ABOUT THIS PUBLICATION

The authenticated pdf of the *Administrative Register* (A.A.R.) posted on the Arizona Secretary of State's website is the official published version for rulemaking activity in the state of Arizona.

Rulemaking is defined in Arizona Revised Statutes known as the Arizona Administrative Procedure Act (APA), A.R.S. Title 41, Chapter 6, Articles 1 through 10.

The *Register* is cited by volume and page number. Volumes are published by calendar year with issues published weekly. Page numbering continues in each weekly issue.

In addition, the *Register* contains notices of rules terminated by the agency and rules that have expired.

ABOUT RULES

Rules can be: made (all new text); amended (rules on file, changing text); repealed (removing text); or renumbered (moving rules to a different Section number). Rulemaking activity published in the *Register* includes: proposed, final, emergency, expedited, and exempt rules as defined in the APA, and other state statutes.

New rules in this publication (whether proposed or made) are denoted with underlining; repealed text is stricken.

WHERE IS A "CLEAN" COPY OF THE FINAL OR EXEMPT RULE PUBLISHED IN THE REGISTER?

The *Arizona Administrative Code* (A.A.C) contains the codified text of rules. The A.A.C. contains rules promulgated and filed by state agencies that have been approved by the Attorney General or the Governor's Regulatory Review Council. The *Code* also contains rules exempt from the rulemaking process.

The authenticated pdf of *Code* Chapters posted on the Arizona Secretary of State's website are the official published version of rules in the A.A.C. The *Code* is posted online for free.

LEGAL CITATIONS AND FILING NUMBERS

On the cover: Each agency is assigned a Chapter in the *Arizona Administrative Code* under a specific Title. Titles represent broad subject areas. The Title number is listed first; with the acronym A.A.C., which stands for the *Arizona Administrative Code*; following the Chapter number and Agency name, then program name. For example, the Secretary of State has rules on rulemaking in Title 1, Chapter 1 of the *Arizona Administrative Code*. The citation for this Chapter is 1 A.A.C. 1, Secretary of State, Rules and Rulemaking. Every document filed in the office is assigned a file number. This number, enclosed in brackets, is located at the top right of the published documents in the *Register*. The original filed document is available for 10 cents a page.

Participate in the Process

Look for the Agency Notice

Review (inspect) notices published in the *Arizona Administrative Register*. Many agencies maintain stakeholder lists and would be glad to inform you when they proposed changes to rules. Check an agency's website and its newsletters for news about notices and meetings.

Feel like a change should be made to a rule and an agency has not proposed changes? You can petition an agency to make, amend, or repeal a rule. The agency must respond to the petition. (See A.R.S. § 41-1033)

Attend a public hearing/meeting

Attend a public meeting that is being conducted by the agency on a Notice of Proposed Rulemaking. Public meetings may be listed in the Preamble of a Notice of Proposed Rulemaking or they may be published separately in the *Register*. Be prepared to speak, attend the meeting, and make an oral comment.

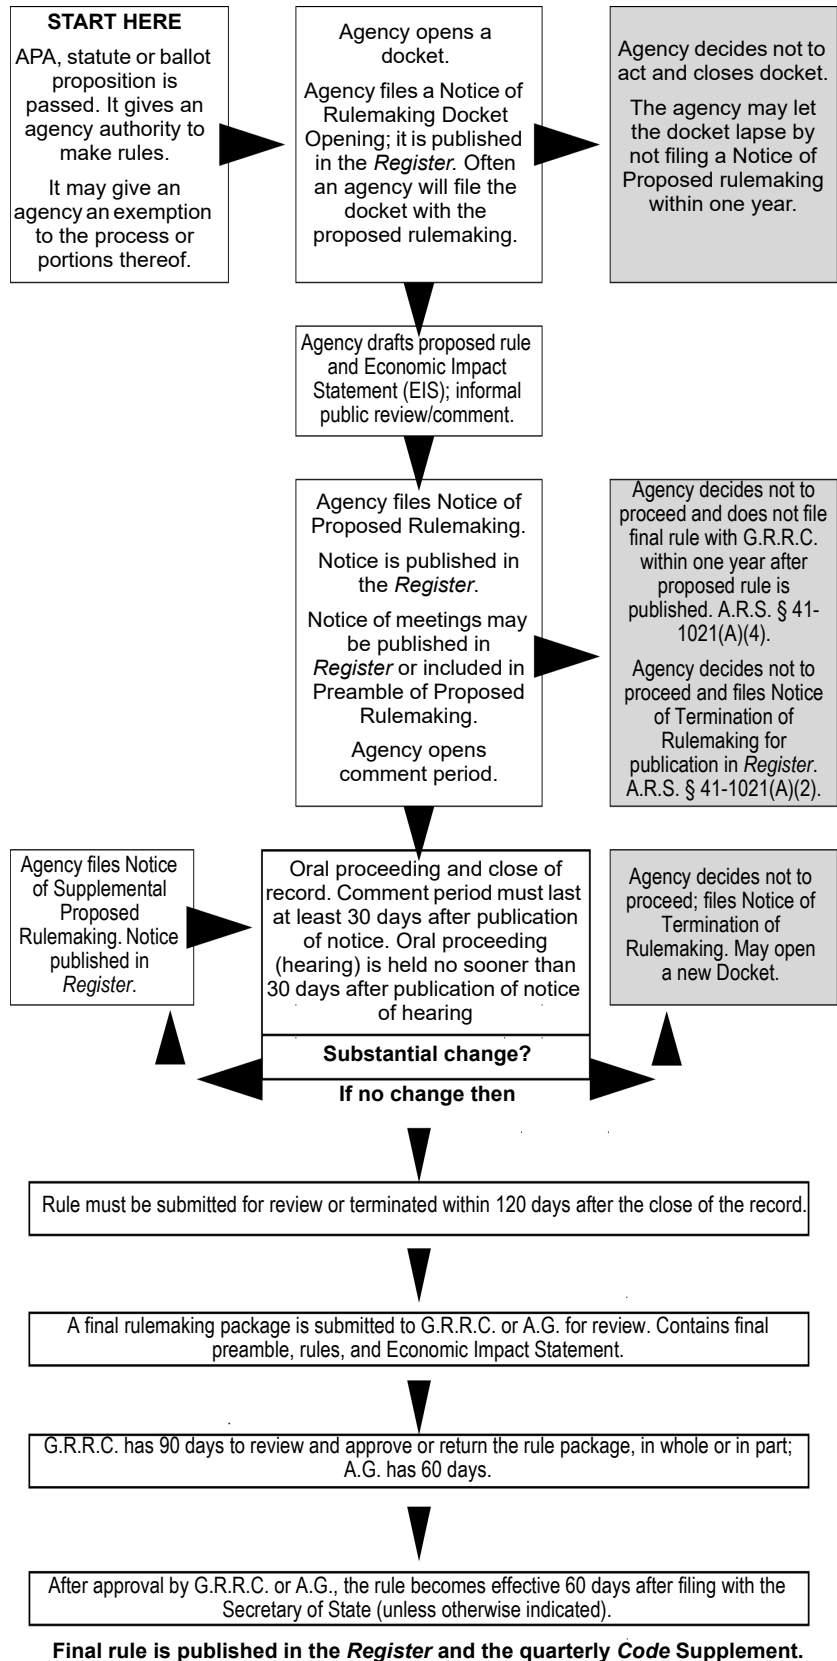

An agency may not have a public meeting scheduled on the Notice of Proposed Rulemaking. If not, you may request that the agency schedule a proceeding. This request must be put in writing within 30 days after the published Notice of Proposed Rulemaking.

Write the agency

Put your comments in writing to the agency. In order for the agency to consider your comments, the agency must receive them by the close of record. The comment must be received within the 30-day comment timeframe following the *Register* publication of the Notice of Proposed Rulemaking.

You can also submit to the Governor's Regulatory Review Council written comments that are relevant to the Council's power to review a given rule (A.R.S. § 41-1052). The Council reviews the rule at the end of the rulemaking process and before the rules are filed with the Secretary of State.

Arizona Regular Rulemaking Process

Definitions

Arizona Administrative Code (A.A.C.): Official rules codified and published by the Secretary of State’s Office. Available online at www.azsos.gov.

Arizona Administrative Register (A.A.R.): The official publication that includes filed documents pertaining to Arizona rulemaking. Available online at www.azsos.gov.

Administrative Procedure Act (APA): A.R.S. Title 41, Chapter 6, Articles 1 through 10. Available online at www.azleg.gov.

Arizona Revised Statutes (A.R.S.): The statutes are made by the Arizona State Legislature during a legislative session. They are compiled by Legislative Council, with the official publication codified by Thomson West. Citations to statutes include Titles which represent broad subject areas. The Title number is followed by the Section number. For example, A.R.S. § 41-1001 is the definitions Section of Title 41 of the Arizona Administrative Procedures Act. The “§” symbol simply means “section.” Available online at www.azleg.gov.

Chapter: A division in the codification of the *Code* designating a state agency or, for a large agency, a major program.

Close of Record: The close of the public record for a proposed rulemaking is the date an agency chooses as the last date it will accept public comments, either written or oral.

Code of Federal Regulations (CFR): The *Code of Federal Regulations* is a codification of the general and permanent rules published in the *Federal Register* by the executive departments and agencies of the federal government.

