may petition the Commission to waive its compliance with any provision of this Article for good cause.
- C.** A petition filed pursuant to these rules shall have priority over other matters filed at the Commission.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 2389, effective August 14, 2007 (Supp. 07-2).

**Appendix A. Sample Tariff**

Unless otherwise ordered by the Commission, the renewable energy standard surcharge shall be assessed monthly to every retail electric service. This monthly assessment will be the lesser of \$0.004988 per kWh or:

1. For residential customers, \$1.05 per service;
2. For non-residential customers, \$39.00 per service;
3. For non-residential customers whose metered demand is 3,000 kW or more for three consecutive months, \$117.00 per service;
4. For non-metered services, the lesser of the load profile or otherwise estimated kWh required to provide the service in question, or the service's contract kWh shall be used in the calculation of the surcharge.

**Historical Note**

New Appendix A made by final rulemaking at 13 A.A.R. 2389, effective August 14, 2007 (Supp. 07-2).

**ARTICLE 19. CONSUMER PROTECTIONS FOR UNAUTHORIZED CARRIER CHANGES**

*Article 19, consisting of R14-2-1901 through R14-2-1913, made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).*

**R14-2-1901. Definitions**

- A.** "Authorized Carrier" means any Telecommunications Company that submits, on behalf of a Customer, a change in the Customer's selection of a provider of telecommunications service, with the Subscriber's authorization verified in accordance with the procedures specified in this Article.
- B.** "Commission" means Arizona Corporation Commission.

- C.** "Customer" means the person or entity in whose name service is rendered, as evidenced by the signature on the application or contract for service, or by the receipt or payment of bills regularly issued in their name regardless of the identity of the actual user of service.
- D.** "Executing Telecommunications Carrier" means a Telecommunications Company that effects a request that a Subscriber's Telecommunications Company be changed.
- E.** "Letter of Agency" means written authorization, including internet enabled with electronic signature, by a Subscriber authorizing a Telecommunications Company to act on the Subscriber's behalf to change the Subscriber's Telecommunications Company.
- F.** "Subscriber" means the Customer identified in the account records of a Telecommunications Company; and any person authorized by such Customer to change telecommunications services or to charge services to the account; or any person contractually or otherwise lawfully authorized to represent such Customer.
- G.** "Telecommunications Company" means a public service corporation, as defined in the Arizona Constitution, Article 15, § 2, which provides telecommunications services within the state of Arizona and over which the Commission has jurisdiction.
- H.** "Unauthorized Carrier" means any Telecommunications Company that submits, on behalf of a Customer, a change in the Customer's selection of a provider of telecommunications service without the subscriber's authorization verified in accordance with the procedures specified in this Article.
- I.** "Unauthorized Change" ("slamming") means a change in a Telecommunications Company submitted on behalf of a Subscriber that was not authorized in accordance with R14-2-1904 or not verified in accordance with R14-2-1905.
- J.** "Unauthorized Charge" means any charge incurred as a result of an Unauthorized Change.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-1902. Purpose and Scope**

These rules shall be interpreted to ensure that all Customers in this state are protected from an Unauthorized Change in their intra-LATA, or interLATA long-distance Telecommunications Company. The rules shall be interpreted to promote satisfactory service to the public by local and intraLATA or interLATA long-distance Telecommunications Companies and to establish the rights and responsibilities of both company and Customer. The rules shall be interpreted to establish liability standards and penalties to ensure compliance.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-1903. Application**

These rules apply to each Telecommunications Company. These rules do not apply to providers of wireless, cellular, personal communications services, or commercial mobile radio services.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-1904. Authorized Telecommunications Company Change Procedures**

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- A. A Telecommunications Company shall not submit a change on behalf of a Subscriber prior to obtaining authorization from the Subscriber and obtaining verification of that authorization in accordance with R14-2-1905.
- B. A Telecommunications Company submitting a change shall maintain and preserve records of verification of individual Subscriber authorization for 24 months.
- C. An Executing Telecommunications Carrier shall not contact the Subscriber to verify the Subscriber's selection received from a Telecommunications Company submitting a change.
- D. An Executing Telecommunications Carrier shall execute such changes as promptly as reasonable business practices will permit, which shall not exceed 10 business days from the receipt of a change notice from a submitting Telecommunications Company. The Executing Telecommunications Carrier shall have no liability for processing an Unauthorized Change.
- E. If a Telecommunications Company is selling more than one type of service, for example, local, intraLATA, or interLATA, it may obtain authorizations from the Subscriber for all services authorized during a single contact.
- D. An electronically signed Letter of Agency is valid written authorization.
- E. A Telecommunications Company that obtains a Subscriber's electronic voice recorded authorization shall confirm the Customer identification and service change information. If a Telecommunications Company elects to verify sales by electronic voice recorded authorization, it shall establish one or more toll-free telephone numbers exclusively for that purpose. A call to the toll-free number shall connect the Subscriber to a recording mechanism that shall record the following information regarding the Telecommunications Company change:
  1. The identity of the Subscriber,
  2. Confirmation that the person on the call is authorized to make the Telecommunications Company change,
  3. Confirmation that the person on the call wants to make the Telecommunications Company change,
  4. The name of the newly authorized Telecommunications Company,
  5. The telephone numbers to be switched, and
  6. The types of service involved.
- F. A Telecommunications Company that verifies a Subscriber's authorization by an independent third party shall comply with the following:
  1. The independent third party shall not be owned, managed, or controlled by the Telecommunications Company or the company's marketing agent.
  2. The independent third party shall not have any financial incentive to verify that Telecommunications Company change orders are authorized.
  3. The independent third party shall operate in a location physically separate from the Telecommunications Company or the company's marketing agent.
  4. The independent third party shall inform the Subscriber that the call is being recorded and shall record the Subscriber's authorization to change the Telecommunications Company.
  5. All third party verification methods shall elicit and record, at a minimum:
    - a. The identity of the Subscriber,
    - b. Confirmation that the person on the call is authorized to make the Telecommunications Company change,
    - c. Confirmation that the person on the call wants to make the Telecommunications Company change,
    - d. The name of the newly authorized Telecommunications Company,
    - e. The telephone numbers to be switched, and
    - f. The types of service involved.
  6. The independent third party shall conduct the verification in the same language as was used in the initial sales transaction.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-1905. Verification of Orders for Telecommunications Service**

- A. A Telecommunications Company shall not submit a change order unless it confirms the order by one of the following methods:
  1. The Telecommunications Company obtains the Subscriber's written authorization, including internet enabled authorization with electronic signature, in a form that meets the requirements of this Section.
  2. The Telecommunications Company obtains the Subscriber's electronic or voice-recorded authorization for the change that meets the requirements of this Section.
  3. An independent third party, qualified under the criteria set forth in subsection (F), obtains and records the Subscriber's verbal authorization for the change that confirms and includes appropriate verification data pursuant to the requirements of this Section.
- B. Written authorization obtained by a Telecommunications Company shall:
  1. Be a separate document containing only the authorizing language in accordance with verification procedures of this Section,
  2. Have the sole purpose of authorizing a Telecommunications Company change, and
  3. Be signed and dated by the Subscriber requesting the Telecommunications Company change.
- C. A Letter of Agency may be combined with a marketing check subject to the following requirements. The Letter of Agency when combined with a marketing check shall not contain promotional language or material. The Letter of Agency when combined with a marketing check shall have on its face and near the endorsement line a notice in bold-face type that the Subscriber authorizes a Telecommunications Company change by signing the check. The notice shall be in easily readable, bold-face type and shall be written in both English and Spanish, as well as in any other language which was used at any point in the sales transaction. If a Telecommunications Company cannot comply with the requirements of this Section, it may not combine a Letter of Agency with a marketing check.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-1906. Notice of Change**

When an Authorized Carrier changes a Subscriber's service, the Authorized Carrier, or its billing and collection agent, shall clearly and conspicuously identify any change in service provider, including the name of the new Authorized Carrier and its telephone number on a bill, a bill insert, or in a separate mailing to the Subscriber. The notice of change shall be printed in both English and Spanish.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

**Historical Note**

New Section made by final rulemaking at 10 A.A.R.  
2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-1907. Unauthorized Changes**

- A.** A Subscriber shall notify the alleged Unauthorized Carrier within a reasonable period of time after receiving notice of an Unauthorized Change. Any period of time of 60 days or less shall automatically be presumed to be reasonable, and any period of time longer than 60 days may be reasonable based on the circumstances.
- B.** After a Subscriber notifies the alleged Unauthorized Carrier that the change was unauthorized, the alleged Unauthorized Carrier shall take all actions within its control to facilitate the Subscriber's return to the original Telecommunications Company as promptly as reasonable business practices will permit, but no later than five business days from the date of the Subscriber's notification to it.
- C.** If an alleged Unauthorized Carrier has been notified that an Unauthorized Change has occurred and the alleged Unauthorized Carrier cannot verify within five business days that the change was authorized pursuant to R14-2-1905, the alleged Unauthorized Carrier shall:
  - 1. Pay all charges to the original Telecommunications Company associated with returning the Subscriber to the original Telecommunications Company as promptly as reasonable business practices will permit, but no later than 30 business days from the date of the alleged Unauthorized Carrier's failure to confirm authorization of the change;
  - 2. Absolve the Subscriber of all charges incurred during the first 90 days of service provided by the alleged Unauthorized Carrier if a Subscriber has not paid charges to the alleged Unauthorized Carrier;
  - 3. Forward relevant billing information to the original Telecommunications Carrier within 15 business days of a Subscriber's notification. The original Telecommunications Company may not bill the Subscriber for unauthorized service charges during the first 90 days of the alleged Unauthorized Carrier's service but may thereafter bill the Subscriber at the original Telecommunications Company's rates; and
  - 4. Refund to the original Telecommunications Company, 100% of any alleged Unauthorized Carrier's charges that a Subscriber paid to the alleged Unauthorized Carrier. The original Telecommunications Company shall apply the credit of 100% to the Subscriber's authorized charges.
- D.** Until the alleged Unauthorized Carrier certifies with supporting documentation to the Subscriber that the change was verified pursuant to R14-2-1905, the billing Telecommunications Company shall not:
  - 1. Suspend, disconnect, or terminate telecommunications service to a Subscriber who disputes any billing charge pursuant to this Section or for nonpayment of a charge related to an unauthorized change unless requested by the Subscriber, or
  - 2. File an unfavorable credit report against a Customer who has not paid charges that the Subscriber has alleged were unauthorized.
- E.** The Customer shall remain obligated to pay any charges that are not disputed.
- F.** The alleged Unauthorized Carrier shall maintain and preserve individual Customer records of Unauthorized Change complaints for 24 months.

- G.** Each occurrence of slamming to an individual account shall constitute a separate violation of this Article, subject to individual enforcement actions and penalties as prescribed herein.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R.  
2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-1908. Notice of Subscriber Rights**

- A.** A Telecommunications Company shall provide to each of its Subscribers notice of the Subscriber's rights regarding Unauthorized Changes and Unauthorized Charges.
- B.** The Subscriber notice shall include the following:
  - 1. The name, address and telephone numbers where a Subscriber can contact the Telecommunications Company;
  - 2. A Telecommunications Company is prohibited from changing telecommunications service to another company without the Subscriber's permission;
  - 3. A Telecommunications Company that has switched telecommunications service without the Subscriber's permission is required to pay all charges associated with returning the Customer to the original Telecommunications Company as promptly as reasonable business practices will permit, but no later than 30 business days from the Subscriber's request;
  - 4. An Unauthorized Carrier shall absolve a Subscriber of all unpaid charges which were incurred during the first 90 days of service provided by the Unauthorized Carrier;
  - 5. If a Subscriber incurred charges for service provided during the first 90 days of service with the Unauthorized Carrier, the Unauthorized Carrier shall forward the relevant billing information to the original Telecommunications Company. The original Telecommunications Company may not bill the Subscriber for unauthorized service charges during the first 90 days of the Unauthorized Carrier's service but may thereafter bill the Subscriber at the original Telecommunications Company's rates;
  - 6. If a Subscriber has paid charges to the Unauthorized Carrier, the Unauthorized Carrier must pay 100% of the charges to the original Telecommunications Company and the original Telecommunications Company shall apply the 100% as credit to the Customer's authorized charges;
  - 7. A Subscriber who has been slammed can contact the Unauthorized Carrier to request the service be changed back in accordance with R14-2-1907;
  - 8. A Subscriber who has been slammed can report the Unauthorized Change to the Arizona Corporation Commission;
  - 9. The name, address, web site, and toll free consumer services telephone number of the Arizona Corporation Commission; and
  - 10. A Subscriber can request their local exchange company place a freeze on the Customer's long distance telecommunications service account.
- C.** Distribution, language, and timing of notice.
  - 1. A Telecommunications Company shall provide the notice described in this Section to new Customers at the time service is initiated, and upon a Subscriber's request.
  - 2. A Telecommunications Company that publishes a telephone directory or contracts for publication of a telephone directory, shall arrange for the notice to appear in the white pages of its annual telephone directory.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

3. A Telecommunications Company with a web site shall display the notice described in this Section on the company's web site.
4. The notice of subscriber rights described in this Section shall be written in both English and Spanish.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-1909. Customer Account Freeze**

- A. A Customer account freeze prevents a change in a Subscriber's intraLATA and interLATA Telecommunications Company selection until the Subscriber gives consent to lift the freeze to the local exchange company that implemented the freeze.
- B. A local exchange company that offers a freeze shall do so on a nondiscriminatory basis to all Subscribers.
- C. A Telecommunications Company that offers information on freezes shall clearly distinguish intraLATA and interLATA telecommunications services.
- D. A local exchange carrier shall not implement or remove a freeze without authorization obtained consistent with R14-2-1904 and verification consistent with R14-2-1905. However, a local exchange carrier shall remove a freeze if authorized by the subscriber in a three-way conference call meeting the requirements of 47 C.F.R. 64.1190(e)(2) incorporated by reference. This reference to 47 C.F.R. 64.1190(e)(2) is to the version in effect as of January 1, 2004 and no future editions or amendments. Copies of 47 C.F.R. 64.1190(3)(2) are available from the Federal Communications Commission at 445 12th Street SW, Washington D.C. 20554 and at the offices of the Arizona Corporations Commission at 1200 W. Washington Street, Phoenix, Arizona 85007 and online at [www.gpoaccess.gov](http://www.gpoaccess.gov) and are on file with the Office of the Secretary of State.
- E. A Telecommunications Company shall not charge the Customer for imposing or removing a freeze except under a Commission approved tariff.
- F. A Telecommunications Company shall maintain records of all freeze authorizations and repeals for the duration of the Customer account freeze or at least 24 months following the cancellation of the Customer account freeze or discontinuance of service provided to that account.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-1910. Informal Complaint Process**

- A. A Subscriber may file an informal complaint within 90 days of receiving notice of an Unauthorized Charge, or, thereafter, upon a showing of good cause. The complaint shall be submitted to the Commission Staff in writing, telephonically, or via electronic transmission, and shall include:
  1. Complainant's name, address, telephone number;
  2. The names of the Telecommunications Companies involved;
  3. The approximate date of the alleged Unauthorized Change;
  4. A statement of facts, including documentation, to support the complainant's allegation;
  5. The amount of any disputed charges, including any amount already paid; and
  6. The specific relief sought.
- B. Commission Staff shall:

1. Assist the parties in resolving the informal complaint;
  2. Notify the Executing Telecommunications Company, original Telecommunications Company, and alleged Unauthorized Carrier of the alleged Unauthorized Change;
  3. Require the alleged Unauthorized Carrier to provide an initial response within five business days of receipt of notice from the Commission;
  4. Require the alleged Unauthorized Carrier to provide documentation of the Subscriber's authorization. If such information is not provided to Staff within 10 business days of the initial Staff notification, Staff shall presume that an Unauthorized Change occurred;
  5. Advise the Telecommunications Company that it shall provide Staff with any additional information requested by Staff within 10 business days of Staff's request; and
  6. Inform the Telecommunications Company that failure to provide the requested information or a good faith response to Commission Staff within 15 business days shall be deemed an admission to the allegations contained within the request and the Telecommunications Company shall be deemed in violation of the applicable provisions of this Article.
- C. If the parties do not resolve the matter, the Staff will conduct a review of the informal complaint and related materials to determine if an Unauthorized Change has occurred, which review shall be completed within 30 days of the Staff's receipt of the informal complaint.
- D. Upon conclusion its review, Staff shall render a written summary of its findings and recommendation to all parties. Staff's written summary is not binding on any party. Any party shall have the right to file a formal complaint with the Commission under A.R.S. § 40-246. Staff's written summary shall not be admissible in the formal complaint proceeding.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-1911. Compliance and Enforcement**

- A. A Telecommunications Company shall provide a copy of its records of Subscriber verification and Unauthorized Changes maintained under the requirements of this Article to Commission Staff upon request.
- B. If the Commission finds that a Telecommunications Company is in violation of this Article, the Commission shall order the company to take corrective action as necessary, and the Commission may impose such penalties as are authorized by law. The Commission may sanction a Telecommunications Company in violation of this Article by prohibiting further solicitation of new customers for a specified period, or by revocation of its Certificate of Convenience and Necessity. The Commission may take any other enforcement actions authorized by law.
- C. The Commission Staff shall coordinate its enforcement efforts regarding the prosecution of fraudulent, misleading, deceptive, and anti-competitive business practices with the Arizona Attorney General.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-1912. Severability**

If any provision of this Article is found to be invalid, it shall be deemed severable from the remainder of this Article and the

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

remaining provisions of this Article shall remain in full force and effect.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-1913. Script Submission**

- A. Each Telecommunications Company shall file under seal in a docket designated by the Director of the Utilities Division ("Director") a copy of all sales or marketing scripts used by its (or its agent's) sales or customer service workers. For the purpose of this rule, "sales or marketing scripts" means all scripts that involve proposing a change in Telecommunications Company or responding to an inquiry regarding a possible change in Telecommunications Company.
- B. A Telecommunications Company shall make the filing described in R14-2-1913(A) at the following times:
  1. 90 days from the day these rules are first published in a Notice of Final Rulemaking in the Arizona Administrative Register;
  2. On April 15 of each year;
  3. Whenever directed to do so by the Director; and
  4. Whenever a material change to a script occurs or a new script is used that is materially different from a script on file with the Director.
- C. The Director may request further information or clarification on any script, and the Telecommunications Company shall respond to the Director's request within 10 days.
- D. The Director may initiate a formal complaint under R14-3-101 through R14-3-113 to review any script. The failure to file such a complaint or request further information or clarification does not constitute approval of the script, and the fact that the script is on file with the Commission may not be used as evidence that the script is just, reasonable, or not fraudulent.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**ARTICLE 20. CONSUMER PROTECTIONS FOR UNAUTHORIZED CARRIER CHARGES**

*Article 20, consisting of R14-2-2001 through R14-2-2011, made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).*

**R14-2-2001. Definitions**

- A. "Commission" means the Arizona Corporation Commission.
- B. "Customer" means the person or entity in whose name service is rendered, as evidenced by the signature on the application or contract for service, or by the receipt or payment of bills regularly issued in their name regardless of the identity of the actual user of service.
- C. "Subscriber" means the Customer identified in the account records of a Telecommunications Company; any person authorized by such Customer to change telecommunications services or to charge services to the account; or any person contractually or otherwise lawfully authorized to represent such Customer.
- D. "Telecommunications Company" means a public service corporation, as defined in the Arizona Constitution, Article 15, § 2, that provides telecommunications services within the state of Arizona and over which the Commission has jurisdiction. The phrase "Telecommunications Company" does not include providers of wireless, cellular, personal communications services, or commercial mobile radio services.

- E. "Unauthorized Charge" ("cramming") means any recurring charge on a Customer's telephone bill that was not authorized or verified in compliance with R14-2-2005. This does not include one-time pay-per-use charges or taxes and other surcharges that have been authorized by law to be passed through to the Customer.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-2002. Purpose and Scope**

The provisions of this Article shall be interpreted to ensure all Customers in this state are protected from Unauthorized Charges on their bill from a Telecommunications Company.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-2003. Application**

This Article applies to each Telecommunications Company.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-2004. Requirements for Submitting Authorized Charges**

- A. A Telecommunications Company shall provide its billing agent with its name, telephone number, and a list with detailed descriptions of the products and services it intends to charge on a Customer's bill so that the billing agent may accurately identify the product or service on the Customer's bill.
- B. A Telecommunications Company or its billing agent shall specify the product or service being billed and all associated charges.
- C. A Telecommunications Company or its billing agent shall provide the Subscriber with a toll-free telephone number the Subscriber may call for billing inquiries.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-2005. Authorization Requirements**

- A. A Telecommunications Company shall record the date of a service request and shall obtain from the Subscriber requesting a product or service the following:
  1. The name and telephone number of the Customer,
  2. Verification that Subscriber is authorized to order the product or service, and
  3. Explicit Subscriber acknowledgement that the charges will be assessed on the Customer's bill.
- B. A Telecommunications Company shall communicate the following information to a Subscriber requesting a product or service:
  1. An explanation of each product or service offered,
  2. An explanation of all applicable charges,
  3. A description of how the charge will appear on the Customer's bill,
  4. An explanation of how a product or service can be cancelled, and
  5. A toll-free telephone number for Subscriber inquiries.
- C. The authorization required by R14-2-2005(A) and the communications required by R14-2-2005(B) shall be given in all languages used at any point in the sales transaction. At the beginning of any sales transaction, the Telecommunications

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

Company must offer to conduct the transaction in English or Spanish and must comply with the Customer's choice or shall not complete the transaction.

- D. During each contact in which the Telecommunications Company offers to establish residential service or in which a person requests the establishment of residential service, the Telecommunications Company shall inform the subscriber of the cost of "basic local exchange telephone service" as defined in R14-2-1201(6), if provided. A Telecommunications Company shall not use the term "basic" or any other misleading language in describing any product or service. The term "basic" can only be used for a plan that includes only basic local exchange telephone service.
- E. The individual Subscriber authorization record shall be maintained by the Telecommunications Company for 24 months.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-2006. Unauthorized Charges**

- A. Upon discovery of an Unauthorized Charge or upon notification by a Subscriber of an Unauthorized Charge, the billing Telecommunications Company shall:
  1. Immediately cease charging the Customer for the unauthorized product or service;
  2. Remove the Unauthorized Charge from the Customer's bill within 45 days;
  3. Refund or credit to the Customer all money paid by the Customer at the Customer's option for any Unauthorized Charge. If any Unauthorized Charge is not refunded or credited within two billing cycles, the Telecommunications Company shall pay interest on the amount of any Unauthorized Charges at an annual rate established by the Commission until the Unauthorized Charge is refunded or credited;
  4. Provide the Subscriber all billing records under the control of the Telecommunications Company related to any Unauthorized Charge. The billing records shall be provided within 15 business days of the Subscriber's notification; and
  5. Maintain a record of each Unauthorized Charge of every Customer who has experienced any Unauthorized Charge for 24 months. The record shall include:
    - a. The name of the Telecommunications Company,
    - b. Each affected telephone number,
    - c. The date the Subscriber requested the Unauthorized Charge be removed from the Customer's bill, and
    - d. The date the Customer was refunded or credited the amount that the Customer paid for any Unauthorized Charge.
- B. After a charge is removed from the Customer's bill, the Telecommunications Company shall not rebill the charge unless one of the following occurs:
  1. The Subscriber and the Telecommunications Company agree the customer was accurately billed.
  2. The Telecommunications Company certifies with supporting documentation to the Subscriber that the charge was authorized pursuant to R14-2-2005.
  3. A determination is made pursuant to R14-2-2008 that the charge was authorized.
- C. Until a charge is reinstated pursuant to subsection (B), a Telecommunications Company shall not:
  1. Suspend, disconnect, or terminate telecommunications service to a Subscriber who disputes any billing charge

pursuant to this Article or for nonpayment of an alleged Unauthorized Charge unless requested by the Subscriber; or

- 2. File an unfavorable credit report against a Customer who has not paid charges that the Subscriber has alleged were unauthorized.
- D. The Customer shall remain obligated to pay any charges that are not disputed.
- E. Each occurrence of cramming an individual account shall constitute a separate violation of this Article, subject to individual enforcement actions and penalties as prescribed herein.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-2007. Notice of Subscriber Rights**

- A. A Telecommunications Company shall provide to each of its Subscribers a notice of the Subscriber's rights regarding Unauthorized Charges.
- B. The notice may be combined with the notice required by R14-2-1908.
- C. The notice shall include the following:
  1. The name, address and telephone number where a Subscriber can contact the Telecommunications Company;
  2. A statement that a Telecommunications Company is prohibited from adding products and services to a Customer's account without the Subscriber's authorization;
  3. A statement that the Telecommunications Company is required to return the service to its original service provisions if an Unauthorized Charge is added to a Customer's account;
  4. A statement that the Telecommunications Company shall not charge for returning the Customer to their original service provisions;
  5. A statement that the Telecommunications Company must refund or credit, at the Customer's option, to the Customer any amount paid for any Unauthorized Charge. If any Unauthorized Charge is not refunded or credited within two billing cycles, the Telecommunications Company shall pay interest on the amount of any Unauthorized Charges at an annual rate established by the Commission until the Unauthorized Charge is refunded or credited;
  6. A statement that a Customer who has been crammed can report the Unauthorized Charge to the Arizona Corporation Commission; and
  7. The name, address, web site, and toll-free consumer services telephone number of the Arizona Corporation Commission.
- D. Distribution, language, and timing of notice.
  1. A Telecommunications Company shall provide the notice described in this Section to new Customers at the time service is initiated, and upon Subscriber's request.
  2. A Telecommunications Company that publishes a telephone directory or contracts for publication of a telephone directory, shall arrange for the notice to appear in the white pages of its annual telephone directory.
  3. A Telecommunications Company with a web site shall display the notice described in this Section on the company's web site.
  4. The notice of subscriber rights described in this Section shall be written in both English and Spanish.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-2008. Informal Complaint Process**

- A.** A Subscriber may file an informal complaint within 90 days of receiving notice of an Unauthorized Charge, or, thereafter, upon a showing of good cause. The complaint shall be submitted to the Commission Staff in writing, telephonically or via electronic transmission, and shall include:
1. Complainant's name, address, telephone number;
  2. The name of the Telecommunications Company that submitted the alleged Unauthorized Charge;
  3. The approximate date of the alleged Unauthorized Charge;
  4. A statement of facts, and documentation, to support the complainant's allegation;
  5. The amount of any disputed charges including the amount already paid; and
  6. The specific relief sought.
- B.** The Commission Staff shall:
1. Assist the parties in resolving the complaint;
  2. Notify the Telecommunications Company of the alleged Unauthorized Charge;
  3. Require the Telecommunications Company to provide an initial response within five business days of receipt of notice from the Commission;
  4. Require the Telecommunications Company to provide documentation of the Subscriber's new service or product request. If such information is not provided to the Staff within 10 business days of the initial Staff notification, Staff shall presume that an Unauthorized Charge occurred;
  5. Advise the Telecommunications Company that it shall provide Staff any additional information requested within 10 business days of Staff's request; and
  6. Inform the Telecommunications Company that failure to provide the requested information or a good faith response to Commission Staff within 15 business days shall be deemed an admission to the allegations contained within the request and the Telecommunications Company shall be deemed in violation of the applicable provisions of this Article.
- C.** If the parties do not resolve the matter, the Staff will conduct a review of the informal complaint and related materials to determine if an Unauthorized Charge has occurred, which review shall be completed within 30 days of the Staff's receipt of the informal complaint.
- D.** Upon conclusion of its review, Staff shall render a written summary of its findings and recommendation to all parties. Staff's written summary is not binding on any party. Any party shall have the right to file a formal complaint with the Commission under A.R.S. § 40-246. Staff's written summary shall not be admissible in the formal complaint proceeding.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-2009. Compliance and Enforcement**

- A.** A Telecommunications Company shall provide a copy of records related to a Subscriber's request for services or products to Commission Staff upon request.
- B.** If the Commission finds that a Telecommunications Company is in violation of this Article, the Commission shall order the company to take corrective action as necessary, and the com-

pany may be subject to such penalties as are authorized by law. The Commission may sanction a Telecommunications Company in violation of this Article by prohibiting further solicitation of new customers for a specified period, or by revocation of its Certificate of Convenience and Necessity. The Commission may take any other enforcement actions authorized by law.

- C.** The Commission Staff shall coordinate its enforcement efforts regarding the prosecution of fraudulent, misleading, deceptive, and anti-competitive business practices with the Arizona Attorney General.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-2010. Severability**

If any provision of this Article is found to be invalid, it shall be deemed severable from the remainder of this Article and the remaining provisions of this Article shall remain in full force and effect.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**R14-2-2011. Script Submission**

- A.** Each Telecommunications Company shall file under seal in a docket designated by the Director of the Utilities Division ("Director") a copy of all sales or marketing scripts used by its (or its agent's) sales or customer service workers. For the purposes of this rule, "sales or marketing scripts" means all scripts that involve an offer to sell a product or service or a response to a request for a product or service, including all scripts for unrelated matters that include a prompt for the sales or customer service workers to offer to sell a product or service.
- B.** A Telecommunications Company shall make the filing described in R14-2-2011(A) at the following times:
1. 90 days from the day these rules are first published in a Notice of Final Rulemaking in the Arizona Administrative Register;
  2. On April 15 of each year;
  3. Whenever directed to do so by the Director; and
  4. Whenever a material change to a script occurs or a new script is used that is materially different from a script on file with the Director.
- C.** The Director may request further information or clarification on any script, and the Telecommunications Company shall respond to the Director's request within 10 days.
- D.** The Director may initiate a formal complaint under R14-3-101 through R14-3-113 to review any script. The failure to file such a complaint or request further information or clarification does not constitute approval of the script, and the fact that the script is on file with the Commission may not be used as evidence that the script is just, reasonable, or not fraudulent.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 2409, effective July 23, 2004 (Supp. 04-2).

**ARTICLE 21. CUSTOMER PROPRIETARY NETWORK INFORMATION****R14-2-2101. Application**

These rules govern the treatment of Customer Proprietary Network Information (CPNI) for all telecommunications carriers that provide telecommunications service in Arizona. In addition, the Com-

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

mission adopts, incorporates, and approves as its own 47 CFR 64.2001 through 2009, revised as of September 20, 2002 (and no future amendments), incorporated by reference and copies available from the Commission Office, Legal Division, 1200 West Washington, Phoenix, Arizona 85007 and the United States Government Printing Office, P.O. Box 371975M, Pittsburgh, Pennsylvania 15250-7975. These rules are in addition to the FCC rules and together with the FCC rules govern the release of CPNI in Arizona.

**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 1547, effective June 19, 2006 (06-2).

**R14-2-2102. Definitions**

For purposes of this Article, the following definitions apply unless the context otherwise requires:

1. "Affiliate" means a person that (directly or indirectly) owns or controls, is owned or controlled by, or is under common ownership or control with, another person. For purposes of this paragraph, the term "own" means to own an equity interest (or the equivalent thereof) of more than 10 percent.
2. "Communications-related services" means telecommunications services, information services typically provided by telecommunications carriers, and services related to the provision or maintenance of customer premises equipment.
3. A "Customer" of a telecommunications carrier is a person or entity to which the telecommunications carrier is currently providing service.
4. "Customer premise equipment" means equipment employed on the premises of a person (other than a telecommunications carrier) to originate, route, or terminate telecommunications.
5. "Customer proprietary network information (CPNI)" means information that relates to the quantity, technical configuration, type, destination, location, and amount of use of a telecommunications service subscribed to by any customer of a telecommunications carrier, and that is made available to the carrier by the customer solely by virtue of the carrier-customer relationship; and information contained in the bills pertaining to telephone exchange service or telephone toll service received by a customer of a carrier; except that such term does not include subscriber list information. See 47 U.S.C. 222(h)(1) revised 1999 (and no future amendments), incorporated by reference and copies available from the Commission Office, Legal Division, 1200 West Washington, Phoenix, Arizona 85007 and the United States Government Printing Office, P.O. Box 371975M, Pittsburgh, Pennsylvania 15250-7975.
6. "Non-listed Service" means a service that ensures that customers' telephone numbers are not published in the telephone directory but are available through directory assistance.
7. "Non-published Service" means a service that ensures that customers' telephone numbers are not published in the telephone directory and are not otherwise available through directory assistance.
8. "Opt-In approval" means a method for obtaining customer consent to use, disclose, or permit access to the customer's CPNI that requires that the telecommunications carrier obtain from the customer affirmative, express consent allowing the requested CPNI usage, disclosure, or access after the customer is provided notification of the carrier's request in conformance with Section R14-2-2105.
9. "Opt-Out approval" means a method for obtaining customer consent to use, disclose, or permit access to the customer's CPNI where a customer is deemed to have consented to the use, disclosure, or access to the customer's CPNI if the customer has failed to affirmatively object to approval within the 30-day waiting period provided in R14-2-2103(C) after the customer is provided the notice as required in R14-2-2106, subject to the requirements of Section R14-2-2108.
10. "Published" means authorized for voluntary disclosure by the individual identified in the listing.
11. "Subscriber list information" means any information identifying the listed names of subscribers of a telecommunications carrier and such subscribers' telephone numbers, addresses, or primary advertising classifications (as such classifications are assigned at the time of the establishment of such service), or any combination of such listed names, numbers, addresses, or classifications; and that the carrier or an affiliate has published, caused to be published, or accepted for publication in any directory format. See 47 U.S.C. 222(e)(1) revised 1999 (and no future amendments), incorporated by reference and copies available from the Commission Office, Legal Division, 1200 West Washington, Phoenix, Arizona 85007 and the United States Government Printing Office, P.O. Box 371975M, Pittsburgh, Pennsylvania 15250-7975.
12. "Telecommunications carrier" means a public service corporation, as defined in the Arizona Constitution, Article 15, § 2, which provides telecommunications services within the state of Arizona and over which the Commission has jurisdiction.
13. "Third Party" means a person who is not the customer, the customer's telecommunications service provider, an affiliate, joint venture partner, or independent contractor of the customer's telecommunications service provider.

**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 1547, effective June 19, 2006 (06-2).

**R14-2-2103. Obtaining Customer Approval to Use, Disclose, or Permit Access to CPNI to Affiliates, Joint Venture Partners and Independent Contractors Providing Communications-Related Services**

- A. A telecommunications carrier may, subject to obtaining opt-out approval or opt-in approval:
  1. Disclose its customer's individually identifiable CPNI, for the purpose of marketing to that customer communications-related services of a category to which the customer does not already subscribe, to its agents; its affiliates that provide communications-related services; and its joint venture partners and independent contractors;
  2. Permit such persons or entities to obtain access to such CPNI for such purposes.
- B. Any solicitation for customer approval must be accompanied by a notice to the customer of the customer's right to restrict use of, disclosure of, and access to that customer's CPNI. For the purpose of obtaining opt-in approval, the notice must comply with the requirements of Section R14-2-2105 of these rules. For the purpose of obtaining opt-out approval, the notice must comply with the requirements of Section R14-2-2106 of these rules.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- C. Telecommunications carriers must wait a 30-day minimum period of time after giving customers notice and an opportunity to opt-out before assuming customer approval to use, disclose or permit access to CPNI. A telecommunications carrier may, in its discretion, provide for a longer period.
- D. The telecommunications carrier shall be required to execute a proprietary agreement with all affiliates, joint venture partners, independent contractors that provide communications-related services, third parties, and affiliates that do not provide communications-related services to maintain the confidentiality of the customers' CPNI. The proprietary agreement must meet the minimum requirements set forth in 47 CFR 64.2007(b)(2), revised as of September 20, 2002 (and no future amendments), incorporated by reference and copies available from the Commission Office, Legal Division, 1200 West Washington, Phoenix, Arizona 85007 and the United States Government Printing Office, P.O. Box 371975M, Pittsburgh, Pennsylvania 15250-7975.

**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 1547, effective June 19, 2006 (06-2).

**R14-2-2104. Obtaining Customer Approval to Use, Disclose, or Permit Access to CPNI to Third Parties and Affiliates That Do Not Provide Communications-Related Services**

- A. A telecommunications carrier may, subject to opt-in approval, use, disclose, or permit access to its customer's individually identifiable CPNI to affiliates that do not provide telecommunications-related services.
- B. A telecommunications carrier may use, disclose, or permit access to its customer's individually identifiable CPNI to a third party only upon written, electronic, or oral request by the customer that specifically identifies the third party to whom the CPNI may be disseminated.
- C. Any solicitation for customer approval must be accompanied by a notice to the customer of the customer's right to restrict use of, disclosure of, and access to that customer's CPNI. For the purpose of obtaining opt-in approval, the notice must comply with the requirements of Section R14-2-2105 of these rules.
- D. The telecommunications carrier shall be required to execute a proprietary agreement with all affiliates, joint venture partners, independent contractors that provide communications-related services, third parties, and affiliates that do not provide communications-related services to maintain the confidentiality of the customers' CPNI. The proprietary agreement must meet the minimum requirements set forth in 47 CFR 64.2007(b)(2), revised as of September 20, 2002 (and no future amendments), incorporated by reference and copies available from the Commission Office, Legal Division, 1200 West Washington, Phoenix, Arizona 85007 and the United States Government Printing Office, P.O. Box 371975M, Pittsburgh, Pennsylvania 15250-7975.
- E. A telecommunications company relying on "Opt-In" approval must bear the burden of demonstrating that such approval has been given in compliance with sections R14-2-2104 and R14-2-2105 of these rules.
- F. This Article does not prohibit the use and disclosure of CPNI for the purpose of sharing customer records necessary for the provisioning of service by a competitive carrier as provided in section 222(c)(1) of the Communications Act of 1934, as amended (and no future amendments), incorporated by reference and copies available from the Commission Office, Legal Division, 1200 West Washington, Phoenix, Arizona 85007 and

the United States Government Printing Office, P.O. Box 371975M, Pittsburgh, Pennsylvania 15250-7975.

**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 1547, effective June 19, 2006 (06-2).

**R14-2-2105. Information Requirements for Customer CPNI Opt-In Notice**

- A. A telecommunications carrier may provide notification to obtain opt-in approval through oral, written, or electronic methods. The contents of any such notification must:
  1. Include language the same as or substantially similar to the definition of customer proprietary network information contained in 47 U.S.C. 222(h)(1); 1999 amendment (and no future amendments), incorporated by reference and copies available from the Commission Office, Legal Division, 1200 West Washington, Phoenix, Arizona 85007 and the United States Government Printing Office, P.O. Box 371975M, Pittsburgh, Pennsylvania 15250-7975;
  2. State that the customer has a right to direct the company not to use the customer's CPNI or limit the use, disclosure, and access to the customer's CPNI;
  3. State that the telecommunications company has a duty to comply with the customer's limitations on use, disclosure of, and access to the information;
  4. State that CPNI includes all information related to specific calls initiated or received by a customer;
  5. Inform the customer that CPNI does not include published information, whether listed or non-listed, such as their name, telephone number, and address, and this information is not subject to the same limitations of use;
  6. Inform the customer that deciding not to approve the release of CPNI will not affect the provision of any services to which the customer subscribes;
  7. State that any customer approval for use, disclosure of, or access to CPNI may be revoked or limited at any time; and
  8. Be posted on the company's web site.
- B. Written notice must:
  1. Be mailed separately or be included as an insert in a regular monthly bill within an envelope that clearly and boldly states that important privacy information is contained therein;
  2. Be clearly legible, in twelve-point or larger print;
  3. Be printed in both English and Spanish unless the customer has previously expressed a preferred language in which case the notice may be written in that language alone.
- C. Electronic notice must:
  1. Be e-mailed separately from any billing information, inducements, advertising, or promotional information;
  2. Be clearly legible, in twelve-point or larger print;
  3. Be printed in both English and Spanish unless the customer has previously expressed a preferred language in which case the notice may be written in that language alone.

**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 1547, effective June 19, 2006 (06-2).

**R14-2-2106. Additional Information Requirements for Customer Opt-Out Notice**

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- A. A telecommunications carrier may provide notification to obtain opt-out approval through, written, or electronic methods, but not orally (except as provided in Section R14-2-2107).
- B. The contents of any such notification must comply with Section R14-2-2105 and with the following requirements.
- C. Telecommunications carriers must notify customers as to the applicable waiting period (minimum 30-days as provided in R14-2-2103(C)) for a response before opt-out approval is assumed.

**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 1547, effective June 19, 2006 (06-2).

**R14-2-2107. Notification Requirements for Obtaining Customer Approval for Limited One-Time Use of CPNI for Inbound and Outbound Customer Telephone Contact**

A telecommunications carrier may use oral notice to obtain limited, one-time use of CPNI for inbound and outbound customer telephone contacts for the duration of the call, regardless of whether telecommunications carriers use opt-out or opt-in approval based on the nature of the contact.

**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 1547, effective June 19, 2006 (06-2).

**R14-2-2108. Verification of Customer Opt-Out Approval to Use CPNI**

- A. Verification of a customer's opt-out approval must be obtained within one year. Verification of the customer's approval shall be obtained in accordance with the procedures set forth below. Carriers may request an extension of the verification time period subject to Commission approval.
- B. Verification of the customer's approval may be obtained through written, oral, or electronic methods. All verification methods shall be conducted in the same languages that were used in the initial notification and shall elicit at a minimum:
  - 1. The identity of the customer;
  - 2. Confirmation that the person responding to the verification request is authorized to make CPNI available to the telecommunications company;
  - 3. Confirmation that the customer wants to make the CPNI release verification;
  - 4. The telephone numbers for which CPNI information release is authorized; and
  - 5. The types of service involved.
- C. Written verification obtained by a telecommunications carrier shall:
  - 1. Be a separate document having the sole purpose of authorizing a telecommunications company to use the customer's CPNI in accordance with this Article;
  - 2. Be signed and dated by the customer authorizing the use of the customer's CPNI; and
  - 3. Not be combined with any inducement.
- D. Electronic verification obtained by a telecommunications carrier shall:
  - 1. Include electronically signed letters of authority;
  - 2. Be a separate document having the sole purpose of authorizing a telecommunications company to use the customer's CPNI in accordance with this Article; and
  - 3. Not be combined with any inducement.
- E. Oral verification obtained by a telecommunications carrier shall:
  - 1. Be recorded; and

2. Not be combined with any inducement.

- F. If a telecommunications company fails to obtain verification within one year of obtaining a customer's opt-out approval, the authorization to use, disclose, or permit access to that customer's CPNI is no longer valid. If verification from the customer is not received within one year as required, the company shall direct any entities (affiliates, joint-venture partners, or independent contractors) to whom it has released CPNI to stop using the CPNI.
- G. As a result of failure to obtain verification within one year, the company and any other entities (affiliates, joint-venture partners, or independent contractors) may not use, disclose, or permit access to that customer's CPNI until verification is obtained.
- H. Carriers may request an extension of the verification time period subject to Commission approval.
- I. The Commission may grant an extension(s) of time to complete the verification process if the applicant demonstrates items 1 through 4 below:
  - 1. The applicant has used its best efforts to obtain customer verification of their CPNI sharing preference. One means of demonstrating this would be for the applicant to show that it has achieved verification with respect to a minimum of one-third of its customers during the initial or extension period for which the company used the opt-out approval mechanism; and
  - 2. The applicant has contacted each of its customers (for whom it has used an opt-out approval mechanism) at least once in the first half of the verification period and at least once during the second half of the verification period (if it was unsuccessful in obtaining the customer's verification during its initial contact) to verify the customer's CPNI sharing preference; and
  - 3. To the extent practicable, one of the applicant's contacts to the customer should be by phone to the customer's primary residence or telephone number by a person speaking the customer's language preference (English or Spanish). If the customer is not there, it should allow, if technically feasible, the customer the option of responding via message return; and
  - 4. The applicant presents a plan for achieving verification for its remaining customers. In its plan, the applicant must demonstrate that the additional time it is requesting is no longer than is reasonably necessary to complete items 1 and 3 again for any customers it was unsuccessful in contacting during the initial verification period, and to complete any additional measures designed to ensure customer contact during the extension period.

**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 1547, effective June 19, 2006 (06-2).

**R14-2-2109. Confirming a Customer's Opt-In Approval**

- A. Each time a telecommunications company receives a customer's "Opt-In" approval to allow the telecommunications company to make CPNI available to itself, its affiliates, independent contractors or joint venture partners, the telecommunications company must confirm in writing the change in approval status to the customer within ten days.
- B. The written confirmation must be mailed or e-mailed to the customer.
- C. The confirmation must be separate from any other mail from the telecommunications company.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- D.** The confirmation must clearly advise the customer of the effect of the customer's opt-in choice and must provide a reasonable method to notify the telecommunications company, including a toll free telephone number if the telecommunications company made an error in changing the customer's approval status.

**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 1547, effective June 19, 2006 (06-2).

**R14-2-2110. Reminders to Customers of Their Current CPNI Release Election**

- A.** Telecommunications companies that have obtained opt-out or opt-in approval must notify customers of their current election regarding the treatment of their CPNI every twelve months.
1. In the case of opt-out approval, the notification must remind customers of their election to allow the company to:
    - a. Provide their information to its affiliates that provide communications-related services to which services that customer does not already subscribe; and
    - b. Provide their information to its joint venture partners and independent contractors that provide communications-related services.
  2. In the case of opt-in approval, the notification must remind customers of their election to allow the company to:
    - a. Provide their information to its affiliates that provide communications-related services to which services that customer does not already subscribe;
    - b. Provide their information to its joint venture partners and independent contractors that provide communications-related services; and
    - c. Provide their information to its affiliates that provide non-communications-related services.
  3. In the case of customer specified third party approval by written, oral, or electronic request, the notification must remind customers of their election to allow the company to:
    - a. Provide their information to its affiliates that provide communications-related services to which services that customer does not already subscribe;
    - b. Provide their information to its joint venture partners and independent contractors that provide communications-related services;
    - c. Provide their information to its affiliates that provide non-communications-related services; and
    - d. Provide their information to specifically identified third parties as requested in writing by the customer.
- B.** The notice must not be mailed with any advertising or promotional information.
- C.** The notice shall not be included with the customer's bill.

**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 1547, effective June 19, 2006 (06-2).

**R14-2-2111. Duration of Customer Approval or Disapproval to Disseminate the Customer's CPNI**

Any approval of the use of CPNI received by a telecommunications carrier will remain in effect until the customer revokes, modifies, or limits such approval.

**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 1547, effective June 19, 2006 (06-2).

**R14-2-2112. Severability**

If any provision of this Article is found to be invalid, it shall be deemed severable from the remainder of this Article and the remaining provisions of this Article shall remain in full force and effect.

**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 1547, effective June 19, 2006 (06-2).

**ARTICLE 22. RESERVED****ARTICLE 23. NET METERING****R14-2-2301. Applicability**

These rules govern the treatment of Electric Utility Customers in Arizona who wish to interconnect with the Electric Utility which serves them and engage in Net Metering operation as defined below. These rules apply to all Electric Utilities, as defined in these rules.

**Historical Note**

New Section made by final rulemaking at 15 A.A.R. 638, effective May 23, 2009 (Supp. 09-1).

**R14-2-2302. Definitions**

For purposes of this Article, the following definitions apply unless the context requires otherwise:

1. "Avoided Costs" means the incremental costs to an Electric Utility for electric energy or capacity or both which, but for the purchase from the Net Metering Facility, such utility would generate itself or purchase from another source.
2. "Biomass" means any raw or processed plant-derived organic matter available on a renewable basis, including:
  - a. Dedicated energy crops and trees,
  - b. Agricultural food and feed crops,
  - c. Agricultural crop wastes and residues,
  - d. Wood wastes and residues, including:
    - i. Landscape waste.
    - ii. Right-of-way tree trimmings.
    - iii. Small diameter forest thinnings that are 12 inches in diameter or less.
  - e. Dead and downed forest products,
  - f. Aquatic plants,
  - g. Animal wastes,
  - h. Other vegetative waste materials,
  - i. Non-hazardous plant matter waste material that is segregated from other waste,
  - j. Forest-related resources such as:
    - i. Harvesting and mill residue.
    - ii. Pre-commercial thinnings.
    - iii. Slash.
    - iv. Brush.
  - k. Miscellaneous waste such as:
    - i. Waste pallets,
    - ii. Crates,
    - iii. Dunnage, or
  - l. Recycled paper fibers that are no longer suitable for recycled paper production, but not including:
    - i. Painted, treated, or pressurized wood;
    - ii. Wood contaminated with plastics or metals;
    - iii. Tires; or
    - iv. Recyclable post-consumer waste paper.
3. "Biogas" means gases that are derived from:
  - a. Plant-derived organic matter,
  - b. Agricultural food and feed matter,

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- c. Wood wastes,
  - d. Aquatic plants,
  - e. Animal wastes,
  - f. Vegetative wastes,
  - g. Wastewater treatment facilities using anaerobic digestion, or
  - h. Municipal solid waste through:
    - i. A digester process,
    - ii. An oxidation process, or
    - iii. Other gasification process.
4. "Combined Heat and Power" or "CHP" (also known as cogeneration) means a system that generates electricity and useful thermal energy in a single, integrated system such that the useful power output of the facility plus one-half the useful thermal energy output during any 12-month period must be no less than 42.5 percent of the total energy input of fuel to the facility.
5. "Commission" means the Arizona Corporation Commission.
6. "Electric Utility" or "Utility" means an electric distribution company that constructs, operates, and maintains the electrical distribution system for the receipt and delivery of power.
7. "Electric Utility Customer" or "Customer" means an end-use retail Customer served under a Utility's rate schedule.
8. "Fuel Cell" means a device that converts the chemical energy of a fuel directly into electricity without intermediate combustion or thermal cycles. For purposes of these Net Metering rules, the source of the chemical reaction must be derived from Renewable Resources.
9. "Geothermal" means heat from within the earth's surface.
10. "Hydroelectric" means the kinetic energy derived from moving water.
11. "Net Metering" means service to an Electric Utility Customer under which electric energy generated by or on behalf of that Electric Utility Customer from a Net Metering Facility and delivered to the Utility's local distribution facilities may be used to offset electric energy provided by the Electric Utility to the Electric Utility Customer during the applicable billing period.
12. "Net Metering Customer" means any Arizona Customer who chooses to take electric service in the manner described in the definition of Net Metering in subsection (11) and under the Net Metering tariff, as described in R14-2-2307.
13. "Net Metering Facility" means a facility for the production of electricity that:
  - a. Is operated by or on behalf of a Net Metering Customer and is located on the Net Metering Customer's premises;
  - b. Is intended primarily to provide part or all of the Net Metering Customer's requirements for electricity;
  - c. Uses Renewable Resources, a Fuel Cell, or CHP to generate electricity;
  - d. Has a generating capacity less than or equal to 125% of the Net Metering Customer's total connected load, or in the absence of customer load data, capacity less than or equal to the Customer's electric service drop capacity; and
  - e. Is interconnected with and can operate in parallel and in phase with an Electric Utility's existing distribution system.
14. "Renewable Resources" means natural resources that can be replenished by natural processes, including:
  - a. Biogas,
  - b. Biomass,
  - c. Geothermal,
  - d. Hydroelectric,
  - e. Solar, or
  - f. Wind.
15. "Solar" means radiation or heat from the Earth's sun that produces electricity from a device or system designed for that purpose.
16. "Wind" means energy derived from wind movement across the earth's surface that produces electricity from a device or system designed for that purpose.

**Historical Note**

New Section made by final rulemaking at 15 A.A.R. 638, effective May 23, 2009 (Supp. 09-1).

**R14-2-2303. Requirements and Eligibility**

An Electric Utility shall interconnect with any retail customer with a Net Metering Facility in the Electric Utility's service territory.

**Historical Note**

New Section made by final rulemaking at 15 A.A.R. 638, effective May 23, 2009 (Supp. 09-1).

**R14-2-2304. Metering**

The meter that is installed on Net Metering Facilities after the effective date of these rules shall be capable of registering and accumulating the kilowatt-hours ("kWh") of electricity flowing in both directions in each billing period.

**Historical Note**

New Section made by final rulemaking at 15 A.A.R. 638, effective May 23, 2009 (Supp. 09-1).

**R14-2-2305. New or Additional Charges**

Net Metering charges shall be assessed on a nondiscriminatory basis. Any proposed charge that would increase a Net Metering Customer's costs beyond those of other customers with similar load characteristics or customers in the same rate class that the Net Metering Customer would qualify for if not participating in Net Metering shall be filed by the Electric Utility with the Commission for consideration and approval. The charges shall be fully supported with cost of service studies and benefit/cost analyses. The Electric Utility shall have the burden of proof on any proposed charge.

**Historical Note**

New Section made by final rulemaking at 15 A.A.R. 638, effective May 23, 2009 (Supp. 09-1).

**R14-2-2306. Billing for Net Metering**

- A. On a monthly basis, the Net Metering Customer shall be billed or credited based upon the rates applicable under the Customer's currently effective standard rate schedule and any appropriate rider schedules.
- B. The billing period for Net Metering will be the same as the billing period under the Customer's applicable standard rate schedule.
- C. If the kWh supplied by the Electric Utility exceed the kWh that are generated by the Net Metering Facility and delivered back to the Electric Utility during the billing period, the Customer shall be billed for the net kWh supplied by the Electric Utility in accordance with the rates and charges under the Customer's standard rate schedule.
- D. If the electricity generated by the Net Metering Customer exceeds the electricity supplied by the Electric Utility in the billing period, the Customer shall be credited during the next billing period for the excess kWh generated. That is, the

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

excess kWh during the billing period will be used to reduce the kWh supplied (not kW or kVA demand or customer charges) and billed by the Electric Utility during the following billing period.

- E. Customers taking service under time-of-use rates who are to receive credit in a subsequent billing period for excess kWh generated shall receive such credit during the next billing period during the on- or off-peak periods corresponding to the on- or off-peak periods in which the kWh were generated by the Customer.
- F. Once each calendar year the Electric Utility shall issue a check or billing credit to the Net Metering Customer for the balance of any credit due in excess of amounts owed by the Customer to the Electric Utility. The payment for any remaining credits shall be at the Electric Utility's Avoided Cost. That Avoided Cost shall be clearly identified in the Electric Utility's Net Metering tariff.

**Historical Note**

New Section made by final rulemaking at 15 A.A.R. 638, effective May 23, 2009 (Supp. 09-1).

**R14-2-2307. Net Metering Tariff**

- A. Each Electric Utility shall file, for approval by the Commission, a Net Metering tariff within 120 days from the effective date of these rules, including financial information and supporting data sufficient to allow the Commission to determine the Electric Utility's fair value for the purposes of evaluating any specific proposed charges. The Commission shall issue a decision on these filings within 120 days.
- B. The Net Metering tariff shall specify standard rates for annual purchases of remaining credits from Net Metering Facilities and may specify total utility capacity limits. If total utility capacity limits are included in the tariff, such limits must be fully justified.
- C. Electric utilities may include seasonally and time of day differentiated Avoided Cost rates for purchases from Net Metering Customers, to the extent that Avoided Costs vary by season and time of day.

**Historical Note**

New Section made by final rulemaking at 15 A.A.R. 638, effective May 23, 2009 (Supp. 09-1).

**R14-2-2308. Filing and Reporting Requirements**

- A. Prior to May 1 of each year, each Electric Utility shall file a report listing all existing Net Metering Facilities and the inverter power rating or generator rating as of the end of the previous calendar year.
- B. Also included in this report shall be, for each existing Net Metering Facility, the monthly amount of energy delivered to and from the Electric Utility and, if available, the monthly peak demand delivered to and from the Electric Utility.

**Historical Note**

New Section made by final rulemaking at 15 A.A.R. 638, effective May 23, 2009 (Supp. 09-1).

**ARTICLE 24. ELECTRIC ENERGY EFFICIENCY STANDARDS****R14-2-2401. Definitions**

In this Article, unless otherwise specified:

- 1. "Adjustment mechanism" means a Commission-approved provision in an affected utility's rate schedule allowing the affected utility to increase and decrease a certain rate or rates, in an established manner, when

increases and decreases in specific costs are incurred by the affected utility.

- 2. "Affected utility" means a public service corporation that provides electric service to retail customers in Arizona.
- 3. "Baseline" means the level of electricity demand, electricity consumption, and associated expenses estimated to occur in the absence of a specific DSM program, determined as provided in R14-2-2413.
- 4. "CHP" means combined heat and power, which is using a primary energy source to simultaneously produce electrical energy and useful process heat.
- 5. "Commission" means the Arizona Corporation Commission.
- 6. "Cost-effective" means that total incremental benefits from a DSM measure or DSM program exceed total incremental costs over the life of the DSM measure, as determined under R14-2-2412.
- 7. "Customer" means the person or entity in whose name service is rendered to a single contiguous field, location, or facility, regardless of the number of meters at the field, location, or facility.
- 8. "Delivery system" means the infrastructure through which an affected utility transmits and then distributes electrical energy to its customers.
- 9. "Demand savings" means the load reduction, measured in kW, occurring during a relevant peak period or periods as a direct result of energy efficiency and demand response programs.
- 10. "Demand response" means modification of customers' electricity consumption patterns, affecting the timing or quantity of customer demand and usage, achieved through intentional actions taken by an affected utility or customer because of changes in prices, market conditions, or threats to system reliability.
- 11. "Distributed generation" means the production of electricity on the customer's side of the meter, for use by the customer, through a process such as CHP.
- 12. "DSM" means demand-side management, the implementation and maintenance of one or more DSM programs.
- 13. "DSM measure" means any material, device, technology, educational program, pricing option, practice, or facility alteration designed to result in reduced peak demand, increased energy efficiency, or shifting of electricity consumption to off-peak periods and includes CHP used to displace space heating, water heating, or another load.
- 14. "DSM program" means one or more DSM measures provided as part of a single offering to customers.
- 15. "DSM tariff" means a Commission-approved schedule of rates designed to recover an affected utility's reasonable and prudent costs of complying with this Article.
- 16. "Electric utility" means a public service corporation providing electric service to the public.
- 17. "Energy efficiency" means the production or delivery of an equivalent level and quality of end-use electric service using less energy, or the conservation of energy by end-use customers.
- 18. "Energy efficiency standard" means the reduction in retail energy sales, in percentage of kWh, required to be achieved through an affected utility's approved DSM programs as prescribed in R14-2-2404.
- 19. "Energy savings" means the reduction in a customer's energy consumption directly resulting from a DSM program, expressed in kWh.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

20. "Energy service company" means a company that provides a broad range of services related to energy efficiency, including energy audits, the design and implementation of energy efficiency projects, and the installation and maintenance of energy efficiency measures.
21. "Environmental benefits" means avoidance of costs for compliance, or reduction in environmental impacts, for things such as, but not limited to:
  - a. Water use and water contamination,
  - b. Monitoring storage and disposal of solid waste such as coal ash (bottom and fly),
  - c. Health effects from burning fossil fuels, and
  - d. Emissions from transportation and production of fuels and electricity.
22. "Fuel-neutral" means without promoting or otherwise expressing bias regarding a customer's choice of one fuel over another.
23. "Incremental benefits" means amounts saved through avoiding costs for fuel, purchased power, new capacity, transmission, distribution, and other cost items necessary to provide electric utility service, along with other improvements in societal welfare, such as through avoided environmental impacts, including, but not limited to, water consumption savings, air emission reduction, reduction in coal ash, and reduction of nuclear waste.
24. "Incremental costs" means the additional expenses of DSM measures, relative to baseline.
25. "Independent program administrator" means an impartial third party employed to provide objective oversight of energy efficiency programs.
26. "kW" means kilowatt.
27. "kWh" means kilowatt-hour.
28. "Leveraging" means combining resources to more effectively achieve an energy efficiency goal, or to achieve greater energy efficiency savings, than would be achieved without combining resources.
29. "Load management" means actions taken or sponsored by an affected utility to reduce peak demands or improve system operating efficiency, such as direct control of customer demands through affected-utility-initiated interruption or cycling, thermal storage, or educational campaigns to encourage customers to shift loads.
30. "Low-income customer" means a customer with a below average level of household income, as defined in an affected utility's Commission-approved DSM program description.
31. "Market transformation" means strategic efforts to induce lasting structural or behavioral changes in the market that result in increased energy efficiency.
32. "Net benefits" means the incremental benefits resulting from DSM minus the incremental costs of DSM.
33. "Non-market benefits" means improvements in societal welfare that are not bought or sold.
34. "Program costs" means the expenses incurred by an affected utility as a result of developing, marketing, implementing, administering, and evaluating Commission-approved DSM programs.
35. "Self-direction" means an option made available to qualifying customers of sufficient size, in which the amount of money paid by each qualifying customer toward DSM costs is tracked for the customer and made available for use by the customer for approved DSM investments upon application by the customer.
36. "Societal Test" means a cost-effectiveness test of the net benefits of DSM programs that starts with the Total Resource Cost Test, but includes non-market benefits and costs to society.
37. "Staff" means individuals working for the Commission's Utilities Division, whether as employees or through contract.
38. "Thermal envelope" means the collection of building surfaces, such as walls, windows, doors, floors, ceilings, and roofs, that separate interior conditioned (heated or cooled) spaces from the exterior environment.
39. "Total Resource Cost Test" means a cost-effectiveness test that measures the net benefits of a DSM program as a resource option, including incremental measure costs, incremental affected utility costs, and carrying costs as a component of avoided capacity cost, but excluding incentives paid by affected utilities and non-market benefits to society.

