## ABOUT THIS PUBLICATION

The authenticated pdf of the *Administrative Register* (A.A.R.) posted on the Arizona Secretary of State's website is the official published version for rulemaking activity in the state of Arizona.

Rulemaking is defined in Arizona Revised Statutes known as the Arizona Administrative Procedure Act (APA), A.R.S. Title 41, Chapter 6, Articles 1 through 10.

The *Register* is cited by volume and page number. Volumes are published by calendar year with issues published weekly. Page numbering continues in each weekly issue.

In addition, the *Register* contains notices of rules terminated by the agency and rules that have expired.

## ABOUT RULES

Rules can be: made (all new text); amended (rules on file, changing text); repealed (removing text); or renumbered (moving rules to a different Section number). Rulemaking activity published in the *Register* includes: proposed, final, emergency, expedited, and exempt rules as defined in the APA, and other state statutes.

New rules in this publication (whether proposed or made) are denoted with underlining; repealed text is stricken.

## WHERE IS A "CLEAN" COPY OF THE FINAL OR EXEMPT RULE PUBLISHED IN THE REGISTER?

The *Arizona Administrative Code* (A.A.C.) contains the codified text of rules. The A.A.C. contains rules promulgated and filed by state agencies that have been approved by the Attorney General or the Governor's Regulatory Review Council. The *Code* also contains rules exempt from the rulemaking process.

The authenticated pdf of *Code* chapters posted on the Arizona Secretary of State's website are the official published version of rules in the A.A.C. The *Code* is posted online for free.

## LEGAL CITATIONS AND FILING NUMBERS

On the cover: Each agency is assigned a Chapter in the *Arizona Administrative Code* under a specific Title. Titles represent broad subject areas. The Title number is listed first; with the acronym A.A.C., which stands for the *Arizona Administrative Code*; following the Chapter number and Agency name, then program name. For example, the Secretary of State has rules on rulemaking in Title 1, Chapter 1 of the *Arizona Administrative Code*. The citation for this chapter is 1 A.A.C. 1, Secretary of State, Rules and Rulemaking

Every document filed in the office is assigned a file number. This number, enclosed in brackets, is located at the top right of the published documents in the *Register*. The original filed document is available for 10 cents a page.

## Look for the Agency Notice

Review (inspect) notices published in the *Arizona Administrative Register*. Many agencies maintain stakeholder lists and would be glad to inform you when they proposed changes to rules. Check an agency's website and its newsletters for news about notices and meetings.

Feel like a change should be made to a rule and an agency has not proposed changes? You can petition an agency to make, amend, or repeal a rule. The agency must respond to the petition. (See A.R.S. § 41-1033)

## Attend a public hearing/meeting

Attend a public meeting that is being conducted by the agency on a Notice of Proposed Rulemaking. Public meetings may be listed in the Preamble of a Notice of Proposed Rulemaking or they may be published separately in the *Register*. Be prepared to speak, attend the meeting, and make an oral comment.

