ABOUT THIS PUBLICATION

The paper copy of the Administrative Register (A.A.R.) is the official publication for rules and rulemaking activity in the state of Arizona.

Rulemaking is defined in Arizona Revised Statues known as the Arizona Administrative Procedure Act (APA), A.R.S. Title 41, Chapter 6, Articles 1 through 10.

The Office of the Secretary of State does not interpret or enforce rules published in the Arizona Administrative Register or Code. Questions should be directed to the state agency responsible for the promulgation of the rule as provided in its published filing.

The Register is cited by volume and page number. Volumes are published by calendar year with issues published weekly. Page numbering continues in each weekly issue.

In addition, the Register contains the full text of the Governor’s Executive Orders and Proclamations of general applicability, summaries of Attorney General opinions, notices of rules terminated by the agency, and the Governor’s appointments of state officials and members of state boards and commissions.

ABOUT RULES

Rules can be: made (all new text); amended (rules on file, changing text); repealed (removing text); or renumbered (moving rules to a different Section number). Rules activity published in the Register includes: proposed, final, emergency, expedited, and exempt rules as defined in the APA.

Rulemakings initiated under the APA as effective on and after January 1, 1995, include the full text of the rule in the Register. New rules in this publication (whether proposed or made) are denoted with underlining; repealed text is stricken.

WHERE IS A “CLEAN” COPY OF THE FINAL OR EXEMPT RULE PUBLISHED IN THE REGISTER?

The Arizona Administrative Code (A.A.C) contains the codified text of rules. The A.A.C. contains rules promulgated and filed by state agencies that have been approved by the Attorney General or the Governor’s Regulatory Review Council. The Code also contains rules exempt from the rulemaking process.

The printed Code is the official publication of a rule in the A.A.C. is prima facie evidence of the making, amendment, or repeal of that rule as provided by A.R.S. § 41-1012. Paper copies of rules are available by full Chapter or by subscription. The Code is posted online for free.

LEGAL CITATIONS AND FILING NUMBERS

On the cover: Each agency is assigned a Chapter in the Arizona Administrative Code under a specific Title. Titles represent broad subject areas. The Title number is listed first; with the acronym A.A.C., which stands for the Arizona Administrative Code; following the Chapter number and Agency name, then program name. For example, the Secretary of State has rules on rulemaking in Title 1, Chapter 1 of the Arizona Administrative Code. The citation for this chapter is 1 A.A.C. 1, Secretary of State, Rules and Rulemaking.

Every document filed in the office is assigned a file number. This number, enclosed in brackets, is located at the top right of the published documents in the Register. The original filed document is available for 10 cents a copy.
Participate in the Process

Look for the Agency Notice

Review (inspect) notices published in the Arizona Administrative Register. Many agencies maintain stakeholder lists and would be glad to inform you when they proposed changes to rules. Check an agency’s website and its newsletters for news about notices and meetings.

Feel like a change should be made to a rule and an agency has not proposed changes? You can petition an agency to make, amend, or repeal a rule. The agency must respond to the petition. (See A.R.S. § 41-1033)

Attend a public hearing/meeting

Attend a public meeting that is being conducted by the agency on a Notice of Proposed Rulemaking. Public meetings may be listed in the Preamble of a Notice of Proposed Rulemaking or they may be published separately in the Register. Be prepared to speak, attend the meeting, and make an oral comment.

An agency may not have a public meeting scheduled on the Notice of Proposed Rulemaking. If not, you may request that the agency schedule a proceeding. This request must be put in writing within 30 days after the published Notice of Proposed Rulemaking.

Write the agency

Put your comments in writing to the agency. In order for the agency to consider your comments, the agency must receive them by the close of record. The comment must be received within the 30-day comment timeframe following the Register publication of the Notice of Proposed Rulemaking.

You can also submit to the Governor’s Regulatory Review Council written comments that are relevant to the Council’s power to review a given rule (A.R.S. § 41-1052). The Council reviews the rule at the end of the rulemaking process and before the rules are filed with the Secretary of State.

Arizona Regular Rulemaking Process

**START HERE**

APA, statute or ballot proposition is passed. It gives an agency authority to make rules. It may give an agency an exemption to the process or portions thereof.

Agency opens a docket. Agency files a Notice of Rulemaking Docket Opening; it is published in the Register. Often an agency will file the docket with the proposed rulemaking.

Agency drafts proposed rule and Economic Impact Statement (EIS); informal public review/comment.

Agency files Notice of Proposed Rulemaking. Notice is published in the Register. Notice of meetings may be published in Register or included in Preamble of Proposed Rulemaking. Agency opens comment period.

Oral proceeding and close of record. Comment period must last at least 30 days after publication of notice. Oral proceeding (hearing) is held no sooner than 30 days after publication of notice of hearing.

**Substantial change?**

If no change then

Rule must be submitted for review or terminated within 120 days after the close of the record.

