On April 20, 2021, the Governor vetoed SB 1456, which made various changes to sex education. With the veto, the Governor issued Executive Order 2021-11. The Executive Order directs the Board to adopt or amend rules and to report on its efforts by June 30, 2021.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the Administrative Code. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES
The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE
The Arizona Administrative Code is where the official rules of the state of Arizona are published. The Code is the official codification of rules that govern state agencies, boards, and commissions.

The Code is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the Code. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

AUTHENTICATION OF PDF CODE CHAPTERS
The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each Code Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the Code includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE
Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the Arizona Administrative Register for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES
The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSIO N LAW REFERENCES
Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA
It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the Register online at www.azsos.gov/rules, click on the Administrative Register link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR
At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

PERSONAL USE/COMMERCIAL USE
This Chapter is posted as a public courtesy online, and is for personal use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.

10. A hearing may be conducted in an informal manner and without adherence to the rules of evidence required in judicial proceedings. Neither the manner of conducting the hearing nor the failure to adhere to the rules of evidence required in judicial proceedings shall be grounds for reversing any administrative decision or order, providing the evidence supporting such decision or order is substantial, reliable, and probative. Irrelevant, immaterial or unduly repetitious evidence shall be excluded. Every person who is a party to such proceedings shall have the right to be represented by counsel, to submit evidence in open hearing and shall have the right of cross-examination. Unless otherwise provided by law, hearings may be held at any place determined by the Board. At such hearing such applicant shall be the moving party and have the burden of proof.

4. The individual to whom a subpoena is directed shall comply with its provisions unless, prior to the date set for appearance, the hearing officer grants a written request to quash or modify the subpoena. The request shall state the reasons why it should be granted. The hearing officer shall grant or deny such request by order.
5. The hearing officer shall quash or modify the subpoena if:
   a. It is unreasonable or oppressive; or
   b. The desired testimony or evidence may be obtained by an alternative method.

F. Conduct of hearing
1. The hearing officer may conduct all or part of the hearing by telephone or other electronic means, as long as each party has an opportunity to participate in the entire proceeding as it takes place.

5. Unless otherwise ordered by the hearing officer, documentary evidence shall be limited in size when folded to 8 1/2 by 11 inches. The submitting party shall identify documentary exhibits by number or letter and party and furnish a copy of each exhibit to each party present. One additional copy shall be furnished to the hearing officer unless the hearing officer otherwise directs. When evidence offered by any party appears in a larger work, containing other information, the party shall plainly designate the portion offered. If the evidence offered is so voluminous as would unnecessarily encumber the record, the book, paper, or document shall not be received in evidence but may be marked for identification and, if properly authenticated, the designated portion may be read into or photocopied for the record. All documentary evidence offered shall be subject to appropriate and timely objection.

H. Stipulations. Parties to an appeal of a certification denial may stipulate, in writing, agreement upon any matter involved in the proceeding. If approved by the hearing officer, agreement on matters of procedure shall be binding upon the parties to the stipulation. The hearing officer may require presentation of evidence for proof of stipulated facts for the hearing officer’s consideration. No substantive matter agreed to by the parties shall be binding upon the Board unless incorporated into the decision of the Board.

2. When the Board is the hearing body, the decision shall be rendered within 60 days following the final day of the hearing.
3. Within 30 days after receipt of any recommended decision from the hearing officer, the Board shall render a decision to affirm, reverse, adopt, modify, supplement, amend or reject the recommendation and may remand the matter to the hearing officer with instructions, or may convene itself as the hearing body.

K. Rehearing and review of decisions
1. After a hearing is held, a party in an appeal of a certification denial who is aggrieved by a decision rendered by the Board may file with the Board, not later than 30 days after such decision has been made, a written motion for rehearing specifying the particular grounds therefor. A motion for rehearing under this Section may be amended at any time before it is ruled upon by the Board. A response may be filed within 15 days after service of such motion by any other party. B. For the purposes of this Section, the following definitions apply:

1. “Accessible Electronic File” means, until the effective date of a nationally adopted file format, a digital file in a mutually agreed upon electronic file format that has been prepared using a markup language that maintains the structural integrity of the information and can be processed by Braille conversion software. Upon the effective date of a nationally adopted file format, such as the Instructional Materials Accessibility Standard (IMAS), “Accessible Electronic File” shall mean an electronic file conforming to the specifications of the nationally adopted file format, including future technical revisions and versions of this nationally adopted file format.

2. “Individualized Braille literacy assessment” means the Learning Media Assessment or other standardized or individualized assessments that pertain to the child’s reading medium.

3. “Non-printed instructional materials” means non-printed textbooks and related core materials, including those that require the availability of electronic equipment in order to be used as a learning resource, that are written and published primarily for use in elementary school and secondary school instruction and are required by a state educational agency or a local educational agency for use by pupils in the classroom. These materials shall be available to the extent technologically available, and may include software programs, CD-ROMs and internet-based materials.

4. “Printed instructional materials” means textbooks and related printed core materials, that are written and published primarily for use in elementary school and secondary school instruction and are required by a state educational agency or a local educational agency for use by pupils in the classroom. This may include workbooks, practice tests, and tests.

6. “Specialized format” means Braille, audio or digital text which is exclusively for use by blind or other persons with disabilities.

7. “Structural integrity” means the structure of all parts of the printed instructional material will be kept intact to the extent feasible and as mutually agreed upon by the publisher and the local educational agency. This may include appropriate representation of graphic illustrations.

C. Upon determination of a student having a visual impairment as assessed by a full and initial evaluation defined in R7-2-401(E)(6)(i), a visually impaired student who is determined to be blind as defined by A.R.S. § 15-214(B) shall receive an individualized Braille literacy assessment.

D. Individualized Education Programs (IEP) for blind students. In addition to the requirements for establishing and implementing an IEP consistent with R7-2-401(F) for a student determined to have a disability, each IEP for a student determined to be “blind” as assessed by R7-2-401(E)(6)(i) and defined by A.R.S. § 15-214(B), shall presume that proficiency in Braille is essential in achieving academic success unless otherwise determined by the IEP team established consistent with the regulations for the most recent reauthorization of the Individuals with Disabilities Education Act (IDEA) and in the manner provided by the most recent reauthorization of the IDEA Act for developing an IEP. An IEP developed under this Section for a student determined to be blind shall include all required provisions of A.R.S. § 15-214(A)(3), including the following:

E. The Arizona Department of Education shall designate a central repository for publishers to, upon request, provide accessible electronic files for instructional materials used by public schools in Arizona as defined in subsection (B)(1). The central repository shall be responsible for maintaining a complete list of available accessible electronic files for instructional materials and instructional materials in specialized formats, processing requests from PEAs for instructional materials in specialized formats and providing access to these materials in
specialized formats to schools throughout Arizona that are providing services to blind or other students with disabilities.

1. Upon receipt of a written request certifying to the requirements set forth in subsections (E)(1)(a) through (c) publishers shall deliver to the repository, at no additional cost and consistent with the time-frame for providing materials for students without disabilities, accessible electronic files for printed instructional materials and non-printed instructional materials. 2. A PEA may access the materials maintained by the central repository, upon written request, for instructional use with a student with a visual impairment, as identified by R7-2-401(E)(6)(i), who requires the use of instructional materials in a specialized format pursuant to the student’s IEP.

3. Nothing in this Section shall be construed to prohibit the central repository from assisting a student with a disability by using the electronic format version of instructional material provided pursuant to this Section solely to transcribe or arrange for the transcription of the printed instructional material into Braille or large print. In the event a Braille transcription is made, the central repository has the right to share the Braille copy of the printed instructional material with other eligible students with disabilities. The PEA will be required to return the specialized format version of the instructional material to the central repository when the student no longer needs the instructional material. The central repository may share the copies of the specialized format of the instructional material with other PEsAs who have met the requirements of subsections (B) and (D) to provide services to students who require such services pursuant to R7-2-401(F)(5).

D. A written decision with specific findings shall be issued by the Department within 60 calendar days of receipt of the written complaint. If corrective action is required, such action shall be designated in the decision and shall include the time line for correction and possible consequences for continued noncompliance. The Superintendent shall retain jurisdiction over the issue of noncompliance with the law or regulations and shall retain jurisdiction over the implementation of any corrective action required. However, nothing herein shall preclude the availability of an informal resolution between the complainant and the agency or school district involved, nor shall this Section preclude the availability of any administrative hearing remedies to resolve such disputes or judicial review of such administrative remedies.

A. The school district may conduct a pre-bid conference to explain the procurement requirements.

B. If a pre-bid conference is conducted, it shall be not less than seven days before the bid due date and time, unless the school district makes a written determination that the specific needs of the procurement justify a shorter time. Statements made during a pre-bid conference are not amendments to the solicitation.