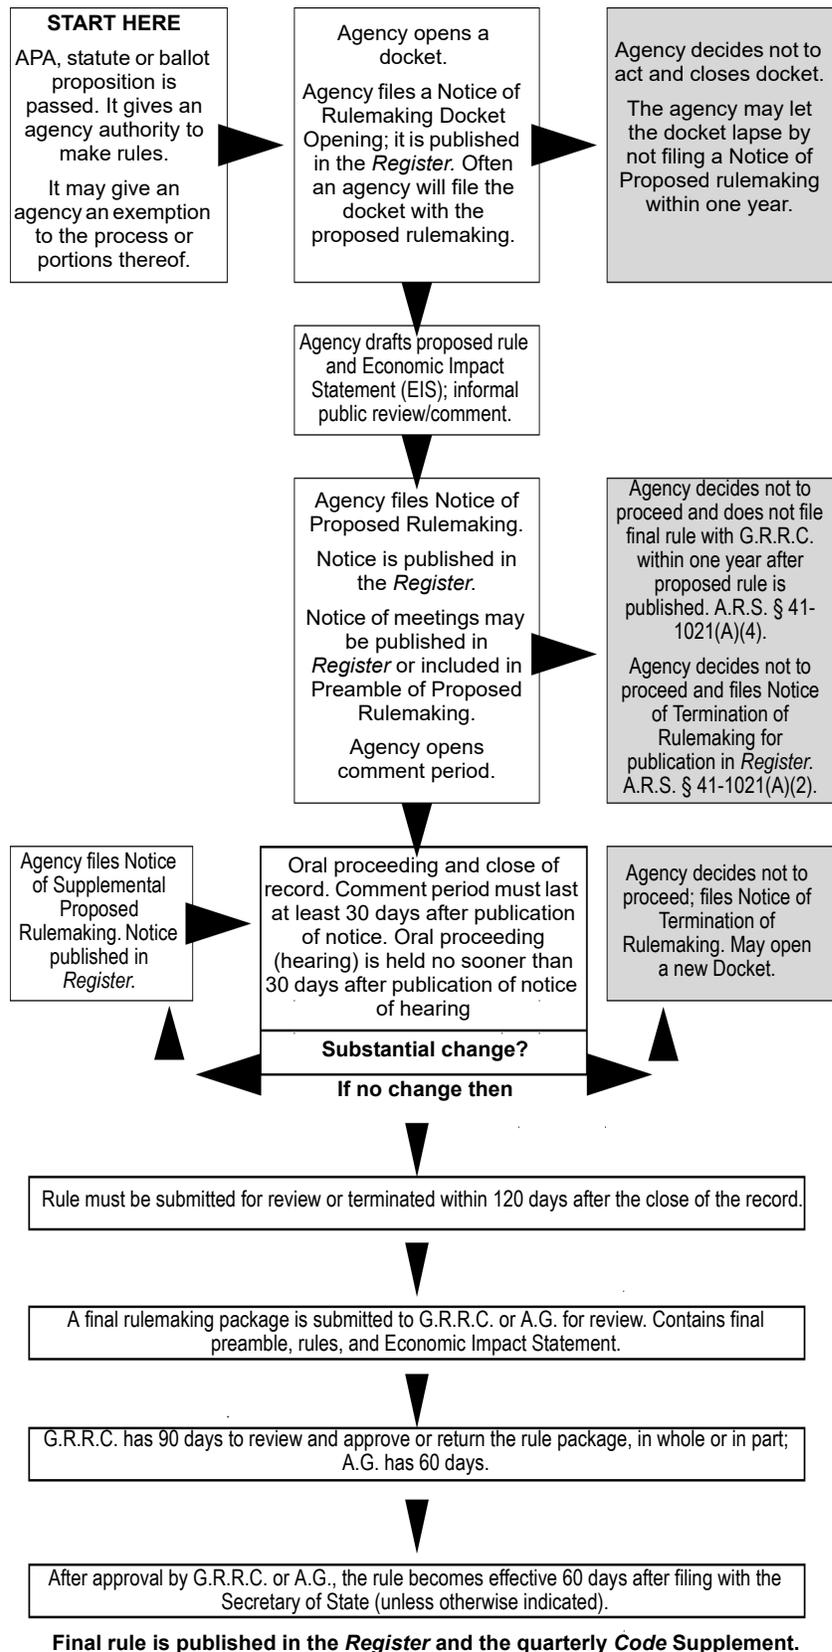

An agency may not have a public meeting scheduled on the Notice of Proposed Rulemaking. If not, you may request that the agency schedule a proceeding. This request must be put in writing within 30 days after the published Notice of Proposed Rulemaking.

## Write the agency

Put your comments in writing to the agency. In order for the agency to consider your comments, the agency must receive them by the close of record. The comment must be received within the 30-day comment timeframe following the *Register* publication of the Notice of Proposed Rulemaking.

You can also submit to the Governor's Regulatory Review Council written comments that are relevant to the Council's power to review a given rule (A.R.S. § 41-1052). The Council reviews the rule at the end of the rulemaking process and before the rules are filed with the Secretary of State.

They are compiled by Legislative Council, with the official publication codified by Thomson West. Citations to statutes include Titles which represent broad subject areas. The Title number is followed by the Section number. For example, A.R.S. § 41-1001 is the definitions Section of Title 41 of the Arizona Administrative Procedures Act. The "§" symbol simply means "section." Available online at [www.azleg.gov](http://www.azleg.gov).

**Chapter:** A division in the codification of the *Code* designating a state agency or, for a large agency, a major program.

**Close of Record:** The close of the public record for a proposed rulemaking is the date an agency chooses as the last date it will accept public comments, either written or oral.

**Code of Federal Regulations (CFR):** The *Code of Federal Regulations* is a codification of the general and permanent rules published in the *Federal Register* by the executive departments and agencies of the federal government.

## About Preambles

The Preamble is the part of a rulemaking package that contains information about the rulemaking and provides agency justification and regulatory intent.

It includes reference to the specific statutes authorizing the agency to make the rule, an explanation of the rule, reasons for proposing the rule, and the preliminary Economic Impact Statement.

The information in the Preamble differs between rulemaking notices used and the stage of the rulemaking.

**NOTICES OF PROPOSED RULEMAKING**

This section of the *Arizona Administrative Register* contains Notices of Proposed Rulemakings.

