PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the Administrative Code. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The Arizona Administrative Code is where the official rules of the state of Arizona are published. The Code is the official codification of rules that govern state agencies, boards, and commissions.

The Code is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the Code. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the Administrative Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each Code chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the Code includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the Arizona Administrative Register for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the Register online at www.azsos.gov/rules, click on the Administrative Register link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Irrelevant, immaterial or unduly repetitious evidence shall be excluded. Every person who is a party to such proceedings shall have the right to be represented by counsel, to submit evidence in open hearing and shall have the right of cross-examination. Unless otherwise provided by law, hearings may be held at any place determined by the Board. At such hearing such applicant shall be the moving party and have the burden of proof.

5. Unless otherwise ordered by the hearing officer, documentary evidence shall be limited in size when folded to 8 1/2 by 11 inches. The submitting party shall identify documentary exhibits by number or letter and party and furnish a copy of each exhibit to each party present. One additional copy shall be furnished to the hearing officer unless the hearing officer otherwise directs. When evidence offered by any party appears in a larger work, containing other information, the party shall plainly designate the portion offered. If the evidence offered is so voluminous as would unnecessarily encumber the record, the book, paper, or document shall not be received in evidence but may be marked for identification and, if properly authenticated, the designated portion may be read into or photocopied for the record. All documentary evidence offered shall be subject to appropriate and timely objection.

H. Stipulations. Parties to an appeal of a certification denial may stipulate, in writing, agreement upon any matter involved in the proceeding. If approved by the hearing officer, agreement on matters of procedure shall be binding upon the parties to the stipulation. K. Rehearing and review of decisions

1. After a hearing is held, a party in an appeal of a certification denial who is aggrieved by a decision rendered by the Board may file with the Board, not later than 30 days after such decision has been made, a written motion for rehearing specifying the particular grounds therefor. A motion for rehearing under this Section may be amended at any time before it is ruled upon by the Board. A response may be filed within 15 days after service of such motion by any other party. The Board may require the filing of written briefs on the issues raised in the motion or response and may provide for oral argument.

2. A rehearing of a decision by the Board may be granted for any of the following causes materially affecting the moving party’s rights:
   a. Irregularity in the administrative proceedings of the hearing body, or abuse of discretion, whereby the moving party was deprived of a fair hearing.

R7-2-302.03. Personal Curriculum

A. Definitions.
1. “Personal Curriculum” means a documented process that may be used to modify the high school graduation requirements for mathematics delineated in R7-2-302.02(1)(c). A student may use a personal curriculum to modify the Algebra II requirement delineated in R7-2-302.02(1)(c)(ii) and reduce the credit requirements for mathematics from four to three credits. A student who successfully completes the student’s personal curriculum meets the requirements for high school graduation.

2. “Development Team” means a team that develops a personal curriculum for a student and consists of the student, the parent or legal guardian of the student, and a school counselor or principal or their designee. A school principal may add additional members to the development team as the principal deems appropriate.

B. A student is eligible for a personal curriculum if the student meets the following criteria:
1. The student has successfully completed the mathematics requirements delineated in R7-2-302.02(1)(c)(i); and
2. Despite the student’s successful completion of the mathematics requirements delineated in R7-2-302.02(1)(c)(i), the development team determines that the student demonstrates a need to modify the requirement delineated in R7-2-302.02(1)(c)(ii) for Algebra II or its equivalent course content.

C. The requirements for a personal curriculum are as follows:
1. An eligible student may only modify the mathematics requirement delineated in R7-2-302.02(1)(c)(ii) for Algebra II or its equivalent course content;
2. In lieu of successfully completing Algebra II or its equivalent course content, an eligible student shall successfully complete at least one credit in mathematics that shall include significant mathematics content as determined by the local school district governing board or charter school; and
3. An eligible student shall successfully complete a course in mathematics in the student’s senior year.

D. The procedures for developing and implementing a personal curriculum are as follows:
1. The parent or legal guardian of a student, an emancipated student, or a student with permission from the student’s parent or legal guardian may request a personal curriculum in a manner prescribed by the local school district governing board or charter school.
2. Upon receipt of a request for a personal curriculum made pursuant to subsection (D)(1), the local school district or charter school shall verify that the student successfully completed the mathematics requirements delineated in R7-2-302.02(1)(c)(i) and, upon verification, shall convene a development team.
3. The development team shall:
   a. Verify that the student demonstrates a need to modify the requirement delineated in R7-2-302.02(1)(c)(ii) for Algebra II or its equivalent course content,
   b. Identify an appropriate alternative mathematics course or courses to modify the requirement for Algebra II or its equivalent course content,
   c. Develop a written personal curriculum plan that includes the alternative mathematics course or courses identified in subsection (D)(3)(b) and a plan for monitoring student progress toward successfully completing the alternative mathematics course or courses. In developing the personal curriculum plan the development team shall consider how the proposed modifications maintain the integrity of the high school diploma and enable the student to achieve the student’s post-secondary education and career goals.

4. The development team may modify the personal curriculum plan based upon the development team’s evaluation of the student’s progress.

E. The Superintendent of Public Instruction shall monitor a school district or charter school if there is reason to believe that the school district or charter school is allowing modifications inconsistent with the requirements delineated in this Section.

R7-2-407. Special Education Standards and Assistance for Providing Educational Services and Materials for Visually Impaired Students

A. All requirements in this Section are in addition to the general special education standards in R7-2-401 for public education agencies providing special education.

B. For the purposes of this rule, the following definitions apply:

1. “Accessible Electronic File” means, until the effective date of a nationally adopted file format, a digital file in a mutually agreed upon electronic file format that has been prepared using a markup language that maintains the structural integrity of the information and can be processed by Braille conversion software. Upon the effective date of a nationally adopted file format, such as the Instructional Materials Accessibility Standard (IMAS), “Accessible Electronic File” shall mean an electronic file conforming to the specifications of the nationally adopted file format, including future technical revisions and versions of this nationally adopted file format.

2. “Individualized Braille literacy assessment” means the Learning Media Assessment or other standardized or individualized assessments that pertain to the child’s reading medium.

3. “Non-printed instructional materials” means non-printed textbooks and related core materials, including those that require the availability of electronic equipment in order to be used as a learning resource, that are written and published primarily for use in elementary school and secondary school instruction and are required by a state educational agency or a local educational agency for use by pupils in the classroom. These materials shall be available to the extent technologically available, and may include software programs, CD-ROMs and internet-based materials.

4. “Printed instructional materials” means textbooks and related core materials, that are written and published primarily for use in elementary school and secondary school instruction and are required by a state educational agency or a local educational agency for use by pupils in the classroom. This may include workbooks, practice tests, and tests.

5. “Publisher” means an individual, firm, partnership or corporation that publishes or manufactures printed instructional materials for students attending public schools in Arizona, including an on-line service, a software developer, or a distributor of an electronic textbook.

6. “Specialized format” means Braille, audio or digital text which is exclusively for use by blind or other persons with disabilities.

7. “Structural integrity” means the structure of all parts of the printed instructional material will be kept intact to the extent feasible and as mutually agreed upon by the publisher and the local educational agency. This may include appropriate representation of graphic illustrations.

C. Upon determination of a student having a visual impairment as assessed by a full and initial evaluation defined in R7-2-401(E)(6)(i), a visually impaired student who is determined to be blind as defined by A.R.S. § 15-214(B) shall receive an individualized Braille literacy assessment.

D. Individualized Education Programs (IEP) for blind students. In addition to the requirements for establishing and implementing an IEP consistent with R7-2-401(F) for a student determined to have a disability, each IEP for a student determined to be “blind” as assessed by R7-2-401(E)(6)(i) and defined by A.R.S. § 15-214(B), shall presume that proficiency in Braille is essential in achieving academic success unless otherwise determined by the IEP team established consistent with the regulations for the most recent reauthorization of the Individuals with Disabilities Education Act (IDEA) and in the manner provided by the most recent reauthorization of the IDEA Act for developing an IEP. An IEP developed under this Section for a student determined to be blind shall include all required provisions of A.R.S. § 15-214(A)(3), including the following:

1. The results of the individualized Braille literacy assessment.

2. The date on which Braille instruction will begin, the methods to be used and the frequency and duration of the Braille instruction.

3. The level of competency expected to be achieved within specified time-frames and the objective measures to be used for evaluation.

4. The Braille materials and equipment necessary to achieve the stated expected competency gains, including ordering instructional materials to achieve the IEP-stated goals.

5. The rationale for not providing Braille instruction if Braille is not determined to be an appropriate medium by the IEP team and is not included in the IEP.

E. The Arizona Department of Education shall designate a central repository for publishers to, upon request, provide accessible electronic files for instructional materials used by public schools in Arizona as defined in subsection (B)(1). The central repository shall be responsible for maintaining a complete list of available accessible electronic files for instructional materials and instructional materials in specialized formats, processing requests from PEAs for instructional materials in specialized formats and providing access to these materials in specialized formats to schools throughout Arizona that are providing services to blind or other students with disabilities.

1. Upon receipt of a written request certifying to the requirements set forth in subsections (E)(1)(a) through (c) publishers shall deliver to the repository, at no additional cost and consistent with the time-frame for providing materials for students without disabilities, accessible electronic files for printed instructional materials and non-printed instructional materials. Certification shall include all of the following:

   a. The PEA purchased a copy of the printed instructional material or non-printed instructional material for use by a student who is blind or has a visual impairment in a course that the student is attending or registered to attend;
b. The student who will utilize the instructional materials in a specialized format has an IEP stating that such materials and/or equipment are necessary for the student to achieve stated expected competency gains; and

c. The instructional materials are for use by the student in connection with a course in which he or she is enrolled, as verified by the person overseeing the education of students who are blind or visually impaired.