**Historical Note**

New Section made by final rulemaking at 16 A.A.R.  
2254, effective January 1, 2011 (Supp. 10-4).

**R14-2-2402. Applicability**

This Article applies to each affected utility classified as Class A according to R14-2-103(A)(3)(q), unless the affected utility is an electric distribution cooperative that has fewer than 25% of its customers in Arizona.

**Historical Note**

New Section made by final rulemaking at 16 A.A.R.  
2254, effective January 1, 2011 (Supp. 10-4).

**R14-2-2403. Goals and Objectives**

- A. An affected utility shall design each DSM program:
  1. To be cost-effective, and
  2. To accomplish at least one of the following:
    - a. Energy efficiency,
    - b. Load management, or
    - c. Demand response.
- B. An affected utility shall consider the following when planning and implementing a DSM program:
  1. Whether the DSM program will achieve cost-effective energy savings and peak demand reductions;
  2. Whether the DSM program will advance market transformation and achieve sustainable savings, reducing the need for future market interventions; and
  3. Whether the affected utility can ensure a level of funding adequate to sustain the DSM program and allow the DSM program to achieve its targeted goal.
- C. An affected utility shall:
  1. Offer DSM programs that will provide an opportunity for all affected utility customer segments to participate, and
  2. Allocate a portion of DSM resources specifically to low-income customers.

**Historical Note**

New Section made by final rulemaking at 16 A.A.R.  
2254, effective January 1, 2011 (Supp. 10-4).

**R14-2-2404. Energy Efficiency Standards**

- A. Except as provided in R14-2-2418, in order to ensure reliable electric service at reasonable ratepayer rates and costs, by December 31, 2020, an affected utility shall, through cost-effective DSM energy efficiency programs, achieve cumula-

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

tive annual energy savings, measured in kWh, equivalent to at least 22% of the affected utility's retail electric energy sales for calendar year 2019.

- B.** An affected utility shall, by the end of each calendar year, meet at least the cumulative annual energy efficiency standard listed in Table 1 for that calendar year. An illustrative example of how the required energy savings would be calculated is shown in Table 2. An illustrative example of how the standard could be met in 2020 is shown in Table 4.

**Table 1. Energy Efficiency Standard**

CALENDAR YEAR	ENERGY EFFICIENCY STANDARD (Cumulative Annual Energy Savings by the End of Each Calendar Year as a Percentage of the Retail Energy Sales in the Prior Calendar Year)
2011	1.25%
2012	3.00%
2013	5.00%
2014	7.25%
2015	9.50%
2016	12.00%
2017	14.50%
2018	17.00%
2019	19.50%
2020	22.00%

**Table 2. Illustrative Example of Calculating Required Energy Savings**

CALENDAR YEAR	A RETAIL SALES (kWh)	B ENERGY EFFICIENCY STANDARD	C REQUIRED CUMULATIVE ENERGY SAVINGS (B of current year × A of prior year)
2010	100,000,000		0

**Table 3. Credit for Pre-Rules Energy Savings**

CALENDAR YEAR	A CREDIT FOR THE PRE-RULES ENERGY SAVINGS APPLIED IN EACH YEAR (Percentage of the Total Eligible Pre-Rules Cumulative Annual Energy Savings That Shall Be Applied in the Year)	B CUMULATIVE APPLICATION OF THE CREDIT FOR THE PRE-RULES ENERGY SAVINGS IN 2016-2020 (Percentage of the Total Eligible Pre-Rules Cumulative Annual Energy Savings That Are Credited by the End of Each Year)
2016	7.5%	7.5%
2017	15.0%	22.5%
2018	20.0%	42.5%
2019	25.0%	67.5%
2020	32.5%	100.0%

- E.** An affected utility may count toward meeting the standard up to one third of the energy savings, resulting from energy efficiency building codes, that are quantified and reported through a measurement and evaluation study undertaken by the affected utility.

2011	100,750,000	1.25%	1,250,000
2012	101,017,500	3.00%	3,022,500
2013	101,069,925	5.00%	5,050,875
2014	100,915,646	7.25%	7,327,570
2015	100,821,094	9.50%	9,586,986
2016	100,517,711	12.00%	12,098,531
2017	100,293,499	14.50%	14,575,068
2018	100,116,043	17.00%	17,049,895
2019	99,986,628	19.50%	19,522,628
2020	99,902,384	22.00%	21,997,058

- C.** An affected utility's measured reductions in peak demand resulting from cost-effective demand response and load management programs may comprise up to two percentage points of the 22% energy efficiency standard, with peak demand reduction capability from demand response converted to an annual energy savings equivalent based on an assumed 50% annual load factor. The credit for demand response and load management peak demand reductions shall not exceed 10% of the energy efficiency standard set forth in subsection (B) for any year. The measured reductions in peak demand occurring during a calendar year after the effective date of this Article may be counted for that calendar year even if the demand response or load management program resulting in the reductions was implemented prior to the effective date of this Article.
- D.** An affected utility's energy savings resulting from DSM energy efficiency programs implemented before the effective date of this Article, but after 2004, may be credited toward meeting the energy efficiency standard set forth in subsection (B). The total energy savings credit for these pre-rules energy efficiency programs shall not exceed 4% of the affected utility's retail energy sales in calendar year 2005. A portion of the total energy savings credit for these pre-rules energy efficiency programs may be applied each year, from 2016 through 2020, as listed in Table 3, Column A.

- F.** An affected utility may count the energy savings from combined heat and power (CHP) installations that do not qualify under the Renewable Energy Standard toward meeting the energy efficiency standard.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- G.** An affected utility may count a customer's energy savings resulting from self-direction toward meeting the standard.
- H.** An affected utility's energy savings resulting from efficiency improvements to its delivery system may not be counted toward meeting the standard.
- I.** An affected utility's energy savings used to meet the energy efficiency standard will be assumed to continue through the year 2020 or, if expiring before the year 2020, to be replaced with a DSM energy efficiency program having at least the same level of efficiency.

**Table 4. Illustrative Example of How the Energy Standard Could Be Met in 2020**

	2020 Energy Efficiency Standard	2019 Retail Sales (kWh)	Required Cumulative Annual Energy Savings (kWh)
Total	22.00%	99,986,628	21,997,058
Breakdown of Savings and Credits Used To Meet 2020 Standard:			
			Cumulative Annual Energy Savings or Credit (kWh)
Demand Response Credit R14-2-2404(C)	Up to 2.00%		1,999,733
Pre-rules Savings Credit R14-2-2404(D)			1,100,000*
Building Code R14-2-2404(E)			1,000,000
CHP R14-2-2404(F)			500,000
Self-direction R14-2-2404(G)			100,000
Energy Efficiency R14-2-2404(A)			17,297,325
Total			21,997,058
*The total pre-rules savings credit is capped at 4% of 2005 retail energy sales, and the total credit is allocated over five years from 2016 to 2020. The credit shown above represents an estimate of the portion of the total credit that can be taken in 2020, or 32.5% of the total credit allowed.			

**Historical Note**

New Section, including Tables 1 through 4, made by final rulemaking at 16 A.A.R. 2254, effective January 1, 2011 (Supp. 10-4).

**R14-2-2405. Implementation Plans**

- A.** Except as provided in R14-2-2418, on June 1 of each odd year, or annually at the election of each affected utility, each affected utility shall file with Docket Control, for Commission review and approval, an implementation plan describing how the affected utility intends to meet the energy efficiency standard for the next one or two calendar years, as applicable, except that the initial implementation plan shall be filed within 30 days of the effective date of this Article.
- B.** The implementation plan shall include the following information:
1. Except for the initial implementation plan, a description of the affected utility's compliance with the requirements of this Article for the previous calendar year;
  2. Except for the initial implementation plan, which shall describe only the next calendar year, a description of how the affected utility intends to comply with this Article for the next two calendar years, including an explanation of any modification to the rates of an existing DSM adjustment mechanism or tariff that the affected utility believes is necessary;
  3. Except for the initial implementation plan, which shall describe only the next calendar year, a description of each DSM program to be newly implemented or continued in the next two calendar years and an estimate of the annual kWh and kW savings projected to be obtained through each DSM program;
  4. The estimated total cost and cost per kWh reduction of each DSM measure and DSM program described in subsection (B)(3);
  5. A DSM tariff filing complying with R14-2-2406(A) or a request to modify and reset an adjustment mechanism complying with R14-2-2406(C), as applicable; and
  6. For each new DSM program or DSM measure that the affected utility desires to implement, a program proposal complying with R14-2-2407.
- C.** An affected utility shall notify its customers of its annual implementation plan filing through a notice in its next regularly scheduled customer bills.
- D.** The Commission may hold a hearing to determine whether an affected utility's implementation plan satisfies the requirements of this Article.
- E.** An affected utility's Commission-approved implementation plan, and the DSM programs authorized thereunder, shall continue in effect until the Commission takes action on a new implementation plan for the affected utility.

**Historical Note**

New Section made by final rulemaking at 16 A.A.R. 2254, effective January 1, 2011 (Supp. 10-4).

**R14-2-2406. DSM Tariffs**

- A.** An affected utility's DSM tariff filing shall include the following:

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

1. A detailed description of each method proposed by the affected utility to recover the reasonable and prudent costs associated with implementing the affected utility's intended DSM programs;
  2. Financial information and supporting data sufficient to allow the Commission to determine the affected utility's fair value, including, at a minimum, the information required to be submitted in a utility annual report filed under R14-2-212(G)(4);
  3. Data supporting the level of costs that the affected utility believes will be incurred in order to comply with this Article; and
  4. Any other information that the Commission believes is relevant to the Commission's consideration of the tariff filing.
- B.** The Commission shall approve, modify, or deny a tariff filed pursuant to subsection (A) within 180 days after the tariff has been filed. The Commission may suspend this deadline or adopt an alternative procedural schedule for good cause.
- C.** If an affected utility has an existing adjustment mechanism to recover the reasonable and prudent costs associated with implementing DSM programs, the affected utility may, in lieu of making a tariff filing under subsection (A), file a request to modify and reset its adjustment mechanism by submitting the information required under subsections (A)(1) and (3).

**Historical Note**

New Section made by final rulemaking at 16 A.A.R.  
2254, effective January 1, 2011 (Supp. 10-4).

**R14-2-2407. Commission Review and Approval of DSM Programs and DSM Measures**

- A.** An affected utility shall obtain Commission approval before implementing a new DSM program or DSM measure.
  - B.** An affected utility may apply for Commission approval of a DSM program or DSM measure by submitting a program proposal either as part of its implementation plan submitted under R14-2-2405 or through a separate application.
  - C.** A program proposal shall include the following:
    1. A description of the DSM program or DSM measure that the affected utility desires to implement,
    2. The affected utility's objectives and rationale for the DSM program or DSM measure,
    3. A description of the market segment at which the DSM program or DSM measure is aimed,
    4. An estimated level of customer participation in the DSM program or DSM measure,
    5. An estimate of the baseline,
    6. The estimated societal benefits and savings from the DSM program or DSM measure,
    7. The estimated societal costs of the DSM program or DSM measure,
    8. The estimated environmental benefits to be derived from the DSM program or DSM measure,
    9. The estimated benefit-cost ratio of the DSM program or DSM measure,
    10. The affected utility's marketing and delivery strategy,
    11. The affected utility's estimated annual costs and budget for the DSM program or DSM measure,
    12. The implementation schedule for the DSM program or DSM measure,
    13. A description of the affected utility's plan for monitoring and evaluating the DSM program or DSM measure, and
  14. Any other information that the Commission believes is relevant to the Commission's consideration of the tariff filing.
- D.** In determining whether to approve a program proposal, the Commission shall consider:
1. The extent to which the Commission believes the DSM program or DSM measure will meet the goals set forth in R14-2-2403(A), and
  2. All of the considerations set forth in R14-2-2403(B).
- E.** Staff may request modifications of on-going DSM programs to ensure consistency with this Article. The Commission shall allow affected utilities adequate time to notify customers of DSM program modifications.

**Historical Note**

New Section made by final rulemaking at 16 A.A.R.  
2254, effective January 1, 2011 (Supp. 10-4).

**R14-2-2408. Parity and Equity**

- A.** An affected utility shall develop and propose DSM programs for residential, non-residential, and low-income customers.
- B.** An affected utility shall allocate DSM funds collected from residential customers and from non-residential customers proportionately to those customer classes to the extent practicable.
- C.** The affected utility costs of DSM programs for low-income customers shall be borne by all customer classes, except where a customer or customer class is specifically exempted by Commission order.
- D.** DSM funds collected by an affected utility shall be used, to the extent practicable, to benefit that affected utility's customers.
- E.** All customer classes of an affected utility shall bear the costs of DSM programs by payment through a non-bypassable mechanism, unless a customer or customer class is specifically exempted by Commission order.

**Historical Note**

New Section made by final rulemaking at 16 A.A.R.  
2254, effective January 1, 2011 (Supp. 10-4).

**R14-2-2409. Reporting Requirements**

- A.** By March 1 of each year, an affected utility shall submit to the Commission, in a Commission-established docket for that year, a DSM progress report providing information for each of the affected utility's Commission-approved DSM programs and including at least the following:
  1. An analysis of the affected utility's progress toward meeting the annual energy efficiency standard;
  2. A list of the affected utility's current Commission-approved DSM programs and DSM measures, organized by customer segment;
  3. A description of the findings from any research projects completed during the previous year; and
  4. The following information for each Commission-approved DSM program or DSM measure:
    - a. A brief description;
    - b. Goals, objectives, and savings targets;
    - c. The level of customer participation during the previous year;
    - d. The costs incurred during the previous year, disaggregated by type of cost, such as administrative costs, rebates, and monitoring costs;
    - e. A description and the results of evaluation and monitoring activities during the previous year;
    - f. Savings realized in kW, kWh, therms, and BTUs, as appropriate;

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- g. The environmental benefits realized, including reduced emissions and water savings;
  - h. Incremental benefits and net benefits, in dollars;
  - i. Performance-incentive calculations for the previous year;
  - j. Problems encountered during the previous year and proposed solutions;
  - k. A description of any modifications proposed for the following year; and
  - l. Whether the affected utility proposes to terminate the DSM program or DSM measure and the proposed date of termination.
- B.** By September 1 of each year, an affected utility shall file a status report including a tabular summary showing the following for each current Commission-approved DSM program and DSM measure of the affected utility:
- 1. Semi-annual expenditures compared to annual budget, and
  - 2. Participation rates.
- C.** An affected utility shall file each report required by this Section with Docket Control, where it will be available to the public, and shall make each such report available to the public upon request.
- D.** An affected utility may request within its implementation plan that these reporting requirements supersede specific existing DSM reporting requirements.

**Historical Note**

New Section made by final rulemaking at 16 A.A.R. 2254, effective January 1, 2011 (Supp. 10-4).

**R14-2-2410. Cost Recovery**

- A.** An affected utility may recover the costs that it incurs in planning, designing, implementing, and evaluating a DSM program or DSM measure if the DSM program or DSM measure is all of the following:
- 1. Approved by the Commission before it is implemented,
  - 2. Implemented in accordance with a Commission-approved program proposal or implementation plan, and
  - 3. Monitored and evaluated for cost-effectiveness pursuant to R14-2-2415.
- B.** An affected utility shall monitor and evaluate each DSM program and DSM measure, as provided in R14-2-2415, to determine whether the DSM program or DSM measure is cost-effective and otherwise meets expectations.
- C.** If an affected utility determines that a DSM program or DSM measure is not cost-effective or otherwise does not meet expectations, the affected utility shall include in its annual DSM progress report filed under R14-2-2409 a proposal to modify or terminate the DSM program or DSM measure.
- D.** An affected utility shall recover its DSM costs concurrently, on an annual basis, with the spending for a DSM program or DSM measure, unless the Commission orders otherwise.
- E.** An affected utility may recover costs from DSM funds for any of the following items, if the expenditures will enhance DSM:
- 1. Incremental labor attributable to DSM development,
  - 2. A market study,
  - 3. A research and development project such as applied technology assessment,
  - 4. Consortium membership, or
  - 5. Another item that is difficult to allocate to an individual DSM program.
- F.** The Commission may impose a limit on the amount of DSM funds that may be used for the items in subsection (E).

- G.** If goods and services used by an affected utility for DSM have value for other affected utility functions, programs, or services, the affected utility shall divide the costs for the goods and services and allocate funding proportionately.
- H.** An affected utility shall allocate DSM costs in accordance with generally accepted accounting principles.
- I.** The Commission shall review and address financial disincentives, recovery of fixed costs, and recovery of net lost income/revenue, due to Commission-approved DSM programs, if an affected utility requests such review in its rate case and provides documentation/records supporting its request in its rate application.
- J.** An affected utility, at its own initiative, may submit to the Commission twice-annual reports on the financial impacts of its Commission-approved DSM programs, including any unrecovered fixed costs and net lost income/revenue resulting from its Commission-approved DSM programs.

**Historical Note**

New Section made by final rulemaking at 16 A.A.R. 2254, effective January 1, 2011 (Supp. 10-4).

**R14-2-2411. Performance Incentives**

In the implementation plans required by R14-2-2405, an affected utility may propose for Commission review a performance incentive to assist in achieving the energy efficiency standard set forth in R14-2-2404. The Commission may also consider performance incentives in a general rate case.

**Historical Note**

New Section made by final rulemaking at 16 A.A.R. 2254, effective January 1, 2011 (Supp. 10-4).

**R14-2-2412. Cost-effectiveness**

- A.** An affected utility shall ensure that the incremental benefits to society of the affected utility's overall DSM portfolio exceed the incremental costs to society of the DSM portfolio.
- B.** The Societal Test shall be used to determine cost-effectiveness.
- C.** The analysis of a DSM program's or DSM measure's cost-effectiveness may include:
- 1. Costs and benefits associated with reliability, improved system operations, environmental impacts, and customer service;
  - 2. Savings of both natural gas and electricity; and
  - 3. Any uncertainty about future streams of costs or benefits.
- D.** An affected utility shall make a good faith effort to quantify water consumption savings and air emission reductions, while other environmental costs or the value of environmental improvements shall be estimated in physical terms when practical but may be expressed qualitatively. An affected utility, Staff, or any party may propose monetized benefits and costs if supported by appropriate documentation or analyses.
- E.** Market transformation programs shall be analyzed for cost-effectiveness by measuring market effects compared to program costs.
- F.** Educational programs shall be analyzed for cost-effectiveness based on estimated energy and peak demand savings resulting from increased awareness about energy use and opportunities for saving energy.
- G.** Research and development and pilot programs are not required to demonstrate cost-effectiveness.
- H.** An affected utility's low-income customer program portfolio shall be cost-effective, but costs attributable to necessary health and safety measures shall not be used in the calculation.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

**Historical Note**

New Section made by final rulemaking at 16 A.A.R.  
2254, effective January 1, 2011 (Supp. 10-4).

**R14-2-2413. Baseline Estimation**

- A. To determine the baseline, an affected utility shall estimate the level of electric demand and consumption and the associated costs that would have occurred in the absence of a DSM program or DSM measure.
- B. For demand response programs, an affected utility shall use customer load profile information to verify baseline consumption patterns and the peak demand savings resulting from demand response actions.
- C. For installations or applications that have multiple fuel choices, an affected utility shall determine the baseline using the same fuel source actually used for the installation or application.

**Historical Note**

New Section made by final rulemaking at 16 A.A.R.  
2254, effective January 1, 2011 (Supp. 10-4).

**R14-2-2414. Fuel Neutrality**

- A. Ratepayer-funded DSM shall be developed and implemented in a fuel-neutral manner.
- B. An affected utility shall use DSM funds collected from electric customers for electric DSM programs, unless otherwise ordered by the Commission.
- C. An affected utility may use DSM funds collected from electric customers for thermal envelope improvements.

**Historical Note**

New Section made by final rulemaking at 16 A.A.R.  
2254, effective January 1, 2011 (Supp. 10-4).

**R14-2-2415. Monitoring, Evaluation, and Research**

- A. An affected utility shall monitor and evaluate each DSM program and DSM measure to:
  1. Ensure compliance with the cost-effectiveness requirements of R14-2-2412;
  2. Determine participation rates, energy savings, and demand reductions;
  3. Assess the implementation process for the DSM program or DSM measure;
  4. Obtain information on whether to continue, modify, or terminate a DSM program or DSM measure; and
  5. Determine the persistence and reliability of the affected utility's DSM.
- B. An affected utility may conduct evaluation and research, such as market studies, market research, and other technical research, for DSM program planning, product development, and DSM program improvement.

**Historical Note**

New Section made by final rulemaking at 16 A.A.R.  
2254, effective January 1, 2011 (Supp. 10-4).

**R14-2-2416. Program Administration and Implementation**

- A. An affected utility may use an energy service company or other external resource to implement a DSM program or DSM measure.
- B. The Commission may, at its discretion, establish independent program administrators who would be subject to the relevant requirements of this Article.

**Historical Note**

New Section made by final rulemaking at 16 A.A.R.  
2254, effective January 1, 2011 (Supp. 10-4).

**R14-2-2417. Leveraging and Cooperation**

- A. An affected utility shall, to the extent practicable, participate in cost sharing, leveraging, or other lawful arrangements with customers, vendors, manufacturers, government agencies, other electric utilities, or other entities if doing so will increase the effectiveness or cost-effectiveness of a DSM program or DSM measure.
- B. An affected utility shall participate in a DSM program or DSM measure with a natural gas utility when doing so is practicable and if doing so will increase the effectiveness or cost-effectiveness of a DSM program or DSM measure.

**Historical Note**

New Section made by final rulemaking at 16 A.A.R.  
2254, effective January 1, 2011 (Supp. 10-4).

**R14-2-2418. Compliance by Electric Distribution Cooperatives**

- A. An electric distribution cooperative that is an affected utility shall comply with the requirements of this Section instead of meeting the requirements of R14-2-2404(A) and (B) and R14-2-2405(A).
- B. An electric distribution cooperative shall, on June 1 of each odd year, or annually at its election:
  1. File with Docket Control, for Commission review and approval, an implementation plan for each DSM program to be implemented or maintained during the next one or two calendar years, as applicable; and
  2. Submit to the Director of the Commission's Utilities Division an electronic copy of its implementation plan in a format suitable for posting on the Commission's web site.
- C. An implementation plan submitted under subsection (B) shall set forth an energy efficiency goal for each year of at least 75% of the savings requirement specified in R14-2-2404 and shall include the information required under R14-2-2405(B).

**Historical Note**

New Section made by final rulemaking at 16 A.A.R.  
2254, effective January 1, 2011 (Supp. 10-4).

**R14-2-2419. Waiver from the Provisions of this Article**

- A. The Commission may waive compliance with any provision of this Article for good cause.
- B. An affected utility may petition the Commission to waive its compliance with any provision of this Article for good cause.
- C. A petition filed pursuant to this Section shall have priority over other matters filed under this Article.

**Historical Note**

New Section made by final rulemaking at 16 A.A.R.  
2254, effective January 1, 2011 (Supp. 10-4).

**ARTICLE 25. GAS UTILITY ENERGY EFFICIENCY STANDARDS****R14-2-2501. Definitions**

In this Article, unless otherwise specified:

1. "Adjustment mechanism" means a Commission-approved provision in an affected utility's rate schedule allowing the affected utility to increase and decrease a certain rate or rates, in an established manner, when increases and decreases in specific costs are incurred by the affected utility.
2. "Affected utility" means a public service corporation that provides gas utility service to retail customers in Arizona.
3. "Baseline" means the level of gas demand, gas consumption, and associated expenses estimated to occur in the

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- absence of a specific DSM program, determined as provided in R14-2-2513.
4. "CHP" means combined heat and power, which is using a primary energy source to simultaneously produce electrical energy and useful process heat.
  5. "Commission" means the Arizona Corporation Commission.
  6. "Cost-effective" means that total incremental benefits from a DSM measure or DSM program exceed total incremental costs over the life of the DSM measure, as determined under R14-2-2512.
  7. "Customer" means the person or entity in whose name service is rendered to a single contiguous field, location, or facility, regardless of the number of meters at the field, location, or facility.
  8. "Delivery system" means the infrastructure through which an affected utility transmits and then distributes gas energy to its customers.
  9. "DSM" means demand-side management, the implementation and maintenance of one or more DSM programs.
  10. "DSM measure" means any material, device, technology, educational program, practice, or facility alteration designed to result in increased energy efficiency and includes CHP used to displace space heating, water heating, or another load.
  11. "DSM program" means one or more DSM measures provided as part of a single offering to customers.
  12. "DSM tariff" means a Commission-approved schedule of rates designed to recover an affected utility's reasonable and prudent costs of complying with this Article.
  13. "Energy efficiency" means the production or delivery of an equivalent level and quality of end-use gas service using less energy, or the conservation of energy by end-use customers.
  14. "Energy efficiency standard" means the reduction in retail energy sales, in percentage of therms or therm equivalents, required to be achieved through an affected utility's approved DSM and RET programs as prescribed in R14-2-2504.
  15. "Energy savings" means the reduction in a customer's energy consumption, expressed in therms or therm equivalents.
  16. "Energy service company" means a company that provides a broad range of services related to energy efficiency, including energy audits, the design and implementation of energy efficiency projects, and the installation and maintenance of energy efficiency measures.
  17. "Environmental benefits" means avoidance of costs for compliance, or reduction in environmental impacts, for things such as, but not limited to:
    - a. Water use and water contamination;
    - b. Monitoring storage and disposal of solid waste, such as coal ash (bottom and fly);
    - c. Health effects from burning fossil fuels; and
    - d. Emissions from transportation and production of fuels.
  18. "Fuel-neutral" means without promoting or otherwise expressing bias regarding a customer's choice of one fuel over another.
  19. "Gas" means either natural gas or propane.
  20. "Gas utility" means a public service corporation providing natural gas service or propane service to the public.
  21. "Incremental benefits" means amounts saved through avoiding costs for gas purchases, delivery system, and other cost items necessary to provide gas utility service, along with other improvements in societal welfare, such as through avoided environmental impacts, including, but not limited to, water consumption savings, water contamination reduction, air emission reduction, reduction in coal ash, and reduction of nuclear waste.
  22. "Incremental costs" means the additional expenses of DSM measures, relative to baseline.
  23. "Independent program administrator" means an impartial third party employed to provide objective oversight of DSM and RET programs.
  24. "kWh" means kilowatt-hour.
  25. "Leveraging" means combining resources to more effectively achieve an energy efficiency goal, or to achieve greater energy efficiency savings, than would be achieved without combining resources.
  26. "Low-income customer" means a customer with a below average level of household income, as defined in an affected utility's Commission-approved DSM program description.
  27. "Market transformation" means strategic efforts to induce lasting structural or behavioral changes in the market that result in increased energy efficiency.
  28. "Net benefits" means the incremental benefits resulting from DSM minus the incremental costs of DSM.
  29. "Non-market benefits" means improvements in societal welfare that are not bought or sold.
  30. "Program costs" means the expenses incurred by an affected utility as a result of developing, marketing, implementing, administering, and evaluating Commission-approved DSM programs.
  31. "RET" means a renewable energy resource technology application utilizing an energy resource that is replaced rapidly by a natural, ongoing process and that displaces conventional energy resources otherwise used to provide energy to an affected utility's Arizona customers.
  32. "RET program" means one or more RETs provided as part of a single offering to customers.
  33. "Revenue decoupling" means a mechanism that reduces or eliminates the connection between sales volume and the recovery of an affected utility's Commission-approved cost of service.
  34. "Self-direction" means an option made available to qualifying customers of sufficient size, in which the amount of money paid by each qualifying customer toward DSM costs is tracked for the customer and made available for use by the customer for approved DSM investments upon application by the customer.
  35. "Societal Test" means a cost-effectiveness test of the net benefits of DSM programs that starts with the Total Resource Cost Test, but includes non-market benefits and costs to society.
  36. "Staff" means individuals working for the Commission's Utilities Division, whether as employees or through contract.
  37. "Therm" means a unit of heat energy equal to 100,000 British Thermal Units.
  38. "Thermal envelope" means the collection of building surfaces, such as walls, windows, doors, floors, ceilings, and roofs, that separate interior conditioned (heated or cooled) spaces from the exterior environment.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

39. "Therm equivalent" means a unit of energy, such as kWh, converted and stated in terms of therms.
40. "Total Resource Cost Test" means a cost-effectiveness test that measures the net benefits of a DSM program as a resource option, including incremental measure costs, incremental affected utility costs, and carrying costs as a component of avoided capacity cost, but excluding incentives paid by affected utilities and non-market benefits to society.

**Historical Note**

New Section made by final rulemaking at 17 A.A.R. 72, effective March 4, 2011 (Supp. 11-1).

**R14-2-2502. Applicability**

This Article applies to each affected utility classified as Class A according to R14-2-103(A)(3)(q).

**Historical Note**

New Section made by final rulemaking at 17 A.A.R. 72, effective March 4, 2011 (Supp. 11-1).

**R14-2-2503. Goals and Objectives**

- A. An affected utility shall design each DSM program to be cost-effective.
- B. An affected utility shall consider the following when planning and implementing a DSM or RET program:
- Whether the DSM or RET program will advance market transformation and achieve sustainable savings, reducing the need for future market interventions;
  - Whether the affected utility can ensure a level of funding adequate to sustain the DSM or RET program and allow the program to achieve its targeted goals; and
  - If a DSM program, whether the DSM program will achieve cost-effective energy savings.
- C. An affected utility shall:
- Offer DSM programs that will provide an opportunity for all affected utility customer segments to participate, and
  - Allocate a portion of DSM resources specifically to low-income customers.

**Historical Note**

New Section made by final rulemaking at 17 A.A.R. 72, effective March 4, 2011 (Supp. 11-1).

**R14-2-2504. Energy Efficiency Standards**

- A. Except as provided in R14-2-2518 and R14-2-2519, in order to ensure reliable gas service at reasonable ratepayer rates and costs, by December 31, 2020, an affected utility shall, through DSM and RET programs, achieve cumulative annual energy savings, expressed as therms or therm equivalents, equal to at least 6% of the affected utility's retail gas energy sales for calendar year 2019.
- B. An affected utility shall, by the end of each calendar year, meet at least the cumulative annual energy efficiency standard listed in Table 1 for that calendar year. An illustrative example of how the required energy savings would be calculated is shown in Table 2. An illustrative example of how the standard can be met in 2020 is shown in Table 4.

**Table 1. Energy Efficiency Standard**

CALENDAR YEAR	ENERGY EFFICIENCY STANDARD (Cumulative Annual Energy Savings by the End of Each Calendar Year as a Percentage of the Retail Energy Sales in the Prior Calendar Year)
2011	0.50%
2012	1.20%
2013	1.80%
2014	2.40%
2015	3.00%
2016	3.60%
2017	4.20%
2018	4.80%
2019	5.40%
2020	6.00%

**Table 2. Illustrative Example of Calculating Required Energy Savings**

CALENDAR YEAR	A RETAIL SALES (therms)	B ENERGY EFFICIENCY STANDARD	C REQUIRED CUMULATIVE ENERGY SAVINGS (therms or therm equivalents) (B of current year × A of prior year)
2010	100,000,000		0
2011	97,500,000	0.50%	500,000
2012	94,870,000	1.20%	1,170,000
2013	92,411,540	1.80%	1,707,660
2014	90,018,939	2.40%	2,217,877
2015	87,691,512	3.00%	2,700,568
2016	85,427,344	3.60%	3,156,894
2017	83,224,605	4.20%	3,587,948
2018	81,081,521	4.80%	3,994,781
2019	78,996,374	5.40%	4,378,402
2020	76,967,498	6.00%	4,739,782

- C. An affected utility may count energy savings resulting from DSM and RET programs to meet the energy efficiency standard. At least 75% of the energy efficiency standard for each year listed in Table 1 shall be achieved through DSM energy efficiency programs.
- D. An affected utility's energy savings resulting from DSM energy efficiency programs implemented before the effective date of this Article, but after 2004, may be credited toward meeting the energy efficiency standard set forth in subsection (B). The total energy savings credit for these pre-rules DSM

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

programs shall not exceed 1% of the affected utility's retail energy sales in calendar year 2005. A portion of the total energy savings credit for these pre-rules programs may be

applied each year, from 2016 through 2020, as listed in Table 3, Column A.

**Table 3. Credit for Pre-rules Energy Savings**

CALENDAR YEAR	A CREDIT FOR THE PRE-RULES ENERGY SAVINGS APPLIED IN EACH YEAR (Percentage of the Total Eligible Pre-rules Cumulative Annual Energy Savings That Shall Be Applied in the Year)	B CUMULATIVE APPLICATION OF THE CREDIT FOR THE PRE-RULES ENERGY SAVINGS IN 2016-2020 (Percentage of the Total Eligible Pre-rules Cumulative Annual Energy Savings That Are Credited by the End of Each Year)
2016	7.5%	7.5%
2017	15.0%	22.5%
2018	20.0%	42.5%
2019	25.0%	67.5%
2020	32.5%	100.0%

- E.** An affected utility may count toward meeting the energy efficiency standard up to one-third of the energy savings resulting from energy efficiency building codes and up to one-third of the energy savings resulting from energy efficiency appliance standards, if the energy savings are quantified and reported through a measurement and evaluation study undertaken by the affected utility, and the affected utility demonstrates and documents its efforts in support of the adoption or implementation of the energy efficiency building codes and appliance standards.
- F.** An affected utility may count a customer's energy savings resulting from self-direction toward meeting the energy efficiency standard.
- G.** An affected utility may count toward meeting the energy efficiency standard all energy savings resulting from the affected utility's sponsorship of RET projects that displace gas. An affected utility may also count toward meeting the energy efficiency standard all energy savings resulting from other RET projects that are not sponsored by the affected utility, if the affected utility can demonstrate that its efforts facilitated the placement and completion of the RET project.
- H.** An affected utility's energy savings resulting from efficiency improvements to its delivery system may not be counted toward meeting the energy efficiency standard.
- I.** An affected utility's energy savings used to meet the energy efficiency standard will be assumed to continue through the year 2020 or, if expiring before the year 2020, to be replaced with a DSM measure or RET having at least the same level of efficiency.

**Table 4. Illustrative Example of How the Energy Standard Could be Met in 2020**

	2020 Energy Efficiency Standard	2019 Retail Sales (therms)	Required Cumulative Annual Energy Savings (therms or therm equivalents)
Total	6.00%	78,996,374	4,739,782
Breakdown of Savings and Credits Used To Meet 2020 Standard:			
			Cumulative Annual Energy Savings Or Credit (therms)
Pre-rules Savings Credit R14-2-2504(D)			359,545*
Building Codes and Appliance Standards R14-2-2504(E)			425,000
Self-direction R14-2-2504(F)			27,000
RET R14-2-2504(G)			25,000
CHP R14-2-2501(10) and R14-2-2504(C)			135,000
Energy Efficiency R14-2-2504(C)	At least 75%		3,768,237
Total			4,739,782

\*The total pre-rules savings credit shall be capped at 1% of 2005 retail energy sales, and the total credit is allocated over five years from 2016 to 2020. The credit shown above represents an estimate of the portion of the total credit that can be taken in 2020, or 32.5% of the total credit allowed.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

**Historical Note**

New Section R14-2-2504 and Tables 1 through 4 made by final rulemaking at 17 A.A.R. 72, effective March 4, 2011 (Supp. 11-1).

**R14-2-2505. Implementation Plans**

- A.** Except as provided in R14-2-2518 and R14-2-2519, on June 1 of each odd year, or annually at the election of each affected utility, each affected utility shall file with Docket Control, for Commission review and approval, an implementation plan describing how the affected utility intends to meet the energy efficiency standard for the next one or two calendar years, as applicable, except that the initial implementation plan shall be filed within 30 days of the effective date of this Article.
- B.** The implementation plan shall include the following information:
1. Except for the initial implementation plan, a description of the affected utility's compliance with the requirements of this Article for the previous calendar year;
  2. Except for the initial implementation plan, which shall describe only the next calendar year, a description of how the affected utility intends to comply with this Article for the next two calendar years, including an explanation of any modification to the rates of an existing DSM adjustment mechanism or tariff that the affected utility believes is necessary;
  3. Except for the initial implementation plan, which shall describe only the next calendar year, a description of each DSM and RET program to be newly implemented or continued in the next two calendar years and an estimate of the annual therm or therm equivalent savings projected to be obtained through each DSM and RET program;
  4. The estimated total cost and cost per therm reduction of each DSM measure and program and each RET and RET program described in subsection (B)(3);
  5. A DSM tariff filing complying with R14-2-2506(A) or a request to modify and reset an adjustment mechanism complying with R14-2-2506(C), as applicable; and
  6. For each new DSM measure and program and each RET and RET program that the affected utility desires to implement, a program proposal complying with R14-2-2507.
- C.** An affected utility shall notify its customers of its implementation plan filing through a notice in its next regularly scheduled customer bills following the filing of the implementation plan.
- D.** The Commission may hold a hearing to determine whether an affected utility's implementation plan satisfies the requirements of this Article.
- E.** An affected utility's Commission-approved implementation plan, and the DSM and RET programs authorized thereunder, shall continue in effect until the Commission takes action on a new implementation plan for the affected utility.

**Historical Note**

New Section made by final rulemaking at 17 A.A.R. 72, effective March 4, 2011 (Supp. 11-1).

**R14-2-2506. DSM Tariffs**

- A.** An affected utility's DSM tariff filing shall include the following:
1. A detailed description of each method proposed by the affected utility to recover the reasonable and prudent costs associated with implementing the affected utility's intended DSM and RET programs;
  2. Financial information and supporting data sufficient to allow the Commission to determine the affected utility's fair value, including, at a minimum, the information

required to be submitted in a utility annual report filed under R14-2-312(G)(4);

3. Data supporting the level of costs that the affected utility believes will be incurred in order to comply with this Article; and
  4. Any other information that the Commission believes is relevant to the Commission's consideration of the tariff filing.
- B.** The Commission shall approve, modify, or deny a tariff filed pursuant to subsection (A) within 180 days after the tariff has been filed. The Commission may suspend this deadline or adopt an alternative procedural schedule for good cause.
- C.** If an affected utility has an existing adjustment mechanism to recover the reasonable and prudent costs associated with implementing DSM and RET programs, the affected utility may, in lieu of making a tariff filing under subsection (A), file a request to modify and reset its adjustment mechanism by submitting the information required under subsections (A)(1) and (3).

**Historical Note**

New Section made by final rulemaking at 17 A.A.R. 72, effective March 4, 2011 (Supp. 11-1).

**R14-2-2507. Commission Review and Approval of DSM and RET Programs**

- A.** An affected utility shall obtain Commission approval before implementing a new DSM program or measure or a new RET program or RET.
- B.** An affected utility may apply for Commission approval of a DSM program or measure or an RET program or RET by submitting a program proposal either as part of its implementation plan submitted under R14-2-2505 or through a separate application.
- C.** A program proposal shall include the following:
1. A description of the DSM program or measure or RET program or RET that the affected utility desires to implement;
  2. The affected utility's objectives and rationale for the DSM program or measure or RET program or RET;
  3. A description of the market segment at which the DSM program or measure or RET program or RET is aimed;
  4. An estimated level of customer participation in the DSM program or measure or RET program or RET;
  5. An estimate of the baseline;
  6. For a DSM program or measure:
    - a. The estimated societal benefits and savings from the DSM program or measure,
    - b. The estimated societal costs of the DSM program or measure, and
    - c. The estimated benefit-cost ratio of the DSM program or measure;
  7. The estimated environmental benefits to be derived from the DSM program or measure or RET program or RET;
  8. The affected utility's marketing and delivery strategy;
  9. The affected utility's estimated annual costs and budget for the DSM program or measure or RET program or RET;
  10. The implementation schedule for the DSM program or measure or RET program or RET;

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

11. A description of the affected utility's plan for monitoring and evaluating the DSM program or measure or RET program or RET; and
  12. Any other information that the Commission believes is relevant to the Commission's consideration of the filing.
- D.** In determining whether to approve a program proposal, the Commission shall consider:
1. The extent to which the Commission believes the DSM program or measure will meet the goal set forth in R14-2-2503(A), and
  2. All of the considerations set forth in R14-2-2503(B).
- E.** Staff may request modifications of on-going DSM and RET programs to ensure consistency with this Article. The Commission shall allow affected utilities adequate time to notify customers of DSM and RET program modifications.

**Historical Note**

New Section made by final rulemaking at 17 A.A.R. 72, effective March 4, 2011 (Supp. 11-1).

**R14-2-2508. Parity and Equity**

- A.** An affected utility shall develop and propose DSM programs for residential, non-residential, and low-income customers.
- B.** An affected utility shall allocate DSM funds collected from residential customers and from non-residential customers proportionately to those customer classes to the extent practicable.
- C.** The affected utility costs of DSM and RET programs for low-income customers shall be borne by all customer classes, except where a customer or customer class is specifically exempted by Commission order.
- D.** DSM funds collected by an affected utility shall be used, to the extent practicable, to benefit that affected utility's customers.
- E.** All customer classes of an affected utility shall bear the costs of DSM and RET programs by payment through a non-bypassable mechanism, unless a customer or customer class is specifically exempted by Commission order.

**Historical Note**

New Section made by final rulemaking at 17 A.A.R. 72, effective March 4, 2011 (Supp. 11-1).

**R14-2-2509. Reporting Requirements**

- A.** By April 1 of each year, an affected utility shall submit to the Commission, in a Commission-established docket for that year, a DSM progress report providing information for each of the affected utility's Commission-approved DSM and RET programs including at least the following:
1. An analysis of the affected utility's progress toward meeting the annual energy efficiency standard;
  2. A list of the affected utility's current Commission-approved DSM and RET programs, organized by customer segment;
  3. A description of the findings from any research projects completed during the previous year; and
  4. The following information for each Commission-approved DSM program and measure and RET program and RET:
    - a. A brief description;
    - b. Goals, objectives, and savings targets;
    - c. The level of customer participation during the previous year;
    - d. The costs incurred during the previous year, disaggregated by type of cost, such as administrative costs, rebates, and monitoring costs;

- e. A description and the results of evaluation and monitoring activities during the previous year;
- f. Savings realized in kW, kWh, therms, and therm equivalents, as appropriate;
- g. The environmental benefits realized;
- h. Incremental benefits and net benefits, in dollars;
- i. Performance-incentive calculations for the previous year;
- j. Problems encountered during the previous year and proposed solutions;
- k. A description of any modifications proposed for the following year; and
- l. Whether the affected utility proposes to terminate the DSM program or measure or RET program or RET and the proposed date of termination.

- B.** By October 1 of each year, an affected utility shall file a status report including a tabular summary showing the following for each current Commission-approved DSM program and measure and RET program and RET of the affected utility:
1. Semi-annual expenditures compared to annual budget, and
  2. Participation rates.
- C.** An affected utility shall file each report required by this Section with Docket Control, where it will be available to the public, and shall make each such report available to the public upon request.
- D.** An affected utility may request within its implementation plan that these reporting requirements supersede specific existing DSM reporting requirements.

**Historical Note**

New Section made by final rulemaking at 17 A.A.R. 72, effective March 4, 2011 (Supp. 11-1).

**R14-2-2510. Cost Recovery**

- A.** An affected utility may recover the costs that it incurs in planning, designing, implementing, and evaluating a DSM program or measure or RET program or RET if the DSM program or measure or RET program or RET is all of the following:
1. Approved by the Commission before it is implemented;
  2. Implemented in accordance with a Commission-approved program proposal or implementation plan; and
  3. Monitored and evaluated, pursuant to R14-2-2515.
- B.** An affected utility shall monitor and evaluate each DSM program or measure and each RET program or RET, as provided in R14-2-2515.
- C.** If an affected utility determines that a DSM program or measure is not cost-effective or that a DSM program or measure or RET program or RET does not meet expectations, the affected utility shall include in its annual DSM progress report filed under R14-2-2509 a proposal to modify or terminate the DSM program or measure or RET program or RET.
- D.** An affected utility shall recover its DSM and RET costs concurrently, on an annual basis, with the spending for DSM and RET programs, unless the Commission orders otherwise.
- E.** An affected utility may recover costs from DSM funds for any of the following items, if the expenditures will enhance DSM or RET programs:
1. Incremental labor attributable to DSM and RET development,
  2. A market study,
  3. A research and development project such as applied technology assessment,
  4. Consortium membership, or

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- 5. Other items that are difficult to allocate to an individual DSM or RET program.
- F. The Commission may impose a limit on the amount of DSM funds that may be used for the items in subsection (E).
- G. If goods and services used by an affected utility for DSM or RET have value for other affected utility functions, programs, or services, the affected utility shall divide the costs for the goods and services and allocate funding proportionately.
- H. An affected utility shall allocate DSM and RET costs in accordance with generally accepted accounting principles.
- I. An affected utility, at its own initiative, may submit to the Commission twice-annual reports on the financial impacts of its Commission-approved DSM and RET programs, including any unrecovered fixed costs and net lost income/revenue resulting from its Commission-approved DSM and RET programs.

**Historical Note**

New Section made by final rulemaking at 17 A.A.R. 72, effective March 4, 2011 (Supp. 11-1).

**R14-2-2511. Revenue Decoupling**

The Commission shall review and address financial or other disincentives, recovery of fixed costs, and recovery of net lost income/revenue, including, but not limited to, implementation of a revenue decoupling mechanism, due to Commission-approved DSM and RET programs, if an affected utility requests such review in its rate case and provides adequate documentation/records supporting its request in its rate application.

**Historical Note**

New Section made by final rulemaking at 17 A.A.R. 72, effective March 4, 2011 (Supp. 11-1).

**R14-2-2512. Cost-effectiveness**

- A. An affected utility shall ensure that the incremental benefits to society of the affected utility's overall group of DSM programs exceed the incremental costs to society of the overall group of DSM programs.
- B. The Societal Test shall be used to determine cost-effectiveness.
- C. The analysis of a DSM program's or DSM measure's cost-effectiveness may include:
  - 1. Costs and benefits associated with reliability, improved system operations, environmental impacts, and customer service;
  - 2. Savings of both gas and electricity; and
  - 3. Any uncertainty about future streams of costs or benefits.
- D. An affected utility shall make a good faith effort to quantify water consumption savings and air emission reductions resulting from implementation of DSM programs, while other environmental costs or the value of environmental improvements shall be estimated in physical terms when practical but may be expressed qualitatively. An affected utility, Staff, or any party may propose monetized benefits and costs if supported by appropriate documentation or analyses.
- E. Market transformation programs shall be analyzed for cost-effectiveness by measuring market effects compared to program costs.
- F. Educational programs shall be analyzed for cost-effectiveness based on estimated energy and peak demand savings resulting from increased awareness about energy use and opportunities for saving energy.
- G. Research and development and pilot programs are not required to demonstrate cost-effectiveness.

- H. An affected utility's low-income customer program portfolio shall be cost-effective, but costs attributable to necessary health and safety measures shall not be used in the calculation.

**Historical Note**

New Section made by final rulemaking at 17 A.A.R. 72, effective March 4, 2011 (Supp. 11-1).

**R14-2-2513. Baseline Estimation**

- A. To determine the baseline, an affected utility shall estimate the level of gas demand and consumption and the associated costs that would have occurred in the absence of a DSM program.
- B. For installations or applications that have multiple fuel choices, an affected utility shall determine the baseline using the same fuel source that would have actually been used for the installation or application in the absence of a DSM program.

**Historical Note**

New Section made by final rulemaking at 17 A.A.R. 72, effective March 4, 2011 (Supp. 11-1).

**R14-2-2514. Fuel Neutrality**

- A. Ratepayer-funded DSM shall be developed and implemented in a fuel-neutral manner.
- B. An affected utility shall use DSM funds collected from gas customers for gas DSM programs, unless otherwise ordered by the Commission.
- C. An affected utility may use DSM funds collected from gas customers for thermal envelope improvements.

**Historical Note**

New Section made by final rulemaking at 17 A.A.R. 72, effective March 4, 2011 (Supp. 11-1).

**R14-2-2515. Monitoring, Evaluation, and Research**

- A. An affected utility shall monitor and evaluate each DSM program and measure and each RET program and RET to:
  - 1. Ensure compliance with the cost-effectiveness requirements for DSM programs in R14-2-2512;
  - 2. Determine participation rates, energy savings, and demand reductions;
  - 3. Assess the implementation process for the DSM program or measure or RET program or RET;
  - 4. Obtain information on whether to continue, modify, or terminate a DSM program or measure or RET program or RET; and
  - 5. Determine the persistence and reliability of the affected utility's DSM programs and measures and RET programs and RETs.
- B. An affected utility may conduct evaluation and research, such as market studies, market research, and other technical research, for DSM and RET program planning, product development, and DSM and RET program improvement.

**Historical Note**

New Section made by final rulemaking at 17 A.A.R. 72, effective March 4, 2011 (Supp. 11-1).

**R14-2-2516. Program Administration and Implementation**

- A. An affected utility may use an energy service company or other external resource to implement a DSM program or measure or RET program or RET.
- B. The Commission may, at its discretion, establish independent program administrators who would be subject to the relevant requirements of this Article.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

**Historical Note**

New Section made by final rulemaking at 17 A.A.R. 72, effective March 4, 2011 (Supp. 11-1).

**R14-2-2517. Leveraging and Cooperation**

- A. An affected utility shall, to the extent practicable, participate in cost sharing, leveraging, or other lawful arrangements with customers, vendors, manufacturers, government agencies, other gas utilities, or other entities if doing so will increase the effectiveness of a DSM program or measure or RET program or RET.
- B. An affected utility shall participate in a DSM program or measure or RET program or RET with an electric utility when doing so is practicable and if doing so will increase the effectiveness of the DSM program or measure or RET program or RET.

**Historical Note**

New Section made by final rulemaking at 17 A.A.R. 72, effective March 4, 2011 (Supp. 11-1).

**R14-2-2518. Compliance by Gas Distribution Cooperatives**

- A. A gas distribution cooperative that is an affected utility shall comply with the requirements of this Section instead of meeting the requirements of R14-2-2504(A) and (B) and R14-2-2505(A).
- B. A gas distribution cooperative shall, on June 1 of each odd year, or annually at its election:
  - 1. File with Docket Control, for Commission review and approval, an implementation plan providing information for each DSM and RET program to be implemented or maintained during the next one or two calendar years, as applicable; and
  - 2. Submit to the Director of the Commission's Utilities Division an electronic copy of its implementation plan in a format suitable for posting on the Commission's web site.
- C. A gas distribution cooperative's initial implementation plan shall be filed with Docket Control within 30 days of the effective date of this Article.
- D. An implementation plan submitted under subsection (B) or (C) shall set forth an energy efficiency goal for each year of at least 75% of the savings requirement specified in R14-2-2504 and shall include the information required under R14-2-2505(B).

**Historical Note**

New Section made by final rulemaking at 17 A.A.R. 72, effective March 4, 2011 (Supp. 11-1).

**R14-2-2519. Compliance by Propane Companies**

- A. A propane company that is an affected utility shall comply with the requirements of this Section instead of meeting the requirements of R14-2-2504(A) and (B) and R14-2-2505(A).
- B. A propane company shall, on June 1 of each odd year, or annually at its election:
  - 1. File with Docket Control, for Commission review and approval, an implementation plan providing information for each DSM and RET program to be implemented or maintained during the next one or two calendar years, as applicable; and
  - 2. Submit to the Director of the Commission's Utilities Division an electronic copy of its implementation plan in a format suitable for posting on the Commission's web site.

- C. A propane company's initial implementation plan shall be filed with Docket Control within 30 days of the effective date of this Article.
- D. An implementation plan submitted under subsection (B) or (C) shall set forth an energy efficiency goal for each year of at least 50% of the savings requirement specified in R14-2-2504 and shall include the information required under R14-2-2505(B).

**Historical Note**

New Section made by final rulemaking at 17 A.A.R. 72, effective March 4, 2011 (Supp. 11-1).

**R14-2-2520. Waiver from the Provisions of this Article**

- A. The Commission may waive compliance with any provision of this Article for good cause.
- B. An affected utility may petition the Commission to waive its compliance with any provision of this Article for good cause.

**Historical Note**

New Section made by final rulemaking at 17 A.A.R. 72, effective March 4, 2011 (Supp. 11-1).

