4. A list of all previous notices appearing in the Register addressing the adopted rule:

Notice of Proposed Rulemaking: 8 A.A.R. 1132, March 22, 2002

5. The name and address of agency personnel with whom persons may communicate regarding the rulemaking:

6. **An explanation of the rule, including the agency’s reasons for initiating the rule:**

This rulemaking updates the Department of Agriculture’s rules regarding administrative hearing practices, conforming agency practices to those of the Office of Administrative Hearings. The Department is adding the definition of “administrative law judge,” deleting the definition of “hearing officer,” and modifying the reasons under which the Director will grant a rehearing or review of an administrative law judge’s decision. The title of Article 2 is expanded to include both contested cases and appealable agency actions. This rulemaking is undertaken in response to commitments made by the Department in a five-year review of rules accepted by the Council on July 11, 2000.

7. **A reference to any study that the agency relied on in its evaluation of or justification for the rule and where the public may obtain or review the study, all data underlying each study, any analysis of the study and other supporting material:**

None

8. **A showing of good cause why the rule is necessary to promote a statewide interest if the rule will diminish a previous grant of authority of a political subdivision of this state:**

Not applicable

9. **The summary of the economic, small business, and consumer impact:**

Adoption of this rule will have an impact on the following groups:

A. **The Arizona Department of Agriculture**

The Department will use the rules of the Office of Administrative Hearings when holding a hearing at the Department, with the Director acting as an Administrative Law Judge. An internal proceeding will require the time of the Director, where in the past the option existed to appoint a hearing officer.

The Department will be responsible for the costs incurred for hearings held through the Office of Administrative Hearings.

B. **Political Subdivisions**

The implementation of this rulemaking will directly affect the caseload of the Office of Administrative Hearings.

C. **Businesses Directly Affected By the Rulemaking**

The regulated community the Department serves, and their attorneys, will be beneficially affected by the use of the uniform administrative procedures of the Office of Administrative Hearings.

10. **A description of the changes between the proposed rules, including supplemental notices, and final rules (if applicable):**

Based on comments from Council staff, minor clarifying and technical changes were made to the final rule.

11. **A summary of the principal comments and the agency response to them:**

The only comment received was a statement in support of the rulemaking by the Department’s Advisory Council. The Arizona Department of Agriculture thanks the Council for its support of this rulemaking.

12. **Any other matters prescribed by statute that are applicable to the specific agency or to any specific rule or class of rules:**

None

13. **Incorporations by reference and their location in the rules:**

The petition for disqualification shall state the facts giving rise to the disqualification.

B. The Director shall appoint a hearing officer or any substitute hearing officer to replace a disqualified or unavailable hearing officer.

C. If a substitute hearing officer is appointed, the substitute hearing officer shall use any existing record and may conduct further appropriate proceedings as the hearing officer deems to be in the interests of justice.

A statement that a party who, after notice has been given pursuant to Article 2 of this Chapter, fails to attend or participate in a hearing or prehearing proceeding is considered to have waived the right to appear and the party may be held in default or the agency may proceed without the presence of the party;
7. The names and mailing addresses of persons to whom notice is being given, including any counsel or employee who has been designated to appear for the Department;

B. A response shall specifically admit, deny, or state that the party does not have or is unable to obtain sufficient information to admit or deny each allegation in the notice of hearing. When a party intends in good faith to deny only a part of an allegation, the party shall admit so much of it as is true and shall deny the remainder.

C. Within 15 days after service of the notice of hearing, any party may file a motion for a more definite statement. Such motion shall state the respects in which and the reasons why each such matter of fact should be required to be made more definite. If the motion is granted by the hearing officer, the order granting such motion shall set the time periods in which the more definite statement, and any response thereto, shall be filed.

D. Any party requesting a negotiated settlement conference shall contact the Department either orally or in writing. If the conference is granted, the party shall be afforded the opportunity to participate or to be represented by counsel. Unless otherwise provided by law, no negotiated settlement conference or request for negotiated settlement conference shall operate as a waiver of the party’s duty to respond to the notice of hearing, to request a hearing, to raise a defense, or to stay any scheduled hearing.
R3-1-207. Prehearing Conference; Procedure and Prehearing Order Repealed
A. Upon a motion of the hearing officer or any party, the hearing officer may schedule a prehearing conference at least ten days prior to the hearing date. Within five days of completion of the filing of said motion, the hearing officer shall notify the parties of the decision to hold a prehearing conference and the date, time, and place where it will be held.
B. The hearing officer may conduct the prehearing conference to deal with:
   1. Negotiated settlement, stipulations, clarification of issues, admissions, amendments of pleadings, prehearing briefs, pretrial statements, rulings on identity and limitation of the number of witnesses, objections to proffers of evidence, use of written presentation for direct evidence, rebuttal evidence, or cross-examination;

   4. Such other matters as will promote the orderly and prompt conduct of the hearing.
C. The hearing officer may conduct all or part of the prehearing conference by telephone, television, or other electronic means so long as each party in the prehearing conference can hear and has an opportunity to participate during the entire proceeding.
D. After any prehearing conference, an order will be either entered verbally on the record or issued in writing, prior to the hearing, reciting stipulations and admissions made, actions taken, and other matters resolved. This order shall only be modified to prevent manifest injustice, as determined by the hearing officer.
E. The hearing officer may issue orders to regulate the conduct of the proceedings and limiting the issues to those raised in the pleadings whether or not a prehearing conference is held.