2. A PEA may access the materials maintained by the central repository, upon written request, for instructional use with a student with a visual impairment, as identified by R7-2-401(E)(6)(i), who requires the use of instructional materials in a specialized format pursuant to the student’s IEP.

3. Nothing in this Section shall be construed to prohibit the central repository from assisting a student with a disability by using the electronic format version of instructional material provided pursuant to this Section solely to transcribe or arrange for the transcription of the printed instructional material into Braille or large print. In the event a Braille transcription is made, the central repository has the right to share the Braille copy of the printed instructional material with other eligible students with disabilities. The PEA will be required to return the specialized format version of the instructional material to the central repository when the student no longer needs the instructional material. The central repository may share the copies of the specialized format of the instructional material with other PEAs who have met the requirements of subsections (B) and (D) of this Section to provide services to students who require such services pursuant to R7-2-401(F)(5).

ARTICLE 8. COMPLIANCE
R7-2-801. Compliance
A. Procedures governing noncompliance with laws and rules by school districts.
1. Scope. Except as may be otherwise directed by federal or state statute or by rules adopted by the State Board of Education, this rule shall govern the procedure for determining noncompliance by school districts with laws and rules concerning school districts, the enforcement of which is the statutory responsibility of the State Board of Education or the Department of Education.
2. Preliminary notice of noncompliance and response:
   a. The Department of Education, upon its own initiative or at the direction of the State Board of Education, shall inform school districts by written notice that the district is in possible noncompliance with laws or rules, the enforcement of which is the statutory responsibility of the Board or the Department.
   b. A preliminary notice of possible noncompliance shall detail in writing the nature of the possible noncompliance and shall identify:
      i. The law or rule which the school district may be violating; and
      ii. The manner in which the school district may be in noncompliance with the identified law or rule.
   c. A school district may submit a written response to the Department of Education within 20 days of receipt of a preliminary notice of noncompliance.
   d. Nothing contained in this rule is intended to preclude a reasonable attempt between Department of Education personnel and school district personnel to resolve administratively possible noncompliance prior to sending a written preliminary notice of noncompliance.
3. Scheduling a formal hearing
   a. Recommendation by the Department of Education
      i. After giving a school district preliminary notice as provided in this rule, the Department of Education shall submit a written recommendation to the State Board of Education. This recommendation shall be submitted within 10 days after receipt of a written response from the school district or if no response is received within 30 days of the issuance of the preliminary notice. The Department shall recommend one of the following courses of action to be taken by the Board.
      (1) A formal hearing should be scheduled before noncompliance is probable and achieving voluntary compliance within a reasonable period of time under the circumstances is unlikely; or
(2) A formal hearing should not be scheduled at this time because, although noncompliance is probable, achieving voluntary compliance within a reasonable period of time is likely; or
(3) A formal hearing should not be scheduled because the school district is in compliance with the law or rule in question.
ii. Any written response of the school district to the preliminary notice of noncompliance shall accompany the written recommendation of the Department of Education.
b. Within 30 days of receipt of the recommendation of the Department of Education, the State Board of Education shall either:
   i. Schedule formal hearing;
   ii. Postpone the decision to schedule a hearing for a stated time period not to exceed six months, or
   iii. Dismiss the matter.
c. When the State Board of Education determines that a formal hearing is necessary, it shall be scheduled within 30 days after such determination, unless an extension of time is granted by the Board.
d. When a formal hearing is scheduled, the Board or its designee shall give notice of the hearing as provided in A.R.S. § 41-1009(A) and (B).
e. When the Board decides to postpone scheduling a formal hearing, the Board shall specify the extent of the postponement and the Department of Education shall report periodically, at least every 30 days, unless otherwise directed, with respect to progress by the school district toward compliance with the law or rule in question. At the end of the postponement period, the Board shall again make a determination whether to schedule a hearing, further postpone the determination, or dismiss the matter.
f. The Board may order further investigation by the Department of Education at any time, and admit into evidence any such report at any subsequent formal hearing.
4. Hearings held pursuant to this rule shall be conducted as provided in A.R.S. § 41-1010.
5. The Board’s decision
   a. A decision by the State Board of Education shall be determined by a majority of the members of the Board and shall be based upon substantial evidence.
   b. A decision shall be rendered within 30 days after the hearing.
   c. Within 30 days after a decision is reached, copies of the written decision shall be delivered to the parties personally or by certified mail.
   d. The parties shall have the opportunity to provide proposed findings of fact and conclusions of law to the Board no later than five days after the decision of the Board is received.
6. Rehearing procedure
   a. Any party aggrieved by a decision rendered by the Board may file with the Board, not later than 15 days after service of the decision, a written motion for rehearing or review of the decision, specifying the particular grounds therefor.
   b. A motion to alter or amend a decision or order shall be filed not later than 15 days after service of the decision.
   c. A motion for rehearing under this rule may be amended at any time before it is ruled upon by the Board.
   d. A response may be filed within 10 days after service of such motion by any other party or by the Attorney General.
   e. The Board may require the filing of written memoranda upon the issues raised in the motion and may provide for oral argument.
   f. The Board may consolidate the hearing to consider the motion for rehearing with the requested rehearing.
   g. A rehearing or review of the decision may be granted for any of the following causes affecting the moving party’s rights:
      i. Irregularity in the administrative proceedings of the agency or its hearing officer or the prevailing party, or any order, or abuse of discretion, whereby the moving party was deprived of a fair hearing;
      ii. Misconduct of the Board of the prevailing party.
      iii. Accident or surprise which could not have been prevented by ordinary prudence;
      iv. Newly discovered material evidence which could not with reasonable diligence have been discovered and produced at the original hearing;
      v. Excessive or insufficient penalty;
      vi. Error in the admission or rejection of evidence or other errors of law occurring in the administrative hearing;
      vii. The decision is not justified by the evidence or is contrary to law.
   h. The Board may affirm or modify the decision or grant a rehearing to all or any of the parties and on all or part of the issues for any of the reasons set forth in subsection (A)(6). An order granting a rehearing shall specify with particularity the ground or grounds on which the rehearing is granted, and the rehearing shall cover only those matters so specified.
      i. Not later than 15 days after a decision is rendered, the Board may on its own initiative order a rehearing or a review of its decision for any reason for which it might have granted a rehearing on motion of a party. After giving the parties or their counsel notice and an opportunity to be heard on the matter, the Board may grant a motion for rehearing for a reason not stated in the motion. In either case, the order granting such a rehearing shall specify the grounds on which the order is based.
      j. When a motion for rehearing is based on affidavits, they shall be served with the motion. An opposing party may, within 10 days after such service, serve opposing affidavits, which period may be extended for an additional period not exceeding 20 days, by the Board for good cause shown, or by the parties by written stipulation. The Board may permit a reply affidavit by the moving party.
B. Waiver from administrative rules. Upon request of a school district acting either on its own behalf or on behalf of a school within the district’s jurisdiction, the State Board of Education may grant a waiver exempting such district or school from specific administrative rules.
   1. Requests
a. Requests for exemption from any State Board of Education rule shall include:
   i. Evidence that the school or school district is currently in compliance with all state laws and State Board of Education rules;
   ii. A statement identifying goals that will be accomplished and how the waiver will assist in enhancing school improvement;
   iii. A three-year plan for school improvement;
   iv. Identification of the specific rules for which the waiver is requested;
   v. Evidence of a public hearing held by the school or school district which provided for parental and public involvement and input into the proposed three-year plan.

b. Requests for waiver may be granted by the State Board of Education for a period not to exceed three years. The State Board of Education may at any time rescind approved waivers at its discretion.

c. Requests for waiver may be submitted by a local governing board and shall be made through the State Superintendent of Public Instruction for consideration by the State Board of Education.

d. Local governing boards shall adopt policies and procedures which will allow their schools to request waivers from the State Board of Education and shall submit those policies and procedures to the Superintendent of Public Instruction prior to October 1, 1993. Those policies shall be consistent with the criteria specified in subsections (B)(1)(a) and (B)(3). Additionally, those policies shall provide that:
   i. Requests for such waivers by schools be forwarded within 30 days of receipt by the governing board to the Superintendent of Public Instruction. Requests may include additional information as the governing board deems appropriate.
   ii. Schools not be required to meet criteria other than those specified in subsection (B)(1)(a).

   c. The State Superintendent of Public Instruction shall report to the State Board of Education, on or before September 30 of each year, the status of those schools and school districts with approved waivers and, as a minimum, include the following:

B. When the Board determines that a school or school district is in noncompliance with the USFR or USFRCS, it shall give written notice to the school or district of its determination. The written notice shall advise the school or district of the following:
   1. The Superintendent of Public Instruction shall withhold distribution of state funds to the school or district until such time as the Auditor General reports compliance with the USFR or USFRCS unless a hearing is requested by the school or district.

R7-2-804. Compliance with federal statutes or regulations

A. This rule prescribes procedures to be used in filing and processing written complaints alleging the failure of a public
agency or school district to comply with federal statutes or regulations applicable to federal education programs conducted and subject to Title 34, Code of Federal Regulations, § 76.780.