R7-2-1026. Amendments to Invitation for Bids

A. An amendment to an invitation for bids shall be issued if necessary to:

1. Make changes in the invitation for bids;

2. Correct defects or ambiguities;

3. Furnish to other bidders information given to one bidder if the information will assist the other bidders in submitting bids or if the lack of the information will prejudice the other bidders;

4. Provide additional information or instructions; or

5. Set a later bid due date and time if the school district determines that an extension is advantageous to the school district.
B. Amendments to an invitation for bids shall be so identified and the school district shall ensure that the amendments are distributed or made available to all persons to whom the original invitation for bids was distributed or made available. The school district shall make a copy of the amendments to an invitation for bids available for public inspection at the school district office. If the school district posted the invitation for bids or a notice of the availability of an invitation for bids on a designated site on the Internet, then the school district shall post any amendments to the invitation for bids on the same designated site on the Internet. The school district shall also do one or more of the following:
1. Distribute the amendment, by any method reasonably calculated to ensure delivery, to all prospective bidders to whom the invitation for bids was distributed;
2. Make the amendment available and issue a notice of amendment which contains instructions for obtaining copies of the amendment. The notice of amendment shall be distributed, by any method reasonably calculated to ensure delivery, to all prospective bidders to whom the invitation for bids was distributed. Upon receipt of such notice of amendment, it is the responsibility of the prospective bidder to obtain the amendment.

C. Amendments to invitation for bids shall be issued within a reasonable time before bid opening to allow prospective bidders to consider them in preparing their bids. If the school district determines that the bid due date and time does not permit sufficient time for bid preparation, the bid due date and time shall be extended in the amendment or, if necessary, by telephone, facsimile, email, or other communications methods, and confirmed in the amendment.

D. A bidder shall acknowledge receipt of an amendment in the manner specified in the invitation for bids or the amendment on or before the bid due date and time.

A. A bid, modification or withdrawal is late if it is received at the location designated in the invitation for bids for receipt of bids after the bid due date and time.
B. A late bid, late modification, or late withdrawal shall be rejected, unless the late bid, late modification, or late withdrawal would have been timely received but for the action or inaction of school district personnel and is received before contract award.
C. Upon receiving a late bid, late modification, or late withdrawal, the school district shall record the time and date of receipt and promptly send written notice of late receipt to the bidder. The school district may discard the document 30 days after the date on the notice unless the bidder requests and provides funding for the document to be returned.
D. All documents concerning acceptance of a late bid, late modification, or late withdrawal shall be retained in the procurement file.

R7-2-1029. Receipt, Opening and Recording of Bids
A. A school district shall maintain a record of bids and modifications received for each invitation for bids, shall record the time and date when each bid or modification is received, and shall store each unopened bid or modification in a secure place until the bid due date and time.
1. If required to confirm a vendor’s inquiry regarding receipt of its bid prior to the due date and time, a school district may open a bid to identify the vendor. If this occurs, the school district shall record the reason for opening the bid, the date and time the bid was opened, and the solicitation number. The school district shall secure the bid and retain it for public opening.
2. One or more witnesses shall be present for the opening of a bid under subsection (A)(1).
B. Bids and modifications shall be opened publicly at the date, time and place designated in the invitation for bids in the presence of one or more witnesses. The name of each bidder, the amount of each bid, and other relevant information deemed appropriate by the school district shall be recorded. The person opening the bids and all witnesses shall sign the record.
1. The record created in subsection (B) shall be available for public inspection.
2. The bids shall not be open for public inspection until after a contract is awarded.

R7-2-1030. Mistakes in Bids
A. If an apparent mistake in a bid, relevant to the award determination, is discovered after opening and before award, a school district shall contact the bidder for written confirmation of the bid. If the bidder fails to act, the bidder is considered nonresponsive in the procurement file. A school district shall designate a time-frame within which the bidder shall either:
1. Confirm that no mistake was made and assert that the bid stands as submitted; or
2. Acknowledge that a mistake was made and include all of the following in a written response:
   a. An explanation of the mistake and any other relevant information;
   b. A request for correction including the corrected bid or a request for withdrawal; and
   c. The reasons why correction or withdrawal is consistent with fair competition and advantageous to the school district.
B. A bidder who discovers a mistake in its bid after bid opening and before award, may request correction or withdrawal in
writing and shall include all of the following in the written request:
1. An explanation of the mistake and any other relevant information;
2. A request for correction including the corrected bid or a request for withdrawal; and
3. The reasons why correction or withdrawal is consistent with fair competition and advantageous to the school district.

C. After bid opening and before award, a bid mistake based on an error in judgment may not be corrected or withdrawn. Other bid mistakes may be corrected or withdrawn pursuant to subsections (D) through (F).

D. After bid opening and before award, the school district shall either waive minor informalities in a bid or allow the bidder to correct them if correction is advantageous to the school district.

E. After bid opening and before award, the bid may not be withdrawn and shall be corrected to the intended bid if a bid mistake and the intended bid are evident on the face of the bid.

F. After bid opening and before award, the school district may permit a bidder to withdraw a bid if:
1. A nonjudgmental mistake is evident on the face of the bid but the intended bid is not evident; or
2. The bidder establishes by clear and convincing evidence that a nonjudgmental mistake was made.

G. If correction or withdrawal of a bid after bid opening is permitted or denied under subsections (D), (F) and (J), the school district shall prepare a written determination showing that the relief was permitted or denied under this Section.

H. Notwithstanding other provisions of this Section, after bid opening and before award, no corrections in bid prices or other provisions of bids prejudicial to the interest of the school district or fair competition shall be permitted.

I. If a mistake in the bid is discovered after the award, the bidder may request withdrawal or correction in writing and shall include all of the following in the written request:
1. An explanation of the mistake and any other relevant information;
2. A request for correction including the corrected bid or a request for withdrawal; and
3. The reasons why correction or withdrawal is consistent with fair competition and advantageous to the school district.

J. Based on the considerations of fair competition and the best interest of the school district, the school district may take one of the following actions regarding a bid mistake discovered after the award:
1. Allow correction of the mistake, if the corrected bid amount is less than the next lowest bid;
2. Cancel all or part of the award; or
3. Deny correction or withdrawal.

K. After cancellation of all or part of an award in accordance with subsection (J)(2), if the bid acceptance period has not expired, the school district may award all or part of the contract to the next lowest responsible and responsive bidder, based on the considerations of fair competition and the best interest of the school district.

Historical Note
Adopted effective December 17, 1987 (Supp. 87-4).
Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1031. Bid Evaluation and Award

A. As provided in subsection (C), the contract or contracts shall be awarded to the lowest responsible and responsive bidder or bidders whose bid or bids conform in all material respects to the requirements and evaluation criteria set forth in the invitation for bids. No criteria may be used in bid evaluation that are not set forth in the invitation for bids. The amount of any applicable transaction privilege or use tax of a political subdivision of this state is not a factor in determining the lowest bidder.

B. A product acceptability evaluation shall be conducted solely to determine whether a bidder’s product is acceptable as set forth in the invitation for bids and not whether one bidder’s product is superior to another bidder’s product. Any bidder’s offering that does not meet the acceptability requirements shall be rejected as nonresponsive.

C. The school district shall award the contract to the single lowest responsible and responsive bidder for all materials or services, except that the school district may make a multiple award if the invitation for bids included notification that multiple contracts may be awarded, the school district’s basis for determining whether to award multiple contracts, and the criteria for selecting vendors for the multiple contracts.

D. Before making a multiple award, the school district shall determine in writing that a multiple award is necessary and is advantageous to the school district and shall establish procedures for the use of the multiple awarded contracts to ensure that purchases are made from the contracts determined by the school district to offer the lowest cost in satisfying the school district’s requirements. A multiple award shall be limited to the least number of suppliers the school district determines in writing to be necessary to meet the school district’s requirements, and may include the following types of awards:
1. Awards to the lowest responsible and responsive bidder for individual line items, groups of line items, or categories.
2. Awards to the lowest responsible and responsive bidders for similar or identical line items, groups of line items, or categories only if the school district determines in writing that such awards are necessary to obtain the required quantity or delivery, and the awards are limited to the least number of bidders necessary to meet the school district’s requirements.
3. An incremental award only if the school district determines in writing that such an award is necessary to obtain the required quantity or delivery. The award shall be made to the lowest responsible and responsive bidder, then the next lowest responsible and responsive bidder or bidders until the total definite quantity required is awarded.
4. A regional award to the lowest responsible and responsive bidder in designated regions or locations only if the school district determines in writing that such an award is necessary to obtain the required quantity or delivery over widely scattered locations or a particular requirement is of a local nature.

E. The procurement file shall contain the basis on which the award or awards are made.

F. The school district shall not modify evaluation criteria after the bid due date and time.

G. A school district may appoint an evaluation committee to assist in the evaluation of bids. If bids are evaluated by an evaluation committee, the evaluation committee shall prepare an evaluation report for the school district. The school district may:
1. Accept the findings of the evaluation committee;
2. Request additional information from the evaluation committee; or
3. Reject the findings of the evaluation committee, in which case the school district shall appoint a new evaluation committee to evaluate the existing bids or cancel the solicitation.

H. The school district may contact a bidder to confirm the school district’s understanding of the bid. Such contact shall be prior to award. The school district shall obtain written confirmation from the bidder and shall retain the confirmation in the procurement file.