**ARTICLE 26. INTERCONNECTION OF DISTRIBUTED GENERATION FACILITIES****R14-2-2601. Definitions**

In this Article, unless otherwise specified:

1. "AC" means alternating current.
2. "Applicant" means a Customer or Representative who submits an Interconnection Application pursuant to this Article.
3. "Application" means the standard form or format for an Applicant to apply to a Utility for Interconnection of a Generating Facility with the Distribution System.
4. "Backfeed" means to energize a section of a Utility electric system with a Generating Facility.
5. "Calendar Day" means any day including Saturday, Sunday, or a federal or state holiday.
6. "Certified Equipment" means a specific generating and protective equipment system or systems certified as meeting the requirements in R14-2-2611 relating to testing, operation, safety, and reliability by an NRTL.
7. "Clearance" means documentation from a Utility stating that a line or equipment is disconnected from all known sources of power and tagged; that for safety purposes all proper precautionary measures have been taken; and that workers may proceed to inspect, test, and install ground on the circuit.
8. "CFR" means Code of Federal Regulations.
9. "Commission" means the Arizona Corporation Commission.
10. "Customer" means an electric consumer applying to connect a Generating Facility on the consumer's side of the Utility meter, whether an Exporting System, a Non-Exporting System, or an Inadvertent Export System.
11. "DC" means direct current.
12. "Disconnect Switch" means a device that:
  - a. Is installed and maintained for a Generating Facility by the Customer;
  - b. Is a visible-open, manual, gang-operated, load break disconnect device;
  - c. Is capable of being locked in a visible-open position by a standard Utility padlock that will completely isolate the Generating Facility from the Distribution System; and

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- d. If the voltage of the Generating Facility is over 500 volts, is capable of being grounded on the Utility side.
13. "Distributed Generation" means any type of Customer electrical generator, solid-state or static inverter, or Generating Facility interconnected with the Distribution System that either can be operated in electrical parallel with the Distribution System or can feed a Customer load that can also be fed by the Distribution System.
14. "Distribution System" means the infrastructure constructed, maintained, and operated by a Utility to deliver electric service at the distribution level (69 kV or less) to retail consumers.
15. "Electric Cooperative" means a Utility that is:
  - a. Not operated for profit;
  - b. Owned and controlled by its members; and
  - c. Operating as a public service company in this state.
16. "Exporting System" means any type of Generating Facility that is designed to regularly Backfeed the Distribution System.
17. "Facilities Study" means a comprehensive analysis of the actual construction needed to take place based on the outcome of a System Impact Study.
18. "Fault Current" means the level of current that can flow if a short circuit is applied to a voltage source.
19. "Feasibility Study" means a preliminary review of the potential impacts on the Distribution System that will result from a proposed Interconnection.
20. "Generating Facility" means all or part of a Customer's electrical generator(s), energy storage system(s), or any combination of electrical generator(s) and storage system(s), together with all inverter(s) and protective, safety, and associated equipment necessary to produce electric power at the Customer's facility; this includes solid-state or static inverters, induction machines, and synchronous machines.
21. "Good Utility Practice" means any of the practices, methods, and acts engaged in or approved by a significant portion of the electric industry during the relevant time period, or any of the practices, methods, and acts that, in the exercise of reasonable judgment in light of the facts known at the time the decision was made, could have been expected to accomplish the desired result at a reasonable cost consistent with reliability, safety, and expedition. Good Utility Practice is not intended to be limited to the optimal practice, method, or act to the exclusion of all others, but rather to include practices, methods, or acts generally accepted in the region at the relevant time.
22. "IEEE" means the Institute of Electrical and Electronics Engineers, Inc.
23. "Inadvertent Export" means the unplanned, uncompensated transfer of electrical energy from a Generating Facility to the Distribution System across the Point of Interconnection.
24. "Interconnection" means the physical connection of a Generating Facility to the Distribution System.
25. "Interconnection Agreement" means an agreement, signed between the Utility and the Customer, covering the terms and conditions governing the Interconnection and operation of the Generating Facility with the Utility, and includes any appendices to the agreement.
26. "Interconnection Facilities" means the electrical wires, switches, and related equipment that are required, in addition to the facilities required to provide electric distribution service to a Customer, to allow Interconnection. Interconnection Facilities may be located on either side of the Point of Interconnection as appropriate to their purpose and design.
27. "Interconnection Manual" means a separate document developed and maintained by a Utility as required under R14-2-2628.
28. "Interconnection Study" means a study that may be undertaken by a Utility (or a Utility-designated third party) in response to the Utility's receipt of a completed Application. An Interconnection Study may include:
  - a. A Feasibility Study;
  - b. A System Impact Study;
  - c. A Facilities Study; and
  - d. Any additional analysis required by the Utility.
29. "Islanding" means a condition in which a portion of the Distribution System is energized solely by one or more local electric power systems throughout the associated Point of Interconnection while that portion of the Distribution System is electrically separated from the rest of the Distribution System. Islanding can be either intentional (planned) or unintentional (unplanned).
30. "Jurisdictional Electric Inspection Agency" means the governmental authority having jurisdiction to inspect and approve the installation of a Generating Facility.
31. "kW" means kilowatt.
32. "Maximum Capacity" means:
  - a. The nameplate AC capacity of a Generating Facility; or
  - b. If the Operating Characteristics of the Generating Facility limit the power transferred across the Point of Interconnection to the Distribution System, only the power transferred across the Point of Interconnection to the Distribution System, not including Inadvertent Export.
33. "MW" means megawatt.
34. "Non-Exporting System" means a system in which there is no designed, regular export of power from the Generating Facility to the Distribution System.
35. "NRTL" means a Nationally Recognized Testing Laboratory recognized by the U.S. Occupational Safety and Health Administration.
36. "Operating Characteristics" means the mode of operation of a Generating Facility (Exporting System, Non-Exporting System, or Inadvertent Exporting System) that controls the amount of power delivered across the Point of Interconnection to the Distribution System.
37. "Parallel Operation" means the operation of a Generating Facility that is electrically interconnected to a bus common with the Distribution System, either on a momentary or continuous basis.
38. "Protective Functions" means the equipment, hardware, or software in a Generating Facility that protects against Unsafe Operating Conditions.
39. "Point of Interconnection" means the physical location where the Utility's service conductors are connected to the Customer's service conductors to allow Parallel Operation of the Generating Facility with the Distribution System.
40. "Relay" means an electric device that is designed to interpret input conditions in a prescribed manner and, after specified conditions are met, to respond and cause contact operation or similar abrupt change in associated electric control circuits.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

41. "Representative" means an agent of the Customer who is designated by the Customer and is acting on the Customer's behalf.
42. "RUS" means the U.S. Department of Agriculture Rural Utilities Service.
43. "Scoping Meeting" means an initial review meeting between a Utility and a Customer or Representative during which a general overview of the proposed Generating Facility design is discussed, and the Utility provides general information on system conditions at the proposed Point of Interconnection.
44. "Secondary Spot Network System" means an AC power Distribution System meeting the criteria in R14-2-2622.
45. "System Impact Study" means a full engineering review of the impact on the Distribution System from a Generating Facility, including power flow, Utility system protective device coordination, generator protection schemes (if not Certified Equipment), stability, voltage fluctuations, frequency impacts, and short circuit study. A System Impact Study may consider total nameplate capacity of the Generating Facility.
46. "UL 1741" means the Underwriters Laboratories Inc. Standard for Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed Energy Resources (February 15, 2018), with no future editions or amendments, which is incorporated by reference; on file with the Commission; and published by and available from Underwriters Laboratories Inc., 151 Eastern Avenue Bensenville, IL 60106-3072 and through <https://standardscatalog.ul.com>.
47. "UL 1741SA" means the approved supplemental amendment of UL 1741 that defines the manufacturing (including software) and product testing requirements for advanced inverters.
48. "Unsafe Operating Conditions" means conditions that, if left uncorrected, could result in any of the following:
  - a. Harm to personnel;
  - b. Damage to equipment;
  - c. An adverse effect to the safe operation of the Distribution System; or
  - d. Operation of the Generating Facility outside pre-established parameters required by the Interconnection Agreement.
49. "Utility" means an electric distribution company that constructs, operates, and maintains its Distribution System for the receipt and delivery of electricity and that is a public service corporation under Arizona Constitution, Article 15, § 2.
  - A. A Customer may operate a Generating Facility as an Exporting System, a Non-Exporting System, or an Inadvertent Export System.
  - B. An Applicant shall declare the Maximum Capacity of a Generating Facility in its Application.
  - C. If an Applicant claims a Generating Facility is a Non-Exporting System:
    1. The Utility may require an independent third-party certification ensuring that the system meets the following standards:
      - a. Is able to supply part or all of the Customer's load continuously or during a Utility power outage;
      - b. Is sized such that the export of power is not possible or includes control functions to prevent the export of power; and
      - c. Has control functions that are listed by an NRTL for the purpose as used and are also inspected and approved by the Customer's Jurisdictional Electric Inspection Agency; and
    2. The Applicant shall ensure that the Generating Facility utilizes any combination of equipment, hardware, or software, as specified by the Utility in its Interconnection Manual, to prevent the transfer of electrical energy to the Distribution System.
  - D. If an Applicant claims a Generating Facility is an Inadvertent Export system that does not utilize only UL 1741-certified or UL 1741SA-listed grid support non-islanding inverters:
    1. The Utility may require additional protective functions and equipment to detect Distribution System faults;
    2. The amount of Inadvertent Export to the Distribution System shall be limited to the lesser of the following values:
      - a. 50% of the Generating Facility's Maximum Capacity;
      - b. 10% of the continuous conductor rating in watts at 0.9 power factor for the lowest rated feeder conductor upstream of the Generating Facility; or
      - c. 500 kW; and
    3. The expected frequency of Inadvertent Export events shall be less than two occurrences per 24-hour period.
  - E. If an Applicant claims a Generating Facility is an Inadvertent Export system that utilizes only UL 1741-certified or UL 1741SA-listed grid support non-islanding inverters, the Generating Facility shall:
    1. Utilize control functions that limit the export of electrical power to the Distribution System;
    2. Have a Maximum Capacity of 500 kVA or less;
    3. Have a magnitude of Inadvertent Export no more than 100 kVA;
    4. Have a duration of Inadvertent Export of power of less than 30 seconds for any single event;
    5. Monitor that its total energy export per month is maintained to be no more than its Maximum Capacity multiplied by 0.1 hours per day over a rolling 30-day period (e.g., a 100 kVA gross nameplate capacity Generating Facility would have a maximum energy export per 30-day month of 300 kWh);
    6. Disconnect the Generating Facility from the Distribution System in the event of an Inadvertent Export, ceasing to energize the Distribution System or halting energy production, within two seconds after the period of uninterrupted export exceeds 30 seconds or the magnitude of export exceeds 100 kVA; and

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473, with an immediate effective date of February 25, 2020 (Supp. 20-1).

**R14-2-2602. Applicability**

These rules apply to a Generating Facility operating (or to be operated) in parallel with a Distribution System of a Utility, subject to Commission jurisdiction after the effective date of this Article.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473, with an immediate effective date of February 25, 2020 (Supp. 20-1).

**R14-2-2603. Types of Generating Facilities**

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

7. Enter a safe operation mode, where Inadvertent Export events cannot occur, upon failure of the control or inverter system for more than 30 seconds, whether from loss of control signal, loss of control power, or a single component failure or related control sensing of the control circuitry.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473,  
with an immediate effective date of February 25, 2020  
(Supp. 20-1).

**R14-2-2604. Customer Rights and Responsibilities**

- A. A Customer has the following rights:
  1. To designate a Representative to act on the Customer's behalf;
  2. To submit an Application to interconnect a Generating Facility with a Distribution System;
  3. To expect prompt and professional responses from a Utility during the Interconnection process;
  4. To expect detailed and itemized good faith estimates of cost from the Utility;
  5. To expect outlines, supporting data, and justification for proposed work before the Utility undertakes any studies or system upgrades to accommodate the Generating Facility;
  6. To sign documents using an electronic (e-signature) method if the Customer has the technical capability to sign electronically and is submitting the documents electronically; and
  7. To request a one-time 90-day extension from the Utility using a simple notification process and not to have an extension unreasonably withheld for circumstances beyond the Customer's control.
- B. A Customer shall ensure that:
  1. The Generating Facility meets or exceeds all minimum Interconnection, safety, and protection requirements outlined in this Article and the Utility's Interconnection Manual;
  2. The Generating Facility meets all applicable construction codes, safety codes, electric codes, laws, and requirements of government agencies having jurisdiction;
  3. The Generating Facility's Certified Equipment is installed and operated in a manner that protects the Generating Facility, Utility personnel, the public, and the Distribution System from harm;
  4. The Generating Facility design, installation, maintenance, and operation minimize the likelihood of causing a malfunction in, damaging, or otherwise impairing the Distribution System;
  5. The Generating Facility does not adversely affect the quality of service to other Utility consumers;
  6. The Generating Facility does not hamper efforts to restore a feeder to service when a Clearance is required;
  7. The Generating Facility is maintained in accordance with applicable manufacturers' maintenance schedules; and
  8. The Utility is notified of any emergency or hazardous condition or occurrence involving the Generating Facility that could affect safe operation of the Distribution System.
- C. A Customer shall pay for; lease or own; and be responsible for designing, installing, and operating all Interconnection Facilities located on the Customer's side of the Point of Interconnection.
- D. A Customer shall ensure that Interconnection Facilities:
  1. Are located on the Customer's premises; and
  2. To enable delivery of power from the Generating Facility to the Distribution System at the Point of Interconnection, include:
    - a. Necessary equipment for:
      - i. Connection,
      - ii. Transformation,
      - iii. Switching,
      - iv. Protective relaying,
      - v. Metering,
      - vi. Communication, and
      - vii. Safety requirements;
    - b. A Disconnect Switch; and
    - c. Any other requirements outlined in this Article or specified by the Utility in its Interconnection Manual.
- E. A Customer interconnecting a Generating Facility with the Distribution System shall:
  1. Sign an Interconnection Agreement and all other applicable purchase, supply, and standby agreements; and
  2. Comply with all applicable tariffs, rate schedules, and Utility service requirements.
- F. A Customer shall not interconnect or cause Interconnection of a Generating Facility to the Distribution System without first executing an Interconnection Agreement with the Utility that operates the Distribution System.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473,  
with an immediate effective date of February 25, 2020  
(Supp. 20-1).

**R14-2-2605. Utility Rights and Responsibilities**

- A. A Utility shall interconnect a Generating Facility to the Distribution System, subject to the requirements of this Article and of the Utility's Interconnection Manual.
- B. A Utility has the right to expect prompt, reasonable, and professional responses from a Customer during the Interconnection process.
- C. A Utility shall require that an interconnected Generating Facility:
  1. Not present any hazards to Utility personnel, other Utility consumers, or the public;
  2. Minimize the possibility of damage to the Utility and to other Utility consumers' equipment;
  3. Not adversely affect the quality of service to other Utility consumers; and
  4. Not hamper efforts to restore a feeder to service when a Clearance is required.
- D. A Utility shall notify a Customer if there is reason to believe that operation of the Customer's Generating Facility has caused disruption or deterioration of service to other Utility consumers served from the Distribution System or that such operation has caused damage to the Distribution System.
- E. A Utility shall make its Interconnection Manual, standard Application, and Interconnection Agreements readily available to an Applicant in print and online formats.
- F. Following the receipt of an Application, a Utility shall review the Generating Facility to ensure it complies with the applicable screens in R14-2-2615. If the Generating Facility design does not comply with the applicable screens in R-14-2-2615, an Interconnection Study may be required. Before the Utility undertakes any Interconnection Study or system upgrades that will be charged to the Applicant, the Utility shall provide the Applicant a detailed estimate of the cost, an outline of the pro-

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

posed work, supporting data, and justification for the proposed work. If the results of an Interconnection Study necessitate additional Interconnection Facilities or upgrades, the Utility shall provide written notice to the Applicant of the Utility's intent to install the Interconnection Facilities or upgrades. The Applicant shall pay the Utility for Interconnection Facilities or upgrades identified in the Interconnection Study except for those unrelated to the Generating Facility installation. The Utility shall provide the results of the Interconnection Study to the Applicant.

- G. A Utility may not disapprove Interconnection of a Generating Facility that satisfies the requirements of this Article and the Utility's Interconnection Manual.
- H. If additional Interconnection Facilities or upgrades are needed to accommodate a Generating Facility, and the Interconnection Facilities or upgrades will benefit the grid, the Utility shall reduce the charge of the Interconnection Facilities or upgrades to the Customer by the amount of benefits to the grid that are readily quantifiable by the Utility. A Utility shall not reject an Application on the basis of existing Distribution System conditions that are deficient, or charge a Customer for Interconnection Facilities or upgrades that are overdue or that will soon be required to ensure compliance with Good Utility Practice.
- I. A Utility shall process each Application on a nondiscriminatory basis.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473,  
with an immediate effective date of February 25, 2020  
(Supp. 20-1).

**R14-2-2606. Easements and Rights-of-Way**

- A. Where an easement or right-of-way does not exist, but is required by a Utility to accommodate Interconnection, a Customer shall provide a suitable easement or right-of-way, in the Utility's name, on the premises owned, leased, or otherwise controlled by the Customer. If the required easement or right of way is on another's property, the Customer shall obtain and provide to the Utility a suitable easement or right-of-way, in the Utility's name, at the Customer's expense and in sufficient time to comply with Interconnection Agreement requirements.
- B. A Utility shall use reasonable efforts to utilize existing easements to accommodate Interconnection.
- C. A Utility shall use reasonable efforts to assist a Customer in securing necessary easements at the Customer's expense.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473,  
with an immediate effective date of February 25, 2020  
(Supp. 20-1).

**R14-2-2607. Insurance**

- A. Except as provided in subsection (D), a Utility shall not require a Customer to maintain general liability insurance coverage as a condition for Interconnection.
- B. A Utility shall not require a Customer to negotiate any policy or renewal of any policy covering any liability through a particular insurance provider, agent, solicitor, or broker.
- C. The provision in subsection (A) does not waive or otherwise foreclose any rights a Utility may have to pursue remedies at law against a Customer to recover damages.
- D. A Utility that obtains financing from RUS may require a Customer to maintain liability insurance, to the extent necessary to meet the Utility's obligations to RUS.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473,  
with an immediate effective date of February 25, 2020  
(Supp. 20-1).

**R14-2-2608. Non-Circumvention**

- A. A Utility shall not directly or through an affiliate use knowledge of proposed Distributed Generation projects submitted to the Utility for Interconnection or study to initiate competing proposals to the Customer that offer discounted rates in return for not installing the Distributed Generation, or to offer the Customer competing Distributed Generation projects.
- B. A Customer may share with a Utility or its affiliates information in the Customer's possession regarding a potential Distributed Generation project and may use such information to negotiate a discounted rate or other mutually beneficial arrangement with a Utility or its affiliate.
- C. A Utility may inform a Customer of any existing or pending (awaiting approval by the Commission) rate schedule that may economically benefit, economically disadvantage, or otherwise affect the Customer's Distributed Generation project.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473,  
with an immediate effective date of February 25, 2020  
(Supp. 20-1).

**R14-2-2609. Designation of Contact Persons**

- A. Each Utility shall:
  1. Designate a person or persons who will serve as the Utility's contact for all matters related to Distributed Generation Interconnection;
  2. Identify to the Commission in its Interconnection Manual each designated Distributed Generation Interconnection contact person or persons; and
  3. Provide convenient access through its website to the name, telephone number, mailing address, and email address for each Distributed Generation Interconnection contact person.
- B. Each Applicant applying for Interconnection shall designate a contact person or persons and provide to the Utility the name, telephone number, mailing address, and email address for each contact person.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473,  
with an immediate effective date of February 25, 2020  
(Supp. 20-1).

**R14-2-2610. Minor Modifications**

A Utility shall not reject or declare incomplete and require resubmission of a submitted Application if minor modifications must be made to the design of the Generating Facility or to other information on the Application (including ownership of Generating Facility) while the Application is being reviewed by the Utility or prior to completing the Interconnection of the Generating Facility.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473,  
with an immediate effective date of February 25, 2020  
(Supp. 20-1).

**R14-2-2611. Certification**

- A. To qualify as Certified Equipment, Generating Facility equipment proposed for use separately or packaged with other equipment in an Interconnection system shall:

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

1. Comply with all applicable codes and standards required by this Article and referenced in the Utility Interconnection Manual;
  2. Comply with all applicable codes and standards used by an NRTL to test and certify Interconnection equipment; and
  3. Be labeled and publicly listed as certified by the NRTL at the time of Application submission.
- B.** If Certified Equipment includes only interface components (switchgear, inverters, or other interface devices), a Customer shall show, upon request from the Utility, that the Generating Facility is compatible with the interface components and consistent with the testing and listing specified for the Interconnection equipment.
- C.** A Customer is not required to ensure that equipment provided by the Utility is Certified Equipment.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473, with an immediate effective date of February 25, 2020 (Supp. 20-1).

**R14-2-2612. No Additional Requirements**

If a Generating Facility complies with all applicable requirements of R14-2-2611, complies with the screens listed in R14-2-2615, and complies with the Utility's Interconnection Manual, a Utility shall not require the Customer to install additional controls, or to perform or pay for additional tests, in order to obtain approval to interconnect, unless the Customer agrees to do so or the Commission so requires. A Utility may install additional equipment or perform additional testing at its own expense.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473, with an immediate effective date of February 25, 2020 (Supp. 20-1).

**R14-2-2613. Disconnection from or Reconnection with the Distribution System**

- A.** A Utility may disconnect a Generating Facility from the Distribution System under the following conditions:
1. Upon expiration or termination of the Interconnection Agreement with a Customer, in accordance with the terms of the Interconnection Agreement;
  2. Upon determining that the Generating Facility is not in compliance with the technical requirements found within the Utility's Interconnection Manual;
  3. Upon determining that continued Interconnection of the Generating Facility will endanger system operations, persons, or property, for the time needed to make immediate repairs on the Distribution System;
  4. To perform routine maintenance, repairs, and system modifications; and
  5. Upon determining that an Interconnection Agreement is not in effect for the Generating Facility.
- B.** A Utility and a Customer shall cooperate to restore the Generating Facility and the Distribution System to their normal operating states as soon as practicable.
- C.** A Customer may temporarily disconnect the Generating Facility from the Distribution System at any time. Such temporary disconnection shall not constitute a termination of the Interconnection Agreement unless the Customer has so specified in writing.
- D.** Except in the case of a disconnection under subsection (A)(3), a Utility shall provide notice to a Customer before disconnecting the Generating Facility. The Utility shall provide the Customer

notice at least three calendar days prior to the impending disconnection and shall include in the notice the date, time, and estimated duration of the disconnection.

- E.** When a Generating Facility is disconnected under subsection (A)(2):
1. The Customer shall notify the Utility when the Generating Facility is restored to compliance with technical requirements;
  2. The Utility shall, within five calendar days after receiving the Customer's notice, have an inspector verify the compliance; and
  3. Upon verifying the compliance, the Utility shall, in coordination with the Customer, reconnect the Generating Facility.
- F.** A Utility shall reconnect a Generating Facility as quickly as practicable after determining that the reason for disconnection is remedied.
- G.** An Interconnection Agreement shall continue in effect after disconnection or termination of electric service to the extent and for the period necessary to allow or require the Utility or Customer to fulfill rights or obligations that arose under the agreement, notwithstanding subsection (H)(4). An Interconnection Agreement cannot be for a term less than the expected life of the Generating Facility, unless mutually agreed upon by the Customer and the Utility.
- H.** An Interconnection Agreement shall become effective on the effective date specified in the Interconnection Agreement and shall remain in effect thereafter unless and until:
1. It is terminated by mutual agreement of the Utility and Customer;
  2. It is replaced by another Interconnection Agreement, with mutual consent of the Utility and Customer;
  3. It is terminated by the Utility or the Customer due to a breach or default of the Interconnection Agreement; or
  4. The Customer terminates Utility electric service, vacates or abandons the property on which the Generating Facility is located, or terminates or abandons the Generating Facility, without the Utility's agreement.
- I.** An Interconnection Agreement shall not be terminated in the event of the sale or lease of the property owned by the Customer. If the ownership of a Generating Facility changes, the Interconnection Agreement will remain in effect so long as the operation of the Generating Facility, as specified in the Interconnection Agreement, remains unchanged. The Customer shall provide notice to the Utility within seven calendar days in the event of a change in the ownership of the Generating Facility.
- J.** Upon termination of an Interconnection Agreement:
1. The Customer shall ensure that the electrical conductors connecting the Generating Facility to the Distribution System are immediately lifted and permanently removed, to preclude any possibility of interconnected operation in the future; and
  2. The Utility may inspect the Generating Facility to verify that it is permanently disconnected.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473, with an immediate effective date of February 25, 2020 (Supp. 20-1).

**R14-2-2614. Application and Generating Facility General Requirements**

- A.** A Customer desiring to interconnect to the Distribution System a Generating Facility that is not a Non-Exporting inverter-

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

based energy storage Generating Facility or an Inadvertent Export Generating Facility with a Maximum Capacity of 20 kW or less shall apply to the Utility for Interconnection as provided in this Section.

- B.** An Applicant shall submit an Application on a form provided by the Utility, or according to a format provided by the Utility, along with the following:
  1. All supplemental information and documents required by the Utility, which shall be noted on the Utility's Application or Application instructions;
  2. An executed Interconnection Agreement, if required by the Utility; and
  3. An initial Application or processing fee, if a tariff containing such a fee is approved for the Utility by the Commission.
- C.** Upon request, a Utility shall provide an Applicant with sample diagrams that indicate the preferred level of detail and type of information required for a typical inverter-based system.
- D.** Within seven calendar days after receiving an Application, a Utility shall review the Application and provide the Applicant notice:
  1. That the Application satisfies all requirements under subsection (B); or
  2. That the Application does not satisfy one or more requirements under subsection (B), in which case:
    - a. The Utility shall specify the additional information or documents required;
    - b. The Applicant shall submit the specified information or documents; and
    - c. The Application may be deemed withdrawn if the Applicant does not submit the required information or documents within 30 calendar days.
- E.** A Generating Facility shall comply with the following general requirements:
  1. If inverter based, each inverter shall meet the shutdown protective functions (under/over voltage, under/over frequency, and anti-Islanding) specified in IEEE 1547-2018 – IEEE Standard for Interconnection and Interoperability of Distributed Energy Resources with Associated Electric Power Systems Interfaces (April 6, 2018), with no future editions or amendments, which is incorporated by reference; on file with the Commission; and published by and available from IEEE, 3 Park Avenue, 17th Floor, New York, New York 10016, and through <http://ieeexplore.ieee.org>;
  2. The Generating Facility shall meet all applicable codes and standards required by this Article and referenced in the Utility Interconnection Manual; and
  3. The Generating Facility shall comply with the Utility's Interconnection Manual and Interconnection Agreement requirements.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473, with an immediate effective date of February 25, 2020 (Supp. 20-1).

**R14-2-2615. Screens**

- A.** For Interconnection of a proposed Generating Facility to a distribution circuit, the aggregated generation on the circuit, including the proposed Generating Facility, shall not exceed 15% of the total circuit annual peak load as most recently measured at the substation or on the line section (if available), or the circuit hosting capacity limit; whichever is greater. Non-Exporting Systems, regardless of system size, and Inadvertent

Export systems with a Maximum Capacity of 20 kW and under shall not be subject to this subsection.

- B.** A proposed Generating Facility shall not contribute more than 10% to a distribution circuit's maximum fault current at any point on the Distribution System, including during normal contingency conditions that may occur due to reconfiguration of the feeder or the distribution substation.
- C.** The proposed Maximum Capacity of a Generating Facility, in aggregate with the Maximum Capacity of other generation on a distribution circuit, shall not cause any distribution protective devices and equipment (including but not limited to substation breakers, fuse cutouts, and line reclosers), or consumer equipment on the system, to exceed 90% of the short circuit interrupting capability. Interconnection shall not be proposed for a circuit that already exceeds 90% of the short circuit interrupting capability.
- D.** A proposed Generating Facility shall be interconnected to the Distribution System as shown in the table below:

Primary Distribution Line Configuration	Interconnection to Primary Distribution Line
Three-phase, three wire	If a three-phase or single-phase Generating Facility, Interconnection shall be phase-to-phase
Three-phase, four wire	If a three-phase (effectively grounded) or single-phase Generating Facility, Interconnection shall be line-to-neutral

- E.** If a proposed Generating Facility is to be interconnected on single-phase shared secondary, the aggregate generation capacity on the shared secondary, including the proposed Maximum Capacity of the Generating Facility, shall not exceed 75% of the service transformer rating. Non-Exporting Systems and Inadvertent Export systems shall not be subject to this subsection.
- F.** If a proposed Generating Facility is single-phase and is to be interconnected on a transformer center tap neutral of a 240-volt service, its addition shall not create an imbalance between the two sides of the 240-volt service of more than 20% of the nameplate rating of the service transformer.
- G.** A proposed Generating Facility, in aggregate with other generation interconnected to the distribution low-voltage side of a substation transformer feeding the distribution circuit where the Generating Facility would interconnect, shall not exceed 10 MW in an area where there are known or posted transient stability limitations to generating units located in the general electrical vicinity (e.g., three or four transmission voltage level busses from the Point of Interconnection). Non-Exporting Systems, regardless of system size, and Inadvertent Export systems with a Maximum Capacity of 20 kW and under shall not be subject to this subsection.
- H.** A proposed Generating Facility's Point of Interconnection shall not be on a transmission line.
- I.** A proposed Generating Facility shall not exceed the capacity of the Customer's existing electrical service unless there is a simultaneous request for an upgrade to the Customer's electrical service or the Generating Facility is configured never to inject onto the feeder power that exceeds the capacity of the electrical service.
- J.** If a proposed Generating Facility is non-inverter based, the Generating Facility must comply with the Protective Function requirements and any additional Utility Interconnection requirements, which shall be specified by the Utility in its Interconnection Manual.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473,  
with an immediate effective date of February 25, 2020  
(Supp. 20-1).

**R14-2-2616. Pre-Application Report**

- A.** An Applicant requesting a Pre-Application Report shall submit to a Utility:
1. The Applicant's contact information (name, address, phone, and email);
  2. A proposed Point of Interconnection, sufficiently identified by latitude and longitude, site map, street address, meter number, account number, or some combination of those sufficient to identify the location of the Point of Interconnection;
  3. A description of the proposed generation technology and fuel source; and
  4. A non-refundable processing fee, if a tariff containing such a fee is approved for the Utility by the Commission.
- B.** An Applicant requesting a Pre-Application Report shall understand that:
1. The existence of "available capacity" does not mean that the Interconnection of a Generating Facility with a nameplate capacity that is equivalent to the available capacity may be completed without impacts, because the Pre-Application Report does not address all of the variables studied as part of the Interconnection review process;
  2. The Distribution System is dynamic and subject to change; and
  3. Data provided in the Pre-Application Report may become outdated and may not be useful at the time an Application is submitted.
- C.** Within 21 calendar days of receipt of a completed Pre-Application Report request, a Utility shall provide a Pre-Application Report, which shall include the following information, as available:
1. The total capacity (MW) of the substation/area bus or bank and circuit likely to serve the proposed site;
  2. The allocated capacity (MW) of the substation/area bus or bank and circuit likely to serve the proposed site;
  3. The queued capacity (MW) of the substation/area bus or bank and circuit likely to serve the proposed site;
  4. The available capacity (MW) of the substation/area bus or bank and circuit most likely to serve the proposed site;
  5. Whether the proposed Generating Facility is located on an area, spot, or radial network;
  6. The substation nominal distribution voltage or nominal transmission voltage, if applicable;
  7. The nominal distribution circuit voltage at the proposed site;
  8. The approximate circuit distance between the proposed site and the substation;
  9. The peak load estimate and minimum load data of each relevant line section, when available;
  10. The number of protective devices and voltage regulating devices between the proposed site and the substation/area;
  11. Whether three-phase power is available at the site and, if not, the distance of the site from three-phase service;
  12. The limiting conductor rating from the proposed Point of Interconnection to the distribution substation; and
  13. Based on the proposed Point of Interconnection, any existing or known constraints, such as, but not limited to, electrical dependencies at that location, short circuit interrupting capacity issues, power quality or stability

issues on the circuit, capacity constraints, or secondary networks.

- D.** A Utility shall not be required to generate data for a Pre-Application Report and may include only pre-existing data. An Applicant request for a Pre-Application Report does not obligate the Utility to conduct a study or other analysis of the proposed project in the event that pre-existing data is not available. If a Utility cannot complete all or some of a Pre-Application Report due to lack of available data, the Utility shall provide the Applicant a Pre-Application Report that includes the information that is available and identifies the information that is unavailable. Notwithstanding any provisions of this Section, a Utility shall, in good faith, provide Pre-Application Report data that represents the best available information at the time of reporting.
- E.** A Utility may charge a fee for a Pre-Application Report if a tariff containing such a fee is approved for the Utility by the Commission.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473,  
with an immediate effective date of February 25, 2020  
(Supp. 20-1).

**R14-2-2617. Level 1 Super Fast Track**

- A.** A Customer interconnecting an inverter-based Generating Facility with a Maximum Capacity of 20 kW or less, which only uses Certified Equipment, shall apply for Interconnection under the Level 1 Super Fast Track Application process.
- B.** To qualify for Level 1 Super Fast Track, the Generating Facility shall comply with R14-2-2615(A), (E), and (F).
- C.** The Level 1 Super Fast Track shall proceed as follows:
1. Within 14 calendar days following provision of notice under R14-2-2614(D)(1), the Utility shall review the Application and notify the Applicant of one of the following determinations:
    - a. The Generating Facility design satisfies R14-2-2615(A), (E), and (F) and meets all Interconnection requirements and the Application is therefore deemed complete and approved for Interconnection; or
    - b. The Generating Facility design does not satisfy one or more of the requirements listed in R14-2-2615(A), (E), or (F) or does not meet one or more of the Utility's Interconnection requirements, which shall be specified, and the Application is therefore deemed incomplete and not approved for Interconnection.
  2. If the Utility's determination falls under subsection (C)(1)(b), the Applicant shall notify the Utility within 30 calendar days whether it wishes to proceed with the Interconnection.
    - a. Except as provided in subsection (D), if the Applicant does not provide notice within 30 calendar days that it wishes to proceed with the Interconnection, the Application may be considered withdrawn.
    - b. If the Applicant wishes to proceed with the Interconnection, the Applicant shall submit to the Utility, within 30 calendar days, any Utility-specified additional information or modifications to the Generating Facility, along with one of the following:
      - i. A request that the Utility continue to process the Application under this Section; or
      - ii. A request that the Utility process the Application in accordance with R14-2-2620.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

3. Once an Application is approved, the Generating Facility shall be subject to R14-2-2621.
- D. An Applicant may, within 30 calendar days after receiving notice under subsection (C)(1)(b), submit a request for an extension of the 30-day period allowed for submissions under subsection (C)(2)(b).
- E. After receiving a submission under subsection (C)(2)(b), a Utility shall again follow the process of subsection (C).
- F. A Utility may not charge a fee for an additional review under subsection (C), unless a tariff containing such a fee is approved for the Utility by the Commission.
- G. A Customer shall be responsible for any costs of Utility facilities and equipment modifications necessary to accommodate the Customer's Interconnection.
- H. If the Generating Facility's operating characteristics can be modified such that improvements to the Distribution System are reduced or not required, and both the Utility and Customer agree on the operating characteristics, the Customer shall have the opportunity to modify the Generating Facility's operating characteristics to reduce facility costs.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473,  
with an immediate effective date of February 25, 2020  
(Supp. 20-1).

**R14-2-2618. Level 2 Fast Track**

- A. A Customer interconnecting a Generating Facility with a Maximum Capacity of less than 2 MW, excluding a Generating Facility processed in accordance with R14-2-2617, shall apply for Interconnection under the Level 2 Fast Track Application process.
- B. To qualify for the Level 2 Fast Track, the Generating Facility shall comply with R14-2-2615(A) through (J).
- C. The Level 2 Fast Track shall proceed as follows:
  1. Within 21 calendar days following provision of notice under R14-2-2614(D)(1), the Utility shall review the Application and notify the Applicant of one of the following determinations:
    - a. The Generating Facility design satisfies R14-2-2615(A) through (J) and meets all Interconnection requirements and the Application is therefore deemed complete and approved for Interconnection; or
    - b. The Generating Facility design does not satisfy one or more of the requirements listed in subsections R14-2-2615(A) through (J) or does not meet one or more of the Utility's Interconnection requirements, which shall be specified, and the Application is therefore deemed incomplete and not approved for Interconnection.
  2. If the Utility's determination falls under subsection (C)(1)(b), the Applicant shall notify the Utility within 30 calendar days whether it wishes to proceed with the Interconnection.
    - a. Except as provided in subsection (D), if the Applicant does not provide notice within 30 calendar days that it wishes to proceed with the Interconnection, the Application may be considered withdrawn.
    - b. If the Applicant wishes to proceed with the Interconnection, the Applicant shall submit to the Utility, within 30 calendar days, any Utility-specified additional information or modifications to the Generating Facility, along with one of the following:

- i. A request that the Utility continue to process the Application under this Section;
- ii. A request that the Utility process the Application in accordance with R14-2-2619; or
- iii. A request that the Utility process the Application in accordance with R14-2-2620.

3. Once an Application is approved, the Generating Facility shall be subject to R14-2-2621.
- D. An Applicant may, within 30 calendar days after receiving notice under subsection (C)(1)(b), submit a request for an extension of the 30-day period allowed for submissions under subsection (C)(2)(b).
- E. After receiving a submission under subsection (C)(2)(b), a Utility shall again follow the process under subsection (C).
- F. A Utility may not charge a fee for an additional review under subsection (C), unless a tariff containing such a fee is approved for the Utility by the Commission.
- G. A Customer shall be responsible for any costs of Utility facilities and equipment modifications necessary to accommodate the Interconnection.
- H. If the Generating Facility's operating characteristics can be modified such that improvements to the Distribution System are reduced or not required, and both the Utility and Customer agree on the operating characteristics, the Customer shall have the opportunity to modify the Generating Facility's operating characteristics to reduce facility costs.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473,  
with an immediate effective date of February 25, 2020  
(Supp. 20-1).

**R14-2-2619. Level 3 Study Track**

- A. A Customer interconnecting a Generating Facility with a Maximum Capacity of 2 MW or greater, or a Generating Facility that does not meet the screening requirements for Level 1 Super Fast Track, Level 2 Fast Track, or Supplemental Review, shall apply for Interconnection under the Level 3 Study Track Application process.
- B. An Applicant may request a pre-application meeting with the Utility to discuss the proposed design, installation, and operation of the Generating Facility prior to submission of an Application.
- C. The Level 3 Study Track shall proceed as follows:
  1. Within 14 calendar days after transfer from Level 1 Super Fast Track, transfer from Level 2 Fast Track, or transfer from Supplemental Review, a Utility shall review the Application and provide the Applicant notice:
    - a. That the Application satisfies all requirements under R14-2-2614(B); or
    - b. That the Application does not satisfy one or more requirements under R14-2-2614(B), in which case:
      - i. The Utility shall specify the additional information or documents required;
      - ii. The Applicant shall submit the specified information or documents; and
      - iii. The Application may be deemed withdrawn if the Applicant does not submit the required information or documents within 30 calendar days.
  2. Within 30 calendar days following provision of notice under (C)(1)(a) or R14-2-2614(D)(1), the Utility shall review the Application and notify the Applicant of one of the following determinations:

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- a. The Generating Facility design appears to meet all of the applicable Interconnection requirements; no further studies, special protective requirements, or system modifications are required; and the Application is deemed complete and approved for Interconnection; or
  - b. The Generating Facility does not meet one or more of the Utility's Interconnection requirements, which shall be specified, and cannot be interconnected without further information, data, engineering studies, or modifications to the Distribution System or Generating Facility; the Interconnection shall proceed according to a meeting and study process deemed necessary by the Utility; itemized costs and timelines for the studies will be disclosed and agreed upon by the Utility and Applicant prior to the start of each one; and all studies will be made available to the Applicant.
3. Within 21 calendar days after notice is provided under subsection (C)(2)(b), a Scoping Meeting may be conducted to discuss which studies are needed, and the Utility shall provide to the Customer at the Scoping Meeting an acknowledgement letter describing the project scope and including a good faith estimate of the cost.
  4. If requested by the Customer, the Utility shall undertake a Feasibility Study. The Utility shall provide the Customer, within 14 calendar days after the Scoping Meeting, a Feasibility Study agreement including an outline of the scope of the study and a non-binding, good faith estimate of the cost of the materials and labor needed to perform the study. The Utility shall conduct the Feasibility Study after the Customer executes the Feasibility Study agreement, provides all requested information necessary to complete the Feasibility Study, and pays the estimated costs.
    - a. The Feasibility Study shall be completed within 45 calendar days.
    - b. The Feasibility Study:
      - i. Shall include review of short circuit currents, including contribution from the proposed generator, as well as coordination of and potential overloading of distribution circuit protection devices;
      - ii. Shall provide initial details and ideas on the complexity and likely costs to interconnect prior to commitment of costly engineering review; and
      - iii. May be used to focus or eliminate some or all of the more intensive System Impact Study.
  5. If deemed necessary by the Customer or the Utility, the Utility shall undertake a System Impact Study. The Utility shall provide the Customer, within 14 calendar days after completing the previous study or meeting, a System Impact Study agreement including an outline of the scope of the study and a non-binding, good faith estimate of the cost of the materials and labor needed to perform the study. The Utility shall conduct the System Impact Study after the Customer executes the System Impact Study agreement, provides all requested Customer information necessary to complete the System Impact Study, and pays any required deposit of the estimated costs.
    - a. The System Impact Study shall be completed within 45 calendar days.
    - b. The System Impact Study shall reveal all areas where the Distribution System would need to be upgraded to allow the Generating Facility to be built and interconnected as designed and may include discussions with the Customer about potential alterations to generator design, including downsizing to limit grid impacts, as well as operational limits that would limit grid impacts if implemented.
  - c. If the Utility determines, in accordance with Good Utility Practice, that the Distribution System modifications required to accommodate the proposed Interconnection are not substantial, the System Impact Study shall identify the scope and detailed cost of the modifications.
  - d. If the Utility determines, in accordance with Good Utility Practice, that the system modifications to the Distribution System are substantial, a Facilities Study shall be performed.
  - e. Each Utility shall include in its Interconnection Manual a description of the various elements of a System Impact Study it would typically undertake pursuant to this Section, including:
    - i. Load flow study;
    - ii. Short-circuit study;
    - iii. Circuit protection and coordination study;
    - iv. Impact on system operation;
    - v. Stability study, and the conditions justifying inclusion; and
    - vi. Voltage collapse study, and the conditions justifying inclusion.
  6. The Utility shall undertake a Facilities Study if needed based on the outcome of the System Impact Study. The Utility shall provide the Customer, within 14 calendar days after completing the previous study or meeting, a Facilities Study agreement including an outline of the scope of the study and a non-binding, good faith estimate of the cost of the materials and labor needed to perform the study. The Utility shall conduct the Facilities Study after the Customer executes the Facilities Study agreement, provides all requested Customer information necessary to complete the study, and pays the estimated costs.
    - a. The Facilities Study shall be completed within 45 calendar days.
    - b. The Facilities Study shall delineate the detailed costs of construction and milestones. Construction may include new circuit breakers, relocation of reclosers, new Utility grid extensions, reconductoring lines, new transformers, protection requirements, and interaction.
  7. If the Generating Facility meets all of the applicable Interconnection requirements, all items identified in any meeting or study have been resolved and agreed to, and the Utility has received the final design drawings, then:
    - a. The Utility shall send to the Customer, within seven calendar days, an executable Interconnection Agreement, which shall include as an exhibit the cost for any required Distribution System modifications;
    - b. The Customer shall review, sign, and return the Interconnection Agreement and any balance due for Interconnection studies or required deposit for facilities; and
    - c. The Customer shall then complete installation of the Generating Facility, and the Utility shall complete any Distribution System modifications, according to the requirements set forth in the Interconnection

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

Agreement. The Utility shall employ best reasonable efforts to complete such system upgrades in the shortest time practical.

8. Once an Application is approved, the Generating Facility shall be subject to R14-2-2621.
- D. A Utility may not charge a fee for an additional review under subsection (C), unless a tariff containing such a fee is approved for the Utility by the Commission.
- E. A Customer shall have the responsibility for any costs of Utility facilities and equipment modifications necessary to accommodate the Customer's Interconnection.
- F. If the Generating Facility's operating characteristics can be modified such that improvements to the Distribution System are reduced or not required, and both the Utility and Customer agree on the operating characteristics, the Customer shall have the opportunity to modify the Generating Facility's operating characteristics to reduce facility costs.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473,  
with an immediate effective date of February 25, 2020  
(Supp. 20-1).

**R14-2-2620. Supplemental Review**

- A. If a Utility determines that an Application for Interconnection cannot be approved without conducting a Supplemental Review, or if requested by the Applicant:
  1. The Utility shall, within seven calendar days of making the determination or receiving the request, provide the Applicant a good faith estimate of the cost of the Supplemental Review and a written agreement setting forth the terms of the Supplemental Review; and
  2. If the Customer desires to proceed with the Application, the Customer shall, within 14 calendar days of receipt of the good faith estimate and written agreement, sign the written agreement and submit to the Utility a deposit for the full estimated cost of the Supplemental Review.
- B. The Applicant may specify the order in which the Utility will complete the screens in subsection (E).
- C. The Applicant shall be responsible for the Utility's actual costs for conducting a Supplemental Review and must pay any review costs exceeding the deposit amount within 30 calendar days of receipt of an invoice for the balance, or resolution of any dispute as to those costs. If the deposit amount exceeds the actual costs of the Supplemental Review, the Utility shall return such excess to the Customer, without interest, within 30 calendar days of completing the Supplemental Review.
- D. Within 21 calendar days following receipt of the deposit for a Supplemental Review, the Utility shall:
  1. Perform a Supplemental Review by determining compliance with the screens in subsections (E)(1), (2), and (3);
  2. Unless the Applicant has previously provided instructions for how to respond to the Generating Facility's failure to meet any of the Supplemental Review screens:
    - a. Notify the Applicant following the failure of any of the screens; and
    - b. If the Utility is unable to determine compliance with the screen in subsection (E)(1), notify the Applicant within two calendar days of making such determination and request the Applicant's permission to:
      - i. Continue evaluating the Interconnection under subsection (E);
      - ii. Terminate the Supplemental Review and continue evaluating the Generating Facility under R14-2-2619; or
      - iii. Terminate the Supplemental Review upon withdrawal of the Interconnection request by the Applicant; and
- E. A Utility shall apply the following screens in its Supplemental Review:
  1. A minimum load screen:
    - a. If 12 months of line section minimum load data (including onsite load but not station service load served by the Generating Facility) are available, can be calculated, can be estimated from existing data, or can be determined from a power flow model, the aggregate Generating Facility Maximum Capacity on the line section shall be less than 100% of the minimum load for all line sections bounded by automatic sectionalizing devices upstream of the Generating Facility.
    - b. If 12 months of line section minimum load data are not available, or cannot be calculated, estimated, or determined, the Utility shall include in its Supplemental Review results notification under subsection (D) each reason that it is unable to calculate, estimate, or determine minimum load.
    - c. In making its determination of compliance with subsections (E)(1)(a) and (b), the Utility shall:
      - i. Consider the type of generation used by the Generating Facility when calculating, estimating, or determining the circuit or line section minimum load, using daytime minimum load for solar photovoltaic generation systems with no battery storage (i.e., 10 a.m. to 4 p.m. for fixed panel systems and 8 a.m. to 6 p.m. for solar photovoltaic generation systems utilizing tracking systems), and using absolute minimum load for all other generation;
      - ii. For a Generating Facility that serves some station service load, consider only the net injection into the Utility's electric system as part of the aggregate generation; and
      - iii. Not consider as part of the aggregate generation Generating Facility capacity known to be reflected already in the minimum load data.
  2. A voltage and power quality screen: In aggregate with existing Maximum Capacity on the line section:
    - a. Voltage regulation on the line section shall be maintained in compliance with relevant requirements under all system conditions;
    - b. Voltage fluctuation shall be within acceptable limits as defined by IEEE 1453, IEEE Recommended Practice for the Analysis of Fluctuating Installations on Power Systems (October 30, 2015), with no future editions or amendments, which is incorporated by reference; on file with the Commission; and published by and available from IEEE, 3 Park Avenue, 17th Floor, New York, New York 10016, and through <http://ieeexplore.ieee.org>; and
    - c. Harmonic levels shall meet IEEE 519 limits, IEEE Recommended Practice and Requirements for Harmonic Control in Electric Power Systems (June 11, 2014), with no future editions or amendments, which is incorporated by reference; on file with the

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

Commission; and published by and available from IEEE, 3 Park Avenue, 17th Floor, New York, New York 10016, and through <http://ieeexplore.ieee.org>.

3. A safety and reliability screen: The location of the Generating Facility and the aggregate Maximum Capacity on the line section shall not create impacts to safety or reliability that cannot be adequately addressed without application of the Interconnection Study process. In making this determination regarding potential impacts to safety and reliability, the Utility shall give due consideration to the following, and any other relevant factors:
  - a. Whether the line section has significant minimum loading levels dominated by a small number of customers (e.g., several large commercial customers);
  - b. Whether the loading along the line section is uniform or even;
  - c. Whether the Generating Facility is located in close proximity to the substation (i.e., within less than 2.5 electrical circuit miles);
  - d. Whether the line section from the substation to the Point of Interconnection is a main feeder line section rated for normal and emergency ampacity;
  - e. Whether the Generating Facility incorporates a time delay function to prevent reconnection of the generator to the system until system voltage and frequency are within normal limits for a prescribed time;
  - f. Whether operational flexibility is reduced by the Generating Facility, such that transfer of the line section(s) of the Generating Facility to a neighboring distribution circuit/substation may trigger overloads or voltage issues; and
  - g. Whether the Generating Facility employs equipment or systems certified by a recognized standards organization to address technical issues such as, but not limited to, Islanding, reverse power flow, or voltage quality.
- F. If the Interconnection satisfies subsection (E), the Application shall be approved for Interconnection, and the Utility shall provide the Applicant notice of the Supplemental Review results.
- G. If Interconnection Facilities or minor modifications to the Utility's system are required for the Interconnection to meet the screens in subsection (E), the Utility shall notify the Applicant and request for the Applicant to pay for the modifications. If the Applicant agrees to pay for the modifications to the Utility's electric system, the Utility shall provide an Interconnection Agreement, along with a non-binding good faith estimate of the cost for the Interconnection Facilities and minor modifications, to the Applicant within seven calendar days after the Applicant agrees to pay for the modifications.
- H. If more than Interconnection Facilities or minor modifications to the Utility's system would be required for the Interconnection to meet the screens in subsection (E), the Utility shall notify the Applicant, at the same time it notifies the Applicant of the Supplemental Review results, that the Interconnection request shall be evaluated under R14-2-2619, unless the Applicant withdraws its Application.
- I. If the Interconnection fails any of the screens in subsection (E), and the Applicant does not withdraw its Application, the Utility shall continue to evaluate the Application under R14-2-2619.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473, with an immediate effective date of February 25, 2020 (Supp. 20-1).

**R14-2-2621. Utility Site Inspection; Approval for Parallel Operation**

- A. Once an Application is approved for Interconnection:
  1. If the Utility has not received an executed Interconnection Agreement, the Utility shall send to the Customer, within seven calendar days after the notice of Application approval, the appropriate Interconnection Agreement for review and signature;
  2. If required, the Customer shall submit to the Utility a copy of the final electrical clearance for the Generating Facility issued by the authority having jurisdiction;
  3. The Customer shall submit all necessary supplemental documents as specified by the Utility; and
  4. A site inspection shall be performed if deemed necessary by the Utility or requested by the Customer.
- B. Within seven calendar days after a site inspection is deemed necessary by the Utility, or requested by the Customer, the Utility shall perform a site inspection for which it may charge a fee, if a tariff containing such a fee is approved for the Utility by the Commission. During a site inspection, the Utility shall verify at least the following:
  1. The Generating Facility is in compliance with all applicable Interconnection and code requirements;
  2. All Generating Facility equipment is properly labeled;
  3. The Generating Facility system layout is in accordance with the plant location and site plans submitted to the Utility;
  4. The inverter nameplate ratings are consistent with the information submitted to the Utility;
  5. The Utility has unrestricted 24-hour access to the Utility-owned production meter and Disconnect Switch, and the Disconnect Switch meets all applicable requirements;
  6. The inverter shuts down as required upon simulated loss of Utility voltage; and
  7. To the extent visible, the Generating Facility appears to be wired in accordance with the electrical diagrams submitted to the Utility.
- C. The Utility shall install appropriate metering equipment, if required. The Utility may require the Customer to pay for the metering equipment, if a tariff containing such a fee is approved for the Utility by the Commission.
- D. Within three calendar days of the completion of the site inspection and the receipt of all final applicable signed Interconnection documents, the Utility shall determine whether the Generating Facility meets all applicable requirements and shall notify the Customer that:
  1. The Generating Facility is approved for Parallel Operation with the Distribution System per the agreed terms and conditions; or
  2. The Generating Facility has failed the site inspection because it does not meet one or more of the applicable requirements, which shall be specified; the Generating Facility is not approved for Parallel Operation; and specified actions must be taken by the Customer to resolve the issue and to obtain approval for Parallel Operation.
- E. If the Generating Facility fails the initial Utility site inspection:
  1. The Applicant shall, within 30 calendar days of the initial site inspection, correct any outstanding issues and notify the Utility that all corrections have been made, or the

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

Application may be deemed withdrawn unless alternative arrangements have been made by the Customer with the Utility; and

2. The Utility shall, within 14 calendar days of the Applicant notice of correction, perform a repeat inspection of the Generating Facility, for which the Utility may charge a fee, if a tariff containing such a fee is approved for the Utility by the Commission.

**F.** A Utility may take any reasonable actions, including locking open a Disconnect Switch, to prevent Parallel Operation for:

1. A Generating Facility that fails a site inspection; or
2. A Customer who operates a Generating Facility in parallel without Utility approval.

**G.** If a Customer does not interconnect a Generating Facility within 180 calendar days after Application approval, the Customer's Application may be considered withdrawn.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473, with an immediate effective date of February 25, 2020 (Supp. 20-1).

**R14-2-2622. Interconnection to a Secondary Spot Network System**

**A.** A Secondary Spot Network System is a system that:

1. Simultaneously serves a Customer from three-phase, four-wire, low-voltage (typically 480V) circuits supplied by two or more network transformers which have low-voltage terminals that are connected to the low-voltage circuits through network protectors without ties to adjacent or nearby secondary network systems;
2. Has two or more high-voltage primary feeders that are either dedicated network feeders that serve only other network transformers, or non-dedicated network feeders that serve radial transformers in addition to the network transformers, depending on network size and design; and
3. Has automatic protective devices and fuses intended to isolate faulted primary feeders, network transformers, or low-voltage cable sections while maintaining uninterrupted service to the consumers served from the low-voltage circuits.

**B.** Because interconnecting a Generating Facility to a Secondary Spot Network System implicates technical requirements that are particular to the design and operational aspects of network protectors that are not required on radial systems, the Utility shall determine the process for interconnecting to a Secondary Spot Network System, subject to the following:

1. A Generating Facility shall not be interconnected to the load side of spot network protectors unless the Generating Facility uses an inverter-based equipment package and, together with the aggregated other inverter-based generation, does not exceed the smaller of 5% of the Secondary Spot Network System's maximum load or 50 kW; and
2. Interconnection of a Generating Facility shall not result in a Backfeed of a Secondary Spot Network System or cause unnecessary operation of any Secondary Spot Network System protectors.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473, with an immediate effective date of February 25, 2020 (Supp. 20-1).

**R14-2-2623. Expedited Interconnection Process**

**A.** A Customer interconnecting a Non-Exporting inverter-based energy storage Generating Facility or an Inadvertent Export Generating Facility with a Maximum Capacity of 20 kW or less may apply for Interconnection under the Expedited Interconnection Process. In order to qualify for the Expedited Interconnection Process, the Customer's Generating Facility must meet the applicable conditions specified in subsections (B) and (C).

**B.** For a Customer interconnecting a Non-Exporting Generating Facility:

1. The Generating Facility shall utilize only UL 1741- and UL 1741SA-listed equipment;
2. The Generating Facility shall meet all applicable codes and standards required by this Article and referenced in the Utility Interconnection Manual;
3. The Generating Facility shall comply with Utility Interconnection and contractual requirements;
4. The Generating Facility shall be a Non-Exporting inverter-based energy storage device with an aggregate maximum nameplate rating no greater than 500 kW;
5. No other Generating Facilities, other than isolated back-up Generating Facilities, may be at the same Point of Interconnection as the Generating Facility;
6. The Generating Facility shall comply with R14-2-2615(F); and
7. The Generating Facility shall comply with one of the following:
  - a. The system capacity shall be less than 25% of the electrical service entrance ampere rating, and less than 50% of the service transformer rating; or
  - b. The system output rating shall be less than 50% of the verifiable Customer minimum load as measured over the past 12 months.

**C.** For a Customer interconnecting an Inadvertent Export Generating Facility with a Maximum Capacity of 20 kW or less:

1. The Generating Facility shall utilize only UL 1741- and UL 1741SA-listed equipment;
2. The Generating Facility shall meet all applicable codes and standards required by this Article and referenced in the Utility Interconnection Manual;
3. The Generating Facility shall comply with Utility Interconnection and contractual requirements;
4. The Generating Facility shall comply with R14-2-2603(E)(1) and (E)(4) through (7);
5. No other Generating Facilities, other than isolated back-up Generating Facilities or Generating Facilities that are already subject to an executed Interconnection Agreement, may be at the same Point of Interconnection as the Generating Facility; and
6. The Generating Facility shall comply with R14-2-2615(E) and (F).

**D.** The Expedited Interconnection Process shall proceed as follows:

1. An Applicant shall complete an Application provided by the Utility and submit the Application to the Utility along with all required supplemental information and documents, which shall be noted on the Application, as well as an executed Interconnection Agreement, if required by the Utility, and with an initial application fee or processing fee only if a tariff containing such a fee is approved for the Utility by the Commission.
2. Within seven calendar days of receipt of the Application, the Utility shall notify the Applicant whether the Application is complete or incomplete.

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- a. When the Utility notifies the Applicant that an Application is incomplete, the Utility shall specify what additional information or documentation is necessary to complete the Application.
- b. Within 30 calendar days after receipt of notification that an Application is incomplete, an Applicant shall withdraw the Application or submit the required information or documentation. If an Applicant does not submit the required information or documentation within 30 calendar days, the Application may be considered withdrawn.
3. Within seven calendar days following the receipt of a complete Application, the Utility shall review the Application and notify the Applicant of one of the following determinations;
  - a. The Generating Facility meets the requirements of subsections (B) and (C), and the Application is approved as submitted; or
  - b. The Generating Facility does not meet the requirements of subsections (B) and (C), in a manner specified by the Utility; the Application is no longer eligible for processing under the Expedited Interconnection Process; and the Applicant has the option to select Application processing in accordance with R14-2-2620.
4. If the Application is not accepted as submitted, the Applicant shall notify the Utility within 30 calendar days whether it wishes to proceed with the Interconnection.
  - a. If the Applicant does not wish to proceed with the Interconnection, or the Utility is not notified within the specified time-frame, the Application may be considered withdrawn.
  - b. If the Applicant wishes to proceed with the Interconnection, the Utility shall begin processing the Application in accordance with R14-2-2620.
5. Once an Application is approved:
  - a. If the Utility has not received an executed Interconnection Agreement, the Utility shall send to the Customer, within three calendar days after the notice of Application approval, the appropriate Interconnection Agreement for review and signature; and
  - b. Within three calendar days of the receipt of all final applicable signed Interconnection documents, the Utility shall notify the Customer that the Generating Facility is approved for Parallel Operation.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473,  
with an immediate effective date of February 25, 2020  
(Supp. 20-1).

**R14-2-2624. Disconnect Switch Requirements**

- A. If required by a Utility, a Customer shall install and maintain a visual-open, manually operated, load break Disconnect Switch that completely opens and isolates all ungrounded conductors of the Generating Facility from the Distribution System. For multi-phase systems, the Disconnect Switch shall be gang-operated.
- B. A Utility may impose additional requirements for a Disconnect Switch in its Interconnection Manual.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473,  
with an immediate effective date of February 25, 2020  
(Supp. 20-1).

**R14-2-2625. Advanced Inverter Requirements**

- A. If interconnected after the effective date of this Article, a Generating Facility utilizing inverter-based technology shall be interconnected via advanced inverter(s) that are capable of, at minimum, the advanced grid support features specified in subsection (B).
- B. At a minimum, an advanced inverter shall be capable of the following grid support features:
  1. Volt/VAR Mode – Provide voltage/VAR control through dynamic reactive power injection through autonomous responses to local voltage measurement;
  2. Volt/Watt Mode – Provide voltage/watt control through dynamic active power injection through autonomous responses to local voltage measurement;
  3. Fixed Power Factor – Provide reactive power by a fixed power factor;
  4. Anti-Islanding – Support anti-Islanding to trip off under extended anomalous conditions;
  5. Low/High Voltage Ride-through (L/HVRT) – Provide ride-through of low/high voltage excursions beyond normal limits;
  6. Low/High Frequency ride-through (L/HFRT) – Provide ride-through of low/high frequency excursions beyond normal limits;
  7. Soft-Start Reconnection – Reconnect after grid power is restored; and
  8. Frequency/Watt Mode – Provide Frequency/Watt control to counteract frequency excursions beyond normal limits by decreasing or increasing real power.
- C. The grid support features listed in subsections (B)(1), (2), (3), (7), and (8) shall only be activated upon mutual consent between the Customer and the Utility.
- D. The grid support features listed in subsections (B)(4), (5), and (6) shall always be operational.
- E. Advanced inverters shall meet the shutdown protective functions (under/over voltage, under/over frequency, and anti-Islanding) specified in IEEE 1547-2018, which is incorporated by reference in R14-2-2614(E)(1).

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473,  
with an immediate effective date of February 25, 2020  
(Supp. 20-1).

**R14-2-2626. Utility Reporting Requirements**

- A. Each Utility shall maintain records concerning each received Application for Interconnection and shall include in its records:
  1. The date the Application was received;
  2. Any documents generated in the course of processing the Application;
  3. Any correspondence regarding the Application;
  4. The final disposition of the Application; and
  5. The final disposition date.
- B. By March 30 of each year, each Utility shall file with the Commission a Distributed Generation Interconnection Report, with data for the preceding calendar year that shall include:
  1. The number of complete Applications denied by track level, including the reasons for denial;
  2. A list of special contracts, approved by the Commission during the reporting period, that provide discounted rates to Customers as an alternative to self-generation;
  3. Pre-Application Report:
    - a. Total number of reports requested;
    - b. Total number of reports issued;

## TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND ASSOCIATIONS; SECURITIES REGULATION

## CHAPTER 2. CORPORATION COMMISSION - FIXED UTILITIES

- c. Total number of requests withdrawn; and
- d. Maximum, mean, and median processing times from receipt of request to issuance of report;
- 4. Interconnection Application:
  - a. Total number received, broken down by:
    - i. Primary fuel type (e.g., solar, wind, biogas, etc.); and
    - ii. System size (<20 kW, 20 kW-2 MW, >2MW);
  - b. Expedited Interconnection Process:
    - i. Total number of applications approved;
    - ii. Total number of applications denied;
    - iii. Total number of applications withdrawn; and
    - iv. Maximum, mean, and median processing times from receipt of complete Application to execution of Interconnection Agreement;
  - c. Level 1 Super Fast Track Process:
    - i. Total number of applications approved;
    - ii. Total number of applications denied;
    - iii. Total number of applications withdrawn; and
    - iv. Maximum, mean, and median processing times from receipt of complete Application to execution of Interconnection Agreement;
  - d. Level 2 Fast Track Process:
    - i. Total number of applications approved;
    - ii. Total number of applications denied;
    - iii. Total number of applications withdrawn; and
    - iv. Maximum, mean, and median processing times from receipt of complete Application to execution of Interconnection Agreement;
  - e. Supplemental Review:
    - i. Total number of applications approved;
    - ii. Total number of applications denied;
    - iii. Total number of applications withdrawn; and
    - iv. Maximum, mean, and median processing times from receipt of complete Application to execution of Interconnection Agreement; and
  - f. Level 3 Study Process:
    - i. Total number of System Impact Studies completed;
    - ii. Maximum, mean, and median processing times from receipt of signed System Impact Study agreement to provision of study results;
    - iii. Total number of Facilities Studies completed;
    - iv. Maximum, mean, and median processing times from receipt of signed Facility Study agreement to provision of study results;
    - v. Maximum, mean, and median processing times from receipt of complete Application to execution of Interconnection Agreement.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473,  
with an immediate effective date of February 25, 2020  
(Supp. 20-1).