Docket: A public file for each rulemaking containing materials related to the proceedings of that rulemaking. The docket file is established and maintained by an agency from the time it begins to consider making a rule until the rulemaking is finished. The agency provides public notice of the docket by filing a Notice of Rulemaking Docket Opening with the Office for publication in the *Register*.

Economic, Small Business, and Consumer Impact Statement (EIS): The EIS identifies the impact of the rule on private and public employment, on small businesses, and on consumers. It includes an analysis of the probable costs and benefits of the rule. An agency includes a brief summary of the EIS in its preamble. The EIS is not published in the *Register* but is available from the agency promulgating the rule. The EIS is also filed with the rulemaking package.

Governor’s Regulatory Review (G.R.R.C.): Reviews and approves rules to ensure that they are necessary and to avoid unnecessary duplication and adverse impact on the public. G.R.R.C. also assesses whether the rules are clear, concise, understandable, legal, consistent with legislative intent, and whether the benefits of a rule outweigh the cost.

Incorporated by Reference: An agency may incorporate by reference standards or other publications. These standards are available from the state agency with references on where to order the standard or review it online.

Federal Register (FR): The *Federal Register* is a legal newspaper published every business day by the National Archives and Records Administration (NARA). It contains federal agency regulations; proposed rules and notices; and executive orders, proclamations, and other presidential documents.

Session Laws or “Laws”: When an agency references a law that has not yet been codified into the Arizona Revised Statutes, use the word “Laws” is followed by the year the law was passed by the Legislature, followed by the Chapter number using the abbreviation “Ch.,” and the specific Section number using the Section symbol (§). For example, Laws 1995, Ch. 6, § 2. Session laws are available at www.azleg.gov.

United States Code (U.S.C.): The Code is a consolidation and codification by subject matter of the general and permanent laws of the United States. The Code does not include regulations issued by executive branch agencies, decisions of the federal courts, treaties, or laws enacted by state or local governments.

About Preambles

The Preamble is the part of a rulemaking package that contains information about the rulemaking and provides agency justification and regulatory intent.

It includes reference to the specific statutes authorizing the agency to make the rule, an explanation of the rule, reasons for proposing the rule, and the preliminary Economic Impact Statement.

The information in the Preamble differs between rulemaking notices used and the stage of the rulemaking.

NOTICES OF PROPOSED RULEMAKING

This section of the *Arizona Administrative Register* contains Notices of Proposed Rulemaking.

A proposed rulemaking is filed by an agency upon completion and submittal of a Notice of Rulemaking Docket Opening. Often these two documents are filed at the same time and published in the same *Register* issue.

When an agency files a Notice of Proposed Rulemaking under the Administrative Procedure Act (APA), the notice is published in the *Register* within three weeks of filing. See the publication schedule in the back of each issue of the *Register* for more information.

Under the APA, an agency must allow at least 30 days to elapse after the publication of the Notice of Proposed Rulemaking in the *Register* before beginning any proceedings for making, amending, or repealing any rule (A.R.S. §§ 41-1013 and 41-1022).

The Office of the Secretary of State is the filing office and publisher of these rules. Questions about the interpretation of the proposed rules should be addressed to the agency that promulgated the rules. Refer to item #4 below to contact the person charged with the rulemaking and item #10 for the close of record and information related to public hearings and oral comments.

NOTICE OF PROPOSED RULEMAKING

TITLE 2. ADMINISTRATION

CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

[R25-194]

PREAMBLE

1. Permission to proceed with this proposed rulemaking was granted under A.R.S. § 41-1039 by the governor on:
July 2, 2024

<u>2. Article, Part, or Section Affected (as applicable)</u>	<u>Rulemaking Action</u>
R2-8-104	Amend

3. Citations to the agency’s statutory rulemaking authority to include the authorizing statute (general) and the implementing statute (specific):

Authorizing statute: A.R.S. § 38-714(E)(4)
Implementing statute: A.R.S. §§ 38-701 et seq.

4. Citations to all related notices published in the Register that pertain to the current record of the proposed rule:
Notice of Rulemaking Docket Opening: 31 A.A.R. 2777, August 29, 2025 (*in this issue*); File Number: R25-200

5. The agency’s contact person who can answer questions about the rulemaking:

Name: Jessica Thomas
Title: Government Relations Officer
Address: 3300 N. Central Ave., Suite 1400
Phoenix, AZ 85012
Telephone: (602) 240-2039
Email: JessicaT@azasrs.gov
Website: www.azasrs.gov

6. An agency’s justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:

The ASRS needs to amend its rules related to Domestic Relations Orders (DROs). Such clarification will ensure the rules are clear, concise, and consistent and the public is aware of how the ASRS processes DROs.

7. A reference to any study relevant to the rule that the agency reviewed and proposes either to rely on or not to rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:

None.

8. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:

Not applicable.

9. The preliminary summary of the economic, small business, and consumer impact:

The ASRS promulgates rules that allow the agency to provide for the proper administration of the state retirement trust fund.

ASRS rules affect ASRS members and ASRS employers regarding how they contribute to, and receive benefits from, the ASRS.

The ASRS effectively administrates how public-sector employers and employees participate in the ASRS. As such, the ASRS does not issue permits or licenses, or charge fees, and its rules have little to no economic impact on private-sector businesses, with the exception of some employer partner charter schools, which have voluntarily contracted to join the ASRS. Thus, there is little to no economic, small business, or consumer impact, other than the minimal cost to the ASRS to prepare the rule package. The rule will have minimal economic impact, if any, because it merely clarifies how the ASRS shall process DROs based on recently updated statutory requirements.

10. The agency's contact person who can answer questions about the economic, small business and consumer impact statement:

Name: Jessica Thomas
 Title: Government Relations Officer
 Address: 3300 N. Central Ave., Suite 1400
 Phoenix, AZ 85012
 Telephone: (602) 240-2039
 Email: JessicaT@azasrs.gov
 Website: www.azasrs.gov

11. The time, place, and nature of the proceedings to make, amend, repeal, or renumber the rule, or if no proceeding is scheduled, where, when, and how persons may request an oral proceeding on the proposed rule:

The ASRS will accept comments during business hours as provided below through the end of the oral proceeding September 30, 2025. Comments will also be accepted via email at the email address provided under item #5. Mailed written comments shall be postmarked within 30 days of this published notice.

An oral proceeding regarding the proposed rules will be held as follows:

Date: September 30, 2025
 Time: 10:00 a.m.
 Location: Virtual Meeting through Google Meet: <https://meet.google.com/kma-agic-ynh?authuser=0>
 Join by phone: 318-431-0728; PIN: 360 000 691#

12. All agencies shall list other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:

None.

a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:

None of the rules requires a permit.

b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:

There are no federal laws applicable to these rules.

c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:

No analysis was submitted.

13. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rules:

None.

14. The full text of the rules follows:

ARTICLE 4. PRACTICE AND PROCEDURE BEFORE THE BOARD

R2-8-403. Letters of Appeal; Request for a Hearing of an Appealable Agency Action

- A.** After receipt of an agency decision, a person who is not satisfied with the agency decision, may submit a letter of appeal:
1. To the ASRS's vendor for long-term disability benefits, if the appeal relates to a long-term disability decision; or
 2. To the ~~ASRS's ASRS Member Services Division Assistant Director~~ designated appeals officer, or such officer's ~~director's~~ designee, if the appeal relates to an agency decision other than a long-term disability decision or Health Plan Vendor decision.
- B.** Upon receipt of a letter of appeal, the long-term disability vendor, or the ~~designated appeals officer Member Services Division Assistant Director~~, or such ~~officer's director's~~ designee, shall send a response letter to the person requesting the appeal notifying the person of:
1. The decision the agency is making in response to the letter of appeal; and
 2. The person's right to appeal the agency response by submitting a letter of appeal to the ASRS Director or such director's designee.
- C.** A person who is not satisfied with the agency response pursuant to subsection (B) may submit a letter of appeal to the ASRS Director or such director's designee within 60 days of the date on the agency response letter.
- D.** Within 30 days of the date the ASRS receives a letter of appeal pursuant to subsection (C), the ASRS director or such director's designee shall send a response letter by certified mail to the person requesting the appeal that includes:
1. The agency action the ASRS is taking in response to the letter of appeal; and
 2. Notice of Appealable Agency Action, as required pursuant to A.R.S. § 41-1092.03 informing the person requesting the appeal, that the person has a right to appeal the agency action by submitting a Request for Hearing pursuant to subsections (E) and (F).

