PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the Administrative Code. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule” means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.

THE ADMINISTRATIVE CODE

The Arizona Administrative Code is where the official rules of the state of Arizona are published. The Code is the official codification of rules that govern state agencies, boards, and commissions.

The Code is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the Code. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31
For example, the first supplement for the first quarter of 2018 is cited as Supp. 18-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the Administrative Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each Code chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the Code includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the Arizona Administrative Register for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the Register online at www.azsos.gov/rules, click on the Administrative Register link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

TITLE 12. NATURAL RESOURCES

CHAPTER 4. GAME AND FISH COMMISSION

Authority: A.R.S. § 17-201 et seq.

Editor’s Note: This Chapter contains rules which were adopted or amended under an exemption from the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6), pursuant to A.R.S. § 41-1005(A)(1). Exemption from A.R.S. Title 41, Chapter 6 means that the Game and Fish Commission did not submit notice of this rulemaking to the Secretary of State's Office for publication in the Arizona Administrative Register; the Governor’s Regulatory Review Council did not review these rules; the Commission was not required to hold public hearings on these rules; and the Attorney General did not certify these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.

Historical Note

R12-4-107.  Bonus Point System

A.  For the purpose of this Section, the following definitions apply:

“Bonus point hunt number” means the hunt number assigned in a Commission Order for use by an applicant who is applying for a bonus point only.

“Loyalty bonus point” means a bonus point awarded to a person who has submitted a valid application for a hunt permit-tag or a bonus point for a specific genus identified in subsection (B) at least once annually for a consecutive five-year period.

B.  The bonus point system grants a person one random number entry in each computer draw for antelope, bear, bighorn sheep, buffalo, deer, elk, javelina, or turkey for each bonus point that person has accumulated under this Section.

1.  Each bonus point random number entry is in addition to the entry normally granted under R12-4-104.
2.  When processing a “group” application, as defined under R12-4-104, the Department shall use the average number of bonus points accumulated by all persons in the group, rounded to the nearest whole number. If the average number of bonus points is equal to or greater than .5, the total will be rounded to the next higher number.
3.  The Department shall credit a bonus point under an applicant’s Department identification number for the genus on the application.
4.  The Department shall not transfer bonus points between persons or genera.

C.  The Department shall award one bonus point to an applicant who submits a valid Hunt Permit-tag Application provided the following apply:

1.  The application is unsuccessful in the computer draw or the application is for a bonus point only;
2.  The application is not for a hunt permit-tag leftover after the computer draw and available on a first-come, first-served basis as established under R12-4-114; and
3.  The applicant either provides the appropriate hunting license number on the application or submits an application and fees for the applicable license with the Hunt Permit-tag Application, as applicable.

D.  An applicant who purchases a bonus point only shall:

1.  Submit a valid Hunt Permit-tag Application, as prescribed under R12-4-104, with the assigned bonus point hunt number for the particular genus as the first-choice hunt number on the application. The Department shall reject any application that:
   a.  Indicates the bonus point only hunt number as any choice other than the first-choice, or
   b.  Includes any other hunt number on the application;
2.  Include the applicable fees:
   a.  Application fee, and
   b.  Applicable license fee, required when the applicant does not possess a valid license at the time of application; and
3. Submit only one Hunt Permit-tag Application per genus per computer draw.

E. With the exception of the hunter education bonus point, each accumulated bonus point is valid only for the genus designated on the Hunt Permit-tag Application.

F. With the exception of a permanent bonus point awarded for hunter education and a loyalty bonus point which is accrued and forfeited as established under subsection (L), a person’s accumulated bonus points for a genus are expended if:

1. The person is issued a hunt permit-tag for that genus in a computer draw;
2. The person fails to submit a Hunt Permit-tag Application for that genus for five consecutive years; or
3. The person purchases a surrendered tag as prescribed under R12-4-118(F)(1), (2), or (3).

G. Notwithstanding subsection (F), the Department shall restore any expended bonus points to a person who surrenders or transfers a tag in compliance with R12-4-118 or R12-4-121.

H. An applicant issued a first-come, first-served hunt permit-tag under R12-4-114(C)(2)(e) after the computer draw does not expend bonus points for that genus.

I. An applicant who is unsuccessful for a first-come, first-served hunt permit-tag made available by the Department after the computer draw is not eligible to receive a bonus point.

J. The Department shall award one permanent bonus point for each genus upon a person’s first graduation from a Department-sanctioned Arizona Game and Fish Department Hunter Education Course.

