CHAPTER 128

HOUSE BILL 2454

AN ACT

AMENDING SECTIONS 36-422 AND 36-425, ARIZONA REVISED STATUTES; RELATING TO
HEALTH CARE INSTITUTIONS.

(TEXT OF BILL BEGINS ON NEXT PAGE)

1 Be it enacted by the Legislature of the State of Arizona:

2 Section 1. Section 36-422, Arizona Revised Statutes, is amended to
3 read:

4 36-422. Application for license; notification of proposed
5 change in status; joint licenses; definitions

6 A. A person who wishes to be licensed under this chapter to operate a
7 health care institution shall file with the department an application on a
8 form prescribed, prepared and furnished by the department. The application
9 shall contain the following:

10 1. The name and location of the health care institution.

11 2. Whether it is to be operated as a proprietary or nonproprietary
12 institution.

13 3. The name of the governing authority. The applicant shall be the
14 governing authority having the operative ownership of, or the governmental
15 agency charged with the administration of, the health care institution sought
16 to be licensed.

17 4. The name and business or residential address of each controlling
18 person and an affirmation that none of the controlling persons has been
19 denied a license or certificate issued by a health profession regulatory
20 board pursuant to title 32 or issued by a state agency pursuant to chapter 6,
21 article 7 or chapter 17 of this title or a license to operate a health care
22 institution in this state or another state or has had a license or
23 certificate issued by a health profession regulatory board pursuant to title
24 32 or issued by a state agency pursuant to chapter 6, article 7 or chapter 17
25 of this title or a license to operate a health care institution revoked. If
26 a controlling person has been denied a license or certificate issued by a
27 health profession regulatory board pursuant to title 32 or issued by a state
28 agency pursuant to chapter 6, article 7 or chapter 17 of this title or a
29 license to operate a health care institution in this state or another state
30 or has had a health care professional license or a license to operate a
31 health care institution revoked, the controlling person shall include in the
32 application a comprehensive description of the circumstances for the denial
33 or the revocation.

34 5. The class or subclass of health care institution to be established
35 or operated.

36 6. The types and extent of the health care services to be provided,
37 including emergency services, community health services and services to
38 indigent patients.

39 7. The name and qualifications of the chief administrative officer
40 implementing direction in that specific health care institution.

41 8. Other pertinent information required by the department for the
42 proper administration of this chapter and department rules.

43 B. An application filed pursuant to this section shall be signed as
44 follows:

1 1. If the applicant is an individual, by the owner of the health care
2 institution.

3 2. If the applicant is a partnership or corporation, by two of the
4 partnership's or corporation's officers.

5 3. If the applicant is a governmental unit, by the head of the
6 governmental unit.

7 C. An application for licensure or relicensure shall be filed at least
8 sixty but not more than one hundred twenty days before the anticipated
9 operation or the expiration date of the current license. An application for
10 a substantial compliance survey submitted pursuant to section 36-425,
11 subsection ~~C~~ D shall be filed at least thirty days before the date on which
12 the substantial compliance survey is requested.

13 D. If a current licensee intends to terminate the operation of a
14 licensed health care institution or if a change of ownership is planned
15 either during or at the expiration of the term of the license, the current
16 licensee shall notify the director in writing at least thirty days before the
17 termination of operation or change in ownership is to take place. The
18 current licensee is responsible for preventing any interruption of services
19 required to sustain the life, health and safety of the patients or residents.
20 A new owner shall not begin operating the health care institution until the
21 director issues a license.

22 E. A licensed health care institution for which operations have not
23 been terminated for more than thirty days may be relicensed pursuant to the
24 standards that were applicable under its most recent license.

25 F. If a person operates a hospital in a setting that includes
26 facilities of the hospital that are located separately from the main hospital
27 building, the department at the request of the applicant or licensee shall
28 issue a single group license to the hospital and its designated facilities
29 located within one-half mile of the main hospital building if all of the
30 facilities meet or exceed department licensure requirements for the
31 designated facilities. At the request of the applicant or licensee, the
32 department shall also issue a single group license that includes the hospital
33 and not more than five of its designated satellite facilities that are
34 located farther than one-half mile from the main hospital building if all of
35 these facilities meet or exceed applicable department licensure requirements.
36 Each facility included under a single group license is subject to the
37 department's licensure requirements that are applicable to that category of
38 facility. Subject to compliance with applicable licensure or accreditation
39 requirements the department shall reissue individual licenses for the
40 facility of a hospital located in separate buildings from the main hospital
41 building when requested by the hospital. This subsection does not apply to
42 nursing care institutions and residential care institutions. The department
43 is not limited in conducting inspections of an accredited health care
44 institution to ensure that the institution meets department licensure
45 requirements.

