#### R1-1-403. Numbering System

- B. A hyphenated numbering system is used in the *Code*.
  - 1. A Section number includes the “R”, the Title number, the Chapter number, the Subchapter label (if applicable), and the Section number indicating the Article number and the Part label (if applicable).
  - 2. The one or two numbers to the far left indicate the number of the Title in which the Section appears.
  - 3. The one or two numbers between the two hyphens indicate the Chapter number. If the Chapter has been assigned a Subchapter, the Subchapter letter label appears immediately after the Chapter number before the hyphen.
  - 4. The numbers to the far right indicate the Section number. A Section number has at least three digits. The last two digits indicate the Section and the number or numbers to the left of these two digits indicate the Article number. If an Article has been assigned a Part, the Part’s letter label appears immediately after the second hyphen before the Section number.
- C. The first Section in each Article is numbered 101, 201, 301, and so on, as applicable. Sections shall be numbered consecutively through the Article except where Section numbers are reserved for future expansion. Any Section number not used when the rules are originally made is automatically reserved. An agency shall specify “Reserved” for an unused Section when the Section falls before a Section with text in the same Article or Part. Sections that are reserved are shown when the rules are published in the *Code*. Sections that are renumbered or repealed so that no text remains shall be headed with the appropriate term; “Reserved” shall not be used for these Section headings.
- D. A Section number is not complete unless it contains all portions specified in subsection (B). An agency shall use only complete Section numbers in its rules, on a notice of rulemaking activity, or in any material submitted to the Office for either publication or filing.
- E. Titles, Chapters, Articles, and Sections shall be designated by Arabic numbers. Subchapters and Parts shall be designated by capital letters.

1. The table of contents for the rulemaking package shall show the old number of the Section with strike-outs and the new number with underlining.
    - a. If an agency makes a new Section at the old number, the agency shall show the old heading with strike-outs and the new heading with underlining;
    - b. If an agency renumbers another existing Section to the old Section number, the agency shall show the heading and text of the moved Section at the location of its new number and strike-outs through the moved Section number and its new number with underlining;
    - c. If an agency is not making new text or moving text to the location of a renumbered Section, the agency shall show the old Section heading with strike-outs and the term “Renumbered” with underlining next to the old number of the renumbered Section.
  2. The table of contents shall show Sections and Articles in the order the Sections are being made.
  3. The Sections shall appear in numerical order as renumbered.
- B. If an agency is renumbering one or more Sections within a Chapter but is making no other changes, the agency shall do one of the following:

    2. Make the numbering change using the regular rulemaking process.
  - C. Only entire Sections may be renumbered or recodified in the matter described in this Section. If an agency splits an existing Section into two or more Sections, or moves a portion of one Section to another Section, or combines two or more Sections into one Section, the agency shall follow the regular rulemaking process to make the changes.

#### R1-1-405. Addition of a New Section Between Existing Sections

An agency shall request, in writing or orally, and receive the Office’s permission before inserting a new Section between two existing, consecutively numbered Sections. The agency shall number the new Section using the Section number of the preceding existing Section, followed by a decimal point and a two-digit number. The new Section shall be in numerical order.

#### Historical Note

Adopted effective January 1, 1995; filed in the Office of the Secretary of State December 30, 1994 (Supp. 94-4). Amended by final rulemaking at 10 A.A.R. 468, effective March 23, 2004 (Supp. 04-1).

**R1-1-407. Authority Notes**

If an agency requests that the specific or general authority for a Chapter, Subchapter, Article, or Part be published in its rules in the *Code*, the agency shall include an authority note under which the rules in that Chapter, Subchapter, Article, or Part were made. This note appears immediately below the Chapter, Subchapter, Article, or Part heading, as applicable, in the Chapter's table of contents and specifies the statutes that the rules are implementing (the specific authority) and the statutes that authorize the agency to do rulemaking (the general authority). An agency's failure to include a statute or portion of a statute in the authority note does not negate the agency's authority to make the rule.