**R14-2-2627. Electric Cooperatives**

- A. Upon Commission approval of an Electric Cooperative's Interconnection Manual, its provisions shall substitute for the timeline requirements set forth in R14-2-2614 and R14-2-2616 through R14-2-2623 for the Electric Cooperative and its Customers.
- B. Each Electric Cooperative shall employ best reasonable efforts to comply with the deadlines set forth in the applicable provisions of this Article or, if unable to meet those deadlines, shall process all Applications and conduct all inspections and tests in the shortest time practical.

**Historical Note**

New Section made by final rulemaking at 26 A.A.R. 473,  
with an immediate effective date of February 25, 2020  
(Supp. 20-1).

**R14-2-2628. Interconnection Manuals**

- A. No later than 90 calendar days after the effective date of this Article, each Utility shall file with Docket Control, for Commission review and approval, an Interconnection Manual that:
  - 1. Contains detailed technical, safety, and protection requirements necessary to interconnect a Generating Facility to the Distribution System in compliance with this Article and Good Utility Practice; and
  - 2. Specifies by date, either within its main text or in an appendix, the version of each standard, code, or guideline with which an Applicant's Generating Facility must comply to be eligible for Interconnection and Parallel Operation.
- B. A Utility shall revise its Interconnection Manual as necessary to ensure compliance with Good Utility Practice.
- C. A Utility shall file each revision to its Interconnection Manual with Docket Control, for Commission review and approval, at least 60 calendar days prior to the proposed effective date of the revision.
- D. A revision to an Interconnection Manual that a Utility has determined is necessary to enhance health or safety shall become effective immediately, subject to subsequent review and approval by the Commission.
- E. The Commission's Utilities Division may contest a Utility's proposed revision to its Interconnection Manual and may seek a suspension of the effective date of the revision to allow for further review.
- F. A Utility shall file with Docket Control, within 10 calendar days after the effective date of a decision approving any revisions to its Interconnection Manual, an updated Interconnection Manual conforming to the Commission's decision.
- G. A Utility shall make its Interconnection Manual available on the Utility's website.
- H. A Utility shall implement and ensure compliance with its Commission-approved Interconnection Manual.

**Historical Note**

**The release of this Chapter in Supp. 25-4 replaces Supp. 25-2, 1-8 pages.**

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “*Rule*’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2025 is cited as Supp. 25-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. The Office links to these codified Sections in the Table of Contents of this Chapter.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

<i>Arizona Administrative Code</i> <u>Publisher</u> Department of State Office of the Secretary of State Administrative Rules Division	Published electronically under the authority of A.R.S. § 41-1012. ## TITLE 17. TRANSPORTATION

## CHAPTER 2. DEPARTMENT OF TRANSPORTATION- AERONAUTICS

## ARTICLE 1. GENERAL PROVISIONS

**R17-2-101. Definitions**

In this Chapter, the following definitions shall apply:

“After-hours” means hours beyond those determined by airport management as appropriate to meet the seasonal demand.

“Aircraft ramp area” means an artificially surfaced section of airport ground designed and used for aircraft parking with access to a taxiway.

“Airport” means the geographical boundaries of the property owned by the Arizona Department of Transportation known as the Grand Canyon National Park Airport.

“Airport business” means any business venture operating inside the boundaries of the Grand Canyon National Park Airport or relying on business generated as a result of the presence of the airport, its customers, or employees.

“Airport gate” means an entryway onto an apron, not on leased property, whether through a fence or a building.

“Airport leaseholder” means a user of the airport under a lease agreement with the Department.

“Airport management” means one or more persons designated by the Director as responsible for the management of the airport and its operations.

“Airport operations area” means an area of the airport, within a fenced perimeter, including a runway, taxiway, apron, or other FAA-mandated safety areas that are used or intended to be used for landing, takeoff, or the surface maneuvering of aircraft.

“Airport terminal building” means a building owned by the airport that is used for accommodating the enplaning and deplaning of passengers and other associated activities.

“Apron” means an artificially surfaced area of ground designed and used for the parking and storage of aircraft at an airport.

“Commercial aviation” means the scheduled or non-scheduled transportation by air of persons or property for compensation or hire under FAA regulations.

“Commercial fuel handling” means the sale, storage, transportation, or distribution of fuels for compensation.

“Commercial ground transportation” means the non-air transportation of persons or property to or from the airport for compensation.

“Commercial service aircraft” means any aircraft while being used for commercial aviation purposes.

“Commercial service aircraft passenger” means a person, other than aircraft flight crew, who enplanes, deplanes, or who is onboard a commercial service aircraft.

“Commercial use ramp” means an apron designated by airport management for the parking of commercial service aircraft and the enplaning or deplaning of commercial service aircraft passengers.

“Department” Department has the meaning prescribed in A.R.S. § 28-101

“Direct costs” means labor, materials, and variable overhead expenses that are directly associated with a specific service.

“Director” means the Director of the Arizona Department of Transportation or the Director’s designee.

“Disabled aircraft” means an aircraft that requires assistance to move from any position on a runway, taxiway, or apron area of the airport.

“Disabled aircraft support equipment” means any equipment used to assist aircraft movement from any position on a runway, taxiway, or apron area of the airport.

“Electronic access security badge” means a credential issued by airport management to a person for identification as an employee of the airport, an airport tenant, or an airport contractor authorized to open electronically controlled gates.

“FAA” means the Federal Aviation Administration of the United States Department of Transportation.

“Fixed base operator” means an airport business that provides airport user services, including but not limited to, commercial fuel handling within the boundaries of the airport.

“Fuel” means all flammable fluids composed of a mixture of selected hydrocarbons manufactured and blended for the purpose of aircraft, railroad, or motor vehicle propulsion.

“Fuel supplier” means an airport business that dispenses fuel to retail customers or into vehicles owned or operated by that business.

“Lease” means a contract granting use or occupation of property during a specified period in exchange for a specified compensation.

“License agreement” means a contract granting use or occupation of a portion of the terminal or other state-owned building in exchange for a specific compensation.

“Maximum landing weight” means the maximum weight at which an aircraft may normally be landed as determined by the manufacturer.

“NFPA” means the National Fire Protection Association.

“Non-terminal ramp area” means the portion of aircraft ramp area designated by airport management for the parking of aircraft when use of a terminal building is not required.

“Operating agreement” means a contract granting the privilege to conduct commercial operations at the airport in exchange for a specific compensation.”

“Overnight parking” means the act of leaving a motor vehicle unoccupied between the hours of sunset and sunrise on airport property that is not leased.

“Permit holder” means a person, partnership, association, firm, or corporation that owns or operates a business at the airport under a use permit.

“Public use terminal” means a structure designated for use by the general public that is not specifically restricted or dedicated to any one airport business.

“Retail sales” means all sales activities at the airport not directly related to the transportation of persons or property. Sales include but are not limited to food, beverages, souvenirs, sundries, books, newspapers, and magazines.

“Rotorcraft” means a heavier-than-air aircraft that depends principally for its support in flight on the lift generated by one or more rotors.

## TITLE 17. TRANSPORTATION

## CHAPTER 2. DEPARTMENT OF TRANSPORTATION- AERONAUTICS

“Security badge” means a credential issued by airport management to a person for identification as an employee of the airport, an airport tenant, or an airport contractor.

“Self-fuel dispensing or handling” means non-commercial fuel delivery to an aircraft, provided by the owner or operator.

“State” means the state of Arizona or its agents.

“Sunset” and “sunrise” have the same meaning and daily calculation as prescribed by the United States Naval Observatory (USNO), which is available on the internet at <http://aa.usno.navy.mil> or in hardcopy format from airport management.

“Taxiway” means an artificially surfaced strip of ground designed and used for the ground movement of aircraft at an airport.

“Terminal ramp area” means the portion of aircraft ramp area designated by airport management for the parking of aircraft when use of a terminal building is required.

“Terminal road” means an artificially surfaced strip of ground positioned in front of an airport terminal building, which is designated by airport management for the parking of vehicles and the loading or unloading of passengers.

“Terminal space” means any area within a structure designated as a terminal and used by the public for transitioning between aircraft and ground transportation.

“TSA” means the Transportation Security Administration of the United States Department of Homeland Security.

“Use permit” means a contract granting the privilege to conduct commercial operations at the airport in exchange for a specific compensation.

“Vehicle” means any equipment, other than aircraft, that is used for transporting persons or property.

**Historical Note**

Adopted effective May 2, 1990 (Supp. 90-2). Amended effective March 17, 1995 (Supp. 95-1). Amended by final rulemaking at 12 A.A.R. 4437, effective January 6, 2007 (Supp. 06-4). Amended by final rulemaking at 17 A.A.R. 2151, effective January 1, 2012 (Supp. 11-4). Amended by final rulemaking at 31 A.A.R. 4090 (October 24, 2025), effective December 9, 2025 (Supp. 25-4).

**ARTICLE 2. GRAND CANYON NATIONAL PARK AIRPORT - OPERATION AND MANAGEMENT****R17-2-201. Fees and Charges for Services and Use of Facilities and Equipment at the Airport**

The fees and charges in Table 1 apply to all tenants and users of the airport and its facilities.

**Historical Note**

Adopted effective May 2, 1990 (Supp. 90-2). Amended effective February 17, 1994 (Supp. 94-1). Amended by final rulemaking at 12 A.A.R. 4437, effective January 6, 2007 (Supp. 06-4). Amended by final rulemaking at 17 A.A.R. 2151, effective January 1, 2012 (Supp. 11-4).

**Table 1. Grand Canyon National Park Airport Fees and Charges**

<b>Landing Fees</b>	
For commercial flight operations landing at the airport including, but not limited to, air carrier, air taxi, air tour, and air freight:	
Single-engine fixed wing, multi-engine fixed wing, or rotorcraft using the airport operations area	\$1.05 per 1,000 lbs., or part of 1,000 lbs., of FAA-certified maximum landing weight
Rotorcraft not using the airport operations area	\$0.30 per 1,000 lbs., or part of 1,000 lbs., of FAA-certified maximum landing weight
<b>Aircraft Parking Fees</b>	
For non-commercial service aircraft parking areas within airport boundaries designated by airport management:	
Single-engine fixed wing or rotorcraft	\$50.00 per month, if parked in designated public tie-down areas Daily rate is one-tenth of the monthly rate
Multi-engine fixed wing or rotorcraft	\$100.00 per month, if parked in designated public tie-down areas Daily rate is one-tenth of the monthly rate
<b>Terminal Fees</b>	
Advertising space	\$5.00 per sq. ft. (sign size), per month, for terminal and counter areas \$8.00 per sq. ft. (sign size), per month, for outdoor sign space
After-hours terminal use	\$200.00 per hour, or part of an hour, in excess of 10 minutes after scheduled terminal closure
Public address system	\$35.00 per monthly subscription to use the public address system
Retail sales space	\$26.00 per sq. ft., per year
Terminal counter space	\$26.00 per sq. ft., per year
Terminal office space	\$26.00 per sq. ft., per year
<b>Gate Fees</b>	
For loading or unloading commercial service aircraft passengers through an airport gate not open to the public that provides access to or from the aircraft ramp area:	

## TITLE 17. TRANSPORTATION

## CHAPTER 2. DEPARTMENT OF TRANSPORTATION- AERONAUTICS

Airport leaseholder using an aircraft with a maximum landing weight of:	
Less than 12,500 lbs.	\$1.00 per flight
12,500 lbs. to 44,999 lbs.	\$5.00 per flight
45,000 lbs. to 99,999 lbs.	\$10.00 per flight
100,000 lbs. to 199,999 lbs.	\$50.00 per flight
200,000 lbs. or greater	\$75.00 per flight
Non-airport leaseholder using an aircraft with a maximum landing weight of:	
Less than 12,500 lbs.	\$1.50 per flight
12,500 lbs. to 44,999 lbs.	\$7.50 per flight
45,000 lbs. to 99,999 lbs.	\$15.00 per flight
100,000 to 199,999 lbs.	\$100.00 per flight
200,000 lbs. or greater	\$150.00 per flight
<b>Fuel Flowage Fees</b>	
Fuel flowage	\$0.03 per gallon of fuel delivered to the airport, and \$0.07 per gallon of fuel sold at the airport
<b>Equipment Use Fees</b>	
Aircraft tug	\$100.00 per use
Auxiliary power unit	\$100.00 per use
Non-aviation equipment	As negotiated
Passenger stairs	\$100.00 per use
Portable heater	\$50.00 per use
<b>Miscellaneous Fees</b>	
Clean up of hazardous materials	Direct costs
Disabled aircraft assistance	Direct costs
Disabled aircraft support equipment	Direct costs
Repairs of damage to airport property	Direct costs
Storage of crash debris	\$25.00 per sq. ft., per month, or part of a month beyond 72 hours after release of the crash debris by the FAA or National Transportation Safety Board
Use of airport personnel, whether requested or required by regulation, when the FAA Air Control Tower is closed	\$100.00 per landing, take-off, or if on standby, for each 30-minute increment
<b>Commercial Ground Transportation Fees</b>	
All commercial ground transportation use permit holders shall report and pay monthly the following fees and charges as appropriate:	
Daily airport access charge	\$100.00 per day charged to any commercial ground transportation company that accesses the airport without an annual airport access permit
Annual airport access permit	\$20.00 per vehicle for an airport leaseholder \$25.00 per vehicle for a non-airport leaseholder
Commercial ground transportation	\$7.00 per vehicle each time the vehicle is used on the airport for the purpose of loading or unloading passengers
Terminal road parking permit	\$10.00 per use for an airport leaseholder \$20.00 per use for a non-airport leaseholder
<b>Vehicle Parking Fees</b>	
For areas located within the airport boundaries and designated by airport management for restricted parking:	
Daily commercial ground transportation use permit parking	\$10.00 per vehicle, per day, or any portion of a 24-hour period for an airport leaseholder \$15.00 per vehicle, per day, or any portion of a 24-hour period for a non-airport leaseholder
Monthly commercial ground transportation use permit parking	\$100.00 per vehicle, per month, for an airport leaseholder \$150.00 per vehicle, per month, for a non-airport leaseholder
Overnight parking, commercial vehicles in excess of designated number as specified by license agreement as defined in R17-2-101, or use permit, and private vehicles	\$10.00 per vehicle, per 24-hour period \$100.00 per vehicle, per month, in designated area
Rental car parking	Auto storage, in a designated area, as established by use permit terms

## TITLE 17. TRANSPORTATION

## CHAPTER 2. DEPARTMENT OF TRANSPORTATION- AERONAUTICS

<b>Retail Sales of Goods or Services</b>	
Fees are a percentage of gross receipts, as defined under A.R.S. § 42-5001, of all retail sales after federal, state, and local taxes, except as negotiated in each use permit. Use permits shall be based on highest bids that are in the best interest of the airport and shall contain provisions for not less than the percentage in this schedule:	
Air tour flights originating at the airport regardless of where the tour was sold	1.5%
Vendor fuel sales	5%
Other	As negotiated
<b>Use of Other Facilities Outside the Terminal</b>	
Use of other facilities outside the terminal	As negotiated
<b>Security Fees</b>	
For airport employees, airport tenant employees, and airport users for badges and to meet security requirements of the FAA and TSA	
Security badge	\$25.00 per year
Replacement security badge	\$50.00 for first lost security badge occurrence \$100.00 for second lost security badge occurrence \$150.00 for third lost security badge occurrence
Unreturned security badge	\$200.00 for failure to return security badge at termination of employment (charged to airport tenant)
Electronic access security badge	\$30.00 per year for a badge providing access to the airfield and other secured areas
Replacement electronic access security badge	\$60.00 for first lost electronic access security badge occurrence \$120.00 for second lost electronic access security badge occurrence \$180.00 for third lost electronic access security badge occurrence
Unreturned electronic access security badge	\$250.00 for failure to return electronic access security badge at termination of employment (charged to airport tenant)
Security screening	\$150.00 per flight for use of airport security screening facilities
Security violation charge	\$100.00 per violation of airport, FAA, or TSA security regulations \$250.00 for each additional violation in a 30-day period
<b>Commercial Use Ramp Fees</b>	
Exclusion. This fee does not apply to any commercial service aircraft that provides air tours departing from and returning to the airport or to air tour flights that bring commercial service aircraft to the airport for this purpose:	
Terminal ramp area	\$15.00 per hour for any commercial service aircraft that does not qualify for the exclusion to a maximum of \$60.00 per use
Non-terminal ramp area	\$10.00 per hour for any commercial service aircraft that does not qualify for the exclusion to a maximum of \$40.00 per use
<b>Water Usage Fees</b>	
Water usage	Water usage fees consist of the total direct cost of water paid by the Department for Airport usage, including all fees and taxes, the actual cost per gallon of all expenses for water testing, repair and maintenance to the water delivery system for the Airport, and an administrative fee of 5%

**Historical Note**

New Table 1 made by final rulemaking at 12 A.A.R. 4437, effective January 6, 2007 (Supp. 06-4). Amended by final rulemaking at 17 A.A.R. 2151, effective January 1, 2012 (Supp. 11-4). Amended by final rulemaking at 31 A.A.R. 4090 (October 24, 2025), effective December 9, 2025 (Supp. 25-4).

**R17-2-202. Airport Use Permits**

- A.** A user operating commercially at the airport shall first obtain a use permit or be subject to a \$100.00 fine for each infraction. Use permits are required for the following activities:
1. Commercial aviation;
  2. Commercial ground transportation;
  3. Commercial fuel handling; and
  4. Airport business.

- B.** An aircraft owner or operator desiring to dispense fuel to the owner's or operator's own aircraft shall first obtain a self fueling or handling permit or be subject to a \$100.00 fine for each infraction.
- C.** A use permit shall contain, at minimum, provisions governing the following subjects:
1. Minimum insurance coverage in the amount required by the Department of Administration's Risk Management Section, naming the state as co-insured;

## TITLE 17. TRANSPORTATION

## CHAPTER 2. DEPARTMENT OF TRANSPORTATION- AERONAUTICS

2. Billing, payment, and audit procedures and the penalties for non-compliance;
3. Data reporting in a timely manner, upon request of the airport management or other agency. This data may include, but is not limited to:
  - a. Gross receipts,
  - b. Aircraft landings,
  - c. Aircraft tie-downs,
  - d. Equipment utilized,
  - e. Enplanements,
  - f. Gallons and types of fuel pumped, and
  - g. Passengers transported each way, to or from the airport;
4. A list of all employees with access to airport security areas and any changes in the list. In addition, the fixed base operator shall provide verification of compliance with employee security checks required under federal, state, and local laws, rules, regulations, and policies governing the use of the airport;
5. Evidence of compliance with all other jurisdictions' requirements for permits, licenses, insurance and certificates; and
6. Detailed descriptions of any space within the public use terminal assigned to the commercial user and provisions describing allowable uses for the space as well as minimum expected maintenance of the facilities provided.

**Historical Note**

Adopted effective May 2, 1990 (Supp. 90-2). Amended by final rulemaking at 12 A.A.R. 4437, effective January 6, 2007 (Supp. 06-4).

**R17-2-203. Minimum Requirements for Fixed Base Operators**

- A.** Before entering into a contract or commencing any operation at the airport as a fixed base operator, each fixed base operator shall:
1. Hold a commercial fuel handling use permit;
  2. Submit to airport management, a verified statement that contains a detailed description of the scope of the intended operation. This statement shall include:
    - a. The means and methods that will be employed to accomplish the aviation operation, including how the operating standards and requirements will be met; and
    - b. The nature of ownership and the responsible parties. If the responsible party is:
      - i. An individual, include the person's name and address;
      - ii. A partnership, includes the names and addresses of all the partners; or
      - iii. A corporation, association, or other organization, include the names of the president, vice president, secretary, and managing officer or managing employee;
  3. Possess a minimum of three years experience, within the past five years, in managing a fixed base operation at an airport.
    - a. The experience requirement applies either to:
      - i. The individual owner, if a sole proprietorship;
      - ii. One of the partners, if a partnership; or
      - iii. The permanent full-time managing officer or employee, if a corporation.
    - b. If more than one person shares the full-time management responsibilities and duties of the organization,

their collective management experience may be used to satisfy subsection (A)(3) if that experience encompasses each particular service or operation proposed;

4. Provide to airport management, a complete certified financial statement, prepared by an independent accounting firm;
  5. Provide to airport management, evidence of current public liability insurance coverage in the minimum amount required by the Department of Administration's Risk Management Section, naming the state as co-insured. Hangarkeeper's liability insurance may be required if aircraft are on the premises for safekeeping, storage, service, or repair; and
  6. Submit to airport management, a verified statement that there is a commitment from a fuel supplier to supply fuel. The commitment shall specify the types and volumes of fuel available to the fixed base operator.
- B.** Upon commencing operations, a fixed base operator shall:
1. Provide to airport management, an annual financial statement at the close of the state's fiscal year;
  2. Obtain and keep current, during the term of the use permit, all required federal, state, and local licenses and ensure compliance with all federal, state, and local laws, rules, regulations, and policies governing the use of the airport;
  3. Remain available as required by airport management, either individually or in connection with the other fixed base operators situated at the airport, to provide service and to respond to emergencies during after-hours;
  4. Report all data pertaining to gallons and types of fuel pumped and other types of information as required by additional use permits. Reports shall be provided to the airport management and other requesting agencies in a timely manner;
  5. Report all activity for which fees are established and pay all fees before the 10th calendar day of each month;
  6. Retain all financial records at the airport for five years and comply with all auditing requirements in the use permit;
  7. Provide airport management with a list of all employees with access to airport security areas and notify airport management of any changes;
  8. Provide verification of compliance with employee security checks required under federal, state, and local laws, rules, regulations, and policies governing the use of the airport;
  9. Comply with all FAA and NFPA inspection criteria;
  10. Provide airport management with a copy of written fueling operations procedures, safety and inspection manuals, and records, as required by FAA and NFPA regulations; and
  11. Maintain an approved, written, spill-prevention contingency and control plan that meets all applicable federal and state standards.

**Historical Note**

Adopted effective May 2, 1990 (Supp. 90-2). Amended by final rulemaking at 12 A.A.R. 4437, effective January 6, 2007 (Supp. 06-4). Section heading corrected per Department's request as amended by final rulemaking at 12 A.A.R. 4437, effective January 6, 2007 (Supp. 09-2). Amended by final rulemaking at 31 A.A.R. 4090 (October 24, 2025), effective December 9, 2025 (Supp. 25-4).

## TITLE 17. TRANSPORTATION

## CHAPTER 2. DEPARTMENT OF TRANSPORTATION- AERONAUTICS

**R17-2-204. Airport Ground Leases**

- A.** The Department may enter into leases of airport property.
- B.** All leases of airport property, other than the existing or any future public use facility, shall be based on a competitive sealed proposal process as specified in A.R.S. § 41-2534. At a minimum, leases shall be based on a price per square foot of property as valued through an appraisal of that property. In addition, leases shall contain provisions for not less than the percentage in the following schedule:
1. Food and beverage - 5%
  2. Rental of personal property - 10%
  3. Retail sales of merchandise - 10%
  4. Other - As negotiated.

**Historical Note**

Adopted effective May 2, 1990 (Supp. 90-2). Amended by final rulemaking at 12 A.A.R. 4437, effective January 6, 2007 (Supp. 06-4). Amended by final rulemaking at 31 A.A.R. 4090 (October 24, 2025), effective December 9, 2025 (Supp. 25-4).

**R17-2-205. Airport Parking Limitations; Prohibited Activities**

- A.** For a special occasion, or during an emergency, airport management may impose parking limitations as circumstances require.
- B.** A person or entity using the airport and its facilities shall not:
1. Park a vehicle in an area designated a no parking zone as indicated by a sign or red painted curb;
  2. Drive or park a vehicle in any area on airport property that is closed by the use of a barricade, chain, or other traffic control device;
  3. Park a vehicle on a pedestrian path, sidewalk, or safety zone;
  4. Park a vehicle in a manner or location that obstructs another parked vehicle; or
  5. Camp on airport parking lots.

**Historical Note**

Adopted effective March 17, 1995 (Supp. 95-1). Amended by final rulemaking at 12 A.A.R. 4437, effective January 6, 2007 (Supp. 06-4). Amended by final rulemaking at 31 A.A.R. 4090 (October 24, 2025), effective December 9, 2025 (Supp. 25-4).

**R17-2-206. Airport Impoundment Procedures; Notice of Impound**

This Section applies to all persons or entities using the airport and its facilities:

1. Airport management may remove and impound any aircraft or other vehicle found on state property if an owner has:
  - a. Parked the aircraft or vehicle in an area designated and posted as a restricted area;
  - b. Parked the aircraft or vehicle in violation of this Article;
  - c. Abandoned the aircraft or vehicle on airport property for more than 14 days without prior notification and permission of airport management;
  - d. Failed to pay parking fees for 15 days after the date a parking statement is attached to the aircraft or vehicle, indicating that a parking fee is due; or
  - e. Parked the aircraft or vehicle in a manner or location that constitutes a hazard or impediment to the general public or to the movement and operation of aircraft or emergency equipment.

## 2. Notice of Impound.

- a. An authorized agent of the airport's management, at the time of removal for impound, shall post a Notice of Impound as near to the location from which the aircraft or vehicle was removed as is practical, and a copy of the notice shall be mailed to the address listed on the:
  - i. Aircraft or vehicle,
  - ii. Vehicle registration in the aircraft or vehicle, or
  - iii. Airport records.
- b. If no address is available under subsection (2)(a), airport management, within a period of 10 business days from the date of impoundment, shall twice publish the Notice of Impound in a daily newspaper with a general circulation in Coconino County. The notice shall describe the:
  - i. Aircraft or vehicle,
  - ii. Parking violation that necessitated the impoundment,
  - iii. Location to which the aircraft or vehicle was impounded,
  - iv. Name and address of the person to contact regarding the impoundment, and
  - v. Owner's right to file a request for a hearing under subsection (5).

## 3. Airport management shall ensure that:

- a. A vehicle is removed by a tow truck registered with the Department of Public Safety, and
- b. An aircraft is removed by a fixed base operator that has complied with R17-2-203.

## 4. Costs to the owner. The owner of an aircraft or vehicle is responsible for all costs involved in the removal, impoundment, and storage of the aircraft or vehicle, plus any costs incurred by publication of the Notice of Impound.

## 5. Hearing requests. Any person subject to a decision made by airport management under this Chapter may request a hearing with the Director. The person shall submit a written request for the hearing to the Department not more than 30 days after the action taken by airport management. The hearing shall be held in accordance with A.R.S. Title 41, Chapter 6, Article 6 and 17 A.A.C. 1, Article 5.

**Historical Note**

Adopted effective March 17, 1995 (Supp. 95-1). Amended by final rulemaking at 12 A.A.R. 4437, effective January 6, 2007 (Supp. 06-4). Amended by final rulemaking at 17 A.A.R. 2151, effective January 1, 2012 (Supp. 11-4). Amended by final rulemaking at 31 A.A.R. 4090 (October 24, 2025), effective December 9, 2025 (Supp. 25-4).

**ARTICLE 3. AIRCRAFT REGISTRATION****R17-2-301. Definitions**

The following terms apply to this Article unless otherwise specified:

"Aircraft" has the same meaning as defined in A.R.S. § 28-8201.

"Aircraft fees" means the fees due to the Department at the time of registration and consisting of the general registration fee imposed under A.R.S. § 28-8325; the license tax imposed under A.R.S. Title 28, Chapter 25, Article 4; and applicable penalty.

## TITLE 17. TRANSPORTATION

## CHAPTER 2. DEPARTMENT OF TRANSPORTATION- AERONAUTICS

“Day” means the 24-hour period from one midnight to the following midnight.

“Department” has the same meaning as defined in A.R.S. § 28-101.

“Expiration date” means the day, month, and year in which an aircraft registration expires.

“Initial registration” means the first time an aircraft is subject to registration in Arizona.

“Lien recording fee” means the recording fee prescribed by the Federal Aviation Administration.

“Registration certificate” means proof, issued by the Department, of the aircraft’s registration in this state.

“Registration cycle” means the time-frame during which an aircraft registration is valid.

#### Historical Note

New Section made by final rulemaking at 31 A.A.R. 1950 (June 20, 2025), effective August 3, 2025 (Supp. 25-2).

#### R17-2-302. Aircraft Registration

- A. The Department shall assign a staggered expiration date when issuing an initial registration to an aircraft.
  1. The initial registration expires on the last day of the month, 12 months from the month the aircraft is subject to Arizona registration.
  2. The subsequent expiration dates expire 12 months from the expiration of the previous registration cycle.
- B. Registration requirements. A person applying to register or to renew the registration of an aircraft shall submit the following:
  1. A request for registration from either:
    - a. A completed application for aircraft registration, provided by the Department, when applying for registration; or
    - b. Identifying aircraft registration information as indicated by the Department when renewing a registration;
  2. Payment of aircraft fees, as applicable, which may be submitted as multiple partial payments, but the registration of the aircraft is not complete until the full payment is received; and
  3. An aircraft exemption affidavit, if applicable.
- C. Exemptions. A person who owns an aircraft exempt from registration or license tax or both must declare their exempt status on an aircraft exemption affidavit, provided by the Department, at the time of registration. An active-duty military personnel member must resubmit the affidavit annually and a

tribal member will need to resubmit the affidavit if the tribal member’s address changes.

- D. Proration of fees. The Department shall prorate an aircraft license tax as applicable under A.R.S. § 28-8322.01.
- E. Date of receipt. The date of receipt for the items required under subsections (B) and (C) shall be the following:
  1. The date of the completed electronic transaction, or
  2. The date of the postmark stamped on the mailed items.
- F. Evidence of registration. The Department shall issue a registration certificate and receipt as evidence of registration.
- G. Assessment, penalty, and lien. A person that fails to register and pay their aircraft fees in full within 60 days of the aircraft’s entry into this state, within 60 days of purchase or lease, or by the annual expiration date established in subsection (A) will be subject to an assessment under A.R.S. § 28-8328 and a penalty under A.R.S. § 28-8329. To determine if an assessment is to be issued, any part of a calendar day that an aircraft spends on the ground is counted as one day toward the determination of whether the aircraft is required to be registered and whether aircraft registration fees, assessments, penalties, and liens are to be collected. After 30 days from the issuance of the assessment, the Department may record a lien under A.R.S. § 28-8330 on the aircraft. To release the lien, a person will need to submit to the Department the full payment of the outstanding aircraft fees and a lien recording fee when the lien is filed with the Federal Aviation Administration.
- H. Fleet. A person who owns two or more aircraft may request to have the aircraft registrations expire on the same date by submitting an application provided by the Department and a list of all aircraft to be included in the fleet at least 30 days before the registration.
  1. The Department shall establish a registration cycle that expires on the last day of the month selected by the aircraft owner. The month selected must be the established expiration month of a currently registered aircraft.
  2. Aircraft eligible to be placed into an unexpired fleet must be within at least three months prior to the aircraft’s registration expiration date, if currently registered, or at any time, if the aircraft’s registration is expired.
  3. The Department shall prorate aircraft license tax as applicable under A.R.S. § 28-8322.02.
  4. The person shall pay any aircraft fees and submit an aircraft exemption affidavit, if applicable.

#### Historical Note

New Section made by final rulemaking at 31 A.A.R. 1950 (June 20, 2025), effective August 3, 2025 (Supp. 25-2).

**The release of this Chapter in Supp. 25-4 replaces Supp. 25-2, 1-39 pages.**

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “*Rule*’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2025 is cited as Supp. 25-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. The Office links to these codified Sections in the Table of Contents of this Chapter.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

<i>Arizona Administrative Code</i> <u>Publisher</u> Department of State Office of the Secretary of State Administrative Rules Division	Published electronically under the authority of A.R.S. § 41-1012. ## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

## ARTICLE 1. GENERAL PROVISIONS

**R17-4-101. Definitions**

In addition to the definitions prescribed under A.R.S. §§ 28-101, 28-1301, 28-3001, and 6 CFR 37.3, the following terms apply to this Chapter, unless otherwise specified:

“Business day” means a day other than a Saturday, Sunday, or Arizona legal holiday.

“Day” means the 24-hour period from midnight of one day to midnight of the next day.

“Division” means the Arizona Department of Transportation’s Motor Vehicle Division.

“Gore area” has the same meaning as prescribed under A.R.S. § 28-644.

“Included vehicle” means a vehicle subject to annual or biennial Arizona registration unless otherwise excluded from the staggered registration prescribed under A.R.S. § 28-2159 and R17-4-304.

“Initial registration” means the first registration of an included vehicle in Arizona.

“Non-operating identification license” means a credential issued by the Department for identification purposes only, as prescribed under A.R.S. § 28-3165, which does not grant authority to operate a motor vehicle and is not intended to be accepted by federal agencies for an official purpose defined under 6 CFR 37.3.

“Person with a disability” means a recipient of public monies as an individual with a disability under Title 16 of the Social Security Act, as amended.

“Plate number” means the combination of letters, numbers, and spaces on a vehicle license plate.

“Registration” means a document issued by the Department to the owner or operator of a specific vehicle, after receiving payment of all prescribed registration fees, which the owner or operator is then required under A.R.S. § 28-2158 or A.R.S. § 28-2203 to carry in the vehicle as authorization for legal operation on public streets, roads, and highways.

“Registration fees” means the fees due to the Department at the time of registration and consisting of the general registration fees prescribed under A.R.S. § 28-2003, the vehicle license tax prescribed under A.R.S. § 28-5801, and any commercial registration and gross weight fees prescribed under A.R.S. § 28-5433, as applicable.

“Special license plate” has the same meaning as the term “special plates” as prescribed under A.R.S. § 28-2401.

“Travel-compliant driver license” has the same meaning as the term REAL ID Driver’s License defined under 6 CFR 37.3, which is a driver license issued by the Department as prescribed under A.R.S. § 28-3175 in compliance with A.R.S. Title 28, Chapter 8, and the federal standards provided under 6 CFR 37 for state issuance of secure credentials intended to be accepted by federal agencies for official purposes.

“Travel-compliant identification license” has the same meaning as the term REAL ID Identification Card as defined under 6 CFR 37.3, which is a non-operating identification license issued by the Department as prescribed

under A.R.S. § 28-3175 in compliance with A.R.S. Title 28, Chapter 8, and the federal standards provided under 6 CFR 37 for state issuance of secure credentials acceptable by federal agencies for official purposes.

“VIN” or “vehicle identification number” has the same meaning as prescribed under A.R.S. § 13-4701.

**Historical Note**

New Section made by final rulemaking at 25 A.A.R. 1885, with an immediate effective date of July 2, 2019 (Supp. 19-3). Amended by final rulemaking at 31 A.A.R. 4695 (December 26, 2025), effective February 1, 2026 (Supp. 25-4).

## ARTICLE 2. VEHICLE TITLE

**R17-4-201. Definitions**

In addition to the definitions prescribed under R17-4-101, A.R.S. §§ 28-101, 28-2001, and 28-3001, the following definitions apply to this Article, unless otherwise specified:

“Encumbrance” means a lien recorded, by the Department, on a vehicle or mobile home record and the Arizona Certificate of Title.

“EPA standards” means the emission standards of the Environmental Protection Agency, as prescribed under 40 CFR 86.

“FMVSS” means the Federal Motor Vehicle Safety Standards as prescribed under 49 CFR 571.

“Joint tenancy with right of survivorship” means vehicle ownership by two or more persons and the deceased joint owner’s interest in the vehicle is transferred to the surviving owners.

“Lienholder” means a person or entity retaining legal possession of a vehicle or mobile home until the debtor has satisfactorily repaid the loan for which the vehicle or mobile home is designated as collateral.

“MPV” means multipurpose passenger vehicle, which has the same meaning as prescribed under 49 CFR 571.3.

“NHTSA” means National Highway Traffic Safety Administration of the United States Department of Transportation.

“Operation of law lien” means a lien resulting from the application of a state or federal statute.

“Primary lien” means the first of any multiple liens recorded on a vehicle or mobile home record.

“Registered importer” means a person registered by the NHTSA Administrator to import vehicles, as prescribed under 49 U.S.C. 30141.

“Tenancy in common” means vehicle ownership by two or more people without the right of survivorship.

“Valid titling document” means one of the following documents showing a vehicle’s compliance with FMVSS and EPA standards:

- A NHTSA Declaration,
- A manufacturer’s letter, or
- A U.S. federal compliance label printed in English.

**Historical Note**

New Section made by final rulemaking at 9 A.A.R. 1353, effective June 6, 2003 (Supp. 03-2). Amended by final

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

rulemaking at 13 A.A.R. 3281, effective November 10, 2007 (Supp. 07-3). Amended by final rulemaking at 31 A.A.R. 4695 (December 26, 2025), effective February 1, 2026 (Supp. 25-4).

**R17-4-202. Repealed****Historical Note**

New Section recodified from R17-4-204 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Repealed by final rulemaking at 31 A.A.R. 4695 (December 26, 2025), effective February 1, 2026 (Supp. 25-4).

**R17-4-203. Repealed****Historical Note**

New Section recodified from R17-4-205 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Repealed by final rulemaking at 31 A.A.R. 4695 (December 26, 2025), effective February 1, 2026 (Supp. 25-4).

**R17-4-204. Repealed****Historical Note**

Adopted effective November 10, 1986 (Supp. 86-6). Former Section R17-4-75 renumbered without change as Section R17-4-204 (Supp. 87-2). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 2468, effective June 8, 2000 (Supp. 00-2). Section recodified to R17-4-202 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). New Section recodified from R17-4-206 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Repealed by final rulemaking at 31 A.A.R. 4695 (December 26, 2025), effective February 1, 2026 (Supp. 25-4).

**R17-4-205. Co-ownership and Vehicle Title**

- A.** A title certificate application shall specify the form of co-ownership and names of a vehicle's co-owners as follows.
1. If co-ownership is a joint tenancy with right of survivorship in which all owners must sign to transfer or encumber the vehicle, the applicant shall provide the name of each owner separated by "and/or."
  2. If co-ownership is a joint tenancy that allows one owner to transfer or encumber the vehicle title, the applicant shall provide:
    - a. The name of each co-owner separated by "or"; and
    - b. A form, signed by each co-owner authorizing title transfer or encumbrance on the signature of any co-owner.
  3. If co-ownership is a tenancy in common, the applicant shall provide the name of each owner separated by "and."
- B.** Before a surviving joint tenant under subsection (A)(1) obtains a title certificate as owner or transfers or encumbers the vehicle title, the surviving joint tenant shall present to the Department a death certificate for each deceased joint tenant.
- C.** After the death of a tenant in common, the Department shall issue a new title certificate only as directed by:
1. A certified probate court order, or
  2. A successor's affidavit under A.R.S. § 14-3971(B).

**Historical Note**

Adopted effective November 13, 1986 (Supp. 86-6). Former Section R17-4-75 renumbered without change as Section R17-4-205 (Supp. 87-2). Amended by final rulemaking at 7 A.A.R. 2752, effective June 8, 2001 (Supp. 01-2). Section recodified to R17-4-203 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). New Section recodified from R17-4-207 at 7 A.A.R. 3479,

effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 9 A.A.R. 1353, effective June 6, 2003 (Supp. 03-2). Amended by final rulemaking at 31 A.A.R. 4695 (December 26, 2025), effective February 1, 2026 (Supp. 25-4).

**R17-4-206. Additional Titling Standards for Vehicles Not Manufactured in Compliance with United States Safety and Emission Standards; "Gray-market Vehicles"****A. Titling standards.**

1. The Department shall issue a title for a foreign-manufactured vehicle imported to the United States if an applicant presents the following:
  - a. A valid titling document,
  - b. A completed Title and Registration Application form provided by the Department on its website at azdot.gov,
  - c. A completed Vehicle Verification form documenting that the vehicle passed an appropriate motor vehicle inspection conducted by the Department as provided under A.R.S. § 28-2011,
  - d. A certificate of inspection issued by the Arizona Department of Environmental Quality documenting that the vehicle has passed an Arizona emissions inspection under A.R.S. § 49-542, and
  - e. A certificate of conformity documenting that the vehicle was converted to meet all applicable FMVSS and EPA standards.
2. A foreign-manufactured vehicle imported to the United States is exempt from subsection (A)(1)(e) if it is 25 years or more from its manufacture date.
3. A foreign-manufactured vehicle imported to the United States that is more than 20 years from its manufacture date, but less than 25 years from its manufacture date, is exempt from the EPA standard requirement under subsection (A)(1)(e), if the vehicle:
  - a. Is in its original unmodified configuration; or
  - b. Contains an equivalent or newer EPA certified engine.
4. Titling standards for vehicles manufactured according to Canadian specifications.
  - a. The Department may issue a title to a vehicle manufactured according to Canadian specifications if the vehicle:
    - i. Is not for resale;
    - ii. Has a GVWR of less than 10,000 pounds; and
    - iii. Is a passenger vehicle, motorcycle, or MPV.
  - b. Before titling a vehicle manufactured according to Canadian specifications, the vehicle owner shall submit to the Department documentation from the manufacturer verifying that the vehicle complies with FMVSS and EPA standards.
    - i. The Department shall waive the FMVSS and EPA labeling location requirements as prescribed in 49 CFR 571 and 40 CFR 86.
    - ii. If documentation from the manufacturer indicates that a vehicle's speedometer or headlights do not comply with FMVSS and EPA standards, the vehicle owner shall file additional documentation with the Department to verify completion of a modification to bring the vehicle into compliance.
  - c. A registered importer shall certify a vehicle manufactured according to Canadian specifications if:

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

- i. The vehicle meets FMVSS standards except for occupant crash protection provisions prescribed under 49 CFR 571.208, or
  - ii. The vehicle owner did not submit manufacturer documentation to the Department as prescribed under subsection (A)(4)(b).
- B.** The Department shall require a registered importer's certification of a foreign-manufactured vehicle imported to the United States that:
- 1. Is not exempt under subsections (A)(2) or (A)(3), or
  - 2. Does not qualify under subsection (A)(4).

**Historical Note**

Former Rule, General Order 55. Former Section R17-4-19 renumbered without change as Section R17-4-206 (Supp. 87-2). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 2468, effective June 8, 2000 (Supp. 00-2). Section recodified to R17-4-204 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). New Section recodified from R17-4-209 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 9 A.A.R. 1353, effective June 6, 2003 (Supp. 03-2). Amended by final rulemaking at 31 A.A.R. 4695 (December 26, 2025), effective February 1, 2026 (Supp. 25-4).

**R17-4-207. Lien Filing**

- A.** Lien filing. When filing a lien with the Department, a person shall use the Department's online process for recording a lien or submit a completed Title and Registration Application form provided by the Department on its website at [azdot.gov](http://azdot.gov), pay the fee or fees due to the Department as provided by law, and include any other documentation required pursuant to A.R.S. Title 28.
- 1. The Department shall record a statement of all liens and encumbrances on the vehicle or mobile home record upon receiving a lien filing that meets all requirements prescribed in this subsection.
  - 2. The Department shall immediately return a lien filing, with a letter stating why the lien filing was returned, when the lien filing does not meet the requirements prescribed in this subsection.
- B.** Multiple liens. The Department will record up to three liens on any one vehicle or mobile home record. Additional liens are recorded through the County Recorder's office. Liens are valued in the order that they are filed and recorded on the vehicle or mobile home record. However, the Department considers the primary lien recorded on the vehicle or mobile home record to be above all other subsequent liens or encumbrances. In the absence of an operation of law lien, only the lienholder in the primary position may repossess a vehicle or mobile home.

**Historical Note**

Former Rule, General Order 62. Former Section R17-4-24 renumbered without change as Section R17-4-207 (Supp. 87-2). Section repealed; new Section made by final rulemaking at 7 A.A.R. 2752, effective June 8, 2001 (Supp. 01-2). Section recodified to R17-4-205 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Section recodified from R17-4-230 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 13 A.A.R. 3281, effective November 10, 2007 (Supp. 07-3). Amended by

final rulemaking at 31 A.A.R. 4695 (December 26, 2025), effective February 1, 2026 (Supp. 25-4).

**R17-4-208. Lien Clearance**

- A.** Lien clearance. The Department shall remove the lien from the vehicle or mobile home record indicated on the lien clearance and issue a new Arizona Certificate of Title upon receiving proof that the lien is satisfied, a completed application form provided by the Department on the Department's website at [azdot.gov](http://azdot.gov), the most recently issued certificate of title if the printed title is available, payment of the fee or fees due to the Department as required by law, and any other documentation required pursuant to A.R.S. Title 28. The Department considers the following instruments satisfactory proof that the lien or encumbrance recorded on a vehicle or mobile home record is satisfied:
- 1. The transmission of an electronic lien release;
  - 2. A certificate of title signed by the lienholder if the lien release is indicated on the title; or
  - 3. Any official document signed by the lienholder giving a complete description of the vehicle, as recorded on the Arizona Certificate of Title, indicating that the lien is either "paid in full" or "satisfied".
- B.** Lienholder obligation on satisfaction of a lien.
- 1. An organization recorded by the Department as the lienholder on a vehicle title shall use the Department's electronic lien and title process to release a lien recorded on the Department's records within 15 business days after receiving payment in full satisfaction of the lien from the owner of the vehicle.
  - 2. A private party recorded by the Department as the lienholder on a vehicle or mobile home title, or an organization recorded by the Department as the lienholder on a mobile home title, shall manually submit to the Department all documents required under subsections (A)(2) and (A)(3) to release a lien on the Department's records within 15 business days after receiving payment in full satisfaction of the lien from the owner of the vehicle or mobile home.
- C.** Lien release received in error. The Department will not reimburse any parties for any monetary damages that may occur when a lienholder issues a lien clearance to the Department in error.
- D.** Administrative hearing. A lienholder who is assessed a civil penalty, as prescribed under A.R.S. § 28-2134, may request a hearing in accordance with the procedures prescribed under 17 A.A.C. 1, Article 5.

**Historical Note**

Former Rule, General Order 83. Former Section R17-4-35 renumbered without change as Section R17-4-208 (Supp. 87-2). Section repealed by final rulemaking at 6 A.A.R. 2468, effective June 8, 2000 (Supp. 00-2). Section recodified from R17-4-231 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 13 A.A.R. 3281, effective November 10, 2007 (Supp. 07-3). Amended by final rulemaking at 31 A.A.R. 4695 (December 26, 2025), effective February 1, 2026 (Supp. 25-4).

**R17-4-209. Recodified****Historical Note**

Adopted as Section R17-4-81 and renumbered as Section R17-4-209 effective May 29, 1987 (Supp. 87-2). Amended by final rulemaking at 7 A.A.R. 2755, effective

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

June 8, 2001 (Supp. 01-2). Section recodified to R17-4-206 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3).

**R17-4-210. Repealed****Historical Note**

Adopted effective July 30, 1992 (Supp. 92-3). Section R17-4-210 repealed by summary action with an interim effective date of August 28, 1998; filed in the Office of the Secretary of State August 4, 1998 (Supp. 98-3). The Department failed to submit to the Governor's Regulatory Review Council an adopted summary rule pursuant to A.R.S. § 41-1027, and therefore the rule went back into effect November 26, 1998; Section repealed by summary rulemaking with an interim effective date of August 20, 1999, filed in the Office of the Secretary of State July 30, 1999 (Supp. 99-3). Interim effective date of August 20, 1999 now the permanent effective date (Supp. 99-4).

**Appendix A. Repealed****Historical Note**

Adopted effective July 30, 1992 (Supp. 92-3). Appendix A repealed by summary action with an interim effective date of August 28, 1998; filed in the Office of the Secretary of State August 4, 1998 (Supp. 98-3). The Department failed to submit to the Governor's Regulatory Review Council an adopted summary rule pursuant to A.R.S. § 41-1027, and therefore Appendix A went back into effect November 26, 1998; Appendix A repealed by summary rulemaking with an interim effective date of August 20, 1999; filed in the Office of the Secretary of State July 30, 1999 (Supp. 99-3). Interim effective date of August 20, 1999 now the permanent effective date (Supp. 99-4).

**ARTICLE 3. VEHICLE REGISTRATION****R17-4-301. Definitions**

In addition to the definitions prescribed under R17-4-101, A.R.S. §§ 28-101, 28-2231, and 28-5100, the following definitions apply to this Article, unless otherwise specified:

“Apportioned commercial vehicle” means a commercial vehicle that is subject to the proportional registration provisions prescribed under A.R.S. § 28-2233.

“Biennial” means once every two years.

“Calendar quarter” means the following time periods established by the Department: January 1 to March 31, April 1 to June 30, July 1 to September 30, and October 1 to December 31.

“Drop box” means a receptacle designated by the Department into which a person places vehicle registration forms and fees, and from which the Department retrieves these items daily.

“Effective date of registration” means the date the vehicle first becomes subject to registration fees in Arizona.

“Electronic delivery” means the transmission of registration and credit card information to the Department, by computer, through an authorized third party electronic service provider.

“Emergency Vehicle Permit” means a document issued by the Department’s Enforcement and Compliance Division to a private fire department for a single fire engine that authorizes the driver of a permitted vehicle to exercise the privileges prescribed under A.R.S. § 28-624.

“Expiration date” means the day, month, and year in which a vehicle registration expires.

“Fire Engine” means a motor vehicle containing fire-fighting equipment capable of extinguishing fires.

“IM147 Test” means the emissions test prescribed under A.R.S. § 49-542(F)(2)(a).

“OBD” means the On-Board Diagnostics emissions test prescribed under A.R.S. § 49-542(F)(2)(a).

“Off-highway vehicle” has the same meaning as prescribed under A.R.S. § 28-1171.

“Operator Requirements” means the requirements given in Chapter 2, Basic Driver/Operator Requirements, of the National Fire Protection Association Standard for Fire Apparatus Driver/Operator Professional Qualification (NFPA 1002), 1998 edition, which is incorporated by reference and on file with the Arizona Department of Transportation. This incorporation by reference contains no future editions or amendments.

“Personalized plate” means a vehicle license plate that displays a plate number chosen by a person rather than a plate number assigned by the Department.

“Private fire department” means a fire fighting business equipped to provide emergency fire-fighting devices for a private purpose that is neither a public service corporation nor a municipal entity.

“Private Fire Emergency Vehicle” means a fire engine operated by a private fire department for which an Emergency Vehicle Permit is issued.

“Registration period” means the time-frame during which a vehicle registration is valid.

“Renewal registration” means the second and subsequent registration of an included vehicle.

**Historical Note**

Transferred to R17-1-301 (Supp. 92-4). New Section made by final rulemaking at 13 A.A.R. 3589, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 16 A.A.R. 1132, effective August 7, 2010 (Supp. 10-2). Amended by final rulemaking at 31 A.A.R. 4695 (December 26, 2025), effective February 1, 2026 (Supp. 25-4).

**R17-4-302. Staggered Registration for Apportioned Commercial Vehicles**

Apportioned commercial vehicle fleet registration periods. The Department shall assign a registration period to a newly registered apportioned commercial vehicle fleet. The fleet owner and the

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

Director shall mutually agree to the registration period and expiration date.

1. The Department shall:
  - a. Establish a registration period that expires on the last day of the calendar quarter selected by the fleet owner, not to exceed 12 months from the initial registration date.
  - b. Apply the original fleet registration fees towards the registration fees required for a replaced vehicle when an owner replaces a vehicle within a fleet.
  - c. Apply the original fleet registration fees towards the registration fees required for a transferred vehicle when an owner transfers a vehicle between fleets.
  - d. Refund any excess credit of registration fees in accordance with the provisions prescribed under A.R.S. § 28-2356.
2. The owner of an apportioned commercial fleet vehicle shall:
  - a. Ensure that all vehicles within a fleet have the same registration period.
  - b. Ensure that the fleet vehicle is not operated with an expired vehicle registration.
  - c. Maintain the assigned or selected registration period for at least three consecutive registration periods.
3. The Department shall not provide a grace period for late registration or late payment of fees.

**Historical Note**

Adopted effective August 1, 1988 (Supp. 88-3). Transferred to R17-1-302 (Supp. 92-4). New Section recodified from R17-4-216 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 13 A.A.R. 3589, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 31 A.A.R. 4695 (December 26, 2025), effective February 1, 2026 (Supp. 25-4).

**R17-4-303. Biennial Registration**

- A. Except as prescribed under A.R.S. §§ 28-2159 and 28-2208:
  1. The Department may register any vehicle biennially, unless excluded.
  2. The Department shall register a newly licensed or newly leased vehicle biennially, unless the owner chooses to register the vehicle on an annual basis.
- B. Excluded vehicles. The owner of a vehicle that meets any one of the following criteria is excluded from the biennial registration program:
  1. A vehicle required to have an IM147 or OBD test within 12 months after the date of registration.
  2. A vehicle that requires an annual emissions test.
  3. A vehicle subject to any one of the following types of registration:
    - a. Allocated registration under A.R.S. § 28-2261,
    - b. Apportioned registration under A.R.S. § 28-2261,
    - c. Fleet registration under A.R.S. § 28-2202 or § 28-2208, or
    - d. Interstate registration under A.R.S. § 28-2052.
  4. A vehicle with an undersized mobile home plate registration.
  5. A vehicle that requires the owner to annually certify eligibility for receiving certain registration fee exemptions; such as the registration exemption available to an active duty military member, a widow, widower, or person with a disability other than a veteran with a certificate of 100%

disability issued by the United States Department of Veterans Affairs.

6. A vehicle subject to a one-time registration fee.

**Historical Note**

Transferred to R17-1-303 (Supp. 92-4). New Section recodified from R17-4-217 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 13 A.A.R. 3589, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 31 A.A.R. 4695 (December 26, 2025), effective February 1, 2026 (Supp. 25-4).

**R17-4-304. Staggered Registration for Included Vehicles**

- A. Included vehicles. The Department shall assign one of the following staggered expiration dates when issuing an initial registration to an included vehicle:
  1. If a vehicle has an effective date of registration from the first day through the 15th day of the month:
    - a. Annual registration expires on the 15th day of the month 12 months from the month the vehicle is subject to Arizona registration; or
    - b. Biennial registration expires on the 15th day of the month 24 months from the month the vehicle is subject to Arizona registration.
  2. If a vehicle has an effective date of registration from the 16th day through the last day of the month:
    - a. Annual registration expires on the last day of the month 12 months from the month the vehicle is subject to Arizona registration; or
    - b. Biennial registration expires on the last day of the month 24 months from the month the vehicle is subject to Arizona registration.
- B. Excluded vehicles. The staggered registration prescribed by this Section excludes the following vehicles:
  1. A vehicle exempt from registration;
  2. A vehicle subject to any one of the following types of registration:
    - a. Allocated registration under A.R.S. § 28-2261,
    - b. Apportioned registration under A.R.S. § 28-2261,
    - c. Fleet registration under A.R.S. § 28-2202 or § 28-2208,
    - d. Interstate registration under A.R.S. § 28-2052, or
    - e. Seasonal agricultural registration under A.R.S. § 28-5436;
  3. A vehicle subject to a one-time registration fee;
  4. A government vehicle, a vehicle owned by an official representative of a foreign government, or an emergency vehicle owned by a nonprofit organization as provided under A.R.S. § 28-2511(A);
  5. A noncommercial trailer that is not a travel trailer as defined by A.R.S. § 28-2003(B) and is less than 10,000 pounds declared gross weight under A.R.S. §§ 28-2003(A)(8) and 28-5801(C); and
  6. A moped.
- C. Proration of fees. The Department shall prorate registration fees as prescribed under A.R.S. §§ 28-2159, 28-5807, and 28-5434.
- D. Expiration dates. The Department shall utilize the following expiration dates, regardless of the effective date of the initial registration:
  1. Annual registration: Expires 12 months from the expiration of the previous registration period; or
  2. Biennial registration: Expires 24 months from the expiration of the previous registration period.

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

E. Application for registration. A person applying for an initial registration or renewal registration for an included vehicle shall submit the requirements prescribed under subsection (1) or (2):

1. If a person submits the registration to the Department or an Authorized Third-party Provider of registration functions in person or by mail:
  - a. The application for registration or registration card, and
  - b. Payment of registration fees.
2. If a person submits the registration to an Authorized Third-party Electronic Delivery Provider:
  - a. Required registration information, and
  - b. Credit card information.

F. Timely submission of registration. A person shall submit the renewal registration of an included vehicle not later than the day the prior registration period expires. If the prior registration period expires on a day other than an established business day, a person shall submit the renewal registration of an included vehicle not later than the first business day after the prior registration period expires.

G. Penalties. The penalties imposed under A.R.S. § 28-2162 for delinquent renewal registration of an included vehicle shall apply when either of the following occurs:

1. A person does not submit to the Department or an Authorized Third-party Provider of registration functions the items set forth in subsection (E)(1) so that the items are received by the due date; or
2. A person does not electronically submit to an Authorized Third-party Electronic Delivery Provider the items required under subsection (E)(2) so that the items are received by the due date.

H. Date of receipt. The date of receipt for the items required under subsection (E)(1) or (E)(2) shall be the following:

1. The date a person presents the items required under subsection (E)(1) to a Department facility or the facility of an Authorized Third-party Provider of registration functions in person;
2. The date an Authorized Third-party Electronic Delivery Provider receives by computer or telephone the items set forth in subsection (E)(2);
3. The date a private express mail carrier receives the package containing the items set forth in subsection (E)(1), as indicated on the shipping package;
4. The date of the last business day prior to the day the Department retrieves the items set forth at subsection (E)(1) from a designated Department drop box; or
5. The date of the United States Postal Service postmark stamped on the envelope containing the items set forth in subsection (E)(1), unless the vehicle is not in compliance with the motor vehicle emissions testing requirements.

I. Evidence of registration. The Department or Authorized Third-party Provider of registration functions shall assign and issue a number plate or plates to an included vehicle as evidence of registration.