I. The contract or contracts shall be awarded during the bid acceptance period. If the bid acceptance period expires prior to award of the contract or contracts, the procurement shall be canceled, unless the bid acceptance period is extended in accordance with subsection (J).

J. To extend the bid acceptance period, a school district shall notify all bidders of an award. The school district shall obtain written confirmation from the bidder and shall retain the confirmation in the procurement file.

K. A contract may not be awarded to a bidder submitting a higher price submitted is fair and reasonable, and that either other prospective bidders had reasonable opportunity to respond, or there is not adequate time for resolicitation. Otherwise the bid may be rejected in whole or in part as may be specified in the invitation for bids if it is advantageous to the school district. The reasons for cancellation or rejection shall be made part of the procurement file and:

1. New bids may be solicited;
2. The proposed procurement may be canceled; or
3. If the school district determines that the need for the material or service continues and the acceptance of the one bid is not advantageous to the school district, the procurement may then be conducted as follows:
   a. The school district may follow the sole source procurement procedure if R7-2-1053 applies.
   b. Notwithstanding any other provision of Articles 10 and 11, the school district may make emergency procurements pursuant to R7-2-1055 if an emergency condition exists pursuant to R7-2-1055.

R7-2-1032. Only One Bid Received

If only one responsive bid is received in response to an invitation for bids, an award may be made to the single bidder if the school district determines in writing that the bidder is responsible, that the price submitted is fair and reasonable, and that either other prospective bidders had reasonable opportunity to respond, or there is not adequate time for resolicitation. Otherwise the bid may be rejected in whole or in part as may be specified in the invitation for bids if it is advantageous to the school district. The reasons for cancellation or rejection shall be made part of the procurement file and:

1. New bids may be solicited;
2. The proposed procurement may be canceled; or
3. If the school district determines that the need for the material or service continues and the acceptance of the one bid is not advantageous to the school district, the procurement may then be conducted as follows:
   a. The school district may follow the sole source procurement procedure if R7-2-1053 applies.
   b. Notwithstanding any other provision of Articles 10 and 11, the school district may make emergency procurements pursuant to R7-2-1055 if an emergency condition exists pursuant to R7-2-1055.

R7-2-1033. Simplified School Construction Procurement Program

A. The simplified school construction procurement program is applicable to construction projects which do not exceed the maximum amount specified in A.R.S. § 15-213(A)(2).

B. To participate in the simplified school construction procurement program:

1. Each county school superintendent shall maintain a prospective bidders list of persons who desire to receive solicitations to bid on school district construction projects within that county. The prospective bidders list shall be maintained in accordance with R7-2-1023;
2. The prospective bidders list maintained pursuant to subsection (B)(1) shall be available for public inspection;
3. A performance bond and a payment bond, as required by A.R.S. § 34-222, shall be provided for contracts for construction by contractors;
4. All bids for construction shall be opened at a public opening and the bids shall remain confidential until the public opening;
5. All persons desiring to submit bids shall be treated equally and the information related to each project shall be available to all eligible persons; and
6. Competition for construction projects under the simplified school construction procurement program shall be encouraged to the maximum extent possible. School districts shall submit information on each project to all persons listed on the prospective bidders list maintained by the county school superintendent pursuant to subsection (B)(1).

PART V. MULTISTEP SEALED BIDDING

R7-2-1035. Multistep Sealed Bidding

A. The multistep sealed bidding method may be used if:
1. Available specifications or purchase descriptions are not sufficiently complete to permit full competition without technical evaluations and discussions to ensure mutual understanding between each bidder and the school district;
2. Definite criteria exist for evaluation of technical offers;
3. More than one technically qualified source is expected to be available; and
4. A fixed-price contract will be used.

B. The multistep sealed bidding method may not be used for construction contracts.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1036. Phase 1 of Multistep Sealed Bidding

A. Multistep sealed bidding shall be initiated by the issuance of an invitation to submit technical offers. The invitation to submit technical offers shall be issued according to R7-2-1022 and R7-2-1024(A).

B. The invitation to submit technical offers shall include the following information:
1. Notice that the procurement shall be conducted in two phases;
2. The best description of the material or services desired;
3. A statement that unpriced technical offers only shall be considered in phase 1;
4. The requirements for the technical offers, such as drawings and descriptive literature;
5. The criteria for evaluating technical offers;
6. The due date and time for receipt of technical offers and the location where technical offers shall be delivered or mailed;
7. A statement that discussions may be held;
8. A statement that only bids based on technical offers determined to be acceptable in phase 1 shall be considered for award;
9. The name of the district representative or district representatives;
10. Notice that all technical offers submitted will be made available for public inspection following the award of the contract; and
11. The date, time and location of any pre-technical offer conference.

C. A school district may conduct a pre-technical offer conference open to all persons. If a pre-technical offer conference is conducted, it shall be not less than seven days before the technical offer due date and time, unless the school district makes a written determination that the specific needs of the procurement justify a shorter time. Statements made during the pre-technical offer conference shall not be considered modifications to the invitation to submit technical offers.

D. The invitation to submit technical offers may be amended before or after the submission of the unpriced technical offers. Amendments to an invitation to submit technical offers shall be so identified and the school district shall ensure that the amendments are distributed or made available to all persons to whom the original invitation to submit technical offers was distributed or made available. The school district shall make a copy of the amendments to an invitation to submit technical offers available for public inspection at the school district office. If the school district posted the invitation to submit technical offers or a notice of the availability of an invitation to submit technical offers on a designated site on the Internet, then the school district shall post any amendments to the invitation to submit technical offers on the same designated site on the Internet. The school district shall also do one or more of the following:
   a. Distribute the amendment, by any method reasonably calculated to ensure delivery, to all persons to whom the invitation to submit technical offers was distributed;
   b. Make the amendment available and issue a notice of amendment which contains instructions for obtaining copies of the amendment. The notice of amendment shall be distributed, by any method reasonably calculated to ensure delivery, to all persons to whom the invitation to submit technical offers was distributed. Upon receipt of such notice of amendment, it is the responsibility of the person to obtain the amendment.

2. Amendments shall be issued within a reasonable time before technical offer opening to allow persons to consider them in preparing their technical offers. If the school district determines that the technical offer due date and time does not permit sufficient time for technical offer preparation, the technical offer due date and time shall be extended in the amendment or, if necessary, telephone, facsimile, email, or other communications methods, and confirmed in the amendment.

3. A person shall acknowledge receipt of an amendment in the manner specified in the invitation to submit technical offers or the amendment on or before the technical offer due date and time.

E. Unpriced technical offers shall not be opened publicly, but shall be opened in the presence of two or more district officials designated by the school district. The contents of unpriced technical offers shall not be disclosed to unauthorized persons. Late technical offers shall not be considered except under the circumstances set forth in R7-2-1028(B).

F. Unpriced technical offers shall be evaluated solely in accordance with the criteria set forth in the invitation to submit technical offers and shall be determined to be either acceptable for further consideration or unacceptable. A determination that an unpriced technical offer is unacceptable shall be in writing, state the basis for the determination and be retained in the procurement file. If the school district determines a person’s unpriced technical offer is unacceptable, the school district shall notify that person of the determination and that the person shall not be afforded an opportunity to amend the technical offer.

G. The school district may conduct discussions with any person who submits an acceptable or potentially acceptable technical offer. During discussions, the school district shall not disclose any information derived from one unpriced technical offer to any other person. After discussions, the school district shall establish a due date and time for receipt of final technical offers and shall notify, in writing, persons submitting acceptable or potentially acceptable technical offers of the due date and time. The school district shall keep a detailed record of all discussions.
H. At any time during phase 1, technical offers may be withdrawn.
I. A copy of the invitation to submit technical offers shall be made available for public inspection at the school district office.

1. If only one proposal is received in response to a request for proposals, the school district shall proceed according to R7-2-1032.
2. The school district shall not modify evaluation factors or the relative importance of price and other evaluation factors after the proposal due date and time.
3. A school district may appoint an evaluation committee to assist in the evaluation of proposals. If proposals are evaluated by an evaluation committee, the evaluation committee shall prepare an evaluation report for the school district. The school district may:
   a. Accept the findings of the evaluation committee;
   b. Request additional information from the evaluation committee; or
   c. Reject the findings of the evaluation committee, in which case the school district shall appoint a new evaluation committee to evaluate the existing proposals or cancel the solicitation.
B. As part of its initial evaluation, the school district may contact an offeror to confirm the school district’s understanding of the proposal. Such contact shall be prior to the determination that a proposal is acceptable for further consideration. The school district shall obtain written confirmation from the offeror and shall retain the confirmation in the procurement file.
C. The contract or contracts shall be awarded during the proposal acceptance period. If the proposal acceptance period expires prior to award of the contract or contracts, the procurement shall be canceled, unless the proposal acceptance period is extended in accordance with subsection (D).
D. To extend the proposal acceptance period, a school district shall notify all offerors in writing of an extension and request written concurrence from each offeror. To be eligible for a contract award, an offeror shall submit a written concurrence to the extension. The school district shall reject a proposal as nonresponsive if written concurrence is not provided as requested.
E. For the purpose of conducting discussions, the school district shall determine that proposals are either acceptable for further consideration or unacceptable.
F. A proposal is acceptable if it is determined to be reasonably susceptible of being awarded a contract in accordance with the evaluation criteria and a comparison and ranking of original proposals. Proposals to be considered reasonably susceptible of being awarded a contract shall, at a minimum, demonstrate the following:
1. Affirmative compliance with mandatory requirements designated in the solicitation.
2. An ability to deliver goods or services on terms advantageous to the school district sufficient to be entitled to continue in the competition.
3. That the proposal is technically acceptable as submitted.
G. A proposal is unacceptable if it is determined to not be reasonably susceptible of being awarded a contract. Those proposals that have no reasonable chance for award when compared on a relative basis with more highly ranked proposals will not be reasonably susceptible of being awarded a contract. The determination shall be in writing, state the basis for the determination and be retained in the procurement file. When there is doubt as to whether a proposal is reasonably susceptible of being awarded a contract, the proposal shall be considered acceptable.
H. If the school district determines an offeror’s proposal is unacceptable, the school district shall notify that offeror of the determination and that the offeror shall not be afforded an opportunity to amend its proposal.

