Dear President Petersen and Speaker Toma,

- Number of registrations canceled due to those notices: 10,164

II. The number of persons reported to the secretary of state who have been issued a driver license or the equivalent of an Arizona nonoperating identification license in another state, the number of notices sent pursuant to subsection E of this section and the number of voter registrations that have been placed in inactive status and the number of voter registrations that have been canceled as a result of those notices.

- Number of persons reported: 25,167
- Number of notices: The process for sending notices is in development.
- Number of voter registrations placed in inactive status: This process is in development.
- Number of voter registrations that have been canceled: This process is in development.