1. The assigned number plate shall be attached and displayed on the rear of the assigned vehicle. When two plates are issued, the second plate may be attached to the front of the assigned vehicle.
2. Improper number plate display shall subject the owner and operator of the vehicle to the sanctions imposed under A.R.S. §§ 28-2531(B) and 28-2532.
3. Any registration tabs or stickers issued by the Department or Authorized Third-party Provider of registration func-

tions shall be displayed on the appropriate number plate of the assigned vehicle.

**Historical Note**

Transferred to R17-1-304 (Supp. 92-4). New Section recodified from R17-4-218 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 13 A.A.R. 3589, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 31 A.A.R. 4695 (December 26, 2025), effective February 1, 2026 (Supp. 25-4).

**R17-4-305. Temporary Registration Plate “TRP” Procedure****A. Definitions.**

1. “Charitable Event TRP” means a TRP issued to a motor vehicle dealership or manufacturer for a charitable event as prescribed by A.R.S. § 28-4548.
2. “Deal Unwound” means the vehicle was returned to the dealership and the sale was not completed.
3. “Voided TRP” means a TRP that the issuer records as voided after issuing the TRP.

**B. Issuing.**

1. New and used motor vehicle dealers that issue TRPs shall send an electronic record of the TRP to the Department before placing the TRP on the vehicle.
2. The TRP expiration date shall be 45 days from the issue date.
3. TRPs issued for charitable events are valid for the duration of the event not to exceed 45 days.
4. An issuer shall not issue more than one TRP per vehicle sale.
5. An issuer shall attach the TRP to the vehicle rear in the same manner and position as a permanent license plate prescribed under A.R.S. § 28-2354.

**C. Voiding.** An issuer shall void a TRP when:

1. The TRP is lost,
2. The TRP is damaged,
3. The dealer reports a deal unwound,
4. The issuer enters the wrong vehicle identification number, or
5. The issuer enters the wrong customer identification number.

**Historical Note**

Transferred to R17-1-305 (Supp. 92-4). New Section R17-4-305 recodified from R17-4-219 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 11 A.A.R. 5320, effective February 6, 2006 (Supp. 05-4). Amended by final rulemaking at 31 A.A.R. 4695 (December 26, 2025), effective February 1, 2026 (Supp. 25-4).

**R17-4-306. Nonresident Daily Commuter Fee**

A nonresident daily commuter shall pay a fee of \$8 for each motor vehicle exempt from registration under A.R.S. § 28-2294.

**Historical Note**

Former Rule, General Order 14. Former Section R17-4-05 renumbered without change as Section R17-4-306 (Supp. 87-2). Transferred to R17-1-306 (Supp. 92-4). New Section R17-4-306 recodified from R17-4-222 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 571, effective January 14, 2002 (Supp. 02-1).

**R17-4-307. Motor Vehicle Registration and License Plate**

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

**Reinstatement Fee**

- A. Under A.R.S. § 28-4151(A), the Department shall assess a \$50 fee for reinstatement of a motor vehicle registration and license plate suspended under A.R.S. §§ 28-4148 and 28-4149.
- B. Subsection (A) does not apply to a motor carrier subject to the financial responsibility requirements prescribed under A.R.S. Title 28, Chapter 9, Article 2, unless the vehicle owner or operator was required to comply with the financial responsibility requirements prescribed under A.R.S. § 28-4033(A)(2)(c).

**Historical Note**

Former Rule, General Order 5. Former Section R17-4-03 renumbered without change as Section R17-4-307 (Supp. 87-2). Transferred to R17-1-307 (Supp. 92-4). New Section R17-4-307 recodified from R17-4-224 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 7 A.A.R. 5439, effective November 14, 2001 (Supp. 01-4). Amended by final rulemaking at 31 A.A.R. 4695 (December 26, 2025), effective February 1, 2026 (Supp. 25-4).

**R17-4-308. Official Vehicle License Plates**

- A. The Department shall issue license plates without charge for official vehicles owned by any entity listed in A.R.S. § 28-2511(A).
- B. A license plate issued under A.R.S. § 28-2511 has no expiration date.
- C. An entity listed in A.R.S. § 28-2511(A) may transfer a license plate to another vehicle the entity owns.
- D. A person who has custody of vehicles governed by A.R.S. § 28-2511 shall:
  - 1. Complete title and registration procedures as prescribed under A.R.S. Title 28, Chapter 7;
  - 2. Display each license plate as prescribed by A.R.S. § 28-2354; and
  - 3. Maintain a record of each license plate transfer that includes:
    - a. The date of the transfer;
    - b. The year, make, and model of the vehicle, and
    - c. The vehicle identification number (VIN) for each car involved in the transfer.

**Historical Note**

Former Rule, General Order 20. Former Section R17-4-06 renumbered without change as Section R17-4-308 (Supp. 87-2). Transferred to R17-1-308 (Supp. 92-4). New Section R17-4-308 recodified from R17-4-252 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 8 A.A.R. 573, effective January 14, 2002 (Supp. 02-1). Amended by final rulemaking at 31 A.A.R. 4695 (December 26, 2025), effective February 1, 2026 (Supp. 25-4).

**R17-4-309. Private Fire Emergency Vehicle Permit**

- A. Private Fire Emergency Vehicle Permit. A Private Fire Emergency Vehicle Permit may be issued to a private fire department if all requirements provided under subsections (B) and (C) are met.
  - 1. The Private Fire Emergency Vehicle Permit is valid until revoked or surrendered.
  - 2. The Private Fire Emergency Vehicle Permit shall be carried at all times in the fire engine for which the permit is issued.
  - 3. The Private Fire Emergency Vehicle Permit is not transferable.

- 4. The Private Fire Emergency Vehicle Permit shall remain the property of the Department and shall be surrendered to the Department when the fire engine is no longer being used to respond to an emergency.

- B. Private Fire Emergency Vehicle Permit application. A person applying for a Private Fire Emergency Vehicle Permit shall submit the required documentation to the Department's Enforcement and Compliance Division, P.O. Box 2100, Mail Drop 513M, Phoenix, Arizona 85001-2100. The following documentation is required at the time of initial application:

- 1. Private Fire Emergency Vehicle Permit Application. Multiple fire engines may be listed on one application. The Private Fire Emergency Vehicle Permit Application is provided by the Department on its website at [azdot.gov](http://azdot.gov); and
- 2. Proof of acceptable financial responsibility to cover any liability that may arise from the use of the Private Fire Emergency Vehicle Permit. Acceptable proof of financial responsibility is an insurance policy that:
  - a. Is issued by an insurance company licensed to conduct business in Arizona by the Arizona Department of Insurance;
  - b. Is written for a combined single-limit coverage of at least \$5 million;
  - c. Contains a provision stating that the state of Arizona shall be notified at least 30 days prior to any policy cancellation, non-renewal, or change in provisions; and
  - d. Contains a provision stating that the state of Arizona shall be notified immediately if the insurance company becomes insolvent.

- C. Operational requirements.

- 1. A fire engine may be operated with the privileges prescribed under A.R.S. § 28-624, but shall be subject to all other applicable provisions prescribed under A.R.S. Title 28, A.A.C. Title 17, and any other applicable statutes or ordinances.
- 2. A fire engine shall only be driven by an operator who meets the Operator Requirements as defined under R17-4-301.
- 3. A fire engine with a Private Fire Emergency Vehicle Permit, shall meet the National Fire Protection Association's (NFPA) fire engine and fire apparatus standards in effect for the manufacture date of the emergency vehicle.
- 4. The private fire department is responsible for ensuring that the fire engine is not operated using the privileges prescribed under A.R.S. § 28-624 with an invalid Private Fire Emergency Vehicle Permit.

- D. Denial. If an application for a Private Fire Emergency Vehicle Permit is denied, a notice of denial shall be sent to the applicant at the address of record. An applicant is allowed to reapply for a permit following denial, provided all requirements listed under this Section are met.

- E. Revocation. If a Private Fire Emergency Vehicle Permit is revoked, a notice of the revocation shall be sent to the address of the applicant. An applicant is allowed to reapply for a permit following revocation, provided all requirements listed under this Section are met.

- 1. The emergency vehicle permit is immediately revoked upon a determination that:
  - a. The permitted vehicle or the private fire department no longer meets the requirements for the permit; or

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

- b. The vehicle was operated in violation of the provisions of this Section, any other applicable rule, or statute.
- 2. The revocation shall be preceded by a notice of intent to revoke.
  - a. The notice of intent to revoke shall be sent by mail to the address of the applicant as shown on the permit application.
  - b. The notice of intent to revoke shall inform the applicant of the right to an administrative hearing and the procedure for requesting a hearing.
- 3. The revocation shall become effective 25 days after the mailing date of the notice of intent to revoke unless a timely request for hearing is submitted.
- F. Administrative hearing. The administrative hearing is held in accordance with the procedures prescribed under 17 A.A.C. 1, Article 5.

**Historical Note**

Former Rule, General Order 31. Former Section R17-4-11 renumbered without change as Section R17-4-309 (Supp. 87-2). Transferred to R17-1-309 (Supp. 92-4). New Section recodified from R17-4-701 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 14 A.A.R. 2106, effective July 5, 2008 (Supp. 08-2). Amended by final rulemaking at 31 A.A.R. 4695 (December 26, 2025), effective February 1, 2026 (Supp. 25-4).

**Appendix A. Repealed****Historical Note**

Appendix A recodified from 17 A.A.C. 4, Article 7 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Appendix A repealed by final rulemaking at 14 A.A.R. 2106, effective July 5, 2008 (Supp. 08-2).

**R17-4-310. Personalized License Plates**

- A. A person may request a personalized plate online through the Department's authorized electronic service provider or complete and submit to the Department the special plate application form provided on the Department's website at [www.azdot.gov](http://www.azdot.gov).
  - 1. An applicant shall provide the following information on the form:
    - a. Name of the vehicle's owner or lessee;
    - b. Vehicle owner's or lessee's mailing address;
    - c. Vehicle's make and year;
    - d. Vehicle identification number;
    - e. Vehicle's current plate number;
    - f. Date the vehicle's current registration expires;
    - g. Plate number to appear on the personalized plate;
    - h. Meaning or message of the personalized plate; and
    - i. Other information required by the Department.
  - 2. If an applicant is purchasing the personalized plate as a gift for the vehicle's owner or lessee, the applicant shall also provide the applicant's name and mailing address.
- B. The Department shall reject the application if the requested plate number:
  - 1. Refers to or connotes breasts, genitalia, pubic area, buttocks, or relates to sexual or eliminatory functions;
  - 2. Refers to or connotes the substance, paraphernalia, sale, use, purveyor of, or physiological state produced by any illicit drug, narcotic, or intoxicant;
  - 3. Expresses contempt for or ridicule or superiority of a class of persons;

- 4. Duplicates another registered plate number;
- 5. Has connotations that are profane or obscene; or
- 6. Uses linguistics, numbers, phonetics, translations from foreign languages or upside-down or reverse reading to achieve a reference or connotation prohibited under subsection (B)(1), (B)(2), (B)(3), or (B)(5).
- C. Rejection of application.
  - 1. If the Department does not issue personalized plates to an applicant, the Department shall inform the applicant by mail.
  - 2. An applicant may make a written appeal by letter for a review of the rejection, within 10 days after the date of the Department's notice, to the following address:  
Arizona Department of Transportation, Motor Vehicle Division  
Special Plates Unit, Mail Drop 801Z  
P.O. Box 2100  
Phoenix, Arizona 85001-2100.
- D. Revocation of personalized plates; appeal.
  - 1. If the Department determines that a personalized plate should not have been issued because it contains a plate number prohibited under subsection (B), the Department shall require the plate holder to surrender the plates to the Department within 30 days after the date of the Department's mailed notice, unless the plate holder requests an appeal under subsection (C)(2).
  - 2. A person who has been directed to surrender a personalized plate may submit a written appeal by letter as prescribed under subsection (C)(2).
  - 3. Refund of personalized plate fees on revocation.
    - a. The Department shall refund the amount of the personalized plate fee and the prorated amount of the special annual renewal fee to the person holding the revoked personalized plate along with any credit or refund calculated by the Department.
    - b. A person whose plate is revoked may request that instead of a refund, the Department issue the person a different personalized plate. The person shall apply for the personalized plate as prescribed under subsection (A).
  - 4. The Department shall cancel a revoked personalized plate if the plate holder does not surrender the plate within 30 days after the date of the Department's notice or, if the plate holder timely requests an appeal, within 30 days after the Department issues a final decision.

**Historical Note**

Former Rule, General Order 25. Former Section R17-4-09 renumbered without change as Section R17-4-310 (Supp. 87-2). Transferred to R17-1-310 (Supp. 92-4). New Section recodified from R17-4-708 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 4227, effective November 15, 2002 (Supp. 02-3). Amended by final rulemaking at 31 A.A.R. 4695 (December 26, 2025), effective February 1, 2026 (Supp. 25-4).

**R17-4-311. Special Organization Plate List**

As required under A.R.S. § 28-2404(D), the Department provides the following list of special organization license plates, which were authorized by the state license plate commission before September 30, 2009, and are available for issue to qualified applicants:

- 1. Arizona Historical Society,
- 2. Firefighter,
- 3. Fraternal Order of Police,

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

4. Legion of Valor,
5. University of Phoenix,
6. Wildlife Conservation, and
7. Choose Life.

**Historical Note**

Former Rule, General Order 24. Former Section R17-4-08 renumbered without change as Section R17-4-311 (Supp. 87-2). Transferred to R17-1-311 (Supp. 92-4). New Section made by exempt rulemaking at 7 A.A.R. 5251, effective November 2, 2001 (Supp. 01-4). Amended by exempt rulemaking at 8 A.A.R. 4007, effective November 1, 2002 (Supp. 02-3). Amended by exempt rulemaking at 13 A.A.R. 1894, effective June 1, 2007 (Supp. 07-2). Amended by final rulemaking at 31 A.A.R. 4695 (December 26, 2025), effective February 1, 2026 (Supp. 25-4).

**R17-4-312. Off-highway Vehicle User Indicia**

- A. For lawful Arizona off-highway operation, the owner or operator of a qualifying all-terrain vehicle, off-highway vehicle, or off-road recreational motor vehicle shall apply to the Department for an off-highway vehicle user indicia as prescribed under A.R.S. § 28-1177. The owner or operator shall submit to the Department:
1. The off-highway vehicle user indicia application provided by the Department on its website at [www.azdot.gov](http://www.azdot.gov), and
  2. The fee prescribed under subsection (C).
- B. The owner or operator shall indicate, on the application submitted to the Department under subsection (A), one of the following categories of intended vehicle usage:
1. Exclusively off-highway;
  2. Primarily off-highway, occasionally on-highway; or
  3. Primarily on-highway, occasionally off-highway.
- C. The fee for each off-highway vehicle user indicia issued or renewed by the Department under A.R.S. § 28-1177 is \$25.
- D. The off-highway vehicle user indicia, issued by the Department under subsection (A), shall have the same basic design as the license plate tab issued by the Department for other types of vehicles and shall contain the letters OHV.
- E. The applicant shall display the off-highway vehicle user indicia in the upper left corner of the license plate issued by the Department under A.R.S. Title 28, Chapter 7, Articles 11 through 15.

**Historical Note**

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

Adopted effective October 8, 1987 (Supp. 87-4). Transferred to R17-1-346 (Supp. 92-4).

**R17-4-347. Transferred****Historical Note**

Adopted effective October 8, 1987 (Supp. 87-4). Transferred to R17-1-347 (Supp. 92-4).

**R17-4-348. Transferred****Historical Note**

Adopted effective October 8, 1987 (Supp. 87-4). Transferred to R17-1-348 (Supp. 92-4).

**R17-4-349. Transferred****Historical Note**

Adopted effective October 8, 1987 (Supp. 87-4). Transferred to R17-1-349 (Supp. 92-4).

**R17-4-350. Rental Vehicle Surcharge Reimbursement**

- A. Definitions.** In addition to the definitions prescribed under A.R.S. § 28-5810, the following terms apply to this Section, unless otherwise specified:

“Person” means an individual, a sole proprietorship, firm, partnership, joint venture, association, corporation, limited liability company, limited liability partnership, estate, trust, business trust, receiver or syndicate, this state, any county, city, town, district or other subdivision of this state, an Indian tribe, or any other group or combination acting as a unit.

“Previous year” means the prior calendar year, January 1 through December 31.

“Rental revenue” means the total contract amount stated in the retail contract less any taxes and fees imposed by A.R.S. Title 42, Chapter 5, Article 1, A.R.S. Title 48, Chapter 26, Article 2, and selected non-vehicle related charges, including boxes, packing blankets, straps, and tow bars.

“Surcharge” means the amount equal to five percent of the total contract amount stated in the rental contract less any taxes and fees imposed by A.R.S. Title 42, Chapter 5, Article 1, A.R.S. Title 48, Chapter 26, Article 2, and selected non-vehicle related items, including boxes, packing blankets, straps, and tow bars.

“Vehicle License Tax” means the tax imposed by A.R.S. § 28-5801, less any tax credited under A.R.S. § 28-2356.

- B. Reports.** Each person subject to A.R.S. § 28-5810, who has conducted a vehicle rental business for any time period during the previous year, shall file an annual report, for the previous year, with the Department. The annual report is due no later than February 15 of each year, unless the rental business is closed before December 31, in which case the annual report is due immediately. The report shall be made on a form furnished by the Department and shall contain all of the following:
1. Address where business records are secured;
  2. Name, title, phone number, and signature of the person authorized to sign the form;
  3. Business name;
  4. Business type, including sole proprietorship, partnership, corporation, limited liability company, and limited liability partnership;
  5. Name, title, phone number, mailing address, and email address of the contact person;

6. Federal Employer Identification Number (FEIN);
7. Mailing address (if different from principal business address);
8. Principal business address;
9. Rental vehicle revenue collected, by county;
10. Total Arizona Vehicle License Tax paid on rental vehicles;
11. Total rental vehicle revenue collected;
12. Total surcharge collected;
13. Total surcharge due to the Department; and
14. Type of rental business, including passenger vehicle, semitrailer, trailer, truck, motorcycle, moped, and recreational vehicle.

- C. Records.** A person in the business of renting vehicles, as defined under A.R.S. § 28-5810, is required to maintain records in support of the required annual reports for a period of four years after the date of the filing of the required annual report or the due date of the report, whichever is longer. The records shall contain all information in support of:
1. The total amount of Vehicle License Tax paid during the previous year. Supporting Vehicle License Tax records for each rental vehicle shall include:
    - a. The Vehicle Identification Number,
    - b. The Arizona vehicle license plate number,
    - c. A copy of the Arizona registration,
    - d. The amount paid for Vehicle License Tax minus any Vehicle License Tax credited under A.R.S. § 28-2356,
    - e. The date on which the Vehicle License Tax was paid, and
    - f. The dates the rental vehicle was in and out of service.
  2. The total gross amount of Arizona vehicle rental revenues collected for the previous year. Supporting Arizona vehicle rental revenue records shall include:
    - a. The rental contract for each rental vehicle,
    - b. The amount of surcharge collected,
    - c. Chart of accounts,
    - d. General ledger,
    - e. Financial statements,
    - f. Federal tax returns, and
    - g. Monthly trial balance.
  3. The amount of the surcharge collected during the previous year. Supporting surcharge collection records shall include:
    - a. All applicable rental contracts; and
    - b. The total amount stated in each rental contract, supported by relevant documentation.
  4. Failure to keep and maintain proper records or failure to provide records for audit purposes may result in the Department making an assessment against the rental business for the total surcharge amount estimated to have been collected, as determined from the best information available to the Director.
- D. Audits.** The Department shall conduct each audit of a person who collects the surcharge in accordance with generally accepted government auditing standards as most recently revised and issued by the Comptroller General of the United States, U.S. Government Accountability Office. The most recent edition of the generally accepted government auditing standards (commonly referred to as the Yellow Book) is available from the U.S. Government Printing Office, P.O. Box 979050, St. Louis, MO 63197-9000. The material is available free of charge at <http://www.gao.gov/yellowbook> or can be

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

ordered online by visiting the U.S. Government Online Bookstore at <http://bookstore.gpo.gov>.

1. The rental business shall have records made available for audit during normal business hours at the rental business location in Arizona. The Department may conduct audits at an out-of-state location, which are paid for by the rental business. The rental business shall pay the audit expenses, per diem, and travel in accordance with the Arizona Department of Transportation expense guidelines in effect at the time of the audit.
2. The Director has appropriate subpoena powers to require records to be produced for examination and to take testimony. In accordance with A.R.S. § 28-5922, if a person fails to respond to the Director's or agent of the Director's request for records, the Director shall issue subpoenas for the production of records or allow seizure of records.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 2058, effective August 4, 2007 (Supp. 07-2). Amended by final rulemaking at 19 A.A.R. 888, effective, June 1, 2013 (Supp. 13-2). Amended by final rulemaking at 31 A.A.R. 4695 (December 26, 2025), effective February 1, 2026 (Supp. 25-4).

**R17-4-351. Special License Plate; Definition**

For the purposes of R17-4-352, "special license plate" or "special plate" has the meaning prescribed in A.R.S. § 28-2401.

**Historical Note**

New Section made by final rulemaking at 25 A.A.R. 1890, effective October 1, 2019 (Supp. 19-3).

**R17-4-352. Duplicate Special License Plate; Fee**

- A. The Department shall charge and collect from a motor vehicle owner a one-time fee of \$10 for each duplicate special license plate requested.
- B. The Department shall charge and collect the current applicable U.S. Postal Service postage rate as provided in A.R.S. § 28-2151 and A.A.C. R17-1-204 to mail a duplicate special license plate to a motor vehicle owner.

**Historical Note**

New Section made by final rulemaking at 25 A.A.R. 1890, effective October 1, 2019 (Supp. 19-3).

**ARTICLE 4. DRIVER LICENSES****R17-4-401. Definitions**

In addition to the definitions provided under A.R.S. §§ 28-101, 28-1301, and 28-3001, the following definitions apply to this Article unless otherwise specified:

"Division" means the Arizona Department of Transportation, Motor Vehicle Division.

"Financial responsibility (accident) suspension" means a suspension, by the Department, of:

The Arizona driver license or driving privilege of an owner of a vehicle that:

Lacks the coverage required under A.R.S. § 28-4135, and

Is involved in an accident in Arizona; and

The Arizona registration of a vehicle, unless the Department receives proof the vehicle was sold.

"Gore area" is defined under A.R.S. § 28-644.

"Proof the vehicle was sold" means a written statement to the Department from an owner that includes the following:

The seller's name;

The VIN;

The sale date; and

The purchaser's name and address.

"Restricted permit" means written permission from the Department for:

A person subject to a financial responsibility (accident) suspension to operate a motor vehicle only:

Between the person's home and workplace,

During the person's work-related activities, or

Between the person's home and school; and

A vehicle with an Arizona registration subject to a financial responsibility (accident) suspension to be operated by a person specified under R17-4-402 only:

Between the person's home and workplace;

During the person's work-related activities; or

Between the person's home and school.

"State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

"SR22" means a certificate of insurance that complies with requirements under A.R.S. § 28-4077(A).

"Thirty-six-month period" means the time measured from the date of the most recent violation with assigned points for which a driver has a conviction or judgment to that day and month three years before the date of the violation.

"Twelve-month period" means the time measured from the date of the most recent violation with assigned points for which a driver has a conviction or judgment to that day and month one year before the date of the violation.

"Twenty-four-month period" means the time measured from the date of the most recent violation with assigned points for which a driver has a conviction or judgment to that day and month two years before the date of the violation.

"VIN" or "vehicle identification number" is defined under A.R.S. § 13-4701(4).

"Withdrawal action" means a Department action that invalidates a person's Arizona driving privilege or a vehicle's Arizona registration, which includes:

A cancellation;

A suspension;

A revocation;

Any outstanding warrant; or

Any unresolved citation.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 5220, effective February 3, 2003 (Supp. 02-4). Amended by final rulemaking at 12 A.A.R. 871, effective March 7, 2006 (Supp. 06-1). Amended by final rulemaking at 14

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

A.A.R. 839, effective March 4, 2008 (Supp. 08-1).  
Amended by exempt rulemaking at 21 A.A.R. 1092,  
effective September 1, 2015 (Supp. 15-2).

**R17-4-402. Restricted Permit During a Financial Responsibility (Accident) Suspension**

- A.** An applicant for a restricted permit shall:
1. Have no withdrawal action other than the financial responsibility (accident) suspension;
  2. Provide an SR22 Certificate of Insurance as proof of future financial responsibility that must be kept in force for three consecutive years after the effective date of the financial responsibility (accident) suspension;
  3. Pay the \$10 driving privilege reinstatement fee under A.R.S. § 28-4144(C)(2)(b); and
  4. Pay the \$25 motor vehicle registration and license plate reinstatement fee under A.R.S. § 28-4144(C)(2)(b), or if the vehicle was sold before the date of the accident, provide proof the vehicle was sold as defined under R17-4-401;
  5. Pay the driving privilege reinstatement application fee under A.R.S. § 28-3002(A)(2); and
  6. Satisfy any applicable requirements of A.R.S. § 28-4033(A)(2)(c) or 28-4144(C).
- B.** In addition to subsection (A) during a financial responsibility (accident) suspension, a restricted permit applicant may:
1. Apply for an original or renew an Arizona driver license by:
    - a. Complying with A.R.S. §§ 28-3153, 28-3158, or 28-3171; and
    - b. Paying the application fee under A.R.S. § 28-3002(A)(2) determined by the applicant's age on the application date; or
  2. Obtain a duplicate Arizona driver license by paying the \$12 duplicate driver license application fee under A.R.S. § 28-3002(A)(7).
- C.** At the end of the financial responsibility (accident) suspension, the Division shall immediately remove the driving privilege restriction from the Arizona driving record when the person surrenders an expired restricted permit to the Division.

**Historical Note**

New Section recodified from R17-4-227 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 5220, effective February 3, 2003 (Supp. 02-4). Amended by final rulemaking at 16 A.A.R. 2448, effective February 5, 2011 (Supp. 10-4).

**R17-4-403. Application for Duplicate Driver License or Duplicate Nonoperating Identification License; Fees**

- A.** An applicant shall apply to the Division, on a form provided by the Division, for a duplicate driver license or a duplicate nonoperating identification license.
- B.** The fee for the duplicate driver license or duplicate nonoperating identification license issued by the Division is \$12 under A.R.S. §§ 28-3002(A) and 28-3165.

**Historical Note**

New Section made by final rulemaking at 16 A.A.R. 2448, effective February 5, 2011 (Supp. 10-4).

**R17-4-404. Driver Point Assessment; Traffic Survival Schools**

- A.** Point assessment. The Department shall assign points to a driver, as prescribed under Table 1, Driver Point Valuation, for each violation resulting in a conviction or judgment.

- B.** Actions after point assessment. Under A.R.S. § 28-3306(A)(3), if a driver accumulates eight or more points in a twelve-month period, the Department shall:
1. Order the driver to successfully complete the curriculum of a licensed traffic survival school; or
  2. Suspend the driver's Arizona driver license or driving privilege.
- C.** Traffic survival school order of assignment. The Department or the private entity under contract with the Department shall send a dated order of assignment to traffic survival school, as prescribed under A.R.S. § 28-3318, to a driver who accumulates 8 to 12 points in a twelve-month period, and who did not complete a traffic survival school course in the previous twenty-four-month period.
1. The order of assignment shall:
    - a. Instruct the driver to submit any hearing request to the Department within 15 days after the date of the order of assignment; and
    - b. Instruct the driver that failure to successfully complete traffic survival school within 60 days after the date of the order of assignment will result in the Department issuing a six-month order of suspension.
  2. The Department shall record that a driver completed traffic survival school if:
    - a. A licensed traffic survival school reports that the driver successfully completed the curriculum; or
    - b. The driver presents to the Department an original certificate of completion issued by a licensed traffic survival school, within 30 days of issuance of the certificate.
- D.** Suspension for failure to complete traffic survival school. The Department or the private entity under contract with the Department shall mail a driver a six-month order of suspension, as prescribed under A.R.S. § 28-3318, if the driver failed to establish completion of traffic survival school in accordance with subsection (C). The order of suspension shall:
1. Specify the period within which the driver may submit a hearing request to the Department, and
  2. Specify the effective date of the suspension.
- E.** Suspension for accumulation of excessive points. The Department shall mail an order of suspension as prescribed under A.R.S. § 28-3318 to a driver who accumulates an excessive amount of points. The order of suspension shall:
1. Specify the length of the suspension as follows:
    - a. A three-month suspension for accumulation of 8 to 12 points in a twelve-month period if a traffic survival school course was successfully completed in the previous twenty-four-month period;
    - b. A three-month suspension for accumulation of 13 to 17 points in a twelve-month period;
    - c. A six-month suspension for accumulation of 18 to 23 points in a twelve-month period; and
    - d. A twelve-month suspension for accumulation of 24 or more points in a thirty-six-month period;
  2. Specify the period within which the driver may submit a hearing request to the Department; and
  3. Specify the effective date of the suspension.

**Historical Note**

New Section recodified from R17-4-506 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 12 A.A.R. 4446, effective November 7, 2006 (Supp. 06-4). Amended by final rulemaking at 14 A.A.R. 839, effective March 4, 2008 (Supp. 08-1). Amended by final rulemaking at 19 A.A.R. 3897, effective

tive January 4, 2014 (Supp. 13-4). Amended by exempt rulemaking at 21 A.A.R. 1092, effective September 1, 2015 (Supp. 15-2).

**Table 1. Driver Point Valuation**

<b>Violation</b>	<b>Points</b>
A.R.S. § 28-1381, driving or actual physical control of a vehicle while under the influence.	8
A.R.S. § 28-1382, driving or actual physical control of a vehicle while under the extreme influence of intoxicating liquor.	8
A.R.S. § 28-1383, aggravated driving or actual physical control while under the influence.	8
A.R.S. § 28-693, reckless driving.	8
A.R.S. § 28-708, racing on highways.	8
A.R.S. § 28-695, aggressive driving.	8
A.R.S. §§ 28-662, 28-663, 28-664, or 28-665, relating to a driver's duties after an accident.	6
A.R.S. § 28-672(A), failure to comply with a red traffic-control signal, failure to yield the right of way when turning left at an intersection, failure to yield the right of way to a pedestrian, failure to exercise due care, failure to stop for a school bus stop signal, or failure to comply with a stop sign, and the failure results in an accident causing death to another person.	6
A.R.S. § 28-672(A), failure to comply with a red traffic-control signal, failure to yield the right of way when turning left at an intersection, failure to yield the right of way to a pedestrian, failure to exercise due care, failure to stop for a school bus stop signal, or failure to comply with a stop sign, and the failure results in an accident causing serious physical injury to another person.	4
A.R.S. § 28-701, reasonable and prudent speed.	3
A.R.S. § 28-644(A)(2), driving over, across, or parking in any part of a gore area.	3
Any other traffic regulation that governs a vehicle moving under its own power.	2

**Historical Note**

New Table 1 made by final rulemaking at 14 A.A.R. 839, effective March 4, 2008 (Supp. 08-1).

**R17-4-405. Emergency Expired****Historical Note**

Emergency rule adopted effective August 6, 1991, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 91-3). Emergency expired.

**R17-4-406. Minor's Application for Permit or License**

- A.** For the purposes of administering the provisions of A.R.S. § 28-3160, the following definitions apply to this Section:
1. "Application," means a form provided by the Division that includes the Legal Guardian Affidavit required by the Division to be submitted with each minor's driver license application.
  2. "Guardian" means one who has been appointed by a court of law to care for a minor child, but only if both parents of the child are deceased, or an agency as defined in A.R.S. § 8-513.
  3. "Parent" means the natural or adoptive father or mother of a child.
- B.** Procedure when both parents sign: If both parents sign a child's application, no proof of custody need be furnished.
- C.** Procedure when only one parent signs:

1. If the signing parent is married to the child's other parent, that fact shall be stated and it shall be presumed the signing parent has custody of the child.
2. If the signing parent is not married to the child's parent because the other parent is deceased, that fact shall be stated and it shall be presumed the signing parent has custody of the child.
3. If the signing parent is not married to the child's other parent, the signing parent shall affirm, by sworn statement to the Division or a notary public, that the other parent does not have custody of the child, in which event the Division shall presume the signing parent has custody of the child.

**D. Procedure when both parents are deceased:**

1. If both parents are deceased, the minor or minor's guardian shall attach certified copies of certificates of death or other satisfactory proof of death, that includes a court judgment, affidavits of close relatives of the child, or school records.
2. A person who is guardian of a child shall sign an application as defined by this rule or furnish a certified court order appointing guardianship.
3. An employer signing the application shall certify the person employs the minor on the date of application.
4. A person who has custody of a child shall sign a Legal Guardian Affidavit affirming custody or furnish a certified court order awaiting custody.

**E. Proof of custody.** Proof of custody may be established by a certified copy of the court order awarding custody or a written affirmation by the person signing the application.**Historical Note**

Adopted as an emergency effective August 18, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-4). Former Section R17-4-201 adopted as an emergency effective August 18, 1983, now adopted without change as a permanent rule effective November 30, 1983 (Supp. 83-6). Correction, (C)(4) should read "... governed by R17-4-58" as certified effective November 30, 1983 (Supp. 84-3). Former Section R17-4-201 renumbered without change as Section R17-4-406 Supp. (87-2). Former Section R17-4-406 repealed, new Section R17-4-406 adopted effective July 14, 1989 (Supp. 89-3). Section recodified to R17-4-450 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). New Section recodified from R17-4-510 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 12 A.A.R. 4446, effective November 7, 2006 (Supp. 06-4).

**R17-4-407. Travel-compliant Driver License or Travel-compliant Non-operating Identification License Application; Fee**

- A.** A person seeking a travel-compliant driver license or travel-compliant identification license shall meet and comply with all:
1. State laws and rules applicable to every applicant who seeks issuance of any other driver license class, type, endorsement or non-operating identification license issued by the Department; and
  2. Federal laws and regulations regarding the application and minimum documentation, verification, and card issuance requirements prescribed in the most recent edition of 6 CFR 37.11 for establishing satisfactory proof of a person's identity, date of birth, social security number, prin-

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

principal residence address of domicile in this state, and lawful status in the United States.

- B.** A person seeking a travel-compliant driver license or travel-compliant identification license shall:
1. Apply to the Department using an application form provided by the Department; and
  2. Submit to the Department for authentication, satisfactory proof of the applicant's full legal name, date of birth, sex, social security number, principal residence address of domicile in this state, and that the applicant's presence in the United States is authorized under federal law. A list of all source documents the Department may accept as satisfactory proof under state and federal law is maintained by the Department on its website at [www.azdot.gov](http://www.azdot.gov).
- C.** An applicant for a travel-compliant driver license or travel-compliant identification license shall submit to the Department a fee of \$25:
1. On original application, reinstatement, or renewal of any travel-compliant driver license class; or
  2. On original application or renewal of a travel-compliant identification license.
- D.** A travel-compliant driver license or travel-compliant identification license issued by the Department, as prescribed under A.R.S. § 28-3175 and this Section, is:
1. Valid for a period of up to eight years;
  2. Renewable for successive periods of up to eight years; and
  3. Subject to all state and federal laws or restrictions requiring the issuance of a shorter expiration period (e.g., up to age 65, as provided under A.R.S. § 28-3171, or for a time period equal to the applicant's authorized stay in the United States, as provided under 6 CFR 37.21, etc.).

**Historical Note**

Adopted as an emergency effective August 18, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-4). Former Section R17-4-202 adopted as an emergency effective August 18, 1983, now adopted without change as a permanent rule effective November 30, 1983 (Supp. 83-6). Correction, subsection (D) as certified effective November 30, 1983 (Supp. 84-3). Former Section R17-4-202 renumbered without change as Section R17-4-407 (Supp. 87-2). Section recodified to R17-4-451 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). New Section recodified from R17-4-706 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Section repealed by final rulemaking at 9 A.A.R. 1158, effective May 12, 2003 (Supp. 03-1). New Section made by final exempt rulemaking under Laws 2015, Ch. 294, § 5 at 22 A.A.R. 819, effective March 28, 2016 (Supp. 16-1). Section repealed; new Section made by final rulemaking at 25 A.A.R. 1885, with an immediate effective date of July 2, 2019 (Supp. 19-3).

**R17-4-408. Mandatory Extension of a Certified Ignition Interlock Device Order**

- A.** For purposes of this Section, "conviction" has the meaning prescribed in A.R.S. § 28-101(12).
- B.** For the duration of a certified ignition interlock device order, each conviction for violating A.R.S. §§ 28-1464(A), 28-1464(C), 28-1464(D), 28-1464(F), or 28-1464(H) of the person subject to the order will result in the Division's extension of the order.
- C.** Each extension by the Division of a person's certified ignition interlock device order shall be for one year.

**Historical Note**

Adopted as an emergency effective August 18, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-4). Former Section R17-4-203 and Appendix D adopted as an emergency effective August 18, 1983, now adopted without change as a permanent rule effective November 30, 1983 (Supp. 83-6). Correction, added (C)(5) as certified effective November 30, 1983 (Supp. 84-3). Former Section R17-4-203 renumbered without change as Section R17-4-408 (Supp. 87-2). Section recodified to R17-4-452 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). New Section recodified from R17-4-709.10 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3).

**R17-4-409. Non-operating Identification License Application; Applicability; Fee**

- A.** A person seeking a non-operating identification license, issued by the Department as prescribed under A.R.S. § 28-3165 and this Section, shall apply to the Department using a form provided by the Department.
- B.** An applicant shall submit a \$12 fee to the Department, on application for a non-operating identification license, unless the applicant is provided a specific statutory exemption from payment of the fee.
- C.** An applicant shall provide to the Department, on application for a non-operating identification license, satisfactory proof of the applicant's full legal name, date of birth, sex, principal residence address of domicile in this state, and evidence that the applicant's presence in the United States is authorized under federal law as listed by the Department on its website at [www.azdot.gov](http://www.azdot.gov).
- D.** A person seeking a travel-compliant identification license issued by the Department under A.R.S. § 28-3175, which is recognized by federal agencies as proof of identity for use when accessing federal facilities, boarding federally-regulated commercial aircraft, or entering nuclear power plants, shall apply to the Department as provided under R17-4-407.

**Historical Note**

Adopted as an emergency effective August 18, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-4). Former Section R17-4-204 and Appendix B adopted as an emergency effective August 18, 1983, now adopted without change as a permanent rule effective November 30, 1983 (Supp. 83-6). Former Section R17-4-204 renumbered without change as Section R17-4-409 (Supp. 87-2). Section recodified to R17-4-453 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). New Section recodified from R17-4-508 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 12 A.A.R. 4446, effective November 7, 2006 (Supp. 06-4). Amended by final rulemaking at 16 A.A.R. 2448, effective February 5, 2011 (Supp. 10-4). Amended by final exempt rulemaking under Laws 2015, Ch. 294, § 5 at 22 A.A.R. 819, effective March 28, 2016 (Supp. 16-1). Amended by final rulemaking at 25 A.A.R. 1885, with an immediate effective date of July 2, 2019 (Supp. 19-3).

**R17-4-410. Voter Registration Through the Motor Vehicle Division**

- A.** For purposes of this Section:
1. "License" has the same meaning as "driver's license" under A.R.S. § 16-111(2).

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

2. "MVD" means the Arizona Department of Transportation, Motor Vehicle Division.
- B. To register to vote in Arizona through the MVD as provided for in A.R.S. § 16-112, a person who completes a transaction listed in subsection (C) shall complete and return to MVD:
  1. A Secretary of State-approved hardcopy voter registration form for the county of the person's residence, or
  2. An electronic voter registration form through MVD's ServiceArizona web site or through MVD's driver license system along with an electronic verification that the person meets voter eligibility criteria under A.R.S. § 16-101.
- C. Subsection (B) applies to the following license transactions:
  1. Initial licensee application;
  2. License renewal;
  3. Duplicate driver license; or
  4. Licensee personal information update.
- D. MVD shall transfer the voter registration forms and the data collected under this Section by:
  1. Mailing the completed hardcopy forms to the appropriate county recorder; and
  2. Transmitting the data from completed electronic voter registration forms and licensee personal information updates to the Secretary of State as prescribed under A.A.C. R2-12-605 for further distribution to the appropriate county recorder.
- E. MVD shall maintain the confidentiality of applicant information as required under A.R.S. Title 16, Chapter 1.

**Historical Note**

Adopted as an emergency effective August 18, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-4). Former Section R17-4-205 adopted as an emergency effective August 18, 1983, now adopted without change as a permanent rule effective November 30, 1983 (Supp. 83-6). Former Section R17-4-205 renumbered without change as Section R17-4-410 (Supp. 87-2). Section recodified to R17-4-454 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). New Section made by final rulemaking at 8 A.A.R. 2394, effective May 9, 2002 (Supp. 02-2). Amended by final rulemaking at 12 A.A.R. 1329, effective June 4, 2006 (Supp. 06-2).

**R17-4-411. Special Ignition Interlock Restricted Driver License: Application, Restrictions, Reporting, Fee**

- A. In addition to the requirements prescribed in A.R.S. § 28-3158, an person applying for a special ignition interlock restricted driver license shall:
  1. If the person is suspended for a first offense of A.R.S. § 28-1321:
    - a. Complete at least 90 consecutive days of the period of the suspension, and
    - b. Maintain a functioning certified ignition interlock device during the remaining period of the suspension.
  2. If the person is revoked for a first offense of A.R.S. § 28-1383(A)(3):
    - a. Complete at least 90 consecutive days of the suspension under A.R.S. § 28-1385,
    - b. Submit proof to the Division that the person has completed an approved alcohol or drug screening or treatment program, and
    - c. Maintain a functioning certified ignition interlock device during the remaining period of the revocation.

3. If the person has a court-ordered restriction under A.R.S. §§ 28-3320 or 28-3322:
  - a. Comply with the restrictions in subsection (C), and
  - b. Maintain a functioning certified ignition interlock device during the remaining period of the court-ordered restriction.
- B. The Division shall not issue a special ignition interlock restricted driver license if the person's driver license or driving privilege is suspended or revoked for a reason not under subsections (A)(1), (2), or (3).
- C. A person applying for a special ignition interlock restricted driver license shall pay the following fees:
  1. Age 50 or older \$10.00
  2. Age 45 – 49 \$15.00
  3. Age 40 – 44 \$20.00
  4. Age 39 or younger \$25.00
- D. A special ignition interlock restricted driver license issued under subsection (A), permits a person to operate a motor vehicle equipped with a functioning certified ignition interlock device as prescribed in A.R.S. § 28-1402(A).
- E. Reporting. On the eleventh month after the initial date of installation and each eleventh month thereafter for as long as the person is required to maintain a functioning certified ignition interlock device, each installer shall electronically provide the Division all of the following information as recorded by the certified ignition interlock device:
  1. Date installed;
  2. Person's full name;
  3. Person's date of birth;
  4. Person's customer or driver license number;
  5. Installer and manufacturer name;
  6. Installer fax number;
  7. Date report interpreted;
  8. Report period;
  9. Any tampering of the device within the meaning of A.R.S. § 28-1301(9);
  10. Any failure of the person to provide proof of compliance or inspection as prescribed in A.R.S. § 28-1461;
  11. Any attempts to operate the vehicle with an alcohol concentration exceeding the presumptive limit prescribed in A.R.S. § 28-1381(G)(3), or if the person is younger than 21 years of age, attempts to operate the vehicle with any spirituous liquor in the person's body; and
  12. Any other information required by the Director.
- F. A person applying for a special ignition interlock restricted driver license shall provide proof of financial responsibility prescribed in Title 28, Arizona Revised Statutes, Chapter 9, Article 3.

**Historical Note**

Adopted as an emergency effective August 18, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-4). Former Section R17-4-206 and Appendices C and E adopted as an emergency effective August 18, 1983, now adopted without change as a permanent rule effective November 30, 1983 (Supp. 83-6). Former Section R17-4-206 renumbered without change as Section R17-4-411 (Supp. 87-2). Section recodified to R17-4-455 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). New Section made by final rulemaking at 12 A.A.R. 871, effective March 7, 2006 (Supp. 06-1).

**R17-4-412. Extension of a Special Ignition Interlock Restricted Driver License: Hearing, Burden of Proof and Presumptions**

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

- A.** Extension. The Division shall extend a person's special ignition interlock restricted driver license for a period of one year if the Division has reasonable grounds to believe:
1. The person tampered with the certified ignition interlock device within the meaning of A.R.S. § 28-1301(9),
  2. The person fails to provide proof of compliance prescribed in A.R.S. § 28-1461, or
  3. The person attempted to operate the vehicle with an alcohol concentration exceeding the presumptive limit prescribed in A.R.S. § 28-1381(G)(3) three or more times during the period of license restriction or limitation, or if the person is younger than 21 years of age, attempted to operate the vehicle with any spirituous liquor in the person's body three or more times during the period of license restriction or limitation.
- B.** Hearing. If a person's special ignition interlock restricted driver license is extended under subsection (A), the person may submit, within 15 days of the date of the order of extension of the restriction, a written request to the Division requesting a hearing. A request for hearing stays the extension of the restriction.
- C.** Burden of proof and presumptions.
1. The hearing office shall presume that the person's whose special ignition interlock restricted driver license is extended under subsection (A)(3), was the person in control of the vehicle and the person attempted to operate the vehicle with an alcohol concentration exceeding the presumptive limit in A.R.S. § 28-1381, or tampered with the device within the meaning of A.R.S. § 28-1301(9).
  2. The person may be rebut the presumption by a showing of clear and convincing evidence that the person whose special ignition interlock restricted driver license being extended, was not the person in control of the vehicle or attempted to operate the vehicle with an alcohol concentration exceeding the presumptive limit in A.R.S. § 28-1381, or tampered with the device within the meaning of A.R.S. § 28-1301(9).
- D.** Except for subsection (A)(2), if the Division suspends, revokes, cancels, or otherwise rescinds a person's special ignition interlock restricted driver license for any reason, the Division shall not issue a new license or reinstate the special ignition interlock restricted driver license during the original period of suspension or revocation or while the person is otherwise ineligible to receive a license.
- "Lifetime disqualification" means the individual is disqualified for life from operating a commercial motor vehicle as prescribed under 49 CFR 391.15.  
 "Permanently disqualified" means the individual will never be able to obtain a commercial driver license.
- B.** Eligibility. An individual with a lifetime disqualification may request reinstatement of the individual's commercial driving privilege if:
1. Ten years have passed since the date of the lifetime disqualification.
  2. The individual:
    - a. Is otherwise eligible for licensure.
    - b. Has continuously been eligible for a driver license during the most recent 10-year period.
    - c. Has not previously reinstated CDL privileges for another lifetime disqualification.
    - d. Has no record of a conviction for any of the following violations, in any state, within the previous 10-year period:
      - i. Driving while under the influence of alcohol or a controlled substance.
      - ii. Having a blood alcohol concentration of .04 or greater while driving a commercial motor vehicle.
      - iii. Refusal to submit to a blood alcohol concentration test.
      - iv. Leaving the scene of an accident.
      - v. Using a vehicle in the commission of a felony.
      - vi. Operating a commercial motor vehicle as defined under A.R.S. § 28-3001 while his or her commercial driving privileges are canceled, disqualified, suspended, or revoked.
      - vii. Causing a fatality through the negligent operation of a commercial motor vehicle.
- C.** Application after lifetime disqualification. If the Division determines that the individual is eligible to reinstate his or her commercial driving privilege, the individual may obtain a new CDL by paying all required fees, submitting the medical examination form prescribed under Section R17-4-508(A)(1), and successfully completing all CDL written, vision, and demonstration-skill testing applicable to the type of CDL, including any endorsements, for which the individual is applying.
- D.** Permanent disqualification.
1. An individual who reinstated his or her commercial driving privilege in accordance with this Section and who is subsequently given a lifetime disqualification under A.R.S. § 28-3312 is permanently disqualified.
  2. An individual convicted of using any vehicle in the commission of a felony involving manufacturing, distributing, or dispensing a controlled substance is permanently disqualified.
  3. An individual who more than once refuses a test in violation of A.R.S. § 28-1321 if the refusals involve more than one incident is permanently disqualified.
  4. An individual who more than once is convicted of violating A.R.S. § 28, Chapter 4, Article 3 is permanently disqualified.

**Historical Note**

Adopted as an emergency effective August 18, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-4). Former Section R17-4-207 adopted as an emergency effective August 18, 1983, now adopted as a permanent rule effective November 30, 1983 (Supp. 83-6). Correction, (A)(3) as certified effective November 30, 1983 (Supp. 84-3). Former Section R17-4-207 renumbered without change as Section R17-4-412. Correction: subsection (F), paragraph (6), "overweight" corrected to read: "overheight" (Supp. 87-2). Section recodified to R17-4-456 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). New Section made by final rulemaking at 12 A.A.R. 871, effective March 7, 2006 (Supp. 06-1).

**R17-4-413. Lifetime Disqualification Reinstatement**

- A.** Definitions. In addition to the definitions prescribed under A.R.S. §§ 28-101 and 28-3001, the following definitions apply to this Section, unless otherwise specified:
- "CDL" means Commercial Driver License.

**Historical Note**

Adopted as an emergency effective August 18, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-4). Former Section R17-4-208 adopted as an emergency effective August 18, 1983, now adopted without change as a permanent rule effective November 30, 1983

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

(Supp. 83-6). Former Section R17-4-208 renumbered without change as Section R17-4-413 (Supp. 87-2). Section recodified to R17-4-457 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). New Section made by final rulemaking at 13 A.A.R. 2155, effective August 4, 2007 (Supp. 07-2).

**R17-4-414. Commercial Driver License Applicant Driver History Check; Required Action; Hearing**

- A.** Applicability. The provisions of this Section shall apply to all applicants requesting an original, renewal, reinstatement, transfer, or upgrade of a commercial driver license or commercial driver license instruction permit.
- B.** Driver History Check. In compliance with 49 CFR 384.206, 384.210, 384.225, and 384.232:
1. The Department shall require each applicant for a commercial driver license to supply the names of all states where the applicant has previously been licensed to operate a motor vehicle.
  2. The Department shall request the complete driver history record from all states where the applicant was licensed to operate a motor vehicle within the previous 10 years. The Department shall make a driver history request no earlier than:
    - a. Twenty-four hours prior to the issuance of a commercial driver license or commercial driver license instruction permit for an applicant who does not currently possess a valid Arizona commercial driver license; or
    - b. Ten days prior to the issuance of a commercial driver license or commercial driver license instruction permit for an applicant who currently possesses a valid Arizona commercial driver license.
  3. The Department shall record and maintain as part of the driver history all convictions, disqualifications, and other licensing actions for violations of any state or local law relating to motor vehicle traffic control, other than a parking violation, committed in any type of vehicle by a commercial driver licensee or any driver operating a commercial motor vehicle.
- C.** Required Action. In compliance with 49 CFR 384.210 and 384.231:
1. The Department shall, based on the findings of the driver history checks, issue a commercial driver license or commercial driver license instruction permit to a qualified applicant.
  2. In the case of a reported conviction, disqualification, or other licensing action, the Department shall promptly cancel, disqualify, suspend, or revoke the person's commercial driving privilege as prescribed under A.R.S. Title 28, Chapters 4, 6, 8, and 14 and A.A.C. Title 17.
  3. The Department shall send written notification of the action to the person describing the action taken by the Department.
- D.** Hearing. A hearing may be allowed when the driver history information received by the Department is a result of a case of mistaken identity or identity theft.
1. The person shall submit a hearing request in writing and comply with A.A.C. R17-1-502.
  2. The hearing request shall be submitted within 20 days from the date the notice of action was mailed.
  3. The hearing request shall indicate whether the request for the hearing is based on a case of identity theft or mistaken identity.

4. The hearing shall be held in accordance with the procedures prescribed under A.R.S. § 28-3317 and 17 A.A.C. 1, Article 5.
5. It shall be presumed that the information received from the driver history check belongs to the person. The person may overcome this presumption if the person is able to present evidence that either:
  - a. The person is not the driver convicted of the reported violation as in a case of mistaken identity; or
  - b. The person's identity was stolen and the applicant or licensee was not the driver convicted of the violation.
6. The scope of the hearing is limited to determining whether the person is the driver convicted of the reported driver history information, not the validity of the underlying conviction or licensing action that occurred in another licensing jurisdiction.

**Historical Note**

Adopted effective December 18, 1995 (Supp. 95-4). Section recodified to R17-4-458 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). New Section made by final rulemaking at 14 A.A.R. 4100, effective October 7, 2008 (Supp. 08-4).

**ARTICLE 5. SAFETY****R17-4-501. Definitions**

In addition to the definitions provided under R17-4-101 and A.R.S. § 28-3005, in this Article, unless otherwise specified:

“Adaptation” means a modification of or addition to the standard operating controls or equipment of a motor vehicle.

“Applicant” means a person:

Applying for an Arizona driver license or driver license renewal, or  
Required by the Department to complete an examination successfully or to obtain an evaluation.

“Application” means the Department form required to be completed by or for an applicant for a driver license or driver license renewal.

“Aura” means a sensation experienced before the onset of a neurological disorder.

“Commercial driver license physical qualifications” means driver medical qualification standards for a person licensed in class A, B, or C to operate a commercial vehicle as prescribed under 49 CFR 391, incorporated by reference under A.A.C. R17-5-202 and R17-5-204.

“Disqualifying medical condition” means a visual, physical, or psychological condition, including substance abuse, that impairs functional ability.

“Evaluation” means a medical assessment of an applicant or licensee by a physician, specialist, or certified addic-

tion counselor to determine whether a disqualifying medical condition exists.

“Examination” means testing or evaluating an applicant’s or licensee’s:

Ability to read and understand official traffic control devices,  
Knowledge of safe driving practices and the traffic laws of this state, and  
Functional ability.

“Functional ability” means the ability to safely operate a motor vehicle of the type permitted by an Arizona driver license class or endorsement.

“Licensee” means a person issued a driver license by this state.

“Licensing action” means an action by the Department to:  
Issue, deny, suspend, revoke, cancel, or restrict a driver license or driving privileges; or  
Require an examination or evaluation of an applicant or licensee.

“Medical alert code” means a system of numerals or letters indicating the licensee suffers from some type of adverse medical condition.

“Medical screening questions and certification” means the questions and certification on the application.

“Neurological disorder” means a malfunction or disease of the nervous system.

“Seizure” means a neurological disorder characterized by a sudden alteration in consciousness, sensation, motor control, or behavior, due to an abnormal electrical discharge in the brain.

“Specialist” means:

A physician who is a surgeon or a psychiatrist,  
A physician whose practice is limited to a particular anatomical or physiological area or function of the human body or to patients with a specific age range, or  
A psychologist.

“Substance abuse” means:

Use of alcohol in a manner that makes the user an alcoholic as defined in A.R.S. § 36-2021, or  
Use of a controlled substance in a manner that makes the user a drug dependent person as defined in A.R.S. § 36-2501.

“Successful completion of an examination” means an applicant or licensee:

Establishes the visual, physical, and psychological ability to safely operate a motor vehicle, or  
Achieves a score of at least 80% on any required tests.

**Historical Note**

Adopted effective December 14, 1995 (Supp. 95-4). Section recodified to R17-5-706 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). New Section made by final rulemaking at 8 A.A.R. 3241, effective July 12, 2002 (Supp. 02-3). Amended by final rulemaking at 8 A.A.R. 5223, effective December 5, 2002 (Supp. 02-4). Amended by final rulemaking at 10 A.A.R. 2829, effective August 7, 2004 (Supp. 04-2). Amended by final

rulemaking at 13 A.A.R. 1127, effective May 5, 2007 (Supp. 07-1). Amended by final rulemaking at 14 A.A.R. 227, effective March 8, 2008 (Supp. 08-1). Amended by final rulemaking at 24 A.A.R. 1543, effective May 1, 2018 (Supp. 18-2). Amended by final expedited rulemaking at 26 A.A.R. 3147, with an immediate effective date of December 3, 2020 (Supp. 20-4). Amended by final expedited rulemaking at 31 A.A.R. 4746 (December 26, 2025), with an immediate effective date of December 3, 2025 (Supp. 25-4).

**R17-4-502. General Provisions for Visual, Physical, and Psychological Ability to Safely Operate a Motor Vehicle**

**A. Screening process for safe operation of a motor vehicle.**

1. An applicant shall complete the application, including the medical screening questions and certification.
2. An applicant without a valid driver license shall successfully complete all required examinations or obtain an evaluation if:
  - a. The Department informs the applicant that the applicant's responses to the medical screening questions indicate the existence of a disqualifying medical condition; or
  - b. The applicant comes under subsection (B)(1)(a), (B)(1)(c), or (B)(1)(d).
3. An applicant for license renewal shall successfully complete an examination or obtain an evaluation if the applicant's responses to the medical screening questions indicate that since the applicant's last driver license issuance:
  - a. The applicant has developed a visual, physical, or psychological condition that may constitute a disqualifying medical condition; or
  - b. There has been a change in an existing visual, physical, or psychological condition that may constitute a disqualifying medical condition.
4. As soon as a licensee's medical condition allows, the licensee shall notify the Department, in writing, that a medical condition exists not previously reported to the Department that may affect the licensee's functional ability. On receipt of the required notification, the Department shall require the licensee to complete an examination or evaluation.

**B. Evaluation. An applicant or licensee shall submit to an evaluation as required by the Department.**

1. The Department shall require an evaluation if the Department notifies the applicant or licensee in writing that:
  - a. The applicant or licensee comes under the provisions of R17-4-503 or R17-4-506;
  - b. The applicant or licensee reports a possible disqualifying medical condition or fails to successfully complete an examination;
  - c. The applicant or licensee shows unexplained confusion, loss of consciousness, or incoherence that is observed by Department personnel; or
  - d. A person with direct knowledge submits to the Department written information about specific events or conduct indicating the applicant or licensee may have a disqualifying medical condition.
2. The applicant or licensee shall have the physician, appropriate specialist, or certified addiction counselor who performs an evaluation submit timely an evaluation report on a form provided by the Department to the Department's Medical Review Program.

3. An applicant or licensee shall pay for any expense incurred by the applicant or licensee to show compliance with the visual, physical, and psychological standards for a driver license.

**C. Licensing action. The Department shall take a licensing action after requiring an applicant or licensee to complete an examination successfully or obtain an evaluation and submit an evaluation report.**

1. The Department shall deny a driver license if an applicant or licensee:
  - a. Fails to complete successfully an examination; or
  - b. Fails to:
    - i. Obtain an evaluation; or
    - ii. Have a physician, appropriate specialist, or certified addiction counselor submit an evaluation report to the Department within 30 days after the Department notifies the applicant that an evaluation is required; or
  - c. Has an evaluation report submitted that indicates a disqualifying medical condition.
2. The Department shall summarily suspend an applicant's or licensee's driving privileges under A.R.S. §§ 28-3306 and 41-1064 for a reason stated in subsection (C)(1).
3. The Department shall issue a revocation notice with a notice of summary suspension. The revocation notice shall inform the applicant or licensee that:
  - a. Unless the Department receives the applicant or licensee's timely hearing request under subsection (E), the revocation becomes effective:
    - i. Fifteen days after the date the applicant or licensee is personally served with the notice, or
    - ii. Twenty days after the date the notice is mailed to the applicant or licensee.
  - b. An applicant or licensee who wishes to obtain a license after suspension or revocation shall reapply for a license as specified in A.R.S. § 28-3315.
4. The Department shall issue a driver license or shall not suspend or revoke an applicant or licensee's driving privileges if:
  - a. The applicant or licensee successfully completes all required examinations and the Department does not require an evaluation, or
  - b. The applicant or licensee obtains all required evaluations and the most recent evaluation report submitted on behalf of the applicant or licensee conclusively indicates no disqualifying medical condition.