R7-2-1047. Discussions with Individual Offerors
A. Discussions may be conducted with responsible offerors who submit proposals determined to be acceptable for further consideration. Offerors shall be afforded fair treatment with respect to any opportunity for discussion and revision of proposals.
B. A school district shall establish procedures and schedules for conducting discussions. The school district shall ensure there is no disclosure of one offeror’s price or any information derived from competing proposals to another offeror.
C. Discussions may be conducted orally or in writing. If oral discussions are conducted, the offeror shall confirm the discussions in writing.
D. If discussions are conducted, they shall be conducted with all offerors who submit proposals determined to be acceptable for further consideration. Proposals may not be revised during discussions.

A. Only if discussions are conducted pursuant to R7-2-1047, the school district shall issue a written request for best and final
offers to all offerors who submitted proposals determined to be acceptable pursuant to R7-2-1046(E). The request shall set forth the date, time and place for the submission of best and final offers.

B. Best and final offers shall be requested only once, unless the school district makes a determination that it is advantageous to the school district to conduct further discussions or change the school district’s requirements.

C. The request for best and final offers shall inform offerors that, if they do not submit a notice of withdrawal or a best and final offer, their immediate previous offer will be construed as their best and final offer.

R7-2-1049. Mistakes in Proposals

A. Prior to the due date and time for receipt of best and final offers, any offeror may withdraw a proposal in writing or correct any mistake by modifying the proposal.

B. After receipt of best and final offers, an offeror may withdraw a proposal or correct a mistake in accordance with R7-2-1030.

R7-2-1050. Contract Award

A. As provided in subsection (B), the school district shall award a contract or contracts to the responsible offeror or offerors whose proposal or proposals are determined in writing to be most advantageous to the school district based on the factors set forth in the request for proposals. No factors or criteria may be used in proposal evaluation that are not set forth in the request for proposals. The amount of any applicable transaction privilege or use tax of a political subdivision of this state is not a factor in determining the most advantageous proposal.

B. The school district shall award the contract to the offeror whose proposal is deemed most advantageous to the school district for all materials or services, except that the school district may make a multiple award if the request for proposals included notification that multiple contracts may be awarded, the school district’s basis for determining whether to award multiple contracts, and the criteria for selecting vendors for the multiple contracts.

C. Before making a multiple award, the school district shall determine in writing that a multiple award is necessary and is advantageous to the school district and shall establish procedures for the use of the multiple awarded contracts to ensure that purchases are made from the contracts determined by the school district to be most advantageous to the school district in satisfying the school district’s requirements. A multiple award shall be limited to the least number of contracts the school district determines in writing to be necessary to meet the school district’s requirements, and may include the following types of awards:

1. Awards to the offerors most advantageous to the school district for individual line items, groups of line items, or categories.

2. Awards to the offerors most advantageous to the school district for similar or identical line items, groups of line items, or categories only if the school district determines in writing that such awards are necessary to obtain the required quantity or delivery, and the awards are limited to the least number of offerors necessary to meet the school district’s requirements.

3. An incremental award only if the school district determines in writing that such an award is necessary to obtain the required quantity or delivery. The award shall be made to the offeror whose proposal is determined to be the most advantageous to the school district, then to the offeror with the next most advantageous proposal, etc., until the total definite quantity required is reached.

4. Regional awards to the offerors most advantageous to the school district in designated regions or locations only if the school district determines in writing that such awards are necessary to obtain the required quantity or delivery over widely scattered locations or a particular requirement is of a local nature.

D. The school district shall notify all offerors of an award.

E. The procurement file shall contain the basis on which the award or awards are made.

F. After a contract is awarded, the school district shall return any bid security provided by the unsuccessful offerors.

G. Upon execution of the contract, if performance and payment bonds were not required, or upon receipt of the specified bonds, if performance and payment bonds were required, the school district shall return any bid security provided by the successful offeror.

H. Within 10 days after a contract is awarded, the school district shall make the procurement file, including all proposals, available for public inspection.

1. If the procurement file contains information that is confidential under R7-2-1006, a copy of the applicable documents with the confidential information redacted shall be placed in the procurement file for the purpose of public inspection.

2. The unredacted original copy of the confidential information shall be placed in a sealed envelope or other appropriate container, identified as confidential information, and maintained in the procurement file.

3. At the qualified provider’s expense, the proposal shall include an independent third-party validation of cost savings calculations associated with each proposed energy cost savings measure by a licensed, registered professional engineer, with credentials from the national association of energy engineers, who has demonstrated experience in energy analysis. The school district shall approve the selection of the independent third party.

The school district shall retain the cost savings achieved by a guaranteed energy cost savings contract, and these cost savings may be used to pay for the contract and project implementation.

The selected qualified provider will provide the school district with a final study report which validates that the fixed cost savings guarantee amount will meet or exceed the cost savings calculations contained within the original proposal. The study report shall be reviewed and approved by the school district before the actual installation of any equipment. The qualified provider shall transmit a copy of the approved study report to the school facilities board and the governor’s office of energy policy.

D. The information to develop the energy baseline shall be derived from historical energy costs or actual energy measurements or shall be calculated from energy measurements at the facility where energy cost savings measures are to be installed or implemented. The baseline shall be established before the installation or implementation of energy cost savings measures.

E. One or more school districts may enter into a financing agreement with a qualified provider or a financial institution, trustee or paying agent for the purchase and installation or implementation of energy cost savings measures. A requirement that, in determining whether the projected energy savings calculations have been met, the energy savings shall be computed by comparing the energy baseline before installation or implementation of the energy cost savings measures with the energy consumed after installation or implementation of the energy cost savings measures. The qualified provider and the school district may agree to make modifications to the energy baseline only for any of the following:

   a. Changes in utility rates.

   b. Changes in the number of days in the utility billing cycle.

2. The qualified provider.
3. The total cost of the project.
4. The expected energy cost savings and relevant escalators.
5. The agreed on baseline in the measurement and verification agreement in both kilowatt hours and dollars.

E. Factors to be considered in determining if a bidder or offeror is responsible may include:
1. The bidder or offeror’s financial, material, personnel or other resources, including subcontracts;

A contractor shall, except as provided in subsection (C), submit current cost or pricing data and shall certify that, to the best of the contractor’s knowledge and belief, the cost or pricing data submitted is accurate, complete and current as of a mutually determined specified date before the date of either:
1. The pricing of any contract awarded by competitive sealed proposals or pursuant to the sole source procurement authority, if the total contract price is expected to exceed $100,000.
2. The pricing of any change order or contract modification which is expected to increase the total contract price which will then exceed $100,000.

B. Any contract, change order or contract modification for which certified cost or pricing data is required shall contain a provision that the price to the school district shall be adjusted to exclude any significant amounts by which the school district finds that the price was increased because the contractor-furnished cost or pricing data was inaccurate, incomplete or not current as of the date agreed on between the parties. D. If certification of either current cost or pricing data is required, the awarded contract shall include notice of the right of the school district to a reduction in price if certified cost or pricing data are subsequently determined to be defective.

10. The qualified select bidders shall be provided an invitation for bids in accordance with R7-2-1024 to R7-2-1032. For any projects not identified in the request for qualifications, the school district may not solicit bids on those projects under the qualified select bidders list either in the initial one-year period or the one-year extension period.

11. The project identified in the request for qualifications shall have invitation for bids issued within the initial one-year period, or in the one-year extension period, to be awarded a contract under that qualified select bidders list.

J. Terminating the process for insufficient response or selection

1. In the event that less than three statements of qualifications are received, this procurement process shall cease and the school district may elect to resolicit the request for qualifications or pursue other procurement methods.

2. In the event that less than three persons are identified by the selection committee as being the most highly qualified, this procurement process shall cease and the school district may elect to resolicit the request for qualifications or pursue other procurement methods.

