ABOUT THIS PUBLICATION

The authenticated pdf of the Administrative Register (A.A.R.) posted on the Arizona Secretary of State’s website is the official published version for rulemaking activity in the state of Arizona.

Rulemaking is defined in Arizona Revised Statutes known as the Arizona Administrative Procedure Act (APA), A.R.S. Title 41, Chapter 6, Articles 1 through 10.

The Register is cited by volume and page number. Volumes are published by calendar year with issues published weekly. Page numbering continues in each weekly issue.

In addition, the Register contains notices of rules terminated by the agency and rules that have expired.

ABOUT RULES

Rules can be: made (all new text); amended (rules on file, changing text); repealed (removing text); or renumbered (moving rules to a different Section number). Rulemaking activity published in the Register includes: proposed, final, emergency, expedited, and exempt rules as defined in the APA, and other state statutes.

New rules in this publication (whether proposed or made) are denoted with underlining; repealed text is stricken.

WHERE IS A “CLEAN” COPY OF THE FINAL OR EXEMPT RULE PUBLISHED IN THE REGISTER?

The Arizona Administrative Code (A.A.C) contains the codified text of rules. The A.A.C. contains rules promulgated and filed by state agencies that have been approved by the Attorney General or the Governor’s Regulatory Review Council. The Code also contains rules exempt from the rulemaking process.

The authenticated pdf of Code Chapters posted on the Arizona Secretary of State’s website are the official published version of rules in the A.A.C. The Code is posted online for free.

LEGAL CITATIONS AND FILING NUMBERS

On the cover: Each agency is assigned a Chapter in the Arizona Administrative Code under a specific Title. Titles represent broad subject areas. The Title number is listed first; with the acronym A.A.C., which stands for the Arizona Administrative Code; following the Chapter number and Agency name, then program name. For example, the Secretary of State has rules on rulemaking in Title 1, Chapter 1 of the Arizona Administrative Code. The citation for this Chapter is 1 A.A.C. 1, Secretary of State, Rules and Rulemaking. Very document filed in the office is assigned a file number. This number, enclosed in brackets, is located at the top right of the published documents in the Register. The original filed document is available for 10 cents a page.
Participate in the Process

Look for the Agency Notice

Review (inspect) notices published in the Arizona Administrative Register. Many agencies maintain stakeholder lists and would be glad to inform you when they proposed changes to rules. Check an agency’s website and its newsletters for news about notices and meetings.

Feel like a change should be made to a rule and an agency has not proposed changes? You can petition an agency to make, amend, or repeal a rule. The agency must respond to the petition. (See A.R.S. § 41-1033)

Attend a public hearing/meeting

Attend a public meeting that is being conducted by the agency on a Notice of Proposed Rulemaking. Public meetings may be listed in the Preamble of a Notice of Proposed Rulemaking or they may be published separately in the Register. Be prepared to speak, attend the meeting, and make an oral comment.

An agency may not have a public meeting scheduled on the Notice of Proposed Rulemaking. If not, you may request that the agency schedule a proceeding. This request must be put in writing within 30 days after the published Notice of Proposed Rulemaking.

Write the agency

Put your comments in writing to the agency. In order for the agency to consider your comments, the agency must receive them by the close of record. The comment must be received within the 30-day comment timeframe following the Register publication of the Notice of Proposed Rulemaking.

You can also submit to the Governor’s Regulatory Review Council written comments that are relevant to the Council’s power to review a given rule (A.R.S. § 41-1052). The Council reviews the rule at the end of the rulemaking process and before the rules are filed with the Secretary of State.
Definitions

Administrative Procedure Act (APA): A.R.S Title 41, Chapter 6, Articles 1 through 10. Available online at www.azleg.gov.

Arizona Revised Statutes (A.R.S.): The statutes are made by the Arizona State Legislature during a legislative session. They are compiled by Legislative Council, with the official publication codified by Thomson West. Citations to statutes include Titles which represent broad subject areas. The Title number is followed by the Section number. For example, A.R.S. § 41-1001 is the definitions Section of Title 41 of the Arizona Administrative Procedures Act. The “§” symbol simply means “section.” Available online at www.azleg.gov.

Chapter: A division in the codification of the Code designating a state agency or, for a large agency, a major program.

Close of Record: The close of the public record for a proposed rulemaking is the date an agency chooses as the last date it will accept public comments, either written or oral.

Docket: A public file for each rulemaking containing materials related to the proceedings of that rulemaking. The docket file is established and maintained by an agency from the time it begins to consider making a rule until the rulemaking is finished. The agency provides public notice of the docket by filing a Notice of Rulemaking Docket Opening with the Office for publication in the Register.