R3-1-208. Procedures for Motions Repealed
A. Motions calling for determination of any matter of law shall be filed with the hearing officer in writing.

D. The time limits for motions, responses, and replies may be shortened or extended by the hearing officer.
E. Motions shall be considered on the written materials submitted by the parties. No written pleading shall exceed 15 pages in length unless permitted by the hearing officer. No oral argument shall be heard on such motions unless requested by a party and the hearing officer so directs.
F. Except as provided in subsection (A), motions and objections made during the course of the hearing may be made orally. Objections to the admission or exclusion of evidence shall be made on the record, shall be brief, and shall state the ground for the objection.

R3-1-209. Filing; Computation of Time; Extension of Time Repealed

C. All documents required to be filed may be transmitted by regular or express mail, or otherwise delivered to the Director. Service thereof shall be made simultaneously on all parties to the proceeding, pursuant to R3-1-211. A document shall be considered to be filed on the date received by the Director. When a pleading is mailed, any limitation on the time in which a response may be made thereto shall be increased by five days.
D. In computing any period of time prescribed or allowed by these rules, the day of the act, event, or default after which the designated period of time begins to run shall not be included. The last day of the period shall be included unless it is Saturday, Sunday, or a legal holiday, in which event the period runs until the end of the next day which is neither Saturday, Sunday, nor a legal holiday. When the period of time prescribed or allowed is less than seven days, intermediate Saturdays, Sundays, and legal holidays shall be excluded in the computation.
E. For good cause shown, the hearing officer may grant continuances and extensions of time.

R3-1-210. Record of Hearings Repealed
The Director shall maintain the record in a hearing as prescribed in A.R.S. § 41-1061(E). Upon completion of the hearing, the Director shall maintain the docket and the records for three years.

A. Service of process by the party responsible for filing shall be required with respect to notices of hearing issued under this Article. The original shall be filed with and retained by the Director, pursuant to R3-1-210.
B. Unless otherwise provided by law, service of process for notices of hearing shall be sufficient if made by personal service or by certified mail to the last known address of record of the person being served or, if served on a corporation, partner.
ship, or association, the personnel service is made upon the statutory agent, corporate officer, partner, owner, co-owner, or agent.

G. All other pleadings, notices, decisions, and orders subsequent to the notice of hearing shall be served on each of the parties. Service shall be made by personal service or by regular mail to the last known address of record of the party or the party’s counsel. Service by regular mail is complete upon mailing.

D. The following shall establish proof of service:

1. If transmitted by certified mail, the return of the signed return receipt; or

A. A person seeking to intervene in a proceeding shall do so at least 25 days prior to a hearing. A person seeking to intervene in any hearing shall file a written petition for intervention with the hearing officer and serve the petition on each party. A petition shall state facts demonstrating that the petitioner’s legal rights, duties, privileges, immunities, or other legal interests may be substantially affected by the proceeding.

B. Any party may file a response to the petition for intervention within five days of service of the petition upon the party. A copy of the response shall be served upon each party and on each petitioner.

C. A petition for intervention may be granted upon a determination that the petition complies with the requirements in subsection (A) and that the intervention sought is in the interests of justice, will not unduly broaden the scope of the inquiry, and will not impair the orderly and prompt conduct of the proceedings.

D. The hearing officer shall rule on the petition for intervention and shall notify the petitioner and all parties of the decision at least 15 days prior to the hearing date.

E. The hearing officer may continue the hearing, provide for a prehearing conference, or both, to give a party a specific amount of time to file a response to the petition for intervention or prepare for the hearing.

R3-1-214. Subpoenas Repealed

A. Unless otherwise required by law, a request for subpoena shall be in writing, filed with the Director, and served on each party at least seven days prior to the date of hearing. The request shall state the following:

2. The facts expected to be established by the person or document subpoenaed, as needed to determine relevancy and materiality of the testimony or document sought.

B. If more than two subpoenas are requested to establish a single fact in dispute, the request for subpoena shall state the reason why the additional subpoena is not repetitive.