K. A copy of the request for qualifications shall be made available for public inspection at the school district office.

R7-2-1102. Bid Security

A. Bid security shall be required for all competitive sealed bidding for construction contracts, and for all competitive sealed proposals for design-build construction services or job-order-contracting construction services procured pursuant to R7-2-1111, if the price, excluding the cost of any finance services, maintenance services, operations services, design services, preconstruction services, or other related services included in the contract, is estimated by the school district to exceed the amount established by R7-2-1002(A).

B. Invitations for bid on school district construction contracts and requests for proposals for design-build construction services or job-order-contracting construction services, shall require submission of bid security as follows:

1. For design-bid-build construction services, ten percent of the contractor’s bid.

2. For design-build construction services awarded by competitive sealed proposals pursuant to R7-2-1111, ten percent of the school district’s construction budget for the project as stated in the request for proposals, excluding finance services, maintenance services, operations services, design services, preconstruction services or any other related services included in the contract.
3. For job-order-contracting construction services awarded by competitive sealed proposals pursuant to R7-2-1111, the amount prescribed by the school district in the request for proposals, but not more than ten percent of the school district’s reasonably estimated budget for construction that the school district believes is likely to actually be done during the first year under the contract, excluding any finance services, maintenance services, operations services, design services, preconstruction services or other related services included in the contract.

C. Acceptable bid security shall be limited to:
   1. An annual or one-time bid bond executed and furnished as required by A.R.S. Title 34, Chapter 2 or 6, as applicable; or
   2. A certified check.

D. The school district may issue a written determination to accept the bid security if the bid security fails to comply in a nonsubstantial manner when:
   1. Only one bid or proposal is received and there is not sufficient time to rebid or resolicit proposals;
   2. The amount of the bid security submitted, although less than the amount required by the invitation for bids or request for proposals, is equal to or greater than the difference between the apparent low bid or highest scoring proposal and the next higher acceptable bid or next highest scoring proposal; or
   3. The bid security is inadequate as a result of modifying or correcting a bid in accordance with R7-2-1027 or R7-2-1030, if the bidder increases the amount of security to required limits within two days after notification.

E. After the bids and proposals are opened, they are irrevocable for the period specified in the invitation for bids or request for proposals, except as provided in R7-2-1030. If a bidder or offeror is permitted to withdraw its bid before award, no action may be had against the bidder or offeror or the bid security.

Historical Note
Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2; Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1).

R7-2-1103. Contract Performance and Payment Bonds
A. The following bonds or security is required and is binding on the parties to the contract if the value of a construction or construction services award exceeds the amount established by R7-2-1002(A):
   1. A performance bond that is executed and furnished as required under Arizona Revised Statutes Title 34, Chapter 2 or Chapter 6, as applicable, in an amount equal to 100 percent of the price specified in the contract conditioned on the faithful performance of the contract in accordance with the plans, specifications and conditions of the contract, except that:
      a. For job-order-contracting construction services, the performance bond shall cover the full amount of construction under the job-order-contracting construction services contract, not to include any design services, preconstruction services, finance services, maintenance services, operations services or other related services included in the contract, may be a single bond for the full term of the contract or a separate bond for each job order, as determined by the school district, and, if a single bond for the full term of the contract or a separate bond for each year of a multiyear contract, shall initially be based on the school district’s reasonable estimate of the amount of construction that the school district believes is likely to actually be done during the full term of the contract or during the particular year of a multiyear contract, as applicable.
      b. For construction-manager-at-risk construction services and design-build construction services, the amount of the performance bond shall be the price of construction and shall not include the cost of any design services, preconstruction services, finance services, maintenance services, operations services and other related services included in the contract. This bond is solely for the protection of the school district. The conditions and provisions of the performance bond regarding the surety’s obligations shall follow the form required under A.R.S. § 34-222(G) or A.R.S. § 34-610(G), as applicable.
      c. For guaranteed energy cost savings contracts and guaranteed energy production contracts, the amount of the performance bond shall be one hundred percent of the project amount to the school district for its faithful performance of the equipment installment.
   2. A payment bond that is executed and furnished as required by Arizona Revised Statutes Title 34, Chapter 2 or Chapter 6, as applicable, in an amount equal to one hundred percent of the price specified in the contract for the protection of all persons supplying labor or material to the contractor or its subcontractors for the performance of the construction provided for in the contract, except that:
      a. For job-order-contracting construction services, the payment bond shall cover the full amount of construction under the job-order-contracting construction services contract, shall not include any design services, preconstruction services, finance services, maintenance services, operations services or other related services included in the contract, may be a single bond for the full term of the contract, a separate bond for each year of a multiyear contract or a separate bond for each job order, as determined by the school district, and, if a single bond for the full term of the contract or a separate bond for each year of a multiyear contract, shall initially be based on the school district’s reasonable estimate of the amount of construction that the school district believes is likely to actually be done during the full term of the contract or during the particular year of a multiyear contract, as applicable.
      b. For construction-manager-at-risk construction services and design-build construction services, the amount of the payment bond shall be the price of construction and shall not include the cost of any design services, preconstruction services, finance services, maintenance services, operations services or other related services included in the contract. The conditions and provisions of the payment bond regarding the surety’s obligations shall follow the form required under A.R.S. § 34-222(F) or A.R.S. § 34-610(F), as applicable.
      B. For design-build construction, the bonds prescribed in subsection (A) shall be provided on and at the same time as execution of the construction contract. For construction-manager-at-risk, design-build and job-order-contracting construc-
tion services, the bonds prescribed in subsection (A) shall be provided only on and at the same time as execution of a contract or contract modification that commits the contractor to provide construction for a fixed price, guaranteed maximum price or other fixed amount within a designated time frame.

C. If the prime contract or specifications require any persons supplying labor or materials in the prosecution of the work to furnish payment or performance bonds, these bonds shall be executed solely by a surety company or companies holding a certificate of authority to transact surety business in this state issued by the director of the Department of Insurance pursuant to Arizona Revised Statutes Title 20, Chapter 2, Article 1. Notwithstanding the provisions of any other statute, the bonds shall not be executed by an individual surety or sureties, even if the requirements of A.R.S. § 7-101 are satisfied.

D. If a contractor fails to deliver the required performance bond or payment bond, the contractor’s bid shall be rejected, its bid security shall be enforced, and award of the contract shall be made pursuant to Articles 10 and 11.

E. This Section shall not be construed to limit the authority of the school district to require a performance bond or other security in addition to those bonds or in circumstances other than specified in subsection (A).

F. Any person who furnishes labor or material to the contractor or its subcontractors for the work provided in the contract, in respect of which a payment bond is furnished under this Section, and who has not been paid in full within 90 days from the date on which the last of the labor was performed or material was supplied by the person for whom the claim is made has the right to sue on the payment bond for any amount unpaid at the time the suit is instituted and to prosecute the action for the amount due the person. However, any person who has a contract with a subcontractor of the contractor, but no express or implied contract with the contractor furnishing the payment bond, has a right of action on the payment bond on giving the contractor, only, a written preliminary 20-day notice as provided for in A.R.S. § 33-992.01, subsection (C)(1), (2), (3), and (4) and subsections (D), (E), and (H), and upon giving written notice to the contractor within 90 days from the date on which the last of the labor was performed or material was supplied by the person for whom the claim is made. The person shall state in the notice the amount claimed and the name of the party for whom the claim was performed or to whom the material was supplied. The notice shall be personally served or sent by registered mail, postage prepaid, in an envelope addressed to the contractor at any place the contractor maintains an office or conducts business.

Historical Note
Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. The term “one hundred” was changed to “100” to reflect current standards in Chapter style and format (Supp. 21-2).

R7-2-1104. Contract Payment Retention and Substitute Security
A. Ten percent of all construction contract payments shall be retained by the school district as insurance of proper performance of the contract or, at the option of the contractor, a substitute security may be provided by the contractor pursuant to this Section. The contractor is entitled to all interest from any such substitute security. When the contract is fifty percent completed, one-half of the amount retained or securities substituted pursuant to this Section shall be paid to the contractor upon the contractor’s request provided the contractor is making satisfactory progress on the contract and there is no specific cause or claim requiring a greater amount to be retained. After the contract is fifty percent completed, no more than five percent of the amount of any subsequent progress payments made under the contract shall be retained providing the contractor is making satisfactory progress on the project, except if at any time the governing board determines satisfactory progress is not being made, ten percent retention shall be reinstated for all progress payments made under the contract subsequent to the determination.

B. Notwithstanding subsection (A), there shall be no retention for job-order-contracting construction services contracts. The school district may elect to have no retention for construction-manager-at-risk and design-build construction services contracts. If the school district elects to maintain retention, then payment retention for construction-manager-at-risk and design-build contracts shall be in accordance with this Section.

C. Retention applies only to amounts payable for construction services, preconstruction services, finance services, maintenance services, operations services, or any other related services included in the contract.

D. The form of substitute security is limited to the following:
1. An assignment of time certificates of deposit by financial institutions licensed by this state;
2. Share certificate of a financial institution or credit union authorized to transact business in this state; or
3. Security issued or guaranteed as to principal and interest by:
   a. The United States;
   b. The state;
   c. Counties, municipalities and school districts within this state.