Economic, Small Business, and Consumer Impact Statement (EIS): The EIS identifies the impact of the rule on private and public employment, on small businesses, and on consumers. It includes an analysis of the probable costs and benefits of the rule. An agency includes a brief summary of the EIS in its preamble. The EIS is not published in the Register but is available from the agency promulgating the rule. The EIS is also filed with the rulemaking package.

Governor’s Regulatory Review (G.R.R.C.): Reviews and approves rules to ensure that they are necessary and to avoid unnecessary duplication and adverse impact on the public. G.R.R.C. also assesses whether the rules are clear, concise, understandable, legal, consistent with legislative intent, and whether the benefits of a rule outweigh the cost.

Incorporated by Reference: An agency may incorporate by reference standards or other publications. These standards are available from the state agency with references on where to order the standard or review it online.

Federal Register (FR): The Federal Register is a legal newspaper published every business day by the National Archives and Records Administration (NARA). It contains federal agency regulations; proposed rules and notices; and executive orders, proclamations, and other presidential documents.

Session Laws or “Laws”: When an agency references a law that has not yet been codified into the Arizona Revised Statutes, use the word “Laws” is followed by the year the law was passed by the Legislature, followed by the Chapter number using the abbreviation “Ch.”, and the specific Section number using the Section symbol (§). For example, Laws 1995, Ch. 6, § 2. Session laws are available at www.azleg.gov.

United States Code (U.S.C.): The Code is a consolidation and codification by subject matter of the general and permanent laws of the United States. The Code does not include regulations issued by executive branch agencies, decisions of the federal courts, treaties, or laws enacted by state or local governments.

About Preambles

The Preamble is the part of a rulemaking package that contains information about the rulemaking and provides agency justification and regulatory intent.

It includes reference to the specific statutes authorizing the agency to make the rule, an explanation of the rule, reasons for proposing the rule, and the preliminary Economic Impact Statement.

The information in the Preamble differs between rulemaking notices used and the stage of the rulemaking.
NOTICES OF PROPOSED RULEMAKING

Under the APA, an agency must allow at least 30 days to elapse after the publication of the Notice of Proposed Rulemaking in the Register before beginning any proceedings for making, amending, or repealing any rule (A.R.S. §§ 41-1013 and 41-1022).

The Office of the Secretary of State is the filing office and publisher of these rules. Questions about the interpretation of the proposed rules should be addressed to the agency that promulgated the rules. Refer to item #4 below to contact the person charged with the rulemaking and item #10 for the close of record and information related to public hearings and oral comments.

[R22-60]

PREAMBLE

1. Article, Part, or Section Affected (as applicable)
   R2-8-118

2. Citations to the agency’s statutory rulemaking authority to include the authorizing statute (general) and the implementing statute (specific):
   Authorizing statute: A.R.S. § 38-714(E)(4)
   Implementing statute: A.R.S. §§ 38-711 et seq.

3. Citations to all related notices published in the Register as specified in R1-1-409(A) that pertain to the record of the proposed rules:
   Notice of Rulemaking Docket Opening: 28 A.A.R. 818, April 22, 2022 (in this issue)

4. The agency’s contact person who can answer questions about the rulemaking:
   Name: Jessica A.R. Thomas, Rules Writer
   Address: Arizona State Retirement System
   3300 N. Central Ave., Suite 1400
   Phoenix, AZ 85012-0250
   Telephone: (602) 240-2039
   Email: JessicaT@azasrs.gov

5. An agency’s justification and reason why a rule should be made, amended, repealed, or renumbered, to include an explanation about the rulemaking:
   The ASRS needs to amend its rules relating to interest rates in order to provide notice to the public of the new interest rate for the upcoming fiscal year. In 2021, the ASRS Board approved a new assumed rate of return and matching interest rate for FY2022-2023. These rules will increase understandability of what interest rate will be applied to various transactions.

6. A reference to any study relevant to the rule that the agency reviewed and proposes either to rely on or not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:
   None

7. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:
   Not applicable

8. The preliminary summary of the economic, small business, and consumer impact:
   The ASRS promulgates rules that allow the agency to provide for the proper administration of the state retirement trust fund. ASRS rules affect ASRS members and ASRS employers regarding how they contribute to, and receive benefits from, the ASRS. The ASRS effectively administrates how public-sector employers and employees participate in the ASRS. As such, the ASRS does not issue permits or licenses, or charge fees, and its rules have little to no economic impact on private-sector businesses, with the exception of some employer partner charter schools, which have voluntarily contracted to join the ASRS. Thus, there is little to no economic, small business, or consumer impact, other than the minimal cost to the ASRS to prepare the rule package. The rule will have minimal economic impact, if any, because it merely clarifies what interest rate is applied.