A final rulemaking package is submitted to G.R.R.C. or A.G. for review. Contains final preamble, rules, and Economic Impact Statement.

G.R.R.C. has 90 days to review and approve or return the rule package, in whole or in part; A.G. has 60 days.

After approval by G.R.R.C. or A.G., the rule becomes effective 60 days after filing with the Secretary of State (unless otherwise indicated).

Final rule is published in the Register and the quarterly Code Supplement.
Definitions

Administrative Procedure Act (APA): A.R.S. Title 41, Chapter 6, Articles 1 through 10. Available online at www.azleg.gov.

Arizona Revised Statutes (A.R.S.): The statutes are made by the Arizona State Legislature during a legislative session. They are compiled by Legislative Council, with the official publication codified by Thomson West. Citations to statutes include Titles which represent broad subject areas. The Title number is followed by the Section number. For example, A.R.S. § 41-1001 is the definitions Section of Title 41 of the Arizona Administrative Procedures Act. The “§” symbol simply means “section.” Available online at www.azleg.gov.

Chapter: A division in the codification of the Code designating a state agency or, for a large agency, a major program.

Close of Record: The close of the public record for a proposed rulemaking is the date an agency chooses as the last date it will accept public comments, either written or oral.

Docket: A public file for each rulemaking containing materials related to the proceedings of that rulemaking. The docket file is established and maintained by an agency from the time it begins to consider making a rule until the rulemaking is finished. The agency provides public notice of the docket by filing a Notice of Rulemaking Docket Opening with the Office for publication in the Register.

Economic, Small Business, and Consumer Impact Statement (EIS): The EIS identifies the impact of the rule on private and public employment, on small businesses, and on consumers. It includes an analysis of the probable costs and benefits of the rule. An agency includes a brief summary of the EIS in its preamble. The EIS is not published in the Register but is available from the agency promulgating the rule. The EIS is also filed with the rulemaking package.

Governor’s Regulatory Review Council (G.R.R.C.): Reviews and approves rules to ensure that they are necessary and to avoid unnecessary duplication and adverse impact on the public. G.R.R.C. also assesses whether the rules are clear, concise, understandable, legal, consistent with legislative intent, and whether the benefits of a rule outweigh the cost.

Incorporated by Reference: An agency may incorporate by reference standards or other publications. These standards are available from the state agency with references on where to order the standard or review it online.

Federal Register (FR): The Federal Register is a legal newspaper published every business day by the National Archives and Records Administration (NARA). It contains federal agency regulations; proposed rules and notices; and executive orders, proclamations, and other presidential documents.

Session Laws or “Laws”**: When an agency references a law that has not yet been codified into the Arizona Revised Statutes, use the word “Laws” is followed by the year the law was passed by the Legislature, followed by the Chapter number using the abbreviation “Ch.”, and the specific Section number using the Section symbol (§). For example, Laws 1995, Ch. 6, § 2. Session laws are available at www.azleg.gov.

United States Code (U.S.C.): The Code is a consolidation and codification by subject matter of the general and permanent laws of the United States. The Code does not include regulations issued by executive branch agencies, decisions of the federal courts, treaties, or laws enacted by state or local governments.

About Preambles
The Preamble is the part of a rulemaking package that contains information about the rulemaking and provides agency justification and regulatory intent.

It includes reference to the specific statutes authorizing the agency to make the rule, an explanation of the rule, reasons for proposing the rule, and the preliminary Economic Impact Statement.

The information in the Preamble differs between rulemaking notices used and the stage of the rulemaking.
NOTICES OF PROPOSED RULEMAKING

This section of the Arizona Administrative Register contains Notices of Proposed Rulemakings.

A proposed rulemaking is filed by an agency upon completion and submittal of a Notice of Rulemaking Docket Opening. Often these two documents are filed at the same time and published in the same Register issue. When an agency files a Notice of Proposed Rulemaking under the Administrative Procedure Act (APA), the notice is published in the Register within three weeks of filing. See the publication schedule in the back of each issue of the Register for more information.

Under the APA, an agency must allow at least 30 days to elapse after the publication of the Notice of Proposed Rulemaking in the Register before beginning any proceedings for making, amending, or repealing any rule. (A.R.S. §§ 41-1013 and 41-1022)

The Office of the Secretary of State is the filing office and publisher of these rules. Questions about the interpretation of the proposed rules should be addressed to the agency that promulgated the rules. Refer to item #4 below to contact the person charged with the rulemaking and item #10 for the close of record and information related to public hearings and oral comments.

