

MARICOPA COUNTY, ARIZONA

Hand Count / Audit Report

Election: PRESIDENTIAL PREFERENCE ELECTION, MARCH 19, 2024

Synopsis:

Pursuant to A.R.S. §16-602(B), Maricopa County Elections, A Department of the Board of Supervisors, conducted the hand count audit of early ballots and vote centers (polling places) for the **March 19, 2024 Presidential Preference Election**. Two percent of the vote centers (polling places) were counted as required by statute, which amounted to **4** vote centers out of **153** total vote centers used.

The hand count began on **Wednesday, March 20, 2024** at **6:08 p.m.** when the Maricopa County Chairs, or their designees, of the **Republican** and **Democratic** Party met to select the vote centers, races, and early ballot batches to be audited. All ballots were accounted for at the central counting location before the selection process started. The selection order was chosen by lot, and the **Republican** Party was selected to go first, followed by the **Democratic** Party. No other recognized parties were present.

With the draw order established, the specific vote centers to be audited were selected with the participating County Party Chairs alternating the various selections. Once the allotted vote centers were chosen, the percentage of early ballot audit batches to be audited were drawn (1% of early ballots or 5,000, whichever is less). A total of **26 batches** were selected to be audited to reach the required audit total.

Only two (2) contested races existed for this Presidential Preference Election, so those races were automatically selected by default:

- President – Republican Party
- President – Democratic Party

The master precinct and race selection sheet are included for review. The physical hand count started at **9:08 a.m.** on **Saturday, March 23, 2024** and was concluded at **11:56 a.m.** on **Saturday, March 23, 2024**. The tabulation method used was the stack-to method. The audit was conducted by **16** boards made up of 3 members, of which not more than 2 members were from the same political party. This hand count included votes cast on both the scan and accessible marking devices from the selected vote centers.

Early Ballot Audit:

The required number of early ballots were audited as per Arizona State Law (1% of early ballots or 5,000, whichever is less). The early ballot audit consisted of **26** batches with at least **1** batch from every machine used for tabulation. Each batch contained approximately **200** early ballots. There was over **580,000** early ballots cast in Maricopa County for the **March 19, 2024 Presidential Preference Election**.

Comments:

Attached are the summary reports which depict the results of the hand count audit for each selected race/measure. **There were no discrepancies that occurred between the machine and the hand count totals.**

THE "VOTE CENTER SPECIFIC" HAND COUNT REPORTS
AND
"EARLY BALLOT BATCH SPECIFIC" HAND COUNT REPORTS
FOLLOW THIS SUMMARY

MARICOPA COUNTY

ELECTIONS

THE FOLLOWING WORKSHEETS ARE THE SUPPORTING AND DETAILED COUNTS THAT WERE USED TO DERIVE THE ABOVE SUMMARIES AND DESIGNATED MARGIN PERCENTAGES.

If any variances occurred, the specific Vote Center or Early Ballot Hand Count Reports that follow would indicate the reasons for those variances in the "Comments" section for the affected "Race Category". Those variances are noted as part of the designated margin calculation when "**Intent**" or "**Machine Error**" is deemed to have occurred based on the Board's audit.

For those variances noted as "Intent" errors, those reflect votes that were unreadable by the machine but were determined by the boards to be votes for a given candidate or issue based on the board determining the "intent" of the voter. As an example, ballots where the voter circled the candidate's name instead of filling in the oval for the given candidate (as instructed), OR where the voter marked the oval but did not fill in the oval sufficiently enough such as placing an "X" or using a checkmark instead of filling in the oval. The machine is faulted for this as an error despite it not actually being a machine read error. This "intent" occurrence is included as a

For any marks not read by the machine because they were too light or the board upon their review deemed the machine count to be in error, those would be listed as "machine errors" and those totals would be part of the designated margin calculations, if existing. All variances, if any, are noted in the final result reports that follow.
