PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the Administrative Code. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES
The definition for a rule is provided for under A.R.S. § 41-1001. “Rule” means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE
The Arizona Administrative Code is where the official rules of the state of Arizona are published. The Code is the official codification of rules that govern state agencies, boards, and commissions.

The Code is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the Code. Supplement release dates are printed on the footers of each chapter.
First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31
For example, the first supplement for the first quarter of 2018 is cited as Supp. 18-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS
The Office began to authenticate chapters of the Administrative Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each Code chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the Code includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE
Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the Arizona Administrative Register for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES
The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES
Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA
It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the Register online at www.azsos.gov/rules, click on the Administrative Register link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR
At one time the Office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE
This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

R7-2-302 Minimum Course of Study and Competency Requirements for Graduation from High School

The Board prescribes the minimum course of study and competency requirements as outlined in subsections (1) through (5) and, beginning with the graduating class of 2017, receipt of a passing score of sixty correct answers out of one hundred questions on a civics test identical to the civics portion of the naturalization test used by the United States Citizenship and Immigration Services as prescribed in A.R.S. § 15-701.01(A)(2).

1. Subject area course requirements. The Board establishes 22 credits as the minimum number of credits necessary for high school graduation. Students shall obtain credits for required subject areas as specified in subsections (1)(a) through (e) based on completion of subject area course requirements or competency requirements. At the discretion of the local school district governing board or charter school, credits may be awarded for completion of elective subjects specified in subsection (1)(f) based on completion of subject area course requirements or competency requirements. The awarding of a credit toward the completion of high school graduation requirements shall be based on successful completion of the subject area requirements prescribed by the State Board and local school district governing board or charter school as follows:

a. Four credits of English or English as a Second Language, which shall include but not be limited to the following: reading American and other world literature, reading informational text, writing, research methods, speaking and listening skills, grammar, and vocabulary.

b. Three credits in social studies to minimally include the following:
   i. One credit of American history, including Arizona history;
   ii. One credit of world history/geography;
   iii. One-half credit of American government, including civics and Arizona government; and
   iv. One-half credit in economics.

c. Four credits of mathematics to minimally include:
   i. Three credits containing course content in preparation for proficiency at the high school level on the statewide assessment and aligned to the Arizona Mathematics Standards for Algebra I, Geometry, and Algebra II. These three credits shall be taken beginning with the ninth grade unless a student meets these requirements prior to the ninth grade pursuant to subsection (1)(c)(iii). The requirement for the third credit covering Algebra II, may be met by, but is not limited to the following: a math course comparable to Algebra II course content; computer science, career and technical education and vocational education, economics, science and arts courses as determined by the local school district governing board or charter school.
   ii. A fourth credit that includes significant mathematics content as determined by the local school district governing board or charter school.
   iii. Courses successfully completed prior to the ninth grade that meet the high school mathematics credit requirements may be applied toward satisfying those requirements.
   iv. The mathematics requirements may be modified for students using a Personal Curriculum pursuant to R7-2-302.03.

d. Three credits of science in preparation for proficiency at the high school level on the statewide assessment.

e. One credit of the Arts or career and technical education and vocational education.

g. A credit or partial credit may apply toward more than one subject area but shall count only as one credit or partial credit toward satisfying the 22 required credits.

2. Credits earned through correspondence courses to meet graduation requirements shall be taken from an accredited institution as defined in R7-2-601. Credits earned thereby shall be limited to four, and only one credit may be earned in each of the following subject areas:
   a. English as described in subsection (1)(a) of this Section,
   b. Social Studies,
   c. Mathematics, and
   d. Science.
3. Online and distance education courses may be offered by the local governing board or charter school if the course is provided through an Arizona Online Instruction Program established pursuant to A.R.S. § 15-808.

4. Local school district governing boards or charter schools may grant credit toward the completion of the Board English, mathematics, science, and economics credit requirements for graduation, subject to the following restrictions:
   a. The Board has approved the career and technical education and vocational education program for equivalent credit to be used toward the Board English, mathematics, science, and economics credit requirements for graduation.
   b. A credit or partial credit may apply toward more than one subject area but shall count only as one credit or partial credit toward satisfying the 22 required credits.
   c. A student who satisfies any part of the Board English, mathematics, science, and economics requirements through the completion of a career and technical education and vocational education program shall still be required to earn 22 total credits to meet the graduation requirements prescribed in this Section.

5. Competency requirements.
   a. The awarding of a credit toward the completion of high school graduation requirements shall be based on the requirements outlined in A.R.S. § 15-701.01 and the successful completion of State Board-adopted academic standards for subject areas listed in subsections (1)(a) through (1)(e) and the successful completion of the competency requirements for the elective subjects specified in subsection (1)(f). Competency requirements for elective subjects as specified in subsection (1)(f) shall be the academic standards adopted by the State Board. If there are no adopted academic standards for an elective subject, the local school district governing board or charter school shall be responsible for developing and adopting competency requirements for the successful completion of the elective subject. The school district governing board or charter school shall be responsible for developing and adopting the method and manner in which to administer a test that is identical to the civics portion of the naturalization test used by the United States Citizenship and Immigration Services, and a pupil who does not obtain a passing score on the test may retake the test until the pupil obtains a passing score.
   b. The determination and verification of student accomplishment and performance shall be the responsibility of the subject area teacher.
   c. Upon request of the student, the local school district governing board or charter school shall provide the opportunity for the student to demonstrate competency in the subject areas listed in subsections (1)(a) through (1)(f) of this Section above in lieu of classroom time. In appropriate courses, a school district governing board or charter school shall include as a mechanism to demonstrate competency a score determined by the State Board as college and career ready on the appropriate assessment adopted by the State Board pursuant to A.R.S. §§ 15-741.

6. The local school district governing board or charter school shall be responsible for developing a course of study and graduation requirements for all students placed in special education programs in accordance with A.R.S. Title 15, Chapter 7, Article 4 and A.A.C. R7-2-401 et seq. Students placed in special education classes, grades 9-12, are eligible to receive a high school diploma upon completion of graduation requirements.

R7-2-302.03. Personal Curriculum

A. Definitions.

1. “Personal Curriculum” means a documented process that may be used to modify the high school graduation requirements for mathematics delineated in R7-2-302.02(1)(c). A student may use a personal curriculum to modify the Algebra II requirement delineated in R7-2-302.02(1)(c)(ii) and reduce the credit requirements for mathematics from four to three credits. A student who successfully completes the student’s personal curriculum meets the requirements for high school graduation.

2. “Development Team” means a team that develops a personal curriculum for a student and consists of the student, the parent or legal guardian of the student, and a school counselor or principal or their designee. A school principal may add additional members to the development team as the principal deems appropriate.

B. A student is eligible for a personal curriculum if the student meets the following criteria:

1. The student has successfully completed the mathematics requirements delineated in R7-2-302.02(1)(c)(i); and

2. Despite the student’s successful completion of the mathematics requirements delineated in R7-2-302.02(1)(c)(i), the development team determines that the student demonstrates a need to modify the requirement delineated in R7-2-302.02(1)(c)(ii) for Algebra II or its equivalent course content.

