## ABOUT THIS PUBLICATION

The paper copy of the *Administrative Register* (A.A.R.) is the official publication for rules and rulemaking activity in the state of Arizona.

Rulemaking is defined in Arizona Revised Statutes known as the Arizona Administrative Procedure Act (APA), A.R.S. Title 41, Chapter 6, Articles 1 through 10.

The Office of the Secretary of State does not interpret or enforce rules published in the *Arizona Administrative Register* or *Code*. Questions should be directed to the state agency responsible for the promulgation of the rule as provided in its published filing.

The *Register* is cited by volume and page number. Volumes are published by calendar year with issues published weekly. Page numbering continues in each weekly issue.

In addition, the *Register* contains the full text of the Governor's Executive Orders and Proclamations of general applicability, summaries of Attorney General opinions, notices of rules terminated by the agency, and the Governor's appointments of state officials and members of state boards and commissions.

## ABOUT RULES

Rules can be: made (all new text); amended (rules on file, changing text); repealed (removing text); or renumbered (moving rules to a different Section number). Rules activity published in the *Register* includes: proposed, final, emergency, expedited, and exempt rules as defined in the APA.

Rulemakings initiated under the APA as effective on and after January 1, 1995, include the full text of the rule in the *Register*. New rules in this publication (whether proposed or made) are denoted with underlining; repealed text is stricken.

## WHERE IS A "CLEAN" COPY OF THE FINAL OR EXEMPT RULE PUBLISHED IN THE REGISTER?

The *Arizona Administrative Code* (A.A.C.) contains the codified text of rules. The A.A.C. contains rules promulgated and filed by state agencies that have been approved by the Attorney General or the Governor's Regulatory Review Council. The *Code* also contains rules exempt from the rulemaking process.

The printed *Code* is the official publication of a rule in the A.A.C., and is prima facie evidence of the making, amendment, or repeal of that rule as provided by A.R.S. § 41-1012. Paper copies of rules are available by full Chapter or by subscription. The *Code* is posted online for free.

## LEGAL CITATIONS AND FILING NUMBERS

On the cover: Each agency is assigned a Chapter in the *Arizona Administrative Code* under a specific Title. Titles represent broad subject areas. The Title number is listed first; with the acronym A.A.C., which stands for the *Arizona Administrative Code*; following the Chapter number and Agency name, then program name. For example, the Secretary of State has rules on rulemaking in Title 1, Chapter 1 of the *Arizona Administrative Code*. The citation for this chapter is 1 A.A.C. 1, Secretary of State, Rules and Rulemaking

Every document filed in the office is assigned a file number. This number, enclosed in brackets, is located at the top right of the published documents in the *Register*. The original filed document is available for 10 cents a page.

# Participate in the Process

## Look for the Agency Notice

Review (inspect) notices published in the *Arizona Administrative Register*. Many agencies maintain stakeholder lists and would be glad to inform you when they proposed changes to rules. Check an agency's website and its newsletters for news about notices and meetings.

Feel like a change should be made to a rule and an agency has not proposed changes? You can petition an agency to make, amend, or repeal a rule. The agency must respond to the petition. (See A.R.S. § 41-1033)

## Attend a public hearing/meeting

Attend a public meeting that is being conducted by the agency on a Notice of Proposed Rulemaking. Public meetings may be listed in the Preamble of a Notice of Proposed Rulemaking or they may be published separately in the *Register*. Be prepared to speak, attend the meeting, and make an oral comment.

An agency may not have a public meeting scheduled on the Notice of Proposed Rulemaking. If not, you may request that the agency schedule a proceeding. This request must be put in writing within 30 days after the published Notice of Proposed Rulemaking.

## Write the agency

Put your comments in writing to the agency. In order for the agency to consider your comments, the agency must receive them by the close of record. The comment must be received within the 30-day comment timeframe following the *Register* publication of the Notice of Proposed Rulemaking.

You can also submit to the Governor's Regulatory Review Council written comments that are relevant to the Council's power to review a given rule (A.R.S. § 41-1052). The Council reviews the rule at the end of the rulemaking process and before the rules are filed with the Secretary of State.

They are compiled by Legislative Council, with the official publication codified by Thomson West. Citations to statutes include Titles which represent broad subject areas. The Title number is followed by the Section number. For example, A.R.S. § 41-1001 is the definitions Section of Title 41 of the Arizona Administrative Procedures Act. The "§" symbol simply means "section." Available online at [www.azleg.gov](http://www.azleg.gov).

