

NOTICES OF PUBLIC INFORMATION

Notices of Public Information contain corrections that agencies wish to make to their notices of rulemaking; miscellaneous rule-making information that does not fit into any other category of notice; and other types of information required by statute to be published in the *Register*. Because of the variety of material that is contained in a Notice of Public Information, the Office of the Secretary of State has not established a specific format for these notices.

NOTICE OF PUBLIC INFORMATION

DEPARTMENT OF AGRICULTURE LIVESTOCK & CROP CONSERVATION GRANT PROGRAM

[M08-285]

- 1. Title and its heading:** 41, State Government
Chapter and its heading: 3, Administrative Boards and Commissions
Article and its heading: 1.1, Arizona State Parks Board

2. The public information relating to the listed statute:

The Arizona Department of Agriculture is responsible for developing, implementing and managing the Livestock & Crop Conservation Grant Program (LCCGP). This grant program was created by the State Legislature through A.R.S. § 41-511.23(G)(1). Per the grant program authorizing statute, eligible applicants include individual landowners and grazing and agricultural lessees of state or federal lands that desire to implement conservation based management alternatives using livestock or crop production practices, or reduce livestock or crop production, to provide wildlife habitat or other public benefits that preserve open space.

The Department must provide public notice and 60 days for public comment on the annual grant guidelines and criteria, including public hearings. The LCCGP grant guidelines and criteria are posted on the Arizona Department of Agriculture web site, www.azda.gov, under 'Grant Opportunities.' You may also direct questions or request a copy of the grant program guidelines and criteria by contacting one of the LCCGP Coordinators listed below. At the conclusion of the public comment period, the grant program manual and application will be finalized, published and a grant application deadline will be announced.

NOTICE OF PUBLIC INFORMATION

DEPARTMENT OF ENVIRONMENTAL QUALITY

[M08-288]

- 1. Name of the Agency:** Department of Environmental Quality
Title and its heading: 18, Environmental Quality
Chapter and its heading: 6, Department of Environmental Quality – Pesticides and Water Pollution Control
Article and its heading: 3, Groundwater Protection List
Section and its heading: R18-6-301, Groundwater Protection List

2. The Purpose of this Notice of Public Information:

Pursuant to A.R.S. § 49-305, the Arizona Department of Environmental Quality (Department) maintains a Groundwater Protection List (GWPL) composed of agricultural use pesticides and active ingredients that have the potential to pollute groundwater. The statute requires the Department to place a pesticide identified under A.R.S. § 49-303(C) (2) and (3) on the GWPL, and to regulate the use of the pesticide if the pesticide is intended for application to or injection into the soil by ground-based application equipment or chemigation, or the label of the pesticide requires or recommends that the application be followed within 72 hours by flood or furrow irrigation.

3. Draft 2008 Groundwater Protection List

The GWPL is a list of agricultural use pesticide active ingredients that have the potential to pollute groundwater. An agricultural use pesticide active ingredient is placed on the GWPL for any of the following reasons: 1) it fails to comply with the established specific numeric values, 2) the environmental fate assessment indicates potential to leach to groundwater, or 3) an active ingredient or degradation product has been detected in groundwater consistent with established testing requirements.

Pursuant to A.A.C. R18-6-301, the Department is publishing the draft 2008 GWPL to provide an opportunity for the public to comment on the active ingredients being placed on or removed from the GWPL. The final 2007 GWPL contained 69 active ingredients; the draft 2008 GWPL would add three new active ingredients: Triclopyr, Chlorantraniliprole, and Mandipropamid. With this publication, a 30-day public review and written comment period begins. After completion of the 30-day review and comment period, the Department will formulate a response to any comments submitted and consider making modifications to the GWPL in response to the comments. The final GWPL will then be published in the *Arizona Administrative Register*, including a summary of comments received and the Department's response to the comments. The final 2008 GWPL will become effective on December 1, 2008, in accordance with R18-6-301(A)(3).
