MARICOPA COUNTY, ARIZONA

Hand Count / Audit Report

Election: **2026 NOVEMBER GENERAL ELECTION**

Synopsis:

Pursuant to A.R.S. §16-602(B), Maricopa County Elections, A Department of the Board of Supervisors, conducted the hand count audit of early ballots and vote centers (polling places) for the **November 3, 2026 General Election**. Two percent of the vote centers (polling places) were counted as required by statute, which amounted to **6** vote centers out of **254** total vote centers used. The vote center hand count included both Election Day ballots and Early Ballot tabulated on Election Day at the Vote Center.

The hand count began on **Wednesday, July 22, 2026** at **6:00 p.m.** when the Maricopa County Chairs, or their designees, of the **Democratic**, **Republican, and Libertarian** parties met to select the vote centers, races, and early ballot batches to be audited. All ballots were accounted for at the central counting location before the selection process started. The selection order was chosen by lot, and the **Libertarian** Party was randomly selected by draw to go first, followed by the **Democratic** Party (2nd) and the **Republican** Party (3rd).

With the draw order established, the specific vote centers to be audited were selected with the participating County Party Chairs alternating the various selections. Once the allotted vote centers were chosen, the percentage of early ballot audit batches to be audited were drawn (1% of early ballots or 5,000, whichever is less). A total of **26 batches** were selected to be audited to reach the required total.

Four contested races were chosen as required by law. There were **7** Statewide contests, **1** Federal contest, **22** State Legislative contests, and **8** Statewide Ballot Measures for this General Election. As such the following four contested contests that were randomly drawn and audited:

- Federal Race – **U.S. Representative**
- Statewide – **Corporation Commissioner**
- State Legislative Race – **State Senator**
- Statewide Ballot Measure – **Proposition 316**

The master precinct and race selection sheet are included for review. The physical hand count started at **9:00 a.m.** on **Saturday, November 7, 2026** and was concluded at **10:45 a.m.** on **Tuesday, November 10**. The tabulation method used was the stack-to method. The audit was conducted by **23** boards made up of 3 members, of which not more than 2 members were from the same political party. This hand count included votes cast on both the scan and accessible marking devices from the selected vote centers.

Early Ballot Audit:

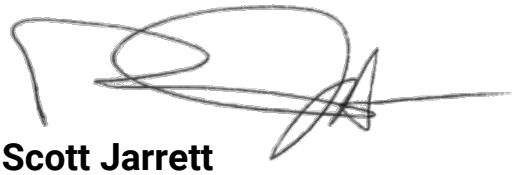

The required number of early ballots were audited as per Arizona State Law (1% of early ballots or 5,000, whichever is less). The early ballot audit consisted of **26** batches with at least **1** batch from every machine used for tabulation. Each batch contained approximately **200** early ballots. There were 1,300,777 early ballots cast in Maricopa County for the General Election.

Election Day Audit:

The required number of election day and early ballots tabulated at the vote centers were audited in accordance with Arizona State Law (2% of vote centers). The election day and early ballot audit consisted of **6** Vote Centers with 6,801 ballots audited and 31,399 votes reviewed. There were 257,903 Election Day and early ballots cast in Maricopa County on Election Day for the General Election.

Comments:

Attached are the summary reports which depict the results of the hand count audit for each selected race. The outcome confirmed the accuracy of the tabulation results and was within the variance and designated margin as defined by the Vote Count Verification Committee established by the Secretary of State.

"VOTE CENTER SPECIFIC" HAND COUNT REPORTS

AND

"EARLY BALLOT BATCH SPECIFIC" HAND COUNT REPORTS

FOLLOW THIS SUMMARY

THE FOLLOWING WORKSHEETS ARE THE SUPPORTING AND DETAILED COUNTS THAT WERE USED TO DERIVE THE ABOVE SUMMARIES AND DESIGNATED MARGIN PERCENTAGES.

If any variances occurred, the specific Vote Center or Early Ballot Hand Count Reports that follow would indicate the reasons for these variances in the "Comments" section for the affected "Race Category". Those variances are noted as part of the designated margin calculation when "Intent" or "Machine Error" is deemed to have occurred based on the Board's audit.

For those variances noted as “Intent” errors, those reflect votes that were unreadable by the machine but were determined by the boards to be votes for a given candidate or issue based on the board determining the "intent" of the voter. As an example, ballots where the voter circled the candidate’s name instead of filling in the oval for the given candidate (as instructed) OR where the voter marked the oval but did not fill in the oval sufficiently enough such as placing an "X" or using a checkmark instead of filling in the oval. The machine is faulted for this as an error despite it not actually being a machine read error. This "intent" occurrence is included as a machine error variance and is part of the designated margin calculation.

For any marks not read by the machine because they were too light or the board upon their review deemed the machine count to be in error, those would be listed as “machine errors” and those totals would be part of the designated margin calculations, if existing. All variances, if any, are noted in the final result reports that follow.
