PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the Administrative Code. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

RULES

A.R.S. § 41-1001(17) states: “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The Arizona Administrative Code is where the official rules of the state of Arizona are published. The Code is the official codification of rules that govern state agencies, boards, and commissions. Virtually everything in your life is affected in some way by rules published in the Arizona Administrative Code, from the quality of air you breathe to the licensing of your dentist. This chapter is one of more than 230 in the Code compiled in 21 Titles.

ADMINISTRATIVE CODE SUPPLEMENTS

Rules filed by an agency to be published in the Administrative Code are updated quarterly. Supplement release dates are printed on the footers of each chapter:

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2017 is cited as Supp. 17-1.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the Arizona Administrative Register for recent updates to rule Sections.

ARTICLES AND SECTIONS

Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering system separated into subsections.

HISTORICAL NOTES AND EFFECTIVE DATES

Historical notes inform the user when the last time a Section was updated in the Administrative Code. Be aware, since the Office publishes each quarter by entire chapters, not all Sections are updated by an agency in a supplement release. Many times just one Section or a few Sections may be updated in the entire chapter.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in the introduction of a chapter can be found at the Secretary of State’s website, www.azsos.gov/services/legislative-filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the Arizona Administrative Register online at www.azsos.gov/rules, click on the Administrative Register link.

In the Administrative Code the Office includes editor’s notes at the beginning of a chapter indicating that certain rulemaking Sections were made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

If you are researching rules and come across rescinded chapters on a different paper color, this is because the agency filed a Notice of Exempt Rulemaking. At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Public Services managing rules editor, Rhonda Paschal, assisted with the editing of this chapter.

ARTICLE 5. LICENSING TIME-FRAMES**R18-1-501. Definitions**

In addition to the definitions provided in A.R.S. § 41-1001, § 41-1072, and R18-1-101, the following definitions apply to this Article:

1. "Administrative completeness" or "administratively complete" means Department receipt of all application components required by statute or rule and necessary to enable the Department to issue a notice of administrative completeness under A.R.S. § 41-1074 and thereby end the administrative completeness review time-frame and start the substantive review time-frame.
2. "Administrative completeness review" means the process of clerical verification by the Department to determine whether the submitted application components meet the requirements of administrative completeness.

Department of Environmental Quality – Administration

- c. If the component or response is delivered to an electronic address of an application clerk, one day after the date of delivery to the electronic address.
- d. If the Department notifies the applicant of receipt within five days after the date of actual receipt, the day of actual receipt of the component or response by the application clerk.
- e. If delivered during an application moratorium or time-frame suspension declared under R18-1-518, the day after the moratorium or suspension ends.
14. “Electronic address” means either a telephone number for facsimile document communication (fax) or an electronic mail (e-mail) address. “Electronic address” does not mean a telephone number for voice or TDD (telephone device for the deaf) communication.
15. “Fee excusal” means the sanction imposed on a Department fund under A.R.S. § 41-1077(A) that requires the Department to excuse further fees required from the applicant by the Department.
16. “Initial fee” means that part of the fee required to be submitted under R18-1-503(A).
17. “License category” means a category identified on a license table.
18. “License table” means a table within this Article.
19. “Licensing time-frame” means any of the time-frames identified in A.R.S. §§ 41-1072 through 41-1079, the operation of which requires the Department to report its compliance level for overall time-frames to the Governor’s Regulatory Review Council under A.R.S. § 41-1078(A).
20. “Licensing time-frame agreement” means an agreement made under any of the Sections R18-1-508 through R18-1-512.
21. “Penalty” means the sanction imposed on a Department fund under A.R.S. § 41-1077(B).
22. “Phased application” means an application processed pursuant to a licensing time-frame agreement that allows the applicant to submit application components in two or more phases with each phase providing for administrative completeness review.
23. “Pre-application” means the period prior to Department receipt of an applicant’s first application component submittal under R18-1-503(A).
24. “Presumptive administrative completeness” means the expiration of the administrative completeness review time-frame and the automatic start of the running of days within the substantive review time-frame under A.R.S. § 41-1074(C) as a result of the Department failing to issue a notice of administrative completeness under A.R.S. § 41-1074(A).
25. “Presumptive overall time-frame” means the sum of the days shown for the administrative completeness review and substantive review time-frames on the license tables for that license category and may be different from the actual overall time-frame because the presumptive overall time-frame does not include a lengthening of the time-frame due to a time-frame extension agreement or a shortening of the time-frame due to early starting of the substantive review time-frame caused by the issuance of a notice of administrative completeness.
26. “Presumptive substantive review time-frame” means the days shown for the substantive review time-frame on the license tables for a license category.
27. “Refund” means the sanction imposed on a Department fund under A.R.S. § 41-1077(A) that requires the Department to refund fees already paid by the applicant into that fund.
28. “Request for additional information” means a Department notification or contact made after the administrative completeness review time-frame and that identifies information required by statute or rule and necessary before the Department may grant the license.
29. “Sanction” means a refund, fee excusal, or penalty under A.R.S. § 41-1077.
30. “Site inspection” means an inspection performed by the Department under A.R.S. § 41-1009 as part of a required component of an application for a license shown on the license tables.
31. “Substantive review” means the process of qualitative evaluation by the Department of application components to determine whether the components meet all requirements in statute or rule and necessary to grant the license. “Substantive review” does not include clerical verification of the components nor does it include Department investigations resulting from reporting or notification requirements.
32. “Time-frame extension” means the entire period after the overall time-frame would otherwise expire and during which an application is not subject to sanctions. The substantive review and overall time-frames continue in effect and do not expire during the time-frame extension.
33. “Withdrawn application” means an application that has ceased to be subject to this Article due to the applicant’s request that the Department cease all consideration of the application under R18-1-517. An applicant’s ability to withdraw an application is not governed by this Article.