1. Course participants are required to provide the following information upon registration, the participants:
   a. Name;
   b. Mailing address;
   c. Telephone number;
   d. E-mail address, when available;
   e. Date of birth; and
   f. Department ID number, when applicable.

2. The Arizona Game and Fish Department-certified instructor shall submit the course paperwork to the Department within 10 business days of course completion. Course paperwork must be received by the Department no less than 30 days before the computer draw application deadline, as specified in the hunt permit-tag application schedule in order for the Department to assign hunter education bonus points in the next computer draw.

3. The Department shall not award hunter education bonus points for any of the following specialized hunter education courses:
   a. Bowhunter Education,
   b. Trapper Education, or
   c. Advanced Hunter Education.

K. The Department provides an applicant’s total number of accumulated bonus points on the Department’s application website or IVR telephone system.

1. If a person believes the total number of accumulated bonus points is incorrect, the person may request proof of compliance with this Section, from the Department, to prove Department error.
2. In the event of an error, the Department shall correct the person’s record.

L. The following provisions apply to the loyalty bonus point program:

1. An applicant who submits a valid application at least once a year for a hunt permit-tag or a bonus point for a specific genus consecutively for a five-year period shall accrue a loyalty bonus point for that genus.

2. Except as established under subsection (N), once a loyalty bonus point is accrued, the applicant shall retain the loyalty bonus point provided the applicant annually submits an application, with funds sufficient to cover all application fees and applicable license fees for each applicant listed on the application, for a hunt permit-tag or a bonus point for the genus for which the loyalty bonus point was accrued.

3. An applicant who fails to apply in any calendar year for a hunt permit-tag or bonus point for the genus for which the loyalty bonus point was accrued shall forfeit the loyalty bonus point for that genus.

4. A loyalty bonus point is accrued in addition to all other bonus points.

M. A military member, military reserve member, member of the National Guard, or emergency response personnel with a public agency may request the reinstatement of any expended bonus points for a successful Hunt Permit-tag Application.

1. To request reinstatement of expended bonus points under these circumstances, an applicant shall submit all of the following information to the Arizona Game and Fish Department, Draw Section, 5000 W. Carefree Highway, Phoenix, AZ 85086:
   a. Evidence of mobilization or change in duty status, such as a letter from the public agency or official orders; or
   b. An official declaration of a state of emergency from the public agency or authority making the declaration of emergency, if applicable; and
   c. The valid, unused hunt permit-tag.

2. The Department shall deny requests post-marked after the beginning date of the hunt for which the hunt permit-tag is valid, unless the person also submits, with the request, evidence of mobilization, activation, or a change in duty status that precluded the applicant from submitting the hunt permit-tag before the beginning date of the hunt.

3. Under A.R.S. § 17-332(E), no refunds for a license or hunt permit-tag will be issued to an applicant who applies for reinstatement of bonus points under this subsection.

4. Reinstatement of bonus points under this subsection is not subject to the requirements established under R12-4-118.

N. It is unlawful for a person to purchase a bonus point by fraud or misrepresentation and any bonus point so obtained shall be removed from the person’s Department record.

R12-4-110. Posting and Access to State Land

A. For the purpose of this Section:
1. “Corrals,” “feed lots,” or “holding pens” mean completely fenced areas used to contain livestock for purposes other than grazing.
2. “Existing road” means any maintained or unmaintained road, way, highway, trail, or path that has been used for motorized vehicular travel, and clearly shows or has a history of established vehicle use, and is not currently closed by the Commission.
3. “State lands” means all land owned or held in trust by the state that is managed by the State Land Department and lands that are owned or managed by the Game and Fish Commission.

B. In addition to the prohibition against posting prescribed under A.R.S. § 17-304, a person shall not lock a gate, construct a fence, place an obstacle, or otherwise commit an act that denies legally available access to or use of any existing road upon state lands by persons lawfully taking or retrieving wildlife or conducting any activities that are within the scope of and take place while lawfully hunting or fishing.
1. A person in violation of this Section shall take immediate corrective action to remove any lock, fence, or other obstacle unlawfully preventing access to state lands.
2. If immediate corrective action is not taken, a representative of the Department may remove any unlawful posting and remove any lock, fence, or other obstacle that unlawfully prevents access to state lands.
3. In addition, the Department may take appropriate legal action to recover expenses incurred in the removal of any unlawful posting or obstacle that prevented access to state land.

C. The provisions of this Section do not allow any person to trespass upon private land to gain access to any state land.

