Dear Secretary Fontes,

Stan Pierce,
Elections Training and
Outreach Coordinator

Following ARS §16-602(B)(1), I am writing to inform you that the Coconino County Elections Department conducted a hand count audit on randomly selected Election Day polling locations and early-voted ballot batches for the November 5, 2024, General Election (GE).

Lynndel Custodio
Elections Logistics
Coordinator

Coconino County utilized 38 polling locations during the 2024 General Election, comprised of 23 precinct-based locations and 15 Vote Centers. Political parties were instructed to select two polling locations based on the formula for the state-required 2 percent or a minimum, or at least two locations, for hand count audit.

Denise Anderson
Election Board Worker
Recruiter Coordinator

Ray Daw,
Native American Outreach
Coordinator

On October 4th, 2024, the Chair of the County Republican Party, the Green Party, and the designated representative of the County Democratic Party Chair met to select the polling locations and early ballot batches for hand counting. The selected polling locations were sealed in an envelope and opened after the polls closed on Election Day in the presence of the Democratic and Republican Party Chairs, and party observers. Eighteen early ballot batches were pre-selected from the ten-day counting schedule times of early ballots across all three tabulators utilized during the General Election.

Todd Hare,
Elections Specialist

The physical hand count audit began on November 5, 2024, at 1:00 pm, within 24 hours after the close of the polls on Election Day, and concluded on November 12, 2024, at 6:00 pm. Democratic, Republican, and Green Party-appointed members received training and took an oath of office before selecting the races and early ballot batches for hand counting. Representatives from alternating parties selected from the eligible races to be hand audited as listed below:

Race Category	Race Description
Presidential Electors	Automatic
Federal Candidate	US Senator
Statewide Candidate	AZ Corporate Commission (automatic)
State Legislature	AZ State Rep – District 1, 6, and 7
Statewide Ballot Measure	Proposition 136

Three boards, each comprised of two judges from different parties, conducted the hand count audits of tabulated ballots. This process included votes cast from the two randomly selected polling locations and a five early ballot batches counted on each of the three tabulators. The counting method used was the stack-to method.

Polling Locations Hand Count:

The two polling locations selected for the hand count audit were:

- 21 – Coconino Community College Vote Center (Flagstaff)
- 82 – Christ Lutheran Church Polling Place (Sedona)

Early Ballot Hand Count Audit:

As of November 5, Election Day, 45,360 early-voted ballots were tabulated in Coconino County for the General Election. Following the 2024 Elections Procedure Manual, counties are required to hand audit one percent of early ballots cast, or the equivalent of 454 ballots. Early-voted ballots are batched in sets of 100 for tracking purposes, and five batches were randomly selected for the hand audit from all three tabulators used during the election.

Coconino County Democratic, Republican, and Green Party hand count board members randomly selected the five batches of early-voted ballots from each tabulation machine. The hand audit board compared hand count results to machine count results. The early ballot hand count consisted of five batches of ballots.

Comments:

The results of each hand count audit matched the tabulated results with zero discrepancies. I am attaching the Polling Location and Early Ballot Audit Report from the Coconino County November 5, 2024, General Election for your review.