B. The Arizona Department of Education (Department) shall accept and investigate complaints provided that the complaint:

1. Is written and signed by the complaining party or his or her designated representative;
2. Sets forth the facts forming the basis of the complaint; the facts set forth in the complaint, if true, could constitute noncompliance by a public agency or school district;

C. Upon receipt of a complaint setting forth the criteria contained in (B), the Department shall immediately begin an impartial review which may include onsite investigations. If in the course of the review it is determined that the nature of the complaint is not a matter of noncompliance, the complainant will be so informed and advised of appropriate means of resolving the complaint.

D. A written decision with specific findings shall be issued by the Department within 60 calendar days of receipt of the written complaint. If corrective action is required, such action shall be designated in the decision and shall include the time line for correction and possible consequences for continued noncompliance. A copy of the written decision shall be sent to the complaining party and the agency involved on or before the expiration of the 60-day period. An extension of this timeline will be permitted only if exceptional circumstances exist with respect to a particular complaint.

E. If there appears to be a failure or refusal to comply with the applicable law or regulations, and if the noncompliance or refusal to comply cannot be corrected or avoided by informal means, compliance shall be effected by the Superintendent and the State Board of Education by any means authorized by law or by rule and regulation. The Superintendent shall retain jurisdiction over the issue of noncompliance with the law or regulations and shall retain jurisdiction over the implementation of any corrective action required. However, nothing herein shall preclude the availability of an informal resolution between the complainant and the agency or school district involved, nor shall this rule preclude the availability of any administrative hearing remedies to resolve such disputes or judicial review of such administrative remedies.

F. If, pursuant to an investigation by the Department, the Superintendent finds a failure to comply with applicable law or regulations, he or she shall so inform the agency or school district and compliance shall be obtained by informal means whenever possible. If corrective action is required, such action shall be designated in this decision and shall include the time lines for correction and the possible consequences for continued noncompliance.

G. A summary of each complaint received and investigated by the Department and the decision of the Superintendent shall be submitted annually to the State Board of Education for informational purposes only. Any personally identifiable information shall be deleted from the report to the State Board of Education.

H. The complainant may request the U.S. Department of Education to review the final decision of the Superintendent. The Department shall inform a complainant of the procedures for requesting a review by the U.S. Department of Education.

R7-2-1031. Bid Evaluation and Award

A. As provided in subsection (C), the contract or contracts shall be awarded to the lowest responsible and responsive bidder or bidders whose bid or bids conform in all material respects to the requirements and evaluation criteria set forth in the invitation for bids. No criteria may be used in bid evaluation that are not set forth in the invitation for bids. The amount of any applicable transaction privilege or use tax of a political subdivision of this state is not a factor in determining the lowest bidder.

B. A product acceptability evaluation shall be conducted solely to determine whether a bidder’s product is acceptable as set forth in the invitation for bids and not whether one bidder’s product is superior to another bidder’s product. Any bidder’s offering that does not meet the acceptability requirements shall be rejected as nonresponsive.

C. The school district shall award the contract to the single lowest responsible and responsive bidder for all materials or services, except that the school district may make a multiple award if the invitation for bids included notification that multiple contracts may be awarded, the school district’s basis for determining whether to award multiple contracts, and the criteria for selecting vendors for the multiple contracts.

D. Before making a multiple award, the school district shall determine in writing that a multiple award is necessary and is advantageous to the school district and shall establish procedures for the use of the multiple awarded contracts to ensure that purchases are made from the contracts determined by the school district to offer the lowest cost in satisfying the school district’s requirements. A multiple award shall be limited to the least number of suppliers the school district determines in writing to be necessary to meet the school district’s requirements, and may include the following types of awards:
  1. Awards to the lowest responsible and responsive bidder for individual line items, groups of line items, or categories.
  2. Awards to the lowest responsible and responsive bidders for similar or identical line items, groups of line items, or categories only if the school district determines in writing that such awards are necessary to obtain the required quantity or delivery, and the awards are limited to the least number of bidders necessary to meet the school district’s requirements.
  3. An incremental award only if the school district determines in writing that such an award is necessary to obtain the required quantity or delivery. The award shall be made to the lowest responsible and responsive bidder, then the next lowest responsible and responsive bidder or bidders until the total definite quantity required is awarded.
  4. A regional award to the lowest responsible and responsive bidder in designated regions or locations only if the school district determines in writing that such an award is necessary to obtain the required quantity or delivery over widely scattered locations or a particular requirement is of a local nature.

E. The procurement file shall contain the basis on which the award or awards are made.

F. The school district shall not modify evaluation criteria after the bid due date and time.

G. A school district may appoint an evaluation committee to assist in the evaluation of bids. If bids are evaluated by an evaluation committee, the evaluation committee shall prepare an evaluation report for the school district. The school district may:
  1. Accept the findings of the evaluation committee;
  2. Request additional information from the evaluation committee; or
  3. Reject the findings of the evaluation committee, in which case the school district shall appoint a new evaluation committee to evaluate the existing bids or cancel the solicitation.

H. The school district may contact a bidder to confirm the school district’s understanding of the bid. Such contact shall be prior to award. The school district shall obtain written confirmation from the bidder and shall retain the confirmation in the procurement file.

I. The contract or contracts shall be awarded during the bid acceptance period. If the bid acceptance period expires prior to award of the contract or contracts, the procurement shall be canceled, unless the bid acceptance period is extended in accordance with subsection (J).

J. To extend the bid acceptance period, a school district shall notify all bidders in writing of an extension and request written concurrence from each bidder. To be eligible for a contract award, a bidder shall submit a written concurrence to the extension. The school district shall reject a bid as nonresponsive if written concurrence is not provided as requested.

K. A contract may not be awarded to a bidder submitting a higher quality item than that designated in the invitation for bids unless the bidder is also the lowest bidder as determined under subsection (A). This Section does not permit negotiations with any bidder, except as provided in subsection (L).

L. If all bids for a construction project exceed available monies as certified by the school district, and the lowest responsive bid from a responsible bidder does not exceed such monies by more than five percent, the school district may in situations in which time or economic considerations preclude resolicitation of work of a reduced scope, negotiate an adjustment of the bid price, including changes in the bid requirements, with the lowest responsible and responsive bidder, to bring the bid within the amount of available monies.

M. If there are two or more low responsive bids from responsible bidders that are identical in price and that meet all the requirements and criteria set forth in the invitation for bids, award shall be made by drawing lots in the presence of one or more witnesses.

N. A record showing the basis for determining the successful bidder shall be retained in the procurement file.

O. The school district shall notify all bidders of an award.

P. After a contract is awarded, the school district shall return any bid security provided by unsuccessful bidders.
Q. Upon execution of the contract, if performance and payment bonds were not required, or upon receipt of the specified bonds, if performance and payment bonds were required, the school district shall return any bid security provided by the successful bidder.

R. Within 10 days after a contract is awarded, the school district shall make the procurement file, including all bids, available for public inspection.

1. If the procurement file contains information that is confidential under R7-2-1006, a copy of the applicable documents with the confidential information redacted shall be placed in the procurement file for the purpose of public inspection.

2. The unredacted original copy of the confidential information shall be placed in a sealed envelope or other appropriate container, identified as confidential information, and maintained in the procurement file.

R7-2-1032. Only One Bid Received

If only one responsive bid is received in response to an invitation for bids, an award may be made to the single bidder if the school district determines in writing that the bidder is responsible, that the price submitted is fair and reasonable, and that either other prospective bidders had reasonable opportunity to respond, or there is not adequate time for resolicitation. Otherwise the bid may be rejected in whole or in part as may be specified in the invitation for bids if it is advantageous to the school district. The reasons for cancellation or rejection shall be made part of the procurement file and:

1. New bids may be solicited;
2. The proposed procurement may be canceled; or
3. If the school district determines that the need for the material or service continues and the acceptance of the one bid is not advantageous to the school district, the procurement may then be conducted as follows:
   a. The school district may follow the sole source procurement procedure if R7-2-1053 applies.
   b. Notwithstanding any other provision of Articles 10 and 11, the school district may make emergency procurements pursuant to R7-2-1055 and R7-2-1056 if an emergency condition exists pursuant to R7-2-1055.

B. To participate in the simplified school construction procurement program:

1. Each county school superintendent shall maintain a prospective bidders list of persons who desire to receive solicitations to bid on school district construction projects within that county. The prospective bidders list shall be maintained in accordance with R7-2-1023.

MULTISTEP SEALED BIDDING

R7-2-1035. Multistep Sealed Bidding

A. The multistep sealed bidding method may be used if:

1. Available specifications or purchase descriptions are not sufficiently complete to permit full competition without technical evaluations and discussions to ensure mutual understanding between each bidder and the school district;
2. Definite criteria exist for evaluation of technical offers;
3. More than one technically qualified source is expected to be available; and
4. A fixed-price contract will be used.

B. The multistep sealed bidding method may not be used for construction contracts.

Historical Note
Adopted effective December 17, 1987 (Supp. 87-4).
Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1036. Phase 1 of Multistep Sealed Bidding

A. Multistep sealed bidding shall be initiated by the issuance of an invitation to submit technical offers. The invitation to submit technical offers shall be issued according to R7-2-1022 and R7-2-1024(A).

B. The invitation to submit technical offers shall include the following information:

1. Notice that the procurement shall be conducted in two phases;
2. The best description of the material or services desired;
3. A statement that unpriced technical offers only shall be considered in phase 1;
4. The requirements for the technical offers, such as drawings and descriptive literature;
5. The criteria for evaluating technical offers;
6. The due date and time for receipt of technical offers and the location where technical offers shall be delivered or mailed;
7. A statement that discussions may be held;
8. A statement that only bids based on technical offers determined to be acceptable in phase 1 shall be considered for award;
9. The name of the district representative or district representatives;
10. Notice that all technical offers submitted will be made available for public inspection following the award of the contract; and
11. The date, time and location of any pre-technical offer conference.