**Chapter:** A division in the codification of the *Code* designating a state agency or, for a large agency, a major program.

**Close of Record:** The close of the public record for a proposed rulemaking is the date an agency chooses as the last date it will accept public comments, either written or oral.

**Code of Federal Regulations (CFR):** The *Code of Federal Regulations* is a codification of the general and permanent rules published in the *Federal Register* by the executive departments and agencies of the federal government.

**Economic, Small Business, and Consumer Impact Statement (EIS):** The EIS identifies the impact of the rule on private and public employment, on small businesses, and on consumers. It includes an analysis of the probable costs and benefits of the rule. An agency includes a brief summary of the EIS in its preamble. The EIS is not published in the *Register* but is available from the agency promulgating the rule. The EIS is also filed with the rulemaking package.

**Governor's Regulatory Review (G.R.R.C.):** Reviews and approves rules to ensure that they are necessary and to avoid unnecessary duplication and adverse impact on the public. ## About Preambles

The Preamble is the part of a rulemaking package that contains information about the rulemaking and provides agency justification and regulatory intent.

It includes reference to the specific statutes authorizing the agency to make the rule, an explanation of the rule, reasons for proposing the rule, and the preliminary Economic Impact Statement.

The information in the Preamble differs between rulemaking notices used and the stage of the rulemaking.

**NOTICES OF PROPOSED RULEMAKING**

This section of the *Arizona Administrative Register* contains Notices of Proposed Rulemaking.

A proposed rulemaking is filed by an agency upon completion and submittal of a Notice of Rulemaking Docket Opening. Often these two documents are filed at the same time and published in the same *Register* issue.

When an agency files a Notice of Proposed Rulemaking under the *Administrative Procedure Act* (APA), the notice is published in the *Register* within three weeks of filing. See the publication schedule in the back of each issue of the *Register* for more information.

Under the APA, an agency must allow at least 30 days to elapse after the publication of the Notice of Proposed Rulemaking in the *Register* before beginning any oral proceedings for making, amending, or repealing any rule (A.R.S. §§ 41-1013 and 41-1022).

The Office of the Secretary of State is the filing office and publisher of these rules. Questions about the interpretation of the proposed rules should be addressed to the agency that promulgated the rules. Refer to item #4 below to contact the person charged with the rulemaking and item #10 for the close of record and information related to public hearings and oral comments.

**5. An agency's justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:**

A.R.S. § 36-136(I)(8) requires the Department to create rules related to health and sanitation for various specific aspects of trailer coach parks, including food preparation in community kitchens; sewage and excreta disposal; garbage and trash collection, storage and disposal; and water supply. A.R.S. § 36-601 requires the Department to take action in response to “any person who is maintaining a nuisance or engaging in any practice contrary to the health laws of the state.” To implement A.R.S. § 36-136(I)(8) for trailer coach parks, the Department adopted rules at 9 A.A.C. 8, Article 5. The 11 rules in Article 5 prescribe measures necessary to ensure that trailer coach parks are built, operated, and maintained in a sanitary manner, and specifically provide minimum standards for applications, park plan, water supply, sewage disposal, sanitation facilities, services buildings, community kitchens, and waste disposal. The Department received an exception from the Governor’s rulemaking moratorium, established by Executive Order 2017-02, and is proposing to amend this Article to address matters identified in its 2017 five-year-review report for the trailer coach parks rules and make other changes to improve efficiency and effectiveness of the rules. During the regular rulemaking process, the Department solicited comments from stakeholders about how the rules may be improved. The proposed amendments will conform to rulemaking format and style requirements of the Governor’s Regulatory Review Council and the Office of the Secretary of State.

**6. A reference to any study relevant to the rule that the agency reviewed and proposes either to rely on or not to rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:**

The Department did not review or rely on any study related to this rulemaking package.

**7. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:**

Not applicable

**8. The preliminary summary of the economic, small business, and consumer impact:**

The trailer coach park rules were adopted by regular rulemaking in 1980, and at that time, an economic, small business, and consumer statement (EIS) was not required. The rules have not been amended and there is no EIS on file. The Department believes that affected persons include the Department, county agencies acting as regulatory authorities, owners of trailer coach parks, and the public. The annual costs and revenues are designated as minimal when less than \$1,000, moderate when between \$1,000 and \$10,000, and substantial when greater than \$10,000.