5. An agency’s justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:
   The proposed rulemaking will amend the current rule to increase the amount of the nursing facility provider assessment charged for health care items and services provided by nursing facilities authorized by State Law ARS § 36-2999.51 et seq. The statutory scheme requires the AHCCCS Administration to administer a provider assessment (also referred to as a quality assessment) on health care items and services provided by nursing facilities and to make supplemental payments to nursing facilities for covered Medicaid expenditures. As a result of the proposed rulemaking which will increase the dollar amount of the nursing facility assessment in R9-28-702, additional supplemental funding will be available to nursing facilities for covered Medicaid expenditures, thus supporting accessibility of critical health care services to vulnerable populations and enhancing the ability of nursing facilities to provide higher quality yet cost effective care to frail Arizona residents.
6. A reference to any study relevant to the rule that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:
   A study was not referenced or relied upon when revising the regulations.

7. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:
   Not applicable

8. The preliminary summary of the economic, small business, and consumer impact:
   The Administration anticipates a minimal to moderate economic impact to individual qualifying nursing facilities. Under the statute, the amount of the assessment cannot exceed three and one-half percent of the net patient service revenue. The estimated increase in the total assessment for the fiscal year ending September 30, 2017 is $8.1M. Ninety nine percent of the funds will be used as the non-federal share of supplemental payments to qualifying nursing facilities through the Medicaid program administered by AHCCCS. Because those funds will be matched with federal funds, the estimated increase in the total supplemental payments funded by this assessment for the fiscal year ending September 30, 2017 is $16.1M.

10. The time, place, and nature of the proceedings to make, amend, repeal, or renumber the rule, or if no proceeding is scheduled, where, when, and how persons may request an oral proceeding on the proposed rule:

   “820 transaction” means the standard health care premium payments transaction required by 45 CFR 162.1702.

   “Assessment year” means the 12 month period beginning October 1st each year.

   “Medicaid patient days” means patient days reported on the Nursing Care Institution Uniform Accounting Report (UAR) as attributable to AHCCCS and its contractors as the primary payor.

   “Medicare days” means resident days where the Medicare program, a Medicare advantage or special needs plan, or the Medicare hospice program is the primary payor.

   “Nursing Care Institution UAR” means the Nursing Care Institution Uniform Accounting Report described by R9-11-204.

B. Subject to Centers for Medicare and Medicaid Services (CMS) approval, effective October 1, 2012, nursing facilities shall be subject to a provider assessment payable on a quarterly basis.

C. All nursing facilities licensed in the state of Arizona shall be subject to the provider assessment except for:

1. A continuing care retirement community,
2. A facility with 58 or fewer beds, according to the Arizona Department of Health Services, Division of Licensing Services, Provider & Facility Database,
3. A facility designated by the Arizona Department of Health Services as an Intermediate Care Facility for the Intellectually Disabled,
4. A tribally owned or operated facility located on a reservation, or
5. Arizona Veteran’s Homes

D. The Administration shall calculate the prospective nursing facility provider assessment for qualifying nursing facilities as follows:

1. In September of each year, the Administration shall obtain from the Arizona Department of Health Services the most recently published Nursing Care Institution UAR and the information required in subsection (C)(2). At the request of the Administration, a nursing facility shall provide the Administration with any additional information necessary to determine the assessment.

2. The Administration shall use the information obtained under subsection (D)(1) to determine:
   a. Each nursing facility’s total annual Medicaid patient days,
   b. Each nursing facility’s total annual Medicare patient days,
   c. Each nursing facility’s total annual patient days,
   d. The aggregate net patient service revenue of all assessed providers, and
   e. The slope described under 42 CFR 433.68(e)(2).

3. For each nursing facility, other than a nursing facility exempted in subsection (C) or described in subsection (D)(4), the provider assessment is calculated by multiplying the nursing facility’s total annual patient days other than Medicare patient days by $10.50/15.63.
4. For a nursing facility, other than a nursing facility exempted in subsection (C), with the number of total annual Medicaid patient days greater than or equal to the number required to achieve a slope of at least 1 applying the uniformity tax waiver test described in 42 CFR 433.68(e)(2), the provider assessment is calculated by multiplying the nursing facility’s total annual patient days, other than Medicare patient days, by $1.40. 

5. For each assessment year the slope described under 42 CFR 433.68(e)(2) shall be recalculated. 

6. The total annual assessment calculated under subsections (D)(3), (D)(4) and (D)(5), shall not exceed 3.5 percent of the aggregate net patient service revenue of all assessed providers as reported on the Nursing Care Institution UAR obtained under subsection (D)(1). 

7. All calculations and determinations necessary for the provider assessment shall be based on information possessed by the Administration on or before November 1 of the assessment year. 

8. The Administration shall forward the provider assessments for all assessed facilities to the Arizona Department of Revenue by no later than December 1 of the assessment year. 

9. In the event a nursing facility closes during the assessment year, the nursing facility shall cease to be responsible for the portion of the assessment applied to the dates the nursing facility is not operating. 

10. In the event a nursing facility begins operation during the assessment year, that facility will have no responsibility for the assessment until such time as the facility has submitted to the Arizona Department of Health Services the report required by R9-11-204(A) covering a full year of operation. 