C. A school district may conduct a pre-technical offer conference open to all persons. If a pre-technical offer conference is conducted, it shall be not less than seven days before the technical offer due date and time, unless the school district makes a written determination that the specific needs of the procurement justify a shorter time. Statements made during the pre-technical offer conference shall not be considered modifications to the invitation to submit technical offers.

D. The invitation to submit technical offers may be amended before or after the submission of the unpriced technical offers. Amendments to an invitation to submit technical offers shall be so identified and the school district shall ensure that the amendments are distributed or made available to all persons to whom the original invitation to submit technical offers was distributed or made available. The school district shall make a copy of the amendments to an invitation to submit technical offers available for public inspection at the school district office. If the school district posted the invitation to submit technical offers or a notice of the availability of an invitation to submit technical offers on a designated site on the Internet, then the school district shall post any amendments to the invitation to submit technical offers on the same designated site on the Internet. The school district shall also do one or more of the following:
   a. Distribute the amendment, by any method reasonably calculated to ensure delivery, to all persons to whom the invitation to submit technical offers was distributed;
   b. Make the amendment available and issue a notice of amendment which contains instructions for obtaining copies of the amendment. The notice of amendment shall be distributed, by any method reasonably calculated to ensure delivery, to all persons to whom the invitation to submit technical offers was distributed. Upon receipt of such notice of amendment, it is the responsibility of the person to obtain the amendment;
2. Amendments shall be issued within a reasonable time before technical offer opening to allow persons to consider them in preparing their technical offers. If the school district determines that the technical offer due date and time does not permit sufficient time for technical offer preparation, the technical offer due date and time shall be extended in the amendment or, if necessary, telephone, facsimile, email, or other communications methods, and confirmed in the amendment.
3. A person shall acknowledge receipt of an amendment in the manner specified in the invitation to submit technical offers or the amendment on or before the technical offer due date and time.

E. Unpriced technical offers shall not be opened publicly, but shall be opened in the presence of two or more district officials designated by the school district. The contents of unpriced technical offers shall not be disclosed to unauthorized persons. Late technical offers shall not be considered except under the circumstances set forth in R7-2-1028(B).

F. Unpriced technical offers shall be evaluated solely in accordance with the criteria set forth in the invitation to submit technical offers and shall be determined to be either acceptable for further consideration or unacceptable. A determination that an unpriced technical offer is unacceptable shall be in writing, state the basis for the determination and be retained in the procurement file. If the school district determines a person’s unpriced technical offer is unacceptable, the school district shall notify that person of the determination and that the person shall not be afforded an opportunity to amend the technical offer.

G. The school district may conduct discussions with any person who submits an acceptable or potentially acceptable technical offer. During discussions, the school district shall not disclose any information derived from one unpriced technical offer to any other person. After discussions, the school district shall establish a due date and time for receipt of final technical offers and shall notify, in writing, persons submitting acceptable or potentially acceptable technical offers of the due date and time. The school district shall keep a detailed record of all discussions.

H. At any time during phase 1, technical offers may be withdrawn.

I. A copy of the invitation to submit technical offers shall be made available for public inspection at the school district office.

Such contact shall be prior to the determination that a proposal is acceptable for further consideration. The school district shall obtain written confirmation from the offeror and shall retain the confirmation in the procurement file.

   3. That the proposal is technically acceptable as submitted.

G. A proposal is unacceptable if it is determined to not be reasonably susceptible of being awarded a contract. Those proposals that have no reasonable chance for award when compared on a relative basis with more highly ranked proposals will not be reasonably susceptible of being awarded a contract. The determination shall be in writing, state the basis for the determination and be retained in the procurement file. When there is doubt as to whether a proposal is reasonably susceptible of being awarded a contract, the proposal shall be considered acceptable.

H. If the school district determines an offeror’s proposal is unacceptable, the school district shall notify that offeror of the determination and that the offeror shall not be afforded an opportunity to amend its proposal.

A multiple award shall be limited to the least number of contracts the school district determines in writing to be necessary to meet the school district’s requirements, and may include the following types of awards:

1. Awards to the offerors most advantageous to the school district for individual line items, groups of line items, or categories.

2. Awards to the offerors most advantageous to the school district for similar or identical line items, groups of line items, or categories only if the school district determines in writing that such awards are necessary to obtain the required quantity or delivery, and the awards are limited to the least number of offerors necessary to meet the school district’s requirements.

3. An incremental award only if the school district determines in writing that such an award is necessary to obtain the required quantity or delivery. The award shall be made to the offeror whose proposal is determined to be the most advantageous to the school district, then to the offeror with the next most advantageous proposal, etc., until the total definite quantity required is reached.

4. Regional awards to the offerors most advantageous to the school district in designated regions or locations only if the school district determines in writing that such awards are necessary to obtain the required quantity or delivery over widely scattered locations or a particular requirement is of a local nature.

E. The procurement file shall contain the basis on which the award or awards are made.

F. After a contract is awarded, the school district shall return any bid security provided by the unsuccessful offerors.

A. A school district may procure a guaranteed energy cost savings contract with a qualified provider through competitive sealed proposals in accordance with R7-2-1041 through R7-2-1050.

1. The request for proposal evaluation factors required by R7-2-1042(A)(1)(h) shall include objective criteria for selecting the qualified provider, including the cost of the contract, the energy cost savings, the net projected energy savings, the quality of the technical approach, the quality of the project management plan, the financial solvency of the qualified provider and the experience of the qualified provider with projects of similar size and scope.

2. Notwithstanding R7-2-1042(A)(1)(h), the request for proposals shall set forth the respective numerical weighting for each evaluation criterion.
CHAPTER 2. STATE BOARD OF EDUCATION

3. At the qualified provider’s expense, the proposal shall include an independent third-party validation of cost savings calculations associated with each proposed energy cost savings measure by a licensed, registered professional engineer, with credentials from the national association of energy engineers, who has demonstrated experience in energy analysis. The school district shall approve the selection of the independent third party.

4. A school district may enter into a guaranteed energy cost savings contract with a qualified provider if the school district determines that the energy savings project will pay for itself within the expected life of the energy cost savings measures implemented (according to the manufacturer’s equipment standards), the term of the financial agreement or 25 years, whichever is shortest, if the recommendations in the proposal are followed. The school district shall retain the cost savings achieved by a guaranteed energy cost savings contract, and these cost savings may be used to pay for the contract and project implementation.

5. A qualified provider is a person that is experienced in designing, implementing or installing energy cost savings measures, that has a record of established projects or measures of similar size and scope, that has demonstrated technical, operational, financial and managerial capabilities to design and operate cost savings measures and projects and that has the financial ability to satisfy guarantees for energy cost savings.

B. In selecting a contractor to perform any construction work related to performing the guaranteed energy cost savings contract, the qualified provider may:
   1. Develop and use a prequalification process for contractors.
   2. Require the contractor to demonstrate that the contractor is adequately bonded to perform the work and that the contractor has not failed to perform on a prior job.

C. At the selected qualified provider’s expense, a study shall be performed by the selected qualified provider in order to establish the exact scope of the guaranteed energy cost savings contract, the fixed cost savings guarantee amount and the methodology for determining actual savings. The selected qualified provider will provide the school district with a final study report which validates that the fixed cost savings guarantee amount will meet or exceed the cost savings calculations contained within the original proposal. The study report shall be reviewed and approved by the school district before the actual installation of any equipment. The qualified provider shall transmit a copy of the approved study report to the school facilities board and the governor’s office of energy policy.

D. The information to develop the energy baseline shall be derived from historical energy costs or actual energy measurements or shall be calculated from energy measurements at the facility where energy cost savings measures are to be installed or implemented. The baseline shall be established before the installation or implementation of energy cost savings measures.

E. One or more school districts may enter into a financing agreement with a qualified provider or a financial institution, trustee or paying agent for the purchase and installation or implementation of energy cost savings measures. Any required financing may be obtained as part of the original competitive sealed proposal process from the qualified provider, or from a third-party financing institution that is procured separately in accordance with Articles 10 and 11.

F. The selected qualified provider shall provide a performance bond in accordance with R7-2-1103(A)(1)(c).

G. The selected qualified provider shall make public information in the subcontractor’s bids.

H. The guaranteed energy cost savings contract shall include the following:
   1. A requirement that, in determining whether the projected energy savings calculations have been met, the energy savings shall be computed by comparing the energy baseline before installation or implementation of the energy cost savings measures with the energy consumed after installation or implementation of the energy cost savings measures. The qualified provider and the school district may agree to make modifications to the energy baseline only for any of the following:
      a. Changes in utility rates.
      b. Changes in the number of days in the utility billing cycle.
      c. Changes in the square footage of the facility.
      d. Changes in the operational schedule of the facility.
      e. Changes in facility temperature.
      f. Significant changes in the weather.
      g. Significant changes in the amount of equipment or lighting utilized in the facility.
      h. Significant changes in the nature or intensity of energy use such as the change of classroom space to laboratory space.
   2. A payment schedule, with payments over a period of not more than the expected life of the energy cost savings measures implemented (according to the manufacturer’s equipment standards), the term of the financial agreement or 25 years, whichever is shortest.
   3. A requirement that all payments, except obligations on termination of the contract before its expiration, be made pursuant to the terms of the financing agreement.
   4. A written guarantee from the qualified provider that the energy savings will meet or exceed the costs of the energy cost savings measures over the expected life of the energy cost savings measures implemented (according to the manufacturer’s equipment standards), the term of the financial agreement or 25 years, whichever is shortest. The school district shall ensure that the contractor:
      a. For the term of the guaranteed energy cost savings contract, prepares a measurement and verification report on an annual basis in addition to an annual reconciliation of savings.
      b. Reimburses the school district for any shortfall of guaranteed energy cost savings on an annual basis.
      c. Uses the international performance and measurement and verification protocol standards or the federal energy management program standards to validate the savings guarantee.
   I. A school district may utilize a simplified energy performance contract for projects less than $500,000. Simplified energy performance contracts are not required to include an energy savings guarantee and shall comply with all requirements in this Section except for subsections (D), (H)(1)(a) through (h) and (H)(4)(a) through (c).

