ABOUT THIS PUBLICATION

The paper copy of the *Administrative Register* (A.A.R.) is the official publication for rules and rulemaking activity in the state of Arizona.

Rulemaking is defined in Arizona Revised Statutes known as the Arizona Administrative Procedure Act (APA), A.R.S. Title 41, Chapter 6, Articles 1 through 10.

The Office of the Secretary of State does not interpret or enforce rules published in the *Arizona Administrative Register* or *Code*. Questions should be directed to the state agency responsible for the promulgation of the rule as provided in its published filing.

The *Register* is cited by volume and page number. Volumes are published by calendar year with issues published weekly. Page numbering continues in each weekly issue.

In addition, the *Register* contains the full text of the Governor's Executive Orders and Proclamations of general applicability, summaries of Attorney General opinions, notices of rules terminated by the agency, and the Governor's appointments of state officials and members of state boards and commissions.

ABOUT RULES

Rules can be: made (all new text); amended (rules on file, changing text); repealed (removing text); or renumbered (moving rules to a different Section number). Rules activity published in the *Register* includes: proposed, final, emergency, expedited, and exempt rules as defined in the APA.

Rulemakings initiated under the APA as effective on and after January 1, 1995, include the full text of the rule in the *Register*. New rules in this publication (whether proposed or made) are denoted with underlining; repealed text is stricken.

WHERE IS A "CLEAN" COPY OF THE FINAL OR EXEMPT RULE PUBLISHED IN THE REGISTER?

The *Arizona Administrative Code* (A.A.C.) contains the codified text of rules. The A.A.C. contains rules promulgated and filed by state agencies that have been approved by the Attorney General or the Governor's Regulatory Review Council. The *Code* also contains rules exempt from the rulemaking process.

The printed *Code* is the official publication of a rule in the A.A.C., and is prima facie evidence of the making, amendment, or repeal of that rule as provided by A.R.S. § 41-1012. Paper copies of rules are available by full Chapter or by subscription. The *Code* is posted online for free.

LEGAL CITATIONS AND FILING NUMBERS

On the cover: Each agency is assigned a Chapter in the *Arizona Administrative Code* under a specific Title. Titles represent broad subject areas. The Title number is listed first; with the acronym A.A.C., which stands for the *Arizona Administrative Code*; following the Chapter number and Agency name, then program name. For example, the Secretary of State has rules on rulemaking in Title 1, Chapter 1 of the *Arizona Administrative Code*. The citation for this chapter is 1 A.A.C. 1, Secretary of State, Rules and Rulemaking

Every document filed in the office is assigned a file number. This number, enclosed in brackets, is located at the top right of the published documents in the *Register*. The original filed document is available for 10 cents a page.

Participate in the Process

Look for the Agency Notice

Review (inspect) notices published in the *Arizona Administrative Register*. Many agencies maintain stakeholder lists and would be glad to inform you when they proposed changes to rules. Check an agency's website and its newsletters for news about notices and meetings.

Feel like a change should be made to a rule and an agency has not proposed changes? You can petition an agency to make, amend, or repeal a rule. The agency must respond to the petition. (See A.R.S. § 41-1033)

Attend a public hearing/meeting

Attend a public meeting that is being conducted by the agency on a Notice of Proposed Rulemaking. Public meetings may be listed in the Preamble of a Notice of Proposed Rulemaking or they may be published separately in the *Register*. Be prepared to speak, attend the meeting, and make an oral comment.