E. Conditions for use of substitute security.
1. A contractor may submit substitute security to replace contract payment retention if:
   a. The use of substitute security is requested of the school district or designee for work performed under the contract. The contractor shall have the option of submitting the substitute security:
      i. Prior to each progress payment in an amount of no less than five percent of each progress payment; or
      ii. Once, prior to the first progress payment in an amount no less than five percent of the total contract amount.
   b. The interest earned on such security shall accrue to the benefit of the contractor, but shall be retained until the school district has approved completion and acceptance of all work to be performed under the contract;
   c. The term of such security shall not mature until after the estimated contract completion date; and
   d. The security shall mature no later than one year after the estimated contract completion date.
2. The substitute security shall not be released without written approval by the school district.
3. A contractor may submit a single substitute security for more than one project provided that:
   a. The amount of such security is sufficient to cover the aggregate retention amount;
   b. The school district determines that such single substitute security is advantageous to the school district; and
   c. Such security complies with the requirements of subsection (E)(1).
F. Any retention shall be paid or substitute security shall be returned to the contractor within 60 days after final completion and acceptance of work under the contract. Retention of payments by a school district longer than 60 days after final completion and acceptance requires a specific written finding by the governing board of the reasons justifying the delay in payment. No school district may retain any monies after 60 days which are in excess of the amount necessary to pay the expenses the governing board reasonably expects to incur in order to pay or discharge the expenses determined in the finding justifying the retention of monies.

G. The school district shall not accept any substitute security unless accompanied by a signed and acknowledged waiver of any right or power of the obligor to set off any claim against either the school district or the contractor in relationship to the security assigned. In any instance in which the school district accepts substitute security as provided in this Section, any subcontractor undertaking to perform any part of the contract is entitled to provide such security to the contractor.

Historical Note
Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1105. Progress Payments

A. Progress payments may be made by the school district to the contractor on the basis of a duly certified and approved estimate of the work performed during the preceding month if the contractor agrees to adhere to the provisions of A.R.S. § 41-2571(B), (D), and (F). Payment shall be made within 14 days after the estimate of the work is certified and approved, except that a percentage of all estimates shall be retained as provided in R7-2-1104. The estimate of the work shall be deemed received by the school district on submission of the estimate of the work to the school district or a person designated by the school district for the submission, review or approval of the estimate of the work. An estimate of the work submitted under this Section shall be considered approved and certified after seven days from the date of submission unless before that time the school district or designee prepares and issues a specific written finding detailing those items in the estimate of the work that are not approved and certified under the contract or design professional service contract. The school district may withhold an amount from the progress payment sufficient to pay the expenses the school district reasonably expects to incur in correcting the deficiency set forth in the written finding. No contract for construction or design professional service contract may materially alter the rights of any contractor, subcontractor, design professional or material supplier to receive prompt and timely payment as provided under this Section. On completion and acceptance of separate divisions of the contract or design professional service contract on which the price is stated separately in the contract, payment may be made in full including retained percentages, less deductions, unless a substitute security has been provided pursuant to R7-2-1104.

B. Progress payments pursuant to subsection (A) are authorized for construction services and design professional services contracts. The requirements of subsection (A) apply only to amounts payable in a construction services contract for construction and in a contract for design services and do not apply to amounts payable in a contract for preconstruction services, finance services, maintenance services, operations services or any other related services included in the contract.

C. A subcontractor or design professional may notify the school district, in writing, requesting that the subcontractor or design professional be notified by the school district in writing within five days from payment of each progress payment made to the contractor. The subcontractor’s or design professional’s request remains in effect for the duration of the subcontractor’s or design professional’s work on the project.

D. If any payment to a contractor is delayed after the date due, interest shall be paid at the rate of one percent per calendar month, or a fraction of a calendar month, on such unpaid balance as may be due.

Historical Note
Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1).
4. All construction-manager-at-risk construction services or design-build construction services included in a procurement shall be limited to construction services to be performed at a single location, a common location or, if the construction services are all for a similar purpose, multiple locations. For construction-manager-at-risk construction services and design-build construction services to be performed at multiple locations:
   a. At the time the request for qualifications is issued, the school district shall intend to commence all construction at each location within thirty months after execution of the first contract for preconstruction services or other construction services at any of the locations.
   b. The request for qualifications shall include the information described in R7-2-1108(B)(2).

5. The school district and the selection committee shall not request or consider fees, price, man-hours or any other cost information at any point in the selection process under this Section and R7-2-1107, R7-2-1108, R7-2-1110, and R7-2-1111, including the selection of persons to be interviewed, the selection of persons to be on the final list, in determining the order of preference of persons on the final list or for any other purpose in the selection process, except as provided in R7-2-1110(D) and R7-2-1111.

6. In determining the persons to participate in any interviews, in determining the persons to be on the final list, and in determining the order on the final list, the selection committee shall use and consider only the criteria and weighting of criteria in the request for qualifications. No other factors or criteria may be used in the evaluation, determinations and other actions.

7. Notwithstanding any other provision specifying the number of persons to be interviewed, the number of persons to be on a final list, or any other numerical specification in R7-2-1106 through R7-2-1115:
   a. If a smaller number of persons respond to the request for qualifications or if one or more persons drop out of the procurement so there is a smaller number of persons participating in the procurement, the school district, as the school district determines necessary and appropriate, may elect to proceed with the participating persons if there are at least two participating responsive and responsible persons. Alternatively, the school district may elect to terminate the procurement.
   b. As to a request for qualifications to be negotiated pursuant to R7-2-1110(D), if only one responsive and responsible person responds to the request for qualifications or if one or more persons drop out of the procurement so that only one responsive and responsible person remains in the procurement, the school district may elect to proceed with the procurement with only one person if the governing board determines in writing that the negotiated fee is fair and reasonable and that either other responsive persons had reasonable opportunity to respond or there is not adequate time for a resolicitation.
   c. If a person on the final list withdraws or is removed from the procurement and the selection committee determines that it is advantageous to the school district, the selection committee may replace that person on the final list with another person that submitted qualifications in the procurement and that is selected as the next most qualified.

Historical Note
New Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1107. Selection Committee

B. Each selection committee shall include at least one school district representative appointed by the school district.
C. The selection committee shall not have more than seven members and shall include at least one person who is a senior management employee of a licensed contractor and one person who is an architect or an engineer who is registered pursuant to A.R.S. § 32-121.
D. Non-school district employees serving on a selection committee shall not receive compensation from the school district for performing this service, but the school district may elect to reimburse non-school district members for travel, lodging and other expenses incurred in connection with service on a selection committee.
E. A person who is a member of a selection committee shall not be a contractor or subcontractor under a contract awarded under the procurement or provide any specified professional services, construction, construction services, materials or other services under the contract.
F. For the procurement of multiple contracts for job-order-contracting, the same selection committee shall be used for all contracts in the procurement.

Historical Note
New Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1108. Request for Qualifications
A. Notice of the need for construction services shall be given by the school district pursuant to R7-2-1022 and R7-2-1024(C). Such notice shall be issued not less than 14 days in advance of when responses shall be received. The notice shall:
   1. Contain a statement of the construction services required that accurately describes the procurement and specifies how a request for qualifications containing specific information on the procurement may be obtained;
   2. Specify whether the procurement is for a single contract or, for job-order-contracting construction services only, for multiple contracts; and
   3. If the procurement is for multiple job-order-contracting construction services contracts:

   2. In a procurement of construction-manager-at-risk construction services or design-build construction services to be performed at multiple locations, include:
7 A.A.C. 2

CHAPTER 2. STATE BOARD OF EDUCATION

a. A brief description of the construction services to be performed at each location;

b. The estimated budget for the construction services to be performed at each location; and

b. One of the criteria shall be the person’s subcontractor selection plan or procedures to implement the school district’s subcontractor selection plan.

c. If interviews will be held, state the selection criteria and relative weights to be used in selecting the persons to be interviewed. The request for qualifications may state the selection criteria and relative weights to be used in selecting the persons on the final list and in determining their order on the final list. The final list selection criteria and relative weights may be different than the selection criteria and relative weights used to determine the persons to be interviewed. The request for qualifications also shall state whether the school district will select the persons on the final list and their order on the final list solely through the results of the interview process or through the combined results of both the interview process and the evaluation of statements of qualifications and performance data submitted in response to the school district’s request for qualifications.

d. If interviews will not be held, state the selection criteria and relative weights to be used in selecting the persons on the final list and in determining their order on the final list.

5. Whether one contract or multiple contracts may or will be awarded.

a. For design-build construction services, construction-manager-at-risk construction services, and a single contract for job-order-contracting construction services, state that one person may or will be awarded the contract.

For multiple contracts for similar job-order-contracting construction services, state the number of contracts that may or will be awarded, the job-order-contracting construction services to be performed under each of the contracts, and that each of the multiple contracts will be awarded to a separate person.