      None of the rules requires a permit.

   b. **Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law, and if so, citation to the statutory authority to exceed the requirements of federal law:**

      There are no federal laws applicable to these rules.

   c. **Whether a person submitted an analysis to the agency that compares the rule’s impact on the competitiveness of business in this state to the impact on business in other states:**

      No analysis was submitted.

5. An agency’s justification and reason why a rule should be made, amended, repealed, or renumbered, to include an explanation about the rulemaking:
   The Department made this rule in order to meet the requirements of A.R.S. § 36-568 (Group homes; intermediate care facilities; electronic monitoring; definition), which mandates the Department adopt rules for the use of electronic monitoring in group homes
and intermediate care facilities. A.R.S. § 36-568 was created when the Governor signed H.B. 2117 into law on May 14, 2019.

6. A reference to any study relevant to the rule that the agency reviewed and proposes either to rely on or not to rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, any analysis of each study and other supporting material:

7. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:

Not applicable

8. The preliminary summary of the economic, small business, and consumer impact:

The economic impact of the rulemaking is expected to be minimal (less than $1,000) for all persons involved in the rulemaking and application processes.

Consumers: The persons directly impacted by this rulemaking are individuals who are applicants to the Division of Developmental Disabilities (Division), Division members, and other responsible persons who voluntarily seek services through the Division. The rulemaking does not impose any obligation on the individual or responsible person to accept or participate in services without informed consent. Additionally, this rulemaking does not obligate group homes, nursing-supported group homes, or intermediate care facilities to install electronic monitoring in common areas. Consumers who apply to the Division will benefit from clear and updated information on the standards for electronic monitoring of group homes, nursing-supported group homes, and intermediate care facilities.

Small Business: There are no negative impacts on small businesses. Qualified Vendors, which may be small businesses, are not required to install or use Electronic Monitoring Devices. To the extent that a Qualified Vendor chooses to install and use Electronic Monitoring Devices, the Qualified Vendor will bear the cost of such voluntary installation and all ongoing compliance with this Article.

The Department and members of the public will benefit from the rulemaking because the proposed rulemaking will make the standards for optional electronic monitoring of private and state operated group homes, nursing-supported group homes, and intermediate care facilities more clear, concise, and understandable.

6. An agency's justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:
Arizona Revised Statutes § 3-710(J) gives the Arizona Department of Agriculture (the “Department”) the express authority to regulate “poultry husbandry” for eggs produced and sold in Arizona. See A.R.S. § 3-710(J). “Poultry husbandry” includes the facility systems and spacing requirements. The Department previously adopted the United Egg Producers (UEP) Animal Husbandry Guidelines as the production standards in Arizona. See Notice of Final Rulemaking, Vol. 15, Issue 22 A.A.R., Pg. 863, May 29, 2009. The amendments establish updated poultry husbandry standards, including increased minimum floor space requirements for
laying hens reducing stocking densities. Additionally, and in light of the public’s growing concerns about animal welfare, including the hens’ ability to move freely and express their natural behaviors, the amendments establish a transition from traditional caged production methods to cage-free production.

Under the proposed amendments, all caged egg-laying hens in the state shall be required to be raised according to the United Egg Producers ("UEP") Animal Husbandry Guidelines until September 30, 2022. From October 1, 2022, until December 31, 2024, all eggs sold in the state must come from laying hens raised according to the UEP Animal Husbandry Guidelines and housed in a cage with at least one square foot of usable floor space per laying hen. From January 1, 2025, forward, all laying hens in the state must be housed in a cage-free manner, and all eggs sold in the state must come from hens housed in a cage-free manner. An exemption would be made for egg producers whose operation has fewer than 20,000 egg-producing hens. The amendments are intended to represent the best management practices in the shell egg industry that ensure the production of high-quality, cruelty-free eggs. The amendments also reflect market trends, which producers anticipate will shift to cage-free eggs by 2025. The Department crafted this regulation to minimize its regulatory burden. The rule anticipates using specific certifications to ensure that out- of-state producers have no additional burden or advantage over in-state producers.

8. **A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:**

   The rulemaking does not diminish any previous authority of a political subdivision of this state.

9. **A summary of the economic, small business, and consumer impact:**

   Over the past decade, alternative production systems have increased in the commercial table egg industry. Increased pressure from consumers and retailers concerned about the welfare of the laying hens in caged housing environments, including the inability to move around and express natural behaviors, are the primary drivers of this change. These animal welfare concerns have prompted most food retailers and restaurants to pledge that, by 2025, they will only purchase and sell cage-free eggs. Similarly, surrounding states, including California, Utah, Colorado, Nevada, Oregon, and Washington, have passed legislation requiring that all eggs pro-
duced or sold in their states come from chickens raised using cage-free production methods in the next 1-5 years.