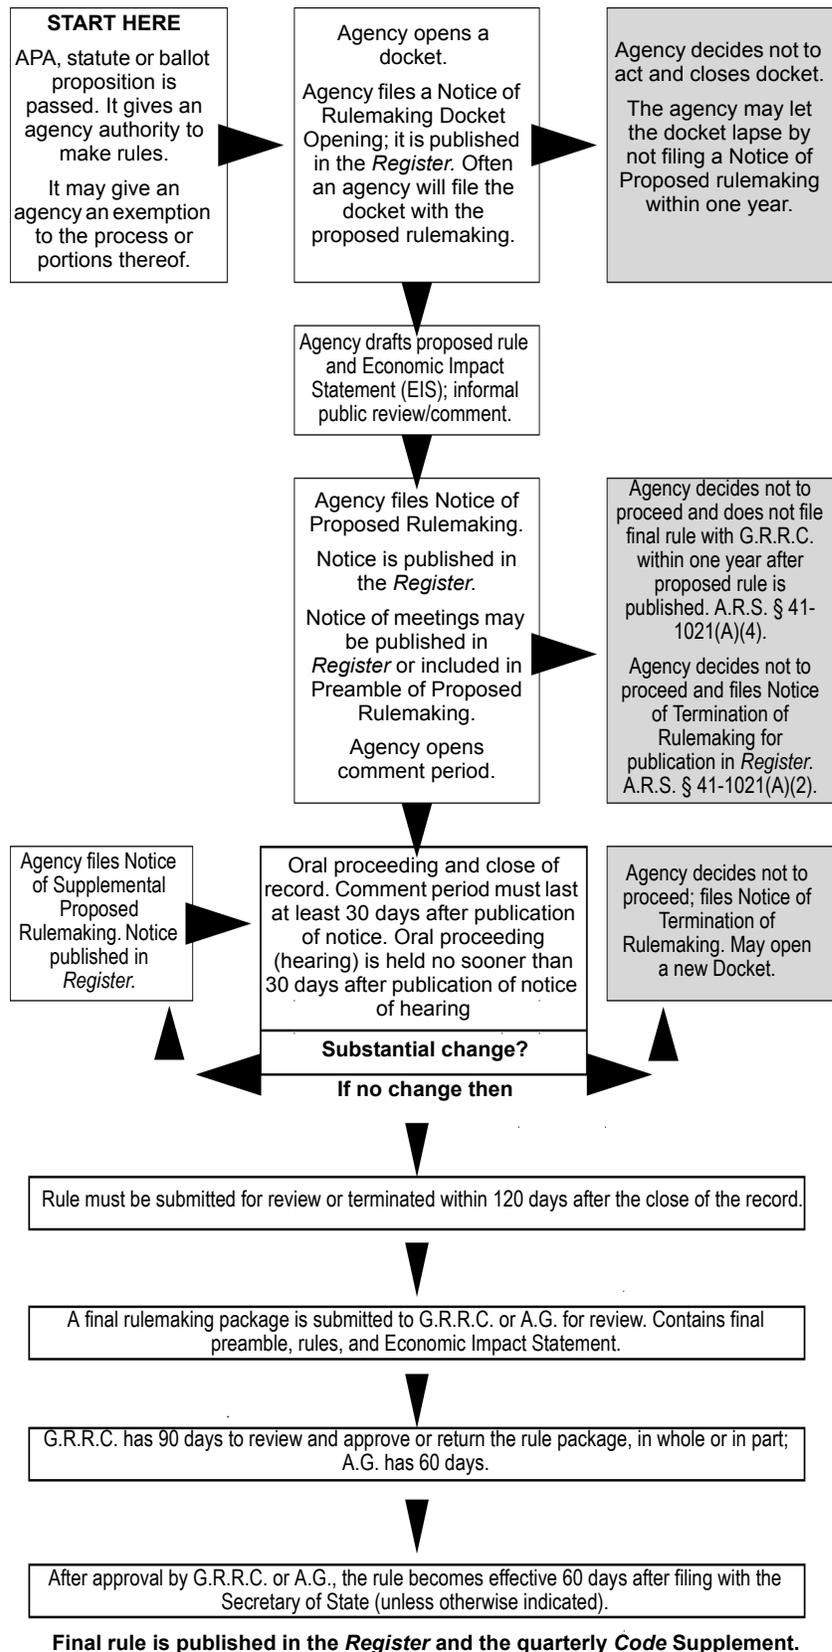

An agency may not have a public meeting scheduled on the Notice of Proposed Rulemaking. If not, you may request that the agency schedule a proceeding. This request must be put in writing within 30 days after the published Notice of Proposed Rulemaking.

Write the agency

Put your comments in writing to the agency. In order for the agency to consider your comments, the agency must receive them by the close of record. The comment must be received within the 30-day comment timeframe following the *Register* publication of the Notice of Proposed Rulemaking.

You can also submit to the Governor's Regulatory Review Council written comments that are relevant to the Council's power to review a given rule (A.R.S. § 41-1052). The Council reviews the rule at the end of the rulemaking process and before the rules are filed with the Secretary of State.

Arizona Administrative Code (A.A.C.): Official rules codified and published by the Secretary of State's Office. Available online at www.azsos.gov.

Arizona Administrative Register (A.A.R.): The official publication that includes filed documents pertaining to Arizona rulemaking. Available online at www.azsos.gov.