J. This Section does not apply to the construction of new buildings.

K. For all projects under this Section, the school district shall report to the governor’s office of energy policy:
   1. The name of the project.
   2. The qualified provider.
   3. The total cost of the project.
   4. The expected energy cost savings and relevant escalators.
   5. The agreed on baseline in the measurement and verification agreement in both kilowatt hours and dollars.

B. Before the use of a multiterm contract, it shall be determined in writing by the governing board that:

1. Estimated requirements cover the period of the contract and are reasonable and continuing.

2. Such a contract will be advantageous to the school district by encouraging effective competition or otherwise promoting economies in school district procurement.

C. The school district shall include in all multiterm contracts a clause specifying that the contract shall be canceled if monies are not appropriated or otherwise made available to support the continuation of performance in a subsequent fiscal year.

D. If monies are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal period, the contract shall be canceled and the contractor may only be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the materials or services delivered under the contract or which are otherwise not recoverable. The cost of cancellation may be paid from any appropriations available for such purposes.

E. A contract for specified professional services shall have a term not to exceed five years after the date of contract award by the school district of the first contract under the procurement, except that the contract may continue in effect after the five year term for projects on which the rendering of specified professional services commences within the five year term.

F. Notwithstanding this Section, contracts for auditors and auditing firms shall have a term as prescribed in A.R.S. § 15-213.

   c. For guaranteed energy cost savings contracts and guaranteed energy production contracts, the amount of the performance bond shall be one hundred percent of the project amount to the school district for its faithful performance of the equipment installment.

2. A payment bond that is executed and furnished as required by Arizona Revised Statutes Title 34, Chapter 2, Article 2 or Chapter 6, as applicable, in an amount equal to one hundred percent of the price specified in the contract for the protection of all persons supplying labor or material to the contractor or its subcontractors for the performance of the construction provided for in the contract, except that:
   a. For job-order-contracting construction services, the payment bond shall cover the full amount of construction under the job-order-contracting construction services contract, shall not include any design services, preconstruction services, finance services, maintenance services, operations services or other related services included in the contract, may be a single bond for the full term of the contract, a separate bond for each year of a multiyear contract or a separate bond for each job order, as determined by the school district, and, if a single bond for the full term of the contract or a separate bond for each year of a multiyear contract, shall initially be based on the school district’s reasonable estimate of the amount of construction that the school district believes is likely to actually be done during the full term of the contract or during the particular year of a multiyear contract, as applicable.
   b. For construction-manager-at-risk construction services and design-build construction services, the amount of the payment bond shall be the price of construction and shall not include the cost of any design services, preconstruction services, finance services, maintenance services, operations services or other related services included in the contract. The conditions and provisions of the payment bond regarding the surety’s obligations shall follow the form required under A.R.S. § 34-222(F) or A.R.S. § 34-610(F), as applicable.
   c. For guaranteed energy cost savings contracts and guaranteed energy production contracts, the amount of the payment bond shall be the price of construction and shall not include the cost of any design services, preconstruction services, finance services, maintenance services, operations services and other related services included in the contract. This bond is solely for the protection of the school district. The conditions and provisions of the payment bond regarding the surety’s obligations shall follow the form required under A.R.S. § 34-222(F) or A.R.S. § 34-610(F), as applicable.

B. For design-build construction, the bonds prescribed in subsection (A) shall be provided on and at the same time as execution of the construction contract. For construction-manager-at-risk, design-build and job-order-contracting construction services, the bonds prescribed in subsection (A) shall be provided on and at the same time as execution of a contract or contract modification that commits the contractor to provide construction for a fixed price, guaranteed maximum price or other fixed amount within a designated time frame.

C. If the prime contract or specifications require any persons supplying labor or materials in the prosecution of the work to furnish payment or performance bonds, these bonds shall be executed solely by a surety company or companies holding a certificate of authority to transact surety business in this state issued by the director of the Department of Insurance pursuant to Arizona Revised Statutes Title 20, Chapter 2, Article 1. Notwithstanding the provisions of any other statute, the bonds shall not be executed by an individual surety or sureties, even if the requirements of A.R.S. § 7-101 are satisfied.

D. If a contractor fails to deliver the required performance bond or payment bond, the contractor’s bid shall be rejected, its bid security shall be enforced, and award of the contract shall be made pursuant to Articles 10 and 11.

E. This Section shall not be construed to limit the authority of the school district to require a performance bond or other security in addition to those bonds or in circumstances other than specified in subsection (A).

F. Any person who furnishes labor or material to the contractor or its subcontractors for the work provided in the contract, in respect of which a payment bond is furnished under this Section, and who has not been paid in full within 90 days from the date on which the last of the labor was performed or material was supplied by the person for whom the claim is made has the right to sue on the payment bond for any amount unpaid at the time the suit is instituted and to prosecute the action for the amount due the person. However, any person who has a contract with a subcontractor of the contractor, but no express or implied contract with the contractor furnishing the payment bond, has a right of action on the payment bond on giving the contractor, only, a written preliminary 20-day notice as provided for in A.R.S. § 33-992.01, subsection (C)(1), (2), (3), and (4) and subsections (D), (E), and (H), and upon giving written notice to the contractor within 90 days from the date on which the last of the labor was performed or material was supplied by the person for whom the claim is made. The person shall state in the notice the amount claimed and the name of

December 31, 2020  Supp. 20-4  Page 129
the party for whom the labor was performed or to whom the material was supplied. The notice shall be personally served or sent by registered mail, postage prepaid, in an envelope addressed to the contractor at any place the contractor maintains an office or conducts business.

**Historical Note**
Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

**R7-2-1104. Contract Payment Retention and Substitute Security**

A. Ten percent of all construction contract payments shall be retained by the school district as insurance of proper performance of the contract or, at the option of the contractor, a substitute security may be provided by the contractor pursuant to this Section. The contractor is entitled to all interest from any such substitute security. When the contract is fifty percent completed, one-half of the amount retained or securities substituted pursuant to this Section shall be paid to the contractor upon the contractor’s request provided the contractor is making satisfactory progress on the contract and there is no specific cause or claim requiring a greater amount to be retained. After the contract is fifty percent completed, no more than five percent of the amount of any subsequent progress payments made under the contract shall be retained providing the contractor is making satisfactory progress on the project, except if at any time the governing board determines satisfactory progress is not being made, ten percent retention shall be reinstated for all progress payments made under the contract subsequent to the determination.

B. Notwithstanding subsection (A), there shall be no retention for job-order-contracting construction services contracts. The school district may elect to have no retention for construction-manager-at-risk and design-build construction contracts. If the school district elects to have retention, then payment retention for construction-manager-at-risk and design-build contracts shall be in accordance with this Section.

C. Retention applies only to amounts payable for construction and does not apply to amounts payable for design services, preconstruction services, finance services, maintenance services, operations services, or any other related services included in the contract.

D. The form of substitute security is limited to the following:
   1. An assignment of time certificates of deposit by financial institutions licensed by this state;
   2. Share certificate of a financial institution or credit union authorized to transact business in this state; or
   3. Security issued or guaranteed as to principal and interest by:
      a. The United States;
      b. The state;
      c. Counties, municipalities and school districts within this state.

E. Conditions for use of substitute security.
   1. A contractor may submit substitute security to replace contract payment retention if:
      a. The use of substitute security is requested of the school district or designee for work performed under the contract. The contractor shall have the option of submitting the substitute security:
         i. Prior to each progress payment in an amount of no less than five percent of each progress payment; or
      b. The interest earned on such security shall accrue to the benefit of the contractor, but shall be retained until the school district has approved completion and acceptance of all work to be performed under the contract;
      c. The term of such security shall not mature until after the estimated contract completion date; and
      d. The security shall mature no later than one year after the estimated contract completion date.
   2. The substitute security shall not be released without written approval by the school district.
   3. A contractor may submit a single substitute security for more than one project provided that:
      a. The amount of such security is sufficient to cover the aggregate retention amount;
      b. The school district determines that such single substitute security is advantageous to the school district; and
      c. Such security complies with the requirements of subsection (E)(1).

F. Any retention shall be paid or substitute security shall be returned to the contractor within 60 days after final completion and acceptance of work under the contract. Retention of payments by a school district longer than 60 days after final completion and acceptance requires a specific written finding by the governing board of the reasons justifying the delay in payment. No school district may retain any monies after 60 days which are in excess of the amount necessary to pay the expenses the governing board reasonably expects to incur in order to pay or discharge the expenses determined in the finding justifying the retention of monies.

G. The school district shall not accept any substitute security unless accompanied by a signed and acknowledged waiver of any right or power of the obligor to set off any claim against either the school district or the contractor in relationship to the security assigned. In any instance in which the school district accepts substitute security as provided in this Section, any subcontractor undertaking to perform any part of the contract is entitled to provide such security to the contractor.