The Department, according to A.R.S. § 36-136(D), has delegated its trailer coach park inspection and abatement authority under A.R.S. § 36-136(I)(8) to the local health departments and environmental service departments, except for Gila County. Local health departments use the rules while conducting annual and complaint inspections of trailer coach parks. Arizona trailer coach parks are inspected for general sanitation practices including, but not limited to, garbage and trash removal, sewage connections, and water and wastewater. During fiscal year 2018, 1,823 trailer coach parks were operating in Arizona. County sanitarians conducted 1,888 regular inspections, 100 complaint-based inspections, and 43 enforcement actions in these trailer coach parks. Additionally in fiscal year 2018, the Department did not conduct any trailer coach park inspections or complaint-based inspections.

After reviewing the rules, the Department anticipates that the Department could incur up to a moderate cost to complete the 9 A.A.C. 8, Article 5 rulemaking and a minimal cost for providing technical assistance to counties, owners of trailer coach parks, and the public related to the rulemaking. The Department believes county agencies may incur up to a moderate cost to provide training and technical support to employees and owners of trailer coach parks. Owners of trailer coach parks who are required to comply with new rules are not expected to incur additional cost and rather, are expected to receive a significant benefit for having fewer requirements to comply with. For example, requirements for application, park plan, and sanitation facilities have been repealed. The Department does not anticipate that the public will incur any cost as a result of the new rules. The Department expects that the new rules will significantly benefit county agencies and owners of trailer coach parks because they are more effective, clear, and understandable and reduce regulatory burdens. The Department believes the new rules are consistent with other state statutes and rules and increase public health and safety for all Arizonians. Lastly, the Department believes the benefits of having the new trailer coach parks rules outweigh any costs incurred by the Department and county agencies.

- 5. An agency's justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:**  
 A.R.S. § 36-136(I)(8) requires the Department to create rules related to health and sanitation for various specific aspects of camp grounds, including food preparation in community kitchens; sewage and excreta disposal; garbage and trash collection, storage and disposal; and water supply. A.R.S. § 36-601 requires the Department to take action in response to "any person who is maintaining a nuisance or engaging in any practice contrary to the health laws of the state." To implement A.R.S. § 36-136(I)(8) for camp grounds, the Department adopted rules at 9 A.A.C. 8, Article 6. The 7 rules in Article 6 prescribe measures necessary to ensure that camp grounds are built, operated, and maintained in a sanitary manner, and specifically provide minimum standards for supervision, water supply, sewage and refuse disposal, toilets, and construction and maintenance of buildings.

In response to the Department’s 2017 five-year-review report for the camp grounds rules, the Governor’s Regulatory Review Council ordered the Department to complete a rulemaking on 9 A.A.C 8, Article 6 by January 1, 2019. The Department received an exception from the Governor’s rulemaking moratorium, established by Executive Order 2017-02, and is proposing to amend this Article to address matters identified in its 2017 five-year-review report for the campgrounds rules and make other changes to improve efficiency and effectiveness of the rules. On August 7, 2018, the Governor’s Regulatory Review Council approved the Department’s request to extend 9 A.A.C 8, Article 6 rulemaking due date to July 1, 2019. During the regular rulemaking process, the Department solicited comments from stakeholders about how the rules may be improved. The proposed rules conform to rulemaking format and style requirements of the Governor’s Regulatory Review Council and the Office of the Secretary of State.

**6. A reference to any study relevant to the rule that the agency reviewed and proposes either to rely on or not to rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:**

The Department did not review or rely on any study related to this rulemaking package.

**7. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:**

Not applicable

**8. The preliminary summary of the economic, small business, and consumer impact:**

According to Arizona Administrative Rules and Regulations (copyright 1975), the first filing of the camp ground rulemaking occurred prior to 1976 and was approved by regular rulemaking. The rules have not been amended. The Department believes that affected persons include the Department, county agencies acting as regulatory authorities, owners and operators of camp grounds, and the public. The annual costs/revenues are designated as minimal when less than \$1,000, moderate when between \$1,000 and \$10,000, and substantial when greater than \$10,000.

The Department, pursuant to A.R.S. § 36-136(D), has delegated its camp ground inspection and abatement authority under A.R.S. § 36-136(I)(8) to the local health departments except Apache county. Local health departments use the rules while conducting inspections of camp grounds. Arizona camp grounds are routinely inspected for general sanitation practices including, but not limited to, garbage and trash removal, sewage connections, and water and wastewater. Thirty-nine camp grounds were operating in Arizona during fiscal year 2018. County sanitarians conducted 26 regular inspections, one complaint-based inspection, and no enforcement actions in these camp grounds. Additionally in fiscal year 2018, the Department did not conduct any camp ground inspections or complaint-based inspections.