A proposed rulemaking is filed by an agency upon completion and submittal of a Notice of Rulemaking Docket Opening. Often these two documents are filed at the same time and published in the same *Register* issue.

When an agency files a Notice of Proposed Rulemaking under the Administrative Procedure Act (APA), the notice is published in the *Register* within three weeks of filing. See the publication schedule in the back of each issue of the *Register* for more information.

Under the APA, an agency must allow at least 30 days to elapse after the publication of the Notice of Proposed Rulemaking in the *Register* before beginning any proceedings for making, amending, or repealing any rule (A.R.S. §§ 41-1013 and 41-1022).

The Office of the Secretary of State is the filing office and publisher of these rules. Questions about the interpretation of the proposed rules should be addressed to the agency that promulgated the rules. Refer to item #4 below to contact the person charged with the rulemaking and item #10 for the close of record and information related to public hearings and oral comments.

- 5. An agency's justification and reason why a rule should be made, amended, repealed, or renumbered, to include an explanation about the rulemaking:**  
 R2-8-122 clarifies how contributions are to be remitted to the ASRS and when contributions become delinquent if the Employer does not remit contributions on time. This rule also identifies what interest rate is applied to delinquent contributions. However, the ASRS needs to further clarify that contributions must be remitted based on the contribution rate in effect on the pay period end date and that the Employer shall certify that each employee for whom they are remitting contributions has met the requirements for active member eligibility and that all contributions are eligible for compensation under A.R.S. § 38-711.
- 6. A reference to any study relevant to the rule that the agency reviewed and proposes either to rely on or not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material.**  
 None
- 7. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:**  
 Not applicable
- 8. The preliminary summary of the economic, small business, and consumer impact:**  
 The ASRS promulgates rules that allow the agency to provide for the proper administration of the state retirement trust fund. ASRS rules affect ASRS members and ASRS employers regarding how they contribute to, and receive benefits from, the ASRS. The ASRS effectively administers how public-sector employers and employees participate in the ASRS. As such, the ASRS does not issue permits or licenses, or charge fees, and its rules have little to no economic impact on private-sector businesses, with the exception of some employer partner charter schools, which have voluntarily contracted to join the ASRS. Thus, there is little to no economic, small business, or consumer impact, other than the minimal cost to the ASRS to prepare the rule package. The rule will have minimal economic impact, if any, because it merely clarifies in further detail how an Employer must remit contributions.

**10. The time, place, and nature of the proceedings for to make, amend, repeal, or renumber the rule, or if no proceeding is scheduled, where, when, and how persons may request and oral proceedings on the proposed rule:**

14th Floor Conference Room

**B.** No change

**8. The preliminary summary of the economic, small business, and consumer impact:**

The Department anticipates that the rulemaking, which is increasing fees that have remained the same for over 20 years, may affect the Department, certified radiation technologists, students currently in occupational programs related to radiologic technology, businesses employing radiation technologists, patients, and the general public. Annual costs/revenues changes are designated as minimal when more than \$0 and \$1,000 or less, moderate when between \$1,000 and \$10,000, and substantial when \$10,000 or greater in additional costs or revenues. A cost is listed as significant when meaningful or important, but not readily subject to quantification.

As of July 3, 2019, there were approximately 9,700 individuals with active certification as radiation technologists in Arizona, with another approximately 2,300 with inactive certificates. Under the fees for certification in the current rules, the Department receives approximately \$496,000 every two years from individuals receiving or renewing certification, or approximately \$248,000 per year. Since assuming responsibility for the regulation of individuals certified to provide radiologic technology in 2017, the Department's expenses have consistently been more than the revenue received, and this shortfall has reached the point where the Department has to increase fees for certification or reduce regulatory activities. Such reduction in regulatory activity could include not investigating complaints in a timely manner and taking much more time to resolve problems with applications and to issue certificates. The Department believes this reduction in regulatory oversight may result in harm to the health and safety of the public, as well as causing a burden on the regulated community. The fees specified in the proposed rules would be sufficient to cover the shortfall and allow the Department to continue to protect public health. They are also in line with the fees charged by other states. Therefore, the Department would receive a substantial benefit from the fee increase.

Businesses employing radiation technologists include hospitals, some clinics, and medical imaging facilities. If one of these entities pays for or subsidizes the cost of licensing/certification for their employees, the fee increase may cause the entity to incur a minimal cost increase. Since the fee increase and new certificate fees will allow the Department to continue regulating radiation technologists under the current processes and timelines, a business employing radiation technologists may also receive a significant benefit from the fee changes through the continuance of external monitoring by the Department of the competency of these employees or potential employees.