**D. Driver license restrictions. If an applicant or licensee uses an adaptation, including those listed below, to demonstrate functional ability during an examination, the Department shall indicate the adaptation as a restriction on a driver license issued to the applicant or licensee and on the applicant's or licensee's driving record:**

1. Automatic transmission,
2. Hand dimmer switch,
3. Left-foot gas pedal,
4. Parking-brake extension,
5. Power steering,
6. Power brakes,
7. Six-way power seat,
8. Right-side directional signal,
9. A device that enables an operator to spin the steering wheel,
10. A device that enables full foot control,

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

11. Dual outside mirrors,
  12. Chest restraints,
  13. Shoulder restraints,
  14. A device that extends pedals,
  15. A device that enables full hand control,
  16. Adapted seat, and
  17. Prosthetic aid.
- E.** Hearings. The Department's Executive Hearing Office shall conduct the hearing as provided under A.R.S. Title 41, Chapter 6, Article 6, and 17 A.A.C. 1, Article 5.
- F.** The Department shall not release information required to be submitted to the Department under this Section by an applicant or licensee except to a person or entity qualified under A.R.S. § 28-455.

**Historical Note**

New Section recodified from R17-4-520 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 3241, effective July 12, 2002 (Supp. 02-3). Amended by final rulemaking at 9 A.A.R. 1861, effective June 3, 2003 (Supp. 03-2). Amended by final rulemaking at 13 A.A.R. 1127, effective May 5, 2007 (Supp. 07-1). Amended by final expedited rulemaking at 26 A.A.R. 3147, with an immediate effective date of December 3, 2020 (Supp. 20-4). Amended by final expedited rulemaking at 31 A.A.R. 4746 (December 26, 2025), with an immediate effective date of December 3, 2025 (Supp. 25-4).

**Exhibit A. Repealed****Historical Note**

New Exhibit made by final rulemaking at 8 A.A.R. 3241, effective July 12, 2002 (Supp. 02-3). Section repealed by final rulemaking at 13 A.A.R. 1127, effective May 5, 2007 (Supp. 07-1).

**R17-4-503. Vision Standards**

- A.** Definitions.
1. "Binocular vision" means the ability to see in both eyes.
  2. "Bioptic telescopic lens system" means a bioptic, spectacle-mounted corrective lens prescribed by a physician or optometrist for meeting vision acuity requirements for driving that uses magnification as the main method of obtaining minimal visual acuity.
  3. "Corrected visual acuity" means distance vision corrected by eyeglasses, contact lenses, or a bioptic telescopic lens system.
  4. "Corrective lens" means eyeglasses, contact lenses, or a bioptic telescopic lens system used to correct distance vision.
  5. "Diplopia" means double vision.
  6. "Impaired night vision" means below normal ability to see in reduced light.
  7. "Monocular vision" means the ability to see in one eye only.
  8. "Optometrist" means a person licensed to practice optometry in any state, territory, or possession of the United States or the Commonwealth of Puerto Rico.
  9. "Retinitis pigmentosa" means a chronic progressive inflammation of the retina with atrophy and pigmentary infiltration of the inner layers of the retina.
  10. "Snellen Chart" means a chart imprinted with lines of black letters of decreasing size for testing visual acuity.
  11. "Visual acuity" means the clarity of a person's vision.
- B.** Standard. The following applies only to class D, G, or M applicants or licensees.
1. Visual acuity. A person shall have binocular or monocular vision and visual acuity of 20/40 in at least one eye.
    - a. The Department shall not license a person with monocular vision and visual acuity of 20/50 or greater.
    - b. The Department shall not license a person with binocular vision and visual acuity of 20/70 or greater.
  2. Visual field. Visual field shall be 70 degrees or greater temporally, and 35 degrees or greater nasally, in at least one eye.
- C.** Restrictions.
1. A person with corrected vision shall wear corrective lenses at all times when driving if the corrective lens is required to achieve the vision standards in subsection (B).
  2. The Department shall restrict a person with diagnosed impaired night vision to daytime driving only.
  3. The Department shall restrict a person with binocular vision and corrected or uncorrected visual acuity of 20/50 or 20/60, when using both eyes, to daytime driving only.
- D.** Screening process.
1. The Department, a physician, or an optometrist may administer visual acuity and visual field screening through the use of visual screening equipment or the Snellen Chart to determine if a person's visual acuity meets minimum standards and through the use of visual screening equipment to determine if a person's visual field meets minimum standards.
  2. A person may use a bioptic telescopic lens system during vision screening.
    - a. Beginning on the date of an initial application and every year thereafter, a person using a bioptic telescopic lens system shall submit to the Department an annual exam performed by a physician or optometrist to ascertain whether the person has a progressive eye disease.
    - b. The Department shall not license a person using a bioptic telescopic lens system unless the person submits to the Department a vision examination form provided by the Department and completed by a physician or an optometrist indicating that the individual meets the visual acuity standard as prescribed in subsection (B).
    - c. The Department shall not license a person using a bioptic telescopic lens system with magnification of the lens that is more than 4X.
- E.** Reporting requirements.
1. A person choosing to have initial visual acuity and visual field screening done by a physician or an optometrist shall submit the results to the Department.
  2. If the Department does initial visual acuity and visual field screening and the person does not meet vision standards of subsection (B), the Department shall require the person to submit the results of the person's visual acuity and visual field screening by a physician or an optometrist.
  3. The Department shall require a person diagnosed with any of the following conditions to file the results of the person's visual acuity and visual field screening completed by the physician or optometrist:
    - a. Any progressive eye disease,
    - b. Diplopia, or

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

c. Impaired night vision.

- F. Results of visual acuity and visual field screening from a physician or optometrist shall contain the following.
1. An examination date no more than three months before the submission date to the Department;
  2. Visual acuity and visual field;
  3. If applicable, specification that the person is monocular;
  4. If applicable, diagnosis of any condition described in subsection (E)(3);
  5. Any recommendations on frequency of reporting requirements for the person, in addition to those required by the Department;
  6. Suggested restrictions on driving, in addition to those required by the Department; and
  7. Any recommendations on the person's ability to safely operate a motor vehicle.
- G. The Department shall require a driving test if a person's eye disease is determined by a physician or optometrist to be progressive.

**Historical Note**

New Section recodified from R17-4-521 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 12 A.A.R. 221, effective January 10, 2006 (Supp. 06-1). Amended by final expedited rulemaking at 26 A.A.R. 3147, with an immediate effective date of December 3, 2020 (Supp. 20-4).

**R17-4-504. Medical Alert Conditions**

- A. Definition. In this Section, "license" means any class of driver license, commercial driver license, non-operating identification license, or instruction permit.
- B. Medical alert condition displayed on license. The Department will provide on each license a space to indicate a medical alert condition. A list of recognized medical alert conditions is available at all Motor Vehicle Division Customer Service offices and Authorized Third Party Driver License offices.
- C. Retention of medical alert condition authorization. The Department will not maintain the medical alert code on the Department computer record unless written authorization is submitted.
- D. A person shall submit a signed statement, from a physician or registered nurse practitioner as indicated in A.R.S. § 28-3167, stating that the person is diagnosed with a medical condition. The signed statement is required every time the person requests a license unless the person authorizes the Department to maintain the medical alert code on the Department computer record.

**Historical Note**

Adopted effective September 25, 1991 (Supp. 91-3). Section repealed by final rulemaking at 7 A.A.R. 3831, effective August 10, 2001 (Supp. 01-3). New Section made by final rulemaking at 13 A.A.R. 1127, effective May 5, 2007 (Supp. 07-1). Amended by final rulemaking at 14 A.A.R. 227, effective March 8, 2008 (Supp. 08-1). Amended by final expedited rulemaking at 26 A.A.R. 3147, with an immediate effective date of December 3, 2020 (Supp. 20-4). Amended by final expedited rulemaking at 31 A.A.R. 4746 (December 26, 2025), with an immediate effective date of December 3, 2025 (Supp. 25-4).

**R17-4-505. Repealed****Historical Note**

Adopted effective May 2, 1990 (Supp. 90-2). Section repealed by final rulemaking at 7 A.A.R. 3831, effective August 10, 2001 (Supp. 01-3).

**R17-4-506. Neurological Standards**

- A. Driver license application.
1. A person who has a seizure in the three months before applying for a driver license shall undergo an evaluation as provided in R17-4-502.
  2. After the evaluation under R17-4-502, the person or the person's physician shall submit the medical examination report to the Department.
  3. The Department shall not issue a driver license to a person if the medical examination report shows that the person has a neurological disorder that affects the person's ability to operate a motor vehicle safely.
- B. Driver license revocation.
1. A person with a driver license or nonresident driving privileges who experiences a seizure shall cease driving and:
    - a. Undergo an evaluation as provided in R17-4-502;
    - b. Submit the medical examination report to the Department; and
    - c. Undergo a follow-up evaluation within one year after the seizure or within a shorter time, as recommended by a physician.
  2. After each evaluation, the person or the person's physician shall submit the applicable medical examination report to the Department.
  3. The Department shall revoke a person's driver license or nonresident driving privileges if any medical examination report shows the person has a neurological disorder that affects the person's ability to operate a motor vehicle safely.
- C. Medical examination report. A medical examination report under this Section shall include the following information:
1. Age at onset of seizures, diagnosis, and history;
  2. Aftereffects of seizures;
  3. EEG findings, if any;
  4. Description, cause, frequency, duration, and date of most recent seizure;
  5. Current medications, including dosage, side effects, and serum level; and
  6. A physician's medical opinion as to whether the neurological disorder will affect the person's ability to operate a motor vehicle safely.
- D. Physician's medical opinion. A neurological disorder does not affect a person's ability to operate a motor vehicle safely if a physician concludes with reasonable medical certainty that:
1. Any seizure that occurred within the last three months was due to a change in anticonvulsant medication ordered by a physician and that seizures are under control after the change in medication;
  2. Any seizure that occurred within the last three months was a single event that will not recur in the future;
  3. Any seizure is likely to occur but has an established pattern of occurring only during sleep; or
  4. There is an established pattern of an aura of sufficient duration to allow the person to cease operating a motor vehicle immediately at the onset of the aura.

**Historical Note**

Former Rule, General Order 107; Amended effective April 28, 1981 (Supp. 81-2). Amended effective July 1, 1985 (Supp. 85-4). Former Section R17-4-46 renumbered

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

without change as Section R17-4-506 (Supp. 87-2). Emergency amendment adopted effective December 31, 1998, pursuant to A.R.S. § 28-366, for a maximum of 180 days (Supp. 98-4). Emergency amendment expired June 29, 1999 pursuant to A.R.S. § 41-1026(C) (Supp. 99-3). Emergency amendment adopted effective October 1, 1999, pursuant to A.R.S. § 28-366, for a maximum of 180 days (Supp. 99-4). Amended by final rulemaking at 6 A.A.R. 1172, effective March 9, 2000 (Supp. 00-1). Amended by final rulemaking at 7 A.A.R. 3221, effective July 12, 2001 (Supp. 01-3). Section recodified to R17-4-404 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). New Section recodified from R17-4-522 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). Amended by final expedited rulemaking at 26 A.A.R. 3147, with an immediate effective date of December 3, 2020 (Supp. 20-4).

**R17-4-507. Repealed****Historical Note**

Adopted effective July 24, 1985 (Supp. 85-4). Amended effective March 13, 1986 (Supp. 86-2). Former Section R17-4-50 renumbered without change as Section R17-4-507 (Supp. 87-2). Amended by final rulemaking at 7 A.A.R. 4355, effective September 14, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 5223, effective December 5, 2002 (Supp. 02-4). Section repealed by final rulemaking at 24 A.A.R. 1543, effective May 1, 2018 (Supp. 18-2).

**R17-4-508. Commercial Driver License Physical Qualifications**

- A.** A commercial driver license applicant must meet the commercial driver license physical qualifications and have a U.S. Department of Transportation medical examiner's certificate, form MCSA-5876, completed, which the Department must be able to verify from the electronic information provided by the Federal Motor Carrier Safety Administration.
  1. The medical examiner's certificate must be completed upon or prior to the applicant's initial application or expiration of the applicant's current medical examiner's certificate.
  2. A licensee who possesses a commercial driver license shall notify the Department within 10 days of a physical condition that develops or worsens causing noncompliance with the commercial driver license physical qualifications.
- B.** Commercial driver license suspension and revocation notification procedure. To notify a licensee of any commercial driver license suspension and revocation under subsection (C), the Department shall simultaneously mail two notices within 15 days after a medical examiner's certificate's due date to the licensee's address of record that:
  1. Suspends the licensee's commercial driver license beginning on the notice's date; and
  2. Revokes the licensee's commercial driver license 15 days after the date of the suspension notice issued under subsection (B)(1).
- C.** Noncompliance actions.
  1. Initial application denial. If an applicant's initial medical examiner's certificate required under subsection (A) shows that the applicant does not comply with the com-

mercial driver license physical qualifications, the Department shall immediately mail the commercial driver license denial notification to the applicant's address of record.

2. Medical examiner's certificate renewal suspension and revocation. If a renewing commercial driver licensee does not complete a medical examiner's certificate required under subsection (A) or the Federal Motor Carrier Safety Administration indicates the licensee is non-compliant with the commercial driver license physical qualifications, the Department shall follow the suspension and revocation notification procedure prescribed under subsection (B).
- D.** A commercial driver license that remains revoked for longer than 12 months expires. The holder of an expired commercial driver license may obtain a new commercial driver license by successfully completing all commercial driver license written and skills testing and by completing the medical examiner's certificate prescribed under subsection (A).
- E.** Administrative hearing. A person who is denied a commercial driver license or whose commercial driver license is suspended or revoked under this Section may request a hearing from the Department as prescribed under 17 A.A.C. 1, Article 5. The hearing is held in accordance with the procedures prescribed under A.R.S. Title 41, Chapter 6, Article 6 and 17 A.A.C. 1, Article 5.

**Historical Note**

Adopted effective October 31, 1975 (Supp. 75-1). Former Section R17-4-57 renumbered without change as Section R17-4-508 (Supp. 87-2). Emergency amendments re-repealed, new emergency amendments re-adopted effective August 6, 1991, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 91-3). Emergency expired. Emergency amendments re-adopted with changes effective November 14, 1991, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 91-4). Emergency expired. Repealed by summary rulemaking with an interim effective date of March 8, 1996; filed in the Office of the Secretary of State February 16, 1996 (Supp. 96-1).

**R17-4-608. Expired****Historical Note**

Adopted effective August 18, 1983 (Supp. 83-4). Former Section R17-4-504 renumbered without change as Section R17-4-608 (Supp. 87-2). Section expired under A.R.S. § 41-1056(J) at 19 A.A.R. 2855, effective June 28, 2013 (Supp. 13-3).

**R17-4-609. Expired****Historical Note**

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

Adopted effective March 7, 1983, to apply to chassis and bodies placed in production after May 1, 1983 (Supp. 83-2). Former Section R17-4-502 renumbered without change as Section R17-4-609 (Supp. 87-2). Section expired under A.R.S. § 41-1056(J) at 19 A.A.R. 2855, effective June 28, 2013 (Supp. 13-3).

**R17-4-610. Expired****Historical Note**

Adopted effective February 11, 1983 (Supp. 83-1). Former Section R17-4-503 renumbered without change as Section R17-4-610 (Supp. 87-2). Section expired under A.R.S. § 41-1056(J) at 19 A.A.R. 2855, effective June 28, 2013 (Supp. 13-3).

**R17-4-611. Expired****Historical Note**

Adopted effective August 24, 1983 (Supp. 83-4). Former Section R17-4-506 renumbered without change as Section R17-4-611 (Supp. 87-2). Section expired under A.R.S. § 41-1056(J) at 19 A.A.R. 2855, effective June 28, 2013 (Supp. 13-3).

**R17-4-612. Expired****Historical Note**

Adopted effective August 18, 1983 (Supp. 83-4). Former Section R17-4-505 renumbered without change as Section R17-4-612 (Supp. 87-2). R17-4-612 amended by summary action; Appendices A and B repealed by summary action with an interim effective date March 8, 1996; filed in the Office of the Secretary of State February 16, 1996 (Supp. 96-1). Section expired under A.R.S. § 41-1056(J) at 19 A.A.R. 2855, effective June 28, 2013 (Supp. 13-3).

**ARTICLE 7. HAZARDOUS MATERIALS ENDORSEMENT****R17-4-701. Definitions**

In addition to the definitions contained in 49 CFR 1572, the following words and phrases apply to this Article:

“Applicant” means an individual who applies to obtain an original or renewal HME.

“CDL” means commercial driver license.

“Department” has the same meaning as defined in A.R.S. § 28-101.

“HME” means hazardous materials endorsement.

“Security Threat Assessment” means a check by TSA that includes a fingerprint-based criminal history records check, an intelligence-related background check, and a final disposition.

“Transfer applicant” means an individual with an existing HME issued by another state, applying to the state of Arizona for an HME.

“TSA” means the U.S. Transportation Security Administration.

**Historical Note**

Adopted effective February 1, 1994 (Supp. 94-1). Section recodified to R17-4-309 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). New Section made by final rulemaking at 13 A.A.R. 684, effective April 9, 2007 (Supp. 07-1). Amended by final rulemaking at 13 A.A.R. 3368, effective November 10, 2007 (Supp. 07-3). Amended by final rulemaking at 24 A.A.R. 1543, effective

May 1, 2018 (Supp. 18-2). Amended by final rulemaking at 27 A.A.R. 2730 (November 26, 2021), with an immediate effective date of November 2, 2021 (Supp. 21-4).

**Appendix A. Recodified****Historical Note**

Adopted effective February 1, 1994 (Supp. 94-1). Appendix recodified to 17 A.A.C. 4, Article 3 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3).

**R17-4-702. Scope**

This Article applies to commercial drivers who are applying for an original, renewal, or transfer of an HME, in accordance with 49 CFR 1572. The Department incorporates by reference 49 CFR 1572, revised as of October 1, 2023, and no later amendments or editions. The incorporated material is on file with the Department at 206 S. 17th Avenue, Phoenix, AZ 85007. The incorporated material is published by National Archives and Records Administration, Office of the Federal Register, 8601 Adelphi Road, College Park, MD 20740-6001, and is printed and distributed by the U.S. Government Publishing Office, P.O. Box 979050, St. Louis, MO 63197-9000. The incorporated material can be viewed online at <https://www.govinfo.gov> and ordered online by visiting the U.S. Government Bookstore at <http://bookstore.gpo.gov>.

**Historical Note**

Adopted effective November 15, 1989 (Supp. 89-4). Amended effective October 11, 1995 (Supp. 95-4). Section recodified to R17-1-202 at 7 A.A.R. 3477, effective July 20, 2001 (Supp. 01-3). New Section made by final rulemaking at 13 A.A.R. 684, effective April 9, 2007 (Supp. 07-1). Amended by final rulemaking at 13 A.A.R. 3368, effective November 10, 2007 (Supp. 07-3). Amended by final rulemaking at 24 A.A.R. 1543, effective May 1, 2018 (Supp. 18-2). Amended by final rulemaking at 27 A.A.R. 2730 (November 26, 2021), with an immediate effective date of November 2, 2021 (Supp. 21-4). Amended by final rulemaking at 31 A.A.R. 1954 (June 20, 2025), with an immediate effective date of June 4, 2025 (Supp. 25-2).

**R17-4-703. Expired****Historical Note**

New Section made by exempt rulemaking at 7 A.A.R. 2518, effective May 25, 2001 (Supp. 01-2). Section recodified to R17-1-204 at 7 A.A.R. 3477, effective July 20, 2001 (Supp. 01-3). New Section made by final rulemaking at 13 A.A.R. 684, effective April 9, 2007 (Supp. 07-1). Section expired under A.R.S. § 41-1056(J) at 23 A.A.R. 34, effective June 30, 2016 (Supp. 16-4).

**R17-4-704. Requirements for an HME**

To receive an HME an applicant shall:

1. Possess a valid Arizona CDL,
2. Be at least 21 years of age,
3. Successfully complete all required testing under R17-4-705,
4. Pay all applicable fees under R17-4-706,
5. Make application to TSA for a Security Threat Assessment, and
6. Receive a Determination of No Security Threat from TSA.

**Historical Note**

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

Adopted effective October 6, 1983 (Supp. 83-5). Former Section R17-4-49 renumbered without change as Section R17-4-704 (Supp. 87-2). Amended by final rulemaking at 7 A.A.R. 3834, effective August 10, 2001 (Supp. 01-3). Section recodified to R17-4-512 at 7 A.A.R. 4157, effective September 7, 2001 (Supp. 01-3). New Section made by final rulemaking at 13 A.A.R. 684, effective April 9, 2007 (Supp. 07-1).

**R17-4-705. Required Testing**

- A. Original and renewal applicants shall successfully complete the testing requirements under A.R.S. § 28-3223.
- B. A transfer applicant shall be required to comply with HME knowledge test requirements under A.R.S. § 28-3223 and pay any applicable fee under R17-4-706.

**Historical Note**

Adopted effective August 2, 1978 (Supp. 78-4). Former Section R17-4-61 renumbered without change as Section R17-4-705 (Supp. 87-2). Section recodified to R17-4-510 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). New Section made by final rulemaking at 13 A.A.R. 684, effective April 9, 2007 (Supp. 07-1). Amended by final rulemaking at 13 A.A.R. 3368, effective November 10, 2007 (Supp. 07-3). Amended by final rulemaking at 24 A.A.R. 1543, effective May 1, 2018 (Supp. 18-2). Amended by final rulemaking at 31 A.A.R. 1954 (June 20, 2025), with an immediate effective date of June 4, 2025 (Supp. 25-2).

**R17-4-706. Fees**

All applicants and transfer applicants shall pay all applicable fees as prescribed by:

1. TSA for a Security Threat Assessment, and
2. A.R.S. § 28-3002.

**Historical Note**

Former Rule, General Order 96. Former Section R17-4-39 renumbered without change as Section R17-4-706 (Supp. 87-2). Section recodified to R17-4-407 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). New Section made by final rulemaking at 13 A.A.R. 684, effective April 9, 2007 (Supp. 07-1). Amended by final rulemaking at 24 A.A.R. 1543, effective May 1, 2018 (Supp. 18-2).

**R17-4-707. 60-Day Notice to Apply**

- A. The Department shall notify an existing HME holder that a new Security Threat Assessment shall be successfully passed to retain the HME 60 days prior to the expiration of the Security Threat Assessment and the corresponding HME.
- B. Upon expiration of the Department's 60 Day Notice to Apply, the Department shall cancel the Arizona driver license privileges of an applicant who fails to apply for a Security Threat Assessment and fails to remove the HME.

**Historical Note**

Adopted as an emergency effective April 24, 1985, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 85-2). Emergency expired. Former Section R17-4-66 renumbered and reserved as R17-4-707 (Supp. 87-2). New Section R17-4-66 adopted and renumbered as Section R17-4-707 effective August 11, 1987 (Supp. 87-3). Amended by final rulemaking at 6 A.A.R. 4668, November 14, 2000 (Supp. 00-4). Section recodified to R17-1-203 at 7 A.A.R. 3477, effective July 20, 2001 (Supp. 01-3). New Section made by final rulemaking at 13 A.A.R.

684, effective April 9, 2007 (Supp. 07-1). Amended by final rulemaking at 24 A.A.R. 1543, effective May 1, 2018 (Supp. 18-2). Amended by final rulemaking at 31 A.A.R. 1954 (June 20, 2025), with an immediate effective date of June 4, 2025 (Supp. 25-2).

**R17-4-708. Security Threat Assessment**

- A. An applicant for an HME shall successfully pass a Security Threat Assessment every five years.
- B. An applicant subject to any of the following actions, as defined in A.R.S. § 28-3001, shall obtain a new Security Threat Assessment and HME:
  1. Cancellation,
  2. Suspension for a period of one year or more,
  3. Expiration for a period of one year or more, and
  4. Revocation for a period of one year or more.

**Historical Note**

Adopted effective January 13, 1993 (Supp. 93-1). Section recodified to R17-4-310 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). New Section made by final rulemaking at 13 A.A.R. 684, effective April 9, 2007 (Supp. 07-1). Amended by final rulemaking at 27 A.A.R. 2730 (November 26, 2021), with an immediate effective date of November 2, 2021 (Supp. 21-4).

**R17-4-709. Determination of Security Threat**

Upon notification by TSA that an applicant has failed to successfully pass the Security Threat Assessment:

1. For an original applicant:
  - a. The Department will deny the request for an HME; and
  - b. If otherwise qualified, the applicant may apply for a CDL without an HME.
2. For a renewal applicant:
  - a. The Department shall immediately cancel the HME.
  - b. The Department will notify an HME applicant with a Notice of Action that the applicant has 15 days from the notice date to have the HME removed.
  - c. The applicant shall visit a Motor Vehicle Division Customer Service office for removal of the HME.
  - d. If the applicant fails to comply with the Department's Notice of Action, the Department shall cancel the applicant's Arizona driver license privilege.
  - e. Upon removal of an HME by the Department under this Section, an applicant, if otherwise qualified, may continue to hold a CDL.

**Historical Note**

Adopted by an emergency action effective December 1, 1998, pursuant to A.R.S. § 41-1026, effective for a maximum of 180 days (Supp. 98-4). Emergency expired May 29, 1999; Section renewed and amended by emergency rulemaking, pursuant to A.R.S. § 41-1026, at 5 A.A.R. 2433, effective July 7, 1999 for a maximum of 180 days (Supp. 99-3). Emergency Section expired January 3, 2000, pursuant to A.R.S. § 1026(C); new Section adopted by final rulemaking at 6 A.A.R. 549, effective January 11, 2000 (Supp. 00-1). Amended by final rulemaking at 7 A.A.R. 59, effective December 7, 2000 (Supp. 00-4). Section recodified to R17-5-601 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). New Section made by final rulemaking at 13 A.A.R. 684, effective April 9, 2007 (Supp. 07-1). Amended by final rulemaking at 24 A.A.R. 1543, effective May 1, 2018 (Supp. 18-2). Amended by final rulemaking at 27 A.A.R. 2730

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

(November 26, 2021), with an immediate effective date of November 2, 2021 (Supp. 21-4).

**R17-4-709.01. Recodified****Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 549, effective January 11, 2000 (Supp. 00-1). Section recodified to R17-5-602 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3).

**R17-4-709.02. Recodified****Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 549, effective January 11, 2000 (Supp. 00-1). Section recodified to R17-5-603 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3).

**R17-4-709.03. Recodified****Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 549, effective January 11, 2000 (Supp. 00-1). Section recodified to R17-5-604 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3).

**R17-4-709.04. Recodified****Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 549, effective January 11, 2000 (Supp. 00-1). Amended by final rulemaking at 7 A.A.R. 59, effective December 7, 2000 (Supp. 00-4). Section recodified to R17-5-605 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3).

**R17-4-709.05. Recodified****Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 549, effective January 11, 2000 (Supp. 00-1). Section recodified to R17-5-606 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3).

**R17-4-709.06. Recodified****Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 549, effective January 11, 2000 (Supp. 00-1). Section recodified to R17-5-607 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3).

**Appendix A. Recodified****Historical Note**

Appendix A adopted by an emergency action effective December 1, 1998, pursuant to A.R.S. § 41-1026, effective for a maximum of 180 days (Supp. 98-4). Emergency expired May 29, 1999; Appendix A renewed and amended by emergency rulemaking, pursuant to A.R.S. § 41-1026, at 5 A.A.R. 2433, effective July 7, 1999 for a maximum of 180 days (Supp. 99-3). Emergency Appendix A expired January 3, 2000, pursuant to A.R.S. § 1026(C); new Appendix A adopted by final rulemaking at 6 A.A.R. 549, effective January 11, 2000 (Supp. 00-1). Amended by final rulemaking at 7 A.A.R. 59, effective December 7, 2000 (Supp. 00-4). Appendix recodified to 17 A.A.C. 5, Article 6 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3).

**Appendix B. Recodified****Historical Note**

Appendix B adopted by an emergency action effective December 1, 1998, pursuant to A.R.S. § 41-1026, effective for a maximum of 180 days (Supp. 98-4). Emergency expired May 29, 1999; Appendix B renewed and amended by emergency rulemaking, pursuant to A.R.S. § 41-1026, at 5 A.A.R. 2433, effective July 7, 1999 for a maximum of 180 days (Supp. 99-3). Emergency Appendix B expired January 3, 2000, pursuant to A.R.S. § 1026(C); new Appendix B adopted by final rulemaking at 6 A.A.R. 549, effective January 11, 2000 (Supp. 00-1). Appendix recodified to 17 A.A.C. 5, Article 6 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3).

**Appendix C. Recodified****Historical Note**

Appendix C adopted by an emergency action effective December 1, 1998, pursuant to A.R.S. § 41-1026, effective for a maximum of 180 days (Supp. 98-4). Emergency expired May 29, 1999; Appendix C renewed by emergency rulemaking, pursuant to A.R.S. § 41-1026, at 5 A.A.R. 2433, effective July 7, 1999 for a maximum of 180 days (Supp. 99-3). Emergency Appendix C expired January 3, 2000, pursuant to A.R.S. § 1026(C); new Appendix C adopted by final rulemaking at 6 A.A.R. 549, effective January 11, 2000 (Supp. 00-1). Appendix recodified to 17 A.A.C. 5, Article 6 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3).

**R17-4-709.07. Recodified****Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 549, effective January 11, 2000 (Supp. 00-1). Amended by final rulemaking at 7 A.A.R. 59, effective December 7, 2000 (Supp. 00-4). Section recodified to R17-5-608 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3).

**R17-4-709.08. Recodified****Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 549, effective January 11, 2000 (Supp. 00-1). Section recodified to R17-5-609 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3).

**R17-4-709.09. Recodified****Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 654, effective January 11, 2000 (Supp. 00-1). Amended by final rulemaking at 7 A.A.R. 59, effective December 7, 2000 (Supp. 00-4). Section recodified to R17-5-610 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3).

**Exhibit A. Recodified****Historical Note**

New Form adopted by final rulemaking at 6 A.A.R. 654, effective January 11, 2000 (Supp. 00-1). Heading "Form A" changed to "Exhibit A" to conform with R1-1-412 (Supp. 00-3). Exhibit recodified to 17 A.A.C. 5, Article 6 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3).

**Exhibit B. Recodified****Historical Note**

New Exhibit adopted by final rulemaking at 7 A.A.R. 59, effective December 7, 2000 (Supp. 00-4). Exhibit recodi-

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

fied to 17 A.A.C. 5, Article 6 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3).

**R17-4-709.10. Recodified****Historical Note**

New Section adopted by final rulemaking at 7 A.A.R. 59, effective December 7, 2000 (Supp. 00-4). Section recodified to R17-4-408 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3).

**R17-4-710. Requests for Administrative Hearing**

- A. In the event an applicant has failed to successfully complete the Security Threat Assessment or failed to receive a Determination of No Security Threat, the applicant may make an appeal directly through TSA, but cannot request an administrative hearing from the Department.
- B. An applicant whose Arizona driver license privileges have been canceled under R17-4-707 or R17-4-709 may request an administrative hearing from the Department as prescribed under 17 A.A.C. 1, Article 5. The hearing is held in accordance with the procedures prescribed under A.R.S. Title 41, Chapter 6, Article 6 and 17 A.A.C. 1, Article 5.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 2928, effective August 5, 1999 (Supp. 99-3). Section recodified to R17-1-101 at 7 A.A.R. 919, effective January 24, 2001 (Supp. 01-1). New Section made by final rulemaking at 13 A.A.R. 684, effective April 9, 2007 (Supp. 07-1). Amended by final rulemaking at 24 A.A.R. 1543, effective May 1, 2018 (Supp. 18-2).

**R17-4-711. Expired****Historical Note**

New Section made by final rulemaking at 13 A.A.R. 684, effective April 9, 2007 (Supp. 07-1). Section expired under A.R.S. § 41-1056(J) at 23 A.A.R. 34, effective June 30, 2016 (Supp. 16-4).

**R17-4-712. Transfer Applicant**

- A. Applicability. A transfer applicant shall comply with the provisions of this Article except as otherwise required by this Section.
- B. Existing TSA approval. Upon application by a transfer applicant who has successfully passed a Security Threat Assessment prior to application in Arizona, the Department shall:
  1. Verify the TSA approval of a Determination of No Security Threat;
  2. Issue an Arizona CDL with an HME; and
  3. Consider an applicant who has been subject to any action under R17-4-708(B) an original applicant and shall require the applicant to undergo a new Security Threat Assessment and testing requirements under R17-4-705.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 3368, effective November 10, 2007 (Supp. 07-3). Amended by final rulemaking at 24 A.A.R. 1543, effective May 1, 2018 (Supp. 18-2).

**Table A. Recodified****Historical Note**

Table A adopted by final rulemaking at 5 A.A.R. 2928, effective August 5, 1999 (Supp. 99-3). Table recodified to 17 A.A.C. 1, Article 1 at 7 A.A.R. 919, effective January 24, 2001 (Supp. 01-1).

**ARTICLE 8. MOTOR VEHICLE RECORDS****R17-4-801. Definitions**

“Batch” means a query-command method that initiates simultaneous production of an electronic file or series of requests that may have delayed results.

“Certified record” means a copy of a document designated as a true copy by the agency officer entrusted with custody of the original to be used for purposes prescribed under A.R.S. § 28-442.

“Commercial driver license record” has the same meaning as a CDLIS motor vehicle record as defined in 49 CFR 384.105.

“Customer number” means the system-generated, or other distinguishing number, assigned by the Department to each person with a record on the Department’s database, which includes the driver license number assigned to a person for a driver license, identification card, or instruction permit.

“Driver record” means a motor vehicle record more specifically defined to include any data that pertains to a driver license, identification card, instruction permit, or driver related activities.

“Interactive” means an electronic query-command method individually initiated by a person that produces immediate results.

“Reasonable costs” has the same meaning as defined in A.R.S. § 12-351.

“Requester” means the person, as defined in A.R.S. § 41-1001, requesting a motor vehicle record.

“Special MVR” means a motor vehicle record that is comprised of the least possible subset of information necessary to respond to the type of request received.

“Support document” means any customer record maintained by the Department in an electronic, hardcopy, or microfilm file storage format.

“Title and registration record” means a motor vehicle record more specifically defined to include any data that pertains to a vehicle title or registration record.

**Historical Note**

Adopted effective June 29, 1990 (Supp. 90-2). Section recodified to R17-5-701 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). New Section made by final rulemaking at 13 A.A.R. 4376, effective February 2, 2008 (Supp. 07-4). Amended by final expedited rulemaking at 24 A.A.R. 3498, effective December 4, 2018 (Supp. 18-4).

**R17-4-802. Motor Vehicle Record Request**

- A. Identification requirements. The requester of a motor vehicle record shall present valid identification as indicated on the motor vehicle record request form or at the request of the Department at the time a motor vehicle record request is made.
- B. Charges and exemptions. The requester of a motor vehicle record shall pay the appropriate motor vehicle record copy charge under R17-4-803, unless exempt under A.R.S. § 28-446.
- C. Motor vehicle record types. Under this Article, the Department may release any of the following motor vehicle record types:
  1. Title and Registration record, uncertified;
  2. Title and Registration record, certified;
  3. Driver 39-month record, uncertified;

## TITLE 17. TRANSPORTATION

## CHAPTER 4. DEPARTMENT OF TRANSPORTATION - TITLE, REGISTRATION, AND DRIVER LICENSES

4. Driver five-year record, certified;
  5. Driver extended history record, certified;
  6. Special MVR, uncertified;
  7. Commercial driver license record, uncertified;
  8. Support documents, uncertified; and
  9. Support documents, certified.
- D. Search Criteria.** A requester who has a permissible use under A.R.S. § 28-455, except as indicated under subsection (E) when using the permissible use under A.R.S. § 28-455(C)(11), shall provide at least one of the items of information listed in this subsection when requesting a motor vehicle record. The requester may need to provide additional information as needed in order to locate the record.
1. For a title and registration motor vehicle record:
    - a. Vehicle identification number,
    - b. License plate number, or
    - c. Vehicle owner's full name.
  2. For a driver motor vehicle record:
    - a. The full name of the person whose record is requested, or
    - b. Customer number.
- E. Consent to release motor vehicle record.** A requester who uses the permissible use under A.R.S. § 28-455(C)(13) shall present a properly signed Consent To Release Motor Vehicle Record - One-Time form from the person whose motor vehicle record is requested. A requester who uses the permissible use under A.R.S. § 28-455(C)(11) shall present a properly signed Consent To Release Motor Vehicle Record - General form from the person whose motor vehicle record is requested if that person has not previously submitted this form to the Department. In addition, a requester who uses the permissible use under A.R.S. § 28-455(C)(11) shall provide the items of information listed in this subsection. The Consent To Release Motor Vehicle Record forms are available at all Customer Service and Authorized Third Party Provider offices and online at <https://www.azdot.gov>.
1. For a title and registration motor vehicle record:
    - a. Two items under subsection (D)(1), and
    - b. The vehicle owner's residence address.
  2. For a driver motor vehicle record:
    - a. The name and customer number of the person whose record is requested, and
    - b. The person's date of birth, or
    - c. The person's address, or
    - d. The person's Arizona driver license expiration date.
- F. General consent to release information.** The Department shall record a person's general consent to release information on the person's driver and title and registration records.
1. The general consent to release information is valid until revoked, in writing, by the person.
  2. A person may submit the written notice of revocation:
    - a. In person, at a Customer Service office or Authorized Third Party Provider; or
    - b. By mail, to Motor Vehicle Division, P.O. Box 2100, Mail Drop 500M, Phoenix, AZ 85001-2100.
- G. Insurance companies requesting a driver record.** The Department shall not release to an insurer, broker, managing general agent, authorized agent or insurance producer any information in a person's driving record pertaining to a traffic violation that occurred 40 months or more before the date of a request for the release of the information.

**Historical Note**

Adopted effective August 16, 1991 (Supp. 91-3). Section repealed, new Section adopted effective April 19, 1994 (Supp. 94-2). Section recodified to R17-4-508 at 7 A.A.R. 3479, effective July 20, 2001 (Supp. 01-3). New Section made by final rulemaking at 13 A.A.R. 4376, effective February 2, 2008 (Supp. 07-4). Amended by final expedited rulemaking at 24 A.A.R. 3498, effective December 4, 2018 (Supp. 18-4).

**R17-4-803. Record Copy Charges**

In accordance with A.R.S. §§ 12-351 and 28-446, for each separate request, the Department shall assess a charge as provided in Table 1. Certified and Uncertified Motor Vehicle Record Fees. Therefore, a fee is collected if the request results in a motor vehicle record or "No Record Found."

**Historical Note**

New Section made by final expedited rulemaking at 24 A.A.R. 3498, effective December 4, 2018 (Supp. 18-4).

**Table 1. Certified and Uncertified Motor Vehicle Record Fees**

Description	Method of Delivery	Amount
A certified record:	Over-the-counter immediate or drop-off service; Mail-in request; or Electronic interactive.	\$5
	Electronic batch.	\$3
A certified support document:	Over-the-counter immediate or drop-off service; or Mail-in request.	\$5
An uncertified record:	Over-the-counter immediate service; Mail-in request; or Electronic interactive.	\$3
	Electronic batch; or Over-the-counter drop-off service.	\$2
An uncertified support document:	Over-the-counter immediate or drop-off service; or Mail-in request.	\$3
An uncertified Special MVR:	Over-the-counter immediate or drop-off service; Mail-in request; or Electronic interactive.	\$1.50
Civil subpoena support documentation:	Served by a process server.	Reasonable costs
Any photocopied item: (Does not include... etc.)	Over-the-counter immediate or drop-off service; or Mail-in request.	25¢ per page

**The release of this Chapter in Supp. 25-4 replaces Supp. 25-2, 1-47 pages.**

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “*Rule*’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2025 is cited as Supp. 25-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. The Office links to these codified Sections in the Table of Contents of this Chapter.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

<i>Arizona Administrative Code</i> <u>Publisher</u> Department of State Office of the Secretary of State Administrative Rules Division	Published electronically under the authority of A.R.S. § 41-1012. Authentication authorized under Arizona Revised Statutes, Chapter 54, Uniform Electronic Legal Material Act.	Mailing Address: Administrative Rules Division Office of the Secretary of State 1700 W. ## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

**ARTICLE 1. GENERAL PROVISIONS****ARTICLE 2. MOTOR CARRIERS****R17-5-201. Definitions**

In addition to the definitions provided under A.R.S. §§ 28-3001 and 28-5201, the following definitions apply to this Article unless otherwise specified:

“Audit” means any inspection of a transporter’s motor vehicle, equipment, books, or records to determine compliance with this Article and A.R.S. Title 28, Chapter 14.

“Co-applicant” means an employer or potential employer.

“Danger to public safety” means any condition of a transporter likely to result in serious peril to the public if not discontinued immediately.

“Department” has the same meaning as defined in A.R.S. § 28-101.

“Director” means the Director of the Arizona Department of Transportation or the Director’s designated agent.

“Executive Hearing Office” means the Arizona Department of Transportation’s Executive Hearing Office.

“Medical waiver evaluation summary” means the form, provided by the Department, to be completed by either a board-qualified or board-certified orthopedic surgeon or physiatrist and mailed to the Department, at the address provided on the form, on behalf of an Arizona intrastate medical waiver applicant.

“Physiatrist” means a doctor of medicine specialized in physical medicine and rehabilitation.

“Transporter” means any person, driver, motor carrier, shipper, manufacturer, or motor vehicle, including any motor vehicle transporting a hazardous material, hazardous substance, or hazardous waste, subject to this Article and A.R.S. Title 28, Chapter 14.

“Violation” means any conduct, act, or failure to act required or prohibited under this Article and A.R.S. Title 28, Chapter 14.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 3249, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 14 A.A.R. 3797, effective November 8, 2008 (Supp. 08-3). Amended by final rulemaking at 17 A.A.R. 1691, effective August 2, 2011 (Supp. 11-3).

Amended by final rulemaking at 27 A.A.R. 2734 (November 26, 2021), with an immediate effective date of November 2, 2021 (Supp. 21-4). Amended by final rulemaking at 31 A.A.R. 1958 (June 20, 2025), with an immediate effective date of June 4, 2025 (Supp. 25-2).

**R17-5-202. Motor Carrier Safety: Incorporation of Federal Regulations; Applicability**

- A. The Department incorporates by reference 49 CFR 40, 379, 382, 383, 385, 390 (except 390.23, 390.25 and the definitions of “direct assistance” and “emergency” in 390.5 and 390.5T), 391, 392, 393, 395, 396, 397, and 399, revised as of October 1, 2023, and no later amendments or editions, as amended under this Article. The Department incorporates by reference 49 CFR 390.23, 390.25, and the definitions of “direct assistance,” “emergency,” and “residential heating fuel” in 390.5 and 390.5T as published in 88 FR 70897, October 13, 2023, and no later amendments or editions, as amended under this Article.

The incorporated material is on file with the Department at 206 S. 17th Avenue, Phoenix, AZ 85007. The incorporated material is published by National Archives and Records Administration, Office of the Federal Register, 8601 Adelphi Road, College Park, MD 20740-6001, and is printed and distributed by the U.S. Government Publishing Office, P.O. Box 979050, St. Louis, MO 63197-9000. The incorporated material can be viewed online at <https://www.govinfo.gov> and ordered online by visiting the U.S. Government Bookstore at <http://bookstore.gpo.gov>.

- B. The sections of 49 CFR incorporated under subsection (A) apply as amended under this Article to all intrastate and interstate motor carriers operating in Arizona and persons operating a commercial motor vehicle.

**Historical Note**

New Section recodified from R17-4-435 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 3249, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 9 A.A.R. 1867, effective June 3, 2003 (Supp. 03-2). Amended by final rulemaking at 10 A.A.R. 2679, effective June 8, 2004 (Supp. 04-2). Amended by final rulemaking at 12 A.A.R. 1559, effective May 2, 2006 (Supp. 06-2). Amended by final rulemaking at 14 A.A.R. 3797, effective November 8, 2008 (Supp. 08-3). Amended by final rulemaking at 17 A.A.R. 1691, effective August 2, 2011 (Supp. 11-3). Amended by final rulemaking at 20 A.A.R. 2382, effective August 5, 2014 (Supp. 14-3). Amended by final rulemaking at 24 A.A.R. 1549, effective May 1, 2018 (Supp. 18-2). Amended by final rulemaking at 27 A.A.R. 2734 (November 26, 2021), with an immediate effective date of November 2, 2021 (Supp. 21-4). Amended by final rulemaking at 31 A.A.R. 1958 (June 20, 2025), with an immediate effective date of June 4, 2025 (Supp. 25-2).

**R17-5-203. Motor Carrier Safety: 49 CFR 390 - Federal Motor Carrier Safety Regulations; General**

- A. 49 CFR 390.3T, General applicability. Paragraph (a)(1) is amended to read:

Regulations incorporated in this subchapter are applicable to all motor carriers operating in Arizona and any vehicle owned or operated by the state, a political subdivision, or a state public authority that is used to transport a hazardous material in an amount requiring the vehicle to be placarded as prescribed under R17-5-209.

- B. 49 CFR 390.5T, Definitions. The definitions listed under 49 CFR 390.5T are amended as follows:

“Commercial Motor Vehicle” or “CMV” has the same meaning as defined in A.R.S. § 28-5201.

“Emergency relief” is deleted.

“Shipper” has the same meaning as defined in A.R.S. § 28-5201.

“Special agent” means an officer or agent of the Department, the Arizona Department of Public Safety, or a political subdivision, who is trained and certified by the Arizona Department of Public Safety to enforce Arizona’s Motor Carrier Safety requirements.

“State” means a state of the United States or the District of Columbia.

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

“Tow truck,” as used in the definition of emergency under 49 CFR 390.5T, has the same meaning as defined in A.A.C. R13-3-701.

- C. 49 CFR 390.19T, Motor carrier, hazardous material safety permit applicant/holder, and intermodal equipment provider identification reports. Paragraph (a)(1) is amended to read:  
A U.S.-, Canada-, Mexico-, or non-North America-domiciled motor carrier conducting operations in interstate commerce or in intrastate commerce in a CMV must file a Motor Carrier Identification Report, Form MCS-150.
- D. 49 CFR 390.23, Automatic relief from regulations. Paragraph (c) is amended to read:  
Local emergencies. Sections 395.3 and 395.5 of this chapter shall not apply to a motor carrier or driver operating a commercial motor vehicle so long as the motor carrier or driver is providing direct assistance during an emergency declared by a Federal, State, or local government official having authority to declare an emergency or an emergency situation exists under A.R.S. § 28-5234(B) for the period of such assistance or five days from the date of the initial declaration of emergency, whichever is less. A motor carrier may request the exemption by contacting Commercial Vehicle Enforcement at the Arizona Department of Public Safety, Highway Patrol Division, P.O. Box 6638, Phoenix, AZ 85005. The Arizona Department of Public Safety may grant the exemption with or without restrictions as necessary to provide vital service to the public.
- E. 49 CFR 390.25, Extension or modification of relief from regulations - emergencies. Paragraph (a) is amended by adding:  
A motor carrier seeking to extend a period of relief from these regulations may request the extension by contacting Commercial Vehicle Enforcement at the Arizona Department of Public Safety, Highway Patrol Division, P.O. Box 6638, Phoenix, AZ 85005. The Arizona Department of Public Safety may grant the extension with any restrictions it considers necessary to provide vital service to the public.

**Historical Note**

New Section recodified from R17-4-435.01 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 3249, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 9 A.A.R. 1867, effective June 3, 2003 (Supp. 03-2). Amended by final rulemaking at 11 A.A.R. 862, effective February 1, 2005 (Supp. 05-1). Amended by final rulemaking at 12 A.A.R. 1559, effective May 2, 2006 (Supp. 06-2). Amended by final rulemaking at 13 A.A.R. 2636, effective July 10, 2007 (Supp. 07-3). Amended by final rulemaking at 20 A.A.R. 2382, effective August 5, 2014 (Supp. 14-3). Amended by final rulemaking at 24 A.A.R. 1549, effective May 1, 2018 (Supp. 18-2). Amended by final rulemaking at 27 A.A.R. 2734 (November 26, 2021), with an immediate effective date of November 2, 2021 (Supp. 21-4). Amended by final rulemaking at 31 A.A.R. 1958 (June 20, 2025), with an immediate effective date of June 4, 2025 (Supp. 25-2).

**R17-5-204. Motor Carrier Safety: 49 CFR 391 - Qualifications of Drivers and Longer Combination Vehicle (LCV) Driver Instructors**

- A. 49 CFR 391.11, General qualifications of drivers. Paragraph (b)(1) is amended to read:  
Is at least 21 years of age for interstate operation or is at least 18 years of age for operations restricted to intrastate transportation not involving the transportation of a reportable quantity of hazardous substance, hazardous waste required to be manifested, or hazardous material in an amount requiring a vehicle to be placarded as prescribed under R17-5-209;
- B. 49 CFR 391.51, General requirements for driver qualification files. Paragraph (b)(7) is amended to read:  
A Skill Performance Evaluation Certificate issued by FMCSA in accordance with § 391.49; or the Medical Exemption document, issued by a Federal medical program in accordance with part 381 of this chapter; or a copy of the Arizona intrastate medical waiver, if a waiver is granted by the Director as prescribed under R17-5-208.

**Historical Note**

New Section recodified from R17-4-435.02 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 14 A.A.R. 3797, effective November 8, 2008 (Supp. 08-3). Amended by final rulemaking at 17 A.A.R. 1691, effective August 2, 2011 (Supp. 11-3). Amended by final rulemaking at 20 A.A.R. 2382, effective August 5, 2014 (Supp. 14-3). Amended by final rulemaking at 31 A.A.R. 1958 (June 20, 2025), with an immediate effective date of June 4, 2025 (Supp. 25-2).

**R17-5-205. Motor Carrier Safety: 49 CFR 383 - Commercial Driver's License Standards; Requirements and Penalties**

- A. 49 CFR 383.5, Definitions. The definitions listed under 49 CFR 383.5 are amended as follows:  
“Commercial motor vehicle” or “CMV” has the same meaning as defined in A.R.S. § 28-3001.  
“Conviction” has the same meaning as defined in A.R.S. § 28-3001.  
“Disqualification” has the same meaning as defined in A.R.S. § 28-3001.  
“Motor vehicle” has the same meaning as defined in A.R.S. § 28-101.  
“Out-of-service order” has the same meaning as defined in A.R.S. § 28-5241.  
“School bus” has the same meaning as defined in A.R.S. § 28-101.  
“Tank vehicle” has the same meaning as defined in A.R.S. § 28-3103.
- B. 49 CFR 383.71, Driver application and certification procedures. Paragraphs (b)(1)(ii), Excepted interstate, and (b)(1)(iv), Excepted intrastate, are deleted.
- C. 49 CFR 383.73, State procedures.  
1. Paragraph (c)(4) is amended to read:  
If such applicant wishes to retain a hazardous materials endorsement, require compliance with standards for such endorsement specified in §§ 383.71(b)(8) and 383.141 and ensure that the driver has successfully completed a new test for such endorsement specified in § 383.121.  
2. Paragraphs (c)(4)(i) and (c)(4)(ii) are deleted.  
3. Paragraph (f)(2)(ii) is amended to read:  
The state must add the word “non-domiciled” to the face of the CLP or CDL, in accordance with § 383.153(c) or

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

“limited-term” to the face of the CLP or CDL, in accordance with 6 CFR 37.21; and

- D. 49 CFR 383.75, Third party testing. Paragraph (a)(8)(v) is amended to read:

Require the third party tester to initiate and maintain a surety bond in an amount pursuant to A.R.S. Title 28, Chapter 13 to be sufficient to pay for re-testing drivers in the event that the third party or one or more of its examiners is involved in fraudulent activities related to conducting skills testing of applicants for a CDL. Exception: A third party tester that is a government entity is not required to maintain a surety bond. A provider exempted under A.R.S. Title 28, Chapter 13, is responsible for all costs associated with all re-testing of applicants due to examination fraud as determined by the Department.

- E. 49 CFR 383.153, Information on the CLP and CDL documents and applications. The introductory sentence in paragraph (e) is amended to read:

Before a CLP or CDL may be issued:

#### Historical Note

New Section recodified from R17-4-435.03 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 3249, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 14 A.A.R. 3797, effective November 8, 2008 (Supp. 08-3). Section repealed by final rulemaking at 17 A.A.R. 1691, effective August 2, 2011 (Supp. 11-3). New Section made by final rulemaking at 20 A.A.R. 2382, effective August 5, 2016 (Supp. 14-3). Amended by final rulemaking at 24 A.A.R. 1549, effective May 1, 2018 (Supp. 18-2). Amended by final rulemaking at 27 A.A.R. 2734 (November 26, 2021), with an immediate effective date of November 2, 2021 (Supp. 21-4). Amended by final rulemaking at 31 A.A.R. 1958 (June 20, 2025), with an immediate effective date of June 4, 2025 (Supp. 25-2).

#### R17-5-206. Motor Carrier Safety: 49 CFR 392 - Driving of Commercial Motor Vehicles

- A. 49 CFR 392.5, Alcohol prohibition. Paragraph (e) is amended by adding:
- Drivers who violate the terms of an out-of-service order as prescribed under this section are also subject to the provisions and sanctions of A.R.S. § 28-5241.
- B. 49 CFR 392.9b, Prohibited transportation.
- Paragraph (a) is amended to read:  
Safety registration required. A commercial motor vehicle providing transportation in interstate commerce or in intrastate commerce must not be operated without a safety registration and an active USDOT Number.
  - Paragraph (b), Penalties, is amended to read:  
Penalties. If it is determined that the motor carrier responsible for the operation of such a vehicle is operating in violation of paragraph (a) of this section, it may be subject to penalties in accordance with 49 U.S.C. 521 and A.R.S. §§ 28-5240 and 28-5241.

#### Historical Note

New Section recodified from R17-4-435.04 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 9 A.A.R. 1867, effective June 3, 2003 (Supp. 03-2). Amended by final rulemaking at 14 A.A.R. 3797, effective November 8, 2008 (Supp. 08-3). Amended by final rulemaking at 17 A.A.R. 1691, effective August 2, 2011 (Supp. 11-3). Amended by final rulemaking at 24 A.A.R. 1549, effective May 1, 2018

(Supp. 18-2). Amended by final rulemaking at 27 A.A.R. 2734 (November 26, 2021), with an immediate effective date of November 2, 2021 (Supp. 21-4). Amended by final rulemaking at 31 A.A.R. 1958 (June 20, 2025), with an immediate effective date of June 4, 2025 (Supp. 25-2).

#### R17-5-207. Civil Penalties

To determine the amount of civil penalty for repeat findings of responsibility for the same class of violations involving vehicles required to be placarded, the higher level of civil penalty as prescribed under A.R.S. § 28-5238 applies.

#### Historical Note

New Section recodified from R17-4-435.05 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 14 A.A.R. 3797, effective November 8, 2008 (Supp. 08-3).

