**To Spend Money from the Health Crisis Fund on Congenital Syphilis Education Campaign**

[M07-401]

**WHEREAS**, Arizona has had one of highest rates of congenital syphilis in the United States for the last four years and congenital syphilis causes significant morbidity and/or death in the affected infant; and

**Semiannual Index**

**WHEREAS**, detection and treatment of syphilis in pregnant women can prevent infection in the unborn child; and

**WHEREAS**, pregnant women with undiagnosed syphilis may experience stillbirth or birth of an infant with congenital abnormalities such as meningitis, brain damage, skeletal abnormalities, heart defects, and other organ abnormalities; and

**WHEREAS**, many women giving birth to infants with congenital syphilis during the previous four years did not receive adequate syphilis testing during pregnancy; and

**WHEREAS**, education of healthcare providers regarding the need for syphilis testing at the first prenatal visit and during the third trimester will increase testing for syphilis in pregnancy and allow for treatment to prevent congenital syphilis; and

**WHEREAS**, education of pregnant women regarding the need for syphilis testing at the first prenatal visit and during the third trimester will increase test-seeking behavior and increase the detection rates of syphilis early in pregnancy; and

**WHEREAS**, implementing an education campaign targeting medical providers and women of childbearing age will increase the number of pregnant women in Arizona that are tested for syphilis during their pregnancy, thereby providing more opportunities for early treatment and prevention of congenital syphilis in newborns; and

**WHEREAS**, these circumstance are neither a contingency nor an emergency pursuant to A.R.S. § 35-192 because they require neither state-municipal resource coordination nor Department of Emergency and Military Affairs assistance;

**NOW, THEREFORE**, I, Janet Napolitano, Governor of the State of Arizona, by virtue of the authority vested in me by the Arizona Constitution and the laws of the State, declare a significant potential for a health crisis in the State, and hereby order as follows:

1. Pursuant to A.R.S. § 36-797, the sum of one-hundred thousand dollars (\$100,000.00) shall be transferred from the Health Crisis Fund to the Department of Health Services to increase education and the availability of syphilis testing for pregnant women in Arizona.
2. The Department of Health Services shall expend all moneys transferred pursuant to this Order on measures to increase education and the availability of syphilis testing for pregnant women during the first prenatal visit and during the third trimester of pregnancy and the Department shall report to the Legislature and the Governor by June 30, 2008 on the expenditure of all sums so transferred.

**Executive Order 2007-14**  
**To Spend Money from the Health Crisis Fund on Tuberculosis (TB) Control Interventions**

[M07-402]

**WHEREAS**, TB is a world-wide health problem with an estimated one out of three people in the world being infected with TB; and

**WHEREAS**, cases of multidrug resistant TB (MDR-TB) and extensively drug resistant TB (XDR-TB) are increasing in the world, in the United States, and in Arizona; and

Semiannual Index

WHEREAS, Arizona alone has seen a 12% increase in TB cases over the last year; and

WHEREAS, on a yearly average Arizona has 17 cases of isoniazid TB, 1-2 cases of MDR-TB and has recently identified its first case of XDR-TB in 2007; and

WHEREAS, XDR-TB has an extremely high fatality rate and both XDR-TB and MDR-TB are extremely expensive to treat; and

WHEREAS, giving patients daily TB medications by Direct Observed Therapy (DOT) where health care workers travel to patients' homes to administer the TB medications is an essential component of ensuring proper TB treatment so that MDR-TB and XDR-TB do not develop; and

WHEREAS, approximately 10% of all TB patients in Arizona in 2006 were homeless, and less likely to complete TB therapy properly, thereby increasing the risk of developing MDR-TB and DR-TB; and

WHEREAS, TB spreads rapidly in homeless shelters unless rapid diagnosis of active TB disease is made; and

WHEREAS, it has been proven that when homeless shelters offer chest X-rays, the spread of TB in the shelters is greatly reduced; and

WHEREAS, these circumstances are neither a contingency nor an emergency pursuant to A.R.S. § 35-192 because they require neither state-municipal resource coordination nor Department of Emergency and Military Affairs assistance;

NOW, THEREFORE, I, Janet Napolitano, Governor of the State of Arizona, by virtue of the authority vested in me by the Arizona Constitution and the laws of the State, declare a significant potential for a health crisis in the State, and hereby order as follows:

1. Pursuant to A.R.S. § 36-797, the sum of two hundred ninety-five thousand dollars (\$295,000.00) shall be transferred from the Health Crisis Fund to the Department of Health Services to provide resources to improve screening, diagnosing, and treating TB for vulnerable populations and the general public, including by purchasing a portable, digital X-ray machine for diagnosing TB in homeless shelters and among other vulnerable populations throughout the state.
2. The Department of Health Services shall expend all moneys transferred pursuant to this Order on measures to decrease the risk of TB in Arizona and shall report to the Legislature and the Governor by June 30, 2008 on the expenditure of all sums so transferred.