**Historical Note**
Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

**R7-2-1105. Progress Payments**

A. Progress payments may be made by the school district to the contractor on the basis of a duly certified and approved estimate of the work performed during the preceding month if the contractor agrees to adhere to the provisions of A.R.S. § 41-2577(B), (D), and (F). Payment shall be made within 14 days after the estimate of the work is certified and approved, except that a percentage of all estimates shall be retained as provided in R7-2-1104. The estimate of the work shall be deemed received by the school district on submission of the estimate of the work to the school district or a person designated by the school district for the submission, review or approval of the estimate of the work. An estimate of the work submitted under this Section shall be considered approved and certified after seven days from the date of submission unless before that time the school district or designee prepares and issues a specific written finding detailing those items in the estimate of the work that are not approved and certified under the contract or
design professional service contract. The school district may withhold an amount from the progress payment sufficient to pay the expenses the school district reasonably expects to incur in correcting the deficiency set forth in the written finding. No contract for construction or design professional service contract may materially alter the rights of any contractor, subcontractor, design professional or material supplier to receive prompt and timely payment as provided under this Section. On completion and acceptance of separate divisions of the contract or design professional service contract on which the price is stated separately in the contract, payment may be made in full including retained percentages, less deductions, unless a substitute security has been provided pursuant to R7-2-1104.

B. Progress payments pursuant to subsection (A) are authorized for construction services and design professional services contracts. The requirements of subsection (A) apply only to amounts payable in a construction services contract for construction and in a contract for design services and do not apply to amounts payable in a contract for preconstruction services, finance services, maintenance services, operations services or any other related services included in the contract.

C. A subcontractor or design professional may notify the school district, in writing, requesting that the subcontractor or design professional be notified by the school district in writing within five days from payment of each progress payment made to the contractor. The subcontractor’s or design professional’s request remains in effect for the duration of the subcontractor’s or design professional’s work on the project.

D. If any payment to a contractor is delayed after the date due, interest shall be paid at the rate of one percent per calendar month, or a fraction of a calendar month, on such unpaid balance as may be due.

Historical Note
Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.
Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1).

R7-2-1106. Procurement of Construction Using Alternative Project Delivery Methods
A. A school district may use an alternative project delivery method if it determines in writing that such alternative project delivery method is advantageous to the school district. The following factors may be used for such determination:
1. Cost and cost control method;
2. Value engineering;
3. Market conditions;
4. Schedule;
5. Required specialized expertise;
6. Technical complexity of the project; or
7. Project management.

B. Use of alternative project delivery methods
1. Alternative project delivery methods for construction services shall be procured as provided in R7-2-1100.
2. For design-build construction services and construction-manager-at-risk construction services, the school district is limited to one contract per procurement.
   a. Alternatively, for construction-manager-at-risk construction services, a school district may elect separate contracts for preconstruction services during the design phase, for construction during the construction phase and for any other construction services.
   b. Alternatively, for design-build construction services, a school district may elect separate contracts for preconstruction services and design services during the design phase, for construction and design services during the construction phase and for any other construction services.
   c. If the school district enters into the first contract for preconstruction services or construction services the procurement ends. After execution of that first contract the school district may not use the procurement or the existing final list in the procurement as the basis for entering into a contract with any other person that participated in the procurement.

3. For job-order-contracting construction services, the school district may award a single contract, or multiple contracts for similar job-order-contracting construction services to be awarded to separate persons. If the school district enters into the number of contracts specified under the request for qualifications, the procurement ends. After that time the school district may not use the procurement or any existing final list in the procurement as the basis for entering into a contract with any other person that participated in the procurement.

4. All construction-manager-at-risk construction services or design-build construction services included in a procurement shall be limited to construction services to be performed at a single location, a common location or, if the construction services are all for a similar purpose, multiple locations. For construction-manager-at-risk construction services and design-build construction services to be performed at multiple locations:
   a. At the time the request for qualifications is issued, the school district shall intend to commence all construction at each location within thirty months after execution of the first contract for preconstruction services or other construction services at any of the locations.
   b. The request for qualifications shall include the information described in R7-2-1108(B)(2).

5. The school district and the selection committee shall not request or consider fees, price, man-hours or any other cost information at any point in the selection process under this Section and R7-2-1107, R7-2-1108, R7-2-1110, and R7-2-1111, including the selection of persons to be interviewed, the selection of persons to be on the final list, in determining the order of preference of persons on the final list or for any other purpose in the selection process, except as provided in R7-2-1110(D) and R7-2-1111.

6. In determining the persons to participate in any interviews, in determining the persons to be on the final list, and in determining the order on the final list, the selection committee shall use and consider only the criteria and weighting of criteria in the request for qualifications. No other factors or criteria may be used in the evaluation, determinations and other actions.

7. Notwithstanding any other provision specifying the number of persons to be interviewed, the number of persons to be on a final list, or any other numerical specification in R7-2-1106 through R7-2-1115:
   a. If a smaller number of persons respond to the request for qualifications or if one or more persons drop out of the procurement so there is a smaller number of persons participating in the procurement, the school district, as the school district determines necessary and appropriate, may elect to proceed.
with the participating persons if there are at least two participating, responsive and responsible persons. Alternatively, the school district may elect to terminate the procurement.

b. As to a request for qualifications to be negotiated pursuant to R7-2-1110(D), if only one responsive and responsible person responds to the request for qualifications or if one or more persons drop out of the procurement so that only one responsive and responsible person remains in the procurement, the school district may elect to proceed with the procurement with only one person if the governing board determines in writing that the negotiated fee is fair and reasonable and that either other prospective persons had reasonable opportunity to respond or there is not adequate time for a resolicitation.

c. If a person on the final list withdraws or is removed from the procurement and the selection committee determines that it is advantageous to the school district, the selection committee may replace that person on the final list with another person that submitted qualifications in the procurement and that is selected as the next most qualified.

Historical Note
New Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1107. Selection Committee
A. The school district shall initiate an appropriately qualified selection committee for each request for qualifications. The school district shall ensure that selection committee members are competent to serve on the selection committee.

B. Each selection committee shall include at least one school district representative appointed by the school district.

C. The selection committee shall not have more than seven members and shall include at least one person who is a senior management employee of a licensed contractor and one person who is an architect or an engineer who is registered pursuant to A.R.S. § 32-121.

D. Non-school district employees serving on a selection committee shall not receive compensation from the school district for performing this service, but the school district may elect to reimburse non-school district members for travel, lodging and other expenses incurred in connection with service on a selection committee.

E. A person who is a member of a selection committee shall not be a contractor or subcontractor under a contract awarded under the procurement or provide any specified professional services, construction, construction services, materials or other services under the contract.

F. For the procurement of multiple contracts for job-order-contracting, the same selection committee shall be used for all contracts in the procurement.

Historical Note
New Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

A. Notice of the need for construction services shall be given by the school district pursuant to R7-2-1022 and R7-2-1024(C). Such notice shall be issued not less than 14 days in advance of when responses shall be received. The notice shall:

1. Contain a statement of the construction services required that adequately describes the procurement and specifies how a request for qualifications containing specific information on the procurement may be obtained;

2. Specify whether the procurement is for a single contract or, for job-order-contracting construction services only, for multiple contracts; and

3. If the procurement is for multiple job-order-contracting construction services contracts:

   a. Specify that multiple contracts may or will be awarded;

   b. Specify the number of contracts that may or will be awarded; and

   c. Describe the construction services to be performed under each contract.

B. The request for qualifications shall include the following:

Instructions and information to persons concerning the statement of qualifications submission requirements, including the due date and time for receipt of statements of qualifications, the address of the office at which the statements of qualifications are to be received, and any other special information.

2. In a procurement of construction-manager-at-risk construction services or design-build construction services to be performed at multiple locations, include:

   a. A brief description of the construction services to be performed at each location;

   b. The estimated budget for the construction services to be performed at each location; and

   c. A schedule for the construction services to be performed at each location that shows the school district’s intent to commence all construction at each location within thirty months after execution of the first contract for preconstruction services or other construction services at any of the locations.

3. General information on the project site, scope of work, schedule, selection criteria, project design and construction budget, or life cycle budget for a procurement that includes maintenance, operations, and finance services.

4. The criteria and the weight prescribed by the school district for each of the criteria to be used in making the evaluation:

   a. All selection criteria shall be factors that demonstrate competence and qualifications for the type of construction services included in the procurement.

   b. One of the criteria shall be the person’s subcontractor selection plan or procedures to implement the school district’s subcontractor selection plan.

   c. If interviews will be held, state the selection criteria and relative weights to be used in selecting the persons to be interviewed. The request for qualifications may state the selection criteria and relative weights to be used in selecting the persons on the final list and in determining their order on the final list. The final list selection criteria and relative weights may be different than the selection criteria and relative weights used to determine the persons to be interviewed. The request for qualifications also shall state whether the school district will select the persons on the final list and their order on the final list solely through the results of the interview process or through the combined results of both the interview process and the evaluation of statements of qualifications and performance data submitted in response to the school district’s request for qualifications.

   d. If interviews will not be held, state the selection criteria and relative weights to be used in selecting the
persons on the final list and in determining their order on the final list.

5. Whether one contract or multiple contracts may or will be awarded.
   a. For design-build construction services, construction-manager-at-risk construction services, and a single contract for job-order-contracting construction services, state that one person may or will be awarded the contract.
   b. For multiple contracts for similar job-order-contracting construction services, state the number of contracts that may or will be awarded, the job-order-contracting construction services to be performed under each of the contracts, and that each of the multiple contracts will be awarded to a separate person.