C. The requirements for a personal curriculum are as follows:

1. An eligible student may only modify the mathematics requirement delineated in R7-2-302.02(1)(c)(ii) for Algebra II or its equivalent course content;

2. In lieu of successfully completing Algebra II or its equivalent course content, an eligible student shall successfully complete at least one credit in mathematics that shall include significant mathematics content as determined by the local school district governing board or charter school; and

3. An eligible student shall successfully complete a course in mathematics in the student’s senior year.

D. The procedures for developing and implementing a personal curriculum are as follows:

1. The parent or legal guardian of a student, an emancipated student, or a student with permission from the student’s parent or legal guardian may request a personal curriculum for a student and consists of the student, the parent or legal guardian of the student, and a school counselor or principal or their designee. A school principal may add additional members to the development team as the principal deems appropriate.

2. Upon receipt of a request for a personal curriculum made pursuant to subsection (D)(1), the local school district or charter school shall verify that the student successfully completed the mathematics requirements delineated in R7-2-302.02(1)(c)(i) and, upon verification, shall convene a development team.

3. The development team shall:
   a. Verify that the student demonstrates a need to modify the requirement delineated in R7-2-302.02(1)(c)(ii) for Algebra II or its equivalent course content,
   b. Identify an appropriate alternative mathematics course or courses to modify the requirement for Algebra II or its equivalent course content,
   c. Develop a written personal curriculum plan that includes the alternative mathematics course or courses identified in subsection (D)(3)(b) and a plan for monitoring student progress toward successfully completing the alternative mathematics course or courses. In developing the personal curriculum plan the development team shall consider how the proposed modifications maintain the integrity of the high school diploma and enable the student to achieve the student’s post-secondary education and career goals.

4. The development team may modify the personal curriculum plan based upon the development team’s evaluation of the student’s progress.

E. The Superintendent of Public Instruction shall monitor a school district or charter school if there is reason to believe that the school district or charter school is allowing modifications inconsistent with the requirements delineated in this Section.

2. ELLs shall be provided daily instruction in subject areas required under the minimum course of study adopted by the Board pursuant to R7-2-301 and R7-2-302 that is understandable and appropriate to the level of academic achievement of the ELL and is in conformity with accepted strategies for teaching ELLs. This subsection does not require an LEA to provide daily instruction in every subject area required pursuant to R7-2-301 and R7-2-302 if those subject areas are not provided daily to English proficient students.

3. The curriculum of all English language learner programs shall incorporate the Academic Standards adopted by the Board and shall be comparable in amount, scope and quality to that provided to English language proficient students.

4. ELLs who are not progressing toward achieving proficiency of the Arizona Academic Standards adopted by the Board, as evidenced by the failure to improve scores on the AIMS test or the nationally standardized norm-referenced achievement test adopted pursuant to A.R.S. § 15-741, shall be provided compensatory instruction to assist them in achieving those Arizona Academic Standards.    1. The purpose of reassessment is to determine if an ELL has developed the English language skills necessary to succeed in the English language curricula.
   2. An ELL may be reassessed for reclassification at any time, but shall be reassessed for reclassification at least once per year.
   3. ELLs in kindergarten or first grade shall be reassessed with an alternate version of the oral test of English language proficiency used for initial assessment, unless the same test is no longer published or available when a student is to be reassessed. In such case, the school shall select a test from the Board approved tests for reassessment. Students who score at or above the test publisher’s designated score for English language proficiency, or such other score adopted by the Board based on the publisher’s designated score, may be reclassified as FEP. LEAs may also consider other indicators of a student’s overall progress, including teacher evaluation, and subject matter assessments that are aligned with grade level state content and performance standards in deciding whether to reclassify a student who has passed the oral proficiency test.
   4. ELLs in grades 2-12 shall be reassessed with an alternate version of the oral, reading and writing English language proficiency tests used for initial assessment, unless the same test is no longer published or available when a student is to be reassessed. In such case the school shall select a test from the Board approved tests for reassessment. Students who score at or above the test publisher’s designated score for English language proficiency, or such other score adopted by the Board, in all of the tests shall be reclassified as FEP.
   5. LEAs shall notify the parents or legal guardians in writing that their child has been reclassified as FEP when the student meets the criteria for such reclassification.

H. Reassessment of special education students for English language reclassification. If a multidisciplinary evaluation or IEP team finds the procedures prescribed in subsection (G) inappropriate for a particular special education student, the LEA shall employ alternate procedures for reclassifying the student for purposes of English language reclassification. Persons conducting the English language reassessment shall participate with the special education multidisciplinary evaluation or IEP team in the determination of the student’s English language proficiency designation.

I. Evaluation of FEP students after exit from ELL programs.
   1. The LEA shall monitor exited students based on the criteria provided in this Section during each of the two years after being reclassified as FEP to determine whether these students are performing satisfactorily in achieving the Arizona Academic Standards adopted by the Board. Such students will be monitored in reading, writing and mathematics skills and mastery of academic content areas, including science and social studies. The criteria shall be grade-appropriate and uniform throughout the LEA, and upon request, is subject to Board review. Students who are not making satisfactory progress shall, with parent consent, be provided compensatory instruction or shall be re-enrolled in an ELL program. A WICP describing the compensatory instruction provided shall be maintained in the students’ ELL files.
   2. The LEA shall use AIMS test scores to determine progress toward achieving the Arizona Academic Standards in monitoring FEP students after exit from an ELL program unless no score is available. Performing satisfactorily will be measured by whether a student meets or exceeds the state standards in reading, writing, and mathematics as measured by AIMS.

J. Monitoring of ELL programs.
   1. Each year the Department shall monitor at least 32 LEAs, as follows:
      a. At least 12 of the 50 LEAs with the highest ELL enrollment;
      b. At least 10 LEAs with ELLs that are not included in the 50 described above;
      c. At least 10 LEAs that have reported that they have 25 or fewer ELL students in their schools; and
      d. Other LEAs upon receipt of a documented written complaint from any Arizona resident, the U.S. Department of Education, or the U.S. Office for Civil Rights, alleging that the LEA is not complying with state or federal law regarding ELLs.
   2. All of the 50 LEAs in subsection (J)(1)(a) shall be monitored by the Department at least once every four years.
   3. The monitoring shall be on-site monitoring and shall include classroom observations, curriculum reviews, faculty interviews, student records reviews, and review of ELL programs. The Department may use personnel from other schools to assist in the monitoring.
   4. The Department shall issue a report on the results of its monitoring within 45 days after completing the monitoring. If the Department determines that an LEA is not complying with state or federal laws applicable to ELL students, the LEA shall prepare and submit to the Department, within 60 days of the Department’s determination, a corrective action plan that sets forth steps that the LEA will take to correct the deficiencies noted in the report.
   5. The Department shall review and return such corrective action plan to the LEA within 30 days, noting any required changes. No later than 30 days after receiving its corrective action plan back from the Department, the LEA shall begin implementing the measures set forth in the plan, including any revisions required by the Department.
   6. The Department shall conduct a follow-up evaluation of the LEA within one year after returning the corrective action plan to the LEA.
   7. If the Department finds continued non-compliance during the follow-up evaluation, the LEA shall be referred to the Board for a determination of non-compliance. If the Board determines the LEA to be out of compliance with state or federal laws applicable to ELL students, it may take one or more of the following actions:
a. Temporarily withhold cash payments of federal ELL grant monies;
b. Disallow (that is deny both use of funds and matching credit for) all or part of the cost of the activity or action not in compliance;
c. Wholly or partly suspend or terminate the current award of federal ELL grant monies;
d. Withhold further awards of federal ELL grant monies for the program.
8. The Department shall monitor all LEAs that the Board has determined to be non-compliant and which have had federal ELL grant monies withheld or terminated to ensure that such LEAs do not reduce the amount of funds spent on their ELL programs as a result of its loss of funds.