Interest groups also filed a ballot initiative in Arizona, Ballot Initiative I-01-2022 (the “Initiative”), requiring (among other things) that all eggs produced or sold in Arizona after May 1, 2023, come from hens housed in cage-free production environments. Given the success of recent animal welfare ballot initiatives in Arizona and elsewhere, this Initiative presents a probably regulatory alternative. Thus, when deciding whether to pursue the rulemaking, the Department considered — among the many other relevant factors — the Initiative’s potential economic effects on the state.

The transition to cage-free housing will increase the costs of production as compared to conventional caged production systems. Labor inputs, which comprise about five to seven percent of the costs of egg production, could increase as much as 41%. The economic studies forecast that the cost differential between cage free and conventional production is somewhere between $.01 per egg, to just over $.02 per egg. Experts also forecast that the cage free conversion will result in a long-run wholesale price increase of $.39 per dozen, or $.0325 per egg. Thus, producers can expect to recoup some of their costs through increased wholesale prices to retailers, etc. Retailers will likely pass some of the increased costs to consumers.

The transition to cage-free will increase producer’s capital expenditures and the costs of facilities and equipment. One in-state producer estimates that it will have to invest hundreds of millions of dollars into converting its existing production facilities to cage-free. These construction activities will create jobs and benefit the local economy. Importantly, because the transition from conventional caged egg production to cage-free production requires the investment of significant capital, to minimize the burden on small businesses, the Department excluded from the rulemaking all operations that house under 20,000 laying hens. Therefore, the proposed rulemaking will have little, if any, impact on small businesses within Arizona.

The Department estimates that the rulemaking will increase consumer egg costs between $2.71 and $8.79 per-person, per year. According to USDA WASDE data, the average yearly egg consumption for the years 2010-2021 is 270.675 eggs per person per year. If the average person eats 270.675 eggs per year, and the increased costs of cage-free eggs are between 1 and 3.25 cents per egg, then the estimated annual economic impact per consumer is between $2.71 and $8.79 per year. Economists further predict that the Rulemaking will reduce consumer surplus by $4.81 to $11.05 per Arizona household (2.2 persons), per year. Considering that the average U.S. consumer spent $7,316.00 on food per year in 2019-2020, that is less than a one-tenth of a percent increase in the costs of their overall food expenditures.

Recent economic reports also indicate that eggs at retail outlets are currently trending 29% higher than the previous year. This suggests that retailers and brokers have a greater impact on the cost of eggs to consumers than the actual costs of producing the eggs. It further suggests that retailers may be able to absorb some of the costs to maintain demand. Thus, the transition from conventional to cage-free egg production will have little effect on Arizona consumers.

Another important difference between the proposed rulemaking and the Initiative is timing. Forcing Arizona to transition to cage-free eggs by May 1, 2023, creates significant concerns about the adequacy of the cage-free egg supply. For example, Hickman’s Egg Ranch informs the Department that it cannot convert the remainder of its production facilities to cage-free housing by May 31, 2023, as required by the Initiative, and may have to euthanize a portion of its flock to avoid criminal penalties if the Initiative passes. Moreover, as noted above, other states that are “net importers” of shell eggs are converting to cage free in the next three to four years, and Arizona will be competing with consumers from those states. Accordingly, the Department believes it is important to work with producers and give them sufficient time to convert their production and meet the consumer demands for cage-free eggs. The proposed rulemaking gives egg producers additional time to convert their operations to cage-free production.

As compared to the Initiative, the rulemaking’s regulatory scheme will significantly reduce the Department’s regulatory costs. The Initiative charges the Department with enforcing cage-free requirements but precludes the use of any third-party inspection processes. Thus, the Department would need to send inspectors to inspect producers outside Arizona, requiring the Department to hire additional egg inspectors and significantly increasing inspection costs. On the other hand, the rulemaking enables the Department to rely on third party certifications, including USDA certifications, to ensure producers are compliant. This will modestly increase inspection costs for producers, but will reduce the Department’s regulatory burden.

On balance, the Department believes the benefits to public and animal welfare, outweigh the potential economic costs of the rule. The increased costs per consumer represent a small portion of their food budget. Moreover, there is a distinct possibility that voters could pass an initiative either through customer demands or the Initiative, the costs to the producers and the public are driven by the market, not by the regulatory process. The proposed rulemaking gives producers the certainty and time to plan for and execute the transition at less cost. There are no less intrusive or less costly methods of achieving the rulemaking’s objectives, and its benefits to Arizona agriculture outweigh any costs.