- E. For an appealable agency action, a person who is not satisfied with an agency action pursuant to subsection (D) may file a Request for a Hearing, in writing, with the ASRS. The date the Request is filed is established by the ASRS date stamp on the face of the first page of the Request. The Request shall include the following:
 - 1. The name and mailing address of the member, employer, or other person filing the Request;
 - 2. The name and mailing address of the attorney for the person filing the Request, if applicable;
 - 3. A concise statement of the reasons for the appeal.
- F. The person requesting a hearing shall file the Request for a Hearing with the ASRS within 30 days after receiving a response letter including a Notice of an Appealable Agency Action, pursuant to subsection (E).
- G. Upon receipt of the Request for a Hearing, the ASRS shall notify the Office of Administrative Hearings as required in A.R.S. § 41-1092.03(B).
- H. Pursuant to subsection (B):
 - 1. The long-term disability vendor shall send a response letter to the person requesting the appeal within 120 days of the date the long-term disability vendor receives the letter of appeal; and
 - 2. The ~~designated appeals officer, Member Services Division Assistant Director, or such director's officer's~~ designee, shall send a response letter to the person requesting the appeal within 30 days of the date the ASRS receives the letter of appeal.
- I. The Board has delegated to each Health Plan Vendor the authority to:
 - 1. Interpret and apply the terms of the Health Plan Vendor's particular Health Plan;
 - 2. Determine whether a particular benefit is included in the Health Plan and, if included, the amount of payment to be made under the Health Plan; and
 - 3. Perform a full and fair review of any decision by the Health Plan Vendor regarding benefits included in or payments to be made under the Health Plan if the decision is appealed in accordance with the Health Plan Vendor's specified procedures.
- J. An individual who is enrolled in a Health Plan made available by ASRS and who wishes to appeal a decision by the Health Plan Vendor shall follow the appeal procedures specified in the applicable Health Plan description.

11. The time, place, and nature of the proceedings to make, amend, repeal, or renumber the rule, or if no proceeding is scheduled, where, when, and how persons may request an oral proceeding on the proposed rule:

The ASRS will accept comments during business hours as provided below through the end of the oral proceeding September 30, 2025. Comments will also be accepted via email at the email address provided under item #5. Mailed written comments shall be postmarked within 30 days of this published notice.

An oral proceeding regarding the proposed rules will be held as follows:

Date: September 30, 2025
Time: 10:00 a.m.
Location: Virtual Meeting through Google Meet: <https://meet.google.com/kma-agic-ynh?authuser=0>
Join by phone: 318-431-0728; PIN: 360 000 691#

12. All agencies shall list other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:

None.

a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:

None of the rules requires a permit.

b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:

There are no federal laws applicable to these rules.

c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:

No analysis was submitted.

13. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rules:

None.

14. The full text of the rules follows:

ARTICLE 9. COMPENSATION

R2-8-903. Accrual of Credited Service and Calculating Average Monthly Compensation

- A. A member shall accrue service credits pursuant A.R.S. § 38-739 for each month in which the Employer’s pay period ends and for which contributions have been remitted to the ASRS, except for pay the member receives from the Employer for services rendered in a prior pay period for which contributions were remitted pursuant to R2-8-902.
- B. Regardless of whether the member meets membership requirements with more than one Employer, a member may not earn more than one month of service credit in a calendar month and not more than one year of service credit during a ~~fixed~~ service year.
- C. Each month, a member shall accrue service credit, proportionate to the member’s normal work year according to A.R.S. § 38-739.
- D. The ASRS shall calculate the member’s Average Monthly Compensation proportionately based on the member’s service year according to A.R.S. §§ 38-711 and 38-739.
- E. For the purposes of this section, “Normal Work Year” means a period of nine months or 12 months as determined by employment.

6. An agency's justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:

Summary: Following an emergency rulemaking effective June 6, 2025, this rule permanently establishes fees that were temporarily reduced or temporarily suspended pursuant to that emergency rulemaking throughout 18 A.A.C. 13, Solid Waste Management. The emergency rulemaking and this subsequent standard rulemaking are necessary to ensure all solid waste fees fully meet applicable statutory criteria and that fees are more accurately reflective of actual costs to the regulated entities subject to the fees, properly balancing the budget constraints of the regulated community and fiscal health of the Solid Waste Program (SWP).

Description of Solid Waste Management Programs: Solid waste management is a key responsibility of the state. Solid waste management mitigates adverse health and environmental impacts and improves the viability of Arizona. Having a robust and sustainable SWP ensures the proper storage, transportation, and disposal of solid waste to prevent negative impacts to the state in forms of uncontrolled dumping; improper recycling practices; and pollution of our water, land, and air. SWP regulates the management of solid waste from homes and businesses from the point of generation through transportation, and ultimately how it is recycled or disposed of.

The Environmental Protection Agency (EPA) does not have a single, overarching federal program relating to solid waste that states may seek primacy for. Instead, the primary federal law governing solid waste management is the Resource Conservation and Recovery Act (RCRA). RCRA establishes certain minimum standards and a basic framework for managing hazardous and non-hazardous solid waste which includes regulations for design and operation of landfills. Specifically for non-hazardous solid waste, Subtitle D of RCRA encourages states to develop comprehensive plans to manage industrial and municipal solid waste. This includes setting criteria for municipal solid waste landfills and other solid waste disposal facilities, as well as prohibiting the open dumping of solid waste.

States play the primary role in implementing, monitoring, and compliance with RCRA Subtitle D requirements. EPA has developed regulations to set minimum national technical standards for how disposal facilities should be designed and operated. States issue permits and conduct inspections and oversight to ensure compliance with EPA and state regulations.

There are approximately 2,000 solid waste facilities with different media types subject to ADEQ regulatory compliance and oversight under SWP. The types of these facilities are diverse. Facility capacities vary as well as the type of waste streams approved. Facilities of various sizes are located throughout Arizona to ensure all communities have access to solid waste disposal. ADEQ provides regulatory and compliance assistance support. These facilities include but are not limited to solid waste transfer facilities of varying size and sophistication, from rural drop-site locations to city facilities. In addition, ADEQ also provides support for:

- Septage hauler licensees;
- Waste tire sites;
- Off-site facilities registered for the treatment, storage, or disposal of Arizona special waste;
- Special waste transporters and generators;
- Biohazardous medical waste management entities;
- Used oil handlers and collectors subject to the Arizona Used Oil Program;
- Facilities accepting acid batteries for collection or recycling; and
- Landfills, both municipal and non-municipal.

These facilities are located throughout the state, requiring SWP to engage in inspection, management, and oversight in every county.

Regulatory activities for which ADEQ is responsible include inspections, permitting and licensing, public records management, fielding and investigating complaints, providing compliance assistance, and conducting oversight and approval of cleanup of contamination at solid waste facilities. Effective implementation of these regulatory activities for all solid waste facilities is the foundation for furthering the Waste Program Division's mission to protect and enhance public health and the environment by reducing

the risk associated with waste management, contaminated sites, and regulated substances.

Background & Discussion: In December of 2024, ADEQ finalized a comprehensive solid waste fees rulemaking that adjusted existing and established new fees throughout 18 A.A.C. 13, Solid Waste Management. SWP has long faced budget shortfalls, which have only increased over the last several years due to increased program costs and other economic factors including the state's rapid population growth and inflation faced by the Phoenix metro area. Further, since fees were last set in 2012, ADEQ did not have the ability to adjust fees due to a one-time rulemaking authority. In response, the state Legislature passed Laws 2024, 2nd Regular Session, Ch. 121 (HB2367) in May of 2024 to authorize and mandate ADEQ to adjust and establish fees throughout SWP.

ADEQ immediately undertook a rulemaking in response to the passage of HB2367 to address increasing financial strain on SWP while making sure all fees were reflective of actual costs to the Agency and balanced the budget constraints of the regulated community against the fiscal health of the Program. Prior to the 2024 fee rulemaking, ADEQ last set solid waste fees in 2012. While the 2012 fee rulemaking was a critical step towards the ultimate goal of implementing a fee-based funding model for SWP, it was clear that more work was necessary to fully realize this goal. The 2024 fee rule set fees to levels that accurately reflected current economic conditions, provided for annual adjustments based upon the Consumer Price Index (CPI) to ensure fees remain current, and established fees more completely throughout all of Arizona Administrative Code (A.A.C.) Title 18, Chapter 13, Solid Waste Management, to ensure overall program health and fairer cost-sharing among regulated facilities and entities. Ultimately, the purpose of the rule was to achieve fiscal self-sufficiency of the SWP.

The Agency engaged in robust stakeholder engagement during 2024 and strived to establish each fee at a level commensurate with actual costs. While ADEQ is confident that many of the fees that were either adjusted or newly established were set at appropriate levels, further adjustments to some fees are necessary. Further, part of the 2024 fee rulemaking included fulfilling the relatively new statutory mandate to submit fees increased above the corresponding CPI increase to the Joint Legislative Budget Committee (JLBC) for review prior to the fee being increased. See A.R.S. § 41-1008(A)(3). ADEQ submitted seven fees increased above a CPI adjustment to JLBC. However, ADEQ erred by not including certain existing fees that were being increased above a CPI adjustment to JLBC in its submission materials. This was an oversight because four of these fees were one-time, initial registration fees that were not contemplated in budget forecasting or projections as they were anticipated to occur very rarely and generate very little revenue for the SWP. Additionally, ADEQ restructured six other existing fees and thus, at time of JLBC submittal, did not consider these as increases to existing fees for purposes of the statute. Whether or not these restructured fees should have been submitted under A.R.S. § 41-1008(A)(3) to JLBC, in the interest of full transparency with the regulated community, the Legislature, and the public, ADEQ believes that it should have more clearly and explicitly described these new categories of fees.

