(TEXT OF BILL BEGINS ON NEXT PAGE)

1 Be it enacted by the Legislature of the State of Arizona:

2 Section 1. Section 15-1821.01, Arizona Revised Statutes, is amended  
3 to read:

4 15-1821.01. Dual enrollment information

5 On a determination by a community college district governing board  
6 that it is in the best interest of the citizens of a district, the  
7 district governing board may authorize district community colleges to  
8 offer college courses that may be counted toward both high school and  
9 college graduation requirements at the high school during the school day,  
10 subject to the following:

11 1. The community college district governing board and the governing  
12 board of the school district or organization of which the high school is a  
13 part shall enter into an agreement or contract. These intergovernmental  
14 agreements or contracts shall be based on a uniform format that has been  
15 cooperatively developed by the community college districts in this state.  
16 Each of these agreements or contracts shall clearly specify the following:

17 (a) The financial provisions of the agreement or contract and the  
18 format for the billing of all services under the agreement or contract,  
19 including the amount that the community college received in full-time  
20 student equivalent funding pursuant to section 15-1466.01, the portion of  
21 the funding that is distributed to the school district governing board or  
22 charter school and any amount that is subsequently returned to the  
23 community college district by the school district governing board or  
24 charter school.

25 (b) Student tuition and financial aid policies, including whether  
26 scholarships or grants are awarded to students in dual enrollment courses  
27 from the community college.

28 (c) The accountability provisions for each party to the agreement  
29 or contract.

30 (d) The responsibilities and services required of each party to the  
31 agreement or contract.

32 (e) The type of instruction that will be provided under the  
33 agreement or contract, including the titles of the courses to be offered.

34 (f) The quality of the instruction that will be provided under the  
35 agreement or contract.

36 2. Students shall be admitted to the community college under the  
37 policies adopted by each district, subject to the following:

38 (a) All students WHO ARE enrolled for college credit shall be high  
39 school juniors or seniors. All students WHO ARE in the course, including  
40 those not electing to enroll for college credit, shall satisfy the  
41 prerequisites for the course as published in the college catalog and shall  
42 comply with college policies regarding student placement in courses.

43 (b) A community college may waive the class status requirements  
44 specified in subdivision (a) of this paragraph for up to twenty-five  
45 percent of the students enrolled by a college in courses, ~~provided that~~ IF  
46 the community college has established written criteria for waiving the

1 requirements for each course. These criteria shall include a  
2 demonstration, by an examination of the specific purposes and requirements  
3 of the course, that freshman and sophomore students who meet course  
4 prerequisites are prepared to benefit from the college-level course. All  
5 exceptions and the justification for the exceptions shall be reported  
6 annually to the joint legislative budget committee on or before ~~October~~  
7 DECEMBER 1.

8 3. The courses shall be previously evaluated and approved through  
9 the curriculum approval process of the district, shall be at a higher  
10 level than taught by the high school and shall be transferable to a  
11 university under the jurisdiction of the Arizona board of regents or be  
12 applicable to an established community college occupational degree or  
13 certificate program. Physical education courses are not available for  
14 dual enrollment purposes.

15 4. College-approved textbooks, syllabuses, course outlines and  
16 grading standards that are applicable to the courses if taught at the  
17 community college shall apply to these courses and to all students in the  
18 courses offered pursuant to this section. The chief executive officer of  
19 each community college shall establish an advisory committee of full-time  
20 faculty who teach in the disciplines offered at the community college to  
21 assist in course selection and implementation in the high schools and to  
22 review and report at least annually to the chief executive officer whether  
23 the course goals and standards are understood, the course guidelines are  
24 followed and the same standards of expectation and assessment are applied  
25 to these courses as though they were being offered at the community  
26 college. The advisory committee of full-time faculty shall meet at least  
27 three times each academic year.

28 5. Each faculty member shall meet the requirements established by  
29 the governing board pursuant to section 15-1444. The chief executive  
30 officer of each community college district shall establish an advisory  
31 committee of full-time faculty who teach in the disciplines offered at the  
32 community college district to assist in the selection, orientation,  
33 ongoing professional development and evaluation of faculty WHO ARE  
34 teaching college courses in conjunction with the high schools. The  
35 advisory committee of full-time faculty shall meet at least two times each  
36 academic year.

37 6. A school district shall ensure that a pupil is a full-time  
38 student as defined in section 15-901 and is enrolled in and attending a  
39 full-time instructional program at a school in the school district before  
40 that pupil is allowed to enroll in a college course pursuant to this  
41 section, except that high school seniors who satisfy high school  
42 graduation requirements with less than a full-time instructional program  
43 are exempt from this paragraph.

44 7. Notwithstanding paragraph 6 of this section, homeschooled  
45 students may fully participate in dual enrollment, including receipt of  
46 college credit pursuant to this section.