10. A description of any changes between the proposed rulemaking, to include supplemental notices, and the final rulemaking:

The Department made three substantive changes to the text of the rule published in the Notice of Proposed Rulemaking. All of the changes are minor and the final rule is not substantially different from the proposed rule contained in the Notice of Proposed Rule Making. The changes are:

A. Based on the feedback from the public comments the Department has modified R3-2-901 to include a definition for egg products to clarify what is covered by this rule. The definition clarifies that the rule does not apply to cooked eggs.

B. R3-2-907(A) and (B) was modified to cover an unintended gap in dates changed from June 30 to September 30, 2022.

C. The Department modified R3-2-907(H) to allow egg producers more flexibility in evidencing compliance with the rule by allowing alternative language for labeling. The Department believes this small change alleviates some of the burden placed on producers without resulting in greater or additional penalties for violation.
11. An agency’s summary of the public or stakeholder comments made about the rulemaking and the agency response to the comments:

The Department received over 1,700 written comments and fourteen oral comments regarding this rulemaking. The comment in favor outweigh the comment opposing the rulemaking greatly. We received 114 comments opposing and 1659 comments in favor of this rulemaking, for any one comment against the rulemaking we received over 16 comment in favor of the rulemaking. Due to the large number of comments, the Department has chosen to categorize and group identical and similar comments for response.

Neutral comments with suggestions to the text of the rule:

The Department received two oral comments from distributors. Both companies were commenting with the identical two concerns. Both distributors asked for clarification for a further definition for egg products to get a clear understanding of what the rule covers. The second concern from both companies addressed the labeling requirement, they would like more flexibility in labeling of eggs and egg products and for the rule to allow alternate labeling options.

Agency Response: Both concerns were addressed and additional text was added to the rule as described in item 10.

Comments Supporting the Rulemaking:

The Department received an overwhelming support from several egg producers, egg association and supplier companies as well as other Arizona agricultural operations, Arizona’s biggest dairy coop, and Cattle association. The Department also received support from Senators that express support and approval of your Proposed Rulemaking for R3-2-907. These regulatory amendments, which build on the Department’s existing regulations regarding the poultry husbandry requirements for eggs produced and sold in Arizona, provide an orderly transition from conventional to cage-free egg production for all eggs produced or sold in Arizona. This regulation ensures an adequate and affordable supply of shell eggs and egg products for Arizona consumers into the foreseeable future. The Department received comments from individuals and animal rights groups In support of this rulemaking. The comments addressed, the support for animal welfare and the relative small cost for the producers. The benefit of this rule outweigh the cost to the public and the producers.

Agency Response: The Department appreciates the support given by these companies, organizations, and individuals and agrees that prescribing guidelines for eggs produced and sold in the state takes steps to ensure the welfare of egg-laying hens and ensures that local producers are competitive in the marketplace as well.

Comments Opposing the Rulemaking:

The prevailing sentiment in comments of opposition is statutory. Let the market decide.

Comments were received that the Department doesn’t have the authority to promulgate rules for animal husbandry standards. One comment by an animal right group stated the exemptions for producers with less than twenty thousand hens are too broad and the rule should not exempt those producers. Statute exempts producers with less than twenty thousand hens.

One organization raised the concern about the availability of eggs in the state when this rule would be in effect.

Agency Response:

The Department has a brought responsibility to set and implement animal husbandry standards A.R.S. 3-710J. The director shall adopt rules for poultry husbandry and the production of eggs sold in this state.

This rule ensures that enough time is provided to producers to make changes to their operations and to convert to cage free production.

6. An agency’s justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:
   The rules in this Article pertain to the inspection of foster homes and child welfare agencies for sanitation, fire, and other actual and potential hazards. In 2019, through the process of completing a Five-Year-Review Report per A.R.S. § 41-1056, the Department identified rules that need to be updated and amended. The proposed amendments identified in this rulemaking add, amend and update the rules in order to make them more effective, consistent with other rules and statutes, and clear, concise, and understandable.

7. A reference to any study relevant to the rule that the agency reviewed and either relied on or did not to rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:
   The Department of Child Safety (DCS) did not review or rely on any study relevant to the proposed amended rules.

8. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:
   Not applicable
9. A summary of the economic, small business, and consumer impact:
The Department of Child Safety is authorized by Arizona Revised Statutes to license foster homes and child welfare agencies. A component of licensing is the inspection of foster homes and the facilities under a child welfare agency. The Department conducts inspections at the time of licensing (initial and renewal), relocation of or new licensed settings, and for significant new construction. The Department anticipates that the economic impact of these rules to be minimal and does not anticipate that this rulemaking creates a significant increase in cost. In 2021 the 55th Legislature passed HB2399 requiring the Department to charge a licensing fee to residential group care facilities such as the Office of Refugee Resettlement program. While the life safety inspections is a criteria in the process of licensing, the fees will be addressed in a separate rulemaking under a different Chapter. The amendments to the rules in this package do not relate to the charge of fees. The benefits of this rulemaking include increased clarity, removal of redundancies, reduction in a regulatory burden, clarifies expectations, and potentially expands the pool of providers, while continuing to ensure that licensees provide as safe a home as possible to children in out-of-home care.