The 2024 fee rulemaking also established a delayed implementation schedule to lessen the initial burden of the fees by delaying collection of the increased portion of existing fees and collection of new fees until July 2025 to give counties, municipalities, and other political subdivisions adequate time to prepare for the fees and to align with their fiscal year. Following the determination that further adjustments to the fees established in the 2024 fee rulemaking were necessary to make certain full statutory compliance and ensure fees be reflective of actual costs, it was imperative that an immediate adjustment be made prior to the July billing cycle so that no regulated entity be subject to deficient fees. As such, ADEQ undertook an emergency rulemaking to take effect June 6, 2025, to temporarily reduce and temporarily suspend certain fees. This emergency rulemaking is discussed in more detail below.

With the emergency rule in place, the Agency has been afforded the time necessary to further refine fees established in the 2024 fee rulemaking. Each of the fees adjusted is addressed in kind in the section by section explanation below.

It is also important to note what portions and provisions of the 2024 fee rulemaking remain unchanged, either by this rulemaking or the June 6, 2025, emergency rulemaking. As noted above, the 2024 fee rulemaking provided for a delayed implementation schedule to afford the regulated community adequate time to budget for the fee adjustments. This implementation schedule, including the January billing cycle that has existed for SWP since fees were first established in 2012, remains unchanged. Further, the annual CPI adjustment established in the 2024 fee rulemaking remains unchanged. This involves the annual adjustment to be based upon the October Consumer Price Index for All Urban Consumers (CPI-U) Phoenix-Mesa-Scottsdale, AZ Area (regional CPI) over the prior twelve months and goes into effect the following July to align with the fiscal year. For example, the first adjustment will occur on July 1, 2026 and be based upon the regional CPI for the twelve months ending October of 2025. Finally, several of the fees that were part of the 2024 fee rulemaking were determined to have been set at appropriate levels and are unchanged. Below is a list for this group of unchanged fees:

- Landfill tonnage disposal fee;
- Special waste tonnage fee and maximum annual fee;
- Initial registration fee for septage haulers subject to county inspection;
- Retail tire sales fee;
- Solid waste plan approval hourly billing rate and maximum fees;
- Solid waste landfill financial assurance review (flat fee); and
- Solid waste general permit fees.

This subsequent standard rulemaking will ensure all solid waste fees fully meet applicable statutory criteria and that fees are more accurately reflective of actual costs to the regulated entities subject to the fees, properly balancing the budget constraints of the

regulated community and fiscal health of SWP.

Emergency Rulemaking: To ensure no regulated entity would be subject to a statutorily deficient fee, ADEQ undertook an emergency rulemaking to temporarily reduce and temporarily suspend several fees pursuant to A.R.S. § 41-1026. This emergency rule brought fees into statutory compliance under A.R.S. § 41-1008(A)(3) and ensured equitable treatment and fee parity throughout the solid waste regulated community for the July 2025 invoicing as established in the 2024 fee rulemaking. The effective date for this emergency rule was June 6, 2025. This effective date ensured ADEQ had time to adjust and communicate billing for the July invoicing accordingly and aligns the 180-day duration of the emergency rule as prescribed by A.R.S. § 41-1026(D) with the Governor's Regulatory Review Council's December 2, 2025 meeting date for which ADEQ intends to submit this standard rulemaking for final approval. Further, this effective date affords the Agency the greatest amount of time possible to undertake robust stakeholder engagement, maximizing the 180-day window while still having the rule be in effect before the end of the calendar year so updated fees may be in place before the January 2026 billing cycle.

Those fees reduced pursuant to the emergency rulemaking were adjusted down to a level of CPI adjustment based on when the fees went into effect in 2012 until Spring of 2024. These fees include initial and annual registration fees for septage hauler licensees, transfer facilities and waste tire facilities subject to self-certification, outdoor used tire facilities, waste tire collection sites subject to best management practices (BMPs), and certain size classifications of landfills, as well as biohazardous medical waste transporters (BMW) license modifications and annual fees.

Those fees temporarily suspended pursuant to the emergency rulemaking action included fees for tire sites subject to plan review, transfer stations subject to BMPs; used oil handlers; BMW facilities; special waste receiving facilities, shippers and generators; lead acid battery collection and recycling sites; and landfills in post-closure care.

The emergency rule was published in the June 13, 2025 edition of the *Arizona Administrative Register (Register)*. Further information on the emergency rulemaking may be found in the published notice of the Register. See 31 A.A.R. 1897, Issue Date: June 13, 2025, Issue Number: 24, File number: R25-120.

Explanation of Fee Methodology: There are two groups into which fees that are the subject of this rulemaking may be categorized. The first group is fees that existed prior to the 2024 fee rulemaking that were increased above a CPI adjustment in the 2024 rulemaking. The fees from the first group are being adjusted to reflect an increase based on the CPI since 2012. These include BMW transporters, septage haulers, self-certification transfer sites, used and waste tire sites, municipal landfills below 60,000 tons per year, and non-municipal landfills above 60,000 tons per year. The second group is fees that were newly established in the 2024 rulemaking that were temporarily suspended in the emergency rulemaking. The fees from the second group are being re-established at an amount different from that set in the 2024 fee rulemaking. These include BMP transfer stations (less than 180 cubic yards per day), used oil handlers, and lead acid battery collection and recycling facilities.

In setting fee levels, ADEQ is guided by its statutory mandates that all fees be based upon the Department's direct and indirect costs associated with regulatory activities for the facility or entity subject to the fee and that all fees be fairly assessed and impose the least burden and cost. See A.R.S. § 49-104(B)(17). In the 2024 fee rulemaking, ADEQ undertook a review of calculated costs of regulatory activities to the Department for facilities under SWP. Such costs were based upon necessary Agency functions corresponding to regulated activities and include but are not limited to administrative operations, inspections, permitting and licensing, fielding complaints, compliance assistance, data management, and public records management. However, following these fees taking effect in December 2024, ADEQ became aware that some fees increased above CPI were not submitted to JLBC as discussed above. Subsequently, and following continued assessment of fee levels set, the Agency has determined it is appropriate for further adjustments to be made to certain fees to ensure those fees are fairly assessed, imposing the least cost and burden on the regulated community while being reflective of actual costs.

Part of this assessment included the review of a third-party actuarial audit of ADEQ fees. The scope of this audit, conducted by Taylor & Mulder, Inc. (T&M), included engaging with the ADEQ Business and Finance team to review the methodology for individual fee increases over the past two years; reviewing programmatic supporting information (including statutes and rules) for each fee increase; and documenting the methodology, observations, and recommendations. The audit provided an analysis of the CPI adjustment calculations utilized by SWP in both the 2024 fee rulemaking and the fee levels proposed in this rulemaking as well as a comparison between CPI adjustments based on the national CPI and the regional CPI.

The audit found the regional CPI to be the appropriate CPI adjustment methodology for both the fee adjustments in this rule and for the ongoing annual CPI adjustments. Additionally, the fee audit recommended that in all instances rounding for CPI adjustments should be downward, thereby avoiding the possibility of rounded fees representing increases that exceed CPI. Currently, the CPI adjustment methodology throughout SWP for all fees calls for rounding the result for the calculation of the CPI adjustment to the nearest cent. While rounding to the nearest cent is the appropriate methodology, the current language of the rule does not specify to round down. This theoretically could lead to an instance where a CPI adjustment results in rounding up, leading to an increase that is a fraction of a cent above true CPI. In response to this finding, ADEQ proposes to insert clarifying language in the CPI adjustment language that in all instances the fee adjustment calculation shall be rounded down to the nearest cent.

Although ADEQ sought to establish annual registration fees in the 2024 fee rulemaking that were reflective of costs to the Agency for the regulation of such facilities while balancing budget constraints of the regulated community, the Agency believes further adjustments are appropriate to ensure, pursuant to A.R.S. § 49-104(B)(17), that fees "impose the least burden and cost to the parties subject to the fees." As such, ADEQ finds that adjusting those fees that existed prior to the 2024 fee rulemaking, to an amount

based on a CPI adjustment from the establishment of those fees in 2012 to Spring of 2024 fulfills this mandate. This further ensures fees impose the least burden on the regulated community, and as such are fairly assessed as required under statute.

The fiscal health and stability of SWP remains a critical component and consideration in this subsequent fee rulemaking. While the 2024 fee rulemaking envisioned fees to fully recover program costs to ensure this fiscal stability, it has become apparent that through registration and annual fees alone it is not possible to fully cover all SWP costs without placing an undue burden on the regulated community. The Agency is charged with basing fees on the direct and indirect costs of regulating each facility. To ensure fees do not impose an undue burden and are fairly assessed while basing fees on the relative costs of each regulated entity, ADEQ determined that an increase based upon a CPI adjustment for those fees that existed prior to the 2024 fee rulemaking best balances these considerations.

In addition to adjusting the first group of fees to an amount based on a CPI inflator from the establishment of said fees, ADEQ has determined that further adjustments are necessary to the second group of fees, those fees newly established in the 2024 rulemaking, to ensure regulated facilities and entities subject to those fees experience fee parity, with fees being fairly assessed to impose the least burden and cost. These fees are discussed below.