11. In the event a nursing facility has a change of ownership such that the facility remains open and the ownership of the facility changes, the assessment liability transfers with the change in ownership.

6. **An agency’s justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:**

   The Administration is proposing rule to implement the statutory “behavioral health simplification and integration” where the Arizona Health Care Cost Containment System (AHCCCS) Administration assumes full administrative and operational responsibility for the provision of behavioral health services effective July 1, 2016. Senate Bill 1257 (Laws 2015, Chapter 195) provides for the statutory transfer of behavioral health responsibilities from the Arizona Department of Health Services (ADHS) to AHCCCS. This rulemaking delineates the responsibilities of the AHCCCS Administration to oversee the provision of behavioral health services under Title 9 Chapter 21 of the Arizona Administrative Code (AAC) for persons with a serious mental illness (SMI) as defined under R9-21-101 and A.R.S. § 36-550.

   Rules under Title 9, Chapter 21 of the AAC, first enacted in October 1993 and last amended in June 2003; apply to persons with a SMI diagnosis, regardless of Medicaid eligibility. The Administration has chosen to make changes to this Chapter in two phases. This rulemaking is the first phase, and because the Administration is assuming administrative and operational responsibility for the provision of behavioral health services to persons with a SMI diagnosis, within all rules, the terms “department,” “division,” or “director” were changed to “Administration” or “mental health agency,” where applicable, and cross-references were updated to statutes or other rule sections, as appropriate. More significant of these proposed changes includes alignment of the hearing process with the Administrative Procedure Act (APA), A.R.S. § 41-1092, deletion of antiquated or inaccurate language, updating of language to reflect AHCCCS terminology, and updating of language to reflect AHCCCS organizational structure.

   • Article 1’s objective is to describe General Provisions that apply to this Chapter. This Article describes definitions, the applicability of the SMI requirements, how time is computed when actions are made, the establishment of the Human Rights Committees, requirements of the Office of Human Rights and Advocates, and the State Protection and Advocacy System. Within this Article, we have verified the use of the definitions described, updated cross-references, and added a section to guide the person to where the definitions can be found. The Article was updated to reflect that this Chapter will apply to the Administration and all mental health agencies. Sections were stricken that are no longer applicable, such as licensing (the Administration does not license or certify these agencies).

   • Article 2’s objective is to describe the rights of persons with SMI. This Article describes Civil and Other Legal Rights, Right to Support and Treatment, Protection from Abuse, Neglect, Exploitation and Mistreatment, Restraint and Seclusion, Labor, Competency and Consent, Informed Consent, Medication, Property and Possessions, Records, Policies and Procedures of Service Providers, Notice of Rights, and Exhibits. Within this Article, no significant changes were made, except for the terms relative to the Administration assuming responsibility, cross-reference updates, and minor clarifications.

   • Article 3’s objective is to describe the Individual Service Planning for behavioral health services for person with SMI. This Article describes General Provisions, Identification, Application, and Referral for Services of Persons with Serious Mental Illness, Eligibility Determination and Initial Assessment, Interim and Emergency Services, Assessments, Identification of Potential Service Providers, Selection of Service Providers, Implementation of the Individual Service Plan, Interim Services, Inpatient Treatment and Discharge Plan, Periodic
Notices of Final Rulemaking

Review of Individual Service Plans, and Modification or Termination of Plans. Within this Article, no significant changes were made, except for the terms relative to the Administration assuming responsibility.

- Article 4’s objective is to describe appeals, grievances, and requests for investigation for persons with SMI. This Article describes Appeals, General Requirements, Initiating a Grievance or Investigation, Persons Responsible for Resolving Grievances and Requests for Investigations, Preliminary Disposition, Conduct of Investigation, Administrative Appeal, Further Appeal to Administrative Hearing, Notice and Records, and Miscellaneous requirements. Within this Article, there were several changes. Like the other Articles, there were updates made to reflect the terms relative to the Administration assuming responsibility, cross-reference updates, and minor clarifications. This Article, on its face, appears to have significant changes made. However, the Administration adheres to timelines and processes set forth in the APA (A.R.S. § 41-1092), and much of the previous language in this Article relating to timelines was stricken and replaced with cross-references to the APA. There are also the removal of some of the processes that were used when ADHS had the responsibility, but to which the Administration does not adhere.

The second phase, which will likely be 4th quarter FY2017, is intended to address more substantive changes through further review of statute and relevant litigation as well as consideration of best practices for the treatment and support of persons with SMI, with particular emphasis on patient outcomes.

7. A reference to any study relevant to the rule that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:
   A study was not referenced or relied upon when revising these regulations.

8. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:
   Not applicable

9. A summary of the economic, small business, and consumer impact:
   The Administration does not anticipate an economic impact on small businesses, the public or the implementing agencies since funding and staffing will be transferred to the Administration from ADHS. This rulemaking intends to adopt rules to delineate the delivery system resulting from SB 1257. This rulemaking informs stakeholders of the revised operational structure and the new functional responsibilities. This transfer of responsibilities from ADHS to AHCCCS is budget neutral and this rulemaking is administrative in nature, not affecting the coverage of services, or the rights or protections of persons with SMI.

10. A description of any changes between the proposed rulemaking, to include supplemental notices, and the final rulemaking:
    No significant changes were made between the proposed rulemaking and the final rulemaking. The changes made were technical in nature, such as changing where the term “hearing officer” is used to “Administrative Law Judge” since that is the appropriate title, updated a cross-reference to statute for the SMI definition, added “in writing” within the definition of “Designated representative” to ensure the member has given their consent to have an individual represent them, the definition of “Division” was struck since the term is no longer used, etc.

11. An agency’s summary of the public or stakeholder comments made about the rulemaking and the agency response to the comments:
    The following comment was received as of the close of the comment period of May 9, 2016 (see table starting on next page):
## Notices of Final Rulemaking

### Item # | Rule Cite Line # | Comment From and Date rec’d. | Comment | Analysis/Recommendation
--- | --- | --- | --- | ---
1. | R9-21-204(G)(1) and (G)(2) | Shawna Boyle 05/09/16 ASAPA AZ State Association of Physician Assistants | While this rule includes Physician Assistants under the definition of “medical practitioner,” it only allows those under the definition of medical practitioner to order restraint/seclusion in specific instances. Ordering restraint and seclusion is within the scope of practice of a Physician Assistant as delegated by their supervising physician. In order to allow efficiency in patient care and to allow physician assistants to practice to their fullest capability, I would like to request that the following changes be made to section R9-21-204: That G(1)(a) and G(2)(a) include Physician Assistants specifically. And that that item G(1)(b)(i) and G(2)(b)(i) be revised to state “medical practitioner” in order to include Physician Assistants | This suggestion was not within the scope of the first phase of this rulemaking. This is a more substantive change to the Rules to be determined in the second phase.

12. **All agencies shall list other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:**

   - **Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:**

   - **Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:**
     - Not applicable
   - **Whether a person submitted an analysis to the agency that compares the rule’s impact of the competitiveness of business in this state to the impact on business in other states:**
     - Not applicable

13. **A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rule:**

   None

14. **Whether the rule was previously made, amended or repealed as an emergency rule. If so, cite the notice published in the Register as specified in R1-1-409(A). Also, the agency shall state where the text was changed between the emergency and the final rulemaking packages:**

   Not applicable

R9-21-206. Competency and Consent

A. No change
B. No change
C. Only an applicant or client who is competent may provide informed consent, authorization, or permission as required in this Chapter. A mental health agency shall use the following criteria to determine if an applicant or client is competent and the appropriateness of establishing or removing a guardianship, temporary guardianship, conservatorship, or guardianship ad litem for the client:
1. An applicant or client shall be determined to be in need of guardianship or conservatorship only if the applicant’s or client’s ability to make important decisions concerning the applicant or client or the applicant’s or client’s property is so limited that the absence of a person with legal authority to make such decisions for the applicant or client creates a serious risk to the applicant’s or client’s health, welfare or safety.
2. Although the capability of the applicant or client to make important decisions is the central factor in determining the need for guardianship, the capabilities of the applicant’s or client’s family, the applicant’s or client’s living circumstances, the probability that available treatment will improve the applicant’s or client’s ability to make decisions on the applicant’s or client’s behalf, and the availability and utility of nonjudicial alternatives to guardianships such as trusts, representative payees, citizen advocacy programs, or community support services should also be considered.
3. If the applicant or client has been determined to be incapable of making important decisions with regard to the applicant’s or client’s personal or financial affairs, and if nonjudicial, less restrictive alternatives such as trusts, representative payees, cosignatory bank accounts, and citizen advocates are inadequate to protect the applicant or client from a substantial and unreasonable risk to the applicant’s or client’s health, safety, welfare, or property, the applicant’s or client’s nearest living relatives shall be notified with an accompanying recommendation that a guardian or conservator be appointed.
4. If the applicant or client is capable of making important decisions concerning the applicant’s or client’s health, welfare, and property, either independently or through other less restrictive alternatives such as trusts, representative
payees, cosignatory bank accounts, and citizen advocates, the applicant’s or client’s nearest living relative shall be notified with an accompanying recommendation that any existing guardian or conservator be removed.

5. If the client has been determined to require or no longer require assistance in the management of financial or personal affairs, and the nearest living relative cannot be found or is incapable of or not interested in caring for the client’s interest, the mental health agency shall assist in the recruitment or removal of a trustee, representative payee, advocate, conservator, or guardian. Nothing in this Section Chapter shall be construed to require the Department Administration or any regional authority or service provider to pay for the recruitment, appointment or removal of a trustee, representative payee, advocate, conservator, or guardian.