6. In a procurement where the contract is to be negotiated under R7-2-1110(D):

a. State that there will be a single final list of at least three and not more than five persons for a design-build, construction-manager-at-risk, or single job-order-contracting construction services award.

b. In a procurement for multiple contracts for similar job-order-contracting construction services to be awarded to separate persons, state that there will be a single final list and the number of persons on the final list, which shall be the sum of the number of contracts that may or will be awarded, plus another number that is determined by the school district and that is not more than five.

7. In a procurement in which the contract will be awarded under R7-2-1111:

a. State that there will be a single final list and that the number of persons on the final list will be three for a design-build or single job-order-contracting construction services award.

b. In a procurement for multiple contracts for similar job-order-contracting construction services to be awarded to separate persons, state that there will be a single final list and the number of persons on the final list, which shall be the sum of the number of contracts that may or will be awarded, plus another number that is determined by the school district and that is not more than five.

8. The type of contract to be used.

9. The name of the district representative or district representatives and the publicly available location of the school district’s protest policy and procedures.

The specified number shall be stated in the request for qualifications, shall be determined by the school district and shall be the sum of the number of contracts that may or will be awarded, plus another number that is determined by the school district and that is not more than five.

A requirement that each person submit a proposed subcontractor selection plan and a requirement that the proposed subcontractor selection plan shall select subcontractors based on qualifications alone or on a combination of qualifications and price and shall not select subcontractors based on price alone; or

b. A subcontractor selection plan adopted by the school district that applies to the person that is selected to perform the construction services and that requires subcontractors to be selected based on qualifications alone or on a combination of qualifications and price and not based on price alone and a requirement that each person shall submit a description of the procedures it proposes to use to implement the school district’s subcontractor selection plan.

12. Notice that all information and statements of qualifications submitted by persons will be made available for public inspection after the school district has entered into a single contract or all of the multiple contracts.

R7-2-1110. Committee Evaluation and Contract Award

A. If interviews are specified in the request for qualifications:

1. The selection committee shall determine the persons to be interviewed by evaluating the statements of qualifications and performance data submitted based solely on the selection criteria and relative weights in the request for qualifications to be used to determine the persons to be interviewed.

2. If the selection criteria and relative weights to be used by the selection committee to select the persons on the final list and to determine their order on the final list are not included in the request for qualifications:
   a. Before the interviews are held the school district shall distribute to the persons to be interviewed the selection criteria and relative weights to be used to select the persons on the final list and to determine their order on the final list.
   b. These selection criteria and relative weights may be different than the selection criteria and relative weight used to determine the persons to be interviewed.

3. The selection committee shall conduct interviews with the number of persons specified in the request for qualifications.

B. Based solely on the selection criteria and relative weights for selection of the persons on the final list and their order on the final list, the selection committee shall select the persons for the final list and, in the case of a final list for a contract that is to be awarded under R7-2-1111, before or at the same time as the school district notifies the persons on the final list that they are on the final list, the school district shall send actual notice to each of the following persons that they are on the final list:
   a. If interviews were held, the other persons interviewed.
   b. If interviews were not held, the other persons that made submittals.

D. R7-2-1112. Contractor Licenses, Contract and Performance Requirements

A. Notwithstanding any other Section:

1. The contractor for design-build or job-order-contracting construction services is not required to be registered to perform design services pursuant to A.R.S. Title 32, Chapter 1 if the person actually performing the design services on behalf of the contractor is appropriately registered.

2. The contractor for construction-manager-at-risk, design-build or job-order-contracting construction services shall be licensed to perform construction pursuant to A.R.S. Title 32, Chapter 10.

3. The school district shall obtain and maintain a record of proof in the procurement file that a construction or construction services provider that has been awarded a contract with the school district, or through a cooperative purchasing agreement, has a license in good standing to perform construction work pursuant to A.R.S. Title 32, Chapter 10. The license shall be active on the day the contract is awarded. This subsection does not require licensure for professions that are not licensed pursuant to A.R.S. Title 32, Chapter 10.

B. In a procurement for construction-manager-at-risk construction services or design-build construction services, except for design-build contracts awarded pursuant to R7-2-1111, the school district shall enter into a written contract with the contractor for preconstruction services under which the school district shall pay the contractor a fee for preconstruction services in an amount agreed by the school district and the contractor, and the school district shall not request or obtain a fixed price or a guaranteed maximum price for the construction from the contractor or enter into a construction contract with the contractor until after the school district has entered into the written contract for preconstruction services and a preconstruction services fee.

C. Construction shall not commence under a construction services contract until the school district and contractor agree in writing on either a fixed price that the school district will pay or a guaranteed maximum price for the construction to be commenced. The construction to be commenced may be the entire project or may be one or more phased parts of the project.

D. For negotiated construction-manager-at-risk and design-build contracts, preconstruction services, general conditions, schedules, construction contingency, and construction fees shall be part of the contract. For design-build contracts awarded pursuant to a request for proposals, the fees shall be included in the vendor’s proposal and shall become part of the awarded contract.

E. For job-order-contracting construction services only:

1. The maximum dollar amount of an individual job order for job-order-contracting construction services shall be one million dollars or a higher or lower amount prescribed by the governing board in a policy adopted in a public meeting held pursuant to A.R.S. Title 38, Chapter 3, Article 3.1. Requirements shall not be artificially divided or fragmented in order to constitute a job order that satisfies the requirements of this subsection.

2. If the contractor subcontracts or intends to subcontract part or all of the work under a job order and if the job-order-contracting construction services contract includes descriptions of standard individual tasks, standard unit prices for standard individual tasks and pricing of job orders based on the number of units of standard individual tasks in the job order:

a. The contractor has a duty to deliver promptly to each subcontractor invited to bid a coefficient to the contractor to do all or part of the work under one or
more job orders a copy of the descriptions of all
standard individual tasks on which the subcontractor
is invited to bid and a copy of the standard unit
prices for the individual tasks on which the subcon-

contractor has a duty to promptly deliver to each
subcontractor invited to or that has agreed to do any

description of each standard individual task that is
included in the job order and that the subcontractor
is invited to perform, the number of units of each
standard individual task that is included in the job
order and that the subcontractor is invited to per-
form, and the standard unit price for each standard
individual task that is included in the job order and
that the subcontractor is invited to perform.

F. For all construction services contracts, the contractor performing
the construction services is permitted to self-perform part
of the construction work, if and to the extent agreed in writing
by the school district and the contractor. The school district
may use methods other than competitive bidding to assure
itself that the price the school district pays to the contractor for
self-performed work is fair and reasonable. Permitted methods
to evaluate fairness and reasonableness of the price of self-per-
formed work include evaluation of the contractor’s proposed
scope of work and price for self-performed work by an estimator
who is hired and paid by the school district, who is inde-
pendent of the contractor and who may be an employee of the
school district. Although the school district may elect to so
require, nothing in Articles 10 and 11 shall be construed or
interpreted to require the school district to require a contractor
desiring to self-perform part of the construction work to com-
petitively bid that part of the construction work against other
contractors in a bid competition.

G. For all construction services contracts, the following require-
ments apply to the construction work to be performed by sub-
contractors and do not apply to construction work that the
school district and the contractor agree in writing will be self-
performed by the contractor:
1. The person selected to perform the construction services
shall select subcontractors based on qualifications alone
or on a combination of qualifications and price and shall
not select subcontractors based on price alone. A qualifi-
cations and price selection may be a single-step selection
based on a combination of qualifications and price or a
two-step selection. In a two-step selection, the first step
shall be based on qualifications alone and the second step
may be based on a combination of qualifications and price or on price alone.
2. The school district shall include in each contract:
   a. If the school district included its subcontractor selec-

district’s subcontractor selection plan and the pro-

contractor in submitting its qualifications with those
modifications to the procedures as the school district
and the contractor agree.

selection plan in the request for qualifications, the
subcontractor selection plan proposed by the
awarded contractor in submitting its qualifications
with those modifications as the school district and
the contractor agree.

3. In making the selection of subcontractors, the contractor
shall use the subcontractor selection plan and any proce-
dures included in its contract.

H. The school district shall include in each contract for construc-
tion services the full street or physical address of each separate
location at which the construction will be performed and a
requirement that the contractor and each subcontractor at any
level include in each of its subcontractors the same address
information. The contractor and each subcontractor at any
level shall include in each subcontract the full street or physical
address of each separate location at which construction work
will be performed.

B. Prior to public notice of the need for specified professional services, the school district shall determine that the services to be acquired are specified professional services.
C. In the procurement of specified professional services:
1. The school district shall specify whether the procurement is for a single contract or for multiple contracts. Multiple contracts may be awarded to separate persons or may be awarded to a single person as specified in the request for qualifications.
2. No other factors or criteria may be used in the evaluation, determinations and other actions.
4. If the school district enters into the number of contracts specified in the request for qualifications, the procurement ends. After that time the school district may not use the procurement or any final list in the procurement as the basis for entering into a contract with any other person that participated in the procurement.
5. Notwithstanding any other provision specifying the number of persons to be interviewed, the number of persons to be on a final list, or any other numerical specification in this Section or R7-2-1121:

   c. The request for qualifications may state the selection criteria and relative weights to be used in selecting the persons on the final list and in determining their order on the final list. The final list selection criteria and relative weights may be different than the selection criteria and relative weights used to determine the persons to be interviewed. The request for qualifications also shall state whether the school district will select the persons on the final list and their order on the final list solely through the results of the interview process or through the combined results of both the interview process and the evaluation of statements of qualifications and performance data submitted in response to the request for qualifications.