In such instances, the Multidisciplinary Evaluation Team shall be responsible for reviewing and approving or supplementing an evaluation to meet the requirements identified in subsections (E)(1) through (7).

In the event a Braille transcription is made, the central repository has the right to share the Braille copy of the printed instructional material with other eligible students with disabilities. The PEA will be required to return the specialized format version of the instructional material to the central repository when the student no longer needs the instructional material. A. Definitions:

1. “Educational Interpreter.” For the purposes of this Section, “educational interpreter” means a person trained to translate in sign language for students identified to require such services through an Individualized Education Program (IEP) or a 504 accommodation plan in order to access academic instruction. This does not in any way restrict the provisions of R7-2-401(B)(14) which defines “interpreter” and provides that each student’s IEP team determines the level of interpreter skill necessary for the provision of FAPE, nor does it restrict a school district’s ability to develop a job description for someone in a position of “educational interpreter” that requires additional job responsibilities.
2. “Accommodation plan developed to comply with Section 504 of the Rehabilitation Act of 1973, 29 USC 794, et seq. (‘504 accommodation plan’). For the purposes of this Section, ‘504 accommodation plan’ means a plan developed for the purpose of specifying accommodations and/or services that will be implemented by classroom teachers and other school personnel so that students will benefit from their educational program.

B. Educational Interpreters for the Hearing Impaired.

      iii. Hold a valid certificate from the National Association of the Deaf (NAD) at level 3 or higher.

2. If a public education agency (PEA) is unable to find an individual meeting the above qualifications, the PEA may hire an individual with lesser qualifications, but the PEA is required to provide a professional development plan for the individual they employ to provide educational interpreting services. This professional development plan must include the following:
   a. Proof of at least 24 hours of training in interpreting each year that a valid certification is not held or EIPA passing score is not attained, and
   b. Documentation of a plan for the individual to meet the required qualifications within three years of employment. If the qualifications are not attained within three years, but progress toward attainment is demonstrated, the plan shall be modified to include an intensive program for up to one year to meet the provisions of subsection (B)(1).

3. An individual employed under the provisions of subsection (B)(2) must also have the following:
   a. A valid fingerprint clearance card, and
   b. A high school diploma or GED.

C. Compliance with these rules will be reviewed at the same time as a PEA is monitored for compliance with the requirements of the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. § 1400, et seq.

A. Procedures governing noncompliance with laws and rules by school districts.

1. Scope. Except as may be otherwise directed by federal or state statute or by rules adopted by the State Board of Education, this rule shall govern the procedure for determining noncompliance by school districts with laws and rules concerning school districts, the enforcement of which is the statutory responsibility of the State Board of Education or the Department of Education.

The Department shall recommend one of the following courses of action to be taken by the Board:
         (1) A formal hearing should be scheduled before noncompliance is probable and achieving voluntary compliance within a reasonable period of time under the circumstances is unlikely; or
         (2) A formal hearing should not be scheduled at this time because, although noncompliance is probable, achieving voluntary compliance within a reasonable period of time is likely; or
         (3) A formal hearing should not be scheduled because the school district is in compliance with the law or rule in question.
      ii. Any written response of the school district to the preliminary notice of noncompliance shall accompany the written recommendation of the Department of Education.
   b. Within 30 days of receipt of the recommendation of the Department of Education, the State Board of Education shall either:

e. When the Board decides to postpone scheduling a formal hearing, the Board shall specify the extent of the postponement and the Department of Education shall report periodically, at least every 30 days, unless otherwise directed, with respect to progress by the school district toward compliance with the law or rule in question. At the end of the postponement period, the Board shall again make a determination whether to schedule a hearing, further postpone the determination, or dismiss the matter.

The school district shall designate a time-frame within which the bidder shall either:

  - **D.** After bid opening and before award, the school district shall either waive minor informalities in a bid or allow the bidder to correct them if correction is advantageous to the school district.
  - **E.** After bid opening and before award, the bid may not be withdrawn and shall be corrected to the intended bid if a bid mistake and the intended bid are evident on the face of the bid.
  - **F.** After bid opening and before award, the school district may permit a bidder to withdraw a bid if:
    1. A nonjudgmental mistake is evident on the face of the bid but the intended bid is not evident; or

   3. Deny correction or withdrawal.

K. After cancellation of all or part of an award in accordance with subsection (J)(2), if the bid acceptance period has not expired, the school district may award all or part of the contract to the next lowest responsible and responsive bidder, based on the considerations of fair competition and the best interest of the school district.

R7-2-1031. Bid Evaluation and Award

A. As provided in subsection (C), the contract or contracts shall be awarded to the lowest responsible and responsive bidder or bidders whose bid or bids conform in all material respects to the requirements and evaluation criteria set forth in the invitation for bids. No criteria may be used in bid evaluation that are not set forth in the invitation for bids. The amount of any applicable transaction privilege or use tax of a political subdivision of this state is not a factor in determining the lowest bidder.

B. A product acceptability evaluation shall be conducted solely to determine whether a bidder’s product is acceptable as set forth in the invitation for bids and not whether one bidder’s product is superior to another bidder’s product. Any bidder’s offering that does not meet the acceptability requirements shall be rejected as nonresponsive.

C. The school district shall award the contract to the single lowest responsible and responsive bidder for all materials or services, except that the school district may make a multiple award if the invitation for bids included notification that multiple contracts may be awarded, the school district’s basis for determining whether to award multiple contracts, and the criteria for selecting vendors for the multiple contracts.

D. Before making a multiple award, the school district shall determine in writing that a multiple award is necessary and is advantageous to the school district and shall establish procedures for the use of the multiple awarded contracts to ensure that purchases are made from the contracts determined by the school district to offer the lowest cost in satisfying the school district’s requirements. A multiple award shall be limited to the least number of suppliers the school district determines in writing to be necessary to meet the school district’s requirements, and may include the following types of awards:
   1. Awards to the lowest responsible and responsive bidder for individual line items or groups of line items.
   2. Awards to the lowest responsible and responsive bidders for similar or identical line items or groups of line items only if the school district determines in writing that such awards are necessary to obtain the required quantity or delivery, and the awards are limited to the least number of bidders necessary to meet the school district’s requirements.
   3. An incremental award only if the school district determines in writing that such an award is necessary to obtain the required quantity or delivery. The award shall be made to the lowest responsible and responsive bidder, then the next lowest responsible and responsive bidder or bidders until the total definite quantity required is awarded.
   4. A regional award to the lowest responsible and responsive bidder in designated regions or locations only if the school district determines in writing that such an award is necessary to obtain the required quantity or delivery over widely scattered locations or a particular requirement is of a local nature.