Administrative Procedure Act (APA): A.R.S. Title 41, Chapter 6, Articles 1 through 10. Available online at www.azleg.gov.

Arizona Revised Statutes (A.R.S.): The statutes are made by the Arizona State Legislature during a legislative session. They are compiled by Legislative Council, with the official publication codified by Thomson West. Citations to statutes include Titles which represent broad subject areas. The Title number is followed by the Section number. For example, A.R.S. § 41-1001 is the definitions Section of Title 41 of the Arizona Administrative Procedures Act. The "§" symbol simply means "section." Available online at www.azleg.gov.

Chapter: A division in the codification of the *Code* designating a state agency or, for a large agency, a major program.

Close of Record: The close of the public record for a proposed rulemaking is the date an agency chooses as the last date it will accept public comments, either written or oral.

Code of Federal Regulations (CFR): The *Code of Federal Regulations* is a codification of the general and permanent rules published in the *Federal Register* by the executive departments and agencies of the federal government.

Docket: A public file for each rulemaking containing materials related to the proceedings of that rulemaking. The docket file is established and maintained by an agency from the time it begins to consider making a rule until the rulemaking is finished. The agency provides public notice of the docket by filing a Notice of Rulemaking Docket Opening with the Office for publication in the *Register*.

Economic, Small Business, and Consumer Impact Statement (EIS): The EIS identifies the impact of the rule on private and public employment, on small businesses, and on consumers. It includes an analysis of the probable costs and benefits of the rule. An agency includes a brief summary of the EIS in its preamble. The EIS is not published in the *Register* but is available from the agency promulgating the rule. The EIS is also filed with the rulemaking package.

Governor's Regulatory Review (G.R.R.C.): Reviews and approves rules to ensure that they are necessary and to avoid unnecessary duplication and adverse impact on the public. G.R.R.C. also assesses whether the rules are clear, concise, understandable, legal, consistent with legislative intent, and whether the benefits of a rule outweigh the cost.

Incorporated by Reference: An agency may incorporate by reference standards or other publications. These standards are available from the state agency with references on where to order the standard or review it online.

Federal Register (FR): The *Federal Register* is a legal newspaper published every business day by the National Archives and Records Administration (NARA). It contains federal agency regulations; proposed rules and notices; and executive orders, proclamations, and other presidential documents.

Session Laws or "Laws": When an agency references a law that has not yet been codified into the Arizona Revised Statutes, use the word "Laws" is followed by the year the law was passed by the Legislature, followed by the Chapter number using the abbreviation "Ch.," and the specific Section number using the Section symbol (§). For example, Laws 1995, Ch. 6, § 2. Session laws are available at www.azleg.gov.

United States Code (U.S.C.): The Code is a consolidation and codification by subject matter of the general and permanent laws of the United States. The Code does not include regulations issued by executive branch agencies, decisions of the federal courts, treaties, or laws enacted by state or local governments.

About Preambles

The Preamble is the part of a rulemaking package that contains information about the rulemaking and provides agency justification and regulatory intent.

It includes reference to the specific statutes authorizing the agency to make the rule, an explanation of the rule, reasons for proposing the rule, and the preliminary Economic Impact Statement.

The information in the Preamble differs between rulemaking notices used and the stage of the rulemaking.

Explanation of the Rules

A. R12-15-105(B) and (D)

The Department conducts a dam safety inspection of each dam classified as a low or very low hazard potential dam once every five years. In place of the Department conducting the inspection, the dam owner may have its own engineer conduct the inspection and submit a dam safety inspection report to the Department. The Department is proposing to amend Rule R12-15-105(B) to reduce the fee an owner of a low or very low hazard potential dam must pay to the Department for a dam safety inspection from \$1,000.00 to \$250.00. The Department is also proposing to amend Rule R12-15-105(D) to reduce the fee an owner of a low or very low hazard potential dam must pay to submit a dam safety inspection report from \$750.00 to \$250.00.

The Department is proposing these rule amendments in response to negative feedback from owners of low and very low hazard dams regarding the current dam safety inspection fees and to increase compliance with the low and very low hazard dam inspection requirements. The rule amendments proposed by the Department would not change the fees for high or significant hazard potential dams or the frequency of inspection for either high or significant hazard potential dams or low or very low hazard potential dams.