- C. If an Arizona statute or other rule in this Title conflicts with this Article, the statute or other rule governs except that only this Article determines whether an applicant is entitled to a refund and fee excusal due to Department failure to notify an applicant of a licensing decision within a licensing time-frame under A.R.S. § 41-1077(A).

- D. If suspended, the running of days within the administrative completeness review time-frame remains suspended from the time of the first notice under subsection (C) of this Section until the applicant supplies the Department all missing information identified on the comprehensive list of specific deficiencies.

- F. If presumptive administrative completeness occurs:
1. Further notices of administrative deficiencies issued under subsection (C) of this Section will not suspend the running of days within the substantive review or overall time-frames and
 2. The Department does not waive the requirement for the applicant to submit all application components necessary to allow the Department to grant the license.

R18-1-505. Overall Time-frame Operation

- A. The overall time-frame for an application begins on the same day as the administrative completeness review time-frame.
- B. The running of days within the overall time-frame suspends and resumes in concert with the administrative completeness and substantive review time-frames and time-frame extensions.

 1. The day of Department notification that it has made a licensing decision under A.R.S. § 41-1076 and R18-1-507.

R18-1-507. Ending of Time-frames; Licensing Decisions; Withdrawal; Notice of Licensing Time-frames Nonapplicability

- A. Department notification of the grant or denial of a license ends the running of all licensing time-frames for an application.
- B. The Department may deny a license if the applicant submits incomplete or inaccurate information in response to a notice of administrative deficiencies under R18-1-503, a request for additional information or a comprehensive request for additional information under R18-1-504, a supplemental request for additional information under R18-1-509, or any other deficiency in the application that prevents the Department from exercising its authority to grant the license.
- C. The Department may deny a license if the applicant fails to respond in a reasonably timely manner to a notice of administrative deficiencies under R18-1-503, a request for additional information or a comprehensive request for additional information under R18-1-504, or a supplemental request for additional information under R18-1-509, and the deficiency in the application prevents the Department from exercising its authority to grant the license. In determining whether an applicant has failed to respond to a notice or request in a reasonably timely manner and the deficiency in the application prevents the Department from exercising its authority to grant the license, the Department shall consider the following factors:
 1. The nature of the information requested.
 2. The time that an applicant has been given in the notice or request to respond relative to the overall time-frame for that category of license.
 3. The extent to which the Department's ability to process applications for that license category or related license categories is adversely affected by overdue responses for information.
- D. Department notice of the denial of a license shall include all the following:
 1. A justification for the denial under A.R.S. § 41-1076(1).
 2. An explanation of the applicant's right to appeal the action under A.R.S. §§ 41-1076(2) and 41-1092.03(A).
 3. An explanation of the applicant's right to request an informal settlement conference under A.R.S. §§ 41-1092.03(A) and 41-1092.06.
- E. The following actions by the applicant are sufficient to end all time-frames for an application:
 1. Withdrawing the application under R18-1-517.
 2. Entering into a changed licensing time-frames agreement under R18-1-511.
- F. If the Department determines during its review of an application that the application is not subject to this Article, the Department shall notify the applicant that the application is not subject to this Article. The Department notification shall contain the Department's reason for making the determination. Department notification under this subsection causes all time-frames for the application to end.