10. The description of any changes between the proposed rulemaking, to include supplemental notices, and the final rulemaking:
There are two technical changes between the proposed rulemaking and the final rulemaking. The first technical change is found in R21-8-106(B)(2) where “Section” is changed to “subsection”:

It read in the proposed rulemaking as follows:
2. Obtain documentation that the jurisdiction requires them to have their weapon stored in an official law enforcement vehicle, if applicable, which would prevent them from meeting the provisions of Section (A);

Changed in the final rulemaking as follows:
2. Obtain documentation that the jurisdiction requires them to have their weapon stored in an official law enforcement vehicle, if applicable, which would prevent them from meeting the provisions of subsection (A);

The second technical change is found in R21-8-113(A)(3) where the word “section” was not capitalized in the proposed rulemaking and is now capitalized in the final rulemaking:
3. An evacuation plan for the home, as detailed in this Section; and

11. An agency's summary of the public or stakeholder comments made about the rulemaking and the agency response to the comments:
No comments were received regarding this rulemaking. The record closed at 5:00 p.m., on October 19, 2021.

12. All agencies shall list other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:

a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:
The rules pertain to the inspections of foster homes and child welfare agencies. A general permit is not used.

b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:
Federal laws 42 U.S.C. 671. The rules are not more stringent than federal law.

c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:
No analysis was submitted.

13. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rules:
Not applicable

14. Whether the rule was previously made, amended or repealed as an emergency rule. If so, cite the notice published in the Register as specified in R1-1-409(A). Also the agency shall state where the text was changed between the emergency and the final rulemaking packages:
No rule in this rulemaking was previously made, amended or repealed as an emergency rule.

5. An agency's justification and reason why the proposed expedited rule should be made, amended, repealed or renumbered under A.R.S. 41-1027(A), to include an explanation about the rulemaking:
   The proposed amendments are justified under A.R.S. § 41-1027(A)(7) because they will not increase the cost of regulatory compliance, increase a fee, or reduce procedural rights of persons regulated. The proposed amendments will implement, without material change, courses of action proposed in the Department's Five-Year-Review Report approved by the Governor's Regulatory Review Council on June 2, 2020.

   The rules in A.A.C. R21-5-421(1) states that a final written report shall be filed with the court at least 14 calendar days before the final adoption hearing, while A.R.S. § 8-112 states that a social study (report) shall be submitted ten days before the hearing on the petition to adopt. As written, the discrepancy between A.A.C. and A.R.S. manifests when there is a state holiday. The proposed amendment will align the timeframes in rule with the timeframes in statute in an effort to reduce potential confusion.

6. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:
   Not applicable

7. A reference to any study relevant to the rule that the agency reviewed and proposes either to rely on or not to rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:
   The Department of Child Safety (DCS) did not review or rely on any study for this rulemaking.

8. The preliminary summary of the economic, small business, and consumer impact:
   Under A.R.S. § 41-1055(D)(2), the Department is not required to provide an economic, small business, and consumer impact statement.
9. The agency’s contact person who can answer questions about the economic, small business and consumer impact statement:
   Not applicable

10. The time, place, and nature of the proceedings to make, amend, repeal, or renumber the rule, or if no proceeding is scheduled, where, when, and how persons may request an oral proceeding on the proposed rule:
   Close of record: Friday, May 13, 2022, 5:00 p.m.
   The Department does not intend to hold oral proceedings on these rules unless a written request for an oral proceeding is requested by the close of record. Written requests for an oral proceeding and written comments may be submitted via:
   Email: DCSrulemaking@azdcs.gov
   Mail: Arizona Department of Child Safety
       Office of Legislative Affairs and Codification
       P.O. Box 6030
       Phoenix, AZ 85005

11. All agencies shall list other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additional matters shall include but are not limited to:
   a. Whether the rule requires a permit, license, or agency authorization under A.R.S. 41-1037(A) and whether a general permit is used and if not, the reasons why a general permit is not used:
      The rules in this Article do not require the issuance of a regulatory permit. A general permit is not applicable.
   b. Whether a person submitted an analysis to the agency that compares the rule’s impact of the competitiveness of business in this state to the impact on business in other states:
      No such analysis was submitted.

12. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rule:
   None

13. The full text of the rules follows:

   1. The entity shall provide all information and documents needed to finalize the adoption and shall file a final written report to the court at least 14 calendar days before the final adoption hearing, or at such other time as the Court may require. The report shall include the information listed in this subsection, unless the entity has already provided this information in an earlier report, and the information has not changed since the earlier report.
      a. The name and age of each adoptive parent and the relationship, if any, of each adoptive parent to the child to be adopted;
      b. The name, age, and birthplace of the child to be adopted, and whether any or all of this information is unknown to the adoptive parent;
      c. The entity or other source from which the adoptive parent received the child to be adopted;
      d. The circumstances surrounding the surrender of the child to the entity;

NOTICES OF PUBLIC INFORMATION

Agencies use Notices of Public Information to notify stakeholders about other information that pertains to rulemaking notices under A.R.S. § 41-1013(B)(14). When required by law, agencies also use this notice to notify the public about information not related to rulemaking.

The most common use for this notice is to correct errors printed in a rulemaking notice or extend a public comment period.

The Administrative Rules Division of the Office does not provide a standard template for Notices of Public Information because the content of this type of notice varies.

An agency shall follow the Office’s formatting standards when preparing this type of notice and use a numbered list of questions and answers. Additionally, an agency receipt shall be filed with a Notice of Public Information.

DEPARTMENT OF HEALTH SERVICES
HEALTH CARE INSTITUTIONS: LICENSING

Title and its heading: 9, Health Services
Chapter and its heading: 10, Department of Health Services - Health Care Institutions: Licensing

1. The public information relating to the listed Section:
Arizona Revised Statutes (A.R.S.) §§ 36-132(A)(17) and 36-405 authorize the Department to license and regulate health care institutions. A.R.S. § 36-405 further authorizes the Department to classify and subclassify health care institutions. The Department has implemented A.R.S. §§ 36-132(A)(17) and 36-405 in Arizona Administrative Code (A.A.C.) Title 9, Chapter 10. Laws 2021, Ch. 60, has added a new class of health care institution, nursing-supported group homes, and requires them to be licensed under A.R.S. Title 36, Chapter 4. Laws 2021, Ch. 60, § 10 also exempts the Department from rulemaking requirements in A.R.S. Title 41, Chapters 6 and 6.1, for 18 months after the general effective date of the Legislative Session. Nursing-supported group homes contract with the Arizona Department of Economic Security to provide continuous nursing support to individuals with developmental disabilities in a community residential setting and, according to A.R.S. § 36-425.07, must be licensed on or before July 1, 2022, to continue operations. After receiving an exception from the rulemaking moratorium established by Executive Order 2022-01, the Department is revising the rules in Arizona 9 A.A.C. 10, through exempt rulemaking, to add requirements for the licensing of nursing-supported group homes in a new Article under 9 A.A.C. 10. This Notice of Public Information provides notice that the Department has posted draft rules on the Department website (https://azdhs.gov/director/administrative-counsel-rules/rules/index.php#rulemakings-active-nursing-supported-group-homes) and is soliciting comments from interested persons.

GOVERNOR EXECUTIVE ORDER

RULEMAKING MORATORIUM

Executive Order 2022-01 is being reproduced in each issue of the Arizona Administrative Register as a notice to the public regarding state agencies’ rulemaking activities.

EXECUTIVE ORDER 2022-01

Moratorium on Rulemaking to Promote Job Creation and Economic Development; Internal Review of Administrative Rules

WHEREAS, government regulations should be as limited as possible; and
WHEREAS, burdensome regulations inhibit job growth and economic development; and
WHEREAS, in 2015 the State of Arizona implemented a moratorium on all new regulatory rulemaking by State agencies through executive order, and renewed the moratorium in 2016, 2017, 2018, 2019, 2020 and 2021; and
WHEREAS, the State of Arizona eliminated or improved 231 burdensome regulations in 2021 and for a total of 3,047 needless regulations eliminated or improved since 2015; and
WHEREAS, estimates show these eliminations saved job creators nearly $11.6 million in operating costs in 2021 for a total of over $169.1 million in savings since 2015; and
WHEREAS, in 2021, for every one new necessary rule added to the Administrative Code, 25 have been repealed or improved; and
WHEREAS, COVID-19 has been hard on small businesses and the economy, and administrative barriers should be removed for their sake; and
WHEREAS, all government agencies of the State of Arizona should continue to promote customer service oriented principles for the people that it serves; and
WHEREAS, each State agency shall continue to conduct a critical and comprehensive review of its administrative rules and take action to reduce the regulatory burden, administrative delay and legal uncertainty associated with government regulation while protecting the health, peace and safety of residents; and
WHEREAS, each State agency should continue to evaluate its administrative rules using any available and reliable data and performance metrics; and
WHEREAS, Article 5, Section 4 of the Arizona Constitution and Title 41, Chapter 1, Article 1 of the Arizona Revised Statutes vests the executive power of the State of Arizona in the Governor.