B. R12-15-401, Table A

In its August 31, 2015 Report, the Department identified eight applications for which the licensing time-frames could be reduced without substantially impacting the mission and goals of the Department. The Department proposes to amend its licensing time-frame rule, R12-15-401, Table A, to reduce the existing licensing time-frames for those applications. The following is a list of the applications and the proposed reduction in the licensing time-frames:

- Application for type 1 non-irrigation grandfathered right associated with irrigation land retired 1965-1980 (reduce substantive review time-frame from 90 days to 60 days and overall time-frame from 120 days to 90 days).
- Application for type 2 non-irrigation grandfathered right (reduce substantive review time-frame from 90 days to 60 days and overall time-frame from 120 days to 90 days).
- Application for irrigation grandfathered right (reduce substantive review time-frame from 90 days to 60 days and overall time-frame from 120 days to 90 days).
- Application for revised certificate for new or additional points of withdrawal for a Type 2 right (reduce substantive review time-frame from 135 days to 45 days and overall time-frame from 180 days to 90 days).
- Application for issuance/renewal/modification of a hydrologic testing permit (reduce the substantive review time-frame from 30 days to 15 days and the overall time-frame from 60 days to 45 days),
- Request for variance from well construction requirements (reduce the substantive review time-frame from 35 days to 30 days and the overall time-frame from 50 days to 45 days).
- Application for well driller license (reduce substantive review time-frame from 105 days to 65 days and overall time-frame from 130 days to 90 days).
- Application for single well license (reduce substantive review time-frame from 105 days to 65 days and overall time-frame from 130 days to 90 days).

These amendments are based on the actual time the Department requires to process these permits.

The Department also proposes to amend its licensing time-frame rule, R12-15-401, Table A, to repeal the licensing time-frames established for the application for an assured water supply determination for State lands and the application for an adequate water supply determination for State lands. These time-frames are antiquated and no longer pertinent to the Department's administration of state water laws. There is no longer a license associated with either time-frame because the licenses no longer exist. The rules establishing the licenses were repealed effective September 12, 2006. The Department recommended repealing these licensing time-frames in its August 31, 2015 Report.

Additionally, the Department proposes to amend its licensing time-frame rule to correct the legal authorities cited for several applications and licenses in the rule and to correct the names of several applications and licenses that are not correctly stated in the rule. The Department recommended these corrections in its August 31, 2015 Report.

7. A reference to any study relevant to the rule that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:

None

8. A showing of good cause why the rule is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:

Not applicable

9. A summary of the economic, small business, and consumer impact:

A. R12-15-105(B) and (D):

The low and very low hazard potential dams under the jurisdiction of the Department are typically owned by farmers and ranchers, many of whom have provided negative feedback in response to the current inspection fee of \$1,000.00 for low and very low hazard potential dams. These dam owners will directly benefit from the proposed fee reductions. The Department does not foresee a negative impact to dam owners, or the public in general resulting, resulting from the proposed reduction in inspection fees.

Although the reduction in dam safety inspection fees for low and very low hazard potential dams will result in reduced revenue for the Department, the reduction is not significant.

For example, in 2013, the Department inspected 124 dams. Of this total, 101 dams were high and significant hazard potential dams, and 23 were low and very low hazard potential dams. The dam inspection fees for 2013 were \$252,726.00, but only \$21,000.00 of this amount was attributed to low and very low hazard potential dams. Assuming the same collection rate for low and very low hazard potential dams at the next inspection date, a \$250.00 inspection fee would reduce the amount collected by the Department by \$15,250.00. This is the most current data on file with the Department. The Department has not inspected low or very low hazard dams since 2013. Low and very low hazard potential dams are to be inspected once every five years pursuant to A.A.C. R12-15-1219(A).

Although the amount of fees collected by the Department will be reduced, the reduction is not significant and will be outweighed by the benefits to the dam owners. Additionally, it is probable the lower fee will result in increased compliance with inspection requirements by low and very low hazard dam owners which could result in additional fees to the Department. Further, the Department anticipates no additional costs to the Department or any other State agencies because of the proposed modifications.

The Department believes that the proposed rule modifications are the most direct way to reduce the financial burden related to dam safety inspection fees on the owners of low and very low hazard potential dams. While the same reduction in costs could be achieved over the long-term by reducing the frequency of inspections for low and very low hazard potential dams, such reduction may have an adverse impact of the safety of these dams.