6. The assessment or periodic review shall identify the specific area or areas of the client’s functioning that forms the basis of the recommendation for the appointment or removal of a guardian or conservator, such as an inability to respond appropriately to health problems or consent to medical care, or an inability to manage savings or routine expenses.

   Web site: www.azahcccs.gov

6. An agency’s justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:
   A.R.S. § 36-2901.08 authorizes the Administration to establish, administer and collect an assessment on hospital revenues, discharges or bed days for funding a portion of the nonfederal share of the costs incurred beginning January 1, 2014, associated with eligible persons added to the program by A.R.S. §§ 36-2901.01 and 36-2901.07. It is the Agency’s objective to assess only so much as is necessary to meet the estimated costs associated with the projected populations referenced in the statute. As such, it is necessary for the Administration to adjust the assessment from time to time as the Administration updates its estimate of the number of eligible persons and projected cost associated with coverage for those persons. The Administration is proposing a new rule to update the figures to be used as of July 1, 2016 for collecting the assessment from hospitals.

   At the assessment rates in the current rule, the Administration estimates that it would collect $250 million over the course of a state fiscal year. The amendments reflected in this proposed rule adjust the assessment rates such that the Administration anticipates the collection of $265 million for the State Fiscal Year ending June 30, 2017. This amount corresponds to an amount slightly less than the non-federal funds estimated to be necessary to cover the cost of providing care to the 430,000 eligible individuals the Administration estimates will be added to the program.
by A.R.S. §§ 36-2901.01 and 36-2901.07 during the State Fiscal year ending June 30, 2017.

7.    No studies were conducted relevant to the rule.

8. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:
   Not applicable

9. The summary of the economic, small business, and consumer impact, if applicable:
   The Administration estimates that $265 million will be necessary to be collected from Arizona hospitals to fund the cost required by statute for State Fiscal Year (SFY) 2017 ending June 30, 2017. The assessment amount currently in rule reflects the amount needed in SFY 2016 to cover the assessment, approximately $250 million. The amendment adjusts the rates upward to reflect the actual need of $265 million for SFY 2017.
   The AHCCCS program is jointly funded by the State and the federal government through the Medicaid program. Depending on the eligibility category of the individual, the federal government provides between two-thirds and 100% of the cost of care for persons described in A.R.S. § 36.2901.08(A). The Administration will use the amounts collected from the assessment combined with the federal financial participation to fund the cost of health care coverage for an estimated 430,000 persons described in A.R.S. § 36.2901.08(A) through direct payments to health care providers and capitation payments to managed care organizations that, in turn, make payments to health care providers that render care to AHCCCS members. Many of the providers of that medical care are considered small businesses located in Arizona.
   A.R.S. § 36-2901.08 prohibits the assessed hospitals from passing the cost of the assessment on to patients or third parties who pay for care in the hospital. In the aggregate, the Administration expects to return millions more in SFY 2017 in incremental payments for hospital services than will be collected through the assessment. Along with a copy of this final exempt rule making, the Administration has posted to its website information regarding the fiscal impact of this amendment to hospitals:

10. A description of any changes between the proposed rulemaking, including any supplemental proposed rulemaking, and the final rulemaking package (if applicable):
    No changes were made between the proposed rulemaking and the final exempt rulemaking.

    No comments from the public were received regarding the proposed rulemaking.

    No other matters have been prescribed.
    a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:
       Not applicable
    b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:
       Not applicable

B. Beginning January 1, 2014, for each Arizona licensed hospital not excluded under subsection (I) shall be subject to an assessment payable on a quarterly basis. The assessment shall be levied against the legal owner of each hospital as of the first day of the quarter, and except as otherwise required by subsections (D), (E) and (F). For the period beginning July 1, 2015 July 1, 2016, the assessment shall be calculated by multiplying the number of discharges reported on the hospital’s 2011 Medicare Cost Report, excluding discharges reported on the Medicare Cost Report as “Other Long Term Care Discharges” by the following rates based on the hospital’s peer group:

1. $312.75 $332.75 per discharge for hospitals located in a county with a population less than 500,000 that are designated as type: hospital, subtype: short-term.

2. $416.00 $440.00 per discharge for hospitals designated as type: hospital, subtype: critical access hospital.

3. $104.00 $110.00 per discharge for hospitals designated as type: hospital, subtype: long term.

4. $104.00 $110.00 per discharge for hospitals designated as type: hospital, subtype: psychiatric, that reported 2,500 or more discharges on the 2011 Medicare Cost Report.

5. $322.75 $352.00 per discharge for hospitals designated as type: hospital, subtype: short-term with 20% of total licensed beds licensed as pediatric, pediatric intensive care and neonatal intensive care as reported in the hospital’s 2012 Uniform Accounting Report.