The 2024 fee rulemaking established Article 19, Lead Acid Battery Recycling, to provide for initial and annual registration fees for lead acid battery collection and recycling facilities. While fees for this class of facilities were established based on calculated costs to SWP for the registration and inspection of such facilities, further evaluation led ADEQ to determine that SWP is not the regulatory program best suited for oversight of such facilities. Lead acid battery management is regulated by the hazardous waste program requirements in Resource Conservation and Recovery Act (RCRA) Subtitle C. Lead acid batteries are a Universal Waste pursuant to Title 40, Code of Federal Regulations (CFR) Part 273. Additionally, lead acid battery reclamation is regulated at 40 CFR Part 266 Subpart G. Thus, SWP authority for regulating lead acid battery facilities is duplicative with ADEQ's hazardous waste program. As such, ADEQ finds that registration fees for lead acid battery facilities should not be established under Solid Waste Management at this time. Instead, it is appropriate to eliminate these fees. ADEQ may revisit fees relating to the oversight and management of these facilities within the hazardous waste program at a future date.

The 2024 fee rulemaking also established Article 20, Used Oil, providing for the initial registration of used oil handlers, as defined, and associated annual registration fees. Arizona's Used Oil Program is codified at Title 49, Chapter 4, Article 7, Management of Used Oil. Pursuant to A.R.S. § 49-802, ADEQ is mandated to "administer 42 United States Code section 6935, as amended on January 1, 1997, as the used oil program for this state." 40 CFR Part 279 is adopted by reference for that purpose. Following an evaluation of the Used Oil Program pursuant to the adoption and implementation as established under law, it was determined an adjustment to fees for used oil handlers was appropriate, resulting in reduced annual and initial registration fees. This adjustment considered use of the myDEQ system as well as administrative, inspection, and enforcement staff time to be expended per facility.

Finally, the 2024 fee rulemaking established Article 4, Solid Waste Facilities Subject to Best Management Practices, requiring the initial and annual registration of BMP transfer facilities (those handling less than 180 cubic yards per day of solid waste). Similarly, Article 5 established initial and annual registration fees for self-certification transfer facilities (those handling 180 cubic yards or more per day of solid waste) in 2012. As described above, the fees for self-certification transfer facilities were reduced in the emergency rulemaking to an amount equal to the 2012 fees escalated by a regional CPI adjustment, or \$1,485 for initial registration and \$742 for annual registration. Following an evaluation of the administration, inspection, and enforcement time needed to regulate BMP transfer facilities, and in furtherance of the balance between lowering fees to ensure the least burden to the regulated community while securing the fiscal stability of SWP, it was determined that the BMP transfer facility fee should be lowered to be in alignment with the self-certification transfer facility fees.

There is another group of fees that are not the subject of this rulemaking, but nonetheless warrant discussion. This group is fees that were newly established in the 2024 rulemaking that were temporarily suspended in the emergency rulemaking and are now being restored to the amount set in the 2024 rulemaking. While it was necessary to temporarily suspend this group of fees in the emergency rulemaking to ensure fee parity amongst the entire regulated community for the July 2025 billing cycle, after further review the Agency is confident these fees were set at the appropriate amount. As such, these fees are not being changed in this rulemaking; instead, they will automatically be restored on December 3, 2025, with the expiration of the emergency rulemaking pursuant to A.R.S. § 41-1026. To note: while these fees are not subject to change, the clarification that CPI calculations shall in all instances be rounded down are included for these fees. These include biohazardous medical waste facility annual fees (R18-13-1410); special waste generator and shipper initial and annual fees (R18-13-1306 and R18-13-1606); special waste receiving facility annual fees (R18-13-1306 and R18-13-1606); plan review waste tire facility annual fees (R18-13-1212.01); used oil transporter annual fees (R18-13-2002); and post-closure care landfill annual fees (R18-13-2103).

To note: the online version of the Arizona Administrative Code (A.A.C.) does not reflect temporary emergency rules. Thus, for the duration the emergency rule is in effect, the online version of the A.A.C. shows the rule language prior to the emergency rule. To review the emergency rule language, refer to the *Arizona Administrative Register* (A.A.R.) publication citation in item #4 above.

Fee Table: Below is a fee table for all fees that are being adjusted from the fee level set in the 2024 fee rulemaking. To note: fees that were only temporarily reduced or temporarily suspended pursuant to the June 6, 2025 emergency rulemaking and that will be restored to the amount set in the 2024 fee rulemaking upon expiration of the emergency rule are not included in this table.

Fee Classification	2024 Fee Level	New Fee Level
Biohazardous Medical Waste Transporter License Modification	\$350	\$148
Biohazardous Medical Waste Transporter License Annual Fee	\$1,500	\$1,113
Septage Hauler License with County Inspection Annual Fee	\$225	\$111
Septage Hauler License with ADEQ Inspection Initial Fee	\$660	\$371
Septage Hauler License with ADEQ Inspection Annual Fee	\$550	\$111
Solid Waste Transfer Facility Self-Certification Initial Fee	\$3,600	\$1,485
Solid Waste Transfer Facility Self-Certification Annual Fee	\$3,000	\$742
Waste Tire Facility Self-Certification Initial Fee	\$3,600	\$1,485
Waste Tire Facility Self-Certification Annual Fee	\$3,000	\$371
Outdoor Used Tire Site Initial Registration Fee	\$1,800	\$742
Outdoor Used Tire Site Annual Registration Fee	\$1,500	\$111
Waste Tire Collection Site Initial Registration Fee	\$2,400	\$742
Waste Tire Collection Site Annual Registration Fee	\$2,000	\$111
Landfill Annual Registration, <12k tons per year – Municipal	\$5,000	\$1,856
Landfill Annual Registration, 12k tons to <60k tons per year – Municipal	\$5,000	\$3,713
Landfill Annual Registration, 60k tons to <225k tons per year – Non Municipal	\$10,000	\$5,569
Landfill Annual Registration, ≥225k tons per year – Non Municipal	\$18,565	\$5,569
Best Management Practices (BMP) Transfer Station Initial Fee	\$1,800	\$1,485
BMP Transfer Station Annual Fee	\$1,500	\$742
Used Oil Processor Initial Fee	\$9,000	\$500
Used Oil Processor Annual Fee	\$7,500	\$2,500
Used Oil Burner Initial Fee	\$15,000	\$500
Used Oil Burner Annual Fee	\$12,500	\$2,500
Used Oil Marketer Initial Fee	\$1,800	\$500
Used Oil Marketer Annual Fee	\$1,500	\$900
Used Oil Transporter Initial Fee	\$1,800	\$500
Lead Acid Battery Collection and Recycling Center Initial Fee	\$810	\$0
Lead Acid Battery Collection and Recycling Center Annual Fee	\$675	\$0

Section by Section Explanation of Proposed Rule: Below is an explanation of the substantive changes to each section of the rule. Additionally, in each instance of language throughout the Chapter that provides for the CPI adjustment for fees, the language is amended to reflect that in all cases the result of the CPI adjustment calculation shall be rounded down to the nearest cent.

R18-13-402. Solid Waste Facilities Subject to Best Management Practices; Fees. Lowers the initial registration fee from \$1,800 to \$1,485 and the annual registration fee from \$1,500 to \$742 for transfer facilities subject best management practices with a daily throughput of 180 cubic yards or less, but not including material recovery facilities, as defined, that are currently exempted from self-certification transfer facilities under Article 5.

R18-13-501. Solid Waste Facilities Requiring Self-Certification; Registration Fees. Lowers the initial registration fee for transfer facilities subject to self-certification and waste tire sites subject to self-certification from \$3,600 to \$1,485. Distinguishes the annual registration fee for such facilities and lowers each, with transfer facilities being adjusted from \$3,000 to \$742 and waste tire sites adjusted from \$3,000 to \$371.

R18-13-1103. General Requirements; License Fees. Preserves the tiered fee structure for septage hauler licenses established in the 2024 fee rulemaking. Lowers the initial license fee for septage haulers whose vehicles are subject to an inspection conducted by ADEQ from \$660 to \$371 and the annual license fee from \$550 to \$111. Maintains the initial license fee for septage haulers whose vehicles are subject to an inspection conducted by a county and lowers the initial license fee for septage haulers whose vehicles are subject to an inspection conducted by a county from \$225 to \$111.

R18-13-1211. Registration of New Waste Tire Collection Sites; Fee. Lowers the initial license fee from \$2,400 to \$742 and the annual registration fee from \$2,000 to \$111 for a waste tire collection site subject to best management practices.

R18-13-1212. Registration of Outdoor Used Tire Sites; Fee. Lowers the initial license fee from \$1,800 to \$742 and the annual registration fee from \$1,500 to \$111 for a used outdoor tire site.

R18-13-1409. Transporter License; Fees; Transportation. Lowers the annual registration fee from \$1,500 to \$1,113 and the license amendment fee from \$350 to \$148 for biohazardous medical waste (BMW) transporters. To note: preserves the five-year BMW transporter license renewal fee of \$1,500. Amends Table 2 to reflect the updated fee schedule.

ARTICLE 19. LEAD ACID BATTERY RECYCLING. Repeals in its entirety Article 19, which consists solely of R18-13-1901, thereby removing the initial and annual fees for collection or recycling facilities of lead acid batteries, as well as registration requirements.

R18-13-2002. Used Oil Handler Registration; Fee. Lowers the initial registration fee for used oil handlers from \$9,000 for processors, \$15,000 for burners, and \$1,800 for transporters and fuel marketers to \$500 for each. Lowers the annual registration fee for processors from \$7,500 to \$2,500, for burners from \$12,500 to \$2,500, and for fuel marketers from \$1,500 to \$900. The annual registration fee for transporters is unchanged from the 2024 fee rulemaking.

