The release of this Chapter in Supp. 20-3 replaces Supp. 06-3, 1-8 pages

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the Administrative Code. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES
The definition for a rule is provided for under A.R.S. § 41-1001. “Rule” means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.

THE ADMINISTRATIVE CODE
The Arizona Administrative Code is where the official rules of the state of Arizona are published. The Code is the official codification of rules that govern state agencies, boards, and commissions.

The Code is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the Code. Supplement release dates are printed on the footers of each chapter.
First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31
For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS
The Office began to authenticate chapters of the Administrative Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each Code chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the Code includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE
Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the Arizona Administrative Register for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES
The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES
Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA
It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the Register online at www.azsos.gov/rules, click on the Administrative Register link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR
At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE
This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

CHAPTER 24. DEPARTMENT OF HEALTH SERVICES - ARIZONA MEDICALLY UNDERSERVED AREA HEALTH SERVICES

R9-24-203. Primary Care Index

A. Every 24 months, the Department shall prepare, according to this Section, a primary care index for designating primary care areas determined under R9-24-204 as Arizona medically underserved areas.

1. For each primary care area determined under R9-24-204, the Department shall calculate the value for each criterion in subsection (B).

   a. After calculating the value for each criterion in subsection (B), the Department shall assign points to each value according to Table 2.1.

   b. A primary care area’s score is the sum of the points received by the primary care area for each criterion in subsection (B).

2. The Department shall designate as Arizona medically underserved:

   a. The primary care areas that, according to subsection (B) and Table 2.1 score within the top 25 percent on the primary care index or that obtain more than 30 points, whichever results in the designation of more Arizona medically underserved areas; and

   b. The primary care areas with the designation described in R9-24-202(1).

B. For each primary care area determined by the Department under R9-24-204, the primary care index shall include a score for each of the following:

1. Population-to-primary-care-physician ratio, determined by dividing the population of the primary care area by the number of primary care physicians in the primary care area:

   a. Estimating the distance in miles:

      i. From the center of the most densely populated area in the primary care area determined from the most recent American Community Survey prepared by the U.S. Census Bureau; and

      ii. To the nearest primary care physician determined from the data described in subsection (B)(1)(a); and

   b. Using the most direct street route;

3. Percentage of population with calendar year income less than 200% of the Federal poverty level, determined from data in the most recent American Community Survey prepared by the U.S. Census Bureau;

4. Percentage of population who do not have health insurance as determined by the most recent American Community Survey prepared by the U.S. Census Bureau;

5. Low birthweight rate percent of births;

6. Late or no prenatal care percent of births;

7. Infant mortality rate per 1,000 live births;

8. Supplementary criteria score, based on a rate greater than the state wide average for:

   a. Percentage of population age 65 and older;

   b. Percentage of population age 14 and younger;

   c. Percentage of population with a disability;

   d. Percentage of communities of color; and

R9-24-202. Arizona Medically Underserved Area Designation

The Department shall designate as Arizona medically underserved areas:

1. The primary care areas designated as primary care HPSAs by the U.S. Department of Health and Human Services, and

2. The primary care areas designated as medically underserved by the Department under R9-24-203 and Table 2.1.

Historical Note

C. Every 24 months, according to subsections (A) and (B) and Table 2.1, the Department shall:
1. Withdraw an Arizona medically underserved area designation,
2. Continue an Arizona medically underserved area designation, or
3. Designate a new Arizona medically underserved area.

D. A list of current Arizona medically underserved areas is available in the Department’s biennial Arizona Medically Underserved Areas Report at http://www.azdhs.gov/hsd/.