B. R12-15-401, Table A

The proposed amendments to these rules have no economic impact as they are not associated with any fees or costs. The amendments can, however, impact small businesses and consumers. The Department identified eight licensing time-frame that could be reduced without substantially impacting the mission and goals of the Department's water resources management and allow the regulated community to obtain the permit or license requested in less time. Further, the proposed amendments repealing two licensing time-frames will have no economic impact because the licenses to which the time-frames applied were repealed in 2006.

10. A description of any changes between the proposed rulemaking, to include supplemental notices, and the final rulemaking:

There are no changes between the proposed rules and the final rules.

11. An agency's summary of the public or stakeholder comments made about the rulemaking and the agency response to the comments:

None

12. All agencies shall list other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:

a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:

The rules do not require a permit.

b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:

Federal law is not applicable to the subject of the rules because the rules are based on state law.

c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in another state:

No analysis was submitted.

13. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rule:

None

14. Whether the rule was previously made, amended, or repealed as an emergency rule. If so, cite the notice published in the Register as specified in R1-1-409(A). Also, the agency shall state where the text was changed between the emergency and the final rulemaking packages:

No

licensure. The statutory change to a 36-month, non-renewal license for pharmacy technician trainees will save those who might reapply approximately \$22 and the burden of making reapplication. The change provides pharmacy technician trainees who need it extra time in which to prepare for the national certification examination without making reapplication. This increases the chance a pharmacy technician trainee will pass the examination on the first taking. The current first-time failure rate on the examination is approximately 25 percent. The examination costs \$120 for each taking. The statutory change benefits patients by avoiding possible disruption in care. It also benefits the Board, which no longer has to manage re-applications.

The legislature decision to remove the requirement the Board pro-rate initial license and permit fees for applicants who apply during the term of a biennial period means most applicants will pay more for their initial license or permit. The rulemaking minimizes this burden and ensures a licensee's or permittee's first renewal occurs at least one year after initial licensure. The statutory change benefits the Board, which no longer has to manage pro-rating fees.

10. A description of any changes between the proposed rulemaking, including supplemental notices, and the final rulemaking (if applicable):

After publication of a Notice of Final Exempt Rulemaking (See 23 A.A.R. 2058, July 28, 2017), the Board determined there was an error in R4-23-205(D)(1). The Board's intent in that subsection was to clarify that if a pharmacy technician trainee obtained a license before the effective date of Laws 2017, Chapter 102, the statutory change did not apply to the pharmacy technician trainee. However, as written and published at 23 A.A.R. 2058, the rule failed to apply the statutory change to a pharmacy technician trainee who obtained a license for up to a year after the statutory change. Because this is inconsistent with statute, this amended Notice of Final Exempt Rulemaking is necessary.

11. An agency's summary of the public or stakeholder comments made about the rulemaking and the agency response to comments, if applicable:

None

12. Other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. When applicable, matters shall include, but not be limited to:

Under Laws 2017, Chapter 102, Section 5, the Board is exempt from the requirements of A.R.S. Title 41, Chapter 6 for this rulemaking. However, the Board is required to provide public notice and an opportunity for comment on the proposed rule for at least 30 days before the rule is made. The Board provided this notice and opportunity to comment on June 20, 2017. At the public hearing, the Board presented two options for handling the lack of pro-rating future initial license and permit fees. Three people commented and agreed on the language included in this rulemaking. The rule is also required to address renewal by a pharmacy technician trainee who is issued an initial license before the effective day for the statutory change. This is done at R4-23-205(D)(1) and (2).

a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:

The licenses, permits, and certificates for which the Board has established fees are general permits consistent with A.R.S. § 41-1037 because they are issued to qualified individuals or entities to conduct activities that are substantially similar in nature.

b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:

No federal law is applicable to this rulemaking.

c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:

No analysis was submitted.

13. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rule:

None

14. Whether the rule was previously made, amended, or repealed as an emergency rule. If so, cite the notice published in the Register as specified in R1-1-409(A). Also, the agency shall state where the text was changed between the emergency and the final rulemaking packages:

None of the rules in this rulemaking was previously made, amended, or repealed as an emergency rule.

15. The full text of the rules follows:

NOTICES OF RULEMAKING DOCKET OPENING

This section of the *Arizona Administrative Register* contains Notices of Rulemaking Docket Opening.

A docket opening is the first part of the administrative rulemaking process. It is an “announcement” that the agency intends to work on its rules.

When an agency opens a rulemaking docket to consider rulemaking, the Administrative Procedure Act (APA) requires the publication of the Notice of Rulemaking Docket Opening.