R18-13-2102. Solid Waste Landfill Registration; Annual. Distinguishes for purposes of annual registration fees between municipal and non-municipal solid waste landfills. Following the 2024 fee rulemaking, three tiers of fees were established based upon the tonnage of waste received by the landfill during a defined time period. This rule ultimately establishes six tiers, with four tiers for municipal solid waste landfills and two tiers for non-municipal solid waste landfills as follows:

Municipal Landfills	2024 Fee Level	New Fee Level
<12,000 tons per year	\$5,000	\$1,856
12,000 tons to <60,000 tons per year	\$5,000	\$3,713
60,000 tons to <225,000 tons per year	\$10,000	\$10,000
225,000 tons or more per year	\$18,565	\$18,565
Non-municipal Landfills		
less than 60,000 tons per year	\$5,000	\$5,000
60,000 tons or more per year	\$10,000-\$18,585	\$5,569

Fees are Fairly Assessed and Impose the Least Burden and Cost: Pursuant to A.R.S. § 49-104(B)(17), ADEQ is charged with ensuring all fees “be fairly assessed and impose the least burden and cost to the parties subject to the fees” based upon an evaluation of “the direct and indirect costs of the Department’s relevant duties, including employee salaries and benefits, professional and outside services, equipment, in-state travel and other necessary operational expenses directly related to issuing licenses.”

To fulfill this statutory mandate, this rulemaking adjusts those fees that existed prior to the 2024 fee rulemaking to an amount based on a CPI adjustment from the establishment of those fees in 2012 to Spring of 2024 while further lowering certain fees that were newly established in the 2024 fee rulemaking to fully consider the budget constraints and impacts of the fees on those regulated facilities, while still accounting for administrative, inspection, and enforcement staff time needed to regulate said facilities. This adjustment ensures fees impose the least burden on the regulated community, and as such are fairly assessed as required under statute. The adjustments made pursuant to this rulemaking were strengthened by continued engagement with the regulated community and the third-party actuarial audit conducted of all solid waste fees. The impact of these adjustments is discussed further below in Part 9, “Economic, Small Business, and Consumer Impact”.

Immediate Effective Date: Pursuant to A.R.S. § 41-1032(A)(2) and (5), and as stated in Part 4 of the Preamble, “Effective Date of the Rule”, ADEQ seeks an immediate effective date for these rules in order to avoid a violation of state law and to adopt a rule that is less stringent than the rule currently in effect. This emergency effective date is necessary to ensure the fee adjustments take effect both before the end of the calendar year with the SWP January 2026 billing cycle and the expiration of the emergency rule, set to expire December 3, 2025. If this rule does not take effect prior to the expiration of the emergency rulemaking, then those fees requiring adjustments for the reasons discussed in this Preamble will automatically be reinstated.

7. A reference to any study relevant to the rule that the agency reviewed and proposes either to rely on or not to rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:

ADEQ reviewed an actuarial audit conducted by Taylor & Mulder, Inc. (T&M), comprising of an actuarial review of fees charged in connection with the Solid Waste Division of ADEQ. The Agency relied on the findings of this report to affirm the soundness and accuracy of CPI calculations used in determining fee levels. A copy of the report is available for review at ADEQ, 1110 W. Washington, Phoenix, AZ 85007.

8. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:

Not applicable.

9. The preliminary summary of the economic, small business, and consumer impact:

Identification of the rulemaking: This rulemaking proposes a number of changes to 18 A.A.C. 13, Solid Waste Management, including amendments to Articles 4, 5, 11, 12, 14, 20, and 21; amending sections R18-13-402, R18-13-501, R18-13-1103, R18-13-1211, R18-13-1212, R18-13-1409, R18-13-2002, and R18-13-2102. Additionally, this rulemaking repeals Article 19 and its respective section. The purpose of these changes is to adjust fee amounts established in a 2024 fee rulemaking throughout Solid Waste Management.

Fees under this rulemaking can be categorized into two groups. The first group is fees that existed prior to the 2024 fee rulemaking that were increased above a CPI adjustment in the 2024 rulemaking. The fees from the first group are being adjusted to reflect an increase based on the CPI since 2012. These include BMW transporters, septage haulers, self-certification transfer sites, used and waste tire sites, municipal landfills below 60,000 tons per year, and non-municipal landfills above 60,000 tons per year. The second group is fees that were newly established in the 2024 rulemaking that were temporarily suspended in the emergency rulemaking. The fees from the second group are being re-established at an amount different from the 2024 fee rulemaking. These include BMP transfer stations (less than 180 cubic yards per day), used oil handlers, and lead acid battery collection and recycling facilities.

ADEQ's goal in this rulemaking is to reduce and re-establish fee levels set from the 2024 fee rulemaking at levels that are fairly assessed, ensuring fees impose the least burden and cost possible on regulated facilities while maintaining fee levels that ensure the fiscal stability of SWP. These rules are not intended to change the conduct of any regulated facilities or entities.

Coinciding with the opening the rulemaking docket for this standard rulemaking, to ensure no regulated entity would be subject to a statutorily deficient fee, ADEQ also undertook an emergency rulemaking to temporarily reduce and temporarily suspend several fees pursuant to A.R.S. § 41-1026. This emergency rule brought fees into statutory compliance under A.R.S. § 41-1008(A)(3) and ensured equitable treatment and fee parity throughout the solid waste regulated community for the July 2025 invoicing as established in the 2024 fee rulemaking.

The effective date for the emergency rule was June 6, 2025. Pursuant to A.R.S. § 41-1026(D), an emergency rule is a temporary measure that is effective for 180 days. This effective date ensures that ADEQ has the time necessary to undertake robust stakeholder engagement, maximizing the 180-day window while still having the rule be in effect before the end of the calendar year so updated fees may be in place before the January 2026 billing cycle.

Regulatory Objective: The Waste Program Division within ADEQ preserves and protects public health and the environment by reducing the risk associated with waste management, contaminated sites, and regulated substances. To fulfill this objective, ADEQ carries out a number of Agency functions corresponding to regulatory and oversight activities for the approximately 2,000 different facilities and entities that fall under Solid Waste Program (SWP) regulation, including: administrative operations; inspections, including pre- and post-inspection activity encompassing historic data and permit review, case closure, and necessary filing; permitting and licensing; public records management; complaint response; and compliance assistance.

As directed by statute, ADEQ is charged with establishing solid waste fees, including registration fees, that are reflective of costs associated with regulating the facility subject to the fees. These fees are an important component for the fiscal stability and health of SWP to carry out all statutorily mandated functions of the program. It is critical that ADEQ has the ability to fully perform all necessary Agency functions to continue to carry out its mission to ensure the continued health of our solid waste ecosystem to preserve and promote public health and the environment.

Least Burden and Cost: A.R.S. § 41-1052(D)(3) requires ADEQ to demonstrate it has selected the alternative with the least burden and cost necessary to achieve the underlying regulatory objective. Similarly, pursuant to A.R.S. § 49-104(B)(17), ADEQ is charged with ensuring all fees "be fairly assessed and impose the least burden and cost to the parties subject to the fees" based upon an evaluation of "the direct and indirect costs of the department's relevant duties, including employee salaries and benefits, professional and outside services, equipment, in-state travel and other necessary operational expenses directly related to issuing licenses."

It is in furtherance of ensuring that all regulated facilities and entities paying solid waste fees are subject to the least burden and cost possible that ADEQ is reducing those fees established in the 2024 fee rulemaking. In the context of this solid waste fees rule, ADEQ interprets this requirement to mean collecting fees to generate overall program revenues to ensure the continued fiscal sustainability of SWP while ensuring fees balance the economic and budget constraints of those subject to the fees.

Fairly assessed: To ensure the fees adjusted under this rulemaking be fairly assessed against each member of the regulated community, ADEQ conducted stakeholder engagement to present all proposed fees and solicit feedback prior to this Notice of Proposed Rulemaking. ADEQ explained the basis for the reduction of those fees in existence prior to the 2024 rulemaking to be based on a CPI adjustment, and the basis for the reduction of those fees that were newly established in the 2024 rulemaking.

In addition to engagement with and feedback from the regulated community, following the 2024 fee rulemaking, ADEQ continued its review of costs associated with Agency functions in carrying out regulated activities. While fees were established in the 2024 fee rulemaking and adjusted in this rulemaking continue to ensure the fiscal health of SWP, it has become apparent that covering the full cost of the program through registration fees alone is not possible while ensuring the least burden and cost to all facilities and entities subject to the fee. As such, ADEQ undertakes this rulemaking based upon the methodology discussed in Part 6 of the Preamble, "Explanation of Fee Methodology", that sets fees for each class of facility or entity.

Cost & Benefit Analysis: The estimated total impact of this rule is a decrease of annual revenues to the Solid Waste Fee Fund (SWFF) of a range of approximately \$850,000 to \$950,000 when compared to revenue projections discussed in the 2024 fee rulemaking. Pursuant to A.R.S. § 49-837(B)(6), the Agency is authorized to utilize monies from the Recycling Fund to cover costs associated with SWP activities. Following the fee reduction as discussed above, ADEQ anticipates that it will be necessary to expend the amount stated above from the Recycling Fund to cover SWP costs that exceed SWFF revenues.