Historical Note

R18-1-508. Licensing Time-frames Pre-application Agreements

Department of Environmental Quality – Administration

- A. An applicant and the Department may enter into a licensing time-frames pre-application agreement to allow the applicant to do one or more of the following:
1. Submit certain application components in one or more phases during the substantive review time-frame.
 2. Coordinate the licensing time-frames requirements of this Article with expedited application review by a private consultant under contract with the Department for that purpose.
 3. Coordinate the licensing time-frames requirements of this Article with an applicant's requirements to apply for and obtain other approvals reasonably related to the subject matter of the application.
- B. A licensing time-frames pre-application agreement shall contain at least the following terms:
1. Unless otherwise specified in the agreement, all requirements of this Article remain in effect.
 2. A waiver under A.R.S. § 41-1004 by the applicant of its rights to the number of time-frame days identified on the license tables in consideration of the Department allowing the applicant to enter into a licensing time-frames pre-application agreement.
 3. Identification of application components.
 4. The number of days for the administrative completeness review time-frame and the substantive review time-frame. Time spent in pre-application review shall not count toward the running of days within the time-frames.
 5. A fee adjustment, if appropriate.
 6. Identification of the license category within which the Department shall begin processing the application.
- C. A licensing time-frames pre-application agreement that allows the applicant to submit certain application components in one or more phases during the substantive review time-frame shall contain at least the terms identified in subsection (B) of this Section and the following terms:
1. The overall time-frame shall not be less than the presumptive overall time-frame identified in subsection (B)(6) of this Section.
 2. The administrative completeness review time-frame shown for the license category identified in subsection (B)(6) of this Section shall apply only to the first application phase.
 3. The applicant may submit components otherwise required for administrative completeness in subsequent phases during the substantive review time-frame only to the extent that the agreement specifies deadlines for each subsequent application phase and identifies the application components required in each subsequent phase. The Department may notify the applicant to respond to a notice of administrative deficiencies within 15 days after each subsequent submittal or the deadline identified in the agreement for each subsequent phased application component submittal.
 4. The Department may suspend the running of days within the time-frames once in each application phase with a comprehensive request for additional information on the same terms as prescribed under R18-1-504.
- D. The Department shall consider all the following factors when determining whether to enter into a licensing time-frames pre-application agreement:
1. The complexity of the licensing subject matter. The Department shall not enter into an agreement if the presumptive substantive review time-frame is less than 90 days.
 2. The resources of the Department. The Department shall not enter into an agreement if the Department determines

that either the negotiation of the agreement or the terms of the agreement are likely to require the Department to expend additional resources to the significant detriment of other applicants.

3. The impact on public health and safety or the environment. The Department shall not enter into an agreement if the Department determines that the terms of the agreement are likely to cause a significant increase or change in the nature of the potential detrimental effects of the facility or activity to be governed by the license on public health and safety or the environment.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 3343, effective August 13, 1999 (Supp. 99-3).

R18-1-509. Licensing Time-frames Supplemental Request Agreements

- A. An applicant and the Department may enter into one or more licensing time-frames supplemental request agreements to allow the suspension of the running of days within the relevant substantive review and overall time-frames and time-frame extensions pending a response from the applicant to a supplemental request for additional information under A.R.S. § 41-1075(A). A request for additional time alone is not a valid justification for a supplemental request agreement.
- B. A licensing time-frames supplemental request agreement shall contain at least the following terms:
1. Unless otherwise specified in the agreement, all requirements of this Article remain in effect.
 2. A list of the additional information requested.
 3. The running of days within the relevant substantive review and overall time-frames and time-frame extensions shall suspend and resume under Sections R18-1-504 through R18-1-506.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 3343, effective August 13, 1999 (Supp. 99-3).

R18-1-510. Licensing Time-frames Extension Agreements

- A. An applicant and the Department may enter into one or more time-frames extension agreements to extend the substantive review and overall time-frames under A.R.S. § 41-1075(B).
- B. The total of all time-frames extension agreements may extend the time-frames no more than 25% of the number of days beyond the presumptive overall time-frame or, if identified as a fixed number in an R18-1-508 pre-application agreement, the presumptive overall time-frame in that agreement. A calculation that results in a fraction of a day shall be rounded to the nearest day.
- C. A time-frames extension agreement shall contain at least the following terms:
1. Unless specified otherwise in the agreement, all requirements of this Article remain in effect.
 2. The number of time-frame extension days.
 3. The agreement creates a time-frame extension that operates under R18-1-506.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 3343, effective August 13, 1999 (Supp. 99-3).

R18-1-511. Licensing Time-frames Changed Application Agreements

- A. An applicant and the Department may enter into a licensing time-frames agreement to allow the applicant to change information previously submitted in support of a license application and to supersede the time-frames of that application with new

Department of Environmental Quality – Administration

time-frames. A changed licensing time-frames agreement causes all time-frames on the application to end under R18-1-507(D) and creates a new set of time-frames that operates under the agreement.