6. In a procurement where the contract is to be negotiated under R7-2-1110(D):
   a. State that there will be a single final list of at least three and not more than five persons for a design-build, construction-manager-at-risk, or single job-order-contracting construction services award.
   b. In a procurement for multiple contracts for similar job-order-contracting construction services to be awarded to separate persons, state that there will be a single final list and the number of persons on the final list, which shall be the sum of the number of contracts that may or will be awarded, plus another number that is determined by the school district and that is not more than five.

7. In a procurement in which the contract will be awarded under R7-2-1111:
   a. State that there will be a single final list and that the number of persons on the final list will be three for a design-build or single job-order-contracting construction services award.
   b. In a procurement for multiple contracts for similar job-order-contracting construction services to be awarded to separate persons, state that there will be a single final list and the number of persons on the final list, which shall be the sum of the number of contracts that may or will be awarded, plus another number that is determined by the school district and that is not more than five.

8. The type of contract to be used.

9. The name of the district representative or district representatives and the publicly available location of the school district’s protest policy and procedures.

10. If the school district will hold interviews as part of the selection process:

   b. In a procurement for multiple contracts for similar job-order-contracting construction services to be awarded to separate persons, state that interviews will be held and that the interviews will be with a specified number of persons. The specified number shall be stated in the request for qualifications, shall be determined by the school district and shall be the sum of the number of contracts that may or will be awarded, plus another number that is determined by the school district and that is not more than five.

11. The manner in which subcontractors shall be selected, either:
   a. A requirement that each person submit a proposed subcontractor selection plan and a requirement that the proposed subcontractor selection plan shall select subcontractors based on qualifications alone or on a combination of qualifications and price and shall not select subcontractors based on price alone; or
   b. A subcontractor selection plan adopted by the school district that applies to the person that is selected to perform the construction services and that requires subcontractors to be selected based on qualifications alone or on a combination of qualifications and price and not based on price alone and a requirement that each person shall submit a description of the procedures it proposes to use to implement the school district’s subcontractor selection plan.

12. Notice that all information and statements of qualifications submitted by persons will be made available for public inspection after the school district has entered into a single contract or all of the multiple contracts.

C. A copy of the request for qualifications shall be made available for public inspection at the school district office.

R7-2-1109. Receipt and Opening of Statements of Qualifications, Technical Proposals and Price Proposals for Design-build and Job-order-contracting

A. Statements of qualifications, technical proposals and price proposals shall be received and opened in accordance with R7-2-1045. Late statements of qualifications, proposals, modifications, or withdrawals shall be considered in accordance with R7-2-1044 and R7-2-1049.

B. A school district may cancel a request for qualifications or a request for proposals, reject in whole or in part any or all statements of qualifications or proposals or determine not to enter into a contract as specified in the solicitation if it is advantageous to the school district. The school district shall make the reasons for cancellation, rejection or determination not to enter into a contract part of the procurement file.

R7-2-1110. Committee Evaluation and Contract Award

A. If interviews are specified in the request for qualifications:
   1. The selection committee shall determine the persons to be interviewed by evaluating the statements of qualifications and performance data submitted based solely on the selection criteria and relative weights in the request for qualifications to be used to determine the persons to be interviewed.
   2. If the selection criteria and relative weights to be used by the selection committee to select the persons on the final list and to determine their order on the final list are not included in the request for qualifications:
      a. Before the interviews are held the school district shall distribute to the persons to be interviewed the selection criteria and relative weights to be used to
select the persons on the final list and to determine their order on the final list.

b. These selection criteria and relative weights may be different than the selection criteria and relative weight used to determine the persons to be interviewed.

3. The selection committee shall conduct interviews with the number of persons specified in the request for qualifications.

B. Based solely on the selection criteria and relative weights for selection of the persons on the final list and their order on the final list, the selection committee shall select the persons for the final list and, in the case of a final list for a contract that will be negotiated under subsection (D), rank the persons in order of preference.

C. The school district shall make the following notifications regarding the final lists:

1. If the contract will be negotiated under subsection (D) before or at the same time as the school district notifies the highest ranking person on the final list that it is the highest ranking person, the school district shall send actual notice to each of the following that it is not the highest ranking person or that another person is the highest ranking person:

a. If interviews were held, the other persons interviewed.

b. If interviews were not held, the other persons that made submittals.

2. If the contract will be awarded under R7-2-1111, before or at the same time as the school district notifies the persons on the final list that they are on the final list, the school district shall send actual notice to each of the following persons that they are not on the final list or that other persons are on the final list:

a. If interviews were held, the other persons interviewed.

b. If interviews were not held, the other persons that made submittals.

D. The school district shall conduct negotiations with persons on the final list as follows:

1. The negotiations shall include consideration of compensation and other contract terms that the school district determines to be fair and reasonable to the school district. In making this decision, the school district shall take into account the estimated value, the scope, the complexity and the nature of the construction services to be rendered.

2. If the procurement is for a single contract, there is one final list and the school district shall enter into negotiations with the highest qualified person on the final list. If the school district is not able to negotiate a satisfactory contract with the highest qualified person on the final list, at compensation and on other contract terms the school district determines to be fair and reasonable, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations with the next most qualified person on the final list in sequence until an agreement is reached or a determination is made to reject all persons on the final list.

3. If the procurement is for multiple contracts for similar job-order-contracting construction services to be awarded to separate persons, there is one final list and the school district shall enter into separate negotiations for contracts with the number of the highest qualified persons on the final list equal to the number of contracts to be awarded. If the school district is not able to negotiate a satisfactory contract with a person with whom the school district has commenced negotiations, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations for a contract with the next most qualified person on the final list with whom the school district is not then negotiating and with whom the school district has not previously negotiated in sequence until an agreement is reached for some or all of the multiple contracts included in the request for qualifications or a determination is made to reject all persons on the final list.

4. If the school district terminates negotiations with a person and commences negotiations with another person on the final list, the school district shall not recommence negotiations or enter into a contract for the construction services covered by the final list with any person with whom the school district terminated negotiations.

R7-2-1111. Alternative Procedure for Design-build or Job-order-contracting Construction Services

A. As an alternative to R7-2-1110(D), the school district may award a single contract for design-build construction services or a single or multiple contracts for similar job-order-contracting construction services pursuant to this Section.

B. The school district shall use the selection committee appointed for the request for qualifications pursuant to R7-2-1107.

C. The school district shall issue a request for proposals to the persons on the final list developed pursuant to R7-2-1110(A) through (C). The request for proposals shall be issued at least 14 days before the due date and time for receipt of proposals unless a shorter time is determined necessary by the school district.

D. The request for proposals shall include the following:

1. A statement that the procurement is for a single contract or, for similar job-order-contracting construction services only, for multiple contracts.

2. If the procurement is for multiple contracts for similar job-order-contracting construction services, the notice shall specify that multiple contracts will be awarded, shall specify the number of contracts that will be awarded, shall specify the number of offerors to whom contracts will be awarded which shall be the number of contacts in the procurement, and shall describe the job-order-contracting services to be performed under each contract.

3. Instructions and information to persons concerning the proposal submission requirements, including the due date and time for receipt of proposals, the address of the office at which proposals are to be received, the proposal acceptance period, and any other special information.

4. The school district’s project schedule and project final budget for design and construction or life cycle budget for a procurement that includes maintenance services or operations services.

5. If a single contract will be awarded, a statement that the contract will be awarded to the person whose proposal receives the highest number of points under a scoring method. If multiple contracts for similar job-order-contracting services will be awarded, a statement that the multiple contracts will be awarded to a specified number of offerors whose proposals receive the highest number.
The factors in the scoring method described in the request for proposals may include:

1. For design-build construction services only, demonstrated compliance with the design requirements.
2. Offeror qualifications.
3. Offeror financial capacity.
4. Compliance with the school district’s project schedule.
5. For design-build construction services only, if the request for proposals specifies that the school district will spend its project budget and not more than its project budget for procurements that include maintenance services, operations services or finance services.
6. An offeror quality management plan.
7. Other evaluation factors that demonstrate competence and qualifications for the type of construction services in the request for proposals as determined by the school district, if any.
8. After completion of any discussions pursuant to subsection (F) or if no discussions are held, each offeror shall submit separately a technical proposal before opening, evaluating, and scoring the technical proposal.
9. The technical proposal shall be opened, evaluated, and scored by the selection committee. In conducting any discussions with all offerors that submit preliminary technical proposals, the selection committee shall separately evaluate and score the entire proposals using the scoring method in the request for proposals. No other factors or criteria may be used in evaluation and scoring.
10. Before opening any price proposal, the selection committee shall open and evaluate the final technical proposals and score the final technical proposals using the scoring method in the request for proposals. No other factors or criteria may be used in evaluation and scoring.
11. The school district shall award the contract to the responsive and responsible offeror whose proposal receives the highest score under the method of scoring in the request for proposals. No other factors or criteria may be used in evaluation and award.