To note: the 2024 fee rulemaking increased the landfill tonnage fee, the primary source of funding for the Recycling Fund, by a CPI adjustment since its inception in 1992. This tonnage fee remains unchanged in this rulemaking.

A goal of the 2024 fee rulemaking was to allow use of the Recycling Fund to be refocused on its statutorily stated purposes, including grants and contracts for “research, demonstration projects, new technologies, market development and source reduction studies and implementation of the recommendations or reports prepared.” See A.R.S. § 49-837(B)(1). ADEQ remains committed to using the greatest portion feasible of the Recycling Fund towards grants and contracts to further the mission of the Arizona Recycling Program and in response to comments from stakeholders statewide. ADEQ believes that an annual expenditure from the Recycling Fund to ensure SWP implementation benefits the regulated community. Such expenditure is an authorized use of the fund under A.R.S. § 49-837(B)(6). Additionally, the Recycling Fund will continue to have substantial monies available for appropriation for recycling grants and other stated purposes as required under A.R.S. § 49-837(B) at levels meaningfully higher than were available prior to the 2024 fee rulemaking.

Probable benefits include:

- Lessens fee burden on regulated community. Lowering fees decreases the economic burden on regulated facilities and entities. This includes solid waste businesses, ensuring fees do not hinder economic business growth or development, as well as political subdivisions whose costs may be a pass-through to their constituents representing the general public that are subject to any municipal or county fees.
- Maintain the Agency’s capacity to minimize public health risks from solid waste activities. Following an adjustment down of several fees as described in this rulemaking, the Agency will retain its capacity to adequately perform all its duties relating to its mission to enhance public health and the environment, including inspections, monitoring, public education, compliance, and permitting.
- Continued capacity to address the obligations cited in the 2021 Auditor General’s Report. The Auditor General’s September 2021 Performance Audit and Sunset Review Report noted ADEQ has not yet adopted all statutorily required rules. Specifically, the Report notes A.R.S. § 49-761 requires the Department to adopt various rules for solid waste facilities, such as requirements for storing, processing, treating, and disposing of solid waste; best management practices; and financial assurance requirements for facility closure. The Report ultimately recommends such rules should be adopted as required by statute. Appropriately funding SWP through these fees will ensure resource availability for rulemakings to meet the Auditor General’s recommendations while ensuring the least burden and cost on the regulated community.
- Continue to protect public health and the environment as well as promote business development. Following this rulemaking, ADEQ will maintain required funding levels for SWP to maintain permit, inspection, and compliance activities necessary to ensure that solid waste businesses can locate or expand in Arizona and that existing facilities operate in a manner that is protective of public health and the environment.

For these reasons, ADEQ believes the benefits of the fee reduction proposed by this rulemaking outweigh the costs.

Reduction of Impact on Small Businesses: A.R.S. § 41-1035 requires state agencies to reduce the impact of a rulemaking on small businesses, if any of the following methods are legal and feasible in meeting the statutory objectives which are the basis of the rulemaking:

1. Establish less stringent compliance or reporting requirements in the rule for small businesses.
2. Establish less stringent schedules or deadlines in the rule for compliance or reporting requirements for small businesses.
3. Consolidate or simplify the rule's compliance or reporting requirements for small businesses.
4. Establish performance standards for small businesses to replace design or operational standards in the rule.
5. Exempt small businesses from any or all requirements of the rule.

The listed methods are not generally relevant to a rule establishing fees. See A.R.S. § 49-104(B)(17). However, in reducing fees, any burden to regulated facilities or entities that qualify as small businesses will be reduced.

Probable Impact on Small Businesses: Arizona law defines “small business” for the purpose of this analysis as a “concern, including its affiliates, which is independently owned and operated, which is not dominant in its field and which employs fewer than one hundred full-time employees or which had gross annual receipts of less than four million dollars in its last fiscal year.” See A.R.S. § 41-1001(23).

ADEQ has reviewed its records of solid waste sites and facilities subject to new or adjusted fees affected by this rule and tried to determine which ones are small businesses. An important criterion is that the business must be independently owned and operated. Based on this review and applicable definition, it appears likely that many septage haulers are probably independently owned and operated and not likely to exceed the revenue and employee limits in the statutory definition of small business. Additionally, it appears likely that a number of used outdoor tire sites storing not more than 100 used tires, biohazardous medical waste transporters, certain transfer facility operations subject to best management practices, and certain used oil handlers would qualify as small

businesses for purposes of this rulemaking.

Under this rulemaking, registration fees for each of these facility categories are being reduced. Thus, any impact to small businesses by this rulemaking will be a reduction of costs and burden associated with annual fees.

Probable Effect on State Revenues: ADEQ anticipates that the SWFF will see a decrease in revenues of a range of approximately \$850,000 to \$950,000 annually. Fees associated with this rulemaking are registration fees directed by statute to be deposited into the SWFF; there will be no impact to General Fund revenues as a result of this rulemaking.

ADEQ is requesting input on the accuracy of this summary.

11. The time, place, and nature of the proceedings to make, amend, repeal, or renumber the rule, or if no proceeding is scheduled, where, when, and how persons may request an oral proceeding on the proposed rule:

ADEQ has scheduled a virtual oral proceeding on this proposed rule at the time shown below. The oral proceeding will be held virtually only.

Date: September 29, 2025
 Time: 1:00 p.m. to 2:00 p.m.
 Location: ONLINE – GoToWebinar hosted by Arizona Department of Environmental Quality at: <https://register.gotowebinar.com/register/2351737073066696030>

After you register, you will receive a confirmation email with information on how to join the virtual oral proceeding at the scheduled time.

You can also dial in using your phone. Dialing in using your phone is *listen only* and will NOT provide the opportunity for making public comments. United States: +1 (213) 929-4212

Access Code: 399-751-067

Nature: Virtual Oral Proceeding on the proposed rules, with opportunity for formal comments on the record.

A formal public comment period will take place between the publication of this rule in the *Arizona Administrative Register* until 5:00 p.m., September 30, 2025. Please email or submit written comments related to this rulemaking at any time during the public comment period to the contact in section 5 of this Notice or the following email address: wasterulemaking@azdeq.gov. Mailed written comments shall be postmarked within 30 days of this published notice.

ADEQ will take reasonable measures to provide access to department services to individuals with limited ability to speak, write or understand English and/or to those with disabilities. Requests for language translation, ASL interpretation, CART captioning services or disability accommodations must be made at least 48 hours in advance by contacting the Title VI Nondiscrimination Coordinator, Joaquin Marruffo Ruiz, at 520-628-6744 or Marruffo.Joaquin@azdeq.gov. For a TTY or other device, Telecommunications Relay Services are available by calling 711.

ADEQ tomará las medidas razonables para proveer acceso a los servicios del departamento a personas con capacidad limitada para hablar, escribir o entender inglés y/o para personas con discapacidades. Las solicitudes de servicios de traducción de idiomas, interpretación ASL (lengua de signos americano), subtítulo de CART, o adaptaciones por discapacidad deben realizarse con al menos 48 horas de anticipación comunicándose con el Coordinador de Anti-Discriminación del Título VI, Joaquin Marruffo Ruiz, al 520-628-6744 o Marruffo.Joaquin@azdeq.gov. Para un TTY u otro dispositivo, los servicios de retransmisión de telecomunicaciones están disponible llamando al 711.

12. All agencies shall list other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:

Not applicable.

a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:

Not applicable. These rules establish registration requirements solely for revenue purposes and the registrations are therefore not considered licenses pursuant to A.R.S. Title 41. See A.R.S. § 41-1001(13).

b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:

Not applicable.

c. Whether a person submitted an analysis to the agency that compares the rule’s impact of the competitiveness of business in this state to the impact on business in other states:

No such analysis was submitted.

13. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rules:

None.

- A. The following solid waste facilities subject to best management practices under A.R.S. § 49-762.02 shall register with the Department and pay registration fees as provided in this Section:
1. A transfer facility, as defined in A.R.S. § 49-701, with a daily throughput of 180 cubic yards or less, but not including:
 - a. A material recovery facility where the incoming materials are primarily source separated recyclables; or
 - b. Community or neighborhood recycling bins including drop boxes, roll off containers, and plastic containers used to collect residential, business, or governmental recyclable solid waste.
 2. A site at which more than 500 and fewer than 5,000 waste tires are stored on any day that is not required to obtain plan approval pursuant to A.R.S. § 49-762.
- B. Initial registration. A new solid waste facility listed in subsection (A) shall not begin operation until the owner or operator registers with the Department on a form approved by the Department. The owner or operator of a new solid waste facility listed in subsection (A) shall submit an initial registration fee of ~~\$1,800~~ \$1,485 at the time of registration under this subsection.
- C. Annual registration fee. The Department shall bill an annual registration fee of ~~\$1,500~~ \$742 to a registered solid waste facility listed in subsection (A) that has not filed a notice of termination of registration with the Department. The owner or operator of a registered solid waste facility listed in subsection (A) shall pay the annual registration fee within 30 days of invoice receipt.
- D. Registration as a waste tire collection site under R18-13-1211 shall satisfy registration and fee requirements pursuant to this Section for a site under subsection (A)(2) of this Section.
- E. Beginning July 1, 2026, the Director shall adjust the fee amounts in subsections (B) and (C) of this Section annually by the following method, except that no adjustment in any year shall exceed four percent of the fee amount of the preceding year:
1. Multiply the amount by the October CPI for the most recent year and then divide by the October CPI for the year 2024. The October CPI for any year is the Consumer Price Index for All Urban Consumers, Phoenix-Mesa-Scottsdale, AZ, all items, published by the United States Department of Labor at www.bls.gov/cpi/regionalresources.htm, for October of that year.
 2. Round the result from subsection (E)(1) down to the nearest cent. ADEQ shall post the new amounts on its webpage and install them in the billing software as soon as practicable.