R7-2-1121. Committee Evaluation and Selection
A. If interviews are specified in the request for qualifications:
1. The selection committee shall determine the persons to be interviewed by evaluating the statements of qualifications and performance data submitted based solely on the selection criteria and relative weights in the request for qualifications to be used to determine the persons to be interviewed.
2. If the selection criteria and relative weights to be used by the selection committee to select the persons on the final list or final lists and to determine their order on the final list or final lists are not included in the request for qualifications:
   a. Before the interviews are held the school district shall distribute to the persons to be interviewed the selection criteria and relative weights to be used to
select the persons on the final list and to determine their order on the final list.

b. These selection criteria and relative weight may be different than the selection criteria and relative weight used to determine the persons to be interviewed.

3. The selection committee shall conduct interviews with the number of persons specified in the request for qualifications.

B. Based solely on the selection criteria and relative weights for selection of the persons on the final list or final lists and their order on the final list or final lists, the selection committee shall select the persons for the final list or final lists and rank the persons on the final list or final lists in order of preference. If the procurement is for multiple contracts for different specified professional services to be awarded to separate persons, and if a person submitted qualifications for more than one type of specified professional services, the person may be on more than one final list.

C. Before or at the same time as the school district notifies the highest ranking person on the final list or final lists that it is the highest ranking person, the school district shall send actual notice to each of the following that it is not the highest ranking person or that another person is the highest ranking person:

1. If interviews were held, the other persons interviewed.
2. If interviews were not held, the other persons that made submittals.

D. The school district shall conduct negotiations with persons on the final list or final lists as follows:

1. The school district shall negotiate a contract with the highest qualified person for the required specified professional services at compensation determined in writing to be fair and reasonable to the school district. Contract negotiations shall be directed toward:
   a. Making certain that the person has a clear understanding of the scope of the work, specifically, the essential requirements involved in providing the required services;
   b. Determining that the person will make available the necessary personnel and facilities to perform the services within the required time; and
   c. Agreeing upon compensation that is fair and reasonable.

2. The negotiations shall include consideration of compensation and other contract terms that the school district determines to be fair and reasonable to the school district. In making this decision, the school district shall take into account the estimated value, the scope, the complexity and the nature of the specified professional services to be rendered.

3. If the procurement is for a single contract, there is one final list and the school district shall enter into negotiations with the highest qualified person on the final list. If the school district is not able to negotiate a satisfactory contract with the highest qualified person on the final list, at compensation and on other contract terms the school district determines to be fair and reasonable, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations with the next most qualified person on the final list in sequence until an agreement is reached or a determination is made to reject all persons on the final list.

4. If the procurement is for multiple contracts for specified professional services to be awarded to a single person on the final list, there is one final list and the school district shall enter into negotiations with the highest qualified person on the final list. If the school district is not able to negotiate a satisfactory contract with the highest qualified person on the final list, at compensation and on other contract terms the school district determines to be fair and reasonable, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations with the next most qualified person on the final list in sequence until an agreement is reached or a determination is made to reject all persons on the final list.

5. If the procurement is for multiple contracts for similar specified professional services to be awarded to separate persons, there is one final list and the school district shall enter into separate negotiations for contracts with the number of the highest qualified persons on the final list equal to the number of contracts to be awarded. If the school district is not able to negotiate a satisfactory contract with a person with whom the school district has commenced negotiations, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations for a contract with the next most qualified person on the final list with whom the school district is not then negotiating and with whom the school district has not previously negotiated in sequence until an agreement is reached for some or all of the multiple contracts included in the request for qualifications or a determination is made to reject all persons on the final list.

6. If the procurement is for multiple contracts for different specified professional services to be awarded to separate persons, there is a separate final list for each type of specified professional services and the school district shall enter into separate negotiations for contracts with the number of the highest qualified persons on each final list equal to the number of contracts to be awarded. If the school district is not able to negotiate a satisfactory contract with a person with whom the school district has commenced negotiations, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations for a contract with the next most qualified person on the applicable final list with whom the school district is not then negotiating and with whom the school district has not previously negotiated in sequence until an agreement is reached for some or all of the multiple contracts included in the request for qualifications or a determination is made to reject all persons on the final list.

7. If the school district terminates negotiations with a person and commences negotiations with another person on the final list, the school district shall not recommence negotiations or enter into a contract for the specified professional services covered by the final list with any person with whom the school district terminated negotiations.

by a person other than an architect and the contract amount is $500,000 or less. For such procurements, the school district shall encourage persons engaged in the lawful practice of the profession to submit annually a statement of qualifications and experience.

B. For each procurement of specified professional services under this Section, the school district shall establish a selection committee pursuant to R7-2-1120.

C. The selection committee shall evaluate current statements of qualifications and experience on file with the school district, together with those that may be submitted by other persons regarding the procurement.

E. If possible and practicable, the selection committee shall conduct interviews regarding the procurement and the relative methods of furnishing the required specified professional services and, if possible, shall select, in order of preference and based on criteria established and published by the selection committee, one or more final lists of the persons deemed to be the most qualified to provide the specified professional services required. The selection committee shall base the selection of each final list and the order of preference on demonstrated competence and qualifications only.

1. If the procurement is for a single contract or if the procurement is for multiple contracts to be awarded to a single person, there shall be one final list of three persons.

2. If the procurement is for multiple contracts for different specified professional services to be awarded to separate persons, there shall be a separate final list of three persons for each contract.

3. In a procurement for multiple contracts for similar specified professional services to be awarded to separate persons, there shall be one final list and the number of persons on the final list shall be the number of contracts, plus another number that is determined by the school district and that is not more than five.

F. The school district shall enter into negotiations with the highest qualified person on each final list or, in the case of a single final list for multiple contracts for the same specified professional services to be awarded to separate persons, the school district shall enter into negotiations with a number of the highest qualified persons on the final list equal to the number of contracts that may or will be awarded.

1. Negotiations shall include consideration of compensation and other contract terms that the school district determines to be fair and reasonable to the school district. In making this determination, the school district shall take into account the estimated value, the scope, the complexity and the nature of the specified professional services to be rendered.

2. If the school district is unable to negotiate a satisfactory contract with a person with whom the school district is negotiating at a price and on other contract terms the school district determines to be fair and reasonable to the school district, the school district shall formally terminate negotiations with that person.

3. The school district may undertake negotiations with the next most qualified person on the final list in sequence until an agreement is reached or a determination is made to reject all persons on the final list.

4. If the school district terminates negotiations with a person on a final list and commences negotiations with another person on the final list, the school district shall not in that procurement recommence negotiations or enter into a contract or contracts with any person with whom the school district has terminated negotiations.

1. Irregularity in the proceedings of the hearing officer or prevailing party, or any order or abuse of discretion, whereby the moving party was deprived of a fair hearing.
2. Misconduct of the prevailing party.
3. Accident or surprise not preventable by ordinary prudence.
4. Material evidence, newly discovered, which despite reasonable diligence was not discovered and produced at the hearing.

7. That the findings of fact or decision is not justified by the evidence or is contrary to law.

B. Scope. A rehearing may be granted to all or any of the parties and on all or part of the issues in the proceeding for any of the reasons for which rehearings are authorized by law or rule of court. On a motion for a rehearing, the hearing officer may open the decision, take additional testimony, amend findings of fact and conclusions of law or make new findings and conclusions, and direct the entry of a new decision.

C. Contents of motion; amendment; rulings reviewable.
1. The motion for rehearing shall be in writing, shall specify generally the grounds upon which the motion is based, and may be amended at any time before it is ruled upon by the hearing officer.

In either case, the hearing officer shall specify in the order the grounds therefor.

G. Questions to be considered in rehearing. A rehearing, if granted, shall be only a rehearing of the question or questions with respect to which the decision is found erroneous, if separable. H. Motion on ground of excessive or inadequate damages. When a motion for rehearing is made upon the ground that the damages or penalties awarded are either excessive or insufficient, the hearing officer may grant the rehearing conditionally upon the filing within a fixed period of time, not to exceed 15 days, of a statement by the party adversely affected by reduction or increase of damages or penalties accepting that amount of damages or penalties which the hearing officer shall designate. If such a statement is filed with the prescribed time, the motion for rehearing shall be regarded as denied as of the date of such filing. If no statement is filed, the motion for rehearing shall be regarded as granted as of the date of the expiration of the time period within which a statement may have been filed. No further written order shall be required to make an order granting or denying the rehearing final. If the conditional order of the hearing officer requires a reduction of or increase in damages or penalties, then the rehearing will be granted in respect of the damages or penalties only and the decision shall stand in all other respects.