D. A person may post state lands as closed to hunting, fishing, or trapping without further action by the Commission when the state land is within one-quarter mile of any:
1. Occupied residence, cabin, lodge, or other building:
2. Corrals, feed lots, or holding pens containing concentrations of livestock other than for grazing purposes.

E. The Commission may grant permission to lock, tear down, or remove a gate or close a road or trail that provides legally available access to state lands for persons lawfully taking wildlife or conducting any activities that are within the scope of and take place while lawfully hunting or fishing if access to such lands is provided by a reasonable alternate route.
1. Under R12-4-610, the Director may grant a permit to a state land lessee to temporarily lock a gate or close an existing road that provides access to state lands if the taking of wildlife will cause unreasonable interference during a critical livestock or commercial operation. This permit shall not exceed 30 days.
2. Applications for permits for more than 30 days shall be submitted to the Commission for approval.

F. A person may post state lands other than those referenced under subsection (D) as closed to hunting, fishing, or trapping, provided the person has obtained a permit from the Commission authorizing the closure. A person possessing a permit authorizing the closure of state lands shall post signs in compliance with A.R.S. 17-304(C). The Commission may permit the closure of state land when it is necessary:
1. Because the taking of wildlife constitutes an unusual hazard to permitted users.
2. To prevent unreasonable destruction of plant life or habitat;
3. For proper resource conservation, use, or protection, including but not limited to high fire danger, excessive interference with mineral development, developed agricultural land, or timber or livestock operations.

G. A person shall submit an application for posting state land to prohibit hunting, fishing, or trapping under subsection (F), or to close an existing road under subsection (D), as required under R12-4-610. If an application to close state land to hunting, fishing, or trapping is made by a person other than the state land lessee, the Department shall provide notice to the lessee and the State Land Commissioner before the Commission considers the application. The state land lessee or the State Land Commissioner shall file any objections with the Department, in writing, within 30 days after receipt of notice, after which the matter shall be submitted to the Commission for determination.

H. A person may use a vehicle on or off a road to pick up lawfully taken big game animals.

I. The closing of state lands to hunting, fishing, or trapping shall not restrict any other permitted use of the land.

J. State trust land may be posted with signs that read “State Land No Trespassing,” but such posting shall not prohibit access to such land by any person lawfully taking or retrieving wildlife or conducting any activities that are within the scope of and take place while lawfully hunting or fishing.

K. When hunting, fishing, or trapping on state land, a license holder shall not:
1. Break or remove any lock or cut any fence to gain access to state land;
2. Open and not immediately close a gate;
3. Intentionally or wantonly destroy, deface, injure, remove, or disturb any building, sign, equipment, marker, or other property;
4. Harvest or remove any vegetative or mineral resources or object of archaeological, historic, or scientific interest;
5. Appropriate, mutilate, deface, or destroy any natural feature, object of natural beauty, antiquity, or other public or private property;
6. Dig, remove, or destroy any tree or shrub;
7. Gather or collect renewable or non-renewable resources for the purpose of sale or barter unless specifically permitted or authorized by law;
8. Frighten or chase domestic livestock or wildlife, or endanger the lives or safety of others when using a motorized vehicle or other means;
or
9. Operate a motor vehicle off road or on any road closed to the public by the Commission or landowner, except to retrieve a lawfully taken big game animal.

1. Includes a transportation and shipping permit as prescribed under A.R.S. §§ 17-332 and 17-371, and
2. Clearly identifies the animal for which the tag is valid.

B. If the Commission establishes a big game season for which a hunt number is not assigned, the Department or its authorized agent, or both, sell nonpermit-tags.
1. A person purchasing a nonpermit-tag shall provide all of the following information to a Department office or license dealer at the time of purchase; the applicant’s:
   a. Name,
C. If the number of hunt permits for a species in a particular hunt area must be limited, a Commission Order establishes a hunt number for that hunt area and a hunt permit-tag is required to take the species in that hunt area.

