Maricopa County had a comprehensive communications and outreach campaign for the 2026 Primary and General Elections focused on informing voters about elections, election security, voting options, and how to get involved. This included a robust voter education plan with public events and tours of the tabulation center and community engagement. In addition, Maricopa County created paid ads in both English and Spanish for TV, radio, print, billboards, and online media. The County also shared information through press conferences, media interviews, social media posts, newsletters, and a shareable elections toolkit for local jurisdictions.

MARICOPA COUNTY
ELECTIONS

The Maricopa County Elections training plan for the 2026 General Election established the framework to ensure temporary staff (e.g., Poll Workers, Troubleshooters, MCTEC Temporary Workers) were trained to perform their assigned roles and responsibilities in serving Maricopa County voters. Training is an essential element to ensuring elections are conducted with integrity, efficiency, reliability, and in accordance with federal and state laws.

The scope of the Training Plan describes the Maricopa County Elections approach to providing specialized training for the temporary workers that supported the 2026 General Election:

- Approximately 3,000 Poll Workers staffed 254 voting locations during the General Election to serve as Inspectors, Judges, Marshals, Voter Registration Clerks, and Clerks.
- Approximately 73 Troubleshooters received training from both the Poll Worker curriculum as well as the curriculum identified by the Training Manager, focusing on more complex issues related to voting equipment
- Approximately 546 MCTEC Temporary Workers received training in classroom settings and through hands-on learning opportunities delivered by division managers, supervisors, and subject matter experts.

Statutory Requirements Pursuant to Staffing Poll Workers

Pursuant to A.R.S. § 16-532, Maricopa County Elections "shall conduct a class for the instruction of inspectors and judges…in their duties, which shall include instruction in the voting system to be used and the election laws applicable to such election. Each election board member who receives instruction and is properly qualified shall receive a certificate of qualification. Only inspectors and judges of the election board who have received the required instruction class shall serve at any election. Other members of the election board may be trained at the same time."

Poll Worker Staffing Job Responsibilities

Job Title	Responsibilities
Poll Worker: Inspector	The Inspector is the location team leader and is responsible for ensuring all policies and procedures are followed and every voter is able to cast their ballot in private. This position delegates tasks to other poll workers, assists in clocking poll workers in and out, administers the Oath of Office, and assists voters. Assistance includes, but is not limited to, checking ID and assisting voters in using the Accessible Voting Device. The Inspector is responsible for ensuring all closing activities are performed correctly, including completing closing paperwork and delivery of required items to the receiving site. Should be able to perform any role.

MARICOPA COUNTY
ELECTIONS

Job Title	Responsibilities
Poll Worker: Judge	The Judge is the backup for the Inspector. They assist with the same responsibilities as the Inspector, such as verifying voter IDs and assisting voters. Judges also monitor the envelope drop box. Should be able to perform any role.
Poll Worker: Marshal	The Marshal is tasked with keeping order in the voting location. This includes, but is not limited to, maintaining proper signage, assisting with curbside voting, monitoring the 75-foot limit, reporting voter wait time, and announcing the opening and closing of the polls. On Election Day, the Marshal will monitor the tabulators.
Poll Worker: Voter Registration Clerk	The role of the Voter Registration Clerk is to update voter names and addresses in real time using the SiteBook. In addition, they assist the Judge and Inspector in checking identification as needed.
Poll Worker: Clerk	Clerks ensure that printers are properly stocked with paper, affidavit envelopes, and ballot paper. Clerks select the correct ballot based on the printed control slip or affidavit envelope and hand it to the correct voter. For provisional voting, they ensure provisional receipt(s), envelope, and ballot have matching BOD codes. For any voters receiving an affidavit envelope, the Clerks fold the ballot and ensure the voter signs and dates the affidavit envelope. Multiple Clerks will be at the voting location and will rotate in performing other functions. They may walk the voter line throughout the day to direct voters who have difficulty standing to the front of the line and to let voters know they can go directly to the drop box to drop off their early ballots. Additionally, they may report voter wait times.
Troubleshooter	The Troubleshooter is the Inspector's first point of contact for questions or issues. The Troubleshooter is responsible for assisting with any problems and verifying that procedures are being followed. They assist in resolving voter and equipment issues, clearing paper jams, and serving as the liaison between the Elections Department and the voting location.