6. $374.50 $396.00 per discharge for hospitals designated as type: hospital, subtype: short-term with at least 10% but less than 20% of total licensed beds licensed as pediatric, pediatric intensive care and neonatal intensive care as reported in the hospital’s 2012 Uniform Accounting Report.

7. $416.00 $440.00 per discharge for hospitals designated as type: hospital, subtype: short-term not included in another peer group.

C. Peer groups for the four quarters beginning July 1 of each year are established based on hospital license type and subtype designated in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website April 2, 2015 April 1, 2016.

D. Notwithstanding subsection (B), psychiatric discharges from a hospital that reported having a psychiatric sub-provider in the hospital’s 2011 Medicare Cost Report, are assessed a rate of $104.00 $110.00 for each discharge from the psychiatric sub-provider as reported in the 2011 Medicare Cost Report. All discharges other than those reported as discharges from the psychiatric sub-provider are assessed at the rate required by subsection (B).

E. Notwithstanding subsection (B), rehabilitative discharges from a hospital that reported having a rehabilitative sub-provider in the hospital’s 2011 Medicare Cost Report, are assessed a rate of $0 for each discharge from the rehabilitative sub-provider as reported in the 2011 Medicare Cost Report. All discharges other than those reported as discharges from the rehabilitative sub-provider are assessed at the rate required by subsection (B).

F. Notwithstanding subsection (B), for any hospital that reported more than 28,800 28,800 discharges on the hospital’s 2011 Medicare Cost Report, discharges in excess of 28,800 28,800 are assessed a rate of $41.50 $44.00 for each discharge in excess of 28,800 28,800. The initial 28,800 discharges are assessed at the rate required by subsection (B).

G. Assessment notice. On or before the 15th day of the first month of the quarter or upon CMS approval, whichever is later, the Administration shall send to each hospital a notification that the assessment invoice is available to be viewed on a secure website. The invoice shall include the hospital’s peer group assignment and the assessment due for the quarter.

H. Assessment due date. The assessment must be received by the Administration no later than:
   1. The 15th day of the second month of the quarter
   2. In the event CMS approves the assessment after the 15th day of the first month of the quarter, 30 days after notification by the Administration that the assessment invoice is available.

I. Excluded hospitals. The following hospitals are excluded from the assessment based on the hospital’s 2011 Medicare Cost Report and Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website for April 2, 2015 April 1, 2016:
   1. Hospitals owned and operated by the state, the United States, or an Indian tribe.
   2. Hospitals designated as type: hospital, subtype: short-term that have a license number beginning “SH”.

2052 Vol. 22, Issue 32 | Published by the Arizona Secretary of State | August 5, 2016
3. Hospitals designated as type: hospital, subtype: psychiatric that reported fewer than 2,500 discharges on the 2011 Medicare Cost Report.
5. Hospitals designated as type: hospital, subtype: children’s.
7. Hospitals designated as type: hospital, subtype: short-term located in a city with a population greater than one million, which on average have at least 15 percent of inpatient days for patients who reside outside of Arizona, and at least 50 percent of discharges as reported on the 2011 Medicare Cost Report are reimbursed by Medicare.

J. New hospitals. For hospitals that did not file a 2011 Medicare Cost Report because of the date the hospital began operations:
1. If the hospital was open on the April 1 preceding the July assessment start date, the hospital assessment will begin on July 1 following the date the hospital began operating.
2. If the hospital began operating between April 2 and June 30, the assessment will begin on July 1 of the following calendar year.
3. A hospital is not considered a new hospital based on a change in ownership.
4. Until the first full year of data is available, the assessment will be based on the annualized number of discharges from the date hospital operations began through April 30 preceding the July assessment start date. The hospital shall submit the discharge data and all other data requested by the Administration necessary to determine the appropriate assessment to the Administration no later than May 15 preceding the assessment start date for the new hospitals. Thereafter, the assessment will be based on the discharges reported in the hospital's first Medicare Cost Report and Uniform Accounting Report which includes 12 months worth of data; however, when a new hospital shares a Medicare Identification Number with an existing hospital, the assessment amount will be based on self reported data from the new hospital instead of the Medicare Cost Report. The data shall include the number of discharges and all other data requested by the Administration necessary to determine the appropriate assessment.
5. For hospitals providing self-reported data:
   a. Psychiatric discharges will be annualized to determine if subsections (B)(4) or (I)(3) apply to the assessment amount.
   b. Discharges will be annualized to determine if subsection (F) applies to the assessment amount.

K. Changes of ownership. The parties to a change of ownership shall promptly provide written notice to the Administration of a change of ownership and any agreement regarding the payment of the assessment. The assessed amount will continue at the same amount applied to the prior owner. Assessments are the responsibility of the owner of record as of the first day of the quarter; however, this rule is not intended to prohibit the parties to a change of ownership from entering into an agreement for a new owner to assume the assessment responsibility of the owner of record as of the first day of the prior quarter.