1. A person applying for a hunt permit-tag shall submit an application as described under R12-4-104.

2. The Department shall determine whether a hunt permit-tag will be issued to an applicant as follows:
   a. The Department shall reserve a maximum of 20% of the hunt permit-tags for each hunt number, except as established under subsection (C)(2)(b), for antelope, bear, deer, elk, javelina, and turkey and reserve a maximum of 20% of the hunt permit-tags for all hunt numbers combined statewide for bighorn sheep and buffalo to issue to persons who have bonus points and shall issue the hunt permit-tags as established under subsection (C)(2)(c).
   b. For antelope, bear, deer, elk, javelina, and turkey, the Department shall reserve one hunt permit-tag for any hunt number with fewer than five, but more than one, hunt permit-tags and shall issue the tag as established under subsection (C)(2)(c). When this occurs, the Department shall adjust the number of available hunt permit-tags in order to ensure the total number of hunt permit-tags available does not exceed the 20% maximum specified in subsection (C)(2)(a).
   c. The Department shall issue the reserved hunt permit-tags for hunt numbers that eligible applicants designate as their first or second choices. The Department shall issue the reserved hunt permit-tags by random selection:
      i. First, to eligible applicants with the highest number of bonus points for that genus;
      ii. Next, if there are reserved hunt permit-tags remaining, to eligible applicants with the next highest number of bonus points for that genus; and
      iii. If there are still tags remaining, to the next eligible applicants with the next highest number of bonus points for that genus; and
   d. The Department shall ensure that all unreserved hunt permit-tags are issued by random selection:
      i. First, to hunt numbers designated by eligible applicants as their first or second choices; and
      ii. Next, to hunt numbers designated by eligible applicants as their third, fourth, or fifth choices.
   e. Before each of the three passes listed under (C)(2)(c)(i),(ii), and (iii), each application is processed through the Department's random number generator program. A random number is assigned to each application; an additional random number is assigned to each application for each group bonus point, including the Hunter Education and Loyalty bonus points. Only the lowest random number generated for an application is used in the computer draw process. A new random number is generated for each application for each pass of the computer draw.
   f. If the bag limit is more than one per calendar year, or if there are unissued hunt permit-tags remaining after the random computer draw, the Department shall ensure these hunt permit-tags are available on a first-come, first-served basis as specified in the annual hunt permit-tag application schedule.

D. A person may purchase hunt permit-tags equal to the bag limit for a genus.

1. A person shall not exceed the established bag limit for that genus.

2. A person shall not apply for any additional hunt-permit-tags if the person has reached the bag limit for that genus during the same calendar year.

3. A person who surrenders a tag in compliance with R12-4-118 is eligible to apply for another hunt permit-tag for the same genus during the same calendar year, provided the person has not reached the bag limit for that genus.

E. The Department shall make available to nonresidents:

1. For bighorn sheep and buffalo, no more than one hunt permit-tag or 10% of the total hunt permit-tags, whichever is greater, for bighorn sheep or buffalo in any computer draw. The Department shall not make available more than 50% nor more than two bighorn sheep or buffalo hunt permit-tags of the total number in any hunt number.

2. For antelope, antlered deer, bull elk, or turkey, no more than 10%, rounded down to the next lowest number, of the total hunt permit-tags in any hunt number. If a hunt number for antelope, antlered deer, bull elk, or turkey has 10 or fewer hunt permit-tags, no more than one hunt permit-tag will be made available unless the hunt number has only one hunt permit-tag, then that tag shall only be available to a resident.

F. The Commission may, at a public meeting, increase the number of hunt permit-tags issued to nonresidents in a computer draw when necessary to meet management objectives.

G. The Department shall not issue under subsection (C)(2)(c), more than half of the hunt permit-tags made available to nonresidents under subsection (E).

H. A nonresident cap established under this Section applies only to hunt permit-tags issued by computer draw under subsections (C)(2)(c) and (d).

Historical Note

R12-4-115. Restricted Nonpermit-Tags; Supplemental Hunts

A. For the purposes of this Section, the following definitions apply:

“Companion tag” means a restricted nonpermit-tag valid for a supplemental hunt prescribed by Commission Order that exactly matches the season dates and open areas.
If the Department anticipates the normal fee structure will not generate adequate participation, then the Department may reduce restricted nonpermit-tag fees up to 75%, as authorized under A.R.S.§ 17-239(D).

G. A supplemental hunt application submitted in accordance with this Section does not invalidate any other application submitted by the person for a hunt permit-tag:
1. The Department shall not accept a group application, as defined under R12-4-104, for a restricted nonpermit-tag.
2. An applicant shall not apply for or obtain a restricted nonpermit-tag to take wildlife in excess of the bag limit established by Commission Order.
3. The issuance of a restricted nonpermit-tag does not authorize a person to exceed the bag limit established by Commission Order.