The current certification fee of \$60 is being increased to \$100 every two years to enable the Department to continue providing regulatory oversight at a level that protects the health and safety of the public. Therefore, an applicant or certificate holder may incur a minimal increased cost for certification of \$40 for a two-year certification due to the fee increase, which equates to an increase of \$1.67 per month. Adding fees for computed tomography preceptor certificates and computed tomography temporary certificates may also cause individuals wanting to gain experience towards certification as a computed tomography technologist without taking a separate examination in computed tomography to incur a minimal cost increase. However, the new rules also make clear under what circumstances, specified in A.R.S. § 41-1080.01, the application fee for initial certification will be waived by the Department. This may provide a minimal benefit to students currently in occupational programs related to radiologic technology who meet the criteria for waiver.

The thousands of patients in Arizona receiving a medical imaging procedure or radiation therapy every day rely on the oversight provided by the Department to ensure that the individual applying ionizing radiation to their bodies as part of the procedure or therapy is qualified and competent, so their health and safety are protected. By enabling the Department to continue providing adequate oversight over individuals certified under the rules in 9 A.A.C. 16, Article 6, the Department anticipates that the fee increase may provide a significant benefit to a patient. Similarly, the Department believes that the health and safety of the general public are protected by continued oversight of individuals certified under the rules in 9 A.A.C. 16, Article 6. Therefore, the Department expects that the general public may receive a significant benefit from the fee changes due to knowing that only qualified and competent individuals are certified to provide radiologic technology.

**11. All agencies shall list other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:**

**a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:**

The Department believes the certification issued to an individual is a general permit in that certification specifies the individual and the tasks/services the individual is authorized by certification to provide, but a certified individual is not limited to providing the tasks/services in any one location.

**b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:**

Federal laws do not apply to the certification rules. However, federal regulations may impact the scope of practice and methodologies employed by certified individuals.

**c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:**

No business competitiveness analysis was received by the Department.

**NOTICES OF RULEMAKING DOCKET OPENING**

This section of the *Arizona Administrative Register* contains Notices of Rulemaking Docket Opening.

A docket opening is the first part of the administrative rulemaking process. It is an "announcement" that the agency intends to work on its rules.

When an agency opens a rulemaking docket to consider rulemaking, the Administrative Procedure Act (APA) requires the publication of the Notice of Rulemaking Docket Opening.

Under the APA effective January 1, 1995, agencies must submit a Notice of Rulemaking Docket Opening before beginning the formal rulemaking process. Many times an agency may file the Notice of Rulemaking Docket Opening with the Notice of Proposed Rulemaking.

The Office of the Secretary of State is the filing office and publisher of these notices. Questions about the interpretation of this information should be directed to the agency contact person listed in item #4 of this notice.

[R19-232]

- 1. Title and its heading:** 9, Health Services
- Chapter and its heading:** 25, Department of Health Services - Emergency Medical Services
- Articles and their headings:** 9, Ground Ambulance Certificate of Necessity

- Section numbers:** R9-25-901 through R9-25-912, Exhibit 9A, Exhibit 9B, R9-25-1001 through R9-25-1006, and R9-25-1101 through R9-25-1110

**2. The subject matter of the proposed expedited rules:**

Arizona Revised Statutes (A.R.S.) §§ 36-2202(A)(3) and (4) and 36-2209(A)(2) require the Arizona Department of Health Services (Department) to adopt standards and criteria pertaining to the quality of emergency care, rules necessary for the operation of

emergency medical services, and rules for carrying out the purposes of A.R.S. Title 36, Chapter 21.1. The Department has adopted rules to implement these statutes in 9 A.A.C. 25. The rules in 9 A.A.C. 25, Articles 9, 10, and 11 establish requirements for ground ambulance certificates of necessity, for registration of ground ambulance vehicle, and for ground ambulance service rates and charges and contracts, respectively, to ensure the health and safety of patients being transported. In a five-year-review report approved by the Governor’s Regulatory Review Council on July 6, 2017, the Department identified several issues with these rules and proposed a rulemaking to address these issues. These issues include non-compliance with A.R.S. § 41-1080, unclear requirements, requirements inconsistent with current standards of operation for ground ambulance services, and poor organization of the rules. All of these issues may affect the effectiveness of the rules and, thus, threaten the health and safety of patients being transported. The Department also requested input from stakeholders to identify additional issues. The Department plans to revise the rules in 9 A.A.C. 25, Articles 9 through 11, to address these issues and other issues identified by stakeholders as part of the rulemaking process and to restructure the rules to improve clarity, remove duplication, and increase effectiveness. The proposed amendments will conform to rulemaking format and style requirements of the Governor’s Regulatory Review Council and the Office of the Secretary of State.