E. The procurement file shall contain the basis on which the award or awards are made.

F. The school district shall not modify evaluation criteria after the bid due date and time.

G. A school district may appoint an evaluation committee to assist in the evaluation of bids. If bids are evaluated by an evaluation committee, the evaluation committee shall prepare an evaluation report for the school district. The school district may:
   1. Accept the findings of the evaluation committee;
   2. Request additional information from the evaluation committee; or
   3. Reject the findings of the evaluation committee, in which case the school district shall appoint a new evaluation committee to evaluate the existing bids or cancel the solicitation.

H. The school district may contact a bidder to confirm the school district’s understanding of the bid. Such contact shall be prior to award. The school district shall obtain written confirmation from the bidder and shall retain the confirmation in the procurement file.

I. The contract or contracts shall be awarded during the bid acceptance period. If the bid acceptance period expires prior to award of the contract or contracts, the procurement shall be canceled, unless the bid acceptance period is extended in accordance with subsection (J).

J. To extend the bid acceptance period, a school district shall notify all bidders in writing of an extension and request written concurrence from each bidder. To be eligible for a contract award, a bidder shall submit a written concurrence to the extension. The school district shall reject a bid as nonresponsive if written concurrence is not provided as requested.

K. A contract may not be awarded to a bidder submitting a higher quality item than that designated in the invitation for bids unless the bidder is also the lowest bidder as determined under subsection (A). This Section does not permit negotiations with any bidder, except as provided in subsection (L).

L. If all bids for a construction project exceed available monies as certified by the school district, and the lowest responsive bid from a responsible bidder does not exceed such monies by more than five percent, the school district may in situations in which time or economic considerations preclude resolicitation of work of a reduced scope, negotiate an adjustment of the bid price, including changes in the bid requirements, with the lowest responsible and responsive bidder, to bring the bid within the amount of available monies.
M. If there are two or more low responsive bids from responsible bidders that are identical in price and that meet all the requirements and criteria set forth in the invitation for bids, award shall be made by drawing lots in the presence of one or more witnesses.

N. A record showing the basis for determining the successful bidder shall be retained in the procurement file.

O. The school district shall notify all bidders of an award.

P. After a contract is awarded, the school district shall return any bid security provided by unsuccessful bidders.

Q. Upon execution of the contract, if performance and payment bonds were not required, or upon receipt of the specified bonds, if performance and payment bonds were required, the school district shall return any bid security provided by the successful bidder.

R. Within 10 days after a contract is awarded, the school district shall make the procurement file, including all bids, available for public inspection.

1. If the procurement file contains information that is confidential under R7-2-1006, a copy of the applicable documents with the confidential information redacted shall be placed in the procurement file for the purpose of public inspection.

2. The unredacted original copy of the confidential information shall be placed in a sealed envelope or other appropriate container, identified as confidential information, and maintained in the procurement file.

R7-2-1032. Only One Bid Received
If only one responsive bid is received in response to an invitation for bids, an award may be made to the single bidder if the school district determines in writing that the bidder is responsible, that the price submitted is fair and reasonable, and that either other prospective bidders had reasonable opportunity to respond, or there is not adequate time for resolicitation. Otherwise the bid may be rejected in whole or in part as may be specified in the invitation for bids if it is advantageous to the school district. The reasons for cancellation or rejection shall be made part of the procurement file and:

1. New bids may be solicited;

2. The proposed procurement may be canceled; or

3. If the school district determines that the need for the material or service continues and the acceptance of the one bid is not advantageous to the school district, the procurement may then be conducted as follows:
   a. The school district may follow the sole source procurement procedure if R7-2-1053 applies.
   b. Notwithstanding any other provision of Articles 10 and 11, the school district may make emergency procurements pursuant to R7-2-1055 and R7-2-1056 if an emergency condition exists pursuant to R7-2-1055.

R7-2-1033. Simplified School Construction Procurement Program
A. The simplified school construction procurement program is applicable to construction projects which do not exceed the maximum amount specified in A.R.S. § 15-213(A)(2).

B. To participate in the simplified school construction procurement program:

1. Each county school superintendent shall maintain a prospective bidders list of persons who desire to receive solicitations to bid on school district construction projects within that county. The prospective bidders list shall be maintained in accordance with R7-2-1023;

2. The prospective bidders list maintained pursuant to subsection (B)(1) shall be available for public inspection;

3. A performance bond and a payment bond, as required by A.R.S. § 34-222, shall be provided for construction contracts;

4. All bids for construction shall be opened at a public opening and the bids shall remain confidential until the public opening;

5. All persons desiring to submit bids shall be treated equitably and the information related to each project shall be available to all eligible persons; and

6. Competition for construction projects under the simplified school construction procurement program shall be encouraged to the maximum extent possible. School districts shall submit information on each project to all persons listed on the prospective bidders list maintained by the county school superintendent pursuant to subsection (B)(1).

If a pre-technical offer conference is conducted, it shall be not less than seven days before the technical offer due date and time, unless the school district makes a written determination that the specific needs of the procurement justify a shorter time. Statements made during the pre-technical offer conference shall not be considered modifications to the invitation to submit technical offers.

D. The invitation to submit technical offers may be amended before or after the submission of the unpriced technical offers. Amendments to an invitation to submit technical offers shall be so identified and the school district shall ensure that the amendments are distributed or made available to all persons to whom the original invitation to submit technical offers was distributed or made available. The school district shall make a copy of the amendments to an invitation to submit technical offers available for public inspection at the school district office. If the school district posted the invitation to submit technical offers, a notice of the availability of the invitation to submit technical offers on a designated site on the Internet, then the school district shall post any amendments to the invitation to submit technical offers on the same designated site on the Internet. 2. Amendments shall be issued within a reasonable time before technical offer opening to allow persons to consider them in preparing their technical offers. If the school district determines that the technical offer due date and time does not permit sufficient time for technical offer preparation, the technical offer due date and time shall be extended in the amendment or, if necessary, telephone, facsimile, email, or other communications methods, and confirmed in the amendment.

E. Unpriced technical offers shall not be opened publicly, but shall be opened in the presence of two or more district officials designated by the school district. The contents of unpriced technical offers shall not be disclosed to unauthorized persons. Late technical offers shall not be considered except under the circumstances set forth in R7-2-1028(B).

F. Unpriced technical offers shall be evaluated solely in accordance with the criteria set forth in the invitation to submit technical offers and shall be determined to be either acceptable for further consideration or unacceptable. A determination that an unpriced technical offer is unacceptable shall be in writing, state the basis for the determination and be retained in the procurement file. If the school district determines a person’s unpriced technical offer is unacceptable, the school district shall notify that person of the determination and that the person shall not be afforded an opportunity to amend the technical offer.

G. The school district may conduct discussions with any person who submits an acceptable or potentially acceptable technical offer. During discussions, the school district shall not disclose any information derived from any unpriced technical offer to any other person. The baseline shall be established before the installation or implementation of energy cost savings measures.