#### R17-5-208. Commercial Driver License Intrastate Medical Waiver; Intrastate Alternative Physical Qualification Standards for the Loss or Impairment of Limbs

- A. A person who is not physically qualified to drive a commercial motor vehicle in intrastate commerce due to loss of limb or limb impairment, as provided under 49 CFR 391.41(b)(1) or (b)(2), but otherwise meets all other requirements under 49 CFR 391.41, may operate a commercial motor vehicle in intrastate commerce if granted an intrastate medical waiver by the Director. Application for an intrastate medical waiver shall be submitted according to subsection (B).
- B. A driver applicant, or a driver applicant jointly with the motor carrier co-applicant that will employ the driver applicant, shall complete and submit the applicable intrastate medical waiver application to the Department's Medical Review Program, P.O. Box 2100, Mail Drop 818Z, Phoenix, AZ 85001-2100, with the following information as applicable:
- Identify the applicant:
    - Name and complete address of the driver applicant;
    - Name and complete address of the motor carrier co-applicant;
    - U.S. Department of Transportation motor carrier identification number, if known; and
    - A description of the driver applicant's limb impairment as applicable to the type of waiver being requested;
  - Describe the type of operation the driver applicant will be employed to perform, including the following information (if known):
    - Average period of time the driver will be driving or on duty, per day;
    - Type of commodities or cargo to be transported;
    - Type of driver operation (i.e., sleeper team, relay, owner operator, etc.); and
    - Number of years experience operating each type of commercial motor vehicle requested in the intrastate medical waiver application and total years of experience operating all types of commercial motor vehicles;
  - Describe the commercial motor vehicles the driver applicant intends to drive:
    - Truck, truck tractor, or bus make, model, and year (if known);
    - Drive train:
      - Transmission type (automatic or manual - if manual, designate number of forward speeds);
      - Auxiliary transmission (if any) and number of forward speeds; and

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

- iii. Rear axle (designate single speed, two-speed, or three-speed);
    - c. Type of brake system;
    - d. Steering, manual or power assisted;
    - e. Description of types of trailers (i.e., van, flatbed, cargo tank, drop frame, lowboy, or pole);
    - f. Number of semitrailers or full trailers to be towed at one time;
    - g. For commercial motor vehicles designed to transport passengers, indicate the seating capacity of the commercial motor vehicle; and
    - h. Description of any modifications made to the commercial motor vehicle for the driver applicant, attach photographs where applicable;
  - 4. Include a certification statement:
    - a. The driver applicant shall certify that the driver applicant is otherwise qualified to drive a commercial motor vehicle under the regulations of 49 CFR 391 as adopted by the Department; and
    - b. In case of a co-applicant, the co-applicant motor carrier shall certify that the driver applicant is otherwise qualified to drive a commercial motor vehicle under the regulations of 49 CFR 391 as adopted by the Department; and
  - 5. Contain signature of each applicant and date signed:
    - a. The driver applicant's signature; and
    - b. The motor carrier official's signature and title if the application has a co-applicant. Depending on the motor carrier's organizational structure (corporation, partnership, or proprietorship), the signer of the application shall be an officer, partner, or the proprietor.
  - C. The completed intrastate medical waiver application for a driver applicant not physically qualified to drive under 49 CFR 391.41(b)(1) or (b)(2) shall be accompanied by:
    - 1. A copy of the medical examination report form, MCSA-5875, and medical examiner's certificate, form MCSA-5876, completed pursuant to 49 CFR 391.43;
    - 2. The Department's medical waiver evaluation summary completed by either a board-qualified or board-certified physiatrist or orthopedic surgeon. The co-applicant motor carrier or the driver applicant shall provide the physiatrist or orthopedic surgeon with a description of the job-related tasks the driver applicant will be required to perform:
      - a. The medical waiver evaluation summary for a driver applicant not physically qualified to drive under 49 CFR 391.41(b)(1) shall include:
        - i. An assessment of the functional capabilities of the driver as they relate to the ability of the driver to perform normal tasks associated with operating a commercial motor vehicle; and
        - ii. A statement by a board-qualified or board-certified physiatrist or orthopedic surgeon that the applicant is capable of demonstrating precision prehension (e.g., manipulating knobs and switches) and power grasp prehension (e.g., holding and maneuvering the steering wheel) with each upper limb separately;
      - b. The medical waiver evaluation summary for a driver applicant not physically qualified to drive under 49 CFR 391.41(b)(2) shall include:
        - i. An explanation as to how and why the impairment interferes with the ability of the applicant to perform normal tasks associated with operating a commercial motor vehicle;
  - ii. An assessment and medical opinion of whether the condition will likely remain medically stable over the lifetime of the driver applicant; and
      - iii. A statement by a board-qualified or board-certified physiatrist or orthopedic surgeon that the applicant is capable of demonstrating precision prehension (e.g., manipulating knobs and switches) and power grasp prehension (e.g., holding and maneuvering the steering wheel) with each upper limb separately;
  - 3. A description of the driver applicant's prosthetic or orthotic device worn, if any; and
  - 4. A copy of the driver applicant's state motor vehicle driving record for the past three years from each state in which a motor vehicle driver license or permit has been obtained.
- D. Agreement. A motor carrier that employs a driver subject to an intrastate medical waiver granted by the Director under subsection (A), whether the waiver was granted unilaterally to the driver, or to the driver and co-applicant motor carrier, shall agree to:
- 1. Report to the Department's Medical Review Program, P.O. Box 2100, Mail Drop 818Z, Phoenix, AZ 85001-2100, in writing, any suspension, revocation, disqualification, or withdrawal of the subject driver's driver license or permit, and any accident, arrest, or conviction involving the driver within 30 days after the occurrence;
  - 2. Provide to the Department's Medical Review Program, on request, any documents and information pertaining to the driving activities, accidents, arrests, convictions, and driver license or permit suspensions, revocations, disqualifications, or withdrawals involving the subject driver;
  - 3. Evaluate the subject driver with a road test using the trailer types the motor carrier intends the driver to transport, or alternatively accept a certificate of a trailer road test from another motor carrier if the trailer types are similar, or accept the trailer road test completed during the skill performance evaluation if trailer types are similar to that of the prospective motor carrier;
  - 4. Evaluate the subject driver for those non-driving safety related job tasks associated with each type of trailer that will be used and any other non-driving safety related or job related tasks unique to the operations of the employing motor carrier; and
  - 5. Use the subject driver to operate the type of commercial motor vehicle indicated on the intrastate medical waiver only when the driver is in compliance with the conditions and limitations of the waiver.
- E. A driver subject to an intrastate medical waiver, issued by the Director under subsection (A), shall supply each employing motor carrier with a copy of the intrastate medical waiver.
- F. The Department may require the driver applicant to demonstrate the driver applicant's ability to safely operate the commercial motor vehicle the driver intends to drive.
- G. If required by the Department during the application process, a driver applicant shall have a skill performance evaluation performed by a federally-certified state commercial driver license examiner at a Department commercial driver license facility when directed.
- H. If the Director grants an intrastate medical waiver under subsection (A) to the driver applicant, the Department shall mail

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

- to the driver applicant and co-applicant motor carrier (if applicable) written approval of the intrastate medical waiver describing the terms, conditions, and limitations of the waiver.
- I. The intrastate medical waiver granted by the Director under subsection (A) shall identify:
    1. The power unit (bus, truck, truck tractor) for which the waiver is granted; and
    2. The trailer type used in the skill performance evaluation, if applicable, without limiting the waiver to that specific trailer type.
  - J. A subject driver may use the intrastate medical waiver with other trailer types if the driver successfully completes:
    1. A trailer road test administered by the motor carrier under subsection (D)(3) for each type of trailer, and
    2. A non-driving safety related or job related task evaluation administered by the motor carrier under subsection (D)(4).
  - K. The intrastate medical waiver granted by the Director under subsection (A) is:
    1. Valid for a period of not more than two years from the date of issuance;
    2. Renewable 30 days prior to the expiration date; and
    3. Transferable from an original motor carrier co-applicant employer to a new motor carrier employer or to the subject driver, as a unilateral applicant if becoming self-employed, upon written notification to the Department's Medical Review Program, P.O. Box 2100, Mail Drop 818Z, Phoenix, AZ 85001-2100, stating the new employer's name and the type of equipment to be driven.
  - L. A driver subject to an intrastate medical waiver, issued by the Director under subsection (A), shall have the intrastate medical waiver (or a legible copy) in the subject driver's possession while on duty.
  - M. The motor carrier employing a subject driver shall maintain a copy of the intrastate medical waiver in its driver qualification file and retain the copy in the motor carrier's file for a period of three years after the driver's employment is terminated.
  - N. A driver subject to an intrastate medical waiver, or a driver subject to an intrastate medical waiver jointly with a motor carrier co-applicant, may renew an intrastate medical waiver by submitting to the Department's Medical Review Program, P.O. Box 2100, Mail Drop 818Z, Phoenix, AZ 85001-2100, a new intrastate medical waiver application. The intrastate medical waiver application shall contain the following:
    1. Name and complete address of the motor carrier currently employing the applicant;
    2. Name and complete address of the subject driver;
    3. Total miles driven under the current intrastate medical waiver;
    4. Number of accidents incurred while driving under the current intrastate medical waiver, including the date of each accident, number of fatalities, number of injuries, and the estimated dollar amount of any property damage;
    5. A current medical examination report and medical examiner's certificate completed pursuant to 49 CFR 391.43;
    6. A current medical waiver evaluation summary, as prescribed under subsection (C)(2);
    7. A copy of the subject driver's current state motor vehicle driving record for the period of time the current intrastate medical waiver has been in effect;
    8. Notification of any change in the type of tractor the driver will operate;
    9. Subject driver's signature and date signed; and
  10. Motor carrier co-applicant's signature and date signed (if applicable).
  - O. The Director may deny an application for the intrastate medical waiver or may grant the waiver in whole or in part and issue the waiver subject to such terms, conditions, and limitations as the Director deems consistent with the public interest.
  - P. The Director may revoke an intrastate medical waiver after providing the driver subject to an intrastate medical waiver written notice of the proposed revocation and a reasonable opportunity to request a hearing pursuant to the procedure prescribed under 17 A.A.C. 1, Article 5. The Director may revoke an intrastate medical waiver if the:
    1. Driver subject to an intrastate medical waiver, or co-applicant (if applicable), or both provided false information in the application,
    2. Driver subject to an intrastate medical waiver, or co-applicant (if applicable), or both failed to comply with the terms and conditions of the intrastate medical waiver, or
    3. Issuance of the intrastate medical waiver resulted in a lower level of safety than before the waiver was granted.
  - Q. If the enforcement of any provision of this Section would result in the loss or disqualification of federal funding for any state agency or program, that provision is invalid.

**Historical Note**

New Section recodified from R17-4-435.06 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 3249, effective July 10, 2002 (Supp. 02-3). Section repealed; new Section made by final rulemaking at 14 A.A.R. 3797, effective November 8, 2008 (Supp. 08-3). Amended by final rulemaking at 17 A.A.R. 1691, effective August 2, 2011 (Supp. 11-3). Amended by final rulemaking at 20 A.A.R. 2382, effective August 5, 2014 (Supp. 14-3). Amended by final rulemaking at 24 A.A.R. 1549, effective May 1, 2018 (Supp. 18-2). Amended by final rulemaking at 27 A.A.R. 2734 (November 26, 2021), with an immediate effective date of November 2, 2021 (Supp. 21-4). Amended by final rulemaking at 31 A.A.R. 1958 (June 20, 2025), with an immediate effective date of June 4, 2025 (Supp. 25-2).

**R17-5-209. Hazardous Materials Transportation: Incorporation of Federal Regulations; Applicability****A. Incorporation of federal regulations.**

1. As relevant to the transportation of hazardous materials by highway, the Department incorporates by reference, as amended under this Section, the following Parts of the Federal Hazardous Materials Regulations; revised as of October 1, 2023, and no later amendments or editions, as 49 CFR - Transportation, Subtitle B - Other Regulations Relating to Transportation, Chapter I - Pipeline and Hazardous Materials Safety Administration, Department of Transportation:
  - a. Subchapter A - Hazardous Materials and Oil Transportation; Part 107 - Hazardous materials program procedures; and
  - b. Subchapter C - Hazardous Materials Regulations; Parts:
    - i. 171 - General information, regulations, and definitions;
    - ii. 172 - Hazardous materials table, special provisions, hazardous materials communications, emergency response information, training requirements, and security plans;

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

- iii. 173 - Shippers - general requirements for shipments and packagings;
  - iv. 177 - Carriage by public highway;
  - v. 178 - Specifications for packagings; and
  - vi. 180 - Continuing qualification and maintenance of packagings.
2. The material incorporated by reference under this subsection is on file with the Department at 206 S. 17th Avenue, Phoenix, AZ 85007. The incorporated material is published by National Archives and Records Administration, Office of the Federal Register, 8601 Adelphi Road, College Park, MD 20740-6001, and is printed and distributed by the U.S. Government Publishing Office, P.O. Box 979050, St. Louis, MO 63197-9000. The incorporated material can be viewed online at <https://www.govinfo.gov> and ordered online by visiting the U.S. Government Bookstore at <http://bookstore.gpo.gov>.
- B. Application and exceptions.**
1. Application.
    - a. Regulations incorporated under subsection (A) apply as amended by subsection (C) to motor carriers, shippers, and manufacturers as defined in A.R.S. § 28-5201.
    - b. Regulations incorporated under subsection (A) also apply to any vehicle owned or operated by the state, a political subdivision, or a state public authority, used to transport a hazardous material, including hazardous substances and hazardous waste.
  2. Exceptions. An authorized emergency vehicle, as defined in A.R.S. § 28-101, is excepted from the provisions of this Section.
- C. Amendments.** The following sections of the Federal Hazardous Materials Regulations, incorporated under subsection (A), are amended as follows:
1. Part 171, General information, regulations, and definitions. Section 171.8, Definitions and abbreviations. Section 171.8 is amended by revising the definitions for “carrier,” “hazmat employer,” and “person,” and adding a definition for “highway” as follows:
 

“Carrier” means a person engaged in the transportation of passengers or property by highway as a common, contract, or private carrier and also includes the state, a political subdivision, and a state public authority engaged in the transportation of hazardous material.

“Hazmat employer” means a person who uses one or more employees in connection with: transporting hazardous material; causing hazardous material to be transported or shipped; or representing, marking, certifying, selling, offering, reconditioning, testing, repairing, or modifying containers, drums, or packagings as qualified for use in the transportation of hazardous material. This term includes motor carriers, shippers, and manufacturers defined in A.R.S. § 28-5201 and includes the state, political subdivisions, and state public authorities.

“Highway” means a public highway as defined in A.R.S. § 28-5201.

“Person” has the same meaning as defined in A.R.S. § 28-5201.
  2. Part 172, Hazardous materials table, special provisions, hazardous materials communications, emergency response information, training requirements, and security plans. Section 172.3, Applicability. Paragraph (a)(2) is

amended to read: “Each motor carrier that transports hazardous materials, and each state agency, political subdivision, and state public authority that transports hazardous material by highway.”

3. Part 177, Carriage by public highway.
  - a. Section 177.800, Purpose and scope of this part and responsibility for compliance and training. In paragraph (a), the phrase “by private, common, or contract carriers by motor vehicle” is amended to read, “by a motor carrier operating in Arizona, a state agency, a political subdivision, or a state public authority that transports hazardous material by highway.”
  - b. Section 177.802, Inspection. Section 177.802 is amended to read: “Records, equipment, packagings, and containers under the control of a motor carrier or other persons subject to this part, affecting safety in transportation of hazardous material by motor vehicle, must be made available for examination and inspection by an authorized representative of the Department as prescribed under A.R.S. §§ 28-5204 and 28-5231.”

**Historical Note**

New Section recodified from R17-4-436 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 3249, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 9 A.A.R. 1867, effective June 3, 2003 (Supp. 03-2). Amended by final rulemaking at 13 A.A.R. 1262, effective May 5, 2007 (Supp. 07-1). Amended by final rulemaking at 17 A.A.R. 1691, effective August 2, 2011 (Supp. 11-3). Amended by final rulemaking at 20 A.A.R. 2382, effective August 5, 2014 (Supp. 14-3). Amended by final rulemaking at 24 A.A.R. 1549, effective May 1, 2018 (Supp. 18-2). Amended by final rulemaking at 27 A.A.R. 2734 (November 26, 2021), with an immediate effective date of November 2, 2021 (Supp. 21-4). Amended by final rulemaking at 31 A.A.R. 1958 (June 20, 2025), with an immediate effective date of June 4, 2025 (Supp. 25-2).

**R17-5-210. Motor Carrier Safety: Public Service Corporation, Political Subdivision of this State that is Engaged in Rendering Public Utility Service, or Railroad Contacting State Officials in an Emergency**

- A.** A public service corporation, a political subdivision of this state that is engaged in rendering public utility service, or a railroad shall notify Commercial Vehicle Enforcement in writing, through the Arizona Department of Public Safety Duty Office, that an emergency situation under A.R.S. § 28-5234(B) exists. Notification shall be sent by email to [doffice@azdps.gov](mailto:doffice@azdps.gov) immediately, but in no case longer than three hours from the time the public service corporation, political subdivision of this state that is engaged in rendering public utility service, or railroad determines that the emergency situation exists. The information to be provided in writing includes:
1. Date of the emergency situation,
  2. Time that the emergency situation started,
  3. Description of the emergency situation,
  4. Location of the emergency situation,
  5. Projected duration of the emergency situation,
  6. Name and contact number of responsible party in the field, and

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

7. The utility's self-generated Emergency ID or tracking number.
- B. A public service corporation, a political subdivision of this state that is engaged in rendering public utility service, or a railroad shall maintain supporting documentation for no less than three years from the date of an emergency situation and shall make the supporting documentation available to a special agent upon request. Supporting documentation includes:
  1. A list of drivers involved in the emergency situation;
  2. The duration of the emergency situation;
  3. The off-duty time provided for the affected drivers after the emergency situation concluded; and
  4. Any United States Department of Transportation recordable accidents, as defined in 49 CFR 390.5T, which occurred during the emergency situation.
- C. After an emergency situation terminates and a driver returns to the principal place of business, the driver shall not drive a commercial motor vehicle unless the driver remains off duty under 49 CFR 395.

**Historical Note**

New Section recodified from R17-4-438 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 7 A.A.R. 4259, effective September 13, 2001 (Supp. 01-3). Section repealed by final rulemaking at 8 A.A.R. 3249, effective July 10, 2002 (Supp. 02-3). New Section made by final rulemaking at 11 A.A.R. 862, effective February 1, 2005 (Supp. 05-1). Amended by final rulemaking at 17 A.A.R. 1691, effective August 2, 2011 (Supp. 11-3). Amended by final rulemaking at 27 A.A.R. 2734 (November 26, 2021), with an immediate effective date of November 2, 2021 (Supp. 21-4).

**R17-5-211. Motor Carrier Safety: Inspection, Enforcement, and Sanction**

- A. Scope. This Section applies to any transporter subject to:
  1. R17-5-201 through R17-5-209; and
  2. A.R.S. Title 28, Chapter 14.
- B. Audits.
  1. The Department may conduct an audit for cause or without cause.
  2. The Department may enter the premises of any transporter for the purpose of conducting an audit.
  3. The Department may inspect a motor vehicle:
    - a. Within Arizona at:
      - i. A transporter's place of business, or
      - ii. Any other in-state location, or
    - b. Outside Arizona at a transporter's place of business.
  4. A transporter shall make records available for audit:
    - a. During the transporter's normal business hours, and
    - b. In a specific location as follows:
      - i. The transporter's Arizona place of business, or
      - ii. Either an Arizona location designated by the Director or the transporter's out-of-state place of business.
  5. The Department shall charge a transporter in advance for all expenses to be incurred in performance of an out-of-state audit.
- C. Violation notification. Within five days after audit completion, the Department shall notify an audited transporter in writing of all violations. The notification shall specify a deadline date for remedy of all violations.
- D. Obligation to remedy violations. After receipt of a violation notification, a transporter shall remedy all violations by the specified date to comply with:

1. R17-5-201 through R17-5-209; and
2. A.R.S. Title 28, Chapter 14.
- E. Noncompliance: Failure to remedy violations. If the Department determines a transporter does not remedy a violation by the date specified in a violation notice, the Department shall initiate further enforcement action as prescribed under A.R.S. §§ 28-5237 and 28-5238.
- F. Danger to public safety. If the Director determines a written violation report establishes probable cause of danger to public safety, the Director shall issue an order by 5:00 p.m. the next business day suspending the Arizona registration of the motor vehicle owned or leased by the transporter, or a driver's Arizona driver license or nonresident driving privilege.

**Historical Note**

New Section recodified from R17-4-439 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 7 A.A.R. 4259, effective September 13, 2001 (Supp. 01-3). Amended by final rulemaking at 17 A.A.R. 1691, effective August 2, 2011 (Supp. 11-3). Amended by final rulemaking at 20 A.A.R. 2382, effective August 5, 2014 (Supp. 14-3). Amended by final rulemaking at 27 A.A.R. 2734 (November 26, 2021), with an immediate effective date of November 2, 2021 (Supp. 21-4).

**R17-5-212. Motor Carrier Safety: Hearing Procedure**

- A. Scope.
  1. This Section applies only to a motor carrier enforcement action under:
    - a. R17-5-201 through R17-5-209; and
    - b. A.R.S. Title 28, Chapter 14.
  2. In an enforcement hearing involving a manufacturer, motor carrier, shipper, or driver under this Section, the Department shall follow the procedures prescribed under 17 A.A.C. 1, Article 5, except as modified under subsections (B) and (C).
- B. Initiation of proceedings; service.
  1. The Director shall initiate a hearing under this Section by:
    - a. Preparing a complaint in the form prescribed under subsection (C) alleging the specific violations of a manufacturer, motor carrier, shipper, or driver; and
    - b. Serving, by mail, the complaint on the violator, and submitting a copy of the complaint to the Executive Hearing Office, along with a certificate of service indicating the date of service.
  2. The date of service is the date of mailing.
- C. Complaint; order to show cause.
  1. The complaint shall contain the following:
    - a. The designation of the parties to the action, with the Department as the petitioner, and the violator as the respondent;
    - b. The respondent's name and the basis of fact for the complaint, including a listing of all alleged violations of statute or rule;
    - c. The relief sought by the Department;
    - d. The signature of the Director or their designee; and
    - e. A copy of the written violation notice issued by a law enforcement agency to the respondent, if applicable.
  2. Upon receipt of a copy of a complaint in compliance with subsections (B) and (C)(1), the Executive Hearing Office shall issue an order to show cause for the parties to appear at an administrative hearing to allow the respondent to

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

present evidence and give testimony as to why the requested relief should not be granted.

3. The Executive Hearing Office shall hold a hearing under this Section within the time-frame required by statute.
4. The parties may resolve a complaint before the hearing date.
  - a. The parties shall file notice of settlement with the Executive Hearing Office, which will issue an order dismissing the pending action.
  - b. Complaint settlement terminates the right of both petitioner and respondent to receive additional administrative review.

**Historical Note**

New Section recodified from R17-4-440 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 4230, effective November 15, 2002 (Supp. 02-3). Amended by final rulemaking at 17 A.A.R. 1691, effective August 2, 2011 (Supp. 11-3). Amended by final rulemaking at 24 A.A.R. 1549, effective May 1, 2018 (Supp. 18-2). Amended by final rulemaking at 27 A.A.R. 2734 (November 26, 2021), with an immediate effective date of November 2, 2021 (Supp. 21-4). Amended by final rulemaking at 31 A.A.R. 1958 (June 20, 2025), with an immediate effective date of June 4, 2025 (Supp. 25-2).

**ARTICLE 3. PROFESSIONAL DRIVER SERVICES****R17-5-301. Definitions**

In addition to the definitions under A.R.S. §§ 28-101 and 32-2351, the following definitions apply to this Article, unless otherwise specified:

“Activity” means a function or service that is provided by a licensed professional driver training school pursuant to A.R.S. Title 32, Chapter 23 or licensed traffic survival school pursuant to A.R.S. Title 28, Chapter 8, Article 7.1 and that is performed by a professional driver training school instructor or traffic survival school qualified instructor as defined in this Article.

“Applicant” means an individual or school, including principals, requesting in the manner set forth in this Article the issuance or renewal of a license or to become a qualified instructor under A.R.S. Title 28, Chapter 8, Article 7.1 or Title 32, Chapter 23 and this Article.

“Application date” means the date the Department or private entity receives a signed application from an applicant.

“Audit” means a review of the operations, facilities, equipment, and records of a licensee under this Article, which is performed by the Department or private entity under A.R.S. § 28-3411 or 32-2352 to assess and ensure compliance with all applicable federal and state laws and rules.

“Branch” means a licensed professional driver training school’s or licensed traffic survival school’s business location that is an additional established place of business, but not the school’s principal place of business.

“Business day” means a day other than a Saturday, Sunday, or legal state holiday.

“Business manager” means an owner or employee of a licensed school who has primary and sufficient oversight, supervision, and responsibility for all operations necessary to ensure full compliance with all applicable federal or state laws, rules, and school guidelines.

“Certificate of completion” means an electronic or paper document that is approved by the Department or private entity and that is issued by a traffic survival school or high school qualified instructor to a student who has demonstrated successful completion of a training or educational session or both conducted under this Article.

“Character and reputation” means a person:

- Has not been convicted of a class 1 or 2 felony by a court of competent jurisdiction,
- Has not within five years of application date been convicted of any other felony or misdemeanor offense having a reasonable relationship to the functions of the activity or the employment or category for which the qualification is sought, and
- Has not within 12 months of application date had an application or an examination required for license or qualification under this Chapter denied or revoked due to fraud or misrepresentation.

“Commercial driver license motor vehicle record” has the same meaning as a CDLIS motor vehicle record as defined in 49 CFR 384.105.

“Department-approved inventory” means educational media and related items or other resources provided and approved by the Department or private entity that are deemed necessary or useful for traffic survival school instruction, which includes curriculum, computer disks or drives, classroom training materials, instructor workbooks, instructor training manuals, or other materials, whether stored in paper or electronic formats.

“Established place of business” means a licensed professional driver training school’s or licensed traffic survival school’s business location that is:

- Approved by the Department,
- Located in Arizona,
- Not used as a residence, and
- Where the licensed school performs licensed activities.

“Good standing” means an applicant:

- Has not had a similar business license, qualification, or approval suspended, revoked, canceled, or denied within the previous three years of the application date;
- Does not have any pending corrective action, as defined under R17-5-323, relating to a Department-issued business license, qualification, or approval;
- Has not had a fingerprint clearance card required for licensure under this Article suspended, revoked, or canceled;
- Does not owe delinquent fees, taxes, or unpaid balances to the Department or private entity;
- Has not had any substantiated derogatory information relevant to the requested license reported to the Department about the applicant from any state agency contacted by the Department; or
- Has not been dismissed, or resigned in lieu of dismissal, from a position for cause following allegations of misconduct having a reasonable relationship to the person’s proposed area of licensure or qualification, if the applicant is a former Department employee or a former principal or employee of a licensed professional driver training school or licensed traffic survival school.

“Immediate family member” has the same meaning as prescribed in A.R.S. § 28-2401.

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

“Inactivation” or “inactive” means a temporary or permanent status, assigned by the Department to a school previously licensed under this Article, which prohibits the school from further engaging in the previously licensed activity after the occurrence of any of the following actions:

- Cancellation of license, as defined in R17-5-323;
- Suspension of license, as defined in R17-5-323;
- Revocation of license, as defined in R17-5-323;
- Non-renewal of license; or
- Relinquishment of license.

“Licensee” means a school licensed by the Department or private entity under A.R.S. § 28-3413 or 32-2371 and this Article, to perform a licensed activity.

“Principal” means any of the following:

- If a sole proprietorship, the sole proprietor;
- If a partnership, limited partnership, limited liability partnership, limited liability company or corporation, the: Partner;
- Manager;
- Member;
- Officer;
- Director;
- Agent; or
- If a limited liability company or corporation, each stockholder owning 20 percent or more of the limited liability company or corporation; or
- If a political subdivision or government agency, the political subdivision or agency head.

“Principal place of business” means a licensed professional driver training school’s or licensed traffic survival school’s administrative headquarters, which shall not be used as a residence.

“Private entity” means an entity that contracts with the Department under A.R.S. § 28-3411 or 32-2352.

“Professional driver training school instructor” means an individual meeting the qualifications under R17-5-303 who can present specific training and educational curriculum to professional driver training school students as provided under this Article.

“Satisfactory driver record” means an applicant has not had within the past 39 months:

- A conviction for driving under the influence, reckless or aggressive driving, racing on a highway, or leaving the scene of an accident;
- A driver license previously canceled, suspended, revoked, or disqualified for any reason except for failing to meet or maintain the commercial driver license physical qualifications under 49 CFR 391.41 and A.A.C. R17-4-508; and
- More than three previous assignments to attend traffic survival school and no pending assignment.

“Traffic survival school qualified instructor” means an individual deemed qualified by the Department or private entity under this Article to conduct instruction of an education session on behalf of a licensed traffic survival school.

#### Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking

at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

#### R17-5-302. Professional Driver Training School and Traffic Survival School Licensing; Eligibility and Application Requirements

- A. An applicant for a professional driver training school or traffic survival school license, issued by the Department or private entity under A.R.S. § 28-3411 or 32-2371 and this Section, shall meet all applicable licensing requirements under state law and this Article when applying for an original or renewal license.
- B. An applicant for a professional driver training school or traffic survival school license shall complete and submit to the Department or private entity an application packet that contains all of the following:
  1. An application, completed on a form approved by the Department;
  2. Certification that each classroom used for the instruction of students is maintained in compliance with all applicable fire codes and local zoning ordinances;
  3. Certification that each classroom used for the instruction of students meets the accessibility requirements of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.), as amended;
  4. A copy of the following documents relating to the applicant’s business if the applicant is a:
    - a. Corporation:
      - i. A copy of the articles of incorporation, including any amendments filed with the Arizona Corporation Commission; and
      - ii. Any other official documents, including copies of board meeting minutes and annual reports that reflect the most recent change to the corporate name, structure, or officers;
    - b. Limited liability company:
      - i. A copy of the articles of organization, including any amendments filed with the Arizona Corporation Commission; or
      - ii. A copy of the application for registration as a foreign limited liability company filed with the Arizona Corporation Commission and a copy of the certificate of registration issued by the Arizona Corporation Commission to a foreign limited liability company;
    - c. Limited partnership or a limited liability partnership:
      - i. A copy of a valid certificate of existence issued by the Arizona Office of the Secretary of State;
      - ii. A copy, stamped “filed” by the Arizona Office of the Secretary of State, of a certificate of limited partnership, certificate of foreign limited partnership, limited liability partnership form, foreign limited liability partnership form, or statement of qualification for conversion of limited partnership or limited liability partnership; or
      - iii. A copy of a valid trade name certificate issued by the Arizona Office of the Secretary of State; or
    - d. Sole proprietor:
      - i. A copy of a valid certificate of existence issued by the Arizona Office of the Secretary of State, or
      - ii. A copy of a valid trade name certificate issued by the Arizona Office of the Secretary of State;

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

5. The name and Arizona address of the school's statutory agent, as designated in the articles of incorporation, if the applicant is a corporation;
  6. Documentation prescribed under A.R.S. § 41-1080 indicating that each applicant's presence in the United States is authorized under federal law if the applicant is an individual, a sole proprietor, or part of a general partnership;
  7. Payment of the license fees prescribed under A.R.S. § 28-3415 or 32-2374 for each activity requested; and
  8. A form, approved by the Department, completed for each branch license, if applicable, and accompanied by payment of any applicable branch license fees prescribed under A.R.S. § 28-3415 or 32-2374.
- C. An applicant shall not use the following in any part of its school name, which is subject to approval by the Department or private entity:
1. The terms "Arizona Department of Transportation," "Department of Transportation," "Motor Vehicle Division," "Motor Vehicle Department," "Division of Motor Vehicles," or "Department of Motor Vehicles;" or
  2. The acronyms "ADOT," "DOT," "MVD," or "DMV."
- D. Professional driver training school applicants must provide the following additional documents with the school's application packet:
1. A copy of the school's complete curriculum, including a sample of all written examinations and answer keys, unless the curriculum is provided by the Department or private entity;
  2. Verification of liability insurance coverage reflecting at least the minimum amount prescribed under A.R.S. § 32-2393 for each motor vehicle used to provide instruction; and
  3. Diagrams detailing a minimum of three separate behind-the-wheel final evaluation routes with a written narrative indicating all required maneuvers, if the applicant will be providing behind-the-wheel driver training.
2. An annual commercial driver license motor vehicle record which indicates the instructor has maintained a satisfactory driver record as defined in R17-5-301.
- C. A business manager of a professional driver training school licensed under A.R.S. § 32-2371 and this Article shall submit to the Department or private entity a list of all of its professional driver training school instructors, including full name and commercial driver license number, at the time of hiring the instructors, within 10 calendar days of making any changes to the instructors as required under R17-5-310, and when renewing the school license as required under R17-5-309.

**Historical Note**

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

**R17-5-304. Fingerprint Background Check; Fingerprint Clearance Card**

- A. An applicant for a license issued under A.R.S. Title 28, Chapter 8, Article 7.1 or Title 32, Chapter 23, Article 2 and this Article, as applicable, shall:
1. Successfully complete a fingerprint background check conducted by the Arizona Department of Public Safety under A.R.S. § 41-1758.01, and
  2. Submit to the Department or private entity a copy of the fingerprint clearance card issued to the applicant under A.R.S. § 41-1758.03 as part of the application packet.
- B. An applicant is responsible for all costs associated with obtaining the fingerprint clearance card.
- C. A licensee, as applicable, shall maintain a valid fingerprint clearance card while licensed under this Article, and shall provide written notice to the Department or private entity within 10 calendar days if the fingerprint clearance card is cancelled, suspended, or revoked.

**Historical Note**

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2).

**R17-5-305. Traffic Survival School Qualified Instructor Status; Eligibility and Application Requirements****R17-5-303. Professional Driver Training School Instructor Qualifications and Requirements**

- A. A professional driver training school instructor shall:
1. Work for a professional driver training school licensed by the Department or private entity under A.R.S. § 32-2371 and R17-5-302,
  2. Possess a valid Arizona commercial driver license with applicable endorsements representative of the vehicle to be used in training,
  3. Meet the character and reputation requirements as defined in R17-5-301, and
  4. Meet all applicable instructor requirements under state law and this Article.
- B. Each professional driver training school licensed under A.R.S. § 32-2371 and this Article shall maintain a file for each professional driver training school instructor that contains the following:
1. A copy of a valid Arizona commercial driver license with applicable endorsements representative of the vehicle to be used in training, and

- A. An applicant for traffic survival school qualified instructor status shall:
1. Apply through a traffic survival school licensed by the Department or private entity under A.R.S. § 28-3413 and this Article,
  2. Possess a valid Arizona driver license,
  3. Meet all applicable requirements under this Article, and
  4. Meet the good standing and character and reputation requirements as defined in R17-5-301.
- B. Each traffic survival school qualified instructor applicant shall complete an application packet that contains the following:
1. An application, completed on a form approved by the Department;
  2. A copy of a valid Arizona driver license;
  3. Documentation prescribed under A.R.S. § 41-1080 indicating that the applicant's presence in the United States is authorized under federal law;
  4. A motor vehicle record, dated within 30 days of the application date, which indicates that the applicant maintained a satisfactory driver record as defined in R17-5-301;

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

- 5. An affidavit from the business manager of the traffic survival school certifying that the qualified instructor applicant has the necessary skills and abilities to give instruction at a professional level; and
- 6. Payment of authorized fees as required by the private entity for application and administration of the instructor qualification process and for required instructor continuing education, which shall be negotiated by the Department and the private entity and shall be set forth in their contract.
- C. An applicant for instructor qualification shall have successfully completed a traffic survival school educational workshop or similar curriculum approved by the Department or private entity before being permitted to instruct any traffic survival school course.
- D. An applicant for instructor qualification shall have successfully completed an examination given for qualification of instructors by the Department or private entity as required under R17-5-306 before being permitted to instruct any traffic survival school course.
- E. A business manager of a traffic survival school licensed under A.R.S. § 28-3413 and this Article shall submit to the Department or private entity the complete application packet for each qualified instructor applicant.
- C. The Department or private entity may deem a traffic survival school instructor applicant qualified when a completed application is received and the applicant has successfully completed all required training and examinations.
- D. Unless the application is withdrawn by the applicant, the Department or private entity may deny an application in which the applicant has:
  - 1. Failed to have or to document a satisfactory driver record as required under R17-5-305, as applicable;
  - 2. Failed to meet the good standing or character and reputation requirements of the Department as defined in R17-5-301;
  - 3. Failed to meet the fingerprint clearance card requirement under R17-5-304, as applicable;
  - 4. Made a material misrepresentation or misstatement on the application;
  - 5. Violated a federal or state law or rule reasonably related in a business context to the authority applied for; or
  - 6. Failed to complete all applicable application requirements under this Article.
- E. If timely requested by an applicant under subsection (B), the Department shall schedule and conduct a hearing as prescribed under A.R.S. Title 41, Chapter 6, Article 6 and 17 A.A.C. 1, Article 5 for denial of a license.
- F. An applicant whose application was previously denied by the Department or private entity for making a material misrepresentation or misstatement on the application is not eligible to reapply for 12 months from the date of previous denial.

**Historical Note**

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

**R17-5-306. Required Training and Examination of School and Instructor Applicants**

- A. An applicant for traffic survival school instructor qualification under this Article shall attend Department-approved training and shall pass one or more required examinations administered by the Department or private entity.
- B. The Department or private entity shall limit a traffic survival school qualified instructor applicant to three opportunities within 90 days, based on scheduling, to successfully complete and achieve a passing score or grade on each examination required under this Section.

**Historical Note**

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

**R17-5-307. Approval or Denial of Application; Hearing; Appeal**

- A. An application will not be approved by the Department or private entity unless it is properly and fully completed with all required supporting documents and applicable fees as identified in this Article.
- B. The Department or private entity shall provide written notification to the professional driver training school or traffic survival school of the approval or denial of a license or traffic survival school instructor qualification. A notice denying the applicant a license or qualification under this Article shall specify the basis for denial and indicate that the applicant may request a hearing on the denial with the Department's Executive Hearing Office within 30 calendar days of the date on the notice unless the application is withdrawn by the applicant.

**Historical Note**

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

**R17-5-308. License Issuance; Effective Date; Expiration; Display**

- A. The Department or private entity may issue the following licenses upon determining an applicant meets all eligibility and application requirements provided under A.R.S. Title 28, Chapter 8, Article 7.1 or Title 32, Chapter 23 and this Article:
  - 1. Professional driver training school,
  - 2. Traffic survival school, and
  - 3. Established place of business (branch).
- B. The Department or private entity shall license only a school that employs or contracts at least one professional driver training school instructor who meets the qualifications under this Article or at least one currently qualified traffic survival school instructor, as applicable.
- C. A license issued under this Article is:
  - 1. Effective on the date of issuance;
  - 2. Effective until its expiration on the last day of each calendar year, except:
    - a. A license subject to an active duty military extension shall expire as provided under A.R.S. § 32-4301, and
    - b. A license subject to an individual's limited length of authorized stay shall expire immediately if the individual's presence in the United States is no longer authorized under federal law; and
  - 3. Nontransferable under any circumstances.
- D. A licensed school shall prominently and publicly display all licenses currently in effect at the school's principal place of business.

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

- E. A school shall surrender to the Department or private entity within three business days after the date of any license inactivation, as defined in R17-5-301, all:
1. Licenses;
  2. Records pertaining to the school's operations and the training of students; and
  3. Department-approved inventory, as applicable and as defined in this Article.

**Historical Note**

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

**R17-5-309. Renewal of License**

- A. A completed renewal, consisting of the following, shall be submitted to the Department or private entity a minimum of 30 calendar days prior to license expiration, notwithstanding A.A.C. R17-1-102, failure to submit a renewal prior to December 1st shall result in the applicant being subject to all original licensing requirements:
1. A renewal application, completed on a form approved by the Department, including:
    - a. An updated list of all principals, instructors, contracted personnel, and employees of the school who are responsible for Arizona school operations, including full name and driver license number; and
    - b. The signature of all current principals on the completed application; and
  2. Payment of applicable license fees prescribed under A.R.S. § 28-3415 or 32-2374, for each activity and branch.
- B. Notwithstanding A.R.S. § 28-3415 or 32-2374, an annual license issued by the Department or private entity under this Article during the month of December shall not expire until the last day of the subsequent calendar year.

**Historical Note**

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

**R17-5-310. Modifications of Original Application Information**

- A. A licensee or traffic survival school qualified instructor, making or learning of any change in the content of its original application information, other than ownership, shall provide written notification of the change, completed on a form approved by the Department and signed by a principal or business manager, to the Department or private entity within two business days of making the change.
- B. A licensed school making a change to a principal or corporate structure shall submit to the Department or private entity a new application for licensing under this Article and all applicable fees, as a new applicant for licensure, within 10 calendar days of making the change.
- C. A licensed school submitting a new application to the Department or private entity, as provided under subsection (B), is subject to the fingerprint clearance card requirement under R17-5-304 unless a valid fingerprint clearance card is already on file with the Department.

- D. A licensed school shall provide written or electronic notification on a form, approved by the Department, to the Department or private entity within 10 calendar days of making any changes to the licensee's contact person, business manager, or instructors.

**Historical Note**

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2).

**R17-5-311. Professional Conduct; Conflicts of Interest; Advertising**

- A. A professional driver training school or traffic survival school representative or instructor shall not:
1. Accompany a student into any Department office or office of an authorized third party driver license or driver license training provider; or
  2. Solicit an individual for any purpose on any premises rented, leased, operated, or owned by the Department or by an authorized third party driver license or driver license training provider.
- B. A licensee or traffic survival school qualified instructor shall maintain good standing with the Department at all times while licensed or qualified by the Department or private entity under this Article.
- C. A licensee shall not delegate or subcontract any licensed activity authorized by the Department or private entity under this Article.
- D. The Department may take corrective action as provided under R17-5-321 and R17-5-323 if the Department or private entity determines or has reason to believe that a licensee or instructor has demonstrated unethical conduct in the performance of official duties, including:
1. Verbally abusing, intimidating, or sexually harassing a student or potential student; or
  2. Making a false statement that is material to the activities regulated in this Article to any personnel of the Department or private entity.
- E. A school shall use for all licensed activities and related advertising purposes only its official business name or its doing-business-as name as indicated on the license issued under this Article.
- F. A licensee shall not represent or imply that it is the state of Arizona, the Department, the Motor Vehicle Division, or any government agency in any printed or electronic advertising or promotional material, except to the extent expressly authorized by the Department.
- G. Licensee advertising shall not in any way:
1. Contain false, deceptive, or misleading information;
  2. Imply that the licensee can issue or guarantee issuance of a driver license or endorsement;
  3. Imply that the licensee can influence the Department or an authorized third party provider in the issuance of a driver license or endorsement;
  4. Imply that the licensee can provide any activity the licensee is not licensed by the Department or private entity to perform;
  5. Imply that preferential or advantageous treatment by the Department can be obtained; or
  6. Use or contain a term prohibited under R17-5-302(C).
- H. A school licensed by the Department or private entity under this Article may state in its advertising that it is "licensed" or "qualified" by the Department, but shall not indicate that the

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

school is approved, sanctioned, or in any other way endorsed or recommended by the Department.

- I. All printed or electronic advertising or promotional material used, issued, or published by a licensee must be pre-approved by the Department or private entity.
- J. An instructor, in any official capacity as an instructor or for compensation, shall not provide any classroom instruction or skills training for an immediate family member or a principal or employee of any school that employs the instructor.
- K. A full-time employee of the state of Arizona shall not receive any direct pecuniary payments from any fees paid by those who attend a licensed school.

**Historical Note**

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

**R17-5-312. Cancellation and Continuity of Services to Participants**

- A. A principal of a school ceasing operations or cancelling courses for any reason shall ensure continuity of services to each student currently enrolled in courses as follows:
  - 1. A principal shall notify each student currently scheduled for, or enrolled in, a course that the school will be unable to provide the services previously offered 72 hours before the scheduled course; and
  - 2. A principal shall refund within four business days any payment received by the school for a course not yet provided.
- B. A principal of a school ceasing operations shall provide to the Department or private entity, upon request, a written list of all students notified under subsection (A) with an explanation of the final resolution reached as a result of the principal's contact with the student.
- C. A principal's failure to provide continuity of services to enrolled students as provided under this Section may result in the loss of the principal's status of good standing with the Department.

**Historical Note**

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2).

**R17-5-313. Method of Instruction; Curriculum**

- A. An instructor shall teach only curriculum approved by the Department or private entity to a student attending a class.
- B. An instructor shall not conduct personal business during a time designated for instruction.
- C. An instructor shall not solicit students during training classes for businesses other than those licensed by the Department or private entity.
- D. A school or instructor shall ensure that a student has both fully attended and successfully completed a course before issuing a certificate of completion to the student.
- E. A licensed traffic survival school must use all equipment required by the Department or private entity to present the curriculum to the students, including at a minimum, a computer, a PowerPoint compatible projector, a DVD player, and a display monitor visible to all students.
- F. Professional driver training school approved curriculum. The Department shall approve, and may modify, in writing, a uniform curriculum that the professional driver training school

shall teach as applicable for each activity the licensee is authorized to perform. The curriculum shall be a standard course of instruction used by a professional driver training school for the training and education of students.

- G. Traffic survival school approved curriculum. The Department shall approve, and may modify, in writing a uniform curriculum that the traffic survival school shall teach. The curriculum shall be selected and approved on the basis of effectiveness in improving the safety and habits of drivers.

**Historical Note**

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

**R17-5-314. Certificate of Completion**

- A. A qualified instructor for traffic survival school or high school driver education program shall accurately complete all required information on a certificate of completion:
  - 1. The instructor providing the training listed on the certificate of completion shall sign the document once training is complete, or
  - 2. The instructor providing the final instruction or test shall sign the certificate of completion if training is provided by multiple instructors.
- B. A qualified instructor shall provide a certificate of completion to the student at the conclusion of the course. A traffic survival school qualified instructor shall print the certificate of completion from the web site of the Department's private entity or the Department's web site, as applicable.
- C. A high school qualified instructor shall not make a correction to a certificate of completion. If an error is made, the high school qualified instructor shall:
  - 1. Void the certificate of completion,
  - 2. Write the word "VOID" or "VOIDED" clearly on the face of each voided certificate of completion, and
  - 3. Issue a new certificate of completion.
- D. The Department may elect not to accept a certificate of completion that contains an alteration, erasure, correction, or illegible information.
- E. A school or qualified instructor shall not withhold timely issuance of a certificate of completion due to a payment dispute between the school and the student.

**Historical Note**

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2).

**R17-5-315. Record Retention**

- A. A licensed traffic survival school shall electronically transmit proof of course completion immediately following each student's satisfactory completion of a traffic survival school course in a manner and with the basic computer equipment prescribed by the Department or private entity. At a minimum, the computer equipment must be able to temporarily store, and electronically transmit over the internet, the certificates of completion required by the Department or private entity.
- B. All records pertaining to a licensed school's operations and training of students shall be:
  - 1. Stored and securely maintained at the licensee's principal place of business,
  - 2. Available for inspection by the Department or private entity during business hours, and

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

3. Retained by the school for three years from the date of course completion.
- C. A licensed school shall establish and maintain separate records for each authorized activity.
- D. A licensed school shall maintain, for three years, attendance records for each class conducted.

**Historical Note**

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

**R17-5-316. Traffic Survival School Department-Approved Inventory**

- A. A traffic survival school licensed under this Article shall:
  1. Prohibit public or other unauthorized access to all Department-approved inventory, and
  2. Submit to the Department or private entity a written report detailing the circumstances surrounding the loss or theft of any missing or stolen Department-approved inventory.
- B. A licensee shall use only Department-approved inventory.
- C. A school principal or business manager shall submit to the Department or private entity a written or electronic request for any additional Department-approved inventory the school may require.

**Historical Note**

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2).

**R17-5-317. School Responsibilities**

While licensed by the Department or private entity under A.R.S. § 28-3413 or 32-2371 and this Article, the school shall:

1. Comply with the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and applicable federal regulations by providing appropriate auxiliary aids and services to students with disabilities requesting reasonable accommodation;
2. Comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.) and applicable federal regulations. As a requirement of compliance, the school shall:
  - a. Provide public notification of its compliance with Title VI by displaying a Department-approved notice to the public;
  - b. Take reasonable steps to ensure that Limited English Proficient (non-English speaking) customers have meaningful access to the services or activities performed under this Article, which includes, providing the school's services and authorized transactions in languages other than English and providing these services at no additional cost to the customer or student;
  - c. Report promptly any customer complaints alleging discrimination or failure to meet the requirements of this Section to the Department's Civil Rights office for processing and investigation. The school shall immediately upon receipt of such complaints provide access to its facilities, books, records, accounts, and other sources of information as may be determined or requested by the Department to be pertinent, in order to ascertain compliance with Title VI; and

- d. Inform and formally train all school officers, principals, employees, and contractors on the requirements to comply with Title VI; and
3. Provide written notice to the Department or private entity within twenty-four hours if the driver license of any of the school's principals, managers, or instructors is suspended, revoked, cancelled, or disqualified.

**Historical Note**

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2).

**R17-5-318. Instructor Responsibilities**

A professional driver training school instructor or traffic survival school qualified instructor shall:

1. Attend all ongoing training and continuing education as required by the Department or private entity;
2. Provide written notice to the licensed professional driver training school or traffic survival school within twenty-four hours if the instructor's driver license is suspended, revoked, cancelled, or disqualified;
3. Conduct training and courses only at training sites approved by the Department or private entity;
4. Conduct the final evaluation on behind-the-wheel final evaluation routes approved by the Department or private entity;
5. Follow and complete the curriculum approved by the Department or private entity for each course conducted; and
6. Conduct at least two courses in a calendar year.

**Historical Note**

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

**R17-5-319. Traffic Survival Schools**

- A. The Department shall assign an individual only to a traffic survival school licensed by the Director under this Article.
- B. A traffic survival school or qualified instructor shall allow only students who provide acceptable proof of traffic survival school assignment to register for and attend a traffic survival school course. The following documents are acceptable proof of assignment:
  1. Notice of traffic survival school assignment or suspension for failure to attend traffic survival school,
  2. An order from a court or other appropriate tribunal from Arizona or another state indicating traffic survival school assignment,
  3. Traffic survival school proof of assignment form obtained from the Department,
  4. Electronic verification of traffic survival school assignment through the Department's private entity, or
  5. Motor vehicle record.
- C. On enrollment of a student in, or on a student's attendance of, a traffic survival school course, a licensed traffic survival school shall collect the statutory enrollee fee provided in A.R.S. § 28-3411, unless the student has paid the enrollee fee in advance. The licensed traffic survival school also shall collect the records fee prescribed by A.R.S. § 28-446, if applicable, before the student attends the traffic survival school course. The licensed traffic survival school shall fully remit these fees to the private entity within four business days after a

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

student completes the traffic survival school course. If a licensed traffic survival school does not timely remit the enrollee fees, the Department or private entity may notify the traffic survival school that its prospective future students will be required to prepay the enrollee fees until remittances are current. The amount of the enrollee fee charged by the private entity shall be negotiated by the Department and the private entity and shall be set forth in their contract.

- D. A traffic survival school or qualified instructor shall not:
  1. Conduct courses with a number of students in excess of the classroom's fire safety capacity reported to the Department or private entity by the licensee under R17-5-321;
  2. Conduct courses with more than 30 students per qualified instructor;
  3. Exclude a translator, the Director, the private entity, or Department personnel from attending courses;
  4. Issue a certificate of completion to a student who has not fully completed the required curriculum; or
  5. Issue a certificate of completion for a student whom the instructor did not personally instruct.
- E. A licensee shall retain for three years all copies of the student's acceptable proof of assignment and the signed class roster of attending students.
- F. The private entity may develop and administer a web site that allows individuals who are assigned to traffic survival school to locate and enroll online in traffic survival school courses.
- G. Only an individual who meets the qualifications under R17-5-305, remains in compliance with this Article, and who is granted and retains traffic survival school qualified instructor status, may be allowed to teach individuals assigned by the Department to attend a licensed traffic survival school.
- H. A licensed traffic survival school must hold at least one course every 60 days at the school's established place of business and each branch, as applicable.

**Historical Note**

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2).

**R17-5-320. High School Driver Education Program**

- A. The following definitions apply to this Section:
  1. "Accountable forms inventory" means a series of distinctly and consecutively numbered documents provided by the Department to an instructor qualified under this Section for:
    - a. Recording in a log, the assigned number of each document completed, issued, or voided by a high school qualified instructor; and
    - b. Reporting to the Department the assigned number of each document completed, issued, or voided by a high school qualified instructor.
  2. "Certified instructor report" means a report prepared and certified monthly by each high school qualified instructor listing all certificates of completion that were issued and voided.
- B. The Department shall cooperate with the Arizona Department of Education, under A.R.S. §§ 28-3174 and 32-2353, to enable the issuance of a certificate of completion to a regularly enrolled full-time student as part of a high school driver education program.
- C. The Director or private entity shall qualify an instructor approved by the Arizona Department of Education to issue a certificate of completion.
- D. A high school qualified instructor may issue a certificate of completion to a regularly enrolled full-time student who:
  1. Successfully completes the classroom course of instruction required by the Arizona Department of Education, which may waive the student's requirement to take the Department's written test; or
  2. Successfully completes the skills course of instruction required by the Arizona Department of Education, which may waive the student's requirement to take the Department's skills test.
- E. A high school qualified instructor shall submit to the Department, no later than the fifth day of each month, all certified instructor reports and certificates of completion issued by the school during the preceding month. A high school qualified instructor who does not issue any certificates of completion during the preceding month shall submit to the Department a certified instructor report indicating "no activity."
- F. A high school qualified instructor shall provide the status of certificates of completion to the Department, upon request, by identifying the certificates by number as either issued, not issued, lost, or stolen.
- G. A high school representative shall promptly return all unused or un-issued certificates of completion to the Department, upon request.
- H. A certificate of completion constitutes accountable forms inventory to be secured at all times by the high school qualified instructor or other designee of the high school and any misuse, fraud, or negligence by a high school qualified instructor involving the form in consultation with the Arizona Department of Education pursuant to A.R.S. § 28-3174 may lead to Department disqualification of the instructor's authorization to issue the form.
- I. A high school qualified instructor shall submit to the Department all reports required under this Article by regular mail, certified mail, registered mail, electronic mail, or personal delivery. The following dates shall be used to determine whether a report was received within the required timeframes established under this Section:
  1. For regular mail, the postmark date;
  2. For certified or registered mail, the date of receipt by the designated delivery service;
  3. For electronic mail, the send date; and
  4. For personal delivery, the Department's time and date stamp of receipt.
- J. If a high school qualified instructor fails to timely or accurately submit to the Department a certified instructor report required under this Section, the Department may initiate corrective action. The Department may:
  1. Provide an oral or written warning for a first untimely or inaccurate report,
  2. Send a letter of concern for a second untimely or inaccurate report in a 12-month period, and
  3. Request that the Arizona Department of Education disqualify a high school qualified instructor from issuing a certificate of completion under this Article for a third untimely or inaccurate report in a 12-month period.
- K. A high school shall develop and maintain a driver education class training record for each student, which shall include at least the following information:
  1. Student's name;
  2. Student's phone number;
  3. Student's driver license or instruction permit number and its expiration date;
  4. Fee amounts collected for any related services;

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

5. Date, type, and duration of all classroom lessons and practical instruction;
6. Make, model, and license plate number of any motor vehicle used to conduct training, as applicable;
7. Date and results of all tests administered;
8. Number of certificates of completion issued; and
9. Name and Department-issued number of each instructor who conducted a lesson or test.

**Historical Note**

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2).

**R17-5-321. Periodic Audits, Monitoring, Inspections, and Investigations**

- A. To determine compliance with license requirements, qualification requirements and applicable federal and state laws and rules, the Department or private entity may:
  1. Monitor for compliance by attending any licensed school's course or other activities on a scheduled or unscheduled basis;
  2. Audit for compliance by performing periodic reviews of the operations, facilities, equipment, and records;
  3. Inspect for compliance by making random, on-site visits during posted business hours; or
  4. Investigate for compliance by interviewing or submitting questions to school owners, instructors, and former or current students.
- B. Failure of a school or instructor to allow or cooperate in an audit, monitoring, inspection, or investigation may result in the Department issuing an immediate cease and desist order or requesting a hearing for suspension or revocation of a license issued under this Article.
- C. During an audit, monitoring, inspection, or investigation of a licensee, the Department, the private entity, a law enforcement agency, or employee of the Federal Motor Carrier Safety Administration may:
  1. Review and copy paper and electronic records;
  2. Examine the licensee's principal and established place of business, all branches, training, or road training sites; and
  3. Interview the school's employees, instructors, and customers.
- D. A licensee shall make records available for audit, monitoring, inspection, or investigation at the licensee's principal place of business.
- E. After an audit or monitoring, the Department or private entity shall send a report of the results in writing to the school.
- F. If instances of non-compliance are found as a result of an audit, monitoring, inspection, or investigation, the Department or private entity may determine if either of the following actions is required:
  1. An informal meeting to discuss findings, or
  2. A written compliance plan addressing findings.
- G. If greater instances of non-compliance are found as a result of an audit, monitoring, inspection, or investigation, the Department may determine if either of the following actions is required:
  1. A probationary period; or
  2. A request for a hearing to cancel, suspend, or revoke a license to operate a school or conduct instruction under this Article.
- H. The Department or private entity may issue a notice of corrective action to a licensee if the licensee fails to comply with a warning letter, with an audit, inspection or investigation

request, a monitoring request, or with written findings provided by the Department or private entity. Only the Department may initiate a corrective action provided under subsection (G).

- I. Each site used by a school as an office, training location, or classroom location shall:
  1. Be inspected and approved by the Department or private entity prior to initial use or relocation,
  2. Be licensed by the Department or private entity, and
  3. Have office hours displayed in a conspicuous location at each site open to the public during the posted hours.
- J. There shall be a clearly defined and visible separation between a school and any other business if a professional driver training school or traffic survival school is located in an office building, store, or other physical structure shared with any other business or enterprise.
- K. Any request by a school for inspection and approval of a site on a recognized Indian reservation shall contain the written permission of the appropriate Tribal authority.
- L. Any request by a school for inspection and approval of a site on a military base shall contain the written permission of the appropriate military authority.
- M. A school shall submit to the Department or private entity a copy of the written lease or contract agreement or deed of ownership, if the site is owned by the school, for each site, as applicable.
- N. Any request by a traffic survival school for inspection and approval of a site to be used for educational sessions shall include the approved fire safety capacity of the classroom(s) at that site and shall be signed by a principal of the traffic survival school.

**Historical Note**

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2).

**R17-5-322. Cease and Desist Order; Hearing and Appeal**

- A. The Department may immediately issue and serve a cease and desist order on a licensee, as prescribed under A.R.S. § 28-3417 or 32-2394, if the Department or private entity has reasonable cause to believe that the licensee has violated or is violating a federal or state law or rule relating to a duty prescribed under this Article.
- B. A cease and desist order issued by the Department to a licensee under this Article shall:
  1. Require the person on receipt of the order to cease and desist from further engaging in the prohibited conduct or in any activity authorized under this Article as specified in the cease and desist order, and
  2. Provide information regarding the person's right to request a hearing to show cause as to why the Department's order should not be upheld.
- C. On failure or refusal of a licensee to comply with a cease and desist order, or after a requested hearing, the Department may cancel, suspend, or revoke the license of the licensee under A.R.S. § 28-3416 or 32-2391 and R17-5-323.

**Historical Note**

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2).

**R17-5-323. Non-compliance; Notice of Corrective Action; Cancellation, Suspension, or Revocation of a Professional Driver Training School License or Traffic Survival School**

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

**License or Qualification of a Traffic Survival School Instructor; Hearing and Appeal**

- A. The following definitions apply to this Section:
1. "Cancellation" means a Department action that withdraws a license or qualification of a traffic survival school instructor issued under A.R.S. Title 28, Chapter 8, Article 7.1 or Title 32, Chapter 23 and this Article.
  2. "Revocation" means a Department action that terminates, for an indefinite period of time, a licensee's or traffic survival school qualified instructor's privilege to operate a school or conduct instruction under this Article.
  3. "Suspension" means a Department action that prohibits, for a stated period of time, a licensee or traffic survival school qualified instructor from operating as a school or instructor under this Article.
- B. The Department or private entity may initiate corrective action on a licensee or a traffic survival school qualified instructor as provided under A.R.S. Title 28, Chapter 8, Article 7.1, Title 32, Chapter 23, Article 3, or Title 41, Chapter 6, Article 6, and this Article, if satisfactory evidence shows that a licensee or instructor, individually or collectively:
1. Violated a federal or state law or rule reasonably relating in a business context to a duty prescribed under this Article;
  2. Failed to maintain a status of good standing or character and reputation as defined in R17-5-301; or
  3. Provided false, deceptive, or misleading information to the Department or private entity in either an application or in response to an audit or inspection conducted pursuant to R17-5-321.
- C. A corrective action initiated under subsection (B), depending on the severity or number of violations, may include the Department imposing a term of probation; issuing a cease and desist order under A.R.S. § 28-3417 or 32-2394; or requesting a hearing to cancel, suspend, or revoke an existing license under A.R.S. § 28-3416 or 32-2391.
- D. A notice of corrective action issued by the Department requesting a hearing to cancel, suspend, or revoke an existing school license shall include:
1. The grounds for the Department's action; and
  2. A brief written statement explaining that it will request that a hearing be held before the Department's Executive Hearing Office on the proposed cancellation, suspension, or revocation of a professional driver training school license or a traffic survival school license, as provided under A.R.S. § 28-3416 or 32-2391.
- E. A notice of corrective action issued by the Department to cancel, suspend, or revoke an existing qualification of a traffic survival school instructor shall include:
1. The grounds for the Department's action; and
  2. A brief written statement of the hearing and appeal rights, including that the instructor may request a hearing with the Department's Executive Hearing Office within 30 calendar days of the date on the notice for the cancellation, suspension, or revocation of the qualification of a traffic survival school instructor, as provided in A.R.S. §§ 41-1001(12) and 41-1064.
- F. The Department shall provide notice and conduct hearings as prescribed under A.R.S. Title 41, Chapter 6, Article 6, and 17 A.A.C. 1, Article 5, as applicable.

