1 Be it enacted by the Legislature of the State of Arizona:

2 Section 1. Section 15-901, Arizona Revised Statutes, is amended to
3 read:

4 15-901. Definitions

5 A. In this title, unless the context otherwise requires:

6 1. "Average daily membership" means the total enrollment of
7 fractional students and full-time students, minus withdrawals, of each
8 school day through the first one hundred days or two hundred days in
9 session, as applicable, for the current year. Withdrawals include
10 students who are formally withdrawn from schools and students who are
11 absent for ten consecutive school days, except for excused absences
12 identified by the department of education. For the purposes of this
13 section, school districts and charter schools shall report student absence
14 data to the department of education at least once every sixty days in
15 session. For computation purposes, the effective date of withdrawal shall
16 be retroactive to the last day of actual attendance of the student or
17 excused absence.

18 (a) "Fractional student" means:

19 (i) For common schools, a preschool child who is enrolled in a
20 program for preschool children with disabilities of at least three hundred
21 sixty minutes each week that meets at least two hundred sixteen hours over
22 the minimum number of days or a kindergarten student who is at least five
23 years of age before January 1 of the school year and enrolled in a school
24 kindergarten program that meets at least three hundred fifty-six hours for
25 a one hundred eighty-day school year, or the instructional hours
26 prescribed in this section. Lunch periods and recess periods may not be
27 included as part of the instructional hours unless the child's
28 individualized education program requires instruction during those periods
29 and the specific reasons for such instruction are fully documented. In
30 computing the average daily membership, preschool children with
31 disabilities and kindergarten students shall be counted as one-half of a
32 full-time student. For common schools, a part-time student is a student
33 enrolled for less than the total time for a full-time student as defined
34 in this section. A part-time common school student shall be counted as
35 one-fourth, one-half or three-fourths of a full-time student if the
36 student is enrolled in an instructional program that is at least
37 one-fourth, one-half or three-fourths of the time a full-time student is
38 enrolled as defined in subdivision (b) of this paragraph.

39 (ii) For high schools, a part-time student who is enrolled in less
40 than four subjects that count toward graduation as defined by the state
41 board of education, each of which, if taught each school day for the
42 minimum number of days required in a school year, would meet a minimum of
43 one hundred twenty-three hours a year, or the equivalent, in a recognized
44 high school. The average daily membership of a part-time high school
45 student shall be 0.75 if the student is enrolled in an instructional

1 program of three subjects that meet at least five hundred forty hours for
2 a one hundred eighty-day school year, or the instructional hours
3 prescribed in this section. The average daily membership of a part-time
4 high school student shall be 0.5 if the student is enrolled in an
5 instructional program of two subjects that meet at least three hundred
6 sixty hours for a one hundred eighty-day school year, or the instructional
7 hours prescribed in this section. The average daily membership of a
8 part-time high school student shall be 0.25 if the student is enrolled in
9 an instructional program of one subject that meets at least one hundred
10 eighty hours for a one hundred eighty-day school year, or the
11 instructional hours prescribed in this section. THE HOURS IN WHICH A

14 THAT STUDENT.

15 (b) "Full-time student" means:

16 (i) For common schools, a student who is at least six years of age
17 before January 1 of a school year, who has not graduated from the highest
18 grade taught in the school district and who is regularly enrolled in a
19 course of study required by the state board of education. First, second
20 and third grade students or ungraded group B children with disabilities
21 who are at least five, but under six, years of age by September 1 must be
22 enrolled in an instructional program that meets for a total of at least
23 seven hundred twelve hours for a one hundred eighty-day school year, or
24 the instructional hours prescribed in this section. Fourth, fifth and
25 sixth grade students must be enrolled in an instructional program that
26 meets for a total of at least eight hundred ninety hours for a one hundred
27 eighty-day school year, or the instructional hours prescribed in this
28 section. Seventh and eighth grade students must be enrolled in an
29 instructional program that meets for at least one thousand hours. Lunch
30 periods and recess periods may not be included as part of the
31 instructional hours unless the student is a child with a disability and
32 the child's individualized education program requires instruction during
33 those periods and the specific reasons for such instruction are fully
34 documented.

35 (ii) For high schools, a student who has not graduated from the
36 highest grade taught in the school district and who is enrolled in at
37 least an instructional program of four or more subjects that count toward
38 graduation as defined by the state board of education, each of which, if
39 taught each school day for the minimum number of days required in a school
40 year, would meet a minimum of one hundred twenty-three hours a year, or
41 the equivalent, that meets for a total of at least seven hundred twenty
42 hours for a one hundred eighty-day school year, or the instructional hours
43 prescribed in this section in a recognized high school. A full-time
44 student shall not be counted more than once for computation of average
45 daily membership. The average daily membership of a full-time high school

1 student shall be 1.0 if the student is enrolled in at least four subjects
2 that meet at least seven hundred twenty hours for a one hundred eighty-day
3 school year, or the equivalent instructional hours prescribed in this
4 section. THE HOURS IN WHICH A STUDENT IS SCHEDULED TO ATTEND A HIGH

8 September 1 of the current school year is admitted to kindergarten and
9 repeats kindergarten in the following school year, a school district or
10 charter school is not eligible to receive basic state aid on behalf of
11 that child during the child's second year of kindergarten. If a child who
12 has not reached five years of age before September 1 of the current school
13 year is admitted to kindergarten but does not remain enrolled, a school
14 district or charter school may receive a portion of basic state aid on
15 behalf of that child in the subsequent year. A school district or charter
16 school may charge tuition for any child who is ineligible for basic state
17 aid pursuant to this item.

18 (iv) Except as otherwise provided by law, for a full-time high
19 school student who is concurrently enrolled in two school districts or two
20 charter schools, the average daily membership shall not exceed 1.0.

21 (v) Except as otherwise provided by law, for any student who is
22 concurrently enrolled in a school district and a charter school, the
23 average daily membership shall be apportioned between the school district
24 and the charter school and shall not exceed 1.0. The apportionment shall
25 be based on the percentage of total time that the student is enrolled in
26 or in attendance at the school district and the charter school.

27 (vi) Except as otherwise provided by law, for any student who is
28 concurrently enrolled, pursuant to section 15-808, in a school district
29 and Arizona online instruction or a charter school and Arizona online
30 instruction, the average daily membership shall be apportioned between the