**Historical Note**

Adopted effective January 1, 1995; filed in the Office of the Secretary of State December 30, 1994 (Supp. 94-4). Amended by final rulemaking at 10 A.A.R. 468, effective March 23, 2004 (Supp. 04-1).

**R1-1-408. Text of the Rules; Subsections**

- A.** The divisions of a Chapter (Title, Chapter, Subchapter (if applicable), first Article, and first Part (if applicable)) and their labels and headings shall appear above the Section number and heading of the first Section in a rulemaking package. An agency shall center on each line these divisions and their labels and headings.
- B.** If a Section has only one subsection, an agency shall leave that subsection unlabeled.
- C.** If a Section has an opening subsection followed by labeled subsections, the Office shall treat the opening subsection as an implied subsection (A). An agency shall label and indent appropriately the subsections following the opening subsection as second-level subsections.
- D.** If a Section has two or more subsections at any level, an agency shall label the subsections separately. An agency shall label subsections as indicated below.
1. First-level subsections are designated by a capital letter (A., B., C., and so on).
  2. Second-level subsections are designated by an Arabic numeral (1., 2., 3., and so on).
  3. Third-level subsections are designated by a lower case letter (a., b., c., and so on).
  4. Fourth-level subsections are designated by a lower case Roman numeral (i., ii., iii., and so on).

- F.** Within the text of a subsection, an agency referring to the same subsection shall use the term "this subsection." An agency referring to a different subsection shall use the term "subsection" and the labels of all appropriate levels, each within its own set of parentheses. If an agency refers to a different Section in the same Chapter, the agency shall specify the correct Section number along with all subsection labels but shall not use the term "Section."
- G.** An agency shall not subdivide its rules into more than four levels of subsections unless the agency obtains permission from the Office.
- H.** An agency may choose not to label definitions that are listed in alphabetical order or other lists of items in some specific order, although the agency shall indent the definitions or items in the list as if they were labeled at the appropriate level of subsection. If an agency chooses not to label definitions that are listed in alphabetical order or other lists in a specific order, additional levels of subsection under those definitions or lists also shall not be labeled. If an agency quotes statutory language verbatim that contains labeling, the agency shall retain

the labeling within the statutory language but not the label of the statutory language.

- I.** When dividing a Section into subsections, an agency shall not:
1. Leave an unlabeled subsection at any level after a labeled subsection at the same level;
  2. Use A. without B.; 1. without 2.; a. without b.; or i. without ii.
- J.** When referring to one or more subsections within the text of a subsection, an agency shall enclose the label for each subsection in its own set of parentheses. When referring to second-, third-, and fourth-level subsections, an agency shall specify the labels of each preceding level of subsection. For example, an agency referring to a third-level subsection would state "subsection (A)(2)(c)"; an agency referring to a fourth-level subsection would state "subsection (B)(1)(d)(iii)."
- K.** When referring to multiple subsections, an agency shall enclose the label for each subsection in its own set of parentheses, followed by a conjunction and the last subsection label enclosed in parentheses. For example, an agency would state "(A)(1) through (9)"; "(B)(4)(b) and (c)"; or "(C)(1)(a)(i) and (ii)."
- L.** When referring to a Section in another Chapter, an agency shall cite the Section number with "A.A.C." preceding the number. For example, an agency would state "A.A.C. R2-12-201."
- M.** An agency shall not include numbered or lettered phrases within the text of a subsection. These shall be labeled properly and indented at the appropriate level of subsection.
- N.** An agency shall contact the Office when using special symbols, fonts, or formats in the text of a rule.
- O.** An agency shall define all acronyms and abbreviations not defined in the A.R.S. that the agency uses in the text of its rules in a definitions Section at the beginning of the Chapter.

For example, A.R.S. § 41-1008 as added by Laws 1998, Ch. 57, § 22.