- B.** A changed licensing time-frames agreement shall contain at least the following terms:
1. Unless specified otherwise in the agreement, all requirements of this Article remain in effect.
 2. A waiver under A.R.S. § 41-1004 by the applicant of its rights to the number of time-frame days identified on the license tables in consideration of the Department allowing the applicant to change the information submitted in support of a changed application.
 3. Identification of application components required in support of the changed application.
 4. The number of time-frame days applicable to the changed application.
 5. A fee adjustment, if appropriate.
 6. Identification of the license category within which the Department shall continue processing the changed application.
- C.** The Department shall consider all the following factors when determining whether to enter into a changed licensing time-frames agreement:
1. The complexity of the licensing subject matter. The Department shall not enter into an agreement if the presumptive substantive review time-frame is less than 30 days.
 2. The resources of the Department. The Department shall not enter into an agreement if the Department determines that either the negotiation of the agreement or the terms of the agreement are likely to require the Department to expend additional resources to the significant detriment of other applicants.
 3. The impact on public health and safety or the environment. The Department shall not enter into an agreement if the Department determines that the terms of the agreement are likely to cause a significant increase or change in the nature of the potential detrimental effects of the facility or activity to be governed by the license on public health and safety or the environment.

R18-1-516. Reassignment of License Category

- A.** The Department may reassign an application to a different category if an evaluation of the application components indicates that a change is necessary in the category in which the application is classified. The Department shall notify the applicant of the change in the license category at which time the reassignment shall take effect. The Department notice shall contain the Department's reason for making the reassignment to a different license category. After receiving Department notification, the applicant may submit an R18-1-521 notice of intent to rely

on the license category in effect before Department notification.

- B.** If a public hearing or public meeting is requested for an application for a license that requires the Department to hold a public hearing or public meeting on a proposed licensing decision if requested, the Department shall reassign the application from a license category not providing for a public hearing or public meeting to the companion category so providing.
- C.** Reassignment may include a change from a standard to a companion complex category if such categories are shown on the license tables.
- D.** Reassignment to a new license category under this Section means only that the time-frames for the application expire on the days shown for the new license category rather than the previous category.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 3343, effective August 13, 1999 (Supp. 99-3).

R18-1-517. Application Withdrawal

Withdrawal of an application causes all time-frames for that application to end.

R18-1-518. Emergencies and Upset Conditions

- A.** The Director may declare a moratorium on the starting of time-frames for new applications or may declare a suspension of all time-frames for one or more license categories identified on the license tables upon a determination that the starting of time-frames for new applications or the continued running of days within the time-frames on existing applications in that license category is likely to result in sanctions for those applications due to emergencies including:
1. Diversion of Department resources to respond to pollution prevention emergency activity,
 2. Loss of use of premises,
 3. Computer failure, or
 4. Lack of access to a site inspection location due to weather or other natural conditions.

- C.** The Director may revoke declarations or issue successive declarations. The Director shall ensure that the duration of a time-frame moratorium or suspension under subsection (A) of the Section is limited to the shortest time necessary to address the emergency.
- D.** A declaration of a time-frame moratorium or suspension under subsection (A) of this Section affects only the operation of the time-frames and does not prohibit the Department from acceptance or continued review of license applications.
- E.** A declaration of a time-frame moratorium or suspension under subsection (A) of this Section applies only to applications and license categories that are subject to sanctions

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 3343, effective August 13, 1999 (Supp. 99-3).

If, at the time of the decision, the running of days within the time-frames is suspended:
1. A decision to rescind the identification of all application components identified in the notice shall resume the running of days within the time-frames.
 2. A decision to rescind less than all or to modify the identification of one or more application components identified in the notice, shall allow the running of days within the time-frames to remain suspended in accordance with the Department notice identified in subsections (A)(1) or (A)(2) of this Section.
- C. If, within 15 days after Department receipt of the applicant's R18-1-205 notice, the Department has not notified the applicant of a decision to rescind or modify the identification of the application component or components complained of in the notice, the running of days within the time-frames, if suspended, shall resume.

The first 30 days run concurrently with the Department's official comment period. Forty-five business days will be added to the substantive review time-frame to allow for the EPA review.

⁴ If a request for a variance is submitted to the Department, 40 CFR 124.62 requires that specific variances are subject to review by EPA. Under 40 CFR 123.44, EPA reserves the right to take 90-days to approve or deny the variance. Sixty-four business days will be added to the substantive review time-frame to allow for the EPA review.
