**WHEREAS**, in accordance with Article V, Section 4 of the Arizona Constitution, the Governor is responsible for the supervision of the executive department and is obligated and empowered to protect the interests of the people and the State by taking care that the laws are faithfully executed; and

**WHEREAS**, Senate Bill 1070 prohibits any official or agency of this state or a county, city, town or other political subdivision of this state from limiting or restricting the enforcement of federal immigration laws to less than the full extent permitted by federal law; and

**WHEREAS**, Senate Bill 1070 requires a law enforcement official or a law enforcement agency of this state, county, city, town or other political subdivision when lawful contact is made and reasonable suspicion exists that the person is an alien who is unlawfully present in the United States, to reasonably attempt, when practicable, to determine the immigration status of the person, except if the determination may hinder or obstruct an investigation; and

**WHEREAS**, Senate Bill 1070 provides that the immigration enforcement by police agencies shall be implemented in a manner consistent with federal laws regulating immigration, protecting the civil rights of all persons and respecting the privileges and immunities of United States citizens; and

**WHEREAS**, Senate Bill 1070 prohibits a law enforcement official or agency of this state or a county, city, town or other political subdivision of this state from solely considering race, color or national origin in implementing Senate Bill 1070 except to the extent permitted by the United States or Arizona Constitution; and

**WHEREAS**, the Arizona Peace Officer Standards and Training Board (Board) was established by law to address the need for uniform peace officer selection, recruitment, retention and training standards, and to provide curriculum and standards for all certified law enforcement training facilities; and

3. The course of training established by the Board shall provide clear guidance to law enforcement officials regarding what constitutes reasonable suspicion, and shall make clear that an individual's race, color or national origin alone cannot be grounds for reasonable suspicion to believe any law has been violated.
4. Provide a list of the specific forms of identification that provide a presumption that a person is not an alien who is unlawfully present in the United States.
5. The Board shall report to the Governor in writing its timeline for promulgating the new course of training materials no later than May 21, 2010.
6. The Board shall have the course of training completed within sixty days of the signing of the Executive Order and shall make its best efforts to ensure all law enforcement personnel in this State receive training regarding the new procedures before the effective date of Senate Bill 1070.