G. The person to whom a subpoena is directed shall comply with its provisions unless, prior to the date set for hearing, the hearing officer quashes or modifies the subpoena. G. The hearing officer may conduct all or part of the hearing by telephone, television, or other electronic means, so long as each party has an opportunity to participate in the entire proceeding as it takes place.

D. All hearings are open to public observation, except where closed pursuant to an express provision of law. Upon motion of any party, the hearing officer may exclude any witness from the hearing until after that witness has testified.

E. All hearings shall be recorded or transcribed by a court reporter. Transcripts of the hearing shall be arranged and paid for by the person seeking the transcripts.
R3-1-216. Evidence Repealed

A. All witnesses at a hearing shall testify under oath or affirmation. All parties shall have the right to present such oral or documentary evidence and to conduct such cross-examination as may be required for a full and true disclosure of the facts. The hearing officer shall receive relevant, probative, and material evidence, rule upon offers of proof, and exclude all evidence the hearing officer has determined to be irrelevant, immaterial, or unduly repetitious. Unless otherwise prohibited by statute, the hearing officer may admit oral or written testimony regarding a statement made by another person, even if it would be inadmissible in a civil court trial.

B. Unless otherwise ordered by the hearing officer, documentary evidence shall be limited in size when folded to 8 1/2 x 11 inches. The submitting party shall furnish a copy of each documentary exhibit to each party of record present, and the original document plus one additional copy shall be furnished to the Director, unless the Director or hearing officer otherwise directs. When a relevant and material matter offered in evidence by any party appears in a larger work containing other information, the party shall plainly designate the offered matter. If the offered matter is in such volume as would unnecessarily encumber the record, such book, paper, or document shall not be received in evidence but may be marked for identification and, if properly authenticated, the relevant and material matter may be read into or photocopied for the record.

C. All documentary evidence offered shall be subject to appropriate and timely objection or by any order of the hearing officer.

D. When ordered by the hearing officer, the parties shall exchange copies of exhibits prior to or at the hearing.

R3-1-217. Recommended Decision; Objections to Proposed Draft of Recommended Decision; Director’s Decision Repealed

A. The hearing officer may draft the findings of fact and conclusions of law or allow each party the opportunity to submit proposed findings of fact and conclusions of law within ten days after the conclusion of the hearing.

B. The hearing officer shall render a decision which separately states findings of fact and conclusions of law based on evidence presented at the hearing. Experience, technical competence, or specialized knowledge of the hearing officer may be utilized in evaluating evidence.

C. The hearing officer shall render a decision, or recommended decision, within 30 days after conclusion of the hearing. If the hearing officer is not the Director, the Director shall render a decision within 15 days after receipt of a recommended decision of the hearing officer.

R3-1-218. Rehearing or Review of Decision; Basis

A. Unless as otherwise provided by law or rule, any party to a hearing before the Department who is aggrieved by a decision rendered in such case may file with the Director a written request for rehearing or review of the decision within 15 days after the date of the decision. The request shall specify the particular grounds for rehearing or review. The requesting party shall serve copies upon all other parties in compliance with Section R3-1-211. A request for rehearing or review under this rule may be amended at any time before it is ruled upon by the Director.

B. Any party may file a response to the request for rehearing.

C. Any party may request oral argument on the request for rehearing.

D. A rehearing or review of the decision may be granted for any of the following causes which materially affect the requesting party’s rights:
   1. Irregularity in the proceedings or any abuse of discretion whereby the requesting party was deprived of a fair hearing;
   2. Misconduct of the Department, the hearing officer, or the prevailing party;
   3. Accident or surprise which could not have been prevented by ordinary prudence;
   4. Newly discovered material evidence which could not, with reasonable diligence, have been discovered and produced at the original hearing;
   5. Excessive or insufficient penalties;
   6. Error in the admission or rejection of evidence or other errors of law occurring during the proceedings;
   7. That the decision is the result of passion or prejudice; or
   8. That the decision is not supported by the evidence or is contrary to law.

E. Upon review of a request for rehearing and any response thereto, the Director may affirm or modify the decision or grant a rehearing. An order granting a rehearing shall specify with particularity the grounds on which the rehearing is granted, and the rehearing shall cover only those matters specified. All parties to the hearing may participate as parties at any rehearing.

D. Within 15 days after a decision is rendered, the Director may, on the Director’s own initiative, order a rehearing or review of a decision for any reason for which a rehearing or review of a decision might have been granted. The order granting such a rehearing shall specify the grounds for the review of the decision.

A. A party may file a motion for rehearing or review under A.R.S. § 41-1092.09.
B. The Director shall grant a rehearing or review of an administrative law judge’s decision for any of the following causes materially affecting the moving party’s rights:

1. The decision is not justified by the evidence or is contrary to law.
2. There is newly discovered material evidence which could not with reasonable diligence have been discovered and produced at the original proceeding.
3. One or more of the following has deprived the party of a fair hearing:
   a. Irregularity or abuse of discretion in the conduct of the proceeding;
   b. Misconduct of the Department, the administrative law judge, or the prevailing party; or
   c. Accident or surprise which could not have been prevented by ordinary prudence.
4. Excessive or insufficient sanction.