E. One or more school districts may enter into a financing agreement with a qualified provider or a financial institution, trustee or paying agent for the purchase and installation or implementation of energy cost savings measures. 3. A requirement that all payments, except obligations on termination of the contract before its expiration, be made pursuant to the terms of the financing agreement.

4. A written guarantee from the qualified provider that the energy savings will meet or exceed the costs of the energy cost savings measures over the expected life of the energy cost savings measures implemented (according to the manufacturer’s equipment standards), the term of the financial agreement or twenty-five years, whichever is shortest. The school district shall ensure that the contractor:
   a. For the term of the guaranteed energy savings contract, prepares a measurement and verification report on an annual basis in addition to an annual reconciliation of savings.
   b. Reimburses the school district for any shortfall of guaranteed energy cost savings on an annual basis.
   c. Uses the international performance and measurement and verification protocol standards or the federal energy management program standards to validate the savings guarantee.

R7-2-1079. Cost or Pricing Data

A. The submission of current cost or pricing data may be required in connection with an award in situations in which analysis of the proposed price is essential to determine that the price is fair and reasonable. A contractor shall, except as provided in sub-
section (C), submit current cost or pricing data and shall certify that, to the best of the contractor’s knowledge and belief, the cost or pricing data submitted is accurate, complete and current as of a mutually determined specified date before the date of either:

1. The pricing of any contract awarded by competitive sealed proposals or pursuant to the sole source procurement authority, if the total contract price is expected to exceed $100,000.

2. The pricing of any change order or contract modification which is expected to increase the total contract price which will then exceed $100,000.

B. Any contract, change order or contract modification for which certified cost or pricing data is required shall contain a provision that the price to the school district shall be adjusted to exclude any significant amounts by which the school district finds that the price was increased because the contractor-furnished cost or pricing data was inaccurate, incomplete or not current as of the date agreed on between the parties. Such adjustment by the school district may include profit or fee. The school district may reduce the contract price pursuant to R7-2-1081.

C. The requirements of this Section may be waived if any of the following apply:

1. The contract price is based on adequate price competition.

2. The contract price is based on established catalog prices or market prices.

3. Contract prices are set by law or regulation.

4. It is determined in writing by the school district that the waiver is advantageous to the school district. The determination shall include the reasons why the waiver is advantageous to the school district.

D. When applicable, the solicitation shall include a notice that certified cost or pricing data shall be submitted.

E. In an emergency, cost or pricing data may be submitted at a reasonable time after the contract is awarded.

F. A copy of all determinations by the school district that pertain to the submission of cost or pricing data shall be retained in the procurement file.

C. Any dispute as to the existence of defective cost or pricing data or the amount of an adjustment due to defective cost or pricing data may be appealed as a contract controversy under R7-2-1141 through R7-2-1185. Pending appeal, the adjusted contract price shall remain in effect.

D. If certification of either current cost or pricing data is required, the awarded contract shall include notice of the right of the school district to a reduction in price if certified cost or pricing data are subsequently determined to be defective.

This Section does not require a law enforcement agency conducting an investigation into such practices to convey such notice to the school district.

This subsection shall not be construed to void any provision in the contract that requires notice of delays, provides for arbitration or any other procedure for settlement or provides for liquidated damages.
E. A provision, covenant, clause or understanding in, collateral to or affecting a construction contract that makes the contract subject to the laws of another state or that requires any litigation, arbitration or other dispute resolution proceeding arising from the contract to be conducted in another state is against the public policy of this state and is void and unenforceable.

J. Notwithstanding subsection (F), a contractor who is responsible for the performance of a construction contract or subcontract may fully indemnify a person, firm, corporation, state or other agency for whose account the construction contract or subcontract is not being performed and that, as an accommodation, enters into an agreement with the contractor that permits the contractor to enter on or adjacent to its property to perform the construction contract or subcontract for others.

R7-2-1102. Bid Security
A. Bid security shall be required for all competitive sealed bidding for construction contracts, and for all competitive sealed proposals for design-build construction services or job-order-contracting construction services procured pursuant to R7-2-1111, if the price, excluding the cost of any finance services, maintenance services, operations services, design services, preconstruction services, or other related services included in the contract, is estimated by the school district to exceed the amount established by R7-2-1002(A).

B. Invitations for bid on school district construction contracts and requests for proposals for design-build construction services or job-order-contracting construction services, shall require submission of bid security as follows:
1. For design-bid-build construction services, ten percent of the contractor’s bid.
2. For design-build construction services awarded by competitive sealed proposals pursuant to R7-2-1111, ten percent of the school district’s construction budget for the project as stated in the request for proposals, excluding finance services, maintenance services, operations services, design services, preconstruction services or any other related services included in the contract.
3. For job-order-contracting construction services awarded by competitive sealed proposals pursuant to R7-2-1111, the amount prescribed by the school district in the request for proposals, but not more than ten percent of the school district’s reasonably estimated budget for construction that the school district believes is likely to actually be done during the first year under the contract, excluding any finance services, maintenance services, operations services, design services, preconstruction services or other related services included in the contract.

C. Acceptable bid security shall be limited to:
1. An annual or one-time bid bond executed and furnished as required by A.R.S. Title 34, Chapter 2 or 6, as applicable; or
2. A certified or cashier’s check.

D. The school district may issue a written determination to accept the bid security if the bid security fails to comply in a nonsubstantial manner when:
1. Only one bid or proposal is received and there is not sufficient time to rebid or resolicit proposals;
2. The amount of the bid security submitted, although less than the amount required by the invitation for bids or request for proposals, is equal to or greater than the difference between the apparent low bid or highest scoring proposal and the next higher acceptable bid or next highest scoring proposal; or
3. The bid security is inadequate as a result of modifying or correcting a bid in accordance with R7-2-1027 or R7-2-1030, if the bidder increases the amount of security to required limits within two days after notification.

E. After the bids and proposals are opened, they are irrevocable for the period specified in the invitation for bids or request for proposals, except as provided in R7-2-1030. If a bidder or offeror is permitted to withdraw its bid before award, no action may be had against the bidder or offeror or the bid security.

   a. For job-order-contracting construction services, the performance bond shall cover the full amount of construction under the job-order-contracting construction services contract, shall not include any design services, preconstruction services, finance services, maintenance services, operations services or other related services included in the contract, may be a single bond for the full term of the contract, a separate bond for each year of a multiyear contract or a separate bond for each job order, as determined by the school district, and, if a single bond for the full term of the contract or a separate bond for each year of a multiyear contract, shall initially be based on the school district’s reasonable estimate of the amount of construction that the school district believes is likely to actually be done during the full term of the contract or during the particular year of a multiyear contract, as applicable.
   b. For construction-manager-at-risk construction services and design-build construction services, the amount of the performance bond shall be the price of construction and shall not include the cost of any design services, preconstruction services, finance services, maintenance services, operations services and other related services included in the contract. This bond is solely for the protection of the school district. The conditions and provisions of the performance bond regarding the surety’s obligations shall follow the form required under A.R.S. § 34-222(G) or A.R.S. § 34-610(G), as applicable.
   c. For guaranteed energy cost savings contracts and guaranteed energy production contracts, the amount of the performance bond shall be one hundred per...
C. For design-bid-build construction, the bonds prescribed in subsection (A) shall be provided on and at the same time as execution of the construction contract. For construction-manager-at-risk, design-build and job-order-contracting construction services, the bonds prescribed in subsection (A) shall be provided on and at the same time as execution of the construction contract or the contract modification that commits the contractor to provide construction for a fixed price, guaranteed maximum price or other fixed amount within a designated time frame.