After reviewing the rules, the Department determined that the Department has incurred a minimal cost to write the rules and minimal cost to administer the rules for camp grounds. The Department believes county agencies have incurred a moderate cost to administer and inspect camp grounds. Owners and operators of camp grounds who comply with the rules are also believed to have incurred a minimal cost to do so. The Department believes the public may have incurred a minimal cost as a result of the rules due to camp ground owners passing on their costs, for complying with the rules, to their customers. Overall, the Department believes the public health benefits of having rules for camp grounds outweigh the cost to the Department, the county agencies, owners and operators of camp grounds, and the public.

5. An agency's justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:

A.R.S. § 36-136(I)(8) requires the Department to create rules related to health and sanitation for various specific aspects of hotels, motels, and tourist courts, including food preparation in community kitchens; sewage and excreta disposal; garbage and trash collection, storage and disposal; and water supply. A.R.S. § 36-601 requires the Department to take action in response to "any person who is maintaining a nuisance or engaging in any practice contrary to the health laws of the state." To implement A.R.S. § 36-136(I)(8) for hotels, motels, and tourist courts, the Department adopted rules at 9 A.A.C. 8, Article 13. The 12 rules in Article 13

prescribe measures necessary to ensure that hotels, motels, and tourist courts are built, operated, and maintained in a sanitary manner, and specifically provide minimum standards for inspection, dwelling units, water supply, sewage disposal, sanitation facilities, refuse, and waste disposal.

In response to the Department's 2017 five-year-review report for the lodging establishments rules, the Governor's Regulatory Review Council ordered the Department to complete a rulemaking on 9 A.A.C 8, Article 13 by January 1, 2019. The Department received an exception from the Governor's rulemaking moratorium, established by Executive Order 2017-02, and is proposing to amend this Article to address matters identified in its 2017 five-year-review report for the lodging establishments rules and make other changes to improve efficiency and effectiveness of the rules. On August 7, 2018, the Governor's Regulatory Review Council approved the Department's request to extend 9 A.A.C 8, Article 13 rulemaking due date to July 1, 2019. During the regular rulemaking process, the Department solicited comments from stakeholders about how the rules may be improved. The proposed rules will conform to rulemaking format and style requirements of the Governor's Regulatory Review Council and the Office of the Secretary of State.

**6. A reference to any study relevant to the rule that the agency reviewed and proposes either to rely on or not to rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:**

The Department did not review or rely on any study related to this rulemaking package.

**7. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:**

Not applicable

**8. The preliminary summary of the economic, small business, and consumer impact:**

The hotels, motels, and tourist courts rules were promulgated before November 1, 1976, and there is no economic impact statement on file. The rules have not been amended. The Department believes that affected persons include the Department, county agencies acting as regulatory authorities, owners of hotels, motels, and tourist courts, and the public. The annual costs/revenues are designated as minimal when less than \$1,000, moderate when between \$1,000 and \$10,000, and substantial when greater than \$10,000.

The Department, pursuant to A.R.S. § 36-136(D), has delegated its hotels, motels, and tourist courts inspection and abatement authority under A.R.S. § 36-136(I)(8) to the local health departments, except Apache county. Local health departments use the rules while conducting inspections of hotels, motels and tourist courts. Arizona hotels, motels and tourist courts are routinely inspected for general sanitation practices including, but not limited to, garbage and trash removal, sewage connections, and water and wastewater. During fiscal year 2018, 1,367 hotels, motels, and tourist courts were operating in Arizona. County sanitarians conducted 1,431 regular inspections, 210 complaint-based inspections, and 25 enforcement actions in these establishments. Additionally in fiscal year 2018, the Department did not conduct any camp ground inspections or complaint-based inspections.

After reviewing the rules, the Department determined that the Department has incurred a minimal cost to write the rules and minimal cost to administer the rules. The Department believes county agencies have incurred a moderate cost to administer and inspect hotels, motels, and tourist courts. Owners of hotels, motels, and tourist courts who comply with the rules are also believed to have incurred a minimal cost to do so. The public may incur minimal costs if hotel, motel, and tourist court owners pass the costs of complying with the rules on to customers. Overall, the Department believes the public health benefits of having rules for hotels, motels, and tourist courts outweigh the cost to the Department, the county agencies, owners, and the public.