C. The Director may grant a rehearing or review to any or all of the parties. The rehearing or review may cover all or part of the issues for any of the reasons stated in subsection (B). An order granting a rehearing or review shall particularly state the grounds for granting the rehearing or review, and the rehearing or review shall cover only the grounds stated.

R3-1-219. Effectiveness of Orders

A. In accordance with R3-1-218, a decision becomes a final order 15 days after the decision is issued by the Director or the hearing officer, unless a party has filed a petition for review or reconsideration or unless otherwise stated.

B. If, in a particular decision, the Director or the hearing officer makes specific findings that the immediate effectiveness of such decision is necessary for the immediate preservation of the public peace, health, and safety, the decision may be issued as a final decision without an opportunity for reconsideration. If a decision is issued as a final decision without an opportunity for reconsideration, any application for judicial review of the decision shall be made within the time limits permitted for application for judicial review of the final decision.

6. An explanation of the rule, including the agency’s reasons for initiating the rule:

   R13-4-101 amends several definitions to clarify rules and improve procedures.
   R13-4-102 amends the rule governing the operation of the Arizona Peace Officer Standards and Training Board to reflect changes in enabling statutes.
   R13-4-103 deletes constables from the exemption from certification and renames peace officer categories in a more meaningful way. The deletion is made to bring the rule into compliance with an Attorney General’s opinion concerning the statutory basis for the rule. This rule also sets forth the procedures for applying for certification and the applicable time-frames.
   R13-4-104 establishes the concept of lapse of certification. It clarifies the time of inactivity before lapse and states that lapse in one category is not contingent upon certification in another.
   R13-4-105 maintains the same minimum qualifications for appointment. It permits an agency to make a conditional offer of employment prior to the medical examination to comply with the Americans with Disabilities Act. It requires the use of a polygraph examination to verify the applicant’s statements of background and qualifications. It also corrects the reference to Arizona Department of Corrections rules that have been repealed.
   R13-4-106 clarifies the background investigation requirements by specifying actions required of the applicant and the appointing agency, including the parameters of the polygraph examination.
   R13-4-107 updates the medical requirements for peace officers to comply with the Americans with Disabilities Act and simplifies the procedure to allow the use of a Board-trained physician to review diagnoses of a non-Board trained physician.
   R13-4-108 lengthens the time for retention of agency records to better serve the public policy behind A.R.S. § 41-1828.01.
   R13-4-109 simplifies the causes for disciplinary action, removes suspension for failure to complete continuing training, and clarifies that failure to request a hearing constitutes a waiver of the right to a hearing.
   R13-4-109.1 adds provisions that permit the Board to restrict the duties of a peace officer if the officer fails to complete the required continuing and proficiency training or firearms qualification.
   R13-4-110 incorporates the new peace officer category classifications and creates a two-track testing process for waiver of the peace officer basic course. This process will allow peace officers with ample recent training and experience to take a test covering only Arizona-specific topics and those with less experience or training, or less recent experience or training, to take a comprehensive test of the entire basic peace officer course.
   R13-4-111 clarifies the training and firearms requirements for retaining peace officer certification. It also establishes the process by which outside vendors may provide the required training.
   R13-4-112 contains the statutorily required time-frames.
   R13-4-113 is repealed and all requirements are now incorporated in R13-4-111.
R13-4-114 specifies the components necessary for approval as a Board prescribed course, including instructor requirements and categories, and curriculum details.

R13-4-115 regarding certified schools is being eliminated because the Board determined it was not necessary to maintain certified schools in order to conduct effective and efficient in-service training.

R13-4-116 eliminates codified curricula for two categories of peace officers due to the lack of job-task analysis validation information. It also incorporates those items from the repealed R13-4-115 that apply to academies and adds disciplinary provisions and cessation of approval for academies.

R13-4-117 is amended to reflect changes in terminology and appropriate writing style.

R13-4-118 increases the time in which to request a rehearing or review to 30 days, and to 15 days for a response, to comply with court decisions, and is amended to ensure conformity with current laws.

R13-4-201 conforms the definition of “experimentation with drugs” to the Article 1 definition.

R13-4-202 amends the reference to medical examinations to reflect the exemption from rulemaking granted the Department of Corrections several years ago and where applicable, be consistent with R13-4-105.

R13-4-203 conforms this Section with R13-4-106, where applicable.

R13-4-204 conforms this Section with the applicable Sections of Article 1.

R13-4-205 provides flexibility to the Board and the Department of Corrections by eliminating the requirement that the approved curriculum for state correctional officers be 285 hours and incorporates a time-frame for the issuance of a certificate of completion. This Section now conforms to the applicable portions of R13-4-111 and R13-4-116.

R13-4-206 is amended to reflect appropriate writing style and to incorporate the requirements of R13-4-207.

R13-4-207 is repealed and all requirements incorporated into R13-4-206.

R13-4-208 clarifies that additional training is not needed for waiver applicants.

7. A reference to any study that the agency proposes to rely on in its evaluation of or justification for the proposed rule and where the public may obtain or review the study, all data underlying each study, any analysis of the study and other supporting material:
   None

8. A showing of good cause why the rule is necessary to promote a statewide interest if the rule will diminish a previous grant of authority of a political subdivision of this state:
   Not applicable

9. The summary of the economic, small business, and consumer impact:
   This economic, small business and consumer impact statement analyzes the costs, savings and benefits that accrue to the Board, law enforcement agencies, licensees, and the public.
   
   With the adoption of the proposed rules, the impact on the established Board procedures, Board staff time, and other administrative costs is minimal. The benefits to the Board and its compliance and office staff are moderate with respect to the savings due to elimination of a contracted medical consultant, and minimal with respect to all other changes.
   
   The costs to law enforcement agencies will increase minimally for polygraph and recordkeeping and decrease moderately for medical reviews. The benefits are largely non-quantifiable. Agencies will benefit from excellent pre-hire screening methods. Experience shows fewer injuries and law suits when medically and ethically suitable persons are selected to be peace officers.
   
   The public benefit is non-quantifiable and results from clear and concise standards, and from having peace officers that are selected on the basis of sound background investigations and medical examinations. There is no change in the costs or benefits to the licensee, other than the benefit of clear application procedures and time-frames.

10. A description of the changes between the proposed rules, including supplemental notices, and final rules (if applicable):
    Changes have been limited to grammar, spelling, word choice, and format.

11. A summary of the principal comments and agency response to them:
    Two constables who are in litigation with Maricopa County objected to the rule change in R13-4-103(B), which removes the constables’ exemption from the requirement that peace officers be certified. They sent written comments, copy attached, and spoke at the public hearing. The proposed rule remains the same, as there is an Attorney General’s opinion that states that constables are not exempt from the requirement of certification of peace officers under A.R.S. § 41-1823.
    
    It is important to note that most constables perform their duties without being certified, and the proposed change does not prevent them from doing any of their duties. There are constables who have sought and obtained certification, as
they believe they can provide better service to the public if they have peace officer certification, but peace officer certification is not required.

12. Any other matters prescribed by statute that are applicable to the specific agency or to any specific rule or class of rule:
A.R.S. § 41-1823(A) requires rules that prescribe minimum qualification requirements for law enforcement officers (which includes R13-4-103, R13-4-104, R13-4-105, R13-4-106, R13-4-107, R13-4-110, and R13-4-111) be effective six months after filing with the Secretary of State.

13. Incorporations by reference and their location in the rules:
None

14. Was this rule previously made as an emergency rule?
No

15. The full text of the rule follows:

6. **An explanation of the rule, including the agency’s reasons for initiating the rulemaking:**

   The Arizona Department of Transportation, Motor Vehicle Division, “MVD,” is implementing an A.R.S. § 28-374 allowed provision to require alternative payment method by electronic funds transfer for entities owing more than $20,000 annually in motor vehicle or use fuel taxes. The program is also offering voluntary electronic funds transfer service as an option for other entities or payers as approved by the director.

7. **A reference to any study that the agency relied on its evaluation or justification for the rule, and where the public may obtain or review the study, all data underlying each study, any analysis of the study and other supporting material:**

   None

8. **A showing of good cause why the rule is necessary to promote a statewide interest if the rule will diminish a previous grant of authority of a political subdivision of this state:**

   Not applicable

9. **The summary of the economic, small business, and consumer impact:**

   ADOT does not impose any direct agency-based costs on any entity with these rules. While there is a potential for lost revenue in interest earnings, larger payers recognize and overall savings in the convenience and reduction in employee hours to make remittances through electronic funds transfer. Under the former payment system, payers remitted largely by issue of hardcopy checks. Taxpayers benefit by being able to take advantage of electronic payment methods thereby providing a less paper-oriented environment and potentially saving administrative costs and mailing concerns. For the recommended transfer method, ACH debit, ADOT assumes the set-up costs for the remitting party. Contracted competitive government third parties will benefit through voluntary participation and a less manual process for meeting daily deposit requirements formerly made almost exclusively by hardcopy checks. The Highway User Revenue Fund, “HURF,” benefits through more direct and timely payment of tax liabilities and increased earnings on net revenues. Costs are netted against earnings in the HURF. This results in an overall benefit to the citizens of the state.

10. **A description of the changes between the proposed rules, including supplemental notices, and final rules (if applicable):**

    A typographical error was corrected in R17-1-406 which had been erroneously designated R17-4-406. The title of this Section was also changed from “Procedures for Payment” in the proposed rule to “Payment Procedures” in the final rule.

    The agency made other minor format, lexical, and structural changes to bring the rules into compliance with the Arizona Administrative Procedure Act and upon recommendations made by Governor’s Regulatory Review Council staff.
11. A summary of the principal comments and the agency response to them:
   The agency received only one comment on this rulemaking. The commenter, on behalf of a large oil company, suggested that if electronic transfer problems occur with a payer’s opt-in ACH credit method that perhaps an alternative wire transfer could also be permitted in order to ensure meeting a payment deadline. The agency’s program responded that in cases of necessity, a wire transfer would be acceptable assuming the payer first obtains the agency program’s verbal approval. The program did not make any change in rule language resulting from the comment, but rather maintains that latitude for emergency change in transfer method is not contrary to regulatory provisions as proposed.

12. Any other matters prescribed by statute that are applicable to the specific agency or to any specific rule or class of rules:
   Not applicable

13. Incorporations by reference and their location in the rules:
   None

14. Was this rule previously adopted as an emergency rule?
   No

6. An explanation of the rule, including the agency’s reasons for initiating the rule:
   The Arizona Department of Transportation, Motor Vehicle Division (“Division”) amended the medical general provisions rule for clarity and conciseness. The Division made a new definitions Section at R17-4-501, deleting the R17-4-502(A) definitions subsection. Additionally, the Division added Exhibit A, the medical screening questions and certification on the Arizona driver license application.

   Recodification of Title 17 of the Arizona Administrative Code, effective July 20, 2001, renumbered the medical general provisions rule to R17-4-502 from R17-4-521. The recodification also renumbered former R17-4-501 to R17-5-706, making R17-4-501 available for the new definitions Section. All Title 17 references in proposed R17-4-502 reflect numbering consistent with the recodification. The recodification also changed:
   • The Chapter 4 heading to “Department of Transportation Title, Registration, and Driver Licenses” from “Department of Transportation Motor Vehicle Division,” and
   • The Article 5 heading to “Safety” from “Driver Licenses”.

   These final rules state the Division’s process to medically screen, for safe motor vehicle operation, people requesting or holding an Arizona driver license. The final rules notify the public that an Arizona driver license requires disclosure of any visual, physical, psychological, or substance-related conditions that may affect a person’s ability to operate a motor vehicle safely. By tying condition disclosure to safe operating ability, the rules and Exhibit A minimize inconvenience and cost to driver license applicants and licensees.
7. A reference to any study that the agency relied on in its evaluation of or justification for the rule, and where the public may obtain or review the study, all data underlying each study, any analysis of the study and other supporting material:

None

8. A showing of good cause why the rule is necessary to promote a statewide interest if the rule will diminish a previous grant of authority of a political subdivision of this state:

Not applicable

9. The summary of economic, small business, and consumer impact:

In this summary:

- “Minimal” means less than $1000,
- “Moderate” means between $1000 and $10,000, and
- “Substantial” means more than $10,000.

The Division incurs substantial costs to review driver license applications, to maintain and review licensees’ driving records, and to run the medical screening process. The medical screening process fulfills the Division’s statutory obligations, protects the public, and keeps some people with disabilities mobile.

The Arizona Attorney General’s Office incurs substantial costs to represent the Division in proceedings for judicial review of the licensing actions by the Division based on the medical screening process. The Attorney General’s Office fulfills its statutory representation of the Division and participates in driver license applicants’ and licensees’ exercise of their due process rights.

Like other third-party payers, the State Compensation Fund, a public entity established under A.R.S. § 23-981 to provide workers’ compensation coverage to Arizona employers and to pay compensation and expenses for workers’ job-related injuries and occupational diseases, incurs substantial costs to provide payments for vehicle modification and for driver rehabilitation specialists’ services to drivers with disabilities from job-related injuries or occupational diseases. The substantial benefit of keeping some people with disabilities mobile and working offsets these costs. Workers’ compensation insurance premiums received by the State Fund under A.R.S. Title 23, Chapter 6 also offset payments for vehicle modification and driver rehabilitation specialists’ services.

The Department of Economic Security Rehabilitation Services Administration (RSA) provides vocational rehabilitation services under A.R.S. Title 23, Chapter 3. Section 23-501(8) defines “vocational rehabilitation service” to include transportation “necessary to enable a disabled person to engage in a remunerative occupation....” As a governmental third-party payer, the RSA incurs substantial costs to provide payments for vehicle modification and driver rehabilitation specialists’ services, for vocational purposes, to some Arizona residents with disabilities. The substantial benefit of keeping some people with disabilities mobile and working offsets these costs. Note that the United States Department of Veterans Affairs also may provide payments to some Arizona veterans for vehicle modification and driver rehabilitation for disabilities connected to military service.

Although the preliminary economic impact summary indicated that the Division’s medical screening process affects the Board of Behavioral Health Examiners, the Board provided information that it does not receive increased requests for certification from substance abuse counselors because of the Division’s medical screening process. By statute, the Division may require substance abuse evaluations prepared by Board-certified substance abuse counselors (CSACs) or other appropriate professionals for some driver license applicants and licensees as part of the medical screening process. Of the approximately 1200 CSACs in Arizona, only a small number prepare Division-required substance abuse evaluations. (Approximately 12 counseling businesses advertise preparation of the substance abuse evaluations in the Phoenix, Arizona Yellow Pages.) Therefore, the Division’s medical screening process does not measurably affect the Board’s staffing and application processing costs or the amount of certificate issuance and renewal fees, authorized by A.R.S. § 32-3272, that the Board receives.

The DPS and local law enforcement agencies provide secondary enforcement of the driver license requirement and of driver license restrictions. A law enforcement officer who stops a driver for speeding also may issue a citation under A.R.S. § 28-3480 for operating a vehicle in violation of a driver license restriction, such as failure to have a steering wheel spinner device. The Division’s medical screening process does not result in additional costs to DPS or to other Arizona law enforcement agencies.

The Rotary Clubs, Arthritis Foundation, or other non-profits may provide some payment for vehicle modification and driver rehabilitation in Arizona. Medical insurance carriers also may provide these payments, but rarely do so in Arizona. Like the State Compensation Fund and the RSA, these non-governmental third-party payers incur substantial costs to provide payments for vehicle modification and for driver rehabilitation specialists’ services to drivers with disabilities. The substantial benefit of keeping some people with disabilities mobile offsets these costs.

Vehicle manufacturers incur substantial costs to provide rebates (generally $1000) to drivers with disabilities who buy new vehicles for modification to accommodate disabilities. The substantial benefit of vehicle sales offsets rebate costs. Vehicle manufacturers and dealers also benefit substantially from drivers with disabilities who buy vehicles...
with factory-installed “options” that accommodate disabilities such as automatic transmission, power steering, power brakes, or power seats. The cost of these options varies with the vehicle make and model.

Vehicle modifiers receive substantial benefits for installing adaptive equipment in vehicles for people with disabilities.

Certified substance abuse counselors (CSACs) receive moderate to substantial benefits for preparing substance abuse evaluations for driver license applicants and licensees required to obtain these evaluations during the Division’s medical screening process.

Driver rehabilitation specialists conduct driving evaluations of people with disabilities and instruct these people in driving safely with disabilities and with adaptive equipment. Driver rehabilitation specialists receive substantial benefits for providing these services. The benefits to driver rehabilitation specialists and the concomitant costs to driver license applicants, licensees, or third-party payers do not directly result from the Division’s medical screening process, which does not require a driver rehabilitation specialist’s evaluation or instruction by a driver rehabilitation specialist. However, some vehicle modifiers require a driver rehabilitation specialist’s evaluation and instruction and a doctor’s prescription for vehicle adaptive equipment. Some driver license applicants or licensees voluntarily use driver rehabilitation specialists’ services.

Through the medical screening process the Division identifies a driver license applicant or licensee who is an alcoholic, drug dependent, visually disqualified, physically disqualified, or psychologically disqualified from driving. The Division then takes the appropriate action to deny or withdraw the person’s Arizona driving privilege or Arizona driver license. The Division’s medical screening process removes unsafe drivers from Arizona roads, lowering the indemnification exposure of insurance companies that write motor vehicle policies. Although the Division cannot determine the exact amount of insurance companies’ indemnification savings, it is a substantial amount.

These final rules and the Division’s medical screening process regulate applicants for Arizona driver license applicants and licensees. These final rules and the Division’s medical screening process do not regulate the not-for-profit entities or the for-profit businesses identified in this economic impact summary. However, the identified businesses ultimately benefit from the Division’s medical screening process.

The general public benefits from the Division’s medical screening process that helps reduce motor-vehicle-accident-related property damage, physical injuries, and deaths. The Division cannot determine the dollar value of safer Arizona roads, but it is a substantial amount.

An Arizona driver license applicant or licensee may have time and monetary costs from examinations, evaluations, and interviews required by the Division’s medical screening process. Additional costs arise from vehicle modification to accommodate particular physical disabilities, from a driver rehabilitation specialist’s services, and from obtaining a doctor’s prescription for vehicle adaptive equipment. Other costs to applicants, licensees, and family members, such as the expense and inconvenience of obtaining or providing alternative transportation, may arise in the medical screening process.