B. For design-bid-build construction, the bonds prescribed in subsection (A) shall be provided on and at the same time as execution of the construction contract.

A. For job-order-contracting construction services, the payment bond shall cover the full amount of construction under the job-order-contracting construction services contract, and shall not include any design services, preconstruction services, finance services, maintenance services, operations services or other related services included in the contract, may be a single bond for the full term of the contract, a separate bond for each year of a multiyear contract or a separate bond for each job order, as determined by the school district, and, if a single bond for the full term of the contract or a separate bond for each year of a multiyear contract, shall initially be based on the school district’s reasonable estimate of the amount of construction that the school district believes is likely to actually be done during the full term of the contract or during the particular year of a multiyear contract, as applicable.

B. If the prime contract or specifications require any persons supplying labor or materials in the prosecution of the work to furnish payment or performance bonds, these bonds shall be executed solely by a surety company or companies holding a single bond for the full term of the contract, a separate bond for each year of a multiyear contract or a separate bond for each job order, as determined by the school district, and, if a single bond for the full term of the contract or a separate bond for each year of a multiyear contract, shall initially be based on the school district’s reasonable estimate of the amount of construction that the school district believes is likely to actually be done during the full term of the contract or during the particular year of a multiyear contract, as applicable.

2. A payment bond that is executed and furnished as required by Arizona Revised Statutes Title 34, Chapter 2, Article 2 or Chapter 6, as applicable, in an amount equal to one hundred percent of the price specified in the contract for the protection of all persons supplying labor or material to the contractor or its subcontractors for the performance of the construction provided for in the contract, except that:

a. For job-order-contracting construction services, the payment bond shall cover the full amount of construction under the job-order-contracting construction services contract, shall not include any design services, preconstruction services, finance services, maintenance services, operations services or other related services included in the contract, may be a single bond for the full term of the contract, a separate bond for each year of a multiyear contract or a separate bond for each job order, as determined by the school district, and, if a single bond for the full term of the contract or a separate bond for each year of a multiyear contract, shall initially be based on the school district’s reasonable estimate of the amount of construction that the school district believes is likely to actually be done during the full term of the contract or during the particular year of a multiyear contract, as applicable.

b. For construction-manager-at-risk construction services and design-build construction services, the amount of the payment bond shall be the price of construction and shall not include the cost of any design services, preconstruction services, finance services, maintenance services, operations services or other related services included in the contract.

The conditions and provisions of the payment bond regarding the surety’s obligations shall follow the form required under A.R.S. § 34-222(F) or A.R.S. § 34-610(F), as applicable.

C. If the prime contract or specifications require any persons supplying labor or materials in the prosecution of the work to furnish payment or performance bonds, these bonds shall be executed solely by a surety company or companies holding a certificate of authority to transact surety business in this state issued by the director of the Department of Insurance pursuant to Arizona Revised Statutes Title 20, Chapter 2, Article 1. Notwithstanding the provisions of any other statute, the bonds shall not be executed by an individual surety or sureties, even if the requirements of A.R.S. § 7-101 are satisfied.

D. If a contractor fails to deliver the required performance bond or payment bond, the contractor’s bid shall be rejected, its bid security shall be enforced, and award of the contract shall be made pursuant to Articles 10 and 11.

E. This Section shall not be construed to limit the authority of the school district to require a performance bond or other security in addition to those bonds or in circumstances other than specified in subsection (A).

F. Any person who furnishes labor or material to the contractor or its subcontractors for the work provided in the contract, in respect of which a payment bond is furnished under this Section, and who has not been paid in full within 90 days from the date on which the last of the labor was performed or material was supplied by the person for whom the claim is made has the right to sue on the payment bond for any amount unpaid at the time the suit is instituted and to prosecute the action for the amount due the person. However, any person who has a contract with a subcontractor of the contractor, but no express or implied contract with the contractor furnishing the payment bond, has a right of action on the payment bond on giving the contractor, only, a written preliminary 20-day notice as provided for in A.R.S. § 33-992.01, subsection(C)(1), (2), (3), and (4) and subsections (D), (E), and (H), and upon giving written notice to the contractor within 90 days from the date on which the last of the labor was performed or material was supplied by the person for whom the claim is made. The person shall state in the notice the amount claimed and the name of the party for whom the labor was performed or to whom the material was supplied. The notice shall be personally served or sent by registered mail, postage prepaid, in an envelope addressed to the contractor at any place the contractor maintains an office or conducts business.

Historical Note
Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.
1. An assignment of time certificates of deposit by financial institutions licensed by this state;
2. Share certificate of a financial institution or credit union authorized to transact business in this state; or
3. Security issued or guaranteed as to principal and interest by:
   a. The United States;
   b. The state;
   c. Counties, municipalities and school districts within this state.

E. Conditions for use of substitute security.
1. A contractor may submit substitute security to replace contract payment retention if:
   a. The use of substitute security is requested of the school district or designee for work performed under the contract. The contractor shall have the option of submitting the substitute security:
      i. Prior to each progress payment in an amount of no less than five percent of each progress payment; or
      ii. Once, prior to the first progress payment in an amount no less than five percent of the total contract amount.
   b. The interest earned on such security shall accrue to the benefit of the contractor, but shall be retained until the school district has approved completion and acceptance of all work to be performed under the contract;
   c. The term of such security shall not mature until after the estimated contract completion date; and
   d. The security shall mature no later than one year after the estimated contract completion date.
2. The substitute security shall not be released without written approval by the school district.
3. A contractor may submit a single substitute security for more than one project provided that:
   a. The amount of such security is sufficient to cover the aggregate retention amount;
   b. The school district determines that such single substitute security is advantageous to the school district; and
   c. Such security complies with the requirements of subsection (E)(1).

F. Any retention shall be paid or substitute security shall be returned to the contractor within 60 days after final completion and acceptance of work under the contract. Retention of payments by a school district longer than 60 days after final completion and acceptance requires a specific written finding by the governing board of the reasons justifying the delay in payment.
   No school district may retain any monies after the estimate of the work is certified and approved, except that a percentage of all estimates shall be retained as provided in R7-2-1104. The estimate of the work shall be deemed received by the school district on submission of the estimate of the work to the school district or a person designated by the school district for the submission, review or approval of the estimate of the work. An estimate of the work submitted under this section shall be considered approved and certified after seven days from the date of submission unless before that time the school district or designee prepares and issues a specific written finding detailing those items in the estimate of the work that are not approved and certified under the contract.
   The school district may withhold an amount from the progress payment sufficient to pay the expenses the school district reasonably expects to incur in correcting the deficiency set forth in the written finding. No contract for construction may materially alter the rights of any contractor, subcontractor or material supplier to receive prompt and timely payment as provided under this Section. On completion and acceptance of separate divisions of the contract on which the price is stated separately in the contract, payment may be made in full including retained percentages, less deductions, unless a substitute security has been provided pursuant to R7-2-1104.