**Historical Note**

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking

at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

**ARTICLE 4. DEALERS****R17-5-401. Definitions**

In addition to the definitions in A.R.S. §§ 28-4301 and 28-4410, the following definitions apply to this Article unless otherwise specified:

"Dealer" or "motor vehicle dealer" has the same meaning as "motor vehicle dealer" in A.R.S. § 28-4301.

"Director" has the same meaning as in A.R.S. § 28-101.

"Owner" means a person who holds the legal title of a motor vehicle.

"Principal place of business" means a licensed place of business from which a wholesale motor vehicle dealer or a broker conducts business and keeps the records of the business.

"State" means the state of Arizona and all its agencies and political subdivisions, their officers and agents.

"Taxpayer identification number" means a number used for tax purposes that is assigned by the Social Security Administration or the Internal Revenue Service.

"VIN" or "Vehicle Identification Number" means the unique code, including serial number, used by an automobile manufacturer to identify a specific motor vehicle.

**Historical Note**

New Section made by final rulemaking at 23 A.A.R. 1434, effective July 4, 2017 (Supp. 17-2).

**R17-5-402. Bond Amounts; Dealers, Brokers, and Automotive Recyclers' Business Licenses**

- A. As prescribed under A.R.S. § 28-4362, the Department shall require a bond in the amount specified for the following motor vehicle business license applicants:
1. \$100,000 for:
    - a. A new motor vehicle dealer,
    - b. A used motor vehicle dealer, or
    - c. A public consignment auction dealer.
  2. \$25,000 for:
    - a. A broker,
    - b. A wholesale motor vehicle dealer, or
    - c. A wholesale motor vehicle auction dealer.
  3. \$20,000 for an automotive recycler.
- B. An applicant shall submit a bond on the original vehicle dealer bond form prescribed by the Director that meets the requirements in A.R.S. § 28-4362 and these rules. An applicant shall submit a separate, original bond for each application and for each county in which an applicant or licensee has an established place of business or a principle place of business. A power of attorney for the attorney-in-fact shall be attached to the dealer bond, if applicable.
- C. An applicant shall sign the dealer bond, in addition to all partners for a partnership, or one officer for an incorporation.
- D. The completed bond form shall contain an embossed stamp, seal, or sticker from the bond company.
- E. The Department shall not accept a handwritten bond.

**Historical Note**

New Section recodified from R17-4-240 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 9 A.A.R. 1864, effective August 2, 2003 (Supp. 03-2). Section amended by final rulemaking at 23 A.A.R. 1434, effective July 4, 2017 (Supp. 17-2).

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

**R17-5-403. Expired****Historical Note**

New Section made by final rulemaking at 9 A.A.R. 1864, effective August 2, 2003 (Supp. 03-2). Section expired under A.R.S. 1056(J) at 22 A.A.R. 3195, effective October 5, 2016 (Supp. 16-3).§

**R17-5-404. Dealer Title Requirement for Vehicle Sale**

For purposes of A.R.S. § 28-4409(A), the dealer's name shall be recorded on a title certificate as transferee or purchaser.

**Historical Note**

New Section recodified from R17-4-241 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Section heading corrected as recodified at 7 A.A.R. 3483 (Supp. 09-2).

**R17-5-405. Dealer Acquisition Contract**

- A.** For the purposes of A.R.S. § 28-4410, a dealer shall prepare a dealer acquisition contract on a Department form with contents as prescribed under subsection (B).
- B.** A dealer acquisition contract shall contain the following information:
  1. The heading "Dealer Acquisition Contract;"
  2. The dealer's name and dealer license number;
  3. The dealer's business address and telephone number;
  4. The owner's name, address, telephone number; driver license number or taxpayer identification number, as applicable; and type of ownership;
  5. The VIN; license plate number; licensing state; and model, make, and year of the motor vehicle that has a dealer acquisition contract;
  6. If there is a lien holder, for each lien holder:
    - a. The lien holder's name, address, and telephone number;
    - b. The lien balance;
    - c. The prepayment penalties, if any; and
    - d. Other information on the terms and conditions of the lien repayment.
  7. A statement by the owner that the motor vehicle is free and clear of all liens and encumbrances, except those disclosed under subsection (B)(6)(a) and the unpaid lien balance is no greater than disclosed under subsection (B)(6)(b);
  8. The contracted purchase price and a recital that this amount has been either paid directly to the owner or credited to the owner against the purchase price of another motor vehicle;
  9. A statement indicating that the owner is selling and transferring the described motor vehicle to the dealer;
  10. An authorization by the owner permitting the dealer to obtain all information necessary to verify the accuracy of the lien balance and assure that the balance is paid and the lien is released;
  11. A statement by the owner that the registration document provided to the dealer is the original and most recent registration issued for the vehicle;
  12. An agreement indicating whether the owner or dealer is responsible to satisfy the lien balance;
  13. An authorization by the owner permitting the dealer to obtain the original title certificate from the lien holder; endorse the owner's name on the title; and if necessary, transfer the title to the dealer;
  14. A statement that if the owner receives the certificate of title, the owner shall immediately deliver the title to the

dealer and provide any signature and acknowledgment necessary to complete the title transfer to the dealer;

15. The date when the dealer acquisition contract is executed by each party;
16. The dealer's signature; and
17. The owner's signature.
- C.** A dealer or an owner who adds to a dealer acquisition contract a provision not described in this Section shall ensure that the provision does not conflict with or alter the meaning of a provision of this Section.
- D.** When a dealer prepares a dealer acquisition contract as prescribed under this Section, the dealer shall give a copy to the owner and keep the original at the dealer's established place of business for three years after the date that the contract expires or terminates, or the date the motor vehicle is sold.
- E.** In complying with this Section, a dealer shall not interpret or claim compliance to be an approval by the state of the fairness, validity, or legality of a dealer acquisition contract. This Section furnishes only information required in a dealer acquisition contract. This Section does not detail any additional contractual requirements that may be defined under other Arizona statutes.

**Historical Note**

New Section recodified from R17-4-245 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 4234, effective November 15, 2002 (Supp. 02-3). Section amended by final rulemaking at 23 A.A.R. 1434, effective July 4, 2017 (Supp. 17-2).

**R17-5-406. Dealer Consignment Contract**

- A.** For the purposes of A.R.S. § 28-4410, a motor vehicle dealer shall prepare a dealer consignment contract on a form with contents as prescribed under subsection (B).
- B.** A dealer consignment contract shall contain the following information:
  1. The heading "Dealer Consignment Contract;"
  2. The dealer's name and dealer license number;
  3. The dealer's business address and telephone number;
  4. The owner's name, address, telephone number, driver license number or taxpayer identification number, and type of ownership;
  5. The VIN; license plate number; licensing state; and model, make, and year of the motor vehicle that has a dealer consignment contract;
  6. If there is a lien holder, for each lienholder:
    - a. The lien holder's name, address, and telephone number;
    - b. The lien balance;
    - c. The prepayment penalties, if any; and
    - d. Other information on the terms and conditions of the lien repayment;
  7. A statement by the owner that the vehicle is free and clear of all liens and encumbrances, except those disclosed under subsection (B)(6)(a) and the lien balance is no greater than that disclosed under subsection (B)(6)(b);
  8. An authorization by the owner permitting the dealer to market and sell the vehicle on behalf of the owner at a mutually-agreed upon, specified, minimum price;
  9. An agreement by the dealer to inform any prospective purchaser that the vehicle is on consignment;
  10. An agreement by the dealer that, upon receiving the sale proceeds, the dealer shall immediately satisfy all disclosed liens and ensure that the liens are released;

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

11. An agreement by the owner that, upon the completion of the sale and after receiving the sale proceeds, the owner shall promptly deliver and endorse the title certificate for reassignment to the purchaser;
  12. The expiration date of the consignment contract;
  13. An agreement by the dealer to deliver the motor vehicle to the owner at a specified location on the date that the contract expires or terminates;
  14. An agreement by the owner to pay any specified fees due to the motor vehicle dealer on the return of the vehicle, after the expiration or termination of the consignment contract;
  15. The date the contract is executed;
  16. The dealer's signature; and
  17. The owner's signature.
- C.** A dealer or an owner who adds to a dealer consignment contract a provision not described in this Section shall ensure that the provision does not conflict with or alter the meaning of a provision of this Section.
- D.** When a dealer prepares a dealer consignment contract as prescribed under this Section, the dealer shall give a copy to the owner and keep the original at the dealer's established place of business for three years after the date that the dealer consignment contract expires or terminates, or the vehicle is sold.
- E.** In complying with this Section, a dealer shall not interpret or claim compliance to be an approval by the state of the fairness, validity, or legality of a dealer consignment contract. This Section furnishes only information required in a dealer consignment contract. This Section does not detail any additional contractual requirements that may be defined under other Arizona statutes.
- B.** The Department shall accept out-of-state affidavits of repossession that comply with the requirements under subsections (A)(3), (A)(4), and subsection (C) if all of the following apply:
1. The affidavit is submitted by an Arizona licensed dealer, and
  2. The Arizona licensed dealer is transferring the title into the dealership's name.
- C.** A lienholder may sell a repossessed motor vehicle without transferring the title into the lienholder's name by completing a Bill of Sale for submission to the Department. The Bill of Sale may be combined with the affidavit of repossession and shall contain the following information:
1. The buyer's name;
  2. The sale date;
  3. The buyer's street address, including the city, state, and zip code;
  4. The name of the new lienholder, if applicable;
  5. The new lien date, if applicable;
  6. The odometer certification statement, if required under A.R.S. § 28-2058, including the odometer reading, and an acknowledgment with the buyer's name and signature;
  7. A statement that the buyer is aware of the odometer certification made by the seller;
  8. The seller's name;
  9. The seller's signature; and
  10. The seller's address, including city, state, and zip code.
- D.** A completed repossession affidavit as prescribed under this Section is proof of ownership, right of possession, and right of transfer.
- E.** The Department has no responsibility relating to foreclosure on real property under A.R.S. Title 33, Chapter 7.

**Historical Note**

New Section recodified from R17-4-246 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 4234, effective November 15, 2002 (Supp. 02-3). Section amended by final rulemaking at 23 A.A.R. 1434, effective July 4, 2017 (Supp. 17-2).

**R17-5-407. Motor Vehicle Repossession**

- A.** The Department shall not transfer a title when the ownership of a motor vehicle titled in this state or another state reverts through operation of state law to a lienholder of record through repossession unless the following conditions are met:
1. The motor vehicle is physically located in this state;
  2. A notice of lien is filed with the Department;
  3. A completed affidavit from the lienholder is submitted to the Department stating that the motor vehicle is physically located in this state and was repossessed on default pursuant to the terms of the lien and applicable law and that this state, its agencies, employees, and agents shall not be held liable for relying on the contents of the affidavit; and
  4. In addition to the information required under subsection (A)(3), the affidavit contains the following information:
    - a. The (VIN),
    - b. The vehicle model year,
    - c. The vehicle make,
    - d. The registered owner's name,
    - e. The date of repossession,
    - f. The state in which the vehicle is titled,
    - g. The lienholder company name,
    - h. The lienholder agent or representative name, and
    - i. The lienholder signature.

**Historical Note**

New Section recodified from R17-4-260 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 10 A.A.R. 3399, effective October 2, 2004 (Supp. 04-3). Section amended by final rulemaking at 23 A.A.R. 1434, effective July 4, 2017 (Supp. 17-2). Amended by final rulemaking at 31 A.A.R. 4712 (December 26, 2025), effective February 1, 2026 (Supp. 25-4).

**R17-5-408. Resale of a New Motor Vehicle**

- A.** A motor vehicle dealer that sells a new motor vehicle that was delivered to a previous purchaser, shall provide written notice to the new purchaser under subsection (B).
- B.** A motor vehicle dealer shall ensure that the notice under A.R.S. § 28-4422 contains the following information:
1. The name of the dealership;
  2. A vehicle description, including year, make, and VIN;
  3. A statement that the new motor vehicle was delivered to a previous purchaser;
  4. The printed name of the new purchaser; and
  5. The signature of the new purchaser (initials are not acceptable) indicating that the new purchaser has received the notice.
- C.** The motor vehicle dealer shall:
1. Provide a copy of the notice under subsection (B) to the new purchaser, and
  2. Keep a copy of the signed notice under subsection (B) at the new motor vehicle dealer's established place of business for at least three years.
- D.** The motor vehicle dealer is not required to submit the notice to the Department under subsection (B) unless otherwise required by state or federal law.

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

- E. A new motor vehicle dealer shall not add additional language to the notice that would conflict with, or alter the intent of the provisions specified in subsection (B).

**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 225, effective March 11, 2006 (Supp. 06-1). Section amended by final rulemaking at 23 A.A.R. 1434, effective July 4, 2017 (Supp. 17-2).

**ARTICLE 5. MOTOR CARRIER FINANCIAL RESPONSIBILITY****R17-5-501. Definitions**

In addition to the definitions provided under A.R.S. §§ 28-4001, 28-4031, 28-5201, and 28-5431, the following terms apply to this Article, unless the context otherwise requires:

“Binder” means a contract for temporary insurance as described in A.R.S. § 20-1120.

“Initial motor vehicle registration” means the first time a motor carrier registers a specific motor vehicle or a vehicle combination in Arizona.

“Insurance company” means an entity that is in the business of issuing motor carrier liability insurance policies.

**Historical Note**

New Section made by final rulemaking at 9 A.A.R. 235, effective March 11, 2003 (Supp. 03-1). Amended by final rulemaking at 18 A.A.R. 2365, effective November 10, 2012 (Supp. 12-3).

**R17-5-502. Repealed****Historical Note**

New Section recodified from R17-4-226 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Section repealed by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1).

**R17-5-503. Repealed****Historical Note**

New Section recodified from R17-4-226.01 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Section repealed by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1).

**R17-5-504. Requirement to Submit Proof of Financial Responsibility; Applicability; Procedure; Exception**

- A. If a person or motor carrier subject to financial responsibility requirements under A.R.S. § 28-4032 does not insure its motor vehicle or vehicle combination through an insurance company that electronically reports to the Department under A.R.S. § 28-4148 and Article 8 of this Chapter, the person or motor carrier shall submit proof of financial responsibility as prescribed in this Section, and in the amount required under A.R.S. § 28-4033(A):
1. On initial motor vehicle registration, or
  2. On written request by the Department.
- B. An insurance company, its managing general agent, broker, or agent may submit proof of financial responsibility to the Department on behalf of a person or motor carrier.
- C. As proof of financial responsibility, a person or motor carrier shall submit to the Department a photocopy of:
1. A valid liability insurance policy;
  2. A binder dated within 90 days of filing with the Department;

3. A completed and signed Form E Uniform Motor Carrier Bodily Injury and Property Damage Liability Certificate of Insurance, issued by an insurer that holds a valid certificate of authority or that is permitted to transact surplus lines insurance in this state, naming the Arizona Department of Transportation as the agency;
4. A completed and signed Certificate of Liability Insurance form, issued by an insurer that holds a valid certificate of authority or that is permitted to transact surplus lines insurance in this state, naming the Arizona Department of Transportation as the certificate holder; or
5. A certificate of self-insurance issued by the Department after a person or motor carrier meets the requirements of R17-5-810 and A.R.S. §§ 28-4007 and 28-4135.

- D. Before a binder submitted as proof of financial responsibility expires, a motor carrier shall submit:

1. A binder from an insurance company other than the insurance company named in the first binder; or
2. Proof of financial responsibility listed in subsections (C)(1) or (C)(3) through (5).

- E. A person or motor carrier that maintains a valid USDOT number and files proof of financial responsibility with the Federal Motor Carrier Safety Administration under 49 CFR 387 is not required to submit additional proof of financial responsibility under this Section, except on written request by the Department.

**Historical Note**

New Section recodified from R17-4-445 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 9 A.A.R. 235, effective March 11, 2003 (Supp. 03-1). Amended by final rulemaking at 18 A.A.R. 2365, effective November 10, 2012 (Supp. 12-3).

**R17-5-505. Repealed****Historical Note**

New Section recodified from R17-4-446 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Section repealed by final rulemaking at 9 A.A.R. 235, effective March 11, 2003 (Supp. 03-1).

**R17-5-506. Repealed****Historical Note**

New Section recodified from R17-4-447 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 9 A.A.R. 235, effective March 11, 2003 (Supp. 03-1). Repealed by final rulemaking at 18 A.A.R. 2365, effective November 10, 2012 (Supp. 12-3).

**R17-5-507. Repealed****Historical Note**

New Section recodified from R17-4-448 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Section repealed by final rulemaking at 9 A.A.R. 235, effective March 11, 2003 (Supp. 03-1).

**ARTICLE 6. IGNITION INTERLOCK DEVICE MANUFACTURERS AND IGNITION INTERLOCK SERVICE PROVIDERS****R17-5-601. Definitions**

In addition to the definitions provided under A.R.S. §§ 28-101 and 41-1072, in this Article, unless the context otherwise requires, the following terms apply:

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

“Alcohol concentration” means the weight amount of alcohol contained in a unit volume of breath or air, measured in grams of ethanol/210 liters of breath or air and expressed as grams/210 liters.

“Alveolar breath sample” means the last portion of a prolonged, uninterrupted exhalation from which breath alcohol concentrations can be determined.

“Anticircumvention feature” means any feature or circuitry incorporated into the ignition interlock device that is designed to prevent human activity that would cause the device not to operate as intended.

“Authorization agreement” or “agreement” means an agreement authorized by the Director that an IISP enters into with the Department to provide ignition interlock services under A.R.S. § 28-1468.

“Breath alcohol test” means analysis of a sample of the person’s expired alveolar breath to determine alcohol concentration.

“Bump starting” means a method of starting a motor vehicle with an internal combustion engine by engaging the manual transmission while the vehicle is in motion.

“Business day” means a day other than a Saturday, Sunday, or state holiday.

“Calibration” means the testing, adjustment, or systematic standardization of an ignition interlock device to determine and verify its accuracy.

“Cancellation” means the termination of a manufacturer’s ignition interlock device certification for ignition interlock device installation.

“Certification” means a status granted by the Department under this Article, which permits a certified ignition interlock device manufacturer to offer an ignition interlock device for installation.

“Certified ignition interlock device,” “CIID,” or “device” means a device that is based on alcohol specific electrochemical fuel sensor technology that meets the NHTSA specifications; that connects a breath analyzer to a motor vehicle’s ignition system; that is constantly available to monitor the alcohol concentration in the breath of any person attempting to start the motor vehicle by using its ignition system; that deters starting the vehicle by use of its ignition system unless the person attempting to start the motor vehicle provides an appropriate breath sample for the device; and determines whether the alcohol concentration in the person’s breath is below a preset level.

“Circumvent” or “circumvention” means an attempted or successful bypass of the proper functioning of a certified ignition interlock device and includes all of the following:

The bump start of a motor vehicle with a certified ignition interlock device;

The introduction of a false sample other than a deep-lung breath sample from the person driving the motor vehicle;

The introduction of an intentionally contaminated or a filtered breath sample;

The intentional disruption or blocking of a digital image identification device;

The continued operation of the motor vehicle after the certified ignition interlock device detects breath alcohol exceeding the presumptive limit prescribed in A.R.S. § 28-1381(G)(3) or, if the person is under 21 years of age, any attempt to operate the motor vehicle with any spirituous liquor in the person’s body;

Operating a motor vehicle without a properly functioning certified ignition interlock device and;

When a person, who is required to maintain a functioning certified ignition interlock device is starting or operating the motor vehicle, permits another individual to breathe into the certified ignition interlock device for the purpose of providing a breath alcohol sample to start the motor vehicle or for the rolling retest.

“Corrective action” means an action specified in or reasonably implied from Title 28, Chapter 4, Arizona Revised Statutes, that the Department takes in relation to a person’s driving privilege and the usage or discontinuation of usage of a CIID.

“Customer number” means the system-generated, or other distinguishing number, assigned by the Department to each person conducting business with the Department. The customer number of a private individual is generally the person’s driver license or non-operating identification license number.

“Data logger” means the electronic record of all ignition interlock device activity during the period when the device is installed.

“Data storage system” means a computerized recording of all events monitored by an ignition interlock device, which may be reproduced in the form of specific reports.

“Defective ignition interlock device” means an ignition interlock device that:

1. Does not meet the NHTSA specifications;
2. Does not pass calibration tests; or
3. Does not meet the accuracy and device standards prescribed in these rules.

“Drive cycle” means either the period of time from when a motor vehicle is initially turned on to the next time the ignition is turned off, or the period of time from when an initial breath alcohol test is performed and failed, to the time a breath alcohol test is successfully taken and the ignition is turned off.

“Early recall” means that a person’s ignition interlock device recorded one tampering or circumvention event, any ignition interlock malfunction, or any four valid reportable violations within a continuous 90-day period, that requires a person to return to a service center within 72 hours.

“Emergency bypass” means an event that permits a vehicle equipped with an ignition interlock device to be started without requiring successful completion of a required breath alcohol test.

“Emergency situation” means a circumstance in which the person informs the IISP or IISP-certified technician that the person’s vehicle needs to be moved to comply with the law, or the person has a valid and urgent need to operate the vehicle.

“Established place of business” means a business location that is:

Approved by the Department;

Located in Arizona;

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

Not used as a residence; and

Where an IISP or its agent or subcontractor provides authorized ignition interlock services.

“False sample” means any sample other than the unaltered, undiluted, or unfiltered alveolar breath sample coming from the person.

“Filtered breath sample” means any mechanism by which there is an attempt to remove alcohol from the human breath sample.

“Free restart” means a function of a CIID that will allow a person to restart the vehicle, under the conditions provided in R17-5-615, without completing another breath alcohol test.

“FTP” means file transfer protocol, the exchange of files over any network that supports electronic data interchange reporting that is transmitted through the Internet and prescribed by the Department.

“Global positioning system” means the ability of a wireless certified ignition interlock device to identify and transmit its geographic location through the operation of the device.

“Ignition interlock device installation fee” means the fee required in A.R.S. § 28-1462, and established by the Department in R17-5-614, that is paid by a person to an IISP when a CIID is installed on, or transferred to a person’s vehicle.

“Ignition interlock period” means the period in which a person is required to use a CIID that is installed on a vehicle.

“Ignition interlock service provider” or “IISP” means a person who is an authorized representative of a manufacturer and who is under contract with the Department to install or oversee the installation of ignition interlock devices by the provider’s authorized agents or subcontractors and to provide services to the public related to ignition interlock devices.

“Improper reporting” means any of the following:

Failure of a manufacturer to report any violations to the Department within 24 hours as required in R17-5-610(D)(1), or failure to send a person’s ignition interlock reporting records, including records relating to a violation, to the Department as required in R17-5-612(C);

Failure of a manufacturer to submit to the Department valid and substantiated proof or evidence of a reportable activity related to a violation, including a summary report and relevant data loggers as required in R17-5-610(D)(2), within 10 days after the Department’s request;

Failure of a manufacturer to electronically send each Certified Ignition Interlock Summarized Reporting Record to the Department within 24 hours, after performing a calibration check, that results in the Department mailing a driver license suspension to a person;

Failure of a manufacturer to electronically send a Certified Ignition Interlock Device Summarized Reporting Record to the Department within 24 hours after installing a CIID;

Electronic reporting by a manufacturer to the Department, of data that is an exact duplicate of a single violation that occurs on a particular day and time and is reported multiple times;

Knowingly reporting a violation that occurs when a participant’s vehicle has high or low voltage;

Reporting an incident that occurs when a person has a free restart test to start the person’s vehicle;

Reporting an incident that occurs in which a manufacturer downloads data from the device during a calibration check and tampers with the data or a CIID;

Failure of a manufacturer to validate any person’s ignition interlock period extension within 10 days; or

Reporting an incident that occurs after the person’s vehicle is turned off.

“Independent laboratory” means a testing facility, not owned or operated by a manufacturer, that can test an ignition interlock device according to the Model Specifications for Breath Alcohol Ignition Interlock Devices (BAIIDs), NHTSA, published at 78 FR 26862 to 26866, May 8, 2013, with the NHTSA technical corrections published at 80 FR 16720 to 16723, March 30, 2015.

“Manufacturer” means a person or an organization that is located in the United States, that is responsible for the design, construction, and production of an ignition interlock device and that is certified by the Department to offer ignition interlock devices for installation in motor vehicles in this state.

“Material modification” means a change to a CIID that affects the functionality of the device.

“Missed rolling retest” means the person refused or failed to provide a valid and substantiated breath sample while operating the motor vehicle, in response to a requested rolling retest within the time period prescribed in R17-5-615(E).

“Mobile services” means ignition interlock services provided by an IISP or its agents or subcontractors at a publicly accessible location other than the IISP’s service center, that meet the requirements of R17-5-618.

“NHTSA” means the United States Department of Transportation’s National Highway Traffic Safety Administration.

“NHTSA specifications” means the specifications for breath alcohol ignition interlock devices published at 78 FR 26862 to 26866, May 8, 2013, with the NHTSA technical corrections published at 80 FR 16720 to 16723, March 30, 2015.

“Permanent lock-out” means a feature of the CIID in which a motor vehicle will not start until the CIID is reset by an IISP or an IISP-certified technician.

“Person” means a person who is ordered by an Arizona court or the Department to equip each motor vehicle operated by the person with a functioning CIID, and who becomes a customer of an IISP for installation and servicing of the CIID.

“Positive result” means a test result indicating that the alcohol concentration meets or exceeds the set point value.

“Principal place of business” means the administrative headquarters of a manufacturer or an IISP that is located in Arizona, is zoned for commercial, and is not used as a residence.

“Purge” means any mechanism that cleanses or removes a previous breath or reference sample from the device and specifically removes alcohol.

“Real-time” or “real-time reporting” means the instant transmission of unfiltered ignition interlock violations as defined in R17-5-601, and data as prescribed in R17-5-610, including digital images, to the manufacturer’s website for viewing by

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

the Department without delay, as electronic or digital service permits.

“Reference sample device” means a device containing a sample of known alcohol concentration.

“Reference value” means an alcohol reference solution prepared and tested in a laboratory with a reference value and used to perform an accuracy check of the calibration of a CIID.

“Retest set point” has the same meaning as set point.

“Rolling retest” means a breath alcohol test that is required of a person at random intervals after the motor vehicle is started and that is in addition to the initial test required to start the motor vehicle.

“Service center” means an established place of business approved by the Department from which an IISP or its agents or subcontractors provide ignition interlock services to persons from one or more counties.

“Set point” means an alcohol concentration of 0.020 g/210 liters of breath.

“Tampering” means an overt or conscious attempt to physically disable or otherwise disconnect the CIID from its power source that allows the operator to start the engine without taking and passing the requisite breath test.

“Technician” means a person who is certified and properly trained by an ignition interlock service provider to install, inspect, calibrate, service or remove certified ignition interlock devices.

“Temporary lock-out” means a feature of the CIID which will not allow a motor vehicle to start for five minutes after a breath alcohol test result indicating an alcohol concentration above the set point.

“Vehicle identification number” or “VIN” means the unique code, including serial number, used by an automobile manufacturer to identify a specific motor vehicle.

“Violation” (when referencing acts or omissions on the part of a person in the ignition interlock program) includes, but is not limited to any of the following reportable activities performed by a person which a manufacturer shall promptly report to the Department:

Circumventing the CIID as defined in R17-5-601;

Tampering with the CIID as defined in A.R.S. § 28-1301;

Failing to provide proof of compliance or inspection of the CIID under A.R.S. § 28-1461(E)(4);

Attempting to operate the vehicle with an alcohol concentration of 0.08 or more as prescribed in A.R.S. § 28-1461(E)(5) if the person is at least 21 years of age;

Attempting to operate the vehicle with an alcohol concentration value in excess of the set point if the person is under 21 years of age;

Refusing or failing to provide any set of three consecutive valid and substantiated breath samples in response to a requested rolling retest within an 18-minute time frame during a person’s drive cycle;

Disconnecting or removing a CIID, except:

On repair of the vehicle, if the person provided to the IISP, technician, or service center advance notice of the repair and the anticipated completion date; or

On moving the device from one motor vehicle to another motor vehicle if replacement of the device is accomplished within 72 hours of device removal.

“Violation reset” means the unplanned servicing and inspection of a CIID and the downloading of information from its data storage system by an IISP as a result of an early recall that requires the manufacturer to unlock the device.

#### Historical Note

New Section recodified from R17-4-709 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Amended by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2). Amended by final rulemaking at 26 A.A.R. 1047, effective July 5, 2020 (Supp. 20-2).

#### R17-5-602. Ignition Interlock Device Manufacturer Certification; Expiration; Cancellation of Certification; Notice

- A. An ignition interlock device manufacturer shall obtain certification by the Department under this Article before offering a new ignition interlock device model and before making material modifications to an existing ignition interlock device model for implementation and installation under Arizona law.
- B. Ignition interlock device certification by an ignition interlock device manufacturer shall occur prior to the IISP signing an authorization agreement with the Department.
- C. After receiving Department certification for a new ignition interlock device model and meeting all the requirements under R17-5-604, the ignition interlock device manufacturer is effectively certified by the Department to offer the certified ignition interlock device model for installation under Arizona law.
- D. An ignition interlock device manufacturer shall submit a new application to the Department under R17-5-604 for the certification of each new ignition interlock device model the manufacturer intends to offer for installation.
- E. Manufacturer certification issued by the Department under this Article shall automatically expire if:
  1. The manufacturer no longer provides at least one currently certified ignition interlock device model for installation under Arizona law; and
  2. The manufacturer has no pending application on file with the Department for the certification of a device under R17-5-604.
- F. Manufacturer certification of an ignition interlock device that was previously approved by the Department under this Article shall automatically expire within one year after the certification is granted if the manufacturer has not contracted with an IISP currently contracted with the Department to install the CIID.
- G. After the one-year cancellation period in subsection (F) ends, a manufacturer may reapply to the Department for certification by completing a new application for the certification of a device and meeting all certification requirements under this Article.
- H. If the Department determines that a manufacturer fails to properly report ignition interlock information and data to the Department in the manner prescribed in these rules, the

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

Department may immediately provide written notice to the manufacturer with the following information:

1. The name of the person and the date of the improper reporting; and
  2. The manufacturer shall send the required record or report to the Department within ten business days, if applicable.
- I.** If the manufacturer fails to remedy the issues identified in the notice within ten business days, the Department may cancel the manufacturer device certification.
- J.** If a manufacturer's certification expires as a result of subsections (E)(1) and (E)(2), the manufacturer may reapply for certification by submitting a new application to the Department for the certification of a device under R17-5-604.
- K.** A manufacturer shall only appoint one IISP that is contracted with the Department and serves as an authorized representative of the manufacturer to provide ignition interlock services to the public.
- L.** A manufacturer shall notify the Department within 24 hours if an IISP is no longer authorized by a manufacturer to install its CIID.

**Historical Note**

New Section recodified from R17-4-709.01 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Former R17-5-602 renumbered to R17-5-604; new R17-5-602 made by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Amended by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

**R17-5-603. Device Requirements, Technical Specifications, and Standards for Setup and Calibration**

- A.** The accuracy of the CIID shall be determined by analysis of an external standard generated by a reference sample device.
- B.** A device shall have a demonstrable feature designed to assure that a breath sample measured is essentially alveolar.
- C.** A test of alcohol-free samples shall not yield a positive result. Endogenously produced substances capable of being present in the breath shall not yield or significantly contribute to a positive result.
- D.** All devices shall meet the setpoint requirements of R17-5-601 and the following requirements:
1. Be calibrated to have an accuracy within plus or minus 0.005 g/210L of the reference value;
  2. Be calibrated using a known reference value between .020 g/210L and .050 g/210L; and
  3. Be accompanied by a Certificate of Analysis (COA).
- E.** A device shall be designed so that anticircumvention features will be difficult to bypass.
1. Anticircumvention provisions on the device shall include, but are not limited to, prevention or preservation of any evidence of circumvention by attempting to use a false or filtered breath sample or electronically bypassing the breath sampling requirements of a device.
  2. A device shall use special seals or other methods that reveal attempts to bypass lawful device operation.
- F.** A CIID shall have global positioning system capability, and the manufacturer shall electronically and wirelessly download in real-time from the device and transmit daily to the Department, a person's ignition interlock activity in an FTP batch file.
- G.** A CIID shall be equipped with a camera, which shall not distract or impede the driver in any manner from safe and legal operation of the vehicle, shall record all ignition interlock activity of the person, and shall provide any visual evidence of actual or attempted tampering, alteration, bypass, or circumvention, and report this information directly to the manufacturer.
- H.** The camera shall be able to record and store visual evidence of each person providing a breath alcohol test, and shall meet the following requirements:
1. At device installation, the camera shall take a reference picture of the person, which shall be kept on file;
  2. A clear digital image shall be taken for each event, including initial vehicle start, all rolling retests, and whenever a violation is recorded;
  3. Each digital image shall be a wide-angle view of the front cabin of the vehicle, including the passenger side, to ensure the camera can clearly capture the entire face of the person and any passengers; and
  4. The camera shall produce a digital image of the person in all lighting conditions, including brightness, darkness, and low light conditions.
- I.** A device shall:
1. Automatically purge alcohol before allowing analysis.
  2. Have a data storage system with the capacity to sufficiently record and maintain a record of the person's daily driving activities that occur between each regularly scheduled calibration check referenced under R17-5-610 and R17-5-706. An IISP shall download and transmit any digital images taken during a person's calibration check, during each rolling retest, and each time a person with the ignition interlock requirement or another individual starts the motor vehicle. A manufacturer shall make these digital images available to the Department on request.
  3. Use the most current version of the manufacturer's software and firmware to ensure compliance with this Article and any other applicable rule or statute. The manufacturer's software and firmware shall:
    - a. Require device settings and operational features to include, but not limited to, sample delivery requirements, the set point, free restart, rolling retest requirements, violation settings, and temporary and permanent lock-outs; and
    - b. Prohibit modification of the device settings or operational features by a service center, or an IISP-certified technician unless the Department approves the modification under subsection (J).
  4. Record all emergency bypasses in its data storage system.
  5. Provide a visual reminder on the device that a calibration check must be performed on the person's CIID every 90 days, with prominent device notifications during each 77-day to 90-day interval within a person's ignition interlock period, of the following:
    - a. The device needs service; and
    - b. The time remaining until a permanent lock-out occurs.
  6. Notify a person that failure to get the calibration check, including calibration and data download, by the end of each 90-day period will cause the vehicle to be in a permanent lock-out mode, and shall record the event in the data storage system.
  7. On recording a violation of A.R.S. Title 28, Chapter 4, Article 5 for one instance of tampering or circumvention, any ignition interlock device malfunction, or any four valid reportable violations within a continuous 90-day period, emit a unique cue, either auditory, visual, or both, to warn a person that an early recall is initiated, requiring

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

- the person to return to the IISP in 72 hours for a violation reset.
8. Enter into a permanent lock-out if a person does not return to the IISP for a violation reset within 72 hours after an early recall occurs.
  9. When a violation results in a permanent lock-out mode, the device shall:
    - a. Immobilize the person's vehicle;
    - b. Uniquely record the event in the data storage system; and
    - c. Require a violation reset by the IISP.
  10. Enter into a temporary lock-out mode for five minutes when the device detects during the initial breath alcohol test that a person's breath alcohol concentration is at or above the set point.
  11. After the five-minute temporary lock-out, the device shall allow subsequent breath alcohol tests with no further lock-out as long as each subsequent test produces a valid and substantiated breath test.
  12. Have security protections and the capability to provide visual evidence of any actual or attempted tampering, alteration or bypass of the device, or circumvention.
- J.** No modification shall be made to the design or operational concept of a device model after the Department has certified the device for installation under Arizona law, except that:
1. A software or firmware update required to maintain a device model is permissible if the update does not modify the design or operational concept of the device.
  2. Replacement, substitution, or repair of a part required to maintain a device model is permissible if the part does not modify the design or operational concept of the device.
  3. If a manufacturer determines that an existing Department-certified ignition interlock device model requires any modification, the manufacturer shall immediately notify the Department.
- Historical Note**
- New Section recodified from R17-4-709.02 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Former R17-5-603 renumbered to R17-5-606; new R17-5-603 made by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Amended by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2). Amended by final rulemaking at 26 A.A.R. 1047, effective July 5, 2020 (Supp. 20-2).
- R17-5-604. Ignition Interlock Device Certification; Application Requirements**
- A.** A manufacturer shall offer for installation only an ignition interlock device that is certified by the Department under this Section.
  - B.** To certify an ignition interlock device model, a manufacturer shall submit to the Department a properly completed application form that provides:
    1. The manufacturer's name;
    2. The address of the manufacturer's principal place of business in this state and telephone number;
    3. The manufacturer's status as a sole proprietorship, partnership, limited liability company, or corporation;
    4. The name of the sole proprietor or of each partner, officer, director, manager, member, agent, or 20% or more stockholder;
  5. The name and model number of the ignition interlock device and the name under which the ignition interlock device will be marketed; and
  6. The manufacturer's electronic mail address.
  7. The following statements, signed by the manufacturer:
    - a. A statement that all information provided on the application form, including all information provided on any attachment to the application form, is complete, true, and correct;
    - b. A statement that the manufacturer agrees to indemnify and hold harmless the state of Arizona and any department, division, agency, officer, employee, or agent of the state of Arizona from all liability for:
      - i. Damage to property or injury to people arising, directly or indirectly, out of any act or omission by the manufacturer or the manufacturer's authorized IISP relating to the installation and operation of the ignition interlock device; and
      - ii. All court costs, expenses of litigation, and reasonable attorneys' fees;
    - c. A statement that the manufacturer agrees to comply with all requirements under this Article; and
    - d. A statement that the manufacturer agrees to immediately notify the Department of any change to the information provided on the application form.
- C.** A manufacturer shall submit the following additional items with the application form:
1. A document that provides a detailed description of the ignition interlock device and a digital image, drawing, or other graphic depiction of the device;
  2. A document that contains the complete technical specifications for the accuracy, reliability, security, data collection, recording, and tamper detection capabilities of the ignition interlock device;
  3. An independent laboratory's report for each device model that:
    - a. Presents supporting data to demonstrate that the ignition interlock device meets or exceeds the test results required by the Model Specifications For Breath Alcohol Ignition Interlock Devices (BAIDs), NHTSA, published at 78 FR 26862 to 26866, May 8, 2013, with the NHTSA technical corrections published at 80 FR 16720 to 16723, March 30, 2015. The NHTSA specifications and technical corrections are incorporated by reference and are on file with the Department at 206 S. 17th Avenue, Phoenix, AZ 85007, and the NHTSA Office of Research and Technology, 1200 New Jersey Avenue SE, Washington, D.C. 20590. This incorporation by reference contains no future editions or amendments;
    - b. Provides the independent laboratory's name, address, and telephone number; and
    - c. Provides the name and model number of the ignition interlock device tested.
  4. A laboratory certification form, signed by an authorized representative of the independent laboratory that prepared the report required under subsection (C)(3), that states all of the following:
    - a. The laboratory is not owned or operated by a manufacturer and no other conflict of interest exists.
    - b. The laboratory tested the ignition interlock device in accordance with the Model Specifications For Breath Alcohol Ignition Interlock Devices (BAIDs), NHTSA, published at 78 FR 26862 to 26866,

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

May 8, 2013 with the NHTSA technical corrections published at 80 FR 16720 to 16723, March 30, 2015.

- c. The laboratory confirms that the ignition interlock device meets or exceeds the test results required under the Model Specifications For Breath Alcohol Ignition Interlock Devices (BAIIDs), NHTSA, published at 78 FR 26862 to 26866, May 8, 2013, with the NHTSA technical corrections published at 80 FR 16720 to 16723, March 30, 2015.
  - d. The laboratory used properly maintained equipment and trained personnel to test the ignition interlock device.
  - e. The laboratory presented accurate test results to the Department.
5. A certificate of insurance, issued by an insurance company authorized to transact business in Arizona, specifying:
    - a. A product liability policy with a current effective date;
    - b. The name and model number of the ignition interlock device model covered by the policy;
    - c. Policy coverage of \$1,000,000 and \$3,000,000 in the aggregate;
    - d. The manufacturer as the insured and the state of Arizona as an additional insured;
    - e. Product liability coverage for defects in manufacture, materials, design, calibration, installation, and operation of the ignition interlock device; and
    - f. The insurance company shall notify the Department's Risk Management, Insurance and Indemnification Section in writing at least 30 days before canceling the product liability policy.
  6. A statement that the ignition interlock device has a camera, includes a global positioning system, and provides real-time reporting.
- D. For any installation of a certified ignition interlock device or any replacement of a device on a person's motor vehicle with another device, an IISP or an IISP-certified technician shall install only a certified ignition interlock device that meets the additional requirements in this Article, and meets or exceeds the test results required by the Model Specifications for Breath Alcohol Ignition Interlock Devices (BAIIDs), NHTSA, published at 78 FR 26862 to 26866, May 8, 2013, with the NHTSA technical corrections published at 80 FR 16720 to 16723, March 30, 2015.
  - E. A person whose CIID was installed prior to July 1, 2018, that does not meet all the requirements of subsection (D) shall return to the person's IISP by October 1, 2020 to exchange the CIID for a CIID that meets all the requirements of subsection (D).

**Historical Note**

New Section recodified from R17-4-709.03 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Former R17-5-604 renumbered to R17-5-607; new R17-5-604 renumbered from R17-5-602 and amended by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Amended by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2). Amended by final rulemaking at 26 A.A.R. 1047, effective July 5, 2020 (Supp. 20-2).

**R17-5-605. Application Processing; Time Frames; Exception**

- A. The Department shall process an application for ignition interlock device certification only if an applicant meets all applicable application requirements.
- B. The Department shall, within 10 days of receiving an application for certification, provide notice to the applicant that the application is either complete or incomplete.
  1. The date of receipt is the date the Department receives the application.
  2. If an application is incomplete, the notice shall specifically identify what required information is missing.
- C. An applicant with an incomplete application shall provide all missing information to the Department within 15 days of the date indicated on the notice provided by the Department under subsection (B).
  1. After receiving all of the required information, the Department shall notify the applicant that the application is complete.
  2. The Department may deny certification of an ignition interlock device if the applicant fails to provide the required information within 15 days of the date indicated on the notice.
- D. Except as provided under subsection (F), the Department shall render a decision on an application for certification of an ignition interlock device within 30 days of the date indicated on the notice acknowledging receipt of a complete application provided to the applicant under subsections (B) or (C)(1).
- E. For the purpose of A.R.S. § 41-1073, the Department establishes the following time frames for processing an application for certification of an ignition interlock device:
  1. Administrative completeness review time frame: 10 days.
  2. Substantive review time frame: 30 days.
  3. Overall time frame: 40 days.
- F. Established time frames may be suspended by the Department under A.R.S. § 41-1074 for certification of an ignition interlock device until the Department receives all external agency approvals required for certifying a new ignition interlock device model from the Department of Public Safety.

**Historical Note**

New Section recodified from R17-4-709.04 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Former R17-5-605 renumbered to R17-5-608; new R17-5-605 made by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Amended by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

**R17-5-606. Application Completeness; Denial of Ignition Interlock Device Certification; Hearing**

- A. An application for certification of an ignition interlock device model is complete when the Department receives:
  1. From the manufacturer, a properly prepared application form;
  2. From the manufacturer, all additional items required under R17-5-604(C);
  3. From the Department of Public Safety, under A.R.S. § 28-1462, written confirmation or disapproval of the independent laboratory's report that the ignition interlock device meets or exceeds the NHTSA specifications in R17-5-604(C); and
  4. From the manufacturer, a letter or notification that the device meets the following standards:
    - a. The anticircumvention features in R17-5-603(E),

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

- b. The data storage capacity requirement in R17-5-603(I)(2), and
    - c. The constant communication requirement in R17-5-610(O).
  - B.** The Director shall deny an application for certification of an ignition interlock device model if all requirements of subsection (A) are not met, or on finding any of the following:
    - 1. The design, material, or workmanship is defective, causing the ignition interlock device model to fail to function as intended;
    - 2. The manufacturer's product liability insurance coverage is terminated or canceled;
    - 3. The manufacturer no longer offers the ignition interlock device model for installation under Arizona law;
    - 4. The manufacturer or the independent laboratory provided false or inaccurate information to the Department relating to the performance of the ignition interlock device model;
    - 5. The components, design, or installation and operating instructions have undergone a modification that causes the ignition interlock device model to be out of compliance with the NHTSA specifications in R17-5-604(C), the requirements in this Article; or
    - 6. The Department receives a report of device disapproval from an independent laboratory or other external reviewer.
  - C.** The Department shall mail to the manufacturer, written notification of the certification or denial of certification of an ignition interlock device model. A notice denying certification of an ignition interlock device model shall specify the basis for the denial and indicate that the applicant may, within 15 days of the date on the notice, request a hearing on the Director's decision to deny certification by filing a written request with the Department's Executive Hearing Office as prescribed under 17 A.A.C. 1, Article 5.
  - D.** If a manufacturer timely requests a hearing on the Director's decision to deny certification of an ignition interlock device model, the Department's Executive Hearing Office shall conduct the hearing as provided under A.R.S. Title 41, Chapter 6, Article 6, and 17 A.A.C. 1, Article 5.
- Historical Note**
- New Section recodified from R17-4-709.05 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Former R17-5-606 renumbered to R17-5-609; new R17-5-606 renumbered from R17-5-603 and amended by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Amended by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2). Amended by final rulemaking at 26 A.A.R. 1047, effective July 5, 2020 (Supp. 20-2).
- R17-5-607. Cancellation of Device Certification; Hearing**
- A.** The Director shall cancel an ignition interlock device model certification and remove the device from its list of CIID's on finding any of the following:
    - 1. The design, material, or workmanship contains a defect that causes the ignition interlock device model to fail to function as intended;
    - 2. The manufacturer's product liability insurance coverage is terminated or canceled;
    - 3. The manufacturer no longer offers the ignition interlock device model for installation under Arizona law;
    - 4. The manufacturer or independent laboratory provided false or inaccurate information to the Department relating to the performance of the ignition interlock device model;
    - 5. The components, design, or installation and operating instructions have undergone a modification that causes the ignition interlock device model to be out of compliance with the NHTSA specifications in R17-5-604(C);
    - 6. The manufacturer instructs the Department to cancel its certification of the ignition interlock device model;
    - 7. The manufacturer, the IISP, or the device does not comply with this Article or any other applicable rule or statute; or
    - 8. If the manufacturer has not contracted with an IISP authorized by the Department within one year after the device model certification.
  - B.** The Department, on finding any of the conditions described under subsection (A), or on finding that the manufacturer failed to timely remedy the issues identified in the notice provided under R17-5-602(H), shall mail to the manufacturer a notice and order of cancellation of certification for the specific ignition interlock device model. The notice and order of cancellation shall:
    - 1. Specify the basis for the action;
    - 2. Specify the date when the one-year decertification begins and ends; and
    - 3. State that the manufacturer may, within 15 days after receipt of a notice and order of manufacturer device model cancellation, file a written request for a hearing with the Department's Executive Hearing Office as prescribed under 17 A.A.C. 1, Article 5, to show cause as to why the ignition interlock device certification should not be cancelled.
  - C.** If a hearing to show cause is timely requested, the Department's Executive Hearing Office shall conduct the hearing as prescribed under A.R.S. Title 41, Chapter 6, Article 6, and 17 A.A.C. 1, Article 5. The request for a hearing stays the summary cancellation of manufacturer device model certification.
  - D.** Within 10 days after a hearing, the hearing officer shall issue to the manufacturer a written decision, which shall:
    - 1. Provide findings of fact and conclusions of law; and
    - 2. Grant or cancel the certification.
  - E.** If the hearing officer affirms the manufacturer device model cancellation, the manufacturer may seek judicial review under A.R.S. Title 12, Chapter 7, Article 6, within 35 days of the date when a copy of the decision sought to be reviewed is served upon the party affected unless the court grants a stay while the appeal is pending.
  - F.** Within 60 days after the effective date of an order of cancellation, the manufacturer shall, at the manufacturer's own expense, ensure the removal of all ignition interlock devices that are not certified and facilitate the replacement of each device with a CIID.
  - G.** The manufacturer of a previously decertified ignition interlock device model may reapply to the Department for certification of another ignition interlock device model under R17-5-604 after the one-year device decertification period ends.
  - H.** After cancellation, the Department shall notify the IISP and the IISP-certified technicians that each of them is prohibited from installing the ignition interlock device for which the device certification was cancelled.
  - I.** Cancellation of a manufacturer's device model certification prohibits the manufacturer from performing its duties with respect to the device model that has been cancelled and mak-

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

ing the device model available for installation in the state for a period of one year from the latest of the following dates when:

1. The Department cancels a manufacturer's device model certification, or
2. The Department's Executive Hearing Office cancels the manufacturer's device model certification.

**R17-5-608. Modification of a Certified Ignition Interlock Device Model**

- A. A manufacturer shall notify the Department in writing at least 10 days before a material modification is made to a certified ignition interlock device model.
- B. Before providing a previously certified but materially modified ignition interlock device model for installation in a motor vehicle under an order of an Arizona court or the Department, a manufacturer shall:
  1. Submit to the Department a completed application form with the information required under R17-5-604(B) and all additional items required under R17-5-604(C), and
  2. Obtain certification of the materially modified ignition interlock device from the Department.
- C. The Department's certification of a materially modified ignition interlock device model does not affect the original certification of the unmodified model.

**Historical Note**

New Section recodified from R17-4-709.07 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Former R17-5-608 renumbered to R17-5-611; new R17-5-608 renumbered from R17-5-605 and amended by final rulemaking

at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Amended by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

**R17-5-609. IISP and Manufacturer Responsibilities**

- A. An IISP shall refer a person only to the IISP's certified technician.
- B. An IISP shall provide the Department and each person with a toll-free telephone number to call to obtain the names and phone numbers of the IISP's certified technicians, the IISP service center locations, and hours of operation for the IISP service centers.
- C. An IISP shall certify each technician by providing adequate training and oversight for the technician to perform one of the activities at a service center, which are installation, inspection, calibration, service, or removal of a CIID.
- D. An IISP shall provide to every person operating a motor vehicle equipped with a CIID, and any other persons who will operate the motor vehicle, training on how to operate the motor vehicle. An IISP shall instruct the person on all of the following:
  1. How to use the system;
  2. How to obtain service for the CIID;
  3. How to find answers to any additional questions;
  4. How the alcohol retest feature works;
  5. How drinking alcohol before a test may result in a reading of sensitive or fail;
  6. How the CIID shall not be removed, except by an IISP or IISP-certified technician;
  7. How noncompliance with a regularly scheduled calibration check for a person with a limited or restricted driving privilege shall result in suspension of the person's driving privilege under A.R.S. § 28-1463 until proof of compliance is submitted to the Department under A.R.S. § 28-1461, and the duration of the person's certified ignition interlock device requirement shall be extended under A.R.S. § 28-1461;
  8. What the penalties are for circumvention of the CIID;
  9. What the penalties are for tampering with, or misusing the CIID;
  10. What will happen after failing a start-up breath alcohol test;
  11. What will happen after a person has a set of three consecutive valid and substantiated missed rolling retests within an 18-minute time frame during a drive cycle; and that a person shall not avoid compliance with the rolling retest requirement by turning off a motor vehicle's ignition or by keeping the motor vehicle in operation while the vehicle is parked, and leaving the vehicle when a rolling retest is requested;
  12. What events or actions will result in a temporary or permanent lock-out of the CIID; and
  13. How to provide a properly delivered alveolar breath sample.
- E. An IISP shall have each person sign a document stating that the IISP has instructed the person regarding each topic contained in subsections (D) and (L), and has received the manufacturer's written instructions for operation of the CIID.
- F. An IISP shall inform a person that a compliance check on a CIID is required 30 days and 60 days after installation of the device, which shall be done electronically.

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

- G. An IISP shall inform each person to bring the vehicle to a service center for a calibration check within every 77 to 90-day period until the person is eligible for device removal.
- H. An IISP shall check each CIID for evidence of tampering at least once every 90 days or more frequently if needed. This anticircumvention check shall be conducted at each person's calibration check at a service center as required under R17-5-706.
- I. An IISP shall ensure that the manufacturer reports to the Department electronically under R17-5-610 if any evidence of tampering is discovered, and the manufacturer shall submit valid and substantiated proof or evidence of a reportable activity. An IISP shall keep visual evidence of a person's tampering or circumvention for a minimum of three years after the termination of the person's required ignition interlock period.
- J. An IISP shall submit to the Department a list of the IISP-certified technicians, subcontractors, or agents, and service centers at the beginning of the contract with the Department, within 5 business days of making a change to the list previously provided, and on a monthly basis as requested by the Department.
- K. An IISP shall comply with the provisions of this Article and A.R.S. Title 28, Chapter 4, Article 5.
- L. A manufacturer shall develop and an IISP shall provide each person a reference and problem solving guide at the time of installation that shall include information on the following:
  1. Operating a motor vehicle equipped with the CIID;
  2. Cleaning and caring for the CIID;
  3. Identifying and addressing any vehicle malfunctions or repairs that may affect the CIID; and
  4. How to properly take a valid and substantiated rolling retest.
- M. A manufacturer shall notify the Department within 10 days of a change of address of its principal place of business in this state.
- N. A manufacturer or an IISP shall provide a warning label, for each CIID installed, which shall have an orange background and shall include the following:
  1. Be a minimum size of two inches by one inch;
  2. Be printed in a minimum of nine-point font;
  3. Be printed in Arial font, or a font of substantially similar size and legibility; and
  4. Contain the words in black lettering: "Warning! Any person tampering with, circumventing, or otherwise misusing this Ignition Interlock Device, is guilty of a Class 1 misdemeanor."
- O. A manufacturer shall ensure that the IISP or the IISP-certified technician affixes conspicuously and maintains on each installed CIID the warning label described under subsection (N), which may be affixed to the device or to the device's cord.
- P. A manufacturer shall develop written instructions for the installation and removal of an ignition interlock device from a motor vehicle.
- Q. While a person maintains a functioning CIID in a vehicle under A.R.S. Title 28, Chapter 4, Article 5, the ignition interlock manufacturer shall electronically provide to the Department and transmit daily to the Department the information and reports prescribed in R17-5-610 and R17-5-615.
- R. The manufacturer is responsible for overseeing any agents or subcontractors, including vendors and distributors, as well as overseeing the manufacturer's IISP to ensure adherence to all performance standards.

**Historical Note**

New Section recodified from R17-4-709.08 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Former R17-

5-609 renumbered to R17-5-612; new R17-5-609 renumbered from R17-5-606 and amended by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Section repealed; new Section made by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2). Amended by final rulemaking at 26 A.A.R. 1047, effective July 5, 2020 (Supp. 20-2).

**R17-5-610. Reporting; Reportable Activity**

- A. A person shall have installed in a motor vehicle, only an ignition interlock device certified by the Department under R17-5-604.
- B. A manufacturer shall develop and the IISP shall ensure that each IISP-certified technician complies with the IISP's written procedures for the installation of a CIID.
- C. Certified ignition interlock device installation verification.
  1. A manufacturer shall electronically transmit a Certified Ignition Interlock Device Summarized Reporting Record to the Department within 24 hours of the device installation.
  2. The electronic Certified Ignition Interlock Device Summarized Reporting Record for installation verification shall contain all of the following information:
    - a. Department-assigned service center number;
    - b. Person's full name (first, middle, last and suffix);
    - c. Date of birth;
    - d. Driver license or customer number;
    - e. Report date;
    - f. Install date;
    - g. Report type;
    - h. Technician identification number;
    - i. A unique identification number for the CIID;
    - j. The last six digits of the vehicle identification number that matches the vehicle information on the data logger; and
    - k. Whether the Department, a court, or an out-of-state entity requires a person to have a CIID.
- D. Certified ignition interlock device calibration check.
  1. A manufacturer shall electronically transmit a Certified Ignition Interlock Device Summarized Reporting Record to the Department within 24 hours after performing a calibration check on an installed CIID.
  2. A manufacturer shall submit to the Department the following valid and substantiated proof or evidence of a reportable activity related to a violation, as prescribed in subsection (F), within 10 days by electronic means, which shall include:
    - a. A summary report stating why the data logger or any other evidence confirms the occurrence of a violation, including any digital images of the person; and
    - b. A data logger that shows at least 12 hours of data before and after the violation.
  3. A manufacturer may submit to the Department the following additional valid and substantiated proof or evidence of a reportable activity related to a violation, as prescribed in subsection (F), if available, within 10 days by electronic means, which may include:
    - a. Video recordings;
    - b. Written statements; and
    - c. Any other evidence relevant to a violation.
  4. The electronic Certified Ignition Interlock Device Summarized Reporting Record for the calibration check shall contain all of the following information:

## TITLE 17. TRANSPORTATION

## CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

- a. Department-assigned service center number;
  - b. Person's full name (first, middle, last and suffix);
  - c. Date of birth;
  - d. Driver license or customer number;
  - e. Report date;
  - f. Install date;
  - g. Report type;
  - h. Missed rolling retest count, dates, and times;
  - i. Technician identification number;
  - j. Alcohol concentration violation count, dates, time, and alcohol concentration;
  - k. Tampering violation count, dates, and time;
  - l. Circumvention count, dates, and time;
  - m. Device download date;
  - n. Device download time;
  - o. Bypass code indication, date, and time;
  - p. A unique identification number for the CIID;
  - q. The last six digits of the vehicle identification number that matches the vehicle information on the data logger; and
  - r. Whether the Department, a court, or an out-of-state entity requires a person to have a CIID.
- E.** Certified ignition interlock device removal report.
1. When a certified ignition interlock device is removed, a manufacturer shall electronically transmit a Certified Ignition Interlock Device Summarized Reporting Record to the Department within 24 hours.
  2. The electronic Certified Ignition Interlock Device Summarized Reporting Record for removal of a device shall indicate the condition of noncompliance and contain all of the following information:
    - a. Department-assigned service center number;
    - b. Person's full name (first, middle, last and suffix);
    - c. Date of birth;
    - d. Driver license or customer number;
    - e. Report date;
    - f. Install date;
    - g. Removal date;
    - h. Report type;
    - i. Technician identification number;
    - j. A unique identification number for the CIID;
    - k. The last six digits of the vehicle identification number that matches the vehicle information on the data logger;
    - l. Whether the Department, a court, or an out-of-state entity requires a person to have a CIID;
    - m. Missed rolling retest count, dates, and times;
    - n. Device download date;
    - o. Device download time.
- F.** Reportable activity for a person's noncompliance with these rules and A.R.S. Title 28, Chapter 4, Article 5, shall be limited to valid and substantiated instances by a person of any of the following transmitted electronically and wirelessly by the manufacturer to the Department in real-time within 24 hours:
1. Tampering with a CIID as defined in A.R.S. § 28-1301;
  2. Refusing or failing to provide any set of three consecutive valid and substantiated breath samples in response to a requested rolling retest within an 18-minute time frame during a person's drive cycle;
  3. Failing to provide proof of compliance or inspection of the CIID as required under A.R.S. § 28-1461(E)(4);
  4. Attempting to operate the vehicle with an alcohol concentration of 0.08 or more as prescribed in A.R.S. § 28-1461(E)(5) if the person is at least 21 years of age;