Under the APA effective January 1, 1995, agencies must submit a Notice of Rulemaking Docket Opening before beginning the formal rulemaking process. Many times an agency may file the Notice of Rulemaking Docket Opening with the Notice of Proposed Rulemaking.

The Office of the Secretary of State is the filing office and publisher of these notices. Questions about the interpretation of this information should be directed to the agency contact person listed in item #4 of this notice.

GOVERNOR EXECUTIVE ORDERS

The Administrative Procedure Act (APA) requires the full-text publication of Governor Executive Orders.

With the exception of egregious errors, content (including spelling, grammar, and punctuation) of these orders has been reproduced as submitted.

In addition, the Register shall include each statement filed by the Governor in granting a commutation, pardon or reprieve, or stay or suspension of execution where a sentence of death is imposed.

EXECUTIVE ORDER 2017-02

Internal Review of Administrative Rules; Moratorium to Promote Job Creation and Customer-Service-Oriented Agencies

[M17-23]

Editor's Note: This Executive Order is being reproduced in each issue of the Administrative Register until its expiration on December 31, 2017, as a notice to the public regarding state agencies' rulemaking activities.

WHEREAS, burdensome regulations inhibit job growth and economic development;

WHEREAS, job creators and entrepreneurs are especially hurt by red tape and regulations;

WHEREAS, all government agencies of the State of Arizona should promote customer-service-oriented principles for the people that it serves;

WHEREAS, each State agency should undertake a critical and comprehensive review of its administrative rules and take action to reduce the regulatory burden, administrative delay, and legal uncertainty associated with government regulation;

WHEREAS, overly burdensome, antiquated, contradictory, redundant, and nonessential regulations should be repealed;

WHEREAS, Article 5, Section 4 of the Arizona Constitution and Title 41, Chapter 1, Article 1 of the Arizona Revised Statutes vests the executive power of the State of Arizona in the Governor;

NOW, THEREFORE, I, Douglas A. Ducey, by virtue of the authority vested in me by the Constitution and laws of the State of Arizona hereby declare the following:

- 1. A State agency subject to this Order, shall not conduct any rulemaking except as permitted by this Order.
2. A State agency subject to this Order, shall not conduct any rulemaking, whether informal or formal, without the prior written approval of the Office of the Governor. In seeking approval, a State agency shall address one or more of the following as justification for the rulemaking:
a. To fulfill an objective related to job creation, economic development, or economic expansion in this State.
b. To reduce or ameliorate a regulatory burden while achieving the same regulatory objective.
c. To prevent a significant threat to the public health, peace, or safety.
d. To avoid violating a court order or federal law that would result in sanctions by a court of the federal government against an agency for failure to conduct the rulemaking action.
e. To comply with a federal statutory or regulatory requirement if such compliance is related to a condition for the receipt of federal funds or participation in any federal program.
f. To comply with a state statutory requirement.
g. To fulfill an obligation related to fees or any other action necessary to implement the State budget that is certified by the Governor's Office of Strategic Planning and Budgeting.
h. To promulgate a rule or other item that is exempt from Title 41, Chapter 6, Arizona Revised Statutes, pursuant to section 41-1005, Arizona Revised Statutes.
i. To address matters pertaining to the control, mitigation, or eradication of waste, fraud, or abuse within an agency or wasteful, fraudulent, or abusive activities perpetrated against an agency.
j. To eliminate rules that are antiquated, redundant or otherwise no longer necessary for the operation of state government.
3. All directors of state agencies subject to this Order shall engage their respective regulated or stakeholder communities to solicit comment on which rules the regulated community believes to be overly burdensome and not necessary to protect consumers, public health, or public safety. Each agency shall submit a report regarding the aforementioned information to the Governor's Office no later than September 1, 2017.
4. For the purposes of this Order, the term "State agencies," includes without limitation, all executive departments, agencies, offices, and all state boards and commissions, except for: (a) any State agency that is headed by a single elected State official, (b) the Corporation Commission and (c) any board or commission established by ballot measure during or after the November 1998 general election. Those State agencies, boards and commissions excluded from this Order are strongly encouraged to voluntarily comply with this Order in the context of their own rulemaking processes.
5. This Order does not confer any legal rights upon any persons and shall not be used as a basis for legal challenges to rules, approvals, permits, licenses or other actions or to any inaction of a State agency. For the purposes of this Order, "person," "rule," and "rulemaking" have the same meanings prescribed in Arizona Revised Statutes Section 41-1001.