B. Progress payments pursuant to subsection (A) are authorized for construction services contracts. The requirements of subsection (A) apply only to amounts payable in a construction services contract for construction and do not apply to amounts payable in a construction services contract for design services, preconstruction services, finance services, maintenance services, operations services or any other related services included in the contract.

C. A subcontractor may notify the school district, in writing, requesting that the subcontractor be notified by the school district in writing within five days from payment of each progress payment made to the contractor. The subcontractor's request remains in effect for the duration of the subcontractor's work on the project.

D. If any payment to a contractor is delayed after the date due, interest shall be paid at the rate of one percent per month, or a fraction of a month, on such unpaid balance as may be due.

Historical Note
Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.
B. Use of alternative project delivery methods

1. Alternative project delivery methods for construction services shall be procured as provided in R7-2-1100.

2. For design-build construction services and construction-manager-at-risk construction services, the school district is limited to one contract per procurement.
   a. Alternatively, for construction-manager-at-risk construction services, a school district may elect separate contracts for preconstruction services during the design phase, for construction during the construction phase and for any other construction services.
   b. Alternatively, for design-build construction services, a school district may elect separate contracts for preconstruction services and design services during the design phase, for construction and design services during the construction phase and for any other construction services.
   c. If the school district enters into the first contract for preconstruction services or construction services the procurement ends. After execution of that first contract the school district may not use the procurement or the existing final list in the procurement as the basis for entering into a contract with any other person that participated in the procurement.

3. For job-order-contracting construction services, the school district may award a single contract, or multiple contracts for similar job-order-contracting construction services to be awarded to separate persons. If the school district enters into the number of contracts specified under the request for qualifications, the procurement ends. After that time the school district may not use the procurement or any existing final list in the procurement as the basis for entering into a contract with any other person that participated in the procurement.

4. All construction-manager-at-risk construction services or design-build construction services included in a procurement shall be limited to construction services to be performed at a single location, a common location or, if the construction services are all for a similar purpose, multiple locations. For construction-manager-at-risk construction services and design-build construction services to be performed at multiple locations:
   a. At the time the request for qualifications is issued, the school district shall intend to commence all construction at each location within thirty months after execution of the first contract for preconstruction services or other construction services at any of the locations.
   b. The request for qualifications shall include the information described in R7-2-1108(B)(2).

5. The school district and the selection committee shall not request or consider fees, price, man-hours or any other cost information at any point in the selection process under this Section and R7-2-1107, R7-2-1108, R7-2-1110, and R7-2-1111, including the selection of persons to be interviewed, the selection of persons to be on the final list, in determining the order of preference of persons on the final list or for any other purpose in the selection process, except as provided in R7-2-1110(D) and R7-2-1111.

6. In determining the persons to participate in any interviews, in determining the persons to be on the final list, and in determining the order on the final list, the selection committee shall use and consider only the criteria and weighting of criteria in the request for qualifications. No other factors or criteria may be used in the evaluation, determinations and other actions.

7. Notwithstanding any other provision specifying the number of persons to be interviewed, the number of persons to be on a final list, or any other numerical specification in R7-2-1106 through R7-2-1115:
   a. If a smaller number of persons respond to the request for qualifications or if one or more persons drop out of the procurement so there is a smaller number of persons participating in the procurement, the school district, as the school district determines necessary and appropriate, may elect to proceed with the participating persons if there are at least two participating responsive and responsible persons. Alternatively, the school district may elect to terminate the procurement.
   b. As to a request for qualifications to be negotiated pursuant to R7-2-1110(D), if only one responsive and responsible person responds to the request for qualifications or if one or more persons drop out of the procurement so that only one responsive and responsible person remains in the procurement, the school district may elect to proceed with the procurement with only one person if the governing board determines in writing that the negotiated fee is fair and reasonable and that either other prospective persons had reasonable opportunity to respond or there is not adequate time for a resolicitation.
   c. If a person on the final list withdraws or is removed from the procurement and the selection committee determines that it is advantageous to the school district, the selection committee may replace that person on the final list with another person that submitted qualifications in the procurement and that is selected as the next most qualified.

The final list selection criteria and relative weights may be different than the selection criteria and relative weights used to determine the persons to be interviewed. The request for qualifications also shall state whether the school district will select the persons on the final list and their order on the final list solely through the results of the interview process or through the combined results of both the interview process and the evaluation of statements of qualifications and performance data submitted in response to the school district’s request for qualifications.
   d. If interviews will not be held, state the selection criteria and relative weights to be used in selecting the persons on the final list and in determining their order on the final list.

R7-2-1110. Committee Evaluation and Contract Award
A. If interviews are specified in the request for qualifications:
   1. The selection committee shall determine the persons to be interviewed by evaluating the statements of qualifications and performance data submitted based solely on the selection criteria and relative weights in the request for qualifications to be used to determine the persons to be interviewed.
   2. If the selection criteria and relative weights to be used by the selection committee to select the persons on the final list and to determine their order on the final list are not included in the request for qualifications:
      a. Before the interviews are held the school district shall distribute to the persons to be interviewed the selection criteria and relative weights to be used to select the persons on the final list and to determine their order on the final list.
      b. These selection criteria and relative weights may be different than the selection criteria and relative weight used to determine the persons to be interviewed.
   3. The selection committee shall conduct interviews with the number of persons specified in the request for qualifications.

B. Based solely on the selection criteria and relative weights for selection of the persons on the final list and their order on the final list, the selection committee shall select the persons for the final list and, in the case of a final list for a contract that will be negotiated under subsection (D), rank the persons in order of preference.

C. The school district shall make the following notifications regarding the final lists:
   1. If the contract will be negotiated under subsection (D) before or at the same time as the school district notifies the highest ranking person on the final list that it is the highest ranking person, the school district shall send actual notice to each of the following that it is not the highest ranking person or that another person is the highest ranking person:
      a. If interviews were held, the other persons interviewed.
      b. If interviews were not held, the other persons that made submittals.
   2. If the contract will be awarded under R7-2-1111, before or at the same time as the school district notifies the persons on the final list that they are on the final list, the school district shall send actual notice to each of the following persons that they are not on the final list or that other persons are on the final list:
      a. If interviews were held, the other persons interviewed.
      b. If interviews were not held, the other persons that made submittals.

D. The school district shall conduct negotiations with persons on the final list as follows:
   1. The negotiations shall include consideration of compensation and other contract terms that the school district determines to be fair and reasonable to the school district. In making this decision, the school district shall take into account the estimated value, the scope, the complexity and the nature of the construction services to be rendered.
   2. If the procurement is for a single contract, there is one final list and the school district shall enter into negotiations with the highest qualified person on the final list. If the school district is not able to negotiate a satisfactory contract with the highest qualified person on the final list, at compensation and on other contract terms the school district determines to be fair and reasonable, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations with the next most qualified person on the final list in sequence until an agreement is reached or a determination is made to reject all persons on the final list.
   3. If the procurement is for multiple contracts for similar job-order-contracting construction services to be awarded to separate persons, there is one final list and the school district shall enter into separate negotiations for contracts with the number of the highest qualified persons on the
final list equal to the number of contracts to be awarded. If the school district is not able to negotiate a satisfactory contract with a person with whom the school district has commenced negotiations, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations for a contract with the next most qualified person on the final list with whom the school district is not then negotiating and with whom the school district has not previously negotiated in sequence until an agreement is reached for some or all of the multiple contracts included in the request for qualifications or a determination is made to reject all persons on the final list.