**EXECUTIVE ORDER 2018-02****Internal Review of Administrative Rules; Moratorium to Promote Job Creation and Customer-Service-Oriented Agencies**

[M18-46]

**WHEREAS**, burdensome regulations inhibit job growth and economic development; and

**WHEREAS**, job creators and entrepreneurs are especially hurt by red tape and regulations; and

**WHEREAS**, in 2015 the State of Arizona implemented a moratorium on all new regulatory rulemaking by State agencies through executive order, and renewed the moratorium in 2016 and 2017; and

**WHEREAS**, in 2017 the State of Arizona eliminated or repealed 676 needless regulations; and

**WHEREAS**, estimates show these eliminations saved job creators more than \$48 million in operating costs; and

**WHEREAS**, 161,000 private sector jobs have been added to Arizona since January 2015; and

**WHEREAS**, all government agencies of the State of Arizona should continue to promote customer-service-oriented principles for the people that it serves; and

**WHEREAS**, each State agency shall continue a critical and comprehensive review of its administrative rules and take action to reduce the regulatory burden, administrative delay, and legal uncertainty associated with government regulation; and

**WHEREAS**, each State agency should evaluate its administrative rules using any available and reliable data and performance metrics; and

**WHEREAS**, overly burdensome, antiquated, contradictory, redundant, and nonessential regulations should be repealed; and

**WHEREAS**, Article 5, Section 4 of the Arizona Constitution and Title 41, Chapter 1, Article 1 of the Arizona Revised Statutes vests the executive power of the State of Arizona in the Governor;

**NOW, THEREFORE, I, Douglas A. Ducey**, by virtue of the authority vested in me by the Constitution and laws of the State of Arizona hereby declare the following:

2. A State agency subject to this Order, shall not conduct any rulemaking, whether informal or formal, without the prior written approval of the Office of the Governor. In seeking approval, a State agency shall address one or more of the following as justification for the rulemaking:
  - a. To fulfill an objective related to job creation, economic development, or economic expansion in this State.
  - b. To reduce or ameliorate a regulatory burden while achieving the same regulatory objective.
  - c. To prevent a significant threat to the public health, peace, or safety.
  - d. To avoid violating a court order or federal law that would result in sanctions by a federal court for failure to conduct the rulemaking action.
  - e. To comply with a federal statutory or regulatory requirement if such compliance is related to a condition for the receipt of federal funds or participation in any federal program.
  - f. To comply with a state statutory requirement.
  - g. To fulfill an obligation related to fees or any other action necessary to implement the State budget that is certified by the Governor's Office of Strategic Planning and Budgeting.
  - h. To promulgate a rule or other item that is exempt from Title 41, Chapter 6, Arizona Revised Statutes, pursuant to section 41-1005, Arizona Revised Statutes.
  - i. To address matters pertaining to the control, mitigation, or eradication of waste, fraud, or abuse within an agency or wasteful, fraudulent, or abusive activities perpetrated against an agency.
  - j. To eliminate rules that are antiquated, redundant or otherwise no longer necessary for the operation of state government.
3. A State agency subject to this Order, shall not publicize any directives, policy statements, documents or forms on its website unless such are explicitly authorized by Arizona Revised Statutes or Arizona Administrative Code.
4. A State agency subject to this Order, shall coordinate with the Office of Economic Opportunity to prepare a statement of estimated regulatory costs analyzing the economic impact of agency rules, including an analysis of the effort of such rules on the creation and retention of jobs within the State of Arizona.
5. A State agency subject to this Order, shall review the agency's rules related to license reciprocity and identify opportunities to decrease burdens for qualified professionals who relocate to Arizona, whether administrative or legislative, and report these opportunities to the office of the Governor no later than July 1, 2018.

6. A State agency subject to this Order, shall review the agency’s rules to identify opportunities for veterans by recognizing the skills, credentials, and training received during military service in place of some or all of the training requirements for a specific license, and include additional opportunities in the report to the office of the Governor no later than July 1, 2018.
7. For the purposes of this Order, the term “State agencies,” includes without limitation, all executive departments, agencies, offices, and all state boards and commissions, except for: (a) any State agency that is headed by a single elected State official, (b) the Corporation Commission and (c) any board or commission established by ballot measure during or after the November 1998 general election. Those State agencies, boards and commissions excluded from this Order are strongly encouraged to voluntarily comply with this Order in the context of their own rulemaking processes.
8. This Order does not confer any legal rights upon any persons and shall not be used as a basis for legal challenges to rules, approvals, permits, licenses or other actions or to any inaction of a State agency. For the purposes of this Order, “person,” “rule,” and “rulemaking” have the same meanings prescribed in Arizona Revised Statutes Section 41-1001.
9. This Executive Order expires on December 31, 2018.