Poll Worker Training Approach and Strategy

The Poll Worker training plan for the General Election provided training with these specific objectives:

- Established a training curriculum
    - Designed training curriculum to deliver 60% of training online via a learning management system.
    - Limited in-person training sessions to no more than 20 participants with at least two Trainers.
    - Focused in-person training sessions on setup, use, and breakdown of Election equipment procedures.
    - Developed an online skills assessment in tandem with online training modules to ensure Poll Workers were ready to perform the tasks required of them as prescribed by A.R.S. Title 16, the Arizona Secretary of State Elections Procedures Manual, and Maricopa County Elections policies and procedures.

- Developed informative, consistent, and accessible training sessions to ensure temporary workers had the information they needed to perform their roles successfully and ample opportunities to attend training.
    - Training sessions were held in Central Phoenix and surrounding communities in the East, North, and West Valley.
    - Training was offered over the course of six weeks, six days a week, two sessions a day, including weekend and evening options.
    - Additional training in the form of Inspector Workshops was provided to Inspectors to ensure they were aware of changes and prepared to lead a voting location.

Poll Worker Training

Voters expect Maricopa County Elections to conduct elections with integrity and efficiency, but they also expect to receive a high level of customer service. A voter's experience at a voting location is directly correlated with the level of expertise and customer service exhibited by the Poll Workers. For the General Election, the Elections Department hired and trained over 3,000 staff to work at approximately 254 Vote Centers.

Successfully working at a Vote Center requires a difficult mix of soft skills, like customer service and de-escalation techniques, as well as technical, analytical, and problem-solving skills. Maricopa County Elections Trainers find unique ways to teach these skills in a format that is both interesting and time-efficient. State law requires certain Poll Worker roles to complete training each time they serve. While we must target required training topics, these repeat learners also receive updates on changes to laws, procedures, and voting equipment. Maricopa County Elections also hires Poll Workers who are new to serving, and for these learners, capacity is the challenge. Trainers must identify the most important areas of learning before each election and provide as many high-quality resources and job aids as possible for use up to and including Election Day. "Just in time" training resources also include brief tutorial videos on specific, key activities such as packing election equipment.

To continually improve the learning experience and increase knowledge retention, the Training Team required all Poll Workers to complete an interactive, web-based curriculum featuring multiple lessons of study.

Each Poll Worker completed an online assessment at the conclusion of their web-based learning to ensure they met the competencies required as a Poll Worker. A score of 80% or higher was required for each Poll Worker to pass the course and be authorized to work at a voting location. We offered Poll Workers opportunities to retake the web-based training and assessment to obtain a passing score.

Poll Workers spent approximately eight hours in learning sessions, through online and in-person instruction, and strict attendance records were kept to ensure all Poll Workers completed the required training. In-person sessions were offered at four locations across Maricopa County, with no more than 20 attendees per session. The table below shows the availability of hands-on instruction and the number of training sessions offered.

November General Election Check-In Stations

For the November General Election, we continued with the vote center "vote anywhere" model. The base Vote Center model defaulted to a eight check-in station layout with the built in redundancy of three ballot on demand printers and 30 voting booths. The flow of the Vote Centers was established in a manner to reduce unnecessary foot traffic and keep voter flow fluid. If venues were large enough, the base model was expanded to a 12 or 16 check in stations and a 40 - 66 voting booth layout. To accommodate rural voting locations that had smaller venues, we implemented a 2 – 4 SiteBook and 10 voting booth model. The chart below shows the number of sites that had 12, 8, 4, and 2 check-in stations.