4. If the school district terminates negotiations with a person and commences negotiations with another person on the final list, the school district shall not recommence negotiations or enter into a contract for the construction services covered by the final list with any person with whom the school district terminated negotiations.

14. The contract terms and conditions, including warranty and bonding or other security requirements, as applicable.

15. The name of the district representative or district representatives.

16. If the request for proposals incorporates documents by reference, the request for proposals shall specify where such documents may be obtained.

Notwithstanding the other provisions of this subsection, an offeror may elect to waive the stipulated fee. If an offeror elects to waive the stipulated fee, the school district may not use ideas and information contained in the offeror’s proposal, except that this restriction does not prevent the school district from using any idea or information if the idea or information is also included in a proposal of an offeror that accepts the stipulated fee.

N. The procurement file shall contain the basis on which the award is made, including at a minimum the information and documents required under R7-2-1115.

**R7-2-1112. Contractor Licenses, Contract and Performance Requirements**

A. Notwithstanding any other rule:

1. The contractor for design-build or job-order-contracting construction services is not required to be registered to perform design services pursuant to A.R.S. Title 32, Chapter 1 if the person actually performing the design services on behalf of the contractor is appropriately registered.

2. The contractor for construction-manager-at-risk, design-build or job-order-contracting construction services shall be licensed to perform construction pursuant to A.R.S. Title 32, Chapter 10.

B. In a procurement for construction-manager-at-risk construction services or design-build construction services, except for design-build contracts awarded pursuant to R7-2-1111, the school district shall enter into a written contract with the contractor for preconstruction services under which the school district shall pay the contractor a fee for preconstruction services in an amount agreed by the school district and the contractor, and the school district shall not request or obtain a fixed price or a guaranteed maximum price for the construction from the contractor or enter into a construction contract with the contractor until after the school district has entered into the written contract for preconstruction services and a preconstruction services fee.

C. Construction shall not commence under a construction services contract until the school district and contractor agree in writing on either a fixed price that the school district will pay or a guaranteed maximum price for the construction to be commenced. The construction to be commenced may be the entire project or may be one or more phases of the project.

D. For negotiated construction-manager-at-risk and design-build contracts, preconstruction services, general conditions, schedules, construction contingency, and construction fees shall be part of the contract. For design-build contracts awarded pursuant to a request for proposals, the fees shall be included in the vendor’s proposal and shall become part of the awarded contract.

E. For job-order-contracting construction services only:

1. The maximum dollar amount of an individual job order for job-order-contracting construction services shall be one million dollars or a higher or lower amount prescribed by the governing board in a policy adopted in a
For all construction services contracts, the following requirements shall not be artificially divided or fragmented in order to constitute a job order that satisfies the requirements of this subsection.

2. If the contractor subcontracts or intends to subcontract part or all of the work under a job order and if the job-order-contracting construction services contract includes descriptions of standard individual tasks, standard unit prices for standard individual tasks and pricing of job orders based on the number of units of standard individual tasks in the job order:
   a. The contractor has a duty to deliver promptly to each subcontractor invited to bid a coefficient to the contractor to do all or part of the work under one or more job orders a copy of the descriptions of all standard individual tasks on which the subcontractor is invited to bid and a copy of the standard unit prices for the individual tasks on which the subcontractor is invited to bid.
   b. If not previously delivered to the subcontractor, the contractor has a duty to promptly deliver to each subcontractor invited to or that has agreed to do any of the work included in any job order a copy of the description of each standard individual task that is included in the job order and that the subcontractor is invited to perform, the number of units of each standard individual task that is included in the job order and that the subcontractor is invited to perform, and the standard unit price for each standard individual task that is included in the job order and that the subcontractor is invited to perform.

The school district may use methods other than competitive bidding to assure itself that the price the school district pays to the contractor for self-performed work is fair and reasonable. Although the school district may elect to so require, nothing in Articles 10 and 11 shall be construed or interpreted to require the school district to require a contractor desiring to self-perform part of the construction work to competitively bid that part of the construction work against other contractors in a bid competition.

G. For all construction services contracts, the following requirements apply to the construction work to be performed by subcontractors and do not apply to construction work that the school district and the contractor agree in writing will be self-performed by the contractor:
   1. The person selected to perform the construction services shall select subcontractors based on qualifications alone or on a combination of qualifications and price and shall not select subcontractors based on price alone. A qualifications and price selection may be a single-step selection based on a combination of qualifications and price or a two-step selection. In a two-step selection, the first step shall be based on qualifications alone and the second step may be based on a combination of qualifications and price or on price alone.
   2. The school district shall include in each contract:
      a. If the school district included its subcontractor selection plan in the request for qualifications, the school district’s subcontractor selection plan and the procedures to implement the school district’s subcontractor selection plan proposed by the awarded contractor in submitting its qualifications with those modifications to the procedures as the school district and the contractor agree.
      b. If the school district did not include its subcontractor selection plan in the request for qualifications, the subcontractor selection plan proposed by the awarded contractor in submitting its qualifications with those modifications as the school district and the contractor agree.

3. In making the selection of subcontractors, the contractor shall use the subcontractor selection plan and any procedures included in its contract.

H. The school district shall include in each contract for construction services the full street or physical address of each separate location at which the construction will be performed and a requirement that the contractor and each subcontractor at any level include in each of its subcontracts the same address information. The contractor and each subcontractor at any level shall include in each subcontract the full street or physical address of each separate location at which construction work will be performed.

3. If the procurement is for a single contract, there is one final list and the school district shall enter into negotiations with the highest qualified person on the final list. If the school district is not able to negotiate a satisfactory contract with the highest qualified person on the final list, at compensation and on other contract terms the school district determines to be fair and reasonable, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations with the next most qualified person on the final list in sequence until an agreement is reached or a determination is made to reject all persons on the final list.

If the school district is not able to negotiate a satisfactory contract with the highest qualified person on the final list, at compensation and on other contract terms the school district determines to be fair and reasonable, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations with the next most qualified person on the final list in sequence until an agreement is reached or a determination is made to reject all persons on the final list.

If the school district is not able to negotiate a satisfactory contract with a person with whom the school district has commenced negotiations, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations for a contract with the next most qualified person on the final list with whom the school district is not then negotiating and with whom the school district has not previously negotiated in sequence until an agreement is reached for some or all of the multiple contracts included in the request for qualifications or a determination is made to reject all persons on the final list.

6. If the school district is not able to negotiate a satisfactory contract with a person with whom the school district has commenced negotiations, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations for a contract with the next most qualified person on the applicable final list with whom the school district is not then negotiating and with whom the school district has not previouslynegotiated in sequence until an agreement is reached for some or all of the multiple contracts included in the request for qualifications or a determination is made to reject all persons on the final list.