1 B. The director shall issue a regular license if the director
2 determines that an applicant and the health care institution for which the
3 license is sought substantially comply with the requirements of this chapter
4 and rules adopted pursuant to this chapter and the applicant agrees to carry
5 out a plan acceptable to the director to eliminate any deficiencies. The
6 license is valid for up to two years from the date it is issued if the
7 facility, on expiration of the initial one-year license, has no deficiencies
8 at the time the department conducts the subsequent licensing
9 inspections. The director shall not require a health care institution that
10 was designated as a critical access hospital to make any modifications
11 required by this chapter or rules adopted pursuant to this chapter in order
12 to obtain an amended license with the same licensed capacity the health care
13 institution had before it was designated as a critical access hospital if all
14 of the following are true:

15 1. The health care institution has subsequently terminated its
16 critical access hospital designation.

17 2. The licensed capacity of the health care institution does not
18 exceed its licensed capacity prior to its designation as a critical access
19 hospital.

20 3. The health care institution remains in compliance with the
21 applicable codes and standards that were in effect at the time the facility
22 was originally licensed with the higher licensed capacity.

23 C. A HOSPITAL LICENSED AS A RURAL GENERAL HOSPITAL MAY PROVIDE
24 INTENSIVE CARE SERVICES.

25 ~~E.~~ D. The director shall issue a provisional license for a period of
26 not more than one year if an inspection or investigation of a currently
27 licensed health care institution or a health care institution for which an
28 applicant is seeking initial licensure reveals that the institution is not in
29 substantial compliance with department licensure requirements and the
30 director believes that the immediate interests of the patients and the
31 general public are best served if the institution is given an opportunity to
32 correct deficiencies. The applicant or licensee shall agree to carry out a
33 plan to eliminate deficiencies that is acceptable to the director. The
34 director shall not issue consecutive provisional licenses to a single health
35 care institution. The director shall not issue a regular license to the
36 current licensee or a successor applicant before the expiration of the
37 provisional license unless the health care institution submits an application
38 for a substantial compliance survey and is found to be in substantial
39 compliance. The director may issue a regular license only if the director
40 determines that the institution is in substantial compliance with the
41 licensure requirements of the department and this chapter. This subsection
42 does not prevent the director from taking action to protect the safety of
43 patients pursuant to section 36-427.

44 ~~E.~~ E. Subject to the confidentiality requirements of articles 4 and 5
45 of this chapter, title 12, chapter 13, article 7.1 and section 12-2235, the

1 licensee shall keep current department inspection reports at the health care
2 institution. Unless federal law requires otherwise, the licensee shall
3 conspicuously post a notice that identifies the location at that institution
4 where the inspection reports are available for review.

5 ~~E.~~ F. A health care institution shall immediately notify the
6 department in writing when there is a change of the chief administrative
7 officer specified in section 36-422, subsection A, paragraph 7.

8 ~~F.~~ G. When the department issues an original regular license or an
9 original provisional license to a health care institution it shall notify the
10 owners and lessees of any agricultural land within one-fourth mile of the
11 health care institution. The health care institution shall provide the
12 department with the names and addresses of owners or lessees of agricultural
13 land within one-fourth mile of the proposed health care institution.

14 ~~G.~~ H. In addition to the grounds for denial of licensure prescribed
15 pursuant to subsection A of this section, the director may deny a license
16 because an applicant or anyone in a business relationship with the applicant,
17 including stockholders and controlling persons, has had a license to operate
18 a health care institution denied, revoked or suspended or a license or
19 certificate issued by a health profession regulatory board pursuant to title
20 32 or issued by a state agency pursuant to chapter 6, article 7 or chapter 17
21 of this title denied, revoked or suspended or has a licensing history of
22 recent serious violations occurring in this state or in another state that
23 posed a direct risk to the life, health or safety of patients or residents.

24 ~~H.~~ I. In addition to the requirements of this chapter, the director
25 may prescribe by rule other licensure requirements and may prescribe
26 procedures for conducting investigations into an applicant's character and
27 qualifications.
