24 38-891. Employer and member contributions

25 A. As determined by actuarial valuations reported to the employers and
26 the local boards by the fund manager, each employer shall make level per cent
27 of salary contributions sufficient under the actuarial valuations to meet
28 both the normal cost plus the actuarially determined amount required to
29 amortize the unfunded accrued liability over, beginning July 1, 2005 a
30 rolling period of at least twenty and not more than thirty years that is
31 established by the fund manager taking into account the recommendation of the
32 plan's actuary, except that, beginning with fiscal year 2006-2007, except as
33 otherwise provided, the employer contribution rate shall not be less than six
34 per cent of salary. For any employer whose actual contribution rate is less
35 than six per cent of salary for fiscal year 2006-2007 and each year
36 thereafter, that employer's contribution rate shall be at least five per cent
37 and not more than the employer's actual contribution rate. An employer may
38 pay a higher level per cent of salary thereby reducing its unfunded past
39 service liability. All contributions made by the employers and all state
40 taxes allocated to the fund shall be irrevocable and shall be used to pay
41 benefits under the plan or to pay expenses of the plan and fund. The minimum
42 employer contribution that is paid and that is in excess of the normal cost
43 plus the actuarially determined amount required to amortize the unfunded
44 accrued liability as calculated pursuant to this subsection shall be used to
45 reduce future employer contribution increases and shall not be used to pay

1 for an increase in benefits that are otherwise payable to members. The fund
2 manager shall separately account for these monies in the fund. Forfeitures
3 arising because of severance of employment before a member becomes eligible
4 for a pension or for any other reason shall be applied to reduce the cost to
5 the employer, not to increase the benefits otherwise payable to members.
6 After the close of any fiscal year, if the plan's actuary determines that the
7 actuarial valuation of an employer's account contains excess valuation assets
8 other than excess valuation assets that were in the employer's account as of
9 fiscal year 2004-2005 and is more than one hundred per cent funded, the fund
10 manager shall account for fifty per cent of the excess valuation assets in a
11 stabilization reserve account. After the close of any fiscal year, if the
12 plan's actuary determines that the actuarial valuation of an employer's
13 account has a valuation asset deficiency and an unfunded actuarial accrued
14 liability, the fund manager shall use any valuation assets in the
15 stabilization reserve account for that employer, to the extent available, to
16 limit the decline in that employer's funding ratio to not more than two per
17 cent.

18 B. Except as provided by subsection H, each member shall contribute
19 7.96 per cent of the member's salary to the retirement plan. Member
20 contributions shall be made by payroll deduction. Continuation of employment
21 by the member constitutes consent and agreement to the deduction of the
22 applicable member contribution. Payment of the member's salary less the
23 deducted contributions constitutes full and complete discharge and
24 satisfaction of all claims and demands of the member relating to salary for
25 services rendered during the period covered by the payment.

26 C. Each participating employer shall cause the member contributions to
27 be deducted from the salary of each member. The deducted member
28 contributions shall be paid to the retirement plan within five working days
29 and shall be credited to the member's individual account.

30 D. During a period when an employee is on industrial leave and the
31 employee elects to continue contributions during the period of industrial
32 leave, the employer and employee shall make contributions based on the salary
33 the employee would have received in the employee's job classification if the
34 employee was in normal employment status.

35 E. The local board of the state department of corrections or the local
36 board of the department of juvenile corrections may specify a position within
37 that department as a designated position if the position is filled by an
38 employee who has at least five years of credited service under the plan, who
39 is transferred to temporarily fill the position and who makes a written
40 request to the local board to specify the position as a designated position
41 within ninety days of being transferred. On the employee leaving the
42 position, the position is no longer a designated position.

43 F. The local board of the state department of corrections or the local
44 board of the department of juvenile corrections may specify a designated
45 position within the department as a nondesignated position if the position is

1 filled by an employee who has at least five years of credited service under
2 the Arizona state retirement system and who makes a written request to the
3 local board to specify the position as a nondesignated position within ninety
4 days of accepting the position. On the employee leaving the position, the
5 position reverts to a designated position.

6 G. Beginning with fiscal year 2008-2009, if the aggregate computed
7 employer contribution rate that is calculated pursuant to subsection A is
8 less than six per cent of salary, beginning on July 1 of the following fiscal
9 year the member contribution rate prescribed in subsection B OR H is
10 permanently reduced by an amount that is equal to the difference between six
11 per cent and the aggregate computed employer contribution rate.
12 Notwithstanding this subsection, the member contribution rate shall not be
13 less than 7.65 per cent of the member's salary.

14 H. Notwithstanding subsection B, except for a full-time dispatcher,
15 ~~beginning on July 1, 2009,~~ a member shall contribute 8.41 per cent of the
16 member's salary to the retirement plan. After the close of any fiscal year,
17 if the plan's actuary determines that the aggregate ratio of the funding
18 value of accrued assets to the accrued liabilities of the fund is at least
19 one hundred per cent, from and after June 30 of the following year, except
20 for a full-time dispatcher, a member shall contribute 7.96 per cent of the
21 member's salary to the retirement plan. Additionally, the member's
22 contribution to the retirement plan may also be permanently reduced pursuant
23 to subsection G.