NOW, THEREFORE, I, Douglas A. Ducey, by virtue of the authority vested in me by the Constitution and laws of the State of Arizona hereby declare the following:

1. A State agency subject to this Order shall not conduct any rulemaking, including regular, expedited, emergency and exempt, whether informal or formal, without the prior written approval of the Office of the Governor. In seeking approval, a State agency shall address one or more of the following as justifications for the rulemaking:
   a. To fulfill an objective related to job creation, economic development or economic expansion in this State.
   b. To reduce or ameliorate a regulatory burden on the public, while achieving the same regulatory objective.
   c. To prevent a significant threat to public health, peace or safety.
   d. To avoid violating a court order or federal law that would result in sanctions by a federal court for failure to conduct the rulemaking action.
   e. To comply with a federal statutory or regulatory requirement if such compliance is related to a condition for the receipt of federal funds or participation in any federal program.
   f. To comply with a new state statutory requirement.
   g. To fulfill an obligation related to fees or any other action necessary to implement the State budget that is certified by the Governor’s Office of Strategic Planning and Budgeting.
   h. To promulgate a rule or other item that is exempt from Title 41, Chapter 6, Arizona Revised Statutes, pursuant to section 41-1005, Arizona Revised Statutes.
   i. To address matters pertaining to the control, mitigation, or eradication of waste, fraud, or abuse within an agency or wasteful, fraudulent or abusive activities perpetrated against an agency.
   j. To eliminate rules which are antiquated, redundant or otherwise no longer necessary for the operation of state government.
2. After the public comment period and the close of the rulemaking record, a State agency subject to this Order shall not submit the proposed rules to the Governor’s Regulatory Review Council without a written final approval from the Office of the Governor. Before considering rules submitted by a State agency, the Governor’s Regulatory Review Council must obtain from the State agency the initial approval, referenced in Section 1, and the final approval from the Office of the Governor.
3. A State agency that submits a rulemaking request pursuant to this Order shall recommend for consideration by the Governor’s Office at least three existing rules to eliminate for every one additional rule requested by the agency.
4. A State agency subject to this Order shall not publicize any directives, policy statements, documents or forms on its website unless such are explicitly authorized by the Arizona Revised Statutes or Arizona Administrative Code. Any material that is not specifically authorized must be removed immediately.

5. A State agency that issues occupational or professional licenses shall prominently post on the agency’s website landing page all current state policies that ease licensing burdens and the exact steps applicants must complete to receive their license using these policies. State agencies should provide information that applies to all applicants, but have a designated area on the landing page that includes licensing information specifically for military spouses, active duty service members and veterans and all policies that make it easier for these applicant groups to receive their license. Examples of reduced licensing burdens include “universal recognition” of out-of-state licenses, availability of temporary licenses, fee waivers, exam exemptions and/or allowing an applicant to substitute military education or experience for licensing requirements. A landing page feature may link to an internal agency web page with more information, if necessary. All information must be easy to locate and written in clear and concise language.

6. A State agency that issues occupational or professional licenses must track veteran and military spouse status of applicants immediately and report that information to the Governor’s Office on an annual basis, starting July 1, 2022.

7. All State agencies that are required to issue occupational or professional licenses by “universal recognition” (established by A.R.S. § 32-4302) must track all applications received for this license type immediately and report that information to the Governor’s Office on an annual basis, starting July 1, 2021. Before any agency denies a professional or occupational license applied for under A.R.S. § 32-4302, the agency shall submit the application and justification for denial to the Office of the Governor for review before any official action is taken by the agency. The Governor’s Office should be notified of any required timeframes, whether in statute or rule, for approval or denial of the license by the agency.

8. For the purposes of this Order, the term “State agencies” includes, without limitation, all executive departments, agencies, offices, and all state boards and commissions, except for: (a) any State agency that is headed by a single elected State official; (b) the Corporation Commission; and (c) any board or commission established by ballot measure during or after the November 1998 general election. Those state agencies, boards and commissions excluded from this Order are strongly encouraged to voluntarily comply with this Order in the context of their own rulemaking processes.

9. This Order does not confer any legal rights upon any persons and shall not be used as a basis for legal challenges to rules, approvals, permits, licenses or other actions or to any inaction of a State agency. For the purposes of this Order, “person,” “rule” and “rulemaking” have the same meanings prescribed in section 41-1001, Arizona Revised Statutes.

10. This Executive Order shall expire when the provisions of this executive order are adopted in statute and become law.
The Register is published by volume in a calendar year (See “General Information” in the front of each issue for more information).
