Re: Hand Count Results, PPE March 19, 2024

Pursuant to A.R.S. §16-602(B), Navajo County conducted a Hand Count for the March 19, 2024, Presidential Preference Election.

On Monday, March 11th at 1:00 pm, representatives from the Navajo County Democratic and Republican Parties met to select and the early ballot batches for the hand count.

Conducting the Hand Count

The Hand Count teams met on March 20th at 1:00 pm to draw the vote centers and party, we then reconvened on Saturday, March 23, 2024. There were 4 boards made up 3 members: 6 Democrats and 6 Republican. The stacking method was used for counting.

The two polling locations selected for the hand count were:

- Woodruff – Central County
- Show Low Timber Mesa Fire – DS200

Woodruff ballots were tabulated on the DS850 Central Count machine and Show Low Timber Mesa Fire ballots were tabulated on a DS200 polling location tabulator; the hand count therefore provides information on the tabulation accuracy of each machine. For each machine, the hand count results matched the tabulated results; there were no discrepancies. The results are shown in the table below.

Under Arizona law, the hand count of early ballots needed to include 1% of early ballots cast in Navajo County. With an estimated 20,000 early ballots counted prior to the hand count. The actual count was 13,763, the Hand Count Board counted two batches of ballots: each batch contained 100 ballots. In total, 200 early ballots were counted in the hand count. The results of each hand count matched the tabulated results; there were no discrepancies. The results for each hand count are shown here:
