Effective August 30, 2004, the Administration amended the premium requirements for persons enrolled on or before July 1, 2004 who were required to pay the premium required by R9-31-1402(B). This change by the Administration would not discontinue eligibility until the Administration has not received premium amounts due for the past two months and the current month by the 15th day of the month in which the Administration sends the adverse action notice. Prior to July 1, 2004, enrolled persons with household income between 100% and 150% of the federal poverty level were not subject to a premium requirement. The Administration granted an extended "grace" period for enrolled persons who were required to pay the new premium as of July 1, 2004, because the Administration had reason to believe that a significant portion of the enrolled persons who would have been discontinued due to the new premium may not have understood the requirement for the premium and the consequences of non-payment.

Since the August 30, 2004 amendment, the Administration has undertaken efforts to contact the effected households and provide them with information regarding the new obligations. While the Administration expects compliance with new premium requirement and a two-month grace period, the Administration does not wish to unduly penalize persons adversely affected by the premium change in July 1, 2004. Therefore, this amendment is being made to "grandfather" those enrolled members but to require enrolled person not in the grandfathered group to comply with the premium requirements and the two-month grace period.

This rulemaking is exempt from the provisions of Title 41, Chapter 6 under Laws 2003, Chapter 265, § 54.