Under A.R.S. §§ 28-3153(A)(7) through 28-3153(A)(9), 28-3153(A)(11), 28-3306(A)(5), and 28-3315(H), to obtain and keep an Arizona driver license a person must have the visual, medical, and psychological ability to operate a motor vehicle safely. The Division’s medical screening process gives effect to the statutory requirement, increasing safety on the Arizona roads. The important benefits of increased safety and keeping disabled people mobile, along with the pecuniary benefits to vehicle manufacturers and dealers, to motor vehicle insurers, to vehicle adaptation businesses, to driver rehabilitation businesses, and to CSAC businesses outweigh the medical screening process costs to driver license applicants, licensees, family members, third-party payers, and the Division.

10. A description of the changes between the proposed rules, including supplemental notices, and final rules (if applicable):

The Division made the following technical changes to make the rules more clear, concise, and understandable:

- Added the word “visual” to R17-4-501(7), R17-4-501(10)(a), R17-4-502((A)(1), R17-4-502(B)(3)(a), R17-4-502(B)(3)(b), and R17-4-502(B)(5)(c);
- Added the phrase “or appropriate specialist” to R17-4-501(10)(a);
- Added the word “appropriate” to R17-4-501(10)(b);
- Changed the statutory citation in R17-4-501(18)(b) from A.R.S. § 36-2501(3) to A.R.S. § 36-2501(A)(3);
- Changed the first line of R17-4-501(10) to “‘Evaluation’ means an assessment, to determine whether a disqualifying medical condition exists,” from “‘Evaluation’ means an assessment of” and deleted subsection (10)(d); and
- Moved R17-4-502(B)(5)(d) to subsection (B)(6);

6. Upon receipt of the notification required under subsection (B)(5), the Division will require the licensee to:

- Complete the medical screening questions and certification on the application, and
- Continue with the screening process for safe operation of a motor vehicle.
Other grammatical and clerical changes were made based on suggestions from G.R.R.C. staff.

   Please visit the ADOT web site to track progress of this rule and any other agency rulemaking matters at www.dot.state.az.us/about/rules/index.htm.

6. An explanation of the rule, including the agency’s reasons for initiating the rulemaking:
   MVD engages in this rulemaking to incorporate sections of the 2001 edition of the 49 CFR by reference into Arizona Motor Carrier Safety and Hazardous Materials Transportation administrative rules. For purposes of clarity, general definitions are moved to a new Section, R17-5-201, created just for definitions.
   This rulemaking also introduces two amendments:
   1. In R17-5-203(B)(3), an additional provision redefines Commercial Motor Vehicle to include operation for interstate commerce with a gross vehicle weight greater than 10,001 pounds. Compliance to federal regulations is already required for this provision under 49 CFR 390.5; but statewide law enforcement wishes specifically to codify the provision in rule language to reinforce compliance with Motor Carrier Safety Assistance Program “MCSAP” requirements on the state level and ensure receipt of MCSAP grant funding.
   2. In R17-5-208(6)(a), language is deleted to help reduce confusion concerning medical reporting requirements for insulin dependent diabetics applying for a CDL under the waiver pilot program. The applicant must report hypoglycemic insulin reactions that occurred within a 12-month period before applying for a CDL. The Medical Review Program of MVD has maintained this standard since the initiation of the pilot program, but has encountered repeated misunderstanding of actual requirements by prospective applicants and reporting physicians.
   Other minor amendments are made to reflect modifications in 49 CFR 2001 section naming and numbering. This rulemaking does not arise from a five-year review but is an annual update.
7. A reference to any study that the agency relied on its evaluation or justification for the rule, and where the public may obtain or review the study, all data underlying each study, any analysis of the study and other supporting material:
   None

8. A showing of good cause why the rule is necessary to promote a statewide interest if the rule will diminish a previous grant of authority of a political subdivision of this state:
   Not applicable

9. The summary of the economic, small business, and consumer impact:
   The economic impact of this rulemaking is negligible. No substantial changes are introduced since the last rulemaking, effective July 12, 2001. The new Section and amendments in this rulemaking provide minimal benefit to the agency and regulated persons in reduction of confusion and employee time required to clarify regulatory provisions.

10. A description of the changes between the proposed rules, including supplemental notices, and final rules (if applicable):
    One minor correction was made in R17-5-209(A)(1)(a) to bring rule language into agreement with the Subchapter A title according to the 2001 49 CFR. Other minor grammatical, sentence structure, and syntactical changes were made upon recommendations by the Governor’s Regulatory Review Council staff.

11. A summary of the principal comments and the agency response to them:
    The agency received no comments on this rulemaking.

12. Any other matters prescribed by statute that are applicable to the specific agency or to any specific rule or class of rules:
    None

13. Incorporations by reference and their location in the rules:
    In R17-5-202, subsection (A):
    In R17-5-209, subsection (A):

14. Was this rule previously adopted as an emergency rule?
    No