H. To participate in a supplemental hunt, a person shall:
1. Obtain a restricted nonpermit-tag as prescribed under this Section, and
2. Possess a valid hunting license. If the applicant does not possess a valid license or the license will expire before the supplemental hunt, the applicant shall purchase an appropriate license.

I. The Department or its authorized agent shall maintain a hunter pool for supplemental hunts other than companion tag hunts.
1. The Department shall purge and renew the hunter pool on an annual basis.
2. An applicant for a restricted nonpermit-tag under this subsection shall submit a hunt permit-tag application to the Department. The application is available at any Department office, an authorized agent, or online at www.azgfd.gov. The applicant shall provide all of the following information on the application:
   a. The applicant’s:
      i. Name,
      ii. Mailing address,
      iii. Number of years of residency immediately preceding application,
      iv. Date of birth, and
      v. Daytime and evening telephone numbers,
   b. The species that the applicant would like to hunt, if selected,
   c. The applicant’s hunting license number.
3. In addition to the requirements established under subsection (I)(2), at the time of application the applicant shall submit the application fee required under R12-4-102.
4. When issuing a restricted nonpermit-tag, the Department or its authorized agent shall randomly select applicants from the hunter pool.
   a. The Department or its authorized agent shall attempt to contact each randomly-selected applicant by telephone at least three times within a 24-hour period.
   b. If an applicant cannot be contacted or is unable to participate in the supplemental hunt, the Department or its authorized agent shall return the application to the hunter pool and draw another application.
   c. In compliance with subsection (D)(4), the Department or its authorized agent shall select no more applications after the number of restricted nonpermit-tags established by Commission Order are issued.
5. The Department shall reserve a restricted nonpermit-tag for an applicant only for the period specified by the Department when contact is made with the applicant. If an applicant fails to purchase the nonpermit-tag within the specified period, the Department or its authorized agent shall:
   a. Remove the person’s application from the hunter pool, and
   b. Offer that restricted nonpermit-tag to another person whose application is drawn from the hunter pool as established under this Section.
6. A person who participates in a supplemental hunt through
the hunter pool shall be removed from the supplemental
hunting pool for the genus for which the person participated.
A hunter pool applicant who is selected and who
wishes to participate in a supplemental hunt shall submit
the following to the Department to obtain a restricted
nonpermit-tag:
a. The fee for the tag as established under R12-4-102
or subsection (F) if the fee has been reduced, and
b. The applicant’s hunting license number. The applicant
shall possess an appropriate license that is valid
at the time of the supplemental hunt. The applicant
shall purchase a license at the time of application
when:
i. The applicant does not possess a valid license, or
ii. The applicant’s license will expire before the
supplemental hunt.
7. A person who participates in a supplemental hunt shall
not reapply for the hunter pool for that genus until the
hunter pool is renewed.

J. The Department shall only make a companion tag available to
a person who possesses a matching hunt permit-tag and not a
person from the hunter pool. Authorization to issue a com-
panion tag occurs when the Commission establishes a hunt in
Commission Order under subsection (B).
1. The requirements of subsection (D) are not applicable to
a companion tag issued under this subsection.
2. To obtain a companion tag under this subsection, an appli-
cant shall submit a hunt permit-tag application to the
Department. The application is available at any Depart-
ment office and online at www.azgfd.gov. The applicant
shall provide all of the following information on the
application, the applicant’s:
a. Name,
b. Mailing address,
c. Department identification number, and
d. Hunt permit-tag number, to include the hunt number
and permit number, corresponding with the season
dates and open areas of the supplemental hunt.
3. In addition to the requirements established under subsec-
tion (J)(2), at the time of application the applicant shall:
a. Provide verification that the applicant lawfully
obtained the hunt permit-tag for the hunt described
under this subsection by presenting the hunt permit-
tag to a Department office for verification, and
b. Submit all applicable fees required under R12-4-
102.