NOTICES OF PROPOSED EXPEDITED RULEMAKING

This section of the *Arizona Administrative Register* contains Notices of Proposed Expedited Rulemaking. The Office of the Secretary of State is the filing office and publisher of these rules.

Expedited rulemaking is a rulemaking process that does not increase the cost of regulatory compliance, or increase a fee, or reduce procedural rights of persons regulated. Other requirements to conduct expedited rulemaking are listed under A.R.S. § 41-1027.

Under A.R.S. § 41-1027(C), the Governor's Regulatory Review Council also posts Notices of Proposed Expedited Rulemakings on its website and allows any person to provide written comment for at least 30 days after posting the notice.

Questions about the interpretation of expedited rules should be addressed to the agency promulgating the rules.

Refer to item 4 to contact the person charged with the rulemaking.

3. Citations to the agency's statutory rulemaking authority to include the authorizing statute (general) and the implementing statute (specific):

Authorizing statute: A.R.S. § 38-714(E)(4)
Implementing statute: A.R.S. §§ 38-701 et seq.

4. Citations to all related notices published in the Register as specified in R1-1-409(A) that pertain to the current record of the proposed expedited rule:

None.

5. The agency's contact person who can answer questions about the rulemaking:

Name: Jessica Thomas
Title: Government Relations Officer
Address: 3300 N. Central Ave., Suite 1400
Phoenix, AZ 85012
Telephone: (602) 240-2039
Email: JessicaT@azasrs.gov
Website: www.azasrs.gov

6. An agency's justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:

The ASRS needs to amend its rules related to long-term disability (LTD) and overpayments, consistent with the Five-Year Review Report that the Governor's Regulatory Review Council approved on March 28, 2023. Such clarification will ensure the rules are clear, concise, and consistent and the public is aware of how the ASRS provides LTD benefits and processes overpayments.

7. A reference to any study relevant to the rule that the agency reviewed and proposes either to rely on or not to rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:

None.

8. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:

Not applicable.

9. A statement that the agency is exempt from the requirements under A.R.S. § 41-1055(G) to obtain and file a preliminary summary of the economic, small business, and consumer impact under A.R.S. § 41-1055(D)(2):

This rulemaking is exempt from the requirements to obtain and file an economic, small business, and consumer impact under A.R.S. § 41-1055(D)(2).

10. Where, when, and how a person may provide written comments on the proposed expedited rule:

A person may submit written comments no later than the close of record to the person listed under item #5.

Close of Record: September 23, 2025

11. All agencies shall list other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:

None.

a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:

None of the rules requires a permit.

b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:

There are no federal laws applicable to these rules.

c. Whether a person submitted an analysis to the agency regarding the rule's impact on the competitiveness of businesses in this state as compared to the competitiveness of businesses in other states under A.R.S. § 41-1055(I). If yes, include the analysis with the rulemaking package.

No analysis was submitted.

12. List all incorporated by reference material as specified in A.R.S. § 41-1028 and include a citation where the material is located:

None.

R2-8-304. Payment of Long-Term Disability Benefit

- A. The ASRS contracted LTD claims administrator shall begin providing an LTD benefit to an eligible disabled member no sooner than six months after the date the disabled member became disabled.
- B. Notwithstanding subsection (A), the ASRS contracted LTD claims administrator may begin providing an LTD benefit to an eligible disabled member sooner than six months if the disability is related to the member’s disability that occurred within six months immediately preceding the disability.
- ~~C.~~ The ASRS contracted LTD claims administrator may provide an eligible disabled member’s LTD benefit to a third party pursuant to A.R.S. § 38-797.09.
- ~~D.~~C. Notwithstanding any other Section, a member may receive Long-Term disability benefits for no more than 12 months after the member receives a required minimum distribution of the member’s retirement benefit pursuant to A.R.S. § 38-775.

ARTICLE 8. RECOVERY OF OVERPAYMENTS

R2-8-804. Collection of Overpayments from Forfeiture

- ~~A.~~ Unless a member cancels a forfeiture request by submitting written notice to the ASRS within 30 days of the request to forfeit, the ASRS shall reduce a member’s refund amount in order to offset the member’s overpayment amount pursuant to subsection (B).
- ~~B.~~ The ASRS shall reduce the member’s refund amount by the amount of any overpayment and the ASRS shall:
1. Pursue collection of any remaining overpayment amount pursuant to this Article; and
 2. Distribute the remaining refund amount to the member pursuant to R2-8-115.

R2-8-805. Collection of Overpayments from Retirement Benefit

- A. Notwithstanding A.R.S. § 38-768, the ASRS may reduce a person’s benefit pursuant to this Section.
- B. Upon retirement, the ASRS shall reduce the amount of a member’s retirement benefit by the amount of any overpayments that have not been reimbursed to the ASRS, pursuant to R2-8-803 as follows:
1. If the member elects to receive a lump sum or partial lump sum benefit, the amount of the lump sum or partial lump sum shall be reduced by the amount of the overpayment to no less than \$5.00 and the ASRS shall pursue overpayment collections for any remaining overpayment amount pursuant to this Article;
 2. If the member elects to receive retirement benefits as a monthly annuity and the amount of the overpayment is equal to or less than the amount of the member’s first annuity disbursement minus \$5.00, the ASRS shall reduce the amount of the first annuity disbursement by the amount of any overpayment to no less than \$5.00;
 3. If the member elects to receive retirement benefits as a monthly annuity and the amount of the overpayment exceeds the amount of the member’s first annuity disbursement plus \$5.00, the ASRS shall reduce the amount of the first annuity disbursement by the amount of the overpayment to no less than \$5.00 and pursue collection pursuant to subsection (C).
- C. The ASRS shall reduce a member’s or alternate payee’s monthly annuity as follows in order to offset any overpayments which have not been reimbursed or collected pursuant to this Article:
1. The ASRS shall reduce the member’s monthly annuity by up to 10% for 36 months, if the amount of the overpayment can be collected by the ASRS within that time.
 2. If the amount of the overpayment cannot be collected pursuant to subsection (C)(1), the ASRS will notify the member that the member must make payment arrangements within 60 days of the date on the notice. If the member does not make payment arrangements within 60 days of the date on the notice, the ASRS shall actuarially reduce the amount of the member’s monthly annuity.
 3. If the member is not retired, the ASRS may garnish wages or state tax returns pursuant to A.R.S. §§ 38-723 and 38-724.
- D. Notwithstanding subsection (B), the ASRS shall not reduce a member’s or alternate payee’s monthly annuity by an estimated Social Security disability income amount while the member is pursuing a Social Security disability income determination pursuant to R2-8-305, if the member submits documentation to the ASRS every six months informing the ASRS of the status of the member’s Social Security disability income request until a determination is made regarding the amount of Social Security disability income.

NOTICES OF TERMINATION OF RULEMAKING

An agency may choose to terminate a rulemaking proceeding at any step of the regular rulemaking process under A.R.S. § 41-1021(A)(5).

Termination, as used in rulemaking, means an agency is closing its docket and withdrawing its proposed and, when applicable, supplemental proposed rulemakings from further review or comment.

An agency may terminate a rule making [sic] proceeding and commence a new rule making [sic] proceeding for the purpose of making a substantially different rule. A.R.S. § 41-1025(A).

Within 120 days after the close of the record on the proposed rule making [sic]... an agency shall terminate the proceeding by publication of a notice to that effect in the Register. A.R.S. § 41-1024(B)(2).

An agency cannot terminate a rulemaking if it has submitted its Notice of Final Rulemaking for review to the Governor’s Regulatory Review Council or the Attorney General’s Office; or if the notice has been approved by either entity and has been filed with the Office of the Secretary of State.

NOTICES OF RULEMAKING DOCKET OPENING

This section of the *Arizona Administrative Register* contains Notices of Rulemaking Docket Opening under A.R.S. § 41-1021.

A docket opening is the first part of the administrative rulemaking process. It is an “announcement” that an agency intends to work on its rules.

When an agency opens a rulemaking docket to consider rulemaking, the Administrative Procedure Act (APA) requires publication of the Notice of Rulemaking Docket Opening in the Register.

Under the APA, effective January 1, 1995, agencies must submit a Notice of Rulemaking Docket Opening before beginning the formal rulemaking process. An agency may file the Notice of Rulemaking Docket Opening along with the Notice of Proposed Rulemaking.

The Office of the Secretary of State is the filing office and publisher of these notices. Questions about the interpretation of this information should be directed to the agency contact person listed in item #4 of this notice.