14. For design-build construction services only, the school district shall award a stipulated fee equal to a percentage of the school district’s project final budget for design and construction, as prescribed in the request for proposals, but not less than two-tenths of one percent of the project final budget for design and construction to each final list offeror who provides a responsive, but unsuccessful, proposal. If the school district does not award a contract, all responsive final list offerors shall receive the stipulated fee based on the school district’s project final budget for design and construction as included in the request for proposals. The school district shall pay the stipulated fee to each offeror within 90 days after the award of the initial contract or the decision not to award a contract. In consideration for paying the stipulated fee, the school district may use any ideas or information contained in the proposals in connection with any contract awarded for the project, or in connection with a subsequent procurement, without any obligation to pay any additional compensation to the offerors. Notwithstanding the other provisions of this subsection, an offeror may elect to
waive the stipulated fee. If an offeror elects to waive the stipulated fee, the school district may not use ideas and information contained in the offeror’s proposal, except that this restriction does not prevent the school district from using any idea or information if the idea or information is also included in a proposal of an offeror that accepts the stipulated fee.

N. The procurement file shall contain the basis on which the award is made, including at a minimum the information and documents required under R7-2-1115.

R7-2-1112. Contractor Licenses, Contract and Performance Requirements

A. Notwithstanding any other rule:

1. The contractor for design-build or job-order-contracting construction services is not required to be registered to perform design services pursuant to A.R.S. Title 32, Chapter 1 if the person actually performing the design services on behalf of the contractor is appropriately registered.

2. The contractor for construction-manager-at-risk, design-build or job-order-contracting construction services shall be licensed to perform construction pursuant to A.R.S. Title 32, Chapter 10.

3. The school district shall obtain and maintain a record of proof in the procurement file that a construction or construction services provider that has been awarded a contract with the school district, or through a cooperative purchasing agreement, has a license in good standing to perform construction work pursuant to A.R.S. Title 32, Chapter 10. The license shall be active on the day the contract is awarded. This subsection does not require licensure for professions that are not licensed pursuant to A.R.S. Title 32, Chapter 10.

B. In a procurement for construction-manager-at-risk construction services or design-build construction services, except for design-build contracts awarded pursuant to R7-2-1111, the school district shall enter into a written contract with the contractor for preconstruction services under which the school district shall pay the contractor a fee for preconstruction services in an amount agreed by the school district and the contractor, and the school district shall not request or obtain a fixed price or a guaranteed maximum price for the construction from the contractor or enter into a construction contract with the contractor until after the school district has entered into the written contract for preconstruction services and a preconstruction services fee.

C. Construction shall not commence under a construction service contract until the school district and contractor agree in writing on either a fixed price that the school district will pay or a guaranteed maximum price for the construction to be commenced. The construction to be commenced may be the entire project or may be one or more phased parts of the project.

D. For negotiated construction-manager-at-risk and design-build contracts, preconstruction services, general conditions, schedules, construction contingency, and construction fees shall be part of the contract. For design-build contracts awarded pursuant to a request for proposals, the fees shall be included in the vendor’s proposal and shall become part of the awarded contract.

E. For job-order-contracting construction services only:

1. The maximum dollar amount of an individual job order for job-order-contracting construction services shall be one million dollars or a higher or lower amount prescribed by the governing board in a policy adopted in a public meeting held pursuant to A.R.S. Title 38, Chapter 3, Article 3.1. Requirements shall not be artificially divided or fragmented in order to constitute a job order that satisfies the requirements of this subsection.

2. If the contractor subcontracts or intends to subcontract part or all of the work under a job order and if the job-order-contracting construction services contract includes descriptions of standard individual tasks, standard unit prices for standard individual tasks and pricing of job orders based on the number of units of standard individual tasks in the job order:

   a. The contractor has a duty to deliver promptly to each subcontractor invited to bid a coefficient to the contractor to do all or part of the work under one or more job orders a copy of the descriptions of all standard individual tasks on which the subcontractor is invited to bid and a copy of the standard unit prices for the individual tasks on which the subcontractor is invited to bid.

   b. If not previously delivered to the subcontractor, the contractor has a duty to promptly deliver to each subcontractor invited to or that has agreed to do any of the work included in any job order a copy of the description of each standard individual task that is included in the job order and that the subcontractor is invited to perform, the number of units of each standard individual task that is included in the job order and that the subcontractor is invited to perform, and the standard unit price for each standard individual task that is included in the job order and that the subcontractor is invited to perform.

F. For all construction services contracts, the contractor performing the construction services is permitted to self-perform part of the construction work, if and to the extent agreed in writing by the school district and the contractor. The school district may use methods other than competitive bidding to assure itself that the price the school district pays to the contractor for self-performed work is fair and reasonable. Permitted methods to evaluate fairness and reasonableness of the price of self-performed work include evaluation of the contractor’s proposed scope of work and price for self-performed work by an estimator who is hired and paid by the school district, who is independent of the contractor and who may be an employee of the school district. Although the school district may elect to so require, nothing in Articles 10 and 11 shall be construed or interpreted to require the school district to require a contractor desiring to self-perform part of the construction work to competitively bid that part of the construction work against other contractors in a bid competition.

G. For all construction services contracts, the following requirements apply to the construction work to be performed by subcontractors and do not apply to construction work that the school district and the contractor agree in writing will be self-performed by the contractor:

1. The person selected to perform the construction services shall select subcontractors based on qualifications alone or on a combination of qualifications and price and shall not select subcontractors based on price alone. A qualifications and price selection may be a single-step selection.
based on a combination of qualifications and price or on a two-step selection. In a two-step selection, the first step shall be based on qualifications alone and the second step may be based on a combination of qualifications and price or on price alone.

2. The school district shall include in each contract:
   a. If the school district included its subcontractor selection plan in the request for qualifications, the school district’s subcontractor selection plan and the procedures to implement the school district’s subcontractor selection plan proposed by the awarded contractor in submitting its qualifications with those modifications to the procedures as the school district and the contractor agree.
   b. If the school district did not include its subcontractor selection plan in the request for qualifications, the subcontractor selection plan proposed by the awarded contractor in submitting its qualifications with those modifications as the school district and the contractor agree.

3. In making the selection of subcontractors, the contractor shall use the subcontractor selection plan and any procedures included in its contract.

H. The school district shall include in each contract for construction services the full street or physical address of each separate location at which the construction will be performed and a requirement that the contractor and each subcontractor at any level include in each of its subcontracts the same address information. The contractor and each subcontractor at any level shall include in each subcontract the full street or physical address of each separate location at which construction work will be performed.

No other factors or criteria may be used in the evaluation, determinations and other actions.

4. If the school district enters into the number of contracts specified in the request for qualifications, the procurement ends. After that time the school district may not use the procurement or any final list in the procurement as the basis for entering into a contract with any other person that participated in the procurement.

5. Notwithstanding any other provision specifying the number of persons to be interviewed, the number of persons to be on a final list, or any other numerical specification in this Section or R7-2-1121:

The request for qualifications also shall state whether the school district will select the persons on the final list and their order on the final list solely through the results of the interview process or through the combined results of both the interview process and the evaluation of statements of qualifications and performance data submitted in response to the request for qualifications.

R7-2-1121. Committee Evaluation and Selection
A. If interviews are specified in the request for qualifications:

2. If the selection criteria and relative weights to be used by

3. The selection committee shall conduct interviews with

B. Based solely on the selection criteria and relative weights for
selection of the persons on the final list or final lists and their

The school district shall then undertake negotiations for a contract with the next most qualified person on the final list with whom the school district is not then negotiating and with whom the school district has not previously negotiated in sequence until an agreement is reached for some or all of the multiple contracts included in the request for qualifications or a determination is made to reject all persons on the final list.

The school district shall then undertake negotiations for a contract with the next most qualified person on the applicable final list with whom the school district is not then negotiating and with whom the school district has not previously negotiated in sequence until an agreement is reached for some or all of the multiple contracts included in the request for qualifications or a determination is made to reject all persons on the final list.

B. Scope. A rehearing may be granted to all or any of the parties and on all or part of the issues in the proceeding for any of the reasons for which rehearings are authorized by law or rule of court. On a motion for a rehearing, the hearing officer may open the decision, take additional testimony, amend findings of fact and conclusions of law or make new findings and conclusions, and direct the entry of a new decision.
C. Contents of motion; amendment; rulings reviewable.
   1. The motion for rehearing shall be in writing, shall specify generally the grounds upon which the motion is based, and may be amended at any time before it is ruled upon by the hearing officer.
   2. Upon the general ground that the hearing officer erred in admitting or rejecting evidence, the hearing officer shall review all rulings during the hearing upon objections to evidence.

The hearing officer may permit reply affidavits.
F. On initiative of hearing officer. Not later than 15 days after the date of the decision, the hearing officer may order a rehearing for any reason for which it might have granted a rehearing on motion of a party. In either case, the hearing officer shall specify in the order the grounds therefor.
G. Questions to be considered in rehearing. A rehearing, if granted, shall be only a rehearing of the question or questions with respect to which the decision is found erroneous, if separable. H. Motion on ground of excessive or inadequate damages. When a motion for rehearing is made upon the ground that the damages or penalties awarded are either excessive or insufficient, the hearing officer may grant the rehearing conditionally upon the filing within a fixed period of time, not to exceed 15 days, of a statement by the party adversely affected by reduction or increase of damages or penalties accepting that amount of damages or penalties which the hearing officer shall designate. If such a statement is filed with the prescribed time, the motion for rehearing shall be regarded as denied as of the date of such filing. If no statement is filed, the motion for rehearing shall be regarded as granted as of the date of the expiration of the time period within which a statement may have been filed. No further written order shall be required to make an order granting or denying the rehearing final. If the conditional order of the hearing officer requires a reduction of or increase in damages or penalties, then the rehearing will be granted in respect of the damages or penalties only and the decision shall stand in all other respects.
I. Number of motions for rehearing. Not more than two motions for rehearing shall be granted to any party in the same action.