R12-4-116. Reward Payments
A. Subject to the restrictions prescribed under A.R.S. § 17-315, a
person may claim a reward from the Department when the per-
son provides information that leads to an arrest through the
Operation Game Thief Program. The person who reports the
unlawful activity will then become eligible to receive a reward
as established under subsections (C) and (D), provided funds
are available in the Wildlife Theft Prevention Fund and:
1. The person who reported the violation provides the Opera-
tion Game Thief control number issued by Department
law enforcement personnel, as established under subsec-
tion (B);
2. The information provided relates to a violation of any
provisions of A.R.S. Title 17, A.A.C. Title 12, Chapter 4,
or federal wildlife laws enforced by and under the juris-
diction of the Department, but not on Indian Reserva-
tions;
3. The person did not first provide information during a
criminal investigation or judicial proceeding; and
4. The person who reports the violation is not:
a. The person who committed the violation,
b. A peace officer,
c. A Department employee, or
d. An immediate family member of a Department
employee.
B. The Department shall inform the person providing information
regarding a wildlife violation of the procedure for claiming a
reward if the information results in an arrest. The Department
shall also provide the person with the control number assigned
to the reported violation.
C. Reward payments for information that results in an arrest for
the reported violation are as follows:
1. For cases that involve antelope, eagles, bear, bighorn
sheep, buffalo, deer, elk, javelina, mountain lion, turkey,
or endangered or threatened wildlife as defined under
R12-4-401, $500;
2. For cases that involve wildlife that are not listed under
subsection (C)(1), a minimum of $50, not to exceed $150,
except for additional amounts authorized under subsec-
tion (C)(3); and
3. For cases that involve any wildlife, an additional $1,000
may be made available based on:
a. The value of the information;
b. The unusual value of the wildlife;
c. The number of individual animals taken;
d. Whether or not the person who committed the
unlawful act was arrested for commercialization of
wildlife; and
e. Whether or not the person who committed the
unlawful act is a repeat offender.
D. If more than one person independently provides information or
evidence that leads to an arrest for a violation, the Department
may divide the reward payment among the persons who pro-
vided the information if the total amount of the reward pay-
ment does not exceed the maximum amount of a monetary
reward established under subsections (C) or (E);
E. Notwithstanding subsection (C), the Department may offer
and pay a reward up to the minimum civil damage value of the
wildlife unlawfully taken, wounded or killed, or unlawfully
possessed as prescribed under A.R.S. § 17-314, if the Depart-
ment believes that an enhanced reward offer is merited due to
the specific circumstances of the case.
Historical Note

R12-4-117. Indian Reservations
A state license, permit, or tag is not required to hunt or fish on any Indian reservation in this State. Wildlife lawfully taken on an Indian reservation may be transported or processed anywhere in the State if it can be identified as to species and legality as provided in A.R.S. § 17-309(A)(19). All wildlife transported anywhere in this State is subject to inspection under the provisions of A.R.S. § 17-211(E)(4).

R12-4-118. Hunt Permit-tag Surrender
A. The Commission authorizes the Department to implement a tag surrender program if the Director finds:
1. The Department has the administrative capacity to implement the program;
2. There is public interest in such a program; or
3. The tag surrender program is likely to meet the Department’s revenue objectives.

B. The tag surrender program is limited to a person who has a valid and active membership in a Department membership program.
1. The Department may establish a membership program that offers a person various products and services.
2. The Department may establish different membership levels based on the type of products and services offered and set prices for each level.
   a. The lowest membership level may include the option to surrender one hunt permit-tag during the membership period.
   b. A higher membership level may include the option to surrender more than one hunt permit-tag during the membership period.
3. The Department may establish terms and conditions for the membership program in addition to the following:
   a. Products and services to be included with each membership level.

A. A party shall exhaust the party’s administrative remedies by filing a motion for rehearing or review as provided in this Section. B. A party in a contested case or appealable agency action before the Commission may file a motion for rehearing or review of a Commission decision, specifying the grounds upon which the motion is based. The motion for rehearing or review shall be filed within 30 calendar days after service of the Commission’s decision.    5. Excessive or insufficient penalties;
   6. Error in the admission or rejection of evidence or other errors of law occurring at the hearing or during the proceeding; or
   7. That the findings of fact or decision is not justified by the evidence or is contrary to law.

E. The Commission may either deny the motion for rehearing or review or grant a rehearing or review for any of the reasons listed under subsection (E). The Commission’s order granting a rehearing or review shall specify the grounds for the order, and any rehearing shall cover only those grounds upon which the rehearing or review was granted.

F. After giving the party notice and an opportunity to be heard, the Commission may grant a motion for a rehearing or review for a reason not stated in the motion.

G. Within the time-frame for filing the motion for rehearing or review, the Commission may grant a rehearing or review on its own initiative for any reason for which the Commission may have granted relief on motion of a party.

H. When the Commission grants a rehearing or review, the Commission shall hold the rehearing or review at its next regularly scheduled meeting or within 90 days of issuance of the order granting the rehearing or review. With the consent of the parties, the Commission may proceed to conduct the rehearing or review in the same meeting in which the Commission granted the rehearing or review.