L. Hospital closures. Hospitals that close shall pay a proportion of the quarterly assessment equal to that portion of the quarter during which the hospital operated.

M. Required information. For any hospital that has not filed a 2011 Medicare Cost report, or if the 2011 Medicare Cost report does not include the reliable information sufficient for the Administration to calculate the assessment, the Administration shall use data reported on the 2011 Uniform Accounting Report filed by the hospital in place of the 2011 Medicare Cost report to calculate the assessment. If the 2011 Uniform Accounting Report filed by the hospital does not include reliable information sufficient for the Administration to calculate the assessment amounts, the hospital shall provide the Administration with data specified by the Administration necessary in place of the 2011 Medicare Cost report to calculate the assessment.

N. The Administration will review and update as necessary rates and peer groups periodically to ensure the assessment is sufficient to fund the state match obligation to cover the cost of the populations as specified in 36-2901.08.

O. Enforcement. If a hospital does not comply with this section, the director may suspend or revoke the hospital’s provider agreement. If the hospital does not comply within 180 days after the hospital’s provider agreement is suspended or revoked, the director shall notify the director of the Department of Health Services who shall suspend or revoke the hospital’s license.

NOTICES OF RULEMAKING DOCKET OPENING

This section of the Arizona Administrative Register contains Notices of Rulemaking Docket Opening. A docket opening is the first part of the administrative rulemaking process. It is an “announcement” that the agency intends to work on its rules. When an agency opens a rulemaking docket to consider rulemaking, the Administrative Procedure Act (APA) requires the publication of the Notice of Rulemaking Docket Opening.

Under the APA effective January 1, 1995, agencies must submit a Notice of Rulemaking Docket Opening before beginning the formal rulemaking process. Many times an agency may file the Notice of Rulemaking Docket Opening with the Notice of Proposed Rulemaking.

The Office of the Secretary of State is the filing office and publisher of these notices. Questions about the interpretation of this information should be directed to the agency contact person listed in item #4 of this notice.

NOTICE OF RULEMAKING DOCKET OPENING

STATE RETIREMENT SYSTEM BOARD

[R16-122]

1. **Title and its heading:** 2, Administration
   **Chapter and its heading:** 8, State Retirement System Board
   **Article and its heading:** 9, Compensation
   **Section number:** R2-8-901, R2-8-902, R2-8-903, R2-8-904, R2-8-905 (Sections may be added, deleted, or further modified as necessary.)

2. **The subject matter of the proposed rule:**
   The ASRS needs to adopt approximately five rules to clarify how it defines “compensation” for various members and uses different types of compensation for certain calculations. The rules also need to clarify how the ASRS may use compensation from a separate Employer for certain calculations depending on the date of membership. These rules will clarify which compensation the ASRS will use for contribution accounting and pension calculations. These rules will increase understandability of how the ASRS uses compensation in its calculations, but the rules do not impose any additional requirements or burdens on members.

   None

4. **The name and address of agency personnel with whom persons may communicate regarding the rulemaking:**

(Additional Sections may be made, amended, or deleted as necessary.)

2. The subject matter of the proposed rule:
A.R.S. § 41-1008(D) requires an agency to comply with the provisions of the Administrative Procedure Act when establishing or increasing a fee. The Board is placing in rule the fees it is expressly authorized to collect for an initial or renewal license of a dentist (A.R.S. § 1236), dental hygienists (A.R.S. § 32-1287), and denturists (A.R.S. § 32-1297.06) and registration as a business entity offering dental services (A.R.S. § 32-1213). The Board is also placing in rule the fee for late renewal by a business entity (A.R.S. § 32-1213(D)) and for a permit to administer general anesthesia or semiconscious, conscious, or oral sedation (A.R.S. § 32-1207(E)). The Board’s statutes establish some fees the Board is authorized to collect. In the interest of assisting applicants and licensees comply with statute.

To reduce the balance in the Dental Board, the Board is reducing by 15 percent the amount collected to renew a license and reducing the amount collected for a permit to administer general anesthesia or semiconscious, conscious, or oral sedation at multiple locations. The Board is also extending the term of a permit to administer general anesthesia or semiconscious, conscious, or oral sedation from three to five years. The Board is also no longer collecting a convenience fee for taking payments by credit card.

An exemption from Executive Order 2015-03 was provided by Christina Corieri, Policy Advisor for Health and Human Services in the Governor’s Office, in an e-mail dated June 24, 2016.

**REGISTER PUBLISHING DEADLINES**

The Secretary of State’s Office publishes the Register weekly. There is a three-week turnaround period between a deadline date and the publication date of the Register. The weekly deadline dates and issue dates are shown below. Council meetings and Register deadlines do not correlate. Also listed are the earliest dates on which an oral proceeding can be held on proposed rulemakings or proposed delegation agreements following publication of the notice in the Register.
